

Mysterious 781

Chapter 781 Returning to the Family

Luo Xiujuan sat opposite the old man and asked hesitantly, "Dad, what do you want to talk about?"

"Sigh, it's not what I want to talk about, but what you want to talk about."

Han Dazhu placed the tea in his hand on the table and looked at her like an old father. "All these years, you've suffered a lot in the Han family. Be it my son's death or Stone's brain damage, they all caused you great pain. You've always taken care of our family. To be honest, I've long treated you as my daughter. If you have anything to say, just tell me!"

"Dad, I..."

Luo Xiujuan thought that Han Dazhu had noticed something and her expression changed. She clenched her fists nervously, but what she wanted to say was stuck in her throat.

Han Dazhu waved his hand. "Xiujuan, don't be nervous. I don't mean anything else. Stone is already so old. It's time for you to seek a new life."

"Look ahead. You're still young and have to think for yourself. If you have the intention of starting another family, I won't interfere. You are my daughter. This will be your family. I won't let anyone bully you."

When Luo Xiujuan heard Han Dazhu's words, she immediately heaved a sigh of relief. She knew that the old man had misunderstood, but she did not explain. She was touched and shook her head. "Dad, I'm not in the mood to date now. Let's talk about this when I meet a suitable man!"

Han Dazhu said with a straight face, "I heard that Qi Mingting is very interested in you. Even Xi said that he's a good person. What else are you dissatisfied with?"

"Dad, it's not that I'm dissatisfied with him. I just don't want to date now. Although President Qi is a good person, I... don't have that feeling towards him!" As she spoke, the scene of Qi Mingting and Wang Cailian talking and laughing and looking at each other affectionately appeared in Luo Xiujuan's mind for some reason, making her feel uncomfortable.

Seeing that she was indeed not lying, Han Dazhu waved his hand. "Forget it. Make your own decision. Anyway, I'll support you no matter what you choose. Don't feel burdened!"

"Got it, Dad!"

Seeing that Han Dazhu's expression softened, Luo Xiujuan pouted. She wanted to tell Han Dazhu what Liao Meifeng said, but after thinking about it, she decided to discuss it with Stone first. After all, Han Dazhu was old. He would definitely be agitated when he heard it.

Therefore, the next morning, Luo Xiujuan called Han Shi.

Seeing the number, Jiu Yuan quickly attached himself to Han Shi.

He rubbed the space between his eyebrows to calm down and gestured at Blood Stealer to keep quiet. He then picked up the phone and imitated Han Shi's tone. "Hello?"

“Stone, it’s Mom! Can we talk now?” Luo Xiujuan’s voice sounded solemn.

“Mom, go ahead. I don’t have anyone here!” Jiu Yuan said.

Blood Stealer wiped his nose awkwardly.

“It’s like this. A few days ago, a woman came to look for me. She told me that your grandfather is actually from the Han family in the capital and wanted to ask me if I should get you to go back and acknowledge your family member.”

Chapter 782 Cultivation Recovered

Jiu Yuan sneered and mocked, “They actually have the cheek to come and say that? Mom, don’t believe those people. They’re the children of a concubine of the Han family.”

“They also came to look for Xi twice, and their attitude was arrogant and domineering. One of them wanted Xi to kill me, and the other wanted me to divorce Xi. Why should I go back to a family like that?”

“The capital is their territory. We’re unfamiliar with it. If anything happens, do you think the Han family will care about us?”

Luo Xiujuan was furious. “What? Did they really say that? Ridiculous. I wanted to persuade you to acknowledge your real family, but I didn’t expect them to be so despicable.”

Jiu Yuan said, “That’s why you don’t have to worry about this matter. They can say whatever they want. If they come to bother you again, get Saber and the others to chase them out.”

“I understand. If I had known that they were such people, I wouldn’t have given them a free meal that day,” Luo Xiujuan muttered angrily.

“What’s there to be angry about? I’ll settle the score with them sooner or later!” A cold glint flashed across Jiu Yuan’s eyes.

Qin Xi had said that she would go to the capital one day. At that time, she would settle the score with the Han family.

However, Jiu Yuan did not know when Qin Xi would come back. Also, he had to keep Han Shi alive. If Qin Xi came back and found out that her husband was dead, who knew what would happen!

