

Mysterious 611

Chapter 611 Big Shot

After New Year's Day, the new year set sail.

As soon as the Sweet Dew tea leaves cultivated by Han Shi were launched, they became the king of tea. Everyone in Luoping City knew that as long as it was something produced by the Sweet Dew, the price would be several times higher than the ones in the market.

Of course, although the price of Sweet Dew Tea was relatively high, it was still in high demand. Moreover, many people from other cities came because of its reputation and wanted to try a cup.

Not only that, but Han Shi also expanded the sales of Sweet Dew Tea to other cities. Through the influence of Sweet Dew Tea, in a month, Shangwan Village won a reputation as the hometown of teas. It greatly increased the economy of Shangwan Village.

When the economy was growing, people were more and more motivated to work.

When the surrounding villages saw that Shangwan Village had become rich in just half a year, they could not help but be envious.

The village chiefs gathered together, wondering if they could learn from Liu Shuan, who was the head of Shangwan Village. To put it bluntly, they wanted to introduce Sweet Dew Cultivation Technique.

Actually, not only the surrounding villages, but even the people from other provinces had come to look for Liu Shuan. Although Liu Shuan was the village chief, it was not something he could decide.

Hence, Han Shi became even busier during this period of time.

Not only did he have to work with the provinces and cities, but he also had to pay attention to the sales of the new tea and communicate with his customers.

Meanwhile, Qin Xi also had to visit a big shot. Moreover, this time, she brought Mars and Ruth with her.

Previously, she had ignored them for various reasons, but they did not mind it. After all, Mars and Ruth had already found their true love here.

In a private room in a restaurant.

"Miss Qin, long time no see. You haven't visited us for a long time. My father has been complaining every day, saying that you're heartless and don't even give him a jar of tea leaves."

When Wan Jiuyang saw Qin Xi, he started to complain.

Qin Xi also felt a little guilty. "I'm sorry, Uncle Wan. I've indeed been a little busy recently and didn't have time to visit Grandpa Wan. After I'm done, I'll personally bring tea and fruits to apologize to him."

"Hahahaha, if my father finds out that you're going, he'll definitely be very happy."

“By the way, Uncle Wan, I haven’t introduced these two to you yet. This is Mars, and he’s an honorary member of the International Medical Association. This is Ruth, also a member of the International Medical Association. They’re here to learn from us.”

Qin Xi introduced Mars and Ruth, who had come with her, and then asked about the patient.

“He’s an old scholar with students all over the world. Not only that, but he’s also an archeologist. Last month, he went on an expedition with a team. In the end, when he returned, he fell sick and couldn’t get up. Everyone wonders... if he encountered something unclean.”

Chapter 612 Divine Doctor Bian
Archaeology?

Qin Xi felt that the possibility of encountering something unclean was very high.

“I heard from my father that you’re also knowledgeable in the supernatural domain. The old scholar’s family doesn’t believe in supernatural things, so I can only ask you for help!”

What Wan Jiuyang meant was that Qin Xi was involved in mysticism and was a Chinese doctor. It was most suitable for her to go.

Qin Xi naturally couldn’t refuse Wan Jiuyang’s request. After getting the address, Qin Xi, Mars, and Ruth took a car to the old scholar’s house.

As expected of a scholarly family, the house was decorated in a very vintage way.

Mars and Ruth were very interested in this vintage design.

“Wow, is this an ancient Chinese building? It’s too beautiful!”

Ruth looked at the building in front of her and her eyes lit up. She realized that ever since she was together with Thunderkill, she had completely fallen in love with China and was very interested in everything in China.

Mars asked curiously, “Qin, is this a prince’s mansion? This place is very similar to the place we visited last time.”

Qin Xi smiled and was about to say something when a car stopped in front of the courtyard door. An old man got out of the car. He was wearing a robe that made him look like a sage.

Behind the old man was a child carrying a wooden box.

Qin Xi narrowed her eyes and sized up the old man. As if she had seen something, the corners of her mouth twitched.

The old man also saw them. He glanced at Mars and Ruth and then at Qin Xi. He immediately frowned and wanted to say something. He pouted but did not say anything. Instead, he looked at the child behind him. “Go and knock on the door!”

The child nodded and ran to the vermilion door to knock on it.

Not long after, the vermilion door creaked open. It was opened by a young girl with two braids. "Who are you?"

