Chapter 791 What Happened to Stone?

The bearded man and the fat man immediately panicked. They pointed at her and complained loudly, "She has a dagger on her. We were kind enough to give her a ride, but she threatened us with the dagger. What we said is true. If you don't believe me, you can search her body."

Qin Xi blinked her innocent eyes and said, "I don't have a dagger on me. On the other hand, they kidnapped a woman. She's in the car!"

"Bullsh*t. You, you're accomplices. You want to use your beauty to seduce us!" The fat man retorted. Qin Xi underestimated how shameless they were. With their looks... why would she seduce them?

The police officers also looked at the fat man. The disbelief in their eyes made the fat man want to dig a hole to hide out of embarrassment. However, he still straightened his neck and said, "Believe me. I have money. They are definitely after my money. Fortunately, my brother and I are smart. Don't just stand there and watch. Hurry up and arrest her!"

"After your money?"

Qin Xi took out a palm-sized emerald jade token from her storage ring. This was the least valuable item in the storage ring.

"I don't lack money at all. Did you just say that I have ulterior motives towards your money?"

The bearded man stomped his feet. "It's fake. It's definitely fake. Do you think we're stupid?"

"It's not up to you to decide if it's fake or not."

Qin Xi put away the jade token and looked at the police officer in the lead. "These two people are human traffickers. One is called Zhao Yongqiang, and the other is called Huo Tianbao. They've abducted 107 women, most of whom are girls. We can go in and talk about the details!"

When the bearded man and the fat man heard that, their bodies stiffened. They subconsciously wanted to run, but they were caught by the police officers.

Their actions already explained everything.

In the interrogation room of the Police Station.

Qin Xi told them everything she knew in detail. Initially, the police officers were still skeptical, but after Qin Xi told them the whereabouts of a few of the abductees, the police officers immediately contacted the police officer in that area, who later went to the location Qin Xi provided and saved the abductees.

This immediately alarmed the higher-ups. The police officers in various provinces joined forces to carry out a comprehensive search.

This made the higher-ups take Qin Xi seriously.

However, when they wanted to look for Qin Xi, she had already left without anyone noticing.

Qin Xi did not have time to waste with these people. She found a phone booth and called Blood Stealer and the others.

After a few beeps, Saber's cold voice came through. "Hello, who is this?"

"It's me, Qin Xi!" Qin Xi said calmly.

Saber was stunned for a moment before raising his voice in disbelief. "Who are you again?"

Qin Xi smiled faintly. "Saber, I'm Qin Xi. How's the situation at home? Stone didn't kick up a fuss, did he?"

Saber was so excited that he couldn't speak. However, when Qin Xi asked about Stone, he stammered. Qin Xi instantly had a bad feeling. The smile on her face gradually disappeared, and her voice was cold. "What happened to Stone?"

Chapter 792 Return

Luoyang City, Sweet Dew Winery

Jiu Yuan was woken up by the phone ringing.

As a soul, he did not need to sleep, but after a day of work, he could finally rest for a while when a phone rang. He was irritated.

He floated over and saw that it was a call from home.

He quickly returned to Han Shi's body and picked up the phone. Before Jiu Yuan could speak, Blood Stealer shouted impatiently, "There's news about Lady Boss!"

Jiu Yuan suddenly sat up straight. Although his head was still a little dizzy, he couldn't care less. He shouted excitedly, "What did you say? Repeat it."

"The lady boss is back. She called just now. I told her about what happened to Boss Han. She didn't say anything else and only asked us to take good care of the house. I think she's coming back soon!"

"That's great, that's great. I can finally be free!"

Jiu Yuan threw the phone away and floated out of Han Shi's body. His entire body... no, his entire soul danced back and forth in the lounge.

After that, he crawled back into Han Shi's body and lay down before floating out.

The news of Han Shi's accident was blocked. Even Han Guofa and Han Tao, who worked in a winery, did not know. As long as they came, Jiu Yuan would possess Han Shi's body. By now, only Liu Dequan, Wang Zhiqiang, and the others knew.

However, this also made things difficult for Jiu Yuan. Not only did he have to read all kinds of documents every day, but he also had to hold some important meetings from time to time. He pretended to be fine, but in fact, he was about to go crazy.

Most importantly, he was bored to death staying in this office every day.

At nine o'clock the next morning, Qin Xi returned!

