Chapter 731 News

The couple spent some time together before putting on their clothes. Han Shi called the clinic to tell them that Qin Xi was safe. Then, he went to the kitchen to make some simple food for Qin Xi.

After resting for the entire afternoon, Qin Xi no longer felt the overwhelming pain. The couple thought for a moment and went to the orchard at the back of the mountain.

However, when they arrived at the orchard, the scene in front of them shocked them.

This was because the lush fruit tree had already withered at some point. Qin Xi placed her hand on the tree trunk and sensed the life force in the tree, but...

She shook her head with a look of regret. "Dead."

Seeing her regretful expression, Han Shi walked over and wrapped his arm around her slender waist. "Wifey, don't be sad. This tree might have its own mission. Since we've already benefited from it, it means that its mission has been completed. We have to be content with what we have. Besides, this is a pleasant surprise for us. There's no need to be sad about it."

Qin Xi nodded with a smile.

"Let's go back!" Seeing that Qin Xi was no longer conflicted, Han Shi held her hand and left the orchard.

In the middle of March, as spring approached, Wang Zhiqiang finally sent good news.

Because Su Lei's goods were destroyed, the company punished her. Not only that, but she also had to pay back the company's losses. This was not a big deal at first. She could afford this compensation. However, no one expected the company to send someone from the collateral line of the Su family to handle this matter.

There had always been a conflict between the direct and collateral lines, but on the surface, they still had to pretend to be on good terms.

However, the bad thing was that the guy from the collateral line actually fired Su Lei.

Su Lei was the eldest daughter of the Su family. She had never suffered such humiliation. She immediately slapped the guy.

During this period of time, in order to find something on Su Lei, Wang Zhiqiang and the other three took turns to keep an eye on her. This time, they found an opportunity to secretly play a small trick

As a result, the guy from the collateral line died on the spot.

Su Lei did not expect that a slap would kill someone.

Although she was the daughter of the direct line of the Su family, the law was still in force. The government was also secretly trying to catch the Su family red-handed. Not only that, but the father of the guy from the collateral line was the second-largest shareholder in the company. The direct and

collateral lines were already in conflict because of the succession of the family head. Now that there was this issue, Su Lei panicked.

Su Lei found her Master immediately, hoping that her Master could help her out.

As for why she did not go to the Su family at such an important moment, it was also because she knew her father's character. He was unscrupulous when it came to power. In order to gain power, he would not hesitate to sacrifice his daughter.

This was probably the sorrow of being born into a large family clan. You could rely on the family, but once you brought disgrace to the family, you would be abandoned mercilessly.

Su Lei's Master was a witch doctor who used to be the best in the world. She was now more than a hundred years old. Her hair was white, and there were not many wrinkles on her face. She looked very dignified and elegant.

Su Lei's Master handed Su Lei a Face Changing Pill and asked her to take it at the right time. However, the master and disciple did not know that their every move was seen by Wang Zhiqiang.

Chapter 732 Guess If I Believe You or Not

Wang Zhiqiang beat Su Lei at her own game. Not only did he change Su Lei's Face Changing Pill, but he also added a drop of Thousand Year Intoxication to Su Lei's Master's tea.

It was no wonder that Wang Zhiqiang was ruthless. It turned out that they were all poisoned by her back then. If they didn't get rid of her, they would definitely be in more trouble in the future.

However, Wang Zhiqiang had underestimated this old witch doctor. When she took a small sip, she already sensed that something was wrong. However, as a witch doctor, she was very confident that she was immune to all poisons. Then, when her hands began to tremble, her expression suddenly changed drastically and she quickly spat out the tea she had just drunk.

Unfortunately, she was still a step too late. She felt her bones soften bit by bit, and in the end, she collapsed like a pile of mud and couldn't even sit up.

Su Lei was shocked and quickly helped her Master sit up.

However, when she was about to help her up, she was shocked to find that her master's body was squishy as mud. A trace of fear flashed across her eyes as she said in disbelief, "Master, what's going on?"

