

## **Mysterious 571**

### Chapter 571 Confession

Forty minutes later, Mr. Qin returned. As soon as he opened the door, he could smell a rich fragrance.

“Huh, why does it smell different from usual today? What are you making?” As he spoke, he walked towards the kitchen.

At this moment, Mrs. Qin came out of the washroom. Seeing him return, she looked at him with a smile and said mysteriously, “You’re back. Do you smell the fragrance? Guess who’s cooking today?”

Mr. Qin put down his briefcase and took off his suit. He asked curiously, “Is Mom here?”

He was referring to Qin Xi’s grandmother. Mr. Qin did not have many relatives. Qin Xi’s grandparents had also passed away before she was born. Mr. Qin also had an elder brother. However, Qin Xi had never seen this legendary uncle. She only heard Mr. Qin mention him occasionally.

Mrs. Qin smiled and shook her head. “No, guess again!”

Mr. Qin was speechless. “Apart from Mom, the rest of them rarely come to our house. I don’t know.”

“It’s your daughter. She said she wanted to cook dinner for us. She’s been in there for an hour and hasn’t come out yet. However, this smell is indeed better than my cooking.”

As Mrs. Qin spoke, her eyes were filled with pride.

However, Qin Xi did not seem to be Qin Xi anymore...

“Didn’t she say that she wanted to stay at her classmate’s house? Why is she back? Also, when did she learn to cook?” Mr. Qin said in disbelief as he walked towards the kitchen.

Mrs. Qin quickly pulled him back. “Don’t go in. Xi doesn’t allow us to watch. Didn’t you see that she closed the door?”

“Oh, okay!” Mr. Qin nodded and smiled. “Xi has grown up. She even cooks for us.”

Soon, the kitchen door opened. When Qin Xi saw that Mr. Qin was back, she smiled happily. “Dad, you’re back. Hurry up and wash your hands. It’s time to eat.”

Mr. Qin couldn’t stop smiling. “Alright, I’ll go wash my hands now.”

“Are you done? Let me help you take out the dishes,” Mrs. Qin said as she walked towards the kitchen.

Qin Xi pulled Mrs. Qin to the dining table and ‘forced’ her to sit down. “You don’t have to do anything today. Just try my cooking. It’s just a few dishes. I can do it myself.”

Then, plates of delicious-looking dishes were served. They were all home-cooked dishes. There were tomatoes with eggs, steamed bass, braised pork ribs, eggplant with sauce, fish-flavored shredded pork, and so on. There were a total of eight dishes and a soup. Every dish looked and smelled very tempting, especially the braised pork ribs.

Mrs. Qin was shocked!

Mr. Qin was also shocked!

Seeing that her parents were dumbfounded, Qin Xi smiled and did not say anything. Instead, she took out a bottle of red wine from the wine cabinet and looked at them. She said in a clear voice, "Dad, Mom, let's drink tonight!"

"Drink? You're still a child. You can't."

Mr. Qin subconsciously wanted to refuse, but Qin Xi smiled and took out the plug with her bare hands. Mr. and Mrs. Qin looked at each other and were so shocked that they were speechless.

"Xi..."

"Xi, you..."

Qin Xi poured red wine for the two of them and said gently, "Dad, Mom, I have something to tell you today!"

Chapter 572 You Married a Fool?

Yes, Qin Xi intended to lay bare her heart.

This was what she decided to do after thinking about it all night. She thought that if she told them the truth, they would at least be vigilant and know that there were wolves watching them.

Of course, this was the worst-case scenario.

Moreover, Mr. and Mrs. Qin had the right to know how she was doing in the other world. Although she had only been back for a few days and her parents had yet to discover anything wrong with her, as time passed, they would definitely be able to sense that something was wrong with her.

After all, compared to when she was 17 years old, not only was she mature and calm, but her way of speaking was also different.

At this moment, Mrs. Qin's eyes were slightly red as she asked with a trembling voice, "Are you still our Xi?"

Qin Xi sat beside Mrs. Qin and held her cold and trembling hands. She said seriously, "Mom, I'm your Xi, but I'm not 17 years old."

The two of them were stunned!

