Chapter 701 Taking a Life
Killed someone?

Everyone was shocked and looked at Han Licui.

They would definitely believe that Han Licui was mean and narrow-minded. They could accept her swindling, pilfering, and so on, but killing someone...

With Han Licui's timid personality, no one would believe it.

It was normal for the others not to believe Qin Xi, but Han Dazhu, Luo Xiujuan, and Han Shi believed her one hundred percent. They had all seen Qin Xi's ability. Therefore, Han Dazhu's heart skipped a beat and his face immediately turned livid. His breathing became much heavier and he clenched his fists tightly.

Initially, Qin Xi did not want to say this, but she vaguely felt that Han Licui would be a huge obstacle to the Han family in the future. She might even cause the Han family to be in a dangerous situation. From Qin Xi's judgment on Han Licui, she didn't believe that Han Licui would turn over a new leaf and atone for what she had done.

Therefore, she had no choice but to consider the big picture.

Han Licui was afraid that Qin Xi would say something more, so she charged at Qin Xi like a wild boar. Her eyes were filled with killing intent and hatred for Qin Xi.

Qin Xi's expression was calm and her posture was casual. She did not care about Han Licui at all. Han Guofa and Cao Xiu'e thought that Qin Xi was scared silly.

Just as Han Licui was about to touch Qin Xi's face, Han Shi grabbed Han Licui's arm and twisted it. Han Licui immediately let out a scream like a pig being slaughtered. Her entire body turned red. It was so painful that she gritted her teeth and cursed, "It hurts, it hurts. Let go of me. You stupid fool, how dare you break my arm? Ahhh, Ma Quan, what are you waiting for? Kick this little bastard to death..."

When Ma Quan heard this, he quickly went forward and wanted to kick Han Shi, but Han Shi kicked him back to the sofa. Ma Quan had never suffered like this before. He held his stomach and screamed in pain.

When he shouted, the children also started crying. One of the boys picked up the toy in his hand and threw it at Han Shi. He imitated Han Licui and said, "Stupid fool, little bastard, I'll beat you to death!"

Seeing that the living room was in shambles, Han Dazhu couldn't hold back his emotions anymore and slammed the coffee table. With a crack, a huge hole appeared on the coffee table.

It had to be noted that this was a solid wooden table. Even with an axe, it would take a few chops to make a big ravine.

Ma Quan immediately stopped shouting, and so did Han Licui. Han Shi snorted and let go of her.

"That's enough. It's the Spring Festival. Can't you give me some peaceful time?"

Seeing that the old man was angry and had broken the table with a slap, everyone fell silent.

Han Dazhu's expression was extremely ugly. He said in an imposing manner, "Xi, tell me, who did my unfilial daughter kill? If what you said is true, I'll call the police to arrest her."

Han Licui's legs went weak. She looked at Han Dazhu in disbelief. "Dad, are you crazy? I'm your daughter!"

Chapter 702 Luo Xiujuan Can't Bring Herself to Recall the Past

Han Dazhu ignored Han Licui. However, looking at Han Licui's anxious expression, everyone felt a chill run down their spines.

Qin Xi looked at Luo Xiujuan, who was in a daze, and softly asked, "Mom, do you still remember how your second child died?"

Everyone immediately turned to look at Luo Xiujuan. Luo Xiujuan's face turned pale as she looked at Qin Xi in disbelief. She opened her mouth, but she did not know what to say.

This time, Han Licui was really afraid. Initially, she thought that Qin Xi was just trying to scare her. Unexpectedly, she really knew...

However, Han Licui quickly realized that if Qin Xi was really right, did that mean that not only did Ma Quan have another woman, but he also had an illegitimate child outside?

Just as she was letting her imagination run wild, Luo Xiujuan covered her face and cried, recounting what happened back then.

It turned out that on the day Han Shi's father, Han Guohua, died, a drunk man appeared at home.

At that time, the Han family suffered setbacks one after another. First, Han Shi was hit on the head and became stupid, and then the old lady fell seriously ill. Han Guohua went out to hunt to make a living. Grandpa Han worked in the village. Only Luo Xiujuan, who was pregnant, stayed at home to manage the household.

However, a drunk man suddenly appeared and hugged her from behind, wanting to take off her clothes. This frightened her greatly. In a hurry, she took something and threw it at him.

