

Myth Beyond 1061

Chapter 1061 The Might Of Golden Dragon (2)

Tang Suyin's expression turned heavy. Her figure flashed as she arrived at the formation eyes, and she didn't hesitate to activate a grand protective formation.

Buzz—

Instantly, the entire Misty Cloud Peak was covered by several layers of the thick golden barrier.

Crimson Sword Saint sneered when he saw this scene. A sword hum immediately echoed throughout the sky, followed by a beautiful crimson arc as he swung the sword down.

As the crimson arc was about to touch the barrier, the expressions of the three abruptly changed because they suddenly noticed a powerful aura coming from the distance.

Roar—

All of a sudden, a deafening dragon's cry reverberated throughout the entire space, accompanied by a gigantic golden dragon that flashed down from the top, opening its mouth wide while charging toward Crimson Sword Saint and the other two.

Sunmoon Saint Lord's face turned solemn. He quickly clasped his hands together, and a powerful fire and water barrier quickly spread out, covering all of them.

Boom!

The golden dragon slashed its claws toward the crimson arc while slamming its tail onto the fire and water barrier.

The surrounding clouds were scattered away by the immense force coming from the golden dragon.

Rumble—

The crimson arc was completely repelled by the golden dragon's claws, followed by an irresistible force, causing Crimson Sword Saint to hurriedly retreat to the distance.

He looked at the golden dragon with a grim expression as he shook his hand, getting rid of the numbness brought by the impact.

Meanwhile, the fire and water barrier were immediately shattered by the golden dragon's tail.

Facing this scene, Sunmoon Saint Lord hurriedly threw a bunch of yellow talismans out, and all of them quickly connected into a powerful cage around his body.

Just as he thought it could protect him from the golden dragon's tail, the talismans were instantly blown away by the overwhelming force, and the cage was shattered into pieces.

At the same time, the tail slammed into Sunmoon Saint Lord's chest, breaking his ribs instantly.

"Argh!" Sunmoon Saint Lord was sent flying to the distance while spitting out a large mouthful of blood. His face turned pale as a white sheet as his eyes stared at the golden dragon in disbelief.

On the side, Mystic Saintess was shocked stupidly. She had performed a soul technique the moment the golden dragon had appeared, but suddenly, the dragon's roar echoed in her mind, causing her soul to shake violently.

Moreover, she had suffered a backlash from being interrupted halfway. Blood slowly flowed out of her eyes, ears, mouth, and nostrils, making her look extremely miserable.

On the peak, Tang Suyin and Lu Bo stared at the golden dragon in shock. Especially Lu Bo. His entire body was completely suppressed by the dragon's might. Undoubtedly, he wouldn't last a single move under it.

The golden dragon shook slightly and transformed into a young man in his twenties. His face was calm and composed as if the whole world was beneath his feet.... If Yun Lintian was here, he would recognize him right away. This person was no other than the most powerful person of the Long Clan, Long Shen!

"You...Who are you?" Crimson Sword Saint asked solemnly. He had never seen such a young man before. Moreover, this person's strength was far above his.

Sunmoon Saint Lord wiped the bloodstain out of the corner of his mouth and uttered coldly. "You are Long Shen."

"Long Shen?" The eyes of Crimson Sword Saint and Mystic Saintess widened in disbelief.

Naturally, they had heard about Long Shen's deeds before. It could be said he was the legendary existence alongside the Long Clan's founder... Shouldn't he already be dead?

"Damn it! We have been used as cannon fodder." Mystic Saintess seemed to understand everything.

Even though Weilan Jian and Xing Tengfei had given them a warning, they didn't tell them about Long Shen at all. Obviously, both of them wanted to use them to test the water of this place.

The faces of Crimson Sword Saint and Sunmoon Saint Lord turned ugly when they realized this.

"All of you should continue to hide in your nests further." Long Shen said calmly. His golden eyes showed no emotion. It was as though these three people were nothing but pebbles that he could kick away at any time.

Mystic Saintess calmed down and asked cautiously. "Senior Long, we have been deceived by Weilan Jian and Xing Tengfei. Can you please let us go this time? We can swear upon our bloodline that we will never intervene with this matter again."

Crimson Sword Saint and Sunmoon Saint Lord glanced at each other, and they could see a glimmer of hope in their eyes. Obviously, this was the only way for them to survive.

Long Shen glanced at Mystic Saintess and said. "If I remember correctly, your master should be Hua Xiaoyun."

Mystic Saintess was overjoyed inwardly as she hurriedly said. "Yes, Senior Long. My Master told me before leaving that I have to show respect to the Long Clan. However, I have been deceived this time and unintentionally offended Senior... Please trust me. If I knew that Senior was protecting this place, I wouldn't dare to come here in the first place."

Crimson Sword Saint echoed. "That's right, Senior. You should also know that we cannot reject those two bastards."

Sunmoon Saint Lord looked at Long Shen attentively, waiting for his verdict.

It wasn't that they didn't want to struggle, but they had tasted Long Shen's might earlier and realized that they had no chance to even escape from his palm. Their strength could be ranked among the top, but compared to someone with a divine beast's bloodline like Long Shen, they were far inferior.

"I can let all of you go...." Long Shen's words immediately gave the three hope.

However, his following sentence made their hearts turn cold instantly.

"But... All of you must let me plant a dragon curse in your soul." Long Shen said expressionlessly.

Crimson Sword Saint and Sunmoon Saint Lord stood still like statues when they heard this. They, of course, knew what the Dragon Curse was. Once it was planted in their souls, they would be absolutely loyal to Long Shen for the rest of their life...

Unexpectedly, Mystic Saintess replied quickly. "I am willing, Senior."

Chapter 1062 Dragon

"You...!?" Crimson Sword Saint looked at Mystic Saintess in disbelief. If there was anyone among them who was unwilling the most, it must be her. Yet she accepted it readily?

Mystic Saintess turned to look at the two and said. "You two are not unwilling?... Heh. Weilan Jian and Xing Tengfei treated us like dogs, and you are still thinking of returning to them?"

She sneered. "I'd rather stand on Senior Long's side instead of listening to someone that regards my life like a vegetable. Moreover, with Senior Long's reputation, do you really think he would force you to die?"

Crimson Sword Saint and Sunmoon Saint Lord went silent immediately. What Mystic Saintess said was without reason. If it wasn't for Weilan Jian and Xing Tengfei, how could they fall into such a situation?

"Relax your mind." Long Shen looked at Mystic Saintess and said calmly.

"Yes." Mystic Saintess took a deep breath and let down her guard.

