

Mysterious 771

Chapter 771 Qi Mingting Working As a Kitchen Staff

When Han Hai took the first bite, his eyes lit up. He had never thought that medicinal cuisine would be so delicious.

In his impression, medicinal cuisine was not as bitter as traditional Chinese medicine, but it was definitely not something delicious. Not only was it not bitter, but it also had a sweetness that made people unable to stop eating.

Seeing that he was enjoying the food, Han Yuanyuan took a tentative bite. Indeed, after eating, she immediately looked at Liao Meifeng with bright eyes. "Mom, it's delicious. Try it."

With that, she picked another food. She didn't care if it was hot or not. She stuffed it into her mouth and said in a muffled voice, "Mom, can you get the recipes of these dishes? When the time comes, we'll open a shop in the capital. I'm sure it'll be more popular than this."

When Han Hai heard that, he immediately nodded. "Yes, yes, this is good. Grandma, this tastes really good. When the time comes, let Second Grandpa try it. If he's happy, he'll probably reward us something."

Liao Meifeng glared at him, a trace of ruthlessness flashing across her eyes. "That's impossible. That old fool is as stubborn as your dead grandfather. Since he prepared to leave the assets to that bastard, he definitely won't give us a single cent. Over the years, they've been giving us less and less money. If this continues, it won't be long before our branch goes bankrupt."

As she spoke, she stuffed a piece of mutton into her mouth. Just like Han Hai and Han Yuanyuan, her eyes instantly widened when she took the first bite. She instantly felt that the delicacies she had eaten all these years were simply animal food compared to this..

The three of them did not say a word and began to stuff themselves with food.

When the three of them were full and looked at the leftovers on the table, they immediately blushed and felt awkward.

Liao Meifeng cleared her throat and said to Han Hai as if nothing had happened, "Go, get the people outside to call that bastard's mother over. I want to talk to her."

Han Hai nodded and stood up to open the door of the private room. Outside the door were their bodyguards. There were 12 of them standing in a row.

He instructed the square-faced bodyguard closest to him, "Call the lady boss over and tell her that there's something wrong with the food."

The square-faced bodyguard nodded and strode away.

In the kitchen, Luo Xiujian was busy cooking. One moment, she was looking at the food in the pot, and the next moment, she turned around to cut something. From time to time, she would scoop up some soup to taste.

In a small corner of the kitchen, Qi Mingting was peeling potatoes with an apron on.

The CEO of a corporation and the head of a wealthy family was actually wearing a chef's uniform and an apron. In the corner, he was sitting on a stool peeling potatoes. Who would believe it if word got out?

After being rejected by Luo Xiujian last time, Qi Mingting went back to reflect for a few days. In the end, he came to the conclusion that he was not shameless enough.

Therefore, when he saw that the medicinal cuisine restaurant needed a kitchen staff, he bribed the other candidates so that on the day of the interview, he was the only one who showed up. Luo Xiujian was speechless.

In order to make him give up, Luo Xiujian asked him to do trivial jobs in the kitchen like peeling potatoes.

Without complaints, Qi Mingting rolled up his sleeves, picked up the potato, and began to peel it skillfully. His determination stunned Luo Xiujian.

Chapter 772 It Has Nothing to Do With Me

Luo Xiujian looked at Qi Mingting in surprise. This was the first time she looked him in the eye.

Qi Mingting had the charm of a mature man and the aura of a superior. His every move was domineering.

It was precisely because of this that Luo Xiujian thought that a rich businessman like him probably wouldn't even know how to use a peeling tool. However, who would have thought that not only did he know how to peel potatoes, but he also knew how to peel them very well? Looking at his noble temperament and the way he peeled potatoes seriously, Luo Xiujian felt like it was not that easy to shake him off.

