

Mysterious 471

Chapter 471 Something Happened to Han Shi

“Lady Boss, you’re back?” Blood Stealer was the first to see Qin Xi and was a little surprised.

Didn’t she say that she was going to deal with the Wen family, the number one family in Yangshan City? Why did she suddenly come back after just a few days?

Qin Xi narrowed her eyes and looked at Blood Stealer seriously. She felt that Blood Stealer was avoiding her gaze and frowned. “What happened? By the way, did Stone call me these past few days?”

Although she had already informed Han Shi before she left, she did not say when she would be back. Therefore, Qin Xi was very curious why Han Shi did not call her in the past few days.

Now that she saw Blood Stealer avoiding her gaze, she had an inexplicable bad feeling. Her face darkened. Just as she was about to ask for Han Shi’s whereabouts, she saw Jiu Yuan floating over from nowhere.

He shouted anxiously, “Your man was bullied by that guy surnamed Jun. He’s been detained for four days. Go and save him!”

“What? Stone is detained?” Qin Xi was slightly shocked before her expression changed drastically.

“It’s Jun Yaohui, the one who ran the Yao Hui pharmaceuticals, who did it. He’s out. Someone powerful in the capital bailed him out, so he vented all his anger on your husband, who took over Yao Hui pharmaceuticals. He found out that you and Qiu Juan didn’t get along well. He thought that you might be the one who did it, so he charged your husband with groundless crimes. Sigh, although he wasn’t beaten up, your husband has been locked up for the past four days. He isn’t even allowed to drink water. He’ll die of thirst even if he doesn’t starve to death. Hurry up and save him!”

“Why didn’t you tell me such a big thing happened?”

Qin Xi was really angry. They did not do anything as they watched Han Shi being taken away.

She looked at Blood Stealer sharply. Blood Stealer’s heart tightened. He knew that the truth couldn’t be concealed forever.

“It’s not that I don’t want to tell you, but Boss doesn’t want us to tell you. Besides, we’ve already asked Elder Wan and Mr. Meng for help. There’s no news from them yet.”

Qin Xi did not have the time to blame Blood Stealer. Instead, she looked at Jiu Yuan. The terrifying pressure surrounding her even shattered the tiles on the ground, making everyone present feel like they were on the guillotine.

“Where is Jun Yaohui?”

Seeing that Qin Xi seemed to be talking to the air, Blood Stealer’s eyes widened. Just as he was about to speak, he saw Qin Xi turn around and leave. In the blink of an eye, Qin Xi disappeared.

If not for the footprints Qin Xi left on the ground, they would have suspected that they were hallucinating.

As for Qin Xi, after finding out where Jun Yaohui lived, she was not in a hurry to take revenge. Instead, she asked Jiu Yuan to bring Han Shi a talisman and a medicinal pill.

After Jiu Yuan left, Qin Xi went to Jun Yaohui's house.

In the study, Jun Yaohui was on the phone. Qin Xi narrowed her eyes and drew an Invisible Talisman to eavesdrop openly.

At this moment, Jun Yaohui said respectfully, "Yes, don't worry. I understand. Yao Hui Pharmaceuticals will definitely not fall into the hands of others."

"It's good that you know. How's that man? Hasn't he confessed?" An old voice on the phone asked.

Jun Yaohui said, "There's no progress yet. However, I've locked him up. He shouldn't be able to last long. When he's exhausted, I'll throw him into the prison of those death row inmates. I don't believe he won't confess..."

Chapter 472 Take Your Pick

"However, that man has some background. In the past two days, Wan Shiyue, Wan Jiuyang, and Meng Chang'an have been investigating this matter. If they want to interfere, my chances of winning are not high."

"You don't have to worry about that. I'll deal with them. As long as you continue to run Yao Hui pharmaceuticals for me, I'll get someone to deal with the rest," the old man on the phone said calmly.

"But there's one thing I have to make clear. If there's a next time, I can find someone else to replace you at any time. Do you understand?"

