Chapter 621 A Crisis in the Making

That night, Qin Xi, Han Shi, and Jiu Yuan came to Half Cliff Mountain again.

Qin Xi had tasted the benefits of the medicinal pills she refined last time. This time, she decided to sneak in again to gather more herbs to increase her cultivation strength and some poisonous herbs to protect herself.

After fighting the Yin Clan's Patriarch last time, she deeply knew that if she wanted to defeat someone stronger than her, she had to have some methods.

The temperature here was the same as before. The deeper they went, the hotter it became. Fortunately, Qin Xi had prepared a freezing talisman in advance. As long as she activated it slightly, the surrounding temperature would reach the temperature she wanted.

The two of them arrived at the poisonous swamp. Qin Xi ate an antidote pill. Because Han Shi was immune to poison after eating the Golden Blood Toad, he could come and go as he pleased.

Qin Xi plucked herbs for three hours before stopping in satisfaction.

Looking at the empty soil, Qin Xi suddenly remembered the Shadow Shifting Technique she had recently learned after advancing a new realm. This was a perfect opportunity to use it.

Thinking of this, she curled her lips and began to cast the spell in the air. Golden light shot out from her fingertips and landed on the empty soil. In an instant, the surrounding areas returned to normal.

After doing all this, Qin Xi clapped her hands in satisfaction and went back in a good mood.

Looking at Qin Xi's amazing methods, Han Shi was extremely proud. Look, this is my wife. She's even better than the fairy. Apart from me, no one else in this world is qualified to marry her.

If Qin Xi knew what he was thinking, she would probably roll her eyes again.

Han Shi held her soft hand excitedly. His dark eyes flickered with a dazzling light and he couldn't help but praise, "Wifey, you're really amazing!"

Qin Xi's face was normal, but her earlobes were slightly red. It was unknown if it was out of embarrassment or because of the heat wave.

"Cut the crap. Let's leave this place quickly. It's best to refine these spiritual herbs into pills first to prevent them from losing their effect."

"Alright, I'll listen to you!"

At the same time, in a bottomless cave a thousand miles away.

An old man with white hair sitting cross-legged suddenly opened his eyes. The aura around him was released like a primordial beast, shaking the entire ground.

"How dare you steal my spiritual herbs? I'll shatter your soul!"

At this moment, Qin Xi did not know that when she was casting the spell, she had unintentionally activated the Strangulation Array Formation and woken up an old monster.

After returning to the Breeze Villa, Qin Xi refined pills day and night. Finally, at noon three days later, she successfully refined a batch of high-level pills.

“This is the Bone Strengthening Pill. It can strengthen the bones and improve the physique. Moreover, it can also increase your lifespan to a certain extent. This is the Spirit Gathering Pill. After you take it, it can directly increase your cultivation. Once or twice is fine, but it won’t be very useful after that. There’s also the Essence Strengthening Pill...”

Chapter 622 You’re a Demon, Right?

After distributing the pills, Qin Xi took out two separate bottles with a serious expression.

Seeing how careful she was, Blood Stealer asked curiously, “What is this? Could it be poison?”

Unexpectedly, Qin Xi nodded. “Yes, this is poison. It’s called ‘Thousand Year Intoxication’...”

Before she could say what it was used for, she heard Blood Stealer mutter, “The name is quite nice-sounding. It shouldn’t be a strong poison, right?”

Saber sneered. “Pfft, don’t you think that the better the name, the more poisonous it is?”

“Saber is right. The poison of the Thousand Year Intoxication is indeed very strong. As long as you take a drop or it comes into contact with your wound, all the bones in your body will become as soft as jelly. You won’t be able to stand or even make a simple movement like blinking your eyes. Apart from breathing, you won’t be able to do anything else. Your organs will gradually be unable to withstand the weight of your body and will eventually be crushed.”

Blood Stealer, Saber, and Lone Wolf silently gasped. They stared at the small bottle in horror and shouted in their hearts, “Don’t come over!”

Blood Stealer’s eyes were filled with fear as he stammered, “Lady Body, this thing is so dangerous. I think... ahem, it’s better not to carry it on me.”

“Who said I’m going to carry it with me?”

Qin Xi rolled her eyes. “You can apply it on your weapons. This poison will only take effect when it touches the wound.”

