

## Myth Beyond 1071

### Chapter 1071 Divine Thunder (3)

Lou Xiaojian didn't go too far after leaving the dungeon. He found a place to sit down and thought of how to deal with Lei Feifei later.

A moment later, he suddenly heard Lei Feifei call him and said Lei Zhenxiang had already made a decision to hand over the Divine Thunder Spark.

Driving by ecstasy, he quickly walked toward the room without notifying Lei Yubai.

Buzz—

The moment he opened the door, he was instantly greeted by a flash of golden lightning. With a bang, he was sent flying before could react, and Lei Zhenxiang's figure immediately appeared beside him.

In that instant, Lou Xiaojian was completely suppressed by Lei Zhenxiang and had his profound strength sealed.

When Lou Xiaojian returned to his sense, he looked at Lei Zhenxiang in horror. "You...!?"

"What you, brother-in-law? Why are you so rude?" Lei Feifei walked out of the room and said with a smile.

"You two... How?" Lou Xiaojian had never expected the two could break the seals themselves. How was it possible?

Lei Zhenxiang grabbed Lou Xiaojian's neck and said to his sister. "Go."

Lei Feifei took a deep look at her brother and said. "Take care."

Lei Zhenxiang smiled. "Live well."

Lei Feifei's body trembled slightly before she quickly rushed out of the dungeon and headed toward where Lei Jin and her friends were locked up.

"You will definitely regret this." Lou Xiaojian glared at Lei Zhenxiang coldly and said in difficulty.

Lei Zhenxiang didn't waste his salivas with this unworthy person further. He dragged him away and headed to the main hall.

At this moment, Lei Yubai and the other elders were discussing the world's situation. Suddenly, the door was opened with a bang, and Lei Zhenxiang walked into the hall with Lou Xiaojian in his hand.

This scene startled everyone for a moment.

Lei Yubai's eyes narrowed slightly as he looked up and down at Lei Zhenxiang. "The Divine Thunder?"

The only possibility that Lei Zhenxiang could break the seal was with the help of the Divine Thunder Spark. Thinking of this, Lei Yubai was delighted inwardly. This proved that the Divine Thunder Spark was with Lei Zhenxiang.

"I have told you before that you shouldn't touch Feifei." Lei Zhenxiang said expressionlessly, but one could see the raging flame in his eyes. Lei Yubai had touched his bottom line this time.

Lei Yubai secretly sent a signal to the elders nearby while saying. "What's wrong with that? She is, after all, a member of our palace. She is directly involved in this matter."

As his voice fell, the four elders nearby immediately formed a formation and charged at Lei Zhenxiang.

However, before they could reach him, a terrifying flash of lightning bolts immediately shot out of Lei Zhenxiang's body, painting the whole space into a sea of golden brilliance.

The four elders were directly blown away by the abrupt burst of power. It was an overwhelming force that they had no way of resisting it.

Lou Xiaojun, who was standing closest to Lei Zhenxiang, went pale directly. He could feel how powerful this brother-in-law was right now.

"Brother-in-law, we... we can talk this out..." He struggled to say with fear.

Lei Zhenxiang glanced at him and said coldly. "Brother-in-law? Are you worthy of it?"

As he spoke, another round of golden lightning burst exploded out. Massive lightning energy immediately drilled into Lou Xiaojian's body and wantonly ravaged everything inside.

"No..NO! Third Uncle, save me!" Lou Xiaojian shouted in terror as his skin wriggled strangely as if countless worms were underneath it.

"Stop!" Lei Yubai slapped the armrest, and his aura burst out, directly swallowing Lei Zhenxiang's entire being.

However, he had underestimated Lei Zhenxiang's determination to kill. Under the terrifying pressure, Lei Zhenxiang didn't seem to care about it and inserted more strength into Lou Xiaojian's body.

The next moment, everything inside Lou Xiaojian's body, internal organs, blood, bones, and muscles, was all reduced to ashes.

To his death, Lou Xiaojian was still looking at his brother-in-law in terror...

Lei Zhenxiang threw Lou Xiaojian's lifeless body toward Lei Yubai and said nothing.

Lei Yubai was angry as he glanced at the charcoal body on the ground. Although Lou Xiaojian was useless, he was Lei Jun's biological father, after all. His death could possibly affect Lei Jun's growth, just like when his mother died.

"Lei Zhenxiang! You evil creature! You actually dared to kill your brother-in-law." Lei Yubai bellowed. "Come out, Thunder Guards! Capture him!"

Swoosh!

Several figures appeared in the hall and surrounded Lei Zhenxiang. The leader of the group was no other than Lei Zhu.

Lei Zhu looked at Lei Zhenxiang and said calmly. "Please stop."

Lei Zhenxiang glanced at his former trusted aide and said plainly. "Do you remember what you said in front of my father back then?"

Lei Zhu's eyes narrowed slightly as he replied. "I am loyal to the Divine Thunder Palace."

"Then you should know that I am the rightful successor and the bearer of the Divine Thunder Spark." Lei Zhenxiang said in a deep voice.

"It doesn't matter. Whoever makes the palace thrive, I will support him." Lei Zhu responded emotionlessly.

Lei Zhenxiang suddenly laughed and pointed at Lei Yubai. "You mean him? Do you really think he can make the Divine Thunder Palace better? Don't you know that he's nothing but Weilan Jian's boot licker? Is this what you want? Becoming Weilan Jian's lackeys?"

Lei Yubai's face became ashen. He quickly shouted. "What are you doing? Take him down already!"

Lei Zhu took a deep look at Lei Zhenxiang and said. "Then I have to offend you."

Boom!

In that instant, Lei Zhenxiang was completely surrounded by a massive lightning net formed by the Thunder Guards. No matter how high Lei Zhenxiang's power was, it was impossible to break out of this net.

Unfortunately, they didn't know Lei Zhenxiang wasn't the same person as before. Even though his profound realm was still at the peak of the Monarch Profound Realm, his profound strength had improved drastically with the help of the Divine Thunder Spark.

How could a mere lightning net suppress him?

Just as he was about to make a move, Lei Feifei suddenly appeared in the hall with Lei Jin and the Black Wing group's elders led by Qin Wuji.

"You?... Why did you come here?" Lei Zhenxiang looked at Lei Feifei with a frown.

"How could I miss such a lively scene?" Lei Feifei curled her lips.

Chapter 1072 Divine Thunder (4)

Lei Zhenxiang took a deep breath and looked at Lei Jin. "Bring her away, Uncle Jin.":

Lei Jin smiled wryly and said. "Please forgive me, Palace Master. I cannot convince her."

"Cut the crap. Let's fight." Lei Feifei ignored her brother and released her aura.

The same went for Qin Wuji and the others behind her. They didn't hesitate to launch attacks on the Thunder Guards at full force.

Lei Yubai's face darkened several degrees. He had never thought these small flies would cause a problem to him like this. Everything should be wrapped in his palm, but it was getting out of control now.

"These people are traitors. Kill them all." He said coldly.

