

Myth Beyond 1051

Chapter 1051 Amnesia

"Xinyao, you can't remember us?" Han Bingling stepped forward and asked worriedly.

"Master?... Where is this place?" Lin Xinyao said in confusion. She obviously recognized Han Bingling.

She turned to look at Yun Qianxue, Mu Qiuxue and then paused at Yun Lintian for a long time as if she was trying to recall his identity. However, she was unable to recognize him in the end.

"This..." Han Bingling didn't know what to say at the moment. She still remembered how desperate Yun Lintian was when he tried to save Lin Xinyao's life. Obviously, his feeling for her wasn't ordinary.

Yun Lintian looked at her silently. For some reason, he felt something in his heart was missing.

"What happened to her, Lauya?" He asked in his mind.

"A part of her memory is missing, My King. Or rather, she seals it away." Lauya explained. "That memory should be something related to you. When she believed that death was imminent, she subconsciously sealed that part away, hoping to carry it along with her... That is my speculation."

She paused for a moment and said meaningfully. "It must be very important to her."

Yun Lintian went silent immediately. No one knew what he was thinking.

"His name is Yun Lintian. He is the one who saved you." Han Bingling said softly. "Did you remember why you were there outside of the Azure Ancient City?"

Lin Xinyao's brows creased together tightly. She thought for a while and replied. "I only know that I sent Sister Muyue and Sister Muxue away, and I had an important mission to complete. However, I can't remember what the mission is."

"Where is this place exactly, Master? And how did I end up here?"

Han Bingling glanced at Yun Lintian and sighed softly. "This place is inside the Heavenly Cloud Mountain Range. You were injured by a powerful enemy and fell into this place."

"Heavenly Cloud Mountain Range?" Lin Xinyao was surprised. "Isn't it a forbidden place?"

"Yes." Han Bingling said. "You take a good rest first."

"Alright." Lin Xinyao nodded. Although her injury had completely recovered, she still felt a bit dizzy and needed rest.

Han Bingling nudged Yun Lintian and brought everyone out of the room.

"You don't have to be sad. She will definitely recover." Han Bingling comforted him softly.

Yun Lintian smiled and said. "You are thinking too much. I'm not sad or anything. It's good that she has recovered."

Han Bingling opened her mouth and wanted to say something, but she was interrupted by Yun Qianxue's gaze.

Yun Lintian didn't notice this. He thought for a moment and said. "Let's take care of those abyssal beasts first."

After finishing his sentence, Yun Lintian's figure blurred and disappeared from the place with Linlin and Qingqing.

Han Bingling looked at his disappearing back and sighed softly. "I can feel that he's angry and sad."

"He will be fine." Yun Qianxue said and followed Yun Lintian out.

Mu Qixue didn't say anything and vanished from the place as well, leaving Han Bingling behind.

Boom!

Outside the Heavenly Cloud Mountain Range, several practitioners attacked the barrier from time to time under Du Renjie's command. The originally tough and steady barrier was now easier to push, indicating that it was growing weaker.

"Keep going." Du Renjie said while leisurely sipping tea.

Sitting beside him were Lei Huizhong, Wang Zifeng, and Weilan Xuan.

"This place has stood for thousands of years. Why did it weaken all of a sudden?" Wang Zifeng said gently.

"Who knows? Perhaps something happens inside." Lei Huizhong said casually. "By the way, what happened to the Jiang Clan and the Long Clan?"

"They? The Jiang Clan is like a headless fly now. They are destined to be removed from the position that they aren't deserved from the beginning." Wang Zifeng said calmly. "As for the Long Clan, we just need to wait. It's not the right time yet."

Lei Huizhong nodded slightly. It seemed to be the case.

Meanwhile, Weilan Xuan glanced at Wang Zifeng and asked. "What are you up to?"

Wang Zifeng smiled faintly. "What do you mean, Elder Weilan?"

Weilan Xuan said calmly. "Do you think no one knows that your Star Gazing Palace has already looked at the Long Clan's fate? Moreover, Yun Lintian possesses the legendary Tree of Life. Although I didn't know much about it, from the records, it seemed to have the ability to extend one's lifespan."

Lei Huizhong's expression changed drastically. "Elder Weilan, you mean those old fogeys have their lifespan extended?"

He turned to Du Renjie and asked. "Is it true, Brother Du?"

Du Renjie put down the teacup and said. "It's likely to be true. According to ancient records, the Tree of Life could extend one's lifespan. It's just that we don't know to what extent."

As he spoke, he glanced at Wang Zifeng, waiting for her explanation. This woman was extremely vicious, as she actually killed her own brother in order to seize all of the Wang Clan's power. And the fact that she represented the Star Gazing Palace this time had proven she was indeed something.

Under everyone's gaze, Wang Zifeng laughed gently. "As expected from you, Elder Weilan. We cannot hide anything from you at all."

She paused for a moment and said. "Their lifespans were indeed extended."

Du Renjie and Lei Huizhong frowned deeply upon hearing this. Both of them were naturally aware of the Dragon Council of the Long Clan. Originally, everyone was waiting for them to reach their lifespans and easily sweep them later. However, the situation was changed now.

"But you don't have to worry. They might be powerful, but they are without weakness." Wang Zifeng curled her lips.

"Oh? Can you tell us more?" Lei Huizhong asked.

BOOM!

Just as Wang Zifeng was about to say something, the barrier around the mountain range suddenly jerked up, and a huge crack could be seen in it.

Du Renjie immediately stood up and shot into the air while sending a palm print toward the already cracked barrier.

RUMBLE—

The barrier struggled to recover, but it couldn't withstand Du Renjie's power. Immediately, it was broken apart, leaving an enormous gap in it.

"Haha! Finally." Du Renjie laughed in a good mood and turned to everyone. "Shall we go inside now?"

While Du Renjie was about to rush in, the barrier suddenly recovered almost instantly, making his expression unsightly.

"Let's see how long you can resist." He quickly sent a few palm prints toward the barrier once again...

Chapter 1052 Turtles In The Urn (1)

BOOM!

Inside the mountain, Yun Lintian and the others were cleaning up the infected beasts. The strongest beast here was only in the Spirit Profound Realm, which was not a problem for everyone.

After sweeping all of them, Yun Lintian didn't forget to use Profound Spirit Liquid to purify the infected lands.

"Will it be alright?" Han Bingling stood beside Yun Lintian and looked at the shaken barrier in the distance in worry.

"Heh, little girl. You don't know what he is planning to do." Master Bai, who sat on the nearby tree, said. "He's trying to lure those turtles outside to this urn here. Hehe. Although it is going to be a one-sided battle, I don't mind seeing some blood."

Han Bingling seemed to understand Yun Lintian's intention immediately. "How powerful is the formation?"

