

## **Myth Beyond 1101**

### Chapter 1101 Despair (2)

BOOM!

A violent windstorm appeared around Yun Lintian and swept all the incoming sand waves away instantly.

The Boundless Desert Emperor's eyes narrowed at the scene. The incomparably strange and bizarre aura that enveloped the sky made him wary of Yun Lintian for the first time.

"So, this is your trump card, huh? Come. Let me see what you can do." The Boundless Desert Emperor said calmly, and the sand beneath his feet gradually trailed along his legs and climbed up toward his head, transforming into an earthly armor.

The sky darkened, filling with thunders. The ground that was filled with sand now turned into a snowfield. Despite that, the surrounding temperature continued to rise to the point everyone felt like they were being thrown into an erupting volcano.

The windstorms grew increasingly violent, making the Boundless Desert Emperor's earthly armor crack.

Everything happened altogether as if the world was about to come to an end.

"HAAHHH!!" Yun Lintian let out a deafening roar as he raised the Heaven Piercing Sword, pointing it toward the sky. A brilliant golden beam shot out of the tip of the sword, piercing through the dark clouds in the sky.

His long hair danced wildly in the air, and his golden eyes were fixated on the Boundless Desert Emperor. His current appearance was like a divine god of war, making Lei Zhenxiang and the others look at him in awe.

Meanwhile, the White Dragon Spear transformed into a giant white dragon, coiling around his arm. It let out a mighty dragon's cry that shook heaven.

Crackle—

"Huh?" Suddenly, a cracking sound rang out from the earth orb that was floating above the altar. This change caused the Boundless Desert Emperor's expression to change drastically as he could feel the seal he created around the orb was about to break.

Thinking of this, he didn't want to wait for Yun Lintian to accumulate his power further. A dreadful yellow light burst out from within his body, and countless earthly spikes shot out of the ground toward Yun Lintian.

It was at this moment did Yun Lintian move. The white dragon in his left hand shook slightly and shot out, destroying all the incoming spikes in one fell swoop.

At the same time, Yun Lintian tightened the grip on the sword. His aura that was reached the peak burst out as he swung the sword down with all his might.

The brilliant golden beam that mixed with lightning, fire, water, and wind descended down along with the sword, cleaving the sky in half and going straight to the Boundless Desert Emperor.

Seeing this scene, the Boundless Desert Emperor let out a roar, and several layers of earthly shields appeared in the air above him. At the same time, all the nearby sand floated up and formed a gigantic barrier, welcoming Yun Lintian's attack.

Boom! Boom! Boom! Boom!

One after another. The golden beam shattered the shields the Boundless Desert Emperor created and struck the sand barrier.

Yun Lintian gritted his teeth and exerted every ounce of his profound strength into the sword. "KILL!"

BOOM!

The sand barrier shattered directly, and the golden beam swiftly descended upon the Boundless Desert Emperor's head.

"Hmph!" The Boundless Desert Emperor snorted coldly. His entire body shook, and his aura burst out like a terrifying tsunami, sweeping away Linlin, Master Bai, and Qingqing, including everyone on the pillars.

He clenched his right hand into a fist, and the sand quickly shrouded it, expanding its size before he punched toward the incoming golden beam. His fist carried a divine might that made the surrounding space distort violently.

BOOOOOM—

The golden beam and the Boundless Desert Emperor's fist collided, producing an incomparably horrifying explosion to sweep everything in space. Even Qingqing and Linlin, who recovered and jointly created profound shields to protect everyone, could not withstand it. They were directly sent flying into the distance, along with Yun Qianxue and the others.

Rumble—

The sky and earth shook violently for an extended period before calming down, leaving the dust-filled space behind.

Thud—

When the dust settled, Yun Lintian fell into his knee powerlessly. His eyes fixated on the curtain of dust in the distance. He was waiting to see the Boundless Desert Emperor's appearance.

As the curtain of dust gradually faded, the Boundless Desert Emperor's silhouette could be seen behind it. His robe was torn apart, revealing his true appearance. He was a middle-aged man with strange, runic tattoos over his face and body. His head was bald, and his eyes were dreadful, like a vicious ghost.

His right hand was bloody and broken, but there was no pain on his face. On the contrary, an exciting smile could be seen on it. That was right. He was incomparably excited!

This scene immediately gave birth to despair in Yun Lintian's heart. He had already used his most powerful attack, but it could only injure the enemy's arm... The outcome of this battle was obvious—he lost utterly.

"Heh...Hahaha! It's been a long time since I experienced this excitement." The Boundless Desert Emperor laughed wildly.

He had lived for thousands of years, and nothing could shake his feeling. However, the appearance of Yun Lintian made him excited, as if he had returned to his youth when he was struggling to rise to power.

The Boundless Desert Emperor took a step forward and arrived before Yun Lintian. He reached his hand out to grab the latter's neck and raised him to the air.

"Big Brother Yun!" Linlin let out an alarming cry. She rushed toward the Boundless Desert Emperor in a flash, but the latter simply waved his hand, sending her flying directly.

"Lintian!" Yun Qianxue and Han Bingling's auras burst out as they launched their attacks on the Boundless Desert Emperor.

Unfortunately, their strength was simply not enough. With a simple wave of the Boundless Desert Emperor's hand, they were sent flying directly by sand waves.

"Ugh..." Yun Lintian caught a glimpse of everyone from the corner of his eyes, but he was powerless to even move his hand.

The Boundless Desert Emperor chuckled and tightened his grip slightly, causing Yun Lintian's face to distort in pain. "Unfortunately for you. Coming here with this kind of pitiful strength is definitely the worst decision you could make."

Yun Lintian's vision started to blur as blood continued to flow out of his mouth. He didn't seem to hear what the Boundless Desert Emperor said.... Am I going to die like this?

Chapter 1102 Despair (3)

Rumble—

As Yun Lintian struggled to get rid of the Boundless Desert Emperor's grip, the sky suddenly darkened and filled with thunder roarings.

Lei Zhenxiang floated into the air as his entire being shrouded with golden lightning sparks, making him look like a thunder god. His aura burst out, releasing terrifying pressure to fill the entire space.

The Boundless Desert Emperor's brows raised slightly. He wasn't in a hurry to extract Yun Lintian's profound vein and turned to look at Lei Zhenxiang. "Oh? Not bad from the Divine Thunder Palace Master."

Lei Zhenxiang didn't say anything. The power he had accumulated had reached the limit, and he immediately raised his hand. "Descend!"

Roar—

Several lightning dragons suddenly shot out of the group of black clouds along with the lightning bolts and went straight toward the Boundless Desert Emperor, followed by deafening dragon's cries.

The Boundless Desert Emperor stomped his foot on the ground, and the surrounding sand exploded out, flying into the air and transforming into sand dragons, welcoming the lightning dragons.

Boom! Boom! Boom!

The lightning and sand dragons intertwined fiercely. In the next moment, cries of misery overlapped one another as the lightning dragons were crushed by the sand dragons, dissipating completely.

Swoosh!

