Chapter 581 Dad, Calm Down

“Green, there’s green here... Hahaha...”

The boss looked even more excited than Mr. Qin. His hands were trembling as he held the cutter.

“That’s great. There’s green. Does this mean that the stones in my shop are not all useless?”

Half a year ago, he had spent almost all of his money on this batch of raw stones. However, not only did this batch of raw stones not bring him the wealth he had imagined, but it almost made him bankrupt. He did not expect Qin Xi to come today and chose a raw stone with jade inside. How could he not be excited?

The boss looked at Qin Xi helplessly. “Do you still want me to continue cutting it?”

Qin Xi nodded with a smile. “Of course, go ahead.”

The boss immediately set up the cutting machine and quickly began to cut the stone. He placed the stone on the table and slowly wiped the dust off the surface with sandpaper. As he wiped deeper and deeper, Mr. Qin held his breath, looking very nervous.

At this moment, someone saw that Qin Xi had bought a raw stone with jade. The news spread like wildfire. Many people came from other shops. The boss couldn’t be bothered to greet the customers because he was focused on cutting the stone.

Finally, under everyone’s gazes, the stone was completely cut. When they saw the green inside, everyone could no longer remain calm. It was actually a supreme-grade emerald.

Mr. Qin was dumbfounded. He stared at the smooth and round jade with a warm color. At a glance, he knew that it was a rare supreme-grade jade.

The boss couldn’t help but look overjoyed. Tears welled up in his eyes as he looked at Qin Xi. “Congratulations, Miss Qin. You got a first-grade emerald.”

At this moment, everyone seemed to have woken up from a dream. They stared at the emerald like hungry wolves and shouted excitedly, “Whose jade is this? I’ll pay 50 million yuan. Can you sell it to me?”

“50 million. Brother, that’s robbing. 50 million is only enough to buy a corner of it. I’ll pay 100 million. Boss, I’ll pay 100 million. What do you think?”

“I’ll pay 120 million. Give me a chance...”

“I’m the general manager of Wanteng Jewelry. I’ll pay 150 million. Boss, I’m your regular customer. Don’t you remember me?”

“Boss, I offer 170 million...”

“I offer...”

Listening to the high price offers, Mr. Qin felt his ears buzzing and his head spinning. He felt like the world was spinning and even breathing was difficult.

He covered his forehead with one hand and waved at Qin Xi. "Xi, help Dad up. I'm going to faint..."

Mr. Qin: "... I can't calm down!"

Chapter 582 Getting Rich

"Mom, we're back!"

When Mrs. Qin came out of the bedroom, she was dumbfounded to see the father and daughter carrying more things than they had stocked up on during the New Year.

"Why in the world would you buy so much stuff?"

"Hahahaha, wifey, we're rich. I don't have to go out and work hard anymore. Our daughter has earned more than I can earn in my lifetime."

Mr. Qin put the things on the ground and hugged his wife happily, kissing and hugging her.

Mrs. Qin punched his chest with her fists. "What are you doing? Our daughter is still here. Aren't you ashamed?"

"Hey, what's there to be ashamed of kissing my wife? Wifey, come, I'll tell you what happened today."

Hence, Mr. Qin pulled Mrs. Qin and began to tell her everything that happened today. When Mrs. Qin heard that an emerald was actually sold for 230 million yuan, she almost had high blood pressure.

She was not sure and asked with a stutter, "200 million? Are you sure? Is it really 200 million?"

"Of course. That money is all in our card now. If you don't believe me, take a look." Mr. Qin took out his phone, showing her the money transfer message.

Looking at the number of zeros, Mrs. Qin's heart raced. After confirming the number, she hugged Mr. Qin excitedly and kissed him twice. Then, she pushed him away and turned to rush to the bedroom. She changed into a dress and pulled Mr. Qin along with her, smiling so widely that her eyes couldn't be seen.

"Hubby, let's go shopping with Xi!"

"Huh? Now?" Mr. Qin was a little confused. "But, but we just came back and haven't eaten yet!"