She went straight to the Sweet Dew Winery without informing anyone. When she appeared in the lounge, Wang Zhiqiang, Saber, Blood Stealer, and the other team members were all there. The moment they saw her, everyone's eyes lit up!

"The lady boss is back!"

"Ancestor, you're finally back. Boohoo..."

The others were excited but they could still control their emotions. On the other hand, Jiu Yuan opened his arms and wanted to hug Qin Xi.

However, Qin Xi did not even look at him. Before Jiu Yuan could get close, the terrifying aura around her almost caused his soul to dissipate!

Jiu Yuan had a look of shock written all across his face.

This woman...

How did she become so powerful after returning this time? He had only felt such a terrifying aura from that man, Jiang Yi, but the aura Qin Xi emitted was far stronger than that man.

What exactly happened?

Qin Xi floated to Han Shi's side. Looking at the life force that was disappearing from Han Shi, Qin Xi felt like a knife was twisting in her heart.

"He's so heavily injured! If not for the Revitalizing Pill, he wouldn't have survived until now!"

After taking Han Shi's pulse, Qin Xi took out a fruit from her storage ring that even Jiang Yi treasured.

This fruit was called the Nirvana Fruit. According to Jiang Yi's memory, this fruit was at least a thousand years old and had the ability to revive the dead. Qin Xi did not know how effective this fruit was, but since Jiang Yi regarded it as a treasure, it should not be too bad.

Chapter 793 Nirvana Fruit

The Nirvana Fruit was light golden in color. It was the size of a cherry and smelled sweet. There was a faint fog surrounding it, making it look like an immortal fruit!

Qin Xi carefully took it out. When she touched the Nirvana Fruit, she felt a strange heat coming from it, as if it was alive.

It was very magical.

Qin Xi did not hesitate to use it. Although she could save Han Shi on her own, it would take too long. She did not want to wait a minute, so she put it in her mouth and chewed it before feeding the fruit paste to Han Shi.

The fruit paste easily slid down his throat.

Then, an indescribable vitality filled Han Shi's body to heal the injuries he had suffered.

At the same time, there was a crackling sound in his body. The meridians in his body were constantly expanding, and spiritual energy quickly condensed.

This spiritual energy was not scattered and consumed. Instead, it gathered in his dantian, forming a small vortex that continuously absorbed the energy between heaven and earth.

Just like that, Han Shi's cultivation level jumped from the mid-stage Postnatal realm to half a step into the Grandmaster Realm. Gao Huiren did not know about the ancient martial arts, but he could feel the change in Han Shi's aura constantly increasing.

Wang Zhiqiang and the others were dumbfounded! This speed of Han Shi's advancement was like riding a rocket.

Wang Zhiqiang asked worriedly, "Lady Boss, is Boss... normal?"

Qin Xi nodded and did not speak.

Actually, she was not sure either, but in Jiang Yi's memory, the Nirvana Fruit was a natural treasure. It was nurtured by the spiritual energy of heaven and earth, so the effect would definitely not be bad! As expected, from the moment Han Shi swallowed the Nirvana Fruit, his entire body changed at a visible speed. First, his hair slowly grew longer, and his skin became smoother, tighter, and more elastic.

Then, the clothes on his body slowly fell off, revealing his strong and perfect muscles...

After the transformation ended, the effect of the Nirvana Fruit was completely unleashed.

Han Shi suddenly opened his eyes. His pupils flickered with a cold light, like two ice blades, making people not dare to look at him directly. His entire body emitted a sharp aura, making people involuntarily retreat.

However, he suddenly closed his eyes again. Everyone thought that he was adapting to the light. However, only Qin Xi knew that Han Shi was not fully conscious yet. He had yet to completely absorb the power of the Nirvana Fruit.

Qin Xi knew that Han Shi would be fine. She looked at Gao Huiren and the others. "Alright, he's fine. He might wake up tonight or tomorrow. Go back and rest. You've worked hard during this period of time!"

Hearing this, Jiu Yuan immediately jumped out. "I work the hardest, okay? Not only did I have to deal with work every day, but I also had to endure the pain on Han Shi's body from time to time. Do you think it's an easy job?"

After Gao Huiren left, Qin Xi took out a book from her storage ring and threw it to Jiu Yuan. "Here, this is your reward."

"What is this?"

Jiu Yuan subconsciously wanted to catch it, but he suddenly remembered that he was just a soul. How could he catch a physical object? He thought that Qin Xi was playing with him and was immediately displeased. "What..."

