

Mysterious 391

Chapter 391 A Shambles

After Tang He hung up the phone, he heaved a long sigh of relief. It was as if his life was guaranteed and his heart was no longer so heavy.

Looking at the mess on the ground, he shouted at his secretary. The secretary quickly pushed the door open and entered. When she saw the mess on the ground, she was stunned for a moment before smiling charmingly.

She walked into the office and closed the door tightly. She squatted down gracefully, showing off her good figure and picking up the documents on the ground.

Her voice was so sweet that it was cloying. "What's wrong, CEO Tang? Who made CEO Tang unhappy today?"

When Tang He saw the secretary's beautiful figure, the fire in his lower abdomen instantly burned. He smiled evilly and hooked his finger at the woman. When the woman looked up, her eyes were filled with affection and infatuation.

She stood up and deliberately squeezed her cleavage with her arms, almost blinding Tang He. He reached out to hug the woman's waist, but his arm was pushed back by a strong force.

The coquettish secretary was caught off guard and staggered. Her high heels tilted and she fell to the ground with a cry, her ankle instantly swollen.

The female secretary looked at Tang He in disbelief. Her good-looking face twisted for a moment before she said pitifully, "CEO Tang, why did you do that? My leg hurts!"

She even deliberately revealed her swollen ankle and bit her lower lip. "CEO..."

"Get lost! Get lost!"

Tang He knew very well that what happened just now was not an illusion, especially that bone-chilling feeling on his body. It made his hair stand on end and his face instantly turned pale.

His eyes flickered with unconcealed fear, his heart was beating crazily, and his nerves were tense.

Nervous, terrified, uneasy, afraid...

At this moment, all his emotions erupted. His face became twisted and ferocious. He picked up the chair and began to smash it into the air, shouting crazily.

"Who are you? Show yourself. I don't care if you're a human or a ghost. Show yourself."

Seeing Tang He like this, the secretary thought that he had gone crazy and did not dare to approach at all. She screamed and hid in a corner.

Outside the door.

The other staff looked at each other with strange expressions. Someone couldn't help but whisper, "CEO Tang is really rough. Can Chen Hongxia withstand it?"

“Shh, lower your voice. Aren’t you embarrassed?”

“What’s there to be embarrassed about? I’m not the one who should be embarrassed!”

“That’s right. In the past, we could pretend not to know because she did it behind our back. But now, she’s actually doing it with CEO Tang during work. CEO Tang already has a wife. Chen Hongxia is too shameless!”

“Alright, stop being jealous. At least Chen Hongxia has what it takes to make CEO Tang fall in love, unlike some people who have nothing...”

“You... Xu Lian, you shameless woman!”

“Ma Yan’er, f*ck you...”

Inside, it was a mess, and outside, it was a mess too.

The culprit, Jiu Yuan, gathered the little cuties who had just fled to watch the show.

When they were done watching, a girl carefully floated over in front of Jiu Yuan and asked in fear, “Sir, were you the one who pushed him just now? Why can’t we?”

Jiu Yuan said with a proud expression, “Do you want to know how?”

The cuties nodded. “Yes!”

“Then help me do something first!”

Chapter 392 The Huang Family

On the street opposite Yao Hui Pharmaceuticals, in a Santana, Han Shi listened to Jiu Yuan’s report with sparkling eyes.

“Let’s go and get evidence of their crime first. As for that Master Yang... leave him for the time being.”

Jiu Yuan frowned and asked in confusion, “Aren’t you going to tell your wife? That old man is no match for her at all.”

“You don’t have to worry about this. I have my own plans.”

Han Shi did not tell him the reason and did not say anything else. The car was ignited and they went to the place where Tang He, Jun Yaohui, and Luo Chen stored the evidence of their crimes.

After they left, the cuties hung on Tang He again. He knew what was on him, but he couldn’t do anything other than hoping that Master Yang was a capable person.