**

In the cave.

When she found out that her mystic medicine technique had returned, Qin Xi was overjoyed.

Although it was returning at a rather slow speed, it was better than nothing.

However, in order not to be noticed by Jiang Yi, she could only seal her cultivation and release it at the critical moment.

Jiang Yi would be at his weakest during the full moon period. She had to conserve her energy and make Jiang Yi lower his guard against her. Between her and Jiang Yi, one had to die. Qin Xi had to be prepared for the worst.

Now, while Jiang Yi was not around, she only wanted to take a shower. During this period of time, she had not taken a shower and felt uncomfortable all over. It was as if there were little bugs crawling on her body.

She was afraid that Jiang Yi would suddenly come back. Although the possibility of that happening was slim, to be on the safe side, Qin Xi took a quick shower.

However, in the next second, she was very glad that she didn't shower for too long, because the moment she turned around, Jiang Yi was already standing behind her, catching Qin Xi off guard.

"When did you come back?" Qin Xi suddenly remembered something and looked at Jiang Yi fiercely. "No, what did you see just now..."

She looked like as long as Jiang Yi said anything she didn't want to hear, she would go up and bite him to death.

However, what Qin Xi did not know was that Jiang Yi was a little mesmerized by the scene of her coming out of the shower. However, he never revealed his emotions.

For some reason, Jiang Yi had been celibate for more than a hundred years. It was not that he did not want a woman, but with the technique he cultivated, once he touched a woman, he would suffer a backlash and his cultivation would go down the drain.

Therefore, he decided to live in seclusion here and not see any women. Most of the people he brought back were men. As for women, only those with fresh blood would be chosen by him. Appearance was secondary.

Qin Xi was an exception!

Chapter 783 Nemesis

Jiang Yi looked at Qin Xi deeply and turned to leave. Of course, before he left, he dropped a bag on the ground. Qin Xi guessed that it must be the clothes he had bought for her.

She was right. It was indeed new clothes. However, she couldn't appreciate the flowery clothes Jiang Yi bought.

Qin Xi had no choice. Even if it was flowery, she could only bite the bullet and wear it. After changing, Qin Xi was in a dilemma again. She had new clothes, but she was still wearing the same undergarments.

If she washed it, there would not be a place to dry it. Not only that, but after washing it, she had nothing to wear underneath...

Forget it. As long as she could last until the night of the full moon, everything would be over.

At the thought of this, Qin Xi immediately pulled herself together.

They only had vegetables for dinner. Qin Xi looked at the green vegetables in disdain and kept muttering to Jiang Yi, "I'm pregnant now and have to keep up with the nutrition. If you give me this, what if the child has health problems?"

“There’s no meat at all. I’m already two months pregnant. Aren’t you ashamed? You’re a man, but you can’t even support a pregnant woman. Aren’t you afraid of being laughed at?”

“Also, your taste is really bad. Look at my clothes. I wonder if you stole an old lady’s clothes and gave them to me. They’re so ugly!”

“And this house. What kind of dilapidated place is this? It’s cold and damp. Don’t you get rheumatism?”

Hearing Qin Xi’s chatter, the veins on Jiang Yi’s forehead bulged. His expression became more and more ugly, and he felt more and more aggrieved.

In the past, the people he brought back would be killed if they dared to breathe too loudly. However, not only did the person in front of him order him around righteously, but she also despised him, reprimanded him, and was arrogant. She had completely forgotten that she was a captive.

From the corner of her eye, Qin Xi could already tell that Jiang Yi was suppressing his anger. She would not push too far and knew when to stop.

After finishing the meal, she wiped her mouth in satisfaction. Before leaving, she added, “Remember to wash the dishes!”

Jiang Yi still had the appetite to eat some more, but when he heard this, he put down the bowl heavily.

However, what made Jiang Yi even more speechless was that he actually did as he was told. When he placed the bowls and chopsticks in the kitchen, he held his forehead and glanced in Qin Xi’s direction before leaving the cave with a gloomy expression.

Qin Xi sat up on the stone bed and shouted, “Hey, where are you going?”

Although Jiang Yi had already walked far away, the echoes in the cave were very loud. He did not want to respond at first, but after thinking about it, he decided to respond.