When the little girl saw the old man, she already had a guess. However, when she saw Qin Xi and the two foreigners, she started to feel uncertain again, so she asked.

"We're invited by Elder Wang. He's Bian Yangci, known as Divine Doctor Bian."

The young boy raised his head proudly and said loudly, as if he was afraid that no one could hear him.

Bian Yangci stroked his beard calmly, looking unfathomable. After the young boy revealed his name, he even deliberately glanced at Qin Xi.

Ruth tugged at the corner of Qin Xi's clothes and couldn't help but ask, "Qin Xi, is he also a Chinese doctor? Why doesn't he look like a Chinese doctor at all? Instead, he looks like a scammer."

Fortunately, she was speaking in a foreign language. Otherwise, if Bian Yangci heard her, there would probably be a fight.

However, she did not expect Ruth to be able to tell at a glance that this person was a scammer.

Qin Xi replied in a low voice, "Let's wait and see what happens."

Chapter 613 Sarcasm

"Ah, so you're Divine Doctor Bian. Divine Doctor Bian, please come in. Elder Wang and the others are all waiting inside!"

The girl quickly opened the door and invited Bian Yangci in. Just as he crossed the threshold, Bian Yangci stopped and turned to look at Qin Xi and the other two. He said to the girl, "We were invited by Elder Wang. As for them, you can ask them yourself!"

"Huh? So you're not together?"

The girl with braids frowned and looked at Qin Xi and the other two. Seeing that Mars and Ruth were all foreigners, she looked at Qin Xi. "May I know who you are?"

Just as Qin Xi was about to speak, she saw a middle-aged man walking over quickly, followed by a large group of people. The man at the front said in a low voice, "I invited Divine Doctor Qin."

The girl with braids quickly bowed. "Second Master!"

Wang Zexuan was 43 years old this year. He looked elegant and had an extraordinary temperament. He was dressed in a dark blue Tang suit, making him look like a teacher.

According to Wan Jiuyang, Wang Zexuan held an important position in the provincial government and had absolute authority.

"Divine Doctor Qin?" Wang Zexuan looked at Qin Xi and called out tentatively.

Qin Xi nodded with a calm gaze. "Mr. Wang, Uncle Wan asked me to treat Elder Wang."

Previously, Wang Zexuan had heard from Wan Jiuyang that Qin Xi was very young, but he did not expect Qin Xi to be even younger than his son...

Was she really a divine doctor?

Although he had doubts in his heart, he did not show it on his face. Since he believed in Wan Jiuyang, he naturally would not raise questions about Qin Xi's ability.

Just as he was about to say something, he heard a woman behind him say sarcastically, "Second Brother, it's not that I want to be nosy, but even the experts in the big hospitals are helpless about the old man's illness, but you actually invited a little girl to treat him. Do you really want to treat the old man or are you planning something?"

"Sister-in-law, don't be so sarcastic. It's not the time to waste breath on arguing!" Wang Zexuan's wife, Jiang Yue, retorted.

"...Heh, Jiang Yue, do you really not care if Second Brother has an improper relationship with someone. When that time comes, you'll cry."

Bai Qinzhi glanced at Qin Xi. When she saw that her skin was as smooth as jade, she was jealous.

Wang Zexuan seemed to be used to Bai Qinzhi's sarcasm and chose to ignore her. He looked at Qin Xi apologetically. "Divine Doctor Qin, please come in. I didn't expect you to come so quickly. I didn't come out to receive you. I'm really sorry."

Qin Xi waved her hand. "It's fine!"

Seeing Qin Xi and the two foreigners enter the Wang family, Bian Yangci said coldly. He waved his sleeve and said, "What does the Wang family mean by this? Why did they invite two doctors at the same time?"

Bian Yangci clearly did not accept this explanation. His eyes were calm, but his tone was filled with arrogance.

"I can forgive you for not knowing, but since I'm here, please show me some respect and don't let anyone interfere. Otherwise, find someone else!"

"I'm afraid I can't"

Wang Zexuan immediately frowned. Just as he was about to refuse, he heard the sound of a car engine outside the door.

A few seconds later, Wang Zekun appeared in front of everyone. He was Wang Zexuan's brother.

