### Chapter 711 Putting Up a Show

“Sister Liu, I can tell that although you say you can’t forgive him, you still have him in your heart. Otherwise, you wouldn’t be crying. After all, no one would cry for someone they don’t like. Am I right?” Qin Xi could tell that Liu Xiaohong was not telling the truth.

Liu Xiaohong bit her lower lip and said with a conflicted expression, “Even if I have him in my heart, I still don’t want to be with him. I’m not a woman who can be fooled easily, and I don’t want to be at his beck and call.”

The more she spoke, the softer her voice became. Qin Xi chuckled and patted the back of her hand. “Sister Liu, I can tell you that you’ll only have one marriage in this life and will have a second child.”

Liu Xiaohong was surprised. Her red and swollen eyes were filled with disbelief. “Divine Doctor Qin, is that true?”

Qin Xi whispered, “Sister Liu, to be honest, I know how to read faces. I can tell that you’ll remarry him and have a second baby at the end of this year!”

“Impossible!” Liu Xiaohong immediately denied and said weakly, “I-I haven’t thought of remarrying him yet. How can I have a child with him?”

Qin Xi smiled helplessly. “Sister Liu, if your ex-husband really has something going on with another woman, let me ask you, in the three years you were divorced, did he marry that woman?”

Liu Xiaohong was stunned for a moment before shaking her head. “No.”

“That’s right. You just want an explanation, but he’s stubborn and doesn’t want to explain. If you really don’t know what to do, you can test him.”

“Test him? How?” Liu Xiaohong was immediately interested.

“It’s very simple. Pretend to date a man and let your ex-husband accidentally know it. When he finds out that you are going to be with another man, he’ll definitely be anxious. At that time, you can force him to tell you the reason for the divorce three years ago. At that time, you can decide if you want to be with him or not.”

“It’s a good idea, but... where can I find a man to date?”

“That’s easy. I’ll help you find one to put on an act.”

Therefore, the next day, Blood Stealer was sent over.

Blood Stealer felt like he was a brick that could be moved anywhere. This time, it was even worse. Qin Xi actually wanted him to go on a date with a woman. Although it was an act, this was the first time he had been on a date. If his future wife found out that he had done this, he would definitely suffer.

However, he did not dare to go against his lady boss’s order. Fortunately, it was just a fake date.

Blood Stealer and Liu Xiaohong agreed to meet at a small restaurant. Not long after he arrived, Liu Xiaohong arrived. She looked like she was in a hurry. “I’m sorry to keep you waiting.”

Liu Xiaohong was still a little embarrassed. After all, this was the first time she had seen Blood Stealer. She felt a little uneasy and did not know what to say.

Seeing her nervous look, Blood Stealer chuckled. "Sister Liu, you don't have to be nervous. I'm not going to eat you. I'm just here to put up a show with you. The lady boss said that if I do it, she'll give me a raise when I go back."

Liu Xiaohong chuckled and gradually stopped being nervous.

#### Chapter 712 Blood Stealer Is Infuriating

Blood Stealer had a lively personality. Although he was burly, he was not bad-looking. He had thick eyebrows, big eyes, and a righteous aura. Most importantly, he was good at talking and was humorous. After a while, Liu Xiaohong giggled, causing the guests at the other tables to look over.

When Liu Xiaohong's ex-husband, Wu Xun, found out that she went on a date, he was extremely anxious. He knew that he had pushed Liu Xiaohong too hard and did not give her space and time to think. However, he did not expect Liu Xiaohong to go on a date. This made him feel deeply frustrated and regretful. He rushed over without stopping.

Of course, he knew that Xiaohong would definitely hate him for doing this, but he had no choice. He couldn't watch the woman he loved go on a date with another man.

When he arrived at the dining room, he immediately saw a man and a woman sitting next to the glass window.

At this moment, Blood Stealer poured juice for Liu Xiaohong. Liu Xiaohong picked up the glass and took a sip. The atmosphere was very nice, making Wu Xun jealous.

