Chapter 721 Arrogant Woman

When Qin Xi heard Pan Lingling's story, she agreed with her. Pan Lingling had undoubtedly made the right choice.

Firstly, she could establish her authority in the village and showed everyone that she was not a pushover. Secondly, she could also warn Bai Meili not to go too far.

After all, Pan Lingling's house was still in Xiaotun Village and she was Bai Meili's neighbor. They would see each other on a daily basis. She could not continue to compromise. Otherwise, others would think that she was a pushover.

Qin Xi composed herself and looked at Feng Jiantian, Yang Song, and Lin Feng. She smiled and said, "The three of you, after this period of time, I can tell that you are all hard-working people. Your medical skills and ethics have reached the standard I required, so I decide to teach you an acupuncture technique.

"This acupuncture technique is called the Thirteen Needles of the Mystic Sect. It's a unique and mysterious acupuncture technique. This acupuncture technique is specialized in treating difficult illnesses and is very effective. If you learn the Thirteen Needles of the Ghost Sect, I believe you will have an absolute advantage in the medical field. In the future, you have to continue to work hard and be humble and bring Chinese medicine to greater heights, understand?"

When the three of them heard that, their bodies trembled and they looked at her in disbelief. Feng Jiantian was the calmest among the three of them, but when he heard Qin Xi's words, his breathing became much heavier.

On the other hand, Lin Feng was the calmest, as if he had long expected this day to come. However, he did not expect Qin Xi to teach them such a precious and powerful technique.

Pan Lingling and Hu Jingyun were envious. Seeing that the three of them were at a loss, the two girls were anxious for them.

"Hey, why are you standing there like a dummy? Hurry up and thank the lady boss. This is a once-in-a-lifetime opportunity for you." Pan Lingling quickly nudged Lin Feng's arm and reminded him in a low voice.

After her reminder, the three of them came back to their senses and bowed to Qin Xi gratefully. They shouted respectfully, "We won't let you down. We will definitely bring Chinese medicine to greater heights."

Qin Xi smiled in satisfaction. "Alright, go ahead and do your work. Study the Thirteen Needles of Mystic Sect seriously. Whether you can master it or not will depend on your own efforts. Work hard. I have faith in you!"

"Understood!" The three of them nodded.

In the afternoon, it was time for Fu Fang's second treatment. She and Fu Lan arrived at the Ji Ding Hall on time. Seeing that Qin Xi was busy treating patients, the two sisters sat in the resting area obediently and waited.

Qin Xi treated patients very quickly. She diagnosed a patient every three minutes. Moreover, some patients recovered on the spot, making the two sisters amazed.

Just as it was almost their turn, a woman dressed elegantly and wearing sunglasses walked in with a man dressed like a subordinate. The woman was very beautiful and the makeup on her face was very exquisite. However, the way she looked at others was really annoying.

“All of you, get out. My madam has something to discuss with the boss here!” At this moment, the woman’s subordinate shouted at the people in the Ji Ding Hall. His voice was loud and clear.

Seeing this, everyone frowned.

Someone said unhappily, “Why should we go out? We’ve been waiting here for so long and it’s finally our turn, but you want to cut the queue? Dream on!”

“That’s right. So what if you’re rich? Ji Ding Hall is not a place where you can cause trouble.”

Chapter 722 Fight

When the woman heard the dissatisfaction of the people around her, she frowned. Behind her sunglasses, a trace of impatience flashed across her eyes. She rubbed her nose and said sarcastically, “Old Liu, chase these poor people out. The smell is too bad. It’s going to kill me.”

Old Liu quickly replied, “Alright, Madam.”

He looked at everyone in the clinic coldly and warned, “I’ll give you three seconds. If you don’t leave now, then... you’ll be like this brick.”

As he spoke, he exerted strength under his feet and the brick on the ground shattered. Seeing this, everyone left in shock.

Although Fu Fang and Fu Lan’s faces were pale and their bodies were trembling, they did not leave. Instead, they looked at Qin Xi worriedly.

“The two of you, get lost. Otherwise, your bones will shatter into pieces like this brick!” Old Liu looked at the Fu sisters with hostility.

