

Mysterious 451

Chapter 451 Cooperating

“B*tch, don’t let me catch you, or I’ll skin you alive and pull out your tendons.”

Song Dahu spat out a mouthful of blood and cursed. His eyes were filled with killing intent, wishing he could tear Qin Xi apart.

At this moment, the siren of the police car rang, accompanied by hurried footsteps.

Song Dahu’s eyes narrowed as he felt a bad feeling. He took a careful peek and saw that there were police cars around. He quickly turned around and ran.

He was not stupid. He knew that although he was good at fighting, he was definitely no match for these police officers. He could only escape first and think of a way to complete the mission.

Also, get rid of that little girl.

He was very fast and disappeared into the crowd in the blink of an eye. However, no matter how fast he was or where he was, he seemed to be unable to shake off the police cars behind him.

Song Dahu was panting and his face was pale. When he heard the sirens around him, he spat and cursed under his breath, “F*ck, this is so strange...”

From the corner of his eye, he saw a few old buildings across the street. He looked at the police cars behind him, gritted his teeth, and entered the old building area.

At this moment, in the police car.

“Miss Qin, are you sure that person is really hiding in these buildings?” The captain asked with uncertainty.

This old building only had three floors, looking like a dormitory,

If the suspect ran here, it would be very difficult to catch him.

Moreover, there were old people and children everywhere. If that person went crazy and took a child as a hostage, the consequences would be unimaginable.

“There are too many of you. It’s easy to alert the enemy. I’ll go in myself,” Qin Xi said to the captain calmly after getting out of the car.

The captain frowned and immediately said, “Miss Qin, I’m sorry. Forgive me for not agreeing. Although Elder Xu asked us to listen to your arrangements, if anything happens to you, we won’t be able to absolve ourselves of the blame.”

Previously, he had heard that Qin Xi used chopsticks to knock away the killer’s arrow and wound his hand. It was obvious that she had a good foundation in martial arts.

However, even so, he did not dare to take the risk. Besides, their responsibility was to catch the killer. Why would they let a young girl do it for them?

Qin Xi nodded in understanding. "How about this? You and I go in together. If too many people go, it'll be a burden. What if that person goes berserk? This place is filled with commoners. We can't protect them all."

Of course, the captain knew this. If there were too many people, the killer might very well kill everyone.

He nodded in agreement, but he still said in advance, "We'll act according to the situation later. You have to listen to my arrangements, ok?"

Qin Xi said, "No problem."

In any case, they could take the killer down when they arrived. What problem could there be?

The two of them walked around the third building where the murderer was hiding and climbed up the wall from the back. They put on an old hat that covered most of their faces and went to the second floor.

"Are you sure he's here?" The captain was worried and asked again.

Qin Xi did not answer. Instead, she gestured with her hand and pointed at an old lady sitting outside a door.

The old lady's expression was extremely unnatural, and her eyes were filled with fear and nervousness. She clenched her fists tightly and was even trembling all over. From the way she glanced into the house from time to time, she was not cold, but... frightened!

Chapter 452 Arrested

The captain and Qin Xi immediately understood something.

"There must be someone being held hostage in the house. You attract the killer's attention. I'll go and save the hostage." The captain clearly treated Qin Xi as his subordinate.

Qin Xi glanced at him indifferently and walked to the old lady's side. She smiled and said, "Grandma, why are you sitting outside? Are you cold? Are you waiting for me? Come in and get warm."

As she spoke, Qin Xi helped the old lady up and walked into the house. The old lady wanted to shout for help, but Qin Xi winked at her and mouthed, "Police."

Seeing that Qin Xi did not listen to his orders and made the decision on her own, the captain was furious. She suppressed the annoyance and quickly followed them in.

As soon as Qin Xi entered the house, she met Song Dahu's eyes. Song Dahu could tell at a glance that Qin Xi was the person who had wounded him with a chopstick. He even vaguely felt the pain on his wrist and gritted his teeth.