Mrs. Qin waved her hand. "With so much money we have, we don't have to cook. Let's go to a big restaurant to eat."

Qin Xi said with a smile, "Dad, Mom, go out and shop. Buy whatever you want."

"Oh right, it would be even better if you bought a house. I remember that I used to like the penthouse in the CBD."

"I won't be going today. I still have some things to settle. Don't need to save money. What our family lacks the most is not money."

"Buy a house?" Mr. Qin was stunned.

Mrs. Qin was immediately excited. "Alright, I want to change houses too. Since we have money now, let's go buy a house now!"

Since their daughter had said so, Mr and Mrs. Qin immediately dressed up and went out.

She picked up the herbs and placed them in the kitchen. She took out the ones needed to refine the Beauty Pill. There were also Body Refining Pills and some other life-saving pills.

She wanted to leave some things for her parents to protect themselves.

Chapter 583 Don't Want to Lose You a Second Time

In the past three days, Mr and Mrs. Qin had been busy buying houses and putting up furniture. They wanted to move in as soon as possible and have some family time with Qin Xi in the new house.

The Qin couple finally finished their work. At the same time, they planned the itinerary.

"Xi, thank you for your hard work!"

Actually, Mr. Qin and Mrs. Qin did not want their daughter to work too hard, but Qin Xi did this for the sake of their family. Although Qin Xi never complained, they knew that Qin Xi had not been doing well all these years.

Their deaths had traumatized her greatly. It was not easy for her to come back. She had to make sure nothing went wrong this time before she could leave in peace.

Therefore, they did not disturb her when she was busy.

"Dad, Mom, I've marked the names and uses of these pills and those talismans. You can use them in the future. I'll teach you how to use them..."

Qin Xi took out the pills she had refined one by one.

"These small porcelain bottles are filled with poisonous powder and pills. They're all poisons that can kill people without leaving any evidence."

"... Xi, I don't think we need these!" When Mr. Qin heard that it was poison, the corners of his mouth twitched.

Qin Xi stared at them deeply, feeling sad. When she thought of the tragedy in her previous life, her heart ached.

"Dad, you have to be wary of others. I've already lost you once. I don't want to lose you again."

Mr. and Mrs. Qin fell silent, feeling even worse. They quickly walked over and hugged her tightly. Mrs. Qin sobbed and said, "Xi, it won't happen again. This time, Daddy and Mommy will definitely protect you and never let you experience anything bad again."

"Dad, Mom, let me protect you this time..."

**

Qin Xi had a good night's rest and slept until late in the morning. Only then did she get up comfortably and the family set off on their trip.

The first stop was Thousand Buddha Mountain.

It was a famous tourist attraction for ancient ruins. Here, the mountains were covered in peaks and trees. The scenery was like a painting, and the springs were clear and delicious.

Especially in the middle of summer, when the mountains were covered in green leaves, it was refreshing. Life here was like a paradise on earth, and the scenery was beautiful.

Moreover, the sunrise and sunset here were very spectacular.

In the past, Qin Xi had only seen it in videos and had never seen it with her own eyes. Today, she was deeply shocked.

The reason why this place was called Thousand Buddha Mountain was because there was a magnificent palace here. The palace was located at the top of the mountain and almost reached the clouds. It was also called the Mortal Heavenly Palace.

Qin Xi took out a bottle of water and two apples from her backpack. "Dad, Mom, you must be tired. I have water and fruits here."

"The journey up the mountain will be more tiring. If you can't take it, we won't go up."

"That won't do. We're already here. How can we not go up? Besides, we've already prepared the cameras."

"That's right, Xi. Your father and I just haven't exercised for too long, so it's inevitable that we'll be tired. It's fine. We'll be fine after resting."

Qin Xi nodded. "Alright, I'll help you!"

As she spoke, she took out a talisman and stuck it on their bodies. "This is a lightweight talisman. It can remove the weight on your body."

Chapter 584 Little White Fox
Lightweight Talisman?