She smiled evilly. “Friendly reminder, there’s no antidote for Thousand-Year Intoxication. If you accidentally drink it or it touches your wound, there’s no going back. You can only wait for death.”

Blood Stealer, Saber, and Lone Wolf’s mouths twitched at the same time. This thing was too dangerous and they did not want to take it.

Seeing that they were extremely resistant to the poison, Qin Xi took out another small bottle with a smile and showed it to them. She introduced, “This is also a bottle of poison called Heart Gouging Powder. As long as you inhale a little, you will fester from the inside out in the blink of an eye. You will die in extreme pain.”

Blood Stealer, Saber, and Lone Wolf shivered at the same time. It was even more terrifying than Thousand Year Intoxication.

“W-why is this called the Heart Gouging Powder?” Blood Stealer asked with cold sweat dripping down his face.

“Because it spreads from the heart and deactivates the heart first.”

The three of them shivered in unison. Looking at Qin Xi’s harmless and gentle loli face, they felt a chill run down their spines. They even felt that Qin Xi’s smile had become sinister, as if she was a man-eating demon...

Seeing how frightened the three of them were, Qin Xi clapped her hands and stood up with a smile.

“Alright, go back and call Zhou Lei over.”

The three of them quickly stood up and picked up the pills. As for the two bottles of poison...

No one dares to take it!

With a whoosh, Saber immediately picked up one bottle and the other fell into the hands of the taciturn Lone Wolf.

Chapter 623 Go Back to Where You Came From!

While Qin Xi was drinking tea, Zhou Lei arrived. Qin Xi nodded and gestured for him to sit down.

Facing Qin Xi, Zhou Lei was very reserved. He did not dare to sit opposite her. He found a place not far away and sat down. He cleared his throat. “Lady Boss, why are you looking for me?”

Qin Xi looked up and sized him up, making him shiver. The hair on his body stood on end, and his palms were sweating from nervousness.

After a moment, Qin Xi said calmly, “Your team has been here for a while. How do you feel? Have you achieved what you wanted?”

Zhou Lei did not quite understand the meaning behind Qin Xi’s words. He scratched his head in embarrassment. “Yes, yes...”

They had achieved ten times more than what they wanted.

When Elder Mu asked them to come over to train, they thought that they would only learn some small tricks. Who would have thought that they would end up learning ancient martial arts?

He was sure that as long as he returned to the capital and showed off his skills, he would definitely shock everyone, including Elder Mu, the man who was once known as the God of War.

Qin Xi could see the smugness in his eyes. She clicked her tongue and said, “Aren’t you afraid?”

Zhou Lei was stunned.

“I remember that there are ancient martial family clans in the capital, right? Think about it. If you reveal that you know ancient martial arts... what do you think will happen next?”

Qin Xi did not wait for him to answer and continued.

“If the clan goes after you, my family and I will also be exposed to danger.”

With every word Qin Xi said, Zhou Lei felt a chill rising from the bottom of his feet to his head. Beads of sweat appeared on his forehead, and his heart was pounding.

Yes.

Zhou Lei remembered that the Su family, the ancient martial arts family, had a lot of power.

Over the years, the Su family had become more and more powerful and impudent in the capital. Even those respected old families would sometimes bow down to the Su family.

Just because it was an ancient martial family, the organization could only turn a blind eye to the evil they were committing. After all, the importance of ancient martial families to the country was unquestionable.

However, if the Su family found out that someone outside their family clan also knew ancient martial arts, what would they do?

After thinking this through, Zhou Lei’s face turned pale. His lips trembled for a long time, but he could not say a word.

Zhou Lei suddenly looked up at Qin Xi with a trace of fear in his eyes. “I understand, Lady Boss...”

Qin Xi smiled and narrowed her beautiful eyes.

“Don’t worry. When the team grows bigger, the time for the Su family to fall will be just around the corner.”

Zhou Lei stood up and bowed deeply to Qin Xi. “Thank you for your reminder, Lady Boss. I know what to do.”

Qin Xi nodded in satisfaction. “Alright, it’s time for you to go back and report!”

Zhou Lei was stunned and opened his mouth. “Lady Boss, you mean...”

“Go back to where you came from!”

