Chapter 601 Too Fierce

“Eh, that’s not right. I remember that before I left, I introduced you and Berserk to Ruth. Why are you the only one who was... ahem, what about Berserk?”

Qin Xi blinked and suddenly realized something. Previously, she seemed to have introduced Ruth to Berserk and Thunderkill. Why was Thunderkill the only one injured?

“Don’t mention it.”

At the mention of Berserk, Thunderkill was furious. After being brothers with Berserk for so many years, Thunderkill had never known that Berserk was so despicable.

Seeing his ‘hateful’ look, Qin Xi was even more curious.

Blood Stealer said, “That girl originally wanted Berserk, but Berserk was too cunning and found a chance to escape. He actually set Thunderkill up. Otherwise, with Thunderkill’s ability, how could he be pushed down by that woman?”

Thunderkill glared at Blood Stealer. “Shut up!”

Blood Stealer shrugged and shut up.

Thunderkill looked at Qin Xi aggrievedly. “Lady Boss, that woman is too fierce. I’ve had enough.”

Blood Stealer couldn’t hold it anymore. He quietly turned to Qin Xi and said, “It was Thunderkill’s first time.”

Thunderkill’s face turned red. He wished he could go up and bite this chatterbox to death.

Qin Xi was slightly surprised. She sized up Thunderkill. “You’re all 30 years old, right? 30 years old and you still don’t have a woman?” That didn’t sound right!

Thunderkill lowered his head shyly and scratched his red ears. He said, “I was always on a mission in the past and didn’t have time. Later on, I was injured and couldn’t do anything. As for now...”

“Cultivating every day, I don’t have that kind of desire.”

Qin Xi was speechless. Why was her husband full of desire then

However, after knowing what happened to Thunderkill, Qin Xi sympathized with him. “Thunderkill, since you, ahem, you didn’t lose anything, let’s forget about it. You can’t... ahem, ask her to pay you, right?”

Thunderkill was on the verge of tears.

What did she mean by saying that he didn’t lose anything? The thing that had been preserved for more than 30 years was gone just like that. Virginity was equally important to both women and men,

Qin Xi quickly took out the pagoda. She said in all seriousness, “Alright, I’m going to let them out now. Don’t make a sound lest you disturb me.”

Thunderkill opened his mouth, wanting to say something, but in the end, he could only swallow his words.

Then, streams of light quickly flashed out and entered the space between the eyebrows of Saber, Zhou Lei, and the others. Right on the heels of that, everyone slowly woke up.

At first, they were not used to the light outside. They narrowed their eyes and adapted for a while before they could see the surroundings clearly.

“Are we out?”

Fu Yu was still in disbelief. He pinched his face and shouted in surprise, “We’re back. We’re really back.”

“That’s right. Hahahahaha, I’m finally back. I don’t have to face those disgusting things anymore.”

At this moment, a clapping sound was heard. “Welcome back. I’m very satisfied with your results.”

Seeing that their cultivation levels had increased, Qin Xi was really satisfied, especially Saber and Lone Wolf. Their cultivation levels could be said to be much higher than Blood Stealer and Thunderkill.

Blood Stealer and Thunderkill’s eyes immediately turned red with jealousy.

Chapter 602 An Uninvited Guest

In the afternoon, Han Shi returned. He took out the household register and went to the Civil Affairs Bureau excitedly.

Looking at the big lock on the door of the Civil Affairs Bureau, Han Shi’s face darkened.

Seeing his expression, Qin Xi wanted to laugh but held it back.

“New Year’s Day is a holiday. It happens that it’s the weekend today. Why don’t we come back on Monday?”

Han Shi looked aggrieved. “Wifey, I’ve been waiting for this day for a long time. Look at my clothes. I even specially dressed up...”

Qin Xi quickly comforted, “I know, I know. It’s fine. In any case, the Civil Affairs Bureau won’t run away. You’ve been waiting for half a year. It doesn’t matter if you wait for a day or two.”

Han Shi wanted to say that he could not wait anymore because no one could guarantee what would happen the next second.

“Alright, it’s almost dark. Let’s go home. It’s the holidays today. Don’t make Grandpa and Mom wait too long.”

Seeing that he did not move for a long time, Qin Xi raised his hand and tidied up his clothes.

Han Shi was dragged away unwillingly, his expression gloomy.

When they returned to Shangwan Village, Qin Xi saw a small car parked at the entrance. Qin Xi raised her eyebrows. “Whose car is this?”