Before Mr. and Mrs. Qin could understand what was going on, they felt their bodies lighten. The two of them widened their eyes in surprise and almost exclaimed. They quickly covered their mouths and ran up the mountain like happy birds.

The tourists who passed by were all in disbelief. They wondered if middle-aged people were all so in shape these days.

When Qin Xi saw this, she let out a series of bell-like laughter and ran up the mountain with light footsteps. She was beautiful to begin with and had smooth skin. She was wearing a white sports suit and her hair was casually draped over her shoulder. She looked youthful and playful.

The family of three instantly encouraged the other climbers to perk up and climb faster.

When they arrived at the middle of Thousand Buddha Mountain, Qin Xi looked at the time and asked her parents, "Dad, Mom, are you hungry? Why don't I bring you up to catch some wild animals?"

Mr. Qin quickly shook his head. "Wild animals? That won't do. We can't start a fire in the mountains."

"Xi must have a solution. Don't worry."

Mrs. Qin glared at Mr. Qin. Now, she admired her daughter's ability. Apart from not knowing how to fly, she felt that her daughter knew everything else.

"Dad, Mom, don't worry. I have a way to prevent the fire from getting in contact with the trees," Qin Xi promised.

"Since you've said so, let's go and eat wild animals. Hahaha, by the way, I ate once in my relative's house when I was young. The taste was extremely good. I've long forgotten what wild animals taste like." As he spoke, he smacked his lips, as if he was reminiscing the taste of the past.

Mrs. Qin also looked happy. "I guess we are in for a good treat today."

Qin Xi took the opportunity to set up a small illusion on the three of them. Then, she brought her parents into the forest. The slope here was a little steep, but the three of them all had Lightweight Talismans on them, it wasn't a problem to them at all.

The three of them entered the forest and walked for a distance. At this moment, Qin Xi suddenly stopped and heard a rustling sound.

Seeing that her daughter had stopped, the Qin couple also stopped. Mrs. Qin blinked at Mr. Qin and pointed in a direction. She said softly, "Something is over there."

"Dad, Mom, let's eat roasted rabbit today!"

After Qin Xi said that, she disappeared from the spot like an arrow. This shocked Mr. and Mrs. Qin. "This, this, this..." This was too unbelievable.

Before the couple could react, Qin Xi walked back with two black rabbits. She said with a smile, "Dad, Mom, let's go. Find some dry firewood. Wait for me in an empty space. I'll go and clean up the rabbits."

Just as she took two steps, she seemed to have thought of something and turned around to remind him, "Don't forget to sprinkle some beast repellent around. It's safe this way."

"Got it."

After finding them, the three of them began to roast the rabbits.

However, as the three of them were roasting the rabbits, they realized that on a rock, a small snow-white head was sticking out and staring at the rabbit meat.

Qin Xi had actually seen it long ago, but she ignored it. When Mr. Qin saw it, he immediately asked Mrs. Qin to go and take a look. Now, Mrs. Qin's eyes lit up and she was overjoyed.

"Xi, we can't finish it anyway. Why don't we call it over to join us?"

Chapter 585 Nemesis of Small Animals

Qin Xi knew that her mother liked fluffy animals very much.

Unfortunately, she was fated with fluffy animals.

The puppies and kittens she raised were either dead or lost. In short, in Qin Xi's memory, there were five to eight fluffy animals her mother raised at home.

However, in less than a month, those cute fluffy animals would be lost or dead for all kinds of strange reasons.

In order not to let Mrs. Qin continue to harm the fluffy animals, Qin Xi and Mr. Qin unanimously objected to her raising small animals. Even Mrs. Qin herself felt that she was the one who had harmed those fluffy animals. For a long time, she was depressed.

Later on, Qin Xi used her pocket money to buy some stuffed animals for her mother. Only then did she feel better.

However, when Mrs. Qin saw the little white fox, her desire to raise fluffy animals rekindled.

In the past, Qin Xi had never understood why Mrs. Qin was not fated with fluffy animals. After all, Qin Xi knew very well what kind of person her mother was. Firstly, Mrs. Qin did not abuse or poison small animals. Why were those small animals gone whenever they fell into her mother's hand?