In that instant, blue light flashed, followed by a bone-freezing wind as Mu Qiuxue, Han Bingling, and Yun Qianxue magically appeared around the Boundless Desert Emperor. Each of them swiftly swung their swords on the target with all their might.

At this moment, brilliant yellow lights abruptly lit up in the Boundless Desert Emperor's eyes. He snorted coldly, and the sand beneath him instantly transformed into three giant fists, shooting straight at the three women.

BOOM!

Because the power gap between them was too great, Mu Qiuxue, Yun Qianxue, and Han Bingling could not withstand the impact. They were sent flying with fresh blood spurted out of their mouths before smashing heavily on the ground.

"Bingling!" Lei Zhenxiang's expression changed drastically. He urged the power of the Divine Thunder Spark and launched thunder strikes on the Boundless Desert Emperor.

However, the earth element was a natural nemesis of the lightning element. Not to mention the difference in their strength. With a simple earth shield from the Boundless Desert Emperor, all of Lei Zhenxiang's attacks were instantly rendered powerless.

Lei Feifei, Qin Wuji, and Ren Mingzhu had also launched their most powerful attacks, but none of them managed to injure the Boundless Desert Emperor in the slightest. On the contrary, they were completely suppressed with a single strike from him.

The Boundless Desert Emperor sneered. He wanted to make a move, but a sense of danger suddenly arose in his heart. When he raised his head, he immediately saw a huge bright moon in the sky, and Lin Xinyao was floating in the middle, aiming her bow at him.

Lin Xinyao's aura rose sharply. It was even more terrifying than Lei Zhenxiang and the others, despite the fact that she was only at the Saint Profound Realm.

The intense ice power at the tip of the arrow was like a volcano that could erupt any moment.

Her icy eyes stared at the Boundless Desert Emperor. It was a pair of eyes without any emotion.

Her slender fingers that were pulling the bowstring slowly let go, releasing the powerful ice arrow that froze everything in its path.

The space seemed to freeze for a moment as bone-freezing cold invaded every pore of the Boundless Desert Emperor.

His face turned serious for the first time. The sand instantly appeared on his body, transforming into an earthly armor. At the same time, several layers of sand shield appeared in the air, trying to stop the incoming ice arrow.

Boom! Boom! Boom!

The ice arrow penetrated through the sand shields one after another and arrived before the Boundless Desert Emperor.

A sneer appeared on his face as he brought Yun Lintian forward, intending to use him as a shield.

The expressions of Lin Xinyao and the others changed drastically when they saw this.

"No! Lintian!" Everyone cried in shock, but there was nothing they could do.

Lin Xinyao's face turned pale. She quickly circulated her profound energy, forcefully dispersing her power.

Mumu was shocked and hurriedly shouted. "You can't do that!"

However, it was too late for Mumu to stop her. Lin Xinyao spurted out a large mouthful of fresh blood as the ice arrow dissipated timely before hitting Yun Lintian.

Mumu quickly jumped up and brought Lin Xinyao to the ground. "Are you stupid!? Do you know you could be crippled by doing this?"

Lin Xinyao didn't seem to care about Mumu. Her eyes fixated on the powerless Yun Lintian in the Boundless Desert Emperor's hand, but she couldn't muster the strength to move her limbs.

"Heh...Haha! What an interesting power! My luck is really good today!" The Boundless Desert Emperor laughed wildly.

The power Lin Xinyao displayed was certainly something from the Divine Realm. He didn't expect to see these much of benefits from this group of people. As long as he used them to sacrifice, his strength would advance by leaps and bounds. He couldn't wait to do it now!

Yun Lintian struggled to look at Lin Xinyao and the others, but the Boundless Desert Emperor tightened his grip, causing him to spit out another mouthful of fresh blood.

"How? Impressive, right?" The Boundless Desert Emperor looked at Yun Lintian and turned the latter head toward Lin Xinyao and the others. "Honestly, I'm kinda envious of you. These fine women really love you to the point they can disregard their lives just to save you... How touching."

"But don't worry." The Boundless Desert Emperor chuckled. "I will send them to accompany you in hell later... Of course, after I enjoy them. Hahaha!"

Everyone's face turned pale. The Boundless Desert Emperor's strength was too huge. No matter how hard they tried, it was impossible to shake him... What to do now?

Yun Lintian looked at Lin Xinyao and the others in despair. "Hongyue, please save them... I'm begging you...."

Inside the Land of Beyond Heaven, Lauya looked at Hongyue and asked calmly. "Are you going to watch like this?"

Hongyue went silent. Her eyes fixated on Yun Lintian for a while, and she sighed softly. "Maybe I was wrong. I forced him too much."

She paused for a second and said further. "However, there's a chance to turn around. Let's wait and see first."

As she spoke, her gaze was fixated on the earth orb. No one knew what she was thinking.

Chapter 1103 Glimmer Of Hope

"Hongyue! Lauya!" Yun Lintian shouted desperately in his mind, but none of them responded to him. This made him think the connection between him and the Land of Beyond Heaven was severed.

What to do now? What should I do? Several questions appeared in his mind, but he couldn't think of anything except summoning the Crown. However, he had spent almost every ounce of his profound energy. He would still be nothing in front of the Boundless Desert Emperor, even with the Crown.

Furthermore, revealing the Crown could possibly lead to another tragedy. The Boundless Desert Emperor would definitely take it away. Hence, he decided to hold it. At least for now.

At the same time, his eyes turned to the earth orb in the distance. For some reason, he started to feel the connection between him and The Earth.

Perhaps I could absorb it?... An idea emerged in his mind, but his current condition was far from achieving it. He had to get rid of the Boundless Desert Emperor's grasp first.

The Boundless Desert Emperor seemed to see through his thought. He glanced at the earth orb and said. "Let's not waste time further, shall we?"

As he spoke, his profound energy immediately penetrated Yun Lintian's body and drove along the latter's vein, causing Yun Lintian to cough up blood in pain.

"Lintian!" Yun Qianxue shouted desperately, but she couldn't do anything. "Princess Hongyue, please help him! I'm begging you!"

"Alas... Look like I have no choice." Watching this scene, Master Bai, who stood idling for all this time, let out a sigh and muttered. "I have just recovered my strength, but I have to do this now. This is really unfair."

As he finished his sentence, his entire body was enveloped by a bright white light. This scene immediately attracted everyone's attention.

"Hmm?" The Boundless Desert Emperor frowned and stared at the white light. He knew this white owl was extraordinary, but he didn't think about it much. After all, his strength was far superior.

However, at this moment, his intuition told him a fatal threat was coming.

Before he could do anything, the white light had already faded, revealing a white hair handsome young man clad in a white robe. Except for his eyes that stayed as the owl's eyes, everything had changed entirely.

"This..." Lei Zhenxiang and the others were momentarily stunned.

Master Bai looked at Yun Lintian and said. "Boy, you owe me another one, understand?"

Yun Lintian didn't know what happened as he couldn't turn his head around, but when he heard Master Bai's voice, a glimmer of hope emerged in his heart.