The witch doctor opened her mouth but could not say a word.

Su Lei panicked. She knew that her master might have been poisoned. She quickly searched the room for the antidote pill. After finding it, she turned around and realized that her master, who used to be all-powerful, had stopped breathing.

The antidote pill in her hand fell to the ground and rolled to the side. She knelt on the ground with a thud, her face as pale as paper. She shouted miserably, "Master..."

However, Su Lei did not have the time to be sad. She still had a murder case on her. She wiped her tears and packed up all the money the witch doctor had. When she went out, a small truck stopped at the entrance.

Su Lei immediately became vigilant. Now, she was like a frightened bird, afraid that she would die for no reason like her Master.

Fortunately, the person who got out of the car was Ye Zhan. At this moment, he had changed into a dirty and tattered worker's outfit. He looked at Su Lei and said, "Miss, do you want a delivery service?" Hearing Wang Zhiqiang's narration, Qin Xi frowned. "This Ye Zhan..."

Wang Zhiqiang sneered. "Ye Zhan's sister was harmed by Su Lei. Back then, in order to enter the Su family's company, Su Lei had to complete a business deal. She drugged a young girl and gave the young girl to her business partner. In the end, her business partner went too far and the young girl died at the age of 15."

He sighed and continued, "Ye Zhan once had the chance to be promoted to the special forces, but because of his sister's accident, he had no choice but to hide his identity to get close to Su Lei. Now that he finally seized this opportunity, how could he let Su Lei off?"

Qin Xi could tell that Wang Zhiqiang thought highly of Ye Zhan. "Why? Do you want to recruit him?"

Wang Zhiqiang said, "Lady Boss, I still have the Face Changing Pill. If..."

Qin Xi understood what he was going to say. "If this person is trustworthy, you can recruit him."

"Alright!"

After the call ended, Qin Xi stopped paying attention to Su Lei. The medicinal cuisine restaurant was about to open in two days. For the past two days, she had been so busy that she could barely rest.

After leaving the clinic, she pushed open the door of the medicinal cuisine restaurant next door and saw Qi Mingting sitting at the side. From time to time, he would glance at Luo Xiujuan, his eyes filled with love and affection.

Qin Xi was speechless. Was this the legendary love at first sight?

She greeted Qi Mingting. Qi Mingting came back to his senses and said with a calm smile, "Divine Doctor Qin, I heard that you're opening a medicinal cuisine restaurant. I thought I'd come over to see if there's anything I can help you with."

Qin Xi chuckled, thinking to herself, guess if I believe you or not.

Chapter 733 Pestering

When Luo Xiujuan saw Qin Xi, the nervousness in her heart was finally relieved. The feeling of being spied on also disappeared. She involuntarily heaved a sigh of relief.

"Xi, you're here! Hurry up and see if there's anything else that needs adjustment."

She smiled awkwardly at Qi Mingting and pulled Qin Xi to the side. Seeing that Qi Mingting was looking at her with a smile, she panicked. She pursed her lips and whispered to Qin Xi, "Xi, look at that man. He's

here again. Can you get him to leave?"

Qin Xi pretended not to know the reason and asked, "Why? Isn't Mr. Qi good?"

"How would I know if he's good or not? I just feel that the way he looks at me makes me very uncomfortable. Xi, since you know him, tell him!" Luo Xiujian sighed helplessly.

Seeing the worried look on her face, Qin Xi thought for a moment and asked, "Mom, haven't you thought about starting another relationship? Don't worry, Stone and I won't stop you from finding new love. I believe Grandpa won't either. You're still young and don't have to spend all your time on us. You have to think about yourself."

Luo Xiujian's expression changed slightly. "I'm fine alone. I'm grateful that I was able to marry Stone's father. As for other men... I've never thought of them."

Qin Xi did not expect Luo Xiujian to be so devoted to Han Shi's father that she did not even give other men a chance. After thinking for a moment, she stopped persuading her. She could not force a relationship. If she were in her shoes, she would probably be indifferent to men other than Han Shi.