Initially, she wanted to find all kinds of reasons to reject Qi Mingting. After all, with such a person by her side, she would always feel uneasy. However, apart from Qi Mingting, she couldn't find a single worker. She was not stupid and knew that it was definitely Qi Mingting's doing. In the end, she had no choice but to agree to recruit him.

Although she agreed, she also made an agreement with Qi Mingting that he couldn't cause trouble during working hours. Seeing that there was a chance of being with her, Qi Mingting immediately agreed.

During this period of time, Qi Mingting had been very well-behaved and was liked by the others in the kitchen. Although they did not know Qi Mingting's identity, they were not blind and could tell that his identity was extraordinary. They could also tell that he seemed to be courting the lady boss, so most of the time, they helped to matchmake the two of them.

Qi Mingting didn't forget to give them some benefits and make them his loyal helpers.

After peeling the potatoes, Qi Mingting took the peeled potatoes to the vegetable wash area to wash them. The person in charge of washing the vegetables here was a single mother in her twenties called Wang Cailian.

Wang Cailian was not particularly good-looking, but she was nice. Her face was round and voluptuous. Her nose was straight, her eyes were beautiful, and she always had a bright smile on her face. Her lips were thin and moderately thick. When she smiled, she was very amiable. The maternal aura on her was also very strong, making it easy for people to like her.

“Brother Ming, how’s your progress recently? I don’t think you’ve been doing much. You’ve been peeling potatoes all day long. How are you going to woo her like this?”

She lowered her voice, afraid that the lady boss not far away would hear her.

However, in order to let Qi Mingting hear her, she had to lean very close to him, so from behind, the two of them looked intimate.

Luo Xiujuan did not notice them. It was Cao Xiu’e who accidentally saw them. She narrowed her eyes and came to Luo Xiujuan’s side. She nudged her with her arm and pouted in their direction with a strange look in her eyes.

Just as Luo Xiujuan was about to put the radish into the pot of soup, Cao Xiu’e touched her and almost caused her to drop the radish. She subconsciously followed Cao Xiu’s gaze.

That was when she saw Qi Mingting and Wang Cailian talking to each other with a faint smile on their faces.

Seeing this, Luo Xiujuan frowned slightly, but she quickly pulled herself together. She looked at Cao Xiu’e in confusion.

Cao Xiu’e was speechless.

She edged closer to Luo Xiujuan and said in a low voice, “Wang Cailian is a single mother and Qi Mingting is a charming bachelor... Aren’t you afraid that something might happen between the two of them?”

Luo Xiujuan did not understand what she meant. “What might happen?”

Cao Xiu’e held her forehead. She really did not know why Luo Xiujuan, who was usually so smart, was like a fool when it came to relationships.

“Aren’t you afraid that the two of them will develop further?”

“So be it. It has nothing to do with me. What’s there to be afraid of?”

Chapter 773 Your Master Is Really Hard to Please

Cao Xiu’e muttered softly, “You’re really optimistic!”

Luo Xiujuan smiled. “He doesn’t belong to me to begin with, so he naturally has the right to find someone else. However, if they get together like this, I think I should be grateful about it.”

Cao Xiu’e was stunned and looked at her in confusion. “Are you running a fever? What nonsense are you talking about?”

Luo Xiujuan shook her head and chuckled. “If he loves everyone he sees, do you think I’ll want to be with him?”

“You’re right! A man like that is not worth entrusting your life to.” Cao Xiu’e gave her a thumbs up, her eyes filled with admiration.

Luo Xiujuan smiled and gently put the radishes into the pot.

At this moment, there was suddenly some noise at the door. Luo Xiujuan frowned and put down the spatula in her hand. She wiped the water off her hands and walked to the kitchen door. “What happened? Why is it so noisy outside?”

A waiter walked in anxiously. “Lady Boss, a burly man in black suddenly barged in. He said that someone wants to see you and refused to leave. That person is quite unreasonable.”

Hearing this, Qi Mingting immediately put down the potato and wiped the water off his hands. He walked to Luo Xiujuan’s side and asked with concern, “What’s wrong? Do you need help?”