The man screamed in pain and pounced on her aggressively, pressing her to the ground and wanting to take off her clothes. The man was very strong. Luo Xiujuan had to protect the child in her stomach and protect her innocence. Just as the drunk man was about to succeed, the old lady in the room seemed to notice something and dragged her heavy body out with a kitchen knife.

Although the man was drunk, he still instinctively ran away when he saw the kitchen knife. Luo Xiujuan was saved.

However, before they could rejoice that nothing happened, the news of Han Guohua's death was sent back by someone. The old lady was already traumatized by Han Shi's accident. Now that she had lost her beloved son, she immediately spat out a mouthful of blood. Luo Xiujuan was not any better. Her stomach hurt and blood flowed out from under her.

Qin Xi did not expect Luo Xiujuan to have such an unbearable memory. She blamed herself for making Luo Xiujuan recall the past.

Han Shi seemed to feel that Luo Xiujuan was blaming herself and gently held her hand. However, he pointed at Han Licui coldly and asked, "Xi, are you going to say that that drunk man is the person she found?"

The others looked at Han Licui in shock.

"Don't slander me. I-I don't know what you're talking about."

Han Licui felt guilty, but she still straightened her neck and said angrily, "Your mother is a vixen siren. She seduced a man and actually wants to pin the blame on me. Pfft, shameless slut!"

As soon as she finished speaking, Qin Xi slapped her on the face as fast as lightning. Her voice was cold. "If I hear you say dirty words again, I'll make you not be able to speak for the rest of your life."

Qin Xi approached her and narrowed her eyes. She said sinisterly, "I don't know if you found that man, but I know that you killed him because..."

"He's right beside you. Moreover, he became a water ghost. If you don't believe me, look..."

Qin Xi pointed in a direction.

Chapter 703 Not from the Han family

Han Licui subconsciously looked in the direction Qin Xi was pointing. There was indeed a blurry man there. He was drenched in water.

Her eyes widened. Although she couldn't see this man's face clearly, Han Licui was all too familiar with the clothes he was wearing. This was because she bought it for Ma Quan, but it was taken away by this man. At that time, in order to ruin Luo Xiujuan, she had no choice but to give the clothes to him.

"Ahhh..."

Han Licui screamed in fear and quickly ran to Ma Quan's side.

Everyone was puzzled by her strong reaction. They looked around but saw nothing.

However, at this moment, Han Licui covered her ears and closed her eyes. She shouted, "I didn't do it on purpose. Don't come after me. I-I asked you to molest Luo Xiujuan, but you were too useless. I was angry and pushed you. Who knew that you would fall into the river? It's really not my fault. If you want revenge, go after Luo Xiujuan. She killed you, not me..."

Everyone looked at Han Licui in disbelief. Han Dazhu was so furious that he almost fainted.

Not only did his biological daughter almost harm his daughter-in-law, but she also 'killed' his unborn grandson. What sin did he commit in his previous life to deserve such a cruel daughter?

Tears streamed down Luo Xiujuan's face. Qin Xi walked over and hugged Luo Xiujuan, comforting her softly.

Han Shi was afraid that Han Dazhu would not be able to withstand the stimulation and injected True Qi into him. Only then did Han Dazhu gradually recover. He said with tears streaming down his face, "Forget it, forget it. I'm tired. If you want to stay, stay. If you want to leave, leave."

Han Licui thought that Han Dazhu was letting her off the hook, so she quickly pulled Ma Quan away. After they left the door, she heard Han Dazhu say in a weathered voice, "Stone, call the police!"

Han Guofa and Cao Xiu'e, who had yet to stand up and leave, were stunned. They looked at the old man, not knowing what to say.

"Grandpa, take care of yourself!" Han Shi patted Han Dazhu on the shoulder and said.

Qin Xi sighed and said, "Grandpa, there is something I don't know if I should tell you or not."

Han Dazhu rubbed his temples and said dejectedly, "What else can be more unacceptable than my daughter harming my daughter-in-law? Tell me, if you have anything to say, make it clear at once."

Qin Xi could tell that the old man resented her for revealing this secret during the Spring Festival. Now, this festival was completely ruined. Perhaps Han Dazhu only resented her for telling him, but he did not blame her.

After all, one had to pay the price for doing something wrong, let alone a murder.