The Boundless Desert Emperor's eyes narrowed slightly, and he raised his guard, looking at Master Bai vigilantly. "I know you don't belong to this world, and I am certainly warring of you at one or two points. However, your current strength is far inferior to mine. Are you sure you want to do this? Why don't you join hands with me? We will break this world's boundary seal and return to the Divine Realm together."

Master Bai smiled faintly. "If I hadn't met Yun Boy, I would probably have been tempted by your proposal. Unfortunately, I have no intention of joining hands with a lowly remnant of the Earth Temple like you."

The Boundless Desert Emperor's pupils shrank in shock. "You know my true identity?"

"Not only do I know your identity but also your ancestor." Master Bai curled his lips. "That Old Man Shi always put a disgusting smile on whenever he sees me... Come to think of it. The last time I saw him, he was about to break through to the Divine King Realm. I don't know how he is now."

The Boundless Desert Emperor trembled slightly. Without a doubt, this white-haired young man truly knew his ancestor.

Master Bai seized the Boundless Desert Emperor up and down and said. "With your ninth level of the Divine Foundation Realm's strength, surely you can do anything here, but you shouldn't act as if you are a Divine Emperor or something."

He paused for a moment and said further. "How about this? Let him go, and I will spare you. After all, I'm familiar with your ancestor. I won't kill you here."

The Boundless Desert Emperor went silent for a moment and suddenly burst into laughter. "Heh... Hahaha! Interesting. Truly interesting!"

He stared at Master Bai and said coldly. "You might be a lofty figure in the Divine Realm, but don't forget that your current strength is comparable to an ant to me. You actually have the gut to talk about sparing my life. Don't you think it's funny?"

Master Bai's expression was calm as ever. He shook his head and said. "Never mind. Perhaps I have lived in this world too long, and my heart has become soft."

He glanced at the Heaven Piercing Sword buried in the sand several meters away from him and said. "If you want to help your master, you better cooperate with me."

Clang!

The Heaven Piercing Sword released a low hum and shot out of the sand, shooting straight to Master Bai. The latter raised his hand, and the sword stopped before him.

Looking at the sword, Master Bai smiled and said. "Good. Let's go."

The Boundless Desert Emperor felt a bad premonition in his heart. He quickly shouted. "I will kill him if you make a move!"

"Too late." Master Bai's calm voice suddenly resounded behind the Boundless Desert Emperor with the Heaven Piercing Sword in his hand.

With a flash, the sword drew a terrifying arc, sweeping on the Boundless Desert Emperor's arms that were covered with thick earthly armor.

Before the Boundless Desert Emperor could do anything, he felt a terrible pain coming from his arms, and his vision was filled with blood. His eyes widened in disbelief as he saw his severed arms flying into the air.

Yun Lintian, who was released from the grasp, quickly moved. The Beyond Heaven King's Crown appeared on his head as he mustered all his strength to raise his hand toward the earth orb in the distance.

Crackle—

A cracking sound rang out as the outer shell of the orb cracked, revealing a brilliant yellow orb inside.

At the same time, the connection between Yun Lintian and the yellow orb was firmly established. Without a doubt, this was The Earth!

Yun Lintian gritted his teeth and uttered. "Come!"

Buzz—

The yellow orb shone brightly and shot toward Yun Lintian with lightning speed!

Chapter 1104 Dire Straits (1)

As Yun Lintian managed to catch the yellow orb, the Boundless Desert Emperor's face contorted in anger for the first time. His aura burst out and blasted Yun Lintian, Master Bai, and everyone away several hundred meters. He didn't care about the world's suppression anymore!

Rumble—

The world shook violently as if the end of the world had arrived. Everyone on the Boundless Desert, including the Eastern Continent, quickly looked at the dark sky that was filled with terrifying thunder blasts.

Inside the Blazing Sun Palace, Yan Yaoting glanced at the sky with a frown between his brows. "That direction.... Boundless Desert?"

As a sovereign of the Eastern Continent, he naturally knew some secrets that ordinary people could access. The Boundless Desert Emperor was one of them.

According to the records, the Boundless Desert Emperor was a man from the Divine Realm, and his strength was evident. That was why the Blazing Sun Palace had never stepped into the desert, and both sides coexisted in peace.

However, looking at the current situation, something must be happening inside to make the Boundless Desert Emperor release his true power.

"Black Sun." Yan Yaoting said calmly, and a tall figure clad in black silently appeared behind him.

"Check it out on those who have entered the desert recently for me." Yan Yaoting said.

"Yes, Master." The man, Black Sun, replied readily and disappeared from the place.

Yan Yaoting stared at the sky for a long time and muttered to himself. "Could it be him?"

Yun Lintian's figure appeared in his mind. According to his people, Yun Lintian simply disappeared after entering Heavenly Cloud Mountain. However, he had a hunch that there was something tricky behind this. It wouldn't be a surprise for him if Yun Lintian triggered this entire event.

Meanwhile, City Lord Yuan, Hong Mei, and the other powerhouses were gathered outside the Central Ruins upon noticing the change in the sky.

As Divine Ascending Tribulation Realm's experts, they couldn't be more familiar with this aura. It was the aura of Heaven's Tribulation!

"What's going on, City Lord Yuan?" Hong Mei asked with a frown.

Yuan Duyi's brows knitted together as he said. "Someone has angered His Majesty."

He turned to look at Huo Ye. "Leader Huo, can you tell me about those people's origin and why you sent them in?"

Huo Ye frowned slightly and didn't reply. Although he knew how powerful Yun Lintian and Lei Zhenxiang were, he didn't think they could anger the Boundless Desert Emperor. What was going on here?

"Hmph! I know who they are." Duan Jiangou snorted coldly. "One of them is the Divine Thunder Palace Master, Lei Zhenxiang, and the young man who looks like a leader is Yun Lintian. According to the rumor, he was the one who turned the tide and drove the Poison Valley out of the Northern Continent."

He glanced at Huo Ye and said coldly. "As for why Leader Huo sent them in... Heh. It's simple. He probably wants to snatch His Majesty's treasure... I didn't expect you to be this courageous. You actually dare to rebel."

When his words came out, everyone's gaze locked on Huo Ye, waiting for his explanation.

To everyone's surprise, Huo Ye smiled faintly and said. "It doesn't matter what you believe. I know what I am doing, and I don't need to explain it to all of you."

His gaze swept over everyone, and he paused at Yuan Duyi. "What you should worry about right now is how to deal with this situation."

He looked toward the sky and continued. "I'm afraid this desert is likely to cease to exist soon."

Although Yuan Duyi wanted to press Huo Yi further, he had to admit that Huo Ye was right. This wasn't the time to talk about this.

Immediately, he contacted his subordinates and quickly activated the protective formations around the Boundless City.

Meanwhile, Madam Leisure's eyes were filled with splendor light. She stared at the sandstorm in the distance as if she could see what was happening inside the ruins.

\*\*\*

"How dare you defy me!?" Inside the ruins, the Boundless Desert Emperor roared furiously. Every single droplet of sand in the entire ruins seemed to have gathered behind him, forming a massive wall of sand to block all the sunlight.

His eyes were shone with apocalyptic yellow light, making him look extremely scary. He turned to look at Master Bai, who slowly got up from the ground with the Heaven Piercing Sword in his hand. "You have ruined my good deed today. I will send you to hell first."