His words caused hesitation among the elders. It was fine to lock Lei Zhenxiang and Lei Feifei up, but killing was something they didn't dare. In any case, the two of them were descendants of the previous palace master.

Lei Yubai's cold gaze swept upon them, and his voice echoed. "Are you going to rebel too?"

The elders shuddered upon hearing this. The hesitation in their hearts vanished instantly, and they began to respond to the incoming attacks.

Instantly, the hall was filled with intense battles while Lei Zhenxiang, facing Lei Zhu and Lei Feifei's group, were battling the elders.

Both sides seemed equal in power, but soon Lei Zhenxiang's side began to get suppressed as their number was lower.

Seeing this, Lei Zhenxiang's expression turned colder. Because all his artifacts had been stripped away, he could only use bare hands to fight, which put him at a disadvantage.

His eyes flashed with golden lightning sparks, and his aura rose sharply. A terrifying burst of lightning energy instantly filled the entire hall, causing all the opponents to back off and turn their attention to him.

Lei Zhenxiang's face became resolute. He had made up his mind to kill.

Rumble—

The sky above the Divine Thunder Palace's territory darkened and filled with thunder roarings. The phenomenon aroused the curiosity of everyone nearby. Without a doubt, something big was happening inside.

"Open the barrier!" Lei Yubai didn't dare to be careless when he saw this scene.

Immediately, the entire palace was covered with the strongest protective barrier.

"When I make a strike, bring her away immediately." Lei Zhenxiang sent a sound transmission to Lei Jin, and the latter responded with a nod.

Without thinking further, Lei Zhenxiang poured every ounce of his profound energy into this attack.

The Divine Thunder Spark glowed brightly within his soul, and he could feel as though the barrier between the Monarch Profound Realm and the Divine Ascending Tribulation Realm had grown thinner.

At the same time, his profound strength soared rapidly, surpassing any early level of the Divine Ascending Tribulation Realm expert.

Lei Zhu's expression changed drastically. As a veteran, he naturally knew that his strength was sufficient to deal with Lei Zhenxiang now.

Without hesitation, he sent a sound transmission to Lei Yubai. "Palace Master, you have to take action now."

Lei Yubai's eyes flashed with a cold glint. He stood up from his seat, and his aura, which resembled a colossus tsunami, spread out and covered the entire battlefield.

Instantly, Lei Feifei's group, which was initially weaker, was even more suppressed. They quickly formed a formation to protect Lei Feifei, but it wasn't enough.

"Miss, you have to leave now!" Lei Jin said solemnly.

"No. I will be with him." Lei Feifei was determined to live and die with her brother. She turned to Qin Wuji and the others. "All of you should leave now."

Lei Jin went silent for a moment and glanced at Qin Wujin and the other elders. The latter seemed to understand something.

"Kill!" Lei Zhenxiang shouted loudly, turning the entire space into a sea of thunderstorms.

Boom! Boom! Boom! Boom!

Lei Zhu and the Thunder Guards were directly blown away by the mighty thunderstorms. They were severely injured and without further strength to continue. Some of them were unfortunate and died instantly.

Seeing this scene, the Divine Thunder Palace's elders were shocked and quickly retreated with all their might.

"Hmph! A bunch of trash!" Lei Yubai's snorted coldly.

His pupils glowed with golden lights, and a golden profound formation projected behind his back. He clenched his fist, and everything inside the hall seemed to conform to his power. Everything started to turn from golden to light blue, then light blue to deep violet.

A terrible chill and terror invaded the souls of everyone presented. Everyone's gaze was uncontrollably attracted to the violet lightning behind Lei Yubai.

Lei Zhenxiang's pupils were dyed a deep violet color. He naturally knew what Lei Yubai was going to do next. The move the latter used was called 'Divine Thunder Annihilation.' It was one of the highest techniques within the Divine Thunder Art.

"Die!" Lei Yubai uttered coldly, and the massive violet thunders behind him immediately swarmed toward Lei Zhenxiang's group.

Lei Zhenxiang's face turned solemn. When he was about to borrow the power of the Divine Thunder Spark, Lei Jin suddenly flashed to the front, and his aura rose rapidly. Evidently, he was going to detonate his profound vein.

Lei Zhenxiang and Lei Feifei were shocked. Before they could react, Qin Wuji and the other elders had already grabbed them and rushed out with everything they had.

"No! Uncle Jin!" Lei Feifei cried anxiously, but she couldn't get rid of Qin Wujin's hands. All she could do was watch Lei Jin's body grow golden.

"Get out!" Lei Zhenxiang roared furiously.

Jian Mu gritted his teeth, enduring Lei Zhenxiang's power, and said. "Please leave, Palace Master Lei. Don't let Uncle Jin's sacrifice go in vain!"

As he spoke, he exerted more strength and brought Lei Zhenxiang away.

"Look at the situation, Palace Master Lei. You should understand the situation better than us that other elders are hiding around the place." Gong Yanhong said loudly while releasing her power to suppress Lei Feifei and Lei Zhenxiang.

Lei Zhenxiang immediately stopped releasing his power. He was, of course, aware of this point.

His eyes fixated on Lei Jin, and he fell into silence.

At this moment, Lei Jin turned around and looked at Lei Feifei and Lei Zhenxiang with a kind smile. "Take care, Miss."

**BOOM!**

His voice resounded in the two's minds as his body exploded, creating a golden tide to swallow the violet thunderstorms.

"UNCLE JIN!!" Lei Feifei roared desperately, and tears began to flow out of her eyes as she moved farther and farther away from the scene.

Chapter 1073 Divine Thunder (5)

BOOM!

The golden tide produced by Lei Jin put up a full ten seconds of resistance toward the violet thunderstorms before gradually disappearing.

When everything calmed down, Lei Yubai's Spiritual Sense spread out, and he discovered that Lei Zhenxiang's group had already vanished from the Divine Thunder Palace's territory.

"Trash!" Lei Yubai glared at Lei Zhu and the others before sitting back in his seat.

He took a deep breath to suppress his anger and turned to the group of elders. "Send our people out, trying to suppress the news as much as possible. Also, keep an eye on those port cities. They will certainly leave the Central Continent."

"Understood." The elders said in unison and quickly dispatched people.

Lei Yubai turned to Lei Zhu and asked coldly. "Did you purposely let him go?"

During the battle between Lei Zhu and Lei Zhenxiang, Lei Yubai could see that Lei Zhu didn't go all out and even deliberately took some hits.

Lei Zhu stared at Lei Yubai and said nothing.

Lei Yubai let out a cold snort. "This will be the last time. Get out!"

Lei Zhu lowered his head slightly and walked out of the hall under Lei Yubai's cold gaze.

"That bastard..." Lei Yubai looked at the destructive scene in front of him and cursed in a low voice. Lei Jin was an important figure during the previous palace master's era.

\*\*\*

Somewhere deep in a forest several thousands of kilometers away from the Divine Thunder Palace's territory, Lei Zhenxiang's group stood silently while looking in the Divine Thunder Palace's direction.