Hence, he shouted back, “To buy clothes.” Recalling what Qin Xi said about the clothes being ‘ugly’, he added, “Beautiful ones!”

Qin Xi held back her laughter, but her cheerful voice still betrayed her. “Oh, remember to hunt for some food. I want to eat meat. Without meat, there will be no blood. It’s up to you!”

Jiang Yi felt that this woman was the greatest nemesis in his life. “Got it!”

Chapter 784 If You Don’t Follow the Rules, I’ll Look Down on You

After Jiang Yi left, Qin Xi released her cultivation again and washed her underwear at an extremely fast speed. She dried them with her power and put them on.

It only took five minutes for everything to be done.

Her cultivation recovered very quickly and she already had half of her original cultivation. Just in case of being discovered, she sealed her cultivation and did not dare to use it again.

Just like that, Qin Xi angered Jiang Yi from time to time. At first, Jiang Yi would be triggered, but later on, he got used to it. Moreover, because Qin Xi was pregnant, he decided to take her blood every five days instead of three days. This was good news for Qin Xi.

May arrived very quickly. Qin Xi sat on the stone stool and looked ahead at the beautiful scenery that stretched out as far as the eye could see.

Her eyes were a little dim, and her mind was filled with the image of Han Shi.

While she was trapped in this cave, not a single day went by without her missing Han Shi.

She wondered how he was doing now. Did he know that she was missing? Jiu Yuan definitely wouldn't be able to keep the secret from Han Shi for long. She hoped when he found out she was missing, he wouldn't come looking for her.

Although she was now held in captivity, she wasn't suffering. Of course, this was also because she was 'obedient'. If she challenged Jiang Yi and he got angry, she might die.

Although she looked calm on the surface, every time she talked back to the demon, her back would be drenched in sweat.

Qin Xi touched her slightly bulging stomach and a trace of worry flashed across her eyes. She hoped that this life would end on the day of the full moon...

**

Time passed quickly. In the blink of an eye, there was only a day before the full moon. As usual, Qin Xi said that she wanted to eat meat. However, much to her surprise, Jiang Yi disagreed.

Qin Xi did not dare to insist lest the demon noticed something abnormal. She couldn't afford to make a mistake at all. She prepared a delicious dish made of spiritual herbs and the two of them ate in silence.

After dinner, Jiang Yi put down his bowl and chopsticks and explained, "I have something on tonight and won't be coming back!"

Qin Xi pretended to not know and subconsciously asked, "Where are you going to do?"

Jiang Yi glanced at her sinisterly to warn her to not ask what she shouldn't.

Qin Xi pouted. "If you don't want to tell me, then don't. It's not like I care about it! However, can you buy me a few books? I'm bored out of my mind here. I need something to kill time."

Jiang Yi agreed and immediately nodded and said, "Sure."

Just as Jiang Yi was about to leave, Qin Xi seemed to have thought of something and suddenly stopped him. "Hey, wait a moment. I'll go get something for you. Hmm... Take it as your reward for buying things for me!"

As she spoke, Qin Xi walked into her cave room without waiting for Jiang Yi to reply.

Jiang Yi looked at Qin Xi's departing figure and his gaze landed on the bowl of soup he had just drunk. The corners of his mouth suddenly curled into a terrifying smile.

When Qin Xi came out, she was holding something in her hand. Jiang Yi couldn't see what it was, but he saw the tassel hanging down from her palm. Moreover, that tassel looked familiar.

Suddenly, he seemed to have thought of something. There was such a tassel on the side of the dress he bought Qin Xi previously. His eyes immediately turned cold.

Qin Xi handed him something wrapped in cloth. "Here, this is for you. You can't open it now. You can open it when you go out. If you don't follow the rules, I'll look down on you."

Jiang Yi took the thing and took a deep breath. "Alright!"

Chapter 785 Wood Carving

Looking at Jiang Yi's departing figure, Qin Xi finally heaved a sigh of relief. She sat on the chair, her hands trembling slightly. It was obvious that she was extremely nervous and afraid.

Her gaze landed on the soup that she had not drunk much. She was a little worried. Although she did not drug or poison the soup, there was something very lethal in it. Perhaps even Jiang Yi did not notice it.

