Chapter 631 Family Broken

“No, no one made me sad. My eyes just feel uncomfortable.”

She bit her pink lips and did not know how to explain. She looked at Hu Jingyun a few times. Hu Jingyun thought that Pan Lingling was too embarrassed to say it, so she spoke for her indignantly.

“Who else could it be? The only person who can make her sad is her childhood sweetheart and her fiancé!”

“Jingyun... you, what did you say?”

Pan Lingling did not expect Hu Jingyun to say it out loud. Her face turned red and she wanted to find a hole to hide in.

Hu Jingyun blinked innocently. “Huh? Didn’t you keep giving me a look to tell me to say it?”

“I, I, I, I was...”

Pan Lingling was dumbfounded by Hu Jingyun’s actions.

She did not ask Hu Jingyun to say it out loud. She clearly wanted to tell her not to say anything. In this era, if the fact that her engagement was canceled, it would probably be difficult for her to get married in the future.

Even if it was not her fault. If others found out, they would definitely think that it was her fault. At the thought of this, Pan Lingling couldn’t help but cover her face and cry.

“Hey, hey, hey, Sister Lingling, why are you crying? What’s the big deal? You are so beautiful and know medicine. You are also a top student. Excellent men will line up for you to choose. Why do you have to stick to him?”

Seeing that Pan Lingling was crying again, Lin Feng was immediately at a loss. “Is there a misunderstanding between you and your fiancé? Can’t you just talk it out? What’s the point of hiding here and crying? Your fiancé can’t see it, and your tears will be wasted.”

“It’s not a misunderstanding. That man betrayed Lingling.”

Hu Jingyun couldn’t stop complaining, her pretty face filled with disgust.

“Lingling is so devoted to him. That man actually got together with Lingling’s friend. Moreover, he even took the initiative to call off the engagement. Pfft, they’re really shameless. Both of them are bad people. Scum, scum, shameless...”

Lin Feng widened his eyes in shock and exclaimed, “Our Sister Lingling is so good. Is that bastard blind? No, not blind, but brainless.”

Pan Lingling had been waiting for Brother Limin to come back and marry her for so many years. Who would have thought that such a thing would happen just as the one-year promise was approaching?

Actually, she was not sad about their love. She just felt that her waiting all these years was not worth it.

Moreover, she was not the kind of person who could not live without a man. Compared to the betrayal of her lover, she was actually more concerned about the betrayal of her friend.

She and Limin were childhood sweethearts. It could be said that they were best friends who grew up together.

Therefore, how could Pan Lingling not be sad that her family had betrayed her?

When Bai Meili found her and told her that they had slept together, her first reaction was that this family shattered!

Chapter 632 Shameless

“Alright, stop crying. It’s just a man. If you don’t mind, I’ll be your man. How about that?”

Lin Feng shamelessly leaned close to Pan Lingling, his handsome face almost touching hers. There was a proud smile on his face as he said, “If my mother knew that I found such a beautiful wife, she would definitely fly over in excitement.”

Pan Lingling did not expect Lin Feng to be so brazen as to call her ‘wife’. Her cheeks burned and her heart thumped uncontrollably.

She glared at Lin Feng with her teary eyes and stomped her feet in embarrassment. “Who’s your wife? Brother Lin Feng, you, you’re shameless.”

With that, she covered her burning face and ran away.

Lin Feng blinked and recalled how Pan Lingling’s face was as red as an apple just now. He felt like his heart was tickled by a feather.

He touched his nose in embarrassment and looked at Pan Lingling, who was running away. He muttered to himself, “How delicious. I really want to bite you.”

Just as he was thinking this, he saw Qin Xi and Hu Jingyun looking at him as if he was a scumbag.

“Why are you looking at me like that? Do you think I’m especially handsome?”

The corners of Qin Xi’s mouth twitched.

“Let me warn you, Lin Feng. If you like Lingling, you can woo her. No one will stop you. However, if you only flirt and don’t take responsibility, don’t blame me for kicking you out.”

