

Myth Beyond 1111

Chapter 1111 Blazing Sun

"So, it's him?" Yan Yaoting didn't seem surprised when he heard Huo Yang's report.

He tapped his finger on the table for a while and said. "With his vigilant nature, he will definitely leave here... I didn't expect that there would be such a powerful profound skyship in this world. Look like we have underestimated him again."

A profound skyship was commonly owned by powerful forces at the top of the world. This made Yan Yaoting subconsciously think Yun Lintian had no other means to travel. The truth was that everyone had been fooled by him.

"Have you found a clue?" Yan Yaoting asked.

Huo Yang, who had his clothes burnt, responded calmly. "I have confirmed that the Boundless Desert Emperor was gone. Not a single trace was left behind."

Yan Yaoting leaned back slightly. "He's really something."

He always believed Yun Lintian was someone accompanied by heavenly fortune, but it didn't seem to be the case now. This person's origin must be something more than an orphan who grew up in the Misty Cloud Sect.

Yan Yaoting glanced at the burnt part of Huo Yang's body and asked. "Your brother still didn't listen to you?"

A wry smile appeared on Huo Yang's face as he replied. "I'm sorry, master. It's my fault."

Yan Yaoting sighed and said. "No, it's my fault. If I could reveal the truth of the whole situation, you and your brother wouldn't have become like this...."

Huo Yang lowered his head and said solemnly. "Please don't blame yourself, master. In everyone's eyes, master might be a ruthless person, but to me, you are the most benevolent person in the world... If my brother knows what kind of suffering you have been through all this time, he will definitely regret it."

Yan Yaoting closed his eyes gently, and the unforgotten memory flashed through his eyes like a movie.

Before this, he was nothing but a descendant of the Yan Clan's collateral line. His life was destined to be a protector of the rightful successor, Yan Tingfeng, whom he respected as a big brother.

However, fate was unpredictable. On a fateful day, he and Yan Tingfeng went to the Seven Swords Tomb and fell into a trap. In the end, he was the one who survived and was entrusted by Yan Tingfeng to take over the Blazing Sun Palace, which was on the decline for ages.

With this mission on his mind, Yan Yaoting transformed himself into a ruthless person. He started killing those incompetent people and traitors that leeches the palace for years and revitalized everything, making the Blazing Sun Palace return to its glory day.

This was also the reason he was so obsessed with the Seven Swords Tomb. He wanted to avenge Yan Tingfeng.

At this moment, a servant knocked on the door and reported. "Palace Master, Young Master Yang comes to see you."

Yan Yaoting opened his eyes and all the emotions he showed earlier disappeared, replacing with calmness. "Come in."

The door opened, and Yang Chen walked into the room. He bowed his head slightly and said. "I have reached my bottleneck. I want to leave."

Yan Yaoting stared at Yang Chen for a while and asked. "Where do you want to go?"

Yang Chen raised his head slightly. His pair of eyes beneath the wooden mask flashed with a strange light as he said. "Southern Continent."

Yan Yaoting didn't seem to be surprised by this. He said calmly. "I won't stop you, but I must remind you of one thing. Do not mess with the Divine Phoenix Palace. Especially Nantian Fengyu."

"I know." Yang Chen replied nonchalantly.

Yan Yaoting glanced at Huo Yang and said. "Call the second elder over and let him accompany him."

"No need." Yang Chen quickly said.

Yan Yaoting's face cooled down slightly. "I know what you are planning to do. Do you really think I will let you go alone?"

Yang Chen went silent and said nothing more. His goal was obvious. He wanted to devour the legendary Phoenix flame.

"I don't care about what you did here, but once you mess with the Divine Phoenix Palace, it will become my matter." Yan Yaoting said coldly. "Of course, I don't care about your worthless life. What I care about is the Blazing Sun's inheritance inside your body. If it weren't for the fact that it couldn't be forced out, I would have killed you long ago."

Yang Chen's eyes flashed with killing intent but soon disappeared.

Yan Yaoting waved his hand. "Go."

Yang Chen turned around and left under Huo Yang's cold gaze.