A trace of disdain appeared on Master Bai's face. "Heh. How long has it been since a mere ant like you spoke to me like this?... Come. Let me see what you can do."

"Die!" The Boundless Desert Emperor was furious at Master Bai's taunt. Obviously, Master Bai used the same sentence he spoke previously.

Rumble—

The ground exploded, and a distorted space vortex appeared around Master Bai's body, followed by countless sharp earth spikes.

Master Bai's eyelids drooped slightly. His aura turned tranquil as if everything around him had nothing to do with him.

Clang!

Suddenly, Master Bai shook his wrist, and the Heaven Piercing Sword released an ear-piercing cry. His eyes which were half closed, abruptly opened, revealing a pair of hellish eyes that resembled a devil from hell.

In that instant, the entire space was filled with bloodthirsty killing intent. It was as if a devil god was staring at this place, making Yun Lintian and the others shiver involuntarily.

"Hurry up and do whatever you need to do! I can stay in this form for another minute." Master Bai's voice suddenly resounded in Yun Lintian's mind, bringing him back to his sense.

Without waiting further, Yun Lintian's attention was all focused on The Earth in his hand. A powerful current flushed into his body like a broken dam, cleansing every trace of the Boundless Desert Emperor's residual power inside.

At the same time, Master Bai swiftly swung the sword, creating spatial rifts around the Boundless Desert Emperor.

Boom! Boom! Boom!

It was as if the space was collapsing. All the earth spikes the Boundless Desert Emperor created were destroyed with the powerful and sharp slash from Master Bai.

In the next moment, Master Bai's figure reappeared beside the Boundless Desert Emperor, and he quickly slashed toward the latter's head. "Go to hell!"

Chapter 1105 Dire Straits (2)

"Hmph!" The Boundless Desert Emperor sneered as if he had expected this.

Instantly, six sand walls appeared out of nowhere, surrounding Master Bai in all directions and compressing into each other.

Master Bai's expression changed drastically. He might look powerful, but his strength was, in fact, far inferior to the Boundless Desert Emperor's true strength. He could chop the latter's arms off because he took advantage of his speed and caught the Boundless Desert Emperor off-guard.

However, it was almost useless once the Boundless Desert Emperor was on fully guarded against him.

Master Bai didn't retract his slash. Obviously, he couldn't attack the Boundless Desert Emperor now. What he could do was break the sand walls.

Boom!

When the Heaven Piercing Sword hit the walls, Master Bai's arm went numb instantly. It was as if he hit several steel plates stacked together. Fortunately, it was enough to break the sand walls.

However, before Master Bai could make another move, the broken sand walls abruptly transformed into a spiral earth lance, stabbing into his abdomen.

Puff!

Everything happened in a split second, and Master Bai had no way to react timely. The earth lance went straight to his abdomen and pieced to his back, sending him flying into the distance with blood trailing behind like a fountain.

"Master Bai!" Yun Lintian was shocked. He wanted to rush forward, but he heard Lei Zhenxiang shout.

"Leave him to me." Lei Zhenxiang's figure flashed and arrived behind Master Bai.

However, before he could leave, an earth pillar suddenly shot out of the ground beneath him, sending him and Master Bai into the air.

At the same time, the giant sand wall nearby suddenly transformed into a colossal sand wave, descending down on the two.

BOOOOOM!

Lei Zhenxiang and Master Bai were wholly buried in the sand with no way to resist.

"Brother!" Lei Feifei shouted in shock, and she hurriedly rushed forward. However, Qin Wuji managed to pull her back in time as a sharp earth spike shot out of the ground beneath her. If she made another step, this earth spike would plunge into her body without a doubt.

Qin Wuji released all his power and created a giant barrier to cover everyone.

"Everyone, protecting him!" Qin Wuji didn't know what Yun Lintian would do, but he believed it was the only way out for everyone.

Gu Xiao and the others, who had nothing to do with Yun Lintian's group, surprisingly didn't choose to escape after waking up. Perhaps they knew it was impossible to run. They immediately followed Qin Wuji's suggestion and conjured profound shields around Yun Lintian.

"Heh. A pitiful struggle." The Boundless Desert Emperor sneered. He stomped his foot on the ground, creating sand waves to rush toward everyone.

At this moment, Yun Qianxue, Han Bingling, Mu Qiuxue, and Linlin appeared before Yun Lintian. They didn't hesitate to release all of their power to conjure a profound barrier, trying to block the incoming sand waves.

As for Qingqing, her power depended on The Storm inside Yun Lintian. She was useless now, as Yun Lintian had almost exhausted his power.

BOOOM!

An explosion broke out, followed by endless cracking sounds. Yun Qianxue and the other girls who stood at the front were blown away directly. Meanwhile, the barriers that Qin Wuji and the others created continued to crack like crazy before completely shattering into pieces.

"Come on!" Yun Lintian shouted desperately and urged the Crown to absorb The Earth faster.

Seeing the sand waves coming, Qingqing suddenly stood up. She raised her tiny hand and used her last trace of power to create a windstorm to divert the sand waves' direction.

"Big Brother Yun..." She turned to look at Yun Lintian and fell into his lap, unconscious.

"Qingqing..." Yun Lintian gritted his teeth. His eyes turned bloodshot as he stared at The Earth. As long as he absorbed it completely, there was nothing for him to fear of the Boundless Desert Emperor anymore.

"What now?" The Boundless Desert Emperor said with a smile. He glanced at The Earth on the latter's hand and said. "You better put it down. Or else I will kill your women."

As he spoke, several earth pillars shot out of the ground, bringing Yun Qianxue and the others into the air. With a single wave of his hand, the Boundless Desert Emperor could undoubtedly kill them.

"Stop! I will give it to you!" Yun Lintian shouted anxiously when he saw this.

"You...can't!" Yun Qianxue struggled hard to speak.

Yun Lintian got up from the ground and placed his hand on his chest. His five fingers sunk into his deformed chest, and blood immediately spurting out. "Let them go. Otherwise, I will destroy my profound vein."

"Lintian!" Han Bingling shouted anxiously.

Yun Lintian ignored her and said in his mind. "Lauya, do me a favor...."

He explained something to Lauya, and the latter quickly got into action.

"Hurry up. Let them go!" Yun Lintian shouted as he stared at the Boundless Desert Emperor while digging into his flesh further.

The Boundless Desert Emperor frowned slightly when he saw this. He was confident to take Yun Lintian down, but what if the latter managed to destroy his profound vein in the end? Gains would be out by losses then.

Moreover, it didn't matter to him to let them go, as he could take them back at any moment.

Thinking of this, he waved his hand, and everyone on the pillars was sent flying into the distance.

Yun Lintian glanced at Yun Qianxue and the others before throwing Qingqing to them. "Leave here."

"No!" Yun Qianxue caught Qingqing and shook her head desperately.

"Elder Qin!" Yun Lintian yelled, and Qin Wuji quickly stepped forward, forcefully bringing everyone away.

