

## **Myth Beyond 1041**

### Chapter 1041 The Cause Behind It

"Big Brother Yun..." The following day, Yun Niu stood at the door and looked at Yun Lintian with a pitiful expression.

Yun Lintian carefully packed necessities into a huge leather bag and turned to smile at her. "Next time, alright? This time is too dangerous. I don't want you to take any risk. Besides, Grandma Xia won't allow you to go anyway."

Today, Yun Lintian was going to leave for the mountain behind the village in order to investigate the abnormality that was occurring recently.

Yun Niu had pestered him since last night, wanting to go with him, but Yun Lintian decisively refused. Yun Niu was too young, and it would be difficult for him to protect her with his current strength.

"Oh..." Yun Niu pouted in disappointment and helped Yun Lintian pack items.

Yun Lintian rubbed her head gently and said. "I will leave Big Sister Xinyao to you."

Yun Niu nodded heavily. "Don't worry, Big Brother Yun. I will take care of Big Sis Xinyao well."

"Thank you." Yun Lintian smiled and put the bag on his back, preparing to leave.

When he walked out of the hut, he saw Yun Xia looking at him with an exquisitely long sword in her hand.

"Take this." Yun Xia handed the sword to Yun Lintian. "It should be useful for you."

Yun Lintian took the sword and looked at it briefly. He was surprised to find that the sword was actually a spirit-level quality.

"Thank you, Grandma." Yun Lintian didn't reject her kindness and carefully hung the sword on his leather belt.

"There's a Spirit-level profound beast on the top of the mountain. However, it is guarding the temple only. As long as you don't do anything excessively, it won't care about you." Yun Xia said. "Good luck."

"Understood." Yun Lintian nodded and bid farewell to Yun Niu before walking to the back of the village.

When he arrived, Yun Hei and twenty men had already waited for him.

"Uncle Hei." Yun Lintian greeted everyone politely.

Yun Hei nodded slightly and glanced at the sword on Yun Lintian's waist in surprise. Obviously, he knew the identity of this sword.

He retracted his gaze and handed a short bow and arrow set to Yun Lintian. "Take this."

Yun Lintian took them and said. "Shall we set off right away?"

"Alright. Let's go." Yun Hei nodded and led everyone into the forest in the distance.

When Yun Lintian stepped into the forest, he was immediately attracted by a familiar feeling. This feeling was actually... the Abyssal Energy!

Although it was very faint, Yun Lintian couldn't be mistaken about it. It was definitely Abyssal Energy. And this immediately resolved the problem behind the wild beast's abnormality.

"What's wrong?" Yun Hei noticed the change in Yun Lintian's expression and asked curiously.

Yun Lintian thought for a moment and asked. "Before this incident, has anyone in the village encountered a strange disease? For example, losing their mind and having a hallucination."

Yun Hei and the others glanced at each other and shook their heads. "No. However, there was one time. The wild boar we caught had gone crazy. I don't know if it can be counted as a strange disease."

"Can you tell me more?" Yun Lintian asked.

Yun Hei nodded and recounted the incident. "At that time, a wild boar ran into our fields, and we managed to intercept it halfway. However, when he captured it alive like we used to, it somehow lost its mind and killed itself by running to the tree. We have never seen such crazy behavior from it before."

"How did you deal with its remains afterward?" Yun Lintian asked with a serious expression.

"I felt that it wasn't simple. So we decided to bury it in the deep forest." Yun Hei answered while pointing to the path ahead. "It's around a kilometer from here... Can you tell me what it is all about?"

Yun Lintian said in relief. "You did the right thing, Uncle Hei."

He paused for a moment and explained. "I think I found the reason behind all these abnormal behaviors of the beasts. Let's go to where you buried it first, and I will explain it to you."

Yun Hei frowned slightly and led Yun Lintian to the place.

A while later, they arrived at a relatively open space. Without waiting for Yun Hei to point out, Yun Lintian immediately found a place where the wild boar's remains were buried.

He told everyone to back off and used a wooden stick nearby to dig it. Soon, the wild boar's remains appeared in front of everyone.

Yun Lintian carefully examined the remains by throwing a herb stalk into it. A moment later, the herb gradually turned black, which basically confirmed his conjecture. This wild boar indeed possessed Abyssal Energy.

"This...?" Yun Hei looked at the herb that turned completely black in shock. He suddenly felt that he was lucky back then to avoid being infected by this mysterious poison.

Yun Lintian found some forages nearby and lit them up with fire before throwing them into the hole.

"Everyone, please cooperate with me. Let's build some traps around this place. There should be a lot of beasts coming later." Yun Lintian said.

Yun Hei and the others didn't hesitate. They quickly spread out and put a lot of traps around the place.

"Can you tell us now?" After finishing everything, everyone gathered around Yun Lintian, waiting for his explanation.

Yun Lintian nodded and explained. "I don't know if everyone knows about the profound energy."

Yun Hei replied. "We know it. However, our talent is not enough. We cannot become a profound practitioner."

Yun Lintian explained further. "Then it's easy to explain. We, humans, use profound energy, and so do profound beasts. They are using it as well. However, there is another type of energy. This energy is extremely violent and sinister. People on the outside world called it Abyssal Energy."

"Once you or any beast was infected by it, their mind will start deteriorating and become crazy afterward. Just like this wild boar."

Yun Hei and the others were shocked upon hearing this. Thankfully, they weren't greedy and feasted upon the wild boar back then. Otherwise, the consequence would be difficult to imagine.

"So, you are saying that those beasts were affected by this?" Yun Hei recovered his composure and asked.

"Yes." Yun Lintian nodded slowly.

Chapter 1042 Another Emergence Of Abyssal Energy

"Is there any way to cure it?" Yun Hei asked further.

Yun Lintian nodded and then shook his head. "There is, but it's almost impossible for our village."

"Then, why do you want to attract them here?" Yun Hei's face turned solemn as he asked further.

"I need to confirm further on how extent they have been infected. Moreover, these beasts are destined to come out anyway. It's better to use this chance to eliminate them." Yun Lintian said with a serious expression.

"Surely, we can deal with them one or two times. But what about ten and twenty? We can't be passive forever, right? And if there is a mistake, the worst scenario is that all the crops around the village are infected by the Abyssal Energy."

Yun Hei and the others went silent immediately. They now understood deeply what kind of consequence they would face once those beasts slipped into the village.

Awooo—

All of a sudden, a wolf's howl could be heard from afar, making everyone raise their guard.

"Everyone, get to your position." Yun Hei said in a low voice, and everyone quickly dispersed.

They hid behind the trees while using some herbs Yun Lintian gave them to reduce their smell, allowing them to conceal their presence from the incoming beasts.

Soon, a group of silver wolves appeared in the vicinity. They looked around vigilantly while keeping their eyes on the wild boar's remains that were burning vigorously. The smell of it had attracted them here.

Yun Hei made a hand signal, telling everyone to raise their bows.

