### Chapter 751 Only By Knowing Your Enemy Can You Win

The higher-ups of Jiaxing were all shocked. "Sweet Dew? They actually work with the Sweet Dew?"

This time, they were no longer as calm and relaxed as before. When they heard the words Sweet Dew, everyone looked like they were facing a great enemy.

They knew that Sweet Dew would replace Jiaxing sooner or later, but they did not expect their business partner to betray them so quickly.

One of the big-bellied people slapped the table angrily and said, "A bunch of ingrates. They betrayed their master for some small profits. How dare they!"

"What's there to be angry about? Just wait. They'll definitely come back to beg us. At that time..."

"That won't happen."

Zhang Heng glanced at them coldly. "Do you think they're all fools? Do I need to tell you how good the Sweet Dew is? Who will want to eat our food after they taste the Sweet Dew food? Not to mention them, I will also choose their food."

Although the higher-ups looked dissatisfied on the surface, they did feel a little guilty because they had all eaten Sweet Dew food. Just as Zhang Heng said, it was indeed unlikely for anyone to eat their food after tasting the Sweet Dew food.

A higher-up muttered softly, "At least our products are cheaper than Sweet Dew. Moreover, our market is different. We sell nationwide while they only sell in the neighboring provinces."

"If Sweet Dew can do so much in just half a year, what kind of pressure do you think Jiaxing will face in the future? As for the retail price, do you think Sweet Dew won't drop the price to meet the market's need?"

"Sweet Dew is already unstoppable in the food and beverage industry. We should make preparations early!"

"Is there no other way? Should we..." One of the higher-ups' eyes flickered with ruthlessness and cunning.

Zhang Heng pondered for a moment. "Let's take a look at the situation first. I'll get someone to follow up on Sweet Dew. Only by knowing your enemy can you win every battle."

In mid-April, Wang Zhiqiang and the other three returned, along with Ye Zhan.

Ye Zhan had heard Wang Zhiqiang and the others mention Qin Xi and knew that the secrets of Wang Zhiqiang and the others were related to this baby-faced woman in front of him. He did not dare to underestimate her and quickly knelt on one knee.

"Thank you, Miss Qin, for helping me take revenge. In the future, I will be at your service."

Qin Xi gave Wang Zhiqiang a look. The latter understood and quickly helped him up. Qin Xi said, "You're thanking the wrong person for this. I didn't help at all. If you want to thank someone, thank them!"

Ye Zhan shook his head. "I've already thanked them, but you're the one I should thank the most. If not for the fact that you helped them become so powerful, I'm afraid I would have to wait for a long time to take revenge. Perhaps I wouldn't be able to take revenge at all and would even be killed by my enemy. Therefore, I have to thank you."

Qin Xi shrugged. She did not want to dwell on this matter. Instead, she asked, "Do you really want to follow me?"

"Yes." Ye Zhan nodded firmly.

Qin Xi thought for a moment and asked, "What do you know?"

Without thinking, Ye Zhan asked confidently, "Miss Qin, what do you need me to do?"

"Do you know how to manage a company?"

Qin Xi thought that the shopping center was still short of a manager and that she did not have many people to help her. Previously, she heard from Wang Zhiqiang that Ye Zhan was very capable, so she had the intention of recruiting him.

#### Chapter 752 Overjoyed

After settling Ye Zhan down in the medicinal restaurant, Qin Xi finally had some free time.

Ever since the medicinal cuisine restaurant opened, it had become well-known. Qin Xi went to help a lot. Although Luo Xiujuan and Cao Xiu'e had learned how to read and write, they knew nothing about management. Helpless, Qin Xi could only run between the medicinal cuisine restaurant and the Ji Ding Hall.

Qin Xi was a lazybones by nature. Forced to take care of two shops, she felt unprecedentedly exhausted.

Fortunately, Ye Zhan was here. Otherwise, Qin Xi would have asked Lin Feng to go over and help.

On this day, just as Qin Xi was about to take a nap, Xia Tangxin, Fu Fang, and Fu Lan arrived at the clinic hand in hand.

