

## **Myth Beyond 1021**

### Chapter 1021 A Battle That Destined To Shake Heaven (6)

Du Huanfeng's face turned pale when he saw the cauldron shatter into pieces. His body froze in place, unable to react.

"Hmph!"

Just as Yun Lintian's White Dragon Spear was about to reach Du Huanfeng's head, a powerful force suddenly swept over, causing Yun Lintian to withdraw midway and retreat into the distance.

As Yun Lintian reappeared several meters away, his entire being was instantly locked down by terrifying pressures on all sides, making it difficult to breathe.

"Die!"

Wang Yaozu and Wang Yaozong silently appeared around Yun Lintian. They stuck their palms out toward him, releasing scorching waves of flame.

The initially bright sky became a sheet of scarlet as if it had fallen into a blazing hell for a moment.

A terrifying wave of heat, as if from a gigantic wave of flames from purgatory, rolled over. Even though they were separated by several hundred meters, those onlookers all felt as though their bodies were about to melt from the burn.

Even if they conjured all their profound defense to defend against it, it was still unbearably painful... This was the power of the Divine Ascending Tribulation Realm expert!

Yun Lintian's silhouette was wholly engulfed in the flaming waves, and no sound came out.

Scree—

When everyone thought he was burned to ashes, a resonant phoenix's cry suddenly echoed. The flaming waves that seared the heavens, which had reached hundreds of meters into the air, started to fall and spread frantically toward the surroundings.

At the same time, a pair of scarlet phoenix wings expanded out behind Yun Lintian's back, immersing in flames. It didn't look like an illusion but like that of real phoenix wings!

Yun Lintian's entire body was wrapped in the raging phoenix flames, grasping onto the White Dragon Spear with a virtual fire dragon coiling around it. His white robe swelled, and his long black hair fluttered unrestrained.

The Yun Lintian, at this point, looked like a god of flame come to life.

Wang Yaozu, Wang Yaozong, and the others stared at Yun Lintian in astonishment. They clearly saw Yun Lintian display the White Tiger's bloodline before... How could he possess the Divine Phoenix's bloodline too? This was simply against their common sense!

What kinds of secrets was Yun Lintian hiding in his body

"Unfortunately, you shouldn't use fire against me." Yun Lintian said calmly.

As his voice fell, his body blazed with phoenix flames. Instantly, the aura of the phoenix flames erupted as the temperature abruptly surged. The blaze, which was originally wild, suddenly seemed to be boiling while dancing frantically.

In that instant, his figure reappeared before Wang Yaozu, and he thrust the spear forward. His phoenix wings unfolded, and the phoenix flames behind him rushed into the air, conjuring a sea of fire, covering the entire sky of the Wang Clan manor in scarlet.

Burning the Heavens!

Roar— Scree—

The virtual fire dragon and the divine phoenix let out deafening cries, reverberating through the entire Azure Ancient City before engulfing Wang Yaozu.

Wang Yaozu's expression changed drastically. With his rich experience, he naturally knew how powerful this attack was.

He didn't dare to be careless and released seventy percent of his power to conjure a profound defense around him.

Boom!

The entire Wang Clan manor trembled frantically. In an instant, the flaming waves overflowing in the sky exploded crazily, spiraling hundreds of meters upward, completely swallowing Wang Yaozu.

The faces of the onlookers all shined pure red. Even the sky had entirely changed color as if the blue sky was burning. It was as though a bright sun had suddenly descended upon the city.

"Big brother!" Wang Yaozong returned to his senses and sent out several flaming palm prints toward Yun Lintian.

However, Yun Lintian had already expected this. He had executed the Shadow Step beforehand and rushed toward Lei Jun, who stood dumbfounded in place.

Lei Huizhong's face darkened. He didn't expect Yun Lintian to be this arrogant. Did he forget about his existence

"Hmph!" He snorted coldly and pressed his hand down.

Instantly, black clouds appeared above the scarlet sky, and several golden lightning bolts abruptly shot down upon Yun Lintian.

Rumble—

Yun Lintian silently called The Thunder within his heart, and the incoming golden lightning bolts suddenly changed their directions midway, rushing toward Du Huanfeng instead.

Du Renjie's face turned gloomy when he saw this. He stepped forward, and a huge, black cauldron appeared before him.

"Seal!"

As he shouted, the cauldron lid opened, releasing a powerful suction force to pull all the incoming golden lightning bolts into it.

While Lei Huizhong tried to figure out how Yun Lintian controlled his lightning bolts, he suddenly discovered Yun Lintian was nowhere to be seen now.

His heart skipped a beat, and he quickly turned around toward Lei Jun. However, the scene he had expected didn't happen. Yun Lintian didn't come after Lei Jun... Where did he go

At that moment, Wang Zedong's eyes widened in shock as he saw Yun Lintian appear before him like a ghost, followed by phoenix flames blasting toward him.

"Kill!" Yun Lintian shouted while lunging his spear toward Wang Zedong's heart with all his might.

,m "Zedong!" Wang Yaozu and Wang Yaozong, who had just gotten rid of the phoenix flames, looked at the scene with ashen expressions.

While everyone seemed to see Wang Zedong's head being stabbed by the White Dragon Spear, they suddenly saw his initial bewildered expression slowly change into a sinister smile.

"I have been waiting for this moment." Wang Zedong uttered and stomped his right foot on the ground.

Instantly, a red barrier resembling the grand formation appeared around him, entirely blocking the spear and the phoenix flames.

At the same time, several deadly sword lights abruptly emerged out of thin air, shooting toward Yun Lintian in all directions.

Yun Lintian's expression changed drastically. He had already taken control of the grand formation. How did Wang Zedong take it back

He didn't have time to think further. A deep green light suddenly flashed, followed by a robust windstorm, sweeping all the sword lights away.

"Die!"

In that instant, a young man appeared out of nowhere above Yun Lintian and thrust a black spear in his hand, carrying mighty power downward.

Yun Lintian caught a glimpse of the person, and his pupils shrank in shock... How could it be him!

This young man was actually Wang Lin, who supposed to be dead!

Chapter 1022 Twist And Turn (1)

It wasn't only Yun Lintian, but the onlookers also had the same bewildered expressions. They looked at the handsome young man that was supposed to be dead under Yun Lintian's hand not long ago in shock.

What the hell happened here?

Yun Lintian tried his best to twist his body and brought the spear over, blocking the incoming black spear.

Boom!

Yun Lintian was immediately smashed onto the ground and spat a mouthful of blood.

At this moment, Wang Yaozu and Wang Yaozong had already arrived and formed an energy cage to imprison Yun Lintian, making him unable to move.

"Heh." Wang Lin slowly descended and landed on the ground a few steps away from Yun Lintian. He looked at the latter with a smile. "Surprised?"

Yun Lintian didn't try to struggle. He stared at Wang Lin attentively and asked. "So, it was your substitute earlier?"

"That's right." Wang Lin admitted directly. He turned to his 'corpse' on the ground in the distance and waved his hand slightly. Instantly, the corpse turned into a wooden doll before reducing into ashes.