Of course, even if he found out, it would be too late. As long as he drank it, Qin Xi believed that her plan would be half successful.

The accessory she gave Jiang Yi just now was actually a small thing she had carved out in her free time. It was not what was really important. What was important was that there was a tracking talisman and a detonation talisman drawn on the carving.

She did not know if Jiang Yi would find out. If he did, the consequences would be unimaginable. If he did not, she would have some hope of escaping.

After all, she was helpless against this Strangulation Array. If she could trigger the trap she set up when Jiang Yi was at his weakest, then... her chances of winning would increase by roughly 30%.

Qin Xi closed her eyes and took a few deep breaths to calm herself down. She came to the Strangulation Array and began to study how to break it bit by bit.

As the name suggested, the Strangulation Array focused on strangulation. Moreover, not only did this array formation have an offensive effect, but it also had a hallucinatory effect. It was very difficult for ordinary people to not get affected.

However, as long as one's cultivation level was higher than the person who set up the array formation and their mental strength was stronger, this array formation would not pose any threat to you.

Qin Xi stayed in front of the Strangulation Array for the entire night. Countless methods flashed across her mind, but she rejected them all.

At dawn, she sighed helplessly with a shake of her head. She turned around and returned to the kitchen to make a bowl of noodles. After eating it, she continued to study the Strangulation Array.

She did not have time to rest. Tonight was the night of the full moon. Jiang Yi would be at his weakest. If she did not take the opportunity to get rid of him, she would die sooner or later...

As time passed, more and more cold sweat broke out on Qin Xi's forehead. She couldn't be bothered to wipe it away. She looked at the sun in the sky from time to time to tell the time.

However, the Strangulation Array was an ancient array after all. If it could really be broken so easily, it would not be called an ancient array.

Qin Xi studied it for the entire day but to no avail. It was not until night fell that she stood up with a pale face.

She gently rubbed her throbbing temples. When the dizziness disappeared, her face regained color.

Qin Xi rubbed her neck and looked at the bright moonlight in the vast sky with a solemn expression. Her eyes were filled with worry. "It seems that I can only place my hopes on the thing in the soup..."

On the other side, Jiang Yi looked at the full moon in the sky and felt the loss of his cultivation and the intense pain all over his body. He held the trinket Qin Xi gave him, his veins bulging.

This small wooden carving looked like him, but Qin Xi's carving skills were really bad. It was like the scribble of a one-year-old. It was so ugly that it was unbearable to look at.

However, Jiang Yi did not throw it away. Even though he knew that there was an inexplicable energy on it, he still carried it with him. After all, this was the first time he had received a gift in his life, even if the gift was worthless.

Of course, he also wanted to see what Qin Xi was up to.

Chapter 786 Failed

Jiang Yi placed the wooden carving by his feet and staggered towards the defensive array formation while enduring the pain all over his body. Ignoring the fact that his cultivation was quickly draining away, he sat cross-legged and closed his eyes with a pale face.

Actually, after so many years, he was already tired of this life. Every month, he would suffer a backlash, kill people non-stop, and cultivate without knowing what it was for.

He did not know why he kept walking down this path. At first, he wanted to be strong and not be bullied, but gradually, he became addicted to power.

However, as time passed, he slowly became numb and lonely, as if his heart had died. He had no goals and knew nothing other than cultivating. He was afraid that if he stopped cultivating, he would lose his direction. Once he lost his direction, it was like losing his eyes and he would be surrounded by darkness.

Jiang Yi groaned in pain. Although he had experienced countless times, the pain was still heart-wrenching. He could even hear the cracking sound of his bones breaking.

"Pfft!"

Jiang Yi suddenly spat out a mouthful of blood, dyeing his clothes red.

At this moment, Jiang Yi's internal organs were constantly shifting positions. Strange runes occasionally appeared on his dantian. These runes wrapped around him like poisonous snakes.

He could even clearly feel his consciousness becoming more and more blurry, as if it would dissipate at any moment.

He was currently as weak as an ant. Anyone could crush him to death. He could not even move a finger.

Jiang Yi panted with all his might and forced his eyes open. He wanted to say something to ease his anxiety, but what came out was another mouthful of blood.

For no reason, that pretty face appeared in his mind. Jiang Yi was distracted and forgot the pain in his body for a moment.

