Chapter 401 Seeking Revenge

When Qin Xi heard that, she immediately frowned and thought to herself, "I'm already married. Why should I snatch someone else's boyfriend?"

When she reached the staircase, she heard a familiar voice shouting downstairs and immediately knew who it was.

Cheng Rongfei.

The domineering woman who liked Gu Qing and treated Qin Xi as her imaginary love rival.

When Qin Xi went downstairs, she saw that many people had already arrived at the clinic and were gathered outside. Elder Cheng, whom she had met once, was lying on the ground with a bruised face, seemingly not breathing.

Looking at the Yin energy gathered on Elder Cheng's body, Qin Xi couldn't help but shake her head with pity and walk downstairs with a solemn expression.

At this moment, Cheng Rongfei was still crying and shouting, pointing at the signboard and cursing.

"They're liars. Not only did she kill my grandfather, but she also stole our family heirloom and even hooked up with my fiance. She's a b*tch. Everyone, don't be fooled. I brought my grandfather's corpse here today to ask for an explanation."

Cheng Rongfei shouted until her voice became hoarse. Everyone was convinced by her words, but many people were treated by the doctors of Ji Ding Hall, so they did not believe her at all.

"Look, Young Divine Doctor Qin is here. I don't think she's that kind of person. My illness was cured in Ji Ding Hall."

"That's right. Young Divine Doctor Qin's medical skills are very good. A few days ago, she saved a person who was no longer breathing. At that time, many people were present."

"There's also Old Madam Jin from the old city district. It's said that she had cancer and was cured by Divine Doctor Qin. She is living a happier life than before."

"Indeed, I had slipped discs and was in so much pain that I couldn't get up or bend over. It was only after Young Divine Doctor Qin gave me an acupuncture that the pain was all gone. What's more, it wasn't expensive. If I were to be treated in a hospital, I would have to pay at least a few hundred yuan. Young Divine Doctor Qin only charged a few yuan. Look, I brought my wife here today to get treated."

When Cheng Rongfei heard their whispers, she immediately glared at them and shouted, "I won't deny that she's a divine doctor, but do you know how she treated my grandfather? She used sorcery to put a curse on my grandfather's jade pendant. You might not believe me, but that's the truth. I have evidence."

As she spoke, she pulled open her grandfather's collar and revealed a muddy jade pendant.

This jade pendant was originally a dark green jade, but for some reason, it seemed to be stained with something unclean. There was a trace of black aura lingering inside, making people feel their hair stand on end.

However, what they did not understand was that Qin Xi was clearly a divine doctor who treated illnesses and saved people, not a witch who used witchcraft. What did this have to do with her?

“Divine Doctor Qin is here!”

In the crowd, someone shouted and everyone automatically made way for Qin Xi. Liu Dequan and Gao Huiren looked at Qin Xi at the same time, their eyes filled with worry.

When Cheng Rongfei saw Qin Xi’s calm gaze, her heart skipped a beat. For some reason, she had a bad feeling.

However, when she thought of how this vixen had seduced her Brother Qing and even made her grandfather, who had always doted on her the most, fall out with her, she was furious and wished she could rush up and tear her face apart.

At the thought of this, Cheng Rongfei stared at Qin Xi with hatred. If eyes could kill, Qin Xi would probably be torn to pieces.

Chapter 402 Finding Evidence

“You vixen, murderer, return my grandfather to me!”

As she spoke, Cheng Rongfei couldn’t hold back the hatred in her heart anymore. She rushed up to Qin Xi and wanted to slap her.

No matter what, she just wanted to teach Qin Xi a lesson.

The people around her were frightened by her crazy look and subconsciously retreated.

Unfortunately, Qin Xi was not an ordinary woman. Before Cheng Rongfei could slap her, Qin Xi kicked her away.