"Although it is extremely precious, exchanging it with your life is worthwhile." Wang Lin chuckled.

"Well done, son." Wang Zedong walked over and praised his son. He looked at Yun Lintian and said. "You think you are smart? Hehe. At the end of the day, you are nothing but a young man who hasn't seen the world."

He paused for a moment and said further. "I have to admit your proficiency in the formation art is unprecedented, but you are too naive if you think no one detects your movements during this period."

Yun Lintian's eyes flickered slightly. He immediately understood everything. They had anticipated his plan beforehand and prepared for a countermeasure, which was extremely precise.

However, Yun Lintian didn't think it was Wang Zedong's idea alone... Could it be the Star Gazing Palace?

? "As for the Long Clan. Hehehe. To tell you the truth, I didn't expect Long Guang to appear here. However, his appearance does me a great job. Now I fully understand that they are backing you up." Wang Zedong said with a smile.

Yun Lintian remained silent. No one knew what he was thinking.

"Hahaha! Well done, Patriarch Wang. This is truly brilliant." Du Huanfeng walked up and said with a smile. He didn't forget to look at Yun Lintian in contempt. "Let's see how you are going to escape."

Lei Jun was the same. His previous hanging mood had turned into delighted now.

Meanwhile, Du Renjie and Lei Huizhong glanced at each other, and there was a trace of surprise in the depths of their eyes. They were completely fooled by Wang Zedong's act previously.

However, it didn't matter now. At least they managed to capture Yun Lintian.

In the distance, Weilan Tian looked at the scene thoughtfully. Without a doubt, someone had designed this master plan for Wang Zedong. Suddenly, a certain figure emerged in his mind... Could it be him?

Wang Lin glanced at the White Dragon Spear beside Yun Lintian. "What a good spear!"

Similar to Yun Lintian, Wang Lin was proficient in spear art. Out of all weapons, he preferred a spear more than anything else. Hence, he could see how extraordinary the White Dragon Spear was.

He stepped forward and reached out to grab the spear.

Roar—

The White Dragon Spear let out a dragon's cry, struggling to get out of Wang Lin's hand with all its might.

However, Wang Lin's power was stronger than everyone thought. Under his suppression, the White Dragon Spear began to lose its power and obediently stayed in his hand in the end.

"Ugh!" Yun Lintian spat out a mouthful of blood as he felt the connection between him and the spear weaken.

"Such a good weapon. It is a complete waste in your hand." Wang Lin waved the spear a few times and said in dissatisfaction.

"Congratulations, Brother Wang. You are right. A peerless weapon like this is completely wasted in his hand. It could be said it has found a suitable new owner now." Du Huanfeng laughed. He couldn't help looking at Yun Lintian with a gloating smile.

He changed the topic. "What are we going to do with him next?"

"Of course. Find out his secrets first." Wang Lin turned to look at Yun Lintian.

"What about the Long Clan?" Lei Jun suddenly asked. "Although their grand patriarch's lifespan is about to reach its limit, they cannot be underestimated."

"You don't have to worry about them. Someone will eventually deal with them later." Wang Lin said while glancing at Weilan Tian in the distance.

Lei Jun followed the gaze and seemed to understand everything. "I see."

Wang Lin waved his hand and said. "Bring him up."

Wang Yaozu and Wang Yaozong nodded and pulled Yun Lintian over, pinning him in the air before Wang Lin.

Wang Lin briefly looked at Yun Lintian's hand and stretched out, taking away the latter's storage ring.

He glanced at the contents inside and said. "You are surely rich. I really wonder where did you earn all of these Profound Stones?"

Yun Lintian glanced at the storage ring in Wang Lin's hand and said nothing. Naturally, this storage ring was a fake one he usually wore. His interspatial ring was still with him.

Wang Lin turned to Du Renjie and Lei Huizhong. "There's nothing special here. I hope seniors don't mind if I take it away."

Du Renjie and Lei Huizhong briefly checked the contents inside the ring and didn't find anything in particular. They nodded slightly, letting Wang Lin take it.

Wang Lin put the storage ring away and used his Spiritual Sense to check on Yun Lintian's body.

At this moment, Yun Lintian suddenly said. "You won't find anything here."

"Hmm?" Wang Lin's brows raised slightly.

"Do you think I came unprepared?" Yun Lintian chuckled. "Moreover, I have already sent my people away. Good luck with that."

Wang Lin frowned slightly and soon relaxed. "It doesn't matter. We will go to the Northern Continent later."

"You...!" Yun Lintian's expression changed slightly.

Seeing Yun Lintian losing his composure, Wang Lin couldn't help laughing and leaning forward slightly. "Everyone keeps saying that you are clever. Heh. It seems everyone is overthinking."

"Oh, really?"

Boom!

All of a sudden, the White Dragon Spear in Wang Lin's hand released a powerful might, startling everyone for a second.

At the same time, Yun Lintian suddenly got rid of the restraint and grabbed Wang Lin's neck tightly, retreating onto the distance.

"Tell me, who is an idiot now?"

Chapter 1023 Twist And Turn (2)

When everyone recovered from the shock, they had already seen Yun Lintian grab Wang Lin's neck and look at them with an evil smile. They couldn't believe what had just happened earlier.

Especially Wang Yaozu and Wang Yaozong. They had obviously sealed Yun Lintian's profound strength, but in that brief moment, their power somehow being severed by an irresistible force, giving Yun Lintian a chance to escape. Even now, they couldn't understand how it had happened.

Du Renjie and Lei Huizhong were the same. What they felt earlier was a breath of an extremely powerful existence. Although it was short, it made their entire beings turn cold instantly... Who could it be?

Wang Zedong's eyes widened in disbelief, and anger immediately rushed to his head. "You! How did you...?"

Naturally, Yun Lintian wouldn't tell them he asked Hongyue to help him. This was the agreement he did with her before coming here.

The moment he saw Wang Lin was captured by him so easily, he already knew that something was wrong. In order to make them reveal the conspiracy, he decided to play along and pretended to make a mistake, letting them capture him.

Yun Lintian glanced at Wang Lin, who was staring at him in horror and said. "Why don't you answer me? Who's an idiot now?"

"Ugh!" Wang Lin was suffocated, unable to breathe under Yun Lintian's grasp. His eyes turned bloodshot, and his face turned blue. His current appearance was entirely different from the earlier haughty and mighty one.

"Let him go!" Wang Zedong lost his mind. This time, he wasn't pretending like before.

"Are you stupid?" Yun Lintian chuckled. "I wonder if he has another substitute."

As he spoke, his aura surged sharply. Wang Lin's face turned pale in terror as he felt a destructive power penetrating into his body and spreading to every corner inside.

Blood flew out of his eyes, ears, and nose, making him look unbearably miserable. Even if he wanted to scream, he was completely powerless to even utter a word.

"How dare you!" Wang Zedong's aura burst forth. He didn't forget to mobilize the grand killing formation while rushing toward Yun Lintian.

Wang Yaozu and Wang Yaozong had also moved. Long spears appeared in their hands as they thrust toward Yun Lintian, twisting all the surrounding spaces.

