

Mysterious 491

Chapter 491 Vicious Gaze

“You, what do you mean?”

Seeing that Qin Xi could still smile, Xie Min’s heart skipped a beat. She suddenly had a bad feeling.

Madam Pei did not understand. She thought that Qin Xi was a lunatic. Not only did Qin Xi refuse to let her look at her son, but she also wanted to threaten her. Madam Pei was furious and felt dizzy.

Fortunately, Tan Jingyu quickly helped her up. Even though he looked like he was in extreme pain, he was a man after all. If he fell at this moment, his wife would not be able to take it.

Of course, there was one thing he understood.

The young lady in front of him, who had been accused of killing his son, was calm and composed the entire time. She even looked like she was watching a show.

Logically speaking, shouldn’t she be begging for forgiveness or running away?

Why was she unmoved and still looking like victory was in her grasp?

As a businessman, his judgment on people was accurate. As he analyzed the situation, his gaze suddenly landed on his son’s chest.

Only then did he vaguely see that his son’s chest seemed to be heaving. He was instantly overjoyed. He pulled his wife’s arm and said, “Fang, calm down. Our son is not dead. He’s still breathing. If you don’t believe me, take a look.”

Pei Fang, who was in grief, was stunned when she heard that. She quickly looked at her son and saw that his chest was heaving slightly. She thought that she had seen wrongly and reached out to test the young man’s breathing with trembling hands.

“Yes, yes, Miaomiao is not dead. Our Miaomiao is not dead. He’s still alive. It’s great that he’s still alive. Boohoo...” The woman threw herself into the man’s arms, crying and laughing at the same time. She was on the verge of breaking down.

“Impossible, he’s clearly...” Xie Min’s face turned pale and her eyes widened in disbelief. She opened her mouth and was about to refute when she realized that she couldn’t.

Doctor Cao and the other doctors quickly went over to check. Without touching the silver needles, they quickly came to a conclusion.

He said excitedly, “He’s fine. He’s still alive...”

However, facing the long and ear-piercing beeping sound of the instrument, Doctor Cao immediately became puzzled. He looked at the other doctors who also had puzzled expressions on their faces. They seemed to have thought of something and immediately walked to the instrument to check.

Xie Min was so nervous that cold sweat broke out on her forehead. She clenched her fists. Now, she was not in the mood to think about how to frame Qin Xi. Instead, she was thinking about how to get away with it. herself.

She looked at Qin Xi in panic, only to see Qin Xi looking at her with a faint smile, her eyes filled with mockery.

Xie Min gritted her teeth in anger, her eyes filled with hatred. When she saw Doctor Cao and the others going to check the instrument, she wished she could disappear on the spot.

It was all Qin Xi's fault. Now, Xie Min wished she could tear Qin Xi into pieces. However, she was already in deep trouble. She suppressed the anger and panic in her heart and racked her brains to think of a way to escape.

"Doctor Xie, calm down. If you stare at me like that, those who don't know might think that you're going to eat me up."

Qin Xi's voice was too abrupt, and it subconsciously attracted everyone's attention to Xie Min. On the other hand, Xie Min quickly retracted her angry expression and was taken aback. She quickly looked away in panic.

"Her gaze just now was so scary. It was as if she was possessed by a female ghost..." A timid person happened to see Xie Min's gaze and felt frightened.

Chapter 492 Giving Up

"I've found the reason. Who is so vicious as to pluck the cable?"

Doctor Cao almost exploded with anger. If the doctor or nurse mistook the patient for dead, the consequences would be unimaginable, such as just now.

Xie Min immediately pointed at Qin Xi and screamed, "It's you. It must be you. You deliberately plucked the cable, right?"

This time, everyone looked at Qin Xi to see how she would explain herself.

Qin Xi crossed her arms and looked at Xie Min leisurely. "Well. to figure this out, it's actually very easy. Isn't there a thing called... fingerprinting? We can call the police and let them check."

The others immediately nodded and felt that this was a good idea. At this point, it was indeed suitable to call the police.

Xie Min immediately panicked. Her heart felt like it was about to jump out of her chest. Her hands and feet were cold, and her teeth were chattering.

However, in her panic, she still thought of an excuse. "No, no. If you've already wiped the fingerprints on it, what's left on it will only be Doctor Cao and the others' fingerprints. You're just trying to frame them!"

Qin Xi nodded and looked at Xie Min with interest. She smiled faintly. "You're right."