Lei Feifei's eyes reddened from crying. Lei Jin had been with her since she was young. To her, he was like a father figure. Whenever she encountered a problem or secretly cried, he would always be there for her... But now, there was no more.

"Leader, you can blame me all you want, but we must leave here first." Qin Wuji broke the silence. A trace of sorrow could be seen in his eyes.

The moment he received a signal from Lei Jin, his heart shook violently, but he knew this was the only way for everyone to get out of such a dangerous situation. Otherwise, everyone would have been buried under Lei Yubai's mighty power.

"Bastard! Who let you bring me away!?" Lei Feifei raised her hand and slapped Qin Wuji's face. "Give Uncle Jin back to me!"

Lei Zhenxiang stepped forward and stopped Lei Feifei's hand. "I'm sorry. You should blame me instead of him."

He stared straight into her eyes and said. "All of you have been implicated by me... I am too weak. Had I become stronger, everything wouldn't happen."

Lei Feifei stared at her brother with tearful eyes. As much as she hated him, she didn't say anything in the end. After all, it was her choice to go back instead of fleeing, as he suggested.

Seeing that she had calmed down, Lei Zhenxiang turned to Qin Wuji and said apologetically. "I apologize to you on her behalf. She didn't mean it."

Qin Wuji shook his head slightly. "This is what I am deserved. It should be me instead of Senior Jin."

Lei Zhenxiang sighed and said. "There's no point in blaming ourselves further. Let's leave first."

"Where are we going?" Gong Yanhong asked. "I believe they have already placed their people in every port city."

"Why don't we go to the Northern Continent? I heard that Palace Master Lei has a good relationship with Palace Master Han." Jian Mu, who was stuffing a healing pill into his mouth, said.

Everyone looked at Lei Zhenxiang, waiting for his decision.

Lei Zhenxiang frowned slightly and asked. "How's the situation over there? Has the Poison Valley succeeded?"

Jian Mu quickly replied. "No. There was an expert named Yun Lintian appeared and turned the tide by himself. The rumors said that he had severely injured the Northern Endless Sea Lord and drove him back to the Endless Sea. However, Palace Master Han seemed to lose her power after using a forbidden technique."

Lei Zhenxiang's pupils shrank as he hurriedly asked. "How's she now?"

Jian Mu shook his head. "We have no idea, but she should be fine."

Lei Zhenxiang nodded slightly and frowned. "Yun Lintian...?"

Jian Mu thought of something and said. "Right. I heard that this Senior Yun is actually a young man in his twenties."

"A young man?" Lei Zhenxiang was surprised.

Jian Mu nodded. "Yeah. It's impossible, right? How could a young man in his twenties possess such a high power? Maybe he's an old monster who maintains his appearance well."

Suddenly, Lei Zhenxiang thought of Mu Chen, whom he had recognized as his younger brother. When he sent him to the Western Continent, he had left his people to protect him in secret, but it turned out that he was overthinking. This Mu Chen's strength was beyond his expectation.

Later, he got the news that Du Huanfeng was looking for Mu Chen, but he was caught by Lei Yubai first before getting more information.

According to his investigation, this Mu Chen came from the Northern Continent, and his name was likely to be a fake name... He didn't know why he suddenly thought of him when he heard the name 'Yun Lintian.' Perhaps he subconsciously thought they were the same person as both of them were young and possessed an abnormally high strength.

Unfortunately, Lei Zhenxiang had lost his belongings. He could not contact Han Bingling right now.

A moment later, he shook his head and said. "We cannot go there. Lei Yubai must have guessed about it, and I don't want to bring trouble for her."

"We should go to the Eastern Continent." He said further. "There's a place called Boundless Desert. That place is suitable for us to hide for a long time. Moreover, a lot of heavenly resources could be found there."

Qing Wuji echoed. "That's really a good place."

He originated from the Eastern Continent and naturally knew about this place. He had even been there once.

Seeing that no one had an objection, Lei Zhenxiang and the others prepared to move.

Suddenly, Lei Feifei knelt on the ground and kowtowed toward the Divine Thunder Palace. "Uncle Jin, I will leave first, but you don't have to worry. I will definitely come back and make them pay the price."

Chapter 1074 Leaving

"We're leaving." Standing beside the Heavenly Cloud Profound Skyship, Yun Lintian said to Yun Xia and the villagers who came to send him away.

"Stay safe." Yun Xia said with a smile. Since she had 'unlocked,' she was smiling more often than before, and her temperament had undergone a slight transformation. Instead of having a gloomy atmosphere around her all the time, she was easier to approach.

"Big Brother Yun, please come back quickly." On the side, Yun Niu said with red eyes. She couldn't bear to part with him.

Yun Lintian smiled and rubbed her head gently. "Be good and listen to your grandma, alright? I will be back before you know it."

"Mhm." Yun Niu nodded determinedly.

"Let's go." After exchanging a few more words with everyone, Yun Lintian immediately boarded the ship with Yun Qianxue and the others before taking off.

Yun Xia waved her hand gently, concealing the entire mountain and skyship with her power. No one would be able to discover the change in this place.

Looking at the skyship flying away and disappearing from her sight, Yun Xia turned to look at Yun Niu and said. "You don't have to worry. There won't be anything happening to him."

"Really?" Yun Niu was surprised. The worries on her face had disappeared by half.

"Of course." Yun Xia rubbed her granddaughter's head and said. "He's destined to stand on top of the world. How could a mere ant cause trouble to him?"

"Mhm!" Yun Niu broke into a smile. "Let's go, grandma. I want to learn the medical arts Big Brother Yun gave me."

"Sure." Yun Xia smiled and walked to the village with everyone.

"Serene Bamboo? Heavenly Sandalwood? Boy! You are surely extravagant." On the skyship, Master Bai looked around the interior in surprise. Although he had seen a place with more luxurious decorations before, it couldn't prevent him from being amazed by how rich Yun Lintian was.

Yun Lintian chuckled and turned to Yun Lingwei, who drove the skyship over from the Northern Continent. "How's the situation over there?"

"As you have expected. They did send a few experts over but were suppressed and enslaved by Senior Long." Yun Lingwei replied. "Seriously. How did you make friends with such an expert? I heard that there are other experts on a similar level as his in the Long Clan. Is it true?"

Yun Lintian patiently explained how he became an ally with the Long Clan, including everything that happened afterward.

Yun Lingwei was angry when she heard about how those enemies bullied Yun Lintian. "Those bastards!"

Yun Lintian smiled and said. "It's okay. We will get back to them later."

He paused for a moment and said further. "I believe they will continue to send people over. There are many experts hiding around the world, but I am not sure how many of them take Xing Tengfei and Weilan Jian's command... However, with Qingxuan there, it shouldn't be a problem."

Yun Lingwei suddenly thought of something and said. "Senior Qingxuan has already left."

"What?" Yun Lintian was stunned. "Where did she go?"

"She went to check on the ruin called Golden Mountain after talking with Senior Long." Yun Lingwei replied.