He did not understand what was so good about Qin Xi. She had a bad temper, bad looks, and a sharp tongue. There seemed to be nothing he liked about her, but in just a month, he couldn't forget about that face.

Could it be that there was something wrong with the bowl of soup he drank before coming out?

The pain overwhelmed him again, making him unable to think too much.

Jiang Yi fell to the ground in pain. His forehead was covered in cold sweat, his lips were dry, and his face was as pale as paper, as if he could die at any moment.

At this moment, a loud explosion sounded. Jiang Yi opened his eyes with difficulty and saw a huge mushroom cloud rising. His defensive array formation actually cracked.

However, when he saw that the explosion came from the place where he left the small wooden carving, he seemed to have thought of something and shook his head with a smile.

"As expected... that woman wants me dead!"

If it were in the past, he would not have been so surprised. After all, it was only right for his captives to hate him. However, Qin Xi was different. He indulged her so much and doted on her, but she still wanted to kill him.

If he had taken the wooden carving into the defensive array just now, he would probably be blown up by now.

A cold glint flashed across Jiang Yi's eyes.

He clenched his right fist and trembled slightly, as if he was restraining something. After a long while, he suddenly roared at the sky.

"Ahhh..."

The moment the wooden carving exploded, Qin Xi knew that she had failed. Her already pale face turned even paler, as if a thin layer of snow was covering it. She pursed her lips and bit her lower lip.

Chapter 787 Kill Her and Eat Her!

Qin Xi looked at the full moon. This was the most critical moment. She understood that since she had already failed the first time, it wouldn't matter if she failed a second, a third, or even a fourth time.

Thinking of this, she sat cross-legged and closed her eyes, muttering something to herself. Then, she quickly took out the Chain of Darkness. The Chain of Darkness had a richer dark energy in it than before. It wrapped around Qin Xi, as if it wanted to protect her.

Dark energy surged out continuously. Qin Xi could also feel the surging energy inside. The Chain of Darkness kept circling above her head. It was getting faster and faster, and more and more dark energy gathered. In the end, the dark energy drowned Qin Xi.

With that, she said, "On!"

Suddenly, the dark energy instantly lit up, dyeing the air around Qin Xi with a strange black light. Then, a powerful pressure spread out from Qin Xi's body.

"Burn!"

Qin Xi suddenly opened her eyes. The dark fire that she had found a way to send out was instantly ignited. In the defensive array formation a hundred miles away, Jiang Yi's already weak body was in even more pain. He felt as if his entire body was being corroded by something.

However, this was only the beginning. The dark fire devoured the vitality in Jiang Yi's body even more crazily.

This was the fire seed that Qin Xi had put into the bowl of vegetables she made in the morning. Yes, it was the fire seed of the Chain of Darkness. If the seed was gone, the dark fire would completely disappear.

Qin Xi's idea was very bold, but she had to take the necessary risk if she wanted to survive.

At this moment, Jiang Yi felt an unprecedented sense of danger.

This sense of danger made him feel like he would be annihilated in the next second. However, he was defenseless against the dark fire now.

Qin Xi had betted everything on the dark fire. If she could use the dark fire to catch Jiang Yi off guard and kill him, she could escape. If she was discovered or failed, not only would the fire seed be taken away, but she would also be eaten.

The dark fire only burned for a few seconds, but Qin Xi was already so exhausted that she was drenched in sweat. However, she still gritted her teeth and endured it.

Jiang Yi did not have a good time either. His body was in so much pain that it felt like it was about to explode. Every inch of his skin felt like it was burning, and even his bones were being corroded. His vision gradually became blurry, but he was still very conscious.

He wanted to find the thing that was eating away at him, but it was already very difficult for him to even move his fingers, let alone suppress the dark fire.

Jiang Yi never expected that the woman who pretended to be simple-minded would actually have so many tricks up her sleeve. He was almost deceived by her...

Indeed, no woman could be trusted, just like the woman who abandoned him after giving birth to him. He really regretted not killing her and eating her!

Chapter 788 A Blessing in Disaster

However, no matter how much Jiang Yi regretted it, he could feel his vitality quickly disappearing. At this moment, he was helpless.

