Chapter 511 Love at First Sight?

Apart from Pulang, who pretended to be unwell and returned to the hotel, the rest of the 12 people followed Qin Xi to the Sweet Dew Fruit Store.

When they came to the fruit store and saw the long queue outside, everyone was shocked. Ruth craned her neck curiously and asked, "Qin, what are they doing?"

Qin Xi said with a smile, "They're lining up to buy vegetables and fruits."

"Buying vegetables?"

"Buying fruits?"

Ruth was even more surprised. "Is it because of the discount? But discounted items shouldn't attract so many people, right?"

Qin Xi shook her head and smiled mysteriously. "On the contrary, sweet dew fruits and vegetables are very expensive. It's several times more expensive than ordinary fruits and vegetables."

"Since they're so expensive, why is there such a long line? Could it be that... there's something special about these fruits and vegetables? Qin, should we go over and take a look? I'm very curious," Ruth said excitedly.

She was not the only one who was curious. Mars and the others were also very curious. It was their first time here and they felt that everything was new.

Qin Xi made an inviting gesture and smiled brightly. "Let's go. I'll bring you to see what real fruits and vegetables are. I guarantee that your jaws will drop when you see them."

Mars was immediately interested and asked in confusion, "Isn't it just some fruits and vegetables? Are the fruits and vegetables in your country different from ours?"

"Of course it's different. You'll know when you see it." Qin Xi pretended to be mysterious and stopped talking. Instead, she led them to the side door of the Sweet Dew Fruit Store.

When a salesperson saw Qin Xi, she greeted in surprise, "Boss Qin, you're here. Are you here to look for Boss Xia? I'll inform her now."

With that, she ran away without waiting for Qin Xi to speak.

"Qin, do you know each other?"

Qin Xi did not hide anything and said, "I opened this fruit store with a friend. The fruits and vegetables inside are all freshly picked this morning. They're very fresh. You'll know when you see them later."

"Oh? So this place is run by you. No wonder it is so popular."

Ruth was not trying to suck up to Qin Xi, but she really felt that Qin Xi was very capable. In her opinion, if Qin Xi's medical skills were so good, she was definitely good at other things.

At this moment, Xia Tangxin hurriedly walked out. Seeing that the people who came were all blond and blue-eyed foreigners, she walked up to Qin Xi in surprise and asked in a low voice, "Xi, who are they? Are they here to travel?"

Just as Qin Xi was about to introduce them to her, before she could speak, Mars walked forward excitedly, lowered his long eyelashes, and introduced like a gentleman.

"Oh, hello, beautiful lady. I'm Mars. It's a pleasure to meet you. We're members of the World Medical Association. We're here to discuss medicine. May I know your name?"

Qin Xi and Xia Tangxin looked at each other and saw the confusion in each other's eyes.

Chapter 512 Future Husband

Not to mention Qin Xi and Xia Tangxin, even Ruth and the others were dumbfounded.

They clearly remembered that Mars was not a very enthusiastic person. However, when it came to Xia Tangxin, his attitude was overly enthusiastic.

Just as they thought that there was something wrong with Mars today, the corners of Qin Xi's mouth twitched because she saw a subtle change in Mars and Xia Tangxin's faces.

It turned out that Mars had fallen in love with Xia Tangxin at first sight, and it was the kind of love that was as passionate as the summer.

Yes, in Mars's eyes, Xia Tangxin was like an angel who had descended to the mortal world. Her fair and flawless face seemed to emit a holy light that shone straight into the depths of his heart.

At this moment, her charm was indescribable. His eyes seemed to be intoxicated, and he was deeply attracted to Xia Tangxin. If not for the fact that he still had his rationality, he would have knelt down and proposed to her on the spot.

Seeing that Xia Tangxin was still in a daze, Qin Xi smiled and nudged her. She introduced, "Tangxin, this is Mars, a young and outstanding talent in the World Medical Association. He's here to discuss medicine."

Then, she looked at Mars and blinked mischievously. "Mars, this is my good friend, Xia Tangxin, the boss of the Sweet Dew Fruit Store. Hmm... she's currently 22 years old and still single!"

Mars was overjoyed. He bowed to Qin Xi. "Thank you, Qin Xi. You're really a kind angel. I owe you a favor!"