"Alright, Mom, I'll tell him about this."

"Then I'll go to the kitchen to take a look." With that, Luo Xiujian smiled politely at Qi Mingting and turned to go to the kitchen.

Qin Xi sat opposite Qi Mingting and looked at him seriously. "Mr. Qi, are you serious about my mother?"

Qi Mingting was silent for a moment before saying, "I've never been so serious. At my age, I no longer have any desire for love until I met her..."

He glanced in the direction of the kitchen, his expression affectionate and his eyes passionate. "She's beautiful and she's demure. Every move she makes seems to tug at my heart. Although I don't know if she'll accept me, at least, I want to try my best."

Seeing the sincerity in his eyes, Qin Xi couldn't help but sigh. "My mother-in-law... won't accept you. Your relentless pursuit makes her feel uneasy and nervous."

Qi Mingting pursed his lips. "To be honest, I don't know how to woo a girl. I asked my son and he said that all it takes is one thing to woo a girl."

Qin Xi raised her eyebrows curiously. "What?"

"Shamelessness."

Qin Xi almost couldn't hold back the laughter.

Qi Mingting said very seriously, "He said that as long as you're shameless, you can get any woman you want."

"That's why you're pestering her?" The corners of Qin Xi's mouth twitched and she couldn't help but laugh. "Don't you think it's very inappropriate to pester a woman who's almost 40 years old?"

Qi Mingting said awkwardly, "Maybe it's because I don't know how to woo a girl."

Qin Xi said, "Mr. Qi, let me put it this way. My mother doesn't seem to like you very much. Your action has put a lot of pressure on her. Do you understand what I mean?"

Qi Mingting's eyes dimmed. "I understand. I can tell that she doesn't like me very much."

Chapter 734 Engagement Party

"But I, Qi Mingting, won't give up. Since she doesn't like this kind of pursuit, I'll find another way."

After Qi Mingting finished speaking, he nodded at Qin Xi and looked in the direction of the kitchen. He stood up and left.

After he left, Luo Xiujuan and Cao Xiu'e walked out of the kitchen. Cao Xiu'e persuaded, "Xiujuan, I think that gentleman is quite good-looking. He seems to be a big boss. It's not that I want to be a busybody, but you've been taking care of the family alone for so many years. Now that Stone has grown up and is promising, it's time for you to think about yourself."

"Sister-in-law, why are you suddenly talking about this? Xi is still here!" Luo Xiujuan immediately felt a little uneasy and did not know how to answer.

"What's there to be afraid of? Xi is not an outsider. We women have the most difficult life. We have to take care of our in-laws, husband, and children our entire lives. When we're old, we have to think about our grandchildren. To be honest, Xiujuan, even if you get remarried, our father-in-law will definitely not be angry with you. In fact, he wants you to live a good life more than anyone else. Also, Stone is an obedient good child. I believe he won't stop you from finding your happiness. Why are you being hard on yourself?"

Cao Xiu'e said a lot, but Luo Xiujuan lowered her head and did not say a word.

Qin Xi sighed and said, "Mom, we're not forcing you. We just want to tell you that no matter what you decide, we'll support you."

When Luo Xiujuan heard their words, she was touched. "I understand what you mean, but I'm focused on medicinal cuisine now. I don't want to think about anything else. So, let's talk about this in the future!"

**

On the 10th of March, Fu Fang held an engagement party at a four-star hotel in Luoping City.

Qin Xi appeared at the engagement party in a long white shoulder-length suit. She did not do her hair much. Instead, she tied it into a ponytail, making her beautiful face look a little cold.

When Fu Lan saw Qin Xi, she was a little afraid to approach her. It was only when Qin Xi walked over that Fu Lan dared to go forward. She covered her mouth in surprise. "Oh my god, Xi, you're too handsome. I didn't even recognize you."

Qin Xi smiled faintly. "Your sister is getting engaged today. I have to dress more formally."

Fu Lan immediately hugged her arm and asked enviously, "Xi, where did you buy this suit? I really like this style. Can you introduce this shop to me?"