His eyes were fierce as he pressed a small knife to the boy's neck. The right side of the boy's face was already swollen and pale. It was obvious that he had been beaten.

The little boy's eyes were red and he did not dare to cry. He could only look at his grandmother beggingly, silently asking for help. This made the old lady's heart ache. When she walked forward, she was stopped by Qin Xi.

“You b*tch, it’s you. You ruined my plan and still dare to appear in front of me. Are you really not afraid of death?” Song Dahu glared at Qin Xi, tightening his grip on the knife.

“Do you really think you can kill me?”

Qin Xi sneered. “Tell me, who asked you to kill Elder Xu? If you tell me now, I can spare your life. If you don’t... you’ll have to bear the consequences.”

“F*ck you. I’ve never been threatened in my life. Little girl, do you think I’m afraid of you?” Song Dahu was furious. He looked at Qin Xi as if she was dead.

Qin Xi nodded and said nonchalantly, “Alright, I gave you a chance, but you didn’t cherish it. You can’t blame anyone else.”

As soon as she finished speaking, a silver needle appeared in Qin Xi’s hand and flew towards Song Dahu.

Before Song Dahu could react, it pierced into a major acupoint on his body. Song Dahu’s entire body went numb and he felt like he couldn’t move.

“B*tch, what did you do? Let go of me. Are you courting death? When I can move, I’ll kill you!”

Song Dahu’s body was frozen and he could not break free. Now, other than his eyes and mouth, he could not move anywhere else. He immediately roared angrily.

The corners of Qin Xi’s mouth curled up into a strange smile. “Kill me? Hehe... in your next life.”

“Captain, I’ve caught him. It’s your turn.”

The captain instantly came back to his senses. He looked at Qin Xi, who was calm and composed, and then at Song Dahu’s ferocious face. He quickly handcuffed Song Dahu.

Seeing that the police had already subdued the bad guy, the old lady immediately hugged her grandson. After the child escaped, he immediately cried out loud, as if he wanted to cry out all the grievances and fear he had just felt.

“Thank you, thank you so much...” The old lady hugged her grandson and thanked Qin Xi profusely.

Chapter 453 Visiting the Xu Family

After Song Dahu was arrested, Elder Xu thanked Qin Xi profusely and insisted on inviting her to his house.

Qin Xi agreed. Knowing that Old Madam Xu liked jade, she specially bought a raw stone, the kind of which she knew would turn out to be a jade.

When she stepped into the Xu mansion and took out the greeting gift, the rest of the Xu family members were dumbfounded. Only Elder Xu was excited. He personally welcomed Qin Xi into the house.

Elder Xu had a lot of say in the entire Xu family. Although his children were all rich and powerful, they all respected him.

The old man usually had a straight face and was serious and old-fashioned. When had he ever been so amiable towards an outsider? Those who did not know better would think that Qin Xi was his granddaughter!

Of course, Elder Xu did not tell everyone that Qin Xi was his savior. It was not that he did not want to announce it, but he was afraid that if the news spread, it would get Qin Xi into trouble. He could only say that Qin Xi was a friend he knew from stone gambling.

Therefore, the moment Qin Xi stepped into the Xu mansion, the older generation of the Xu family was not enthusiastic towards her.

In their opinion, Qin Xi was undoubtedly trying to get close to the old man with ulterior motives.

The younger generation was much more simple-minded. They knew very well that their grandfather was a smart person. How could he be bewitched by a young girl? They were very friendly to Qin Xi.

This was what it meant to be too smart for one's own good. The older ones were used to scheming, while the children were less complicated.

Qin Xi could tell that Elder Xu's children were a little wary of her, but she did not care. She was invited to the Xu mansion and did not want to have anything to do with the rest of the Xu family.

Therefore, she did not show any intention of wanting to flatter them. Other than talking to the old man and the old lady, the person she talked to the most was Elder Xu's granddaughter.

"Sister Xi, your skin is too good. I can't see a single pore. How did you do it? I'm so envious!"