"Dad, Mom, do you still remember this?" Qin Xi took out the spiritual crystal and gently placed it on the table. She said calmly, "According to the timeline in my previous life, you're already dead at this moment!"

When the couple heard this, they thought that Qin Xi was going to tell them a ghost story. Their faces immediately turned pale and their hair stood on end.

"In my previous life, because of this, our family was targeted by the Hong family in the capital."

Qin Xi recounted the past, including the years when she was on the run, drinking dirty water, eating trash, sleeping in the sewers, and so on.

She said it casually, but it made Mr. and Mrs. Qin cry and their hearts ache. It was difficult to imagine that the sweetheart they treasured was actually living a miserable life.

Even a man like Mr. Qin was shedding tears, let alone Mrs. Qin, who had collapsed in Mr. Qin's arms.

"Dad, Mom, don't be sad. After I died, my soul entered someone else's body. That girl is also called Qin Xi. She's a very, very poor child..."

Qin Xi began to tell them about her time in the parallel world. When she talked about Han Shi, the corners of her mouth were always curled up, and her eyes were filled with tenderness and longing.

"So, you got married in that world? To a fool?"

Mr. Qin suddenly stood up as if he had exploded. His red eyes were as wide as copper bells as he questioned angrily.

Qin Xi was speechless.

Just now, when she said that they were dead, they weren't even this excited. Why did it sound like she had lit a bomb when she mentioned Han Shi?

"But he was a fool when you married him. Daughter, you're the apple of Dad and Mom's eye. How can you marry a fool?"

Mr. Qin was a little excited. When he thought of his daughter being alone in a strange world, his heart ached.

He had clearly forgotten that Qin Xi knew ancient martial arts and mystic medicine. He only remembered that his daughter had married a fool.

At this moment, Mrs. Qin stopped crying because she could tell that her daughter was really happy, especially when she talked about Han Shi.

Hearing her husband call Qin Xi's husband a fool again and again, Mrs. Qin was furious. It was not easy for Xi to find someone she liked. How could she allow him to break up the couple?

At the thought of this, Mrs. Qin pinched Mr. Qin's waist ruthlessly...

Chapter 573 Wifey, Help Me Out!

Mr. Qin gasped in pain, but because his daughter was still around, he could only endure it.

"Xi, don't listen to your father. As long as you're happy, I won't object." Qin Xi's mother held Qin Xi's hands and asked worriedly, "Let me ask you, did your in-laws treat you well?"

Mrs. Qin was very worried that her daughter would be bullied by her in-laws.

"Mom, don't worry. I'm very good. The Han family treats me very well. Also, the original owner of my body is actually the daughter of a rich and powerful family clan."

Mrs. Qin pursed her lips. "Xi, since you are in this body, you have the duty to take care of it and be filial to your family. You have a powerful family clan to back you up. This way, your father and I can be at ease."

Qin Xi nodded. "I know. Mom, don't worry."

The three of them were silent for a few minutes. Mr. Qin asked a question that the three of them wanted to avoid. "When are you leaving?"

Qin Xi sighed. "I don't know! Maybe very soon, or a few days, or a year, or maybe all of a sudden!"

"Alright, let's cherish it while we are still together." Mr. Qin forced a smile.

"Dad, Mom, I'll leave some cultivation techniques for you. Remember to cultivate at home. Also... I'll leave some things for you to protect yourselves."

Qin Xi said solemnly, "Perhaps the Hong family won't be the only one. You have to be careful. I'll tell myself in this world how to activate this pendant. In the future, she'll protect you..."

"Okay!"

\*\*

The meal lasted until late at night. Mr. and Mrs. Qin unknowingly drank too much. Qin Xi helped the two of them back to their room and cleaned the dining table and kitchen. It was already midnight.

Qin Xi couldn't fall asleep. She took out her diary and first wrote down the activation method of the spirit crystal.

She wrote a lot and even wrote a long letter to her other self in this world. The gift was that she should cultivate diligently, build her foundation, and build connections. It was best to go out and see the vast world, train her mind, temperament, and so on.

Then, she prepared some talismans and pills in case of emergencies.