"Hmph! You ignorant girl. Let me put it this way. Using the killing formation here to kill those Divine Ascending Tribulation Realm trash is like using a cannon to blast a group of ants... Just stand here obediently and watch it later." Master Bai snorted.

Han Bingling was surprised. A formation that could kill a Divine Ascending Tribulation Realm expert? How powerful was that?

At this moment, Mu Qiuxue walked over and said. "We have brought the villagers here."

Yun Lintian turned around and saw Yun Xia and all the villagers in the distance. He nodded and said. "Thank you."

He then walked to Yun Xia. "Grandma, there will be a disturbance later, but you don't have to worry. It will end soon."

Yun Xia didn't seem to mind. "Go. Do what you have to do."

"Yes." Yun Lintian smiled faintly.

"Big Brother Yun, you must be careful, alright?" Yun Niu said with a serious expression.

Yun Lintian rubbed her head and laughed slightly. "Thank you."

"Everything is ready." Yun Qianxue appeared beside Yun Lintian and said softly.

A cold glint flashed through Yun Lintian's eyes as he said. "Let's do it."

On the outside of the mountain range, Du Renjie continued to attack the barrier for a while, but he couldn't break it.

"Let me help you, Brother Du." Lei Huizhong appeared in the air with lightning sparks around his body. As he clapped his hands together, a few lightning bolts suddenly shot down, bombarding the barrier where Du Renjie had attacked.

Boom! Boom! Boom!... Crackle—

All of a sudden, the barrier broke into pieces, leaving an enormous hole in it. This time, it didn't recover like before.

Du Renjie and Lei Huizhong were delighted. They turned around and asked. "Do you want to go in with us?"

Wang Zifeng replied calmly. "My husband is coming."

Meanwhile, Weilan Xuan looked at the scenery behind the barrier thoughtfully. No one knew what she was thinking.

Swoosh!

Suddenly, Xing Guiren and several people from the Star Gazing Palace appeared in the scene.

He smiled at everyone and said. "Sorry, everyone. I was late."

Du Renjie and Lei Huizhong were inwardly dissatisfied but didn't express it.

"What are you saying, Brother Xing?" Du Renjie laughed magnanimously. "Let's go, shall we?"

"Sure." Xing Guiren smiled faintly and waved his hand, letting his people in first.

Du Renjie and Lei Huizhong were the same. They beckoned their people to go in first in case there was a trap waiting for them.

However, when their people stepped into the mountain range, nothing happened.

"Report to Supreme Elder. There's no trap here. However, the profound energy inside is too thin. I'm afraid we can't find any worth-wide treasure here." One of the group leaders said.

Du Renjie and the others glanced at each other in doubt.

"Perhaps someone has already reaped them all?" Lei Huizhong said. Someone in his words was naturally Yun Lintian.

"Could be." Du Renjie nodded slightly. "Let's go in."

When Du Renjie stepped inside, he quickly spread his Spiritual Sense to cover the mountain range.

When he saw an abandoned village, a trace of surprise appeared in his eyes. Clearly, the villagers had just left not long ago.

"Judging from its appearance, those villagers must be ordinary mortals." Lei Huizhong appeared beside Du Renjie and said. After all, the tools left behind in the village were something mortals used.

"Look at the mountain peak. There's an isolating formation over there." Du Renjie said while looking toward the peak completely shrouded by white clouds.

Lei Huizhong followed his gaze and nodded slightly.

Xing Guiren turned to look at Weilan Xuan and asked. "Why don't you go in, Elder Weilan?"

Weilan Xuan looked at him and said faintly. "I am here to observe the situation."

"I see." Xing Guiren gave a meaningful gaze to her. "Then we will go first."

Weilan Xuan didn't say anything and watched Xing Guiren and Wang Zifeng enter the mountain range.

"Husband, I feel something is not right." Wang Zifeng said after passing through the barrier.

"Indeed." Xing Guiren nodded. "You stay here first."

Wang Zifeng wanted to say something but held back in the end.

Xing Guiren glanced at his people and said. "All of you spread out."

"Yes, Supreme Elder."

He then glanced at Du Renjie and Lei Huizhong. Obviously, they came to an agreement before heading toward the mountain peak together.

At the peak, Yun Lintian looked at the scene with a frown. He was dissatisfied with the number of enemies.

Han Bingling seemed to see through his thoughts and said gently. "Their number might be low. They are, after all, big fishes. It's better than nothing."

"The one that ambushed me didn't come." Yun Lintian said.

However, it was understandable. A person who didn't dare to show his face would naturally continue to stay in the dark.

"Here they come." Mu Qiuxue reminded.

Everyone looked over and saw Xing Guiren, Du Renjie, and Lei Huizhong appearing above the peak.

"Yun Lintian? Heh. You are still alive, as expected." Xing Guiren said with a cold smile. He swept his Spiritual Sense over the place briefly. Except for the fairyland-like scenery, he didn't notice anything suspicious.

Meanwhile, Lei Huizhong looked at Han Bingling in doubt. "Han Bingling? How did you appear here?"

Du Renjie also held the same doubt when he spotted her.

"Welcome, everyone. Do you want to take a seat first?" Master Bai suddenly spoke. His words immediately attracted their attention.

With a glance, Xing Guiren and the other two could see how extraordinary this white owl was. Even though his strength was low, his bloodline must be powerful.

"Alas. Never mind. All of you are going to visit the netherworld soon, anyway." Master Bai sighed in pity.

Chapter 1053 Turtles In The Urn (2)

As Master Bai's voice fell, the clouds in the sky suddenly roiled about, dark and heavy. In a blink of an eye, it had covered the entire mountain range.

Xing Guiren and the other two could feel terrifying pressure from all directions. At the same time, a sense of fatal danger emerged in their hearts.

Without thinking further, the three of them released their power at the same time. They wanted to capture Yun Lintian as soon as possible before whatever was about to come descended.

Deadly streams of profound energy instantly wrapped Yun Lintian and the others, making them unable to move an inch.

In that instant, the dark clouds churned and pressed down from above. It was as if a dark devil god had extended its palm and pressed down.

"Arghhhh!" Suddenly, shrill screams could be heard from everywhere in the mountain range.

Those below the Divine Ascending Tribulation Realm immediately had their bodies twisted and exploded one after another. The scene was spine-tingling and gruesome beyond words.

At this moment, the streams of profound energy wrapped around Yun Lintian, and the others abruptly dispersed as if they were isolated by an invisible wall.

"Puff!"

Lei Huizhong immediately spat a mouthful of blood as the black clouds constantly thickened and pressed down. He felt like there was a pair of invisible hands grabbing him tightly, causing his bones and internal organs to break.

One had to know that the body of the Divine Ascending Tribulation Realm expert was extremely tough that even a mountain was pressing down. It wouldn't necessarily break.

However, Lei Huizhong's body was actually crushed directly.