Before he could finish, the book slapped him instead of passing through him...

Chapter 794 What the Hell Is This?

Jiu Yuan looked at an ancient book that had fallen to the ground in disbelief, then at Qin Xi, who was looking amused. He quickly floated over and picked up the book.

When he opened the book, he saw three words written on it: Celestial Demon Cultivation.

“What’s this?” He casually opened the book and saw something very obscure written on it.

Qin Xi walked to the bathroom and washed up. She said calmly, “Ah, it’s nothing. It’s just a ghost cultivation technique!”

“Ghost cultivation technique?”

Jiu Yuan’s hands slipped, and the book in his hand fell to the ground. He quickly picked it up like a treasure and dusted it off.

He was so excited that he stammered, “The legendary ghost cultivation technique?”

The corners of Qin Xi’s mouth twitched. “Yes, the legendary ghost cultivation technique. It’s different from the one I cultivate.”

This was the last resort Jiang Yi prepared for himself. He probably wanted to become a king in the netherworld after he died. Unfortunately, he met Qin Xi who burned his soul to ashes. Therefore, this cultivation technique was given to Jiu Yuan.

**

The next morning, Han Shi woke up. The moment he opened his eyes, he suddenly realized that his body was emitting a rich and surging aura. He circulated his internal energy and was stunned to find that he was already half a step into the Grandmaster Realm. What... what happened?

He frowned and tried to remember what happened, but he couldn’t remember it.

At this moment, the door to the lounge was pushed open and Qin Xi walked in. Seeing that he was awake, she smiled faintly. “Good morning, Hubby!”

Han Shi suddenly sat up. “Xi...”

In an instant, his head hurt, and Jiu Yuan’s hysterical shout echoed in his ears. “Your wife has been taken away. Your wife is pregnant. It’s unknown if your wife is dead or alive. Your wife...”

“Xi, Xi, wifey...”

Seeing that he was holding his head and looking like he was in pain, Qin Xi went to Han Shi and hugged his head, gently stroking his long hair.

“It’s fine, it’s fine. I’m here!”

Han Shi was originally a little surprised, but when the side of his face was pressed against Qin Xi’s stomach, he suddenly thought of something...

He quickly retreated from Qin Xi’s arms and pointed at her stomach. He widened his eyes and said, “There... Xi, you have something in there. No, my precious daughter is in there, right?”

Qin Xi's expression froze!

Daughter?

When did this guy say that he liked daughters?

Han Shi did not notice the change of expression on Qin Xi's face. Instead, he was still in lingering fear of Qin Xi's disappearance. His hand trembled, and his eyes were filled with killing intent. "Are you injured? Where's the person who kidnapped you?"

Qin Xi said casually, "He's dead! Let's not talk about it anymore. By the way, I haven't told Grandpa and Mom about my pregnancy. Go and take a shower. I'll cut your hair and then we'll go back together."

Cut my hair?

It was also at this moment that Han Shi felt that his head was slightly heavier than usual. He casually grabbed his head and shouted in pain!

"What the hell is this?"

Chapter 795 Preferring Boys Over Girls?

At lunch time, the couple went straight to the medicinal cuisine restaurant. When she saw Qin Xi and Han Shi, Luo Xiujuan was overjoyed.

These days, she had been very busy, and so was her son. Even Qin Xi had gone on a business trip. The family was busy with their own things and only used the phone to contact each other. Han Shi would call back from time to time, but Qin Xi didn't even send back a message.

She thought that something might have happened, but she also knew that if something really happened to Xi, her son would definitely kick up a fuss and let the world know about it.

Luo Xiujuan specially found a private room and instructed the chef to make a large table of dishes for the two of them to enjoy.

"Mom!"

Qin Xi looked at the table full of dishes and said helplessly, "Why did you make so much?"

"Look at you, you've lost so much weight. You were definitely skipping meals. Eat more and gain back. Here, this is your favorite."

Lost weight?'

Han Shi and Qin Xi looked at each other. Although she had been held in captivity, the food she ate was quite good.

"Mom, I'm sorry. I might not be able to eat these nourishing foods, but it's ok. Stone can eat them."

Qin Xi poked Han Shi's arm awkwardly and blinked her big eyes. "Right?"

Han Shi looked at the puzzled Luo Xiujuan and said with a smile, "Mom, your daughter-in-law is pregnant and can't eat medicinal cuisine. You..."