After writing, Qin Xi stretched and looked at the time. It was already past two in the morning. She yawned and felt sleepy.

After tidying up the diary, she washed up before lying comfortably under the blanket.

That night, Qin Xi had a dream. She dreamed that Han Shi was being reprimanded by his father. Han Shi did not dare to make a sound and could only stand there obediently, but he looked at her pitifully.

Han Shi said, "Wifey, help me out!"

Chapter 574 Antique Shop

The next day, when Qin Xi woke up, it was already past ten in the morning. When she saw Mr. and Mrs. Qin in the living room, Qin Xi was slightly surprised.

"Dad, why aren't you at work?"

Mr. Qin smiled. "Your mother and I have discussed it. We plan to go on a trip together while you're still at home."

Mrs. Qin stood up and walked to the kitchen. "You must be hungry. Let's eat first. I've applied for a long leave for you at school. Don't worry."

Qin Xi thought for a moment and agreed.

"Alright, give me another day. In order to prevent me from leaving this world suddenly, I have to prepare something first. Dad, drive me somewhere later."

After breakfast, Mr. Qin and Qin Xi went out together. Mrs. Qin stayed at home to pack her things for the trip tomorrow.

On the antique street.

"What are you doing here?" Mr. Qin parked the car and looked at his daughter suspiciously.

Qin Xi explained with a smile, "I remember that there's a Chinese medicine store that has been around here for a few generations. I plan to buy some Chinese medicine to refine some pills."

At this moment, the antique street was very lively.

The crowd was surging, and all kinds of peddling and shouting filled the air. There were all kinds of antique shops that gave off a sense of history.

When Qin Xi passed by an antique shop, she stopped and looked at her father. She asked, "Dad, do you know this shop?"

Mr. Qin looked over and saw a plaque hanging outside the antique shop. There were three big words written on it—South Mountain Hall.

"I know. It's said that it has a hundred years of cultural heritage. Many of the items inside are ancient items passed down from the ancient royal family. Why are you asking this?"

Qin Xi touched her chin and said with a smile, "Nothing. I was thinking that we definitely have to buy a lot of things today, so it's time to make some money."

"Make... make some money?"

Mr. Qin was dumbfounded.

Qin Xi pulled Mr. Qin into the shop.

The shop was very big, about 300 square meters. The interior was very simple and spacious. There were all kinds of paintings hanging on the wall. Some of the porcelain was also antique, giving people a sense of history.

Qin Xi was all smiles as she whispered into his ear, "There's nothing wrong. I just didn't expect there to be so few real things in this century-old shop."

Mr. Qin asked, "Really?"

Wasn't this shop filled with ancient items passed down from the ancient royal family? Why did his daughter say that there was nothing real here?

"Since there's nothing real, let's leave!"

"Dad, it'll be a pity if we leave without buying something. I'll go and pick a trinket. Can you buy it for me?"

At this moment, Qin Xi was like an innocent seventeen or eighteen-year-old girl. She grabbed Mr. Qin's arm and shook it back and forth as she wheedled.

Mr. Qin blinked. Seeing that his daughter was putting on an act, he naturally had to cooperate. He sighed helplessly and said, "Alright, alright. You can buy it, but not more than 1,000 yuan, understand?"

Qin Xi smiled happily. "Thank you, Dad. I know you dote on me the most."

"Go, go." Mr. Qin quickly waved his hand and urged.

Qin Xi walked around the shop for a while and finally saw some old items on a small shelf. She casually took one and held it in her palm to observe it. Then, she revealed a happy expression.

Chapter 575 Friendly Deal

"How much is this?"

Qin Xi picked up a snuff bottle and asked the female salesperson beside her.

Although the salesperson was smiling, the disdain in her eyes was obvious. She had just heard their conversation and found it funny that someone actually came to South Mountain Hall to buy something no more than a thousand yuan.

"30,000!" The saleswoman casually quoted a price.

Qin Xi pretended not to see her disdainful look and asked, "Oh, then can you tell me to which dynasty is this from? Who made it? Whose thing is it?"

She asked a series of questions, which annoyed the saleswoman. However, she couldn't openly chase a customer out.