Huo Yang turned to look at Yan Yaoting and asked. "Master, are we going to leave him like this?"

Yan Yaoting frowned slightly. "I haven't found a way to extract the inheritance yet... Seriously, I don't know why Ancestor chose him."

The moment Yang Chen appeared before him, Yan Yaoting immediately noticed the Blazing Sun's inheritance that had been lost for thousands of years inside his body. According to the records, it was Ancestor Yan Qi's power. Without a doubt, Yang Chen could be regarded as the rightful successor.

However, he had also discovered something unusual in Yang Chen's soul. It was as if he was possessed by a demon. Through the investigations, he finally found a clue and confirmed that Yang Chen was possessed by something called Flame Devil. It was no wonder he had nothing like the Yang Chen he had investigated.

"Maybe Yun Lintian knows something." Yan Yaoting said further.

"Should we find him?" Huo Yang asked.

Yan Yaoting shook his head. "No need. He will come to me sooner or later."

As he said this, he turned his head to look at the scenery outside and fell into deep thought.

"This place..." Ren Muyang and the others looked at the paradise-like scenery in front of them in amazement. They had never seen such a place before. Especially Ren Muyang, who had lived for thousands of years.

After traveling for a week, Yun Lintian's group finally returned to the Northern Continent and went straight to the Moon Garden.

The former Skymist Ancient City on the Moon Garden was pretty much empty, and only the Fire Cloud Rat Clan lived inside. Yun Lintian took this chance to recruit Ren Muyang's Blue Moon Whale Clan and arranged for them to live here.

"Feel free to stay here. If you want to ask something, you can go directly to Ruanyu." Yun Lintian said to everyone with a smile.

Chapter 1112 Buying

"Thank you." Ren MUYANG said sincerely. This place was several times better than his home, whether it was the environment or the richness of the profound energy.

As he finished speaking, a frown appeared on his face as he looked toward the east.

At this moment, Long Shen gradually walked over and greeted Yun Lintian. "Welcome back, Young Master Yun."

"Thank you for protecting them, Senior." Although Long Shen had sworn his loyalty to him, Yun Lintian didn't treat him as a subordinate. He still regarded him as a respected senior.

"This is my duty." Long Shen revealed a rare smile. He turned to look at Ren MUYANG and said. "You should be Brother Ren's son."

The strength of the person of him was unfathomable, startling Ren MUYANG for a moment. But when he heard this, his brows raised as he asked. "Senior, you know my father?"

Long Shen sighed softly. "Your father is a good brother of mine. We often traveled together back then."

He looked at Ren MUYANG and said further. "By the way, my name is Long Shen. I have seen you once, but you shouldn't have met me."

Ren MUYANG's pupils shrank slightly as he exclaimed. "You are Uncle Long?"

When he was young, his father often talked about Long Shen. However, because the Abyssal World's invasion incident had occurred first and his father lost his life in order to protect the clan, he didn't have the chance to bring Ren MUYANG to visit Long Shen.

"You're really similar to your father. Especially your talent." Long Shen sighed in gratitude. "He must be happy if he knew that his son is capable."

Ren MUYANG lowered his head slightly.

Long Shen patted Ren MUYANG's shoulder and said. "Go. Settle your family first, and we will talk about it later."

Ren MUYANG nodded and brought his people away.

Watching Ren MUYANG disappear from sight, Long Shen glanced at the sky and said calmly. "Come down."

Under everyone's puzzled gaze, Sunmoon Saint Lord, Crimson Sword Saint, and Mystic Saintess emerged from behind the clouds and landed on the Moon Garden.

"These are...?" Yun Lintian looked at them in doubt. Judging from their aura, they were at the peak of the Divine Ascending Tribulation Realm. Who were they?

"Greetings, Young Master Yun. My name is Hua Xiaohui. You can call me by my name directly." Mystic Saintess, Hua Xiaohui, stepped forward and said softly.

She opened her palm toward the other two beside her. "This is Sunmoon Saint Lord Ye Huashan. And this is Crimson Sword Saint Yang Wenrui. We were fooled by Xing Tengfei and Weilan Jian to come here. Please forgive us for offending you."