Cheng Rongfei was kicked to the side of Elder Cheng. She felt her stomach churning, and it was so painful that her face turned pale and she broke out in cold sweat. She hunched over like a prawn, looking like she was repenting in front of Elder Cheng.

“Not bad. You can talk now. Tell me, how did you do it?”

Qin Xi remembered how foul Cheng Rongfei’s mouth was at that time. Because of this, she muted her to teach her a lesson. She was curious as to who had the ability to unmute her.

Cheng Rongfei endured the pain and looked at Qin Xi with a twisted expression. She gritted her teeth and said, “Do you think you’re the only one who knows some tricks? To tell you the truth, there are many people in this world who are better than you. You’d better not be too arrogant. Otherwise, sooner or later, you’ll end up in a miserable state!”

Qin Xi shrugged indifferently and said with a smile, “No matter how I end up, at least you won’t end up well. Cheng Rongfei, guess what Elder Cheng was thinking when he died.”

Cheng Rongfei's heart skipped a beat. She avoided eye contact with Qin Xi. "He, of course he was thinking about taking revenge on you. You killed my grandfather, so you have to pay with your life. I'm here today to kill you with my own hands to avenge my grandfather."

"Are you sure I killed your grandfather?" Qin Xi looked down at her with a faint smile.

Cheng Rongfei's heart was almost in her throat. She felt that Qin Xi seemed to have seen through something. That was impossible. How could Qin Xi know? That master had also said that no one could see through this sorcery unless he was an immortal. Qin Xi was obviously not an immortal.

Thinking of this, she no longer felt nervous. She endured the pain and stood up, her attitude very firm.

"Yes, it's you. You were the one who did something to my grandfather's jade pendant. For the past two days, my grandfather had many nightmares. They're all extremely terrifying nightmares. He struggled in pain every day. Just this morning, he grabbed my hand tightly and used the last bit of his strength to shout your name. Doesn't that explain everything?"

Qin Xi clicked her tongue. "Since you said that I killed your grandfather, why don't you call the police and get the police to arrest me?"

Cheng Rongfei looked at her fiercely, as if she wanted to kill her entire family. She shouted, "Do you think I don't want to? But your method of killing is too strange. There's no evidence at all. However, I know it's you. In order to seduce my fiancé, you stole my family's heirloom and deliberately did something to the jade pendant. That's why my grandfather died. Qin Xi, you'll die a horrible death. You're an animal. Aren't you afraid that my grandfather will come back to haunt you at night?"

Seeing that she did not seem to be faking it, everyone couldn't help but take pity on and side with Cheng Rongfei.

Qin Xi snapped her fingers and looked at Cheng Rongfei with a smile. "Since you say that you don't have evidence, I don't mind helping you find evidence and see how Elder Cheng died."

Chapter 403 Mysterious Person

Cheng Rongfei panicked and quickly stood in front of her grandfather, her eyes filled with hatred and killing intent as she cried pitifully.

"What else do you want? Grandpa is already dead. I'm here to seek justice for him. Why are you still torturing Grandpa?"

Pan Lingling and Hu Jingyun were so angry that their faces turned pale. They had never seen such a shameless and unreasonable woman.

"You are unreasonable! Our lady boss already said that she would help you find evidence, but you don't even let her get close to the corpse. How can our lady boss prove her innocence then?"

"That's right. You're being too unreasonable!"

Cheng Rongfei was guilty, so of course, she wouldn't let Qin Xi get close to her grandfather. She spat at the two female staff agitatedly. "Why should I believe a murderer? My grandpa is already dead. Are you still not going to let him rest in peace? Are you still human?"

This time, everyone also felt that Cheng Rongfei was a little unreasonable. Since she said that the young divine doctor was a murderer, why didn't she let her check?

Qin Xi shrugged. "It's fine if you don't let me touch him. How about this? You can find an authoritative doctor to check the corpse yourself. If it turns out that the culprit is really me, I'll turn myself in."

Pan Lingling and Hu Jingyun were shocked. "Lady Boss..."

