

Mysterious 551

Chapter 551 Mu Di's Visit

At the same time, at Luoping Airport.

A young man with a noble temperament and a hint of arrogance on his face walked out of the jetway calmly.

"Young Master Mu! I've arranged a hotel for you. Do you want to go now?" A middle-aged man in a suit and leather shoes with black-framed glasses asked respectfully.

Mu Di felt the temperature in Luoping. It was obviously a few degrees colder than in the capital. However, when he thought of his goal for coming to Luoping this time, he couldn't help but smile.

"How's the matter I asked you to do?"

"Young Master Mu, we've almost reached an agreement, but..." The middle-aged man frowned slightly, wondering if he should say it.

Mu Di's eyes turned cold. "If you have something to say, say it."

The middle-aged man did not dare to be negligent and quickly told the truth. "It's like this. The person-in-charge of Sweet Dew went out for something at the last minute. There's still no news of when he'll be back. I asked his family before and they said that he might be back the day after tomorrow."

Mu Di nodded and got into the car. "In that case, let's go to the production side of the sweet dew fruits first. I heard that the sweet dew orchard is still producing fruit. I want to see how they can grow fruits in winter."

"Alright." The middle-aged man got into the car and drove away.

**

Shangwan Village.

At this moment, Shangwan Village was much livelier and richer than it was half a year ago. Some families even bought televisions and installed landlines.

Coincidentally, it was New Year's Day in two days. To the villagers, the holidays were a big day. Therefore, happy laughter lingered in the village.

This was the first time Mu Di felt such a warm and happy atmosphere. He was a little moved.

"Eh, who are you looking for?"

At this moment, a little boy who was about ten years old was wearing a cotton-padded jacket and carrying a stick on his shoulder. There was a palm-sized carp hanging on one end of the stick. He was looking at the car curiously.

The boy's face was red from the cold wind, but from his expression, one could tell that he was very happy.

The middle-aged man originally wanted to get out of the car and find someone to ask about the route. "Little kid, may I know where the Boss of the Sweet Dew Orchard lives? Can you help me lead the way?"

"Oh, so you're here to discuss business with Brother Han. You came at the wrong time. Brother Han is not at home. I heard that he went to another city. You'd better go back." The little boy was Han Shi's neighbor, Wang Qiang

"Kid, we know that he is not at home. We're just here to check out the orchard."

"Oh, you want to see the orchard? Alright, I'll show you the way."

In less than two minutes, Wang Qiang brought the two of them to Han Shi's house and shouted, "Grandpa Han, are you at home?"

When Blackie, who was lying in the courtyard, heard the sound of the car engine, it immediately pricked up its ears and narrowed its eyes. Then, a trace of disappointment flashed across its eyes before it continued to lie on the ground listlessly.

At this moment, when Wang Qiang shouted, Blackie raised its head again, shook its ears, and barked at the door.

Chapter 552 Young Master Mu Is Bullied by a Dog

"Grandpa Han, they're here to discuss business with Brother Stone, so I brought them here."

Han Dazhu held the fish and looked at the middle-aged man and Mu Di suspiciously, especially Mu Di. Not only was he wild-looking, but he also had an extraordinary aura.

He quickly invited the two of them into the courtyard enthusiastically. "Stone and his wife are not at home. I'm afraid you might have made a wasted trip."

"My name is Songshan. This is our young master, Mu Di. We've already discussed the business with Mr. Han. We're just here to see the legendary orchard." Songshan said with a smile.

"Oh, so you are here to see the orchard. Alright, I'll bring you there after I put on my clothes." With that, Han Dazhu quickly walked into the house.

Mu Di felt something pass by his feet. He looked down and saw that it was a large black dog. After a few months, Blackie had already grown to the size of an adult dog. Although its fur was glossy, a young master like Mu Di, who was obsessed with cleanliness, still despised it.

He immediately turned to the side and patted the place where Blackie had touched him.

The disdain was too obvious.

Blackie looked up at Mu Di, who was also looking at it. The man and the dog looked at each other silently. Then, Blackie swung its tail and slapped Mu Di's pants.

