

Mysterious 531

Chapter 531 Walking Dead

Puppet had consciousness but was not in control of itself. On the surface, it looked exactly like a normal person. Even its movements and speech were normal.

However, when they were told to die, even if the puppet was afraid, they would still do as they were told.

This was the terrifying part of the Puppet Manipulation Technique.

Just imagine, a conscious person was made into a puppet and controlled against their will. That kind of fear and despair was unimaginable. It was torture worse than death.

For example, now that the puppet saw that Qin Xi and Han Shi were strangers, it wanted to escape.

However, even though the puppet subconsciously wanted to resist its master's order, its body immediately assumed an attacking posture.

Just as Qin Xi was about to attack, Han Shi beat her to it and slashed at the puppet with his saber.

Logically speaking, with Han Shi's late-stage Earth-rank force, it was more than enough to demolish a car. It did not take much force to deal with a puppet. One-fifth of the force was enough to make the puppet faint on the spot.

However, that was not the case. The puppet only swayed its body before stabilizing itself and was about to strike back.

Han Shi was slightly stunned. He did not know that this was a puppet thought that he had encountered a master. Just as he was about to attack again, he saw Qin Xi summon the Chain of Darkness and tie the puppet up, wrapping it into a mummy, revealing only a pair of lifeless black eyes and nose.

"What's going on? I don't feel any energy fluctuations from her body. Why can she withstand a strike from me?"

A second ago, Han Shi was very puzzled, but the next second, he understood and asked in surprise, "Could she be?"

Qin Xi nodded and sized up the puppet's eyes. "This is a puppet, a walking dead with consciousness."

Han Shi gasped and said in shock, "This is a puppet? But she's no different from a normal person"

"Is there no other way?" Han Shi frowned. It was not that he sympathized with these people, but he felt that this was too cruel to a person.

Qin Xi had thought of a way before she came. She formed hand seals with both hands and muttered something. Suddenly, her right hand grabbed the void and pulled out the soul of the puppet.

They did not expect this puppet soul to be a young woman. The woman was beautiful, but her eyes were hollow and empty.

Qin Xi nodded. "What's your name?"

The woman's eyes moved slightly, but they were still hollow and lifeless. It was as if she did not hear Qin Xi's voice and was in a daze.

"I don't have much time. Answer whatever I ask you now. I can set you free."

"Set me free?"

The woman muttered, as if she was trying to understand what it meant.

"I'll give you a chance to take revenge now. Do you want it?"

Qin Xi knew that she could hear her and continued, "I can give you back your freedom, or I can let you stay here and watch the people who once harmed you become puppets. Which one do you choose?"

Chapter 532 Swap

"Is what you said true?"

When the woman heard about revenge, her eyes finally lit up. Her voice was trembling, and her eyes instantly turned red, looking like she wanted to eat someone alive.

"Can you really avenge me? As long as you can avenge me, I can promise you anything, even if it's my soul."

The woman floated in the air. When she heard that Qin Xi was here to destroy the Yin family, her eyes widened. She opened her mouth and was so excited that she did not know what to say. The black aura around her instantly soared, showing how excited she was. "As long as I can kill everyone in the Yin family, I'll do anything you ask me to do."

Qin Xi said with a smile, "I'm going to extract the souls of the Yin family and place them in these puppets. In the future, you will be their master. They will do whatever you want them to do. What do you think of this revenge?"

The woman looked at Qin Xi's smiling face and felt a chill run down her spine. However, she felt that this suggestion was very good. She couldn't wait to try.

However, she suddenly became worried. "But the Yin family is not easy to deal with. Master, you"

"You don't have to worry about that. As long as you agree, you will be the master of the Yin family in the future and can return the pain they've inflicted on you all these years."

"Alright, as long as you're willing to help me, I'm willing to listen to your arrangements."

Qin Xi nodded in satisfaction and told her the plan. "Very good. Find the person who turned you into a puppet. I'll swap you with that person. Then, I'll follow behind you and pretend to be your newly created puppet."

When the woman heard that Qin Xi was going to avenge her, she was naturally extremely excited.