Yun Lintian was surprised. "Why did she go there?"

"It should be related to the golden dragon bloodline. I heard from Sister Ruanyu that Senior Long's ancestor found the bloodline in the Golden Mountain, and Senior Qingxuan was interested in it." Yun Lingwei explained.

"Oh?" Yun Lintian frowned slightly and said nothing further.

"With Ancestor there, everything should be fine." Han Bingling said softly when she saw his worried expression.

Yun Lintian said. "I'm not worried about the Northern Continent, but rather Qingxuan's identity."

"Her identity?" Han Bingling was confused.

Yun Lintian took a deep breath and explained. "From my speculation, her real name should be Long Qingxuan, a princess of the Primordial Azure Dragon God Clan."

"What!?" It was not just Han Bingling and the others who were surprised by this, but also Master Bai.

"Boy, is she really...?" Master Bai trembled, and a look of fear could be seen in the depth of his eyes. Obviously, he had some bad experiences with Long Qingxuan in the past.

Yun Lintian nodded and said. "When I heard about the Primordial Azure Dragon God Clan's princess from you, I immediately thought of her. She now has amnesia, and her strength is beyond doubt. It could also explain the origin of the Azure Palace's Azure Dragon Bloodline. She must have gotten injured and somehow dropped her blood."

Master Bai's face became paler as he hurriedly said. "Boy, take me back to the immortal mountain. I don't want to go out anymore. Hurry up!"

Yun Lintian looked at Master Bai strangely. "Why?"

"Don't ask! Hurry up!" Master Bai flapped his wings anxiously. If it wasn't because his strength was too low, he would have flown back by himself already.

"Calm down." Yun Lintian grabbed Master Bai's leg and pulled him down. "Did you offend her in the past?"

Master Bai was scared. "I didn't offend her, but she said she wanted to eat BBQ chicken wings whenever she saw me."

"Pfft!" Han Bingling and the others burst into laughter upon hearing this.

Yun Lintian touched Master Bai's wings a few times and nodded in agreement. "Well, she's right. Your wings must be very delicious."

"F\*ck!" Master Bai was frightened and struggled to get out of his grip.

Yun Lintian laughed and said. "Calm down. It's a joke."

He said further after a slight pause. "Besides, she has amnesia right now. I don't think she can remember you."

Master Bai stopped struggling and said. "You're right... Anyway, don't let her see me."

Yun Lintian's lips twitched slightly. Even if Master Bai wanted to hide from her, he didn't think he could escape Qingxuan's powerful Spiritual Sense.

"Headmaster, there's a situation below." Suddenly, a young Misty Cloud Sect disciple walked into the hall and said.

"Oh?" Yun Lintian was surprised, and everyone quickly went to the deck.

At this moment, the Endless Sea, which was normally glowing blue by the sunlight, had now become jet-black. It was as if someone had poured tons of black ink into it.

"Poison Valley again?" Han Bingling said with her brows knitted.

Chapter 1075 Dark Crystal

Han Bingling was familiar with such a scene as she had seen it countless times during the Northern Continent's invasion. Undoubtedly, it was Poison Valley's move.

"They are aiming at the Eastern Continent this time?" Han Bingling said in doubt.

Yun Qianxue stared at the black sea for a while and shook her head. "More like they are preparing to do a full invasion on every continent."

Yun Lingwei nodded in agreement. "I have seen a few of such a scene on the Northern Endless Sea region, but it's not as bad as this one."

"I'll take a look first." As Yun Lintian said, he jumped out of the skyship and plunged into the sea with Linlin.

Yun Lintian wrapped himself with a profound energy shield and opened the Eyes of Heaven to scan the surrounding. Except for Abyssal Energy, nothing appeared in his vision.

After diving for another two kilometers, Yun Lintian immediately saw a bunch of sea beasts fighting each other violently. They were clearly driven by Abyssal Energy.

Roar—

Upon they noticed Yun Lintian, they immediately stopped and swarmed toward him frantically.

Yun Lintian casually threw a few lightning bolts to kill them off and continued to dive deeper.

Ten minutes later, Yun Lintian finally reached the bottom of the sea. The place was pitch-dark, and there were a few Ruler Profound Beasts nearby.

"Over there, Big Brother Yun." Linlin pointed her paw at the path ahead, where the concentration of Abyssal Energy was the highest.

Without thinking further, Yun Lintian charged in that direction while killing the profound beasts from time to time.

"What is this?" Soon, Yun Lintian arrived at a place that seemed to be a huge crater. At the center, there was a giant black crystal that stood tall.

Under the Eyes of Heaven, he could see a large portion of Abyssal Energy pumping out of it. It was large enough to dye half of the sea within a few days.

"Low-grade Dark Crystal." Hongyue's voice resounded in his mind. "It's a crystal that contains dark elements similar to fire, water, and other elemental crystals. No wonder those so-called Poison Valley can continue to nurture new beasts."

"I see." Yun Lintian immediately understood. "But they didn't care about it at all?"

He looked around in doubt as he didn't see anyone guarding this place.

"It's below you," Hongyue said casually.

Roar—

As her voice fell, a deafening dragon's cry abruptly echoed throughout the entire space. The seabed underneath Yun Lintian shook violently, and a gigantic dragon-like emerged out of it.

Yun Lintian quickly activated the Shadow Step to retreat into the distance and took a good look at the enemy.

"Flood dragon?" Yun Lintian was surprised to see another flood dragon here after Yin Bei. "Oh? It's not fully matured yet."

The flood dragon in front of him was only at the early level of the Monarch Profound Realm, and it seemed it had just broken through recently.

"Kill! Kill!" The flood dragon roared madly as its eyes were fixated on Yun Lintian as if he was looking at the best delicacy in the world.

"Leave it to me, Big Brother Yun." Linlin jumped out of Yun Lintian's shoulder and transformed into her true form.

With a burst of lightning energy, the original pitch-dark space was filled with a sea of golden lightning. Several profound beasts nearby were instantly fried into ashes, and the flood dragon was severely injured directly.

During this period, Linlin had consumed a lot of heaven and earth treasures, and her strength had already soared to the peak of the Saint Profound Realm. Unfortunately, she could not take a human form until she entered the Divine Foundation Realm. It was a unique restriction of the divine beast.

"I will kill you!" The flood dragon roared madly, producing a massive water disturbance.

"Hmph!" Linlin snorted coldly and waved her paw, creating thunder waves to cut through the incoming waves.

At the same time, her figure shot forward like lightning and arrived before the flood dragon. She then swiftly smashed the latter's head with her sharp claws.

Boom!

The flood dragon instantly lost its life to Linlin's swift and destructive attack with no way to resist.

Linlin didn't forget to take its Abyssal Beast Core, including its body, back to Yun Lintian.

"Our Linlin is so powerful." Yun Lintian praised sincerely. He had long known that a divine beast like her was entirely different from any talented beast. Still, it couldn't prevent him from being amazed by her power.