Hu Jingyun and Pan Lingling were also frightened, but they still came to the Fu sisters’ side to protect them.

“Who are you? Why are you causing trouble in the Ji Ding Hall?” Pan Lingling mustered her courage and asked.

The woman glanced at Pan Lingling arrogantly and said disdainfully, “Tsk, how dare you talk to me like that? Do you believe that I can make you unable to speak for the rest of your life?”

Pan Lingling was so frightened that she trembled, but she did not retreat.

Seeing this, Lin Feng immediately went to Pan Lingling’s side. He grabbed her cold and trembling hand and said softly, “Lingling, don’t be afraid. I won’t let anyone hurt you.”

With that, he looked at the woman and said with a strange smile, “You’re here to see a doctor, right? You’re really at the right place. Everyone here has very good medical skills. I guarantee that they can

treat your stupidity. It's just that the fee is a little expensive. However, looking at how you're dressed and how arrogant you are, you should be able to afford this medical fee, right?"

Pfft ~

The people in the clinic could not help but laugh out loud. Lin Feng was really mean.

Yang Song could tell at a glance that Old Liu was a martial artist. Especially the move he had just shown, he was definitely a powerful guy. Therefore, Yang Song immediately stood up warily and was ready to attack at any time.

When had the woman ever been scolded like this? Her anger soared to the peak. She gritted her teeth and said, "Old Liu, I don't want to see this damn guy. You'd better let him lie on the hospital bed for at least half a year."

Pan Lingling's heart skipped a beat. She did not know where she found the strength to pull Lin Feng behind her and protect him like he was a treasure. "Don't come over. If you dare to touch him, I'll fight you to the death!"

Although she was trembling with fear, she still stood in front of Lin Feng resolutely. Lin Feng was touched.

"Hmph, Old Liu, since they don't know what's good for them, let them be hospitalized together!" The woman ordered with an angry smile.

Old Liu nodded. Just as he was about to take a step forward, Yang Song took a step forward and stood in front of him. "Mr. Liu, your opponent is me."

Old Liu narrowed his eyes and the corners of his mouth curled into a dangerous smile. He suddenly raised his right foot and kicked Yang Song in the stomach. Yang Song dodged extremely quickly. At the same time, he tilted his body and punched an acupoint on Old Liu's calf with his elbow.

Immediately, Old Liu felt a sharp pain in his leg.

Chapter 723 Two Slaps

Old Liu quickly staggered back, sweat oozing out of his forehead. He looked at Yang Song angrily and shook his painful calf with a bloodthirsty smile.

"Very good. It seems that I've met my match today. In that case, I won't stand on ceremony."

Immediately after, he rushed over like a cannonball and punched Yang Song in the face. Yang Song did not dodge. Just as Old Liu's fist was about to land on his face, Yang Song suddenly dodged to the side and kicked Old Liu in the chest with his right foot.

The sound of bones cracking could be heard. Old Liu groaned, and Yang Song's expression changed drastically. Both sides took a step back.

Old Liu put his hands behind his back. In a place where Yang Song could not see, his hands were trembling slightly. Yang Song was the same. Although he did not show it on his face, his legs were trembling slightly. It was obvious that the two of them had suffered a blow.

The difference in strength between the two of them was not big. They were evenly matched. If they had to fight until one of them fell, it would probably take a long time.

“Old Liu, what are you thinking? I’m not here to watch you fight. Hurry up and teach them a lesson no matter what method you use. Do you hear me?”

Seeing that Old Liu did not seem to have gained anything, the woman immediately panicked. She knew that Old Liu had a dagger in his pocket, which was why she dared to say that. In any case, these people were all poor. Even if someone died, she had a way to get away with it. In short, she had to do what her mother asked her to do today. Otherwise, it would be very difficult for her to get a portion of the assets.

Old Liu could tell what she was implying. His eyes flashed fiercely as he charged over like a cheetah again. This time, he did not use his fists. Instead, he threw out a leg whip.

While Yang Song was dodging the leg whip, Old Liu quickly took out a dagger from his pocket. The blade was cold as it stabbed towards Yang Song’s heart.