If he did not send Han Licui to jail, how was he going to face Luo Xiujuan in the future? He would be letting down his dead son and his unborn grandson.

Qin Xi pouted and said in the end, "Grandpa, actually, Han Licui is not your daughter and is not related to the Han family by blood at all. Didn't you notice that there's nothing about Han Licui that looks like the Han family?"

"What?" Han Dazhu was dumbfounded and looked at Qin Xi in shock. "Xi, is what you said true?" Qin Xi nodded. "You know what I'm capable of."

Chapter 704 Difficulties

"But, but if she's not my daughter, where is my daughter?"

Han Dazhu thought of Han Licui's face and was shocked. Over the years, he had never thought about this matter carefully. Now that Qin Xi mentioned it, he realized that Han Licui was indeed nothing like the Han family. He couldn't help but feel a little sad.

If Han Licui was not his daughter, where was his daughter?

"Grandpa, your real daughter should have died young. If I'm not wrong, Grandma was afraid that you would be sad, so she treated the child she picked up as her own."

Actually, this was Qin Xi's guess.

Qin Xi said this to Han Dazhu because she did not want him to be too sad. It was not worth it to be sad for such a person. "Grandpa, I exposed her today for the sake of this family. If she stays in the Han family, our Han family will lose people..."

Han Dazhu waved his hand and said self-deprecatingly, "Forget it. At this point, there's no need to say anything else. I've let down your father, your mother, and my unborn grandson. Xi, you did the right thing. If we lose any of us because of her, not to mention you, even I won't let her off."

After this incident, the Spring Festival was no longer that festive. Although the old man was mentally and physically exhausted, at least he had a son by his side.

“Guofa, stay for dinner with your wife. I’ll go back to my room to rest for a while.” With that, Han Dazhu went upstairs.

Han Guofa and Cao Xiu’e sat on the sofa with uneasy expressions, not knowing what to say. Fortunately, there were three children surrounding the two of them. Otherwise, they really did not know what to do.

“Second Uncle, Second Aunt, you don’t have to be nervous. Just treat this as your home.” Qin Xi sat beside Luo Xiujian and smiled, expressing her goodwill to the two of them.

Luo Xiujian also came back to her senses from the sad past. She forced a smile and said, “Second Brother, Sister-in-law, take a seat first. I’ll go wash my face. The old man is in a bad mood today. Stay here and accompany him!”

“Okay.” Just as Han Guofa and Cao Xiu’e were about to get up, Han Shi pushed them back to the sofa.

“Second Uncle, Second Aunt, what have you been busy with recently? By the way, where’s Cousin and Cousin-in-law? I haven’t seen them for half a year.” Han Shi sat beside the two of them and asked casually.

Han Guofa smiled bitterly and said with a trace of worry in his eyes, “What else can we be busy with? Farming!”

Cao Xiu’e was a typical rural woman. She had dark skin, a sallow face, and a thin figure. However, her eyes were abnormally bright, which meant that she was very positive about life.

However, her eyes were a little dull and she was distracted, which probably meant that she was troubled by something.

Qin Xi raised her eyebrows and asked, “Second Uncle, Second Aunt, did you encounter some difficulties? Tell me, maybe we can help!”

Han Shi said at the right time, “That’s right, Second Uncle. We’re all family. When I was young, you took good care of me. Now that we’re well off, we naturally won’t forget you.”

Chapter 705 A Broken Leg

When Han Guofa heard Han Shi’s words, he immediately felt a lump in his throat and tears almost fell.

Initially, he did not want to come with Han Licui. After all, Han Shi was rich now. If he came with Han Licui, Han Shi would misunderstand that they were in the same boat. At that time, he would not be able to explain himself.

A few days ago, Han Guofa’s son, Han Tao, had an accident and his leg was broken. They had spent all their savings but could not treat the broken leg. Now, it had worsened to the point that he was unable to do heavy work.

In order to save his son from becoming a cripple, he had no choice but to bite the bullet and come.

Unexpectedly, Han Licui came and asked to 'borrow' 20,000 yuan. Moreover, everyone knew that she had no intention of returning the money. This made Han Guofa, who wanted to borrow 2,000 yuan, not know what to say.