Qin Xi yawned, her eyelids droopy. "Why are you here?"

"Of course we're here to play with you. Your husband said that you've been very bored recently. Apart from the clinic, you have to take care of the medicinal cuisine restaurant next door. He was afraid that you would be bored, so he asked us to come and play with you."

Fu Fang chuckled and said, "The weather today is quite good. Why don't we go for a jaunt?"

Indeed, the weather in April was getting warmer. It was the best time to go on a trip.

Qin Xi rubbed the space between her eyebrows and picked up a bottle of Sweet Dew Water. After taking a few sips, she felt that her sleepiness was gradually gone and she was much more awake.

"Alright, since I have nothing to do now, it's good to go out and enjoy the fresh air."

She then turned around and asked, "Have you thought about where to go?"

Fu Lan chuckled and said, "West Mountain. It's said that a small horse farm was built there before the new year. Let's go there to have fun. Oh right, there's also a fish pond. If you don't like riding horses, you can go fishing."

West Mountain?

The herbal field was not far away from West Mountain. Thinking of the spiritual herbs that were almost used up, Qin Xi thought that it was time to get some more.

This thought flashed across her mind.

Qin Xi stretched. Ever since she was reborn to this world, she had been running around building her career. Now that things were stable, it was time to relax.

Hence, Qin Xi called Blood Stealer over.

Blood Stealer and Saber were now security guards of the medicinal cuisine restaurant next door.

Originally, this job was given to Saber. Saber was a cautious and steady person, and his reconnaissance ability was top-notch, so Qin Xi was very relieved.

However, when Blood Stealer found out that being a guard of the medicinal cuisine restaurant, he could eat delicious food at any time, he insisted on coming. Qin Xi had no choice but to let the two of them take turns.

Soon, the group drove to the leisure and entertainment development area. It was not completely built yet, but the horse ranch and fish pond were basically complete. When they came, there were still two groups of people riding in the horse ranch.

Coincidentally, they knew these two groups of people.

One group of people was Gu Qing, whom she hadn't seen for a long time. There were a few young men and women around Gu Qing, including a petite and cute woman who was leaning against Gu Qing. Gu Qing, on the other hand, looked extremely cold.

The other group was Deng Xinhe, who was having fun. In the past half a month, Deng Xinhe had been like a wild horse that could not be pulled back. He was hugging a sexy woman and holding the hand of an innocent woman on his right. He was so happy that he couldn't stop grinning.

Chapter 753 Deng Xinhe Was Speechless

As soon as Qin Xi got out of the car, Gu Qing saw her.

Although he no longer had that kind of feelings for Qin Xi, she was still a woman he used to like. When he saw her, the cold expression on his face immediately melted, making him look much more approachable.

The woman beside Gu Qing, who was also his fiancée, was talking to him. Seeing that Gu Qing didn't reply for a long time, she immediately sensed that something was wrong.

She raised her head and saw the change in Gu Qing's expression. Her heart skipped a beat as she realized something. She quickly followed his gaze and saw four beauties and a burly man walking toward the ranch.

"Brother Qing, do you know them?"

The friends around Gu Qing also looked over and exclaimed, "F\*ck, what kind of luck did we have today? Why are there so many beauties?"

"Hey, it just so happens that I don't have a girlfriend yet. I wonder if I can bring one home." The few of them rubbed their palms together and thought.

At this moment, Deng Xinhe also saw Qin Xi. His eyes lit up and he immediately waved at Qin Xi, shouting, "Hey, beauties, come and play with me. All your expenses today are on me!"

Gu Qing looked at Deng Xinhe. Previously, when Qin Xi's medicinal cuisine restaurant opened, the two of them had met, but they had never spoken to each other. He only knew that Deng Xinhe was a young master from the capital and was very powerful.

Qin Xi was expressionless, but Xia Tangxin waved her hand happily.

She asked Qin Xi curiously, "Hey, Xi, isn't that your friend? Also, that one, I remember that he's the dean of a hospital, right? Why are they here?"

"Who knows? They're probably just bored!"