"Alright, I'll do as you said."

She did not care if Qin Xi was lying to her or not. In any case, her current situation was worse than death. There was nothing to be afraid of.

**

The woman's name was Zhao Di. She had been captured and used as a puppet for more than 20 years.

Back then, because of a famine, her parents sold her to the Yin family as a servant girl. Her parents originally thought that Zhao Di was quite good-looking. If she became a servant girl in a rich family, not only would she be able to eat her fill and wear good clothes, but if the landlord took a fancy to her, her entire family might be able to soar and never have to starve again.

Unexpectedly, on the first day Zhao Di came to the Yin family, her soul was extracted. It was an unimaginable extreme pain. Now, more than 20 years had passed, and the pain was still vivid in her mind.

Just like that, she watched the Yin family commit all kinds of evil with her own eyes, but she was helpless. Even her every move was restricted and she couldn't die.

Pain, numbness, helplessness, despair

Zhao Di did not know how she had survived for more than 20 years, nor did she know how much longer she could last. She only wanted to die. However, death had become an unattainable dream for her.

When she was about to give up, she met Qin Xi, a person who said that she could set her free and avenge her.

Chapter 533 Cruel

Regardless of whether Qin Xi was telling the truth or not, Zhao Di was willing to give it a try. Even if her soul dissipated, she felt that it was worth it.

However, she had a feeling that Qin Xi, who had suddenly appeared, was someone worth trusting.

As expected, Qin Xi placed her soul back into the puppet and removed the manipulation technique cast on her body. This way, she would not be controlled and could move her body freely.

Although this was not her original body, Zhao Di was already happy.

"Alright, now we'll go and find the person who cast the manipulation technique on you and swap your souls to make you the master." Seeing that the puppet's eyes had become animated, Qin Xi smiled in satisfaction.

"Alright, let's go." Zhao Di sniffed and was about to walk out.

Qin Xi quickly stopped her and said helplessly, "Hey, wait, calm yourself down first. Also, you have to wipe your tears. As a puppet, you are not supposed to have any emotions. You have to do what you did in the past."

When Zhao Di realized it, she immediately scolded herself for being stupid. If she revealed emotions, they would know that something was wrong with her.

She quickly wiped her tears and took a few deep breaths. After adjusting herself, she looked at Qin Xi and said expressionlessly, "Let's go."

Qin Xi nodded and looked at Han Shi, who was putting pills into the water tank. He looked at the two of them and said with a smile, "I'm done. Let's go!"

Zhao Di hesitated for a few seconds before asking tentatively, "Are you going to follow me just like this?"

Qin Xi smiled and waved her index finger. Then, she drew talismans in the air. In an instant, two invisibility talismans were pressed on Qin Xi and Han Shi. As the invisibility talismans took effect, the two of them miraculously disappeared from Zhao Di's sight.

Zhao Di was dumbfounded. What was going on? Where were they?

Zhao Di's body stiffened and she was extremely shocked. However, after knowing how capable Qin Xi was, she was overjoyed.

Knowing that she had made the right bet this time, she took a deep breath and walked straight into Yin Changming's villa.

Zhao Di's master was Yin Changming, a child of the Yin family's second branch. His ability could be said to be in the top three of the Yin family. He was 39 years old this year and had several wives.

In the Yin family, every man would have multiple wives. The purpose of doing this was to give birth to more children so that they could choose talented ones to cultivate sorcery. As for those children who were eliminated, they were mostly made into corpse children.

It sounded very cruel, but cruelty was the inheritance of the Yin family.

The three of them entered Yin Changming's courtyard. There were two rows of puppets standing at the foot of the wall. These puppets did not seem to be afraid of the cold. Their eyes were empty and unfocused.

Zhao Di walked to the door calmly and was about to raise her hand to knock when she saw a thick black fog floating out from the crack in the door

Chapter 534 Soul Taken Away

Qin Xi knew this black aura the best. It was a Corpse Child.

Zhao Di held her breath. She pretended to be calm and bowed respectfully to the corpse child. She said calmly, "I have something to report to Lord Yin. Please inform him."