**

The next day, in Ji Ding Hall.

Huang Bo’s sons, daughters-in-law, grandson, granddaughter, and the Huang family’s bodyguards were all here.

“Shuyao, Shuxuan, how can there be a good doctor in such a small place? Are you fooled!”

“That’s right. This place looks like it’s built for people who can’t afford to go to the hospital.”

“Sigh, if the Huang family is handed over to the two of you in the future, won’t we be ruined?”

The three sisters-in-laws began to criticize Huang Shuyao and Huang Shuxuan for being gullible. Their words were filled with ridicule and reprimand towards the two juniors, and the men of the Huang family beside them did not show any intention of stopping their women, as if they agreed tacitly with what they said.

Huang Shuxuan’s father was Huang Bo’s second son and was the most likely person to inherit the Huang family’s business. Before Huang Bo had a stroke, he had made it clear that he wanted his second son to inherit the family business.

However, the other three brothers didn’t agree.

Actually, they knew that they were not as capable as their second brother. However, why should their father only hand over the family business to their second brother while they only received a little share of the inheritance? How could the three brothers, who were used to living a comfortable life, tolerate this?

However, Huang Bo warned them that if they continued to cause trouble, the last bit of their shares of the inheritance would be taken back and they would have to fend for themselves in the future. The Huang family would not keep idle people. He even included these words in his will to deter his sons from ruining the family.

Therefore, when Huang Bo became like this, his sons and daughters-in-law were overjoyed. Every day, they would mock him and ridicule him.

Because Huang Bo could not speak or walk, they kept playing little tricks in private and insulting him. Sometimes, they would even poke him with a needle to vent their anger.

Hearing his sister-in-laws’ sarcastic words, Huang Lei, the second son, frowned and he said in a low and formidable voice, “Talk is all what you know. In that case, I announce that from now on, your share dividend will be paid to you from once a year to once every two years. Moreover, you’ll only be given 500,000 every two years. If I hear one more word of complaint, you’ll get nothing.”

When the other brothers of the Huang family heard this, their faces turned red from anger. They wanted to curse when they saw Gao Huiren and Liu Dequan coming down the stairs slowly.

Chapter 393 Fear

“Master Gao, I brought Grandpa here. Please save him.”

When Huang Shuxuan saw Gao Huiren, he was delighted. He quickly jogged forward and bowed sincerely to Gao Huiren. “Thank you!”

“Tsk, he’s just a doctor from a small clinic. How can he be worthy of being bowed to by the next heir of the Huang family? I’m embarrassed. Second Brother, teach your son.”

After being warned by Huang Lei just now, the eldest son was indignant, so he took the opportunity to embarrass Huang Lei.

He thought that since he was the eldest son, his younger brothers should listen to him. However, his father actually handed the entire Huang family to his second brother. How could he take it lying down?

Huang Lei said coldly, "It seems like you're not satisfied with having your share dividend paid to you every two years. Then three years..."

Seeing that his elder brother was about to retort, he slowly continued, "If three years doesn't work, then four years. If four years doesn't work, then eight years. Or ten years. It's fine with me. What do you think, Brother?"

"You..." The other brothers quickly urged their eldest brother to stop talking. If he continued, it was hard to say if they could get any money at all.

Helpless, the eldest brother could only stand at the side and sulk in silence.

Before he could calm down, he heard Huang Shuxuan look at Gao Huiren apologetically. "I'm sorry, Master Gao. My uncle didn't mean it. Don't take it to heart. I apologize on his behalf."

As he spoke, he bowed again.

The eldest brother almost fainted from anger. Who did Huang Shuxuan think he was to apologize on his behalf?

When he was about to curse, he heard Huang Shuyao remind him in a low voice, "Uncle, dividends..."

The eldest brother immediately shut his mouth.