Jun Yaohui's heart skipped a beat. How could someone as smart as him not know that the other party already had the intention to replace him? When he thought of Han Shi, who was imprisoned by him, his eyes were filled with bloodlust.

"Don't worry. I promise to give you a satisfactory result within three days."

"Alright, remember what you said. Otherwise... you know what'll happen." With that, he hung up.

When Qin Xi heard their conversation, she sneered in her heart. It was indeed as Jiu Yuan had said. Jun Yaohui had found a backer and wanted to kill Stone.

She opened the door and entered. Because she was invisible, there were only light footsteps, but she could be seen. This made Jun Yaohui, who was about to make a call, suddenly feel a chill run down his spine.

Previously, he had heard from Tang He that he was possessed and only recovered with the help of a master. Could it be that he was also possessed?

A trace of fear and panic flashed across his eyes. He gently put down the phone in his hand and was about to run when he heard the door of the study slam shut and lock.

Jun Yaohui did not stop in time and almost hit the door. Without thinking, he was so frightened that his face turned pale and his legs went weak. He knelt on the ground and kowtowed repeatedly, his face

filled with panic. "Please let me go. I know I did a lot of wrong things. I'll give you whatever you want. As long as you let me go, I'll do anything."

Qin Xi took out a brown pill from her pocket and thrust it down Jun Yaohui's throat.

Before Jun Yaohui knew what was going on, something bitter slipped into his mouth. He wanted to vomit, but he couldn't.

"Don't waste your energy. This poison will dissolve inside you." At this moment, the Invisibility Talisman on Qin Xi's body had already lost its effect. She sat on the desk and looked at him with a fake smile.

Jun Yaohui paused and looked at Qin Xi, who had appeared out of thin air. He was so frightened that he forgot about the poison. He screamed and quickly curled up in a corner, trembling.

"Are you a human or a ghost? Why are you at my house?"

Qin Xi sat on the table, dangling her legs in satisfaction, and said with a smile, "Who am I? You locked up and now you're asking me who I am?"

Jun Yaohui was stunned. He widened his eyes in shock and looked at Qin Xi's face. It was exactly the same as the information he had gathered. "You're Qin Xi, Han Shi's woman?"

"It's not too late to know. I want to give you a way out. Do you want to turn yourself in or do you want to die of poisoning? Take your pick."

Qin Xi did not intend to let this man off easily. Over the years, he had done countless evil deeds and caused Han Shi to be locked up for so many days. If she did not teach him a lesson, there would be no justice in the world.

When Jun Yaohui heard Qin Xi's words, he felt as if he had been struck by lightning. How was this a way out?

Chapter 473 Bone Transformation Pill

"Is, is there a third way?" Jun Yaohui forced a smile and asked tentatively.

Qin Xi smiled and said nonchalantly, "Yes, I'll possess you and..."

Jun Yaohui hurriedly raised his hand and said ingratiatingly, "I, I, I'll choose the first way. I'll turn myself in. However, I need to bid farewell to my family... Can I do it tomorrow?"

However, in a place where Qin Xi could not see, a trace of viciousness flashed across his eyes. Although he knew that Qin Xi seemed to be a powerful person, he did not believe that what he had just taken was poison. He would go to the hospital for a checkup later. If he was really poisoned, he would get someone to catch this crazy woman and send her to hell with her husband!

As if sensing the vicious resentment emanating from Jun Yaohui, Qin Xi said with a smile, "You don't have much time left. You can take a look at your feet now."

Jun Yaohui suddenly had a bad feeling. He took off his slippers and socks in disbelief.

However, at some point in time, his foot turned purple, like an eggplant. His face instantly turned pale as he staggered and fell to the ground. He was dumbfounded for a while. As if he had thought of something, he took off the sock on his other foot. It was also purple.

This frightened Jun Yaohui out of his wits. He quickly knelt on the ground and cried miserably. Qin Xi frowned at his ugly appearance.

“Please let me go. I’ll turn myself in, okay? I will really repent. I won’t do anything bad again...”

