

## Mysterious 521

### Chapter 521 Coming Across a Treasure

“Young divine doctor?”

A glint flashed across Fu Sheng’s eyes. He looked at Qin Xi, who had a baby face, with a surprised expression.

Qin Xi reached out her hand and introduced herself. “Hello, I’m Qin Xi. Mr. Fu, are you interested in working with me?”

“Young divine doctor, I’ve heard a lot about you. It’s my honor to meet you today.”

Fu Sheng’s words were very polite. However, he suddenly changed the topic and asked, “I have a case now. If you can help me solve it, I’m willing to follow you forever.”

“Oh?” Qin Xi was interested and asked, “What is the case about? Tell me.”

Fu Sheng looked at Ma Shouhua, who understood and said with a smile, “Uh, you two can have a good chat. I’ll go out.”

After Ma Shouhua left, Fu Sheng sat opposite Qin Xi. After pondering for a moment, he slowly said, “There’s a person who suffers from a strange illness. Every time when the moon is full, she will go crazy and hurt people. Her eyes will be as red as blood, and her teeth will be so sharp that they can pierce through the skin. She can only suppress the madness by drinking blood. I wonder if you know anything about this illness?”

Qin Xi was speechless. Why did it sound like a werewolf?

She blinked and asked with uncertainty, “You said that this person has sharp teeth and sucks blood?”

Fu Sheng nodded. “That’s right. She’s especially fanatical about blood. Previously, I thought that as long as I gave her blood, I could suppress her madness. However, I was wrong. After checking her body, I realized that every time she drank blood, her next attack would last longer and the pain would double.”

Qin Xi frowned and pondered. “It sounds like she’s being controlled. Perhaps it’s some kind of Gu poison.”

Fu Sheng’s eyes gradually darkened. “Do you have any basis?”

Although he did not want to believe it, after so many years of repeated examination and research, he could not find the source of the illness. If what Qin Xi said was true and it was really a Gu poison, then this matter had already exceeded his domain and knowledge.

Qin Xi shook her head. “If I see her, I can diagnose her. Before I see her, I can only make guesses.”

Two minutes later, Fu Sheng seemed to have made up his mind. He suddenly looked at Qin Xi with determined eyes. He said in a low voice, “If Divine Doctor Qin can help me solve this case, I’m willing to follow you.”

Qin Xi's eyes lit up. She could tell long ago that this man was not an ordinary person. Although he was dressed ordinary, the purple aura he emitted meant that he was not ordinary.

At the thought of this, she nodded happily. "I can give it a try. Bring her to see me when you have time."

Fu Sheng nodded. For some reason, Qin Xi seemed to have some kind of magical power that made him choose to believe her. She was clearly not as old as him, but he was willing to place all his hopes on her. It was as if as long as she nodded, there was nothing that could not be solved.

The two of them chatted for a while longer about management, herbs, and operation.

As expected of a top student, his views were impressive.

Qin Xi really felt like she had come across a treasure!

Chapter 522 Late-stage Earth-rank

As expected, when Qin Xi and Fu Sheng walked out of the dean's office, Ma Shouhua happened to walk over.

He smiled happily. "How was your conversation? Is there anything I can help you with?"

Fu Sheng nodded at Ma Shouhua and said gratefully, "Thank you for your recommendation, Dean. I've already agreed to the young divine doctor. Please forgive me."

Ma Shouhua nodded with a smile. "That's good, that's good. I'm relieved that you can be with the young divine doctor. You'll have a brighter future following her than staying in this sanatorium. Go, go. Oh right, don't forget to tell your colleagues in your department that you are leaving."

"I will. Don't worry, Dean." Fu Sheng nodded with a gentle attitude.

Ma Shouhua looked at Qin Xi with anticipation and enthusiasm. "Young divine doctor, are you leaving now? Aren't you going to stay for a while longer?"

Of course, Qin Xi knew what he meant. She smiled lightly and said, "Yes, I still have something to do, so I'll go back first. I've already placed the thing on the desk. Dean, I have one more thing to ask of you."

When Ma Shouhua heard that the thing was already on the desk, he was excited. He couldn't wait to go over and take a look.

Because Qin Xi still had something to say, he suppressed the ecstasy and asked, "Ah, what else?"