Even Gao Huiren was shocked. He frowned and looked worried. "Shifu, let's leave her to the police. We can't let her do whatever she wants."

On the contrary, Liu Dequan knew Qin Xi the best. He patted Gao Huiren's shoulder. "Brother Gao, don't worry. She knows what she's doing. This small matter won't stump her. Just wait and see!"

Gao Huiren did not understand why Liu Dequan trusted Qin Xi so much. It was the same last time. No matter what happened, Liu Dequan was always confident in Qin Xi.

Gao Huiren still wanted to ask something, but Liu Dequan smiled mysteriously and kept him in suspense. "You still don't understand Xi. Just watch. She is more capable than you can ever imagine."

Cheng Rongfei narrowed her eyes. Her goal today was actually not to do anything to Qin Xi, but to ruin Qin Xi's reputation and let Gu Qing see this woman's true colors. Of course, if she could teach Qin Xi a lesson and scratch her face, it would be best.

Unfortunately, that mysterious person seemed to be very interested in Qin Xi and only wanted Qin Xi's hair or a drop of blood. Although Cheng Rongfei did not know what these things were for, she knew that the mysterious person was omnipotent and exuded an evil aura. If Qin Xi went against him, she would definitely die a miserable death.

At the thought of this, Cheng Rongfei's eyes flickered with a sinister glint as she looked at Qin Xi fiercely. "I've already said that the method you used was very strange. It's like witchcraft. The doctors can't find anything. You know this, which is why you are so confident. Also, they call you the young divine doctor. I'm sure you have countless tricks up your sleeve. How can ordinary people like us find out anything?"

"This won't do, that won't do. Then tell me, what do you want?" Qin Xi crossed her arms and looked at her casually.

Cheng Rongfei suddenly became serious. She was no longer as unreasonable as before. Instead, she knelt in front of her grandpa and sobbed softly. "My grandfather is dead. Even if I kill you, I won't be able to get my grandfather back. Besides, I really don't have any evidence to prove that you killed my grandfather. I just want you to kneel down and apologize to my grandfather. That shouldn't be too much, right?"

When everyone heard that, they thought Qin Xi would agree to this request..

Chapter 404 Calling Back the Spirit of the Dead

"Apologize?" Qin Xi sneered. "Cheng Rongfei, in your dreams."

Cheng Rongfei shouted angrily, "Qin Xi, don't go too far!"

Everyone was puzzled and instantly felt disgusted by Qin Xi's aggressive attitude. Someone said in a low voice, "Young divine doctor, she doesn't want to make things difficult for you anymore. What's wrong with apologizing? The dead are already gone. Show some respect to the dead!"

"That's right. It's just an apology. Compared to the pain of losing one's grandfather, it's nothing."

Hearing everyone's nonsense, Pan Lingling was so angry that she shouted, "What's wrong with you all? The lady boss already said that his death has nothing to do with her. Why should she apologize? If she apologizes, doesn't that mean that she admits to killing her grandfather? In the future, how can the lady boss continue to run this clinic? If you want to stand by and watch, then watch in silence."

Pan Lingling spoke rudely out of anger. Her attitude immediately made the people who came to get treated look displeased.

"We say this for the good of the young divine doctor. If she doesn't apologize, what if this young lady continues to kick up a fuss?"

"I used to think that Young Divine Doctor was a good person. I didn't expect her to be so narrow-minded."

"You can't say that. What if Young Divine Doctor is really innocent? If she apologizes, won't she be charged with murder? If it were me, I definitely wouldn't admit to something I didn't do."

"That makes sense. We can't take what this young lady said on blind faith. Who knows if she's here to blackmail Young Divine Doctor?"

Hearing that there were some people on her side, Cheng Rongfei glanced at Qin Xi and was secretly happy.

However, when she heard the rest of the people defending Qin Xi, she was jealous, and her expression twisted with anger.