Qin Xi glanced at him in disdain and mocked.

“Aren’t you very capable? You use your power to decide the life and death of others. As for me, I’m just giving you a taste of your own medicine. Don’t you think this is very fun?”

“I was wrong. I won’t do it again. Over the years, I’ve indeed earned a lot of black-hearted money and done a lot of evil deeds. But I was forced to do so. The Shi family in the capital is not a family I can afford to offend. If I don’t help them launder money, my ending will be even worse. I had no choice!”

“I don’t care if you are forced or not. If you can hand over all the evidence of their crimes, I can cure you of the poison.”

Jun Yaohui was conflicted. In front of the Shi family, he was just a dog wagging its tail and begging for mercy. He could not do anything to the Shi family.

Even if the poison was removed, he would be killed by the Shi family for all kinds of reasons.

However, if he did not agree to this crazy woman’s request, he would also die.

It was death either way. If he betrayed the Shi family, they would definitely eradicate him and his entire family. However, this crazy woman would kill only him. Then he might as well...

Just as he was about to say something, he heard Qin Xi smile innocently as if she had suddenly thought of something.

She said casually, “Oh right, I forgot to tell you. You only have 10 hours. In these 10 hours, your entire body will slowly turn purple. All the hair on your body will fall off, your organs will slowly age, and your five senses will stop working. Most importantly, you will lose control of your bowels. After 10 hours, you will melt from head to toe...”

“Also, this poison has a very unique name. It’s called the Bone Transformation Pill!”

Chapter 474 Herbal Field

“I’ll turn myself in! I’ll turn myself in now!”

Jun Yaohui broke out in cold sweat and trembled. He couldn’t wait to shout.

Qin Xi jumped down from the table and asked condescendingly, “You made the right choice. However, shouldn’t you get my man out before you turn yourself in?”

Jun Yaohui was on the brink of tears. If he had known that this demon was so terrifying, he wouldn’t have taken revenge back then.

Unfortunately, there was no medicine for regret in this world.

“I’ll get him out, I’ll get him out!”

Jun Yaohui crawled to the landline and picked up the phone with trembling hands to make a call. He quickly spoke to the person on the phone.

“Let Mr. Han go. Don’t ask why. I won’t tell you even if you ask. By the way, serve Mr. Han well. If anything happens to him, you’ll be dead.”

The person on the other end of the phone thought that he had heard wrongly. Previously, Jun Yaohui was shouting that he would kill Han Shi, but in the blink of an eye, he changed his mind. What had happened?

“Mr. Jun, but that person has been in there for four days. We haven’t let him sleep for four days. I think... that person’s mental state is already very bad...”

The person on the other end of the phone asked carefully.

Jun Yaohui looked at Qin Xi in panic. Seeing Qin Xi looking at him coldly, he shivered and quickly shouted, “Then what are you waiting for? Hurry up and release him. Do you need me to teach you how?”

“Alright, alright, I’ll let go of him now!”

After making the call, Jun Yaohui asked in fear, “Is that okay? Do you have any other instructions?”

“My husband has been locked up by you for so many days. He should receive compensation for emotional damage, right? Tell me, how much do you plan to compensate?”

Qin Xi said with a faint smile.

Just as Jun Yaohui was about to say a number that he thought was a lot, he heard Qin Xi say, “Be careful with what you are about to say. The poison has already reached your calf.”

He suddenly couldn’t open his mouth, and his face turned red. In the end, he squeezed out a compensation that Qin Xi was slightly satisfied with.

“Is the Yao Hui pharmaceuticals... enough?” he asked with fear.

“What do you think?”

Qin Xi looked at him threateningly.

Hearing the dissatisfied tone in Qin Xi’s voice, Jun Yaohui racked his brains to think of a way to compensate. Suddenly, he thought of something.

“By the way, Yao Hui pharmaceuticals has a herbal field. It’s in a secret base. It’s filled with some precious herbs. Hundred-year-old ginseng can be seen everywhere there. However, that place is not mine. The Shi family is letting me take care of it.”