Luo Xiujuan shook her head. “Someone wants to see me. I’ll go and take a look!”

“I’ll go with you!” Qi Mingting said. “That person is definitely up to no good. It’s better to be careful.”

Luo Xiujuan did not want him to follow her, but she felt that what he said made sense. She thought for a moment and nodded and said, “Then let’s go together!”

The two of them walked out of the kitchen side by side and saw a few staff members stopping the square-faced bodyguard. Luo Xiujuan immediately walked up and shouted, “Stop!”

The square-faced bodyguard did not know if Liu Xiujuan was the lady boss, but when he saw that the staff were all respectful to Luo Xiujuan, he looked at her like an eagle and said in a firm tone, “I’m looking for the lady boss of this shop. My master wants to see her. Please hurry up. My master is not a good-tempered person.”

“Didn’t your master tell you to be humble when you are asking someone to do something?”

“Who are you? How dare you talk to me like that?” The square-faced bodyguard narrowed his eyes, looking fierce.

Qi Mingting hated people who bullied others, especially those who used their power to intimidate others. He looked down on them, so his expression and tone became even colder.

“You’re just a dog. A dog should behave like a dog. If you bite the guest of your master, I think you won’t end up well.”

“You...”

The square-faced bodyguard’s face darkened, but he had to admit that what Qi Mingting said was the truth.

“Didn’t you say that your master wants to see me? Let’s go. Don’t waste time. I still have a lot of things to do here. I don’t have time to waste.”

Luo Xiujuan was afraid that the two of them would fight, so she immediately changed the topic.

The square-faced bodyguard frowned and glanced at Qi Mingting coldly before looking at Luo Xiujuan. “My master wants to see the lady boss here.”

Luo Xiujuan nodded and said calmly, "I am!"

The square-faced bodyguard said arrogantly, "Then please come with me. My master doesn't like to wait for others!"

A waiter was very displeased with the bodyguard's attitude and muttered softly, "Your master is really hard to please. One moment, she's bad-tempered, and the next moment, she doesn't like to wait for anyone. Then why is she looking for our lady boss?"

Chapter 774 Playing with Fire

Luo Xiujuan and Qi Mingting arrived outside a private room together. The square-faced bodyguard knocked on the door gently. After that, he pushed open the door and gestured for Luo Xiujuan to enter.

As for Qi Mingting, just as he was about to step in, a few bodyguards stopped him expressionlessly and closed the door.

Seeing this, Luo Xiujuan immediately became a little nervous. She looked at the three people sitting at the head of the table in the private room and pursed her lips. She suppressed the fear and asked, "I heard from your people that there's something wrong with my dishes."

She glanced at the dining table, on which all the plates were empty. Her mouth twitched. If there was a problem with the food, why did they eat it all?

"Are you Han Shi's mother?"

Liao Meifeng looked up and sized up Luo Xiujuan. Her disdainful gaze made people uncomfortable.

"You know my son?" Luo Xiujuan was stunned and asked.

Liao Meifeng smiled elegantly. "Of course we know each other. Speaking of which, we're actually related."

**

In the cave.

Under Jiang Yi's gaze, Qin Xi cut her wrist. Bright red blood slowly flowed into the big bowl, filling the surroundings with the smell of blood.

A moment later, the big bowl was filled to the brim. Qin Xi wrapped the wound on her wrist with a clean piece of cloth and said to Jiang Yi, "I need some herbs to heal the wound. Get me some!"

Her tone was very natural, so natural that it was as if the person in front of her was not a demon but a friend she had known for a long time.

Jiang Yi glanced at her coldly. "Are you ordering me around?"

Qin Xi rolled her eyes at him and raised her wrist that had just been bandaged. "I'm ordering you. I'm ordering you with my life. Please, if I don't get some healing herbs, I might die from hemorrhage. If you want to continue drinking my blood, you'd better do as I said."