"That's right. And your hair is smooth and black. It's not like mine. It's messy and yellow. It's ugly."

"Hey, Sister Xi, I heard from Grandpa that you're very good at stone gambling. Can you teach me? I want to be as good as you..."

A few children, who were 15 to 16 years old, surrounded her and asked questions. It was as if they had seen their idol. The atmosphere was very harmonious.

At this moment, two tall figures entered the house.

"It's Eldest Brother and Second Brother!"

A girl who was next to Qin Xi was excited and ran to the door happily. She immediately threw herself into the arms of one of the young men and said, "Eldest Brother, Second Brother, you're back. We have a guest today. She's a very beautiful sister. Her name is Qin Xi."

Xu Linyuan and Xu Linfeng, the top figures of the Xu family's younger generation, had already taken over most of the Xu family's businesses.

Xu Linfeng rubbed his sister's head and smiled dotingly before greeting the elders.

Xu Linyuan's eyes narrowed. He looked past the old man, searching for Qin Xi.

Elder Xu waved at the two of them. "Come over and let me introduce you. This is Qin Xi, a friend I know."

“Xi, these are my two grandsons. The eldest is Xu Linyuan. The second is Xu Linfeng. You’re about the same age and unmarried. You can get to know each other more...”

Chapter 454 Ignorant Woman

“Dad, what are you talking about? This is the first time she’s here. It’s not appropriate to talk about this. Besides, Yuan and Feng are both very busy. There are so many things in the company waiting for them to do. They don’t have so much time...” Cheng Ronghua smiled awkwardly and quickly said.

She did not want her two precious sons to get to know a woman with a dubious background. The first time she visited someone, she only brought a stone. If this kind of woman entered the Xu family in the future, Cheng Ronghua would be laughed at by her friends.

Seeing Elder Xu’s face suddenly darken, Cheng Ronghua was a little afraid. However, since it concerned her sons, she did not want to compromise.

How could she tolerate her outstanding sons marrying a useless woman?

Elder Xu also knew what Cheng Ronghua was thinking. He couldn’t help but sigh in his heart. Cheng Ronghua was ignorant. His two grandsons were not worthy of Qin Xi at all. He was only trying to matchmake them to see if Qin Xi showed any interest.

Although he did not know Qin Xi’s background, he was not blind. He could naturally tell that Qin Xi was not a simple person. He even vaguely felt that her aura was stronger than his.

However, she kept a low profile and had a baby face, which was why people took her as a green girl.

However, he knew that Qin Xi was not only good at stone gambling, but her martial arts were also top-notch.

Who else could use chopsticks to knock away an arrow that was shot out of a crossbow.

It was obvious that Qin Xi was not an ordinary person.

He even suspected that Qin Xi might be the disciple of a capable person.

Unfortunately... Cheng Ronghua couldn’t tell what was on her father-in-law’s mind.

She was still indignant and even more dissatisfied with Qin Xi.

At this moment, Xu Linyuan walked up to Qin Xi. His voice was calm and deep as he reached out his hand like a gentleman. “Hello, I’m Xu Linyuan.”

Not to mention Cheng Ronghua, even Elder Xu was shocked. The others from the Xu family had different expressions.

Some people’s eyes lit up, such as the old man.

Some people smiled, such as Cheng Ronghua’s sisters-in-laws, but in their hearts, they were probably laughing at him.

Some people, like Cheng Ronghua, were livid.

Some of them were filled with jealousy. This person was an inconspicuous girl sitting in the corner. It was said that she was an adopted daughter!

"I'm Qin Xi."

Qin Xi did not stand up. She just shook his hand politely and distantly.

This scene almost made Cheng Ronghua explode with anger. She sneered in her heart. There was no way she would allow such an impolite woman to marry into the Xu family?

Xu Linfeng knew his brother the best. Seeing his brother take the initiative to shake hands with a woman, he was more or less a little shocked. However, on second thought, his brother must have discovered something.

Hence, he went forward to join in the fun with a mischievous smile. His angular face was extremely handsome.