Jun Yaohui quickly explained, afraid that this woman would kill him in a fit of anger.

Moreover, the purpose of him revealing this secret was to make Qin Xi go against the Shi family. Since he was going to die anyway, why not drag a few of them down with him?

Although this woman was very mysterious, the Shi family was not to be trifled with. He was just an insignificant pawn of the Shi family.

Therefore, it was best for them to fight to death even if he could not reap the benefits.

Chapter 475 Gloom

When Qin Xi heard that there was a secret base, her eyes narrowed and the corners of her mouth curled up into an extremely devilish smile.

“Oh, since it belongs to the Shi family, what right do you have to give it out as compensation? Or do you want to see me and the Shi family stand on opposite sides and fight to death.”

Seeing that Jun Yaohui’s face was slightly stiff, as if he had been seen through, he couldn’t help but tremble. Qin Xi continued lazily, “Do you think I’m afraid of the Shi family? Since I can come to your house without anyone knowing, I can do it anywhere. I just need to sneak into the house of the Shi family and threaten them using the same method. There’s nothing in this world that I can’t get my hands on.”

Hearing her arrogant words, Jun Yaohui felt a chill run down his spine. Just as she said, with her ability, there was nothing she couldn’t get.

He was in a state of despair and completely gave up resisting. “Whatever you want, as long as I have it, I’ll give it to you.”

To be honest, Qin Xi really did not want that much. She was not a bandit. She took what she needed and was not interested in what she didn’t need.

“Tell me about the Shi family! Who was the person you called just now?”

Qin Xi asked again. Since Stone was fine, she had to solve this problem from the root.

She did not want to encounter such a thing again.

“I don’t know much about the Shi family in the capital. I only know that they’re a second-rate family clan. It’s said that the Shi family has a huge powerful family clan backing them. The person who contacted me just now was the master of a branch of the Shi family, and I’m just a pawn for them. I don’t know the details, but I’m sure that the Shi family is also a puppet.”

He was not exaggerating. Back then, he had worked hard to get the information out of a junior of the Shi family. At that time, he was extremely shocked.

“A hidden family clan?”

Qin Xi narrowed her eyes. For some reason, she immediately thought of the Su family that her grandfather mentioned. It was an ancient martial family clan.

She knew that she wouldn't be able to get anything out of him. Since it was a hidden family clan, how could they let outsiders know? It seemed like she had to contact her grandfather, who was far away in the capital.

At the thought of this, she opened the door and walked out. She said calmly, "Let's go!"

Jun Yaohui gritted his teeth and followed her unsteadily. He said nervously, "Great Immortal, can you let me say goodbye to my wife first?"

Thinking that she was asking him to turn himself in, his heart sank. He looked like he was about to cry.

"Go and release my husband first before signing the transfer contract. I'll go to the herbal field you mentioned. I have to check it first and see if it's worth it."

Since they dared to cause trouble for Han Shi while she was not around, they had to be prepared to be wiped out.

Not to mention the Shi family, even the hidden family clan behind the Shi family would not escape unscathed.

**

In a special department's confinement room.

Jiu Yuan brought the talisman paper and the pill Qin Xi gave him and rushed through the wall. The originally dark confinement room suddenly lit up.

"Hey, don't say I didn't tell you. Your wife is back. When she heard that you were bullied, she was furious. She'll probably be here soon."

Han Shi opened his eyes faintly and stopped cultivating. A trace of sadness flashed across his eyes.

After this crisis, he suddenly realized how dependent he was on Qin Xi. Without Qin Xi, he might really be locked up here to die.

Even if he managed to escape, his reputation would be ruined. Thinking back to the past, he realized that everything was actually given to him by Xi. How could he fulfill the three-year promise he made with Qi Xiong if this continued?

Chapter 476 Be Soft When It's Time to Be Soft

Jiu Yuan could tell that Han Shi was dejected and asked, "Hey, what's wrong with you now? Are you unhappy that your wife is taking revenge for you?"