He walked up to the two of them with a livid expression. Liu Xiaohong and Blood Stealer were chatting happily, but when they saw Wu Xun walking over with a dark expression, their smiles immediately froze.

When Wu Xun saw this, he felt as if his heart was being squeezed tightly by someone. It was so painful that he almost suffocated. He suppressed his sadness and forced a smile at Liu Xiaohong. "Xiaohong, you're here too. What a coincidence..."

Liu Xiaohong pulled a long face and did not say anything. She just turned her face to the side to avoid looking at him.

Wu Xun pursed his lips and looked at Blood Stealer. His aura immediately became sharp like a knife. He reached out his hand. "Hello, I'm Liu Xiaohong's husband, Wu Xun."

Liu Xiaohong's expression changed. Just as she was about to say something, she saw Blood Stealer stand up and shake his hand with a smile.

Blood Stealer was 1.9 meters tall, while Wu Xun was at most 1.8 meters tall. With a difference of ten centimeters, he was already inferior in terms of aura.

"Mr. Wu, from what I know, you and Xiaohong are divorced. You are just an ex-husband now."

Blood Stealer's words hit the nail on the head. Wu Xun's face turned red and the muscles on his face twitched. He could no longer maintain the smile on his face and said coldly, "Ex-husband is still husband. Even if we've only been married for a day, she's still my woman, not to mention that we have a child."

Blood Stealer grinned. "I don't mind. I can treat Xiaohong's child as my own. Besides, after we get married, we'll have our own child."

Wu Xun was angered. He slowly clenched his fists, the veins on his forehead bulging. He glared at Blood Stealer, as if he was going to pounce on him and kill him in the next second.

Seeing this, Blood Stealer smiled smugly and teased, "No way, Mr. Wu. Are you trying to hit me?" Liu Xiaohong was almost amused by Blood Stealer's behavior. If not for the fact that Wu Xun was in a fit of anger, he would have noticed something wrong.

Wu Xun calmed down and looked at Liu Xiaohong with a serious expression. "Xiaohong, is this the kind of person you're looking for? Don't you think he's very unreliable?"

Liu Xiaohong said expressionlessly, "Are you reliable? If you were, you wouldn't have divorced me."

Chapter 713 Blood Stealer: How Am I Indecent?

Wu Xun's face stiffened. He did not expect Liu Xiaohong to criticize him in front of outsiders. The sadness in his heart immediately surged.

Liu Xiaohong could also see the sadness in his eyes, but in order to understand why he divorced her, she could only pretend not to care. She looked at Blood Stealer with an apologetic expression.

"Blood Stealer, I'm sorry to embarrass you. I don't think it's appropriate to continue chatting here. If you don't mind, we can go to my shop. It's very quiet there and no one will disturb us."

As she spoke, she deliberately glanced at Wu Xun. Wu Xun's face turned pale and he clenched his fists tightly. He suddenly felt indescribably helpless.

Blood Stealer narrowed his eyes and said with a smile, "Actually, there's no need. Xiaohong, I'm very satisfied with you and want to spend the rest of my life with you. Although I haven't seen your child, I believe that the child you brought up must be very cute and sensible. How about this? My parents keep urging me to get married. If you're satisfied with me, why don't you come with me to meet my parents now?"

"Meet your parents?" Before Liu Xiaohong could speak, Wu Xun exploded like a firecracker. "You want her to meet your parents after just meeting her once? Are you a scammer?"

He then looked at Liu Xiaohong and tried to persuade her. "Xiaohong, you can't believe him. One look and you can tell that he's not a decent person. Don't fall for it!"

When Blood Stealer heard that, he immediately retorted, "Hey, Mr. Wu, how am I indecent? Although we've met only once, we hit it off quite well. You don't believe in love at first sight doesn't mean it doesn't exist."

Wu Xun did not expect Blood Stealer to be so eloquent. For a moment, he did not have anything to retort. He glared at Blood Stealer, his chest heaving. He was clearly furious.