Chapter 614 My Husband is Waiting for Me to Go Back

Unlike Wang Zexuan's elegance, Wang Zekun had the domineering temperament of a superior. When his gaze swept past people, it would make people subconsciously tense up.

"I'm sorry, Divine Doctor Bian. I'm late. My father is inside. Please follow me." As he spoke, he walked forward. However, after taking a few steps, he realized that Bian Yangci was still standing there. He frowned slightly. "Divine Doctor Bian?"

"Zekun, you're finally back."

Bai Qinzhi immediately put on a gentle expression. She walked up to Wang Zekun and explained on behalf of Bian Yangci, "Zekun, you've misunderstood. It's not that Divine Doctor Bian doesn't want to treat your father, but it's your second brother. He also found a doctor to treat your father. Look, that is the doctor your brother invited. She's so young. I really don't know what your second brother is thinking."

Suppressing the jealousy in her heart, she glanced at Qin Xi.

Looking in her direction, Wang Zekun noticed Qin Xi and the other two. When he saw Qin Xi, his eyes widened, but he quickly hid it.

Others did not notice it, but Qin Xi saw it clearly. This person seemed to know her.

"Are you a doctor too?" Wang Zekun asked Qin Xi.

Qin Xi nodded calmly, unmoved by Wang Zekun's aura.

"Then let's go in together," he said.

"But..."

Bai Qinzhi was stunned. She did not expect Wang Zekun to say that. Just as she was about to explain, she heard Divine Doctor Bian snort. "Mr. Wang, you're insulting me. Since your family doesn't trust my medical skills, I'll excuse myself."

When the young boy saw this, he snorted. "My master is a divine doctor. Those who seek treatment from my master are either rich or noble. Everyone is polite to him. But you found a young girl to insult my master. Hmph, don't even think about asking my master to treat your family in the future."

Although Bian Yangci said that he was going to excuse himself, he did not move at all, as if he knew that his threat would work.

Unexpectedly, Wang Zekun nodded. "If you want to leave, you have to return the money we paid you in advance first."

Bian Yangci was speechless.

In the end, for the sake of money, he bit his lips and glared at Qin Xi. "Alright, I want to see how capable the divine doctor the Wang family hired is."

When the group entered the inner residence, Elder Wang was lying on the bed. His eyes were closed and his face was ghastly. If one did not look at his heaving chest, they would think that he was dead.

"Who wants to do it first?"

Wang Zekun's imposing aura pressed down on Bian Yangci and Qin Xi, but Qin Xi did not react at all. On the other hand, when Bian Yangci came in, Qin Xi saw him secretly wiping his sweat twice.

"I'm a Junior. How can I show off in front of Divine Doctor Bian? Let Divine Doctor Bian go first!" Qin Xi gestured humbly.

When Bian Yangci heard this, his expression softened a little. He glanced at Qin Xi, as if to say, "At least you know what's good for you." Then, he walked up to Elder Wang and sat down. He placed his hand on his wrist and closed his eyes to quietly feel his pulse.

One minute passed, two minutes passed... Five minutes passed. Everyone saw Bian Yangci frown more and more, and the atmosphere became tense.

Qin Xi was speechless, thinking to herself, "Grandpa, can you hurry up? My husband is still waiting for me to go back for dinner!"

Chapter 615 If You Disturb Me, He Will Die

Perhaps because Qin Xi's prayer was effective, Bian Yangci finally opened his eyes.

He pondered for a moment before retracting his hand. His expression was a little ugly. He looked at the Wang family and said gloomily, "Are you sure Elder Wang is sick?"

Hearing this, the nervousness of the Wang family instantly dissipated. It seemed that even Divine Doctor Bian could not tell what was wrong with Elder Wang.

Seeing the change in the Wang family's expression, Bian Yangci's heart skipped a beat. Were these people really not fooling around with him? Could it be that Elder Wang was really sick?

However, that was impossible. Although he was not a real divine doctor, he did have some minor medical skills. Twenty years of being a charlatan, he at least learned how to take the pulse.

It was also because of this that he became known as Divine Doctor Bian. Of course, the reason why he was so sure that Elder Wang was not sick was also because he had bribed someone from the Wang family to investigate what illness Elder Wang had.

In his opinion, as long as he could diagnose the illness, it was already good. Whether he could cure it or not was another matter.

While everyone was silent, Qin Xi suddenly asked with a smile, "Divine Doctor Bian, I want to ask you something. Can you help me solve my doubts?"