A golden light flashed as Long Shen pointed his finger at her. Instantly, Mystic Saintess could see a golden dragon penetrate her mind and go straight to her soul before wrapping around it. A moment later, a golden dragon symbol was branded on her soul, and a sense of intimacy toward Long Shen emerged within her heart.

"Little Girl Hua Xiaohui greets Master Long." Mystic Saintess, whose real name Hua Xiaohui bowed her head toward Long Shen and said respectfully.

Long Shen nodded slightly and shifted his gaze onto the other two.

Crimson Sword Saint and Sunmoon Saint Lord glanced at each other and let out a sigh at the same time. What choice did they have?

"We are willing to accept your Dragon Curse, Senior." Sunmoon Saint Lord said after taking a deep breath.

Long Shen didn't say anything and pointed his finger toward them. Soon, similar golden dragon symbols appeared in their souls.

"We greet Master Long." The two of them bowed their heads toward Long Shen. Their respect for him was coming from the bottom of their hearts.

Long Shen said calmly. "From today onward, I want you to stay here in the Northern Continent and protect this place. However, you don't have to risk your life if you cannot handle the enemy."

The three of them were relieved inwardly and quickly said in unison. "We understand."

Long Shen nodded slightly and took a step forward, disappearing from the place.

Sunmoon Saint Lord stuffed a handful of the healing pills into his mouth and glanced at Hua Xiaohui. "Tell me, are you hiding a trick in your sleeve?"

Since Mystic Saintess was proficient in a soul technique. Perhaps she had a way to get rid of the Dragon Curse.

Hua Xiaohui shook her head and said. "Even if I have one, removing the Dragon Curse is impossible. As you know, a dragon is one of the most powerful creatures among the divine beasts, and its soul can be ranked in the top three. Do you think a mortal like us can do anything to it?"

"So, you are genuinely surrendering to him?" Crimson Sword Saint asked in confusion.

"What else?" Hua Xiaohui rolled her eyes. "Think about it. That Yun Lintian is someone Weilan Jian and Xing Tengfei have to deal with caution. And behind him is Master Long... Perhaps this is the best decision I have ever made in my life."

Sunmoon Saint Lord's eyes narrowed slightly. Before coming here, he had investigated Yun Lintian a bit and roughly understood his situation. He had to admit that Yun Lintian was definitely the most dazzling genius he had ever seen. Such a person would undoubtedly surpass Longevity Monarch in the past.

Therefore, when Hua Xiaohui said this, he was convinced deep down. It was as she spoke. This could be the best decision they had made in their life.

"We should find a place to stay first." Hua Xiaohui looked at the Profound Sky Divine City in the distance and said. "There seems to be a newly built city over there. I haven't been out for a long time. Let's see if the world has changed."

Without waiting for the other two to reply, her figure flashed and disappeared from the place.

Crimson Sword Saint turned to Sunmoon Saint Lord and asked. "Are you really going to stay like this?"

"You can decide by yourself," Sunmoon Saint Lord replied while channeling his profound energy to connect his broken bones. "All I know is that I must stay away from Weilan Jian and Xing Tengfei from now on."

As he finished his sentence, his figure vanished from the place, leaving Crimson Sword Saint standing in the place alone.

A trace of hesitation appeared in Crimson Sword Saint's eyes. He didn't know what he should choose at the moment. In the end, he let out a sigh and followed the two to the city.

On the Moon Garden, Long Shen stood outside the pavilion, looking at Qingxuan with respect.

Standing behind were Lu Bo, Tang Suyin, and Yun Ruanyu. They were looking at Long Chen curiously.

A while later, Qingxuan put down the book and raised her head to look at Long Chen. Her lips parted gently. "Five Claws Golden Dragon?... Although it is diluted, its power is more than enough to let you step into the Divine Profound Realm."

She paused for a moment and asked. "How did you get it?"

"Reporting to senior. My older brother found remains of a golden python almost transformed into a golden dragon completely in the ruin called the Golden Mountain." Long Shen didn't dare to hide anything. Although he didn't know the true identity of this woman, he was certain she was the same kind as him—a dragon!

Qingxuan frowned slightly as if she was trying to recall something, but she couldn't come up with one in the end.

"I must say, your older brother was extremely fortunate," Qingxuan said. "Normally, it is impossible for a mortal to refine a dragon's blood, even if it is a diluted one."

"Actually, he had almost lost his life in the process, but for some reason, the violent power of the blood suddenly calmed down. It was as if someone had secretly helped him." Long Shen explained.

"Oh? What could it be?" Qingxuan's interest was piqued.

Chapter 1063 Break The Limit

Long Shen answered. "We were not sure about it, but we had come to a conclusion. It must be something related to the Golden Mountain ruin."

"Where is this place?" Qingxuan asked.

Long Shen took out a jade slip and handed it to her respectfully.

Qingxuan read the content inside with her Spiritual Sense and said. "You should stay here for the time being."

"Senior...?" Long Shen seemed to know her intention.

Qingxuan stood up and looked at Yun Ruanyu. "I'll go out for a while."

Before Yun Ruanyu could reply, Qingxuan had already disappeared from the place.

"This..." Long Shen looked at Yun Ruanyu and didn't know what to say at the moment. He was embarrassed and guilty. If it wasn't because of him, Qingxuan wouldn't leave this place.

Yun Ruanyu smiled and said. "Thank you for helping us, Senior."

Long Shen shook his head slightly. "There's no need to say anything like this. I am here under Young Master Yun's order... Don't worry. Even if I have to pay with my life, I will protect this place and everyone here."

Yun Ruanyu and the others were slightly surprised. How did Yun Lintian recruit such an expert?

Long Shen glanced at Tang Suyin and said. "You must be Brother Tang's granddaughter."

Tang Suyin bowed her head and said politely. "Little Girl Tang Suyin greets Senior Long."

Long Shen nodded with a smile. "Although you have lost your strength, it won't be long before you return to your peak condition."

He glanced around the place and asked. "Can you show me around? I am curious about this magical place."

"Yes." Tang Suyin responded with a smile.

Crackle—

On top of the Heavenly Cloud Mountain, the entire area was sealed off by a powerful ice field with Yun Xia standing at the center with hands behind her back. The surrounding cold energy didn't seem to matter to her in the slightest.

Swoosh!

Suddenly, Yun Lintian's figure appeared behind her, and he quickly punched her head. His speed was insanely high to the point of leaving an afterimage behind.

Boom!

A small barrier appeared behind Yun Xia's head, completely blocking Yun Lintian's punch. However, Yun Lintian seemed to expect this beforehand. He brought his left hand, which was ignited with a blazing crimson flame and purple lightning sparks, and he stuck out toward Yun Xia's back.

His second attack was executed almost simultaneously with his first punch.

Boom!