"It's like this. I think the guards at the sanatorium are quite good..."

Before Qin Xi could finish, Ma Shouhua said generously, "Alright, alright, alright. Just take whoever you like away. We have a lot of guards here. Uh, is there anything else?"

Hearing that he was eager for her to leave, Qin Xi couldn't help but laugh. "That's all. I'll leave now."

Ma Shouhua nodded and turned to walk into the office. As expected, he saw a piece of paper on the desk. He suppressed the surging emotions in his heart and picked up the paper to look at it carefully. The more he looked at it, the more satisfied and excited he became.

After reading it, he finally couldn't hold back the joy in his heart and laughed out loud. "Hahaha, this is amazing. This is really amazing. As expected of a divine doctor. The prescription she wrote is actually so amazing. Hahaha, this is great. This time, we can save more patients."

\*\*

In the evening, Han Shi went to the clinic to pick Qin Xi up as usual.

When Qin Xi saw Han Shi, she was slightly stunned and shocked. "He broke through to another realm?"

In just half a year, Han Shi had advanced from an ordinary person to the late-stage Earth-rank. He was about to step into the Heaven-rank.

Han Shi walked up to her with a devilish smile. Then, he said in a low voice, "This is all thanks to you. If not for the fact that you satisfied me last night..."

Before he could finish, Qin Xi's fair face instantly turned red. She quickly covered his mouth with her hand and glared at him fiercely. She threatened in a low voice, "If you continue, I'll ignore you forever."

Han Shi's eyes darkened. When he stuck out the tip of his tongue, Qin Xi felt a numbness and warmth on her palm. Her heart suddenly raced and her face turned red. She felt as if her entire arm had been electrocuted.

Chapter 523 Bai Meili Is Here

Knowing that Qin Xi was shy, Han Shi did not dare to go overboard. He hugged her shoulder and waved at the others in the clinic.

"It's getting late. Xi and I will go back first."

Watching the two of them leave, envy flashed across Pan Lingling's eyes. She suddenly sighed and said, "Boss is so good to Lady Boss. He comes to pick her up every day. They're so loving every day. I'm really envious of their relationship."

"What's there to be envious of? Are you and your brother Liming also very loving?" Hu Jingyun said.

Pan Lingling blushed and retorted in a low voice, "We only talked twice this month. How can we compare to Boss and Lady Boss?"

"That's nothing. After you get married, you can be together every day. By the way, I haven't asked you when you plan to get married. I remember that you are already 21 years old. Aren't your parents urging you?" Hu Jingyun asked curiously.

Pan Lingling looked around and saw that no one was paying attention to her. She said in a low voice, "Brother Limin is focusing on his career now. In another year, he might become a captain. I don't know what kind of job that is. Since he said he can be a captain, I believe him."

"Does that mean you have to wait another year before you can get married?" Hu Jingyun asked.

Pan Lingling's eyes flickered with joy and anticipation as she said shyly, "Brother Limin and I grew up together. I know his personality. I'm willing to wait for him."

“As long as his words are trustworthy, I support you.” Hu Jingyun was happy for her from the bottom of her heart.

Pan Lingling nodded solemnly. “Brother Limin won’t lie to me. Don’t worry.”

However, she would never have thought that at this moment, Brother Limin, whom she had been thinking about, was having dinner with Bai Meili, who had betrayed her.

In a restaurant.

“Meili, why are you here? Lingling didn’t tell me you were coming.” Li Limin was dressed in a green military uniform. After ordering two dishes, he looked at the pure and beautiful girl sitting opposite him and asked.

Bai Meili looked at the man’s resolute and handsome face and was extremely envious. However, she did not show it. Instead, she smiled gently and picked up the kettle to pour some water for Li Limin.

She said gently, “Brother Limin, I’m here because I have work to do. Lingling knows that I’m here. She deliberately didn’t tell you because she wanted to give you a surprise. By the way, she asked me to bring you some pickled vegetables and snacks. Come with me to the hotel to get them later.”

“Thank you very much. But Meili, did you come alone? How long do you plan to stay here?” Li Limin did not sense that something was wrong and asked casually.

Bai Meili looked at him. Suddenly, her eyes turned red and she quickly lowered her head, as if she did not want the man to see her. She quickly wiped the corners of her eyes with her hand and said in a low voice like a frightened rabbit.