He originally thought that he would go back empty-handed. He did not expect Han Shi to still remember what happened when he was young. This touched him and made him hopeful again.

Before he could speak, Cao Xiu'e began to sob softly. "Stone, you, you're rich now. Can you help your cousin? He, he broke his leg some time ago and can't walk. Boohoo..."

When Han Shi heard that, he asked worriedly, "How is he now? Is he alright? Why didn't you tell me earlier? Where is my cousin now? I'll go get him."

When Cao Xiu'e heard Han Shi's words, she was finally relieved. She quickly wiped her tears and said with a choked voice, "Stone, I'm very grateful that you said that, but the doctor said that his leg can't be treated."

When Han Shi heard that, he suddenly laughed.

"Second Uncle, Second Aunt, my wife is the reincarnation of a divine doctor. Not to mention a small problem like a broken leg, she can even save the dead."

Han Shi patted the stunned Han Guofa and said, "Second Uncle, didn't you notice that Grandpa's lame leg has already recovered? Now, not only is he full of energy, but his strength is also comparable to that of a young man."

"Oh right, look at my mother's face. If I go out with her, do you think anyone can tell that she's my mother?"

Han Guofa and Cao Xiu'e widened their eyes in shock. They were so distracted by their troubling problem that they didn't notice it.

Now that they took a closer look, they really did not see Han Dazhu use a walking stick. There was also Luo Xiujuan. Her skin was so fair that it was glowy. There was not a single wrinkle on her face. She did not look like a 40-year-old woman at all.

"Second Uncle, Second Aunt, look at me. I'm not as stupid as before. This is all thanks to my wife. She's very capable. She can even treat my brain, let alone my cousin's broken leg." In order to make the couple believe him, Han Shi pointed at his head.

Han Guofa suddenly remembered something and slapped his thigh. He stood up excitedly. "That's right, Stone, you've recovered. Why didn't I notice it? You've actually recovered."

Han Shi grinned. "Second Uncle, it's because you were distracted that you forgot about it."

Han Guofa's eyes were filled with tears. He patted Han Shi on the shoulder. "It's good that you're fine. It's good that you're fine..."

Chapter 706 Relocating the Bones

"Nephew-in-law, can you really treat my son's leg?"

Cao Xiu'e suppressed her excitement and looked at Qin Xi expectantly. She clenched her fists nervously, afraid of hearing a negative answer.

Qin Xi smiled. "Second Aunt, don't worry. It's just a broken leg. It's not difficult for me to treat it. How about this? I'll get Stone to bring Cousin over later. It's the Spring Festival. It's not appropriate if he doesn't come to pay respect to his grandfather."

Cao Xiu'e was so excited that tears streamed down her face. "Alright, I'll listen to you. I hope we won't cause you too much trouble..."

"Second Aunt, we're a family. It's no trouble at all."

In the evening, Han Shi brought Han Tao and his wife, Yang Yueqin, over. When Han Yao and Han Shuo, who were playing happily with Tong Tong, saw their parents, they immediately abandoned Tong Tong and threw themselves in their arms.

For dinner, Luo Xiujian prepared a table full of good food. The old man was at the head of the table. On his left were Tong Tong, Luo Xiujian, Han Shi, Qin Xi, Blood Stealer, Black Ghost, Berserk, and Bane.

On the right were Han Guofa, Cao Xiu'e, Han Yao, Han Shuo, Han Tao, and his wife, Yang Yueqin.

The long wooden table was filled with people. Looking at the lively scene, Han Dazhu's eyes were a little wet, but he had a happy smile on his face.

After the family finished eating happily, Han Shi, Blood Stealer, and the others brought the children to set off fireworks while Qin Xi checked Han Tao's leg.

The others looked at Qin Xi nervously. After she was done checking, Han Dazhu was the first to ask, "How is it? Can his leg be saved?"

Cao Xiu'e and Yang Yueqin were so nervous that their hearts were in their throats. They looked at Qin Xi hopefully.

Qin Xi smiled. "No problem. The joints weren't fixed properly after being dislocated. I just have to correct them and apply ointment on the leg. He'll recover in less than three days. Just like before, he can run, jump, and carry heavy things."

After hearing Qin Xi's words, everyone heaved a sigh of relief. Cao Xiu'e and Yang Yueqin were so happy that they cried tears of joy. Han Tao and Han Guofa almost couldn't believe their ears.