Blood Stealer touched his nose. "Mr. Wu, don't look at me like that. I'm on a date with Xiaohong, not with you!"

The onlookers were immediately amused by Blood Stealer's words. Even Liu Xiaohong couldn't help but laugh.

Liu Xiaohong stood up and said, "Wu Xun, you'd better leave. I'm on a date. Why are you ruining it?"

At this moment, Wu Xun suddenly looked at Liu Xiaohong. His eyes turned red as he asked solemnly, "Xiaohong, are you really going to marry him? What about me and our child?"

Blood Stealer said, "I'll take care of your child for you!"

Everyone burst out laughing.

Wu Xun was furious with Blood Stealer. He turned around and shouted at him, "You have no right to interrupt me when I'm talking to my wife!"

Blood Stealer corrected, "Ex-wife, she's your ex-wife!"

Everyone laughed.

Wu Xun was so angry that he almost cried. He looked at Liu Xiaohong with red eyes and realized that Liu Xiaohong was also holding back her laughter. He felt terrible.

"Liu Xiaohong, let me ask you one last time. Are you going home with him or are you going to remarry me?"

Wu Xun seemed to have predicted that Blood Stealer was going to interrupt. He shouted, "Shut up! Don't interrupt me when I'm talking to my... ex-wife!"

Blood Stealer shrugged.

Seeing that the time was right, Liu Xiaohong immediately went to the point. "Alright, since things have come to this, I'll ask you one last time. Why did you agree to the divorce three years ago? Did you want to divorce me for a long time? If so, why did you come back?"

Chapter 714 The Truth

Wu Xun did not expect Liu Xiaohong to be so stubborn. He pursed his lips and gradually calmed down.

He looked at Liu Xiaohong and asked in a hoarse voice, "As long as I tell you the reason, you won't leave with him?"

"Yes, I just want to untie the knot in my heart." Liu Xiaohong nodded solemnly.

Wu Xun looked at her deeply and said, "Alright, let's talk somewhere else."

Blood Stealer nodded seriously. "Indeed, we have to go somewhere else."

Wu Xun said angrily, "You don't have to come along. This is between the two of us."

Blood Stealer shook his head. "That won't do. If your reason doesn't convince me, I won't give Xiaohong to you."

"You..." Wu Xun was speechless.

“Alright, let’s go together.” Liu Xiaohong decided without thinking.

Hence, the three of them came to Liu Xiaohong’s shop. Only then did Wu Xun tell them the whole story.

It turned out that back then, Wu Xun’s aunt was seriously ill with uremia. At that time, she would die without a kidney transplant. Wu Xun’s aunt was his closest kin. He had been abandoned by his family since he was young. In order to support him, not only did his aunt not get married, but she also provided for him to go to school. In the end, she tired herself out and fell sick.

When Wu Xun found out, he blamed himself. Unfortunately, he did not have the money to pay for the surgery.

The surgery fee was more than 100,000 yuan. He did not have that much money. His aunt told him to give up, but how could he agree?

Initially, he wanted to tell Xiaohong about this. Although he knew that she couldn’t fork out so much money, at least she could go out and borrow it.

Just as he was hesitating, a woman approached him. That woman was his half-sister, Wu Li. She offered him two conditions. If he agreed, she would give him 200,000 yuan.

Wu Xun said self-deprecatingly, “At that time, I was already at my wits’ end and agreed without thinking. However, later on, I found out that the first condition she proposed was actually for me to divorce you.”

Liu Xiaohong’s eyes were red. “Why? I have nothing against her. Why would she want you to divorce me?”

“Her goal isn’t you. She wanted me to marry the daughter of the CEO of Steel Corporation because Wu Shengen wanted to work with Steel Corporation. That’s why he came up with this idea.”

Wu Shengen was Wu Xun’s father.

Blood Stealer couldn’t help but interrupt. “Why does it have to be you? Can’t that CEO’s daughter get married?”

Wu Xun glared at him and said, “Yes, she can’t.”