Men knew men the best, especially a man like Han Shi, who was inferior to his wife in every aspect. He definitely felt that he was too useless. Not only could he not protect his wife, but he also needed his wife to protect him.

He knew that Han Shi was not macho and just wanted to protect the woman he loved. However, he did not expect that nothing had gone smoothly for Han Shi.

“Am I very useless? No matter what I do, I’m not as good as Xi. I wanted to protect her, but it turns out that I still needed her to protect me. Back then, I even overestimated myself and made a three-year agreement with Qi Xiong. Now that I think about it, I feel that I’m simply laughable. If not for everything Xi gave me, I wouldn’t have been able to earn a single cent.”

Hearing the self-doubt and self-denial in Han Shi’s words, Jiu Yuan rolled his eyes and sat beside him, patting his shoulder.

“Bro, you’re thinking too much. If not for your husband, not to mention a three-year agreement, it would be difficult for you to even speak properly. After all, you’ve been a fool for more than 20 years”

“It’s not that I want to be a busybody. Don’t push your luck. You should be happy to have such a capable wife. You want to protect Qin Xi? Is Qin Xi an ordinary woman? Not to mention you, even I... Uh, no matter how capable you are, she doesn’t need your protection. If she’s willing to protect you, let her protect you. Perhaps that’s what she likes to do. If you keep saying nonsense in front of her, your relationship will definitely deteriorate. Brother, as a man, you have to be soft when you have to be soft and tough when you have to be tough. You don’t have to act tough in front of your wife. If you keep doubting yourself, you’ll only feel more inferior.”

Although Jiu Yuan was right, why did he make it sound so unpleasant?

Han Shi, who was originally shrouded in sadness, immediately felt that he was being unreasonable. However, he turned his head. “Are you here to comfort me or humiliate me?”

Jiu Yuan said, “I’m just stating the facts.”

“Hey, don’t blame me for not reminding you. Your wife is really angry this time. You have to think of a way to get through this. By the way, she asked me to bring you some talisman papers and pills.”

As he spoke, Jiu Yuan took out the talisman..

Han Shi took a look and asked seriously, “Do you think I look very miserable?”

Jiu Yuan nodded. “It’s more than miserable. Look at you. You have a beard, dark circles under your eyes, pale skin, and pale lips. It’s obvious at a glance that you’ve been abused. You’re quite miserable. Hurry up and take this pill. Your wife said that you can recover after taking it.”

Suddenly, Han Shi pushed the pill back and said, “I won’t take the pill. I’m good the way I am.”

“I mean, you look more like a ghost than me. How is that good?” Jiu Yuan was dumbfounded.

“Didn’t you say that a man has to be soft when he needs to be soft and tough when he needs to be tough? Shouldn’t he be pitiful when he needs to? I’m doing as you say now!”

Han Shi looked at his clothes and rubbed them until they looked wrinkled.

Jiu Yuan said, “No, what I mean is that man has to be broad-minded and flexible. You, did you misunderstand what I said?”

Chapter 477 Han Shi Lets His Wife Know He’s Wronged

Han Shi thought for a moment and explained as he made himself look disheveled.

“You’re right. Xi is not an ordinary woman. I can’t treat her as an ordinary woman. I’m very honored to be her man. If Xi really changes because of me and doesn’t look like herself, she won’t be Xi anymore.”

He and Xi were husband and wife. What did it matter who was stronger? Besides, he did not feel embarrassed to be protected by Xi. He just felt that he was too useless!

Therefore, when it was time to be soft, he had to be soft. It was best if he could make Qin Xi’s heart ache for him. This way, he might be able to escape being reprimanded by Qin Xi and have an unexpected surprise waiting for him.

As for when he should be tough...

That would happen at night. There was no hurry.

“It’s good that you can figure it out.”

Jiu Yuan nodded. However, seeing that Han Shi was still messing up his hair, he asked in confusion, “However, since you understand, what are you doing now?”