Chapter 624 Elder Wang Wakes Up

After sending Zhou Lei and the others off, Qin Xi called Old Master Mu and told him what had happened.

On the phone, Old Master Mu asked Qin Xi when she would come to the capital. Even if she didn’t want to join the Mu family at this point, she could tour around the capital.

“We’ll see. My business career has just started and my company hasn’t been built yet. When I settle the matters here, I’ll go to the capital with Han Shi for a few days.”

“I heard that the two of you haven’t registered your marriage yet?” Old Master Mu’s voice was a little displeased.

Qin Xi smiled lightly. She recalled that for the past two days, Han Shi had been nagging her to go and get the marriage certificate, but she was always caught up in an emergency situation.

“Yes, I’ll find a time today to apply for the marriage certificate. You don’t have to worry.”

Old Master Mu snorted. “How can a girl take the initiative to do such a thing? You only know how to spoil him. Sooner or later, you’ll cry.”

Qin Xi nodded in agreement. In order not to continue this topic, she just had to change the topic.

“Do you like the tea I sent you? Green tea and black tea are also available. If you like them, I’ll send a jar of each to you.”

Old Master Mu was in a good mood. “Hahahaha, good, good. I’ll take all the tea leaves you have... By the way, don’t send the tea leaves straight to my house next time. I’ll give you an address. Send them there secretly. Otherwise, before the tea can reach my mouth, bad guys will snatch them from me. More than half of the tea leaves you sent last time were snatched away by that old man. Now he’s nagging at me to give him more.”

Qin Xi smiled. “Alright, I’ll do as you said.”

The two of them chatted for a while more before hanging up. Just as Qin Xi hung up, the landline rang again. This time, it was from Wang Zexuan.

“Divine Doctor Qin, my father is awake and wants to see you. Is it convenient for you to come? I’ll send someone to pick you up now.”

Elder Wang had actually woken up three days ago, but because his body was too weak, he had to recuperate for two days according to Qin Xi’s instruction before he had the strength to get out of bed.

The next day, he couldn’t wait to invite Qin Xi to the Wang family for a chat.

Forty minutes later, Qin Xi got into Wang Zexuan’s car and arrived at the entrance of the Wang family’s house.

Elder Wang was waiting at the door with a walking stick. Beside him were the Wang family members.

The youngest was still an infant, and the oldest was in his teens and looked 70% similar to Wang Zekun.

Looking at this scene, the corners of Qin Xi’s mouth couldn’t help but twitch. “Why did the Wang family all come out to receive me?”

Wang Zexuan’s expression was normal as he explained, “This is the rule. Divine Doctor Qin is my father’s savior and the savior of the entire Wang family. When the savior comes to visit, the Wang family will naturally welcome you with the highest etiquette.”

“I just didn’t expect Divine Doctor Qin to have such superb medical skills at such a young age. As expected of a divine doctor.”

Qin Xi was not greedy for credit. She immediately said, "Elder Wang, you're welcome. As a doctor, it's my duty to treat and save people. Elder Wang, you don't have to take it to heart."

Chapter 625 Friend's Betrayal

Qin Xi was invited to the main hall of the Wang family. Elder Wang sat at the head of the table while Qin Xi sat next to him on the right. This seat represented the most respected guest of the Wang family.

"Elder Wang, you are in good spirits. You'll recover after taking the medicine I prescribed him for a week." Qin Xi took Elder Wang's pulse again. After confirming that he was fine, the entire Wang family heaved a sigh of relief.

Hearing Qin Xi's diagnosis, Elder Wang looked at the Wang family. "You should be relieved this time, right? Alright, everyone, leave. I have something to discuss with Divine Doctor Qin in private."

The Wang family left one after another. Before Bai Qinzhi left, she took a deep look at Qin Xi with ruthlessness in her eyes.

Only Elder Wang and Qin Xi were left in the main hall. Qin Xi picked up the tea and took a sip. When she felt the fragrance of the tea spreading in her mouth, she looked up at the old man at the head of the table.

She smiled and said, "If I'm not wrong, you want me to treat the entire archeological team, right?"

Qin Xi's voice was calm and steady, which did not match her actual age. Instead, she sounded mature.

"I really can't hide anything from Divine Doctor Qin. Yes, I want to ask you for help."