"Let me go!" Yun Qianxue and the other girls shouted anxiously, but Qin Wuji didn't listen. He took the advantage that everyone was weak right now, and he was the one who suffered the least injury to bring everyone away.

Among them, Lin Xinyao was the calmest. Her eyes fixated on Yun Lintian's hand that was holding The Earth. When she saw a swift movement in his hand, she immediately understood what he was going to do.

"Hand it over first." The Boundless Desert Emperor said.

Yun Lintian nodded and threw the orb toward the Boundless Desert Emperor.

When the Boundless Desert Emperor was about to use his power to catch the orb, his pupils suddenly shrank as he saw two golden beads behind it. They were no other than the Thunder Beads!

BOOOOOM!

Chapter 1106 Heaven And Earth (1)

A burst of lightning exploded out, blinding the Boundless Desert Emperor.

At this moment, Yun Lintian reached his hand out, and the White Dragon Spear flew into his grip. His aura burst out as he threw the spear that transformed into a gigantic white dragon toward the Boundless Desert Emperor.

Roar—

The white dragon's roar shook heaven and earth as the spear traveled through the sea of lightning toward the Boundless Desert Emperor.

However, before it could hit the target, giant sand hands abruptly appeared and clasped the spear tightly, stopping it a few centimeters away from the Boundless Desert Emperor's face.

His eyes were full of murderous intent as he glared at Yun Lintian in the distance. At the same time, he glanced at the yellow orb that was held by another sand hand and immediately realized something.

"Sorry. You've been fooled." Yun Lintian grinned, revealing his teeth that were covered with blood. His entire body shone brightly with a brilliant yellow light as the space was filled with the earth energy.

In his hand was an identical yellow orb. Obviously, the one with the Boundless Desert Emperor was a fake one that Yun Lintian told Lauya to make for him.

"You!" The Boundless Desert Emperor was furious and was about to teach Yun Lintian a lesson. However, a burst of yellow light suddenly flashed out from The Earth in Yun Lintian's hand and directly blinded the Boundless Desert Emperor.

Rumble—

The ground suddenly shook violently. Everyone in the Boundless Desert could feel the ground start moving. Sandstorms appeared everywhere, causing all the practitioners to fall into panic.

Yuan Duyi looked at the cracking protective barriers around the city with an ashen expression. At this rate, the city would definitely crumble.

"Everyone, try your best!" As he spoke, his power gushed out, and another layer of a profound shield appeared beneath the original protective barrier.

All the guards quickly stepped up and used their power to create layers of profound defense, trying their best to protect the city.

On the other hand, Ren MUYANG, who had received a message from his daughter through a special channel, immediately rushed out of the Blue Oasis Village with a group of elders. He released his power to the maximum and flew straight to the center of the desert.

Meanwhile, Black Sun, who had just arrived in the desert, suddenly discovered a strange phenomenon. The ground was moving, and he could see the Boundless City in the distance instead of Sand Wave Village.

Without thinking further, his figure flashed and disappeared from the place.

Inside the ruins, Yun Lintian's entire body was bathed with intense earth energy. He could feel his profound energy rapidly recover. All the injuries on his body quickly healed at a visible rate.

At the same time, he could feel his profound strength gradually increase. Before he could react, a muffled sound could be heard from within his body, and immense energy rushed out from all directions, pouring into his body like a raging river.

Boom!

Yun Lintian's aura exploded as he successfully broke through to the next realm. The fifth level, sixth level, seventh level, all the way to the peak of the Saint Profound Realm.

It wasn't stopped at that. Yun Lintian could feel there was a half step away from the Monarch Profound Realm. As long as he absorbed all the energy from The Earth, he would certainly break through today.

Rumble—

Suddenly, the Heaven Tribulation's power that had been brewing in the sky for a while now grew increasingly intense. It was as if it had detected something and wanted to eliminate it.

At this moment, the Boundless Desert Emperor recovered from the blinding light and saw Yun Lintian's strength rapidly increase.

The anger he had accumulated for all this time exploded out. He didn't care about Yun Lintian's profound vein anymore. What he wanted to do was kill this bastard as soon as possible!

"I'LL KILL YOU!!!" He roared furiously that his voice could be heard everywhere in the Boundless Desert.

It was as if all the sand in the Boundless Desert answered his call. All of them quickly rushed toward him in all directions and gathered into a massive sand river to cover the entire sky.

This scene immediately shocked everyone on the Eastern Continent!

Boom! Boom! Boom!

All of a sudden, heaven tribulation's lightning bolts descended, but all of them were completely blocked by the sand river.

The Boundless Desert Emperor didn't seem to care about it. His murderous eyes fixated on Yun Lintian, and he immediately released everything he had.

Rumble—

The sand river abruptly rolled up and formed into an enormous sand snake before heading toward Yun Lintian.

Yun Lintian's expression changed drastically. He urged his profound vein to absorb The Earth faster.

Crackle!

"What!?" Suddenly, a crack appeared on The Earth, making Yun Lintian cry out in shock.

Before he could comprehend the situation, The Earth was completely shattered into pieces, revealing a tiny rounded object that shone with a bright yellow light.

In that instant, the yellow object abruptly shot toward Yun Lintian and drilled into his forehead.

A pang of pain rushed into Yun Lintian's soul, but he could feel his strength increase drastically in that split second. The connection between him and The Earth was firmly established. They had become one now!

As the sand snake was about to swallow Yun Lintian, he suddenly raised his head to look at it with his pupils shining with a brilliant yellow light.

"Disperse!" Yun Lintian shouted out, and the sand snake abruptly froze midair. The next moment, it exploded out, turning into a vast sea of sand before returning to the ground.

"Impossible!" The Boundless Desert Emperor's eyes bulged as if they were about to pop out of the sockets. He looked at the scene in disbelief.

While in shock, Yun Lintian let out a long breath and clenched his fist tightly, experiencing the newly gained power.

He raised his head to look at the Boundless Desert Emperor and said coldly. "It's my turn."

Chapter 1107 Heaven And Earth (2)

Yun Lintian didn't move from his position. His Spiritual Sense spread out as he extended his hand toward the Boundless Desert Emperor.

Immediately, several earth spears shot out of the ground beneath the Boundless Desert Emperor.

"How dare you!?" The Boundless Desert Emperor was so angry. He was a dignified disciple of the Earth Temple, who was proficient on the earth element, but he was actually attacked by an earth-attributed technique. How could he not be furious?

His power gushed out. He wanted to make Yun Lintian taste his own medicine as he forcefully took over the incoming earth spears.

In that instant, his expression changed drastically when he discovered he could no longer control the earth energy.

Puff!

The earth spears stabbed into his legs. Blood instantly splashed out, followed by a painful cry from the Boundless Desert Emperor.

Yun Lintian didn't give the enemy a chance to take a breath. An earthly pillar protruded from the ground and bumped the Boundless Desert Emperor into the air. At the same time, several earth spears quickly followed, stabbing into the latter's torso, shoulders, knees, and abdomen, pinning him on the pillar.

Rumble—

All of a sudden, the sky roared, and the heaven tribulation's lightning bolts immediately descended upon the Boundless Desert Emperor as if they were furious by the block from him earlier.