Bian Yangci's heart skipped a beat. He did not understand what Qin Xi was up to, but he was sure that Qin Xi was up to no good.

He knew very well what he was capable of. Although he did not know if Qin Xi was a scammer like him, he could only pretend to be aloof and ignore Qin Xi.

Qin Xi smiled awkwardly. Since he was unwilling to talk to her, then forget it. She was just going to stay in her own lane and mind her own business.

Thinking of this, Qin Xi did not ask further. She walked over and sat on Elder Wang's bed. She took out the acupuncture bag from her bag and opened the Ice Soul Silver Needle inside. She found the longest and thinnest silver needle and stabbed it into the top of Elder Wang's head before anyone could react.

When the Wang family saw this, they covered their mouths and gasped, their eyes filled with disbelief and shock.

Oh my god, what kind of person was this? As soon as she came in, she stabbed people in the head. Was she a doctor or a killer?

Wang Zekun and Wang Zexuan did not expect Qin Xi to not even take their father's pulse. She took out the needle and stabbed him, not giving anyone a chance to object. The brothers' expressions suddenly changed. Just as they were about to go forward to stop her, they heard Qin Xi speak.

"If you disturb me from performing acupuncture, I'm certain that Elder Wang will die immediately."

Her tone was very calm, as if Elder Wang's life was not worth mentioning in her eyes. Wang Zekun and Wang Zexuan froze on the spot.

"Don't worry, Qin Xi is very skilled in medicine. She can definitely treat your father!" Ruth kindly reminded them.

Chapter 616 Divine Doctor Qin Is a Scammer

Qin Xi quickly sealed Elder Wang's acupoints. Then, she circulated her True Qi and injected it into Elder Wang's body bit by bit, forcing something in his body to a corner.

Qin Xi placed her hand on Elder Wang's chest and remained motionless.

Bian Yangci originally thought that Qin Xi was a real divine doctor and did not dare to talk too much, afraid that he would expose himself. He did not expect Qin Xi to be a scammer either.

It was no wonder. Qin Xi looked like she was not even 20 years old. How could she have high medical skills? Perhaps she was the same as him, making a living as a charlatan.

The more he thought about it, the more he felt that it was the case. Bian Yangci sneered. His sneer was very abrupt in the silent room. The Wang family, who were originally nervous, were instantly attracted by it.

When Bai Qinzhi saw Divine Doctor Bian's disdainful expression, she immediately asked, "Divine Doctor Bian, why are you laughing? Do you think there's anything wrong with Divine Doctor Qin's treatment?"

She emphasized the words 'Divine Doctor Qin'. Anyone with ears could hear the mockery in her words.

"Not only is it wrong, but it's also ridiculous."

Divine Doctor Bian snorted and mocked mercilessly, "Although I don't know where she learned this trick, I'm sure that not only will her acupuncture technique not save Elder Wang, but it will also have a huge impact on his body. My half-life experience tells me that Divine Doctor Qin's method is very likely to cause Elder Wang's heart to fail. If this continues, I'm afraid he will die!"

As he spoke, he shook his head regretfully and sighed. "Initially, Elder Wang only fainted because of the uneven balance of Yin and Yang. Now... it's too late to salvage the situation!"

Hearing Divine Doctor Bian's words, the expressions of the Wang family changed drastically.

Ruth immediately pointed at Bian Yangci and retorted, "I think you're the scammer. You're an old scammer. Qin is a real divine doctor. She can even treat cancer. Can you?"

Bai Qinzhi said disdainfully, "I've never seen a divine doctor this young in my life. I wonder what the standards are for divine doctors nowadays. Do you think you can be called a divine doctor just by knowing how to insert a few needles?"

Not only did her words anger Ruth and Mars, but she also successfully insulted Bian Yangci. However, he was an experienced scammer and was definitely thick-skinned. He would never admit that he was a scammer.

Because he knew that the highest level of being a scammer was to convince himself that he was not one.

As expected, when everyone saw how calm he was, they immediately looked at Qin Xi, who was pretending to be mysterious. Only Wang Zexuan still had high hopes for Qin Xi.

Wang Zekun did not believe Qin Xi, but he looked at her with a complicated gaze. However, since it concerned his father's life, he immediately threw away all distracting thoughts and looked at Qin Xi with a sharp gaze. "Divine Doctor Qin, how is my father?"