"Wait a minute." Yun Lintian raised his hand to stop everyone and pointed toward the forest behind the wolf pack.

Roar—

At this moment, a two-meter-high black bear emerged from the forest while roaring, showing its might.

Its fierce eyes were staring at the wolves as if it was looking at delicious food.

The appearance of the black bear immediately scared everyone on Yun Lintian's side. They had seen many powerful beasts before, but this was the first time they had met such a frightening bear.

Judging from its look, it was obviously several times stronger than the wild boar they met.

Yun Hei's face turned grim. He knew very well that his strength wasn't enough to contend with this black bear, but he had no way to retreat. What if it went to the village? He couldn't afford to risk the villager's life.

"Relax, Uncle Hei. Let's wait and see first." Yun Lintian smiled.

"Roar!" Instantly, the black bear roared excitedly and rushed toward the wolves.

Its huge body produced a towering momentum, causing the wolf pack to separate from each other, avoiding the black bear.

Seeing this scene, the alpha wolf howled, ordering its subordinates to attack the bear in all directions.

Boom!

The black bear grinned wickedly when it saw this. It raised its paw up and slammed it to the nearest wolf, causing the latter to be torn apart in one go.

Blood splattered all over the place, making the bear more excited.

The cruel scene made everyone on Yun Lintian's side turn pale. They had to cover their mouths with their hands in order to prevent themselves from screaming. Their legs shook in fright, and some of them were even limping to the ground directly.

Scree—

While the black bear and the silver wolves were fighting, a huge eagle suddenly appeared in the sky. Its huge figure immediately blocked the sun, casting a shadow covering everyone on the ground.

Its sharp eyes stared at the black bear coldly as if looking at a dead animal.

Yun Hei's face turned pale instantly when he saw this. The black bear's existence already made him powerless, but this eagle was several stronger than the black bear... It's over! Our village is doomed!

"Second-level Essence Profound Beast..." Yun Lintian glanced at the eagle thoughtfully.

Although Yun Lintian wasn't afraid of the eagle, it was difficult for him to fight it in his current condition. Unless he could make the eagle land on the ground.

Even though Yun Lintian had lost his profound strength, his powerful physique was still there. With his brute force alone, bringing these profound beasts was not a problem.

"Roar!" The black bear felt that he was being challenged. It roared furiously and massacred the silver wolves with the fastest speed. Clearly, it was holding back previously.

The alpha wolf saw this scene. It was frightened and quickly called its subordinates to retreat into the forest.

The black bear wanted to chase it, but the eagle suddenly shot down like a meteor toward it.

The black bear let out a furious cry and slammed its paw toward the incoming eagle.

However, the eagle was twice faster. It cleverly avoided the paw and used its claws to slash toward the bear's face.

Puff!

Blood splashed into the air, and deep wounds immediately appeared on the black bear's face and eyes. It howled in pain and threw its arms around, desperately trying to catch the eagle.

Unfortunately, the eagle had already flown into the air, turning around and coming back to the bear. This time, a sharp light could be seen on the eagle's claws. Obviously, it had channeled its profound energy.

Puchi!

The black bear's head was instantly torn apart by the eagle's sharp claws. Blood gushed like a fountain as the bear's body gradually fell back and smashed into the ground with a loud bang.

Even though Yun Lintian couldn't use the Eyes of Heaven, he could feel Abyssal Energy flow out of the black bear's remains. This further confirmed that more powerful beasts were infected by Abyssal Energy.

The eagle didn't seem to care about the black bear's head. It threw the head away like worthless trash before casting its sharp gaze onto Yun Hei and the others behind the trees.

This scene immediately scared everyone.

Yun Lintian looked at the eagle attentively and found out it wasn't affected by Abyssal Energy. This was strange.

He thought for a moment and stepped out of the tree, walking to the open space fearlessly.

"Little Brother Yun!" Yun Hei came back to his sense and cried out in shock.

Yun Lintian didn't care about Yun Hei. He stared at the eagle, who was also staring at him and said. "Someone has told you to come here, right?"

Yun Lintian's incomprehensible action instantly startled Yun Hei and the others...

Chapter 1043 Master Bai

The eagle hovered above Yun Lintian for a while. Its sharp eyes stared at Yun Lintian from head to toe as if it wanted to see how special this little human was.

Meanwhile, Yun Lintian had also looked at the eagle attentively. He believed this eagle was sent by someone because it had a chance to attack him and the rest, but it didn't even bother to look at them.

Furthermore, it clearly had a goal. The eagle didn't focus on the silver wolves that were easier to deal with but chose to deal with the black bear. This allowed Yun Lintian to realize that the eagle possessed a spiritual consciousness, even though it had yet entered the Spirit Profound Realm.

This was why he dared to come out and ask the question.

Yun Lintian touched the sword necklace on his neck, and a golden light flashed out, along with the Heaven Piercing Sword landing in his hand.

The sword's appearance startled everyone in the place, including the eagle. Its movements became sluggish by the sword's aura before landing on the ground a few meters away from Yun Lintian.

Yun Lintian caressed the sword gently, but sadly, he couldn't communicate with it through his soul. "Thank you for your hardworking."

If it wasn't because of the Heaven Piercing Sword, Yun Lintian would have died from the attack of the Blue Demon a long time ago.

The sword seemed to perceive Yun Lintian's mood. It let out a low hum and rubbed its blade on his chest lovingly.

Yun Lintian chuckled and turned to the eagle. "Can you take me to see your master? I believe you must notice the change in these beasts a long time ago. Perhaps I can help you."

The eagle raised its head slightly, and a moment later, it nodded, agreeing with Yun Lintian's request.

Yun Lintian turned to Yun Hei and said. "Uncle Hei, please return to the village with everyone first. I'll go with this eagle."

Yun Hei opened his mouth, not knowing what to say at the moment. Yun Lintian's series of actions shocked him to the point his entire body grew numb.

He nodded slowly and said. "Understood. Be careful."

Yun Lintian smiled and let the eagle grab his shoulders, bringing him into the air and heading toward the top of the mountain.

"This is... incredible." One of the villagers beside Yun Hei said.

Yun Hei stared at Yun Lintian's disappearing silhouette for a while and said. "Let's go back. We need to prepare a lot of traps around the village."

Everyone nodded and quickly rushed out of the forest, returning to the village.

In the air, Yun Lintian looked at the paradise-like scenery below in relish. Compared to the Land of Beyond Heaven, this place was more grand, even though it lacked the richness of profound energy. It would be great if he could bring this entire mountain range into the Land of Beyond Heaven.

As the eagle flew higher, Yun Lintian's breathing grew increasingly difficult. However, the Heaven Piercing Sword in his hand seemed to notice this and released a gentle aura to cover him, allowing him to breathe easier.

"Thank you." Yun Lintian said gently.

The sword hummed softly and returned to the necklace form, hanging itself on Yun Lintian's neck.