Mu Di was speechless. Perhaps it was his imagination, but he seemed to have seen a hint of provocation in the dog's eyes.

He looked at the dust on his pants before staring at Blackie and saying calmly, "Stupid dog."

Blackie immediately flared up and bared its teeth at Mu Di. It let out a low roar, its eyes filled with ferocity. Its body was in an attacking state, as if it would pounce on Mu Di at any moment.

Mu Di and Songshan's eyes widened, and their expressions froze at the same time. Their bodies involuntarily stiffened, and they broke out in cold sweat. They did not dare to move, as if as long as they moved, Blackie would pounce on them and teach them a lesson.

Mu Di had never thought that he would be threatened by a dog one day. He was the second son of the Mu family and a famous figure in the capital. Now that he came to this godforsaken place, he was provoked and threatened by a dog. Who would believe it?

However, when he thought of his disrespectful actions just now, a trace of embarrassment flashed across his eyes. At the thought that he might be chased by a dog, he gave in and said apologetically, "Sorry, I was rude just now. Please don't take it to heart."

Songshan was stunned. What did he just hear? The arrogant Second Young Master actually apologized to a dog. Was he hearing things or was he hallucinating?

However, what was even more unbelievable was that the big black dog, which was originally fierce, actually seemed to understand and stopped baring its teeth.

Mu Di heaved a sigh of relief. He clenched his fists so tightly that cold sweat broke out on his palms.

"Young Master Mu"

Songshan was so shocked that he did not know what to say.

Chapter 553 Not Interested

Han Dazhu brought the two of them all the way to the back of the mountain. When they passed by a courtyard, they happened to see Tong Tong sitting on Wang Zhiqiang's neck.

Seeing Blackie running over, Tong Tong immediately smiled and shouted in a clear and childish voice, "Blackie, Blackie, I want Blackie ~"

Wang Zhiqiang also saw Han Dazhu and the two unfamiliar people beside him. He narrowed his eyes and walked over. "Old Master Han, where are you going?"

"Zhiqiang, these two want to discuss a collaboration with Stone. Since Stone isn't at home, I'll bring them to the orchard at the back of the mountain to take a look."

"Are you babysitting Tong Tong? Where are the others?" He asked casually with a smile.

"They're training." Wang Zhiqiang helped the little girl off his neck and threw her into Han Dazhu's arms. "I have nothing to do anyway. Uncle Han, why don't I bring them there?"

He could feel that Songshan and Mu Di were not as simple as they seemed on the surface. In case anything happened, it was better for him to take them to the orchard.

Han Dazhu looked at Mu Di and Songshan. Then, he said, "Alright, I'm too old to climb the mountain, so I won't go up. Young Master Mu, is that ok?"

Mu Di looked at Wang Zhiqiang. He was tall and strong, and his muscles were tense and well-developed. From his body, Mu Di could feel an explosive and murderous aura.

He did not expect a person like him to appear in a small place.

“Sure!”

The three of them walked up the mountain in silence.

Wang Zhiqiang had always been taciturn. He had nothing to say to people he did not know. Besides, he had yet to figure out the identities of these two people, so he would not take the initiative to talk to them.

However, Mu Di was very interested in Wang Zhiqiang. He smiled and asked, “May I know your name?”

Wang Zhiqiang glanced at him and said in a low voice, “Wang Zhiqiang.”

“Mr. Wang, are you a retired soldier?” Mu Di asked.

Wang Zhiqiang knew very well that his walking posture and aura could not be hidden from some people, so he did not hide it. He nodded honestly.

“Mr. Wang, do you have a job?”

Wang Zhiqiang nodded again.

“Oh? May I ask what kind of job you do?” Mu Di asked with interest.

Mu Di raised his eyebrows in surprise. He did not expect Wang Zhiqiang to be so observant that he could even guess this.

He did not admit or deny it. Instead, he continued, “I wonder if Mr. Wang is interested in working for me. It’s a waste of talent for someone like you to be here.”

Wang Zhiqiang said concisely, “I’m not interested.”

Mu Di raised his eyebrows slightly. This was the first time someone was so disrespectful to him.