The saleswoman said flatly, "This is an item from the Qianlong era..."

Qin Xi pointed at the words carved on the item with a faint smile. "This is clearly an item from the Tang Dynasty, but you said Qianlong... Are you trying to fool me?"

The saleswoman's face turned red. "How is that possible? You must be causing trouble here. If you don't have money, why are you buying antiques? Do you believe that I'll get the security guards to chase you out?"

Qin Xi said unhurriedly, "Tsk, are you angry because I'm right? Madam, if you dare to chase me out, trust me, you'll be the one to suffer."

The saleswoman snorted in disdain,

Qin Xi said, "Have you been feeling that someone is following you recently, but when you turn around, there's nothing? Moreover, when you sleep at night, you always hear someone talking to you, but when you open your eyes, there's nothing."

The saleswoman widened her eyes in shock. Just as she was about to shout, she quickly covered her mouth and whispered.

"How, how did you know?"

Qin Xi did not answer. She picked up the snuff bottle and asked again, "Tell me, how much is this?"

The saleswoman restrained her disdain and said hesitantly, "3, 3,000?"

Qin Xi smiled and put down the snuff bottle before continuing to walk forward. "It seems that you still haven't thought it through. It's just a fake. It's not even worth 10 yuan."

"To be honest, there are no more than 10 authentic goods in your shop, and those authentic goods are all placed in that deserted corner. I'm not stupid enough to come here to buy something fake."

The two of them spoke very softly, so no one could hear what they were saying.

This time, the female salesperson was really shocked. She did not expect this seventeen-year-old girl in front of her to know so much. However, when she thought of how this girl could tell her the location of all the authentic goods, her heart skipped a beat.

"Um, it's not real suet jade. It should be artificial. The carvings on it are much rougher. However, the workmanship of this jade hairpin is not bad, but it's in no way comparable to the real suet jade."

She asked casually, "How much is this?"

The saleswoman looked at the hairpin in her hand and carefully reached out a finger. "1, 100...?"

Chapter 576 Rouge Box

Qin Xi casually threw it to her and sneered. "At most ten yuan."

The saleswoman lowered her head in embarrassment. "Um... Alright!"

Mr. Qin, who was following behind, was shocked. He had never seen anyone bargain like this.

Qin Xi picked more than ten small items. These small items were all bought by the shop from the stalls outside.

This was the advantage of a hundred-year-old shop. As long as the items were placed here, even if they were trash, they could be sold at an incredible price.

After shopping for a while, Qin Xi patted the dust off her palms and said casually, "Alright, that's all for today. I think 100 yuan is enough to take these home, right?"

The saleswoman was on the brink of tears. Could she say no?

In the end, Qin Xi took out a hundred yuan and took away more than ten small items.

After leaving South Mountain Hall, Mr. Qin asked in confusion, "Xi, why did you buy them when you knew they were fake?"

Qin Xi smiled and took out a small rouge box.

"This is a piece of porcelain from the Tang Dynasty. It's a very rare authentic item. This is definitely something used by the wife of a high-ranking official in ancient times. Dad, we can make a small fortune." She held Mr. Qin's arm with a smile and pointed at the antique street on the other side. "Dad, let's go to that shop to sell it."

Soon, the father and daughter arrived at an antique shop called the Hundred Phoenix Pavilion. There was only an old man in his sixties. He was dressed in a dark Tang suit and was leisurely sipping tea and listening to opera.

Seeing that a guest had arrived, the old man did not stand up. He was still relaxed as he waved his hand. "Take whatever you like." In any case, there was nothing real here.

The corners of Qin Xi's mouth twitched. She pulled Mr. Qin to sit opposite the old man and said with a smile, "Grandpa, I don't have anything to buy. I'm here to sell something. This is it. Take a look and see if this is real."

She handed over the rouge box in her hand. The old man sized up the rouge box for a long time and looked at the father and daughter opposite him with uncertainty. Then, he picked up the magnifying glass beside him and looked at it again before confirming. He slowly put the magnifying glass back in place and said, "Yes, it's an item from the Tang Dynasty. How much do you plan to sell it for?"

When he said this, he looked at Mr. Qin. After all, Mr. Qin was an adult.