Han Shi shook his head. "I don't know. When I came back, it wasn't here. It shouldn't have been here for long."

Because there was a car blocking the way, Han Shi could only park his car in front of his neighbor, Wang Qiang's house.

Immediately, Blackie ran out and ran towards Qin Xi happily.

Qin Xi was surprised. "Blackie, you've grown up."

The last time she came back, it was only knee-high. Now, it was thigh-high.

Seeing that Blackie was about to pounce on Qin Xi, Han Shi immediately kicked the dog away and scolded softly.

"Get lost. You're so big. Don't knock my wife down."

Blackie immediately barked at Han Shi, as if it was cursing.

Han Shi glanced at it in disdain.

"Don't think I don't know that you're scolding me. If you continue to cause trouble, I'll not feed you today."

At this moment, Jiu Yuan, who was dressed in a python robe, floated out.

"Get lost, stupid dog!"

Jiu Yuan pinched Blackie's face. Blackie seemed to feel that someone was touching it and jumped up. It opened its mouth and bit the air a few times.

"As expected of a stupid dog!" Han Shi laughed.

Blackie immediately charged at him, using its tail to slap Han Shi's thigh.

In a moment of carelessness, Han Shi staggered and almost fell. Out of anger, he found a tree branch, ready to counterattack.

Blackie turned around and ran away while barking. Han Shi chased after it and the man and dog started fighting beside the courtyard wall.

Seeing Han Shi leave, Jiu Yuan immediately said to Qin Xi, "A person surnamed Mu is inside. You have to be mentally prepared!"

Chapter 603 It's Daytime, Control Yourself!

Mu?

Qin Xi narrowed her eyes and asked coldly, "Who is it? What's he here for?"

She had only met Elder Mu and Qi Xiong. That fact that she was a member of the Mu family was still confidential. Therefore, the person who came was definitely not here to acknowledge her. There must be something else.

Jiu Yuan shrugged. "It's a young man. He should be your brother. He came to see you, but don't worry. He doesn't know that you're from the Mu family. He's probably curious about your identity as a young divine doctor."

Qin Xi immediately recalled the scene of her meeting the young man's eyes in the sanatorium. Could it be him?

"Alright, I understand." As she spoke, a sly look flashed across her eyes.

Inside the house.

Hearing the barking outside, Han Dazhu and Luo Xiujian were delighted. They stood up and looked out of the window. "Stone and Xi are back."

Mu Di put down the tea reluctantly and looked out of the window.

For the past few days, he had been staying in Qinglin Town. Although he said that he was waiting for Han Shi to come back to discuss business with him, he was actually here to take a look at the legendary divine doctor. However, when Luo Xiujian made him a cup of tea, he was immediately captivated by the fragrance of the tea.

As the Second Young Master of the Mu family, he had tasted all kinds of good tea, especially the supreme-grade tea at his grandfather's place.

However, not only did the tea of the Han family smell refreshing, but it was also fragrant. He did not know if it was his imagination, but he felt that his stomach illness had been alleviated at this moment.

His gaze landed on the tea, his eyes dark.

At this moment, Han Shi walked in and asked in confusion, "Grandpa, Mom, who's here? I saw a car parked outside."

Luo Xiujian quickly went up to him with a smile. "You're finally back. Mr. Mu wants to discuss business with you. He's been here two or three times. By the way, where's Xi? Why isn't she back?"

"My wife is behind me!" Han Shi walked into the house and muttered, "Mr. Mu?"

Suddenly, he seemed to have thought of something and his expression changed slightly.

Mu?

He remembered that the middle-aged butler mentioned back then that his master was also surnamed Mu.

He just did not know if this guest was from the Mu family which was high and mighty in the capital.

The short distance of a few meters made him feel like it was thousands of miles.

"Why aren't you going in?" Qin Xi stood behind Han Shi and asked with raised eyebrows as she looked at his stiff back.

Han Shi turned around and reached out to pull her into his arms. He asked in a low and hoarse voice, "Do you think this Mr. Mu is related to that... Mu family?"

Qin Xi was stunned for a moment. Then, she raised her arms and hugged him. She leaned her head on his chest and said in a muffled voice, "Are you afraid?"

Qin Xi had never told Han Shi about her background, and Han Shi had never asked her. The two of them had always had an unspoken mutual understanding, but to Han Shi, the pressure was unimaginable.