Blood Stealer and Liu Xiaohong looked at each other and saw confusion in each other’s eyes. “What do you mean?”

Wu Xun looked sad. “His daughter is long dead. They wanted me to marry a dead person. This is called ghost marriage. Have you heard of it?”

Blood Stealer and Liu Xiaohong gasped. Tears streamed down Liu Xiaohong’s face. She did not expect Wu Xun to suffer so much all these years.

Blood Stealer patted him on the shoulder and said, “Brother, I really admire you for having the courage to agree to that condition.”

Wu Xun pushed his hand away from his shoulder. “If you like it, can I find one for you too?”

Blood Stealer shook his head and asked curiously, "Then why did you come back to remarry Xiaohong now? Is there a place to get a divorce in the netherworld?"

Chapter 715 Ghost Marriage

Wu Xun rolled his eyes at him. He felt that Blood Stealer was here to cause trouble.

"No divorce!"

Blood Stealer said, "Then aren't you cheating on your current wife and committing bigamy by remarrying Xiaohong?"

Wu Xun thought that if he was confident in defeating this annoying fellow, he would definitely throw a punch at him mercilessly.

"It took me three years to turn the steel company into my own business, so this matter is over."

"Tsk, tsk, tsk. Mr. Wu, not only did you get a wife for free, but you also got a company for free. You're really lucky!" Blood Stealer gave him a thumbs up and praised sarcastically.

Wu Xun explained, "Do you think I want to? Back then, when I found out that it was a ghost marriage, I rejected it. However, Wu Shengen added sleeping pills in my wine. When I woke up, the wedding was already completed. I wanted to leave, but the CEO of the Steel Company refused to let me go. In the end, I could only pretend to compromise and take over his company bit by bit. Only by taking away his power would I have a chance to escape."

Wu Xun looked at Liu Xiaohong and said affectionately, "Xiaohong, I've been thinking about you and our child for the past three years. I really didn't betray you. You have to believe me!"

"He's telling the truth. However, you can't remarry Sister Liu yet!"

At this moment, a calm voice was heard. The three of them turned around and said in unison, "Lady Boss. Divine Doctor Qin. Who are you?"

"Lady Boss?" Wu Xun looked at Blood Stealer with a frown. Then, he seemed to understand something and looked at Liu Xiaohong. "Divine Doctor Qin?"

"So you all know each other." No matter how slow he was, he understood it now. "So, what are you trying to do?"

"If I don't do this, will you ever tell me the reason?" Liu Xiaohong bit her lower lip and glared at him.

Blood Stealer asked curiously, "Lady Boss, you just said that they can't remarry. Why?"

"Divine Doctor Qin, if you have something to say, just say it." Seeing Qin Xi's serious expression, Liu Xiaohong suddenly had a bad feeling.

Qin Xi looked at Wu Xun and asked, "Don't you think it's a little suspicious that you managed to control the steel company in just three years? If your father-in-law was so useless, how did he manage to run the steel company all these years?"

Wu Xun's expression instantly changed. He had also thought about Qin Xi's question. However, he had indeed obtained the steel company. Even his father-in-law had been sent to a nursing home.

Of course, his father-in-law was the one who suggested going to the nursing home.

Now that Qin Xi mentioned it, he immediately felt that things were indeed going a little too smoothly for him, so much so that he felt uneasy.

Liu Xiaohong panicked and quickly asked, "Divine Doctor Qin, is there a conspiracy here?"

"Of course there's a conspiracy." Qin Xi looked at Wu Xun and said in a serious tone, "In the past three years, have you been dreaming about your ghost wife?"

Wu Xun's face turned pale as he nodded.

"That's right. Do you remember when you got married?" Qin Xi asked.

"Three years ago... February 22nd..." Wu Xun said after thinking for a moment.

Blood Stealer scratched his head. "Eh, isn't that in seven days? Looks like your wedding anniversary is coming up!"

Wu Xun was speechless. If he could defeat Blood Stealer, he would definitely pounce on him and bite him to death.