"Oh..." Yun Lintian immediately recalled the report he got from Yun Meilan. He nodded slightly and said. "Since you have sworn your loyalty to Senior Long, you can stay here."

He wasn't afraid that they would betray him. On the contrary, he needed powerhouses like them to stay here. With Long Shen, Lu Bo, Ren MUYANG, and these three, it could be said this place was the safest place in the world.

"Thank you, Young Master Yun. If Young Master Yun wants us to do something, please feel free to call us." Hua Xiaohui smiled faintly.

Yun Lintian suddenly thought of something and asked. "You three must be the experts that chose to stay behind from the past incident, right? Do you know how many people like you out there?"

Sunmoon Saint Lord Ye Huashan quickly replied. "From what we know, there are around fifty people like us hiding around the world. More than half of them work under Xing Tengfei and Weilan Jian."

Yun Lintian nodded slightly and asked further. "Is there anyone hiding on this continent?"

Ye Huashan shook his head. "Young Master Yun might not know this. People like us still need a good environment to maintain our strength. The Northern Continent in the past had the worst environment out of all."

"I see." Yun Lintian immediately understood. Except for Han Xue, who had lived in a special place like the Eternal Frozen Cave, nobody wanted to stay in this barren place.

"I'm curious. How did Xing Tengfei and Weilan Jian manage to control all of you?" He asked further.

The three glanced at each other, and Yang Wenrui replied. "After staying in this world for too long, some of us gradually died one after another. As you know, not everyone can calmly accept such a fate and wait for our lifespans to come to an end. The only way to survive is to go to another world and make a breakthrough, stepping into the Divine Path."

"I guess you know that both of them control the passage toward the Abyssal World. They asked us to work for them in exchange for an opportunity to go to another world."

A strange light flashed through Yun Lintian's eyes when he heard this. He looked at them and asked. "Do you know anyone about to reach the end of their lifespan?"

Yang Wenrui was puzzled. "I have a friend who's similar to me in terms of strength, but he only has two years left."

"I also know a few people." Hua Xiaohui added.

"Me too." Ye Huashan nodded.

"What if I can extend their lifespan for another two hundred years? Are they willing to work for me?" Yun Lintian asked calmly.

The three were stunned for a moment, and Hua Xiaohui seemed to think of something. "Tree of Life!"

When she spoke this, Ye Huashan and Yang Wenrui's eyes lit up instantly. They stared at Yun Lintian, waiting for his explanation.

Yun Lintian nodded and opened his hand. Three Fruits of Immortality appeared on it.

"Take it. This is a welcome gift." He said and waved his hand, sending the fruits to the three.

Hua Xiaohui, Yang Wenrui, and Ye Huashan stared at the beautiful fruits in their hands attentively. They could feel the abundant vitality in it.

Without hesitation, Hua Xiaohui quickly swallowed it in one go. The next moment, her appearance went through a huge transformation. From an old woman to a young girl in her twenties. This scene immediately stunned Yang Wenrui and Ye Huashan.

Immediately, the two stuffed the fruits into their mouths. Soon, their appearances had reverted to their youth, and their lifespan had also increased.

Yun Lintian smiled faintly and asked. "Do you think this can buy them?"

"Definitely!" The three replied in unison.

"Very good. Please bring those with a few years left over." Yun Lintian said.

Chapter 1113 Warden Of The Universe

After sending Hua Xiaohui, Ye Huashan, and Yang Wenrui away, Yun Lintian returned to his newly built residence beside the waterfall. This place was designed and constructed by Yun Lingwei, reserved for him alone.

Sitting on the bed, Yun Lintian closed his eyes and asked. "Hongyue, why would heaven tribulation come to me so soon?"

"Simple. The Beyond Heaven King's power is something that breaks the balance of the universe. It shouldn't have existed, to begin with." Hongyue explained. "You have to understand that heaven itself can't even control all the basic elements."

"You can think of heaven as a warden of the universe. Its duty is to control the balance of the universe. Anything that could break the balance must be eliminated.