Everyone was shocked. They did not expect the other party to have a dagger in his pocket. They exclaimed. Timid girls like Fu Fang and Fu Lan even closed their eyes.

Yang Song’s heart skipped a beat. His expression was ugly and his nerves were tense. Just as the tip of the dagger was about to touch Yang Song’s skin, a silver light flashed past like a meteor.

Everyone only heard a ding, followed by the trembling sound of a dagger being stabbed into the wall. Old Liu and Yang Song were stunned at the same time before looking at Qin Xi in shock. No one expected her to attack. Moreover, it seemed like she was a hidden martial artist.

The woman frowned and said in an unfriendly tone, “Qin Xi, don’t push your luck. Do you know who I am?”

Qin Xi sneered and walked up to her. Without saying a word, she slapped her on the face.

“This is the price you pay for messing around in my clinic.”

Qin Xi’s voice was filled with coldness. Before the woman could make a shocked expression, Qin Xi slapped her again and said, “This is the price you have to pay for using a dagger in my clinic.”

“Also, I don’t care who you are. If you want to mess around in my clinic, you have to pay the price.”

Silence!

They had never seen Qin Xi so domineering. While they were extremely shocked, they all felt ardor and zeal coursing through their blood.

The woman covered her swollen cheeks and pounced at Qin Xi ferociously. She shouted fiercely, “Qin Xi, you b*tch, I’m going to kill you...”

Chapter 724 Stupidity

She was from the Han family and had been living a luxurious life since she was young. She had never suffered such humiliation. If word got back to the capital, she would be laughed at by her sisters.

At the thought of this, Han Yuanyuan made up her mind. Although she was here to warn Qin Xi, her mother did not say that she could not hurt anyone. Therefore, she wanted to teach Qin Xi a lesson.

However, she forgot that this was not the capital at all. Even though she was a little princess in the capital, in Qin Xi's eyes, Han Yuanyuan was just a crazy woman.

Before she could reach Qin Xi, she was blocked by Old Liu who took a few steps back to distance himself from Qin Xi.

A trace of pity flashed across Qin Xi's eyes. This was such a good opportunity. As long as Han Yuanyuan dared to approach her, she could slap her a few more times.

"Old Liu, do you want to die? How dare you block me?" Perhaps because she had embarrassed herself in front of Qin Xi, Han Yuanyuan turned around and slapped Old Liu. She reprimanded him fiercely and looked at Qin Xi with hatred.

Although Old Liu felt very aggrieved, he did not dare to say it out loud. He could only swallow his anger with a red face.

Seeing this, Qin Xi sneered and found a seat to sit down. She said to the others in the shop, "Go upstairs and rest for a while. I'll have a good chat with these two."

"Lady Boss, you..." Pan Lingling took a step forward worriedly, but Lin Feng pulled her back and shook his head at her.

Qin Xi's move just now was too shocking. With such mastery in martial arts, he did not have to worry about Qin Xi's safety at all.

Moreover, Qin Xi was a divine doctor. Even if she did not know martial arts, she definitely had a lot of life-saving methods. They would only be a hindrance here. They might as well be obedient!

After they went upstairs, Qin Xi sneered and looked at Han Yuanyuan disdainfully. "Tell me, why are you here?"

Seeing her attitude, Han Yuanyuan was immediately furious. She said angrily, "Qin Xi, do you know who I am?"

"Looking at you, I've already guessed it. You're from the Han family in the capital." Qin Xi clicked her tongue and mocked, "Are all the Han family as snobbish as you?"

Han Yuanyuan was stunned. She gritted her teeth and glared at Qin Xi, wishing she could cut her into pieces. "You know that I'm from the Han family in the capital, but you still dare to treat me like this. Do you have no respect for the Han family?"

Qin Xi rolled her eyes. "Who do you think you are? Do I have to take you seriously?"

"You..."

Han Yuanyuan had never suffered such humiliation since she was young.

He gritted her teeth and said, "I'm here today to give you a warning. That fool is a member of the Han family. Although he's a bastard, he's still a member of the Han family. If he wants to return to my family, he has to listen to our arrangements."