Meanwhile, Du Renjie was fast enough. He summoned the black cauldron and jumped into it, attempting to flee with his life.

Bang!

Unfortunately, before he could move, the cauldron was broken apart, and he himself was pinned on the spot by the invisible force.

His face turned pale in horror. He had lived for thousands of years and had never met such a powerful formation. Even if he faced the legendary divine-level formation, he believed he could escape from it.

However, this formation wasn't something that a divine artifact could handle. Let alone his mortal body.

"You..." Du Renjie looked at Yun Lintian and uttered a word as if he wanted to negotiate with the latter.

Puff!

Yun Lintian didn't care about it. He waved his hand, and Du Renjie and Lei Huizhong were crushed into meat paste directly.

On the side, Xing Guiren took the compass out and tried to use it to buy time for himself. However, the fate of the compass was no different from the cauldron. It was shattered in the next moment before its power could be unleashed.

Terror was written all over Xing Guiren's face. No matter how hard he tried to release every ounce of his power, it was entirely suppressed by the invisible force in the end.

Under the Cloud Breaking formation, he was nothing but a mere bug waiting to be crushed.

"Husband!" Wang Zifeng, who had reacted quickly, raised the Star Shooting Bow and sent out a few energy arrows toward Yun Lintian's group.

Nonetheless, all of them were dispersed midair, disappearing entirely as if nothing had happened before.

"Oh, there's another one left." Master Bai glanced at Wang Zifeng and sneered.

Instantly, Wang Zifeng was wrapped by the invisible force and was pulled over from the distance to Xing Guiren's side.

"Answer my question. Who is the one who ambushed me?" Yun Lintian asked.

The expressions of Xing Guiren and Wang Zifeng were ugly beyond words. They never thought they would fall into Yun Lintian's hand easily like this.

"I can answer you, but you must guarantee our lives first." Wang Zifeng gritted her teeth while speaking.

"You...!" Xing Guiren was furious instantly.

"Shut up! I told you something was wrong here, yet you didn't believe me. Since when your so-called fate gazing is working when it comes to him?" Wang Zifeng growled. She didn't give Xing Guiren a chance at all.

Xing Guiren's face turned green in anger, but he couldn't refute it. It was indeed his fault. He had underestimated this place significantly.

Before coming here, he had looked at his fate and found nothing wrong. That was why he dared to come here.

Yun Lintian looked at Wang Zifeng and said calmly. "Do you really think I will let you go?"

Wang Zifeng gnashed her teeth and said. "Honestly, I have no intention of killing you. Your appearance had given me a chance to seize the power of the Wang Clan. However, as a member of the Star Gazing Palace. I cannot refuse their order."

"If you let us go today, I will tell you everything I know about Xing Chen's plans. Not only can you avoid a potentially fatal danger, but you can also get a chance to make a counterattack."

She paused for a second and said further. "To show my sincerity, I will tell you the identity of the one who attacked you first... His name is Lan Cao. He's an old monster at the same level as the old palace master. Everyone in the past knew him as Blue Demon. This person is enslaved by the old palace master."

"If I'm not mistaken, he should be somewhere around here... I can even cooperate with you to bring him in."

"I have to admit you are really good at seducing men. No wonder you can capture this old man." Han Bingling chuckled.

A strange light flashed through her eyes as she said further. "Your offer is not bad, but compared to letting you two leave is not worth it. You will certainly come back to my man later. As for Xing Chen and Lan Cao, do you think we are afraid of them? Even if Weilan Jian and Xing Tengfei come here, it will be no different from seeking their own deaths."

Wang Zifeng's expression changed drastically. She believed that Yun Lintian would definitely agree with her. After all, he was too young. But who would have thought that Han Bingling tried to sabotage her plan midway?

"This big breasts girl is right." Master Bai suddenly said. "I have seen a lot of these people in the Divine Realm. In the end, they will never give up after seeing a peerless treasure."

He turned to Yun Lintian. "Do you think they will just let you occupy it after experiencing the terror of this place?"

Yun Lintian's eyes flickered slightly as he stared at the couple. No one knew what he was thinking.

Chapter 1054 Enslaved

The faces of Wang Zifeng and Xing Guiren were gloomy. For the first time in their life, their fate was in someone's hands like this. Moreover, that person was actually their mortal enemy. The chance of them being spared was close to zero.

Yun Lintian thought for a moment and turned to Master Bai. "Is there any method to enslave them? It is better to be something they aren't aware of."

Master Bai glanced sideways at Yun Lintian. "Boy, I didn't expect you to be this sinister... Well, I like it."

Wang Zifeng and Xing Guiren's expressions turned ugly when they heard this. They wanted to do something, but it was futile.

"You asked the right person. I am proficient in this." Master Bai said proudly. "However, my strength is not enough. And yours isn't enough to subdue them either. Why don't you ask Princess Yue for help?"

Yun Lintian was about to say something. He suddenly heard a female voice resounding from behind.

"Let me do it."

When he turned around, Yun Lintian saw Yun Xia slowly walk over with her hands behind her back. Her body still exuded no profound aura. No matter how he looked at her, she was no different from an ordinary mortal.

Master Bai's eyes flickered slightly. He, of course, knew her true identity, but he didn't dare to reveal it after being warned by Hongyue.

"Grandma?" Yun Lintian was puzzled slightly. He had secretly used the Eyes of Heaven to look at her before, but he didn't find anything particularly... Could it be she was an expert beyond my ability?

Yun Xia smiled faintly and turned to Wang Zifeng and Xing Guiren. "This is not the first time you have tried to disturb our peace. I gave you a warning back then, yet you still set your eyes on this place.

"Gave us a warning?" Xing Guiren frowned deeply. He was certain that he had never met this old woman before.

"Three hundred years ago, you had deployed a sacrificial formation in order to pry into this place." Yun Xia said expressionlessly.

Xing Guiren's pupils shrank upon hearing this. He immediately recalled the horror event in the past. He had set up a formation to drill into the mountain range, but the whole formation was blown away when he was about to succeed. He suffered a backlash from it, causing him to recuperate for a full hundred years.

One had to know that the barrier he set back then wasn't something a Divine Ascending Tribulation Realm expert's peak could break.

"You... It was you?" He uttered in disbelief.

Yun Xia didn't say anything further. Her undetectable aura spread out and penetrated deep into Wang Zifeng and Xing Guiren's souls.

The next moment, their eyes became dull, as if they had lost their souls.

Yun Xia turned to Yun Lintian and said. "Now, they will never know that they have been controlled. If you want to ask or use them, you can silently channel this mantra in your heart."

As she spoke, a white light shot out and drilled into Yun Lintian's head. At the same time, a mantra immediately flushed into his mind.

When he recovered, Yun Xia said gently. "Come to me after you finish with them."

She then turned around and walked into the Cloud Temple.