When Elder Wang talked about his archeological team, he felt melancholic. His wrinkled face was filled with sadness. "I was careless this time. I fell into the trap and harmed 17 people in the team. These people risked their lives to go with me. I really can't bear to see them suffer."

Qin Xi frowned. "Does that mean you actually knew that you were poisoned by Gu worm?"

When Elder Wang mentioned this, he still had lingering fears.

"Sigh, to be honest, I knew it when I was poisoned, so I cut my arm with a small knife. I could only use pain to stay away. However, the poisonous powder I inhaled was too much. In the end, I couldn't take it anymore and fell to the ground.

"However, before I was completely unconscious, I saw a blurry figure pouring out a few small worms from a small bottle. After that, I don't know what happened."

"After I woke up, I realized that I had been poisoned by a Gu worm. I always thought that the Gu worm existed in legends. I didn't expect that not only did it really exist, but I would also experience it myself."

Qin Xi guessed, "Elder Wang, why do you think this person is targeting you? Is it related to this archeological expedition?"

Elder Wang narrowed his eyes as if he was recalling the scene back then. After a while, he nodded and shook his head with a bitter smile.

“I’m not sure. That ancient tomb is a little strange, but I can’t put a finger on it. However, there’s actually nothing to explore there. We were tricked to go to that place.”

Seeing that he seemed to be dispirited, Qin Xi finally understood what was going on. “Judging from your expression, you should know who wants to harm you.”

“There is an old friend I’ve known for decades. He was once a professor at the Archaeology Institute like me. However, for some reason, he changed his career. Now, he’s just an ordinary professor.”

Elder Wang paused for a moment and continued, “Half a month ago, he suddenly came to look for me and asked me to go to the tomb with him.”

Qin Xi could understand his feelings. After all, they had known each other for decades. No one could accept such a betrayal.

Chapter 626 Look Like Someone He Used to Know

“Therefore, I want Divine Doctor Qin to help save my teammates.”

After all, it was a team he led. Elder Wang felt extremely guilty and had no choice but to ask Qin Xi for help.

Qin Xi was more than happy to offer help.

Just for the sake of the pure spiritual energy in the Gu worms, Qin Xi had no reason to refuse.

Elder Wang had just recovered a little and did not want to tire himself out, so he suggested that Wang Zexuan go with Qin Xi.

When they were about to leave, Wang Zekun stopped Wang Zexuan, who was about to get into the driver’s seat, and said in a low voice, “Didn’t you say that you had something to do? Go and do it. I’ll be Divine Doctor Qin’s driver.”

Wang Zexuan was speechless.

Why didn’t he know that he had something to do?

Qin Xi seemed to know that Wang Zekun had something to say to her. She smiled and said to Wang Zexuan, “Uncle Wang, if you have something to do, go ahead. It doesn’t matter who drives.”

“Alright, then. Brother, drive slowly. I think Divine Doctor Qin is a little carsick.” Wang Zexuan did not know what his brother was up to, but before his brother left, he did not forget to remind him.

Wang Zekun glanced at Qin Xi in the rearview mirror. “Divine Doctor Qin, fasten your seatbelt. We’re leaving now.”

Qin Xi asked abruptly, “Mr. Wang, do you know me?”

Then, she continued, “Or do I look like Mr. Wang’s friend?”

Wang Zekun’s hand that was holding the key paused for a moment before quickly continuing. The car started, but his eyes gradually darkened.

“You look like someone I knew when I was young.”

Qin Xi seemed to have expected this. “Is it ok for you to say that person’s name?”

Wang Zekun did not speak for a long time. The car was driving slowly on the road. Just as Qin Xi thought that he would not speak, Wang Zekun spoke.

“Her name is Mu Min. She’s an innocent and kind girl.”

Qin Xi’s heart skipped a beat.

Previously, she had been suspicious. Now that Wang Zekun mentioned this name, Qin Xi suddenly did not know what to say.

Yes, Mu Min was Qin Xi’s biological mother. She was the pitiful woman who thought that her daughter had died and her husband had betrayed her. In the end, she chose to be a nun.

“At that time, she was a village teacher, and so was I. We met at that time.” At the mention of Mu Min, Wang Zekun seemed to have a lot to say. The occasional gentleness in his eyes softened his serious expression.