Chapter 554 Celestial Body

Sweet Dew Orchard.

When Zhang Dujuan, who had been guarding the orchard, saw that it was Wang Zhiqiang, she immediately walked over with a smile. “Brother Wang, why are you free to come today?”

Wang Zhiqiang relaxed slightly. “I’m bringing the client over to take a look.” He looked around and did not see Tie Niu and Da Niu. “Where are the two of them?”

“Brother Wang, you still don’t know, right? Something entered the orchard last night and ruined many fruits. The two of them went into the orchard early in the morning to catch that thing.”

Wang Zhiqiang really did not know about this. He frowned. "This is not a small matter. Go and ask Thunderkill and the others to help."

The Sweet Dew Orchard was the foundation of Qin Xi and Han Shi's business. Nothing could go wrong here. However, he was confused. Qin Xi had once said that this orchard was protected by an array formation and talismans. How could something have entered?

"Alright, I'll go and get people to help now." Zhang Dajuan turned around and ran into the village.

Mu Di narrowed his eyes, a trace of doubt flashing across his dark eyes. "Mr. Wang, isn't there anyone guarding such a big orchard?"

It had to be noted that Sweet Dew Fruit was even praised by his father. If his father couldn't eat two every day, he would feel uncomfortable. However, the fact that the orchard was not heavily guarded was strange.

Mu Di and Songshan looked at each other and saw disbelief in each other's eyes.

**

It was not easy for Qin Xi and Han Shi to go on a trip together, so they naturally had to play for two days.

At this moment, they were in a mountain temple. It was a nunnery called Green Lotus Nunnery. It was said that the incense offerings in Green Lotus Nunnery was bountiful, and many tourists came because of its reputation.

Qin Xi and Han Shi held hands and strolled around Green Lotus Nunnery. They listened to the chants and admired the snowy scenery around them, feeling relaxed and happy.

At this moment, a nun walked over with curiosity in her eyes. She looked at Qin Xi. "Amitabha. benefactor, the abbot invites you in!"

Qin Xi glanced at Han Shi, and a trace of confusion flashed across their eyes. Qin Xi pointed at her nose and asked with a frown, "Me?"

"Yes, Benefactor. The abbot said that you have the celestial body," The nun said.

"Celestial body?" What does it mean?

Han Shi looked at Qin Xi in confusion.

Qin Xi's body stiffened, and a trace of panic flashed across her face. Then, she quickly calmed down. She was no longer the Qin Xi who was weak and powerless.

Qin Xi suppressed her panic. "Alright, please lead the way. Stone, wait here. I'll be back in a while."

Han Shi pursed his lips and insisted, "I want to go with you. I'm not going in. I'll just wait at the door."

Qin Xi knew his temper and sighed helplessly. "Alright!"

Not long after, Qin Xi and the nun came to a simple and elegant meditation room. The nun knocked on the door gently. "Abbot, she is here."

“Come in!” The voice was calm and flat, but there was an inexplicable dignity in it.

The door opened with a creak. The nun did not enter. Instead, she closed the door gently when Qin Xi entered.

Qin Xi subconsciously sized up the meditation room.

The meditation room was not big and the layout was very simple. Apart from the futon and tables and chairs, there was nothing. It was spotless. It was obvious that someone often cleaned it.

At that moment, a kind-looking nun was sitting cross-legged on the futon.

Chapter 555 Moonlight Buddha Bead

“Venerable, what do you mean by ‘Celestial Body’?”

Qin Xi could see the calmness and indifference in the nun’s eyes. Her body was emitting a golden light, and she looked like a person who had accumulated great merit.

“Benefactor, please take a seat.”

The nun did not answer. Instead, she pointed at the futon opposite her.

Qin Xi pursed her lips and walked over to sit down. She looked at her fixedly, as if she wanted to see something from her face.

“Benefactor, don’t be anxious. I mean no harm.” Seeing that she was a little nervous, the nun smiled kindly.

Qin Xi suddenly chuckled. “You’re overthinking. I can tell that you’re a person with great merit. I just don’t understand what you mean by ‘Celestial Body’.”