Before Yun Lintian's left palm could hit the target, an irresistible force abruptly exploded from Yun Xia, instantly sending him flying into the distance.

"Burn!" While flying midair, Yun Lintian clasped his hands together, and the surrounding temperature increased drastically.

Suddenly, several fire pillars broke out of the ground underneath Yun Xia's feet, overwhelmingly swallowing her into a sea of flame.

Yun Lintian didn't stop at that. A deep green light flashed through his eyes, and the entire space was filled with terrifying windstorms instantly.

The fire pillars, which were already blazing hot, had become more violent, swallowing everything in the space.

Yun Lintian stabilized himself in midair and executed the Shadow Step to approach Yun Xia. At the same time, he sent out his most powerful Dragon Fist toward her.

Roar—

Fire, water, wind, and lightning dragons appeared around his arms and shot out toward Yun Xia, who was entirely shrouded in the sea of flame.

A smile appeared on Yun Lintian's face as he believed this move could definitely hit Yun Xia. During this month, he tried his best to control his power to the fullest, and now he was extremely proficient in releasing his energy.

He didn't take time to circulate his profound energy normally as others did. His power could almost release at the same time as his thought.

Pa!

Suddenly, Yun Lintian's fist, which was extended forward, was captured by Yun Xia's palm. All the dragons were instantly dispersed by an invisible force, causing Yun Lintian to lose all of his momentum.

Yun Lintian's face cramped when he saw this. He instinctively released his power to the maximum and tried to execute the Shadow Step to retreat. Unfortunately, he couldn't even move an inch under Yun Xia's suppression.

When the flame, windstorm, and ice mist dispersed, Yun Xia stood there with a faint smile on her face while grabbing Yun Lintian's fist.

"Not bad." She said.

Yun Lintian smiled bitterly. "This is not fair, grandma. Our strength is too far apart."

Yun Xia said calmly. "Have you noticed? You have already broken through your limit."

Yun Lintian was taken aback and fell into deep thought. In the past, he always relied on the relics and artifacts like the bottle gourd and the Heavenly Piercing Sword when it came to the crucial moment. He had never truly used his own power.

When he thought of his earlier attacks, he suddenly discovered that the output power was almost reached the same level as when he used The Sun and the other relics.

"This..." Yun Lintian's expression became incredible. He always focused on controlling his power but had forgotten entirely about the output power's level. If Yun Xia didn't remind him, he wouldn't have noticed it.

Yun Xia released Yun Lintian's fist and said. "It's because you are more confident in yourself, and the thoughts of using the sword or the relics haven't appeared in your head while attacking. This resulted in what you currently are."

She paused for a second and said further. "Go take a break first. The next lesson is how to utilize the sword and the relics efficiently."

Yun Lintian returned to his sense and said. "Understood."

Yun Xia waved her hand, and the destructive scenery returned to its original appearance before walking away, leaving Yun Lintian standing behind with a thoughtful expression.

Yun Lintian sat on the ground and opened his palms. A tiny flame and ice crystal appeared on them. He then switched to a ball of wind and lightning before switching back to the fire and ice again.

As time passed, the speed when he switched between the elements grew increasingly faster to the point all of them seemed to mix together into one entity.

A while later, he let out a long breath, and a smile appeared on his face. Even though his profound strength hadn't increased during this period, he could feel that he had become several times stronger than before.

He believed he could deal with Xing Guiren much better than before if he met him again this time.

Chapter 1064 Change In Situation

"Big Brother Yun, the meal is ready!" Outside a bamboo hut that had been built recently, Yun Niu ran over and shouted at Yun Lintian, who was lying on the grass patch, looking at the night sky with Linlin and Qingqing beside him.

Another month had passed by. During these two months, Yun Lintian did nothing but practice with Yun Xia every day. At the same time, he would occasionally teach the villagers to practice.

What he didn't understand was why Yun Xia didn't teach anyone about this, even though she possessed a power that could look down upon the world.

"Alright." Yun Lintian replied and got up from the ground before walking to the hut with Linlin and Qingqing.

Just as he was about to reach the hut, he suddenly received a signal from one of the transmission jades.

When he took it out, he was surprised to see it was coming from his second sister, Murong Xue.

"Second sister?" Yun Lintian responded.

"I know you are still alive somewhere." Murong Xue's voice rang from the other side. "Why didn't you contact anyone? Do you know how worried we are?"

Yun Lintian said apologetically. "I'm sorry, second sister."

In fact, Yun Lintian had already contacted Shen Liqiu, Yun Ruanyu, and Jiang Yingyue, but he told them to not spread about his matter in case there was a mole among them. And he was too busy during this period. He had forgotten entirely about his second sister, who had returned to her Endless Dream Dancing Hall and lost contact.

"It should be me who said that instead. I didn't know before you have faced a calamity alone." Murong Xue sighed softly.

"It's fine, second sister. Didn't I still alive and kicking?" Yun Lintian chuckled. "By the way, what are you busy with, second sister? You have completely lost contact with us, just like fourth sister."

"I have completely taken over the dancing hall now." Murong Xue replied.

Yun Lintian was surprised. As far as he knew, Murong Xue was indeed a true successor, but her position was uncertain. She had to compete with other candidates and gain approval from other elders first.

Listening to her words, it seemed she had taken the hall master position.

Yun Lintian didn't know how powerful the Endless Dream Dancing Hall was as he didn't have time to look at it, but it was definitely not inferior to any first-rate forces. This was the great news he had received recently. At least, there would be another ally to fight with the Poison Valley in the near future.

"That's great, second sister. Congratulations." Yun Lintian said with a smile.

"Didn't your people already withdraw from the Central Continent? I'll provide you with information in their stead from now on. Although my dancing hall isn't as powerful as a top clan like the Long Clan and the Wang Clan in terms of fighting, those enemies have to be cautious if they want to deal with my people." Murong Xue said.

"Thank you, second sister." Yun Lintian said gratefully. It was as she spoke. He had already taken his Cloud Shadow team away from the Central Continent, and the information he got recently was mostly from Long Ying.

"Right. I got a piece of news not long ago. There was a movement in the Chaotic Sea Region last week. The spatial disturbance around that place has become more stable somehow. If it continues with this rate, it won't be long before everyone can enter and go out of that region freely." Murong Xue said solemnly.

Yun Lintian frowned slightly. Could it be Yin Weizhe was about to recover fully?

Thinking of this, a sense of urgency appeared in his heart again. He believed that once Yin Weizhe came out, the whole world would change entirely. There would definitely be wars everywhere.

Yun Lintian quickly told Murong Xue about Yin Weizhe's existence, and the latter went silent for a long time.