"She..." Mu Qiuxue uttered in shock. She was certain that if Yun Xia wanted to kill everyone here, they would have no chance to know how they died.

Yun Lintian turned to Master Bai and asked. "Do you know her?"

Master Bai nodded slightly. "You should ask her yourself."

Yun Lintian didn't ask further and turned to Xing Guiren. "Tell me, how much did your Star Gazing Palace know about me?"

Xing Guiren opened his mouth and spilled out everything he knew.

Basically, the Star Gazing Palace had figured out almost all the relationships between Yun Lintian and the others. They even concluded that the disappearance of the Skymist Ancient City was related to him.

At the same time, they had deliberately spread some information about him to the other forces, like the Myriad Pill Palace and the Divine Thunder Palace, to ensure they would continue pursuing him.

The Star Gazing Palace could use this chance to play a fisherman's role.

For Xing Tengfei, he was currently busy with something that no one knew. However, he didn't forget to tell everyone to focus on Yun Lintian. It meant he wouldn't hesitate to strike him once the right opportunity came.

Yun Lintian pondered for a moment and turned to Wang Zifeng. "I want you to go back and resume the head position of the Wang Clan. You will lie dormant and cultivate more of your people during this period."

"Yes." Wang Zifeng replied dully.

"As for you," Yun Lintian looked at Xing Guiren. "Find a chance to get close to Xing Chen and kill him."

"Understood." Xing Guiren responded.

"Well, you must get some injuries to make it look more believable." Yun Lintian waved his hand slightly, and a few wounds immediately appeared on the two.

Their clothes were tattered, and their hair was messy. Bloodstain could be seen all over the place. No matter how one looked at them, they were no different from someone who had just survived a catastrophe.

Yun Lintian waved his hand again and sent the two toward the entrance, where they came before launching a series of attacks toward them.

At this moment, Wang Zifeng and Xing Guiren regained consciousness and found themselves being chased by Yun Lintian. Although they were a bit confused, they had no time to think further and quickly rushed out.

"Go!" Xing Guiren roared and conjured a profound shield to block the incoming attacks while letting his wife leave first before following closely.

When they two got out of the mountain range, the barrier was instantly closed, returning to its original appearance as if nothing had happened.

Bang!

Xing Guiren landed on the ground heavily. His current appearance was extremely miserable.

Wang Zifeng was no different. She was panting heavily while trying to suppress the injuries on her body.

"As you had expected. There's a trap inside." Standing in the clouds, the old man, Lan Cao, said.

Beside him was Xing Chen, who stared attentively at Wang Zifeng and Xing Guiren. His eyes flickered slightly as he seemed to think of something.

Chapter 1055 Beyond Heaven King (1)

"If it were you. Would you let a bird leave the cage when you had absolute power in your hand?" Xing Cheng suddenly asked.

Lan Cao was puzzled slightly. He followed Xing Chen's gaze and seemed to think of something. "You mean...?"

Xing Chen turned around and said. "Pay attention to them. If you have a chance. Try to pry into their souls."

He paused for a moment and said further. "As for this place, there's no need to monitor further. We won't get anything useful from it."

As he finished his sentence, his figure disappeared from the place.

Lan Cao took a deep look at Wang Zifeng and Xing Guiren for a moment and left.

At this moment, Weilan Xuan appeared beside Xing Guiren and asked. "What happened?"

"We have been tricked." Xing Guiren replied with an ashen expression. "Yun Lintian has complete control of the powerful killing formation inside. Du Renjie and Lei Huizhong were dead almost instantly."

He took a deep breath and said. "Fortunately, we managed to escape in time."

Weilan Xuan frowned slightly and looked at the barrier once again. The barrier was blocking her Spiritual Sense earlier, making her unable to see the situation inside.

However, if it was the case, as Xing Guiren said, it would be extremely difficult to capture Yun Lintian.

"I think he can't use that formation often." Wang Zifeng suddenly said. "Such a powerful formation must consume a lot of resources. Even though Yun Lintian is rich, I don't think he can afford to use it all the time. There must be a chance."

Her eyes were full of unwillingness when she spoke.

Xing Guiren echoed. "That's right. I could feel the suppression from the formation was weakened earlier. Otherwise, we wouldn't be able to escape... We must report this to Palace Master as soon as possible."

He got up from the ground with the help of Wang Zifeng and looked at Weilan Xuan, who happened to look at him in doubt. "If you don't believe me, you can try it yourself, Elder Weilan."

As he finished his sentence, his figure flashed and disappeared together with his wife.

Weilan Xuan stared at the Heavenly Cloud Mountain Range for a while before turning around and leaving.

"Here, grandma." Inside the hall, Yun Lintian carefully poured a cup of tea and handed it to Yun Xia before sitting in the seat opposite her.

Yun Xia took a sip of tea and said gently. "Spirit tea... I haven't tasted it for a long time."

Yun Lintian wasn't hurried. He poured himself a cup and slowly savored it, enjoying a temporary peace.

Yun Xia briefly glanced at Qingqing and Linlin, who were nibbling on pastries, and said. "You're truly fortunate to have them accompanied."

Yun Lintian smiled and stroked Linlin's head gently. "Indeed."

"I hope you cherish them well... Don't be like him." Yun Xia said with a faint smile.

"Him?" Yun Lintian was puzzled.

"Beyond Heaven King." Yun Xia replied. "You might wonder who I am, but in fact, I am nothing but a sinner."

As she spoke, her cloudy eyes blurred slightly. It was like she was looking to the past.

Yun Lintian fell silent, as he didn't know what to say at the moment. He knew it was useless to ask her any question, even though he was curious about her relationship with the Beyond Heaven King. It was better to wait for her to speak it out herself.

Yun Xia went silent for a long time before asking. "Having inherited his power for a while now, do you know his name?"

Seeing Yun Lintian shaking his head, she said further. "I see. Those girls are really overprotecting you."

"His name is Yun Tian. Coincidentally, both of your names have the same Yun and Tian words." Yun Xia said meaningfully.

"Yun Tian..." Yun Lintian muttered to himself. For some reason, a sense of familiarity arose in his heart when he heard this name.

"His journey started out of an ordinary village located at an extremely remote place in a barren star called Blue Wave. He was an ordinary mortal without a talent since born. On top of that, he was unable to practice because his profound vein was damaged during his mother's pregnancy." Yun Xia said softly.

"However, heaven pitied him a little and gave him a monstrous comprehension ability... Just like you, he was proficient in medical and rune inscription. By relying on these two skills, he was able to earn some wealth and helped his family and the village get out of poverty."

"When he thought he would live his life in peace like this until his death, a disaster eventually came to him."

A trace of reminiscence flashed through her eyes as she continued. "One day, a group of strong practitioners passed by the village and discovered the wealth inside. In the world where the strong prey upon the weak, they naturally didn't care about anything and began to sweep the entire village."