"Naturally, a practitioner itself is an existence that defies heaven... You might find it surprising that after the Primordial Era ended, humans and beasts returned to the primitive era where they couldn't even take a single step into the profound path. They kept getting eliminated by heaven tribulation time after time."

"However, as time passed, more and more practitioners were born. Some of them were fortunate enough to obtain inheritances from the Primordial Era. That included God's legacy. With that, they gradually adapted and rose in power step by step to the point they could overcome heaven tribulation and became what it was today."

Yun Lintian frowned and asked. "But those so-called Gods clearly stood above heaven. How did they become a god in the first place?"

"No one knows," Hongyue replied calmly. "There are many speculations about it. Some said there was an ancient god called the Primordial God of Creation, who was born out of nothingness, along with the universe."

"Maybe he was too lonely. He later created thirteen gods to accompany him. However, the existence of these gods broke the balance and made the universe collapse."

"At that moment, he had two ways to choose. The first was to kill all the thirteen gods he had just created, and the second was to use his power to stabilize the balance."

"He chose the second one... Why?" Yun Lintian naturally knew the answer, as he had heard about the Primordial Wars from Lauya. What he was surprised about was that the Primordial God of Creation actually chose to sacrifice himself instead.

"Who knows? Perhaps he thought of them as his children, and he couldn't make up his mind to kill them." Hongyue shrugged.

Yun Lintian sighed softly. "If he knew that his 'children' later fought each other and almost broke the universe, he spent his life to stabilize it. I don't know how he would feel."

He paused for a moment and said further. "Thanks to Timeless God. Without him, we wouldn't be here and talk like this."

According to Lauya, the Timeless God was the one who stayed neutral and sacrificed himself just like his "father" to fix everything that suffered from the Primordial Wars. It could be said he was the benefactor of all living beings.

"..." Hongyue didn't express any opinion about this.

"Anyway, can I use The Earth's power to resist heaven tribulation?" Yun Lintian changed the topic.

"Of course, you can. But if you use too much, it would provoke more power from it. So, be careful."
Hongyue replied.

"This is really troublesome." Yun Lintian muttered annoyingly.

He stuffed a handful of energy-regulating pills into his mouth and began to adjust his condition. His goal today was to break through to the Monarch Profound Realm.

Inside a beautiful courtyard not far away from Yun Lintian's residence, Lin Xinyao was sitting inside a white marble pavilion, looking at a flowerbed nearby calmly.

"How long are you going to hide it from him?" On the side, Mumu, who was drinking the spirit tea, asked.

Lin Xinyao replied. "I don't know... I don't know if it's a good idea to tell him now."

Mumu rolled her eyes as she said. "Humans are really complicated."

"Think about it. If he knows the truth, do you think he will still crave power?" Lin Xinyao said further. "I know him more than anyone else here. He, in fact, is not an ambitious person, but once he sets his goal, he will do everything to achieve it."

She turned to look at Mumu and said further. "Tell me, what will happen if he knows the truth?"

Mumu immediately went silent upon hearing this.

"You shouldn't tell him at the moment." Suddenly, Yun Qianxue's voice resounded, and her figure appeared in the pavilion.

She looked at Lin Xinyao and said further. "As you said, he's someone who prefers a leisurely life more than fighting every day. However, to achieve that life, he needs absolute power, and his current state is very good. You, who accompanied him in the past life, should have experienced it before."

Lin Xinyao's eyes glowed with a mysterious purple light as she looked at Yun Qianxue. "Did you dream as well?"

Yun Qianxue stared straight into Lin Xinyao's eyes and said calmly. "We're the same."

The two stared at each other for a long time, leaving Mumu dumbfounded on the side.

Mumu looked at Yun Qianxue deeply and lamented in her heart... Hah. What kind of fate is this?

"Eh, you're here as well?" At this moment, Han Bingling walked into the garden and looked at Yun Qianxue in surprise.

She stepped into the pavilion and sat down opposite Lin Xinyao. "What are you two talking about?"

"It's nothing, master. We are thinking about going back to the Eternal Frozen Cave." Lin Xinyao said with a faint smile.