"You, are you admitting it?"

Xie Min was overjoyed. Just as she was about to accuse Qin Xi of crimes, a basin of cold water was poured on her.

“Since fingerprints don’t work, how about letting the victim explain the situation?”

Everyone was stunned.

The victim?

Wasn’t the victim in a coma? Did they have to wait for the victim to wake up before they could settle the case?

Everyone thought so, including Xie Min. She immediately sneered, as if she had found a way to fight back. She said mockingly, “You want to stall for time and get away with it, right? What happened today has something to do with you. No matter what you say or how you quibble, no one will believe you.”

Qin Xi raised her eyebrows and looked at Xie Min as if she was looking at an idiot. Her gaze landed on Xie Min’s name tag. After knowing her name, she smiled faintly. “Doctor Xie, you have a rich imagination. Can you listen to me first? Don’t be so proactive in pinning the blame on me. Do I look like I’m a pushover?”

Xie Min choked and looked at the others guiltily. Sensing suspicious gazes on her, she gritted her teeth. “Alright, go ahead. Let’s see how you can quibble.”

“Quibble?” Qin Xi shook her head and mocked, “Clarifying my innocence is called quibble in your opinion? Doctor Xie, do you think I should just stand there like a fool and not say a word when I’m wronged?”

Xie Min’s face instantly turned red. She snorted to hide her embarrassment.

Qin Xi did not want to waste her breath on her. Instead, she looked at the time and pulled out the silver needles. When she pulled out the last needle, the young man suddenly opened his eyes and panted crazily.

This sudden turn of events shocked everyone, especially Xie Min. She was so frightened that she fell to the ground and trembled.

“I-I’m not dead? But I remember that I’m already dead...” The young man’s eyes were listless as he looked at the ceiling above his head and muttered to himself with a hint of regret.

“Miaomiao, how are you? Are you feeling unwell?”

Pei Fang quickly lay beside the young man. Her eyes were red as she sobbed and asked, “Miaomiao, you scared me to death. If something really happens to you, how will I live?”

Tears instantly streamed down Tan Miao’s face. “Mom... I’m sorry. I really can’t take the pain anymore. It’s too painful. I can’t live anymore...”

Chapter 493 Can’t Hold On Any Longer

"I know that it's very painful for you. I know that. But Mom and Dad can't take the pain of losing you. Miaomiao, good child, bear with it. Bear with it, okay? I'll go overseas and find the best doctor for you. Don't give up on yourself."

Pei Fang grabbed Tan Miao's hand and cried miserably. Even Tan Jingyu, who was beside her, couldn't help but wipe his wet eyes.

Seeing that her father, who had always been stern, was also wiping his tears, Tan Miao felt a lump in his throat. He wanted to cry, but for some reason, he smiled. "Dad, you're crying!"

Tan Jingyu's body stiffened. He quickly wiped his tears and said solemnly, "You brat, don't think I won't hit you just because you're sick. Let me tell you, if you make your mother cry again, I'll beat you up."

Tan Miao pursed his lips and looked at Pei Fang aggrievedly. He complained to his mother, "Mom, Father wants to beat me up again. He even bullied me in front of you."

His voice was very weak and he was panting occasionally. However, no matter what, it could not stop him from complaining.

Hearing the young man's words, everyone laughed out loud.

"Son, you have to promise Mother that you'll hold on. Your father has already hired foreign experts. They'll definitely treat you. Believe me, okay? Don't give up."

Listening to his mother's sobbing voice, Tan Miao smiled bitterly.

"Mom, it's useless. The doctor said that my illness can't be cured. Even if it's cured, it'll happen again. Mom, I don't want to suffer this kind of pain anymore. Mom, I'm unfilial. I can't repay you in this life. I just hope that I can be your child again in my next life. Mom, I don't want to persist anymore."

Pei Fang could no longer hold back her tears. She collapsed on the bed but did not cry. She only shrugged her shoulders and endured the pain of her heart being torn apart.

Tan Miao looked at his father for help, hoping to gain his understanding.

The air was filled with sadness.

However, at this moment, Qin Xi broke the silence.

"I'm sorry to disturb you. Isn't this just an ordinary tumor? It's not a big deal. Who told you that this illness can't be cured?"

Everyone looked at Qin Xi in shock.

What did she mean by "it's not a big deal." Tan Miao had brain cancer, and it was the late-stage kind. Everyone knew that 99.99% of people who had late-stage cancer had no hope of recovering. How was this not a big deal?"