At the same time, they didn't forget to activate their King Bloodline. Instantly, Du Renjie, Lei Huizhong, and everyone around the place could feel their profound strength being suppressed. They were weakened several times.

Yun Lintian appeared to be struggling to mobilize his profound energy, and his movement became sluggish.

Seeing this, a hint of hope appeared in Wang Lin's eyes. Without a doubt, Yun Lintian must be affected by the King Bloodline!

Wang Zedong and the others had the same thought. They didn't hesitate to pour every ounce of their strength into the attacks, aiming to kill Yun Lintian directly.

The expressions of Du Renjie, Lei Huizhong, and Du Huanfeng changed drastically. If Yun Lintian died, all of their efforts would be for naught. However, they were too late to make a move now. Not to mention their strength had been suppressed.

When Wang Zedong's flame claws and the spears of Wang Yaozu and Wang Yaozong were about to land on Yun Lintian, they suddenly saw an evil grin on his lips.

In that instant, Yun Lintian's sluggish movement abruptly sped up as if the suppression was nothing to him. He quickly brought Wang Lin to the front, trying to use him to block the incoming attacks.

"WITHDRAW!" Wang Zedong roared desperately and tried his best to change the direction of his attack.

The same went for Wang Yaozu and Wang Yaozong. They flickered their wrists, bending the spears in different directions.

Under everyone's astonished gaze, Yun Lintian suddenly appeared where Wang Zedong's flame claws were about to land and sent Wang Lin to them.

Both Wang Lin and Wang Zedong turned pale in terror. Unfortunately, all they could do now was watch the flame claws approaching Wang Lin.

"NOOO!" Wang Lin screamed in horror before the flame claws tore his entire body apart. His internal organs and bones were exposed to the air, engulfed by raging flames, and reduced into ashes in almost an instant.

"LIN'ER!" Wang Zedong howled in despair and desperately tried to hold on to Wang Lin's remains, but all he could grab was ashes.

Everyone was shocked by the scene. They didn't expect Yun Lintian to be this cunning. He actually made Wang Zedong kill his own son!

Moreover, the renowned King Bloodline actually failed to suppress Yun Lintian. How could it be possible?

One had to know that even the peak of the Divine Ascending Tribulation Realm experts like Du Renjie and Lei Huizhong were affected by it. What was going on here?

"Oh? Looks like there's no substitute anymore." Yun Lintian, who appeared several hundreds of meters away, looked at the scene with a chuckle.

His voice immediately brought everyone back to their sense.

Wang Zedong turned his head slowly to look at Yun Lintian. His bloodshot eyes were filled with boundless hatred and killing intent, as if he couldn't wait to tear Yun Lintian apart.

"KILL HIM!" Wang Zedong roared furiously. This time, more than a hundred Wang clan members immediately launched their attacks on Yun Lintian.

Fire arrows, sword lights, and all kinds of possible attacks violently stormed toward Yun Lintian in all directions. Under such a bombardment, even if he had ten lives, it wouldn't be enough to survive.

Du Renjie and Lei Huizhong returned to their senses and were about to move. They suddenly felt terrifying pressures wrapping around them.

"Don't interfere!" Wang Yaozu glared at them coldly. If they hadn't intervened previously, he believed Yun Lintian would have become a corpse by now.

Du Renjie's face darkened. "Don't forget about our agreement. He must be captured alive."

"F\*ck it! He killed my son! Do you hear it, ah!? He f\*cking killed my son!" Wang Zedong roared furiously. His voice reverberated throughout the entire Azure Ancient City as if the sky was about to fall down.

Du Renjie's expression turned cold, but he knew it was too late to make a move. All he could do was pray that Yun Lintian still had some tricks in his sleeve...

Chapter 1024 Twist And Turn (3)

Yun Lintian raised his head to look at countless incoming attacks that completely blocked the sun. His expression was surprisingly calm. It was as though this was something he had expected beforehand.

Wang Yaozong let Wang Yaozu stare at Du Renjie and Lei Huizhong, and he conjured a confining space around Yun Lintian, preventing him from leaving.

When everyone thought Yun Lintian was getting hit this time, they suddenly saw him stomp his foot on the ground, followed by a buzzing sound.

Instantly, the grand formation shook violently, and a thick golden barrier abruptly appeared around Yun Lintian.

Boom!

All the attacks were entirely blocked by the golden barrier, startling everyone.

Wang Zedong looked at the scene in astonishment. He clearly took over the formation's control. How did Yun Lintian take it back again?

While everyone was puzzled, Yun Lintian controlled the killing formation and launched a killing move on all the enemies.

Buzz—

Countless deadly sword lights appeared in the air and stormed over everything inside the Wang Clan's ground.

"Argghhh!" Shriill screams echoed everywhere. Those with low profound strength were directly killed on the spot.

"Father, save me!" In the distance, Wang Jing screamed in horror as the sword lights broke through her profound defense and arrived on top of her head.

Before Wang Zedong could react, he saw his precious daughter torn apart by the sword lights. Not even a single trace of blood was left behind.

Wang Zedong trembled violently. Blood leaked out of the corner of his mouth. Obviously, he was hit hard by the loss of his children. First Wang Jue, Wang Jun, and Wang Jin. Now, Wang Lin and Wang Jing—All his children were gone!

"Ah... AHHH!! I WILL KILL YOU!!!" He let out a despairing roar, and his eyes turned bloody red. He had completely lost his mind.

His aura soared to the sky, breaking through the shackle of the Monarch Profound Realm's peak and stepping onto the Divine Ascending Tribulation Realm.

At this moment, black clouds gathered, and the sky rumbled with thunder roarings, indicating that the Heaven Tribulation was about to descend.

Everyone nearby the Wang Clan manor shivered in fright at the deadly air that gradually permeated. Especially those with low profound strength. They couldn't bear it and fell directly to the ground.

Yun Lintian looked at the scene in surprise. This was completely out of his expectation. Who would have thought the death of Wang Lin and Wang Jing suddenly stimulated Wang Zedong's potential and allowed him to break through?

Without thinking further, Yun Lintian didn't hesitate to activate a transporting formation he had prepared in advance.

Instantly, his entire body was shrouded in white light and began to fade away.

When Wang Yaozong and the others returned to their senses, Yun Lintian had already vanished from the place.

"Damn it! This bastard is so cunning!" Du Huanfeng couldn't help cursing aloud. Yun Lintian had escaped once again. He couldn't accept this.

"WHERE ARE YOU GOING!?" Wang Zedong roared and chased after Yun Lintian as if he knew the direction.

"You!" Wang Yaozu was shocked and tried to stop Wang Zedong from leaving, as he was afraid the latter would die under the Heaven Tribulation.

Rumble—

Suddenly, a thick white lightning bolt descended from the sky toward Wang Zedong. However, he didn't seem to care about it. There was only Yun Lintian and revenge in his eyes at the moment.

Boom!

The lightning bolt somehow missed the target and struck an unfortunate building nearby, instantly killing everyone inside.

Zzz....Bang!

One after another. Lightning bolts continued to strike down, and those unfortunate people in Wang Zedong's path were directly killed unknowingly.