Qin Xi shrugged. "It's not that I don't want to tell you, but this shop is in Yunbei. If you want to buy it, you have to go to Yunbei."

Fu Lan was a little dejected. "It's so far. I've never been out of Zhehai province!"

"However..." Qin Xi changed the topic. "I heard that in May, that clothing factory will open a flagship shop here. If you're interested, I'll tell you when the shop opens."

Fu Lan's eyes instantly lit up. "Really? That's great."

At this moment, Mr. Fu and Mrs. Fu had just received some important guests from the bureaucracy. When they saw Qin Xi, they quickly walked forward and smiled from the bottom of their hearts. "Miss Qin, it's my honor to have you here!"

Chapter 735 Wise Words

It was beyond everyone's expectations that the host would leave his esteemed guests behind and go to greet a little girl.

When one of the middle-aged men with a serious expression saw this, his hawk-like eyes flashed. He asked his assistant, "Xiaowang, does that person look familiar?"

Xiaowang craned his neck to look, but he couldn't remember who it was. He scratched the back of his head and said apologetically, "Deputy Director, I think she looks a little familiar, but I think of her name."

The middle-aged man thought for a moment and said, "Let's go over and take a look."

Xiaowang quickly followed. The closer he got, the more familiar he found Qin Xi. When he was halfway there, he was suddenly enlightened. He covered his mouth and whispered to the middle-aged man, "Deputy Director, I remember who she is."

The middle-aged man looked at him.

"She's Divine Doctor Qin, the Divine Doctor Qin who saved your father from death's door." Xiaowang was so excited that his mouth was agape.

The middle-aged man smiled faintly. "No wonder the Fu couple treats her so differently."

"Let's go and greet her!"

Just as Qin Xi was chatting with Mr. Fu, a dignified voice came from behind. "Divine Doctor Qin, it's been a long time since I last saw you. I almost didn't recognize you! I wonder if you still remember me!"

Mr. Fu turned his head to look. It was Lin Wei, who had a chance of being promoted to the director general. He shook his hand with a smile and said, "So Deputy Director also knows Divine Doctor Qin. What a coincidence!"

Lin Wei said with a smile, "Divine Doctor Qin is my father's savior. How can I not know her? Don't you think so, Divine Doctor Qin?"

Qin Xi smiled calmly and said, "Deputy Director Lin, I'm a doctor. It's my duty to treat illnesses and save people. Just like you, you won't ask the people to thank you for serving them, right?"

“Hahahaha, well said. I didn’t expect Divine Doctor Qin to say such wise words at such a young age. What an eye-opener!” Lin Wei’s impression of Qin Xi improved drastically.

Some people recognized Lin Wei and found it unbelievable that he was talking so enthusiastically with a young girl.

Seeing that more and more people were coming to attend the banquet, Fu Lan quickly pulled Mr. Fu’s arm and whispered, “Dad, most of the guests are here. Let’s go in quickly. It’s quite cold outside. Xi is not wearing a lot. Don’t let her catch a cold.”

“I was so focused on talking that I forgot about this.” Mr. Fu quickly turned around. “Deputy Director Lin, Divine Doctor Qin, come in quickly. Let’s talk inside.”

In the dressing room, the makeup artist was putting on makeup for Fu Fang. Seeing Fu Fang’s rosy face, exquisite and beautiful facial features, and gentle and solemn expression, the makeup artist couldn’t help but praise, “Miss Fu, your skin is very good. There are no flaws at all. It’s really enviable. I’ve been helping people do their makeup for a long time, but this is the first time I feel like I don’t know where to start because I think it’s a sin to put on makeup on your face.”

Fu Fang chuckled, unable to hide the joy in her eyes. “You’re exaggerating. However, the reason why my skin is so good is all thanks to a friend of mine.”

Chapter 736 Report

Before Fu Fang could finish, the door of the dressing room was pushed open. It was Yun Piao.