"Several people had lost their lives that day, including his family."

Yun Lintian's heart shook slightly when he heard this.

Yun Xia said further. "He was coincidentally going to the city at that time and fortunately avoided the disaster. However, when he returned to the village, everything was gone. He blamed himself for everything. This incident would never happen if he hadn't brought the wealth to the village."

"It's not his fault at all," Linlin said with a frown.

Yun Xia smiled and continued. "From that day onward, he buried himself in a flame of revenge. But before that, he had to do something with his damaged profound vein first. It was at that moment did he discover his profound vein was different from an ordinary practitioner."

"He spent a full eighty years to find a way to repair his profound vein. In the end, he managed to succeed when he was a half-step away from his grave."

She took a deep look at Yun Lintian and said. "That's how his journey started."

Yun Lintian sucked in cold air after listening to this point. What kind of perseverance was that? If it was him, he probably gave up a long time ago.

Chapter 1056 Beyond Heaven King (2)

Yun Xia's eyes turned deep as she said. "His profound vein wasn't the Beyond Heaven Profound Vein at the beginning. Though it was powerful and comparable to any top talented individual in the world, he was dissatisfied with it."

"As you know, a practitioner's ceiling was limited by their profound vein. What he wanted wasn't only a power that was enough to avenge his parents and the villagers, but an absolute strength that made everyone in the whole universe succumb to their knees whenever they saw him."

"After spending his life researching, he came up with a crazy idea of integrating every element into his profound vein, enabling his profound vein to be compatible with every element out there."

She paused for a moment and said. "To do that, he had to travel to every star and realm in order to search for the element's origin sources. Perhaps he was destined to be someone who shook the world and created a new era. The goddess of luck seemed to stand on his side, as it took him only five thousand years to collect everything he needed."

"Since then, the Beyond Heaven King who suppressed the entire universe was born."

She looked at Yun Lintian and said gently. "You might feel it is a power you easily obtained by luck, but it is something that he painstakingly created. I hope you are aware of this point and keep it to your heart. Do not become a pawn of fate, but be someone who stands above everything... It is his ultimate wish by leaving his legacy behind."

Yun Lintian's heart became heavy. He always thought that the Beyond Heaven King was like a protagonist in the novel, a son of destiny who was fortunate enough to receive an ancient inheritance or something like that... Who would have thought he was the maker himself?

At the same time, a trace of admiration appeared in his heart. Compared to Yun Tian, Yun Lintian was like a naïve kid who hadn't grown up yet.

He lost Xia Yao in his past life because of his incompetence, and instead of getting back to his feet to take revenge, he did what he promised her and lived like a coward who succumbed to his fate. Despite he was fully aware that Zhu Ding would never let him go, he still did it...

Unlike Yun Tian, after losing his family and friends, he knew immediately how important one's strength was. He could have taken revenge and stopped at that, but he chose to go further—to stand above all so that the tragic past won't repeat itself again... It was something Yun Lintian didn't dare to do in his past life.

"I don't know what you have experienced in your past life, but I guess it allowed you to realize the same resolve." Yun Xia suddenly said. Her words immediately shocked Yun Lintian to the core.

"Grandma... You..." Yun Lintian was shocked that he couldn't speak properly.

"It's not difficult to guess. When you reach my realm, you will understand that reincarnation is common." Yun Xia took a sip of tea and said. "Besides, your mature personality isn't something a nineteen-year-old boy should have. Anyone with some brains will see through it right away."

Seeing Yun Lintian frowning, she said further. "It's fine in this lower star. Their knowledge is limited. A reincarnation concept isn't something possible in their mind."

Yun Lintian nodded slightly. It was true as she said. This Azure World lacked inheritances from the Divine Realm. Most people here had zero knowledge regarding the realm above. Perhaps because of this

Beyond Heaven King chose this place to put his legacy here so that no one would notice how powerful it was.

Thinking of this, Yun Lintian asked. "Grandma, was it you who created all the mythical realms here?"

Surprisingly, Yun Xia shook her head. "It wasn't me, but someone else. She will come to you when you step into the Divine Realm... This is not something you should think about."

She took a deep look at him and said. "You have done well on collecting the relics. Unfortunately, there are only three relics left in this world. The Earth, The Golden Mountain, and The Space Wheel. This means, if you want to obtain all the ten relics, you have to go to the Divine Realm unconditionally."

Yun Lintian's expression abruptly changed. "Wait a minute, Grandma. There are eight relics, right? Where did the other two come from?"

There were eight jewels on the Beyond Heaven King's Crown, which were represented eight elements—fire, water, wind, earth, metal, lightning, wood, and spatial... Why did Yun Xia say ten?

"Look at the crown carefully. Are there only jewels?" Yun Xia said calmly.

Yun Lintian didn't hesitate to summon the crown and looked at it carefully. Suddenly, he seemed to understand something. On the crown itself was half black and half white... Could it be...?

"Correct. Those black and white represent death and life—two of the four great laws of the universe." Yun Xia said.

Yun Lintian's pupils shrank slightly upon hearing this.

Yun Xia explained further. "In a mortal realm, which includes the Divine Ascending Tribulation Realm and below, a practitioner can only mobilize a tiny part of the laws. For example, a rule of the explosion that pretty common everywhere. It is, in fact, a tiny part of the major law called the Law of Fire."

"But when you reach the Divine Realm, starting from the Divine Foundation Realm onward. A practitioner's understanding of the major laws will expand. From using a small rule of the explosion, they can possibly master everything under the Law of Fire."

"As for the four great laws, they are something beyond the capability of any divine beings. You don't have to understand it for now. Just remember that they exist."

"I see." Yun Lintian nodded slowly.

Yun Xia asked. "What's your plan?"

Yun Lintian thought for a moment and replied. "Probably follow my old plan. Going to the Golden Mountain."

"Do you want to listen to my suggestion?" Yun Xia said.

"I'm all ears." Yun Lintian responded.

"You should leave this place and go to the Eastern Continent first. The Golden Mountain won't help you as much as The Earth does. At the same time, you can avoid the limelight. I can tell you this. There are more people who keep an eye on you closely aside from the ones you already know." Yun Xia said with a faint smile.

Chapter 1057 Hiding In The Dark

Yun Lintian's brows raised slightly. "Asides from Poison Valley, too?"

Yun Xia took a sip of tea and said. "They are a bunch of little guys who are unwilling to ascend because they are too afraid to start out at the bottom again... Your emergence gives them hope. They believe that once they seize your secrets, they will have the confidence to go to the Divine Realm. After all, your power is too enchanting. They have never seen anyone like you before."

Yun Lintian slowly nodded his head. In fact, he was aware of them, but he didn't expect them to come out this fast.

"Look like they are not living in seclusion, as people said." He said gently.