Yun Lintian sighed and said. "What we lack the most at this moment is time. My progress is fast, but all my enemies already stand at the top. It will take a long time to catch up with them."

"Have you told your fourth sister about this?" Murong Xue suddenly asked.

"Not yet. The last time I saw her was a few months ago, and I was in disguise." Yun Lintian replied.
"Why?"

"If there's anyone who can buy you time, it must be her and the power behind her. However, you have to convince her first. After all, what she is after is a profit. Even if the whole world falls into the Poison Valley's hand, they won't bother to care about it." Murong Xue explained.

"Right. There's another piece of news. The Star Gazing Palace and the others already know about what you did for your third sister's clan. Because the Azure Palace is currently busy with their Dragon Offering ceremony, and the Star Gazing Palace has always adopted a wait-and-see attitude, they have no time to pay attention to them at the moment."

Yun Lintian wasn't surprised about it. He had never counted the Long Clan as his trump card from the beginning. After all, anyone with a brain would figure out that he could extend Long Jinwei and the others' lifespans.

"Dragon offering..." Yun Lintian muttered.

He truly wanted to take a look at it, but it was impossible for him to sneak in with his current strength.

"Well, I understand, second sister. Thank you for telling me this." Yun Lintian said.

"What's your next plan?" Murong Xue asked.

"I'll go to the Eastern Continent to avoid the limelight first, and I will come back when I step into the Monarch Profound Realm." Yun Lintian didn't hide anything.

"Eastern Continent... I see. It's not a bad idea." Murong Xue said. "Did you still have my token? You can find my dancing hall's branch over there in the Blazing Sun Divine City. Just show the people in charge my token, and they will provide you with convenience."

"Understood." Yun Lintian exchanged a few words with Murong Xue further and put the transmission jade away.

His eyes gradually became determined. It was time for him to leave now...

Chapter 1065 Sinner (1)

"Have you decided?" Yun Xia put down a rice bowl and asked Yun Lintian, who was sitting opposite her.

Yun Lintian swallowed a mouthful of rice and replied. "Yes, grandma. There's a change in the Chaotic Sea Region. I'm afraid Yin Weizhe is about to come out soon. I need to increase my strength as fast as possible."

Yun Xia didn't say anything and continued to eat.

Meanwhile, Yun Niu put her bowl down and looked at Yun Lintian sadly. "Are you leaving, Big Brother Yun?"

Yun Lintian could see her disappointment, but he had to go. He smiled faintly and said. "It's not that I won't return. You can stay here and practice hard. I will take you to see the outside world when I come back later."

As he spoke, he secretly glanced at Yun Xia and was relieved. It seemed she had no objection to this.

Yun Niu had also looked at her grandmother and said in delight. "Really? Then I will wait for you here."

Yun Xia put the bowl down and got up. "Come to find me after finishing the meal."

Afterward, she walked out of the hut toward the backyard.

Yun Lintian nodded slightly and continued to eat.

"Are you really going to contact Yan Yaoting?" Yun Qianxue asked.

She recalled the scene where Yan Yaoting intercepted Yun Lintian midway and made an agreement with him. Yun Lintian promised Yan Yaoting he would help explore the Seven Swords Tomb.

"Before that, I need to go to a place first." Yun Lintian replied while picking a piece of braised pork and placing it in Yun Qianxue's bowl.

His first target was to retrieve The Earth as soon as possible. According to the information, The Earth was located in a desert on the Eastern Continent's southern part. He would land there directly.

"I'll go with you this time." Yun Qianxue said.

"Me too." Han Bingling echoed.

Meanwhile, Mu Qixue said nothing but looked at him. The look in her eyes was obvious. She wanted to go with him this time.

"Me too..." Lin Xinyao suddenly said, making everyone look at her in surprise.

Yun Lintian frowned slightly, appearing in trouble. He understood their thoughts, but he wasn't sure what was the situation over there. If possible, he didn't want them to take a risk.

However, from the look of it, it was impossible for him to reject them this time. He had no choice but said. "Alright. We will go together this time. However, if there's danger, all of you have to enter the Land of Beyond Heaven right away, understand?"

The four of them nodded their heads in agreement. During this period, Yun Lintian didn't hide the existence of the Land of Beyond Heaven from Lin Xinyao. Although she couldn't remember him yet, the fact that she was willing to sacrifice her life for him was more than enough for him to trust her.

What surprised him was that she didn't even feel strange about it, as if she was aware of it to begin with. Unlike Han Bingling, when she knew about the Land of Beyond Heaven for the first time, she was shocked beyond words.

"We will leave in the morning." Yun Lintian finished the meal and went to see Yun Xia.

The weather on the peak was a bit cold, and there was a gentle breeze blowing from time to time.

At this moment, Yun Xia stood at the edge of the cliff and looked at the moon silently.

When Yun Lintian walked over, she spoke. "You want to know why I don't teach these people a profound art?"

Yun Lintian was taken aback and replied. "Yes, grandma. You should know better than me that having no strength here means waiting for death."

Yun Xia went silent for a while and said. "We are originally sinners. We don't deserve to live a good life."

Yun Lintian frowned slightly and asked. "I wanted to ask this a long time ago. Why did you call yourself a sinner, grandma?"

"Do you remember what I told you about Beyond Heaven King?" Without waiting for Yun Lintian to reply, Yun Xia said further. "It had been a thousand years since he left his home star after getting his power. When he returned to the star later, he discovered the descendants of his relatives and fellow villagers living not far away from the original village. It turned out that some of them had managed to escape with his parents' arrangement."

"Because he had enough strength to protect them now, he didn't let them suffer in the lower star further and brought them to the Land of Beyond Heaven in the Divine Realm."

"Wait a moment." Yun Lintian suddenly said. "You said the Land of Beyond Heaven in the Divine Realm? Could it be...?"

"Yes. Originally, the Land of Beyond Heaven was a piece of land he created. It wasn't a piece of land in a pocket space you have right now." Yun Xia responded. "You will understand it later."

She paused for a moment and said further. "The villagers were grateful for bringing him over and giving them a chance to enter the profound path. However, most of them were peace-loving. They didn't like fighting and killing. Instead, they chose to live in peace on the Land of Beyond Heaven."

"Beyond Heaven King naturally didn't force them. He only told them if anyone wanted to learn, they could go to him directly."

Yun Xia sighed softly and turned to look at Yun Lintian. "I was one of them."

Although Yun Lintian had already guessed about it after listening to this point, he was still surprised a little.

"Unlike other villagers, I didn't want to live such a boring life and chose to practice. With the guidance of Beyond Heaven King and unlimited resources, I have entered the Divine Emperor Realm within five hundred years and become the youngest Divine Emperor in history." There was a trace of pride and regret within Yun Xia's eyes when she spoke this.