Before he could finish, Luo Xiujuan suddenly stood up and screamed. She looked at Qin Xi in shock and said incoherently, "Pregnant? You're pregnant? I, you... That's great. I'm going to have a grandson! I'm finally going to have a grandson!"

Before Luo Xiujuan could calm down, she heard Han Shi say with a dissatisfied expression, "Mom, we can't favor boys over girls. The child in Xi's stomach is definitely a girl, and she's definitely as beautiful as her mother."

Hearing Han Shi's words, Qin Xi was caught between laughter and tears. She really did not know what Han Shi's expression would be like if he knew that the child in her stomach was a boy!

He would probably get jealous.

Luo Xiujuan was afraid that Qin Xi would misunderstand, so she quickly explained, "Xi, don't get me wrong. I'm not saying that I like boys more than girls. As long as it's you and Stone's child, I will like them.

It's even better if it's a girl. I like Tong Tong very much. If it's a daughter, I'll definitely like her even more. We don't favor boys over girls at home.

By the way, your grandfather also likes daughters. Stone was especially naughty when he was young. Your grandfather even said that he didn't want any more boys at home and wanted good granddaughters!"

Qin Xi did not take it to heart. She said with a smile, "We haven't told Grandpa yet. We plan to give him a surprise when we go back tonight!"

"Yes, yes, yes, a surprise. This is a big surprise! Oh right, since you are pregnant, I'll go make something else for you to eat. Don't eat these. Give them to Stone. Don't waste them!" Luo Xiujuan smiled from ear to ear, looking radiant.

In the end, she did not forget to remind Han Shi, "Stone, remember to finish it all. If you can't finish it, you are finished."

After Luo Xiujuan left, Han Shi looked at the table full of dishes and squeezed Qin Xi's hand helplessly. "Sigh, I'm always the one making sacrifices."

Chapter 796 It's Dirty

At night, the Breeze Villa was brightly lit.

Blood Stealer and Blackie were sparring in the courtyard. At the side, Wang Zhiqiang, Berserk, Saber, Thunderkill, and the others were cheering.

Blood Stealer bent his legs slightly and suddenly jumped up. He kicked Blackie sideways in the air, wanting to kick it out. Blackie actually did not dodge. Instead, it rushed towards his toes and opened its mouth to bite Blood Stealer's pants, throwing him out like a sandbag.

Blackie followed up with a handsome jump and jumped more than three meters. Seeing that the landing point was on his back, Blood Stealer immediately rolled on the ground. Blackie missed, and its eyes were fierce as it bared its teeth at Blood Stealer. It even let out ferocious growls, as if it was declaring victory.

At this moment, Blood Stealer suddenly rushed forward, wanting to grab Blackie's tail with both hands. Blackie quickly moved its thick tail. When Blood Stealer approached, Blackie slapped Blood Stealer's arm with its tail.

Blood Stealer hissed and changed directions to grab Blackie's hind leg. Blackie did not expect Blood Stealer to be so sinister and was caught off guard.

Blackie struggled with all its might, shaking and kicking, but it could not shake off Blood Stealer's grip. At the end, it slapped Blood Stealer with its tail again.

Seeing that Blood Stealer was determined not to let go, Blackie suddenly turned its body around and bit Blood Stealer's butt.

Blood Stealer howled, his expression twisted. "Ouch, ouch, ouch. Blackie, let go. You sneak attacked me. Do you have any shame? Let go, let go. If you don't let go, I'll fart in your face."

Blackie seemed to understand. It glared at him and kicked its hind legs, as if reminding Blood Stealer that he sneak attacked it first.

"Blood Stealer, don't embarrass us humans."

"That's right. Isn't it just washing the dog bowl for a month? What's the big deal?"

Actually, everyone knew that Blood Stealer was just fooling around and did not use his full strength. If he really lost to a dog, Blood Stealer could forget about continuing to stay in Qin Xi's team.

However, Blackie's combat power was really impressive, especially its bite force. It was absolutely ferocious. He could probably fight a tiger to a draw.

This was not an exaggeration. Blackie had grown up eating Sweet Dew food and was fed medicinal pills by Qin Xi. Now, it was so smart that it seemed to be able to understand human language.

Its jumping ability, attack speed, and even its sense of smell and vision... were definitely not in the scope of ordinary dogs.

Just as they were having fun, a car slowly drove in. Blackie and Blood Stealer immediately stopped. Blackie had amazing eyesight and saw Qin Xi in the car at a glance.