He asked politely, "Hello, I'm Xu Linfeng. It's a pleasure to meet you. I wonder if Miss Qin is a student or... working now?"

Because Qin Xi's face was too young, he was not sure of her real age, so he asked tentatively.

"I've been working." Qin Xi smiled faintly.

Xu Linfeng raised his eyebrows and asked curiously, "Can I ask what your job is, Miss Qin?"

Chapter 455 Xu Wu

"I'm a doctor!"

When Qin Xi said that she was a doctor, everyone was stunned again. No one expected Qin Xi to be a doctor.

Only Xu Linyuan was not surprised. Instead, he sat opposite her and looked at her with respect.

"I went to Luoping some time ago and attended that medical exchange with a friend. By the way, you also know that friend of mine, Gu Qing."

"I graduated from the same school as Gu Qing. We shared the same dormitory. However, I studied finance while he studied medicine. Last time, I was lucky enough to see Doctor Qin's medical skills. It was an eye-opener for me."

Elder Xu did not expect Qin Xi, who was so good at stone gambling and martial arts, to be a doctor. These...

These skills didn't seem to be related at all.

"Xi, so you're a doctor? Doctor is good. It's a good profession."

Qin Xi said, "Elder Xu, I'm flattered."

"Doctor? You are so young. I think you are a nurse!" Cheng Ronghua frowned and asked suspiciously.

A trace of mockery flashed across the second daughter-in-law's eyes. She said with a smile, "Sister-in-law, you're really funny. Miss Qin already said that she's a doctor. Why are you still saying she's a nurse? Do you think she doesn't know the difference between a doctor and a nurse?"

Cheng Ronghua did not argue because everyone was present, but her expression was really ugly. She glanced at Qin Xi, who was chatting happily with her two sons.

"Sister Qin, you are a doctor?"

"Now that I think about it, I feel that Sister Qin looks a little familiar."

"Me too. I also feel that Sister Qin looks very familiar, but I don't remember where I've seen her."

The younglings looked at Qin Xi's face and started to discuss.

Xu Linyuan smiled faintly and explained to them, "Miss Qin has been on television during that medical exchange."

"Oh, I remember. She's the Divine Doctor who taught all the experts a lesson."

"Yes, yes, yes. Also, she treated a woman with bronchial asthma in an instant. That was really cool and magical."

The juniors recounted Qin Xi's brilliant performance at the medical exchange.

The others finally understood that not only was Qin Xi a doctor, but she also seemed to be a very skilled doctor.

At this moment, a timid female voice was heard. "Since Sister Qin is so capable, why don't we ask her to take a look at Sister Wu?"

The girl's voice was neither loud nor soft, but it was loud enough for everyone to hear. They subconsciously looked at Xu Jiao, the adopted daughter of the Xu family.

The person sitting beside Xu Jiao was her adoptive mother, Liu Su.

Liu Su was the wife of Xu Haisheng, the third son of the Xu family. The two of them only had one daughter. Eight years ago, she fell into a vegetative state due to a car accident. Liu Su could not accept it and was in stupor almost everyday. In order to comfort her, Xu Haisheng adopted Xu Jiao, who was 70% similar to Xu Wu.

As soon as she said that, the Xu family was so quiet that one could hear a pin drop. Even the old lady, who had been silent the entire time, looked over calmly with a dark glint in her eyes.

Chapter 456 She Can't Stay

"Jiao, don't talk nonsense."

Seeing that his wife, Liu Su, had turned pale, Xu Haisheng immediately reprimanded Xu Jiao. His eyes were as sharp as a knife as he glanced at Xu Jiao.

Xu Jiao's heart skipped a beat. She knew that she had acted too rashly. However, she couldn't bear to see her Brother Linyuan looking at Qin Xi so intently. She felt as if her treasure had been snatched away.

The Xu family treated her not particularly well. They only provided her food and clothes but not love. They were the ones who adopted her, but they acted like they were above her in terms of status.

She was like a humble puppy, wagging her tail at them every day, afraid that one day, they would not like her and abandon her.