The power of the Heaven Tribulation was too powerful. Even the city's protective formations couldn't resist and were directly shattered.

"He has gone insane." Lei Jun said in shock.

"Let's go." Lei Huizhong didn't want to waste time here further and quickly brought Lei Jun away.

Du Renjie was no exception. He waved his hand and took Du Huanfeng away from the place.

"Brother, what should we do now?" Wang Yaozong asked with an unsightly expression.

This time, his Wang Clan suffered a great loss. Not only half of the clan members were gone, but also tons of resources that had been invested in this grand scheme. All of that was exchanged for nothing in return.

Wang Yaozu's brows knitted tightly. He thought for a moment and said. "Let's stabilize the clan first. As for Zedong... Leave him be."

Although Wang Zedong was the patriarch they chose, he had completely lost the qualification this time. Whether he could overcome the Heaven Tribulation was still unknown. Hence, Wang Yaozu decided to stay aside and solidify the clan first. In case someone tried to take advantage in this period.

"But..." Wang Yaozong wanted to say something, but he was interrupted by his brother first.

"Don't worry. Someone will take care of Yun Lintian. We can make him pay the price at that time." Wang Yaozu's eyes narrowed slightly. "From the beginning to the end, we are nothing but a pawn in this person's hand, and we have paid a lot... If he failed later. Heh. I will make him know that we are not afraid of anyone."

Wang Yaozong gradually calmed down. He nodded and said. "Alright."

The two were busy taking care of the aftermath and utterly unaware of the departure of Weilan Tian... Well, even if they did, they didn't care about it anymore.

On top of the Mystic Pavilion, Wu Liwei looked in the Wang Clan's direction in surprise.

He turned to his daughter, who was sipping a tea on the side and said. "Your junior brother is surely something. He fooled everyone time after time. His composure isn't something a nineteen-year-old little boy should have."

Wu Qingcheng put a teacup down and said with a smile. "Told you. Someone will eventually help Big Sister Yingyue with no problem."

Wu Liwei laughed slightly and said. "Although he has managed to succeed, it's not necessary that he will survive later."

Wu Qingcheng's brows raised slightly when she heard this. Her mind spun rapidly, trying to figure out the meaning behind his words.

Wu Liwei turned to look in the north direction and said. "There are many characters that have yet to appear... This episode has a long way to go."

Chapter 1025 Mastermind Behind The Scene

The white light dissipated, and Yun Lintian's figure appeared several hundred kilometers outside the Azure Ancient City.

This place was a dense forest, far away from the main road toward the northern part of the Central Continent.

A week ago, Yun Lintian had set up a transporting node here in case something had happened. Moreover, he didn't plan to fight the Wang Clan to death. Escaping was imminent when the situation turned unfavorable.

Unfortunately, he couldn't kill Du Huanfeng and Lei Jun in the end. Otherwise, this battle could be considered perfect.

Rumble—

Yun Lintian raised his head to look at the dark sky approaching him in the far distance, with a frown between his brows. He didn't understand how Wang Zedong managed to catch his trace.

As he was thinking, his expression suddenly changed, and he abruptly turned around. At this moment, a familiar figure appeared in his line of sight, looking at him with a smile. This person was no other than the Blazing Sun Palace Master, Yan Yaoting!

"We met again." Yan Yaoting said with a smile.

Yun Lintian's brows involuntarily creased together. His mind spun rapidly, trying to figure out how Yan Yaoting knew his secret transporting node.

"You don't have to be surprised. In this world, there are many things you have no idea about. Your movements were indeed very secretive, but in front of the supreme powerhouses, they were nothing but child's play in their eyes." Yan Yaoting seemed to see through Yun Lintian's thoughts.

He paused for a moment and said further. "But you don't have to worry. I have no intention of harming you. I came here to make a deal with you."

"A deal?" Yun Lintian frowned deeply.

"That's right. A deal." Yan Yaoting nodded. "I believe you have heard about the Seven Sword Tomb before. Since you could pull the Heavenly Sword out, your talent for the sword path must be extremely high."

"I want to invite you to explore the tomb together."

Yun Lintian was surprised to hear this. He originally thought that Yan Yaoting came here for the Heaven Piercing Sword.

Yan Yaoting said further. "In exchange, I will tell you who's behind everything you are facing currently. I believe you should be curious about it right now. After all, Wang Zedong isn't competent enough to know your movements so precisely."

He took a deep look at Yun Lintian. "Moreover, I can help you escape from this place."

Yun Lintian fell into deep thought. In fact, he could guess about it. Except for the Star Gazing Palace's Xing Tengfei, who else could arrange a scheme to counter him so accurately?

"I can tell you that. It's not Xing Tengfei. Although he likes to concoct conspiracy behind the scene, you haven't reached the level he has to deal with you personally." Yan Yaoting said as if he saw through Yun Lintian's mind.

The frown between Yun Lintian's brows grew deeper. Could it be... It wasn't him?

Rumble—

All of a sudden, the lightning storm had already arrived a few hundred kilometers away from Yun Lintian's position. It won't be long before Wang Zedong could catch up with him.

"What do you think?" Yan Yaoting glanced at the incoming storm briefly and asked.

"Alright. I promise you." Yun Lintian agreed after a short ponder. Anyway, he would go to the Eastern Continent in the near future.

"Good." Yan Yaoting nodded with a smile. He looked at the transporting node beneath Yun Lintian's feet and said. "I suggest that you shouldn't use your formation again. The mastermind behind the scene has already discovered all of them. You will eventually step into his traps once you do... Of course. Including the ones that Little Girl Shen Liqiu set up."

"Who is he? Xing Renshu? Weilan Tianjun?" Yun Lintian asked. In his opinion, there shouldn't be anyone besides these two who is capable enough.

Yan Yaoting said with a serious expression. "It's not them, but a person from the Star Gazing Palace. His name is Xing Chen. Xing Renshu's older brother. This person has a deep mind and a vicious character. Because his viciousness is difficult to control, they don't dare to use him and give Xing Renshu the true successor position instead."

"Xing Chen?" Yun Lintian was surprised slightly. He had never heard this name before.

"He knows everything about you and designs this grand scheme just for you... I know this place because he told me." Yan Yaoting said. "If you want to escape from his palm, you have to leave with me now."

Yun Lintian fell into deep thought. If it was the case like Yan Yaoting said, this Xing Chen was indeed a formidable enemy. He wasn't sure how many things this person arranged for him behind the scene.

Boom!

"WHERE ARE YOU, LITTLE BEAST!?" Suddenly, Wang Zedong's roar came from the far distance, along with the lightning storm. Everything in his path was instantly turned into ashes by the Heaven Tribulation's lightning bolts as he rushed toward Yun Lintian.

"What is your decision?" Yan Yaoting asked.

Yun Lintian thought for a moment and replied. "Since this is a deal, I naturally honor my words. However, I won't go with you."

Yan Yaoting frowned slightly and said. "Well, I wish you good luck... Don't underestimate Xing Chen."

As he finished his sentence, Yan Yaoting disappeared without a trace.

"Die!"