With that, she snorted and walked back to the cave room without looking back. She did not forget to mutter softly, "What a big guy. What a petty person!"

Jiang Yi's eyes widened as he looked at Qin Xi's back in shock. His first reaction was that this little girl must have gone crazy from being kept in captivity here.

Otherwise, she would not have dared to talk to him like that.

Big guy?

He admitted that he was not a good person. He could even be described as an evil person who killed people wantonly.

As for being petty!

This was the first time he was called a petty person. Did this woman want to die?

After disappearing from Jiang Yi's sight, Qin Xi suddenly leaned against the wall, breaking out in cold sweat. Her beautiful face was pale at this moment, and her heart was pounding uncontrollably. Her body was tense as she panted heavily.

It would be a lie to say that she was not afraid. One had to know that that was a true demon who ate people up. He could crush her to death with a flick of his finger.

What she said just now was simply dangerous.

However, she had no choice but to take a gamble!

This was because she knew that Jiang Yi had no friends since he was young. In other words, he did not even know what friends were. He did not care about family. Otherwise, he would not have killed his grandfather.

This kind of person had a twisted mind.

Therefore, he was paranoid, cold-blooded, crazy, bloodthirsty, and brutal...

Qin Xi was just testing Jiang Yi's limits this time. In any case, he did not intend to kill her now, so she could take this opportunity to turn the tables around.

Chapter 775 Qin Xi's Tactic

Qin Xi made the right bet. Jiang Yi was indeed a lonely and a cold-blooded demon, but he was a human first. Humans had emotions, feelings, and weaknesses.

In the past few days, Qin Xi had never seen him show any other emotions. At his age, with his cultivation, it was very difficult for him to show emotions that would affect him.

She guessed that the old man who raised him but was eaten by him was a taboo topic. Otherwise, why would the old man's corpse be buried here? Moreover, this was also the place where the old man lived in seclusion back then. Actually, he had feelings for the old man from time to time, but he did not know what feelings were and would not express them.

Perhaps even the old man didn't know that the most important thing to do when raising a child was to teach the child how to be a proper person. Otherwise, once a person was apathetic to human lives, he would be a threat to society.

As for Jiang Yi's weakness, Qin Xi already knew it.

The most urgent thing was to figure out how to break the Strangulation Array. However, the Strangulation Array was not something that could be broken just because she wanted to.

Qin Xi firmly believed that no matter what kind of array formation it was, as long as the array core was found, even the ancient killing array would be easily cracked.

The idea she came up with was asking Jiang Yi to demonstrate how to deactivate the array first.

She wondered if Jiang Yi would go and get the herbs for her. If he didn't, all her efforts would be in vain.

Just as Qin Xi was feeling nervous, she felt a slight fluctuation in the surrounding air and a huge difference in the temperature.

The coldness she felt just now made her realize that Jiang Yi must have left.

Qin Xi's face darkened and she suddenly wanted to curse. She was just thinking that she had to follow Jiang Yi out so that she could see how he deactivated the array.

Now that he had gone out without telling her, how was she going to break the array?

Although he could still come back, who knew if the method to go out and enter the Strangulation Array was the same? If it didn't work, she would be trapped here forever.

Forget it, it was too late to regret. When the time came, she would see if she could figure it out herself.

Without Jiang Yi around, Qin Xi could finally check the entire cave. If there was another exit, she would not have to go through so much trouble to break the array.

Of course, what Qin Xi wanted to do the most now was to regain her cultivation. Without her cultivation, even if she ran out, she would not be able to go far. If she was caught again, who could guarantee that this guy would not eat her up?

At the thought of being eaten up alive, Qin Xi couldn't help but shiver.

Just as she was looking around, she suddenly felt something approaching. She instinctively took a few steps back, but there was a thick rock wall behind her. She had nowhere to retreat and looked warily at the empty dark room.