Wang Zekun glanced at the rearview mirror and said, “She looks exactly like you now, but she’s very pretty and sunny. She gives people a warm and comfortable feeling wherever she goes.”

Qin Xi did not speak and listened quietly.

Wang Zekun continued, “At that time, she was very popular. No matter where she went, there would always be many boys surrounding her, but she was always unwilling to accept anyone.”

Qin Xi suddenly asked, “Does that include you?”

Wang Zekun coughed awkwardly. “Yes, that includes me. At that time, I was young and impulsive. I thought that I was very outstanding, so I expressed my feelings to her in public. In the end, I was rejected without hesitation!”

He sounded nonchalant as he talked about his embarrassing past.

“At that time, I was too arrogant and couldn’t stand this kind of humiliation at all. In a fit of anger... ahem, I hugged her without her consent.”

At the mention of this, a blush flashed across Wang Zekun’s serious face. He touched the tip of his nose.

“Actually, at that time, I really just wanted to hug her. I didn’t mean anything else. In the end, she suddenly struggled and slapped me, calling me a hooligan...”

Qin Xi was speechless.

Chapter 627 Melodramatic Story

“What happened next?”

Qin Xi listened to her mother’s past with interest and urged.

“After that...”

Wang Zekun’s ears turned red as he said in embarrassment, “Later on, when she saw me, she hid from me and didn’t give me a chance to explain. Then, I got together with her friend.”

Qin Xi was speechless at how melodramatic this story went.

“So, she’s your current wife?”

“No.” He seemed to have thought of something. His expression changed slightly and his tone became much deeper. “My current wife is her sister.”

Qin Xi was a little stunned. After a while, she asked in confusion, “... Whose sister?”

This time, it was Wang Zekun who was silent. A complicated look flashed across his eyes. “She’s my wife’s sister.”

Qin Xi recalled Bai Qinzhi’s face and instantly understood what was going on. “Is she dead?”

Wang Zekun was slightly stunned. He did not expect Qin Xi to be able to guess it. Then, he smiled bitterly. “Yes, she died for me.”

Qin Xi frowned. “So you married her sister? Do you think that as long as you marry her sister, you can repay her for saving your life?”

Wang Zekun’s expression changed drastically. He did not expect Qin Xi to be so capable as to know what happened back then.

For some reason, when facing Qin Xi, he was willing to tell her what had been buried in his heart for more than 20 years. Perhaps because she looked like that woman, he felt like he had returned to the past.

His voice became hoarse. “I owe her too much. Back then, I was young and insensible. I thought that this would attract Mu Min’s attention. I didn’t expect it to go wrong and cause the death of such an innocent girl.”

This matter was like a thorn in his heart. It would hurt if it was pulled out, and it also would hurt if it was not pulled out. Every time he thought of it, it hurt so much that he could not breathe.

Just as he was immersed in his sadness, Qin Xi suddenly snorted behind him.

Qin Xi mocked, “You’re really a fool. You can’t tell a human from a ghost.”

Wang Zekun held his breath and suddenly turned to look at Qin Xi with a shocked expression. “Divine Doctor Qin, what do you mean?”

Qin Xi sneered. “Mr. Wang, you don’t know. Apart from medical skills, I also know some mystic techniques, such as physiognomy.”

Wang Zekun frowned, not quite understanding what she meant, but his intuition told him that it was definitely not something good.

As expected, Qin Xi was staring at his face with a faint smile.

“I’m saying that your current wife has taken someone’s life. As for who it is, I don’t need to tell you. You should be able to guess it, right?”

Squeak...

The car suddenly stopped. Wang Zekun tightened his grip on the steering wheel. His expression was filled with disbelief and gloominess.

His entire body trembled, as if he was trying his best to suppress the urge in his heart.

“Impossible! This is absolutely impossible. Back then, in order to save me, she jumped into the water and was washed away. If not for her, I would have been dead.”

His eyes were bloodshot and he was on the verge of collapse. The veins on his forehead and arms were bulging.

Qin Xi looked at him coldly and said calmly, “If you want to know the truth back then, burn this and put it in water for her to drink.”

She took out a Truth Talisman and threw it to him.

Chapter 628 Call-out Treatment

After talking, Wang Zekun continued driving with a heavy heart.