Doctor Cao was also furious when he heard Qin Xi's words. She was clearly saying that the other doctors were incompetent. Not to mention whether they could treat Tan Miao or not, even if a world-renowned doctor came, he wouldn't be able to guarantee that he could cure the patient..

“It can’t be cured! Absolutely not!”

Seeing that they did not believe her, Qin Xi was not angry. She asked Tan Miao directly and raised her eyebrows. “You’ve been awake for so long. Don’t you feel that something is wrong?”

“Something’s wrong?” Tan Miao muttered in confusion.

After thinking for a long time, he shook his head. “There’s nothing wrong. May I ask what you want to say?”

Qin Xi was speechless. She pointed at his head. “Does your head still hurt? How is it compared to before?”

Being reminded, Tan Miao widened his eyes and shook his head slightly. Oh, his brain was still there... but it didn’t hurt anymore.

“I... I’m fine. It doesn’t hurt anymore?.” He shouted excitedly.

Chapter 494 Walking into the Trap

“What?”

The doctors were dumbfounded. Doctor Cao reacted strongly and blurted out, “That’s impossible. You have cancer, not a migraine. It’s impossible for it to be cured.”

Although he knew that what Doctor Cao said made sense, Tan Jingyu was still displeased to hear that.

His attitude immediately turned cold. “Doctor Cao, please watch your words.”

Doctor Cao also knew that he had said something he shouldn’t and quickly apologized, “I’m sorry, Mr. Tan. I didn’t mean to curse your son. What I wanted to say was that it’s impossible to treat late-stage cancer. Not to mention our country, even in the entire world, there’s no such case...”

“You’ll know when you give him an x-ray.” Qin Xi was very speechless.

Qin Xi smiled and looked at Xie Min, who was leaning against the wall with a pale face. She deliberately said, “By the way, before that, I want to ask you something.”

Tan Miao blinked and pointed at himself in confusion. “You want to ask me?”

Qin Xi nodded and asked, “Previously, someone accused me of killing you. Do you think so?”

“You killed me?”

Tan Miao was stunned. “Who said that? I don’t even know you. Why would you kill me?”

Qin Xi pointed at Xie Min, who was trembling in fear in the corner, and said, “It’s her. She said that I killed you and insisted on calling the police to arrest me. Now that you’re awake, clarify what happened!”

Following the direction she pointed, Tan Miao also saw Xie Min, who had her head lowered to her chest. Although he did not see her face, he knew her.

He said in confusion, “Doctor Xie? What’s going on? I clearly...”

Xie Min immediately interrupted Tan Miao and forced a stiff smile. "Tan Miao, this might be a misunderstanding. As soon as I came in, I saw her putting a lot of needles on you and heard the alarm of the instrument... so I was anxious and accused her without thinking."

"Anxious?" Qin Xi mocked. "If I didn't cure him, who do you think will pay for your mistake?"

Xie Min's face turned pale immediately. She stammered and felt so guilty that she couldn't say anything.

"You cured him?" Doctor Cao spoke at this moment and said in shock, "Young lady, are you saying that you cured him? How is that possible... No, no, no, that's definitely impossible."

Qin Xi ignored Doctor Cao and looked at Tan Miao. She went straight to the point. "Continue what you left unfinished. How did you die?"

Tan Miao's face turned pale as he asked in fear, "I-I really died just now?"

Pei Fang and Tan Jingyu looked at each other, their eyes filled with surprise. They clenched their fists nervously and asked, "What do you mean? My son is clearly fine. Why did you say that he's dead?"

"In fact, when I came in, your son's heart had just stopped beating."

Qin Xi's words made everyone gasp in disbelief.

However, at this moment, Xie Min suddenly denied it. "You're lying. When you came in, the instrument didn't make a sound. You must have done something to cause the instrument to beep."

Clearly, Xie Min had been in a tense and flustered state. Now, she didn't even think before speaking and walked into the trap she set up for Qin Xi...

Chapter 495 Exposed

In the ward, everyone's gaze landed on Xie Min, their eyes filled with shock and anger.

However, now, Xie Min only wanted to pin all the blame on Qin Xi. She did not know what she had said wrong at all. She continued to point at Qin Xi and shout, even a little crazily.

"Why are you looking at me? She's the murderer. She must have done something. Believe me. When I came, I thought he was dead..."