Suddenly, scenes of his life appeared in his mind. He could have lived a carefree life. However, ever since he accidentally discovered that he was an orphan and that his grandfather was not his biological grandfather, he had completely changed.

Perhaps because he was afraid of being abandoned again, he was a little extreme in everything he did, so much so that he ended up becoming a demonic cultivator.

When his body disappeared bit by bit and turned into wisps of pure spiritual energy that floated into the distance, the pain brought about by the backlash dissipated bit by bit.

Since he could not change his fate, he would accept it. In the end, he looked at the full moon in the sky with reluctance and smiled evilly. "Forget it. I've done many evil things in my life. It's time for me to go to the netherworld to meet those people I killed. As for you..."

Qin Xi's face appeared in his mind, and his eyes were cold. "With you going to the netherworld with me, I won't be lonely."

Jiang Yi was dead!

Before dying, he thought that as long as the strangulation array was still there, Qin Xi would eventually be trapped to death in the cave.

However, little did he know that Qin Xi's dark fire had the ability to devour one's memories. It was actually similar to the evil technique he cultivated. This time, he lost completely.

His treasures were all taken away by Qin Xi. His death even allowed Qin Xi's cultivation to break through to the seventh level.

The seventh level of the Mystic Medical Technique was equivalent to the level of a grandmaster in ancient martial arts. Even the previous owner of the Mystic Medical Technique had only cultivated to the eighth level, which was the level of an Earth Immortal in ancient martial arts. It could be seen that Qin Xi had made a killing this time.

Qin Xi took a shower and changed into clean clothes. After washing up, she took out the treasures Jiang Yi had saved over the past hundred years.

Seeing these rare treasures, she immediately felt that one month of being held in captivity was not all in vain. She took them all with a smile and came to the strangulation array.

Before this, she used to think that the strangulation array was an insurmountable obstacle, but now, she could break it with a wave of her hand. Qin Xi only wanted to describe this feeling with one word: satisfying.

When she came out, Qin Xi first closed her eyes and took a deep breath of the fresh air. Then, according to Jiang Yi's memory, she came to the defensive array. Looking at the clothes and shoes scattered in the array, Qin Xi quickly squatted down to search for something.

When an ordinary black ring appeared in her field of vision, Qin Xi picked it up excitedly.

This was a storage ring, just like the one Han Shi had found in the Yin family. However, its space was larger than Han Shi's. Moreover, the things inside were all rare treasures and materials that Jiang Yi had snatched from large sects in the north and south.

All of this now belonged to her.

Chapter 789 Then I'll Kill Them

Putting on the storage ring, Qin Xi was in an extremely good mood. She deactivated the defensive array and flew away like a butterfly.

In the blink of an eye, she was already on the treetop a hundred meters away. Then, she tapped her toes and jumped again, arriving a hundred meters away...

From Jiang Yi's memory, Qin Xi learned that this was Qinghai City, only a city away from Yunbei. However, Qin Xi did not plan to go to Yunbei. Instead, she went to Qinghai City to make a call home. After all, she had disappeared for so long. Han Shi must be worried sick.

At the thought of this, she sped up and left the primitive forest mountain range in 40 minutes.

When she arrived on the road, Qin Xi calmed herself down and waited for a car.

Although she could continue to fly, she was unfamiliar with this place after all and decided to hitch a ride first.

After waiting for about 20 minutes, a car finally drove over. When Qin Xi saw the lights, she waved her hand, trying to stop the car a hundred meters away.

Because it was dark, the driver did not see Qin Xi. Of course, when the driver approached, he did see Qin Xi, but he pretended not to see her. He stepped on the accelerator and swooshed away.

Qin Xi stopped waving her hand and put it down, waiting for the next car to pass.

After waiting for the second car for nearly half an hour, Qin Xi waved her hand again and a minivan stopped beside her.

The window of the front passenger seat was lowered, and a fat middle-aged man sized Qin Xi up with a lecherous gaze.

Seeing that Qin Xi was all alone in the middle of nowhere, he immediately had evil thoughts.

"Little girl, do you want a ride?" His tone was like that of a wolf's grandmother.

A trace of disgust flashed across Qin Xi's eyes, but at the thought of how few cars there were at midnight, she could only smile politely. "Uncle, are you going to Qinghai?"