When Yun Piao found out that not only did Fu Fang’s condition not worsen, but she also got to know a divine doctor who cured her illness, she was furious.

Why was Fu Fang so lucky? Fu Fang could marry Lu Cheng who was outstanding and rich while she failed to be the lecturer at the University of Political Science and Law because of mental illness. Why?

She was indignant. All of this should have belonged to her. Why did Fu Fang take it away from her so easily? She even had to pretend that she was not jealous.

Seeing Yun Piao walk in with a dark expression, the makeup artist was slightly stunned. She felt that this woman was beautiful, but the hostility she exuded was too strong, giving people a very bad feeling.

Fu Fang clenched her fists tightly, and the smile on her face froze. She was extremely vigilant. However, she still forced a smile and said, “Piao, why are you here? Is there anything I can do for you?”

Yun Piao snorted and walked straight to the chair in front of the makeup table to sit down. She raised her chin slightly and looked arrogant and overbearing. She asked in a questioning tone, “You did it, right?”

Fu Fang frowned and asked in confusion, “What did I do?”

“Stop pretending. You knew that I was preparing for the test, so you reported me to the school anonymously, causing all my efforts all these years to go to waste. Fu Fang, I didn’t know you were so good at pretending. You act like you are good friends with me on the surface, but you stab me in the back. You’re really ruthless!” Yun Piao criticized sternly, as if she was already certain that Fu Fang was the one who did it.

Fu Fang was stunned. "Report you? Report you for what?"

Seeing her reaction, Yun Piao's heart sank. Was it really not Fu Fang who did it?

Actually, she knew Fu Fang very well. Fu Fang liked to be alone and did not compete for anything. Yun Piao found it hard to believe that it was Fu Fang who told the school about her mental illness. However, when she thought of what she had done to Fu Fang to make Fu Fang suffer, she lied to herself that she couldn't be wrong.

"What's the point of pretending?"

Yun Piao stood up with a snort and glanced at the nervous makeup artist. The makeup artist seemed to be frightened by her and glanced at Fu Fang.

Fu Fang took a deep breath and said, "You can leave first. We have something to discuss in private. Sorry to trouble you!"

The makeup artist pursed her lips and wanted to say something but hesitated. In the end, she left the dressing room alone and gave the two of them the space.

Yun Piao looked down at Fu Fang with mockery and disdain in her eyes. "Fu Fang, there's no one else here, so stop pretending. To be honest, I really admire you. You acted like you were my good sister all these years, but you gave me a fatal blow on the back at the critical moment. I really want to know where you learned the acting skill."

Fu Fang was a little afraid of Yun Piao's aura. Her face was slightly pale as she said nervously, "Piao, I really don't know what you're talking about. I've been seeing a doctor recently and almost never leave the house. Besides, why should I report you? We have no grudge against each other."

Yun Piao's eyes flickered. "What evidence do you have?"

Fu Fang frowned. "You said that I was the one who reported you, so I want to ask you. What evidence do you have to prove that I was the one who reported you?"

Chapter 737 Distrust

Of course, Yun Piao could not tell Fu Fang that she had a mental illness. Instead, she insisted that Fu Fang was the person who reported her anonymously.

"I've said it before. This has nothing to do with me. If you insist that I did it, then I have nothing to say. Today is my big day. I don't want to argue with you. Please leave. I need to put on makeup."

Fu Fang's face turned cold. Although Yun Piao was once her best friend, it didn't mean that she had endless tolerance for her.

"Alright, you finally admit it. Fu Fang, you really have ulterior motives for getting close to me. You caused me to lose my job, but you still want to get engaged. Dream on!" Yun Piao seemed to have found her weakness. She immediately jumped up and retorted. She even felt that she was on the right side and started hitting Fu Fang.

A crisp slap landed on Fu Fang's exquisite face. Half of her face quickly turned red and swollen. She looked at Yun Piao in disbelief and felt that this woman was crazy.