Gao Huiren was not in the mood to meddle in the Huang family's internal strife. Instead, he looked at Liu Dequan and said humbly, "Brother Liu, this is the patient with a stroke I mentioned. Do you want to come and take a look at him? Give me a suggestion or something."

Although Liu Dequan was older than Gao Huiren, he was far less experienced than Gao Huiren. Hearing him say 'give me a suggestion', Liu Dequan waved his hand in embarrassment.

"Brother Gao, don't say that. Even Xi praised your medical skills. I'm just an ordinary doctor. How can I give you suggestions? I still have to learn from you!"

Gao Huiren did not decline. Instead, he went forward to take Huang Bo's pulse.

"Master Gao, how's my father?" Huang Lei quickly asked after Gao Huiren took his father's pulse.

After he heard his son explaining who Gao Huiren was, he was surprised and had some hope for his father's illness. Even if his father couldn't be cured completely, at least it wouldn't get worse.

"He's in a better condition than yesterday. His blood pressure isn't that high anymore. Alright, let me perform acupuncture for the second time. Brother Liu, please write a prescription for him." Gao Huiren was satisfied with Huang Bo's recovery. He turned around and asked Liu Dequan to write a prescription for him.

"Master Gao, after the treatment, is it possible for my father to be able to speak again?" Huang Lei asked tentatively.

Gao Huiren smiled. "Not only can he speak, but after three acupuncture sessions, your father can also walk on his own!"

"Really? Doctor, my father-in-law doesn't look any different from before. Don't lie through your teeth." The eldest daughter-in-law subconsciously retorted.

Actually, she was extremely afraid.

Chapter 394 Proof

Not only was she afraid, but the other daughters-in-law, including the sons, also felt their hearts skip a beat and their expressions instantly changed.

In the past, this would probably be good news. After all, if their father was around, the right to inherit the Huang family would not be given to Huang Lei. But now, if their father woke up, not to mention the dividends, they would probably not be able to get a single cent.

Ever since the old man suffered a stroke and became paralyzed, they had physically and verbally expressed a lot of their hatred and resentment for him over the years. They even allowed their wives to torture the old man. Of course, Huang Lei did not know about it.

"Shut up. Otherwise, get lost!"

Faced with his sister-in-law's rudeness, Huang Lei finally couldn't take it anymore. He shouted, scaring everyone into silence. He instructed the bodyguards behind him, "Now, if anyone dares to say a word again, throw them out, no matter who it is."

This time, all the Huang family members' faces turned red. Not only was it because Huang Lei did not give them respect in public, but they were also afraid that Gao Huiren would really treat their father. At that time when their father recovered, they would be done for.

The acupuncture was done very quickly. After about 20 minutes, the second acupuncture session was completed. Liu Dequan had also made the prescription. Gao Huiren instructed, "Feed your father the medicine before he goes to bed. We'll see the effect tomorrow morning. If his fingers can move, it means that he's recovering well. Continue taking the medicine. After the third acupuncture session, his condition will be much better."

At this moment, other than Huang Lei and his family, everyone else's expressions were abnormally ugly. They were nervous and uneasy. They were anxious, but they could not do anything.

At this moment, Qin Xi arrived late. As soon as she entered the hall, she saw the old man with a stroke in front of Gao Huiren. She raised her eyebrows. "Huh? Isn't this the old man with a stroke who was at the medical exchange yesterday? How is he? Is he getting better?"

Before Gao Huiren could speak, the eldest daughter-in-law reprimanded Qin Xi fiercely, "What kind of doctors are you? I think you're just a bunch of scammers. How can a stroke be cured so easily with just some acupuncture? My father-in-law is not showing any signs of getting better. You bunch of quacks!"

As soon as she finished speaking, two bodyguards went forward and dragged her out with one arm each. Before the Huang family could react, they heard her wailing.

First Brother Huang was so angry that his face turned red. His wife was the eldest daughter-in-law of the Huang family, but she was thrown out like trash by his second brother. Wasn't his second brother slapping his face in public?

