Chapter 561 The Hong family

Bodyguard A was shocked and cold sweat instantly broke out on his forehead. He did not dare to delay and replied.

“We don’t know why our master spared no effort to find this pendant. Master has been secretly looking for this pendant for more than ten years.”

Qin Xi continued to ask, “Who is your master?”

“Hong Linjun from the Hong family in the capital. He’s the grandson of Old Master Hong and the young master of the Hong Corporation. He’s also the future head of the Hong family. He’s very powerful in the capital and is a very ruthless person.”

Qin Xi sneered.

“Hong family?”

A dark glint flashed across Qin Xi’s bloodthirsty eyes. “Tell me about the Hong family. Remember, I want to know everything.”

Bodyguard A did not dare to hide anything. “Elder Hong has three sons. His eldest son, Hong Yuyan, is the CEO of the Hong Corporation. Hong Linjun is his child and is very valued by Elder Hong.”

“The second son, Hong Yulong, inherited other businesses of the Hong Corporation. His status is not inferior to that of the eldest son. He has two children, a boy and a girl. The boy works in the company while the girl is studying abroad.”

“Hong Yufan, the third son of the Hong family, has a position in the bureaucracy. He only has one daughter who works in the police department.”

“The three sons all have illegitimate children. Because Elder Hong is very strict about family rules, those illegitimate children are not recognized and can only be raised outside.”

“That’s all I know.”

Qin Xi smiled meaningfully and said calmly, “What about the illegal business they are involved in?”

Bodyguard A swallowed his saliva and a trace of fear flashed across his eyes. “The Hong family has many secrets that can’t be brought to light, but it’s not something small fry like us can know.”

Qin Xi said, “Who knows about the crimes the Hong family is committing over the years?”

“Butler Hong. He knows everything about everyone in the Hong family, but not including Elder Hong.”

In the entire Hong family, no one was innocent. They were all involved in something nasty.

Not only that, but the people of the Hong family were also very vicious.

Qin Xi was deep in thought. After a moment, she looked at Bodyguard A. “Butler? Very good. I want to see this butler.”

The bodyguard's face turned pale, and a trace of fear flashed across his eyes. "You, you want to see the butler? I advise you not to see the butler."

"Oh? Why?" Qin Xi raised her eyebrows.

The bodyguard swallowed his saliva and said, "The butler only listens to Elder Hong. His status in the Hong family is quite high. Apart from Elder Hong, the butler is the second person in charge. He's the kind of figure respected by the rest of the Hong family."

Qin Xi understood now. The butler was probably Elder Hong's strategist.

Chapter 562 The Hong Family's Old Residence

After 'throwing the trash', as Qin Xi walked back leisurely, she was thinking of an excuse to leave home to settle the matter.

At this moment, the phone in her pocket rang. It was from her deskmate, Jiang Li. Her eyes lit up and she quickly picked up the call. "Hello, Jiang Li, do me a favor..."

When Qin Xi entered the house, she was still talking to Jiang Li on the phone and speaking in a voice her parents could hear.

"I can, but it'll be too late after that. It's not safe to go home."

"Then stay at my house. It's not like you haven't been to my house before."

"But..." Qin Xi hesitated.

"Aiya, no buts. Please. The final exam is coming soon. If I mess it up, my mother will definitely nag me to death. Xi, you don't want your deskmate to die young, right? We're best friends. If you don't help me, I might as well die."

"Please ~" Jiang Li began to wheedle.

Qin Xi coughed awkwardly and stole a glance at her parents watching television on the sofa. "Um, I have to ask my mother first. Wait a moment."

Qin Xi's parents looked at her the moment she entered and roughly understood what was going on. Qin Xi's mother asked, "Is Jiang Li asking you to tutor her?"

Qin Xi scratched her head and said in embarrassment, "Yes, the exam is coming soon, so she asked me to go to her house to tutor her for three days..."

"Then go. When you are at her house, remember not to be too unruly. Don't stay up too late at night and get up early in the morning." Mrs. Qin stood up and asked, "When do you plan to go?"