Mr. Qin forced a smile and said, "I'll listen to my daughter."

The old man was a little surprised. At first, he felt that this father and daughter were a little special. When they entered the house, it was the daughter who spoke first. The father just stood at the side silently, not saying a word.

He looked at Qin Xi and asked, "Then Miss, how much do you plan to sell it for?"

Qin Xi did not tell him the price directly. Instead, she asked the old man, "How much do you think this thing is worth?"

Qin Xi actually estimated the price to be about 4.5 million yuan. She did not expect the old man to raise it by 500,000 yuan. "Sure, it's 500,000 yuan higher than I estimated. However, I won't take this 500,000 yuan for nothing."

Chapter 577 Hoarding Goods

The old man did not understand what Qin Xi meant. Just as he was about to ask, Qin Xi reached out her hand, asking for money!

Shaking his head helplessly, the old man stood up and walked to the cashier. He took out a check from inside and wrote down five million yuan before handing it to Qin Xi.

After confirming the check, Qin Xi smiled. "Thank you, sir!"

Looking at their departing figures, the old man picked up the rouge box and carefully placed it in a safe place.

When he returned to the rocking chair and was about to get some tea, he immediately noticed that the Buddhist Bead on his wrist seemed to have changed. At the same time, he suddenly felt an abundant strength in his body. It was no longer as weak as before.

Last time he went to the hospital for a checkup, the doctor said that he was old and that the functions of his organs had degenerated.

However, just now, he suddenly felt rejuvenated. The discomfort in his chest had also disappeared, and he felt that breathing was much smoother.

The old man's gaze landed on the Buddhist Bead. After taking a closer look, he realized that the patterns on it seemed to have changed. In the past, the pattern looked a little terrifying, like skeletons. Now, it looked like Buddha...

After easily earning 5 million yuan, Mr. Qin had yet to come back to his senses. He was dumbfounded along the way.

He thought about how he had worked hard for so many years to earn a million yuan. He even got himself sick. However, in less than a few minutes Qin Xi actually managed to earn 5 million. Who would believe it?

"Dad, let's go to the Chinese medicine shop over there!" Qin Xi saw her father's shocked expression from the corner of her eye.

Mr. Qin said, "Huh? Oh, okay."

When they stepped into the Chinese medicine shop, a strong smell of herbs assaulted their noses. This smell instantly made Qin Xi feel a sense of familiarity.

She looked around the shop. This place was not antique, but mixed with many modern elements. It was very different from her Ji Ding Hall.

However, when she smelled the herbs in the air, she knew that she was in the right place.

At this moment, an apprentice came up and asked with a smile, "Are you here to buy medicine or see a doctor?"

"I'm here to buy herbs. Here's the list. Give me 20 each. Thank you."

Qin Xi took out a list of herbs she had written last night and handed it to the apprentice. The apprentice took it and looked at it, his eyes filled with surprise. "So many? I'm sorry, we might not have so many in stock. If you're not in a hurry, we can prepare it and send it to your house in two days. What do you think?"

Qin Xi knew that the amount she wanted was big, so she did not want to buy it all at once. "Sure, give me as much as you have now. And this one."

She took out another piece of paper. "There are some rare herbs on it. If you can find them, send them to me!"

#### Chapter 578 Discount

Knowing that Qin Xi needed a large amount of herbs, the shop owner was immediately alerted.

The owner was a middle-aged man named Du Fengyu. He was not as good-looking as Mr. Qin, but he had a refined aura. "Are you sure you want so much? Also, it's really not easy to find 100-year-old ginseng and Taisui these days. If you really want them, I'm afraid you'll have to wait for a long time."

Qin Xi thought for a moment and nodded. "Sure. Once you have the goods, please contact me in time."

Du Fengyu smiled. "That's for me. I wonder if it's convenient for you to tell me why you want so many herbs?"

Mr. Qin lied through his teeth. "Well, I've been obsessed with Chinese medicine recently and decided to change my profession to see if I'm talented."

The corners of Qin Xi's mouth twitched.

Then, they searched the entire city and finally found a talisman paper shop that was about to close down. This made Qin Xi feel that there were not many ghosts and demons in this world.