Now that she had the mystic medicine technique, she finally understood what was going on.

It turned out that Mrs. Qin was the nemesis of small animals.

This was the reason why Mrs. Qin could not keep small animals for long.

At the thought of the small animals that Mrs. Qin had raised to death, Qin Xi couldn't help but sigh deeply.

Qin Xi handed the roasted rabbit to Mr. Qin. "I'll go get it for you."

Mrs. Qin was excited. "Don't hurt it."

Qin Xi nodded and drew a freezing talisman effortlessly. She shot it out and placed it on the little white fox's head. "Freeze!"

Originally, the little white fox was out to hunt for food. Unexpectedly, as soon as it caught a big rat, it smelled an irresistible fragrance. It instantly felt that the mouse in its mouth was no longer fragrant.

Of course, it did not throw away the mouse. Instead, it quickly found a secret place and dug a pit to bury the mouse. Then, it quickly shuttled through the forest and followed the fragrance to this place.

When it saw the delicious roasted rabbit meat emitting an alluring fragrance, the little white fox wished it could pounce on it and take it away!

However, just as it was staring at the rabbit meat with saliva flowing down its mouth, its body suddenly seemed to be restrained by something and it could not move at all. The little white fox widened its eyes and looked at Qin Xi in horror.

Qin Xi walked over and grabbed the back of the little fox's neck. She came to Mrs. Qin and handed it to her. "Mom, I've frozen it. You can touch it however you want."

Mrs. Qin touched the little fox. Seeing its big watery eyes looking at her pitifully, Mrs. Qin's heart softened and she looked at Qin Xi.

"Xi, why don't you let it go? I think it's quite pitiful. If you freeze it like this, it won't be able to eat anything!"

Qin Xi looked at the little fox with a deep gaze. "I'm warning you. If you dare to hurt them, I don't mind roasting another white fox."

Chapter 586 Her Status is Threatened

Although the little white fox did not understand what Qin Xi was saying, it could sense the terrifying aura emanating from Qin Xi. Its eyes could not help but reveal fear, and its body trembled uncontrollably.

The fox regretted it. It shouldn't have risked its life for delicious food. The fox wondered if it was too late to regret now.

Just as the white fox was thinking of an escape plan in its mind, the feeling of being bound suddenly disappeared. It immediately returned to normal. For a moment, the little white fox was a little stunned and looked at Qin Xi with its big black eyes.

Qin Xi gave it a warning look again.

Mrs. Qin glared at Qin Xi and quickly stroked the trembling white fox. "Xi, don't scare the fox. Look at how obedient it is. It's fair and cute. It's so likable."

"Mom, it's a wild beast after all. It eats raw meat all year round and has bacteria on its claws and teeth. You..."

Before Qin Xi could finish, Mrs. Qin looked at her strangely and said in amusement, "What's wrong with that? Even if I'm really injured, I still have you, right? What's there to be afraid of?"

Qin Xi was speechless.

Seeing that his daughter couldn't persuade her mother, Mr. Qin laughed.

"Alright, Xi, don't worry. Didn't you just say that if this little beast dares to hurt people, you'll roast it."

The little white fox was speechless. It suddenly felt a chill down its spine.

"Alright, the rabbit meat is ready."

Qin Xi tore off the roasted rabbit leg and handed it to Mrs. Qin. She then tore off another rabbit leg and handed it to Mr. Qin. "Dad, this is for you!"

Seeing that Qin Xi was eating alone and did not tear the rabbit meat for the little fox, Mrs. Qin instructed, "Xi, tear another piece for the fox. Anyway, we can't finish so much. Don't waste it."

Qin Xi was speechless. She suddenly felt that her position in the family was in danger.

However, fortunately, this little white fox was only a temporary passerby. If it was really adopted by Mrs. Qin, Qin Xi's status would definitely plummet in the future.

Qin Xi tore off a piece of the rabbit's front leg for the little white fox and quickly fed it to her.