Qin Xi ignored his question and looked at Wang Zexuan. "Give me that basin and a knife."

Chapter 617 Drag Her Out

Wang Zexuan was stunned for a moment before he immediately instructed someone to do it.

Wang Zekun, who was completely ignored by Qin Xi, frowned slightly with mixed feelings. However, before he could speak, Bai Qinzhi flared up.

She walked forward and questioned sternly, "Divine Doctor Qin, can you treat the old man or not? Let me make it clear in advance. Our Wang family is not a place where just anyone can scam. If you really have the ability, it's fine, but if you're really just fishing for fame, don't blame our Wang family for not showing you any mercy."

Wang Zexuan couldn't stand it anymore. His voice was slightly cold as he said, "Sister-in-law, please stop. Secretary Wan was the one who introduced Divine Doctor Qin to me. Do you think Secretary Wan will introduce me to a charlatan? Also, think carefully. Since Divine Doctor Qin runs a clinic, do you think she will ruin her reputation on purpose? If you don't have any clues, please shut up and don't cause trouble."

Bai Qinzhi was rendered speechless

When the Wang family, who originally had doubts about Qin Xi's medical skills, heard Wang Zexuan's words, they dispelled their worries. Bai Qinzhi was still glaring at Wang Zexuan angrily, her eyes filled with hatred and other emotions. However, at this juncture, she could only endure it.

A moment later, the basin and knife were brought over.

Qin Xi got someone to carry the basin while she made a small cut on Elder Wang's body. Blood instantly flowed out and into the basin.

Bai Qinzhi thought that she had caught Qin Xi in the act. She immediately shouted, "What are you doing? Do you want to kill him because you actually can't treat him?"

On closer look, one could see the gloating in her eyes.

Qin Xi looked at Bai Qinzhi as if she was looking at an idiot. “Fortunately, you don’t have a child. If your child inherits your intelligence, the Wang family might be finished.”

Ruth couldn’t help but laugh. Her blue eyes were like the ocean, rippling with waves.

As the eldest madam of the Wang family, Bai Qinzhi had never been humiliated like this before.

She immediately flew into a rage out of humiliation and shouted, “Shut up. I think you want to harm the old man. Do you think I don’t know what you’re up to...”

“That’s enough. Someone, drag her out and gag her.”

Usually, Bai Qinzhi could do whatever she wanted, but now that the old man was in danger, she was still kicking up a fuss.

Wang Zexuan finally couldn’t take it anymore and exploded. He interrupted her sternly, scaring Bai Qinzhi so much that her body trembled and her face turned pale. However, she quickly reacted and straightened her back. She screamed, “Wang Zexuan, I’m the First Madam of the Wang family and your eldest sister-in-law. What kind of attitude is this? Your brother is still here. Is it your place to speak?”

Wang Zexuan did not speak. Instead, he looked at Wang Zekun, waiting for his answer.

At this moment, Wang Zexuan’s eyes were slightly cold, and his expression was a little indifferent. The surrounding air seemed to have frozen. At this moment, the scholarly aura on his body instantly became fierce, comparable to Wang Zekun’s aura.

Wang Zekun did not remain silent. Instead, he let the servant drag Bai Qinzhi out and shut her mouth.

Chapter 618 No Smell of Blood

Without Bai Qinzhi causing trouble, the entire room fell silent, including Bian Yangci.

His original goal was to fan the flames and let them know who the real scammer was so that he could prove that he was a divine doctor.

However, when he heard from Wang Zexuan that Qin Xi was actually introduced by an official, he immediately panicked. Now that he thought about it, he remembered the way Qin Xi looked at him when she got out of the car.

It was filled with mischievousness.

Could it be that she had already guessed that he was a scammer?

Bian Yangci couldn’t help but gasp. If Divine Doctor Qin really saw through him, how would the Wang family deal with him?

The more he thought about it, the more nervous he became. His palms were sweating, and he wished he could leave immediately.

After three minutes, the blood in the basin had already covered the bottom. Just as the Wang family was about to ask, Qin Xi spoke.

“Alright, show them the basin.” Qin Xi pointed at the Wang family.

Everyone was puzzled. Wang Zexuan looked at the basin of blood and frowned. “Divine Doctor Qin, this...”