"Pick whatever you want. We'll give you a 20% discount." The shop owner was a fat man. When he opened his eyes, one couldn't see his eyeballs. Just looking at him was... uncomfortable.

As soon as Qin Xi and Mr. Qin entered, the fat man invited them in enthusiastically. It was not easy for him to have customers.

"Come, come, come. If you need anything, just tell me. We have everything here. As long as it's something you can't think of, I have it."

Qin Xi ignored the fat man. She looked around at the cobwebs covering the wall and the counter and then at the thick layer of dust on the glass window, not knowing what to say.

She looked at the fat man. "20% off?"

The fat man scratched his nose awkwardly. "Um, the price of the things in this shop is very affordable, so 20% is already the lowest. I can't go any lower."

When he said this, he felt guilty. However, he had no choice. He had been here for three years. In a few days, he would have to pay the rent. If he couldn't pay the rent this time, he would probably have to sleep on the bridge. He thought that he would rip Qin Xi off while he could. Anyway, they wouldn't see each other again.

Qin Xi did not care about the discount. She could tell that the fat man was poor. She raised her chin. "Show me a few talisman papers."

The fat man immediately went to the counter. "Alright."

He opened the glass window that had not been opened for a long time. Perhaps because it had been too long, the door was already a little blunt. After pulling for a long time, the fat man, who was already sweating profusely, still could not open it. He was afraid that he would break the glass if he pulled too hard, so the more anxious he was, the more he could not open it.

Qin Xi was speechless. She placed her fingertips on the glass window and circulated the Mystic True Qi in her body. Just as Mr. Qin was wondering what his daughter was doing, the glass door shattered.

Fragments fell to the ground.

Mr. Qin looked at the fragments on the ground and then at Qin Xi. He felt that it must be his daughter's doing.

However, at the thought that he was about to make money, the fat man immediately perked up. He took out three pieces of talisman paper made of various materials and introduced them to Qin Xi. "These three are the most expensive and the best in our shop. They can usually be used to protect the house, ward off disasters, ward off evil spirits, and exorcize ghosts."

Qin Xi touched the material. Although she was not too satisfied, she decided to make do with it!

Chapter 579 Mr. Qin Wants to Eat Someone Alive

"Alright, give me as many of these three as you have."

"Alright, Miss. Take a seat first. I'll pack it up for you now. Come, come, come. It's dusty here. Come and sit there."

The fat man immediately brought two chairs over. Seeing that the chairs had not been sat on for a long time and were covered in a layer of dust, he immediately wiped them with his clothes and carried them to the door with a smile. "Come, sit here."

After finding a place for his big customers to sit, he began to take out all his stock. However, when he saw that a few stacks of talisman papers had been bitten by rats, he almost cried.

This was all money! Ahhh!

Although his heart was bleeding, he still took out the talisman paper that was bitten by the rats and packed it carefully. He brought it to Qin Xi and said with a smile, "Please take a look and see if you're satisfied with these."

Qin Xi rubbed it carefully and sniffed it. Although the smell was a little strong, the quality was indeed about the same as before.

"Alright, that's all. Count how much it is."

The fat man immediately stretched out five fingers and smiled obsequiously. "50,000."

Mr. Qin immediately took out his card. "Can I pay by card?"

"Sure."

\*\*

After shopping for three hours, Qin Xi and her father went to Stone Gambling Street. In two days, the family would go on a trip. The more money, the better. After she left, her father would not have to work so hard every day.

Mr. Qin did not know what Qin Xi was thinking. He thought that she liked jade. "Xi, if you like jade, let's go to a jewelry shop. I'll buy one for you."

"Dad, it's not that I like jade, but I think it's safer to bring more money with us when we go on a trip. When the time comes, we can buy whatever we want and stay in whatever hotel we want."

The other street next to the antique street would be the stone gambling street.

Looking at the bustling street, Mr. Qin clicked his tongue. "I didn't expect there to be so many people here."

Previously, there were already a lot of people on the antique street. He did not expect that compared to this place, the antique street was nothing. Everyone was probably thinking the same thing. They wanted to come here and make some quick money!