Han Shi pursed his thin lips and did not answer.

He was afraid.

He was afraid that he would lose her and not even be qualified to see her in the future. Besides, the two of them had yet to register their marriage. If anything happened, he was afraid that he would go crazy.

Qin Xi looked up at him with a smile and comforted him softly, "Don't worry, if I don't want to leave, no one can stop me. No matter what happens, I won't leave you."

"... The two of you, aren't you ashamed of hugging in broad daylight? There are still guests in this room. Control yourself."

Chapter 604 Restrain Yourself

Only then did Qin Xi react. She quickly let go of Han Shi and her face immediately turned red. She cleared her throat to hide her embarrassment.

"Mom, so you're here too!"

Luo Xiujian glared at her and teased with a smile, "I've always been here, but the two of you were too engrossed in it and chose to ignore me."

Qin Xi and Han Shi were speechless.

"What are you talking about outside? Come in."

Seeing that no one came in, Han Dazhu couldn't help but urge.

"Hurry up and go in. Your grandfather is waiting for you." Luo Xiujian urged and entered the house first.

Qin Xi smiled and held Han Shi's hand. "Let's go. Don't make the guests wait."

The room was very warm. There was a stove in the middle. As soon as she entered, she felt a heat wave spreading across her face.

Han Shi immediately saw Mu Di sitting on the chair.

Han Shi was sizing up Mu Di, and so was Mu Di.

Han Shi's face was chiseled, and his skin was slightly bronze. There was a hint of coldness in his black eyes. He had a straight nose and thin lips. He was pursing his lips and looked very serious.

This was a handsome and masculine face with distinct features. Even though he was wearing ordinary clothes, he still exuded an extraordinary aura.

It was rare to see a noble aura on a villager. Moreover, Han Shi had a fierce aura that could not be concealed.

Even someone like Mu Di, who had seen a lot, couldn't help but look at her in a different light.

This man was definitely not simple.

At this moment, he retracted his gaze from Han Shi and turned to look at Qin Xi, who was standing beside Han Shi, looking obedient and docile.

After all, his goal here was to meet this legendary young divine doctor.

For some reason, when he saw Qin Xi's face, he felt an inexplicable sense of loss, but he did not know why he felt this way.

Han Shi was unhappy.

Shouldn't Mu Di restrain himself?

Even Han Dazhu and Luo Xiujuan couldn't stand it anymore. The former frowned and cleared his throat.

Mu Di came back to his senses but didn't show any embarrassment.

"Sorry, I was distracted just now."

"Boss Han, I'm Mu Di. I'm here mainly to discuss a business deal with you regarding the dealership of Sweet Dew products."

Han Shi shook his hand and gestured for him to sit down.

"May I know where you're from, Mr. Mu? How are your networks? I'm sorry, I don't mean anything bad. I'm just following the procedure."

"After all, you know that the quality of the sweet dew products is unquestionable. In the entire country, we are the only ones providing it. Be it vegetables or fruits, the quality is supreme-grade. If you don't have the ability, I'm afraid it will be very difficult for us to cooperate."

"Mr. Han, don't worry. I'm from the capital. You know that the market in the capital is very big. Our Mu Corporation has a few chain vegetable and fruit stores in the capital. If you're willing to work with me, I guarantee that the sales of Sweet Dew will go up another level."

Mu Di said confidently.

Han Shi thought for a moment and said, "I've never really thought about expanding the business to the capital. However, since you can establish yourself in the capital, I believe you are a capable person."

Chapter 605 Working With Mu Di

The reason why Han Shi agreed so readily was because he had already confirmed that Mu Di was definitely a member of the Mu family.

Hearing that Han Shi handed the dealership to him so readily, Mu Di raised his eyebrows in surprise and asked tentatively, "Mr. Han, aren't you going to investigate me? What if my status in the capital can't support the Sweet Dew brand?"

Han Shi smiled. "Mr. Mu, you're overthinking. It's necessary to take risks when doing business."

Mu Di suddenly changed the topic and asked, "By the way, I heard that Mr. Han is preparing to enter the pharmaceutical industry. Is that true?"

At the mention of the pharmaceutical industry, Qin Xi's eyes instantly narrowed. She still remembered that Yaohui Pharmaceuticals was one of the Shi family's businesses in the capital.

At that time, Jun Yaohui had said that there was a hidden family clan behind the Shi family. Therefore, in order not to be discovered too early, Qin Xi pretended to be Jun Yaohui everytime she talked to the Shi family.