Actually, this eerie feeling was extremely familiar to her. It felt as if a soul was approaching. After thinking for a moment, she said to the empty person with uncertainty, "I can feel you. Are you a soul?"

Chapter 776 Communicating Through Fingertip

She narrowed her eyes and extended a finger. "If you're a soul, touch my fingertip!"

As soon as Qin Xi finished speaking, an extremely weak and even negligible chill came from her fingertip. If one did not pay attention, they would not be able to feel it at all.

Her eyes lit up and she asked tentatively, "Were you... killed by him?"

Qin Xi was delighted when she felt something on her fingertip again. However, she knew that there must be another reason why the soul was looking for her. She calmed down and asked, "Are you looking for me to avenge you? If so, touch me. If not, don't touch me!"

When she felt nothing on her fingertip, Qin Xi frowned and asked in confusion, "Not revenge? Then why..."

She suddenly fell silent as she pondered what she would want to do most in this situation if she were a soul.

After thinking for a moment, she suddenly asked, "Do you want to... go back to where you belong?"

That's right. Previously, she couldn't sense the existence of this soul body. As soon as Jiang Yi left, the soul came out. It was definitely not that it refused to leave, but there was a reason why it couldn't leave.

It was either the soul wanting to take revenge or that the soul couldn't leave.

She had just confirmed that it did not want revenge, so it must be the latter.

As expected, in the next second, a trace of coldness brushed past her fingertip, proving that Qin Xi was right.

She shrugged helplessly. "If my cultivation wasn't sealed, I could do you this little favor, but now..."

Qin Xi shook her head and made a helpless expression.

This time, the soul panicked. It circled around Qin Xi like a headless fly. If it were an ordinary person, they would definitely not feel anything. However, Qin Xi was different. She was very familiar with this feeling and was very sensitive to her surroundings because of her pregnancy.

"Don't move. Let me think of a way. Although my cultivation has been sealed, my intelligence hasn't been sealed. There are still some things I can do."

The soul calmed down. Qin Xi thought for a moment and remembered that there seemed to be a way to transmigrate souls in the Mystic Medical Technique, but this method required cinnabar and talisman paper.

In this situation, if she asked for cinnabar and talisman paper, she would most likely end up dead. Therefore, she wouldn't risk her life and her child's life for a soul.

Apart from this, she actually had another method, but this method was filled with uncertainties and she did not know if it would work.

"There is a way, but first, we have to find your bones. We don't have to find the entire skeleton. Something the size of a fingernail will do. If we can find it, your wish to leave will be half fulfilled."

Qin Xi asked, "If there is, touch me."

Her fingertip was touched.

“By the way, I forgot to tell you that I can’t get out of here. If your bone isn’t in this cave, it will be troublesome.”

However, as soon as she finished speaking, her fingertip was touched. Qin Xi was slightly stunned. “Are you saying that it’s probably still here?”

“You’re taking me to find it?”

Qin Xi thought for a moment and said, “How about this? If the direction I’m saying is right, touch me. Should I walk to the left?”

Her fingertip was not touched. Qin Xi asked, “Go right?”

There was no response. Qin Xi nodded. “Go forward?”

She immediately felt something on his fingertip.

Chapter 777 Jiang Yi’s Strangeness

Qin Xi walked until she saw a crevice on the ground. She looked around but did not see bones. She couldn’t help but ask with a confused look, “Are you sure it’s here?”

A cold feeling came from her fingertip.

Qin Xi said. “But I didn’t find it!” She looked around and her gaze landed on the crevice. She asked casually, “Don’t tell me it’s in here?”

Unexpectedly, the cold feeling came again. Qin Xi was speechless. “Is it really here? Then what should I do? I don’t have anything at hand to pick it up.”

Although she said that, she was still looking around for some kind of tools. She tried to take it out with tools, but after searching for a long time, she could only find chopsticks.