“I-I came alone. Brother Limin, can I ask you for a favor? If it’s inconvenient for you, don’t worry. I can find someone else.”

Seeing her like this, Li Limin immediately frowned and asked with concern, “Meili, what’s wrong? Are you in trouble?”

Bai Meili lowered her head, as if she had been wronged. Tears streamed down her face as she said with a choked voice, “Actually, it’s nothing serious. It’s just that there’s a man in the hotel I stay in who keeps staring at me. I’m a little afraid. He keeps following me...”

Chapter 524 Living Next Door

“Really?” Li Limin frowned and said angrily, “He didn’t hurt you, did he?”

“Brother Limin, don’t worry. He didn’t hurt me. He, he just keeps staring at me. I’m afraid.”

Bai Meili quickly shook her head and looked up at him nervously. She bit her lower lip and said with difficulty, “Brother Limin, I want to ask you for help.”

“Alright, I’ll help you test that man when we get back later. If he has any evil designs on you, I’ll teach him a lesson.” Li Limin thought that Bai Meili wanted him to help chase the hooligan away and agreed without thinking.

“No, no, no.”

Bai Meili immediately shook her head and waved her hand in panic. “No, no, no, I don’t mean that. Brother Limin, I don’t want to cause you trouble. There’s no need for you to get into a conflict with someone. Besides, that person is not to be trifled with. I-I just want you to send me back and stay in my room for a while. I want that person to know that there’s a man in my room so that he won’t dare to act rashly.”

Li Limin was dumbfounded. “Meili, what did you say? I...”

Bai Meili’s face immediately turned red and she quickly explained, “Brother Limin, I don’t mean anything else. Don’t misunderstand me. Also, I-I have a boyfriend.”

Li Limin immediately heaved a sigh of relief. When he realized what was going on, he scratched the back of his head with a silly smile and said apologetically, “I’m sorry, Meili. I was thinking too much. I understand. How about this? If word gets out that we’re in the same room, it won’t be good for your reputation. I’ll book a room next to yours. This way, if you need anything, just shout. I can hear you.”

A glint flashed across Bai Meili’s eyes. Although this was not the outcome she wanted, as long as she brought him over, it would not be difficult to figure out a way to lure him into her room.

At the thought of this, she immediately smiled and thanked him. “Thank you, Brother Limin.”

At this moment, the waiter brought over two large plates of food. They looked delicious.

Li Limin handed Bai Meili a bowl of rice and teased, “Eat, eat more. You’re as thin as a chopstick. You’ll probably be blown away by the wind.”

Seeing Li Limin eating the rice in big mouthfuls, Bai Meili sneered in her heart. Pan Lingling, since you didn’t care about our sisterhood, don’t blame me for targeting your man.

“Brother Limin, do you drink? Do you want some wine?” Bai Meili asked tentatively.

Li Limin shook his head and refused without thinking. “No, I don’t like to drink.”

Bai Meili nodded and agreed. “You are a soldier now. It’s good that you don’t drink.”

As the two of them ate, they chatted about Pan Lingling. Unknowingly, they had been eating for more than half an hour.

After paying the bill, Li Limin and Bai Meili returned to the hotel. Just as Li Limin had said, he booked a room next to Bai Meili. Although the room was simple, it was quite clean.

“It’s getting late. Go to bed early. If something happens, shout. I can hear you.” Before closing the door, Li Limin reminded her.

Bai Meili casually tucked a strand of hair behind her ear, deliberately revealing her fair neck. She said shyly, “I understand, Brother Limin. Go to bed early too. Good night!”

When Li Limin saw this, he couldn’t help but swallow his saliva. He nodded. “Good night!”

Chapter 525 Sleeplessness

In the hotel, just as Li Limin was about to fall asleep, there was an urgent knock on the door. He was suddenly woken up and immediately stood up to go to the door. As soon as the door opened, a figure fell into his arms.

Li Limin was taken aback. Just as he was about to push her away, he felt the person in his arms hugging him tightly. Her voice was trembling. "No, don't push me away. That person is next door. He just knocked on my door. I, I'm afraid!"