Yun Xia laughed slightly. "At the end of the day, they are humans. If they can truly cut off their greed and never bother about worldly affairs as people believe, they won't hold their profound strength until now. In that case, they might as well give up being a practitioner."

Yun Lintian nodded in agreement.

"As I said before, some of them might truly care about their descendants and don't want to leave because of it, but most of them are the opposite. They are too afraid. Imagine. Staying here, they are all high and mighty existences. No one can offend them. However, once they step into the Divine Realm, they will become an existence no different from an ant." Yun Xia smiled.

"They have tasted the sweetness of being the top brass before. It's normal for them to reluctantly give up."

Hearing this, Yun Lintian sighed. "My progress is too slow while my enemies are already at the top."

"That's why you should avoid the limelight for the time being." Yun Xia said. "I can see that you're confident in escaping, but look at what happened in the end? Someone almost sacrificed her life to protect you."

She shook her head in disappointment. "You rely on the Land of Beyond Heaven too much instead of your strength. What would happen if you cannot access it?"

Yun Lintian lowered his head slightly. He was indeed overconfident back then. There was no excuse for it.

"Furthermore, you didn't truly understand the essence of your power." Yun Xia said. "How about this? I will personally teach you during this period."

Yun Lintian raised his head and said firmly. "Please, grandma."

Yun Xia nodded slightly. "Do you have any questions?"

Yun Lintian hesitated slightly and asked. "Is he still alive or...?"

"I can only say that he's both alive and dead." Yun Xia said in a deep voice.

"Alive and dead...?" Yun Lintian was puzzled. What did it mean?

Yun Xia said expressionlessly. "If you want to know, hurry up and practice hard."

"I understand." Yun Lintian nodded heavily.

Somewhere in the dark, a middle-aged man whose entire body was blackened suddenly opened his eyes, revealing a pair of terrifyingly gloomy eyes.

His sharp gaze seemed to penetrate everything. Even the absolute darkness around him was unable to block his sight.

"This aura... I remember... I see... She didn't go anywhere, huh?" His voice was incomparably cold that could shake anyone's soul.

"It's been four thousand years already?" He continued to talk to himself.

"Come out." As his voice fell, the darkness in front of him abruptly stirred, and a human-shaped figure emerged.

"How's the situation?" The middle-aged man asked.

"Reporting to Master. We have found the location, but it is tightly guarded by the Azure Palace's people." A figure replied.

"Weilan Jian hasn't left yet?" The middle-aged man asked.

"Yes, Master."

"Heh. He doesn't want to give up, huh?" The middle-aged man laughed slightly.

"Not only him but also Xing Tengfei and Qing Xiaoting." The figure said.

"Oh?... Interesting." The middle-aged man curled his lips.

"Moreover, there's an abnormal existence emerging recently. His name is Yun Lintian. His talent is even more terrifying than Yun Wushuang back then." The figure said further.

"Hmm? Yun Lintian?... Is he her descendant?" The middle-aged man asked with great interest.

"We cannot confirm it. However, it's unlikely. He is proficient in five elements and has two divine beast bloodlines within his body. We have already listed him as the top priority, but we are unable to capture him." The figure explained.

"Why?" The middle-aged man asked.

"He has too many people protecting him in secret... Qing Xiaoting is one of them." The figure said.
"Besides, our people are not fully recovered yet. Our plans have been disrupted by this Yun Lintian many times recently, making us unable to spread Abyssal Energy out as planned."

"Interesting... How old is he?" The middle-aged man asked.

The figure hesitated slightly and replied. "Nineteen."

A cold glint flashed through the middle-aged man's eyes as he said coldly. "Nineteen? You are telling me that all of you cannot deal with a nineteen-year-old brat?... Look like all of you are living too comfortably during this period."

"Please punish us, Master." The figure trembled and knelt on the ground.

The darkness around the middle-aged man stirred violently but soon returned to its original calm.

"Forget it. I didn't expect anything from them in the first place. The fact that they are alive until now is already considered a miracle." The middle-aged man said calmly.

He paused for a moment and said. "Tell them. I will be out in two years at most. Let them continue to accumulate power during this time... Also, keep an eye on this Yun Lintian. I want to know every move of him. Understand?"

"Yes, Master!" The figure hurriedly replied.

"Go." The middle-aged man waved his hand dismissively, and the figure quickly disappeared from the place.

Silence returned to the scene. The middle-aged man's eyes flickered slightly as he said to himself. "Yun Wushuang... You better pray that this boy isn't related to you... Otherwise... Hehe."

The surrounding darkness once again stirred violently, and a few spatial cracks could be seen everywhere.

The middle-aged man didn't seem to care about it as this scene occurred from time to time... After all, this place was the Chaotic Sea Region...

Chapter 1058 Missing Heart

BOOM!

A tornado mixing with scorching flame and thunder stormed over Yun Xia as if it wanted to swallow her alive.

However, before it could touch her, it immediately dispersed and became nothingness with a mere glance from her.

Yun Lintian panted heavily and dropped to the ground powerlessly. He had spent every ounce of his profound energy on this attack. Unfortunately, it couldn't even touch her.

It had been a month since he practiced with her like this. Every day, he would use up his profound energy and recover while listening to Yun Xia's advice. This process was repeated throughout the day.

"It's true that one needs to balance a portion of each element when it comes to a multi-attributed attack. However, you are different. The Primordial Beyond Heaven Scripture and the Beyond Heaven Profound Vein have allowed you to gain absolute control over them. You don't have to balance it at all. Just release them at will." Yun Xia said while waving her hand gently, and the surrounding destructive scenery instantly returned to its original appearance. It was as if nothing had happened before.

"The earlier attack is good enough to defeat some monarchs, but it's far from enough to contend with any Divine Ascending Tribulation Realm practitioner... From today onward, I forbid you from using any relics, the crown, or the Heaven Piercing Sword. You have to rely on your strength alone." She said further.

"Understood." Yun Lintian wiped the sweat out of his forehead and got into a sitting posture. He was thinking about how to utilize his advantages to the fullest.

"We will continue in an hour." Yun Xia said and walked away.

"Your water, Master." Yun Chenyu walked over and handed a cup of water to Yun Lintian.

Yun Lintian bottomed it up in one go and returned the cup to her. "Thank you."

BEst

"This is what I should do." Yun Chenyu replied softly.

"How's your progress?" Yun Lintian asked.

During this period, he would teach his first disciple in every aspect, whether it was formation art, medical art, or forging art. Later, he discovered that Yun Chenyu's comprehension was extraordinarily high. She could learn everything in a short period. This made him even more curious about her background.

However, he didn't ask anything about it, and Yun Chenyu didn't take the initiative to tell him.

"I have fully grasped the first level of the Record of Life and the Myriad Formation Scripture." Yun Chenyu replied with a faint smile. "It all thanks to Master's teachings."