"Tomorrow after class," Qin Xi said.

"Alright, I'll help you pack up. You probably need two nightgowns and a change of underwear and socks. Oh, and toiletries..." Mrs. Qin nagged as she walked into Qin Xi's bedroom.

Qin Xi was speechless. "Mom, there's no need to prepare so much stuff. Jiang Li has everything. Just prepare a nightgown."

The next day, Qin Xi and Bodyguard A took a plane to the capital. An hour later, the plane landed.

The closer they got to the Hong family, the more nervous the bodyguard became. He wiped the cold sweat off his forehead and hesitated for a moment before finally mustering his courage to say, "Uh, Miss Qin, actually..."

"Are you trying to say that with your status, you are not allowed to see the butler at all?" Because of the spiritual connection with the bodyguard, Qin Xi knew what he was thinking.

The bodyguard smiled in embarrassment. "Yes, I'm just an insignificant bodyguard."

The bodyguard asked in shock, "Are you really going to give this to them?"

Although he did not know why Qin Xi insisted on seeing the butler, since she had already said so, he would do as she said. In any case, his life was in her hands and he had no room to refute.

Soon, they arrived at the Hong family's old residence.

When Qin Xi saw the Hong family's old residence, she finally understood what a real big family was like.

Previously, she had also been to the Yin family's stronghold in the deep mountains. It was extremely spectacular, but it was nothing compared to the old residence of the Hong family.

#### Chapter 563 Scared to Death

The car stopped at the entrance of the Hong family's house. Two guards immediately surrounded the car and checked the people inside.

Initially, the bodyguard was still nervous about Qin Xi being discovered. However, when he stole a glance at the rearview mirror, he saw that there was no one in the backseat at all, as if the person who had just spoken to him was a ghost.

The bodyguard was so frightened that he broke out in cold sweat. He held the steering wheel tightly with both hands, his heart beating so fast that it seemed like it would jump out of his chest at any moment.

"Hey, are you alright?"

At this moment, after the guard checked that there were no problems, he asked the bodyguard with concern.

"No, it's nothing. I just... want to go to the toilet badly, so..." The bodyguard immediately made up something to brush the guard off.

The guard nodded in understanding and held back his laughter. "I understand, I understand!"

"Can I go in now?" The bodyguard suppressed his nervousness and asked the guard.

"Sure."

The guard swiped his card and the front gate opened with a beep. The bodyguard quickly stepped on the accelerator.

At this moment, the bodyguard was still puzzled. Just now, he was sure that Qin Xi was sitting behind him, but why had she disappeared in the blink of an eye?

What exactly happened?

Just as he was at a loss as to what to do, a familiar cold voice suddenly came from behind. "Are you looking for me?"

The bodyguard was shocked by the sudden voice. His hand trembled and the car almost hit the curb. When the guard at the gate saw this, he laughed out loud and said to his coworker, "It seems like he's about to piss his pants."

On the other hand, the bodyguard widened his eyes and looked at the backseat in disbelief. However, after looking left and right, he did not see anything.

Immediately, he felt a chill run down his spine and wondered if he was haunted.

"Miss... Miss Qin?" He called out softly.

Qin Xi said again, "Keep your eyes on the road."

The bodyguard was struck dumb.

"O-Okay."

He did not dare to say anything else and quickly sat up straight. His body was tense, but from time to time, he would glance back in the rearview mirror, afraid that Qin Xi would suddenly appear and scare him to death.

Soon, they arrived at the parking lot that was used by the servants and guards. There was a much larger parking lot not far away where the Hong family parked their cars.

"Get out." Qin Xi frowned and said coldly when she saw that the bodyguards still refused to get out of the car.

The bodyguard immediately got out of the car. He watched as the back door opened, but no one got out...

His pupils immediately constricted as he held his breath. His head was buzzing.

"Open your hands," Qin Xi said.

The bodyguard opened his hand and something appeared in his hand. He took a closer look and saw that it was the pendant Qin Xi was wearing.