The nun shook her head. A trace of sadness flashed across her amiable face as she sighed.

“To be honest, I don’t have the ability to know that you have a celestial body. I was only told so by my predecessor.”

Qin Xi did not interrupt. Instead, she listened quietly.

The nun said calmly, “My predecessor once said that only one person can save the Green Lotus Nunnery, and that person has a celestial body. I want to ask you to help us tide over the crisis.”

Qin Xi’s eyes flickered. “How did you know that I had the ability to help you tide over this crisis? How did you know that I would definitely help you?”

The nun seemed to have expected Qin Xi to say this. She immediately put on a serious expression.

“This nunnery has a supreme treasure called the Moonlight Buddha Bead. It can bring you back to your previous life. I know very well that you have a knot in your heart. The Moonlight Buddha Bead will be yours if you can help us.”

Qin Xi suddenly clenched her fists on her lap, feeling nervous and suffocated.

She said with difficulty, "You mean... I can go back to my previous life?"

How was this possible? Why was such a treasure in an inconspicuous nunnery?

Seeing that Qin Xi didn't believe it, the nun said, "There's no need to doubt it. You'll know if this is real or fake once you give it a try."

She took out a small square box from the side and placed it in front of Qin Xi. "In this box is the Moonlight Buddha Bead. You can open it and take a look."

Qin Xi opened the box slowly. Inside the box lay a round and translucent jade bead.

Her hand seemed to have touched an invisible barrier. No matter how hard she tried, she could not pass through it.

"What's going on?"

Qin Xi did not think that the nun was fooling around with her.

The nun shook her head. "I don't know."

Otherwise, she wouldn't have handed the box to her directly.

"My predecessor once said that this thing is a worthless bead to everyone, but to people with a celestial body, as long as this bead is injected with their power, it can be solved. Why don't you give it a try?"

Qin Xi frowned and pondered. After a moment, she activated the Mystic True Qi in her body. She reached out again, and the faint barrier had already disappeared. She easily picked up the jade bead.

There seemed to be a cool and vast power flowing in the Moonlight Buddha Bead. Holding it, Qin Xi felt comfortable.

"How can I dream of my previous life?" Qin Xi raised her eyebrows, her eyes filled with eagerness.

Chapter 556 Back to Her Previous Life

A drop of blood dripped into the jade bead. The blood quickly spread to the entire bead. A moment later, the transparent bead turned blood-red.

Qin Xi felt dizzy and fainted. When she opened her eyes again, she heard someone nagging at her.

"I told you to go to bed early last night, but you didn't listen. You stayed up late until midnight. I don't want you to be outstanding. Why are you studying so hard for university? If you fall sick, it won't be worth it."

"Don't stay at home all the time. Go out and play with your classmates more. You're not a robot. You're still young. Go out and play around."

"Didn't your father give you pocket money? If it's not enough, I'll give you some more. Go out and buy some clothes. You only wear the same clothes everyday."

"Did you hear me?"

"Xi?"

Mrs. Qin, who was busy cleaning the house, did not hear her daughter's reply. She stopped what she was doing and turned around, only to be stunned.

She quickly walked over in a panic and asked worriedly, "What's wrong? Why are you crying? Did someone bully you?"

Mrs. Qin sat by the bed and hugged the girl with tears streaming down her face. She gently patted her back and said softly, "Don't cry, don't cry. My good daughter, don't cry. Mommy is here. Don't be afraid!"

Mrs. Qin's embrace was very warm and comfortable, making Qin Xi feel safe and secure.

How long had it been since she was hugged by her mother? Qin Xi hugged her mother tightly, afraid that her mother would disappear in the blink of an eye.

Although she knew that this was not real, as long as she could see her parents alive, why would she care if it was real or fake?

"Mom... I miss you so much!"

At this moment, Qin Xi exploded with all the emotions she had been suppressing for the past few years. When she thought of how her parents were killed while protecting her, her heart felt like it was being slashed.

Mrs. Qin patted her head lovingly. "Silly girl, why are you suddenly so emotional? Did something happen? Tell me. I'll protect you."