Everyone was puzzled.

"Hey, Xi, don't talk about irrelevant things?" Clearly, Xia Tangxin understood what Qin Xi meant. She blushed slightly and gently tugged at Qin Xi's clothes where no one could see it.

Qin Xi whispered in her ear, "Don't get too excited. This is your future husband. Don't scare him away."

"What?"

Xia Tangxin exclaimed in shock. Then, seeing that everyone was staring at her, she quickly covered her mouth and blinked. She looked at the handsome and gentlemanly Mars and sized up him with slightly red ears.

Under the gaze of the little angel, Mars' heart skipped a beat and he suddenly became nervous. He was even more nervous than when he was on the operating table for the first time.

"Hi! Hello, Mars. I'm Xia Tangxin. Nice to meet you."

Since Qin Xi said that Mars was her future husband, Xia Tangxin did not shy away. She reached out her hand and smiled gently.

Mars held Xia Tangxin's hand excitedly and felt the soft touch on his palm. His heart beat rapidly, as if it was about to jump out of his chest. He bent down slightly and kissed the back of her fair hand. "You're the most beautiful girl I've ever seen. You're like an angel, emitting a holy light."

Hearing this, no matter how thick-skinned Xia Tangxin was, she couldn't help but feel her cheeks burning, especially the kiss on the back of her hand.

Seeing the two of them being so clingy, no matter how stupid Ruth and the others were, they understood what was going on.

Qin Xi cleared her throat and reminded the two of them at the right time. She said, "Tangxin, don't leave the guests outside. We're here to see the fruits and vegetables in the fruit Store."

Xia Tangxin came back to her senses and quickly smiled awkwardly. "Quick, come in!"

Chapter 513 Like Newborn Infants

The group entered the Sweet Dew Fruit Store through the side door. Although there were many customers inside, it was not crowded at all.

When Mars, Ruth, and the others saw the fruits and vegetables on the shelves, they felt shocked and their eyes almost popped out.

Ruth shook Qin Xi's arm in disbelief and said incoherently, "Qin, am I seeing things? Is that red and round thing an apple? I remember that apples aren't that big. No, this one is even bigger than my head. How did this apple grow? Oh no, what did I see? Is that a lychee? I remember that lychees don't grow in winter. Also, this lychee... is too big!"

Ruth was overwhelmed by what she was seeing. She felt that her eyes and brain couldn't adapt to what she was seeing, especially when she saw the fist-sized grape being sold.

Qin Xi was not surprised. "Yes, it's an apple. Calm down. It's just a little bigger than usual. As for lychees, we have lychees all year round."

"How is that possible?" Ruth covered her mouth in disbelief.

When the others saw this, they were all dumbfounded. One of the foreigners pointed at the potatoes on the shelf and asked, "Qin, which watermelon is it? Why haven't I seen it before?"

Xia Tangxin burst out laughing, looking very cute. When Mars saw her smile, his heart beat even faster.

“That’s not a watermelon. That’s a potato.”

“What about that one? The thick, long, and orange one?” Someone wiped the cold sweat off his forehead and asked.

Xia Tangxin suppressed her laughter and said, “That’s a carrot. It’s very sweet and can be eaten as fruit.”

“I know that. That’s a tomato. Oh my god, this is the largest tomato I’ve ever seen. Qin, can you tell me how these huge... uh, fruits and vegetables grow? Are the trees that grow these fruits also very big and tall?”

“Not really. They’re just a little bigger than other trees.” Qin Xi did not say much and changed the topic. “How about this? I’ll go get some fruits for you to try.”

Before leaving, she said to Xia Tangxin, “Help me take care of these overseas friends. I’ll go get some fruits to quench their thirst.”

“Alright, we’ll go upstairs and wait for you first.”

Xia Tangxin brought the group of blond-haired and blue-eyed overseas people upstairs. When they passed by the shelves, they looked like they were newborn infants, in awe at the world.

When they arrived at the office upstairs, it was quite spacious. The interior was also designed by Qin Xi. It was simple and clean, making people feel relaxed just looking at it.

Just as they were chatting, Qin Xi asked a few assistants to bring the sliced fruits upstairs. The fragrance of the fruits filled the entire space, making people salivate.