When Li Limin heard Bai Meili's words, he immediately looked around warily and happened to see a door closing. He thought that this was the person who was harassing Bai Meili. He patted her back and said, "Um, Meili, let go of me first. I'll go over and take a look."

"No, Brother Limin, I'm afraid that he'll come and take revenge on me after you leave."

Bai Meili raised her head. There was still panic on her face, making her look weak and pitiful.

She was wearing pajamas at this moment. The pajamas were smooth and thin, and the collar was very low. Li Limin was tall. Looking down, he could almost see everything. He was so frightened that he immediately looked away and pushed Bai Meili away.

"Brother Limin, I'm sorry for causing you trouble. I-I'm just afraid!"

Seeing her like this, Li Limin rubbed the space between his eyebrows tiredly. After all, Bai Meili was Pan Lingling's good friend and they were from the same village. He couldn't bear to see Bai Meili being bullied outside. He thought for a moment and said, "How about this? You sleep here and I'll go to your place. That person won't know that you are sleeping in my room."

Bai Meili was speechless. Did she go through so much trouble just to change rooms with him?

However, Li Limin was too upright and did not give her a chance. In the end, she could only watch him leave.

In the middle of the night, Bai Meili lay on the bed. The more she thought about it, the angrier she became. She tossed and turned, unable to fall asleep. In the end, she had an idea and immediately sat up on the bed. She slapped her thigh. "That's right. That room is mine..."

As she spoke, she immediately tidied her hair and pajamas and pulled down her collar. She took a deep breath and pretended to be sleep-walking. She narrowed her eyes and staggered towards her room.

Perhaps because she was lucky, Li Limin did not lock the door. Bai Meili pushed the door open and entered easily. It was dark inside. Without thinking, she climbed onto the bed.

Bai Meili lay beside Li Limin with a smug smile on her face.

She had put in a lot of effort to win this opportunity. Since Pan Lingling treated her like that, there was no need for her to care about her best friend.

"Pan Lingling, just you wait. I'll let you know the consequences of going against me."

Li Limin was sleeping soundly when he smelt a fragrance beside him.

Actually, when Bai Meili entered, he seemed to have sensed something. However, he was in a daze and thought that he was in the army, so it was normal for people to walk back and forth.

However, as he fell asleep, he felt that something was wrong. When an arm was placed on his chest, he immediately opened his eyes and turned to look.

Chapter 526 Trick

Bai Meili?

Why was she on my bed?

Li Limin's mind went blank and he was shocked. He did not know why Bai Meili was on his bed. Just as he was about to leave without disturbing Bai Meili, a strange creaking sound suddenly came from next door.

Because the hotel was not soundproof, Li Limin and Bai Meili could clearly hear the heavy breathing and the woman's moaning voice.

Li Limin's body stiffened and he felt extremely awkward. Bai Meili was overjoyed. She felt that even the heavens were helping her and immediately started to perform.

She "accidentally" turned over and placed her face close to the man's chest. She let out a soft moan and pulled her collar down...

At a glance, Li Limin saw what he shouldn't have seen. The thought that he couldn't get rid of appeared again. In addition, when he heard the woman's moaning voice next door, Li Limin immediately felt his mouth go dry.

Bai Meili looked at Li Limin's expression through narrowed eyes and saw that he seemed to be about to leave. She immediately panicked. She had already tried her best, but why was this blockhead still not hooked?

She was angry and jealous. She was jealous that Pan Lingling could be loved by such a good man, while she was almost beaten to death for wanting to marry into a rich family.

The more Bai Meili thought about it, the angrier she became. Why should Pan Lingling live a better life than her?

Bai Meili gritted her teeth, closed her eyes, and changed her posture. She placed one leg between Li Limin's legs and rubbed against him...

Li Limin felt like his body was heating up. His body suddenly trembled, and a wave of fire rushed from the bottom of his feet to the top of his head. He almost jumped up.

However, he quickly calmed down and suppressed the restlessness in his heart. Slowly and carefully, he moved the thigh away from him.

Unfortunately, Bai Meili did not give him a chance to escape at all, especially when the sound of banging next door was getting even louder. Li Limin felt that he was on fire and was sweating profusely.

When he finally moved Bai Meili's thigh away, Bai Meili wrapped her arms around his waist and hugged him like a pillow. Li Limin's face darkened. After struggling for so long, he felt like all his strength had been sucked out.