Soon, the eagle passed through a group of clouds and scenery that was even more enigmatic than the one Yun Lintian had seen earlier appeared in his sight.

Instead of surrounding by a dense forest like before, the trees and flowers on the top of the mountain were more exotic and arranged neatly, as if someone had meticulously planted them.

A magnificent waterfall could be seen, shrouded with an immortal fog. Several deer, swans, and many beautiful animals were jumping and running everywhere. Yun Lintian felt like he had just entered a fairyland.

A few meters from the waterfall, a pagoda-shaped building seemingly made of precious jade and unrecognized gems could be seen standing tall. It was one story but big and tall enough, no different from a typical four-story building.

"This should be the Cloud Temple?" Yun Lintian said to himself curiously.

According to Yun Xia's words, the Cloud Temple was a sacred place of this Heavenly Cloud Mountain Range. And normally, none of the wild beasts dared to approach this place. Clearly, those swans and deers were special.

The eagle slowly descended and brought Yun Lintian to the ground before the temple. It then lowered its head respectfully as if waiting for someone to appear.

Yun Lintian looked around curiously but didn't seem to find anyone nearby.

"Beyond Heaven King's successor? Look like my eyesight is still fine." An aged male voice suddenly resounded, startling Yun Lintian for a moment.

At the same time, an adult human's head-sized owl silently appeared at a small oak tree beside the temple. Its feathers were completely white, and its eyes were full of wisdom.

When Yun Lintian looked at the owl, he felt as if he was facing a respected elder.

"You are the guardian of this place?" He asked cautiously.

"Indeed." The white owl said. "You can call me Master Bai."

"So, you are the one who brought me in?" Yun Lintian asked further.

As time passed, the scene where he fell to this place gradually became clearer. He vaguely remembered something was pulling him and Lin Xinyao in. It should be this Master Bai's power.

"Yes. When I noticed your unique aura, I immediately pulled you in." The white owl, Master Bai, said. "Who would have thought you were the Beyond Heaven King's successor?"

He paused for a moment and asked. "I'm curious. How did you appear here in this world?"

Yun Lintian was surprised and asked back. "You don't know that the Beyond Heaven King had left his legacy behind in this world?"

A strange light flashed through Master Bai's intelligent eyes. Everything in his mind seemed to click all of a sudden. All of his doubts had disappeared completely.

"I see. Haha. So that's the case. No wonder that bastard sent me here. No wonder..." Master Bai suddenly laughed out loud. There was both resentment and excitement in his voice.

#### Chapter 1044 Revelation

Master Bai laughed for a while and said to Yun Lintian. "Do you know why I brought you here?"

Yun Lintian frowned slightly and said nothing.

Master Bai said further. "As you can see, this place has been infected by this filthy dark energy. Because this world's energy is too thin that I cannot use this immortal mountain to purify it. That's why I need to borrow someone's hand. And that person is you."

He looked at Yun Lintian deeply and chuckled. "Unfortunately, you are too stupid to use all of your power to help that little girl. Alas, look like my effort is in vain."

"Immortal mountain?" Yun Lintian was puzzled. "What's the origin of this place?"

Master Bai scoffed. "With your current strength, you are not qualified to know it."

A trace of killing intent flashed through his eyes as he said coldly. "Believe it or not? I will kill you right now and take the Beyond Heaven King's inheritance away."

Yun Lintian stared at the white owl for a while and chuckled. "Although I have lost my strength, it doesn't mean I can't see your strength."

He paused for a second and said with a smile. "You are nothing but a mere Spirit Profound Beast, yet you dare to threaten me with such a stupid threat?"

Master Bai's face turned gloomy. "It's more than enough to kill you."

Clang!

The Heaven Piercing Sword suddenly appeared in the air and pointed its sharp tip at Master Bai.

Yun Lintian smiled and said. "Do you want to try it?"

Master Bai's pupils shrank in shock when he saw the appearance of the sword. "This... Fleeting Cloud Sword Emperor's Heaven Piercing Sword!?"

Before this, he felt a domineering aura coming out from the sword in Yun Lintian's hand, but he didn't think about it much. After all, how could the Beyond Heaven King's successor be poor? Having one or two divine weapons was normal.

However, he didn't expect this sword was actually the legendary Heaven Piercing Sword... What was wrong with this tiny world? A divine emperor's treasure trove or something?

Since Master Bai and the Heavenly Cloud Immortal Mountain descended into this world, he had never been to the outside world even once. That was why he was oblivious to almost everything out there.

The appearance of the Beyond Heaven King's successor already brought him a great shock, and now there was this sword. He didn't know what to say anymore.

"Ke...Kehaha! I'm just joking with you. Why are you so serious?" Master Bai laughed awkwardly while sweating profusely. Even though Yun Lintian could not use the sword at the moment, the sword itself was enough to chop him into pieces. Who would dare to be arrogant further?

He hurriedly changed the topic, fearing Yun Lintian would make a move on him. "Ahem! Do you want to know the origin of this place, right? Let me tell you."

"This place is called Heavenly Cloud Immortal Mountain and, of course, the previous owner was called Heavenly Cloud Immortal Master... Well, he was an old bastard. Let's just forget about him." Master Bai said with resentment.

"Tell me more about him." Yun Lintian didn't let him go.

"You..." Master Bai wanted to retort, but the sword was pointing at his forehead, shutting his mouth immediately.

"Alright. His name is Yun Yi. He was famous for his shamelessness, and his strength could be compared to the owner of this Heaven Piercing Sword. Of course, he was far inferior to your master, Beyond Heaven King." Master Bai reluctantly explained.

"He spent ten thousand years to create this mountain. That was when everyone in the Divine Realm started to call him the Heavenly Cloud Immortal Master."

A disdainful smile appeared on Master Bai's face as he said further. "You don't know this. He was so shameless that he bribed so many people in order to spread his name. Of course, his title naturally came from him. He named it himself."

Yun Lintian's face twitched slightly. Indeed, this Yun Yi was shameless enough.

"You use the past tense. Is he already...?" He asked curiously.

"How could a shameless bastard like him be alive? Of course. He is already dead!" Master Bai said without any good feeling. "If it wasn't for him, how could I, a dignified White Owl Emperor, end up like this?"

"How did he die?" Yun Lintian asked further.

"This... I cannot tell you." Master Bai hurriedly explained. "When a person reaches the Divine Emperor Realm's peak and successfully transcends to the legendary realm, Celestial Transcendence Realm, his or her name cannot be mentioned casually. Otherwise, they will know your location directly."

"So you mean his enemy is in this realm?" Yun Lintian immediately understood everything. No wonder Hongyue kept insisting on telling him about those enemies' names.

"Yeah. Unless that person has already died. You can't mention their name." Master Bai nodded. "Hehe. You, a successor of him, have inherited his debt by default. I wonder what would happen if those old monsters knew about your existence."

His eyes were full of gloating when he spoke this.