It spun around excitedly and barked, forming a stark contrast to its domineering look just now.

The car stopped. Before Han Shi could turn off the engine, Blackie went straight to the front passenger seat. Qin Xi opened the car door with a smile.

Qin Xi stroked Blackie's head and praised, "Blackie, you have grown stronger again. I think you are taller than me if you stand up."

Han Shi was displeased and pushed Blackie's head down. "Don't touch it. It's dirty!"

Chapter 797 More Like a Dog
Dirty?

Blackie was so angry that its nostrils flared up. It barked at Han Shi in a not so friendly manner.

The barking could roughly be translated as I think you're the dirty one. You're the dirtiest, and your heart is dirty...

Han Shi automatically ignored Blackie's barking and instructed Qin Xi in all seriousness, "Xi, Blackie has a lot of bacteria and fleas on its body. I often see it rolling around outside digging holes. Don't touch it. The bacteria might spread to you!"

Blackie was furious. It barked at him and looked at Qin Xi anxiously, as if telling her not to believe this dog man and that he was more like a dog.

Qin Xi rolled her eyes at Han Shi. "Stop slandering Blackie. It's very obedient. At least, it's more obedient than you!"

Luo Xiujian added with a smile, "Yes, your grandfather also said that Blackie is popular and can understand everything people say. When someone wants to watch television, it will fetch the remote control. When someone is tired from walking, it can let people sit on it... Don't you think Blackie is better and more useful than you?"

Han Shi retorted, "Mom, your words hurt me. I can give you a granddaughter. Can Blackie?"

Luo Xiujian was stunned for a moment before laughing out loud, "You brat, why are you competing with a dog?"

Han Shi pouted and did not speak.

The three of them got out of the car. Han Shi took out the gift Qin Xi had prepared from the trunk. At this moment, Wang Zhiqiang and the others came up and greeted, "Lady Boss, Boss..."

Qin Xi glanced at them and raised her eyebrows in satisfaction. She praised, "Not bad. You've been training hard these days. You've improved a lot!"

Wang Zhiqiang smiled.

Ever since Qin Xi had gone missing, they had been cultivating day and night, hoping that they could save Qin Xi one day.

Seeing that they were all standing at the door, Qin Xi waved her hand. "Alright, let's talk inside!"

Han Dazhu pushed open the door and saw that they were all back, especially Qin Xi. The old man smiled happily. "Xi, you're back. Why didn't you call home? You must be travel-worn. Come in!"

Qin Xi handed him the bag she had prepared beforehand. "Grandpa, I saw this when I was shopping. I thought you would like it, so I bought it!"

Qin Xi took out a wooden box from a bag and handed it to Luo Xiujian. "Mom, this is yours."

"And the rest of you, I'll give your gifts later..."

Qin Xi looked at Wang Zhiqiang and the others meaningfully. They immediately understood that Qin Xi's gift was definitely not ordinary and it was not convenient for her to take it out now.

"Ah, what's this?" Luo Xiujian opened the red sandalwood box and covered her mouth in surprise when she saw what was inside.

Han Dazhu and the others subconsciously approached. When they saw what was inside, they were also shocked!

Blood Stealer was so shocked that he couldn't close his mouth. "This is... a pearl? This... is too big. This is the first time I've seen a pearl the size of a small bowl! It can't be fake, right?"

"Plastic?"

Han Dazhu reached out and knocked on it gently, making a muffled sound. He shook his head and said, "It's not plastic."

Qin Xi said with a smile, "Mom, this is a thousand-year-old pearl. Wearing it everyday can make you look younger."

Chapter 798 Daughter?

Luo Xiujian was shocked. She quickly closed the wooden box carefully and returned it to Qin Xi. "Xi, this is a rare thing. Keep it well. I already look very young now. If I were younger, I would be like a witch. Take it back!"

Han Dazhu also felt that his daughter-in-law already looked too young for her age. He added, "That's right, Xi. This thing is too precious. Take it back and use it for yourself!"

Qin Xi smiled. "Mom, Grandpa, I already have one. Grandpa, you can wear it too if you want to look younger."

"Mom, take it. This is Xi's good intention."

Han Shi interrupted, "Xi brought a lot of novel things back this time. Grandpa, open your box and see what you received."

Everyone's gaze landed on the small box in Han Dazhu's hand.

"Dad, open it quickly. We all want to see what it is!" Luo Xiujian urged.