The man's smile froze. He called Qin Xi "little sister", but Qin Xi called him "uncle". This was simply a slap on his face.

The driver was also a man. This man had a beard and his voice was as rough and wretched as his appearance.

"Qinghai, yes. We are going to Qinghai. If you want a ride, get in the car. Don't waste time."

The corners of Qin Xi's mouth curled up. "In that case, thank you!"

As she spoke, she opened the car door and got in. The car was very dirty and the air was filled with an unpleasant smell that made people frown.

She glanced around casually and realized that there was another woman sitting in the backseat. The woman was wearing a loose dress, revealing a large portion of her snow-white skin. She had her arms crossed and her head lowered, as if she had fallen asleep.

However, Qin Xi knew that this woman was not sleeping but unconscious. There was also a faint smell of knockout drops on her body.

“How should I call you, young lady? Why are you going to Qinghai? Also, why are you here alone in the middle of the night? What if you run into bad people?”

The fat man in the front passenger seat asked three questions in a row. His tone was filled with concern, but his eyes were lustful.

Qin Xi chuckled. “Run into bad people? If I really run into bad people, then...”
With a whoosh, a dagger appeared in her hand. Qin Xi said casually, “Then I’ll kill them.”

Chapter 790 They’re Bad People

Seeing Qin Xi take out a sharp dagger, the fat man and the bearded man trembled and their faces turned pale.

A trace of fear flashed across the fat man’s eyes as he said with a trembling voice, “Young, young lady, you, you, you don’t have to use violence. We, we, we can talk things out.”

The bearded man was so frightened that he broke out in cold sweat. His foot that was stepping on the brakes kept trembling, and the car rocked along the way as if it was broken.

Qin Xi smiled innocently and put the dagger back into her pocket. She patted her pocket and said, “Don’t worry, I said that I’ll only use the dagger when I run into bad people. You don’t have to be afraid, unless you are bad people.”

“Good people, we’re definitely good people. You can find better people than us!” The bearded man and the fat man said in unison.

Qin Xi smiled and said, “That’s right. Since you’re good people, I naturally won’t do anything to you.”

The bearded man and the fat man looked at each other and immediately wiped the cold sweat off their foreheads. Then, their eyes flickered with a meaningful light.

The two of them had known each other for a long time and understood what each other meant with just one look. On the way, they remained silent.

The car quickly drove into Qinghai City. At midnight, Qinghai was still brightly lit. The neon signs on both sides of the street emitted colorful lights.

Qinghai City was a first-tier city, so it was naturally bustling.

Just as Qin Xi was admiring the night scenery outside the window, the car suddenly stopped. The two men seemed to have whispered something to each other and quickly got out of the car. Then, they shouted, “Someone, help! There’s a murderer here. Help!”

Qin Xi was stunned for a moment before the corners of her mouth twitched. She did not expect these two idiots to drag her to the Police Station. Had they forgotten that there was an unconscious woman in their car?

Or were these two idiots trying to pin the kidnapping on her?

Qin Xi pursed her lips and slapped a talisman on the unconscious woman to dispel the effect of the knockout drops. The woman slowly opened her dazed eyes.

She seemed to have recalled something and immediately revealed a panicked expression. Just as she was about to open her mouth to scream, Qin Xi made a shushing gesture at her. "Shh, don't shout. We're in the Police Station now. Did those two men drug you?"

Qin Xi pointed at the two men who were shouting for help outside the car.

The woman subconsciously looked over and the scene before she fainted immediately surfaced on her mind. She looked even more panicked and nodded heavily.

Seeing this, Qin Xi heaved a sigh of relief. Fortunately, the woman was not muddle-headed. She said with a smile, "I think they want to pin the crime of kidnapping on me."

The woman was in disbelief. "Huh? This..."

From the corner of her eye, Qin Xi saw seven or eight police officers running out. She said to the woman, "Alright, the police are out. You know what to say when they ask you questions later!"

"Don't worry, these two bastards are too despicable. I almost fell into their trap. I'll answer the questions truthfully." The woman gritted her teeth and clenched her fists in hatred.

"Get out!" The police officer knocked on the door.

Qin Xi opened the car door and got out. She pointed at the bearded man and the fat man with tears in her eyes.

"They're bad people. Catch them..."