"Can you tell me about Beyond Heaven King? Who exactly is he? And how's his strength?" Yun Lintian didn't care about Master Bai's gloating and asked further.

Master Bai's eyes turned strange. "You don't know it?"

Seeing that Yun Lintian genuinely had no idea, Master Bai muttered to himself. "What is that guy planning?... Is he trying to kill his successor?"

A moment later, he explained. "Beyond Heaven King is known as the number one celestial being who rules all the thirty-two Divine Emperor Realms. His strength can be said to be unfathomable. No one has ever seen his depth before. In short, no one in the whole Divine Realm can be his opponent."

A frown appeared on Master Bai's face as he continued. "In fact, I don't even know how he fell. Who could force him to a dead end? This is a mystery that had yet unraveled."

He took a deep look at Yun Lintian and said. "Perhaps you are the key to this mystery."

Yun Lintian's eyes narrowed slightly. With simple thinking, the Beyond Heaven King was already the pinnacle of existence in the whole Divine Realm and had no opponent. Therefore, the only possibility was that his enemy was someone beyond that... A true god?

Chapter 1045 Tenth Tier Pill

"Are you perhaps thinking about an existence like a true god?" Master Bai seemed to see through Yun Lintian's thoughts. "Heh. Let me tell you. A true god had ceased to exist since who knows how many trillions of years ago. Moreover, no one can achieve a true god level because the environment of the Divine Realm is not good enough."

"You have no idea how many celestial beings have been trying to ascend to that so-called true god realm during these past billions of years. Guess what? They couldn't even find a starting point."

Master Bai paused briefly and said further. "So, you can forget about it. Your master is likely to be killed by someone on the same level."

Yun Lintian frowned deeply. When he recovered, he must talk with Hongyue about this matter seriously. She definitely knew how Beyond Heaven King fell.

"Seriously, I really don't understand his intention. Looking at your appearance, he didn't seem to leave anything for you. Not even his own information... Maybe he wants to protect you and wait until you grow up?" Master Bai said in puzzlement.

Yun Lintian went silent for a moment and said. "You said that you are a White Owl Emperor. Your strength shouldn't be low, right? How did you become like this?"

Hearing this, Master Bai got furious immediately. "It was that bastard Yun Yi. We were good friends for years, yet he actually did this to me... He lured me to this place and poisoned me before imprisoning me in this form."

His voice grew louder as he continued. "Do you know what is more ridiculous? He had the audacity to tell me to protect this place well. Hah! For real? After doing that thing to me!?"

The entire mountain peak was immediately covered with thick killing intent, frightening the surrounding animals.

Yun Lintian's entire body turned cold under the boundless killing intent. This was the first time he faced someone with such a frightening killing intent. Perhaps billions of lives had fallen under his hand.

A while later, Master Bai calmed down and muttered to himself. "Forget it. He is already gone. There's no point angry at him further."

He turned his gaze to Yun Lintian and said. "Let's talk about our business... As you can see, this place is starting to get infected by the dark profound energy. My current strength is not enough to suppress it. So, I have borrowed the power of this mountain instead."

"Unfortunately, this world's energy is too sparse. It's impossible for the mountain to maintain its original ability. This is also why the barrier is getting weaker."

"At first, I wanted to ask you for help, but you have become like this. We have to find a way to restore your strength first."

Master Bai flapped his wings and flew toward the temple's entrance. "Follow me."

Yun Lintian patted the Heaven Piercing Sword gently and followed Master Bai into the temple.

Inside the temple was a spacious hall painted entirely white. There wasn't any furniture or decoration. It was a plain space with a somewhat altar at the end of the hall.

Master Bai landed on the long altar and flapped his wing slightly. Several treasure boxes made of white jade appeared on the altar a moment later.

When Master Bai opened the box, a strong medicinal fragrance instantly filled the hall. Just by breathing in, Yun Lintian immediately felt his injury get better.

Master Bai took a white pill bottle out and threw it at Yun Lintian. "Heal your physique first, and we will talk about your soul later."

Yun Lintian wasn't polite. He opened the bottle and saw a few golden pills inside. Judging by their appearance, he believed the grade of these pills was higher than a divine grade.

"This is a tenth-tier healing pill. In the Divine Realm, any medicine will be divided into eleven tiers. The highest one is a primordial tier, which exists in the legend only. So, the highest one you can find there is a tenth tier one." Master Bai explained.

"Normally, anyone below the Divine Profound Realm like you will definitely have their body explode after consuming it. However, your profound vein is different. Absorbing this pill is not a problem for you."

Yun Lintian took the pill out and saw a faint golden halo around it, making it look unreal.

After examining it for a while, he threw it into his mouth and sat down, began to absorbing it.

In the next moment, Yun Lintian's body was wrapped in a golden halo, similar to the one he had seen on the pill earlier. The wounds on his shoulder and chest quickly recovered at a visible rate. It was fast, to the point it could be called a miracle.

"I didn't expect it to be true. He could actually absorb it. Tsk, tsk, tsk. The Beyond Heaven Profound Vein is surely as exaggerated as people said." Master Bai muttered to himself.

In fact, Master Bai had no idea whether Yun Lintian could absorb it. He simply lied to the latter and let him take it. No matter what, he needed Yun Lintian's help. If he stayed crippled, how could he help him and this place then?

If Yun Lintian knew the truth, he would definitely grill this white owl alive.

However, Yun Lintian had no time to care about anything. He was immersed in the wonderful feeling brought by the miraculous pill.

At this moment, his bones, muscles, and organs were getting better every second. Within two minutes, his physique had returned to its peak state, and Yun Lintian even felt that he had become stronger.

Furthermore, he could feel that his profound strength gradually returned to him. The surrounding profound energy quickly swarmed toward him, penetrating every pore of his body.

He opened his eyes, and the golden halo around him gradually faded away, disappearing completely.

Crackle—

When Yun Lintian got up from the ground, his joints produced a cracking sound as if they were excited.

Yun Lintian slowly channeled his profound energy and stuck his fist out, producing a booming sound.

"Not bad." He nodded in satisfaction. Although his profound strength hadn't improved in the slightest, he was more than satisfied to have the power back. What else could he ask for?

Chapter 1046 Strange Creature

"Thank you." Yun Lintian looked at Master Bai and said sincerely.

Master Bai turned around and found another pill bottle before throwing it at Yun Lintian. "This is for your soul. However, you better take one-tenth of the pellet. Unlike your physique, your soul has nothing to help with."

Yun Lintian tried to open his interspatial ring, but futile since he couldn't use his Spiritual Sense. The only thing he could do was take another tenth-tier pill that Master Bai gave him.

Unlike the previous pill, Yun Lintian pretty much listened to Master Bai and only took one-tenth of the pellet.

Immediately after swallowing the pill, a refreshing current rushed to Yun Lintian's soul and spread to every corner of his body. He quickly calmed down and concentrated on absorbing.