Fortunately, the crevice was big enough for the chopsticks to reach in. However, the light here was not good. She could only try her luck.

At this moment, a faint sound was heard. Qin Xi was so frightened that she almost dropped the chopsticks in her hand. She quickly calmed down and put the chopsticks back. She put on a calm front and walked out casually.

“You’re back!”

Qin Xi never expected that her casual words would have such an impact on Jiang Yi. He had been lonely for all his life. However, today, he felt for the time what it was like to have someone waiting for him to come back and say to him, “You’re back!” Although he knew that Qin Xi might have said it unintentionally, he still felt... warm inside.

Jiang Yi was absent-minded for a moment. He looked at Qin Xi, who was walking over calmly, and his Adam’s apple bobbed.

Qin Xi did not say anything. Instead, she looked at the fat rabbit in his hand and her eyes lit up. She quickened her pace and snatched the rabbit from his hand. She smiled happily and said, “Wow, that’s great. We finally have meat to eat today.”

“Do you know that I’ve lost weight in the past few days? What’s wrong with you? I have to give you blood while I’m pregnant. Even an iron man can’t withstand such torture.”

“Fortunately, my body is not bad. Otherwise, I would have been tortured to death by you. However, given that you brought back a rabbit today, I won’t blame you!”

When Jiang Yi heard Qin Xi’s complaints, not only did he not feel unhappy, but he also felt a sense of warmth.

It was like a wife waiting for her husband to come home late and complaining that he did not buy the ingredients needed for the dinner.

He knew that the woman in front of him was very different from the woman he had once eaten, but he did not expect Qin Xi to be so bold. Not only did she ask him to do something, but she also nagged at him.

Jiang Yi really wanted to know what was on Qin Xi’s mind.

“By the way, do you have chili here? I want to eat spicy stir-fried rabbit meat today. Let me tell you, the spicy stir-fried rabbit meat I make is very authentic. I guarantee that you’ll still want to eat it after eating it.”

Qin Xi acted as if nothing had happened and happily took the rabbit to clean up. There was a small kitchen in this cave. The water in the kitchen was spring water, and it was very clear and clean.

She tore off the rabbit skin, washed it, and stored it. Then, she took out the rabbit’s internal organs, washed them, and chopped them into small pieces.

The sound of metal clanging could be heard in the kitchen. Jiang Yi stood not far away and listened to Qin Xi humming an unknown song. His cold eyes inexplicably became much gentler.

Chapter 778 Demons Are Afraid of Spicy Food

Not long after, the kitchen was filled with fragrance. A pungent spicy smell enveloped the entire kitchen, making the originally dark and oppressive environment immediately smell like home.

Jiang Yi tried his best to recall the past.

Apart from that old man who used the kitchen, it seemed that she was the only one who used it. Qin Xi was probably the only person in the world who took the initiative to cook and was still very optimistic about it even though she knew that she would die!

Soon, the steaming rice and spicy stir-fried rabbit meat were done. After Qin Xi served it, she sat opposite Jiang Yi, as if he was not a man-eating demon but her family.

She picked up her chopsticks and picked a piece of rabbit meat for him. Then, she picked a piece for herself and stuffed it into her mouth.

It was a little hot and spicy. When she ate it, she was afraid that it would burn her lips. She pouted slightly and bit the meat with her teeth carefully, hissing from time to time as she fanned herself with her small hands.

“It’s so spicy!”

Seeing that her face was red and her eyes were narrowed with excitement, Jiang Yi frowned and stiffly picked up the fragrant rabbit meat Qin Xi had just picked for him.

As soon as the rabbit meat entered his mouth, he was taken aback by how spicy it was. The spiciness spread throughout his body, and his throat felt like it was on fire. He couldn't help but cough, immediately attracting Qin Xi's attention.

"Are you afraid of spicy food?"