Therefore, she had to find a way out for herself, and this way was Xu Linyuan.

She wanted her brother to fall in love with her so that she could continue to stay in the Xu family. Even if she could not become the daughter of the Xu family, it would be good enough for her to become the daughter-in-law.

With this in mind, she felt a strong sense of hostility towards Qin Xi, whom she had met for the first time. From the moment Xu Linyuan took the initiative to talk to her, the jealousy in her heart instantly overwhelmed her rationality.

So much so that she thought of this method to kill two birds with one stone.

Facing Xu Haisheng's reprimand, she took a deep breath and said with a sad expression, "Father, Doctor Qin's medical skills are very good. She can even defeat so many medical experts. I hope that Sister Wu can recover and wake up soon. That's why I want Doctor Qin to take a look. I believe that with her ability, she can definitely save Sister Wu, right, Doctor Qin?"

With that, she looked at Qin Xi pleadingly, as if she was forcing Qin Xi to nod.

She thought that Qin Xi was a liar. How could she have such high medical skills at such a young age? It was good to take this opportunity to let Brother Linyuan see her true color so that he wouldn't be deceived.

Xu Jiao thought that she had covered it up very well. Unfortunately, Qin Xi and Xu Linyuan still saw through her.

However, the two of them didn't speak it out loud.

The reason why Qin Xi did not say it was that Xu Jiao was the biggest jinx to the Xu family. If she continued to stay here, the Xu family would definitely be destroyed.

Since Xu Jiao planned to use Xu Wu to deal with her, why didn't she give her a taste of her own medicine? Anyway, the Xu family was a big family. It was better to be friends with them than enemies.

The reason why Xu Linyuan did not expose her was even simpler.

He originally approached Qin Xi because he wanted her to help take a look at Xu Wu's condition. Just as he was thinking about how to put it, Xu Jiao beat him to it.

Of course, not exposing her did not mean that Qin Xi would let her have it. Qin Xi looked at Xu Jiao with a faint smile.

"Miss Xu, you really overestimated me. What makes you think I can cure her? Do you know me very well? Why should I agree to it? Just because my medical skills are good?"

These words made Xu Jiao blush. She understood that her trick had been seen through by this woman.

How was this possible? She hid it so well that even the rest of the Xu family could not tell. This woman...
Indeed, her intuition was very accurate. She couldn't let Qin Xi stay in the Xu family.

Chapter 457 Sore Spot

"Miss Qin, I'm really sorry. Xu Jiao didn't mean that. Don't misunderstand."

After all, Qin Xi was a guest invited by the old man. Xu Haisheng had to respect her. Besides, it was indeed Xu Jiao who was in the wrong.

Just as he was thinking this, he heard Xu Linfeng mock without hesitation.

"Xu Jiao, why are you making things difficult for Miss Qin? Besides, Miss Qin is an esteemed guest invited by Grandpa, but you want to use her. Fortunately, Miss Qin is a magnanimous person."

With every word Xu Linfeng said, Xu Jiao's face turned paler. She clenched the corner of her clothes tightly with tears welling up in her eyes.

"Brother Linfeng, that's not what I meant. I... I was just too anxious. I was too worried about Sister Wu." Her voice was soft and gentle with a hint of sobbing.

"Alright, stop crying. The guest is still here."

Elder Xu suddenly felt that Xu Jiao was not as naive as she looked on the surface. His eyes darkened slightly.

After the old man spoke, Xu Jiao held back her tears and immediately lowered her head obediently. "Got it, Grandpa."

At this moment, Cheng Ronghua glanced at Qin Xi and then at her outstanding sons. She was tempted.

Since everyone said that Qin Xi's medical skills were brilliant, why not let her try? If Qin Xi could really save Xu Wu, she would not mind letting her sons get to know Qin Xi more.

If Qin Xi was just bragging, her sons would definitely be disgusted with her.

It had to be said that Cheng Ronghua and Xu Jiao were really birds of a feather.