"Well... I have a better place for you. Why don't you come with me to see Lintian?" Han Bingling thought of bringing Lin Xinyao into the Land of Beyond Heaven.

"A better place?" Lin Xinyao was slightly puzzled, but she seemed to think of something. During this period, she had witnessed people come and go magically around Yun Lintian, but since he didn't tell her, she didn't dare to ask it... Could it be something about this?

"Come with me." Han Bingling said and grabbed Lin Xinyao's hand, dragging her toward Yun Lintian's residence with Mumu and Yun Qianxue following behind...

Chapter 1114 Memory

"I want to bring her in." Han Bingling said while leisurely sipping the spirit tea.

Yun Lintian's brows raised slightly as he turned to look at Lin Xinyao. Since she lost her memory, their relationship seemed to stand still. Although he wanted to know why she put her life on the line for him, he didn't think it was appropriate to ask her.

He thought for a moment and waved his hand. The Gate of Beyond Heaven immediately appeared beside him. "You can bring her in. I will prepare for my breakthrough."

"Alright. Let's go." Han Bingling stood up and dragged Lin Xinyao, who was looking at the gate in a daze, into the Land of Beyond Heaven, followed by Mumu.

The paradise-like scenery immediately greeted them. Lin Xinyao looked at everything in front of her in shock. What attracted her the most was the villa in the distance. The past memory instantly appeared in her mind as she had been to this villa before.

"This place..." Lin Xinyao muttered in a daze.

"This is where we live during this period. It's called the land of beyond heaven." Han Bingling introduced. "The profound energy in this place is several times better than anywhere in the world. You can stay here and practice at ease."

"You are here." At this moment, Hongyue's voice rang out, causing Lin Xinyao to startle for a moment.

Hearing this, Han Bingling was certain that Lin Xinyao had met Hongyue before inside the Frozen Moon Mythical Realm. She immediately brought her to the villa where Hongyue and Lauya were living in.

Lin Xinyao looked at the familiar interior and couldn't help wondering what had happened to Yun Lintian and how he had come to this world with this villa.

When she arrived in the living room and saw Hongyue, Lin Xinyao quickly greeted her. "Greetings, Princess Hongyue."

Hongyue waved her hand and beckoned her to sit down. "Your strength has improved a lot since we met last time. However, your foundation is weak. I will personally guide you later."

"Thank you." Lin Xinyao said with a smile. She looked at the stair and asked. "Can I take a look at the second floor?"

Hongyue took a deep look at her and said. "This place is not mine. You can do whatever you like."

Lin Xinyao didn't say anything and walked to the second floor under Han Bingling's doubtful gaze.

"Why do I feel she's extremely familiar with this place?" Han Bingling muttered to herself.

Hearing this, Hongyue smiled and offered no explanation.

Inside Yun Lintian's bedroom, Lin Xinyao looked at everything that seemed to be frozen by time with misty eyes. The memory she had tried to suppress for all this time poured into her mind like a movie.

A while later, she walked toward the closet and opened it. She gently put Yun Lintian's neatly arranged clothes to the side, revealing a small safe box.

Without hesitation, she calmly inputted the password, and the box was opened immediately after. If Yun Lintian saw this scene, he would be shocked to the core because only two people knew the password. It was him and... Xia Yao.

Inside the box was an old album with the words 'Yaoyao and Me' on the cover.

Lin Xinyao's hand trembled slightly as she picked it up. She caressed it gently before opening it.

Pictures of the young Xia Yao and Yun Lintian were revealed before her eyes. She slowly looked at them and subconsciously smiled. It was a smile of happiness that she had never shown it before.

Lin Xinyao was immersed in the nostalgic memory without knowing that Han Bingling was standing by the door, watching her in surprise.

Could she be...? Han Bingling's thoughts became complicated. Lin Xinyao's actions from the moment she used her life to protect Yun Lintian to the one in front of her had proven that she genuinely knew him for a long time... But how could it be possible?

"Do you believe in reincarnation?" Suddenly, Yun Qianxue's voice resounded in Han Bingling's mind as she appeared in the corridor.