"Doctor Xie."

Tan Jingyu looked straight at Xie Min. "Do you mean that you saw this young lady come in? Also, when Doctor Cao and the others checked the instrument just now, they already said that this instrument was tampered with. How do you know that when this young lady came in, the instrument didn't have a problem? Don't you think your words don't match?"

Xie Min held her breath as endless fear rose in her heart. However, she still refused to say anything and looked at Qin Xi with condemnation.

"I-I remembered wrongly. I also said that she must have tampered with the cable of the instrument, which was why I thought that the patient was dead. This is all a misunderstanding. Although I don't

know what her motive is, don't you think she's going too far? Is she supposed to play with the life of the patient?"

Qin Xi had finally seen what it meant to play the blame game.

Tan Miao finally understood what was going on. He looked at Xie Min angrily and accused, "Doctor Xie, I thought you were a good doctor. I didn't expect you to be so shameless."

Xie Min's hair stood on end. Just now, she was so excited that she forgot about the most important person, Tan Miao. If he told them the truth, how could she stay in the hospital in the future?

"What do you mean?" Tan Jingyu had already realized that something was wrong with Xie Min. Now that his son said this, he immediately became vigilant.

Xie Min looked at Tan Miao pleadingly and shook her head. "No, I..."

"Shut up and listen to my son." Pei Fang shouted, successfully making Xie Min shut up. Then, she looked at Tan Miao and said gently, "Miaomiao, tell me, what exactly happened?"

"Dad, Mom, it's this woman. She was the one who persuaded me to give up my life. She told me that there was no hope for brain cancer. Even if the surgery was successful this time, it might not be successful next time. She said that she could ease the pain and let me die in my sleep. After thinking for a while, I agreed."

"However, I didn't expect that the purpose of her persuading me to give up my life was to frame someone else. If I had known that she was so despicable, I definitely wouldn't have agreed."

After Tan Miao finished speaking, everyone looked at Xie Min differently.

What kind of vicious person would do such a heartless thing? Besides, she was a doctor. What grudge did she hold against Qin Xi to cause her to do this mad thing?

They couldn't imagine it.

"No, listen to me. I really persuaded him to give up his life for his own good. Can't you see that he has suffered a lot?"

Seeing that the matter was exposed, Xie Min was in a hurry to explain herself. She would never allow her reputation to be sullied. If Gu Qing found out about it, her life would be over.

However, no matter how she explained, the words were unconvincing.

"What happened?" At this moment, a low and magnetic voice sounded. Xie Min's body stiffened and her face turned ashen.

Chapter 496 Gifted

"Dean Gu, you're finally here. Here's the thing..."

Doctor Cao hated what Xie Min did. He was afraid that her behavior would make all the doctors in Qingshan Hospital infamous. Therefore, when he saw Gu Qing, he told him everything without hesitation.

Gu Qing's face darkened instantly. He looked at Xie Min with disappointment and coldness in his eyes.

In an instant, Xie Min felt like she had fallen into an ice cellar and her face turned pale.

Gu Qing said in a calm and cold voice, "It depends on how the patient's family wants to settle this matter. The hospital will also compensate them accordingly."

In the end, he added, "Of course, Doctor Qin is the victim of this matter. Doctor Qin, if you choose to call the police, I'll do my best to help you."

The others didn't think there was anything wrong with the way Gu Qing handled the situation.

After all, if Qin Xi was brought back to the police station, she would most likely be convicted of murder.

Xie Min could only blame herself for going too far. Not only did she kill people, but she also tried to frame the innocent. Such a person was not qualified to be a doctor at all.

Xie Min seemed to have lost all her strength and collapsed to the ground. Her eyes were filled with tears as she muttered to herself, "I'm doing this for you. How can you treat me like this? I'm doing this for you!"

She shouted at Gu Qing hysterically, "I did it all for you. I love you so much, but you don't even look at me. I've been with you for so many years. Why can't you give me a chance? Why?"

Gu Qing's body froze, and his eyes darkened. He didn't care what would happen to Xie Min next. He only cared about what Qin Xi would think when she heard this.

When he found out that Qin Xi was already married, his heart ached as if it was on fire.

He clenched his fists nervously and stared at Qin Xi, wanting to see how she would react.

Clearly, he still had some hope that Qin Xi would have a place for him in her heart.

Unfortunately, Qin Xi really did not have any feelings for Gu Qing.