Seeing this, Qin Xi said angrily, “The truth is right in front of you. You can reveal the truth at any time. Now, focus on driving.”

Wang Zekun quickly calmed down. Although he was skeptical of the talisman Qin Xi gave him, he wanted to know the truth so badly that he did not refuse.

Soon, they reached the first stop. It was one of the leaders in the archaeological team, Professor Zhang’s house.

Wang Zekun knocked on the door. The person who opened the door was Professor Zhang’s wife. She was about 45 years old. She was dressed plainly and looked ordinary, but her voice was gentle.

However, too many things had happened these past few days, making her voice hoarse and tired.

“Who are you looking for?”

At this moment, her eyes were bloodshot and she looked extremely haggard. Her face was slightly yellow, and she looked like she was sick.

“Auntie Zhang, I’m Wang Zekun. Do you still remember me?”

Wang Zekun walked forward and asked politely.

“Oh, so it’s you. Come in!”

Auntie Zhang sized him up for a long time before barely recognizing him. She reached out to open the door and invite them in.

When the two of them entered the house, Mrs. Zhang looked at Qin Xi.

“Uh, Zekun, who is this girl...”

“Auntie Zhang, this is Divine Doctor Qin, who cured my father. I told you before that my father is fine now, so my father asked Divine Doctor Qin to treat Professor Zhang!”

Wang Zekun said it casually, but it was like a thunderclap to Mrs. Zhang.

Her eyes widened and tears streamed down her face. She covered her mouth in disbelief and choked. “Is what you said true? Can my husband still be saved?”

Seeing that she had lost control of her emotions, Wang Zekun immediately comforted her, “Don’t worry, Auntie Zhang. My father is fine now. If I didn’t stop him, he would have insisted on coming over!”

Mrs. Zhang quickly held Qin Xi’s hand and said incoherently, “Are you really a divine doctor? Can you really treat my husband? Young lady, don’t lie to me!”

Previously, the Wang family had called and said that Elder Wang was fine. At that time, she was in a daze and did not pay much attention to it.

Now that Qin Xi was standing here, although she looked young, since Wang Zekun said that she could treat her husband, what else could she say?

Qin Xi said solemnly, “Don’t worry, I’ll definitely give you a healthy Professor Zhang.”

After being led to Professor Zhang’s room, Qin Xi immediately saw an old man lying on the bed.

The old man’s face was sallow, his lips were dry, and his hair was messy. His eyebrows were thin, and his eyes were closed, as if he was asleep. He looked very peaceful.

Mrs. Zhang wiped her tears and said, “Previously, I brought him to the hospital many times, but the hospital couldn’t find the cause. Even the doctors were helpless. In the end, I didn’t know what to do and could only wait for a miracle to happen.”

Qin Xi walked to Professor Zhang’s side and took his pulse. His condition was indeed the same as Mr. Wang’s. In that case, it was much simpler.

Chapter 629 Engagement Canceled

Qin Xi asked for a basin and a knife.

She first sealed all of Professor Zhang’s blood vessels to prevent that thing from escaping. Then, she used the same method to force the little worm into a corner.

When she felt that it was about time, Qin Xi quickly made a cut on Professor Zhang’s finger to remove the dirty blood from his body. Seeing this, Mrs. Zhang was terrified. She clenched her fists tightly and was extremely nervous.

Wang Zekun was really afraid that something would happen to Mrs. Zhang, so he stood beside her to prevent anything from happening.

Half an hour later, Qin Xi took out a little worm. The little worm was very energetic and twisted its body to break free from her grip, but it was devoured by Qin Xi with the Dark Fire.

After absorbing the Gu worm, Qin Xi began to remove the needles.

Seeing this, Mrs. Zhang quickly walked forward nervously and asked, "Doctor Qin, how's my husband? He bled so much. Is there something wrong with him?"

"Don't worry, these are all dirty blood."

Qin Xi put the Ice Soul Silver Needle back into her pocket and took out a Qi replenishment pill from her pocket and handed it to her.

"Madam, this is for you. This is a pill to nourish the blood. When Professor Zhang wakes up, you can give it to him."

"Thank you, thank you. Thank you, young divine doctor. If not for you, my husband might..."

Mrs. Zhang sobbed softly, holding the small pill with both hands. Afraid that she would lose it, she carefully placed it somewhere.