Yun Lintian was suddenly shrouded with terrifying killing intense as Wang Zedong appeared in his line of sight.

In that instant, blazing flame clusters abruptly shot out from the ground beneath Yun Lintian's feet, overwhelmingly engulfing him.

Bang!

It was as though the Heaven Tribulation had found a new target. A few thick lightning bolts instantly struck Yun Lintian's position as if they wanted to erase him from the world in one fell swoop.

"Die! Die! Die!" Wang Zedong had gone completely insane. He continued to attack Yun Lintian with everything he had, even though he was struck by the lightning bolts that his flesh and bones were on the verge of melting.

Buzz—

Amidst explosions and bombardment, a streak of golden light suddenly shot out, going straight to the sky and piercing through the black clouds...

Chapter 1026 Brilliant Strike

An ear-piercing hum of the sword echoed throughout the entire space as Yun Lintian's figure slowly emerged from within the explosions. In his hand, the Heaven Piercing Sword shone brightly with a golden brilliance, producing a massive ripple of the sword intent and pushing all the flame clusters away.

The surrounding terrifying pressures were now replaced with the mighty sword intent, causing Wang Zedong to return to his sense.

"This..." Wang Zedong's soul shuddered. Facing the golden beam, he felt as though he were looking at a deity from heaven. This was clearly another level of soul suppression... What kind of sword intent was this?

Yun Lintian's pupils were brightly lit with golden light as his mental power radiated out, entirely enveloping Wang Zedong.

"Kill!" Without thinking further, he swung the sword down, and the golden streak immediately cut through the sky, descending on Wang Zedong. If one looked from afar, one would see a gigantic golden curtain span down from the sky, looking surprisingly gorgeous and enigmatic.

However, under the beautiful light curtain hid an enormous killing power that even Divine Ascending Tribulation Realm experts had to stay away from it.

Rumble—

It was as if the Heaven Tribulation was furious that someone actually challenged it. This time, the sky suddenly turned brightly scarlet, and countless red lightning bolts began to descend toward Yun Lintian.

However, Yun Lintian was unfazed. He was determined to kill Wang Zedong with this attack. Therefore, he didn't try to evade but took the bottle gourd out and let it defend against the incoming lightning bolts for a short period.

Meanwhile, Wang Zedong turned pale in terror, facing the incoming golden streak. His state of madness seemed to disappear completely at this moment.

He urged every ounce of his profound energy and executed his best movement technique, trying to escape from the place.

Unfortunately, Yun Lintian's attack covered more than a thousand kilometers. Even if Wang Zedong ran with all of his might, he was unable to escape from its range in the end.

"NOO!" Wang Zedong screamed in fright when he saw the golden streak come down. Every cell of his body seemed to burn vigorously as he felt his bones, muscles, and organs gradually reducing into ashes.

Coupled with his prior injury from the Heaven Tribulation, it was impossible for him to resist the power of Yun Lintian's sword intent.

Boom!

The lightning bolts and the golden streak descended almost at the same time. Wang Zedong instantly evaporated from the world under Yun Lintian's sword, ending the era of the mighty Wang Clan's patriarch.

Meanwhile, the bottle gourd above Yun Lintian's head managed to absorb a few lightning bolts and immediately full. It could no longer absorb further. Otherwise, it would break.

Yun Lintian executed the Shadow Step to avoid the excessive lightning bolts before putting the bottle gourd away.

Rumble—

At this moment, the sky trembled, letting out a deafening roar. It seemed to be furious to the extreme.

Several scarlet lightning bolts immediately shot toward Yun Lintian once again. This time, it covered the entire hundreds of kilometers around him.

"What the hell?" Yun Lintian glanced at the scarlet sky with a frown.

Normally, the Heaven Tribulation should have gone by now since the target, Wang Zedong, had already died. Why did it continue to attack him?

Yun Lintian gritted his teeth and swung the Heaven Piercing Sword upward, followed by a streak of golden light.

BOOM!

The golden light and the lightning bolts collided, sending a powerful impact to sweep everything around Yun Lintian. All the trees, boulders, and profound beasts simply vanished from the world without a single trace left behind.

The sky roared again, but there was no further attack this time. It was as if the Heaven Tribulation let out the last unwilling roar before disappearing. The scarlet clouds gradually dissipated, and soon the sky returned to its original bright and clear.

Yun Lintian heaved a sigh of relief when he saw this scene. He didn't understand why the Heaven Tribulation targeted him all of a sudden.

"How dare you kill my brother!?" Suddenly, a furious roar echoed throughout the space, and a female figure appeared in the sky, glaring at Yun Lintian angrily.

This person was eighty percent resembled Wang Zedong. Obviously, she was related to Wang Zedong.

"Wang Zifeng?" Yun Lintian seemed to recall a name. This person must be Wang Zedong's younger sister, who had married to the Star Gazing Palace's Supreme Elder Xing Guiren. Her name was Wang Zifeng.

Behind her, two middle-aged men could be seen. These two people were at the peak of the Monarch Profound Realm, but Yun Lintian didn't dare to underestimate them. After all, they were people from the Star Gazing Palace. It was impossible for them to come here unprepared.

Xing Chen... Yun Lintian thought of the name. This must be Xing Chen's arrangement again.

Yun Lintian looked at her and curled his lips. "Clearly, you arrived a long time ago. Why did you choose to appear after your brother had gone? And now you blamed me for it?"

He paused for a moment and said. "Could it be you are planning to let your children inherit the Wang Clan head's position?... Heh. I must say, you are really vicious."

The woman, Wang Zifeng, glared at Yun Lintian coldly. "Capture him!"

As her voice fell, Yun Lintian suddenly discovered the surrounding space was solidified, creating solid space confinement. Even if he wanted to use the escape talisman now, it was impossible to break the space and leave.

At this moment, the two middle-aged men behind Wang Zifeng stepped forward. In their hands, there were two huge ink brushes that seemed to be high-ranked artifacts.

They quickly wrote two words in the air. One was the "seal" word, and another was the "suppression" word.

The two words suddenly lit up in golden light before flying out and arriving above Yun Lintian's head.

Instantly, Yun Lintian felt like he was being stuffed into a narrow iron box, making him unable to move an inch!

Chapter 1027 Gamble

Yun Lintian's expression turned solemn for the first time. His aura burst forth as he released more than seventy percent of his power and swung the sword horizontally, creating a terrifying whirlwind around him.

Immediately, the space that had been solidifying started to expand ferociously. Following an extremely sharp noise, three hundred meters of space instantly exploded as countless spatial shards shot toward the two middle-aged men like needles, and behind the fragments were insanelly sharp golden sword intent.

Wang Zifeng was not too surprised that the space confinement had been instantly broken.

A white light flashed in her hands, and a long blue bow appeared in them. The longbow was one meter long, but in an instant, it grew to three meters long. This huge longbow was known as the "Star Shooting Divine Bow" and was considered the top among the Azure World's divine artifacts.

Not only was it one of the three sacred objects within Star Gazing Palace, but it was also said to be a divine object that the heavens granted Star Gazing Palace. It looked ordinary but possessed a divine might that could shatter mountains with one shot.