Deng Xinhe patted the butts of his two female companions and said, "Be good. Go and play by yourself. I'll buy you a bag later."

The sexy woman was a little unwilling to go. She rubbed her head against Deng Xinhe's chest. "Young Master Deng, we're not bad-looking either. Why can't we play together?"

Deng Xinhe rolled his eyes. "Play? That woman is my boss. I'll be dead if I dare to play with her."

The sexy woman was stunned. She was about to say something when she saw Deng Xinhe's expression darken. She immediately left with the other woman. Before she left, she did not forget to take a look at Qin Xi and the others.

She thought to herself, She doesn't look that good!

When he got close, Deng Xinhe opened his arms and wanted to hug Qin Xi. Qin Xi shot him a cold look. Deng Xinhe trembled and immediately turned to Xia Tangxin.

Xia Tangxin quickly hid behind Qin Xi in disdain. Deng Xinhe was speechless. These people were really disrespectful to him. He looked at the Fu sisters and was also despised by them.

Deng Xinhe was speechless. When did he, the heir of the Deng family, become so unpopular?

He glanced at Blood Stealer.

Blood Stealer said coldly, "I don't hug men."

Deng Xinhe rolled his eyes.

Gu Qing walked over, surrounded by people. Seeing that Deng Xinhe was despised by everyone, the corners of his mouth couldn't help but curl up. The others also held back their laughter, but they didn't dare to laugh out loud. It was because Gu Qing had told them before that Deng Xinhe had an extraordinary status. Even if they couldn't befriend him, they should not offend him.

"Aren't you busy today? Why are you free to come to the horse ranch?" Gu Qing looked at Qin Xi. His voice was not as cold as when he was talking to others, but a little gentler.

Gu Qing's friends immediately looked at Gu Qing's fiancée with sympathy in their eyes.

#### Chapter 754 Hostility

Wei Wei's face turned pale. She bit her lower lip and forced a smile. She reached out to hold Gu Qing's arm and asked as if nothing had happened, "Brother Qing, who is this? Aren't you going to introduce her?"

Hearing the hostility in her tone, Qin Xi was indifferent, but Xia Tangxin chuckled.

Wei Wei's face stiffened and she felt embarrassed.

Seeing that she was ill at ease, Xia Tangxin quickly restrained her smile and explained, "I'm sorry for being rude. Actually, you don't have to be so hostile to Xi. She's already married and her marriage is extremely stable. They definitely don't have anything to do with each other. As for how the two of them met, it's probably related to their profession. Xi is also a doctor."

When Wei Wei heard that Qin Xi was already married, she immediately felt that she was too petty. Her face was red as she looked at Qin Xi nervously. "Hello, I'm Wei Wei."

She wanted to say that she was Gu Qing's fiancée, but when she opened her mouth, she felt that it was unnecessary to say that.

Qin Xi smiled. "I'm Qin Xi. You must be Gu Qing's fiancée. I heard that you're getting married in May. Congratulations in advance."

Gu Qing asked, "Where is he? Why isn't he here?"

Qin Xi knew that the person he was asking about was Han Shi. She smiled and said, "He's been quite busy recently and can't get away. Why are you in the mood to come here today?"

"I worked too much, so I came out to relax," Gu Qing said.

In fact, it was Gu Qing's father who asked him to invite Wei Wei out. After all, they were getting married, so it was time for them to get to know each other more. If he stayed in the hospital all day, he would go crazy.

Gu Qing had no choice but to do as his father said. He didn't know how to get along with Wei Wei, so he asked some friends to come along.

"Since everyone knows each other, let's play together!" Xia Tangxin said.

"I have no problem with that!"

The group of people began to pick horses in the ranch. Everyone was having fun. Deng Xinhe rode a horse to Qin Xi's side. He said with a smile, "I heard that your husband's winery has been built. It'll start production soon, right?"

Qin Xi rolled her eyes and said angrily, "If you have something to say, cut to the chase!"

"I want to invest in it. What do you think?"