Qin Xi said coldly, "Take this and give it to them."

"Yes, yes!" The bodyguard did not dare to disobey. He quickly put the thing in his pocket and walked towards the mansion.

When he was 300 meters away from the mansion, he was stopped by the guards again. According to the rules, he had to be searched. The bodyguard knew the rules and immediately opened his arms.

Chapter 564 Who's Talking?

"Old Master, the bodyguard outside said that he has gotten the thing."

At this moment, in the main hall of the Hong family's mansion, Elder Hong and the butler were talking when a servant walked over and reported respectfully.

Elder Hong and the butler's expressions immediately became solemn. The butler shouted, "Quick, bring him in."

"Yes."

The servant did not dare to delay and quickly left.

"All of you, leave." The butler's expression was solemn as he ordered all the servants in the living room, "Remember, no one is allowed to enter. No one."

All the servants immediately retreated outside the mansion.

"Congratulations, Master. After waiting for 18 years, your wish is finally going to come true." The butler was very excited. Ever since he followed Elder Hong, he knew that this day would come sooner or later.

At this moment, Elder Hong was in a good mood. He was nervous and excited as he laughed.

"Hahahahaha, Old Yan, you know me the best. Sigh, if not for you encouraging me all these years, I'm afraid I would have given up long ago on finding the spirit crystal?"

As he smiled, he suddenly felt melancholic.

All these years, in order to find the spiritual crystal, he had spent almost all his energy and time. 18 years had passed and it wasn't easy for him to get good news. Was his wish really going to come true today?

Why did he have a feeling that it was not the case?

Hong Yan smiled. "Old Master, don't think too much. Since you found it, it means that your wish will be fulfilled soon. You should be happy."

"Yes, I'm indeed happy."

Not long after, the bodyguard walked in cautiously. He took out the pendant and held it in his hands, handing it to Elder Hong respectfully.

"Old Master, I took this from that girl. Please confirm it.

When Elder Hong saw the pendant, his pupils constricted slightly. He reached out and picked it up with trembling hands. He looked at it carefully for a while.

"Yes, this is it. Old Yan, did you see this? I finally found it. Hahahahaha, I finally found it..."

The old man held the pendant and laughed crazily. As if he was reminiscing his past, suddenly, tears streamed down his creased face.

Qin Xi was speechless. She rolled her eyes and suddenly reached out to take the pendant back before putting it in her pocket.

However, Qin Xi was invisible at this moment. When she took it away, what others saw was that the pendant suddenly flew up and disappeared.

This frightened the old man and the butler so much that their faces turned pale.

Elder Hong was extremely flustered. He stood up and waved his hand in the air. "What, what's going on? Old Yan, did you see that? Why do I feel like I'm seeing things?"

The butler was so shocked that he could not speak. His mind was filled with the unbelievable scene just now. "Master, I saw it fly up and disappear."

"Why is it suddenly gone? It's mine."

Elder Hong was in despair. He had spent half his life searching for it and finally found it. Before he could celebrate, it disappeared into thin air. What was going on?

Was God playing a trick on him?

While everyone was shocked, Qin Xi said calmly, "Don't be happy too early."

Her voice immediately shocked the two of them.

Elder Hong stood up in fear and looked around. "Who is it? Who is talking?"

Chapter 565 Bolt of Lightning

The butler subconsciously stood in front of the old man and looked around warily. He shouted, "Who, who is talking? This is the Hong family, not a place for you to fool around. Get out!"

It had to be said that the butler was very loyal. He was still fearless in the face of an unknown threat and used his body to shield his master

However, the reason why he had been loyal to Elder Hong for so many years was because he had ambitions. Elder Hong had told him many times about the use of the spirit crystal. He had endured for so many years just to obtain it.

Just as he was about to succeed, someone actually came out to ruin his plan.

This was intolerable.

"Get out?" As Qin Xi sneered, she suddenly appeared in front of the three of them. "It's too early to say who will get out."