Qin Xi chose to call the police without hesitation. She was not a saint. Since Xie Min used such a vicious method to deal with her, she should also bear the consequences.

When the matter was settled, the results of the checkup were out.

The cancer cells that had spread previously had already been killed. Not only that, but the spreading range of the cancer cells had also shrunk a lot. This result shocked all the doctors in the hospital.

"Doctor Qin, how did you do it? Can you tell me what method you used?"

Doctor Cao looked at Qin Xi excitedly and asked.

Qin Xi smiled faintly. "It's very simple. First, you have to know how to use Qi to control the needles. Then, you have to learn a set of acupuncture techniques passed down from our ancestors."

"Using Qi to control the needles? What's that?" Doctor Cao was puzzled. He studied Western medicine and knew nothing about Chinese medicine.

Qin Xi said, "It's called internal force, which takes at least a few decades to cultivate. As for me... I am gifted."

Chapter 497 The Yin Family

After answering Doctor Cao's questions, she gave Tan Jingyu the address of Ji Ding Hall. Only then did she come to the ward of the special patient with Gu Qing.

When the door was opened, a young man between the ages of 15 and 16 was wiping his father's hands and feet on the bed. Previously, the doctor had instructed him to wipe and massage the patient with warm water, because it could speed up the blood circulation and was good for the body.

The young man did it very seriously. He massaged his father every few hours and was very meticulous.

"Dean Gu!" The young man called Feng Du shouted excitedly.

Feng Du was bright and handsome, and he exuded a scholarly aura. The only bad thing was that there was a melancholic look on his face. He was probably worried about his father's illness!

Gu Qing introduced Qin Xi to Feng Du. "This is the Chinese doctor I invited. Her medical skills are very superb, and she's known as Doctor Qin. Let her take a look at your father and see what happened to him."

Feng Du was stunned. He didn't expect Gu Qing to find a Chinese doctor who was about the same age as him. Looking at Qin Xi's baby face, he pursed his lips in disbelief.

Gu Qing could tell that he didn't trust her, but he didn't explain further. He looked at Qin Xi and nodded slightly.

"Please."

Qin Xi walked over and took the man's pulse. Actually, she did not need to take his pulse. When she came in, she had already absorbed the Yin energy above the man's head. Through the Yin energy, she already knew why he had become like this.

However, to her surprise, the person who imprisoned this man's soul was actually from the same sect as the one who imprisoned Xu Wu's soul.

The person who imprisoned Xu Wu's soul was the black-robed man from the Yin family who she had killed. He was the person who had fought with her for the Golden Blood Toad and was burned to ashes by her.

And this person was clearly the black-robed man's clanmate, also from the Yin family.

It was obvious that this person was here to look for her. However, the Yin family only knew that the black-robed man had come to Zhehai province, but they did not know in which city he was killed. They could only look for Qin Xi one by one.

Every time they went to a place, they would use corpse children to imprison the souls of a few powerful people and get their families to find a master who could undo the soul imprisonment.

This way, they could narrow down the search area.

It seemed that if she saved this person today, the Yin family would be able to find her. However, if she turned a blind eye to the patient, what was the point of her being a doctor?

Seeing that Qin Xi had finished taking his pulse, Gu Qing immediately asked anxiously, "How is it? Have you found anything?"

Qin Xi nodded. "I can treat him, but I still need to prepare something."

Gu Qing said, "What is it? I'll get someone to prepare it."m

"Yellow paper, cinnabar, a brush, and a bowl of chicken blood."

The more Gu Qing listened, the more complicated his expression became. He glanced at the sick man and asked Qin Xi in a low voice, "So, is he possessed by some kind of devil?"

Qin Xi glanced at him indifferently. "He's not possessed. His soul has been stolen and is imprisoned somewhere. I have to summon his soul back as soon as possible. Otherwise, as time passes, he will become a fool."

Gu Qing was conflicted. "Is it difficult? Is it dangerous?"

Although he really wanted the patient to recover, compared to Qin Xi's safety, the patient was insignificant.

Chapter 498 Meeting the Corpse Boy Again

"It's not difficult, but we have to go somewhere else. It's not appropriate to perform the treatment here."

"Perform the treatment?" Gu Qing's heart sank. He immediately understood what Qin Xi meant. He nodded and turned around to ask the staff to do it. At this moment, Feng Du spoke.

"Dean Gu, what are you talking about? What kind of treatment needs to be performed? What illness does my father have?"