When Lin Feng heard that, he immediately stopped smiling and said solemnly, “Don’t worry, Lady Boss. I know what I’m doing. I definitely won’t do that.”

Hu Jingyun looked at Lin Feng and then at Qin Xi. Wasn’t everyone discussing the fact that Lingling’s engagement was canceled by her fiancé? What was going on now?

**

In the Bai family’s house in Xiaotun Village.

“Bai Meili, your teacher told me that you really got together with that soldier from the Li family? Did you sleep with him?”

Bai Meirong's mother was called Shen Yangrong. She was a typical rural woman. She was fat and her skin was sallow. When she placed her hands on her hips, she looked very domineering.

"Mom, stay out of this. I know what I'm doing," Bai Meili said in frustration.

Shen Yangrong immediately widened her eyes and pointed at her daughter.

"That the entire village knows that you're dating that soldier from the Li family, you want me to stay out of it? You've embarrassed me. What did I tell you? Did your father and I put in so much effort to support you in school just so that you could find a man from the village?"

"Does that mean you really slept with him? Bai Meili, are you shameless? He's Lingling's husband. The two of them were engaged when they were young. Why are you getting involved?"

Shen Yangrong looked down on Li Limin from the bottom of her heart. After so many years, he was still down and out.

Who kind of a girl was her daughter? She had gone to university and was a phoenix. She could find a rich husband easily. Why did she have to find a poor man?

Chapter 633 The Document Came

"So what if he's Pan Lingling's husband? I slept with him because he's her husband."

Now, Bai Meili hated the name Pan Lingling the most. The reason why she slept with Li Limin was that she wanted to teach Pan Lingling a lesson.

If not for Pan Lingling, she wouldn't have lost such a good job. With a criminal record, she couldn't find a related job even if she wanted to.

Moreover, she had yet to tell her family that she had lost her job. If Shen Yangrong found out, she would definitely cause a ruckus again. Therefore, she went to the extreme.

"You, you..."

Shen Yangrong was so angry that her chest heaved. She slapped Bai Meili and said fiercely, "I'm warning you. If you keep hanging out with Li Limin, that poor boy, your father and I will break your legs. You're shameless, but your father and I are not."

"Do you know that others in the village are pointing fingers at your father and me? We've never been so embarrassed in our lives."

In the past, the couple was proud of Bai Meili. Not only was she a top student, but she also had a very decent job. When they talked about their daughter, they were extremely proud.

Now that Bai Meili and Li Limin got together, the entire village was laughing at them. How could they face the villagers in the future?

The more Shen Yangrong thought about it, the angrier she became. He raised her chubby hand and was about to hit Bai Meili again, but this time, Bai Meili dodged.

“Are you done? Do you really think I don’t know what you are thinking? Don’t you just want me to find a rich man and bring you to the city? Aren’t you ashamed of yourself for saying those hypocritical words?”

When Shen Yangrong heard that, she was furious and scolded angrily, “We worked hard for you for most of our lives to nurture you. Not only did you get together with Li Limin, but you also slept with him. Who will dare to marry you in the future? Our Bai family will be criticized for the rest of our lives. In the end, you called me a hypocrite. You wretched girl, I’ll beat you to death today...”

Bai Meili was no match for Shen Yangrong, who was always doing farm work. She was hit on the face a few times and her hair was messy. No matter how much Bai Meili begged for mercy, Shen Yangrong wouldn’t stop.

They had raised their daughter for more than 20 years. Seeing that her career was improving and that she was about to hook up with a rich husband, they did not expect this wretched girl to actually get involved with a poor soldier. It was simply a great humiliation to them.

If she did not beat this wretched girl to death, she would not be able to get over it.

**

A few days later, the year was coming to an end. The continuous heavy snow seemed to be an omen of the coming year.

One morning, Han Shi received a document, saying that he was allowed to be the tea supplier for the higher-ups in the government.

As soon as the document came, the entire Zhehai province was in an uproar. Several news outlets reported it,, and the entire Luoping City was in the limelight.