Qin Xi snapped her fingers and smiled. "That's right. Seven days later, your ghost marriage will be over. To put it bluntly, it's time for you to die and go down to reunite with your ghost wife."

Chapter 716 Divorce

"Reunite?" Blood Stealer, Wu Xun, and Liu Xiaohong looked at Qin Xi in disbelief.

Liu Xiaohong's heart tightened and she immediately panicked. She was so anxious that she was about to cry. "Then what should we do? Divine Doctor Qin, please help him. He can't die!"

Perhaps because she was too anxious, she asked Qin Xi directly.

Wu Xun frowned. Although he had been dreaming about that woman, he was still skeptical of Qin Xi's words. How could there be such a strange thing in this world?

Qin Xi saw the suspicion in his eyes and said with a smile, "Mr. Wu, you don't seem to believe me. It's fine. You'll believe me soon."

"What do you mean?" The three of them were puzzled.

Qin Xi walked up to Wu Xun and gently wiped his eyelids. Wu Xun subconsciously closed his eyes.

"Alright, open your eyes!"

Wu Xun opened his eyes and looked around. He did not find anything wrong. Then, he looked at Qin Xi in confusion. "What do you mean?"

Qin Xi smiled. "Look at your hands."

Hands?

Wu Xun reached out his hands and looked at them. He frowned. "Nothing."

He was halfway through his sentence when he suddenly realized that there was a red rope tied to his right wrist. A portion of the red rope was still dangling, as if there was something at the other end of the red rope.

He tugged at the red rope. "Huh, why do I have this?"

In Wu Xun's eyes, this was a red rope, but in Blood Stealer and Liu Xiaohong's eyes, he was pulling the air. The two of them immediately looked at Qin Xi, wanting to get the answer from her.

Qin Xi did not keep them in suspense. "I'm guessing that the other red rope is in the bride's hand. In seven days, you'll wear this red rope to reunite with that woman."

The three of them gasped and felt a chill run down their spines.

"Then what should we do? Will everything be fine as long as this red rope is removed?" Liu Xiaohong asked anxiously.

Qin Xi nodded. "That's right. Just cut the rope."

"That's great. Wu Xun, I have scissors here. Hurry up and cut it." Liu Xiaohong immediately handed the scissors to Wu Xun and urged, "Cut it."

Qin Xi shook her head. "It's useless. This red rope can't be cut by ordinary tools. You're thinking too simply."

Wu Xun picked up the scissors and tried to cut it a few times, but it didn't break. He finally believed what Qin Xi said. His face was a little pale as he asked, "Divine Doctor Qin, what can I do to get rid of it?"

Qin Xi said, "Give me your hand."

Wu Xun did not dare to be negligent. He immediately stretched out his hand. Qin Xi held the red rope. Then, she injected a trace of dark fire that was invisible to the naked eye. The dark fire flashed and the red rope seemed to have disappeared into thin air.

Wu Xun was stunned before he was overjoyed. He looked around excitedly. "It's gone, it's really gone. Divine Doctor Qin, how did you do it? How did it disappear after you touched it? It's amazing."

Liu Xiaohong couldn't see the red rope. When she heard Wu Xun say that it was gone, she grabbed his arm excitedly and asked, "Really? Is it really gone? Are you sure?"

Wu Xun nodded. "It's really gone. Moreover, I feel a sense of relief."

"Divine Doctor Qin, does that mean I'm fine now?" he asked.

Qin Xi thought for a moment and said, "You are fine. However, you're married to her after all. Write a divorce letter and burn it. This way, you can set her free!"

Chapter 717 Han Shi's Birthday

After helping Liu Xiaohong and Wu Xun get back together, Qin Xi successfully bought Liu Xiaohong's shop.

The next day, Qin Xi asked the renovation team to smash the walls of the two shops next to the cloth shop. Including the second floor, it was more than 1,000 square meters. Although it looked big, if she

wanted to open a medicinal cuisine restaurant, she had to have private rooms. This way, 1,000 square meters was not enough.