The little white fox looked at Qin Xi warily and sniffed the rabbit leg. It carefully stuck out its pink tongue and licked it.

Immediately, it was almost overwhelmed by the rich fragrance. It couldn't care less about the danger and hugged the rabbit leg to start eating.

Seeing that it was eating happily, Mrs. Qin smiled.

She looked at the little white fox in Mrs. Qin's arms and said calmly, "Mom, let it go. We're leaving."

Mrs. Qin nodded and let go of the little white fox.

Although she liked the little white fox very much, she knew that it belonged to the forest. If she brought it to the city, it would definitely not be used to the environment there. At that time, no one could guarantee what would happen to the little white fox.

No matter how reluctant she was, Mrs. Qin still let go.

She rubbed its head gently. "Alright, go back. Don't get close to people easily in the future, understand?"

The little white fox was placed on the ground and spun around twice. It rubbed its fluffy tail against Mrs. Qin and ran into the forest, disappearing in the blink of an eye.

The three of them set off again.

The little white fox that had just disappeared stuck its head out again and looked in the direction where the three of them had disappeared.

Chapter 587 Adopting the Fox

When she arrived at the top of the mountain and stood on the watchtower, Qin Xi was suddenly in a good mood. As she looked at the golden sunlight shining down from the clouds, she suddenly felt like she was in the clouds.

Everyone was stunned. Not only was this beautiful scene spectacular, but it was also very beautiful. Almost everyone had a camera in their hands. There were clicking sounds as they tried to take a photo of this beautiful scene.

Mr. Qin looked at the endless clouds in shock. He seemed to have a thousand praising words to say, but he couldn't bring himself to say them. After a long while, he sighed.

"It's so beautiful..."

Mrs. Qin looked at the beautiful scenery with sparkling eyes and praised, "This is simply like a fairyland in myths and legends."

Qin Xi was not as excited as the others. However, she realized that cultivating here would yield twice the result with half the effort. The spiritual energy here was much richer than elsewhere.

Mr. and Mrs. Qin took enough photos before they were willing to leave. When they went down the mountain, there were still many people climbing up. These people were all tourists who wanted to admire the sunrise and sunset.

It was much easier to go down the mountain than to go up. Along the way, compared to the others, the three of them looked very energetic.

Looking at her parents' backs, Qin Xi smiled in relief. She was extremely glad that she could come back and change her parents' fate.

At this moment, when Mrs. Qin was taking a photo, she happened to see the "hidden" fox tail in the corner and exclaimed, "Eh, it's the little white fox."

"That's true. Why is the little fox still here?" Mr. Qin was also very puzzled.

Qin Xi explained calmly, "It followed us all the way here."

Mrs. Qin was slightly surprised. "Are you saying that it hasn't left and is following us up and down the mountain?"

Qin Xi nodded. "It has some intelligence. It looks like it wants to leave with us. Mom, haven't you always wanted to have a pet? If you like it, you can take it with you."

Previously, when she saw her mother interacting with the little fox, she had thought of adopting it. However, when she thought about how the little fox was a wild animal and would not get used to the city life, she decided not to do so.

Qin Xi did not expect it to follow them.

Hearing Qin Xi's words, Mrs. Qin immediately smiled. "In that case, let's take it away."

At the side, Mr. Qin said worriedly, "Is this a good idea? You know that apart from raising you, your mother can't raise anything else. If this..."

Before he could finish, he suddenly felt a pain in his foot. He looked down and saw that his wife's foot was stepping on his toes.

"Xi, your father is right. I don't think I have the talent to raise a pet. Let's forget about it."

"Mom, don't worry. I'll help you solve this problem."

It was just a matter of a talisman. It was not a big deal.

Mr. Qin said, "But even if we adopt it, we can't take it with us on the plane..."

Qin Xi waved at the little white fox. "Dad, it'll be fine. Believe me, I can handle all of this."

Seeing that Qin Xi was waving at it, the little fox hesitated and walked over.