"Actually, Jiao is right. Although Miss Qin is our guest, as a doctor, she naturally won't ignore the patient. It's only natural for Jiao to say that. Miss Qin, if it's convenient, please help. If you can really treat Xu Wu, the Xu family will reward you. It doesn't matter if you can't treat her. What do you think, Miss Qin?"

Cheng Ronghua looked at Qin Xi and smiled kindly, not as hostile as before.

Liu Su bit her lower lip. A trace of pain flashed across her eyes and her entire body was trembling.

Her daughter was a sore spot to her.. How dare they poke it and expose her scar freely? Just as she was about to say something, the old lady spoke.

Her voice was neither loud nor soft, but it was enough to let the Xu family know that the old lady was furious.

“Xu Haiping, discipline your wife. If she dares to spout nonsense again, you two can pack your things and leave.”

Xu Haiping was stunned. No one expected the old lady to be so hard on them because of an outsider.

Cheng Ronghua’s expression changed drastically, and her face turned red as if she had been slapped in public. She opened her mouth but did not dare to say anything in the end and sat down obediently.

“Miss, I’m sorry. My family is too noisy... Please don’t take it to heart,” Elder Xu said at the right time and sighed faintly.

Hearing the old man apologize, everyone held their breaths. What kind of person was the old man? How could he apologize to a little girl?

“Elder Xu, you must be joking. It’s nothing.”

Qin Xi did not mind and smiled faintly. “My medical skills are just alright. If Elder Xu trusts me, I can take a look at the patient.”

Chapter 458 Yin Spirit

“Dad...”

This time, Liu Su was really anxious. It was not that she had never taken her daughter to see a doctor, but many famous doctors were helpless. How could a young girl do it?

Her current wish was not that Xu Wu would wake up, but that she would not suffer.

In the past, those doctors would stick all kinds of tubes into Xu Wu’s body or cut her somewhere. Looking at her daughter, who was getting thinner and thinner, Liu Su felt like her heart was being cut into pieces. It was so painful that she felt suffocated.

“Madam, don’t worry. I’m a Chinese medicine doctor. I’ll just take her pulse. If the illness is within my ability to cure, I’ll do my best. If it can’t be cured, I won’t try.”

“Chinese medicine doctor?”

Xu Jiao opened her mouth slightly and blurted out in surprise, “Chinese medicine doctor can treat illnesses too?”

“Oh? Miss Xu, I didn’t expect you to be so ignorant. You don’t even know if Chinese medicine doctors can treat illnesses. I wonder if you’ve ever gone to school.” Although Qin Xi was smiling, her eyes were cold.

Xu Jiao originally wanted to use Chinese medicine to mock Qin Xi. After all, Western medicine was popular now. Only those who couldn’t afford it would go to see a Chinese medicine doctor. She did not expect Qin Xi to be so sharp-tongued.

“Of course I’ve heard of it, but...” Xu Jiao stopped talking.

Qin Xi shrugged nonchalantly. “Oh, it’s good that Miss Xu knows that Chinese medicine can treat illnesses. I thought you were illiterate. You don’t even know what a child knows.”

Xu Jiao almost choked with anger.

Qin Xi ignored Xu Jiao and looked at Liu Su. "Ma'am, how is it? Have you thought about it?"

"Third Aunt, Miss Qin is just going to her pulse. What if she can really cure Wu? Wouldn't we miss a good opportunity?"

Xu Linyuan knew what Liu Su was worried about and said, "Besides, Doctor Qin is not a Western medicine doctor. She wouldn't operate on Wu."

"That's right, Su. Why don't we let Doctor Qin try?" At this moment, Xu Haisheng couldn't help but feel a sense of hope. He held his wife's hand and encouraged her.

After taking a few deep breaths, Liu Su finally looked at Qin Xi and asked with a trembling voice, "Doctor Qin, you're a Chinese medicine doctor, right?"

Qin Xi smiled faintly, confidence flashing across her eyes. "Madam, don't worry. I'll just take her pulse to understand the situation."