Yun Lintian was shocked upon hearing this... She was actually... a Divine Emperor!?

Chapter 1066 Sinner (2)

"Naturally, it wasn't just me. There were a few others who had a similar mindset as mine. During that period, we traveled through countless stars and realms and eventually made enemies everywhere. It could be said we were too young and arrogant." Yun Xia said further.

"Whenever we got into troubles that we couldn't handle, we would ask Beyond Heaven King for help... Yes, it was a shameless act." A trace of shame could be seen in her eyes when she spoke to this point.

Yun Lintian didn't look down on her because of this. It was understandable as Yun Xia and her fellow villagers grew up under Beyond Heaven King's safety net. Whether it was resources or profound arts, they could obtain them without effort. And this could lead them to develop an arrogant and ignorant personality.

Not to mention, Beyond Heaven King was regarded as the most powerful person in the Divine Realm. With such a person standing behind their backs, was there anyone they needed to be afraid of?

Yun Xia said further after a short moment of silence. "Among the enemies were descendants of top powerhouses that were not far inferior to Beyond Heaven King's faction. Because of the name of Beyond Heaven King, they naturally didn't dare to do anything to us in the end."

"However, we were too ignorant to understand that we had unintentionally created enemies for him too."

A hint of pain emerged in the depths of her eyes as she said further. "As you know that Beyond Heaven King had fallen in the end. Among the enemies who were responsible for his demise were no other than those powerhouses. Originally, they had no interest in becoming an enemy with him, but because of us, they didn't want to be suppressed by him further."

"Although the true 'enemy' wasn't them, it was undeniable that they had played a good role in this incident... Perhaps the situation would be better without them."

Yun Xia looked at Yun Lintian and said. "Even though the situation was severe and he couldn't even save himself, he didn't forget to send us away first and ensure that we were safe and sound... Tell me, am I not a sinner?"

Facing her question, Yun Lintian sighed softly and said. "It's not your fault entirely, grandma. In fact, you should be aware that even if you don't make enemies out of them, they will eventually attack Beyond Heaven King whenever they have a chance. After all, no one likes to have someone sitting on their heads... This has nothing to do with you. They just took an opportunity."

A self-deprecating smile appeared on Yun Xia's face as she said. "It's funny, right? I keep telling you to rely on your strength instead of external things, but I am the one who relies on him instead... Honestly speaking, I'm not even qualified to teach you at all."

Yun Lintian went silent. He didn't know what to say about this. Was she a sinner? Of course not. But she wasn't entirely uninvolved either... It was simple yet complicated at the same time.

A moment later, Yun Lintian decided to divert her mood by asking. "Grandma, who is the true enemy you are saying?"

Yun Xia's eyes flashed with deep hatred when she heard this. She thought for a moment and shook her head. "I cannot tell you right now because you are still too weak and cannot shoulder the terrifying pressure once you know it. What you need most now is to grow. The pressure you are shouldering currently is the right amount. If it is too much, it will only seriously affect your growth."

She took a deep look at Yun Lintian and said further. "You only need to know two things right now... Firstly, it is to grow as fast as possible, collecting all the relics in the shortest time possible. Secondly, it is to value your life. You must live properly and only take a risk when it matters the most... If you die, everything he has gambled on will become nothingness and gone forever."

She raised her head to look at the star-filled night sky. "Your life is too short, your experiences are too few, and your strength and soul are far too weak. Once his enemies discover your existence, it won't be only you, but every single one around you will be erased."

"The path ahead of you is filled with thorns and mountains. Each one of them is bigger than another... I hope you can overcome them in the end."

Yun Lintian closed his eyes as he felt his heart become heavy. Before this, he only knew that he had to become the strongest person in this world and give people around him the highest security possible.

However, as time passed, he gradually understood that his original goal was too low. The power he had inherited was beyond anything he could imagine before, but he was actually satisfied with a mere standing at the top of the world. This was simply wasted Beyond Heaven King's inheritance.

As spiderman's uncle said, great power comes with great responsibility. Why should I aim at the topmost? How about becoming a god?.

When Yun Lintian opened his eyes again, everything had become clearer. It was as if the original road ahead of him had grown longer and wider. All the fog that blocked his sight had disappeared entirely. He wasn't limited to a narrow and short path anymore.

"I understand, grandma." Yun Lintian said confidently. "Although I didn't choose his power myself, I will live up to his name...."

He suddenly paused and shook his head. "No. I will become stronger than him. I will make sure that no one in this universe or other universes can be a threat to me."

As he finished his sentence, the initially gentle breeze suddenly became stronger. The stars and moon in the sky also glowed brighter. It was as though they were responding to his words.

Yun Xia was surprised and looked at the sky briefly. A strange light flashed through her eyes as she seemed to discover something extraordinary.

The same went for Hongyue and Lauya in the Land of Beyond Heaven.

"Heaven and earth actually resonate with him...?" Hongyue said in surprise.

Chapter 1067 Clear Mind

Hongyue looked at Yun Lintian thoughtfully. To be able to make heaven and earth resonate with his will was a sign of a divine emperor. Yun Lintian was obviously not on that level yet. Looked like his qualification was beyond her imagination by miles.

Yun Lintian didn't feel anything strange except that his target became clearer. From today onward, he would walk on a path of bones and blood. Whoever wanted to stop him, he wouldn't let them go.

Yun Xia took a deep look at him and said. "Since you have truly determined your path, I hope you can stay on the path until the end... Remember, do not let anything or anyone stop you from going further."

Yun Lintian replied in a deep voice. "I understand."

He looked at her and asked. "Grandma, is your strength...?"

Yun Xia understood the meaning behind his question. She replied with a smile. "I am currently at the peak of the Divine Emperor Realm. My strength hasn't regressed in the slightest. It is just that I cannot use my divine power here. Otherwise, the enemy will discover me directly."

"As for why we are here, it has to trace back to thousands of years ago. In order to preserve the bloodline of his Cloud Village, he entrusted me to protect the villagers well while escaping. We had been hunted by the enemies for years, and when we encountered a dead-end, Heavenly Cloud Immortal Master happened to pass by and helped us repel the enemies."

"When he knew that Beyond Heaven King was likely to fall, he didn't hesitate to send us to this world along this mountain and White Owl Emperor."

Yun Xia sighed softly in sorrow. "If it wasn't for him sacrificing himself to let us escape, we would have been dead long ago."

Yun Lintian was shocked when he heard this. He thought Heavenly Cloud Immortal Master was a shameless person who took advantage of the situation to spread his name. It turned out he was a hero.

"Is it true?" At this moment, Master Bai flew over and landed in front of Yun Xia. He looked straight into her eyes and asked again. "Did he...?"