Deng Xinhe knew that Qin Xi had been spending a lot of money in the past year to build the winery, the pharmaceutical company, and the shopping center. Her source of money was mainly from the revenue of Sweet Dew, which was far from enough to sustain such a huge project. Therefore, he was wondering if he could get involved.

Qin Xi said, "Not really a good idea!"

Deng Xinhe waved his hand in disbelief. "Stop fooling around. Apart from the Sweet Dew, where else can you get money?"

He seemed to have thought of something and quickly added, "Oh right, don't tell me that your money comes from the clinic. I doubt you can make a scent from that place."

Qin Xi thought about her source of income. Indeed, without the Yin family's money, not to mention a winery, she wouldn't even be able to open the Sunshine Pharmaceuticals.

Although Sweet Dew fruits and vegetables brought her a lot of profits, it was only a little more than a hundred thousand yuan a month. Compared to the cost of building a shopping center, it was obviously a drop in the bucket. It was no wonder that Deng Xinhe said that.

"Don't even think about investing in it. If you want to be a partner, I can reluctantly agree to it."

Deng Xinhe frowned. "Do you really have that much money?"

Qin Xi narrowed her eyes and glanced at him. "Don't tell me you're here just for this!"

Deng Xinhe touched his nose awkwardly and his expression immediately became solemn. "It seems like I can't hide anything from you. Then I'll be straightforward. I have something to ask of you!"

Chapter 755 Get Lost If You Don't Believe Me!

Qin Xi was all ears.

Deng Xin said, "A while ago, my family bought a piece of very promising land. We originally planned to build a high-end office building, but for some reason, something strange kept happening to that piece of land."

"Do you suspect that there's something evil inside?" Qin Xi asked.

Deng Xinhe nodded and said with a solemn expression, "I'm sure it's the case. I went in with a talisman. Before I could take two steps, the talisman combusted. I was so frightened that I quickly ran out. Therefore, this project has been put on hold."

Qin Xi narrowed her eyes. There was no black fog surrounding Deng Xinhe. This meant that it was probably not something evil. Then what could it be?

Qin Xi's eyes were deep and dark, as if she wanted to see through Deng Xinhe's soul.

Deng Xinhe felt a chill run down his spine. He touched his face and said guiltily, "You, why are you looking at me like that?"

"Come here!" Qin Xi waved at him.

Deng Xinhe swallowed his saliva. After hesitating for a moment, he slowly pulled the reins of the horse and moved over. "What are you going to do?"

Seeing how timid he was, Qin Xi said angrily, "Do you still want to solve the problem or not?"

"Yes, of course I do." Deng Xinhe leaned over. "Do you have any way to solve it? Are you going to go back to the capital with me?"

"To the capital?" Qin Xi's eyes lit up. "We'll talk about that later. Now, give me your face."

"Huh?"

Deng Xinhe looked around sneakily and leaned over in embarrassment. "I don't think that's a good idea. There are too many people around here. I'll be shy. Why don't we go somewhere private?"

Qin Xi really wanted to pry open this man's brain to see if it was hollow inside. "...Deng Xinhe, do you know that you have a face that looks like it needs some slapping?"

Deng Xinhe denied it and said arrogantly, "That's impossible. My face has charmed countless young girls."

Of course, he still obediently put his face in front of her and waited for her to do what she wanted.

Xia Tangxin and Fu Lan were riding on horses, led by staff members. They were talking and laughing, while Fu Lan was taken care of by Blood Stealer.

Fu Lan wanted to look for her sister, but when she glanced around, she saw Qin Xi and Deng Xinhe leaning close to each other. Qin Xi even touched Deng Xinhe's face with her hand.

She quickly called out to Xia Tangxin, "Tangxin, look, what are they doing?"

Xia Tangxin looked in the direction she was pointing and frowned. "Xi is probably helping him."

She knew Qin Xi and her relationship with Han Shi, so she did not think too much about it.

Besides, who would have an affair so openly?

"Should we go over and take a look? It's not good for them to be so intimate in public!" Fu Lan did not want to doubt Qin Xi. However, Deng Xinhe gave her the feeling that he was a playboy. This kind of person liked to hook up with beautiful girls the most. What if Qin Xi was deceived?

