Chapter 824 Savage Blood Stealer

When Hou Zi and Song Zi, who were tied up like dumplings in the car, saw this, they were in despair.

Brother Xiong was stunned. He quickly raised his hands and smiled obsequiously. "Police officers, we're all good citizens. How can we commit a crime? Are you mistaken?"

"Mistaken?"

The captain with sharp eyebrows pointed at the money in his hand and said, "We caught you red-handed. The money is the evidence. Are you telling me it's a misunderstanding?"

They had already interrogated Hou Zi and Song Zi. The two of them were timid and quickly confessed everything they had done over the years.

This was also the reason why the security team set up a trap for Brother Xiong and the others.

Brother Xiong's heart skipped a beat, but he still pretended to be calm and said, "I earned this money through legal means. When have I ever scammed people?"

At this moment, Xiao Fang's face was pale and her legs were trembling. Her mind was filled with two words: It's over!

"It's not up to you to decide if you have scammed people or not. Now, come with us!" The captain did not give Brother Xiong a chance to explain. He immediately gave his subordinate a look. The latter did not say a word and went forward to grab Brother Xiong's arm to put a handcuff on him.

Brother Xiong's head buzzed. Just as he was about to get handcuffed, he suddenly pushed the police officer away and turned to run.

"Quick, catch him. Don't let him escape." The captain shouted and chased after him.

The two police officers immediately chased after him. The rest of the police officers handcuffed Brother Xiong's lackeys to the truck before chasing after Brother Xiong, leaving only one police officer to watch over the lackeys.

When Xiao Fang saw that there was only a young police officer watching them, a glint flashed across her eyes. She bit her lower lip and called out coquettishly.

"Comrade, can you let me go? I didn't do anything wrong. I'm innocent. If you don't believe me, you can come over and check..."

As Xiao Fang spoke, she reached out and tugged at the corner of the young officer's clothes. Her eyes were charming and seductive, and she looked so pitiful that even a heartless person would find it hard to refuse her.

Unfortunately, the young police officer glared at her coldly and raised the gun. He shouted, "Behave yourself. If you move again, I won't be polite."

Xiao Fang's face turned pale. She was so frightened that she did not dare to cause trouble again.

As for Brother Xiong, because he knew this area very well, he quickly shook off the police officers. Just as he thought he was out of danger, he suddenly saw a shadow.

Brother Xiong looked up and saw a burly man who was even taller than him.

The burly man grinned at him. Before Brother Xiong could figure out what was going on, the burly man slapped him.

With a slap, Brother Xiong spat out two teeth from his mouth. Then, he spat out a mouthful of blood. His entire face was instantly swollen, his ears were buzzing, and his mind was blank.

Blood Stealer kicked out. Brother Xiong immediately fell to the ground and gritted his teeth in pain, but he did not forget to beg for mercy.

“Please let me go. I have money. I’ll give you money. Stop hitting me...”

Unfortunately, Blood Stealer didn’t lack money. He kicked Brother Xiong repeatedly and almost killed him.

In the end, Brother Xiong couldn’t take it anymore and shouted at the top of his lungs, “Police officers, help. Someone wants to kill me. Help...”

The captain was actually already hiding in the dark. It was impossible for them not to hear such a commotion. However, when they saw Blood Stealer’s ferocious expression, they immediately didn’t dare to come out.