Yun Lintian chuckled. "Who teaches you how to flatter?... Well, I didn't do anything much. Everything is coming from your own efforts. Work hard. If you have anything, you can ask anyone here."

"Understood. Then I will retreat first, Master." Yun Chenyu smiled and walked toward a pavilion in the distance.

Watching her walk away, Yun Lintian fell into deep thought. Yun Chenyu was obviously nine years old, but her demeanor was that of an adult... What kind of experience had she been through to make her mature this quick?

In the far distance, Lin Xinyao stood alone while looking at Yun Lintian. During this month, she tried to figure out why she was willing to sacrifice herself for him. No matter how hard she tried to think of it, she couldn't find any reason to explain it.

"Mumu... Tell me, what kind of relationship I had with him?" Lin Xinyao asked softly.

Mumu, who was nibbling on a wheat cake, tilted her head slightly and said. "I cannot answer you this. You have to figure it out yourself... However, I can only tell you he's your most important person."

A strange light flashed through Mumu's eyes when she spoke this. After having a conversation with Yun Xia, she seemed to understand the ins and outs of the matter between Yun Lintian and Lin Xinyao. She couldn't help but marvel at the revelation.

Lin Xinyao went silent. Her eyes were filled with complicated emotions. Since she could remember anything, she had never come into contact with a thing called love. It was an extremely foreign feeling for her.

She listened to her master about how she met Yun Lintian. No matter how she looked at it, it was impossible for her to develop any feelings for him. After all, their interaction was too short. Not to mention the profound art she had been practicing made her even more strange to such a feeling.

How did I regard him as the most important person to me?

This question kept repeating in her mind since she woke up from the coma.

"Think about it again?" Han Bingling unknowingly appeared beside her and said softly.

Lin Xinyao turned to Han Bingling and said. "Master."

Han Bingling grabbed Lin Xinyao's hands and said with a smile. "It's fine. You don't have to think about it too much. I believe you will eventually remember it one day."

Lin Xinyao shook her head slightly. "To tell you the truth, I don't want to know it. It's just that I cannot stop thinking about it. My mind has been disturbed, and it is difficult for me to focus on my training."

Han Bingling looked into her disciple's eyes, and it seemed the latter was telling the truth. She sighed softly and said. "I don't know what happened between you two, but I know that both of you are truly important to each other."

"You disregarded your life to protect him, and he did the same. You have no idea how crazy he was by trying to pull you back from the death gate. He didn't hesitate to throw everything away, even if he could have been crippled for the rest of his life."

She paused for a moment and said further. "Do you know that? Being crippled to him is no different from killing all of his dreams and everyone around him."

Lin Xinyao's hands shook slightly, and myriad emotions surged within her heart.

Han Bingling suddenly thought of something and said. "Oh, right. I don't know why he called you Yaoyao. I don't seem to know that you have such a cute nickname."

Lin Xinyao's entire body trembled when she heard this. A piece of memory that was sealed away gradually pried open, appearing in her mind... Yaoyao... That's right... He loves to call me that...

Chapter 1059 Chessboard

All of a sudden, Lin Xinyao's body relaxed, and her aura seemed to change a little. It was as though the knots in her heart had been untied.

A brilliant smile appeared on her face as she said. "Master, I will go practice first. Thank you for telling me this."

As she spoke, she turned around and walked away with Mumu on her shoulder.

"Oh..." Han Bingling nodded slightly and watched her disciple leave in puzzlement.

She didn't linger on this matter further and walked toward Yun Lintian.

Seeing her coming, Yun Lintian smiled and said. "Congratulations. You have broken through again."

Han Bingling smiled charmingly and said. "It's still not enough to help you."

Her current profound strength was at the first level of the Heaven Profound Realm. Even though it was far from her previous level, her progress defied all common sense. It took her two months from the bottom to this point.

"It's okay. You don't have to put pressure on yourself. Those enemies, I will deal with them myself." Yun Lintian pulled her onto his lap and hugged her gently.

Han Bingling grabbed his dishonest hands and said. "You really don't want to tell me about Xinyao?"

Yun Lintian's movements froze for a moment, and he said. "It's quite complicated... Sorry. I'm not ready to talk about it yet."

Han Bingling turned around and hugged his head to her plump chest. "It's fine. I understand. I just hope that I can share your worries a bit."

Yun Lintian breathed in her unique fragrance, and his tiredness seemed to vanish completely. He hugged her tightly and said. "Thank you."

Suddenly, Han Bingling felt something hard poking her below. She couldn't help pinching his back gently. "You're dishonest again."

Yun Lintian chuckled. "I can't help it. Who let my woman be this charming?"

Han Bingling laughed gently, and her heart was smeared with honey. No woman in this world didn't like their man obsessed with her.

In the distance, Master Bai looked at these love birds and sighed. "Ah... It's good to be young. I started to miss my Little Jin a bit."

Besides him was Yun Xia, who was sipping the spirit tea leisurely. She put down the cup and said. "The environment of this place has slowly recovered a bit now. You should start thinking of regaining your strength already."

Master Bai smiled wryly. "It's not that I don't want to, but you can see my current body is too weak. I need tons of flesh and blood to condense my physique anew."

BEst

He sighed with regret. "Alas, I should have told him to keep that devil spawn back then."

"Actually, it's not without a way." Yun Xia suddenly said. "You hadn't gone out before since you came here. You have no idea about this world."

She refilled her cup and said further. "There are a group of demons trying to penetrate into this world. They called themselves Poison Valley... Well, they are demons from a tiny star under the Ten Thousand Demon Realms."

Master Bai's eyes lit up when he heard this. "Really? Where are they now?"

"With your current strength, it will be no different from suicide." Yun Xia said calmly. "You should follow him out later."

"Ah?... Can't you capture some of them for me?" Master Bai said pitifully.

"No." Yun Xia shook her head.

"But you have used your power once, and it's fine until now. I don't think they can detect your aura, right?" Master Bai was unwilling to give up.

Yun Xia's eyes flickered slightly as she said. "They will eventually find me if I intervene further."

She slowly got up from her seat and said further. "This stage belongs to him... I cannot interfere with his arrangement."

Master Bai went silent for a moment and asked cautiously. "Can you tell me why Beyond Heaven King chose him as a successor? No matter how I look at him, he's too ordinary.... Honestly, if it wasn't you who told me, I wouldn't bother to pull him in."

That was right. Yun Lintian didn't know that it wasn't Master Bai's idea to help him in the blink of death. In fact, it was Yun Xia's idea all along.

Yun Xia didn't reply to the question. She turned around and walked away. "You will slowly understand it."

Master Bai watched Yun Xia walk toward Yun Lintian and murmured to himself. "So, I have to follow him?... Alas, this matter is getting more complicated."

In the plum-blossom garden, Xing Tengfei was looking at the chessboard while thinking of something.