Han Shi smiled calmly. "Mr. Mu, you're quite well-informed. To be honest, my wife is a Chinese doctor and knows a little about making medicine, so I plan to set foot in the pharmaceutical industry. However, we haven't decided yet. We'll talk about it after we figure out the details."

"How about this? If your medicine can reach the pharmaceutical standard, I might be able to build a pharmaceutical factory in the capital to help you manufacture the medicine. What do you think, Mr. Han?"

Mu Di did not say that on impulse because he knew that a doctor who could treat his father was definitely not simple. Moreover, during this period of time, he had secretly gotten someone to investigate the people Qin Xi had treated. The more he found out, the more shocked he became.

Among the patients, there was no lack of cancer patients. It had to be known that cancer was a terminal illness in today's society and there was no treatment for it. However, after Qin Xi treated them, those terminal illnesses were all cured. It could be seen how brilliant Qin Xi's medical skills were.

Han Shi subconsciously looked at Qin Xi, as if asking her what she thought.

Qin Xi was certain that her illusion technique was effective.

She found out from her grandfather that she looked very similar to the biological mother of the host. Therefore, before she met Mu Di, she had put a small illusion on her face to confuse him.

In the eyes of the Han family, she was still the same as before, but in Mu Di's eyes, she looked pretty much like another person.

Therefore, Mu Di definitely did not ask for cooperation with her because he knew her identity.

He came because of her reputation as the divine doctor.

After thinking this through, Qin Xi smiled. Since her brother wanted to work with her and she was indeed going to enter the capital in the future, why not do him a favor?

In any case, she was benefiting her family.

“Alright, since Mr. Mu is so sincere, we naturally won’t reject you.”

Chapter 606 Plan for the Headquarter

In the afternoon, Mu Di declined to stay for dinner and left happily with some fruits and a jar of tea leaves.

After he left, Han Shi held Qin Xi’s hand and asked, “Are you planning to go to the capital next?”

Qin Xi nodded and said with a smile, “Yes, we have to go sooner or later. Since someone is willing to pave the way for us, why should we go through all the trouble to pave a way ourselves?”

If Qin Xi did not count on the Mu family, it would definitely take them some time to gain a foothold in the capital. Although it would not take long, since someone was doing them a favor, why did they have to work so hard?

Only fools would not use resources available to them.

Han Shi knew very well that he would not be able to stop Qin Xi. He also knew that Xi would return to the Mu family in the capital sooner or later. The Mu family was also one of the top families in the capital. Since they were going back, they naturally could not be looked down upon by anyone. Therefore, he had to be strong enough to support Xi.

“Since you want to go to the capital so badly, I should work harder.”

At night, Qin Xi asked Han Shi to call Wang Zhiqiang and the others over. The family set up a large simple tent in front of the new house that had yet to be built. They barbecued and chatted. The atmosphere was quite lively, especially with Tong Tong around.

The topics everyone discussed were related to cultivation. However, as they talked, they started talking about the veterans who had been trained for more than two months.

Qin Xi immediately remembered that she had said that she would set up a security company with these veterans. It was time to start preparing.

“How’s the combat skill of those veterans now?” Qin Xi asked Wang Zhiqiang.

Wang Zhiqiang replied without thinking, “They’re already at the level of a special forces soldier. Moreover, there’s still room of improvement.”

After all, they had only been training for two months, and the results were different every day. Moreover, with Qin Xi’s Body Consolidating Pill, these people could improve exponentially.

Qin Xi nodded.

“Good. When the headquarters is built, the security company will also be built there.”

Qin Xi had her own plans. Firstly, by putting the security guards in the headquarters, she could better ensure the safety of the headquarters and eliminate all safety risks.

Secondly, it was easier to manage.

It was not that she did not trust these people, but on the contrary, Qin Xi believed them. After all, they were all retired soldiers. Therefore, Qin Xi wanted to set up an intelligence organization using these people.

As the business grew bigger and bigger, she would have more and more enemies. It was absolutely necessary to get to know the enemy in advance. Information was indispensable.

The next day, Qin Xi received a call from someone.

Fu Sheng.

Speaking of which, if Fu Sheng had not called her, she would have really forgotten about him.

“What is it?”

“Lady Boss, I’ve brought the patient here.”

On the phone, Fu Sheng’s voice was a little tired and dejected.