The corpse child gathered from the black fog and transformed into an ugly and terrifying child. It floated in the air and stared at Zhao Di without blinking. There seemed to be suspicion and confusion on its face as it asked in a sharp voice.

“Eh? Why do I feel that something is wrong with you?”

It muttered to itself, “But I can’t tell exactly what’s wrong.”

Zhao Di’s heart skipped a beat. She tried her best to hide the fear in her heart. “This is what I want to report to Lord Yin. Please allow me to see him.”

At this moment, Yin Changming was focused on studying the Puppet Technique. He was extremely dissatisfied with the Puppet Technique that had been passed down for generations. He also felt that there was a huge loophole in the Puppet Technique and wanted to improve it. However, the results of every experiment were negligible, so he wasted a lot of puppet corpses.

“What is it?”

At home, Yin Changming was dressed casually. He was not wearing the black robe that symbolized the Yin family. Just now, he had also heard Zhao Di and the corpse child’s conversation and was puzzled.

The moment the door was closed, Qin Xi and Han Shi quickly entered the room.

Yin Changming seemed to have sensed something and suddenly frowned. For some reason, he felt vigilant. He looked at the puppet with sharp eyes and his pupils suddenly constricted. He could immediately tell that the manipulation technique cast on Zhao Di had lost effect. His heart skipped a beat and he was about to cast the technique again.

However, his body suddenly stiffened, as if he was frozen and could not move at all. Yin Changming had a bad feeling.

Unfortunately, Qin Xi wouldn’t give the corpse child a chance. The dark chain burned with dark fire and quickly shot into the darkness. In the blink of an eye, the terrifying corpse boy turned into green smoke that floated into Qin Xi’s body and was absorbed.

Although Yin Changming could not see what was happening behind him, he could sense that the corpse child had already disappeared. That was the corpse child who had been with him for more than 30 years. It was precious to him.

He was filled with hatred, and his eyes were bloodshot. However, he couldn’t move or do anything. He could only pant heavily and glare at Zhao Di, wishing he could pull Zhao Di’s soul out and whip her ruthlessly. Even if she was reduced to ashes, it wouldn’t appease the anger in his heart.

Seeing the corpse child disappear so easily, Zhao Di was stunned. She didn’t care about Yin Changming’s reaction at all and opened her mouth in shock.

Qin Xi appeared and looked at Zhao Di. “Now, I’m going to swap your souls. Are you ready?”

Zhao Di nodded repeatedly. She was nervous and expectant. “Master, I’m ready. We can start now.”

Qin Xi wasted no time. She forcefully extracted Yin Changming’s soul bit by bit. Yin Changming grunted and blood flowed out of the corner of his mouth.

He widened his eyes in disbelief. Although he had never experienced the pain of having his soul taken away, he knew that it was a despairing pain. Generally speaking, people who could not withstand it would die on the spot, but even if they died, their souls would still suffer.

Chapter 535 Success

Yin Changming never expected that he would experience the pain of having his soul stripped away one day.

He was in so much pain that he wished he was dead. However, he knew that once he was dead, it was no longer possible to turn the table around.

Even though his soul had been stripped away, at the very least, he could be turned into a corpse boy by the Yin family to take revenge.

Yin Changming felt like a century had passed. The intense pain made his veins bulge and blood kept flowing out of his cavities, making him look especially terrifying.

What was suffocating and despairing was that he could not vent his anger or move. He could only stand there rooted to the ground and suffer the pain. His eyes gradually became hollow.

Qin Xi knew that she had to act quickly. Otherwise, once she was exposed, even if she and Han Shi joined forces, it would probably be difficult to deal with everyone in the Yin family at once.

With this in mind, Qin Xi sped up again and pulled out Yin Changming's soul and threw it into the puppet on the ground. Before Yin Changming could react, Qin Xi sent Zhao Di's soul into Yin Changming's body.

Zhao Di widened her eyes in disbelief. She looked at the puppet and then at her hand.