Seeing that they were drooling over the fruits but no one dared to touch them, Qin Xi raised her eyebrows and said with a smile, “Don’t worry, eat them. These fruits are definitely not poisonous. They’re grown with chemicals. They’re healthy and green. It’s safe to eat.”

As she spoke, she picked up a cherry and took a small bite. Immediately, blood-red juice spewed out into her mouth. The refreshing fragrance made her close her eyes in satisfaction.

Seeing this, everyone’s appetite increased greatly. They couldn’t help but reach out to touch the fruits they liked.

When they took a bite, they were blown away, and the entire world was filled with gorgeous colors.

Chapter 514 The Dream Since She Was Young

In less than five minutes, all the fruits on the table were gone.

Qin Xi and Xia Tangxin were not surprised. After all, they knew the magic of their fruits.

However, for these experts from overseas, they really felt embarrassed, especially when they saw that there was nothing left on the plates on the table.

“How’s it? Are you satisfied?” Qin Xi looked at the empty plates with a smile and asked.

Although Ruth was a little embarrassed, she still admitted it honestly and said excitedly, "I'm satisfied. I'm very satisfied. Qin, the fruits are really delicious. They're so sweet, much better than the ones at my place. Before I leave, can I bring some back?"

Qin Xi nodded. "Sure, but you know the size of the fruits. Perhaps... you can only bring back a few lychees, grapes, cherries, and other smaller fruits."

"Ah, this..."

Ruth also suddenly remembered that they didn't seem to be allowed to bring too much fruit on the plane. At the thought of this, her mood instantly became very bad.

A glint flashed across Qin Xi's eyes. She pretended to be mysterious and said, "Actually, it's not very difficult for you to eat the fruits here."

Ruth's eyes lit up and she looked at Qin Xi with anticipation. "Qin, do you have a way?"

The others also pricked up their ears, wanting to hear Qin Xi's idea.

Qin Xi said with a smile, "It's very simple. Didn't you say that you want to marry a man from China who knows martial arts? As long as you stay here, you won't have to worry about not having fruits to eat."

"That's right. Qin, you said before that you wanted to introduce me to the men who are the best at martial arts here. When are they coming? I can't wait."

Ruth seemed to have just remembered why she was here and said excitedly.

Qin Xi looked at the time. It was almost noon. She said, "It's about time. They're almost here. Do you want to come with me to take a look?"

"Really? That's great. Qin, I'll go with you!"

Ruth was really excited. Ever since she was young, she had admired martial arts masters. She was once lucky enough to see a Chinese man perform martial arts. From then on, marrying a martial artist master became her dream.

"Since you're going, let's go together to take a look. We have nothing to do anyway." They did not want to miss such an exciting moment and immediately suggested going down to take a look.

As soon as they arrived downstairs, two trucks drove over.

Qin Xi had good eyesight and could see the four people sitting in the car from afar. She raised her eyebrows. She did not expect the people who came this time to be Thunderkill and Berserk. The remaining two were newly recruited veterans.

The reason why Thunderkill and Berserk came along was probably because they were afraid that the two new recruits were not familiar with the operation process. If anything went wrong, they could help.

However, Thunderkill was too rough and Berserk had a bad temper. They were suitable for Ruth.

Qin Xi wondered if it was too late to call the others over.

Chapter 515 I Want Both

“You two, come here for a moment.”

When the truck stopped, Qin Xi shouted to the two people in the truck.

“Lady Boss, what’s the matter?” As soon as he got out of the car, Berserk asked.

Qin Xi naturally wouldn’t say that she wanted to introduce someone to them. Instead, she said tactfully, “Oh, it’s nothing. I just wanted to check how your cultivation has been going recently.”

“Huh?” Thunderkill scratched his head and looked around. He said in a low voice, “Check? Now? There are so many people here. Isn’t it too high-profile?”

Under normal circumstances, they would never reveal their strength in public unless it was an emergency.

“What’s there to be afraid of? It’s better if there are more people. It just so happens that these customers are in a long line and are bored. You can perform martial arts to entertain them,” Qin Xi said with a faint smile.

“Uh...”

Thunderkill and Berserk looked at each other. They felt that Qin Xi was a little strange today, as if she was treating them as street performers.

However, they had no choice. This woman was their lady boss. Since she had already said so, the two of them could only find an empty spot to spar with each other.