Fortunately, this was only temporary. Qin Xi had thought that when the shopping center was built, she would move her clinic and medicinal cuisine restaurant there.

On the seventh day after the Spring Festival, it was Han Shi's birthday.

At noon, Luo Xiujuan, Qin Xi, Cao Xiu'e, and Yang Yueqin made a large table of delicacies.

Of course, Qin Xi was only in charge of helping out and carrying the plates and washing the vegetables. The chefs were naturally Luo Xiujuan and Cao Xiu'e.

The four of them quickly set up a table full of good wine and vegetables.

Qin Xi even asked Blood Stealer to specially order a cream birthday cake. Birthday cakes were very rare and expensive in this era. Han Dazhu and the others had never eaten such a thing in their lives. When the birthday cake appeared on the table, Han Yao, Han Shuo, and Tong Tong jumped up happily.

With the laughter of the three little children, the atmosphere immediately became lively. Luo Xiujuan and Cao Xiu'e also smiled from the bottom of their hearts.

Qin Xi put candles on the birthday cake. When the old man saw it, he frowned and said, "Xi, how can we eat with candles on it? The wax will drip on the cake later."

"Grandpa, don't worry. This candle won't melt so quickly. Even if it's melted, we can just scrape off the wax on it," Qin Xi explained.

Luo Xiujuan said, "Dad, it's just a cake. It's fine. This is Stone's first birthday party. Why are you caring about a cake?"

In the past, Han Shi was stupid and didn't know what birthday meant. He only knew that one day in a year, he could eat two eggs.

Han Dazhu quickly shut his mouth. Compared to these worldly possessions, nothing was more important than his grandson.

Qin Xi lit the candles and took the lead in singing a happy birthday song for Han Shi. The three little fellows did not know this song before so Qin Xi taught them. The three little fellows were very smart and learned it quickly.

Hence, the four of them clapped and sang a happy birthday song for Han Shi.

After singing, Han Shi looked at Qin Xi gratefully. Qin Xi smiled and pointed at the candles on the birthday cake. "Remember to make a wish before blowing out the candles!"

Han Shi nodded and closed his eyes to make a wish. After making the wish, he blew out the candles in one breath.

The three little fellows quickly clapped and shouted happily, "Yay, we can finally eat cake. That's great!"

Seeing that they were all waiting anxiously, Qin Xi immediately divided the cake. The cake was very big, enough for everyone to eat.

The three little fellows ate happily. Even Han Dazhu said that the cake was very delicious and that he wanted to eat it on his birthday.

#### Chapter 718 No Self-Restraint

At night, Han Shi looked at Qin Xi impatiently, his eyes filled with anticipation. "Wifey, where's my birthday gift?"

Seeing that he could not wait any longer, Qin Xi stopped keeping him in suspense. She took out a small box from the drawer of the wardrobe. The box was extremely exquisite and retro. One could tell at a glance that it was expensive.

"Here, happy birthday!"

Qin Xi handed the small box to Han Shi. Han Shi chuckled and took the box. He opened it nervously and excitedly. In an instant, Han Shi's eyes widened with joy and surprise.

"Wow, wifey, you're really generous. It's actually a supreme-grade imperial jade. This... this is too expensive."

"Do you like it?" Qin Xi asked with a smile.

Han Shi quickly put the ring on his thumb. The smile on his face widened. "Wifey, this ring is so stylish. Also, this dragon is carved so vividly that it looks like it's alive. It's too beautiful."

Seeing that he was playing with it lovingly, the smile on Qin Xi's face gradually deepened. "Yes, I found a master sculptor to carve this for three months. By the way, there's a spirit gathering array on it. It'll be good for you if you wear it."

Han Shi picked Qin Xi up happily. Qin Xi exclaimed and quickly wrapped her arms around his neck. "What are you doing? You scared me!"