"Hehe." Linlin returned to her miniature form and landed on his shoulder while holding the Abyssal Beast Core.

"Take it." Yun Lintian said with a smile and turned his attention to the Dark Crystal.

"What can I use it for?" He asked in his mind.

"You can give it to me, My King," Lauya replied. "It will be used for cultivating some magical plants such as Twin Soul Flower and Netherworld Flower."

"I see." Yun Lintian nodded and put the Dark Crystal into his interspatial ring.

Although the source of the Abyssal Energy had disappeared, the surroundings were still deeply infected by it. Yun Lintian couldn't think of a better way to cleanse it besides using the Profound Spiritual Liquid... The problem was that he would need a lot of it. After all, it was the sea where water was everywhere.

"Actually, you can leave it like this, My King." Lauya seemed to see through Yun Lintian's thoughts. "There must be a lot of dark crystals in this region. It's impossible to cleanse all of them."

"You are right." Yun Lintian sighed softly. Perhaps it would take him a year to clean everything up by himself. He certainly could not afford to waste time here.

"Forget it. At least we got some clues." Yun Lintian gave up and rushed toward the surface.

However, he had no idea a pair of eyes was staring at his back in the darkness.

"Yun Lintian... I finally found you." A cold male voice resounded before the pair of eyes disappeared from the place.

Chapter 1076 Eastern Continent

Along the way toward the Eastern Continent, Yun Lintian met a few of the 'ghost ships' similar to the one he encountered in the Southern Endless Sea region. From the look of it, they undoubtedly originated from the same mastermind.

Yun Lintian investigated it for a long time, but he couldn't trace it back to the mastermind, even with the help of Hongyue. Unless the person showed up, he would never be able to find them.

In the end, Yun Lintian had no choice but to give up and went straight to the Eastern Continent.

The Eastern Continent was much warmer compared to the Central Continent. It was mainly because there were several volcanoes throughout the entire continent, some of which were still active.

Smoke and ashes could be seen from time to time as Yun Lintian's skyship passed. Nevertheless, the life of ordinary mortals here was surprisingly better than any place he had ever seen.

In this environment, most profound beasts were compatible with the fire element. They would be active around the volcanoes, leaving space for ordinary mortals to live peacefully.

"In the past, the Eastern Continent was considered the most peaceful continent out of all. Even our Northern Continent couldn't be compared to it." Han Bingling said while looking at the villages below.

"It was because of this did the Eastern Continent had the most number of populations. It was far exceeded to the Central Continent by miles... Unfortunately, after the previous Blazing Sun Palace Master passed away, this place has gradually been inclined to some extent."

"You mean the one before Yan Yaoting?" Yun Lintian asked.

Han Bingling nodded gently. "The previous Blazing Sun Palace Master, Yan Jingu, was the direct descendant of the Blazing Sun Palace founder, Yan Jue. He always abides by the founder's teachings by treating people equally. Ordinary people were protected by him. No practitioner forces dared to do anything on them."

"However, Yan Yaoting is different. He's the first person from a collateral line to ever reign in the palace master position. His policy and thinking are entirely different from traditional ones. He believes peace will create a weak era and only war can make people stronger."

"Since then, ordinary people started to suffer from bandits and other forces."

She looked at the peaceful villages below and said further. "These villages are probably pledged their loyalty to some powerful forces."

As her voice fell, everyone saw a group of practitioners approaching the villages, and some harsh shouts could be heard. The villagers trembled and reluctantly handed their crops and medicinal herbs to them.

Some of the relatively good-looking children were directly brought away. Cries and begging shouts resounded everywhere. It was an extremely uncomfortable scene to watch.

"Do you want to make a move?" Han Bingling asked.

Yun Lintian looked at the scene for a while and closed his eyes. "We can help them once, but not forever. Even if we eliminated these forces, another force would come in the end. The only way for them to get rid of this fate is to become stronger by themselves."

"Muxue, Muyue. Send these profound arts to them in secret." Yun Lintian said and handed a bunch of heaven-ranked profound arts and several pill bottles to Han Muyue and Han Muxue, who were called back by Han Bingling.

"Understood." The two replied and disappeared from the place.

Soon, the books and pill bottles appeared in front of the villagers, startling them for a moment. And when they took a look at them, shocked exclams could be heard everywhere. Some of them even knelt on the ground and kowtowed to the mysterious benefactors.

Yun Lintian retracted his gaze and said. "Let's go. We need to arrive at the Boundless Desert today."

Yun Lingwei quickly turned the skyship and rushed all the way south at full speed.

While Yun Lintian's group headed toward the Boundless Desert, Lei Zhenxiang's group encountered a ghost ship on the sea.

They managed to avoid the eyes and ears of the Divine Thunder Palace and boarded a cargo ship heading to the Eastern Continent.

Boom!

A Saint Profound Realm practitioner who acted as a protector of the ship launched a powerful attack on a ghost ship and managed to destroy it thoroughly.

"It's the ghost ship again." Lei Feifei stood on the deck and looked at the scene with a frown.

On the side, Qin Wuji said in doubt. "The ghost ship is a mystery of the Endless Sea that has existed for thousands of years. Strangely, no one has ever unraveled it."

The Saint Profound Realm practitioner landed on the deck and said. "It seems all of you have traveled often."

Lei Feifei glanced at the man and nodded slightly. She was now disguised as a man, and her aura was only at the Heaven Profound Realm.

The man smiled embarrassingly and cupped his fists. "Forgive my rudeness. My name is Kong Ru."

Qin Wuji smiled and said. "Thank you for keeping us safe, Senior Kong. My name is Wu Ji. This is my young master, Fei Lei."

Kong Ru waved his hand. "It's my duty. There's no need to say this."

He paused for a moment and asked. "It seems Brother Wu and Young Master Fei know a lot about the ghost ship. Have you encountered it often?"

Qin Wuji nodded. "Yes. We often traveled around the world in the past."

Kong Ru sighed and said. "I really want to know how it appears. Although it isn't a threat to me, it's truly annoying... Hmm?"

While Kong Ru was speaking, he suddenly perceived a dangerous aura beneath the destroyed ghost ship.

The same went for Lei Feifei and the others.

A vast shadow gradually rose to the water's surface, and with a bang, a colossus whale appeared in everyone's sight. Judging from its aura, it was actually the peak of the Monarch Profound Realm!

Kong Ru went pale directly. This whale was obviously beyond his power... It's over. We are going to die here!

The whale didn't attack the ship immediately but swept its gaze over every living being on the ship before pausing on Lei Zhenxiang.

"I didn't expect to see you here... It's been a while, Palace Master Lei." The whale's words immediately startled everyone...

Chapter 1077 Boundless Desert (1)

Lei Zhenxiang frowned slightly. "Who are you?"

The whale laughed and said. "You have forgotten about me so quickly."

As the whale spoke, its huge body gradually shrank, and a beautiful woman clad in a deep blue robe appeared in everyone's sight.

Her hair and eyes were deep blue, similar to the whale's skin earlier.