"NO!" The Boundless Desert Emperor cried in despair when he saw the flash of lightning bolts descend down. How could he, the king of this tiny world, end up like this?

In that split moment, his eyes flashed with a sinister light as he roared. "I WON'T LET YOU GO!"

The last trace of his power abruptly burst out, and his body swelled as if he was about to explode at any moment.

Yun Lintian's expression changed drastically. He could see the Boundless Desert Emperor's intention at a glance—he wanted to detonate his profound vein!

Yun Lintian's mind moved. He manipulated the sand around Master Bai and Lei Zhenxiang to bring them to him. Meanwhile, he extended his hands out, calling the Heaven Piercing Sword and the White Dragon Spear back.

He also didn't forget to release all of his power, creating several layers of earth cages to surround the Boundless Desert Emperor.

"DIE!" The Boundless Desert Emperor's face contorted hideously as he glared at Yun Lintian as if he wanted to eat him alive. His body swelled to its limit and exploded!

BOOOOOOM—

A massive power accumulated within his body immediately burst out, morphing into a blood-colored eruption.

Yun Lintian urged every ounce of his profound energy and swung the Heaven Piercing Sword toward the explosion. The blade became a powerful golden arc and slammed upon the blood-colored dome of destruction.

"Argghhhh!" Yun Lintian roared at the top of his lung while pressing the sword down with all his might. All his muscles and veins bulged as if they could burst at any moment.

BOOOM—

The next moment, the blood-colored eruption was finally broken in half by Yun Lintian's slash, but the explosive power continued to blast away everything within a thousand-kilometer radius on both sides.

The Boundless City unfortunately stood in the explosion's path. Yuan Duyi and all the profound practitioners inside the city turned pale in fright upon seeing this scene.

"City Lord!" Everyone cried out in despair. Yuan Duyi seemed to be the only hope for them.

However, they didn't know that Yuan Duyi was no different from them. He blankly stared at the incoming blast without a way to deal with it. As a Divine Ascending Tribulation Realm's powerhouse, he knew how powerful and lethal that power was. No matter how hard he tried, it was impossible to resist it.

"Look carefully. This is the so-called emperor you are worshipping. He has never treated all of you as his people." A soft sigh resounded amidst the cries of despair.

Madam Leisure stepped out of the crowd and floated into the air. Her action immediately attracted everyone's attention.

She spread her arms out, and a bright yellow light flashed, transforming into a gigantic sand wall covering the entire city.

Yuan Duyi, Huo Ye, Hong Mei, and Duan Jiangou were shocked. They didn't know before that a weak woman, who often showed her weakness, would possess such a power. The aura she released was obviously far stronger than all of them... What was going on?

At this moment, the blood-colored blast arrived and hit the wall, producing a deafening explosion.

Madam Leisure stood in the air calmly with her arms spread. Her aura grew stronger as time passed, and the wall of sand also reflected her power. It stood firmly until the blast gradually faded away, disappearing completely.

Afterward, she slowly descended to the ground. Her face underneath the veil was ghastly pale.

"Master, are you alright?" Little Lan quickly came to her side and asked worriedly.

Madam Leisure waved her hand. "I'm fine."

"Thank you for saving us." Yuan Duyi walked over and said sincerely. His attitude was obviously changed after witnessing Madam Leisure's true power.

The practitioners nearby quickly bowed their heads and expressed their gratitude toward her, one after another.

Madam Leisure looked at Yuan Duyi and said. "You should send your people out to check all the villages."

"Don't worry. I have already sent them over." Yuan Duyi said with a serious expression.

He paused for a moment and asked cautiously. "Madam Leisure, you are saying...?"

Madam Leisure nodded and said. "The earlier power comes from the Boundless Desert Emperor detonating his profound vein... In other words, someone forced him to a dead end."

Yuan Duyi and the others were shocked. To their knowledge, the Boundless Desert Emperor was invincible. Who could force him like that?

An idea flashed through his mind. Yuan Duyi quickly turned to look at Huo Ye. "Could it be Yun Lintian and Lei Zhenxiang?"

Huo Ye also had the same idea and was shocked inwardly. He had already overestimated Yun Lintian's strength, but this incident showed that he still underestimated him.

"Are there other people besides them?" Hong Mei rolled her eyes. Wasn't it obvious?

She glanced at Huo Ye and said calmly. "I think it's the time to tell us the truth already."

Everyone turned to look at Huo Ye, waiting for his explanation.

Huo Ye went silent for a while, and when he was about to say something, Ren MUYANG and the others had arrived at the city...

Chapter 1108 Aftermath (1)

Because Ren MUYANG's aura was too strong, Yuan DUYI and the others became vigilant.

Ren MUYANG swept his gaze over everyone and saw Gong YANHONG and the other Black Wings Group elders in the crowd. "Follow me to the ruins."

Gong YANHONG was worried about Lei FEIFEI's safety. She didn't know whether they could survive the earlier destructive power. She and the elders quickly rose to the air, ready to leave with Ren MUYANG.

"May I know who you are?" Yuan DUYI raised his hand to stop Ren MUYANG from leaving. As a city lord, he had to know these people's identities in case they had malicious intent.

Ren MUYANG glanced at him and said calmly. "I have no intention of staying here. You don't have to worry."

With that, he immediately flew toward the Central Ruins with the others.

At this moment, Dong LINWU approached Huo Ye and whispered. "Leader, he's a Blue Moon Whale. I received the news earlier today that the Endless Sea is suffering from the Abyssal Poison."

Huo Ye nodded slightly. Suddenly, he frowned and looked toward the Central Ruins, as if he noticed something unusual.

Dong Linwu was puzzled by his leader's expression but didn't ask anything.

At that moment, Huo Ye's figure flashed. He was rushing toward the Central Ruins.

Yuan Duyi and the others frowned in puzzlement. They glanced at each other and quickly followed suit.

Only Madam Leisure stood behind. She turned to Little Lan. "Let's go back."

Little Lan was taken aback and hurriedly said. "Yes, Master."

\*\*\*

"Everyone?" Somewhere in the ruins, Qin Wuji got up from the ground and spread his Spiritual Sense out, searching for Lei Feifei and the others.

The explosion earlier swept them away with no way to resist. Even Qin Wuji used all of his power. He could only block it for a few seconds.

Fortunately, he was still alive.

"Cough!" Lei Feifei broke out of a pile of sand and coughed violently.

Qin Wuji was relieved when he saw this. He quickly rushed over and helped her get up.

"What's going on?" Lei Feifei asked weakly.

Qin Wuji shook his head. He had speculation in his mind, but he didn't dare to say it out. With such an irresistible power, he was afraid that Yun Lintian, Master Bai, and Lei Zhenxiang would become nothingness by now.

Swoosh!

Mu Qiuxue shot out of the sand with Yun Qianxue, Lin Xinyao, and Han Bingling in her arms. Among them, she was arguably the strongest one. Before the explosion could reach them, she released all of her power to protect them, and because of that, no one suffered an injury in the end.

At the same time, Ren Mingzhu had also emerged from a pile of sand with Linlin and Qingqing. She looked around and said. "We need to go back."