"Cheng Rongfei, you keep saying that there's no evidence. Now, let me show you the evidence."

Qin Xi did not want to waste time with her anymore. She took out a talisman from her pocket and smiled. "Let your grandfather tell you personally who the murderer is!"

As soon as she finished speaking, she waved her hand and the yellow talisman landed on Elder Cheng. She formed a very complicated seal with both hands and shouted in a low voice, "Gather!"

Although it was winter and the clinic's door was still open, because it was packed with people and there was heating, the temperature in the clinic was not especially low.

However, when Qin Xi shouted "gather", a bone-chilling wind blew in from all directions like a tornado, making it difficult for people to open their eyes.

Fortunately, it only lasted for an instant. When they opened their eyes again, they heard an extremely ear-piercing scream.

"Ahhhhhhhhhh..."

“There’s a ghost! There’s a ghost! Don’t come over, don’t come over. I, I don’t know anything. Grandpa, it’s not me. Don’t come and haunt me...”

Seeing her grandfather’s ghost, Cheng Rongfei retreated in fear. She trembled and hid herself into the crowd. She hugged her head and shook it desperately, as if she was trying to forget what she just saw.

“Rongfei, why did you harm me? Why? I’m your grandfather. I raised you since you were young. How can you be so heartless?”

Elder Cheng’s tone was bitter. Looking at his granddaughter, who was trembling in fear, he did not feel any resentment. Instead, he felt disappointment and sadness. He was very sad that his granddaughter came like this.

Chapter 405 Hatred

“It wasn’t me, it wasn’t me, it was her!”

When Cheng Rongfei heard her grandfather’s accusation, she was extremely terrified that her grandfather would hurt her. She pointed at Qin Xi crazily, her eyes almost popping out.

“It’s her, Grandpa. She’s the one who murdered you. Have you forgotten that she was the one who did something to your jade pendant? If not for her, you wouldn’t have died. If you want to take revenge, haunt her. It has nothing to do with me. It really has nothing to do with me!”

“Rongfei, I know everything. It’s you. You were the one who dripped a drop of black liquid on my jade pendant. Repent and don’t do anything stupid again. That person is up to no good. Don’t be used by him.”

Elder Cheng said earnestly, “Although I’m dead, I’ve always been by your side. I know everything you’ve done. I didn’t expect you to make such a big mistake for such a small matter. Rongfei, don’t continue down the wrong path.”

“It is not a small matter.”

Cheng Rongfei couldn’t take it anymore and roared fiercely, “That day, I heard you talking to Brother Qing on the phone. You asked Brother Qing to reject me, right? If not for the fact that you’re useless, how could Brother Qing reject me? If not for the fact that you sided with an outsider, would I have killed you? It’s all your fault. If not for you, I would already be with Brother Qing!”

When everyone heard that, they had goosebumps all over their bodies. They could not believe their ears.

They retreated in fear. How crazy was this woman who even killed her own grandfather?

Elder Cheng shook his head with a worried look on his face. “You’re wrong, child. Gu Qing doesn’t like you. Why are you so stubborn? I’m gone and can’t take care of you anymore. You should go back to live with your parents. They’re your parents after all. They’ll protect you. Forget about your hatred, forget about Gu Qing, and forget about me. Live a good life!”

“Don’t look for that person anymore. He’s not a good person. Trust me!”

“Get lost. I won’t forget Brother Qing. You’re already dead. Can you leave me alone?”

Even though Cheng Rongfei was trembling with fear, she still didn’t want to give up on Gu Qing. She shouted with tears streaming down her face, “Brother Qing is mine. He can only be mine. I’ll kill anyone who dares to stop me!”

Looking at Cheng Rongfei, who was going crazy, Elder Cheng felt sad. He no longer looked at her but looked at Qin Xi and begged, “Master Qin, I know I’m asking too much, but I still want to beg you. Can you make Rongfei forget Gu Qing? I know you’re very capable. As long as you can make Rongfei live the life of an ordinary person, I’ll give you all the antiques behind the wall in my warehouse!”

