

## **Mysterious 821**

### **Chapter 821 Burst Into Tears**

Yang Jun hugged his head and curled up into a ball, letting the club hit him. He did not make a sound and endured all the pain.

After hitting him for five minutes, they showed no signs of stopping. Blood Stealer looked at Qin Xi and asked, "Lady Boss, do you want me to go down and help?"

Qin Xi did not speak. Instead, she drew a talisman in the air. A golden light entered Yang Jun's body and formed an invisible protective barrier. Yang Jun was already numb from the pain and did not notice anything wrong with his body. He still hugged his head and curled up.

Ten minutes later, seeing that Yang Jun had already fainted and had no intention of pleading for mercy, Brother Xiong spat, "Damn it, this brat is quite a hard nut to crack!"

"Boss, what should we do now?" A lackey asked.

Brother Xiong narrowed his eyes and paced back and forth. Just as he was in a dilemma, Xiao Fang, who was tied to the tree, suddenly laughed. "Brother Xiong, it's easy. Carry him back to the construction site and say that we're his savior. We'll take over his job. When we sell everything we can sell, we'll run away."

No one saw Yang Jun, who was supposed to be unconscious on the ground, tremble and cry.

Yang Jun never expected that Xiao Fang was actually in cahoots with them. When he was beaten up just now, he did not cry, but when he heard the truth, he burst into tears.

When Brother Xiong heard that, his eyes lit up. "That's right. Why didn't I think of that?"

He immediately waved his hand at his lackeys. "Brothers, carry him back. Hahahaha, Hou Zi, Song Zi, go and contact the place where the steel and cement bricks are recycled. We'll sell everything at a low price today. The sooner the better. When we get the money, we'll go to Yunbei. Hahahaha!"

The hooligans were excited. Hou Zi and Song Zi shouted, "Long live Boss. We'll go now!"

Brother Xiong looked at the unconscious Yang Jun and cursed, "Idiot!"

Then, he carried Yang Jun out of the forest with his other brothers and quickly disappeared.

After they left, Blood Stealer and Qin Xi jumped down from the tree. Blood Stealer frowned. "Lady Boss, should we do something?"

"You don't have to."

Qin Xi walked out of the forest leisurely. "This is a chance to test him. If he chooses to hide the truth and let them do whatever they want at the construction site, we won't keep such a person."

As long as Yang Jun did not betray Stone, she did not mind helping him.

When they drove back to the construction site, Blood Stealer still parked the car opposite the construction site. This time, the two of them did not enter. Instead, they hid in the dark and observed.

Soon, Brother Xiong and the others carried the injured Yang Jun into the construction site. When the construction workers saw this, they immediately surrounded him and started talking.

Xiao Fang explained while crying, "I'm Yang Jun's girlfriend. We were just eating together when we were suddenly surrounded by a group of people. If not for these brothers saving Yang Jun, I'm afraid Yang Jun would be dead by now!"

The construction site was filled with a group of simple-minded men. When they heard Xiao Fang's words, they immediately looked at Brother Xiong and the others with admiration. They carried Yang Jun back to his resting room.

In the resting room, Xiao Fang wiped her tears and said to everyone, "Everyone, don't be anxious. I'll take care of Yang Jun. Go ahead and get busy..."

Brother Xiong walked out first and said, "Everyone, Xiao Fang is Yang Jun's girlfriend. Let her stay to take care of him. Let's leave first."