After leaving Professor Zhang's house, Wang Zekun brought Qin Xi to a second house...

For the entire seven days, Qin Xi was either treating patients or on the way to treat patients. She rarely returned to the clinic. Even when she returned home, it was late at night. Sometimes, she was so tired that she fell asleep without taking off her clothes.

Han Shi's heart ached, but he couldn't say anything. He could only help her take off her clothes and massage her shoulders and legs.

In the afternoon, Qin Xi finally treated the last patient. When she returned to the Ji Ding Hall in a good mood, she saw that Pan Lingling's eyes were red, as if she had been crying.

She frowned and asked with concern, "Pan Lingling, what's wrong? Did you encounter some difficulties? Tell me. Perhaps I can help you."

Pan Lingling looked up at her. Her lips moved. She wanted to say something but hesitated. Her eyes were pitiful.

"If it's not convenient to say, then forget it."

Qin Xi patted Pan Lingling on the shoulder. "Don't let your emotions affect your work. We run a clinic. If we accidentally prescribe the wrong medicine to the patient, it will be a huge problem."

Pan Lingling bit her lip and a trace of conflict flashed across her eyes. Then, she lowered her eyes to hide the helplessness and pain in them and spoke with a choked voice.

"Lady Boss, the engagement has been canceled."

Qin Xi asked in confusion, "What's going on? Tell me clearly why the engagement was canceled. Also, isn't your fiancée a soldier? How can he do such a thing?"

Pan Lingling cried until she was out of breath. "It's true, Lady Boss. He doesn't want me anymore. He, he wants to marry another woman. Boohoo..."

Chapter 630 Flirting Master

"Who?"

Qin Xi's face darkened. She took a closer look at Pan Lingling's face and realized that there was indeed something wrong. The man had betrayed her.

"Lady Boss, you know that person too. She's Bai Meili, the woman who framed Lingling in the sanatorium last time."

Hu Jingyun said indignantly, "Lingling let her off, but not only was she not grateful, but she even stabbed Lingling in the back. If I had known earlier, I wouldn't have let her off so easily."

Pan Lingling's face turned pale. She bit her lip and said in a low voice, "Actually, she's not to blame for this."

When Hu Jingyun heard that, she stomped her feet in anger. "Lingling, why are you still speaking up for that woman? Are you crazy?"

Pan Lingling wiped her tears and sobbed softly. "It takes two to tango. Since he betrayed me, it means that I overestimated his feelings for me."

Qin Xi was a little surprised that Pan Lingling could be rational. It was hard for one to remain rational when one was betrayed.

A betrayal was a betrayal. There was nothing to explain.

If Han Shi betrayed her, would Qin Xi have such determination?

Of course, if Han Shi would really betray her, she would never have stayed in the Han family back then.

"What do you plan to do?" Qin Xi looked at Pan Lingling seriously. "Do whatever you want. Remember, you're not alone. We're behind you."

Pan Lingling felt a lump in her throat and tears streamed down her face again.

"Huh? What's wrong? Why are you crying?"

At this moment, Lin Feng's voice was suddenly heard from behind. He walked over curiously. Seeing that Pan Lingling was crying, his heart immediately ached. "Yo, who is making our beautiful and kind Lingling cry. Tell me, I'll teach him a lesson."

The corners of Qin Xi's mouth twitched.

Lin Feng was originally very bright and handsome. However, after getting to know him, Qin Xi realized that he was very good at flirting.

Not only did he make Pan Lingling and Hu Jingyun call him brother sweetly every day, but he also winked at female patients from time to time. Occasionally, he would show his charming biceps to the old lady, making her laugh so hard that her fake teeth almost fell out.

Of course, Lin Feng was also a smart person. He only flirted with single girls. Moreover, his methods were very brilliant, so no one could tell that he was flirting.

Pan Lingling immediately blushed in embarrassment. She quickly wiped her tears and said in a low voice, "Brother Lin Feng, no one bullied me. I just..."

Lin Feng leaned closer to Pan Lingling and narrowed his eyes, staring intently at the little girl's face. "Sister Lingling, your eyes are already red from crying, and you still say that no one bullied you. Am I that easy to fool?"

"Tell me, who made my sister Lingling cry so sadly?"