Han Bingling turned to look at her and asked in puzzlement. "Reincarnation?... You mean...?"

Yun Qianxue nodded slightly. "She is his past lover... The most important woman in his life."

Han Bingling trembled. Her mouth opened wide as she was shocked beyond words. She, of course, knew the concept of reincarnation, but there was no proof it was real. This made her always think it was only just a concept.

"Let's go. Leave her alone." Yun Qianxue said and turned around. She paused and added. "Don't tell him this. He should not be distracted by anything right now."

Han Bingling stood in the place for a while and glanced at Lin Xinyao briefly before walking away. Her mind was filled with countless unanswerable questions. She had to calm down first and think about it later.

"Everything is ready." Long Shen, Tang Suyin, and Lu Bo checked on the protective formation they had specially set up according to Yun Lintian's guidance. They said to Yun Lintian, who was standing at the center of the formation.

Although they didn't understand why Yun Lintian did this, they believed there must be a good reason behind it.

"Activate!" Yun Lintian nodded gently and quickly activated the formation.

With a buzz, a thick golden barrier immediately appeared above him. It was so sturdy and powerful that Long Shen would need to attack it a few times at his full power to break it.

Yun Lintian took a deep breath and let go of the power he had deliberately suppressed during this period.

His aura gradually climbed to its peak, and a muffled bang could be heard inside his body.

The next moment, Yun Lintian's aura filled the entire space, producing strong wind.

"What a terrifying aura! If I hadn't seen it with my own eyes, I would think he was already in the same realm as me." Lu Bo looked at Yun Lintian in amazement.

Yun Lintian's aura was clearly at the peak of the Saint Profound Realm, but it was so powerful that it made him think he was already at the peak of the Divine Ascending Tribulation Realm.

Rumble—

Suddenly, the sky trembled, and dark clouds gathered. The aura of Heaven Tribulation gradually brewed up, causing the expressions of Long Shen, Lu Bo, and Tang Suyin to change drastically...

Chapter 1115 Monarch Profound Realm (1)

The three of them were naturally familiar with this aura. However, they didn't understand why the Heaven Tribulation appeared here.

"This... what's going on?" Lu Bo was puzzled. Yun Lintian was supposed to break through to the Monarch Profound Realm, not the Divine Ascending Tribulation Realm. Technically, there shouldn't be any Heaven Tribulation.

"His talent isn't something we can comprehend. Perhaps his existence poses a threat to heaven." Long Shen said with a trace of admiration.

Yun Lintian still closed his eyes and concentrated on guiding the energy properly within his body. His entire being seemed to shroud with divine might, making him appear sacred in the three's eyes.

BOOM!

At this moment, several thick lightning bolts abruptly descended, hitting the barrier violently. A crack could be seen in the barrier, causing the expressions of Long Shen and the other two to change drastically.

Immediately, they got into position and used their power to enhance the barrier.

Boom! Boom! Boom!

One after another. The lightning bolts continued to descend upon the barrier. This scene immediately alarmed everyone within a thousand-kilometer radius.

"Ugh!" Tang Suyin spat a mouthful of blood as she suffered from the heavenly might carried by the lightning bolts.

"Miss, you can leave first." Lu Bo looked at her worriedly.

Tang Suyin shook her head and said. "I can hold on for a while."

"Be careful!" Long Shen suddenly shouted as he saw lightning dragons break out of the sky and shoot toward the barrier. This was the first time he saw such a heavenly tribulation.

Without hesitation, his aura burst out, and a golden dragon image appeared behind him, sending a powerful wave of energy toward the incoming lightning dragons.

Roar—

A deafening dragon's cry filled the air, and the lightning dragons immediately broke Long Shen's attack, going straight to the barrier.

BOOM!

Long Shen, Lu Bo, and Tang Suyin were sent flying instantly as the formation shattered directly by the lightning dragons. Their expressions turned grave as they looked at Yun Lintian worriedly.

The lightning dragons opened their mouths wide, intending to swallow Yun Lintian alive.