The two of them did not go easy on each other at all.

Berserk was extremely agile. His flexibility was astonishing, his speed was extremely fast, and his attack power was extremely strong. Every move was vicious. On the other hand, Thunderkill’s move was fierce and domineering. It carried a lot of impact. Ordinary people could not even withstand one blow.

The two of them fought to a standoff. For a moment, the entire road was filled with cheers.

Ruth, Mars, and the others widened their eyes and opened their mouths in excitement. When they realized what was going on, they clapped crazily, causing their hands to swell.

Ruth, in particular, admired masters like Thunderkill and Berserk very much. She even started fantasizing about marrying these two men.

Ruth jumped up and down excitedly, shouting, “It’s cool. They’re really amazing. Wow, they can actually jump so high. Qin, is this Chinese martial arts? They’re really handsome. It’s even more exciting than watching an action movie. Qin, can you introduce them to me? I like them!”

Qin Xi and Xia Tangxin had the same expression that said, “Can you really handle two hunks?”

Seeing Qin Xi’s incredulous expression, Ruth smiled happily.

She explained, “I want to interact with them more and see who I like. Qin, they are really amazing.”

Qin Xi didn’t know what to say.

However, at the thought that her subordinates were all single, she was a little anxious. If she couldn't find wives for them, she would be too incompetent as the lady boss.

After the two of them fought for 20 minutes, Qin Xi clapped her hands. "Alright, that's enough for today. The two of you, come over."

Thunderkill and Berserk stopped and walked up to Qin Xi like two small mountains. "Lady Boss, what can I do for you?"

Chapter 516 A Rich Woman Blocking the Way

"This is Ruth. Today, your mission is to show Ruth around. Is that a problem?"

Hearing this mission, Thunderkill and Berserk were dumbfounded. They wanted to ask Qin Xi what she meant, but they were afraid to do so.

Berserk glanced at Ruth, who was looking at him with admiration, and said with a conflicted expression, "Lady Boss, that's not good. We still have a lot of things to do. By the way, Black Ghost and Bane are at the branch. Why don't you get them to accompany this, uh, beautiful lady?"

From his expression, Ruth could tell that this master didn't seem too willing to spend time with her. She was a little disappointed.

However, on second thought, masters all had tempers. How could they agree to her request so easily? Besides, they did not know each other and had nothing in common. Therefore, after comforting herself, she was not so sad.

Qin Xi's eyes darkened. "Do what I tell you to do. Don't talk back. This is my guest. We can't neglect her. Do you understand?"

The two of them immediately stood at attention and shouted loudly, "Yes, we promise we'll complete the mission!"

Then, they walked up to Ruth and asked politely, "Miss Ruth, where do you want to go? We can be your escorts today. By the way, we haven't introduced ourselves. My name is Xu Gang. His name is Lv Ping."

This was their original name.

"Hello, it's my first time in Luoping and I don't know much about this place. Can you take me out to play?"

"Sure!"

Hence, under the gaze of Qin Xi, Mars, and the others, the three of them left happily.

Mars looked at Qin Xi worriedly. "Qin Xi, is this really appropriate?" After all, he was the one who brought Ruth here. If anything happened to her, how was he going to explain it when he went back?

Seeing Mars's worry, Qin Xi smiled and said, "Don't worry, the two of them are strong enough to protect a girl. Besides, they're just going out to tour around, not do anything dangerous."

Mars nodded and looked at the other members of the Medical Association. "Is there anywhere you want to go? Although we're here to exchange medical knowledge, since we're here, we can't come for nothing. If you want to go anywhere, feel free to suggest. We'll go together."

Hearing that, the group immediately cheered.

They were young people after all. If it were a group of old fellows, they would probably have surrounded Qin Xi to ask her questions.

**

Qin Xi returned to the clinic and began to treat patients.

Because of the previous medical exchange, Qin Xi's reputation had already spread. More and more people came to the clinic. Not only were there people from the city, but there were also many people from other cities who came because of her reputation. They knew that not only was the price cheap here, but the treatment effect was also super good.

In the afternoon, Qin Xi went to Qingshan Hospital. She still had a patient, Tan Miao, the young man with late-stage brain cancer.