She curled her lips and said. "Remember me now?"

Lei Zhenxiang was surprised and blurted out. "Ren Mingzhu?"

"At least your head is still working." The woman, Ren Mingzhu, laughed gently. She glanced at Lei Feifei and said. "This must be your younger sister, Lei Feifei?"

Lei Feifei was surprised that Ren Mingzhu actually knew her. She turned to her brother and looked at him in doubt.

Lei Zhenxiang smiled wryly and said. "Don't look at me with that gaze. I had met her twice in the past."

He turned to Ren Mingzhu and asked. "Why are you here?"

Ren Mingzhu rolled her eyes. "Have you forgotten? This place is my home."

She further after a slight pause. "I have been following the trace of these ghost ships recently and happened to meet you here."

Lei Zhenxiang frowned and looked at the dark sea. "Is it related to the Poison Valley?"

"Who else if it's not them?" Ren Mingzhu curled her lips. "More than half of the sea here has been completely infected by Abyssal Poison. Even my father is helpless about it... I am following these ghost ships to find some clues."

"By the way, where are you going? It's really rare to see you travel by ship." She asked curiously.

"It's a long story. We are heading to the Eastern Continent right now." Lei Zhenxiang replied. "Is the situation that bad?"

Ren Mingzhu sighed helplessly. "It won't be long before they could fully occupy the entire Eastern Endless Sea region. We cannot do anything about it, and there's no other place for us to go."

Ren Mingzhu's tribe was a Blue Moon Whale tribe living deep in the Eastern Endless Sea region. Now, her tribe was disturbed by the invasion of Abyssal Energy. There was nothing her tribe could do against it.

The only way they could do this was to migrate to another region, but they later discovered that the other areas were suffering the same situation. Now, several sea beast tribes basically had no way out.

Lei Zhenxiang frowned deeply. When he was in charge of the Divine Thunder Palace, he had always paid attention to the Poison Valley's movement, but because he had been imprisoned for an extended period, he had lost track of them completely.

It was impossible for him to do anything. Not to mention his current situation wasn't good either.

"How about this? You can go back and tell your father to follow us to the Boundless Desert on the Eastern Continent. Although that place doesn't have a sea, there's certainly a lake. All of you can live there temporarily." Lei Zhenxiang expressed his thoughts. This seemed to be the only realistic way for them.

"Boundless Desert?... Let me talk with him first." Ren Mingzhu said and dived into the sea.

"This..." On the side, Kong Ru looked at everything in shock. He immediately realized that these people weren't as simple as they appeared to be. At least they must be stronger than him.

Lei Zhenxiang smiled and said. "Please keep this matter a secret."

Kong Ru came back to his sense and said solemnly. "Don't worry, senior. We didn't see anything." He then turned to the crew and asked. "Right?"

"Yes, yes! We didn't see anything." The crews were not stupid. They quickly nodded their heads vigorously.

Lei Zhenxiang didn't say anything and waited for Ren Mingzhu.

A while later, Ren Mingzhu jumped out of the sea with a middle-aged man and landed on the ship.

"This is my father, Ren MUYANG." Ren Mingzhu said and pointed at Lei Zhenxiang. "He's Lei Zhenxiang I am talking about."

Ren MUYANG stepped forward and said. "Greetings, Palace Master Lei."

Lei Zhenxiang responded politely. "There's no need to be polite, Uncle Ren... What do you think about my suggestion?"

Ren MUYANG asked cautiously. "May I know why you are planning to go there?"

Lei Zhenxiang didn't hide anything and told Ren MUYANG about his situation.

Ren MUYANG's brows knitted together as he said angrily. "This really is a disgraceful act! What did your grandfather do?"

Ren MUYANG had lived for more than four thousand years, and he had often met Lei Zhenxiang's grandfather and father. He was naturally familiar with those elders who betrayed Lei Zhenxiang.

"Honestly, I don't know as well. I hope that nothing happens to him." Lei Zhenxiang said in a deep voice.

His grandfather was still recovering from the injuries in the past, and the last time he saw him was ten years ago. He didn't know what was happening to him right now. Technically, it was impossible for him to be unaware of the current situation of the Divine Thunder Palace, but there was no movement from him until now.

Ren MUYANG took a deep breath and said. "We will go with you."

"That's great." Lei Zhenxiang nodded.

"This ship is too slow. Let us help you." Ren MUYANG said and sent a signal to his people.

Immediately, the ship moved forward at an astonishing speed. When everyone looked at the sea carefully, they could see a few Blue Moon whales pushing the ship. This scene baffled Kong Ru and his crew.

"Thank you, Uncle Ren." Lei Zhenxiang said gratefully.

Ren MUYANG waved his hand dismissively and asked Lei Zhenxiang a few questions about the current situation on the Central continent.

"So, this is the Boundless Desert?" Standing on the deck, Yun Lintian glanced at the endless desert below.

The place was constantly embroiled in sandstorms, and nothing could be seen except for the sea of sand.

"It's difficult to believe there are people living in this kind of place." Yun Lingwei looked at the scene and said. Who on earth chose to live in such a place?

"Where to start?" Standing beside Yun Lintian, Yun Qianxue asked.

"Let me check." Yun Lintian closed his eyes and tried to perceive The Earth. To his surprise, he could not feel the connection at all... What was going on?

## Chapter 1078 Boundless Desert (2)

"There are two possibilities. The first one is someone hiding it, and the other one is that The Earth itself is weakening." Hongyue suddenly said. "Look like you have no choice but to search for it manually."

Yun Lintian frowned deeply. This would waste so much of his time if it was the case.

"You can start out from the center. That should be the original position of it." Hongyue gave a suggestion.

Yun Lintian nodded and told Yun Lingwei to drive the skyship around. An hour later, everyone felt something strange. No matter how far they were moving, the scenery didn't seem to change much.

"A formation?" Mu Qiuxue said in doubt.

"No. It doesn't seem to be the case... It's more like this desert is moving along with us." Master Bai, who had rich experiences, said calmly. "I'm afraid you have to travel by foot from now on. There is likely a restriction here, preventing people from flying."

His brows raised slightly, and he said further. "It's just that this kind of restriction shouldn't belong to this world. I'm getting curious about this place now."

"Is that so?" Yun Lintian thought for a moment and turned to Yun Lingwei. "You can go back first, and please tell Meilan to keep an eye on the Central Continent."

Yun Lingwei nodded. "Alright. Be safe."

The next moment, Yun Lintian, Linlin, Qingqing, Yun Qianxue, Han Bingling, Mu Qiuxue, Lin Xinyao, Mumu, Yun Chenyu, and Master Bai jumped out of the skyship and landed on the desert.

Because Yun Chenyu was too weak, she couldn't handle the sandstorms by herself. Yun Lintian originally wanted her to stay in the Land of Beyond Heaven, but she insisted on coming with him.

"You don't have to help me, Master." Yun Chenyu gritted her teeth and released her power to resist the sandstorms.

Yun Lintian looked at her for a moment and said. "Alright. Keep up with us."