Just as Yun Piao was about to slap Fu Fang a second time, the door of the dressing room was suddenly pushed open. A tall and slender figure rushed in and pushed Yun Piao to the ground. He came to Fu Fang's side and looked at her face, his eyes filled with self-blame and frustration.

Yun Piao told him that Fu Fang was a two-faced and vicious woman and asked him to eavesdrop on their conversation.

Even though Yun Piao said so many outrageous things to Fu Fang, he still did not barge in. It was not until Yun Piao used violence that Lu Cheng felt that his inaction was ridiculous.

Yun Piao was pushed to the ground by Lu Cheng.

Feeling the pain in her back, Yun Piao couldn't help but gasp. She looked up at Lu Cheng and saw him checking Fu Fang's injuries nervously.

She suddenly stood up from the ground and pointed at Lu Cheng. "Lu Cheng, what do you mean?"

Lu Cheng did not answer Yun Piao's question at all. He only turned to look at Fu Fang and comforted her gently, "Are you alright? Does it hurt? Let me apply some medicine for you!"

The corners of Fu Fang's eyes were slightly red, but she still shook her head firmly. "It doesn't hurt. It's fine. Lu Cheng, why are you here? Aren't you going to the front to receive guests?"

An awkward look flashed across Lu Cheng's eyes. However, Yun Piao did not let go of this opportunity. She pointed at Fu Fang and said.

"Lu Cheng, you heard it outside the door just now, right? This woman has already admitted that she framed me. Think about it. We've known each other for more than ten years. She even lied to me, let alone you. Aren't you afraid that after you get married, she'll cheat on you?"

Lu Cheng immediately reprimanded, "That's enough. Fang is not that kind of person. If you want to participate in our engagement, shut up. If you want to play tricks, don't blame me for being rude to you!"

Fu Fang did not expect Lu Cheng to be eavesdropping outside just now. She looked a little hurt and avoided Lu Cheng's hand slightly. She asked, "So, you believed her and not me?"

Lu Cheng frowned and was a little dissatisfied with Fu Fang's questioning tone. However, seeing that she was about to become his wife, he explained patiently, "It's not that I didn't believe you. I just..."

"Enough." Fu Fang took a deep breath and looked at Lu Cheng with teary eyes. "Can the two of you leave? I still have to put on makeup."

Yun Piao was furious and was about to curse when she heard Lu Cheng say, "Then I'll wait for you outside."

With that, he dragged Yun Piao out.

Chapter 738 Conspiracy

Not long after Lu Cheng and Yun Piao left, the door of the dressing room was pushed open again. Fu

Fang thought that they were back and quickly wiped her tears. She pretended to be calm and said, "I said I want to put on makeup."

"Are you crying?" Qin Xi asked.

Fu Fang's face stiffened. Then, she looked at Qin Xi and felt a lump in her throat. Tears streamed down her face uncontrollably. "Xi, I don't feel good. I... don't want to get engaged anymore. What should I do?"

Qin Xi walked over and Fu Fang gently leaned against her stomach.

"Then don't get engaged," Qin Xi said. "If you feel forced to marry him, then this marriage will end sooner or later."

Fu Fang stopped crying. Her makeup was almost smudged from crying. She asked in confusion, "Xi, do you know something?"

Qin Xi did not hide anything from her. "I've read Lu Cheng's face. He's not clean, very very not clean. If you marry him, you might become the mother of several children. Do you understand what I'm saying?"

Fu Fang opened her mouth in surprise and said, "No way. He looks like a gentle and refined person..." "You don't believe me?" Qin Xi raised her eyebrows.

Fu Fang quickly shook her head. "It's not that I don't believe you, but I'm just a little surprised."

"Don't be surprised. Do you know why I suddenly came to look for you?" Qin Xi asked.

"That's right. Shouldn't you be in the banquet hall?" Fu Fang asked in confusion.

"Uncle Fu introduced me to your future father-in-law. I remember that Lu Cheng was an only child. However, I saw that your father-in-law was carrying a little boy in his arms. I could tell that the little boy was his biological grandson. I sensed that something was wrong and wanted to come to you to confirm it. In the end, I met Lu Cheng and understood everything when I saw him."