Fortunately, Xia Tangxin did not know that she had this thought. Otherwise, Xia Tangxin would probably laugh out loud. Qin Xi was not an ordinary girl. How could she be deceived by someone like Deng Xinhe?

However, Xia Tangxin still went over with Fu Lan.

Before the two of them could get close, they heard Deng Xinhe say in a doubtful tone, "Can you do it or not? Why do I feel that you're unreliable?"

Then, Qin Xi retorted, "If you don't believe me, get lost!"

Chapter 756 Touch All Over My Body

"I believe you, I believe you, okay?"

Deng Xinhe leaned forward again. "Can we discuss something?"

Qin Xi kicked him angrily. "Don't be so close. Your cheap perfume smells really bad! It's suffocating me!"

Deng Xinhe's horse seemed to be frightened. It raised its front hooves and jumped. It even snorted.

Deng Xinhe was so frightened that he quickly wrapped his arms around the horse's neck and comforted it in a panic.

"Don't be angry, don't be angry. She didn't kick you. She kicked me. It's me. Why are you angry?"

Xia Tangxin and Fu Lan looked at each other and saw helplessness and disdain in each other's eyes. How could Xi like such a clown?

After finally appeasing the horse, Deng Xinhe felt his back drenched in cold sweat.

He looked at Qin Xi resentfully. "Can you be gentler to me in the future? Every time I see you, I feel like I have arrhythmia. My heart isn't good. I'm afraid I'll pass away if I come a few more times."

Qin Xi faked a smile. "Well. that'll be great!"

Deng Xinhe leaned forward again and smiled slyly. "Touch me a few more. Here, here, and here are all quite important. You only touched my face. If I encounter that thing, do you want me to put my face close to it?"

He pointed at his neck, heart, and waist, looking like he was asking for a beating.

Qin Xi said unmoved, "Then put your face to it. You'll at most end up being disfigured. It's not especially serious."

"Disfigured?"

Deng Xinhe widened his eyes as if he had heard something terrifying. "I'm relying on this face. If I'm disfigured, I might as well die. I don't care. To be safe, you have to touch all over my body."

He decided to be shameless again. He didn't care about his face anymore.

"Xi, Xi, what are you..."

Although Xia Tangxin trusted Qin Xi 100%, she found it strange that Deng Xinhe kept saying the word 'touch'. She felt that there seemed to be some secret between the two of them.

Of course, she still didn't think in the wrong direction. Instead, she felt that Qin Xi seemed to have done something extraordinary again.

Qin Xi glanced at Deng Xinhe and explained calmly, "This kid encountered something unclean. I'm helping him."

Xia Tangxin immediately understood.

She knew very well what Qin Xi was capable of. For example, some time ago, her grandmother was almost killed by that vicious woman called Xie Min. In order to prevent such a thing from happening, Qin Xi drew two talismans for her grandmother.

One was called a Backlash Talisman, and the other was a Safety Talisman.

Of course, she also drew one for her and her father.

At that time, she did not understand what this thing was used for. Qin Xi asked her to pinch her grandmother's arm, so she did, only to feel a pain on her own arm.

Only then did she understand the use of the Backlash Talisman, so she asked one for herself.

On the other hand, Fu Lan was confused, but she tactfully did not ask further. After all, she had not known Qin Xi and the others for long, so they were naturally not close enough to her to tell her everything.

The few of them played for a while longer. Qin Xi was a little tired and asked to go back. Before she went back, she drew a few talismans on Deng Xinhe.

Chapter 757 Visiting the Herbal Field Again

At night, Qin Xi lay in Han Shi's arms with a red face and panted slightly. "I'm going to Half Cliff Mountain tomorrow. I've sent all the spiritual herbs I brought back to the capital. I need to get some more."

Han Shi gently stroked Qin Xi's hair and kissed the top of her head. "I'll go with you!"

Qin Xi shook her head and rubbed her cheek against Han Shi's chest. "No need. You've been quite busy recently. I'll go with Jiu Yuan."

Han Shi frowned with a solemn expression. "No, what if the python inside wakes up?"