No one tried to help her afterward. Anyway, she was Yun Lintian's first disciple. It was normal for her to show her qualification so that she wouldn't lose his face in the future.

Master Bai flapped his wings and landed on Yun Chenyu's head. "Go ahead, kid. This uncle will keep an eye on you."

It wasn't that Master Bai wanted to help her, but rather there was no space on Yun Lintian as Linlin had occupied his shoulder, and Qingqing was hung on him like a koala. Moreover, they didn't like Master Bai to sit on Yun Lintian's head.

Master Bai had no choice but to come to Yun Chenyu.

Fortunately, the sandstorms gradually weakened in a few minutes, giving Yun Chenyu a chance to breathe.

Her entire body was drenched in sweat from the heat and exhaustion. However, the fighting spirit in her eyes didn't diminish in the slightest. Her action might be a small thing in everyone's eyes, but it was enough to gain their approval.

"You did a good job." Yun Lintian smiled and released his power to cover her. "Take a good rest first. There will be another one coming later."

"Yes, Master." Yun Chenyu took a deep breath and started recovering her strength.

"Sure enough. It's different from flying." Master Bai said as he saw the scenery finally change when everyone moved forward.

"It's truly worthy of its name. There isn't a single sign of life here." Han Bingling said strangely. She scanned the vicinity from time to time but didn't find anything except for the sands. If it continued like this, she would probably die from depression first.

Rumble—

As her voice fell, a violent earthquake suddenly occurred. The endless sea of sand began to shift, creating a few sand waves.

Yun Lintian quickly brought Yun Chenyu to his side, and everyone formed a huge profound shield to protect themselves.

When the earthquake stopped, everyone immediately found that the scenery had undergone a huge transformation. Some vegetation and glass lands could be seen in the distance. Without a doubt, it was an oasis.

Everyone glanced at each other and moved toward it... Because they found a sign of life!

When everyone drew closer, they discovered that this place wasn't only an ordinary oasis, but there was a village built on it. A giant lake could be seen on the west side of the place, and fertile land was right behind the lake. Several crops were growing strongly, greedily absorbing sunlight.

This place was like a paradise in the desert.

When the villagers saw a group of people appear, they didn't seem surprised about it, as if it was a normal thing they had seen every day.

Yun Lintian looked at the signboard at the entrance written as 'Sand Wave Village' and glanced at the villagers briefly.

"There are around thirty saints and a few monarchs here." Mu Qiuxue said softly. She possessed the highest realm among them, and her perception was exceptional. With a glance, she could perceive the auras of the people inside.

"Welcome to our village. This must be the first time you have come here. Am I correct?" At this moment, a middle-aged man with a Saint Profound Realm aura walked over. He secretly swept his gaze over all the women in Yun Lintian's group. Although they were wearing veils, it didn't hide their breathtaking figures.

Undoubtedly, these women were peerless beauties!

The Boundless Desert didn't only lack water but also beauty. Normally, no beautiful woman with a right mind would come to such a harsh place. This made the middle-aged man excited.

Naturally, Yun Qianxue and the others could see through his mind right away, but they were accustomed to such a gaze. They would have killed him long ago if it wasn't because Yun Lintian stopping them.

Yun Lintian smiled faintly and said. "This is indeed our first time here."

"I see. It's normal for you to be confused by the change in the environment here." The middle-aged man said lightly. "By the way, my name is Song Jiu. Welcome to our Sand Wave Village."

Chapter 1079 Sand Wave Village

"My name is Xiao Ling." Yun Lintian replied. "Can you introduce this place?"

"It's my pleasure." The middle-aged man, Song Jiu, said with a smile. He looked at a group of women beside Yun Lintian and asked. "These are..."

Before Yun Lintian could reply, Han Bingling spoke first. "We are his wives."

A trace of jealousy flashed through Song Jiu's eyes when he heard this. He laughed slightly and said. "You are truly blessed, Little Brother Xiao."

He paused for a moment and said. "I know all of you might be confused about what happened earlier. Let's walk and talk."

Yun Lintian nodded and followed Song Jiu into the village.

When everyone stepped into the village, they were surprised to see a bustling scene that was no less than any middle-size city. Rows of buildings could be seen on both sides of the street, and most of them were either restaurants or taverns with people going in and out.

With a glance, Yun Lintian could see a lot of Ruler and Heaven Profound Realm practitioners around the place. They were obviously coming here looking for an opportunity to make the next step in their profound path.

"Our Sand Wave village can be considered the outermost resting spot of the Boundless Desert. Anyone who came here for the first time will have to visit this place first." Song Jiu began to explain.

He turned to look at Han Bingling and the others with a mysterious smile. "You might be curious about it right now. Why is it like that since it seems to be random, right?... In fact, I don't know either, but whenever there is a newcomer, they will be brought to this place magically. Just like all of you had experienced earlier."

"The Boundless Desert will keep moving around, and the shortest one is around five days. We have a map here. It will tell you your current position."

As he spoke, he handed a map, which seemed to be built with a magical glass, to Han Bingling, and the latter passed it to Yun Lintian directly without looking at it. This scene made Song Jiu's face twitch slightly.

He obviously wanted to get closer to Han Bingling, but she didn't give him a face at all.

Yun Lintian didn't care about Song Jiu's small thoughts. He looked at the map and injected his profound energy into it. Immediately, a red dot appeared on the map, which indicated the Sand Wave village's location.

He was quite amazed by an innovative map resembling Earth's GPS map. "Where can I buy this map, Brother Song?"

Song Jiu smiled and said. "You can buy at the village head office over there, but the price is quite high... However, I can give you a discount as long as you treat me to a meal. What do you think?"

Yun Lintian chuckled and returned the map to Song Jiu. "Thank you for telling us this, Brother Song. However, we have money."

Song Jiu's face darkened slightly, but he didn't show any dissatisfaction. He nodded and said. "Then I won't disturb all of you further. You can find me at the village head office if you have anything."

With that, he flicked his sleeves and left without looking back.

"Seriously. Did he think that we are a fool?" Han Bingling curled her lips.

Yun Lintian laughed slightly. "It doesn't matter as long as he doesn't do anything to us first."

He looked around the place briefly before pointing at a relatively good-looking tavern called "Leisure Oasis Tavern" in the distance. "Let's find a place to settle in first."

While Yun Lintian's group entered the tavern, Song Jiu returned to the village head office and went straight to the innermost room where the village head resided.

Standing in front of the room, Song Jiu took a deep breath and said. "Village head, I'm here to report good news."

A moment later, a deep male voice resounded from the inside. "Come in."

A smile appeared on Song Jiu's face. He quickly opened the door and walked in.

The first thing he saw were two beauties dressed in obscene clothes sitting beside a handsome man while having their chests squeezed by him. Their faces flushed red, exuding a tempting aura.

The man was the current village head, He Weimin, and he was the strongest monarch in this village.

Song Jiu glanced at the man enviously and quickly lowered his head. "Reporting to village head. There are interesting newcomers coming here this time."