"Fu Fang, you can't marry the Lu family."

Actually, Qin Xi could tell at a glance that there was something wrong with Fu Fang's marriage. If she didn't stop this marriage, Fu Fang's life would have been miserable.

The reason why the Lu family chose Fu Fang was firstly to cover up for Lu Cheng. After all, there were too many illegitimate children. If they did not find a scapegoat, they would easily be criticized. Secondly, Fu Fang was a pushover and had a medical history. The Lu family would bring all those illegitimate children home on the grounds that she could not have children.

The Lu family's plan was really well-thought-out.

However, this was just her guess, but she was sure that the Lu family was up to no good.

"Then what should we do? We're getting engaged now."

Actually, Fu Fang did not want to get married anymore even without Qin Xi telling her this. From what happened just now, she actually felt that Lu Cheng was a hypocrite. He was so hypocritical that it disgusted her. That was why she said just now that she did not want to get engaged.

“Have you thought it through? If you really don’t want to get engaged to him, I can help you,” Qin Xi asked seriously.

Fu Fang took a deep breath and nodded heavily. “Yes, I’ve thought it through. Do you have any way to make me break off the engagement and not hurt our Fu family’s reputation?”

Qin Xi thought for a moment and said, “We can use the Lu family’s scandal to justify breaking off the engagement. By the way, Yun Piao seems to have a special relationship with him!”

Fu Fang immediately looked embarrassed and said gloomily, “She’s the person who almost killed me. She even said that I reported her and caused her to lose her job. It wasn’t me who did it.”

The corners of Qin Xi’s mouth curled up as she snapped her fingers. “That makes things easier!”

Chapter 739 Speech

Qin Xi applied some ointment on Fu Fang to reduce the swelling and secretly transferred the Mystic True Qi to her. Not long after, the palm print on her face disappeared.

She personally put on light makeup for Fu Fang. She was actually more skillful than the makeup artist.

Fu Fang put on a pure white engagement dress and spun around in front of Qin Xi with a smile. “How is it? Is it beautiful?”

Qin Xi gave her a thumbs up. “Beautiful. Let’s go. It’s about time. Don’t make them wait.”

The two of them walked to the hall arm in arm. At this moment, Lu Cheng’s father, Lu Zhigang, went on stage to express his gratitude. “Thank you for taking the time to attend my son’s engagement banquet. On behalf of our family, I would like to thank you sincerely!”

As soon as he finished speaking, Lu Zhigang bowed to the guests below the stage, and they immediately applauded.

“First of all...”

When Lu Cheng saw Fu Fang, his anxious expression immediately disappeared. He smiled and went up to her. “Fang, come over quickly. It’s our turn next.”

Fu Fang looked at him deeply and turned to Qin Xi. “I’ll go over first. I’ll leave the rest to you now!”

Qin Xi made an OK gesture at her. Although Lu Cheng was a little confused, he didn’t think too much and pulled Fu Fang onto the stage.

Lu Zhigang said, “Next, I’ll leave the stage to the couple...”

Applause erupted as Lu Cheng and Fu Fang walked onto the stage. Lu Cheng was supposed to be the first to speak, but Fu Fang took a step forward and said into the microphone, “I’m sorry, Lu Cheng is a little nervous. His speech is not ready yet. Let me take the lead!”

The guests felt that Fu Fang was gentle and considerate. They applauded her.

Only Lu Cheng's face stiffened slightly, and a trace of gloominess flashed across his eyes. However, he still smiled at everyone without betraying himself.

Below the stage, Mr. and Mrs. Fu looked at her with smiles. "Our daughter is not married yet, but she's already starting to show consideration for her future husband."

"Perhaps everyone doesn't know this, but it's all thanks to Lu Cheng's parents that Lu Cheng and I can get to where we are today. Back then, my mother and I were robbed by a thief on the street. It was Mrs. Lu who happened to pass by and asked her chauffeur to catch the thief. Speaking of which, fate is really strange. If I didn't meet Mrs. Lu that day, Lu Cheng and I wouldn't have known each other..."