However, just as she was about to enter the ward, she was stopped by a woman dressed like a rich lady. The woman wanted to slap Qin Xi in the face. Qin Xi's eyes narrowed and she leaned back slightly...

Chapter 517 Disfigurement

The woman slapped Qin Xi with all her might. Unexpectedly, Qin Xi dodged it easily. Caught off guard, she tripped over.

Coincidentally, just as she was about to fall, she twisted her ankle and fell heavily to the ground, grimacing in pain. She no longer looked as elegant as before.

Qin Xi looked down at her and mocked, "Madam, be careful when you walk next time. Don't pounce on others for no reason."

"You b*tch, not only did you harm my daughter, but you also have the cheek to speak rudely to me. Do you know who I am? Do you know that as long as I want to, I can make you disappear from Luoping City? You're just a village girl. If you know what's good for you and withdraw the lawsuit, I can spare your life. Otherwise, I'll make you regret it."

The rich lady stared at Qin Xi with sharp and resentful eyes. She looked like she wanted to skin Qin Xi alive.

"I see that you're a person of status, but the fact that you keep calling me a b*tch makes you not much nobler than me, a village girl! Also, don't push your luck. I can forgive you for your unintentional mistake this time. If you don't know what's good for you, I'll make sure your Xie family breaks apart."

The lady's eyes widened in shock, and then anger swept through her body. She staggered to her feet and was about to scratch Qin Xi's face. If one's face was scratched by the long nails, they would definitely be disfigured.

Perhaps because she had lived a rich life for a long time, she had developed an arrogant attitude and thought that others had to bow down to her. Even when they were going to be slapped by her, they had to stand there obediently and let her vent her anger.

However, Qin Xi was not a doormat.

Seeing the long nails coming at her face, she suddenly narrowed her eyes and a golden light flashed across her eyes. With a slight movement of her fingertip, a backlash talisman hit the woman.

The woman let out a heart-wrenching scream. She covered her bleeding face and stared at Qin Xi in disbelief.

Especially when she realized that she might be disfigured, she went crazy and screamed, "How dare you hurt my face? I'm going to kill you. I want you to die!"

As she spoke, she charged at Qin Xi again. However, Qin Xi did not dodge and waited for her to fall into the trap.

As expected, many scratches appeared on the woman's face again, making her roll on the ground in pain.

At this moment, some people had already gathered around when they heard the commotion. When they saw the woman's face bleeding and her rolling on the ground, some timid people retreated, afraid that they would be stained with the blood.

"What's the fuss about? What's going on? Why are you all gathered here?" A few nurses arrived late. When they saw many people gathered here, they frowned and shouted.

Someone exclaimed, "The head nurse is here."

"Head Nurse, come and take a look. This woman is disfigured."

The head nurse's heart skipped a beat. Qingshan Hospital was a private hospital, and most patients were people of status. If anything happened to a noble lady in the hospital, it would be quite troublesome.

"What's going on? Move aside, let me take a look."

When the crowd dispersed, she saw the rich lady shouting, "I'm going to kill you. I'm going to kill you!"

When the head nurse saw that the disheveled and terrifying person on the ground was actually Madam Xie, she gasped.

Chapter 518 Lacking Liveliness

"Madam Xie, why are you here?"

The head nurse panicked. This was Xie Min's mother. Although Xie Min was fired for some reason, the Xie family was still not to be trifled with.

Therefore, when she saw the tragic sight of Madam Xie, she was so frightened that her face turned pale. She shouted to the other nurses, "Quick, send her to the emergency room."

The group of people carried Madam Xie away. Madam Xie still shouted that she wanted to kill Qin Xi.

At this moment, Tan Miao's ward opened. Pei Fang walked out and looked at the crowd suspiciously. "What happened?"

Because it was a VIP ward, the soundproofing was especially good. Although she could vaguely hear some noises, Pei Fang thought it was just some patients arguing outside.

"Just now, there was a woman who went crazy and wanted to beat up a young girl. However, for some reason, that woman's face ended up covered in blood..."

"Yes, it's quite strange. I saw it too. It was clearly that woman who wanted to scratch the little girl's face. The little girl's face was fine, but that woman's face was covered in blood."

"Sigh, I guess this is retribution."