Her heart was full of worries. Like Qin Wuji, she had a bad premonition that something must happen to Lei Zhenxiang.

Without waiting for the others, she rushed out with Linlin and Qingqing.

"Can you move?" Mu Qiuxue put the three women down and asked.

Yun Qianxue didn't say anything. Her last trace of profound energy burst out as she rushed toward Yun Lintian's position, followed by Han Bingling.

Seeing this, Mu Qiuxue picked Lin Xinyao up and followed suit.

Qin Wuji and Lei Feifei glanced at each other and hurriedly chased after them.

Meanwhile, Gu Xiao and the others didn't know what to do. They simply sat on the ground, staring at each other blankly.

"Hah...Hah... Cough!" At the center of the ruins, Yun Lintian fell on his knee and panted heavily before coughing out a mouthful of blood. The profound energy he got from The Earth had completely gone.

He felt like he had just been hit by a truck as his entire body ached to the point he couldn't move an inch.

"This place is not hell, right?" Master Bai, who had reverted back to his beast form, got up from the ground and said in surprise.

After being hit by the Boundless Desert Emperor and falling unconscious, he thought his life would be doomed. It seemed he was still alive.

On the side, Lei Zhenxiang had also woken up. He looked around in puzzlement and paused on Yun Lintian.

He quickly got up and arrived beside Yun Lintian, channeling his profound energy to help him recover.

"T...thank you." Yun Lintian said in difficulty.

"What about the enemy?" Lei Zhenxiang asked while spreading his Spiritual Sense out vigilantly.

"Gone... He detonated his profound vein." Yun Lintian replied.

An incredible expression appeared on Lei Zhenxiang's face. He wanted to ask further, but he held it back as Yun Lintian's current condition was not good.

"Lintian!" A while later, Yun Qianxue arrived at the scene and rushed to Yun Lintian's side. Upon seeing his miserable appearance, her heart ached as she hurriedly took a bottle of healing pills out and fed him.

Swoosh!

One after another. Han Bingling and the others had arrived, and all of them were stunned by the destructive scene. They couldn't imagine how Yun Lintian, Lei Zhenxiang, and Master Bai managed to survive.

"It's fine now." Yun Lintian said weakly.

"Don't speak." Yun Qianxue said while helping him digest the pills.

Mu Qixue glanced at the darkened sky still filled with Heaven Tribulation's might, and said. "The commotion is too huge. It should have alarmed the Blazing Sun Palace. We should leave now."

Hearing this, Ren Mingzhu quickly said. "My father is on the way. We can leave afterward."

As her voice fell, Ren Muyang and the others appeared in the sky above and quickly landed on the ground.

"Zhu'er, are you alright?" Ren Muyang quickly checked on his daughter and was relieved to see she was fine. "What's going on here?"

"Father, we can't stay here anymore. We will talk on the way." Ren Mingzhu hurriedly said.

"Alright." Ren Muyang frowned slightly. He quickly contacted the elders that were left behind in the village to bring his clansmen away.

"Wait a minute. I have already contacted my people. She will be here soon." Yun Lintian stopped everyone and looked at the sky. For some reason, he felt the Heaven Tribulation was waiting for him.

Because Yun Lintian had exhausted all of his profound energy. He had no energy left to make a further breakthrough. This made him stand at the half-step to the Monarch Profound Realm.

Perhaps the Heaven Tribulation was waiting for this...

Chapter 1109 Aftermath (2)

Yun Lintian was puzzled. From what he knew, no one had ever experienced the Heaven Tribulation when he stepped into the Monarch Profound Realm. Why would it aim at him? Was it because the Beyond Heaven King's power was too heaven-defying, and it wanted to eliminate him?

In fact, Yun Lintian wasn't surprised about this. He had experienced the Heaven Tribulation before and was certain it was aimed at him.

Thankfully, the Boundless Desert Emperor forced him to use all of his strength first. Otherwise, he would definitely break through to the Monarch Profound Realm in one fell swoop and possibly die under the Heaven Tribulation.

At the same time, he used this chance to reflect on himself. He admitted that he had underestimated the enemy greatly this time. One reason was that he wanted to increase his strength faster and forgot to do a proper investigation first.

Fortunately, no one ended up losing their life here. Otherwise, he would be extremely guilty.

"You are barely past this time." Hongyue's voice suddenly resounded. "If it wasn't for Bai Shi's interference, you would have been killed by now."

Yun Lintian didn't retort to her, as he was indeed wrong.

"However, it is understandable. The enemy this time is far stronger than anybody you have ever met. So, this cannot be counted as your fault entirely." Hongyue's voice softened a little. She had witnessed Yun Lintian struggling to survive and was satisfied with his strong will, even though he asked her for help at first.

Yun Lintian suddenly asked. "By the way, what is Earth Temple?"

"It's a middle-sized sect in the Divine Realm. Its strength is not that high, as you heard Bai Shi say. Their ancestor is only at the Divine King's level. However, they have a lot of branches and disciples all over the Divine Realm." Hongyue explained.

"This person must be arrived in this world by mistake and discovered an extraordinary power of The Earth. He chose to stay here, trying to absorb it." Hongyue said with a trace of contempt.

"Unfortunately, he had overestimated himself. How could the Beyond Heaven Relic be easily absorbed by unknown trash like him? That was why he waited for you to appear."

Yun Lintian immediately understood everything and couldn't help but think just how many people like him came to this world.

"There shouldn't be that many." Hongyue seemed to see through his thoughts. "Think about it. Do you think those people similar to him will let this place go?"

Yun Lintian subconsciously nodded in agreement. The Earth's power could be considered a top-notch treasure. If there were people like the Boundless Desert Emperor, why would they let him occupy it alone?

"It seems you need to investigate this matter. I really want to know how they could pass through the seal and come to this world." Hongyue added.

Speaking about the seal, Yun Lintian hesitated briefly and asked. "The one who created the seal is Qingxuan, right?"

Hongyue went silent for a while and sighed softly. "Yes... She used a portion of her Divine Soul to create a seal that prevents even a Divine Emperor from entering this world. Because of that, she loses a part of her memory."

"What is her true identity? And what is her relationship with the Beyond Heaven King?" Yun Lintian asked further. He had always been curious about this.

"Your guess is correct. She's a Primordial Azure Dragon God. As for the relationship between her and the previous Beyond Heaven King, you will eventually figure it out later. It's too complicated for me to tell you." Hongyue replied after going silent for a while.

Everything immediately clicked in Yun Lintian's mind. "So, Weilan Jian accidentally obtained her blood and somehow managed to refine it...."

"He is lucky," Hongyue snorted coldly. "I believe he uses some sort of artifact to suppress her blood and slowly refines it."

"Then, why doesn't she kill him?" Yun Lintian asked in puzzlement. As far as he knew, a dragon was a prideful and noble creature. No matter how he thought of it, it was impossible for Qingxuan to let someone who accidentally possessed her bloodline exist.

"You have to ask her yourself. I am curious as well." Hongyue didn't lie. She knew Qingxuan well. A prideful daughter of heaven like her couldn't possibly let a mortal sully her bloodline. There must be something behind this.