He was a little flustered now. He felt that the things Qin Xi just asked for had nothing to do with his father's illness, especially the chicken blood. This gave him a bad feeling.

"Your father lost his soul. It's much more complicated than a vegetative state. It's not something that can be explained by science. When I do something to retrieve your father's lost soul, he'll be able to wake up."

Qin Xi explained calmly.

"My father lost his soul?"

Feng Du's face paled.

How did his father lose his soul? Although Feng Du did not know what kind of illness it was, Qin Xi's explanation gave him an uncomfortable feeling.

Now, he was at a loss. However, apart from believing the doctor, he had no other choice.

Therefore, he didn't even have time to tell his family before he followed Qu Qing to the other room.

After everything was ready, Gu Qin came to Qin Xi's side and said, "The things are ready. When do we start?"

"We can do it now."

Qin Xi looked at the things on the table and picked up a bowl of chicken blood. She sprinkled it on the ground and drew a circle. Then, she used a cinnabar to draw a demon talisman on the ground. Finally, she dipped it in a cinnabar and drew a soul summoning talisman on the talisman paper and stuck it on the man's forehead.

She looked at Gu Qing and Feng Du and said, "I'm going to start performing now. If you're afraid, you can go out and wait."

"I'm not afraid. I want to watch over my father." Feng Du was still a little wary of Qin Xi and insisted on staying.

Gu Qing shook his head. "Don't worry, we won't disturb you."

Qin Xi nodded and didn't say anything else. She made a hand seal with both hands and started to chant something. They couldn't hear what she was chanting, but Gu Qing and Feng Du clearly felt that the air in the room had changed slightly.

It was an oppressive feeling that made one's hair stand on end. It was as if they were being stared at by the god of death, making them shudder. They even felt that if they stayed too long, they would suffocate to death.

This pressure continued to spread, as if there was a huge mountain pressing down on them. Just as they were about to collapse, a golden light suddenly enveloped the two of them and removed the pressure on them.

At this moment, they were extremely frightened and shocked. Looking at Qin Xi, who had an indifferent expression, they felt that she was even more unfathomable.

Sensing the corpse boy approaching, the corners of Qin Xi's mouth slowly curled up, and her eyes lit up. The dark chain on her wrist was also eager to taste the delicious food.

She said, "Be good and wait a little longer. When it reaches the array, you can do whatever you want." The dark chain seemed to understand and gradually calmed down.

After another half a minute, black fog suddenly floated in through the door and window. It gathered and slowly transformed into a child-sized monster.

Its eyes were empty and terrifying. It opened its long and sharp fangs and roared at Qin Xi. Its voice was extremely penetrating, deafening Gu Qing and Feng Du.

Chapter 499 I Can Leave Your Corpse Intact

Seeing that his voice was useless against Qin Xi, the corpse boy suddenly turned into a blurry black fog. When it appeared again, it was already in front of Qin Xi. It opened its bloody mouth and bit Qin Xi's neck.

Then, before the corpse boy could approach, the runes in the chicken blood emitted a dazzling golden light. The runes were like chains that locked the corpse boy tightly, preventing him from getting close to Qin Xi.

The corpse boy also felt that something was wrong and began to struggle with all its might. However, the more it struggled, the tighter the runes wrapped around it. The corpse boy quickly turned back into black fog, but a large portion of its cultivation power was corroded by the pool of chicken blood on the ground. The corpse boy let out a miserable scream. No matter how hard it tried, it could not get out of the small circle.

Seeing that it was struggling with all its might, Qin Xi sneered. "Save your energy. It's useless. Let's wait for your master to come. I'll deal with you two together."

When the corpse boy heard Qin Xi's boastful words, it immediately let out a series of sharp cries. The sound was so loud that the glass in the entire room instantly shattered, and a cold wind blew in.

Qin Xi sneered. "You're just a puppet."

The corpse boy struggled for a long time. Not only did it not break free from the rune, but it also lost most of its strength. This made it abnormally angry, but it was helpless.

Seeing this scene, Feng Du was so frightened that he almost fainted. Fortunately, he remembered that his father was in danger and gritted his teeth to endure the fear.

However, his face was pale and he was drenched in cold sweat, as if he had been fished out of the water. In this life, he had never seen anything so shocking. He could only try his best not to look at it.