"Your family?"

Qin Xi sneered in disdain. "Who are you representing? How dare you, the descendant of a concubine, represent the Han family? Who gave you the cheek to do that?"

It turned out that Han Yuanyuan's mother was the daughter of the second concubine. At that time, the society was polygamous. To put it bluntly, she was the daughter of the second branch and had no say in the Han family.

However, because Han Yuanyuan was Eldest Master Han's only granddaughter, she had been spoiled and willful since she was young. After Eldest Master Han died, the Han family was handed over to Second Master Han, Han Cang.

Han Yuanyuan's expression became even uglier. She was even a little flustered.

She did not expect Qin Xi to know about the Han family. If Second Master Han found out that she was threatening his grandson, the consequences would be unimaginable...

Chapter 725 Warning

"How do you know so much about the Han family?" Han Yuanyuan immediately thought of someone. "Did that fool Han Hai tell you?"

"Hmph, I knew that fool was unreliable. He is as stupid as a pig."

Qin Xi was speechless, thinking to herself, you're not much smarter than him!

"Since you know the Han family and Han Shi's background, let's make a deal." Han Yuanyuan said firmly, "As far as I know, you and Han Shi haven't officially registered your marriage and can't be considered a real couple. I'll give you 100,000 yuan to leave him. After you leave him, we'll bring him to the capital and you won't be able to see him again. How about that?"

Qin Xi looked at her as if she was looking at an idiot. "Where did you get the confidence to try to buy me with 100,000 yuan? Didn't your family tell you my current net worth?"

Of course, Han Yuanyuan knew. When she came, her mother had already explained the situation and gave her a million yuan to ask Qin Xi to leave Han Shi. As for why it was 100,000 yuan, Han Yuanyuan felt that Qin Xi was just a village girl and was not worth a million yuan at all, so she only offered 100,000 yuan.

"Hmph, your net worth?" Han Yuanyuan found a chair far away from Qin Xi and sat down. "That's the Han family's business, including the Sweet Dew business, the Sunshine Pharmaceutical company, the half-finished winery, and the shopping center..."

"Your Han family is extraordinarily shameless." Qin Xi shook her head with a smile, feeling that the other party was simply stupid beyond words.

Han Yuanyuan resisted the urge to tear Qin Xi apart and sneered. "This is the most we can offer. 100,000 yuan, take it or not is up to you. Let me tell you, offending the Han family will do you no good at all."

"Oh right, I forgot to tell you." She smiled smugly and pointed at the clinic. "Including this clinic, it belongs to the Han family. You can forget about getting a single cent."

Ever since her mother found out that the Sweet Dew was Han Shi's business, she was so excited that she couldn't sleep for the entire night. In order to prevent any accidents from happening, she quickly sent Han Hai to take back the Sweet Dew business. Unexpectedly, not only did Han Hai not take back the business, but he was also injured. Previously, she wasn't sure who injured him. Now, she was 100% sure that it was Qin Xi.

Qin Xi clicked her tongue. "Without my formula, do you think you can make Sweet Dew products?"

"I think you're still daydreaming. I really don't know why I'm talking to you here."

Qin Xi stood up and said, "Do whatever you like, but let me tell you something in advance. As long as you do something that makes me angry, I guarantee that Second Master Han will come and bring Han Shi back to the capital personally. At that time, do you think your second branch will still have the chance to flaunt in front of me?"

"Get lost. Don't let us see anyone from your Han family again. If something like this happens again, I'll kill everyone in your second branch."

As soon as she finished speaking, the chair behind her suddenly shattered into pieces. Han Yuanyuan was so frightened that she screamed with a pale face. She quickly retreated a few meters with a panicked expression.

"You, you, you, what are you doing? I'm from the Han family in the capital. If you dare do anything to me, my mother won't let you off."

She pulled Old Liu over and hid behind him.

Qin Xi said coldly, "This is a warning to you. If you disturb my life again, this will be the outcome. Get lost!"