Seeing that she was in a daze, Qin Xi immediately reminded her, "This is not all. Your body still needs to be fixed. Do you know where Yin Changming put his valuable items, such as pills that can preserve the corpse and prevent it from rotting or hardening?"

Zhao Di immediately understood what Qin Xi meant. She quickly got up and jogged to the study. There was a rotating mechanism under the vase in the study. After spinning it gently, the wall on one side opened, revealing a dark secret room.

"Master, the place where he creates puppets is here. There might be something you want inside."

Qin Xi nodded. "Lead the way!"

She looked at Han Shi and instructed, "Stone, guard outside. I'll be out soon."

Han Shi reminded her seriously, "Be careful. Call me if you need help."

Qin Xi and Zhao Di entered the secret room and it automatically closed. Zhao Di found the lamp oil and lit the wick. The layout of the secret room immediately appeared in front of her.

There was a lot of space in the secret room where there were more than ten coffins. Opposite the coffins was a shelf with a dazzling array of jars. Qin Xi did not know what the jars contained.

Zhao Di walked to one of the jars and reached out to pick it up. Then, she opened it and a black beetle crawled out.

Zhao Di quickly grabbed it and took out something that looked like mud from another jar. As she wrapped the beetle in mud, she explained to Qin Xi.

“This is a kind of corpse worm fed with herbs. It can keep the corpse from rotting or hardening, and it doesn’t have any strange smell.”

Qin Xi thought to herself, “Isn’t this just a scavenger?”

Zhao Di wrapped the corpse worm up and swallowed it without even frowning. Seeing this, Qin Xi couldn’t help but feel her hair stand on end and she almost vomited the food she had eaten last night.

After eating it, Zhao Di felt the corpse worm swim through her body. She smiled at Qin Xi. “Master, I’m fine now. I can use this body for a long time.”

“Alright, let’s go out!”

Before the door of the secret room was opened, Qin Xi heard a voice outside. “Fourth Brother, what are you doing? Why are you angry?”

Chapter 536 New Teammate

“When is your master coming out?”

“I don’t know!”

“Huh? Why haven’t I seen you before?”

“I just got the job today!”

“Oh, Fourth Brother, you’re quite good at finding puppets. The puppets in this courtyard are all quite handsome.”

Qin Xi raised her eyebrows. When she heard Han Shi’s voice, the corners of her mouth twitched. He actually pretended to be a puppet and was quite good at doing it.

“Yo, she’s out!” Hearing the sound of the secret room door opening, the person outside said happily.

At this moment, a man walked in casually. The first person he saw was Qin Xi, who was as beautiful as a doll. His eyes lit up.

“Oh, Fourth Brother, where did you get this little beauty? Why did you not share her with us? You’re too bad.”

He stared at Qin Xi with a burning gaze and sized her up with a lewd smile.

“Little beauty, my fourth brother has a lot of good female companions. There are at least a dozen of them. If you go with him, you definitely won’t be favored. Why don’t you come with me? There are only

three females in my courtyard. I have plenty of time. Moreover, I'm gentler than my fourth brother. What do you think? Aren't you tempted?"

Qin Xi looked at him coldly and did not speak.

She did not need to say anything because she saw Han Shi looking at the man like he was looking at a dead person. He raised his hand and slashed at the back of the man's neck.

The man did not even have time to scream before he rolled his eyes and fell to the ground.

Han Shi kicked him twice before looking at Qin Xi and saying seriously, "Wifey, take away this beast's soul too. He doesn't look like a good person."

"Alright, I'll listen to you."

Qin Xi looked at Zhao Di. "Call over another puppet and ask him if he wants to be the new master."

Zhao Di nodded. "Alright, Master."

In a few seconds, Zhao Di brought a puppet over. "Master, the person trapped in this body is a man. He came here with me back then."

Qin Xi nodded and formed hand seals with one hand to extract the soul trapped in the puppet. What appeared in front of her was a handsome young man.

The young man's name was Sun Dong, and he was about 16 to 17 years old. His face was filled with numbness and despair, and his entire body was lifeless. His situation was worse than Zhao Di's.