Qin Xi frowned. Just as she was about to ask who he brought, she suddenly remembered the conditions she had promised Fu Sheng when she poached him.

That patient who had a strange illness that acted up every full moon. Not only did she go crazy, but she also drank blood like a vampire.

Qin Xi said, “I’m not at the clinic now. How about this? Go to Breeze Villa and wait for me. I’ll rush over as soon as possible.”

Fu Sheng said, “Thank you, Lady Boss.”

Chapter 607 Long-lost Warmth

“What happened?”

Han Shi’s ears perked up when he heard that the person on the other end of the phone was a man, a young man. He pretended to ask casually.

“Didn’t I say that I would find you a pharmaceutical general manager last time? He has a patient who has a very rare illness. I’ll go and take a look,” Qin Xi explained.

Just as Han Shi was about to say that he was going too, Qin Xi said, “Don’t go. Let Wang Zhiqiang and the others send me. You can stay here and catch the long worm with them!”

Originally, Qin Xi was going to the Sweet Dew Garden with Han Shi to catch the long worm that was destroying the orchard.

However, now that something unexpected had happened, she could only ask Han Shi to stay at home and let him capture the long worm with the others.

After all, Han Shi was the only person who could see Jiu Yuan. With Jiu Yuan’s help, it would be easier to catch that cunning worm.

Han Shi also understood what Qin Xi meant. Helpless, he could only watch Qin Xi leave in the car.

After his wife left, Han Shi vented all his anger on the long worm. He waved his hand. "Let's go to the orchard. I don't believe we can't find that little bastard."

Seeing his aggressive look, Jiu Yuan poured cold water on him. "Don't be happy too early. That thing is very cunning!"

**

Three hours later, in the Breeze Villa.

Fu Sheng was sitting on the sofa, looking like he had lost his soul. His face was haggard. Even so, it could not hide the noble aura he exuded.

"Lady Boss, you're back."

Dong Xiaoxuan immediately went up to welcome her. She took Qin Xi's coat and handed her slippers before turning around to make tea for her.

Qin Xi quickly stopped her. "Sister Dong, don't worry. Go and do your work!"

Ever since she found out that Dong Xiaoxuan was very interested in designing clothes, Qin Xi had been nurturing her.

Initially, she wanted to set up a studio for her when the time came. Unexpectedly, among the businesses she took over from the Yin family, one of them was in the fashion industry.

Qin Xi immediately thought of Dong Xiaoxuan. However, the company's address was in Yunbei. She had to ask her if she wanted to go there first.

Dong Xiaoxuan obediently returned to her room and continued to work on the fashion design.

Seeing the haggard man, Qin Xi raised her eyebrows. "Where is the patient?"

Fu Sheng's voice was slightly hoarse. "In the apartment."

Qin Xi looked at the time. "Alright, I'll go upstairs to get something and then we'll set off."

After taking two steps, she turned around and pointed at the tea on the coffee table. She instructed, "Go and drink a few sips of tea. Don't tire yourself out."

Then, without caring if Fu Sheng listened or not, she walked straight upstairs.

Fu Sheng looked at the cold tea on the coffee table. Although the fragrance of the tea was still lingering around him, he felt a faint bitterness in his heart. It was not because of the tea or Qin Xi's words, but when he thought of his mother's illness and his father's cold face, he felt bitter.

However, he still listened to Qin Xi. He sat on the sofa, picked up the teacup, and took a sip.

As soon as he took a small sip, he actually felt stunned. A long-lost warmth flowed into his limbs and bones. His fatigue was immediately swept away, and he seemed to be glowing.

He looked at the tea in his cup in shock and took another sip in disbelief. Then, he took another sip.

After finishing the tea, he looked at the empty cup in a daze..

This tea...

“Why? Do you not like it?”

At some point, Qin Xi had arrived in front of him and asked in amusement when she saw him staring at the teacup.

Chapter 608 Fake Mother

Looking at the empty teacup, Fu Sheng blushed and smiled awkwardly. “I like it. It’s good.”

Qin Xi was never stingy with what she gave her employees. She walked to a cabinet and took out a jar of tea leaves. She threw it to Fu Sheng. “Take it. It’s good for your health.”

Of course, Fu Sheng knew that this jar of tea was different. He hugged it like it was a treasure and urged, “Lady Boss, can we go now?”

“Let’s go!”

Soon, the two of them arrived at Fu Sheng’s apartment.