Smelling the familiar scent on her mother's body, Qin Xi's eyes turned red again. Her voice was trembling. "Mom? Is it really you?"

Mrs. Qin smiled silently and stroked Qin Xi's head. "What's wrong with you today? Why are you asking such a silly question? Did you have a nightmare?"

Qin Xi looked up at her mother with tears in her eyes. "Mom... I miss you."

"Alright, alright, alright. I miss you too. Don't cry anymore. If you continue to cry, you won't be pretty anymore."

Qin Xi did not want to cry either, but tears streamed down her face uncontrollably. She stared at Mrs. Qin, sniffed, and asked in a hoarse voice, "Mom, where's my father?"

Mrs. Qin smiled and said with a gentle gaze, "Your father will be back tonight from a business trip. He just called and said that he brought you a gift. He asked you to wait at home."

Qin Xi smiled through her tears. "I'm already so old. Why did he still treat me like a child?"

Mrs. Qin rubbed her head and said in amusement, "I wonder who was crying just now. Now, you're saying that you are not a child?"

Qin Xi blushed and felt a little awkward.

Chapter 557 Enemy From Her Past Life

"Alright, get up quickly. It's rare for you to have a day off today. I'll take you to the mall to buy a few beautiful dresses."

Mrs. Qin smiled dotingly and stood up. She put away the things that she had not finished packing and instructed, "Come and eat after washing up!" before leaving.

Looking at Mrs. Qin leave, tears streamed down Qin Xi's face again. She thought to herself, "Mom, Dad, I'm back. This time, I definitely won't let what happened in my previous life happen again."

When she thought of the answer she heard before she died in her previous life, a trace of bloodthirstiness flashed across her eyes. Was it the Hong family in the capital who did it?

Qin Xi's eyes were filled with hatred. She knew very well that she might wake up from this dream at any time. If she missed this opportunity, she would have to endure the pain and regret of her previous life forever.

It seemed that she had to hurry up.

Looking at the time and date, her eyes widened. There were only three days before her parents were killed. When she recalled the scene of her parents dying to save her, she immediately gave off a murderous aura.

At the same time, in the Hong family's residence in the capital.

"Grandpa, I found it. The spirit crystal is with this family."

A man in a suit and leather shoes ran excitedly to an old man with white hair and handed him the phone. "Grandpa, look, is this it?"

The old man was also shocked. He immediately picked up the phone. When he saw the pendant around Qin Xi's neck, his eyes lit up and his body trembled with excitement.

"That's right. This is it. We've finally found it. Good, good. Lin Jun, quickly bring the thing back. By the way, this matter is very important. No one is allowed to know about it, including this family. Anyone who knows must be eliminated at all costs. Do you understand?"

After the old man calmed down, he immediately became serious and nervous. He instructed seriously, "Remember, the Hong family's prosperity depends on this. Lin Jun, don't disappoint me!"

Hong Linjun's expression turned solemn as he said respectfully, "Grandpa, I understand. I promise to complete the mission."

With that, he turned around and left.

After he left, the solemn expression on Old Master Hong's face disappeared and was replaced by crazy laughter. "Hahahahaha, I've finally found it. I've finally found it..."

After so many years, when he was about to give up, he finally received news of it. It was worth waiting for so many years.

It was worth it!

On the other side, after Qin Xi and her mother finished eating, they drove to a nearby mall. Just as they parked the car, Qin Xi saw two sneaky figures from the corner of her eye.

Previously, Qin Xi had already felt that these two people were very suspicious. Now that she thought about it, it must be because that family couldn't wait anymore. Since they wanted to die so much, she would grant them the wish.

Mrs. Qin shook her head helplessly and said, "Alright, go and buy it if you want, but don't drink too much. It's not good for your health."

Qin Xi leaned on Mrs. Qin's shoulder with a smile. "I know you're the best. Just one cup, I promise!"

Chapter 558 Mental Connection

When the two bodyguards hiding in the dark saw Qin Xi go to the shop beside to buy milk tea, they immediately followed her.

Previously, their master had called and ordered them to keep an eye on the little girl. Not only her, but also the necklace on her neck. Although that necklace looked ordinary and had no value, they had no choice but to listen to their master. Besides, she was just a little girl. There was nothing to worry about.