Elder Hong and the butler asked in unison, "Who are you?"

"Tsk, tsk, tsk. You wanted to kill my entire family, but you don't even know me." Qin Xi casually walked to the sofa and sat down. She crossed her legs and looked at the master and servant with disdain. She took out the pendant and swung it back and forth in the air. "This is mine. Who do you think I am? Huh?"

Facing the mysterious woman, the two of them looked at each other and saw the shock and fear in each other's eyes.

Qin Xi looked at the two of them with a smile and asked, "Tell me, why did you spend so much effort to find this pendant?"

At this moment, the two of them slowly calmed down. The butler was much more anxious than Elder Hong. After waiting for so many years, he did not want his efforts to go to waste.

However, he could feel that Qin Xi was not easy to deal with. His eyes lit up as he looked at Qin Xi deeply.

"Young lady, there must be a misunderstanding. When did we say that we wanted to kill your entire family? This is a law-based society. We won't dare to kill people. The Hong family has been in the capital for so long, but we've never done anything evil..."

Hearing the butler lie through his teeth, Qin Xi said with a faint smile, "Oh? You've never done anything evil? Do you dare to swear? Swear that if what you say is false, the entire Hong family will die a horrible death."

"Do you dare?"

Elder Hong's face darkened. He thought to himself, "It is not gonna hurt to swear."

"The Hong family has been established for a hundred years and has a clear conscience. Why would I be afraid?" A second ago, Elder Hong was very confident. However, in the next second, he seemed to have fallen into an abyss. He was so frightened that his face turned pale.

It was because Qin Xi revealed a strange smile. "You have to think carefully before you say it."

Elder Hong's heart skipped a beat. For some reason, he felt that Qin Xi's smile made him shudder. He felt like he was being targeted by a poisonous snake. However, since it concerned the spiritual crystal, he could only grit his teeth and make a vow.

However, as soon as he finished speaking, a bolt of lightning flashed across the clear sky and struck the Hong family's old residence. The commotion attracted everyone's attention.

Chapter 566 Elder Hong's Oath

The lightning struck again. It was still at the same place as before. If one looked carefully, they would be able to tell that the lightning was aimed at Elder Hong.

The first bolt of lightning split the house into two.

The entire house began to shake, as if it was suffering from an earthquake.

When the second bolt of lightning struck, Elder Hong quickly dodged. Unfortunately, no matter how fast he dodged, he was still struck by the lightning.

In an instant, he was sent flying by a powerful force. He spat out a mouthful of blood in the air and smashed to the ground.

The butler was the closest to Elder Hong and was immediately swept away by the aftershock. He fell to the ground and could not get up.

Although Elder Hong was struck by lightning, his life was not in danger. It was just that he was old and could not withstand such a heavy blow.

The butler widened his eyes in disbelief and shock. His gaze landed on Qin Xi, who was sitting on the sofa without changing her expression.

His voice trembled. "It's you. It's you who did it, right?..."

Qin Xi smiled faintly and pointed at her chin with one hand, saying casually, "You're thinking too much. I'm just a mortal. How can I command lightning? It's probably because your master just made an oath that if he lied, the entire Hong family would be struck by lightning."

"Sigh, I've already said that you have to be careful when making an oath. Otherwise, the consequences will be very serious."

At the same time, Hong Linjun, who was driving, felt his vision go dark. He subconsciously wanted to step on the brakes, but for some reason, he stepped on the accelerator. Right on the heels of that, a million yuan luxury car hit the stone block with a bang.

Drops of blood flowed out of the driver's seat. At this moment, the broken door suddenly fell open. Everyone saw that the driver was already badly mangled and one of his legs was cut off.

The scene was so bloody that it made people vomit at first glance.

"Who, who is this?:"

"I don't know. I can't see who it is!"

"No, this car... This is the Hong family's car. Hiss, could the person in this car be from the Hong family?"

Not only Hong Linjun, but the other Hong family members also suffered the same fate, including all the illegitimate children of the Hong family.