Qin Xi looked at a few shops and was not satisfied.

Mr. Qin asked in confusion, "Is the material not good, or what?"

After a day, Mr. Qin realized that his daughter's personality had improved. She was confident, calm, and had a powerful aura. If he did not know her actual age, he would think that she was a cunning person in the business world!

He sighed with emotion. It was good to have such a daughter, but it did not give him a sense of accomplishment as a father. However, he was filled with pride and thought that his daughter was good in every way. She was simply the best daughter in the world.

However, when he suddenly remembered that his daughter was already married in the parallel world, he felt uncomfortable, especially towards the brat who had snatched his precious daughter. He gritted his teeth in hatred.

If he could also transmigrate, he would definitely beat that brat up.

Sensing the murderous aura around Mr. Qin, Qin Xi looked over suspiciously and happened to see him muttering something. He gritted his teeth as if he wanted to eat someone alive.

Chapter 580 Green

In the stone gambling shop.

In the end, Qin Xi and Mr. Qin entered a deserted shop. Other shops were crowded, but this shop was the only one with a few customers. There were clearly a lot of raw stones, but very few people came.

Even if someone came in, they would leave after taking a few glances. This troubled the boss. He squatted at the door, smoking a cigarette and looking at the other shops enviously.

When he saw Qin Xi and Mr. Qin walk in, he did not react at all because he knew that the two of them would definitely leave in less than five minutes.

However, before he could exhale a puff of smoke, a cold voice came from behind.

“Boss, are you not doing business anymore?”

The boss stood up in reflex. “What can I do for you?”

However, when he turned around, he saw a young girl picking the raw stones in front of him. The enthusiasm was extinguished again.

“Take a look around. Whatever you want to buy, I’ll give you a discount.”

He was just saying it casually. Unexpectedly, Qin Xi pointed at one of the raw stones and said, “Boss, I want this stone. How much is it?”

Her tone was relaxed, as if she was buying a cucumber. He thought that he had heard wrongly and subconsciously looked at Mr. Qin, only to see him taking out his card, looking like he was ready to pay.

“Boss, how much is it?”

The boss immediately put on a smile and ran over to personally move the raw stone to the scale. “It weighs 31.5 kilograms. Each kilogram is 850 yuan. I’ll give you a discount and that will be 25,000 yuan. May I know your names? Also, do you want me to open the raw stone now?”

The raw stone Qin Xi chose was relatively cheap. This was a very reasonable price, especially since the boss gave her a discount. “Open it.”

When Mr. Qin heard the price, he immediately swiped the card.

After the bill was paid, the boss pushed the raw jade to the stone cutter and opened the stone himself. Mr. Qin went to Qin Xi’s side and asked in a low voice, “Daughter, do you only want this one? Aren’t you going to pick more?”

Qin Xi blinked and said matter-of-factly, “This one is enough. There’s green inside. I think this should be enough for us to spend.”

“There’s...? There’s green?”

He quickly lowered his voice. “How did you know? Daughter, tell me, are you...”

Mr. Qin did not know how to describe it. After hesitating for a long time, he lowered his voice and said, “Do you have some superpower? For example... your eyes can see through things and see what’s inside the stone.”

Mr. Qin was speechless.

At this moment, the boss handed Qin Xi and Mr. Qin a marker and said, “Mr. Qin, Miss Qin, do you want to draw a line?”

Mr. Qin shook his head and did not take the marker. “I’ll let my daughter do it.”

Qin Xi said, “Let me do it.”

She drew a few horizontal lines on the raw stone and marked them on the side. Then, she looked at the boss. "Cut according to the lines."

"Alright!"

The boss quickly adjusted the position of the cutter and cut it according to the lines drawn by Qin Xi. Then, there was an ear-piercing sound of cutting.

After the layer was removed, there was nothing inside. However, Qin Xi was not anxious. She knew better than anyone if there was green inside.

Mr. Qin's face was tense as he clenched his fists, his eyes filled with nervousness and anticipation.

As expected, after cutting off the four corners, there was a faint green color inside. The boss and Mr. Qin were so happy that they were incoherent.