Sun Dong's eyes were a little dull. He was frightened so much that he did not know what to do. He ran around like a fly.

"You, are you really Zhao Di? But look at you now"

When Sun Dong saw Yin Changming approaching, he instinctively froze on the spot. His eyes were filled with fear, and he was trembling violently.

Zhao Di explained patiently, "I'm really Zhao Di. Have you seen that puppet? The soul inside it is Yin Changming. We exchanged souls. It was this master who gave me a chance to avenge myself."

"Him? He's"

Sun Dong couldn't believe his ears. He looked at Zhao Di in disbelief and then at the puppet. It was difficult to imagine that this was actually true.

Zhao Di asked, "Let me ask you now. The master is giving you a chance to take revenge. Do you want to choose to take revenge? Do you want to switch bodies like me?"

"Can I do that too?"

Sun Dong pointed at himself in disbelief and was a little terrified. "If I can take revenge, I'll do anything."

Chapter 537 Luring the Prey

With Sun Dong's participation, Qin Xi's plan went much smoother. The mission she gave Sun Dong was to lure more Yin family members here so that she could annihilate them one by one.

At this moment, Yin Jun looked anxious and excited. He looked at his youngest son with uncertainty. "Has your fourth brother really fixed the flaws of the puppet technique?"

Yin Jun had always known that his fourth son was a promising talent.

Two years ago, Yin Changming said that there were flaws in the puppet technique and he wanted to fix it. At that time, Yin Jun did not believe him. After all, the puppet technique was passed down from his ancestors. How could it be improved so easily?

However, Yin Changming took it seriously. For two years, he basically did not go out unless there was a big family event. He had been staying in his courtyard to study puppet techniques.

Yin Jun did not expect Yin Changming to make it in just two years. How could Yin Jun, who wanted to fight for the position of the family head, not be excited?

"Oh, Dad, don't worry. If Fourth Brother said so, it must be true. You'll know when you go."

Sun Dong imitated Yin Changhua's voice and tone. "By the way, Father, go to Fourth Brother's place first. I'll go find Eldest Brother, Second Brother, and Third Brother and ask them to go over to take a look. Fourth Brother said that it's not good to make this matter public."

Yin Jun thought that it made sense and quickly urged, "Yes, yes, yes. Listen to your fourth brother. Hurry up and call the others over!"

Looking at Yin Jun's back as he quickly disappeared, Sun Dong snorted disdainfully. "Old fox, let's see if you can still laugh later. I'll wait for you to turn into puppets."

Then, he turned around and left.

In Yin Changming's courtyard, Zhao Di was pacing back and forth anxiously. Firstly, she was really nervous, and secondly, the purpose of doing so was to let the person who came know that she was really, really anxious.

As expected, the door of the courtyard opened and Yin Jun walked over in a hurry. When he saw Yin Changming waiting for him in the courtyard, he immediately asked, "Changming, is what you said true?"

Yin Changming nodded solemnly and made an inviting gesture. He said meaningfully, "Father, you'll know when you go in. Please don't get too excited!"

"Good, good, good. As expected of my son. Our second branch finally has a chance to rise. You did a good job." Yin Jun said excitedly.

He suppressed his emotions and walked into the house impatiently. "Let's go in and take a look."

Yin Changming bowed and pretended to be respectful. He did not forget to congratulate Yin Jun to make him lower his guard. "Father, with this, I think it's only a matter of time before you become the head of the family!"

Yin Jun laughed out loud. As he pushed open the door, he said, "You are right. I"

Before he could finish, a very powerful force dragged him into the house and the door closed with a bang

Looking at the closed door, Zhao Di knew that she had succeeded this round. The corners of her mouth curled up as she looked at the puppets on both sides. She pointed at one of them and said calmly, "You're next!"

Chapter 538 Qin Lan's Unwillingness

Not long after, Yin Jun's soul was extracted and swapped. Before the corpse boy on him could appear, he was devoured by the dark fire and became Qin Xi's nourishing food.