"Young Master Yun!" Long Shen cried out in alarm and was about to rush forward. Suddenly, Yun Lintian opened his eyes, and purple lightning sparks could be seen on them.

"Disperse!" He roared, and the lightning dragons froze midair before scattering away, turning into lightning sparks that lost their luster.

Long Shen and the other two were relieved when they saw this scene. However, their expressions changed once again when they saw the sky tremble as if the Heaven Tribulation was angry.

Rumble—

This time, more than a hundred lightning dragons and pythons emerged from behind the black clouds, pouring down upon Yun Lintian. This scene immediately scared everyone. Even Long Shen's face had turned ghastly pale. For the first time in his life that he was overwhelmed by the fear in his heart.

Nevertheless, he suppressed his fear and wanted to rush forward, trying to protect Yun Lintian. However, he heard Yun Lintian say first.

"All of you, retreat." Yun Lintian said calmly.

Seeing his calm expression, Long Shen and the other two glanced at each other before withdrawing from the scene.

Yun Lintian raised his head to look at the incoming lightning creature army with a trace of solemnness in the depths of his eyes.

He raised his hand slightly, and the Heaven Piercing Sword appeared in his palm.

"Kill!" Yun Lintian roared, and the sword vibrated sharply, releasing an ear-piercing cry that was not inferior to the thunder's roarings.

A ray of golden light instantly shot toward the sky, killing all the lightning dragons and pythons on its path. The black clouds dispersed directly.

BOOM—

Without warning, monstrous waves of lightning energy burst out of the sky like a raging tide and poured down upon everything below, with Yun Lintian at the center.

Yun Lintian's expression changed drastically... What the hell was going on? Was the Heaven Tribulation detonated itself?

However, he didn't have time to think about it. The Beyond Heaven King's Crown instantly appeared on his head. The Earth symbol on his Origin Core shone brightly as he released everything he had in one fell swoop.

In that instant, the ground shook violently, and a sky-shrouding wall of earth protruded from it, transforming into a giant dome to cover the Moon Garden.

BOOOOOOM—

The tide of lightning energy collided fiercely with the earth dome, creating several cracks in it. In contrast, the dome struggled hard to recover.

"Ahh!" Yun Lintian let out a painful groan as if his soul had been pierced by ten thousand knives.

It seemed as if ten million huge beasts from the abyss were roaring within his body. Every drop of his blood, every one of his meridians, and each of his cells were thoroughly filled with extremely violent energy.

"Concentrate on your energy circulation! Try to absorb the divine power as much as possible." Hongyue's voice suddenly resounded in his mind.

Hearing this, Yun Lintian desperately attempted to use his profound energy to draw the divine might that came with the energy tide, but it was like an ant trying to shake a tree.

However, his will to survive was as strong as before. He gritted his teeth and let out a roar to ease his pain while madly absorbing the divine power.

A raging current of divine power plunged into his body and traveled through his vein to every corner of his body. At this moment, he felt as though his entire body was about to break apart.

His face became deathly pale and his whole body was heavily drenched in his own blood that seeped out of his pores.

Inside his body, his Origin Core spun crazily, digesting the divine power and changing it into Yun Lintian's power. At the same time, all the symbols of the Beyond Heaven Relics shone brightly, releasing their power to transform the profound vein.

Yun Lintian didn't have time to look at what happened inside his body as he concentrated on absorbing the divine power. If he looked at it, he would see his Beyond Heaven Profound Vein begin to change. It had expanded almost two times from before, allowing his profound energy to run smoother.

Time continued to pass. Yun Lintian stayed in this state for five hours before the energy tide began to wear out and slowly dissipated afterward.

Bang!

Suddenly, an explosion rang out inside Yun Lintian's body and all the profound energy nearby madly flew toward him... This was the sign of a breakthrough!

Chapter 1116 Monarch Profound Realm (2)

Swoosh!

It was as if all the profound energy within a thousand kilometers had gathered in this place. It formed a giant energy vortex around Yun Lintian while he madly absorbed it into his body.

At this moment, he looked into his body and saw his profound vein continue to expand until it reached its limit. By roughly calculating, he was certain his profound vein was at least twenty times bigger and tougher than an ordinary monarch.