Fu Fang smiled and told the audience how she and Lu Cheng met, but her eyes were fixed on Mrs. Lu.

As expected, Mrs. Lu's expression was a little unnatural. Lu Zhigang's smile was also forced. Fu Fang suppressed the anger in her heart and said with a smile, "Later on, because of this matter, my mother and Mrs. Lu became good friends. At a friendly family gathering, Lu Cheng and I met and became lovers..."

Hearing Fu Fang's words, Lu Cheng's smile froze on his face. He quickly urged from behind, "Fang, it's time for the banquet to start."

"Alright, Lu Cheng can't wait anymore. He's urging me..." Fu Fang smiled and gave up the microphone to Lu Cheng. She patted Lu Cheng's arm and said into the microphone, "Next, let Lu Cheng tell everyone about his love story..."

Everyone thought that Fu Fang was talking about her love story with Lu Cheng. Unexpectedly, Lu Cheng's next words made everyone dumbfounded.

Chapter 740 Lingering Fear

"Hello, everyone. I'm Lu Cheng. When I was in junior high, I was very curious about sex, so I knocked out a girl and slept with her. To be honest, the first time was a little too quick. I didn't know what happened. Later on, I used the same trick to knock out another eight-year-old girl..."

Everyone looked at Lu Cheng in shock. When Fu Fang heard this, she gasped.

Mr. and Mrs. Fu looked at Lu Cheng on the stage in disbelief. They felt dizzy and their bodies trembled. They wished they could jump up and cut this beast into pieces.

Fortunately, the couple received Fu Fang's hint and resisted the urge to beat Lu Cheng to death and continued listening.

They could hold back the urge, but Lu Zhigang and his wife could not. They knew that if Lu Cheng continued, he would be finished, but their bodies seemed to be frozen and they could not move at all. They could only stare at their son on the stage with wide eyes.

"In high school, I invited a few girls to my house to play. I put sleeping pills in their glasses and tied them up. I only untied them when I had enough fun. They were all poor people with no power or influence, so they could only put up with it. I knew this trick was useful so I repeated it a few times..."

Lu Cheng was still talking, but the faces of the people below the stage could not be any darker, especially the faces of the Lu family.

Fu Fang looked at the man's back and felt unprecedentedly disgusted. She was not the only one who was disgusted, but also Yun Piao. At the thought of having sex with this man, she couldn't help but have goosebumps.

"As I grow old, I have more and more illegitimate children. My mother didn't want the children to be homeless, so she wanted me to get married. My mother took a fancy to Fu Fang from the Fu family. Not only is she sick all year round, but she's also a pushover. She is easy to control. Therefore, my mother hired a thief to snatch her wallet and put up a show. Just like that, Fu Fang and I got to know each other..."

"Oh right, in private, I'm very close to Fu Fang's good friend, Yun Piao. In order to get me, Yun Piao even drugged Fu Fang. I only found out about this later..."

"Also, let me introduce you. That's the child my father and I like the most. His name is Lu Shuai. He's the child of me and a university girl..."

Lu Cheng said everything that he should and should not say. Everyone below the stage was silent, and the entire hall was so quiet that one could hear a pin drop.

In the end, Mr. Fu couldn't take it anymore. He picked up something and threw it at Lu Cheng. His face was livid as he scolded, "Beast, you're a beast. Your entire family are beasts..."

"Dad, there's no need to be angry. We should be glad that I didn't get engaged today. Otherwise, if they succeed, it'll be too late to regret it."

Fu Fang quickly walked to Mr. Fu's side and patted his arm to comfort him.

Fu Fang's words instantly extinguished Mr. Fu's anger. Indeed, if the engagement was successful, it would be too late to cancel it.

At this moment, Deputy Director Lin stood up and looked at Lu Cheng on the stage with a dark expression. "Good, very good. The Lu family has done a lot of good things..."