"Go to the point." He Weimin said while moving his hands down to the women's lower parts, causing them to moan softly.

Song Jiu suppressed the fire in his stomach and quickly explained. "There are four peerless beauties among them. Although they are wearing veils, their figures are definitely the best I have ever seen."

He Weimin stopped what he was doing and finally looked at Song Jiu with great interest. "Oh? There's such a good thing? What are their strength?"

"From my observation, there are three saints among them. The highest one is the peak of the Saint Profound Realm, while the other two are the middle-level ones. As for the rest, they are not worth mentioning." Song Jiu said truthfully.

"I see." A trace of surprise flashed through He Weimin's eyes. "Are they coming from a great sect?"

Song Jiu shook his head. "I'm not sure about this, but I don't think so... Those women claimed to be the man's wives, which I believe it's just an excuse."

"Alright. You can go out." He Weimin nodded and waved his hand dismissively.

Song Jiu hesitated slightly and mustered his courage up. "Village head..."

"Don't worry. I will give one of them to you later after I finish playing with them." He Weimin motioned with his chin.

Song Jiu was overjoyed. "Thank you, village head!"

He quickly turned around and left.

"What a fool. Did he really think he could get what belonged to Young Master?" One of the women beside He Weimin sneered.

He Weimin chuckled and squeezed her bountiful mound gently. "Are you jealous?"

The woman cried out seductively and said. "How could it be? I know I am the favorite woman in Young Master's heart. You won't be heartless to me, right?"

He Weimin laughed and kissed her lips fiercely before saying. "Check them out for me."

As his voice fell, an old man with the middle level of the Monarch Profound Realm's aura appeared in the room and said respectfully. "Understood."

Chapter 1080 Boundless Desert Emperor

"So, this desert will keep changing its position all the time?" Yun Lintian read the information report and said in surprise.

The Boundless Desert consisted of four villages similar to the Sand Wave Village, and two big cities, surrounding the center of the deserted called "Central Ruins."

These villages and cities were managed by a sole force, who claimed himself as a "Boundless Desert Emperor." The Sand Wave village head, He Weimin, was also a member of this force.

It was said no matter who you were when you came to the Boundless Desert, you had to obey the Boundless Desert Emperor's rules.

Yun Lintian's interest was piqued when he read about this. He was wondering how this so-called Boundless Desert Emperor established himself here.

Han Bingling nodded. "There should be some sort of formation here, but no one has ever unraveled it. Perhaps this Boundless Desert Emperor should know something. That's why he can establish himself like this."

Yun Lintian touched his chin and fell into deep thought. Without a doubt, The Earth must be inside the Central Ruins, and to go there, he must pass through the Boundless Desert Emperor's guards first.

However, that wasn't a problem for him. The main problem was how to predict the change of the desert thoroughly. Otherwise, it would take a long time to enter the Central Ruins.

The easiest way was to go to the Boundless Desert Emperor directly, as this person must know one or two things, but Yun Lintian wasn't sure how to approach him.

Yun Qianxue seemed to see through Yun Lintian's thoughts and expressed her opinion. "In fact, we don't need to find him."

Everyone turned to look at her, and she said further. "He will eventually come to us."

Han Bingling, Mu Qixue, and Lin Xinyao seemed to understand what Yun Qianxue meant.

From the rumors they got, the village head, He Weimin, was lustful. Without a doubt, Song Jiu must have reported their arrival to him by now.

Han Bingling curled her lips. "Speak of the devil."

As she spoke, she turned to look at the outside scenery through the window and saw an old man concealing himself in the distance. The old man was the one He Weimin sent to check the situation of Yun Lintian's group.

Although he had concealed himself well, it didn't escape Yun Qianxue and the others' perception.

Yun Lintian smiled faintly and said. "Since you are here, why don't you come in, Senior?"

The old man was startled when he heard this. His eyes narrowed slightly as he stared at Yun Lintian's group.

"Peeking at women is rude, you know?" Han Bingling said faintly.

Hearing this, the old man didn't hesitate further and flew into the room, revealing himself in front of everyone.

"Please forgive my rudeness, everyone. My name is Fu Hui. I am the Village Head He's subordinate... We got the news that a group of talented people is coming to our village. We have no other intention besides finding your purpose in coming here." The old man, Fu Hui, said eloquently as if what he did was nothing wrong.

Han Bingling laughed gently. "But from what I know, we are not the first group, right?"

Fu Hui smiled and answered. "What this lady said is correct, but we always observe everyone. It's not just your group."

Without waiting for Yun Lintian and the others to say anything further, he quickly spoke. "Can you tell me about your origin? Are you coming from one of the great sects?"

Before Han Bingling could reply, Yun Lintian signaled her with his gaze and said. "We are coming from the Eternal Sword Sect of the Southern Continent. We come here to gain experience and find heavenly treasures along the way."

He didn't forget to deliberately release his sword intent while speaking this.

"Eternal Sword Sect...?" Fu Hui took a deep look at Yun Lintian. He naturally perceived the latter's sword intent. Undoubtedly, this person was a sword practitioner.

Yun Lintian nodded and asked. "Since senior is here, may I ask how to go to the Central Ruins?"

"Central Ruins? Why do you want to go there?" Fu Hui frowned slightly.

Yun Lintian spread his arms and said. "We heard that it is the most mysterious place of the Boundless Desert. Since we are here, we naturally want to see it once before going back."

Fu Hui's eyes narrowed slightly, trying to find something out of Yun Lintian's expression. However, Yun Lintian's eyes were clear and sincere. Evidently, what he said was the truth.

He thought for a moment and said. "You have to ask Village Head He by yourself on this matter. I am just an ordinary subordinate. I have no authority to tell you this."

"Oh? Is that serious?" Yun Lintian pretended to be surprised.

Fu Hui nodded. "The Central Ruins is guarded by Boundless Desert Emperor's people. If you want to go there, you have to ask for permission first... Our village head has the ability to grant your wish."

Yun Lintian nodded his head slowly and said. "Then, please lead the way."

Fu Hui broke into a smile and said. "Sure."

He turned to look at Han Bingling and the others. "All of you can come together."

Han Bingling sneered inwardly but smiled on the surface. "Thank you, Senior Fu."

Fu Hui waved his hand dismissively. "No need to call me senior. Just call me Brother Fu directly."

Han Bingling's face twitched slightly... You are an old man, yet want me to call you brother?

With that, Yun Lintian's group immediately set off to the village head office under Fu Hui's guidance.

While Yun Lintian's group was busy, Lei Zhenxiang's group had already arrived in the vicinity of the Boundless Desert with a group of Blue Moon Whale tribe. There were around one hundred people in the tribe, and the weakest among them was at the Origin Profound Realm.

Since some of them couldn't take a human shape yet, they had to stay in a whale form while using a technique to shrink their size.

"So, this is the Boundless Desert?" Lei Zhenxiang looked at the endless sea of sand in the distance and said gently. This place would become his home for who knows how long...