Because of this matter, Han Shi became busier and busier. Not only was he busy promoting the products, but he was also busy attending the interviews.

Chapter 634 Han Shi Is Jealous

After the interview, there was an endless stream of people coming to ask Han Shi about the design of the suit. Qin Xi took the opportunity to introduce Dong Xiaoxuan and handed over the clothing industry in Yunbei to her.

When Dong Xiaoxuan heard that she was going to be in charge of the entire clothing factory, she was at a loss as to what to do. “Lady Boss, I can’t do it. I don’t know anything about managing a company. You should find someone else. I can only design...”

Qin Xi insisted, “If you don’t know, you can learn. If necessary, you can also nurture a team. I’ll make a proposal for you in advance. Follow the proposal.”

“I don’t have many people I trust. Sister Dong, you’re one of them. I’ll give you the real power. As for who you use and who you nurture, that’s up to you.”

“Of course, if you have any questions, you can look for Lone Wolf. This time, I’ll get Lone Wolf to accompany you and be in charge of protecting your safety.”

When Dong Xiaoxuan heard that, she immediately felt touched.

Since the lady boss trusted her so much and even handed such a big company to her, what was there to hesitate about? Besides, after being protected by the lady boss for so long, it was time to repay her.

“Lady Boss, don’t worry. I won’t let you down.”

Qin Xi nodded in relief and asked Lone Wolf for his opinion.

Lone Wolf had no objection.

Qin Xi told Lone Wolf about the Yin family and took out a small note. “If there’s anything urgent, you can contact this person.”

She wrote Zhao Di’s contact information and address on it. “They’re my people now. If there’s anything you need, just tell them to do it.”

Hearing Qin Xi say that the Yin family had been exterminated by her, Lone Wolf deeply felt how powerful Qin Xi was.

On the day Dong Xiaoxuan left, Qin Xi personally sent the three of them to the airport.

Although Dong Xiaoxuan was reluctant, in order to better help Qin Xi, she resolutely boarded the plane to Yunbei.

After Dong Xiaoxuan left, Breeze Villa became strangely quiet. Qin Xi was really not used to it.

At night, after exercising, Qin Xi nestled in Han Shi’s arms and flipped through the date on a calendar.

“It’ll be New Year’s Eve in a week or so. I want Grandpa and Mom to come to the villa for the New Year and call Wang Zhiqiang and the others over. We’ll gather together. What do you think?”

“Of course. It just so happens that Grandpa and Mom haven’t been here yet. This time, we have to show them around.”

Han Shi stroked her smooth hair and kissed her forehead.

In Han Shi’s eyes, his wife was the most beautiful woman in the world.

At this moment, Qin Xi suddenly thought of something. She turned around and asked Han Shi, “By the way, how’s the cooperation with Mu Di going?”

The smile on Han Shi’s face froze for a moment, but he quickly covered it up. He held Qin Xi’s smooth and flawless face in his hand and asked in a jealous tone, “Why did you suddenly talk about another man? Wifey, we’re in bed now. What do you think I’ll think if you mention other men like this? Huh?”

Qin Xi was immediately alarmed...

Chapter 635 Li Limin Is Here

In the end, Qin Xi still couldn’t escape Han Shi’s punishment.

They fought from the bed to the bathroom and then to the kitchen downstairs. Perhaps because there was no one at home, the two of them went wild.

When Qin Xi woke up again, it was already past nine in the morning. She looked out of the window and saw the sunlight shining into the house through the French window, illuminating the entire bedroom. It was warm.

She got up and stretched. She realized that her entire body was sore, especially her legs. It was as if they had been crushed.

Last night...

Qin Xi gasped and her face instantly turned red. She cursed the man a few times in her heart before holding her waist and entering the bathroom.

An hour later, Qin Xi came out of the bathroom. She circulated the Mystic True Qi in her body to relieve the fatigue.

**

At this moment, the entrance of Ji Ding hall was surrounded by people watching the show.