After a while, he raised his head to look at Weilan Jian, who sat opposite him and said. "What do you think about this board?"

Weilan Jian took a sip of tea and said with a smile. "Since we cannot force it, we should choose other ways."

He glanced at the board and said further. "The Queen has jumped out of nowhere and provided protection for the King. Even if we wanted to continue, it would be difficult to press further."

He then shifted his gaze onto the Rook. "Perhaps it's time to take them out."

A strange light flashed through Xing Tengfei's eyes upon hearing this. He nodded in agreement and said. "Indeed. We have been waiting for too long."

He then waved his hand and asked. "How's the preparation I told you?"

A figure in black suddenly appeared behind Xing Tengfei and responded. "Reporting to Master. Everything is ready."

"Good. Tell them to start right away." Xing Tengfei said while moving his Rook to eat the opposite Knight.

"Yes, Master." The black figure responded readily and disappeared from the place.

Xing Tengfei took a sip of tea while nodding in satisfaction. He looked at Weilan Jian and asked. "How's your Dragon Offering ceremony, Brother Jian?... I heard that your good nephew Weilan Tian is quite disobedient lately."

Weilan Jian's face was calm as he replied. "Do you know what will happen when a pawn thinks it was a knight?"

He then moved the Bishop to kill the opposite Pawn. "There's only one end for it."

Xing Tengfei looked at the Pawn that was knocked out of the board thoughtfully...

Chapter 1060 The Might Of Golden Dragon (1)

"That's it for today. Go back and practice hard. If you have a question, you can ask any teacher at any moment," Tang Suyin said to the newly recruited Misty Cloud Sect disciples who were seated in a spacious hall.

She was responsible for an alchemy class, and today was the third time she taught them the fundamentals of alchemy art.

"Thank you, Teacher Tang," the disciples said in unison before leaving the hall in a group and discussing the knowledge they had learned.

All of them were orphans who had lost their families during the invasion of the profound beasts, so they were highly motivated to practice and avenged their loved ones.

Tang Suyin watched the last disciple leave the hall and begin collecting the teaching materials. During this period, various buildings were built on Misty Cloud Peak, making it more beautiful than before.

All the buildings followed Yun Lintian's suggestion. It was similar to a university on Earth, which was clean and neat.

As Tang Suyin prepared to go to the canteen, she sensed something and frowned. She pretended not to notice and continued walking toward the canteen.

"Uncle Lu," she said in her mind, secretly preparing to activate a formation.

"Miss?" Lu Bo replied, not sensing anything unusual.

"There are a few people secretly watching us right now. If I'm not mistaken, their strength should be on par or even stronger than yours. Please notify Senior Qingxuan immediately," Tang Suyin said in a deep voice.

Lu Bo, who was taking care of flowers in the Moon Garden, was shocked but didn't recklessly spread his Spiritual Sense out. It was obvious that the opponents hadn't noticed the Moon Garden yet.

He put the watering can on the side and rushed to a pavilion at the foot of the waterfall.

At this moment, Qingxuan was leisurely sipping tea and reading a book with her eyes closed. Her long hair fluttered along with a gentle breeze. Her current appearance looked like it had come straight out of a painting.

Qingxuan's peaceful moment was interrupted by the appearance of Lu Bo. She didn't look up as she asked, "What is it?"

Lu Bo hurriedly said, "Please forgive me for interrupting you, senior. There are intruders peeking at us right now, and their strength isn't inferior to mine. I want to ask senior to come forth."

Qingxuan flipped another page and said nonchalantly, "Don't worry. Someone will take care of them."

Lu Bo was taken aback. "Someone?"

"Just wait and see," Qingxuan said while sipping her tea as if whatever happened next had nothing to do with her.

Lu Bo hesitated slightly and said, "Understood." He turned around and left before contacting Tang Suyin. "Miss. Senior Qingxuan said there would be someone taking care of them. We don't have to worry."

On Misty Cloud Peak, Tang Suyin frowned slightly. "Alright. I'll trouble Uncle Lu to protect our disciples."

"It is my duty, Miss," Lu Bo said as he arrived at the edge of the Moon Garden. He looked at the sky, waiting to see the enemy.

At this moment, two old men and an old woman were hiding in the group of clouds while staring at Misty Cloud Peak.

"This is the place?" The old woman nodded her head slightly. "Although the profound energy here is too thin, the scenery is not bad."

The old woman was a famous figure four thousand years ago. People knew her as Mystic Saintess.

Similar to her, the other two old men were top powerhouses in the past who had been living in seclusion for thousands of years. They were Crimson Sword Saint and Sunmoon Saint Lord.

They were sent here by Weilan Jian and Xing Tengfei to grab Yun Lintian's weakness, his people.

"Strange. There isn't any powerful figure here. Isn't Azure Lord overthinking?" The old man clad in crimson, the Crimson Sword Saint, said with a frown.

All he saw here was a bunch of kids and a few Heaven Profound Realm practitioners not worth mentioning. Why would Weilan Jian have sent them here? This was no different from using a cannon to kill a mosquito.

Another old man, Sunmoon Saint Lord, secretly pried on every single living being on the Misty Cloud Peak and the surroundings before saying. "Azure Lord has never judged anything wrongly. You'd better be careful."

His gaze paused on Tang Suyin and said in surprise. "Hmm? This person... I seem to have seen her somewhere before."

His words immediately attracted the other two's attention. They looked over, and Mystic Saintess suddenly exclaimed. "I know her! She's Tang Tianjiao's daughter, Tang Suyin... She's actually alive?"

"So, the rumor about the Skymist Ancient City having fallen into Yun Lintian's hands is likely to be true?... Hah. I see now why Azure Lord warned us before coming here." Crimson Sword Saint said with burning eyes.

BEst

He had previously visited the Skymist Ancient City and could still remember how magnificent it was. It was not a secret among top powerhouses back then that the entire city was a divine artifact. He couldn't wait to find it and seize it for himself right away.

"It was said she possesses a powerful soul. Hehe. This trip is not in vain." Mystic Saintess licked her dried lips while staring at Tang Suyin with greed.

She specialized in a soul technique, and Tang Suyin's unique soul could certainly raise her power. Perhaps she could break through a shackle of this world and step into the Divine Foundation Realm in one fell swoop once she consumed Tang Suyin's soul.

"Can you crack the formations here?" Crimson Sword Saint turned to Sunmoon Saint Lord and asked.

Sunmoon Saint Lord thought for a moment and said. "There's no need to crack it. We can attack it directly."

He then opened his palm and said. "I'll cover you."

"Cheh. You are lazy as usual." Crimson Sword Saint clicked his tongue in dissatisfaction, but he still drew his long crimson-colored sword out.

Instantly, the entire peak was covered by terrifying pressure, causing everyone inside to suffocate...