He was not worried about the Strangulation Array in the herbal field. After all, as long as the array was not touched, it would not be activated.

On the other hand, the hibernating python might very well wake up. At that time, Qin Xi would definitely be in a dangerous situation.

"Don't worry, I've thought about it too. I'll get Jiu Yuan to go in early. If the situation is safe, I'll go in." Qin Xi yawned, feeling that Han Shi was too nervous.

"But I think"

Han Shi was about to say something when he realized that Qin Xi was nodding her off. He looked down and saw that Qin Xi could no longer open her eyes.

"Are you that sleepy?"

Han Shi muttered to himself, but he still carefully laid Qin Xi down. Looking at her sleeping face, he stretched out his slender fingers and ran across her exquisite face. Qin Xi probably felt an itch and scratched her face. Seeing this, Han Shi couldn't help but lean over and kiss her forehead.

The next day, after breakfast, Qin Xi got into Blood Stealer's car and went to the suburbs with Jiu Yuan.

To keep her whereabouts secret, Qin Xi asked Blood Stealer to park at the foot of the mountain. Blood Stealer took out the fishing gear and started to fiddle with it. Qin Xi put on an Invisibility Talisman and went to the herbal field with Jiu Yuan.

The two of them arrived at the stone door. Qin Xi first let Jiu Yuan go in to check on the situation. She did not know if it was her imagination, but she felt that someone was spying on them in the dark.

She looked around but did not see anything. She shook her head and felt that she was probably being too sensitive.

On the other side, Jiu Yuan passed through the long passageway and felt the change in the surrounding temperature. Of course, he could not feel it, but he could still see the heat wave.

When he flew to the side of the python, he saw that it was still the same as last time. It did not move at all.

Jiu Yuan took a step closer and reached out to touch the cold scales of the python.

As expected, the python still did not react at all. It pouted. "It seems like it's still hibernating."

With that, he floated away.

A minute later, Jiu Yuan appeared beside the python again. Seeing that the python was still the same as before, he left in relief.

This time, he really left.

What Jiu Yuan did not know was that not long after he left, the python suddenly opened its cold and bloodthirsty vertical pupils.

"Be good and wait patiently!" A mysterious and old voice sounded.

Chapter 758 It Didn't Work?

Half an hour later, Jiu Yuan floated out.

He mocked, "So there are times when you're afraid. Go in. It's fine. That big guy is still sleeping. It probably won't wake up."

Qin Xi rolled her eyes and entered the cave. She lowered her voice and said, "It's not that I'm afraid. I'm just trying to be safe."

"Why didn't your husband come with you?"

Jiu Yuan smacked his lips and said, "He's so protective of you. If he knew you were coming here, he would definitely follow you!"

Qin Xi said, "He was going to come, but I rejected him. He's been very busy recently, so he didn't have time to waste. It's not dangerous here anyway, so I didn't let him come."

"Indeed, your husband is a busy man now. The winery is about to open for business, and fruit wine and medicinal wine are about to be released. He naturally doesn't have time to fool around with you!"

Jiu Yuan thought of Han Shi's recent schedule of going out early and coming back late and felt that what Qin Xi said made sense.

Qin Xi was displeased. "What do you mean I'm fooling around? Forget it, you won't understand even if I tell you."

Jiu Yuan was speechless. "How would I know if you don't tell me?"

The two of them chatted as they quickly walked in. The deeper they went, the higher the temperature. Fortunately, Qin Xi was not wearing too many clothes. Otherwise, she would feel uncomfortable.

Just as she was about to enter the deepest part, Qin Xi stopped in her tracks. She frowned and pursed her lips.

Jiu Yuan was stunned. "What's going on?"

The deeper she went, the stronger the pungent smell of poison. In the past, although she also smelt it, it was especially strong today. Her stomach even churned and she had the urge to vomit.

She covered her mouth and nose, her face a little pale. "Why is the smell here getting stronger and stronger? No, if I go any further, I'll definitely vomit."