"Second Brother, you..."

Huang Lei looked at his brother calmly. "Brother, do you want to be thrown out like Sister-in-law?"

First Brother Huang shut his mouth in embarrassment. He knew that if he continued, Huang Lei would most definitely throw him out. He was filled with suppressed anger.

Qin Xi looked at Gao Huiren with a smile. "That lady just now didn't seem to believe in our medical skills. What should we do?"

Gao Huiren frowned. He did not mind being treated rudely by the Huang family previously, but now that they actually dared to speak rudely to his shifu, he immediately felt displeased.

Huang Lei's heart skipped a beat. He quickly took a step forward and bowed to Qin Xi to apologize. "I'm sorry, Miss. It's not that we don't believe in your medical skills. I'll ask my family to apologize to you for being rude."

Qin Xi snapped her fingers. "There's no need to apologize. Since you don't believe me, I'll prove it!"

Chapter 395 Stop Her

"Prove what?" Huang Shuxuan asked subconsciously.

Qin Xi did not answer. Instead, she walked up to Huang Bo and said, "I can make him recover now."

The expressions of everyone from the Huang family immediately became extremely interesting. They were shocked, nervous, panicked, guilty, and terrified. All kinds of emotions were instantly displayed on their faces, making them look very comical.

Only Huang Lei and his family looked overjoyed.

"What does a young girl like you know? Get lost. Do you know who my father is? If anything happens to him, you won't be able to compensate us even if you sell yourself."

Although Fourth Brother Huang didn't believe in Qin Xi at all, what if she really could save his father? How could his father forgive him for what he had done in the past? The more he thought about it, the more flustered he became. He gritted his teeth and thought of a solution.

"Second Brother, do you believe this woman's nonsense?"

He continued with a sneer, "Second Brother, everyone says that you're the most filial, but I don't think so. You actually torture our father like this under the guise of treating him. He's already in such a state. Can't you give some peace in his old age? Do you have to torture him?"

"That's right. Second Brother, among all of us, he likes you the most and even left the Huang family to you. But what about you? You are forcing him to his death. Let me tell you, I won't let that happen."

Third Brother Huang also stood up to mock Huang Lei. As for Qin Xi, he did not even look at her.

Huang Shuyao was puzzled. "Third Uncle, Fourth Uncle, what do you mean? Since the doctor said that she can cure Grandpa, shouldn't you be happy? Why don't you agree?"

Third Brother Huang's face immediately darkened. He shouted in a low voice, "Shuyao, the juniors should keep quiet when the adults are talking. Is it your place to speak? Second Brother, don't say that I didn't remind you. Shuyao is already so old, but she doesn't even know the basic rules."

Huang Shuyao bit her lower lip but did not dare to retort.

She did not report, but that did not mean that her father and older brother would tolerate it. The two of them shouted at the same time, "Bodyguards, what are you waiting for? Throw him out."

Just like that, Third Brother Huang was thrown out. After getting up from the ground in a sorry state, he was about to curse when he heard Huang Lei's cold voice in the hall. "If anyone dares to disturb the doctor again, hit them."

The bodyguards said, "Yes!"

Third Brother Huang immediately stopped talking. He kicked a stone by the roadside in exasperation. After venting his anger, he sat on a stone stool at the side with a constipated look.

After teaching his brother a lesson, Huang Lei apologized to Qin Xi. Unexpectedly, Qin Xi smiled meaningfully at the rest of the Huang family and said, "Don't worry, I can treat your father now. You don't have to thank me. I'm beautiful and kind-hearted!"

The Huang family was speechless. They really wanted to pounce on her and tear her to pieces

When he heard that Qin Xi could cure his father now, Huang Lei was extremely grateful. He almost knelt down and kowtowed. He was so excited that he was incoherent. "Really? Can you really do it? As long as you can cure my father, I'll pay you as much as you want."