Wang Zifeng's face was calm as water. She casually drew the bowstring, and a gorgeous yet powerful energy arrow gradually emerged from her hand.

In an instant, a dreadful aura descended from above. This aura was deep and boundless, bringing along an indescribably enormous pressure.

Being aimed by her, a sense of crisis appeared in Yun Lintian's heart. This was the first time he felt this way in this battle.

Without thinking further, he took the escaping talisman out, preparing to escape. After all, he had spent too much profound energy in order to kill Wang Zedong and break the space confinement earlier.

However, the two middle-aged men seemed to predict this beforehand. They repeated the same trick, trying to confine Yun Lintian in place.

"Die." Wang Zifeng uttered softly and let loose the arrow.

The spatial shards that were flying toward the two middle-aged men and her were wrenched out of their trajectory before they could even draw near. Then they completely disappeared.

Even the golden sword intent abruptly slowed down before colliding with the arrow without much force.

The arrow continued to break apart Yun Lintian's sword intent and went straight to his heart.

Yun Lintian stared at the incoming blue arrow that resembled a comet solemnly. He tightened his grip on the sword and let out a long breath. His aura suddenly weakened, but it grew even more ferocious in the next instant.

Heaven Piercing!

All of a sudden, a streak of golden light exploded out, shooting toward the sky and piercing the clouds as Yun Lintian raised the Heaven Piercing Sword.

His entire body was shrouded with a golden brilliance, making him look like a god of war. The ground trembled violently—all the debris nearby was instantly turned into nothingness.

In that instant, Yun Lintian swung the sword down, and everything within the space was overwhelmingly engulfed by the sea of golden radiance.

The two middle-aged men, who were standing closer to Yun Lintian, were immediately swallowed by the golden brilliance. Their flesh, blood, and bones, everything had vanished completely.

The incoming energy arrow was no exception. It continued to resist the golden radiance for a moment before getting entirely swallowed by the latter.

Wang Zifeng's expression became solemn. She didn't hesitate to crush the escaping talisman she had prepared beforehand and disappeared from the place right before the golden radiance could get closer.

Anyway, she had already achieved her goal, which was to make Yun Lintian use his ultimate move.

The sea of golden radiance continued to exist for two breaths before gradually dissipating.

Everything around the place disappeared, leaving a massive crater that spanned over a thousand kilometers behind.

At the center of the crater, Yun Lintian stood there with a pale face. Droplets of sweat could be seen on his forehead. Evidently, he had spent too much of his profound energy on this move.

He quickly stuffed a handful of energy recovery pills into his mouth while scanning the place vigilantly.

"Obviously, they came here to force you to make a move." Hongyue's voice resounded. "I must say, the mastermind behind the scene surely knows how to play. From the beginning to the present, all they did was force you to spend more profound energy. Their goal is certainly to capture you alive."

"What are you going to do next?"

Yun Lintian calmly recovered his profound energy and replied. "He has a trump card, and so do I. What I am concerned about right now is my master. I hope she has truly left with Lin Xinyao already."

"Are you going to force that Xing Chen out?" Hongyue asked.

"It's difficult, but I will try." Yun Lintian replied truthfully. "This person cannot be left behind. Otherwise, he will continue to haunt me then and there... So, I choose to bet on this. Maybe his personality is similar to Xing Renshu's. If that's the case, he will certainly show up later."

Hongyue went silent. She somehow had a bad premonition in her heart, but she didn't want to intervene with Yun Lintian's decision, as it would affect his growth.

"Be careful." She said softly and went silent.

Yun Lintian felt strange in his heart. This was probably the first time that Hongyue showed a rare concern to him.

"You know me. I won't make a joke about my own life." He said with a smile, causing Hongyue to roll her eyes. Obviously, she didn't believe him.

Yun Lintian continued to recover his profound energy while remaining vigilant. To his surprise, no one came to him during this period. According to their plan, they should come here and continue to squeeze him... What was going on?

What Yun Lintian didn't know was that, currently, there was a battle a thousand kilometers from this place. And the protagonists were no other than Lin Zixuan and a handsome man clad in an azure robe.

"Heh. I knew there was something wrong back then. You have actually recovered." The man said with a faint smile.

"The same goes for you. Your injury has recovered faster than I thought." Lin Zixuan said calmly.

Her mesmerizing eyes were fixated on the man, her mortal enemy, without even blinking.

That was right. This person was the current Azure Palace Master, Weilan Tianjun!

Chapter 1028 Blinding Light

The man, Weilan Tianjun, chuckled slightly. "It all thanks to your newly recruited disciple. Without him, Senior Du wouldn't be this anxious and come to me."

He paused for a moment and said further. "Speaking of this. This disciple of yours is really interesting. I can't wait to see what kind of secret he has."

Lin Zixuan said nothing in return, but her aura gradually gathered.

At this moment, a golden brilliance suddenly emerged from the far distance, attracting their attention.

"Oh? It seems your disciple is in trouble." Weilan Tianjun smiled faintly. "However, I have to admit this move is not bad... Unfortunately, he has no idea what kind of situation he was in."

Lin Zixuan frowned slightly, and a trace of worry appeared in the depth of her eyes.

Weilan Tianjun looked at her and said. "I heard that little bitch Lin Xinyao is around here. I hope she hides very well. Hehe."

Bang!

As Weilan Tianjun's voice fell, a streak of white light suddenly appeared before his face, but he timely conjured a profound energy shield to block it.

"Why are you so hurry?" Weilan Tianjun leisurely waved his hand, dispelling the profound shield. "Your strength didn't seem to improve much."

As he spoke, his palm thrust out, and a mighty sword beam immediately exploded, distorting the nearby space. The eye-catching azure-colored light illuminated the heavens and earth in that instant.

Meanwhile, Lin Zixuan's entire being was instantly shrouded with a blinding light that completely swallowed the surrounding azure radiance.

Boom! Boom! Boom!

The rumbling howls of exploding power resounded amidst the dazzling white world like the continuous sound of exploding thunder. Every single explosion threatened to rip apart the blue sky.

The power of Lin Zixuan crazily surged, and her profound strength had been pushed to its limits before even ten breaths had passed after her first attack.

The power that exploded at every interval was enough to cause mountains to crumble and send tsunamis spinning across the ocean's surface.

Meanwhile, Weilan Tianjun wasn't inferior to her. He constantly blocked and countered every of her attack effortlessly. Evidently, his strength was slightly above hers.

Aside from the powerhouses in the Divine Ascending Tribulation Realm, the two of them were considered the peak existences. Back then, both of them continued to fight a day and night before Lin Zixuan committed a mistake first. And without Lin Canghai's interference, she would have been killed by him at that time.

This time, the outcome was the same as before. As Lin Zixuan continued to launch her relentless attacks, her aura gradually weakened. On the other hand, Weilan Tianjun didn't seem to sweat much. He casually blocked her and made a counterattack, forcing her to retreat from time to time.

"That's it?" Weilan Tianjun chuckled slightly after forcing Lin Zixuan away. "Back then, you're not my opponent, and it will be the same this time... Moreover, do you think I am the same as before?"