The refreshing current was like a cool rain that poured onto a dried land. Yun Lintian's damaged soul gradually recovered. He could feel clearly that his Spiritual Sense slowly returned to him.

The connection between him and the Gate of Beyond Heaven in his mind had also emerged again.

Inside the Land of Beyond Heaven, Hongyue and Lauya noticed this change. They glanced at each other in surprise.

"How did he do it? His injury shouldn't be recovered in a year or two." Hongyue said in doubt.

"This recovery speed... Looks like His Majesty has found a high-level treasure." Lauya expressed her thought.

Swoosh!

Suddenly, Yun Qianxue, Han Bingling, Mu Qiuxue, Linlin, and Qingqing appeared in the living room. They seemed to notice something as well.

"Princess Hongyue..." Han Bingling said curiously.

"His injury has recovered faster than I thought," Hongyue said. "He should be fully recovered soon."

"That's great! I miss Big Brother Yun." Qingqing was overjoyed. Although there were so many delicious things here, she still preferred being with Yun Lintian more.

Meanwhile, Han Bingling and the others didn't say anything. They were waiting with great expectation.

Compared to his physique, it took Yun Lintian a full twenty minutes before his soul had completely recovered.

Yun Lintian didn't open his eyes, but his Spiritual Sense had already spread out. The waterfall, the animals, and the forest below gradually appeared in his mind.

Yun Lintian slowly opened his eyes, and his entire body was relaxed. He had never been like this before.

"Hongyue." Yun Lintian said in his mind.

"Heh. Isn't this a guy who tried to commit a suicidal act before?" Hongyue's familiar sarcastic voice immediately resounded in Yun Lintian's mind.

Yun Lintian subconsciously rubbed his nose in embarrassment and said. "I'm fine now, alright?"

"Lintian..." Yun Qianxue's soft voice resounded.

"Sorry I make everyone worry." Yun Lintian said apologetically. However, he didn't regret it in the slightest on what he did. At least Lin Xinyao's life was saved.

"It's good that you're fine." Yun Qianxue said gently.

Han Bingling was about to say something, but their connection somehow disappeared all of a sudden.

Yun Lintian was also confused. He tried to communicate with the Gate of Beyond Heaven, but it was to no avail.

At this moment, Master Bai said. "Not bad. Your soul is more powerful than I thought. Now, follow me to a place."

Yun Lintian wanted to find out what exactly happened to him and the gate, but he saw Master Bai tap on the altar, and a secret passage appeared behind it.

Immediately, Abyssal Energy flew out, but it was suppressed by an invisible force around the hall. This scene caught Yun Lintian's attention directly. He put everything aside and followed Master Bai into the passage.

The passage was deep and clearly led to a basement floor. As Yun Lintian moved forward, Abyssal Energy became stronger. This made him curious even more.

Master Bai flapped his wing slightly, and a ball of light immediately appeared in the air. "As you can see, the dark profound energy here is growing stronger. It has reached the point where this temple cannot suppress it any longer."

"What is the source of it?" Yun Lintian asked.

"We will see it soon." Master Bai said, and the two increased their pace before arriving at an open space on the basement floor.

When Yun Lintian cast his gaze over, a gigantic black heart could be seen beating at the center of the floor. It wasn't entirely similar in shape to a human's heart, but it wasn't far off. It looked more like a demi-human heart he had seen in the books.

Thump... Thump...

Every time this heart thumped, Yun Lintian felt like his soul was stomped upon. It made him extremely uncomfortable, and want to leave this place.

"Don't ask me. I don't know as well who the owner is. However, judging from its look, the owner should be at a second level of the Divine Foundation Realm." Master Bai said.

"When I was sent to this world along with the immortal mountain, we coincidentally landed on this heart. Perhaps it detected the divine aura on the immortal mountain. This heart immediately stuck on this place like glue. I tried to get rid of it many times, but as you can see, I am too weak for that. As for borrowing the mountain's power, the barrier will definitely break once I do it, and a disaster will arrive for those below."

He turned to look at Yun Lintian and said. "So, I want you to get rid of it and restore the mountain's energy."

Yun Lintian nodded in an understanding manner. "I understand."

As he spoke, he stepped forward and opened the Eyes of Heaven. Soon, he discovered that the 'heart' was actually not a heart but an egg!

Inside the egg was a two-meter-long existence similar to a human baby. This 'person' was greedily absorbing the Abyssal Energy constantly gathered by the outer shell.

"What the hell is this?" Yun Lintian couldn't help saying.

Unfortunately, he couldn't contact Hongyue. Otherwise, she would tell him directly.

"What is it?" Master Bai asked.

"There's a fetus inside, but I don't know what kind of species it is." Yun Lintian explained. "It looks pretty much the same as a human, but it's too huge to be called a baby."

A strange light flashed through Master Bai's eyes as he said. "Could it be a devil spawn?"

Chapter 1047 Seven Great Devils

"Devil spawn? What is that?" Yun Lintian asked curiously.

"It's a fiendish method to bleed a devil. They would find some talented human cubs and forcibly inject the dark profound energy or devil bloodline into them." Master Bai stared at the egg in contempt. "I didn't expect to see one here."

Yun Lintian's eyes turned cold upon hearing this. He asked. "How to deal with it?"

"Just kill it directly." Master Bai said. "There's no need to have sympathy on it. Trust me, boy. The best way to relieve the victims is to kill them."

Yun Lintian asked after a short ponder. "Is there any way to trace back to the owner?"

"There is. However, my damn strength is insufficient to perform a blood tracing technique." Master Bai said in annoyance. "I can teach you. Do you want to learn it?"

"Sure." Yun Lintian nodded.

Master Bai then threw a jade slip over and said. "I have to remind you of one thing. It can be both ways. The owner of this devil spawn can also trace it back to you once you do it. So, decide by yourself."

Yun Lintian read the content on the jade slip briefly and roughly understood the technique. He thought a moment and asked. "Can I keep the blood and do it later?"

"You can. However, there's a chance you cannot find it. After all, the quality of blood will deteriorate as time passes." Master Bai answered. "Unless your soul is strong enough."

Hearing this, Yun Lintian decided to keep the blood right away. He could ask Hongyue or Lauya to trace it later. After all, their souls were extremely strong.

Thump... Thump...

Yun Lintian reached out to grab the Heaven Piercing Sword and walked toward the egg. As he drew closer, the heartbeat was getting louder, making his body tremble involuntarily.

"Who are you? How dare you show a killing intent toward me?" A cold voice suddenly resounded. The voice was hoarse and incomparably icy, as though it was a voice of a creature from hell.

Yun Lintian was surprised slightly.

"Oh? It has already developed its spiritual consciousness, huh?" Master Bai flew over and landed on Yun Lintian's shoulder.

"It's good then... Now answer my question obediently, you little devil. This grandpa will give you a good time later."