Chapter 396 Five Talismans

"Forget about the money. I have something to ask your father anyway." Qin Xi pointed at Huang Bo and asked the Huang family's bodyguards to carry him to the bed.

Huang Lei was surprised. "Doctor, do you know my father?"

Qin Xi smiled mysteriously. "I guess so. Alright, wait outside. No one is allowed to come in and disturb me. When your father wakes up, I'll tell you."

She entered the room and closed the door. She also used a soundproof talisman. No matter what happened inside, no one outside could hear anything.

Huang Lei was a little worried. Just as he was about to go forward and ask again, Gao Hui ren shook his head at him. "Mr. Huang, are you still not going to listen to my shifu? If my shifu says that she can do it, then she definitely can. If you make her unhappy, she might quit."

"Shifu? Master Gao, did you say that the doctor who just went in is your shifu?" Huang Lei and the other Huang family members looked at him in disbelief.

At this moment, Huang Shuyao and Huang Shuxuan also remembered and said excitedly, "I remember now. Master Gao also called her 'shifu' at the medical exchange yesterday. She is very capable..."

Then, they started to tell Huang Lei about Qin Xi's medical performance yesterday. It was unbelievable that she could treat a patient without resorting to any equipment.

Back in the room.

Sensing that the bracelet was trembling violently, Qin Xi had no choice but to let Liu Yun out.

Just like before, after Liu Yun came out, the Yin energy on her body dissipated and was replaced by holy light. Not only that, but her phantom body was also solidifying. Her face became the way before she was dead.

"Huang Bo..."

After coming out, she was so excited that tears welled up in her eyes. She quickly pounced on Huang Bo, but because she was still a soul, she passed right through him.

Qin Xi had seen so many souls, but only Jiu Yuan was different. Logically speaking, Jiu Yuan, as a soul, could not touch anything. However, not only could he touch things like a human, but he could also possess people. This was very unbelievable.

Qin Xi looked at Liu Yun, who was desperately trying to touch Huang Bo, and sighed. "It's useless. You're in a soul state. It's impossible for you to touch anything."

If all the souls could touch physical objects, wouldn't this world be in chaos?

Of course, Liu Yun knew that she could not touch Huang Bo, but she did it just to make herself feel better.

She cried and begged Qin Xi, "Master Qin, help him. Please help him..."

"Alright, stop crying. I'm going to treat him now. When he wakes up, you can talk to him." Qin Xi's expression became serious again. "Also, don't forget what you promised me back then. When you get the answer, you'll have to leave this world."

"Thank you, Master. I'll keep my promise," Liu Yun quickly said.

Qin Xi first slapped five talismans on Huang Bo. They corresponded to the five elements of metal, wood, water, fire, and earth.

Then, she took out the Ice Soul Silver Needles and quickly pierced them into his chest. The silver needles formed an array formation. With a wave of her hand, all the needles buzzed and vibrated, as if countless bees were flying.

After doing all of this, the talisman suddenly burned. After burning, they didn't turn into ashes. Instead, they turned into wisps of smoke that entered Huang Bo's body.

Chapter 397 That Night

When the green smoke entered Huang Bo's body, Liu Yun could clearly feel that Huang Bo's breathing had become much calmer and he was no longer panting. However, his eyes were still glazed and listless.

Half an hour later, Qin Xi took out all the Ice Soul Silver Needles on Huang Bo. Seeing this, Liu Yun asked nervously, "Master Qin, how is he?"

Qin Xi shook her head. "The stroke is gone. As for why he still looks like this, it's probably related to his past experiences. Perhaps I can give it another try using dreams."

"Using dreams? How?" Liu Yun asked curiously.

"Let him dream what he wants and find the answers he is looking for..."

As Qin Xi spoke, she drew a talisman in the air with her finger and turned it into a golden light that entered Huang Bo's brain.

"Yun, I'm sorry. I don't have the ability to protect you!"