Han Shi smiled evilly. "Xi, wifey, it's my birthday today. You've been busy preparing so much for me. I'm very touched. If I don't show my gratitude, I'll be an ingrate, so... I'll serve you well tonight!"

Hearing this, Qin Xi immediately had a bad feeling. Her expression changed. "No need."

Unfortunately, before she could refuse, Han Shi's lips covered hers. He kissed her for a full three minutes, almost making Qin Xi faint. Her body went limp.

Her beautiful and exquisite face was covered in redness, making her look like a beautiful flower.

Han Shi gently placed her on the bed and slowly took off his coat, revealing his firm and muscular chest. His perfect muscles and six-pack abs made Qin Xi's blood boil.

This was not the end. He began to slowly take off his pants. He seemed to be deliberately slowing down. Every time he finished taking off his clothes, he would pause for a few seconds to see Qin Xi's reaction.

By the time he took off the last piece of underwear, Qin Xi's face was already as red as fire.

When he was naked, he raised his eyebrows at Qin Xi and said with a wicked smile, "Wifey, let's start now!"

Qin Xi stammered, "Start what? I-I'm not ready yet. Why don't you sleep first? I'll go take a shower..."

As she spoke, she was about to get up. How could Han Shi let her escape? "Wifey, since you don't like to be in bed, let's go to the bathroom together. Anyway, the bathroom is big enough for us to use..."

Recalling the last time in the bathroom...

Qin Xi was so embarrassed that she wanted to find a hole to hide in. Before she could refuse, Han Shi carried her to the bathroom.

She knew that she would definitely not be able to escape. Thinking that it was Han Shi's birthday today, she closed her eyes and let him do whatever he wanted.

However, she immediately regretted it because this man did not know what self-restraint was at all. After the bathroom, it was the sink, then the bed and the sofa. In the end, Qin Xi passed out. When she woke up the next day, that thing was still inside her. Qin Xi was so angry that she scolded him for being inhuman!

Chapter 719 Bai Meili Gets Married

After the Spring Festival, Pan Lingling, Hu Jingyun, Feng Jiantian, Yang Song, and Lin Feng all returned to the clinic.

Qin Xi gave them half a month off. Pan Lingling and Hu Jingyun were not too far away, but Lin Feng and the others were different. Not only did they live in the capital, but Feng Jiantian and Yang Song were already married.

What was worth mentioning was that the day before the Spring Festival, Lin Feng and Pan Lingling officially established their relationship. Moreover, the two of them also went back to Xiaotun Village to see Pan Lingling's parents.

Qin Xi was naturally glad that the two of them could be together. However, this time, Pan Lingling was mocked by her relatives because Li Limin and Bai Meili were married.

The two of them held their wedding in a hurry. After all, Li Limin did not have much time and Old Madam Li was unwilling to spend money. Bai Meili was the one who paid for the banquet.

To everyone's surprise, Bai Meili invited Pan Lingling to the wedding banquet. In Bai Meili's opinion, Pan Lingling had loved Li Limin for so many years and would definitely not be able to stand seeing him marry another woman. It would be even better if Pan Lingling kicked up a fuss at the wedding banquet and embarrass herself.

However, Pan Lingling did not fall for it. After all, she had already given up on Li Limin. When a woman loves you, you are her world; but once she doesn't love you anymore, you are nothing.

These words exactly described Pan Lingling's state of mind. The way she looked at Li Limin now was calm and indifferent, no longer as passionate as before.

Bai Meili was not willing to let Pan Lingling off. Moreover, she would never allow Pan Lingling not to love Li Limin. Otherwise, her sacrifice would mean nothing.

During the toast, Bai Meili cried pretentiously, "Lingling, I'm sorry. I know you love Liming very much, but Liming is a responsible man. He did this for me. Please forgive him. We're besties after all. If you don't forgive me today, I-I will not marry Liming!"

Pan Lingling picked up her wine glass with a smile and said, "We were besties in the past, but not anymore."

Bai Meili was overjoyed when she heard that. She knew that Pan Lingling was going to cause a scene at the wedding, so she put in more effort to perform. She bit her lower lip and looked at Pan Lingling pitifully.