The most tragic thing happened to Hong Yufan, the third son of the Hong family who was in the bureaucracy.

At that time, Hong Yufan was on the stage, making a speech.

A huge pit was created on the rostrum, and Hong Yufan was nowhere to be seen.

When everyone saw this shocking scene, they were so stunned that they forgot to react.

At this moment, the news on the Internet was already spreading. The Hong family was undoubtedly the focus of attention.

[Shocking! The Hong family is suspected to have been cursed. In just half an hour, the Hong family's old residence was struck by lightning. The other Hong family members were either in a car accident or struck by lightning.]

[The grandson of the Hong family, Hong Linjun, seems to have mistaken the accelerator for the brake and hit the stone block.]

[Miss Hong...]

[Second Young Master of the Hong family...]

Chapter 567 Missing Han Shi

Outside the Hong family's old residence.

Everyone watched in shock as the lightning bolts that were as thick as buckets destroyed the old residence. They were so frightened that their hearts almost stopped beating. They widened their eyes and were glad that they were asked to leave by Elder Hong earlier.

"What should we do? Old master and the butler are still inside!"

"What do you mean what should we do? Hurry up and call the others!"

"I called, but no one answered..."

"Then go in and save them."

"But, it's already like this. Can we still save them?" The lightning was so fierce just now. The people inside were definitely doomed.

"Stop arguing. Look at the news..."

It was noisy outside the old residence, but inside was 'peaceful'.

Qin Xi walked up to the unconscious Elder Hong and looked down at him. Her cold expression was filled with mockery as she drew a talisman in the air and attached it to Elder Hong's body.

Elder Hong trembled and slowly opened his eyes. A trace of confusion flashed across his eyes. He was probably thinking that since he had been struck by lightning, why wasn't he dead?

At this moment, a demonic voice sounded above his head.

"Now, can you tell me why you want this thing?"

Elder Hong took a few deep breaths and looked at the roof that had been blasted open by the lightning. His body trembled as he thought of the secret of the pendant. As long as he was not dead, there would be a chance.

At the thought of this, he held his breath and said with a trembling voice, "I, I really don't know what you're talking about! I wanted that pendant because... it is the love token between me and my wife."

Qin Xi didn't have the patience to waste any more time with him. She said coldly, "It's fine. You can choose not to tell me the truth. I forgot to tell you that I have a technique called the Soul Searching Technique. As long as I gently touch your forehead with my fingertip, I can sense all the memories in your mind, and you will become an idiot."

"How is it? Do you want to try?"

Elder Hong almost fainted. His face was pale like a trapped beast on the verge of death. He panted heavily. "You, you... aren't you afraid of the Hong family taking revenge on you?"

After all, the Hong family was the number one family in the capital. No matter how powerful she was, it was impossible for her to withstand the power of the Hong family.

"Hong family?" Qin Xi laughed louder and louder. "Have you forgotten about the oath you just made and how you were struck by the lightning?"

Qin Xi sneered and stretched out her finger lazily, touching the space between Elder Hong's eyebrows.

In an instant, a wisp of Qin Xi's consciousness entered Elder Hong's mind. Memories that belonged to him appeared in Qin Xi's mind frame by frame, including the shameful things he had done all these years.

When Qin Xi retracted her hand, Elder Hong had already become a fool. There was saliva flowing down the corner of his mouth. When he looked at Qin Xi, he smiled foolishly.

This foolish smile suddenly reminded Qin Xi of Han Shi. She recalled that when Han Shi was still a fool, he used to smile like this when he looked at her. However, there was light surrounding Han Shi, a light comparable to the Milky Way!

She wondered what that man was doing now. How was he? Did he miss her?

#### Chapter 568 Concern

Just as Qin Xi was deep in thought, the butler behind her grabbed a broken porcelain piece. He endured the pain in his body and sneaked behind her, aiming it at the back of Qin Xi's neck.

Actually, Qin Xi had already noticed it when the butler moved. She just couldn't be bothered to deal with this ant and planned to teach him a lesson when he got close.