"Then what should we do? Are we going back?" Jiu Yuan asked worriedly when he saw her pale face. Qin Xi thought for a moment and her eyes suddenly lit up. "I almost forgot about something. I can enter your body now. That way, I won't be able to smell this pungent smell."

Jiu Yuan also felt that this method was feasible. "This is indeed a good idea, but is it really fine to leave your body?"

Qin Xi said, "Don't worry, I'll put an Invisibility Talisman on it!"

Jiu Yuan said, "What if snakes, insects, rats, and ants bite you..."

Qin Xi looked at him as if he was a fool. "The king of poisons is the one inside. What other poisonous insects do you think will dare to come here?"

Jiu Yuan said, "...That's true!"

Qin Xi found a good place and sat cross-legged. Just as she was about to enter Jiu Yuan's body, she realized that this method didn't work.

Her expression changed drastically as she muttered to herself, "What's going on? Why isn't it working anymore? That shouldn't be the case!"

"Huh? Are you too anxious? Take your time and try again!" Jiu Yuan suggested.

Qin Xi thought that perhaps because she was slightly affected by the pungent smell. She shook her head and focused again.

Unfortunately, it still didn't work.

"What's going on? What's wrong?" Qin Xi did not understand what was going on. She took a deep breath and tried a few more times, but it was still useless.

She looked at Jiu Yuan dejectedly. "What should we do? If we can't enter your body, it'll be useless even if we go in. We won't be able to get the spirit herbs at all."

Jiu Yuan shrugged. "Do I look like someone who can answer your question?"

Qin Xi waved her hand. "We can only go back and figure out why it isn't working."

Jiu Yuan said, "That's the only way!"

Chapter 759 Qin Xi Is in Danger!

Just as Qin Xi and Jiu Yuan were about to leave, a faint voice was heard.

"Since you're here, why are you in such a hurry to leave?"

Qin Xi and Jiu Yuan's hearts sank. They immediately looked at the source of the voice warily. There was someone here, but they actually did not notice it. Were they less vigilant or was the other party so powerful that they could not detect it?

Qin Xi thought that it should be the latter!

Qin Xi knew very well how terrifying the other party's strength was. She immediately sent a voice transmission to Jiu Yuan, "This person is not easy to deal with. Find a chance to leave quickly. Don't tell anyone, especially Stone. Remember, you can only wait for me to go back!"

Jiu Yuan's heart was heavy. Although he was very worried about Qin Xi's safety, he understood that the situation was critical and nodded.

"I know."

Seeing that he agreed, Qin Xi relaxed a little. She looked at the long passageway that was as dark as the bottom of the abyss and said coldly, "Who are you? Why are you blocking my way?"

As soon as she finished speaking, a man in white clothes appeared a meter in front of her like a ghost. The man had white hair and a youthful face. His eyes were filled with fatigue, but his dark eyes were terrifying.

"You stole my spirit herbs and want to leave just like that? How can there be such a good thing in the world?"

Qin Xi's eyelids twitched and her expression changed drastically. She knew that she couldn't hide the fact that she had stolen the spirit herbs from the other party, so she apologized sincerely, "I'm sorry, sir. I didn't mean to offend you. Previously, I thought that it was ownerless land, so I took some. If you are angry, I can pay you back!"

The man chuckled and suddenly moved.

Seeing that the situation was not good, Qin Xi immediately asked Jiu Yuan to leave.

Jiu Yuan was fast. With a whoosh, he passed through the stone wall. In the blink of an eye, the man appeared in front of Qin Xi. He grabbed her by the neck and lifted her up.

Qin Xi's fair face immediately turned purple. She wanted to circulate the Mystic True Qi in her body, but she realized that the Mystic True Qi seemed to have been restrained and did not respond.

Her heart skipped a beat. She did not even have the chance to activate the Mystic True Qi in her body. If the other party wanted her life, he could probably kill her with a flick of his finger!

The man stared at Qin Xi coldly and the smile on his face became even more cruel. "You're the first person to steal my things. Tell me, how do you want to die? Huh?"

His voice was indifferent. In his eyes, taking a life was probably like killing an ant.