Fu Sheng put down the jar of tea and looked around, but he did not see anyone. He said, “She should be in the bedroom upstairs.”

Qin Xi nodded and followed him upstairs. He gently pushed open a bedroom door and saw a graceful woman sitting on the balcony under the sun.

The woman was about 40 years old. She was beautiful and had smooth skin. Her long black hair was tied up at the back of her head, and the dark purple cheongsam accentuated her figure.

She was the kind that the more one looked at her, the more they liked her. There were not many traces of age on her face, and she exuded a dignified and elegant aura.

The woman looked a little like Fu Sheng. Qin Xi could tell at a glance that they were mother and son.

“Mom, this is my current boss. Her name is Qin Xi. She’s a young divine doctor with superb medical skills. I invited her here today to treat you. I believe you’ll recover soon.”

Mrs. Fu looked up at Qin Xi and said calmly, “Hello, Divine Doctor Qin.”

After absorbing the Yin energy in Mrs. Fu’s body, Qin Xi finally knew what the problem was. However, this matter could not be rushed. She was not completely confident in forcing the Gu worm and poison out of Mrs. Fu’s body.

Therefore, the most important thing now was to find the person who poisoned her.

Qin Xi walked to the opposite side of the woman and sat down. She smiled faintly and asked Mrs. Fu directly.

“You should know what illness you have, right? You should also know that this Gu worm can turn a normal person into a monster and even devour a person’s mind. Do you want to tell me who poisoned you?”

The woman’s expression instantly changed. In just a moment, she regained her composure.

She looked at Fu Sheng. “Sheng, go downstairs and get me a glass of water.”

Fu Sheng frowned and looked at Qin Xi. He hesitated for a moment. “...Do you want some water too?”

Qin Xi looked at him coldly, and Fu Sheng instantly shut his mouth.

“Don’t you understand what I want to say?”

Qin Xi changed into a comfortable position and met the woman’s gaze fearlessly. She said calmly, “Tell me your identity and I’ll spare your life.”

Actually, Qin Xi already knew who this woman was. After all, she had just absorbed the Yin energy on the woman’s head.

“I don’t understand what you’re talking about. What Gu worm? It’s not like we’re in a TV drama. How can there be such a thing?”

Mrs. Fu snorted and said coldly, “You’d better leave. I don’t want to hear your nonsense anymore. Also, stay away from my son. I don’t want you to get close to him.”

“Oh?”

Qin Xi raised her eyebrows and said with interest, “So Fu Sheng doesn’t know that you’re a fake mother...”

Chapter 609 Imposter

Mrs. Fu’s eyes narrowed and a trace of panic flashed across her eyes. However, it only lasted for a moment. She calmed down again, as if she was not the one who was panicking just now.

She stared at Qin Xi, her tone threatening. “Young girl, I don’t understand what you’re saying. Do you know who I am? How dare you spout nonsense in front of me? Do you think I can’t do anything to you?”

Qin Xi raised her eyebrows with a smile. “Oh? Then tell me, what can you do to me?”

Seeing that Qin Xi was a difficult person to deal with, Mrs. Fu narrowed her eyes and came up with a plan.

“Do you think you can show off just because you’re Sheng’s boss? Sheng is my son. To him, I’m his life. How can an outsider like you deal with me?”

She said it confidently with a smug smile, as if Qin Xi was a clown.

Qin Xi did not mind and said slowly, “What if I expose you?”

“Heh, expose me? Who do you think Sheng will believe?” Mrs. Fu smiled disdainfully. Suddenly, her face was less than three inches away from Qin Xi’s, and her eyes were filled with viciousness. “Do you know what happened to the person who exposed me last time?”

She looked ferocious and terrifying, as if she was possessed by a female ghost, making people shudder.

If it were an ordinary person, they would definitely be frightened by her appearance. However, who was Qin Xi? She had seen all kinds of demons and ghosts. She did not even bat an eyelid. She only glanced at her and spoke unhurriedly.

“Tell me about it. I really want to know what the outcome is. I’m quite curious.”

Mrs. Fu did not expect Qin Xi to say that. She sneered in her heart. “Since you have a death wish, don’t blame me for being ruthless.”

As she spoke, she suddenly waved her arm, and the handkerchief in her hand sprayed out a white powder. The powder was colorless and odorless, but Qin Xi was sure that as long as this powder stuck to the skin, the skin would instantly fester. The corrosiveness was no less than that of sulfuric acid.