Qin Xi saw the crowd from afar. She frowned and quickened her pace towards Ji Ding hall.

Because her face was covered by the scarf, revealing only her big black eyes, no one recognized her.

“Lingling, believe me. I really didn’t do it on purpose. Don’t you know what kind of person I am? It’s Bai Meili. She seduced me. I really didn’t break off the engagement, and I won’t. You’re my only wife.”

Li Limin was still in the military camp when he received a call from his sister saying that everyone knew about his relationship with Bai Meili. Bai Meili gave Auntie Li some gifts and made Auntie Li very happy. Then, Auntie Li canceled the marriage without him knowing.

When Li Limin heard this, he felt like he was struck by lightning. He did not expect Bai Meili to be so big-mouthed. Not only did she expose their relationship, but she also caused a scene. He was so angry that he almost vomited blood.

He admitted that he was indeed bewitched that night, but if not for Bai Meili bewitching him, he would not have betrayed Pan Lingling.

Therefore, after knowing that the engagement was canceled, Li Limin ran back in a hurry. He went straight to Ji Ding Hall and knelt on the ground to beg for Pan Lingling’s forgiveness.

“Brother Limin, no matter what, you still slept together. Our fate is over!”

Pan Lingling did not expect to see her childhood sweetheart again in such a state. Looking at Li Limin’s haggard face, she felt inexplicably sad. However, she still turned her head away.

Li Limin continued relentlessly, “No, Lingling, I really know my mistake. I shouldn’t have let you down. I’ll apologize. Can you forgive me? I swear that I really only want to be with you and have never thought of marrying anyone else. This time, it was an accident. I’ll make things clear with Bai Meili and ask her not to pester us in the future. Also, I’ve already said it to my mother. She also agreed not to cancel the engagement. Lingling, let’s go back with me and make things clear, okay?”

“There’s no turning back. Brother Limin, it’s over.”

Chapter 636 The Less Enemies, the Better

“What do you want me to do to make you forgive me? Just say it and I’ll do it.”

Li Limin knelt on one knee and asked sincerely.

“Why are you like this? Be a man, please. What’s the point of apologizing now? It’s already happened. Do you still want to hurt another woman?”

Hu Jingyun puffed up her cheeks and said angrily, “Who do you think you are? Why should Lingling forgive you?”

Pan Lingling tugged at Hu Jingyun, who was standing in front of her, and whispered, “Forget it, Jingyun. Let’s not talk about it. There are so many people watching. Let’s go in!”

She pursed her lips and looked at Li Limin. She advised softly, “Brother Limin, it’s too cold. You should go home. There are still many patients in our clinic, so I won’t send you off. Take care.”

As she spoke, she turned around and was about to return to the clinic. Li Limin panicked and hugged Pan Lingling’s leg.

“Lingling, don’t go. I’ve already knelt down to you. Can’t you forgive me for this once? I really know my mistake. I won’t do it again.” He looked at the crowd and begged, “Everyone, please put in a good word for me. I really know my mistake. I’ll change in the future. Thank you!”

Pan Lingling quickly struggled and said awkwardly, “Brother Limin, let go of me quickly. There are still so many people around. Let go...”

The more Pan Lingling struggled, the tighter Li Limin hugged her leg. He even asked the crowd to help. Everyone immediately shouted, “Just forgive him. He knows he is wrong.” Pan Lingling was so aggrieved that her eyes turned red and tears welled up in her eyes.

“Miss, your husband knows his mistake and will change. Please forgive him this time!” One of the fat women advised Pan Lingling nicely.

Pan Lingling bit her lower lip and did not say a word.

“That’s right. It’s understandable for a man to make a mistake. Most importantly, he even knelt down to you in front of everyone. The fact that he knelt down to you means that he still has you in his heart,” another man who was watching the show added.

“You...”

When Hu Jingyun heard this, her face turned red from anger. She pointed at the fat woman and said, “Auntie, if your husband and your sister-in-law sleep together, will you forgive your husband?”