At this moment, Qin Xi's face was purple and it was difficult for her to breathe. She was about to faint. She stared at the other party and tried her best to widen her eyes, but because her throat was grabbed, she couldn't make a sound.

Suddenly, the man widened his eyes.

He seemed to have smelled something. He pulled Qin Xi closer and sniffed her neck.

"You've actually eaten the Heavenly Fragrance Cardamom before? Apart from the cardamom, there's something else." The man sniffed carefully again and placed the tip of his nose on Qin Xi's fair and slender neck, rubbing it back and forth like how a lover would.

Qin Xi's body stiffened and she did not dare to move. When she felt his body temperature, she felt goosebumps all over her body.

"Strange, what is it?"

The man muttered in confusion. Suddenly, he raised his head and looked at Qin Xi sharply.

Qin Xi was in a very bad state and was about to faint. Just as she thought that she would die here, she felt a chill on her chest.

Chapter 760 Collapse

Qin Xi's jacket was roughly pulled open by the man, revealing a large area of her neck.

Fortunately, this was a cave and it was very dark. Qin Xi, who was on the verge of collapse, felt it and immediately struggled, her eyes filled with panic and... killing intent.

The man's cultivation was deep, so he naturally sensed the strong killing intent coming from her. He smiled playfully. "Don't worry, I'm not interested in pregnant women, but I'm very interested in your blood!"

Pregnant woman?

Qin Xi's mind was in a mess as she squeezed out three words. "Let me go!"

The man laughed evilly. With a gentle swipe of his finger, a small wound immediately appeared on Qin Xi's neck, and blood instantly flowed out. "How can I let go of such delicious food?"

As soon as he finished speaking, he immediately leaned forward and drank the blood in big mouthfuls.

The sweet and warm liquid flowed down his throat and into his stomach. He absorbed the blood intoxicatedly, and a trace of surprise flashed across his eyes.

After an unknown period of time, he resisted the urge to stop sucking and licked the blood that flowed out of the corner of his mouth. He looked at Qin Xi, who was already unconscious, and said, "Since you stole so many spirit herbs from me, I'll use your blood to make up for it. As for the little one in your stomach, hehehe... Buy one, get one free. Perhaps the blood of the little one will have the same effect!"

Hehehehe...

The man's laughter echoed through the entire cave. In the deep cave, the python raised its eyelids and snorted before returning to normal.

When Jiu Yuan came out of the stone wall, his expression was very ugly. He wanted to tell Han Shi, but when he recalled Qin Xi's instructions, he held back the urge.

That person just said that Qin Xi was already pregnant?

If Han Shi found out, what would his reaction be? Even Qin Xi was not that person's match, let alone Han Shi.

What should he do?

On the other hand, Han Shi had been a little absent-minded since he arrived at the company in the morning. His assistant was talking to him, but he was not in the mood to listen at all.

In the end, Han Shi rubbed the space between his eyebrows and said, "You can leave. I want to rest for a while."

"Alright!"

The assistant thought that Han Shi had probably overworked himself recently. Before he left, he poured Han Shi a glass of water and placed it on the table before leaving quietly.

Han Shi was indeed a little tired. Not only was he tired, but he also felt very uneasy, as if something was about to happen.

Thinking that Xi had gone to Half Cliff Mountain today, Han Shi couldn't sit still anymore. He stood up, picked up his car key, and left quickly.

At around 11 a.m., Han Shi arrived at Half Cliff Mountain. He found the cave entrance and walked in. Before he could walk a few meters, he saw a flash of light floating over from the depths.

Han Shi's eyes lit up and he immediately shouted, "Xi Xi!"

Jiu Yuan shouted anxiously, "Run, the cave is about to collapse!"

Before Han Shi could figure out what was going on, the cave began to shake and the rocks on the wall rolled down. Han Shi's pupils constricted. Not only did he not retreat, but he actually ran deeper at an extremely fast speed.

Seeing that this fool was tempting fate, Jiu Yuan panicked. "Run, Qin Xi has been captured. She's not here. Get out!"

Han Shi stopped in his tracks and the rock above his head fell.