As the sound from next door came to an end, Bai Meili was burning with anxiety. She cursed Li Limin in her heart for being a good-looking but useless man. She was in his arms, but he insisted on being a gentleman. What a block of wood.

She gritted her teeth and felt that she could only use the last method. After gathering her emotions for a moment, she suddenly clutched her chest tightly, her face filled with sadness and fear like she was having a nightmare.

Tears streamed down her face.

"Don't come over, don't come over. Please, don't do this to me. Help, someone save me..."

The sudden change caught Li Limin off guard. However, when he saw the panic on Bai Meili's face, he immediately understood that she was having a nightmare.

Li Limin did not know what Bai Meili was experiencing. He immediately went up to her and pushed her gently.

"Meili, it's fine. It's just a nightmare. Don't panic!"

"No, don't come over... I'm afraid. Don't come over!"

Bai Meili did not seem to hear Li Limin. She waved her hands in the air, as if she was trying to clutch at something.

Just as Li Limin grabbed her hand, Bai Meili hugged him tightly and begged, "Please save me... No, don't push me away..."

#### Chapter 527 Honey Trap

Smelling the unique fragrance on Bai Meili, Li Limin gradually became intoxicated, especially when Bai Meili was still rubbing against him. How could Li Limin withstand it?

Fortunately, he still had the last bit of rationality left in him. Just as he was about to get up and leave, Bai Meili kissed him fiercely.

Li Limin's eyes instantly widened, and he froze on the spot. His mind was blank. Although his rationality did not allow it, his body was very honest.

Feeling the change in the man's body, Bai Meili put in even more effort. She reached her hand into the man's pants and...

Even though he knew that this was a wrong thing to do, Li Limin couldn't resist the temptation and fell for her trap.

\*\*

At night, in Qingfeng Village.

Qin Xi took out the Essence Strengthening Pill she had refined two days ago and handed it to Han Shi. "This is the Essence Strengthening Pill. It can strengthen your cultivation and your meridians."

Han Shi took the pill and put it into his mouth. The pill melted in his mouth. It was sweet and slightly astringent, and a warm current instantly flowed through his body.

Looking at Han Shi's increasingly rosy face, Qin Xi's eyes lit up. She asked expectantly, "How is it?"

Han Shi looked at Qin Xi's expectant gaze and suddenly tugged at his collar, pretending to be in discomfort. "Wifey, I feel hot..."

Qin Xi frowned slightly and was about to take Han Shi's pulse. "Hot? That shouldn't be the case. How can you feel hot? Let me take a look."

Han Shi dodged and picked Qin Xi up. He couldn't wait to walk to the bed. "Wifey, I'm so hot. I, I can't control myself!"

Qin Xi's face turned red and she struggled to jump down. "Ah! Stone, let go of me. What do you want to do..."

"Xi, you are giving tonic pills every day. If I don't perform my duty as a man, I will be letting you down."

Qin Xi was speechless. It was not a tonic pill but a pill that could increase one's cultivation level. She risked her life to steal it. Why did it become a tonic pill to Han Shi?

However, no matter how Qin Xi struggled, she could not escape from Han Shi.

Three days later, Qin Xi took the plane to Yunbei with Han Shi.

This was the first time Han Shi had taken a plane in his life. He was a little excited. Looking out of the window at the endless clouds, he suddenly lowered his voice and sighed. "Wifey, if we cultivate to a certain level, do you think we can fly?"

Qin Xi thought for a moment and nodded and said, "Unless you reach the Earth Immortal."

Ancient martial arts were divided into: Yellow-rank, Mystic-rank, Earth-rank, Heaven-rank, early-stage Connate, mid-stage Connate, late-stage Connate, early-stage Postnatal, mid-stage Postnatal, Perfection Postnatal, half-step Grandmaster, Grandmaster, half-step Earth Immortal, and Earth Immortal.

Earth Immortal could ride on a sword.

Chapter 528 No Movements

"Earth Immortal!" Han Shi, who was originally excited, was immediately put off.

Seeing his dejected expression, Qin Xi patted the back of his hand, her eyes shining with hope. She said calmly, "Perhaps you think it's impossible, but I don't think so. If we work hard together, perhaps we can really become Earth Immortals."