Chapter 588 Counterattack

The little fox approached Qin Xi carefully and blinked its big watery eyes at her.

At this moment, the surrounding people also saw the little white fox and were surprised. Some of them took out their phones to take a video, while others wanted to go over and pat it.

The little white fox was frightened. It quickly ran to Qin Xi's feet and wrapped its furry tail around her ankle.

"Miss, is this little fox yours?" A man in his thirties walked up and asked curiously.

Qin Xi nodded and bent down to pick up the little fox. She looked at the man calmly. "It's mine. What's the matter?"

"It's like this. My wife likes this little fox very much and wants to ask if you're willing to sell it to me."

The man looked confident and said with a smile, "The price is negotiable. I'll definitely give you a satisfactory price. How about that?"

Qin Xi said calmly, "Sorry, I'm not short of money." Then, she turned around and threw the little fox to Mrs. Qin. "Mom, let's go!"

Just as the family of three was about to leave, the wife of the man in his thirties was displeased. She felt that Qin Xi did not know what was good for her and immediately jogged to block their way.

She looked at Qin Xi with disdain.

"Hey, young lady, you're too rude. We really want to buy the little fox, not to joke with you here. Just give me a number. I don't believe that anyone can resist the temptation of money these days."

Mrs. Qin pulled Qin Xi behind her and glared at the woman coldly. "What's wrong with your brain? My daughter clearly told you that we're not short of money. Please don't act like a shrew."

Mrs. Qin looked at the man again with a look of pity. "I mean, you look like a good man. Why did you marry such a troublemaker? You must have cleaned up the mess for her a lot in the past. It's really been hard on you. She's not worthy of you."

Qin Xi couldn't help but laugh out loud. She had never seen her mother so sharp-tongued. It seemed that she had been holding it in in the past. Now, she was showing her true colors.

The man's face darkened. He glared at his wife and warned, "Don't embarrass yourself. Haven't you caused enough trouble along the way? We're here for a vacation, not to show off your wealth."

The woman was so angry that her chest heaved. When she heard Qin Xi's mockery and the gossiping voice around her, she immediately lost her mind and pounced on Mrs. Qin, reaching out her long nails.

No one expected her to attack without warning. They were immediately stunned on the spot.

Even Mrs. Qin did not react in time. However, the little fox in her arms reacted quickly and stretched out its claws.

The little fox left ten scratches on her face to varying degrees. The injuries were extremely serious, so serious that she was disfigured.

Everyone was stunned.

A scream that tore through the sky resounded through the forest, scaring away the birds.

“Ahhh, I’m going to kill you.” The woman with blood all over her face shouted.

Chapter 589 Backlash

Everyone gasped and looked at the crazy woman in disbelief.

This was because they were halfway up the mountain. Although there were stone steps here, they were very high and steep. If one fell, the consequences would be unimaginable.

It had to be noted that behind Mrs. Qin was a steep mountain. If she really succeeded, Mrs. Qin might very well be pushed down.

How was this a fight? This was clearly murder!

Seeing this scene, everyone, be it men or women, couldn’t help but cover their mouths and scream in disbelief. “Oh my god, is she crazy?”

Mr. Qin’s face turned pale. He rushed up to Mrs. Qin. He kicked the woman away and hugged Mrs. Qin, comforting her softly.

The corners of Qin Xi’s mouth curled up as she retracted her foot. It was... a pity.

If she was the one who kicked, that woman would have a taste of what it was like to fall down the mountain.

However, all of this was interrupted by her father saving the damsel in distress, so she felt that it was a pity.

Then, her gaze landed on the disheveled woman. Her eyes were terrifying as she drew her fingers in the air.

In an instant, a golden light shot out and quickly entered the woman’s body, disappearing.

It was a talisman called the Good and Evil Talisman.

As the name suggested, as long as one did a good deed, this talisman would not be activated at all. On the other hand, once one did a bad thing, the talisman would immediately take effect. It was extremely painful, like gouging out one’s flesh bit by bit.

The woman’s husband was also so frightened that he broke out in cold sweat. His lips were trembling and he seemed to be muttering something.