Qin Xi accurately kicked the butler and sent him something. He smashed into something and fainted.

Previously, she wanted the butler to hand over the evidence of the Hong family's crimes. However, after obtaining Elder Hong's memory, she already knew where the evidence was, so this butler was no longer useful.

Qin Xi looked at the dilapidated Hong family's mansion and snorted.

She pushed open the door and walked out. She looked up at the blue sky. The hatred that had been accumulated in her heart for many years was finally gone. She calmed down and a relieved smile gradually appeared on her face.

"Miss Qin, the rest..." The bodyguard asked tentatively.

Qin Xi sighed. "The rest? The evidence of the Hong family's crimes is in the palace clubhouse. Let's go and get the evidence. After we submit it, the Hong family will no longer exist!"

In order not to let people find the evidence, Elder Hong hid it in the palace clubhouse.

If Qin Xi hadn't searched his mind, she probably wouldn't have known.

At this moment, when the people outside saw Qin Xi and a bodyguard coming out, they immediately came up. They wanted to ask how the people inside were doing.

Qin Xi said calmly, "Elder Hong and the butler are inside. Call an ambulance!"

In any case, none of them could escape!

When everyone heard that Elder Hong and the butler were injured, they immediately rushed in in panic. Qin Xi and the bodyguard had already gotten into the car and were heading to the palace clubhouse. The bodyguard drove with trepidation, afraid that he would be killed by Qin Xi if he made her unhappy. He didn't even dare to breathe loudly.

In the backseat, Qin Xi was leaning against the back of the chair with her eyes closed to rest when she heard her phone ring. She took it out and saw that it was from Mrs. Qin.

She quickly picked up the call.

"Mom!"

Mrs. Qin asked gently, "Xi, have you eaten lunch?"

Qin Xi suddenly thought of a suggestion. "Not yet. I'm going to eat. Mom, do you and Father want to go on a trip while I'm not at home these two days?"

"Also, Mom, I'm grown up now. I know a lot of things and can take care of myself. You don't have to be around me every day. You should have your own space."

Mrs. Qin was in a daze for a moment before quickly coming back to her senses. She felt a lump in her throat and her eyes were slightly red.

She said with a smile, "Why are you suddenly talking about this? I'm fine now. I'm not in a hurry. After you finish the college entrance examination, I'll get busy with my own stuff."

Chapter 569 Eternal Life?

Soon, the car arrived at the palace clubhouse. Qin Xi did not get out of the car. Instead, she looked at the bodyguard. "Go in and take out the things!"

She told him the number and password of the cabinet. "Don't play any tricks, or you will end up worse than the Hong family!"

The bodyguard held his breath and quickly lowered his head. "Got it, Miss Qin."

Qin Xi picked up the pendant, her dark eyes as deep as vortexes. "Spirit crystal? Immortality? What a crazy treasure ~"

It was unbelievable.

The reason why Elder Hong wanted to find the spirit crystal was because he had a dream when he was young. In the dream, he found out that the spirit crystal could allow people to maintain their youth and live forever. At that time, he did not believe it.

Later on, as he grew older, he became more and more afraid of death. He was afraid that one day, he would be buried like his wife. He suddenly remembered the dream he had when he was young. For some reason, even though decades had passed, he still had an extremely deep impression of that dream.

Later on, he began to search for the spirit crystal. This lasted for 18 years.

Qin Xi hung the spirit crystal around her neck. Actually, she did not know how she got this spirit crystal. She had once asked Mr. Qin, but he only said that it was passed down from his ancestors and was unwilling to talk more about it.

At that time, she did not think that anything was wrong, but now that she thought about it, her father must be hiding something.

Also, before her parents died in her previous life, they said something that puzzled her, "Live on. No matter what identity you will have, you have to live well."

At first glance, this sentence seemed to be encouraging Qin Xi to not give up on life. However, now that she thought about it, she felt that there was another meaning to it.

Another identity...

Was the identity the one she obtained after transmigrating to the past?

She thought of what Elder Hong said about eternal youth and immortality...