Pei Fang was confused. However, when she saw Qin Xi in the crowd, her eyes lit up and she immediately pushed through the crowd to walk to Qin Xi's side.

"Young divine doctor, so you're already here. I was wondering if I should pick you up!"

Qin Xi smiled faintly. "I ran into some trouble just now. Alright, let's go in!"

"Alright, alright. This way, please."

In the ward, Tan Miao was eating fruits. Previously, because he had late-stage brain cancer, he didn't have an appetite for any food and could only rely on nutritional solutions to be alive.

After the treatment, his desire for food was aroused. However, he could not eat too much. Some fruits were fine.

Seeing Qin Xi, he greeted in surprise, "Doctor Qin, you're finally here."

"Looking at your rosy face and appetite, it seems that the treatment is very effective." Qin Xi smiled and walked over. "Show me your hand."

Tan Miao immediately put down the apple and stretched out his arm. He asked curiously, "Doctor Qin, can I ask you a question?"

Qin Xi took his pulse and nodded. "Go ahead."

"Doctor Qin, how old are you? I think you're about the same age as me, but your medical skills make you look like you are a hundred years old."

As soon as he finished speaking, his thigh was pinched, causing him to gasp in pain.

Seeing that the person pinching his thigh was his mother, he immediately pouted and said, "Mom, why are you pinching me? It hurts."

"Don't talk nonsense. The young divine doctor is the one who treated you. How can you be so rude to her?" Although Pei Fang was reprimanding him, the doting look in her eyes didn't diminish.

Tan Miao said in embarrassment, "I said that because she's young but she has a straight face like an adult."

“Divine Doctor Qin, don’t be angry with me. I just feel that you lack liveliness.”

Qin Xi raised her eyebrows and retracted her hand. As she took out the silver needle bag, she said, “Do you think anyone will ask me to treat them if I act like a child?”

“Uh... no.” Tan Miao thought for a moment and shook his head.

Qin Xi chuckled and took out the Ice Soul Silver Needle. “It’s fine. Alright, take off your shirt. I’ll give you acupuncture.”

Chapter 519 Retrieval of Hope

“Take... take off my shirt?”

Tan Miao stammered. He blinked and asked weakly, “Doctor Qin, you didn’t ask me to take off my shirt previously. Why do I have to take off my shirt today.”

The tips of his ears turned slightly red. Although he knew that Doctor Qin was very capable, she was still a woman after all. It was really embarrassing to be stared at by her like this.

Seeing that he was a little embarrassed, Qin Xi was slightly stunned. Then she remembered that it was indeed inappropriate to undress in front of the opposite sex in the 1980s.

She cleared her throat and explained, “Previously, I didn’t ask you to take it off because time was tight. Clothes would be contaminated with bacteria. Also, in the eyes of the doctor, there’s no gender difference. If you’re shy, you can close your eyes.”

“Doctor Qin, don’t mind him.” Pei Fang secretly pinched her son and glared at him, “Take it off!”

Tan Miao pouted and took off his clothes obediently. The young man was almost skin and bone.

However, it was expected. People with cancer couldn’t eat and sleep well. They had to suffer from pain every day. It would be strange if he wasn’t skin and bone.

The young man touched the ribs on his body and said in embarrassment, “Am I very ugly? I was very strong in the past. I could run five thousand meters in one go. If I weren’t sick, I would definitely be better.”

Boys were more or less competitive. They did not want to be looked down upon, especially by girls.

Qin Xi picked up a few Ice Soul Silver Needles and focused on acupuncture on a few major acupoints on his chest. She comforted him, “Don’t worry, you’ll get better. When you get better, eat more and work out more.”

Tan Miao looked at the silver needles on his chest and looked at Qin Xi expectantly. He asked seriously, “Doctor Qin, can I really recover? But I have cancer!”

It was said that early-stage cancer could still be controlled, but he was already in the late stages. All the doctors and experts said that he could not be saved, so they chose to commit suicide.

However, now that Qin Xi gave him a lot of hope of survival, he really did not want to give up just like that.

People were like this. When there was no hope at all, they would never yearn for hope. However, once there was a trace of hope, they would not be willing to let go and would stick to the hope.

“Don’t worry, if I say it can be cured, it will definitely be cured. You’ll definitely be the same as before.”

Hearing Qin Xi’s words, Tan Miao nodded heavily. “I believe you!”