The doctors in the big hospital all said that there was no hope of him recovering, but to Qin Xi, it actually became so simple.

Seeing that everyone was very excited, Qin Xi cleared her throat and said, "However, let me make it clear to you in advance that relocating the bones will be painful..."

"As long as it can be cured, it doesn't matter what pain it takes."

Before Qin Xi could finish, Han Tao immediately expressed his stance.

Cao Xiu'e was a little worried. When she thought of how her son would suffer the pain of having his bones change position, her heart ached. She gritted her teeth and asked, "Is this the only way?"

Qin Xi nodded. "The location is wrong. This is the only way."

"Mom, as long as it can be cured, a little pain is nothing." Han Tao comforted Cao Xiu'e and looked at Qin Xi. He said solemnly, "Sister-in-law, I want to do it now. Is that okay?"

"Of course." Qin Xi smiled and said, "Lift your leg."

Han Tao did as he was told and raised his leg. Qin Xi pressed his joint twice. Han Tao's body stiffened, his face was a little pale, and the veins on his forehead were bulging.

Chapter 707 Help

Qin Xi looked at Han Tao seriously and said, "I'll start relocating the bones on the count of three. Are you ready?"

Han Tao gritted his teeth and nodded firmly. "Bring it on!"

"One, two... Crack, Crack" [Sound of the bones being relocated]

Everyone was speechless. Where was three?

Han Tao was still thinking about the number 'three' in his heart. However, when Qin Xi counted to two, he felt a piercing pain that almost made him scream. However, the pain disappeared in a flash, followed by a sore and swollen feeling.

Han Tao's dark face was covered in cold sweat. It was not that he was in pain, but he was a little nervous and excited. He looked at Qin Xi and opened his mouth to complain, "Sister-in-law, where's the count of three? Didn't you say that you would count to three?"

Qin Xi raised her eyebrows. "Didn't you say that you were ready?"

This was a technique she learned on a video in her previous life to minimize the pain. At that time, a dentist was pulling out the patient's teeth. He said that he would count to three, but on the count of two, he pulled out the patient's teeth. The patient and Han Tao now had the same dumbfounded expression.

The corners of Han Dazhu's mouth twitched. Seeing his grandson's aggrieved expression, he laughed out loud and asked, "Xi, how's Tao? Is his leg fine?"

When he asked this, everyone looked at Qin Xi expectantly.

Qin Xi wiped her hands and said with a smile, "Don't worry, he's fine now. When the ointment is applied, the swelling will go away in two days. At that time, he'll be able to walk."

"That's great. Thank you, Sister-in-law. Also, you're really amazing." Yang Yueqin looked at Qin Xi with tears in her eyes and bowed to her gratefully.

Qin Xi quickly helped her up. "Cousin-in-law, what do you mean? We're a family. You're treating me like an outsider. I'm a doctor. It's my duty to save lives and treat injuries. If you really want to thank me, I have a request. I wonder if you can agree."

Yang Yueqin was afraid that Qin Xi would not ask for anything. Now that Qin Xi said that she had a request, Yang Yueqin nodded without thinking. "Sister-in-law, tell me. As long as I can do it, I'll agree to anything."

Han Dazhu and Luo Xiujuan were puzzled. In their eyes, Xi was almost omnipotent. Why would she need someone else's help?

The two of them looked at each other and quickly pricked up their ears to listen.

Qin Xi did not hide anything. In front of everyone, she said, "I want to open a medicinal cuisine restaurant for Mom. I want to hire Cousin-in-law and Second Aunt to help. Of course, I will pay you decently. What do you think?"

"It's not a problem, but..." Only Han Guofa and Han Tao were left at home. Yang Yueqin was a little worried and looked at Cao Xiu'e.

"Don't worry. When the wine factory is built, let the father and son go to the wine factory to help." When Qin Xi said this, she kept looking at Han Guofu. Although Han Guofu had never been to school, Qin Xi knew that the Han family's genes were not bad. For example, if Han Shi did not become stupid, he would definitely be an outstanding person.

Chapter 708 The Shopping Center

Han Guofa did not expect Qin Xi to say that. He subconsciously looked at Han Dazhu. Seeing that his granddaughter-in-law was helping his second son, Han Dazhu was naturally happy, but he did not show it on his face.