Yun Lintian could perceive a hint of sorrow in Master Bai's voice when he spoke.

Yun Xia turned her head away slightly and didn't reply. She didn't dare to look at Master Bai straight. After all, Heavenly Cloud Immortal Master's demise was related to her in a way.

"He... That old bastard actually..." Master Bai's voice trembled as he mumbled to himself soullessly. "Heh... Hehe... He actually... I thought..."

Yun Lintian looked at him silently. Although Master Bai kept cursing at Heavenly Cloud Immortal Master, Yun Lintian could see how deep their relationship was.

Even though Master Bai appeared as if Heavenly Cloud Immortal Master was already dead, deep down, he always believed that his friend was still alive somewhere in the Divine Realm. To hear that his best friend had actually died like that, it was tough for him to take it.

The three stood motionless for an hour before Yun Lintian finally said. "I believe Senior Yun Yi brought you here because he wanted you to live on, Master Bai. So, you shouldn't be sad about it."

Master Bai trembled slightly and then burst into laughter. "Sad?... Kehahaha! Who said I am sad? I am delighted to hear that he's already dead! Hahaha! I can't wait to celebrate right now."

Master Bai flew into the air and landed on Yun Lintian's head. "Boy, this old man wants to travel with you. Are you willing?"

Yun Lintian was startled slightly. He would have believed Master Bai if he hadn't seen the tears in the corner of the latter's eyes.

He smiled and said. "Sure. Having a divine emperor accompanied me like this. I couldn't ask for more."

Master Bai laughed wildly and said. "Good. I will pack my things first. Call me when you want to leave."

Without waiting for Yun Lintian to reply, he flapped his wings and flew away. Was there anything he wanted to pack up? Of course, nothing. It was just an excuse to leave the scene.

Yun Lintian was naturally aware of this, but he didn't expose him.

He looked at Yun Xia and asked. "What's your plan, grandma? Why don't you come with us? I can let everyone live in the Land of Beyond Heaven."

Yun Xia thought for a moment and said. "You can take them away, but I won't go. I will guard this place."

Yun Lintian wanted to say he could bring the mountain with him, but he chose to say nothing in the end. He could see the guilt in her eyes. Perhaps it was better for her to stay here.

"Let me talk to her." Suddenly, Hongyue's voice resounded in Yun Lintian's mind.

Yun Lintian was surprised and quickly summoned the Gate of Beyond Heaven.

Hongyue's illusory figure immediately appeared in the air, causing Yun Xia to startle for a moment.

"You are... Princess Hongyue?" Yun Xia recognized Hongyue right away.

"It's been a while," Hongyue said with a faint smile. "I heard everything you said earlier. Honestly, you are more stupid than I thought."

Yun Xia went silent.

Hongyue said further. "Do you think he really blames you for that? Heh. Don't think of yourself too highly. You are nothing but a mere village kid in his eyes."

She then pointed toward the bamboo hut. More precisely, pointing at Yun Niu. "Like her. Will you take her mischief to your heart?"

Yun Xia raised her head slightly to look in Yun Niu's direction.

"You are a dignified divine emperor, but your eyes are cloudier than Lintian's. Even he can see that the entire incident has nothing to do with your behavior back then. Those bastards were aiming at him from the beginning. With or without you, they would come to him at some point anyway." Hongyue curled her lips, looking at Yun Xia in contempt.

"Seriously, what kind of sinner bullsh*t you come up with? Are you thinking of yourself too highly?"

Hongyue's words were like blades piercing into Yun Xia's heart... That was right. Did she think of herself too highly? What identity was she to make the enemies attack him?...

Chapter 1068 The Change In The Western Continent

Yun Xia went silent for a long time. She had thought it through and raised her head to look at Hongyue. "Thank you for enlightening me. I fully understand now."

Before Hongyue could say anything, Yun Xia said further. "However, I decided to stay here. Firstly, it is to attract the attention of his enemies, and secondly, I won't be any help if I go with him. With Princess Hongyue by his side, his safety is pretty much guaranteed."

Hongyue frowned slightly and said. "You can see my current appearance. I am nothing but a mere residual soul."

Yun Xia shook her head slightly. "Wait until he returns from the Eastern Continent, and we will talk this out."

Hongyue took a deep look at her and said. "Alright."

She waved her hand, and a pile of bones of the Forsaken God Tribe's man appeared before her. "Help him refine an armor."

Yun Xia's pupils shrank when she saw the bones. She could recognize their identity right away.

Hongyue explained. "Who would have thought that he actually appeared in this world and was discovered by Lintian? Fate is really interesting, right?"

Yun Xia took a deep breath and said solemnly. "Leave it to me."

Hongyue nodded, and her figure blurred and disappeared from the place.

Yun Lintian put away the Gate of Beyond Heaven and said. "Then I will leave the villagers here with you, grandma. With you here, I don't have to worry about their safety."

Yun Xia nodded and said. "I will cover you when you leave. They won't be able to detect your presence."

"Alright." Yun Lintian responded and returned to the hut.

The Western Continent that once was a paradise for profound beasts had long been engulfed by the darkness of Abyssal Energy. All the profound beasts, from the lowest to the mightiest, even the powerful beasts from the Nine Profound Beast Palace, went into a complete and utter frenzy.

Killing and fighting could be seen everywhere. Malicious energy and earth-shaking bestial roars cast a terrifying dark shadow over the entire continent. It could be said the continent had completely fallen into Poison Valley's hands.

Inside a magnificent palace of the Sky Qilin Clan, Du Yunlie, who was possessed by Jue Kong, sat on a majestic throne while looking down at a group of people below.

His sharp gaze swept over them and paused on Hongniu Wushang, the third young master of the Crimson Ox Clan.

During the war between the Western Continent and the Poison Valley, Hongniu Wushang played a significant role by attacking from the inside, causing the force of the Sky Qilin, Great Roc, Netherworld Wolf, and Purple-Winged Tiger Clan to fall quickly.

"Tell me the situation." Jue Kong said expressionlessly.

"Reporting to Master Jue. Lang Moxie and Tianqi Junlai are not giving up yet. They'd rather die than submit to you." Hongniu Wushang, who had now become the commander under Jue Kong, said respectfully.

Kneeling beside him were Lang Mo, Pei Xiewen, and Zi Jinghu. When they realized the situation, they quickly surrendered themselves to Jue Kong without hesitation in order to let their clansmen live.

However, Tianqi Junlai and Lang Moxie were different. Although the former wasn't upright, he didn't abandon his pride and was unwilling to submit to Jue Kong, no matter how hard he had been tortured.