Chapter 726 The Tree Bears Fruits

At night, Qin Xi thought for a moment and decided to tell Han Shi about the Han family.

Apart from being a little surprised and disgusted by the Han family's actions, Han Shi had nothing else to say.

Seeing this, Qin Xi asked, "Are you planning to go back to your real family?"

Han Shi shook his head indifferently. "I don't have a good impression of the Han family. Our lives are very good now. There's no need for me to go back and be humiliated."

"Not everyone in the Han family is like this. At the very least, your second grandpa misses you a lot. He even said that he wanted to leave most of the Han family's assets to you," Qin Xi said.

Han Shi hugged Qin Xi's slender waist and said, "Wifey, do you think we still need those assets now? Just the money of the Yin family is enough for us to spend for the rest of our lives. No matter what, the Han family is not mine. To me, they are all outsiders."

Qin Xi chuckled. "Unfortunately, although you don't want to return to the Han family, someone treats you like a thorn in their side."

"Let's not talk about this. Wifey, in half a month, the construction of our winery and the shopping center will begin. At that time, I'll definitely be busy. Let's cherish the time we have now to enjoy ourselves."

As Han Shi spoke, a big hand reached into Qin Xi's clothes and gently kneaded it...

**

As the days passed, March quickly arrived. The construction of the winery and the shopping center soon began. Just as Han Shi had said, he had been very busy during this period of time.

He went back home every three days. Sometimes, he wouldn't even be back for a week. Qin Xi went to the construction site twice. Every time she saw Han Shi sweating profusely, her heart ached. However, since Han Shi insisted to supervise, she wouldn't stop him.

Qin Xi had nothing to do. She stayed in the clinic every day to teach Feng Jiantian, Yang Song, and Lin Feng the acupuncture technique.

On this day, Qin Xi gave Fu Fang one last treatment. As soon as she finished the acupuncture session, Fu Fang took out an invitation from her pocket. She smiled and said, "Qin Xi, I'm getting engaged on the 10th of March. If you have time, come and attend the engagement party!"

During this period of time, Fu Fang often came to the clinic. The two of them had the same personality and became good friends after a while. Fu Fang also started calling Qin Xi by her name instead of Divine Doctor Qin.

Therefore, she naturally agreed to attend the engagement party.

Qin Xi looked at the invitation and said with a smile, "Don't worry, I'll definitely go."

After sending Fu Fang off, Qin Xi went next door to take a look. The interior renovation of the restaurant was almost done, and the tables and chairs she had customized were sent over. It would probably be open for business in half a month.

Qin Xi was very satisfied with this. Just as she felt that she had nothing to do, Jiu Yuan hurriedly floated over.

Qin Xi was surprised. "Why are you here?"

Jiu Yuan said anxiously, "Do you still remember that tree? It bears fruit. That fruit looks very strange and emits a mysterious power. I couldn't even get close to it. You should go back and take a look!"

Qin Xi's eyes lit up. "Let's go!"

She did not take the car. Instead, she returned to the second floor of the clinic and stuck an Invisibility Talisman and a Body Lifting Talisman on her body. She quietly jumped out of the window and quickly

flew towards Shangwan Village.

Qin Xi was very fast. She jumped and ran at the same time, bringing the speed to the limit. Even Jiu Yuan couldn't catch up with her.

Forty minutes later, Qin Xi arrived at Shangwan Village.

Chapter 727 A bad Feeling

When they arrived at the orchard, Qin Xi saw two fruits growing on the tree. The fruits were bright red, as red as blood. The strange black totem on them made it look demonic and mysterious.

Qin Xi walked over and couldn't help but look at the fruit. After a moment, she reached out to touch it, but she realized that there seemed to be a protective membrane around the fruit that prevented her from getting close.

She frowned and recalled that this tree had once diluted her Mystic True Qi. After thinking for a moment, she tried to circulate the Mystic True Qi in her body while touching it.

As expected, the tree seemed to be very familiar with her Mystic True Qi. As she approached, the membrane slowly opened. Qin Xi's eyes lit up and she quickly plucked a fruit.