On a dark night, the 20-year-old Huang Bo secretly climbed over the wall of Liu Yun's house. He grabbed Liu Yun's hands and said with a sad expression.

"Brother Huang, I don't want to marry that old man. Can you take me away? I'm willing to go through any hardship with you. I just want to be with you. Boohoo..."

Liu Yun, who was 19 years old, begged Huang Bo with swollen eyes, "Brother Huang, do you really want me to marry someone else?"

Of course not. Huang Bo was reluctant for Liu Yun to marry someone else. He loved Liu Yun so much, but eloping was a big deal and might even get his parents in trouble. Moreover, once they were caught, Liu Yun's reputation would be ruined.

"I'm not afraid. I don't care about my reputation. Brother Huang, I'm yours in my life. In this life, I'll only marry you," Liu Yun said firmly.

In the end, Huang Bo gritted his teeth and made up his mind to leave with Yunyun. "Alright, let's meet at the Bald Mountain tomorrow night. I'll elope with you."

When Liu Yun heard the answer she wanted, she smiled through her tears. However, they did not expect Liu Yun's brother to be hiding in a corner and hear their conversation.

The reason why Liu Yun's father married her to an old man in his sixties was because Liu Yun's brother, Liu Liang, would get married in two years. However, the family was too poor to afford a wedding. In the end, for the sake of Liu Liang, Liu Yun's father sold her for a high price.

Now that his sister was going to elope with Huang Bo, who would pay for his wedding? The next night, Liu Liang called a few friends over to beat Huang Bo up and gave a final blow to his head, causing him to faint.

Afraid that they would be found murdering, they quickly ran away.

After waiting for Huang Bo for the entire night without seeing him, Liu Yun thought that he had gone back on his word and cried sadly. Her cries attracted two drunk bandits who happened to pass by and she was dragged into the forest by them.

Liu Yun was tortured beyond recognition. She chose to jump into the well with a dead heart...

As for Huang Bo, ever since his head received a blow, many of his memories became chaotic. There was a woman called Liu Yun in his mind, but he could not even remember what she looked like.

Later on, he married a girl called Liu Yun. Although they had the same name, he felt that something was missing.

It was not until he suffered a stroke and was abused by his sons and daughters-in-law that all his memories gradually came back, and he finally remembered who Liu Yun was.

Tears streamed down Huang Bo's face as grief gradually welled up in his heart. He muttered softly, "Yun... I'm sorry. How could I forget you? How could I forget you..."

Until now, Huang Bo still did not know that the girl he loved had died that night!

Chapter 398 Are You Dead?

"Brother Huang, Brother Huang..." When Liu Yun heard Huang Bo calling her by her name, she was both happy and sad.

She shook her head desperately, tears streaming down her face. "I don't blame you, Brother Huang. I really don't blame you. As long as you're happy, I'll be happy."

Unfortunately, Huang Bo could not hear her at all. He was affected by Qin Xi's Dream Talisman, which was why he subconsciously revealed the painful secret in his heart.

Knowing that he couldn't hear her, Liu Yun could only beg Qin Xi to help pass the message. Qin Xi sympathized with the two of them and did not refuse.

"You're awake. I heard you calling someone called Liu Yun. Who is she to you?"

Hearing Qin Xi's voice, Huang Bo, who was immersed in sadness, closed his eyes and wiped the tears from the corners of his eyes. Then, he slowly sat up and answered seriously, "She's my lover!"

"Lover?"

Liu Yun cried and then smiled brightly. She had been lingering in the world for so many years as a ghost just because she wanted to wait for him to say this. Now that she finally heard it, she suddenly felt relieved. As for why he did not fulfill the promise back then, it was no longer important.

There was a satisfied smile on her face, and her eyes were filled with tears. "Brother Huang, I'm happy to hear you say that. All these years, I always thought that you didn't love me at all and that eloping with me was just a lie. Although I trust you very much, time is like a knife that chips away my trust in you bit by bit."