Weilan Tianjun's aura skyrocketed as he finished his sentence, revealing the first level of the Divine Ascending Tribulation Realm's strength.

"Kneel!" He pressed his hand down, and the space around Lin Zixuan twisted crazily.

The terrifying pressure immediately pressed her down, forcing her to the ground.

Weilan Tianjun slowly descended and landed a few steps away from her. "What a disappointment. I thought you had something... You actually come here to suicide. Have you gone senile after staying blind for several years?"

Lin Zixuan tried her best to resist Weilan Tianjun's power, but the gap between their profound strength was too huge. She was unable to get up from the ground, no matter how hard she tried.

"Although I wanted to kill you badly back then, you are no longer what you used to be. It would be a pity to kill you here." Weilan Tianjun looked at Lin Zixuan's superb figure lasciviously and said. "I will make you a bed warmer by my side."

He then stepped forward and stretched his hand out, intending to seal her profound strength.

At this moment, Lin Zixuan's brows sunk low as she stared intensely at his outstretched hand.

Suddenly, the sword-shaped necklace on her neck flashed with white light, and a dazzling, profound shadow slowly appeared behind her.

The next moment, the necklace expanded and transformed into a terrifying light sword.

Lin Zixuan grabbed it and swiftly slashed toward Weilan Tianjun. Her attack cut through the space, producing several spatial rifts all over the place.

Weilan Tianjun's eyes narrowed slightly. He didn't expect her to have this powerful move in her sleeve.

Without thinking further, he conjured layers of profound shields while activating his Azure Dragon Armor.

Instantly, his body was wrapped with azure dragon scales from head to toe, making him look like a dragon warrior.

**Boom!**

Lin Zixuan's light sword cut through the profound shields and mercilessly smashed Weilan Tianjun's chest. The impact immediately pushed Weilan Tianjun back several kilometers before stabilizing himself on the ground.

Glancing at a long, cutting trace on his chest, a hint of surprise appeared in Weilan Tianjun's eyes.

One had to know the Azure Dragon Armor was the most powerful defensive artifact in this world. From the past to the present, nothing could leave a mark on it, yet Lin Zixuan's light sword could actually achieve it.

"Not bad. Looks like that sword of yours is a real deal." Weilan Tianjun nodded in satisfaction. Once he subdued Lin Zixuan, the light sword would naturally be his.

"Let's end this." A majestic long sword silently appeared in Weilan Tianjun's hand as he took a step forward.

His figure swayed slightly and disappeared from the place before reappearing above Lin Zixuan, followed by a long azure arc that slashed down at her head.

The light sword in Lin Zixuan's hand shone brightly as she quickly swung it upward, welcoming his attack.

Boom!

Two terrifying powers collided, producing a vast crater beneath Lin Zixuan's feet. Once again, Weilan Tianjun was pushed back, but he wasn't injured in the slightest.

On the contrary, Lin Zixuan spat out a mouthful of blood. Her peerless countenance was pale, and her eyes turned solemn. Without a doubt, she was far weaker than Weilan Tianjun.

"Again!" Weilan Tianjun gave a cold laugh as his figure blurred. The sword in his hand flashed as a beam of sword energy shot toward her abdomen.

"You should leave."

When Lin Zixuan was about to crash head-on with the incoming attack, a cold female voice suddenly resounded in her mind...

Chapter 1029 Life And Death (1)

When the voice resounded, Lin Zixuan felt her entire body wrapped by an irresistible force and pulling her away from the place in the next moment.

At the same time, Weilan Tianjun's sword beam was directly dissolved and vanished by an unknown force.

"Who is it?" Weilan Tianjun pulled himself back and shot into the air, looking into the void while shouting coldly.

At this moment, Lin Zixuan had utterly disappeared from the place. No one knew what had just happened to her.

Weilan Tianjun looked around vigilantly for a while, and there was no response to his question. This made his heart turn cold instantly. In the Azure World, there weren't many people who dared to interfere with the Azure Palace's business... Who could this person be?

Furthermore, this person's profound strength was fathomable. Even Weilan Tianjun, who was familiar with the pinnacle of existence like Weilan Jian, could not help but be afraid. If this person wanted to kill him, he believed that he had no chance to escape.

Standing in the void, Long Ying stared at Weilan Tianjun briefly before turning around and vanishing from the place. She could kill Weilan Tianjun here, but obviously, someone was secretly protecting him. It would do harm more than benefit the current situation. Hence, she decided to leave after achieving her goal.

Weilan Tianjun was upset that his prey was being snatched away, but there was nothing he could do.

"Do you know who it is?" He asked in dissatisfaction.

An aged voice suddenly resounded from the void. "There are no more than six people in this world who can escape my perception. Aside from Old Master, there are Xing Tengfei, Nantian Xiulan at her peak, Frozen Moon Palace Founder Han Xue, the Long Clan's Long Shen, and Long Ying."

"Xing Tengfei has no reason to help her while Han Xue is rumored to be recovering currently. As for Nantian Xiulan, her bloodline would be exposed to use once she made a move. Obviously, it wasn't her."

Weilan Tianjun frowned deeply. "Are you saying it's the Long Clan?"

"Probably. Although they are at the end of their rope, their strength is up there. Their concealing technique is far stronger than anybody. Even if they make a move, their bloodline power won't be exposed to us. Moreover, they have a relationship with Yun Lintian." The aged voice resounded.

Weilan Tianjun's eyes turned cold. "Unfortunately, we have many things to handle at the moment. Otherwise, I would want to kill them all myself."

He turned around and said. "Let's go back."

"What about Yun Lintian?" The aged voice resounded.

Weilan Tianjun paused for a moment and said. "Someone will naturally take care of him later."

\*\*\*

Somewhere in the far distance, Lin Zixuan stood on the ground and looked at Long Ying in doubt. She had never met this woman before. Why did she save her?

"My name is Long Ying. Your third disciple is my descendant." Long Ying introduced herself briefly. "If I guess correctly, you were planning to kill Weilan Tian by sacrificing your life earlier."

Lin Zixuan didn't reply to the question. Obviously, she had such a plan.

Long Ying took a deep look at her and said. "I'm not going to criticize you for that one. After all, everyone has their own resolve. However, it would be a pity for you to die just like that... You should be aware that there is someone protecting Weilan Tianjun in secret, and I can tell you, this person's strength is no inferior to mine... Do you think you can kill him?"

Lin Zixuan remained silent for a moment and said. "Thank you for saving me."

"What's your plan?" Long Ying asked.

Lin Zixuan didn't say a word as she was at a loss currently. Of course, her goal to kill Weilan Tianjun was still there, but she had just missed the best chance. It would not be easy if she wanted to start again.

"How about coming with me first? Your disciples are waiting for you." Long Ying said.

Lin Zixuan thought for a moment and nodded. "Alright."

Long Ying smiled faintly and waved her hand. The two of them immediately disappeared from the place.

\*\*\*

On Yun Lintian's side, he had finally recovered more than twenty percent of his profound energy and was prepared to leave the place. His goal was to force Xing Chen out, but it was destined to be difficult now as he didn't see anyone coming for him after waiting for five minutes.