Yun Lintian frowned slightly and fell into deep thought.

At this moment, a black figure appeared in the sky behind a group of clouds, watching the scene below secretly. His entire figure was blended with the environment, making it difficult to detect.

He was no other than Black Sun, Yan Yaoting's right-handed man.

His eyes firmly fixated on Yun Lintian as a look of surprise appeared on his face. As his master had expected, this incident had something to do with Yun Lintian... But how did he avoid everyone's eyes and ears and appear here?

Just as he was puzzled, the Heavenly Cloud Profound Skyship suddenly appeared out of thin air not far away from him, startling him directly.

"Lintian." Yun Lingwei stood on the deck and waved her hand toward Yun Lintian.

"This..." Lei Zhenxiang and the others were stunned by the sudden appearance of the skyship. Each one of them here was a powerful practitioner, and their perception was strong. Still, this skyship silently appeared here without them knowing. How could they not be stunned?

"This is my skyship. Let's go." Yun Lintian got up from the ground with the help of Yun Qianxue and Han Bingling before floating into the air and landed on the skyship.

Lei Zhenxiang and the others glanced at each other briefly and quickly followed suit.

"Senior Ren, please tell your clansmen to stay in their position. We will go to them directly." Yun Lintian turned to look at Ren MUYANG and said.

"Alright." Ren MUYANG nodded and sent a message to his clansmen.

After confirming the position, the skyship entered stealth mode and disappeared from the sky.

Black Sun tried to use his Spiritual Sense to search for the skyship, but he ultimately failed. This made his expression grow heavy. With such a skyship, Yun Lintian could go anywhere in this world without being afraid of getting tracked. He must report this to his master.

"I know you are here, Black Sun. Come out." As Black Sun was about to leave, Huo Ye suddenly appeared in the sky and shouted loudly...

Chapter 1110 Grievance

"Why? Have you forgotten this younger brother of yours already?" Huo Yue shouted loudly, with a contemptuous smile on his face.

Black Sun stared at his younger brother, who he hadn't seen for so long, and sighed softly. He waved his hand and appeared in Huo Ye's sight.

Seeing this, Huo Ye laughed and said. "Yan Yaoting actually dared to send you here? Did he forget the pact we made?"

Black Sun responded calmly. "Of course, master is concerned about the Eastern Continent. Such a calamity might descend. It is normal to check it out."

"Heh. Concerning about the Eastern Continent? What bullshit are you spouting?" A trace of anger appeared on Huo Ye's face. His hatred toward Yan Yaoting was extremely intense.

Black Sun sighed and said. "I know it's hard for you to believe in master, but he genuinely cares about the Blazing Sun Palace and the Eastern Continent."

Huo Ye sneered. "You are saying a person who plotted against the rightful successor and even killed his siblings, who are innocent on this matter, cares about the Blazing Sun Palace? What kind of ecstatic drug are you on about?"

"That's not him...." Black Sun tried to explain, but he was interrupted by Huo Ye first.

"Shut up!" Huo Ye bellowed. "I am Huo Ye, a descendant of the Huo Clan that serves the Yan Clan and supports the rightful successor. I will never believe a bastard like him. It doesn't matter whether he has done it. In the end, he was the one who took advantage of it!"

He pointed his finger at Black Sun, whose real name was Huo Yang, and roared. "You have disgraced our ancestor and become a dog under his feet! A person like you doesn't deserve to use the sacred title Black Sun! Today, I will kill you on behalf of the Huo Clan."

His aura burst out, setting the entire sky with blazing flames. Countless firebirds emerged from the sea of flames and rushed toward Huo Yang, accompanied by screeching cries.

Huo Yang stared at his younger brother for a moment and sighed. He raised his hand, and the sun in the sky abruptly turned black, followed by a cluster of black flames penetrating the fiery sky.

The black flame cluster immediately swept all the firebirds about to hit him.

Huo Yang said softly. "You will understand one day."

As his voice fell, his figure blurred and disappeared from the place.

"Where are you going!?" Huo Ye roared furiously and transformed into a ray of flame, chasing after him.

In the far distance, Yun Lintian and the others looked at the sea of flame in the sky and wondered what had happened.

"This power... It should be someone from the Blazing Sun Palace." Lei Zhenxiang looked at the black sun and said with a serious expression.

Yun Lintian frowned slightly. If that was the case, Yan Yaoting might have known his whereabouts now. This wasn't something he wanted to see.

However, he couldn't do anything about it. After all, the commotion was too huge. It would be surprising if Yan Yaoting didn't do anything about it.

"The aura of this place is clearly declining. I'm afraid the desert will disappear sooner or later." Ren Muyang didn't care about the battle. He looked at the scenery below and frowned deeply.

He chose to come here because this place was suitable for him and his clan. With this, he had to find a new place, and he believed there was no better place than this on the Eastern Continent.

Yun Lintian seemed to see through Ren Muyang's thoughts. He quickly offered. "I have a suggestion, Senior Ren."

Ren Muyang looked at him and asked in doubt. "Oh? Tell me."

"As you know, I originated from the Northern Continent and built my place there. The aura there might be inferior to this place, but it won't be much different. At the same time, I won't say it's absolutely safe there, but it's definitely one of the safest places in the world right now." Yun Lintian explained. "So, I would like to invite Senior Ren and your clan to my place."

He turned to Lei Zhenxiang and said. "Of course, you're welcome, Brother Lei... We surely cannot stay here any longer. Yan Yaoting might sell our whereabouts to those people at any moment."

Lei Zhenxiang glanced at Lei Feifei and the others and saw no objection. He nodded and said. "Then I will have to trouble you."

"That's right, father. We should go there. I heard the sea over there isn't suffering much as our home." Ren Mingzhu quickly urged her father when she heard this.

Ren Muyang glanced at his daughter and Lei Zhenxiang briefly as if he saw something special between them.

He thought for a moment and said. "Alright. We will go there."

"That's great." Ren Mingzhu smiled happily and took a peek at Lei Zhenxiang. Even a fool could see she had a good feeling toward him.

However, Lei Zhenxiang, who had his heart broken not long ago, didn't want to care about this aspect. He had his mission to take back the Divine Thunder Palace that his father used his life to protect it. A woman would distract him at this point.

Meanwhile, Lei Feifei glanced at Ren Mingzhu and fell into deep thought. She was wondering how these two met. There was something that needed to be clarified on this matter.

"Are you going back?" Yun Qianxue asked Yun Lintian in doubt. According to the original plan, Yun Lintian would go to the Seven Swords Tomb next.

Yun Lintian nodded. "I want to break through to the Monarch Profound Realm first... In fact, I can start at any moment. However, it's better to make a proper preparation."

"Come to think of it. Your progress is surely abnormal." Ren Muyang seized Yun Lintian up and down as if he wanted to see something.

The last time they met before departing for the Central Ruins, Yun Lintian was only at the fifth level of the Saint Profound Realm, but now he had already reached the peak of the Saint Profound Realm... What kind of speed was that?

Yun Lintian smiled and said. "Senior will understand later."