Liu Su gritted her teeth and stood up in the end. "Alright, Doctor Qin, please follow me!"

They walked upstairs.

Pushing open a room on the third floor, she heard beeping sounds coming from inside. Qin Xi went in to take a look. This seemed to be a small emergency room filled with all kinds of medical equipment.

Looking further in, she saw a beautiful little girl lying on the bed like a sleeping beauty. However, the little girl's skin was so fair that it was almost transparent. She looked like a porcelain doll that would shatter at a touch.

However, a murderous aura actually condensed on the head of such an innocent girl. Qin Xi was also shocked.

Not only that, but this aura was also absorbing the life force of Xu Wu. With every bit of life force lost, the aura would condense a little. Over time, this aura had already mutated and become a true evil spirit, or Yin Spirit.

Looking at Xu Wu, Qin Xi knew that she was born with Yin energy.

"Two of you stay. The rest of you, go out." Qin Xi's expression was solemn as she stared at the Yin spirit and said to the Xu family.

Everyone looked at each other. The old man looked at Qin Xi, who had a solemn expression on her face, and immediately said, "Haisheng, Linyuan, stay. The rest of you, go out."

Chapter 459 Heartache

"Dad, why do we have to go out? She's just taking a pulse. Is there a need for her to do this?"

Looking at the closed door, Cheng Ronghua was immediately displeased. Xu Guochao turned around and looked at Xu Haiping with cold eyes. "The two of you can go back!"

Hearing that, Cheng Ronghua's face turned pale and her body swayed. She looked at her husband helplessly, who was also in a daze.

"Dad, Dad, what did you say?"

Xu Haiping's mind went blank. Although he had two capable sons, he was a very mediocre man. Apart from relying on Elder Xu to get money, he also received help from his sons.

To be honest, he did not have any big ambitions. He only wanted to live a comfortable life and not to worry about anything.

Xu Guochao couldn't even be bothered to cast a glance at Xu Haiping. Instead, he looked at Xu Linfeng. "Linfeng, help your parents back."

Xu Linfeng glanced at his parents, who were stunned, and sighed in his heart. The old man had already made it clear previously that no one was to kick up a scene again. Why were they still so stubborn? Although they were his parents, sometimes, he felt that they were really useless.

Cheng Ronghua realized that the old man was serious. Just as she was about to make a scene, Xu Linfeng covered her mouth and whispered into her ear, "Mom, don't make a scene. Brother and I will put in a good word for you. You don't want me and Brother to be kicked out by Grandpa, do you?"

For the sake of her sons, Cheng Ronghua was willing to do anything.

In the bedroom.

"Doctor Qin, aren't you going to take her pulse?" Xu Linyuan asked softly when he saw Qin Xi standing beside Xu Wu's bed in a daze.

Qin Xi closed her eyes and sensed everything that had happened to Xu Wu. She looked at Xu Linyuan and Xu Haisheng. "There's no need to take her pulse."

The two of them were stunned for a moment before disappointment filled their eyes. They thought that Qin Xi's medical skills would be better than that of other doctors. Was there really no hope for Xu Wu?

Qin Xi did not seem to notice their sadness. Her voice was solemn. "Now, everything I'm about to say is serious. You'd better listen carefully."

The two of them looked at each other and immediately had a bad feeling.

"Doctor Qin, please speak."

Qin Xi said word by word, "Her soul is imprisoned and is being devoured by a Yin spirit. Before long, the Yin spirit will gain intelligence and eat up her body to nourish itself so that it can be used by its master to revive the dead in the future. Do you know how much pain she's in now?"

"The pain of one's heart being gouged out is incomparable to it..."

The two of them turned pale. Xu Haisheng was so shocked that his eyes almost popped out. His lips trembled as he muttered, "The pain of one's heart being gouged out is incomparable to it..."

Xu Linyuan's body swayed. He could not believe that the apple of the Xu family was actually suffering such torture and pain. Their hearts felt like they were being pierced by thousands of needles, and they felt suffocated.