The fat woman’s expression changed drastically and she cursed angrily, “You wretched girl, watch your mouth. If you dare to spout nonsense again, I’ll tear you apart.”

Hu Jingyun was not angry at all. Instead, she smiled smugly. "Why do you ask people to give someone you yourself can't forgive? Auntie, I'm just making an analogy. Don't be angry. I'm sorry."

Hu Jingyun was a smart person. She knew that at a time like this, the less enemies, the better, so her attitude was friendly.

The fat woman was angry at first, but when she heard Hu Jingyun's apology, her anger immediately dissipated. Now that she thought of what she had just said to Pan Lingling, she was embarrassed of herself.

Chapter 637 Making An Oath

After that, no one had the intention to put in a good word for Li Limin.

After all, no one would be able to forgive such a terrible thing. The only reason why they joined the fun was because it did not happen to them.

Since they were just here to watch the show, there was no need to get into trouble.

Therefore, those who originally wanted to support Li Limin immediately changed their minds and turned to criticize him.

"Young man, let go. It's not right to hold a young lady like this. You are not forgivable even if you die."

"If you forgive him this time, he will definitely do it a second time. Young lady, you can't forgive him!"

Li Limin originally wanted to use the public opinion to help him achieve his goal, but he didn't expect it to shoot himself in the foot. Now, the public opinion was all biased towards Pan Lingling. He wished he could find a hole to hide in.

However, he still braced himself and said.

"Lingling, I only took two days off this time. I'm leaving tomorrow afternoon. The next time I come back, it'll be a year later. Lingling, can you forgive me on account of the fact that we've been together for so many years? I swear that I'll listen to everything you say in the future. If you ask me to go east, I'll go east. You can do whatever you want. How about that?"

He raised three fingers and swore with a sincere expression.

Just as Pan Lingling was at a loss as to what to do, the door of the clinic opened. Lin Feng came out wrapped in a down jacket. He first let out a sigh of relief. The white fog formed a thin layer of frost in the cold winter.

"Yo, how can you make such a hypocritical oath?"

He imitated Qin Xi and smiled harmlessly. "You didn't say what would happen if you broke the oath, did you?"

Seeing his smile, Qin Xi inexplicably felt like she was offended.

"That's right. Young man, you're not sincere. That's not how you make an oath."

Everyone felt that it made sense and began to urge Li Limin to make an even bigger oath. This way, he might be able to win Pan Lingling back.

When Lin Feng heard this, he looked at Li Limin mockingly, but he was sneering at him in his heart.

How could such a person be worthy of Sister Lingling? He really wanted to go up and slap this man to death.

Li Limin felt like he was caught between a rock and a hard place. Looking at Lin Feng's teasing gaze, he gritted his teeth and raised three fingers again.

"Lingling, I swear that if I let you down again, I, I will be a bachelor forever. If I can't do it, I, Li Limin, am willing to be poor for the rest of my life..."

"Hahahahaha, you are really funny. You make it sound like you won't be poor in the future. If you're sincere, just say that if you betray her again, you'll be struck by lightning or infertile for the rest of your life."

Chapter 638 Think Twice Before Making An Oath

Li Limin was forced to a corner by Lin Feng's words. However, in front of so many people, he could not refuse.

After thinking for a moment, he braced himself and stretched out his hand again, shouting without hesitation, "I, Li Limin, swear that if I let Pan Lingling down in the future, I'll be struck by lightning."

Before he could finish, a muffled thunder suddenly sounded in the sky. Before anyone could react, it rumbled and struck Li Limin's feet. In an instant, a black pit appeared under his feet.

Seeing this strange scene, everyone was dumbfounded and looked at him strangely.

Even Lin Feng and Hu Jingyun were shocked. They covered their mouths and widened their eyes.

Li Limin let out a miserable scream and quickly let go of Pan Lingling's leg. He took a few steps back, his face pale with fear.

Although he was not struck, he was still frightened. His heart raced and his body trembled uncontrollably.