Jiu Yuan leaned over curiously. "Can this thing be eaten? Why do I have a bad feeling when I look at the pattern on it? It feels uncomfortable!"

Qin Xi, on the other hand, was the opposite. She had an urge to smell the alluring fragrance emitted by this fruit, as if someone who had been hungry for a long time had suddenly seen delicious food.

Unknowingly, she took a bite in adrift.

As soon as she took a bite of the fruit, a rich fragrance filled her mouth with a hint of coolness. It instantly slid down her throat, and right on the heels of that, a warm current flowed down her throat.

Qin Xi immediately felt warm and comfortable. She closed her eyes and was intoxicated. When she opened her eyes, she was left surprised and shocked.

"What's wrong? Is it poisonous? I knew it. This fruit looks very strange."

Seeing the change in her expression, Jiu Yuan thought that the fruit was poisonous.

"No..." Qin Xi opened her mouth but didn't say anything in the end.

The effect of this fruit was simply extraordinary. Just a small bite could help her advance two stages in cultivation. If she swallowed it all, she would probably be able to reach the fifth realm in one go. Even if she couldn't reach the fifth realm, she could at least reach the peak of the fourth realm.

It had to be noted that the higher one cultivated the Mystic Medical Technique, the more difficult it would be to cultivate it. Last time, after devouring the cultivation of the Yin family's Patriarch, she accidentally advanced a stage. After that, she even took many spirit pills. Unfortunately, she still couldn't break through to the fifth realm.

Unexpectedly, this fruit gave her a pleasant surprise. Without saying a word, she swallowed the entire fruit and sat cross-legged to digest the spiritual energy contained in it.

As time passed, Qin Xi's aura gradually rose and she vaguely reached the threshold of the fifth realm. However, as the sky gradually darkened, she still did not move.

The more Jiu Yuan thought about it, the more he felt that something was wrong. He called out softly, but Qin Xi seemed to have turned off her five senses and could not hear him at all.

His heart skipped a beat. He raised his voice and called out twice, but Qin Xi still did not react. This time, Jiu Yuan was certain that something was wrong with Qin Xi. For a moment, he did not know what to do. Just as he was scratching his head, Qin Xi's face gradually changed from a blush to a bloody red. She staggered around as if she was drunk, but she did not fall down.

Jiu Yuan was clueless. Seeing that her condition was getting worse and the sky was getting darker, he gritted his teeth and decided to look for Han Shi.

On the other side, at the winery construction site.

Han Shi was eating with the construction workers.

The vegetables they ate were all shipped over from Shangwan Village's greenhouse. After eating this vegetable, the fatigue in their bodies was swept away. Moreover, they were energetic every day and were very efficient at work.

Chapter 728 Strange Fruit

Just as Han Shi was eating, a light bulb floated over. Han Shi narrowed his eyes and looked at it. The more he looked at it, the more familiar it looked. When the light bulb got closer, he finally saw what it was.

"You're still eating? Something happened to your wife!"

Before Han Shi could speak, he heard Jiu Yuan's voice coming from afar. His expression changed drastically as he stood up. The porcelain bowl in his hand fell to the ground with a bang, and the food scattered all over the ground.

The surrounding workers were shocked and quickly stood up. "Boss, what happened?"

"Don't be anxious. Her life is not in danger. She just ate something bad and is not conscious. She's in the orchard now." Seeing Han Shi's face instantly turn pale and gloomy, Jiu Yuan quickly explained.

Han Shi swallowed his saliva and suppressed the anxiety in his eyes. He said to the construction worker beside him, "I'll go out for a while. I don't know when I'll be back. Be careful when you work."

"Oh, okay, boss."

Han Shi took the car key and quickly ran to the parking lot. Not long after, a car with lights on rushed out.

Han Shi asked with a dark expression, "Tell me what happened."

With his understanding of Qin Xi, it was impossible for her to eat something she shouldn't unless that thing was absolutely attractive to her.

Jiu Yuan told him the whole story. Han Shi glared at him. "Why didn't you stop her?"

Jiu Yuan felt especially aggrieved. "I tried, but she didn't listen. After eating it, she looked very abnormal. Then, she took bite after bite. After eating it, she sat cross-legged."