After Qin Xi bought two cups of milk tea, she turned into the mall from another entrance and went straight to the top floor.

Seeing this, the two bodyguards immediately took another elevator and followed her. However, when they reached the top floor, they looked around but did not see Qin Xi.

The two of them were anxious.

"Did she go to the toilet?"

"That's possible. You wait outside the toilet. I'll look elsewhere. Meet in the hall when the time comes."

"Alright, go ahead!"

The two of them split up. One of the bodyguards stood outside the toilet and paced back and forth nervously. Five minutes had passed, but Qin Xi was still nowhere to be seen. He gritted his teeth and planned to find a woman to go in and look for her.

However, at this moment, his neck suddenly felt like it had been bitten by a mosquito. Before he could slap it, he felt his entire body go weak and his vision blurred. However, this only lasted for an instant before he returned to normal.

However, Qin Xi was not inside at all. When she returned to the hall, the two bodyguards met up. The two of them shook their heads. "Let's go and find that girl's mother."

On the other side, Qin Xi took a drop of blood from the bodyguard and smiled strangely. She found a secret place and began to make hand seals with both hands. She chanted a curse and connected the bodyguard's consciousness with her. Of course, it was a one-sided connection.

This was the first time Qin Xi had used this spell since she advanced to another realm. It was a very powerful mind connection. As long as she took a drop of blood from the other party, she could see everything the other party was seeing.

After returning to her mother's side, Qin Xi began to shop in the mall.

The Qin couple only had one daughter, so they treated her like the apple in their eyes.

Mrs. Qin took a fancy to a white dress. The hem of the dress was embroidered with peony, making it look dazzling. It was decorated with a row of pearls and was very beautiful. "Xi, I think this dress suits you very well. Do you want to go in and try it?"

Qin Xi also felt that this dress suited her very well. She held the dress and smiled brightly. "Alright."

Chapter 559 The Truth About Her Previous Life

The mother and daughter bought a lot of things before returning home. As soon as Qin Xi lay on the bed, she heard the voice of the bodyguard talking to someone.

"Master, they've already gone home."

The man he was talking about was Qin Xi's father.

The bodyguard said, "I did. They said that he'll be back tonight. Master, do you want me to do it?"

"There's no hurry. Do it when the three of them are at home. Also, you have to find out the origin of the pendant and who else knows about it. Don't let go of anything."

"Got it!"

"Be careful and get rid of everyone who knows about this." The voice was so cold that it made people shiver.

The bodyguard said, "Roger that!"

After hanging up, the bodyguard wiped the cold sweat off his forehead and looked at the other bodyguard beside him. His voice was a little trembling.

"What secret do you think is hidden in the pendant? Is it worth Master going through so much trouble to get it and even kill all the people who know about it?"

Bodyguard B's expression was very solemn. His eyelids kept twitching. He pursed his lips and said, "I don't know what secrets are inside the pendant. I only know that Master doesn't want anyone to know about this. What do you think will happen to us if we know so much?"

Bodyguard A's face turned pale. He gasped and widened his eyes. "You mean"

Bodyguard B pondered for a moment. "No matter what, it's better to be safe than sorry. Since we don't know what the future will be, we have to think of a plan b for ourselves."

Bodyguard A asked, "What do you want to do?"

Bodyguard B narrowed his eyes. "We'll do what Master said. The two old ones have to die. As for the young girl we'll give her a chance to escape first and think about how to use her to our advantage later."

"Alright, I'll listen to you."

Hearing their conversation, Qin Xi finally understood why those people only killed her parents and did not kill her.

It turned out that the truth behind why she could escape in her previous life was that they were afraid that they would be silenced after carrying out the mission.

She sneered and sat up. She went to the kitchen and looked at Mrs. Qin, who was still busy cooking. She drew a talisman in the air. A golden light flashed and the backlash talisman was attached to Mrs. Qin's body.

With this talisman, at least Mrs. Qin's safety would be guaranteed. When Mr. Qin returned, she would give him a talisman too. This way, she would have time to go to the capital to deal with the mastermind.