Back then, Elder Cheng liked the antiques in the warehouse very much. No matter how much money people offered, he did not sell them. Now that he was dead, those things were meaningless to him. He might as well trade them off for something.

“Ahhh... I don’t want to. No one is allowed to make me forget Brother Qing. Damn old man, since you’re already dead, don’t be a busybody. If you dare to stop me, I’ll chop your corpse into pieces and feed it to the wild animals!”

Hearing that she would forget Gu Qing, Cheng Rongfei let out a hysterical cry as if she was being tortured to death. Her eyes were so vicious that she looked like she wanted to skin someone alive.

When everyone heard that, they gasped. Qin Xi was also angered and kicked her.

Chapter 406 Where Did This Fool Come From?

Cheng Rongfei was kicked out by Qin Xi, slammed into the wall, and fainted.

Everyone looked at Qin Xi’s incredible strength in shock.

Elder Cheng frowned and sighed. “Master Qin, please call Rongfei’s mother. She will pick her up. Also, the key to my warehouse is under a stone slab under the tree in the courtyard. I believe it won’t be difficult for you to take those things away.”

“Now, I have nothing else to say. I’m leaving!”

Qin Xi nodded and made a hand seal to send Elder Cheng away.

Recalling the Yin energy detected from Elder Cheng, she learned that the mysterious person was actually the person who gave Elder Cheng the bronze mirror back then. As for why he wanted to harm Elder Cheng, she did not know.

Qin Xi agreed to Elder Cheng’s last request and erased a portion of Cheng Rongfei’s memories.

After dealing with Cheng Rongfei, Qin Xi and Lone Wolf came to Elder Cheng’s antique shop. Lone Wolf was in charge of guarding the door, while Qin Xi jumped into the small courtyard from the outer wall.

There was indeed a big tree and an inconspicuous stone slab under the tree.

Qin Xi walked over and opened the stone slab. There was a key lying inside. She recalled what Elder Cheng said and accurately found the warehouse he mentioned.

With a click, the door was unlocked. Qin Xi pushed open the door. It was a little dark inside. When she opened the door, the air was filled with dust. She walked into the warehouse step by step.

When she arrived at the wall Elder Cheng mentioned, she found a nail with a painting hanging on it and gently pressed it. With a creak, a groove popped out on the wall. Qin Xi pulled open the groove and saw a space the size of a safe. There were a few antique vases and porcelain inside. Sensing the faint spiritual energy on them, Qin Xi knew that these were all authentic.

However, Qin Xi's gaze was not on these antique porcelains. Instead, it was fixed on an inconspicuous golden toad. This was a toad made of pure gold. It did not look special, but Qin Xi could hear a faint heartbeat coming out of it.

Just as she was about to reach out to take it, she suddenly felt an evil wind behind her. Accompanied by a baby-like cry, a cloud of black fog rushed towards her.

Qin Xi reacted extremely quickly. Almost at the same time, she took out her Chain of Darkness. The Chain of Darkness roared like a black dragon and collided with the black fog behind her. With a bang, the black fog was sent flying by the powerful force of the Chain of Darkness and returned to the hand of the black-robed man standing at the door.

When the black fog dissipated, a black, charred boy appeared in the black-robed man's hand.

However, at this moment, the boy looked like a monster. His face was bruised, his body was twisted and covered in fur. His eyes were glowing green, and his mouth was long and wide. When he opened his mouth, two rows of sharp canine teeth were revealed. Moreover, disgusting mucus was dripping out of his mouth, making him look terrifying.

Qin Xi frowned. "What is that?"

The black-robed man chuckled. "Are you the person who ruined my plan?"

His eyes were dark like a deep pool. "You're not bad. Are you interested in learning from me? How about I teach you witchcraft?"

"But..."