She suddenly understood something.

It was not that the spirit crystal could allow one to maintain their youth and live forever, but the mystic medicine technique.

Those who obtained the mystic medicine technique would obtain eternal life. This eternal life was not strictly eternal life. In fact, it was to help the world and save people.

However, what she still did not understand was how this spirit crystal came about. Why did her parents hide it from her? What else did she not know?

It seemed that if she wanted to protect the people she wanted to protect, she had to make herself stronger.

At this moment, the car door suddenly opened. The bodyguard handed a brown paper bag to Qin Xi with a respectful expression.

"Miss Qin, there's only this in that cabinet. Take a look and see if there's anything missing."

Qin Xi took the brown paper bag and opened the thread on it. She took out a thick stack of documents that recorded the evidence of the crimes everyone in the Hong family committed.

There were tax evasion, murder, drug trafficking, rape, smuggling, gambling...

Qin Xi held the bag and smiled evilly. "Let's go to the police station!"

## Chapter 570 Going Home to Cook

Qin Xi stayed in the capital for the night before returning home at noon the next day.

When Mrs. Qin saw Qin Xi, she was slightly surprised. "Aren't you at your classmate's house? Why are you back?"

She took Qin Xi's backpack and asked with concern, "Have you eaten? I'll make you some food now."

Qin Xi quickly pulled her back and held her arm coquettishly. "Mom, I'm not hungry yet. Let's eat when Dad comes back."

She smiled mysteriously. "Also, Mom, I'll cook today. I've never cooked for you and Dad in my life. Today, you are in for a good treat."

"You?" Mrs. Qin clearly didn't believe her.

Qin Xi said proudly, "Mom, don't underestimate me. I learned a lot of recipes on the Internet. They're all very simple but practical. I guarantee that they're much better than the ones sold outside."

Mrs. Qin was certain that Xi had never been to the kitchen. Qin Xi had always been a little princess who did not know how to cook. Now that Qin Xi said that she wanted to make dinner for her and her husband, although she was touched, she was still afraid that Qin Xi would cut her hand or burn it.

However, she did not want to discourage her daughter.

Qin Xi pushed Mrs. Qin out of the kitchen with a smile and patted her chest.

"Mom, don't worry. If there is anything I don't know, I'll ask you, okay?"

Mrs. Qin hesitated for a moment, but in the end, she gave in. "You're still as naughty as ever."

Qin Xi chuckled. "Mom, just wait and see. I'll definitely make a table full of dishes that will impress you."

"Alright, then be careful. The kitchen knife is sharp. Don't cut your hand. By the way, do you know how to use the stove? Do you want me to teach you now?"

Although Mrs. Qin said that she agreed, she couldn't help but feel worried.

As Qin Xi walked towards the kitchen, she said, "Don't worry, I know how to use the stove. Go and rest. Leave this to me!"

Mrs. Qin shook her head helplessly and sat on the sofa in the living room. She turned on the television and looked at the kitchen from time to time. She turned the volume to the lowest so that she could hear the sounds in the kitchen.

As soon as Qin Xi entered the kitchen, she took a deep breath. In her previous life, although she had never entered the kitchen, after marrying Han Shi, she had learned a lot of dishes from Luo Xiujuan. It was not that Luo Xiujuan asked her to cook. She just felt that a woman should learn how to cook, not to serve anyone, but to cook a meal for her parents or husband and children at the right time to express her love for them.

Now, what she learned came in handy.

After the ingredients were prepared, she started to heat up the pan. Not long after, a fragrance wafted out of the kitchen.

Mrs. Qin was a little surprised. She quickly stood up and walked to the kitchen, wanting to see what was going on in the kitchen through the crack. Just as she was about to touch the door, she heard Qin Xi's voice from inside. "Mom, I know you're at the door. You're not allowed to peek."

Mrs. Qin retracted her hand in embarrassment and went back to sit on the sofa as if nothing had happened. She picked up the remote control and searched for the channel she wanted to watch.