As for Lang Moxie, since he witnessed Yun Lintian defeat Jue Kong before, his pride didn't allow him to lower his head to a loser like Jue Kong. He believed that once Yun Lintian returned to this continent, Jue Kong would certainly die for real this time.

Jue Kong's eyes turned cold as he said. "Since that's the case. Just kill them."

Hongniu Wushang hesitated and said cautiously. "Please give me more time, Master. I will definitely convince them... I know that you don't lack a powerful warrior under you. They might be stubborn, but their strength can be useful for your great plan, Master."

"That's right, Master Jue." Zi Jinghu echoed. "They can be dead soldiers for you later."

Jue Kong frowned slightly and said. "Do I need you to teach me what to do?"

As he spoke, the entire hall was enveloped by terrifying pressure, causing Hongniu Wushang and the others to break into a cold sweat.

"Please calm down. We didn't mean to teach you what to do, Master. We just see that they are, after all, Divine Ascending Tribulation Realm powerhouses. It would be a pity for them to die pointlessly." Hongniu Wushang hurriedly said.

Seeing that Jue Kong was saying nothing, Hongniu Wushang said further. "The enemy we are about to face is the entire world. I don't know how many experts are under Master, but I know the enemy's number. Even though many of them had left along with Longevity Monarch, there are more than forty such a powerhouse out there."

He took a deep breath and said with a serious expression. "With Tianqi Junlai and Lang Moxie taking the lead, all the clansmen under them will definitely follow obediently."

Lang Mo quickly added. "Yes, Master Jue. I have to admit that I am incompetent compared to my father. My clansmen don't listen to me at all. They'd rather die with my father."

Jue Kong said after a short moment of silence. "I will give you half a year. If they are still stubborn, just kill them."

"Thank you, Master." Hongniu Wushang and the others quickly said.

Jue Kong was about to say something further, but he suddenly received a piece of news.

"Our lord is about to come out." A cold female voice resounded in his mind.

Jue Kong was surprised and responded. "How long?"

"Two years at most." The female voice echoed.

A strange light flashed through Jue Kong's eyes as he seemed to think of something. He turned to Hongniu Wushang and asked. "How's the preparation?"

Hongniu Wushang was slightly puzzled as he replied. "It will take another year to complete, Master."

"I don't care how you do it, but you must complete it within half a year. Understand?" Jue Kong said coldly.

Hongniu Wushang's expression turned unsightly, but he still replied obediently. "Yes, Master."

Jue Kong didn't care about him. He stood up and disappeared from the place, leaving Hongniu Wushang and the others to look at each other in regret... If they had known that they would fall into this situation where they were no different from slaves, they wouldn't collude with Poison Valley from the beginning.

Chapter 1069 Divine Thunder (1)

In a dark dungeon somewhere, a man dressed in ragged clothes was sitting on a cold stone floor. His messy long hair covered half of his face, and his unkempt beard could be seen. With his eyes closed, he seemed to enter a state of meditation, but one could see that he had no profound aura.

Clang!

Suddenly, a sound of an iron door rang out, along with a faint ray of sunlight shone into the dark room. A short moment of brightness revealed the rather handsome face of the man. If Yun Lintian saw this scene, he would immediately recognize the man. This person was no other than Lei Zhenxiang!

A few months ago, Lei Zhenxiang returned to the Divine Thunder Palace after sending Yun Lintian to the Western Continent and dealing with the Black Jade Island incident. When he took a step into the palace, he was immediately captured by his uncle, Lei Yubai.

Naturally, he tried to struggle, but it was useless as his close relatives were in Lei Yubai's hands. At that moment, he realized many elders who often showed affection and loyalty to him had already betrayed him.

In fact, it wasn't that he wasn't aware of this, but the betrayal of his brother-in-law, Luo Xiaojian, took him off-guard. He didn't expect the brother-in-law, who had never shown his ambition since he entered the Divine Thunder Palace, to actually collude with Lei Yubai a long time ago.

Since then, Lei Zhenxiang's profound strength was sealed, and he was thrown into this dungeon.

"It's been a while, brothers-in-law. How do you feel living here? It must be very uncomfortable, right?" A handsome young man clad in a spotless white robe walked into the room and said with a faint smile. A

trace of contempt could be seen in that smile. This person was Luo Xiaojian, the husband of Lei Zhenxiang's older sister and Lei Jun's father.

Lei Zhenxiang didn't reply. He continued to meditate without caring for the newcomer.

However, Lou Xiaojian wasn't angry. He glanced around the dirty room and chuckled. "You know why I come here today... Seriously, you should give up and hand the Divine Thunder to my son already. Well, he's your nephew, after all. What's wrong with him inheriting your position earlier than the schedule?"

Lei Zhenxiang still had no reaction.

Lou Xiaojian waved his hand to pat some dust out of an iron bed and sat on it with disgust before saying. "Also, I have a piece of good news to tell you...."

He smiled brightly while staring at Lei Zhenxiang's face. "We have already captured your Little Sister Feifei...."

Hearing his sister's name, Lei Zhenxiang abruptly opened his eyes. A golden lightning spark could be seen in the depth of his eyes. It represented the anger in his heart.

He turned to look at Lou Xiaojian and said coldly. "I have told you before that you shouldn't have touched her."

"So what? What are you going to do, huh?" Lou Xiaojian smiled mockingly. "Do you think you are still the palace master right now?... Honestly, you should blame yourself for this. If you aren't stubborn and give us the Divine Thunder, we won't bother to care about that rebellious girl."

He leaned forward slightly and looked straight into Lei Zhenxiang's eyes. "How is it? Do you want to continue?... Don't forget that she is technically not a member of the Divine Thunder Palace anymore. I cannot guarantee what they are going to do to her... Hehe. A younger sister of the former Divine Thunder Palace Master. I must say this title alone already gives excitement. Let alone those vigorous men."

Lei Zhenxiang's eyes flashed with boundless killing intent. He opened his mouth and said word by word coldly. "If she loses a single of her hair, I will make sure that all of you will die horribly... You know I am a man of my word."

Lou Xiaojian subconsciously leaned back out of fear. Although Lei Zhenxiang had no profound strength, his aura was still there. And Lou Xiaojian knew how ruthless this brother-in-law of his was, even though he looked harmless and upright.

Lou Xiaojian suppressed the fear in his heart and sneered. "Hehe. You will find out later."

He quickly stood up and prepared to leave. Before leaving, he turned around and said. "I really want to know how she would feel when she knows that her brother that keeps saying he loves her, chooses to be stubborn further, disregarding her life and death... Ah, it must be a wonderful sight to see."

After that, he turned around and left with laughter.