Just as she was thinking this, the sound of the door opening came from the entrance. Qin Xi's heart skipped a beat as excitement, nervousness, and anticipation surged out.

She knew that her father was back. The father who had been tortured to the point of being unrecognizable and protected her was back.

Qin Xi felt a lump in her throat and tears almost fell. She quickly composed herself and ran to the door to open it.

"Dad"

Qin Xi threw herself into Mr. Qin's arms, causing him to stagger.

When Mr. Qin, who was originally exhausted, saw that it was his daughter, he immediately smiled and patted Qin Xi's back to comfort her.

"Aiyo, sweetheart, you're already a big girl."

"Dad, I miss you."

Qin Xi wrapped her arms around Mr. Qin's neck and refused to let go. In order not to make Mr. Qin suspect anything, she immediately reached out and asked, "Dad, Mom said that you would bring me a gift. Where's my gift?"

Mr. Qin was speechless. So she was so enthusiastic because she wanted a gift!

Chapter 560 Attack

"Dad, Mom, does it look good?"

After putting on the crystal shoes bought by Mr. Qin, Qin Xi walked back and forth in the living room, showing off.

Mr. Qin chuckled. "Yes, my daughter looks good in anything. You are as good-looking as your mother."

The corners of Qin Xi's mouth twitched. "Dad, if you want to praise me, just praise me. Why do you have to mention Mom every time? I know you two are loving. Can you consider my feelings?"

Mrs. Qin glared at her. "How can you say that? How rude."

Qin Xi stuck out her tongue and muttered, "I'm just stating the fact. Father talks about you all the time. It makes me feel like I'm an extra."

"Don't be so cheeky."

Mrs. Qin blushed and tapped Qin Xi's forehead with her fingertip. "Alright, wash your hands and eat. I made your favorite braised pork today."

"Yay! I can't wait."

Qin Xi kissed Mrs. Qin on the cheek and ran to the bedroom with a smile to change into a pair of slippers.

On the other side, Bodyguard A and Bodyguard B, who lived opposite Qin Xi's house, were still waiting for the right time. When it was almost eight o'clock, the two of them prepared their things and decided to make a move.

Qin Xi knew that the two of them were about to make a move. She stood up and stretched. "Dad, Mom, I'll go dump the trash. I ate a little too much just now. I'll take a walk outside."

"Alright, be careful and come back quickly," Mrs. Qin reminded.

Qin Xi took the trash bag and made an OK gesture at the two of them.

She took the elevator down, threw away the trash bag, and slowly walked towards the two bodyguards.

Bodyguard A and Bodyguard B were still discussing how to make Qin Xi escape successfully without being discovered by their master when they saw a beautiful woman in a gauzy nightdress walking over.

Due to the dim street lamps, the two bodyguards could not see the pretty girl's face clearly.

However, as she walked closer, the two bodyguards frowned at the same time and looked at each other.

Previously, they were still thinking about how to let Qin Xi escape unintentionally. Wasn't this a perfect opportunity?

As long as they carried out the mission before Qin Xi came back, their plan would naturally succeed.

Unfortunately, reality gave them a good slap on the face.

When Qin Xi walked past the two of them, she quickly tapped their acupoints. Before the two of them could react, they were frozen like statues.

Their eyes were filled with shock, and their hearts skipped a beat. They realized that she must have known something.

The two of them suddenly narrowed their eyes and broke out in cold sweat.

Qin Xi was very satisfied with their reaction.

“You’ve seen what I’m capable of. If you want to live, you’d better cooperate with me. Otherwise, I’ll kill you all.”

Her voice was light, as if she was talking about something insignificant, but to the two of them, she was as terrifying as a demon.

“Now, answer whatever I ask you. Otherwise, you know the consequences.”

The bodyguards blinked their eyes, as if to say, “I’ll tell you everything I know!”

Qin Xi touched the pendant on her neck. “Why is your master looking for this? How did you find me?”

Bodyguard A’s eyes widened. He said in shock, “You actually know?”

Qin Xi’s eyes darkened. “Answer me!”
