Chapter 822 As Long As You Are Loyal to Me

After everyone left, Xiaofang immediately stopped pretending. She casually wiped the crocodile tears off her face and began to search for valuable items in the resting room.

Unfortunately, Yang Jun was a poor boy. How could he have anything valuable? After searching for a long time, Xiao Fang did not find a single cent. This made Xiao Fang furious. She spat at the unconscious Yang Jun and cursed under her breath before leaving.

After Xiao Fang left, Yang Jun suddenly opened his eyes. Although his face was bruised and swollen, he gritted his teeth and forced himself to sit up. He staggered to the landline.

He picked up the phone and pressed three digits with trembling hands. "Hello, is it the police station?"

Blood Stealer, who was hiding in the dark, raised his eyebrows. "He's smart."

"Hello, this is the police station. How can I help you?" A slightly serious female voice came from the phone.

"Hey, I want to report a case..."

Yang Jun told her everything that had happened today. Then, he suggested, "If possible, can you wait for them to sell the things before catching them red-handed?"

"Of course. We won't let the bad people off," the police officer said with a smile.

"Thank you so much!" Yang Jun hung up the phone gratefully and finally felt relieved.

When he thought of how Xiao Fang looked like a completely different person while he was unconscious, his heart ached. If he did not know the truth, he would really ramson Xiao Fang because he wanted to marry her.

Yang Jun walked to the bed and lay down carefully. He closed his eyes and tears streamed down his face.

On the other side, Brother Xiong brought his lackeys around the huge construction site and found out what valuable things there were.

Looking at the mountain of cement bags and steel pipes, the few of them felt excited.

"But how are we going to send the people at the construction site away?" One of the lackeys asked Brother Xiong in a low voice.

Brother Xiong smiled wretchedly and said, "I've already thought of this. After work, I'll tell them that Boss is treating them to a meal today. Then, we'll sell the things while they're gone!"

When the lackey heard that, he immediately gave him a thumbs up and praised, "Brother Xiong, you're really the smartest among us."

Brother Xiong burst with joy at the praise and patted him on the shoulder. "Kid, work hard. When I get rich, I'll find a lot of women for you."

The lackey's eyes lit up. He quickly patted his chest and said, "Thank you, Brother Xiong. As long as you let us live a good life, we'll follow you wholeheartedly."

"Good."

Brother Xiong put his arm around his shoulder. "After we get the money, we'll go to the south to start a company. At that time, money will come like a flood."

When the lackey heard that, he rubbed his hands excitedly and quickly echoed, "That's good. Brother Xiong, don't forget to bring me along!"

Brother Xiong said proudly, "Of course as long as you are loyal to me!"