Qin Xi raised her eyebrows with a strange expression. “Huh? Didn’t you notice anything?”

“What am I supposed to notice?”

Everyone was puzzled and did not understand what Qin Xi was talking about.

“There’s something wrong with the blood,” Qin Xi said.

“Something wrong with the blood?” The Wang family approached the basin of blood to take a closer look, but they did not find anything wrong.

“Divine Doctor Qin, is this blood... too dark?” Someone asked softly.

Qin Xi sighed speechlessly. “Didn’t you notice that this blood doesn’t smell like blood? This basin of blood doesn’t smell at all. Do you think this is normal?”

Only then did the Wang family come to a realization. That was right. Why did a basin of blood not smell like blood?

It turned out that they had neglected the most important thing.

Even Bian Yangci was puzzled. He tried his best to smell the air. There was so much blood, so logically speaking, there should be a smell of blood, but there was no smell at all.

Bian Yangci’s expression became uglier and uglier. He felt that something bad was about to happen. Just as he was thinking about how to escape, Qin Xi suddenly called out to him.

“Divine Doctor Bian? Since you’re a divine doctor, you should know why blood doesn’t smell like blood, right?”

Everyone looked at Divine Doctor Bian in unison, waiting for his answer.

Bian Yangci’s legs went weak. Although he still maintained an unfathomable expression, he was already panicking. Even the muscles at the corners of his eyes were twitching from nervousness.

Seeing that he could not answer for a long time and was wiping his cold sweat, everyone’s expressions gradually changed.

Wang Zekun’s eyes turned cold. “Divine Doctor Bian, tell me why. This simple question shouldn’t be difficult for a divine doctor to answer, right?”

“Uh... this...”

Bian Yangci hated Qin Xi to death now. If not for her, he wouldn't have been forced to this extent. If he was exposed at this time, he didn't even dare to imagine what would happen to him.

Just as he was racking his brains to think of a plan, he saw Qin Xi looking at him from the corner of his eye. She seemed to be saying with a faint smile, "Why aren't you saying anything now? You old scammer!"

Qin Xi said directly, "It's actually very simple. Blood is rich in enzymes and minerals. These enzymes will change the shape of the blood as the blood flows, but there's a small amount of salt and iron in the blood. These elements will quickly melt and fuse with the blood, causing the oxygen and hydrogen in the blood to increase. The iron will also increase the density of the blood, causing the smell of blood to disappear."

Chapter 619 Gu Worm Again
Everyone was puzzled.

Fortunately, Qin Xi got to the point at the end. "In short, he is poisoned."

Only Wang Zekun and Wang Zexuan knew that Qin Xi was going out of her way to expose Divine Doctor Bian.

At this moment, Divine Doctor Bian was already on tenterhooks. He could tell from the look on the Wang brothers' faces that something bad was going to happen. Just as he was about to run away, Wang Zekun spoke first, "Divine Doctor Bian, you haven't eaten yet, right? Go and make a few dishes for Divine Doctor Bian."

A servant immediately replied, "Yes."

Divine Doctor Bian was helped away by a few servants.

"Divine Doctor Qin, what poison is my father poisoned with? Can it be removed?" Wang Zexuan took a step forward with an anxious expression.

Qin Xi did not speak. Instead, she glanced at the others. Wang Zexuan immediately understood and said to the rest of the Wang family, "Leave first. My brother and I will stay here."

A moment later, only Qin Xi and the Wang brothers were left in the room.

Wang Zexuan frowned nervously, his eyes filled with worry. "Divine Doctor Qin, is my father's illness very troublesome?"

"It's not troublesome, but there's something I have to remind you of."

Seeing Qin Xi's solemn expression, the brothers looked at each other and saw the seriousness in each other's eyes.

Qin Xi narrowed her eyes and said, "I heard from Uncle Wan that Elder Wang is an archeologist. This time, he was infected by this poison because he discovered an ancient tomb, right?"

“Yes, I heard that the other people in the archeological team with my father were all infected with this poison,” Wang Zexuan replied, feeling inexplicably uneasy.

“Divine Doctor Qin, what poison is this? Also, did you discover anything?” Otherwise, Qin Xi wouldn’t have mentioned the archeological team.