Han Shi said matter-of-factly, “Didn’t you say that Xi is very angry? If she sees me in such a miserable state, she can’t bear to scold me.”

Hearing Han Shi’s self-righteous words, Jiu Yuan was speechless. “Does your wife know how shameless you are?”

“She knows. She likes me for being shameless.” As he spoke, Han Shi winked at Jiu Yuan, as if he was showing off.

Just as the two of them were chatting, the door of the detention room suddenly opened and a guard’s voice sounded. “Han Shi, you can go now. The result of the investigation showed that you are innocent. You don’t have to stay here anymore. Leave!”

Han Shi raised his eyebrows and glanced at Jiu Yuan. Ignoring the guard, he turned his back to him and said in a hoarse voice, “No, it’s fine here. I don’t want to leave yet.”

Not only was the guard stunned, but even Jiu Yuan was stunned. “You are free to go. Why do you still want to stay here?”

Han Shi did not speak. He thought to himself, Since his wife was coming, why should he leave? With his wife’s methods, these people who were arrogant to him would definitely not have a good ending. Since he wanted to pretend to be pitiful, he would be pitiful to the end. He wanted his wife to see that he had suffered great grievance.

The guard knocked on the iron door again and shouted, “Han Shi, you can leave now. Please don’t mess around.”

“I remember you saying that this is not a place where I can come and go as I please. I think what you said makes sense, so I don’t want to leave for the time being,” Han Shi said calmly.

Just as the guard was about to flare up, a cold voice came from outside. “What’s going on? Didn’t I tell you to release him? Where is him?”

“Captain, he said he’s not leaving.” The guard was on the brink of tears.

“He’s not leaving?” The captain was clearly stunned. He raised his voice slightly. “Since he’s not leaving, why don’t you drag him out?”

The guard nodded repeatedly. When he came in, he went straight to drag Han Shi out. How could Han Shi let him? He pushed the guard to the side easily.

The guard did not expect Han Shi to have the strength to push him away without eating, drinking, or sleeping for four days and nights. Could it be that he was made of iron?

Disbelieving, he reached out to drag Han Shi again. Han Shi dodged it and pushed him away again. The guard was annoyed and rolled up his sleeves. “Heh, I don’t believe I can’t move you!”

Chapter 478 Let Me See What You Are Made of

There were sounds of fighting coming from the detention room. The captain and a few guards walked to the door and turned on the lights inside.

Han Shi was sitting on the cold bench, while the guard was leaning against the iron wall, sweating profusely and panting.

“What’s going on?” The captain glared at the guard.

The guard also felt a little aggrieved. He pointed at Han Shi. “Captain, this guy seems to be good at martial arts. I can’t approach him at all.”

The captain frowned and said impatiently, “Useless, what’s the point of having you if you can’t even do such a small thing?”

As he spoke, he walked towards Han Shi and reached out to grab his shoulder. Unfortunately, just as he reached out, Han Shi dodged him in a strange posture. Then, Han Shi grabbed his arm and gave him a push. The captain was immediately pushed to the wall by this powerful force and slammed into the previous guard.

“Argh...”

The guard almost spat out a mouthful of blood. His mind was dizzy from the impact, and his entire abdomen felt uncomfortable.

The captain was a little angry. He did not expect Han Shi to fight back and immediately felt embarrassed.

He cracked his knuckles, his eyes filled with ruthlessness. He said coldly, “Alright, since you seem like you want to do this the hard way, I won’t stand on ceremony.”

He took a step forward and swung his fist. Han Shi originally wanted to teach this captain, who had his nose in the air, a lesson, but he suddenly heard familiar footsteps and Jiu Yuan shouting, “She’s here, she’s here. Your empress is here.”

At that moment, Han Shi suddenly did not want to dodge. With the force of the captain’s punch, Han Shi was sent flying like a cannonball.

What made Jiu Yuan very speechless was that Han Shi was sent flying towards the door. There were still a few guards watching the show over there. Han Shi used them as a cushion as he knocked them over.