Seeing him like this, Lin Feng and Hu Jingyun looked at each other and couldn't help but laugh. They thought of Li Limin's confident look just now, and now, he looked like a clown.

"Hey, you should be glad that you didn't say anything else. If you did, you would probably be a corpse now. Tsk, tsk, tsk."

Seeing him embarrass himself, Lin Feng could not help but gloat.

"You're really something. Even the heavens don't like you and want to punish you, but you're still pretending to be a good person. Do you have the guts to repeat the oath you didn't finish? Let's see if it can come true."

Li Limin looked at Pan Lingling, who was silent, and then at the big pit on the ground. He wanted to stand up, but his legs were weak from fear. He stumbled twice before he could stand properly.

Then, he turned around and left without saying a word.

Pan Lingling felt a lump in her throat when she saw him so miserable.

“Alright, stop looking. He’s already gone. People like him can’t be trusted. Isn’t there a saying that goes, if the old doesn’t go, the new won’t come. This time, you throw away the old. Next time, you’ll receive a better one. Someone like me is not bad. Not only am I handsome and have a good personality, but I also have talent and wealth. I’m a peerless good man.”

Lin Feng patted his chest narcissistically with a proud expression.

Initially, the atmosphere was still a little sad, but after Lin Feng teased, Pan Lingling’s urge to cry immediately disappeared.

She rolled her eyes at him and muttered, “Boring!”

She turned around and entered the clinic.

Lin Feng touched his nose awkwardly and looked at Hu Jingyun. “Is it really that boring?”

Hu Jingyun put on a fake smile. “Do you know what you look like now?”

“A clown.”

Lin Feng immediately put on a fierce expression and chased after Hu Jingyun into the clinic!

As the protagonists left, the onlookers also left. Everyone still felt a lingering fear as they recalled the lightning.

They thought to themselves that they had to think twice before making an oath in the future.

Qin Xi walked to the door and looked at the huge pit on the ground. The corners of her mouth curled up into a faint smile. Hmph, a Lightning Attracting Talisman was enough to reveal your true colors.

Chapter 639 Shameless Li Limin

Initially, they thought that Li Limin’s matter had come to an end. Unexpectedly, that night, Mrs. Pan specially called Pan Lingling to ask her to go home.

“Mom, did something happen at home?” Pan Lingling asked anxiously.

Mrs. Pan said, “It’s nothing serious. It’s the boy from the Li family. He said that you’ve forgiven him. This engagement is not canceled. I’m just calling to ask you if it’s true.”

“What? He really said that?” Pan Lingling’s face immediately darkened.

She did not expect Li Limin to not give up and even lie. This caused her impression of Li Limin to plummet.

Over the past few days, she had thought about a lot of things.

She knew that Li Limin was not entirely to blame. After all, Bai Meili was the one who seduced him first. She knew that Bai Meili hated her to the core because she lost her job last time. Otherwise, she wouldn't have gotten involved with Qingbai in order to take revenge on her.

However, betrayal was betrayal. This was an undeniable fact. What Li Limin did made the situation worse, but it also helped Pan Lingling get to know this man better.

She even wondered what she liked about Li Limin in the past.

"Lingling, what's going on between you two? I know your temper. Once you make a decision, no one can change your mind. I don't believe you will forgive him so easily," Mrs. Pan asked.

Pan Lingling's expression darkened. "Mom, he came to our clinic today to cause trouble. I didn't agree and thought that he wouldn't pester us anymore. Who knew that he would go to our house again?"

"The entire Li family was here, including that girl from the Bai family. She was kicking up a fuss. The entire village was here to watch the show."

Mother Pan sighed helplessly. Although the Pan family was innocent, they were more or less implicated.

However, Mr. Pan and Mrs. Pan had never done anything bad in their lives. They were upright and did not care what others said.

"This brat. I didn't expect him to be getting worse and worse as he got older. Why didn't I realize that he was such a bastard in the past? Sigh, it's fortunate that Meili snatched him from you. If the two of you were together, your life would probably be ruined," Mrs. Pan said with lingering fears.