If her gift was a thousand-year-old pearl, then how could the old man's gift be ordinary?

Han Dazhu opened the box and everyone surrounded him. Then, they gasped...

Inside was a piece of white jade that was as smooth as the moon. The most strange thing was that there was actually liquid flowing in the white jade. When one touched it gently, the jade body emitted a faint spiritual energy, making one feel refreshed and energetic.

"What's this?"

Luo Xiujian was not knowledgeable and did not know what it was. She only felt that this thing could move and was very beautiful!

Wang Zhiqiang was experienced and knowledgeable. He was lucky enough to have seen it once from a big shot. However, the spiritual energy on that one was not as thick as the spiritual energy on this one. It was so dense that one could feel comfortable just by taking a breath.

"Quartz! This is a rare peerless quartz!"

“What’s quartz?” Han Dazhu and Luo Xiujuan asked in unison.

Wang Zhiqiang’s voice trembled with excitement. “Quartz is rumored to be nurtured from the essence of heaven and earth. It has the effect of gathering the spiritual energy of heaven and earth to nourish all things. It’s not something one can buy with money.”

“It’s said that quartz is warm in the winter and cold in the summer. It has the effect of extending the life span... I wonder if it’s true.”

“Hum... It’s that magical?”

Han Dazhu looked at the quartz and said incoherently, “Xi, this, this is too expensive. No, I can’t take it. It’s too wasteful to give it to an old man like me. It’s better for you young people to wear it!”

As the old man spoke, he was about to return the box to Qin Xi when Han Shi quickly stuffed the box back to him.

“Grandpa, take it. As long as you and mom can be healthy, it’s worth it. This thing won’t be of much help to Xi and me anyway.”

Han Shi quickly changed the topic. “By the way, Grandpa, I still have a surprise to tell you. Do you want to hear it?”

“But...”

Han Dazhu still felt that he couldn’t take this gift and was hesitant.

However, Han Shi’s next words made the old man’s eyes widen. He was so excited that he almost dropped the quartz in his hand.

Han Shi stood up with a happy and proud smile on his face and said loudly, “I officially announce that I’m going to have a daughter!”

Chapter 799 Help

“Daughter? Where?” Han Dazhu subconsciously looked around

Luo Xiujuan was amused by Han Dazhu’s actions. She said with a flushed face, “Dad, Xi is pregnant. She’s already been pregnant for more than two months. In seven months, you’ll have a great-granddaughter!”

“Really?”

Han Dazhu threw the quartz away and stood up excitedly to look at Qin Xi. His eyes widened. “Xi, are you really pregnant? Will I really have a great-granddaughter?”

Qin Xi pursed her lips and thought to herself that he might have a great-granddaughter in the future, but the one in her stomach now was a boy. However, she did not ruin everyone’s mood. Instead, she said, “Grandpa, I’m indeed pregnant!”

As for whether she was pregnant with a boy or a girl, she did not say!

When Han Dazhu heard the confirmation, he was so excited that he almost jumped up. “Great, great, great! That’s great. Hahahaha, I’m finally going to have a great-granddaughter. Xi, you’re a great contributor to our family. From now on, you don’t have to do anything. Just order Stone to do it. Take

good care of the baby. If you want to eat delicious food, your mother will make it for you. Don't be afraid of troubling her, understand?"

Hearing that the old man probably didn't want her to work, Qin Xi quickly said, "Grandpa, I'm not that weak. Besides, my stomach is not so big that I can't move around yet. You don't have to be so worried. Besides, I'm a doctor. I know how to protect the child!"

The old man patted his head in realization. "Yes, yes. Look at me, I was so muddle-headed that I forgot that you are a divine doctor."

"Congratulations..."

"Congratulations..."

Wang Zhiqiang and the others began to congratulate Qin Xi and Han Shi on being parents.

"By the way, I have to tell everyone in the village about this good news. Some time ago, Liu Shun had a child and I was so envious of them. This time, I have to let everyone know."

With that, the old man made a call.

Soon, the news spread throughout the entire village. Everyone rushed over to congratulate the old man. The old man was so happy that he was smiling from ear to ear everyday.

The next day, Qin Xi contacted Zhao Di and asked her to make a list of all the industries in the capital. Zhao Di sent it over readily.

It included the name and detailed information of the person in charge of the capital's industries. It even included the income of various projects over the past few years, as well as the company's development policy and future development plan.

Qin Xi did not know much about managing industries but she had a lot of ideas.