His gaze landed on the Chain of Darkness drifting back and forth in the air. His eyes were filled with greed as he said, "But you have to give me that."

"Where did this fool come from? How dare you covet my things!"

Chapter 407 Corpse Boy

When the black-robed man was angry, his voice changed from that of a man to that of a woman. To be more precise, it sounded like a witch.

"How dare you? It seems like if I don't teach you a lesson today, you won't hand over the thing obediently."

As he spoke, he took out a small bottle and opened the lid. He poured some liquid into the black boy's mouth. The moment he opened the bottle cap, Qin Xi smelled a nauseating smell.

Was that... cadaveric oil?

The boy hugged the small bottle and poured it into his mouth. His severely injured body instantly healed, and he gradually turned from a palm-sized body to a year old. The black fog around it became even stronger, and his green eyes turned red. He bared his fangs at Qin Xi.

Qin Xi said in disgust, "What an ugly and disgusting thing."

Qin Xi summoned the Chain of Darkness and threw it at the boy at an extremely fast speed. The boy opened his mouth, ready to bite it. He believed that the hardness of his teeth could even bite rocks like bread, let alone a chain.

Unfortunately, he underestimated Qin Xi's strength and the power of an ancient artifact.

Not only did he fail to bite it, but the dark chain also wrapped around him at an extremely strange speed. He struggled with all his might and let out a scream that was enough to shatter the surrounding porcelains. However, the more he struggled, the tighter the dark chain became. In the end, his power was drained away bit by bit, and he returned to the size of a palm.

The more the black-robed man looked at the Chain of Darkness, the greedier his eyes became. He grabbed it, but the Chain of Darkness did not resist. The black-robed man thought that he had succeeded. Just as he was about to pull it down, a strange dark fire suddenly burned on the Chain of Darkness.

The black-robed man subconsciously shook off the Chain of Darkness, but it was too late. The dark fire instantly devoured his entire right arm.

He covered his arm in horror and screamed, "Ah!!!"

However, this was not the end. The fire burned brighter and brighter, burning down his arm to his chest. In the blink of an eye, he was enveloped by the dark fire and let out a miserable scream.

Qin Xi was stunned. She had never used the Dark Fire on anyone before. Seeing him in so much pain, she was a little surprised.

She thought that it would only burn for a moment, but a few seconds later, the black-robed man was burned to ashes, leaving only clothes on the ground.

Um... He died just like that?

Seeing such a powerful fire, the boy was immediately frightened. If even his master was burned to death, wouldn't he die faster?

At the thought of this, just as he was about to escape, the dark chain on his body tightened again, as if it knew what he was going to do.

Qin Xi sized up the boy seriously and threatened with a faint smile, "Tell me, what exactly are you?"

The boy did not want to say it at first, but the dark chain wrapped around his body frightened him into answering.

"I'm Lord Yin's corpse boy. Please don't kill me. I was forced to do this. If I don't listen, he will turn me into corpse water. The thing I drank just now... was the corpse water of the other disobedient corpse boys..."

The boy lowered his head. "Although I look like I was just born, I'm actually already eight years old. However, Lord Yin used a very cruel method to make me like this."

Chapter 408 Golden Blood Toad

"Tell me everything you know, especially about Lord Yin."

Qin Xi had a feeling that if she killed this person called Lord Yin, she would definitely be in trouble in the future, so before that, she had to know everything about him.

The corpse boy did not dare to hide anything and told her everything he knew.

The Yin family was an extremely terrifying evil family that inherited evil techniques. In recent years, the family's sorcery had declined. In order to seek the forbidden techniques of sorcery, they had already harmed many newborn babies. Not only were there babies, but ordinary people who were buried would also become their target.

In short, the Yin family was a huge and vengeful family.

"By the way, they also have a spell unique to the Yin family. As long as a member of the Yin family dies, the tablet belonging to the member will shatter. Moreover, they can also find the murderer who killed their member... Their methods are extremely cruel. They can turn you into puppets."