Qin Xi smiled coldly and said in a very calm tone, “Actually, it’s not poison, but Gu worm. Of course, at first, they were indeed poisoned. This poison was actually not serious. It only had an ordinary hallucination effect. However, after they hallucinated, the Gu worm entered their bodies without anyone knowing.”

This was the second time Qin Xi had come into contact with a Gu worm. It had to be known that Fu Sheng’s fake mother also had this Gu worm.

“Gu worm?” Wang Zexuan and Wang Zekun revealed looks of disbelief.

They never expected that Gu worms actually existed. This was a little unbelievable.

“Is there really such a terrifying thing as a Gu worm in this world?” Wang Zexuan couldn’t believe it.

At this moment, Wang Zekun, who had been silent, asked, “What Gu worm is inside my father? Can it be removed?”

Qin Xi looked at the two of them and said, “Not many people in this world can remove it.”

The brothers held their breaths and waited nervously for Qin Xi to continue.

“But... I’m one of them.” Qin Xi smiled confidently.

Actually, removing the Gu worm was very simple. She only needed a wisp of dark fire to do it. However, in order to let the Wang brothers know that the old man was really poisoned by a Gu worm, she could only use one of the safest methods.

Chapter 620 Grandmaster

Half an hour later, Qin Xi took out the Gu worm. Looking at the fat worm, Wang Zexuan and Wang Zekun’s expressions were very ugly.

Just as the brothers were about to ask how to deal with this thing, a strange black fire suddenly lit up in Qin Xi’s hand. With a sudden sound, the fat worm disappeared in front of the two of them in the blink of an eye.

Wang Zekun was dumbfounded.

Wang Zexuan was also dumbfounded.

Qin Xi smiled calmly and explained with a shrug, “Don’t misunderstand. This is just a small magical trick. If I tell you the method, you will be able to control fire too.”

The two brothers seemed to be very gullible. They immediately believed it and heaved a sigh of relief.

After all, to their knowledge, although Gu worms were unbelievable, it was at least more believable than the ability to control fire.

However, what they did not see was that when Qin Xi burned the Gu worm with the Dark Fire, a wisp of green smoke floated into Qin Xi's body. To Qin Xi's surprise, the spiritual energy of this Gu worm was comparable to that of a corpse child.

It was said that Gu worms were raised with blood essence. Not only did they absorb the essence of the world, but they were also fed with a large number of herbs. After accumulating for a long time, their spiritual energy would naturally reach a high level.

At the thought of the archeologists who went with Elder Wang, her beautiful eyes lit up.

**

As soon as Qin Xi arrived at the Ji Ding hall, she saw three men of different ages appear in front of her and bow 90 degrees to her.

"Grandmaster!"

Qin Xi was speechless. She suddenly felt that she was old.

She coughed awkwardly, not wanting to look at the strange gazes around her. She suddenly felt a little uncomfortable being called Grandmaster by three men in their thirties or forties.

If it was in her previous life, she would have long been at the top of the trending searches

"Um, call me Lady Boss. Call me Grandmaster in private." Qin Xi waved her hand in embarrassment.

"Yes, Grandmaster."

The three men continued to bow.

The corners of Qin Xi's mouth twitched. She didn't want to argue about this and changed the topic.

"What are your names?"

"My name is Han Song. I'm 39 years old. I'm the Second Senior Brother."

Han Song had thick eyebrows and big eyes, exuding a sense of righteousness.

"I'm Lin Feng. I'm 28 years old this year and the youngest disciple." Lin Feng was the youngest and very handsome. He was wearing a dark down jacket, and his long legs were especially eye-catching.

After understanding the situation briefly, Qin Xi asked them to return to their posts. Of course, she did not forget to remind them, "If you can pass my assessment, I'll teach you something new, such as acupuncture or refining medicine."

The three of them were overjoyed. Before they could get excited, Qin Xi poured cold water on them.

"However, my assessment is very strict and demanding. I hope you'll be prepared. In the future, I'll get Grandpa Liu to guide you. If you perform well..."

Qin Xi did not finish her sentence, but her meaning was obvious.

Hearing this, they immediately pulled themselves together and rubbed their palms excitedly.

Previously, their Master had said that their Grandmaster had the ability to bring the dead back to life. If they could learn a tenth of her skills, they would be even more powerful than him.

Therefore, when Qin Xi said that she would teach them, they were extremely excited.