Qin Xi and Jun Yaohui were brought to the door of the detention room when they saw Han Shi flying out. His disheveled and haggard appearance made Qin Xi's heart skip a beat. Her eyes were filled with heartache and nervousness as she shouted.

"Stone!"

She ran over and quickly helped Han Shi up. She asked with concern, "Stone, are you alright? Why are you in such a state?"

She had asked Jiu Yuan to send the pills over. Why was he still so weak?

Han Shi panted weakly and wanted to touch Qin Xi's face. His eyes were filled with love, but his tone was filled with grievance. "Xi, you're finally here. I thought I would never see you again..."

Jiu Yuan was speechless. He really couldn't tolerate this man.

Qin Xi injected some True Qi into Han Shi and realized that his body was a little weak. Other than that, he was fine. She looked down at Han Shi's haggard face and swallowed the words she wanted to say.

No matter what, it was already a blessing that Han Shi was not injured. As for the people who bullied Han Shi...

The killing intent in Qin Xi's eyes was almost uncontrollable. Her voice was as cold as the weather outside. "Who did it? Get out here."

Jun Yaohui trembled and sighed in his heart. Whoever did it was finished.

The captain walked out and looked at Han Shi, who was lying in Qin Xi's arms. His eyes were filled with disdain.

"I thought you were capable. I didn't expect you to be so weak."

Qin Xi sneered. "Since you're so capable, let me see what you are made of."

She flicked her finger, and an invisible stream of air hit the captain's knees. The sound of bones cracking and a scream like a pig being slaughtered echoed in the corridor.

Chapter 479 Make Him Blind and Deaf

"Ahhhhhhhh..."

The excruciating pain made the captain roll on the ground. His eyes rolled back in pain and he almost fainted. He let out a heart-wrenching scream.

The guards didn't know what happened to their captain, but when they saw him convulsing and screaming on the ground, they quickly helped him up.

The captain was in too much pain and fainted. The guards looked at each other with conflicted expressions and asked softly, "What's wrong with Captain?"

They all shook their heads, but their gazes were all on Qin Xi. Just now, they felt a suffocating aura coming from her, and then their captain passed out.

They would rather die than believe that it had nothing to do with Qin Xi. However, they didn't have any evidence.

"Alright, stop looking. Hurry up and call the emergency number."

The guards carried the captain away. When they walked past Qin Xi, Qin Xi smiled and sent a voice transmission to Jiu Yuan, "I'll teach a method. Go and make him blind and deaf."

Didn't he like to lock people up?

Then she would let him have a taste of what it felt like to not be able to see or hear!

As a hundred-year-old ghost, Jiu Yuan was shocked by Qin Xi's words and instantly shivered. He looked at Han Shi, who was still pretending to be weak, and muttered to himself, "Homme Fatale!"

After watching them leave, Qin Xi helped Han Shi up and took out a pill to put in his mouth. She said worriedly, "How is it? Do you feel better?"

Han Shi leaned against Qin Xi and smelled her fragrance. He felt sleepy...

Over the past few days, whenever he wanted to sleep, these people would use an electric baton to shock him awake. This was also a form of torture in the detention room.

This place was extremely enclosed and no sound could be heard. Apart from his breathing and heartbeat, Han Shi felt as if time had stopped and that he was abandoned in this endless loneliness.

Moreover, there were no lights here, so he did not know how much time had passed. In this environment, ordinary people would be in a trance after staying for a day. They would feel extremely depressed, as if they would suffocate at any time.

Moreover, he was not given food or water. He was not even allowed to go to the toilet.

Therefore, even Han Shi, who had not slept for a few days, could not take it. He fell asleep almost instantly after smelling Qin Xi's scent.

Qin Xi picked Han Shi up and carried him out.

After getting into the car, Qin Xi asked Jun Yaohui to drive to the clinic. When Qin Xi returned, Liu Dequan and the others were quite happy. However, when they saw that she was carrying their boss, their expressions froze.