Her gaze landed on Twilight Cosmetics Company.

Cosmetics company?

There were countless formulas in her mind that could make people beautiful and handsome. It would be a waste if she didn't share them with everyone!

At the thought of this, she asked Pan Lingling to call Ye Zhan over.

After a while, Ye Zhan knocked on the door and entered with the fragrance of medicinal cuisine. When he faced Qin Xi, his face was filled with respect. "Lady Boss, are you looking for me?"

Qin Xi smiled and pointed at the chair opposite her. "Sit, make yourself comfortable. I called you here to ask for your help!"

"Help?"

Ye Zhan's expression turned serious as he quickly said, "Lady Boss, if there's anything I can do for you, just tell me. I'll do whatever I can."

Seeing his solemn expression, Qin Xi smiled faintly and made a pot of tea. She handed him a cup. "Don't be nervous. I want to ask you to return to the capital and help me manage a company. Are you willing?" Ye Zhan stood up and bowed to take the tea. He said with a troubled expression, "I can manage the company, but I'm afraid that the Su family will come find me..."

Chapter 800 Wedding

"Although the Su family doesn't know for the time being that it's me who killed Su Lei, according to some clues, they might still be able to find out that I'm the murderer. I'm afraid that I'll implicate you..."

Ye Zhan was not afraid of death. In any case, he had already avenged his sister. There was nothing else for him to lose.

"You don't have to worry about that. The Su family is nothing to be afraid of!" Qin Xi's tone was very casual, as if the Su family, which was regarded as the number one family, was not worth mentioning in her eyes.

That was indeed the case.

If it were in the past, Qin Xi might be afraid of the Su family. However, ever since she came into possession of Jiang Yi's cultivation and memories, she was shocked to find that the Su family was actually just Jiang Yi's servant.

Along with the Shi family in the capital as well as a big shot in the organization who could influence the overall situation, they were all puppets controlled by Jiang Yi. In terms of background and power, Jiang Yi was the real boss.

The main purpose of the existence of these families was to gather resources and information for Jiang Yi. When his cultivation reached the Mahayana Realm, he would come out and rule the world.

Yes, in Qin Xi's opinion, Jiang Yi was indeed dreaming of becoming a ruler.

However, his dream was bound to fail. These families would all become her weapon. It was not her style to not use the weapons she had.

"Before you go back, you can choose to take the Face Changing Pill. Of course, if you want, you can also go back openly. I can guarantee that no one from the Su family will dare to do anything to you."

Qin Xi did not want to use Jiang Yi's identity to order the Su family around for the time being. The Su family had long decayed from within, and even the organization wanted to eradicate the Su family. Unless she had no choice, she did not want to go against the organization.

She couldn't tell Ye Zhan this, so she could only give him a guarantee.

Ye Zhan did not know what Qin Xi was capable of, but from the mysterious methods of Wang Zhiqiang and the others, he could more or less guess that Qin Xi was not ordinary.

However, he still did not want to cause Qin Xi any trouble. Without thinking, he said firmly, "Lady Boss, I choose to take the Face Changing Pill."

Qin Xi seemed to know what he was thinking. She smiled faintly and said, "Sure, I'll get Wang Zhiqiang to pick two people to go with you to protect you. By the way, if you have time, cultivate with them. I don't want my people to go out and be cannon fodder, especially those with ability."

Ye Zhan was stunned. Then, he stood up excitedly and said in disbelief, "I-I can cultivate too? But I-I've never made any contributions..."

Qin Xi waved her hand. "Sit down and talk. Don't get too excited!"

When Ye Zhan came out of Qin Xi's office, he was beside himself. Seeing this, Pan Lingling asked with concern, "Ye Zhan, are you alright?"

Ye Zhan quickly came back to his senses. "I'm ok. The lady boss asked me to do something."

He took a deep breath and turned to walk towards the stairs. Since he had been recognized by the lady boss, he would be letting her down if he didn't do his job well.

At the end of May, Gu Qing was holding his wedding.

Qin Xi and Han Shi took a taxi to the Manchun Hall Hotel. The entrance was already decorated with flower baskets, colorful silks, and all kinds of flowers. The red carpet was laid out, and the guests were gathered in groups of twos and threes, chatting and laughing.

On the door stood a couple in their fifties, welcoming the guests with a smile.

"Congratulations, Mr. and Mrs. Gu..."

"Thank you, thank you. Please come in..."