"Want to kill me? With just you two? Kekeke... I, Mo Bai, have seen a lot of arrogant characters before, but none of them can be compared to the two of you. A mere spirit bug and a Saint Profound Realm baby actually dare to threaten me. Kekeke!" The fetus, Mo Bai, laughed wildly.

"Wait. Did you just say Mo Bai?" Master Bai said with a strange expression.

"Oh? You know me?... Wait. White owl... Don't tell me you are a descendant of that bastard Bai Shi?" Mo Bai was surprised.

Master Bai's face darkened. "Hehe... I didn't expect to see the weakest one among the Seven Great Devils of the Devil Realm here. Though you are just an avatar."

"Who said I am the weakest!?" Mo Bai was angry. "Since you know me, why don't you kneel down?"

"Kneel down?... Hehe. It seems you have forgotten the lesson I gave you last time." Master Bai grinned coldly.

"The last time... You... You are Bai Shi!?" Mo Bai was shocked this time. The scene where he was beaten to the point his brothers couldn't recognize him appeared in his mind like a movie.

"No, how could it be you? Wait a minute...." Mo Bai's Spiritual Sense suddenly spread out, and he immediately laughed out loud. "You are not an avatar? Kekeke! Hahaha! Bai Shi, oh, Bai Shi! You have this day, ah?"

Master Bai's face turned gloomy. "Wait until I return to the Divine Realm. I will find your true self and kill you!"

"Che! Your strength has obviously regressed like this. It would definitely take more than a thousand years to recover. Do you think I will give you a chance?" Mo Bai snorted coldly. "I see. This place is the Heavenly Cloud Immortal Mountain, huh? No wonder I felt familiar here."

A moment later, Mo Bai seemed to think of something and said. "Could it be that Yun Yi had gone for good?"

"Kill him. You don't need to keep his blood anymore." Master Bai said coldly.

Yun Lintian, who was listening to their conversation in relish, suddenly made a move. The Heaven Piercing Sword in his hand let out a low hum and drew a beautiful arc as he swung it down upon the egg.

The egg was instantly surrounded by terrifying pressure, but Mo Bai didn't seem to have any intention of defending it. His eyes were staring at the incoming sword attentively.

"Heaven Piercing Sword!... You are..." Mo Bai turned his gaze to Yun Lintian, but before he could finish his sentence, the sword had already descended and completely destroyed the egg, including the fetus inside.

Boom!

In the next moment, a scorching crimson flame lit up, burning every remain of egg into ashes.

Yun Lintian retracted the sword and asked. "Can you tell me about him?"

Master Bai glanced at the pile of ashes on the ground briefly and said. "I believe that you know about the Divine Realm. However, have you heard about the Devil Realm?"

Yun Lintian shook his head. He had never heard about it before, and Hongyue had also never mentioned it.

"Well, it's understandable. The Devil Realm is, in fact, a small realm with a few hundred thousand stars under it. That place is reigned by what we call the Seven Great Devils. Mo Bai earlier is the weakest one among them." Master Bai explained.

He looked at Yun Lintian and sighed. "I'm sorry. It's my fault. I should have recognized his identity a long time ago. Now, he seems to be aware of your existence."

"However, he won't link you as a successor of the Beyond Heaven King. At best, he should regard you as the Fleeing Cloud Sword Emperor's descendant."

Yun Lintian frowned deeply. He didn't blame Master Bai since the situation was beyond his control. After all, Master Bai's current strength was no different from a newbie profound practitioner. Even if he possessed tons of experience, his strength didn't allow him to recognize the fetus' identity.

Master Bai comforted in guilty. "Don't worry. Even if he knew your identity, he wouldn't be able to come here."

"Oh? Why is that?" Yun Lintian asked curiously.

## Chapter 1048 The Veil Of Mystery

From Hongyue, Yun Lintian knew that this Azure World was sealed by the powerful world's boundary. However, he had no clue more than that.

Master Bai explained. "It's because this world has been isolated by a powerful individual. When I knew that you are the Beyond Heaven King's successor, I immediately understood why someone went to this extent to seal this world from everyone."

"Of course, when the Beyond Heaven King fell, there were many rumors about his legacy being left behind somewhere in a lower world. For those with deep backgrounds and resources, it wasn't a problem to find this place. It was just that they couldn't break into this place. Unless they don't want to live anymore."

Yun Lintian was surprised. "What do you mean?"

"Well, I will explain it in short. You can imagine this world is surrounded by a powerful killing formation. Anyone who wants to come in must pay a heavy price." Master Bai replied. "Any Divine Profound Realm practitioner will be killed on the spot if they try to break in."

He looked at the pile of ashes on the ground again and said further. "This is also why Mo Bai has to use this method to enter this world. Undoubtedly, he's chasing after the Beyond Heaven King's legacy."

"I wonder who set up such a powerful seal?" Yun Lintian roughly understood everything and couldn't help wondering about the person who came up with this method.

"Although I'm not that familiar with your master, I can be sure this is not his usual style. Looking at those god emperors in the Divine Realm, no more than five people can do this kind of method... However, none of them seem to have a personal relationship with your master." Master Bai frowned deeply. He was puzzled as well.

Yun Lintian thought for a moment and asked. "Is there a woman among them?"

"Woman?" Master Bai was surprised. "Well, there are indeed women among them. One is the God Emperor of the Ancient Xia Dynasty, Xia Nongyue, and the legendary Red Moon Slaughterer, Yue Hongyue."

A strange light flashed through Yun Lintian's eyes. Didn't Master Bai say none of them had a personal relationship with Beyond Heaven King? They were obviously close to him... It seems there's something tricky here.

Moreover, for some reason, Yun Lintian felt it shouldn't be these two since they obviously came to this world later... And that mysterious woman who set up all the mythical realms... Who was she?

This mystery had been lingering in Yun Lintian's mind for a long time now, but all the clues seemed to magically disappear once he felt he was getting closer.

"Those two have been disappearing for ages. There's no clue about them, either. Furthermore, they don't seem to know your master personally. I don't think they will go to this extent to set up the powerful seal here." Master Bai was even more confused. The more he thought, the more puzzled he became.

"Is it difficult to set up the formation?" Yun Lintian asked curiously.

Master Bai's expression turned solemn. "Yes. This person has to use a portion of the divine soul to create the formation... A formation that can kill a divine emperor directly. You can imagine. How many resources and effort this person has to spend? Not to mention, this person's divine soul must be an extremely powerful one. That's why I said no more than five people can do it."

Yun Lintian was shocked inwardly. Even though he didn't know how strong a Divine Emperor was, his understanding of the formation art allowed him to understand how powerful such a formation was and how difficult to set up one was.

Even with his current knowledge and resources, he couldn't come up with any formation capable enough to kill a Divine Ascending Tribulation Realm expert.

"By the way, why are you asking whether there's a woman among them?" Master Bai looked at Yun Lintian curiously.