At the side, Gu Qing, who was pretending to be calm, was not any better. Back then, in front of Elder Cheng, Qin Xi had performed a talisman drawing. At that time, he was impressed by Qin Xi's ability and was deeply attracted to her.

Now that he saw what she was capable of, he suddenly felt that he was way out of her league.

Just as he was letting his imagination run wild, a loud bang instantly pulled him back to reality.

The door was kicked open and a black-robed person with a faceless face barged in. His voice was sinister and carried a strong killing intent, like someone from hell. It made people shiver and feel endless fear.

"How dare you hurt my corpse boy? You deserve to die!"

"Tsk, you're finally here. If you were a little later, you might not be able to see your precious corpse boy." Qin Xi's voice was clear and calm.

The black-robed man looked at Qin Xi as if he was looking at a dead person. "Are you the person who killed my brother?"

Qin Xi smiled. "Your brother? Is he the person who wanted to snatch the golden blood toad from me?"

The black-robed man was shocked and said excitedly, "You have the Golden Blood toad?"

Qin Xi did not speak, but her silence said it all. The reason why she told him about the Golden Blood Toad was because she wanted to find out the usage of the Golden Blood Toad from this black-robed man.

Ever since she put the Golden Blood Toad into her bag, she did not know how to use it.

The black-robed man said sinisterly, "Hand over the golden blood toad and I'll leave your corpse intact. Otherwise, I'll take out your soul and feed it to my corpse boy."

Chapter 500 Fighting the Black-robed Man

"There's something that's very true." Qin Xi looked at him as if he was an idiot. "Antagonists die from talking too much..."

Seeing that Qin Xi was looking down on him, how could the black-robed man, who had always been high and mighty, not be angry? He said coldly, "Hmph, it seems like you want to do this the hard way. It seems like you don't plan to hand over the golden blood toad. Then don't blame me for being ruthless."

As he spoke, he waved his black robe, and a majestic black fog rushed out of it. It instantly enveloped the entire room.

A strong corrosive force devoured the living beings in the room. Qin Xi smiled. "Piece of cake."

The dark chain quickly flew out. It roared and soared into the sky like a black dragon. It swam in the black fog like a fish in water, and the black fog was completely swallowed by the black dragon.

When the black-robed man saw this, he was shocked. "How is this possible? What artifact is this? How can it devour my Yin energy? This is impossible."

He roared and formed hand seals with both hands again. Layers of black fog rushed out of his black robe and transformed into a black python, wanting to fight the black dragon. However, under the pressure of the Chain of Darkness, the black python was as fragile as paper and was swallowed.

The black-robed man was shocked and immediately summoned all the black fog back.

The room became clear again, but Gu Qing and Feng Du, who were standing in the protective circle, were already in extreme fear.

Although they did not see the black dragon or the python, the dragon-like roar still frightened the two of them and they did not understand what was going on.

When the fog dissipated, they saw an unbelievable scene. Something that looked like iron came to life and swam back and forth in the air.

Feng Du looked at this scene in horror. He was so frightened that his legs went weak and he fell to the ground. He covered his mouth tightly, not daring to make a sound.

Seeing Feng Du sitting on the ground in fear, Gu Qing sat on the ground too.

Now, when Gu Qing looked at Qin Xi again, he no longer felt smitten with her...

This was the difference between Gu Qing and Han Shi.

If he couldn't conquer a powerful woman, he would give up on her. As for Han Shi, he was willing to be the one being protected.

At this moment, the black-robed man had already used all his methods, but he still could not hurt Qin Xi at all. He was burning with anxiety. If this continued, not only would he not be able to deal with Qin Xi, but he would also be taken down.

Now, the only way was to let the corpse boy out first. This way, he was confident that he could turn Qin Xi's soul into a puppet.

Thinking of this, he and Corpse Boy looked at each other and communicated secretly.

Qin Xi raised her eyebrows. How could she not tell what they were up to? She said sarcastically, "It seems that you're at your wits' end. Then, is it my turn?"

"Hmph, don't be too smug. I only used 30% of my strength. Now, I'm going to use all my strength. Just you wait."

The black-robed man assumed an attacking posture, but Qin Xi sneered. "You're really shameless. I was going to give you an out, but since you're so shameless, why should I?"

As she spoke, the Chain of Darkness seemed to know what Qin Xi was thinking. It swayed its body and hooked the corpse boy with its tail. Before the corpse boy could struggle, a ball of black fire suddenly emerged from the Chain of Darkness and quickly spread to the top of its head.