There was a hint of disdain in Qin Xi's eyes. Although it only lasted for a moment, Jiang Yi caught it.

Jiang Yi's face darkened, and the surrounding temperature seemed to have plummeted by more than ten degrees. Qin Xi was now an ordinary person and was pregnant. How could she withstand this harsh environment? Her face turned pale, but she shivered uncontrollably.

"Hey, take care of the pregnant woman. If you do this a few more times, I'll die. Seriously, you're so petty as to hold a grudge just because I asked a harmless question!" Qin Xi knocked his bowl with her chopsticks and glared at him.

Qin Xi had a baby face to begin with. Coupled with the fact that she was usually smiling, she looked especially cute even with a straight face and a fierce look.

Of course, if Jiang Yi knew that Qin Xi was pretending and even wanted to take the opportunity to kill him, he probably wouldn't think that she was cute.

Jiang Yi probably realized that he had overreacted. He retracted his aura and ignored her. He lowered his head and focused on eating the dishes on the plate. The more he ate, the more he felt a burning pain in his stomach. The spiciness kept attacking his nerves, and even his throat became dry and painful.

Seeing this, Qin Xi smiled evilly.

She knew that Jiang Yi was afraid of spicy food. Although giving him spicy food wouldn't kill him, at least she would feel better after making him suffer a little.

This meal was the most delicious Qin Xi had ever eaten here. After eating, she patted her bulging stomach in satisfaction and sighed. "Ah ~ I'm finally alive. Sigh... next time you go out, remember to bring some back. You should be able to catch other wild animals, right?"

Qin Xi pretended not to see Jiang Yi's livid expression and picked up the dirty bowl and chopsticks to go to the kitchen.

After Qin Xi left, Jiang Yi quickly put down the bowl and chopsticks and circulated his internal force to suppress the spiciness in his mouth and stomach. Although it was effective, the numbing feeling was still there.

He wanted to go and drink some water to alleviate the numbness, but Qin Xi was in the kitchen. If he went to drink water, he would definitely be laughed at by her. At the thought of this possibility, Jiang Yi's face darkened.

Chapter 779 Change Of Mentality

After making fun of the demon, Qin Xi began to think about the bones in the crevice again. Previously,

she could vaguely tell that what fell in the crevice was probably a finger. Perhaps Jiang Yi accidentally dropped it into the crevice when he was chopping someone up.

At night, Qin Xi tossed and turned, unable to fall asleep. She knew that although Jiang Yi seemed to be asleep, he would immediately wake up at the slightest movement.

How to send the soul away gave her a huge headache.

The next day, she came to Jiang Yi expressionlessly and threw her coat in front of him.

She said righteously, "Hey, I've been wearing this coat for more than a week. It's dirty and smelly. I don't want to wear it anymore. If you don't buy a new one for me, you have to give me your clothes to wear."

In short, Qin Xi wanted to cause him trouble. Since she couldn't do anything to him, she could only disturb his cultivation.

Actually, she still wanted a set of underwear, but how could she say such an embarrassing thing to Jiang Yi? She could only hint at him.

Unfortunately, Jiang Yi was clueless. He would never understand what women were thinking. Qin Xi did not expect this.

Therefore, although Jiang Yi felt that this woman was noisy and troublesome, he still took out a lake-blue robe from the pile of clothes.

Qin Xi was only 172 centimeters tall. Because of the technique she cultivated, she had grown by three centimeters. Even so, she still looked very petite in front of Jiang Yi, who was 185 centimeters tall.

When Qin Xi put on this robe, even Jiang Yi, who had always been expressionless, couldn't help but smile.

Qin Xi tried to take two steps. She accidentally tripped and almost fell. She was so angry that she quickly took off the robe and returned it to Jiang Yi. "No, it's too big. I can't even walk properly. Buy me a new one."

Her attitude was like a girlfriend asking her boyfriend to buy something for her. Jiang Yi felt strange. However, it only lasted for a moment.