"I advise you to run. It's best if you run with your entire family. Otherwise, you'll be in a worse state than me," Corpse Boy advised softly.

Although Qin Xi had a certain understanding of the Yin family, she did not think that they could find her. After all...

She looked at the remaining clothes and some messy things on the ground. There was not even a bone left. With her strength, she was not afraid.

At this moment, in the Yin family, a servant suddenly ran over and shouted in shock, "Master, bad news. Second Young Master... his memorial tablet is broken!"

The man sitting on the sofa and reading the newspaper narrowed his eyes and immediately summoned his corpse boy. His corpse boy was a hundred years old and the corpse energy on his body had already reached a terrifying level.

The man was so angry that no one around him dared to breathe loudly. He shouted, "Find out who killed my son."

The corpse boy searched for a long time but couldn't find anything. It was as if Second Young Master had disappeared into thin air. The corpse boy shook his head solemnly. "Second Young Master has lost contact with his corpse boy. I can't find him."

“No matter what the price is, find that person...” The man gritted his teeth. The hostility he exuded made everyone in the room tremble.

Qin Xi did not notice that she had planted a dangerous seed. She asked the corpse boy, “Tell me, why are you here?”

The corpse boy looked at the golden toad in the secret compartment and said, “Lord Yin came for the Golden Blood Toad!”

“Golden Blood Toad? What’s it for?” Qin Xi picked up the “Golden Toad” suspiciously and sized it up, but she did not see anything special about it.

The corpse boy thought for a moment and said, “I only know that this blood toad is very precious. It seems to be able to strengthen the soul and body and prevent poison. As for other functions, I don’t know!”

Chapter 409 I Killed Them

“That good?”

Qin Xi did not expect this golden toad to be so powerful. After thinking for a moment, she put it in her pocket and asked the little corpse boy, “I can spare your life, but you can’t stay in this world anymore. Since you’re already dead, go and reincarnate!”

She did not give the little corpse boy a chance to speak. She made a hand seal with both hands and sent the little corpse boy away. The dark chain floated back to Qin Xi’s wrist.

Qin Xi picked up a few antique porcelain and jumped over the wall. When she returned to the car, she saw Lone Wolf lying unconscious on the steering wheel.

Fortunately, he was only unconscious. After Qin Xi pierced a few needles on him, Lone Wolf suddenly woke up and subconsciously searched for the whereabouts of the man in black.

“Don’t worry,” Qin Xi said with a smile.

Lone Wolf’s heart was pounding. He panted in shock and suppressed the panic in his heart. He tried his best to remain calm and said, “Lady Boss, that man...”

He did not know how to describe Lord Yin, nor did he know how to describe the black fog. He felt that what he had encountered was getting stranger and stranger ever since he started working for Qin Xi.

“I know what you’re going to say.”

Qin Xi said with a smile, “Lone Wolf, I’ll be honest with you. You know that I practice Chinese medicine, but do you know what kind of medicine I cultivate?”

Lone Wolf frowned. “Isn’t it Chinese medicine?”

Qin Xi shrugged. “There’s no harm in telling you. Actually, I mainly cultivate mystic medicine, and I’m a mystic doctor. If my realm increases again, I won’t need Chinese medicine in the future and can directly draw talismans to save people.

Qin Xi sighed slightly. "However, if I really use talismans to save people, people will definitely think that I'm performing witchcraft. Therefore, I can only use talismans to save people in private."

Lone Wolf did not understand. Weren't they talking about the black-robed man? Why did she bring up mystic medicine?

Qin Xi narrowed her eyes and continued, "The person you saw just now is a sorcerer. The black fog around him is a corpse boy. Fortunately, he only knocked you unconscious. Otherwise, I'm afraid I wouldn't even be able to find your soul!"

"That strong? Are you alright?"

"Do I look like I'm not alright?"