However, when Han Guofu looked at Han Dazhu, Han Dazhu immediately glared at him. "Why are you looking at me? Your niece-in-law asked you for help, not me."

Han Guofa was embarrassed and said slowly, "But I, I can't read or manage..."

Seeing his wooden expression, Han Dazhu was furious. "It's fine if you can't read. Your niece-in-law has a way to make you know how to read. Tell her if you want to help or not. Don't talk nonsense!" Seeing that his father had said so, Han Guofa quickly agreed. "I will help!"

He knew very well that his father and niece-in-law were helping their family. While he was touched, he also made up his mind to do a good job and not disappoint them.

At night, Qin Xi told Han Shi about this. Previously, when they were discussing this matter, Han Shi, Blood Stealer, and the others were setting off fireworks with the children outside and did not know about it.

"Sure. Even if you don't tell me, I'll find something to do for Second Uncle and his family. In any case, we're doing better and better now. We have a lot of things to take care of. If Second Uncle and his family help, I'll be much more at ease."

"Yes, by the way, when can the winery be built?" Qin Xi asked.

Han Shi thought for a moment. "Actually, the factory is almost complete. It'll be ready in a month at the beginning of spring. Wifey, what wine do you think we should start with?"

Qin Xi said without thinking, "Of course it's medicinal wine and fruit wine. When the factory is built, we have an almost endless supply of fruits from the orchard. As for the medicinal wine... it's best if we make Sunshine Pharmaceutical Company famous. When Sunshine Pharmaceutical Company becomes famous, we can launch the medicinal wine as one of the products."

"Wifey, you're thinking the same thing as me. I also think that as long as the medicine we launch meets our expectations, it will definitely make a huge profit."

"Also, I've almost finished drawing the sketch of the shopping center. When spring comes, we'll start the construction. I believe that if we work day in and day out, we can definitely finish it in half a year."

Qin Xi looked at him with a smile and asked smugly, "You haven't seen the sketch I drafted, right? Do you want to take a look now?"

Seeing that she wanted to show off, Han Shi was immediately interested. "Alright, I want to see what the shopping center in your mind looks like."

Qin Xi jumped off the bed and said, "Wait for me to get it." Then, she rushed downstairs.

In less than a minute, Qin Xi was holding a long building blueprint in her hand. Han Shi walked over and helped Qin Xi unfurl the blueprint. Halfway through, Han Shi's eyes widened.

When it was all unfurled, Han Shi couldn't help but exclaim, "Wifey, this... this is too awesome! How did you come up with this?"

There was a food area, recreation area, night market, and so on.

In the middle, there was a rest area, a fountain, a children's play area, a fitness area, and so on.

There were rows of shops on every floor. The shops were all modernly decorated. From the planning of the shops to the renovation of the shops, every detail was perfect. Han Shi was amazed.

Chapter 709 Tolerant and Benevolent

After the Spring Festival ended, Ji Ding Hall opened for business.

Early in the morning, Fu Fang, Fu Lan, and Mrs. Fu arrived at the clinic. When they saw Qin Xi performing acupuncture on an old lady, they did not disturb her. Instead, they waited quietly in the resting area.

"Mom, this is Divine Doctor Qin," Fu Lan said to her mother.

Mrs. Fu was very surprised. "She's so young?"

"That's right. Otherwise, I wouldn't have thought that she was a liar. Look at her. She's even younger than me." Fu Lan pouted and said, "I finally know what it means not to judge a book by its cover."

"You really have to restrain yourself in the future. Don't always act rashly. Learn from your sister. She's gentle and meticulous. Fortunately, you didn't offend her this time!" Mrs. Fu glared at Fu Lan and tapped her forehead.

Fu Lan patted her chest. "Fortunately, Divine Doctor Qin is magnanimous and doesn't mind my childish behavior."

After waiting for 20 minutes, it was finally their turn. Fu Fang sat in front of the consultation table and smiled gently at Qin Xi. Then, she apologized sincerely, "I'm sorry, Doctor Qin. I'm ashamed of doubting your medical skills. I hope you can forgive me for my immature behavior."

Qin Xi smiled and said, "It's fine. You're not the first person to doubt my ability. I'm already used to it. Otherwise, I wouldn't have brought my medical license with me."