"Mom, Dad, you don't have to care about them. They can do whatever they want. Anyway, I won't change my mind." Pan Lingling suddenly thought of something and said, "Mom, why don't you come to the city with Father? I'll take you out to shop. It's almost the new year. You can take the opportunity to prepare some new year goods."

"Forget it. The things in the city are too expensive. Your father and I don't lack anything. We have a few chickens at home. It'll be enough."

Mrs. Pan immediately refused.

She had lived for most of her life and had only been to the city twice. One time, Pan Lingling's grandmother was hospitalized, and the other time, Pan Lingling found a job. She went to celebrate it with Mr. Pan.

Now that her daughter wanted them to go to the city to buy New Year goods, how could she bear to do so? She had been saving money to prepare her daughter's dowry. She did not want her daughter to be looked down upon by her in-laws. Even if they were uneducated, they did not want to embarrass their daughter.

Chapter 640 Are You Showing Off Something I Don't Want

After hanging up the phone, Pan Lingling was in a daze. The next morning, an acquaintance came to the clinic.

It was Bai Meili.

She was wearing a long red coat and a pair of jeans. She was wearing high heels and had very fluffy curly hair. She had thick makeup on her face and blood-red lips. She did not look sexy at all. Instead, she looked like a clown.

If not for the fact that Pan Lingling knew who it was, she would have thought that Bai Meili was from a brothel!

Hu Jingyun looked at Bai Meili and immediately exclaimed, "What is Bai Meili doing here?"

When Lin Feng, who had just finished treating the patient, heard this, he rolled his eyes and pretended to stretch. He sized up Bai Meili with a strange look in his eyes. Suddenly, he grinned, revealing a row of white teeth. "Miss, did you come to the wrong place? This is a clinic, not a brothel."

Hu Jingyun couldn't help but laugh. Seeing that the patients were all looking over, she immediately stopped smiling and started working expressionlessly.

Pan Lingling almost laughed out loud. She held it in and asked, "Why are you here? Are you here to see a doctor? You can go over there and queue up."

Bai Meili originally wanted to dress up beautifully to intimidate Pan Lingling. Unexpectedly, Lin Feng was so sharp-tongued. Not only did she not intimidate Pan Lingling, but she was also mocked in public as a prostitute.

She was about to explode from anger. She glared at Lin Feng, then looked at Pan Lingling with a proud expression. "I'm here to look for you. Come out with me. I have something to tell you."

Pan Lingling was busy with the work in her hand. "I'm not free. I'm working."

Yesterday, Qin Xi arranged some homework for her and Hu Jingyun. It was about the essence and philosophy of Chinese medicine. She planned to discuss it with Hu Jingyun after finishing her work. She had no time to waste with Bai Meili.

Bai Meili frowned and looked around the clinic. Her gaze finally landed on Pan Lingling. She snorted and said, "You're not doing well after leaving the sanatorium."

Previously, she had been jealous of Pan Lingling for being chosen by the young divine doctor. Now that she saw the environment of the clinic and the patients dressed like poor people, she was no longer jealous.

So what if she was chosen by the young divine doctor? She was only qualified to do menial jobs here. Back then, she was a nurse in the sanatorium, but now, she was just a handyman.

Of course, what Bai Meili did not know was that Pan Lingling and Hu Jingyun's medical skills had improved by leaps and bounds. With their current level, they could already run a clinic on their own.

Pan Lingling's eyes were cold as she said in a stiff voice, "If you're sick, talk to the doctor. If you're not sick, don't disturb us."

Bai Meili was stunned by her words and her face immediately darkened. She walked to the counter and placed her handbag on the counter.

“Pan Lingling, Brother Limin and I have already gotten together. He said that he would marry me. I hope you won’t seduce my man in the future. Although I know you haven’t given up on Brother Limin, I still want to warn you, lest you cling to my man.”

Hearing Bai Meili’s shameless words, Pan Lingling almost laughed out of anger.