There were many patients in the clinic now. After the word got out that Qin Xi could bring the dead back to life and that the treatment fee was relatively low, people were lining up outside to get into the clinic, including a few big shots.

However, Liu Dequan and Gao Hui ren were not quacks. Before those people needed to look for Qin Xi, they cured them one by one.

After settling Han Shi down, Qin Xi felt that she had given her staff a hard time in the clinic. She said to everyone apologetically, "I'll be back later. You've worked hard during this period. Tomorrow night, I'll treat you to a big meal!"

Chapter 480 Half Cliff Mountain

After leaving the Ji Ding hall, Qin Xi got into Jun Yaohui's car and the two of them went to the law firm. After signing the transfer contract for Yaohui Pharmaceuticals, they set off for the herbal field.

It was already afternoon when the two of them arrived at the foot of a desolate mountain.

This mountain was called Half Cliff Mountain. It was not big, but it was very tall. It was surrounded by bald trees. The surrounding rivers had already frozen.

At the foot of the mountain, Jun Yaohui stopped the car and said hesitantly, "We can only park here and walk the rest of the way. Also... what about the poison in my body?"

Previously, Qin Xi said that he only had three hours. Apart from his head, the rest of his body was purple, making him look especially terrifying.

Qin Xi glanced at him and got out of the car.

"If you don't want to die from the poison now, I advise you not to waste any more time. If I see a herbal field that I'm satisfied with, I might be in a good mood and remove the poison for you."

Jun Yaohui held his breath and quickly got out of the car excitedly. "Don't worry. You will definitely be satisfied with this herbal field."

The two of them hiked up the mountain. Jun Yaohui was panting from exhaustion, but Qin Xi's expression was as calm as water. At the same time, she had the time to admire the scenery around her. Although it was winter and there was no scenery to speak of, she still liked this feeling.

After walking for nearly 40 minutes, the two of them finally reached the mountainside. Behind a hidden stone wall, Jun Yaohui took a deep breath and pushed the mechanism.

With a rumbling sound, the stone that looked like a door began to move slowly, revealing a dark cave passage. Jun Yaohui did not hesitate to enter.

"This is the place. The passage might be a little long."

Qin Xi looked around and saw that the passage was narrow and there were obvious chisel marks on the stone wall. Moreover, it looked like it had been there for a long time. She couldn't help but frown. "Did you dig this?"

After the two of them entered, the stone door slowly closed. Jun Yaohui took out the mini flashlight he had long prepared. Just a trace of light was enough to illuminate the dark place.

Qin Xi did not care about this trace of light. After all, she had Jiu Yuan as her flashlight. The dark cave was as bright as day to her.

"No, it was already like this when I took over. It's said that this is the territory of the hidden family clan behind the Shi family. Inside are all kinds of spiritual herbs and treasures that I've never seen before.

Every one of them is a hundred years old. I don't know if it's true, but it's strange here. There's no one guarding it. Moreover, the temperature here is very high. The deeper we go, the higher the temperature. No matter what season it is outside, the temperature will reach 50 degrees Celsius at the highest. The reason why I come once a month is to inform the Shi family of the situation here. After that, there's nothing else."

"Is there no one guarding this place?" Qin Xi asked curiously.

When Jun Yaohui heard this, his eyes lit up. "No one..."

Jiu Yuan immediately complained, "It seems like this guy doesn't know how powerful you are. He's playing tricks on you! Do you want me to teach him a lesson?"

Qin Xi sent a voice transmission. "There's no hurry. Go and see what he's hiding."

Jiu Yuan nodded and floated into the depths. After a while, he was gone, making the place dark again.

Qin Xi did not expect this cave to be so deep. She thought for a moment and asked, "Is this the only way?"

Jun Yaohui quickly explained, "No, this is the back door. The front door is in the river at the foot of the mountain. You have to hold your breath for 20 minutes to reach it. Normally, we would walk up here."

It was winter now. Holding breath in the river, he would freeze to death. He would rather walk in this dark place for an hour than take a shortcut.