She wiped the tears off her face and sniffed. "I knew I didn't love the wrong person."

Qin Xi was also slightly moved by this. She asked the question Liu Yun wanted to ask the most. "Your lover? Is she your wife?"

Huang Bo shook his head sadly. "It's the lover I forgot. I hate myself for forgetting her, and I hate myself even more for remembering her so late."

He did not know why he was telling Qin Xi this, but in the past few decades, he had been holding it in for too long, and he was overwhelmed by the dream he had just now.

Therefore, when he was asked, he gave the honest and truthful answer, including why he didn't go to meet Liu Yun back then and why he got married and had children later on.

As for Liu Yun, when she found out that all of this was caused by Liu Liang, self-blame, guilt, and regret welled up in her heart. She covered her mouth and cried her heart out. It was finally time for this misunderstanding to be resolved.

Qin Xi couldn't stand this atmosphere. She thought for a moment and said, "Mr. Huang, do you want to see Liu Yun?"

Huang Bo looked at Qin Xi in shock and stood up excitedly. However, after having a stroke for a few years, he couldn't muster much strength. Before he could stand up, he fell back down.

"How is she now? Is she doing well? Did... did she mention me to you?" He asked anxiously.

Qin Xi smiled faintly. "You should ask her yourself!"

As she spoke, Qin Xi waved her hand and a talisman hit Liu Yun. Liu Yun instantly appeared in front of Huang Bo. The two of them looked at each other and saw shock, surprise, and helplessness in each other's eyes.

Liu Yun was worried that Huang Bo would be afraid of her. After all, she had been dead for so many years.

Huang Bo did not want Liu Yun to see him like this, looking old and weak. He was even more afraid that Liu Yun would blame him for failing to meet her back then...

However, when he noticed that Liu Yun did not look normal, his expression suddenly changed. "Yun."

Chapter 399 A Bad Feeling

The pleasant surprise of meeting her was shattered by this realization.

Huang Bo stood up excitedly, forgetting that his legs were weak. He was about to grab Liu Yun when he tripped over.

He was old after all. If he really fell, he would probably suffer from another stroke.

Qin Xi quickly helped the old man back to the bed and reminded him calmly.

"You can't get too excited now. If you have another stroke, no one can cure you. Don't waste this opportunity. Liu Yun won't be able to stay in this world for long. You have to hurry. I'll give you 15 minutes to say goodbye."

With that, she walked out.

As soon as she went out, Huang Lei and the others looked at her nervously. "Doctor, how's my father?"

Seeing that Huang Lei and his family were really anxious, Qin Xi looked at the other Huang family members behind who were so nervous that they were breaking out in cold sweat. She smiled playfully. "Old Master Huang has recovered, but..."

"But what?" Huang Lei quickly asked. Even the others looked tense, as if they were about to go to the battlefield soon.

Qin Xi's attitude made the daughters-in-law sweat profusely. They asked impatiently, "But what? Tell us quickly!"

Qin Xi shrugged and said with a smile, "Nothing. You'll see him walk out in 15 minutes."

The Huang family, who had tortured Huang Bo, felt their heads buzz as if they had been hit by something. Their minds went blank, and their heads dizzy. Their faces were terrifyingly pale.

"Eh, Uncle, Fourth Uncle, Third Aunt, Fourth Aunt, why do you look so pale? Are you sick?"

At this moment, Huang Shuyao's voice attracted the attention of Huang Lei and Huang Shuxuan. The two of them turned around and saw the others with very ugly expressions.

"Are you hiding something from me?" Huang Lei's aura immediately spread out. He was the head of a big family and the boss of a company, so he naturally had a terrifying aura.

First Brother Huang could remain collected in face of this aura. After all, he was the eldest, but not the others, especially the two daughters-in-law. Their hands were trembling as they held their bags. In order not to spill the beans, they did not dare to look Huang Lei in the eyes and kept their heads lowered.