He felt that Qin Xi was really bold to actually order him to buy clothes for her. If it were in the past, he would definitely skin this reckless woman alive.

However, Jiang Yi's mentality had changed. It felt like someone had finally treated him like a normal person. The people he caught in the past were all afraid of him and did not even have the courage to look him in the eye, let alone be as impudent as Qin Xi.

However, it was also possible that Qin Xi did not know him very well, which was why she was so bold as to order him around. If she knew that he was a cold-blooded murderer, would she cower in the corner in fear like those people in the past?

At that time, he wondered if she would still dare to speak to him like that.

At the thought of this, Jiang Yi's expression darkened. He stood up without saying a word and instantly rushed out of the cave.

Chapter 780 Let's Talk

Qin Xi stood rooted to the ground in confusion, not understanding why this man was so unpredictable.

Was he really going to eat her up? Qin Xi's heart skipped a beat. Could it be that she had crossed his bottom line by saying something?

Recalling what she had just said, she muttered in confusion, "No, I didn't say anything too offensive. What's wrong with him? It's really strange!"

Then, she suddenly thought of something and patted her forehead again. She said in frustration, "Oh no. I didn't pay attention to how he left the strangulation array again."

As soon as Jiang Yi left, Qin Xi sensed the soul again. She raised her eyebrows. "You came out as soon as he left. Are you that afraid of him?"

After she asked, the soul touched her finger. Qin Xi understood that it had admitted it.

However, Qin Xi frowned in confusion and said, "He shouldn't be able to see you. Why are you afraid of him? Could it be that... he can sense you around him like I can?"

Qin Xi was enlightened when she felt a touch on her finger. "I see!"

Although Jiang Yi could not see souls, his cultivation level allowed his perception to reach the level where he could control the natural air fluctuations around him. The dense murderous aura on his body had already affected these souls.

"Alright, while he's gone, I'll try if I can send you away."

Qin Xi found three wooden sticks and placed them around the crevice before lighting them up. On the wooden stick, she drew a circular triangular pattern with water.

After drawing, Qin Xi took a deep breath and closed her eyes to focus. She chanted something and quickly formed hand seals with her fingers.

However, nothing happened.

Seeing that it didn't work, Qin Xi gritted her teeth and continued to make the seal. She tried so hard that her forehead broke out in sweat.

Just as she felt that this method was not going to work, the triangular pattern suddenly emitted a faint light. Although it disappeared in a flash, Qin Xi knew that she had succeeded.

Right on the heels of that, the dark stone room returned to normal.

Qin Xi was drenched in sweat. Her hair was wet and stuck to her skin. She lay on the cold ground in a sorry state.

After taking a few deep breaths, she was about to stand up when she suddenly felt something strange in her body. She was slightly stunned and suddenly smiled.

**

On the other side, in the Breeze Villa in Luoping City.

For the past few days, Luo Xiujuan had been absent-minded. When she thought of Liao Meifeng's words, she felt an unprecedented sense of danger.

Just as Han Dazhu and Blackie went out, it suddenly started to drizzle. This was the first rain after the new year. Blackie was extremely excited, but Han Dazhu did not want to get wet, so he came back to get an umbrella. Han Dazhu called Luo Xiujuan's name a few times, but Luo Xiujuan did not seem to hear him.

In the end, Blackie barked, startling Luo Xiujuan. Only then did she react and ask, "Dad, what's the matter?"

Seeing that something was wrong with her, Han Dazhu opened the door and said to Blackie, "Blackie, go out and play on your own!"

Blackie barked at him and ran out happily.

After Blackie left, Han Dazhu changed out of his slippers and slowly walked to the sofa to sit down. Luo Xiujuan pursed her lips and quickly made a cup of tea for the old man. "Dad, have some tea!"

Han Dazhu blew at the tea leaves but did not take a sip. "Xiujuan, let's talk!"