Just like that, Qin Xi and Han Shi secretly swapped the entire second branch of the Yin family. It was almost time for dinner, and the pills that Qin Xi threw into the well previously were going to play their part.

**

It was already dark in the winter evening.

On an uninhabited dirt road in Yunbei, a broken car finally stopped after driving for a day and a night.

Cao Dajun tightened his military coat and took a puff of the cigarette. He narrowed his eyes and looked at a small hill in front of him. "Alright, let's do it here. It's not safe in the city recently. Be vigilant and don't accept all kinds of customers. Also, get the women behind me to work harder. Whoever does a good job will be rewarded. Whoever slacks off, don't blame me for being rude."

Some time ago, because the business was too booming, it was reported by someone. If not for the fact that he bribed the police, they would probably be imprisoned now.

At the thought of the 2,000 yuan he gave out, Cao Dajun's heart ached. That was the fruit of their hard work for the entire summer, and it was gone just like that.

Helpless, they could only leave that place and find a new place to do business.

"Brother, this place is too desolate. Why don't we try to find a better one?" One of the sloppy men said in dissatisfaction.

Cao Dajun slapped him and said angrily, "What do you know? We have to keep a low profile, understand? If we get caught again, even 10,000 yuan will not be enough."

The sloppy man quickly wrapped himself in a thick coat and got out of the car. "Got it, Brother. I'll go now."

At this moment, in the car hopper, seven women huddled together under a big blanket, shivering as they hugged each other for warmth. They were wearing thin clothes. Although they were covered tightly, they were still trembling from the cold.

A few days ago, it was her who begged a customer to save her.

However, that coward actually chose to call the police. If Cao Dajun knew that she messed everything up, with his way of doing things, he would probably drag her to the wilderness and dismember her.

Now that she was in a different place, she had to plan an escape all over again. This way, she would be delayed for a long time.

Qin Lan sighed faintly. She wondered how the Qin family was doing. Did they realize that she was missing?

And Qin Xi, a name that she hated to the core. If she was given another chance, she would definitely make Qin Xi suffer a fate worse than death

A woman at the side looked at Qin Lan and thought that she was still thinking of escaping. She quietly looked away, thinking that if she did something wrong one day, she could tell Cao Dajun about Qin Lan's plan to escape to make up for her mistake.

Chapter 539 Don't Ever Let Her Appear

Bang, bang, bang. A series of knocks shocked the women. Before they could react, the curtain was lifted and a flashlight shone in, forcing the women to close their eyes to avoid it.

The sloppy man knocked on the car hopper, "Alright, alright, we're here. Get down and clean up the place. Hurry up. Also, Boss said that you have to behave yourself these days. If he finds out that you're up to no good, he'll kill you."

The woman nodded and said in a low voice, "Brother Fu, we understand."

Brother Fu snorted. "Let me remind you something. If one of you escapes, Boss will punish all of you. Be careful and don't even think about escaping, understand?"

The women jumped out of the car hopper. Although there were still long chains on their feet, it did not slow them down at all. Soon, the group of women set up the tent with a bonfire in the middle. Brother Fu and Cao Dajun sat at the side to warm themselves up. They had no intention of helping.

As Qin Lan worked, she stole glances at Cao Dajun. She hated him to death.

If not for the fact that she had been deceived by this man, she would not have ended up like this.

At first, she thought that Cao Dajun was just a human trafficker. She did not expect him to be the boss here. If she had known that this person was so dangerous, she would have rather stayed with the old bachelor, than come out and be forced to sell her body.

However, there were no ifs.

After traveling for a few days, they could finally rest. They sat around the bonfire to get warm. They nibbled on steamed buns and drank warm water. All of them lowered their heads, not daring to talk.

On the other hand, Cao Dajun suddenly said in a cold voice, "Xiao Hua, Xiao Hong, the two of you will sleep with me tonight. Same old rules. Do you hear me?"

Qin Lan was sitting beside Xiao Hua. From the corner of her eye, she saw that Xiao Hua's body suddenly trembled and her face turned pale. She did not understand what she was afraid of. Just as she was about to go over and ask Cao Dajun what the old rules meant, she heard Brother Fu's lewd voice.