His laughter echoed in Lei Zhenxiang's mind, and a trace of hesitation began to appear in his eyes. He had no way to confirm whether Lei Feifei had been captured by them for real, but it was highly possible. After all, as a palace master, he knew it wasn't difficult for the Divine Thunder Palace to search for someone. Especially Lei Feifei, who had practiced the Divine Thunder Art before.

He closed his eyes for a long time and muttered to himself. "I'm sorry, Feifei. I am really useless..."

Buzz—

All of a sudden, golden lightning sparks exploded within Lei Zhenxiang's consciousness. His entire body was instantly shrouded with golden flashes of lightning, and the seal within his body was immediately shattered.

Lei Zhenxiang had no idea what was going on, but after a few breathing times, his profound strength gradually returned to his peak.

Upon returning to his sense, he quickly looked into a small golden lightning sphere floating in his soul. This was the true inheritance of the Divine Thunder Palace, the Divine Thunder Spark.

Lei Zhenxiang was born with a powerful physique called Divine Thunder Physique, which was written in ancient records. This physique allowed him to resonate with the Divine Thunder Spark since he was young, and because of this, he was placed in a true successor position from then on.

Naturally, some people were jealous of him. Lei Yubai was one of them. He felt it was unfair and tried to oppose the previous palace master's decision countless times, but it was futile in the end.

Nevertheless, he didn't give up and waited until the previous palace master went to seclusion before starting the current plan of stripping the Divine Thunder Spark and Divine Thunder Physique from Lei Zhenxiang...

Chapter 1070 Divine Thunder (2)

"How is it?" In a magnificent hall, an old man clad in a golden robe asked upon seeing Lou Xiaojian walking over.

Although his appearance was no different from people of his age, his temperament was on another level. He looked like a majestic emperor with absolute authority in his hand. He sat on the highest seat, indicating how high his status was.

"Reporting to Palace Master. He's stubborn as usual." Lou Xiaojian said respectfully. The old man in front of him was Lei Zhenxiang's third uncle, Lei Yubai, who was the mastermind behind the scene.

The old man, Lei Yubai, didn't feel anything strange. After all, he had seen Lei Zhenxiang growing up and became familiar with the latter's temperament.

Lou Xiaojian briefly glanced at a beautiful woman sitting in the distance and said. "Maybe we can let her convince him."

The woman's originally cold face had become colder when she heard this. If Lei Zhenxiang was here, he would immediately realize that his sister had been indeed captured by Lei Yubai. She was no other than Lei Feifei.

"I have seen your true nature a long time ago. Too bad my sister was too blind by your flowery words." Lei Feifei said coldly. "Let me guess. Her death is related to you, right?"

Lou Xiaojian's face changed slightly as he said angrily. "Don't slander me. I admit that I am not a good person, but I truly love your sister. There's no way I will let her down."

Lei Feifei suddenly burst into ridiculous laughter. "There's no way? Hahaha! A person who often eats something behind her back like you actually dares to say this? Do you really think we don't know it? Oh, come on! Do you want me to say all the names out here?"

Lou Xiaojian's face turned red in anger, and he was about to retort but was stopped by Lei Yubai first.

"That's enough." Lei Yubai said calmly. He turned to Lei Feifei. "You should know your current situation well. If you want to save Lei Jin and your friend's life, I advise you to say less and find a way to convince your brother to hand the Divine Thunder over."

Lei Feifei sneered when she heard this. She stared at Lei Yubai fearlessly. "It's useless to threaten me. He isn't someone who looks at his family first before the palace's matter. You know this as well... Even if you killed me, he would never hand it over... Hehe. I must say you are foolish to actually listen to this idiot."

"You!" Lou Xiaojian was so furious. He took a deep breath and turned to Lei Yubai. "I have an idea, Palace Master. Send her to satisfy our people. I don't believe Lei Zhenxiang can still ignore this."

Lei Feifei's pupils shrank slightly upon hearing this, but she didn't say a word.

Meanwhile, Lei Yubai frowned and looked at Lou Xiaojian with a trace of disgust in his eyes. "Didn't I tell you before? Even though she's not on our side, she is still a member of the Divine Thunder Palace and my niece. Do you think I will commit such a disgraceful act?"

As he spoke, his aura spread out and pressed on Lou Xiaojian, causing the latter to shudder in fright.

"I'm sorry, Palace Master. I was carried away by anger." Lou Xiaojian hurriedly said.

Lei Yubai snorted coldly and turned to Lei Feifei. "I'll give you a chance. If you can convince him, I will not only release your friend and Lei Jin but also give you the resources you deserve. You can continue your Black Wing group at ease. I will not intervene with your matter again... You know that I am a man of my word."

Lei Feifei glanced at him and said. "You better be."

She turned to Lou Xiaojian and said coldly. "Bring me to see him."

Lei Yubai took a deep look at her and warned. "You know the consequence of playing tricks in front of me."

Lei Feifei sneered when she heard this but said nothing further. She stood up and followed Lou Xiaojian to the dungeon where Lei Zhenxiang was locked up.

At this moment, the golden lightning sparks around Lei Zhenxiang had long disappeared, and his aura gradually calmed down.

The first thing he did was to hide his aura with the Divine Thunder Spark's help and think about how to get out of the current situation.

Just as he was thinking, the door suddenly opened, and Lou Xiaojian and Lei Feifei walked into the room.

The appearance of his little sister surprised Lei Zhenxiang slightly. It turned out she was indeed captured by Lei Yubai.

"Hurry up and f*ck off!" Lei Feifei merely glanced at Lou Xiaojian and said coldly, causing the latter's face to turn red in anger again.

However, Lou Xiaojian didn't say anything. He glared at her viciously and left the room.

Lei Zhenxiang and Lei Feifei looked at each other for a while before he said. "I'm sorry. I have implicated you and your friends."

Lei Feifei sat on the iron bed and crossed her arms before her chest while responding. "What's the point in saying this now?" She curled her lips and said. "Why don't you think of a way?"

Lei Zhenxiang went silent for a moment and asked. "Where did they lock Uncle Jin and your friends?"

"Hmm?" Lei Feifei's brows raised slightly. She stared at her brother for a while and seemed to think of something. "Could it be you...?"

"Give me your hand." Lei Zhenxiang said and grabbed her hand.

Immediately, Lei Feifei could see a lightning current appear in her body and went straight into her Origin Core. In the next moment, the seal in her Origin Core was broken and her profound strength gradually returned to her.

Lei Feifei looked at her brother in surprise. "Divine Thunder Spark?"

Lei Zhenxiang nodded. "I will attract their attention, and you go to Uncle Jin. Leave this place at once, and do not turn back no matter what happens."

A cold glint flashed through his eyes as he said further. "Now, call Lou Xiaojian over."