Yun Lintian thought for a moment and replied. "From what I know, all the mythical realms here were created by a woman."

"Oh?" Master Bai frowned slightly but couldn't think of anyone besides Xia Nongyue and Yue Hongyue.

"Wait a minute... How could I forget this person?" Suddenly, Master Bai seemed to think of someone.

Yun Lintian looked at him and waited for his further sentence.

"There's indeed one woman powerful enough to do such a thing and also has a deep relationship with your master." Master Bai seemed to be enlightened. "This person is the princess of the Primordial Azure Dragon God Clan. Her name is Long Qingxuan."

Yun Lintian was shocked, and the Rain Woman's appearance emerged in his mind... Could it be her? Not to mention her name was also Qingxuan.

Moreover, it was said the Azure Palace Founder, Weilan Jian, had received a droplet of the Primordial Azure Dragon God's blood. Perhaps it came from her?

It could also explain why Qingxuan had amnesia since she had to use her divine soul to create the formation.

p1ease visit n0ve1b(in).ne)t

With this notation, everything seemed to make sense now!

"In the entire Divine Realm, no one didn't know about how much affection she had for your master... Indeed, only she can do such a sacrifice." Master Bai's voice became confident. He was sure it was this Long Qingxuan who did everything here.

"Maybe this has also explained why she has gone missing roughly the same time as your master."

Master Bai sighed softly. "This woman is really devoted. I would have a sweet dream every night with a woman like her by my side."

Yun Lintian went silent. His mind spun rapidly at this moment. He started to connect the dots between Qingxuan and everything related to the Beyond Heaven King.

However, there was one thing he didn't understand. Why would she call him a prince? Was Beyond Heaven King a prince of a certain kingdom?

"Master Bai, is he a prince?" Yun Lintian couldn't help but ask.

Master Bai's expression turned strange. "A prince?... No. Everyone knows that your master came from a commoner background. He rose prominently in power because of his monstrous comprehension. It was said there's nothing in the whole universe that he can't comprehend."

Chapter 1049 Number One Shameless Person

"Monstrous comprehension?" Yun Lintian nodded his head slowly. After all, those profound arts in the Library had proven this point.

"Do you understand the blood tracing technique I gave you earlier?" Master Bai suddenly asked.

Yun Lintian subconsciously nodded. It wasn't difficult for him to comprehend the technique.

A strange light flashed through Master Bai's eyes as he said. "Interesting. Look like you have his talent."

Yun Lintian was puzzled. "What do you mean?"

"The technique I gave you is a supreme rank one. I just want to know whether his successor has the same ability as him... It's no wonder you can become his successor." Master Bai smiled shrewdly.

Yun Lintian immediately realized that he was fooled by Master Bai.

"Anyway, what are you going to do next?" Master Bai asked.

Yun Lintian thought for a moment and said. "I'll find a place to increase my strength first."

"How about taking me with you?... No, I mean. How about taking this immortal mountain with you?" Master Bai looked at Yun Lintian expectantly.

Yun Lintian had a strange expression. "Why did Senior Yun send you and the mountain to this world?"

Master Bai replied. "I didn't understand it at first, but now I do." He took a deep look at Yun Lintian and continued. "He wants you to carry his legacy."

"Why?" Yun Lintian was confused.

Seeing Yun Lintian's puzzled expression, Master Bai suddenly burst into laughter. "Kehahaha! You don't understand that shameless bastard. He had never accepted a single disciple throughout his life, and he was unwilling to see his legacy fade away along the river of time."

"I guess when that bastard heard about your master's demise. He immediately gambled that someone like you, who has inherited your master's legacy, would appear in this world one day. He even believed that you would definitely take his immortal mountain away. After all, this place could be considered one of the best artifacts in the Divine Realm. It would be too stupid if you didn't take it."

"And if you somehow took it away. The Heavenly Cloud Immortal Mountain, as well as his name, would be carried by you. Once you entered the Divine Realm and made a name by yourself, people would also remember him."

Yun Lintian's mouth opened slightly. He was speechless by Yun Yi's shameless scheme. "I must say... He is really...."

"Shameless, right?" Master Bai added. "I suggest that you take this mountain away and change its name by the way. I want to f\*ck that bastard!"

"How to take over this place?" Yun Lintian asked.

"Follow me." Master Bai's eyes lit up, and he flapped his wings, flying out of the basement.

The two returned to the hall, and Master Bai used his claw to tap on the altar. Suddenly, a small altar appeared at the center of the hall with a white ball of light floating on it.

"Give me your hand." Master Bai said and didn't wait for Yun Lintian to raise his hand. He pecked on Yun Lintian's finger and took a droplet of blood away before dropping it on the light ball.

Swoosh!

The light ball emitted a bright light, and Yun Lintian immediately perceived that a connection between him and the immortal mountain was gradually solidified.

A few minutes later, Yun Lintian could feel that he had become the owner of this place. At the same time, countless pieces of information immediately flushed into his mind.

Unlike the Moon Garden he got from Xia Nongyue, the immortal mountain had many abilities, such as gathering all attributed energy and the ability to travel through space. It was just that the current condition of the mountain wasn't good enough to use those abilities.

"How is it? Have you thought of a new name?" Master Bai asked.

BOOM!

All of a sudden, the entire mountain shook as if the ground were separating from each other.

Yun Lintian frowned slightly and quickly rushed out with Master Bai.

However, when they arrived outside the temple, they were immediately dumbfounded by the scene.

At this moment, there were stone pillars appeared on the edge of the cliff. What made them speechless was that the stone pillars were arranged into the words "Heavenly Cloud Immortal Mountain - Created by Heavenly Cloud Immortal Master Yun Yi."

Yun Lintian: "..."

Master Bai: "..."

The eagle: "..."

"How did you become his friend?" Yun Lintian opened his mouth.

"I'm wondering as well." Master Bai didn't know what to say anymore.

As he spoke, he flapped his wings and flew toward the pillars. A moment later, he cursed out loud.  
"F\*ck! That bastard actually used Eternal Stones for this!?"

Yun Lintian landed beside the pillars and looked at them carefully. At a glance, these pillars didn't seem to be ordinary at all. "Eternal Stone?"

"As its name suggested, the Eternal Stone will exist for eternity, and you cannot simply destroy it. The only thing that could destroy it is one of the most powerful flames, Eternal Flame." Master Bai explained. "F\*ck! Now I know why he was so adamant about visiting the Eternal Flame Mountain back then."

Master Bai didn't know what to say anymore. He recalled what Yun Yi tried his best to do back then. Yun Yi, who was a coward throughout his life, suddenly risked his life to visit one of the most deadly places in the Divine Realm, the Eternal Flame Mountain, just to make a signboard.... Master Bai suddenly had the urge to vomit blood.

The two went silent for a long time, and Master Bai said. "Forget it. Just use this name."

Yun Lintian nodded. He naturally had no objection. "By the way, how to strengthen the barrier here?"