Han Shi was silent for a moment before saying, "That fruit must be very helpful to Xi. Or rather, it's a fruit to increase her strength. There are two reasons why she can't wake up. The first is that she hasn't completely digested it and is immersed in her own world. The second is that something went wrong during her cultivation and she can't wake up."

If it was the second scenario, it would be troublesome.

After all, they did not know what fruit it was or what the effect was.

The car sped past like lightning on the way back to Shangwan Village.

The 25-minute journey was shortened to ten.

At this moment, the sky was already dark, leaving only a few stars hanging in the night sky. The weak moonlight shone on this village path.

Han Shi got out of the car and ran towards the orchard.

Soon, he came to Qin Xi's side. At this moment, Qin Xi was drenched in sweat. The temperature on her body was above 40 degrees Celsius. If this continued, she would probably die.

Han Shi quickly picked her up and wanted to run towards the water. However, after taking two steps, he suddenly thought of something and looked up at another strange fruit hanging on the tree alone.

He retreated and reached out to pick the red fruit. In the end, like Qin Xi, he encountered a membrane.

Han Shi frowned. "What's going on? How did Xi get it?"

Jiu Yuan recalled and said, "At first, she couldn't get it like you, but later on, she seemed to have thought of a way and easily took it off."

Han Shi was silent for a moment before suddenly thinking of a possibility.

He gathered the True Qi in his palm and reached out to pick the fruit.

However, the membrane did not disappear and still prevented him from touching it. However, he clearly felt that the membrane was loosening.

He was delighted. True Qi continued to gather in his palm and tore through the membrane. When his fingers touched the red fruit, he immediately held it in his hand and turned to leave with Qin Xi in his arms.

Chapter 729 Reaction

When they arrived beside a flowing stream, Han Shi gently placed Qin Xi on the ground.

Qin Xi's body was still terrifyingly hot. Han Shi quickly took off his cloth and wrung it out after soaking it in the stream. He gently placed it on Qin Xi's forehead.

At this moment, her fair and smooth face was flushed, and her lips were slightly dry from the heat. Han Shi's heart ached. He held the stream water with both hands and took a sip before passing it to Qin Xi.

Qin Xi subconsciously swallowed it. Her dry throat immediately felt refreshed and comfortable. Her frown gradually relaxed. She licked her pink tongue.

Han Shi suppressed the urge in his heart and removed the wet cloth on Qin Xi's forehead.

However, the temperature on Qin Xi's body was getting higher and higher, making Han Shi panic.

Jiu Yuan thought for a moment and his eyes suddenly lit up. He said, "Hey, I remember that there are fever-reducing pills she refined at home. Do you want to go back and get them?"

"That's right. How could I have forgotten such an important thing?"

Han Shi suddenly remembered that Qin Xi had refined a lot of pills for Han Dazhu and Luo Xiujuan. Although the two of them did not need fever medicine at all, they still had some at home.

At the thought of this, Han Shi quickly picked Qin Xi up and ran back to the old house in the village.

Han Shi turned on the light and gently placed Qin Xi on the bed. Then, he began to search for pills to reduce her fever.

Just as he was rummaging through the drawers, the red fruit in his pocket accidentally fell out and cracked. The flesh and juice immediately emitted an intoxicating smell. Han Shi's focus was drifting away for a moment before he came back to his senses. He quickly put the fruit aside and said with lingering fears, "This thing actually has the effect of bewitching people."

Jiu Yuan was enlightened. "It was no wonder your wife looked like she was dreaming."

Han Shi's expression was solemn as he shook his head. "No, since I can realize this, Xi definitely could. Unless..."

Jiu Yuan asked curiously, "Unless what?"

"Unless this thing has a value that forces her to take the risk." Han Shi was puzzled. "But what is the value?"

Han Shi threw this question to the back of his mind. He found a fever-reducing pill and fed it to Qin Xi. Qin Xi ate it, but the temperature on her body continued to rise. If this continued, God knew what would happen.

Just as Han Shi was burning with anxiety, Jiu Yuan came up with another evil idea.