"Doctor Qin, but Xu Wu looks fine..." Xu Linyuan asked to dispel the fear in his heart.

However, when Qin Xi saw the two of them like this, she pursed her lips and threw a talisman at them. "That's what you saw, and my world is like this..."

Before Xu Haisheng and Xu Linyuan could react to what Qin Xi was throwing at them, the world in front of them suddenly changed. It was terrifying, sinister, and filled with Yin energy.

The two of them were so frightened that their legs went weak. However, when they saw the Yin spirit on Xu Wu's head, all their fear turned into anger.

Chapter 460 Don't Be Happy Too Early

Even though they did not know what the Yin energy was, their intuition told them that it was definitely not something good.

Thinking about what Qin Xi said about this thing absorbing Xu Wu's life force, the two of them forgot about their fear. They walked up to the bed and waved their hands, wanting to disperse the Yin energy.

Unfortunately, the Yin energy was not something that ordinary people could disperse.

The two of them waved their hands for a long time, but they could not touch the Yin energy at all. In the end, they were so tired that they were panting, but they refused to give up.

"It's useless. Get back. I'll do it!"

Qin Xi said calmly. Her hands had already formed a seal, and a golden light slowly condensed at the tip of her finger. She flicked her finger, and the golden light attacked the evil spirit.

The Yin spirit seemed to have sensed danger and fled in all directions. Unfortunately, the golden light was too fast and enveloped it in a matter of seconds.

At this moment, the Yin spirit seemed to feel death approaching. It began to struggle violently, but it was restrained by the golden light and could not escape.

Just as Qin Xi was wondering if she should devour it directly, the number of Yin spirits suddenly increased exponentially. Balls of black smoke poured down like a flood. In an instant, the entire room was pitch-black.

"What's going on? Why is it so dark? Doctor Qin, Doctor Qin, are you there?" Xu Linyuan's eyes were filled with fear, and his voice was trembling.

Qin Xi frowned and said calmly, "Close your eyes and lie on the ground. Don't make a sound."

Xu Linyuan and Xu Haisheng immediately did as they were told. They quickly lay on the ground, trembling, but they did not dare to make a sound.

At this moment, if anyone came in and saw this scene, they would definitely be shocked.

A murderous aura filled the air, as if thousands of hands were touching Qin Xi, but Qin Xi ignored them. The corners of her mouth curled up as she mocked, "It seems that the person behind you is quite capable!"

As soon as she finished speaking, the Chain of Darkness was instantly summoned. It rolled back and forth in the black fog like a flood dragon, trying its best to kill the Yin spirit inside.

The Yin spirit let out a miserable scream and began to fight the Chain of Darkness. However, the Chain of Darkness was extremely powerful.

After taking in two hundred-year-old ghosts last time, the Chain of Darkness was upgraded, especially the Dark Fire. The Dark Fire could not only burn all souls and Yin spirits, but also physical objects.

Although the Chain of Darkness was an ancient evil thing, if it was used by a person with a pure and kind heart, the evil power would transform into a pure power that could help people walk further on the path of cultivation.

In just a breath, the Yin spirit was forced to retreat and wanted to escape. Qin Xi sneered and moved her finger. Suddenly, the dark fire was ignited.

Before the Yin spirit could scream, it turned into wisps of green smoke and floated in the air. In the end, it was refined and entered Qin Xi's body.

As the Yin spirit disappeared, the room returned to normal.

"Alright, get up!"

Looking at the two people lying on the ground, Qin Xi smiled and said.

Xu Linyuan and Xu Haisheng quickly got up, still in shock. The scene just now was too terrifying.

They even had the illusion that an army was charging over and could crush them.

Now that the evil spirit had disappeared, the two of them slowly calmed down. They admired Doctor Qin even more. This was not something anyone could do.

They originally thought that Qin Xi was just a doctor, but they did not expect her to know mysterious techniques. They looked at Qin Xi with much fear and awe.

"Don't be happy too early..."