"This is strange." Yun Lintian was puzzled.

Since Xing Chen's plan was to squeeze him and make him exhausted. Why did he give him a chance to recover?

Naturally, Yun Lintian had no idea that, in fact, it should be Weilan Tianjun who came here according to the plan, but he was stopped by Lin Zixuan first.

Of course, with Weilan Tianjun's status, he didn't have to do it personally, but he believed that once Yun Lintian was in danger, Lin Zixuan would appear. And now, he had no reason to work for others anymore since Lin Zixuan had already escaped.

Suddenly, Yun Lintian's expression changed drastically as a terrifying arrow cut through the space and arrived a few meters away from him.

His instinct kicked in, and he quickly executed the Shadow Step to avoid it.

However, the arrow seemed to predict his movement beforehand. It abruptly changed direction and arrived where Yun Lintian reappeared.

Clang! Boom!!

Yun Lintian instinctively swung the Heaven Piercing Sword to block the arrow. The sword gave a fierce shudder before releasing an overwhelming golden beam of the sword to collide with the arrow.

The power that was imbued into the arrow was instantly and completely dispersed after the explosion.

The impact forced Yun Lintian to retreat several hundred meters away before he could stabilize himself.

Just as he was about to take a good look at the opponent, a beam of white light suddenly shot down at him from above. It was like a torrent of tides, suppressing his body for an instant.

On the other side, a new arrow traversed through the space and went straight to Yun Lintian's abdomen. Clearly, its target was his Origin Core!

Chapter 1030 Life And Death (2)

In that instant, Yun Lintian circulated his profound energy madly and struggled to move the sword to block his abdomen.

At the same time, The Sun within his body shone brightly. It was as if a volcano was erupting from the inside out. Scorching crimson flames abruptly burst out and flared in all directions with a crazy vigor as his aura of power began to rapidly rise.

His pupils, which had been filled with golden lights, now had two crimson flames burning in them.

Boom!

The arrow collided fiercely with the sword and was completely engulfed by the crimson flames.

The surrounding white light that was confining Yun Lintian dispersed like a fragile eggshell.

Amidst the crimson flames, Yun Lintian spat out a mouthful of thick blood as he looked over and saw Wang Zifeng standing beside a middle-aged man clad in white. This person was Wang Zifeng's husband and the Supreme Elder of the Star Gazing Palace, Xing Guiren.

Wang Zifeng retracted her Shooting Star Bow and said with a frown. "How could he still release his power?"

Even though Yun Lintian had recovered his profound energy a bit, he shouldn't be able to release his power to this extent. Moreover, the flames he released were far stronger than the phoenix flames he displayed before.

Xing Guiren's eyes shone brightly as he stared at Yun Lintian. It was as if he was looking at a peerless treasure. "This little guy surely has so many secrets on his body."

"If I'm not mistaken, the flames he uses should be originated from a heavenly treasure within his body. Additionally, I heard that he can use so many elements. All of them should be related to each other in some ways."

If Yun Lintian heard this, he would definitely be shocked by how close Xing Guiren's guess was.

Yun Lintian took a deep look at Xing Guiren. Through the Eyes of Heaven, he could see his strength clearly. Who said the Star Gazing Palace's members were weak in fighting? This person was obviously not inferior to Long Jinwei in his eyes.

At this moment, Xing Guiren opened his palm, and a small white compass could be seen on it.

Boundless energy abruptly spread out from the compass as a white-colored domain swiftly expanded and engulfed Yun Lintian. All the crimson flame's movements were visibly slowing down as if time flew at a different rate to the outside.

At the same time, Yun Lintian could feel everything around him become sluggish, including his movement. It was as though he had fallen into a bottomless quagmire, unable to escape.

"Don't underestimate him." Wang Zifeng gave a reminder. She had personally witnessed Yun Lintian break the space confinements time after time. It would be no surprise if he did it again.

Xing Guiren didn't say a word. He flickered his hand slightly, causing more and more of the space to be encompassed within the white world.

Following that, his aura burst out as he sent the power of the star toward Yun Lintian.

Facing Xing Guiren's power, the sea of crimson flames around Yun Lintian was immediately smashed aside as the enormous energy battered him, sending him flying like a soft cotton ball.

Yun Lintian was pushed back by several meters in slow motion.

Being hit by the huge star energy, Yun Lintian felt as though he was hit by a stampede of a hundred elephants. Every place on his body ached as if it was about to tear apart.

A sharp, destructive energy current gradually pierced into his skin and entered his Profound Vein before spreading to every corner of his body.

Blood began flowing out of Yun Lintian's mouth, nose, and ears as everything inside him shook violently.

This was the first time in his second life that he felt death was close. He had never felt this way before, even when he faced Jue Kong and Yin Bei back then.

"Done." Xing Guiren smiled faintly. Without a doubt, Yun Lintian couldn't escape his palm from now on.

Wang Zifeng was slightly surprised and delighted for her husband. "It seems the next plan can be forgotten."

Xing Guiren took a step forward, and his figure immediately arrived two steps before Yun Lintian. With the compass in his hand, he didn't seem to be affected by the slow time flow.

"Let's see what kind of secret you have." As he spoke, he stretched his hand toward Yun Lintian's head.

Watching Xing Guiren's hand approaching him, Yun Lintian shouted desperately in his heart. He anxiously tried to summon The Thunder, The Moon, and The Storm. Still, because of his low profound energy, he was unable to do it.

What to do?... Yun Lintian's mind spun rapidly. Once Xing Guiren's hand touched him, his profound strength and soul would be completely sealed. It would be impossible for him to ask Hongyue for help like before.

Do I have to expose the crowd here? Thought Yun Lintian. If possible, he didn't want to expose the Beyond Heaven King's Crown here, but he didn't seem to have other choices in the current situation.

Star energy... That's right!

An idea popped up in Yun Lintian's mind as he desperately controlled his Origin Core. Instantly, his Origin Core began to spin and quickly absorbed the destructive energy current constantly wreaking havoc inside his body.

"Hmm?" Xing Guiren noticed the change in Yun Lintian's body and quickly grabbed Yun Lintian.

However, at this time, Yun Lintian's aura suddenly burst out, followed by a power of lightning and water smashed toward Xing Guiren.

"Hmph!" Xing Guiren snorted coldly and conjured a profound shield before him. At the same time, he injected more profound energy into the compass, and the surrounding time flow became even slower.

In that instant, he suddenly discovered something odd. The lightning and water currents that were blasting toward him were actually unaffected by the time flow. They continued to rush toward him at the fastest speed.

Boom!

The profound shield that Xing Guiren had conjured was shattered directly, and his body was forced to retreat by several kilometers.

Yun Lintian didn't hesitate to crush the escaping talisman that he took out.

When Xing Guiren got rid of Yun Lintian's attack, Yun Lintian's figure was nowhere to be seen.

Xing Guiren's face darkened slightly. He didn't understand how Yun Lintian managed to get rid of his seemingly perfect confinement...

Wang Zifeng appeared beside him and said. "It's fine. He won't be able to escape again."