"Since it's caused by the fruit, do you want to take a bite too? Don't eat too much. Just take a small bite. Perhaps you can find out the reason why she's unconscious!"

Han Shi was so muddle-headed that he actually felt that what Jiu Yuan said made sense. He picked up the fruit and gently took a bite. It was sour and sweet, and also a little astringent. However, the fragrance of the fruit was strong, making people want to eat more.

Jiu Yuan had been paying attention to Han Shi's reaction. At first, Han Shi was quite normal, but gradually, Jiu Yuan realized that his gaze had changed, becoming deep and fiery...

It was like a male cat seeing a beautiful female cat.

Chapter 730 A Blessing in Disguise

Seeing that something was wrong, Jiu Yuan quickly called out to Han Shi, “Hey, hey, hey, don’t faint.”

Han Shi did not speak. Instead, he sniffed the air. When he smelled Qin Xi, he exploded.

When Jiu Yuan saw Han Shi stripping off Qin Xi’s clothes, he was stunned and quickly went up to stop him. “Hey, hey, hey, you can’t be such a beast. Your wife is running a high fever. If you don’t help her, she’ll probably die. Hey... f*ck.”

Perhaps because he was annoyed with Jiu Yuan talking so much, Han Shi sent him flying out of the window with a palm strike. Jiu Yuan was so angry that he wanted to curse. Just as he was about to rush into the house again, he saw that Han Shi was already on top of Qin Xi.

Jiu Yuan thought to himself that since they were husband and wife, it should not be against the law for them to do that. After thinking it through, he retreated out of the door and looked at the sky with a gloomy expression.

The next afternoon, Jiu Yuan was hanging on a tree and resting with his eyes closed when he was woken up by a rumbling sound coming from inside the house.

After waking up, he quickly ran into the house and saw Qin Xi and Han Shi looking at each other in confusion, half naked.

Jiu Yuan quickly looked away and coughed. “Uh... It’s good that the two of you are not dead!”

After waiting for a long time, he still didn’t get a reply from the two of them. Jiu Yuan’s heart skipped a beat and he quickly asked, “Hey, what’s going on? Make a sound and let me know that you’re still alive!”

Qin Xi flicked her finger, and a wisp of Mystic True Qi surged out like a torrential aura, sending Jiu Yuan flying out.

Jiu Yuan complained, “Damn, as expected of a couple... You’re bullying ghosts too much!”

“Xi, do you feel that something is wrong?” Although he had already confirmed the answer in his heart, Han Shi still couldn’t believe it. He wanted to hear an affirmative answer from Qin Xi.

Qin Xi was also shocked, but she still suppressed the excitement in her heart and smiled. “Stone, it seems like we’re really lucky.”

In just one night, Han Shi had jumped from the late-stage Heaven Realm to the mid-stage Postnatal Realm. It was no wonder Han Shi had such a big reaction.

Even Qin Xi was no exception. She had finally broken through the fourth realm. Now, her cultivation level had already reached the mid-stage of the fifth realm. This was much more useful than eating spiritual herbs.

However, this pleasant surprise was indeed thrilling.

This was because the couple could sense that this fruit was extraordinary. It was already a blessing that Qin Xi did not explode and die. If not for Han Shi interfering, Qin Xi would probably have exploded from the fruit. Of course, it was also fortunate that Han Shi only took a small bite and absorbed most of Qin Xi’s spiritual qi. Otherwise, the consequences would be unimaginable.

“That was close!” The couple looked at the fruit on the ground and thought with lingering fear.

No matter what, after this matter, the couple could be considered to have profited from a disaster. However, what they did not know was that because they accidentally ate this fruit, there would be an even bigger ‘surprise’ in the future.

Of course, that was a story for another time.

Han Shi put on his clothes and picked up the half-eaten fruit on the ground. He looked at Qin Xi. “Wifey, what should we do with this?”

Qin Xi thought for a moment and said, “The spiritual qi here is too dense. If you take it directly, you might explode and die. Save it. When we go back, I’ll refine it into a pill. At that time, the side effects won’t be so life-threatening.”