Han Shi looked at her sideways. Her beautiful face was engraved in his heart. He raised his hand and hugged her, smelling the fragrance of her hair with a happy smile.

"Xi, I realize that I can't live without you. You've spoiled me. Without you, I would probably be useless."

He hugged Qin Xi, his eyes shining with a burning light. He rubbed his head against her hair like a golden retriever and said, "No matter what, you have to be responsible for me for the rest of your life. Otherwise, I won't let you off even if I become a ghost."

Qin Xi was speechless, but she felt sweet inside. On the surface, she still scolded him. "Can you be more serious? We're on a plane. It'll be embarrassing if someone hears us."

How could Han Shi let go of the opportunity to tease his wife? He leaned close to her ear and said in a deep voice, "I don't care. So what if they hear us? You are my wife."

Qin Xi's face turned red. She felt that this man was flirting with her no matter where they were, and she fell for it every time.

At this moment, Han Shi suddenly thought of something and whispered into Qin Xi's ear, "Xi, we did it so many times. Why are you still not..."

"What?" Qin Xi raised her eyebrows and asked in confusion.

Seeing his wife's confused expression, Han Shi was speechless. He touched her flat stomach and whispered.

"Why is there no movement here? Logically speaking, after so long, there should be a sign... Is it because I haven't worked hard enough?"

At the thought of this possibility, Han Shi immediately looked at Qin Xi seriously. "Wifey, if it's my problem, I can work harder..."

Qin Xi blushed and reached out to slap Han Shi's hand away. She pursed her lips and said, "What nonsense are you talking about? I've checked my body before and there's nothing wrong. As for why there's no movement, it's probably related to the mystic medicine technique I cultivate."

Han Shi looked conflicted, not knowing what to say. He was a little disappointed and worried.

The two of them had been together for so long but had yet to register their marriage. He thought that as long as she was pregnant, there would be no need to get a marriage certificate.

"Do you like children very much?"

Seeing the disappointment in Han Shi's eyes, Qin Xi felt a little guilty.

"Not really, but as long as it's our children, I'll like them very much."

Han Shi smiled and pulled Qin Xi into his arms. He said with emotions, "I just want us to have a child that belongs to us. I'll love and protect them no matter if it's a boy or a girl. Of course, it's best if the child is most like you..."

Chapter 529 Kunyu Mountain

Three hours later, they arrived at Yunbei province, Kunyu City.

The Yin family really knew how to find a place to live in seclusion. There were so many good places to live in, but they chose to live in seclusion on Kunyu Mountain. Although this was a provincial city, the

place was very backward. Moreover, the population was very small. The geographical location was in the basin, and the climate was generally low. There was almost no summer all year round.

It was said that this mountain was an active volcano and there was a natural hot spring here. However, the location of the spring was very tricky. It was in the deepest part of the mountain and was also the most dangerous place. Not only were there wild beasts, but there were also poisonous insects that were impossible to stay away from. Because of these harsh conditions, almost no one dared to enter Kunyu Mountain.

This also gave the Yin family room to grow. After all, they were evil cultivators who did all kinds of evil. This was also one of the reasons why they hid in the mountains.

Another reason was that they were known for their sorcery. They were also the target of many righteous sects. Even the nation had carried out many assassinations on them.

Therefore, the Yin family had no choice but to live in the mountains.

Qin Xi was quite glad that the Yin family lived in seclusion in the deep mountain. After all, her goal this time was to kill them.

If they lived in the city, killing them would definitely cause a lot of unnecessary trouble. In the depths of the mountain, even if they were wiped out, no one would know.

Qin Xi and Han Shi pretended to be a jaunting couple and lingered around Kunyu Mountain. A kind-hearted auntie who lived at the foot of the mountain saw that they were unfamiliar and reminded them kindly.

“Young lady, young man, you’re not local, right?”

Seeing the firewood on the auntie’s back, Qin Xi said with a smile, “That’s right. Auntie, did you go up the mountain to chop firewood?”

The auntie’s family background should not be very good. The clothes she was wearing were all patched up. She was worse off than the villagers in Shangwan Village. After all, in the past six months, every family in Shangwan Village had been well-fed and well-dressed.