Twenty minutes later, the acupuncture session was over. At this moment, Gu Qing arrived. When he saw Qin Xi, he instantly recalled the scene of her fighting with the black-robed man, and he no longer dared to have any thoughts about Qin Xi.

“You’re here. I just heard that Madam Xie had a conflict with you. Are you injured?”

After saying this, Gu Qing seemed to have thought of something and couldn’t help but chuckle. “I don’t think someone like her can hurt you.”

“How is she?” Qin Xi asked casually.

“Disfigured.”

Gu Qing said solemnly, “Although Madam Xie is brainless, her family background is extraordinary. Xie Zhen is also a vengeful person. Moreover, the Xie family has some power in Luoping City. You have to be careful.”

Qin Xi packed up the Ice Soul Silver Needles and said coldly, “It’s fine. I’m just afraid that they won’t come looking for me.”

Pei Fang suddenly stepped forward and said, “Doctor Qin, don’t worry. Leave the Xie family to the Tan family. In order to frame you, Xie Min instigated my son to commit suicide. We won’t let this matter rest. It won’t be long before Luoping has no place for the Xie family.”

Chapter 520 Bringing Someone Back

After the acupuncture, Qin Xi went to the sanatorium again.

Seeing Ma Shouhua, Qin Xi went straight to the point. “Dean Ma, I’m here to take someone from you.”

Ma Shouhua looked at her and said, “Young Divine Doctor, do you know how difficult it is for someone to enter our sanatorium?”

Everyone knew how difficult it was to nurture a medical talent. Did Qin Xi think his heart wouldn’t ache when a talent was taken away from him?

Qin Xi nodded seriously. “Of course I know. That’s why I came to ask you for someone.”

Ma Shouhua was on the verge of tears. The corners of his mouth twitched. If it were anyone else, he would have opened the door and kicked them out.

Qin Xi smiled faintly. “Dean, don’t worry. I won’t take people from you for free. I have a prescription here that’s very suitable for the elderly to prevent cardiovascular diseases. Do you think this deal is worth it?”

Ma Shouhua immediately stood up. “Deal. Whoever you want, you can choose.”

Compared to the prescription for cardiovascular diseases, medical talents were nothing. Talents could be nurtured, but prescriptions couldn't.

Seeing that he was excited, Qin Xi made her request. "Dean Ma, the person I want has to be familiar with the pharmacological effects of Chinese medicine herbs. Of course, it would be even better if he knows a little about management. Oh, and one more thing, loyalty. I don't want a backstabber."

He asked curiously, "Young divine doctor, can you tell me why you want such a person?"

"About that!"

Qin Xi deliberately dragged out her words. Seeing that Ma Shouhua was listening attentively, she smiled playfully. "It's a secret for the time being. Dean Ma, we still have a chance to work together in the future. You'll know when the time comes."

Ma Shouhua's jaw dropped. "... Work together in the future? Young divine doctor, if you do it a few more times, there will really be no one left in my sanatorium!"

Qin Xi chuckled and deliberately teased, "Dean Ma, do you want me to give the prescription to someone else?"

Ma Shouhua quickly forced a smile. "Please don't... Forget it. I actually have a candidate in mind. Although this person is a little young, he used to study economics and management overseas. Later on, he became very interested in Chinese medicine. All these years, he has been studying pharmacology. If you think that this person is suitable, I'll call him over to chat with you."

After a while, the people Ma Shouhua mentioned arrived.

A man in his thirties walked in. He was wearing a white coat and a pair of gold-rimmed glasses. He looked like a scholar, but his temperament was very dazzling. Moreover, he exuded a noble aura. He did not look like a medical student at all. Instead, he looked like a Young Master from an aristocratic family.

Ma Shouhua quickly introduced, "Young Divine Doctor, this is Fu Sheng. He's a doctoral student who graduated overseas. Later on, he abandoned business and became a doctor. He's been here for about nine years."

He looked at Fu Sheng and said, "Fu Sheng, this is the young divine doctor who cured Elder Mu. She's here today to find talent in our sanatorium. I think you're very suitable, so I recommended you. Fu Sheng, this is a good opportunity. If you stay by the young divine doctor's side, you'll definitely be able to learn a lot. What do you think?"