Fu Fang was stunned. She did not expect Qin Xi, who was called a divine doctor, to have such a humorous side. After being stunned for a moment, she immediately smiled. "Doctor Qin, I admire your magnanimity. If it were me, I would at least feel a little offended. It seems that I was too narrow-minded."

"As a doctor, you have to have a tolerant and benevolent heart. If I can't even do this, it'll be very difficult for me to achieve anything." As Qin Xi spoke, she took Fu Fang's pulse.

Fu Fang thought about Qin Xi's words and immediately felt enlightened. Her expression lit up. "Listening to you is better than studying for ten years. I've learned a lot!"

Qin Xi retracted her hand and said, "Your condition is basically stable. If you want to completely treat this illness, you still need my acupuncture. What do you think, Miss Fu?"

Before Fu Fang could speak, Fu Lan quickly said, "Sure, sure, sure!"

Everyone subconsciously looked at her. Fu Lan blushed and looked at Qin Xi shyly. She whispered, "I'm sorry... Doctor Qin, I didn't mean to offend you last time... Please forgive me!"

Qin Xi smiled and said, "I'm not a vengeful person. Besides, you're very honest and righteous. This is a good thing."

Seeing that Qin Xi was really not angry with her, Fu Lan immediately burst with joy.

Thirty minutes later, Fu Fang's acupuncture session was over. She felt her body relax and the heavy feeling in her heart immediately lessened. Qin Xi prescribed her Chinese medicine that could last for a week and told her to come back in a week. Only then did the three of them leave gratefully.

When it was almost noon, Qin Xi saw that the shop next door was open. Because it was the Spring Festival, the shops were basically closed. However, clinics like Ji Ding Hall had to open for business early for the patients.

Chapter 710 Ex-Husband's Visit

Next to the Ji Ding Hall was a cloth shop. In the past, business was very good. Now that the living conditions were good, young people went to the shop to buy ready-made clothes. Who would buy fabrics to make clothes on their own?

However, there were still many places where fabric was needed, such as curtains, blankets, bedsheets, and so on.

Therefore, the business was still manageable. The cloth shop owner was a divorced woman named Liu Xiaohong in her thirties who had a son. Her family was quite well-to-do. Her parents had a factory. Although it was not very big, it was more than enough to support her and her son.

When Qin Xi saw her open the door, she walked over with a smile to help open the door. "Sister Liu, are you planning to open the shop today?"

When Liu Xiaohong saw Qin Xi, she immediately smiled. "Divine Doctor Qin, you're here. Come in and sit. I feel bored staying at home these days, so I thought I might as well come out and do business."

"I'm afraid it's not that you are bored but that you are troubled, right?"

Qin Xi said with a smile, "Sister Liu, listen to my advice. If you feel troubled, take a break and travel around. Perhaps you'll find the answer."

Liu Xiaohong did not expect Qin Xi to see through her at a glance. The smile on her face faded a lot.

"Divine Doctor Qin, to be honest with you, I do have a lot of troubling things on my mind recently."

It turned out that Liu Xiaohong's ex-husband had returned and wanted to get back together with her. Actually, the two of them had a good relationship after marriage. They often went on dates and were very loving.

However, one day, a woman suddenly found her and took out a photo of her kissing Liu Xiaohong's husband.

At that moment, Liu Xiaohong felt like on the verge of collapse. She asked her husband for an explanation, but he refused to answer and kept avoiding the question.

Gradually, Liu Xiaohong became disheartened and chose to get a divorce. However, to her surprise, her husband actually agreed. Without saying a word, he left without even telling the child.

Now that he was back, he wanted to remarry her. The scar that she had painstakingly healed was torn open again. This made her feel sad and hate her ex-husband even more.

Qin Xi frowned and asked, "Sister Liu, you didn't get a divorce because of that photo, did you?"

Hearing Qin Xi's words, Liu Xiaohong's tears flowed down her face uncontrollably. She choked and said, "It's just a photo of that woman kissing his face. I wouldn't divorce him for a photo. After all..."

Qin Xi continued after her, "After all, you still love him, right?"

Liu Xiaohong did not hide anything. At this point, she did not want to hide anything.

"I love and believe him, but I just wanted to hear his explanation. Even if he lied, we wouldn't have reached the point of divorce.