"Then Lan and Juan, you'll sleep with me tonight. Lan, I like your tongue. It's really soft. Just thinking about it makes me excited" Brother Fu glanced at Qin Lan's red lips with a meaningful gaze and grinned, revealing his big yellow teeth.

Qin Lan's body stiffened. The steamed bun that she had just swallowed was suddenly so disgusting that she found it difficult to swallow. When she thought of the stench of this man, her stomach churned.

However, she did not dare to spit it out in front of Brother Fu. She could only suppress the disgust in her heart and smile at him.

Cao Dajun's gaze landed on Qin Lan's face, and a trace of disdain flashed across his eyes. Back then, he had tortured this woman a lot. At that time, he had no intention of abducting her. After all, he had heard that this woman had some background. It was said that she was the sister of the owner of Shangwan Village's orchard.

However, a man suddenly came to look for him and gave him 100 yuan to take Qin Lan away. The man only said, "Don't ever let her appear in Zhehai"

Chapter 540 Patriarch

That night, the sound of a woman screaming in pain came from Cao Dajun's tent. The scream was especially ear-piercing to Qin Lan, as if a knife was cutting her skin.

Sensing that Qin Lan was distracted, Brother Fu pressed the back of her head and stuffed her mouth. "Are you curious about what Boss is doing over there?"

Qin Lan's eyes rolled back. She held back the urge to vomit and did not dare to make a sound.

"He likes to use a stick the most" Brother Fu smiled evilly and even grabbed her wrist. "A stick the width of an arm entering your body. Don't you think it's fun? Isn't it exciting?"

At that moment, Qin Lan's hair stood on end, and her eyes were filled with endless fear

"How is it? Compared to Boss, do you still think I'm disgusting?" Brother Fu pinched her hard. Qin Lan did not even dare to make a sound. Her entire body was trembling, and her face was as pale as paper. She was on the verge of breaking down.

Seeing that she was really frightened, Brother Fu raised a leg and hooked it around her neck. He pointed at his butt. "Come, clean this place up too. If I'm happy, I'll make sure you won't end up in Boss's hand."

Qin Lan was suddenly pressed against his butt. The disgusting smell filled her nose. She finally couldn't help but vomit.

Brother Fu's face immediately darkened. He sat up and slapped her. "B*tch, how dare you despise me? It seems like you really need a good beating."

As he spoke, Brother Fu started to hit Qin Lan on both sides, making her see stars

**

At the same time, Qin Xi and Han Shi dressed up as puppets and walked around the entire Yin family.

Previously, Qin Xi had added some zombie powder into the well and the food in the kitchen.

Zombie powder, as the name suggested, was a drug that could freeze the body.

Anyone who drank the water tonight would be affected.

This gave them plenty of time to deal with everyone in the Yin family.

Of course, from the puppet in the family head's courtyard, Qin Xi learned that there was a person who would not drink or eat tonight. He was the Patriarch of the Yin family, a very powerful evil sorcerer who had been in seclusion for more than ten years.

After knowing that there was a patriarch in the Yin family, in order to be safe, Qin Xi used the dark fire to burn the head of the Yin family and absorb his memories.

Forbidden area.

Looking at the dark cave entrance, Qin Xi and Han Shi felt a vigorous force surging at the same time. It was not especially intense, but it was enough to make the two of them wary.

Qin Xi took out a pill from her pocket and handed it to Han Shi. She said solemnly, "This is the Essence Strengthening Pill. Take it with you. Remember to take it when you're in danger."

Seeing Han Shi's worried expression, Qin Xi said seriously.

"Listen to me. He's not someone the two of us can deal with alone. Later, I'll fight him to exhaust his energy. Take the opportunity to sneak attack him"

Seeing that Han Shi was about to speak again, Qin Xi frowned. "Don't be in a hurry to interrupt me. You don't know any spells. If you engage in the fight, you'll only be courting death. Listen to me, don't let your pride get the better of you. When the time comes, I'll give you a signal."