"How rich are you?" Master Bai asked. "This mountain normally consumes divine energy to operate, but ordinary profound energy is fine as well."

Yun Lintian waved his hand, and a billion of the best-grade Profound Stones appeared on the ground, pilling up like a small mountain.

Master Bai was surprised. "Hah. Look like your master still cares about you. This is the wealth he left behind, right?"

Yun Lintian asked. "Is it enough?"

"Well, strengthening the barrier is not a problem, but long-distance travel will be difficult." Master Bai replied.

"That's more than enough. There's no need to move it for the time being." Yun Lintian said.

"Oh?" Master Bai gave Yun Lintian a meaningful gaze. "It seems you have a plan in your mind."

Yun Lintian smiled and said nothing.

Chapter 1050 Who Are You?

"This formation could last around five minutes." Master Bai looked at the formation eyes at the center of the temple. It was the eyes of a powerful killing formation, "Cloud Breaking."

When he heard Yun Lintian say he had no plan to move away, Master Bai immediately understood his intention. It was nothing more than taking revenge on those who harmed him.

Yun Lintian carefully checked all the formation nodes again in case he missed something before saying. "Five minutes? That's more than enough."

"Lintian." Suddenly, Han Bingling's voice resounded in Yun Lintian's mind. Looked like the connection between him and the Land of Beyond Heaven had returned.

"I'm here." Yun Lintian replied while wondering what had happened.

"Phew... I thought something had happened to you." Han Bingling heaved a sigh of relief upon hearing his voice.

"I don't know what just happened. The connection seemed to disappear out of a whim." Yun Lintian said.

"So this is the renowned Heavenly Cloud Immortal Mountain?" Hongyue's voice rang out as she looked at the scenery curiously.

"Yeah. Unfortunately, the power has almost dried up now." Yun Lintian replied.

"I haven't had a chance to remind you this, My King. The Profound Stones inside Misty Lake are going through a transformation currently because of the change in the environment. They will be soon transformed into a divine stone." Lauya suddenly said.

"Really?" Yun Lintian was surprised. "That's great."

He had been busy for a long time and didn't notice a lot of changes in the Land of Beyond Heaven. After the addition of The Storm and the Skymist Pearl, a complete season was formed inside. Whether it was summer, winter, autumn, or spring, everything was there. It was no different from the outside world now.

"Why are you in a daze?" Master Bai looked at Yun Lintian suspiciously.

"Oh, it's nothing. I was thinking of something." Yun Lintian waved his hand.

"White Owl God Clan's descendant?" Hongyue frowned slightly when she saw Master Bai. "That's not right. The White Owl God Clan had long been destroyed. How could their descendant appear here?"

As she spoke, her powerful Spiritual Sense spread out and swept over Master Bai.

"Who is it?" Master Bai became vigilant instantly. "This Spiritual Sense... It definitely does not belong to someone in this world. Who are you?"

Yun Lintian was taken aback by Hongyue's action. "What's wrong, Hongyue?"

"I see... He's actually that old man Bai Shi. Heh. I didn't expect him to be alive." Hongyue spoke to herself. "Open the gate. I have something to talk about with this guy... Don't worry. He won't dare to spill any secret out."

Yun Lintian thought for a moment and waved his hand, summoning the Gate of Beyond Heaven.

Swoosh!

Yun Qianxue, Mu Qiuxue, Han Bingling, Linlin, Qingqing, and Hongyue immediately appeared beside Yun Lintian.

The sudden appearance of them immediately startled Master Bai. "You...What the..."

When his gaze landed on Hongyue, his body shuddered involuntarily. "You are... F\*ck! You are Demoness Yue Hongyue!?"

Master Bai was scared witless. The scene where Hongyue casually slaughtered millions of demons merged in his mind, causing him to shiver nonstop.

His White Owl God's bloodline could be categorized as a demon bloodline. That was why he was so afraid of Hongyue.

Hongyue curled her lips. "Hehehe. You still remember me?"

Master Bai came back to his sense and hurriedly said with a flattering smile. "Kehahaha. How could I forget a peerless beauty like you, Fairy Yue?"

"Fairy? Didn't you just call me demoness earlier?" Hongyue chuckled.

Master Bai shook his head vigorously. "No, no, no. You must have heard it wrong."

His entire body was drenched in a cold sweat while he was looking at Yun Lintian pitifully as if asking for help.

Yun Lintian was amused. The previous arrogant Master Bai was no different from a kid who did something wrong now.

"You should keep his secret in your heart, understand?" Hongyue said with a smile, but in Master Bai's eyes, it was an evil smile.

"Yes! Yes! His secret will be rotten in my stomach." Master Bai hurriedly nodded his head.

"Good. Now tell me how did you appear here." Hongyue nodded in satisfaction.

Master Bai didn't hide anything. He told Hongyue everything from the beginning to the present.

"I see. What a good scheme. As expected from the number one shameless person in the Divine Realm." Hongyue couldn't help laughing.

Then, she spread her Spiritual Sense out to check the entire mountain range. When she saw the villagers below, a trace of surprise appeared in her eyes. Especially when she saw Yun Xia.

At this moment, Yun Xia was discussing finding a countermeasure for the wild beast invasion with Yun Hei and the others.

Suddenly, her brows raised slightly as she turned to look at the top of the mountain. "This aura..."

Hongyue retracted her Spiritual Sense and murmured to herself. "Interesting. That shameless old man is quite thoughtful."

"What's wrong?" Yun Lintian asked curiously.

"Nothing." Hongyue shook her head and gave a warning gaze to Master Bai. The latter seemed to think of something and tightly shut his mouth.

"I want to see Xinyao." Han Bingling suddenly said.

Yun Lintian nodded and said. "Let's go down first."

Immediately, Linlin and Qingqing hopped onto Yun Lintian's shoulders and hugged his head, fearing he would put them inside again.

Yun Lintian chuckled and headed toward Cloud Village with everyone. Naturally, Hongyue had returned to the Land of Beyond Heaven.

When they arrived at the village, Yun Hei and the others looked at the people around Yun Lintian in doubt. They were wondering how these people appeared here.

Meanwhile, Yun Xia calmly looked at everyone without saying a word.

"Big Brother Yun!... Eh?" Yun Niu rushed over upon seeing Yun Lintian coming back. However, she stopped her track halfway as she saw so many beautiful sisters beside him.

Yun Lintian smiled and introduced them one by one to everyone.

"It turns out all of you are Big Brother Yun's wives." Yun Niu nodded in an understanding manner.

Yun Lintian's face twitched slightly, but he didn't bother to correct her. He greeted everyone and went to see Lin Xinyao.

"Well, she should awake in a while." Yun Lintian retracted his hand after helping Lin Xinyao absorb a pill.

However, Lin Xinyao suddenly opened her eyes. She glanced around the place in confusion and paused at Yun Lintian's face. "Who are you?"

Her words immediately froze everyone in the room...