The auntie put down the firewood she was carrying. Worry flashed across her wrinkled face as she advised, “Little girl, you can’t stay on the mountain, especially at night. You’d better go down the mountain quickly.”

Qin Xi pretended to be interested and asked, “Auntie, the scenery is quite beautiful. I also heard that this is an active volcano, so I wanted to come up the mountain to take a look.”

It was late December, almost New Year’s Day. Although the mountains were covered with snow, the pine trees that were resistant to the cold were still green. This was also why Qin Xi said that the scenery was beautiful.

“Young lady, listen to my advice. There are many large wild beasts in the mountains. By the way, there are also wolves. At night, you can hear the wolves howling. It’s very scary.” A trace of fear flashed across the auntie’s eyes.

“Thank you, Auntie. Then we won’t go deeper. We’ll just stay here and play for a while. We’ll leave later.” Qin Xi knew that the auntie was being nice.

The auntie nodded and smiled. “Go back at dawn. The temperature here is low at night. The clothes you’re wearing are definitely not enough...”

Qin Xi nodded with a smile. After chatting for a while, the auntie carried the firewood and walked down the mountain with difficulty.

“I just read this auntie’s face. She has a hard life.” Qin Xi looked at the auntie’s back and sighed.

Han Shi raised his eyebrows and held her hand. He asked, “What do you mean?”

“She was the only one left in the family of five. Her husband, two children, and a daughter all died. Not only that, but if we hadn’t come, she probably wouldn’t have lived long.”

Han Shi immediately understood what she meant. His eyes darkened. “You mean the Yin family did it?”

Chapter 530 Puppet Man

Qin Xi nodded. Just now, she had absorbed the Yin energy on the auntie’s head and learned the whole story.

She looked into the depths of the forest. “Moreover, it’s not just her. The reason why there are so few people here is also because of the Yin family. It seems that these people really can’t be kept alive.”

Han Shi snorted, his eyes as dark as ink. “Then what are we waiting for? Let’s show them how powerful we are tonight.”

Qin Xi narrowed her big eyes. “They’ve done all kinds of evil. Killing them like this is too lenient.”

“That’s true.”

Han Shi suddenly thought of a good idea. He said, “Since they like to extract souls to make puppets so much, Xi, do you think we should give them a taste of their own medicine? Let them know what it feels like to be made into puppets too. How about that?”

“Xi, that’s a good idea.”

Han Shi pinched her nose and praised, “This way, no one will come to investigate.”

No matter what, murder was illegal.

Moreover, killing such a big family would definitely attract the attention of many hidden big shots. Their foundation was not stable now, and it was not the time to be high profile.

The two of them looked at each other and smiled in an unspoken mutual understanding.

About an hour later, the two of them arrived at the Yin family’s secluded stronghold at the fastest speed. The buildings were quite antique. At first glance, one would think that they had transmigrated hundreds of years ago.

However, there was an array formation outside the stronghold. As long as someone stepped into it, the people inside would know.

Of course, not everyone in the Yin family had the surname Yin. Those who were not from the Yin family needed a token to enter.

This token was equivalent to a key.

Back then, when Qin Xi killed the two black-robed men and took the token from them, she kept it well. Now, it seemed that this token was useful.

The two of them quietly approached the stronghold. There were basically no guards here, so no one noticed them sneaking in.

Qin Xi knew the terrain here. She pointed in a direction and looked at Han Shi. "Go over there."

Whoosh! Whoosh! Whoosh! Whoosh!

The two of them rushed in one direction at an extremely fast speed and soon arrived at a locked door. The door was iron and looked worn-out.

Han Shi blinked, as if asking Qin Xi what this place was.

The corners of Qin Xi's mouth curled up as she took out a bottle of pills. Although the name of the pill was not written on the bottle, it was not difficult to guess from her mischievous smile that this was not a good thing.

The door lock was easily opened without making a sound. There was no light inside. Qin Xi casually drew a fire talisman and the flames instantly lit up, illuminating the entire space.

This was actually a well house?

At that moment, Han Shi knew what Qin Xi wanted to do. As expected, Qin Xi took out three pills and threw them into the well.

After going out, the two of them went to the kitchen. Just in case, Qin Xi felt that it was necessary to tamper with the food.

However, before she could reach the kitchen, she bumped into a puppet