Even the fourth brother, who had always been arrogant, said with a forced smile. "Second Brother, you've misunderstood. What can we hide from you? We, we're not hiding anything, right, First Brother?"

First Brother Huang nodded in agreement. "Yes, yes, we're not hiding anything. By the way, since the doctor said that Father will be out in 15 minutes, should we go back and clean up the house?"

He did not want to stay here any longer. He had a bad feeling.

The more he thought about it, the more panicked he became. He wiped the cold sweat off his forehead and was about to find an excuse to leave when he heard Huang Lei say firmly, "Leave the cleaning to the servants. We'll wait here for Father to come out."

They were on the verge of breaking down. It could be said that these 15 minutes were the most difficult 15 minutes of their lives.

Chapter 400 Something Happened

Time passed bit by bit. Finally, 15 minutes was up. Those who were guilty felt like they had been sent to the execution ground and were waiting to be beheaded.

With a creak, the door of the room was pushed open. An old man with red eyes walked out with slow steps. Although he was a little hunchbacked, his eyes were sharp. When he looked over, the descendants of the Huang family felt a shiver running down their spines.

Huang Lei and his children quickly went up. They were so excited that they cried tears of joy. "Dad/Grandpa, you're finally able to walk. That's great, that's great..."

As for the others, they could not withstand the sharp gaze of the old man. Out of fear, they knelt on the ground with a thud and said with a trembling voice, "Dad, Dad, you finally recovered..."

Huang Lei was stunned to see his brothers kneeling on the ground. However, when he saw the fear on their faces, his heart skipped a beat as if he understood something.

"Why? Aren't you happy to see me recovering?" Huang Bo looked at his sons coldly and said in disappointment.

The others trembled and did not even dare to breathe loudly. They were all as timid as mice, afraid that they would say something wrong and anger Huang Bo.

However, Huang Bo did not settle the score with them right here. Instead, he looked at Qin Xi, his mouth and voice trembling. "Has she left?"

Qin Xi glanced at Liu Yun, who was crying behind her, and smiled. "All good things must come to an end. Don't keep immersing yourself in the past. Let bygones be bygones!"

Huang Bo sighed. His heart felt empty. However, seeing her again in his lifetime was already the greatest gift he could ask for in his life.

Everyone was confused, but they did not ask.

"Alright, let's go back. I have something to announce today!"

Huang Bo glanced at his sons and daughters-in-law and said calmly before turning to leave.

After they left, Qin Xi looked at Gao Hui ren and Liu Dequan and said with a smile, "I have something to deal with."

"Don't worry. Just leave the clinic to me and Brother Gao! Go ahead." Liu Dequan nodded with a smile.

Qin Xi brought Liu Yun upstairs. After closing the door, she looked at her. "Are you ready? I'm going to send you away now."

Liu Yun smiled gently and gracefully. "Thank you, Master Qin. I'm ready!"

Qin Xi formed seals with both hands and chanted a strange incantation. Gradually, a vortex hole floated in the air. In the vortex, it was all white, as if it was the entrance of the Sacred World.

Liu Yun floated over and stood beside the vortex. With a flash of white light, she disappeared.

Qin Xi suddenly felt that her cultivation level seemed to have increased a little. At this moment, a sharp voice came from downstairs and there was an urgent knock on the door.

“Lady Boss, something bad happened downstairs!” Pan Lingling was so anxious that she was about to cry.

Qin Xi raised her eyebrows and opened the door to walk downstairs. “What’s going on?”

“A girl said that you killed her grandfather, and even said that you are...”

Hearing her stop in mid-sentence, Qin Xi glanced back at her. Pan Lingling immediately shivered and said in a low voice, “She said that you are a vixen who seduced her boyfriend, so you deliberately harmed her grandfather!”