Qin Xi sneered. “How vicious!”

However, Qin Xi was not afraid at all. She slammed the table and stood up. An oppressive and fierce aura spread out from her palm, sending the powder back to Mrs. Fu.

Mrs. Fu was so shocked that she couldn’t speak. She could only watch as the powder landed on her body and corroded her skin.

“Ahhhhhhhh...”

A scream that sounded like a pig being slaughtered resounded through the entire house. Outside the door, Fu Sheng was so frightened that his hand trembled. The two cups fell from his hand and shattered on the ground.

Fu Sheng quickly pushed the door open and rushed in.

“Mom, Mom...”

As soon as he entered, he saw Mrs. Fu lying on the ground screaming in pain. Her clothes had already been corroded, revealing badly mangled wounds.

Just as he was about to pounce on her, he heard Qin Xi say casually, “Don’t move. She’s not your mother. She’s just an imposter. There is no need for you to risk your life to save her.”

Fu Sheng stopped in his tracks. Before the shock and fear on his face could fade, it froze. “What do you mean? Who is an imposter?”

Qin Xi raised her chin and said with a smile, “This woman is not your mother. Do you know why she goes crazy and drinks blood every month?”

Without waiting for Fu Sheng to answer, Qin Xi continued, “She uses this method to change her skin. Think about it carefully. Does she bleed all over her body every time she acts up? Then, after taking a shower, her skin glows and her appetite is more than ten times greater than usual?”

Fu Sheng’s face turned pale as he stammered, “W-what’s the reason?”

Chapter 610 Pouring Cold Water

Qin Xi stood up and looked down at the woman who was no longer human. She said coldly, "It's because she has the Bloodthirsty Gu worm in her body."

The so-called Bloodthirsty Gu worm was a kind of worm that could live in a human body and live on the flesh and blood of the host. It could quickly reproduce and produce blood. Once a month, when the Gu worm died and new Gu worms were reproduced, the host's flesh and blood would grow back.

As for the function of the Bloodthirsty Gu worm, it was to change a person's appearance.

Qin Xi explained briefly to Fu Sheng and looked at him sideways. "Didn't you realize that her personality is different from your mother's?"

Fu Sheng looked in pain. He knelt on the ground, pulling his hair tightly with both hands and shaking his head with tears streaming down his face.

"I don't know, I don't know, I really don't know. I thought that her temperament had changed drastically because she had a strange illness. I-I really didn't expect her to not be my mother."

"Then where is my mother?"

Fu Sheng looked like he had lost his soul as he looked around in a daze.

Qin Xi sighed and injected a wisp of Mystic True Qi into Fu Sheng's mind to calm him down.

He raised his head and looked at Qin Xi in shock. His face was sad and his voice was hoarse. "Am I very unfilial? I can't even protect my own mother... I'm really useless!"

Looking at the man who was crying, Qin Xi was speechless. "Alright, stop crying. Your mother is fine. You can still reunite with her"

Fu Sheng suddenly raised his head, and his eyes instantly lit up. He grabbed Qin Xi excitedly. "Is what you said true? My mother is still alive? Where is she? Tell me quickly. I, I'll go and find her now."

Qin Xi gave him hope and poured cold water on him.

"What are you thinking? Who do you think you can protect with your current strength? Able to use Gu worms, your enemies are not ordinary people."

Fu Sheng's excited expression immediately stiffened, and his hand that was holding Qin Xi slowly lowered. He collapsed to the ground like a deflated ball. "Then what should I do to save my mother?"

Qin Xi patted his shoulder. "Don't worry. Some things can't be rushed. Just because you don't have the ability now doesn't mean you don't have the ability in the future."

When Fu Sheng heard this, he immediately sat up and looked at Qin Xi with a burning gaze. Qin Xi frowned and warned, "Don't look at me like that. I'm a woman with a husband."

Fu Sheng chuckled and was finally relaxed. "Boss, you have a way to save my mother, right?"

Although Fu Sheng still did not know who imprisoned his mother, he knew that the only hope of saving his mother was on Qin Xi.

Qin Xi said noncommittally, "Just focus on running the pharmaceutical factory. When the pharmaceutical factory prospers, we'll think about saving your mother."

Fu Sheng smiled bitterly. "Boss, can you tell me why?" How could he still be in the mood to run the company when he knew his mother was in danger.

"I can only tell you that your enemy happens to have a pharmaceutical factory too."