"Lingling, I'm sorry. It's my fault. If you want to hit or scold anything, come at me. I, I definitely won't hit you back." As she spoke, she closed her eyes and raised her face, ready to be hit.

Pan Lingling thought to herself, "Since you asked, it would be a little unreasonable of me not to hit you."

Hence, Pan Lingling slapped Bai Meili hard. Half of Bai Meili's face instantly swelled up. The makeup she had put on was ruined, and she staggered from the slap. If not for Li Limin holding her up in time, she would have embarrassed herself today.

Bai Meili did not expect Pan Lingling, who had always been gentle and kind, to really hit her. She was stunned and her ears were buzzing. She felt the mocking gazes of the people around her. In the end, she could not help but point at Pan Lingling and shout resentfully, "Pan Lingling, you b\*tch, how dare you hit me?"

Pan Lingling frowned and said with a serious expression, "Didn't you ask me to hit you? Why are you scolding me?"

Chapter 720 Reputation Ruined

"You..."

Bai Meili was speechless. Her face was swollen, but she couldn't say anything.

Pan Lingling snorted. "Bai Meili, I didn't want to fall out with you at first. I've taken good care of you all these years. If I hadn't helped you during the sanatorium assessment, you wouldn't have been able to enter. However, not only were you ungrateful, but you also joined forces with outsiders to slander me. In the end, you were fired by the dean. Unexpectedly, you refused to give up and actually threw yourself at Li Liming. When you came back, you even showed off in front of me.

"To be honest, I'm quite grateful to you. If not for you, I wouldn't have met Divine Doctor Qin. I learned a lot from Divine Doctor Qin and my medical skills improved by leaps and bounds."

"I thought that you would know your place after getting Li Limin, but I didn't expect you to be so crazy as to drug me and find someone to try to take my innocence. Hmph, fortunately, I'm not that stupid and managed to escape. To be honest, if I call the police, your life will be over. Bai Meili, do you know why I didn't do that?"

Pan Lingling did not wait for Bai Meili to speak. Instead, she continued, "Because of Uncle Bai and Auntie Shen, it wasn't easy for them to raise you. I'm here today to tell you that our friendship is over. Whether

you believe me or not, I have no feelings towards Li Limin now. I sincerely wish you a long and happy marriage.”

Bai Meili’s face instantly turned pale.

She did not expect Pan Lingling to expose the dirty things she had done in front of the villagers. Her mind was blank. She felt like she had fallen into an ice lake.

The confidence and dignity she had painstakingly maintained were shattered by Pan Lingling’s words. A strong sense of hatred welled up in her heart. She glared at Pan Lingling fiercely. “Are you satisfied now? You ruined my wedding and exposed my secrets. You embarrassed me. Is this what you want to see?” Pan Lingling said with a cold expression, “Bai Meili, if someone treats me with respect, I’ll treat them with respect. I’m being nice to you not because I’m afraid of you or because I can’t bear to end this friendship, but because I think we’re all from the same village and we’ll see each other every day, so it’s not necessary to make things too ugly. However, you keep trying to make things difficult for me. I’m not mud. I won’t let you crush me. Don’t make it sound like you’re innocent. If you’re really innocent, you wouldn’t have done such a thing. Ask around and see which girl will throw themselves into the embrace of a man like you. You brought disgrace to the entire village.”

“That’s right. Now, the surrounding villages are laughing at our daughters for being indecent. Some time ago, I finally found a match for my daughter, but when the other party heard that my daughter was from Xiaotun Village, he refused. My daughter was so angry that she shouted that she might as well be a spinster. Bai Meili, you really embarrassed our village.”

“Sigh, not only the girls in the village, but it’s also very difficult for the boys in our village to marry girls from other villages. They’re all afraid of marrying someone like Li Liming.”

The villagers said one after another, making Old Madam Li so angry that she fainted. Only then did the wedding come to an end.