“Let me give you a piece of advice. You have to be good. Otherwise...” Qin Xi walked up to the woman and looked down at her with an ambiguous smile.

The woman glared at Qin Xi, wishing she could tear these three people apart. However, she knew that she was no match for them alone. As for her husband, she glanced at him with hatred in her eyes. She was even more certain that this man was a coward.

Seeing Qin Xi and the others leave, the woman stood up and took out her phone. Her mind was filled with thoughts of how to make Qin Xi and her family kneel in front of her and beg for mercy.

Just as this thought surfaced in her mind, she fell to the ground with a cry and clutched her chest.

When Qin Xi heard the scream behind her, the corners of her mouth curled up.

**

After the Thousand Buddha Mountain, the three of them and the fox took a plane to Guishan Island in the south, a holy place for recreation.

This place was surrounded by the sea. The scenery was beautiful and the air was fresh. It was one of the places tourists loved to visit, especially now. Under the sunlight, the sea surface was golden and dazzling.

The most satisfying thing here was not the environment, but the seafood. The abundant ingredients, excellent culinary skills, and those unique dishes were the epicurean holy land that everyone dreamed of.

Qin Xi had once heard from her classmates mention this place, so she had a deep impression of it. In the past, she had never had the chance to come here.

Chapter 590 Becoming Transparent

On the beach.

Qin Xi sat on the recliner and sunbathed. As she watched her parents and little fox play on the beach, she couldn't help but smile happily.

However, when she looked at her hand from the corner of her eye, her eyes suddenly widened and her face instantly froze.

Her hands were actually transparent?

Why?

Suddenly, she seemed to have thought of something. Could it be... that she was going back?

Qin Xi subconsciously stood up. Her mind was blank and her nerves were tense. She looked at Mr. and Mrs. Qin nervously and reluctantly, her heart extremely heavy.

She knew that she didn't have much time left. If she didn't go and say goodbye, she might really run out of time. Qin Xi took a deep breath and walked towards her family with a smile.

At this moment, a huge wave suddenly rose from the sea. The seawater swept up high waves and hit the reefs with a deafening sound. The tourists by the sea screamed and ran ashore to avoid the huge wave.

Mr. and Mrs. Qin were also frightened. They hurriedly picked up the little white fox and turned to run. When they saw Qin Xi running towards them, the couple immediately shouted in panic.

“Xi, don’t come over. Go back!”

Unfortunately, the sound of the waves drowned out their shouts.

Qin Xi gritted her teeth and waved her right hand. A surge of Mystic True Qi surged towards Mr. Qin and Mrs. Qin, forming a transparent barrier. In her left hand, a water-repelling talisman appeared.

After doing this, Qin Xi realized that her arms had also become transparent. It seemed that using the Mystic True Qi would increase the speed of transparency.

However, Qin Xi did not have time to think. She quickly arrived in front of Mr. Qin and Mrs. Qin and wrapped her arms around their waists. She circulated the True Qi crazily to increase her speed to the fastest to run to the shore.

However, Qin Xi was still a human after all. How could she compete with nature?

Seeing that the waves were rolling over again, Qin Xi gritted her teeth and ran ashore with her parents. She was very fast, like riding a motorcycle on flat ground.

However, as she sped up, the transparency of her body became faster and faster. It had already spread to her torso.

The huge wave slammed down again. This time, Qin Xi had an idea. She quickly used the force of the wave to push her parents to a safe area.

“Cough, cough, cough, cough!”

Just now, because Mrs. Qin was anxious, she drank a few mouthfuls of seawater. Although it was nothing serious, she was still frightened.

As Mr. Qin patted Mrs. Qin’s back, he was still in shock. He muttered to himself, “This is too scary. Why did the seawater suddenly rise so high? We weren’t prepared at all. And Xi, it was so dangerous just now...”

Qin Xi’s eyes suddenly turned red as she said in a low voice, “Dad, Mom, I might have to leave. I can’t continue to be with you. Please... take care of yourself!”