"What about the black-robed man? And where did that corpse boy... go?"

"I killed them. There's nothing left! Do you want to see it?"

Lone Wolf was speechless. No, he didn't.

When they returned to Breeze Villa, Han Shi had already arrived early and was busy in the kitchen. Today, Jiu Yuan was also here, giving out a brightness that was comparable to that of a small sun.

"Hey, you're finally back. Let me tell you something. Do you still remember the time when I wanted to possess your man?" Jiu Yuan floated over and asked Qin Xi.

Qin Xi looked at him sideways. "Why? Do you want to try it again?"

Jiu Yuan shook his head in fear and said incoherently, "No, no, no, I wouldn't dare. I just want to ask you if you still remember the old man who used the Blood Guidance Technique."

Of course Qin Xi remembered. She still had many questions she wanted to ask the old man. "Do you know where he is?"

"Yes, I know where that old man is."

Chapter 410 Master

In a house.

Master Yang arrived late in a black Daoist robe with an arrogant disciple behind him. "Master, it's here."

"Knock the door!"

The disciple knocked on the door twice and the door opened. Tang He stuck his head out nervously. When he saw that it was Master Yang, he was delighted and walked out excitedly. "Master Yang, you're finally here."

Sensing that the Yin energy on Tang He was extremely dense, Master Yang frowned and took a step back. As he took a step back, his disciple followed suit.

Tang He's heart skipped a beat. He forced a smile that was uglier than crying. "Master Yang, what... What happened to me?"

Master Yang looked at him with a solemn expression. He stroked his beard and sighed. "Mr. Tang, can you show me your jade pendant?"

Tang He was stunned. He took out the jade pendant and handed it to Master Yang. After taking a look, Master Yang's expression immediately changed drastically. "This Jade pendant of yours has been tampered with by a master. Not only can it not ward off evil, but it can also gather the Yin energy. No wonder the Yin energy on your body is so strong."

"What? That's impossible. I've never taken it off. Master Yang, are you mistaken?" Tang He's heart tightened and he instantly felt his hair stand on end.

Master Yang snorted. "Do you think a master that powerful needs to put his hands on your jade pendant to change it? He can kill you at any time. Since he didn't kill you right away, he probably only intended to teach you a lesson."

"But, but, but... but I didn't offend any master." Tang He racked his brains but couldn't think of who he had offended.

Master Yang shook his head. "Perhaps that master saw that there were vengeful souls lingering around you, so he decided to seek justice for the vengeful souls on a whim. It's all possible. Besides, doing this will give him a lot of merits."

Tang He looked worried. "Then what should we do, Master Yang? You have to save me. I don't want to die yet!"

"You have to know that people like us hate karma the most. You are guilty. If I help you, all the karma might be transferred to me. Now that a hidden master is involved, if I act rashly, I might offend this master. At that time, it will be worse than suffering from karma."

Hearing that, Tang He panicked. "Then what should I do, Master Yang? You can't watch me die. As long as you help me chase the unclean things away, I, I'll give you 200,000 yuan. No, 300,000 yuan. How about 300,000 yuan?"

300,000?

Master Yang was tempted but he was in no hurry to agree. He wondered if the master who punished Tang He would also come to settle the score with him. If it was really as he thought that the master only wanted to teach Tang He a lesson, it would be fine. If the master was Tang He's enemy, 300,000 yuan would not be enough..

Seeing his hesitation, Tang He gritted his teeth and raised the price again. "500,000. As long as Master Yang helps me, I'll give you 500,000."

Of course, if Master Yang refused to help, he could only find another master. The world was so big, he did not believe that he could not find a master who could exorcise evil.

500,000?

This was indeed a very tempting number. A trace of greed flashed across Master Yang's eyes. It had to be noted that his business deals usually fluctuated between 10,000 to 50,000 yuan. If he could help Tang He chase away the evil things without offending the master, it would not be a bad idea.