He absorbed the profound energy for another hour before everything returned to its original calm. Yun Lintian opened his eyes, and a divine might could be seen flashing in the depths of his eyes.

He slowly clenched his fists, trying to grasp the newly gained strength. His perception had become several times sharper. It was as if he had been living in a cramped and narrow house before, and now he had moved to a huge villa.

He subconsciously spread his Spiritual Sense out. It immediately reached the Profound Sky Divine City that had been rebuilt a thousand kilometers away with no problem.

"So this is a monarch power." Yun Lintian muttered to himself in surprise.

Compared with the Saint Profound Realm, the Monarch Profound Realm was on a whole new level. He was confident that if he had to fight the Boundless Desert Emperor again, he could definitely put up a good fight, not one-sided like before.

"Congratulations, Young Master Yun." Long Shen, Lu Bo, and Tang Suyin walked over with smiles on their faces. At the same time, they could feel a threat coming from him. Without a doubt, the current Yun Lintian could fight the Divine Ascending Tribulation Realm's experts without losing.

"Thank you for helping me." Yun Lintian smiled at them and said sincerely. Without them, he might be unable to resist the Heaven Tribulation.

"We didn't do anything much." Tang Suyin shook her head gently. "You should take a rest first and try to consolidate your strength later."

"Alright." Yun Lintian nodded and went back to his room.

Inside a mythical realm filled with forests and mountains, Weilan Tian crushed the wound on his chest, trying to stop the bleeding while running along the forest. His face was deathly pale, and his aura was extremely weak. It seemed he couldn't hold for long.

"Do you think you can run from us!?" A male voice resounded behind, causing Weilan Tian's expression to turn grave.

At this moment, a group of six people was chasing after Weilan Tian at lightning speed. Each one of them possessed a strong killing intent. Obviously, their goal was to kill Weilan Tian.

Weilan Tian's mind spun rapidly, searching for a way to get out of this predicament. He didn't know what happened. After entering the Dragon's Offering Mythical Realm, everyone seemed to have an agreement to kill him beforehand. Even though he was strong, anyone who could enter this place was naturally talented. It was impossible for him to fight all of them alone.

Suddenly, Weilan Tian caught a glimpse of a cliff ahead, causing his face to turn ashen... Looks like heaven doesn't want me to live.

He wanted to change the direction, but he knew it was impossible now.

"Hahaha! Where are you going to run to this time?" The group of six people, led by a handsome young man named Weilan Quan, caught up to Weilan Tian. They spread out, cornering Weilan Tian to the cliff.

Knowing that he couldn't run further, Weilan Tian glanced at the raging river a few kilometers below before turning around to face them.

He took a deep breath to suppress the pain in his chest and asked. "Why?"

Weilan Quan and his group glanced at each other and burst into laughter. "You want to know?"

Weilan Quan chuckled. "Well, you will die here anyway. It will be a pity if you don't know the truth."

He paused for a moment and said. "It's the Grand Ancestor's order."

Weilan Tian's pupils shrank upon hearing this. He seemed to guess one or two things about why Weilan Jian wanted to kill him.

"Who let you be disobedient lately?" Weilan Quan sneered.

Weilan Tian let out a long breath. The fog that crowded his mind for all this time dissipated completely.

His eyes became determined as he had made the biggest decision in his life: to cut ties with the Azure Palace if he could survive this calamity.

"Capture him!" Weilan Quan didn't want to wait any further. As long as he could capture Weilan Tian and personally behead him, he would gain a lot of rewards later.

The five people around him quickly rushed toward Weilan Tian. However, before they could reach him, Weilan Tian suddenly turned around and jumped out off the cliff resolutely. This scene instantly caught everyone off-guard.

Weilan Quan's expression changed drastically. It wasn't that he didn't guess about this, but Weilan Tian was the most talented person in the younger generation, after all. Even if he wanted to prevent him from jumping, his strength was insufficient to do so.

His figure quickly arrived at the edge of the cliff, watching Weilan Tian's figure falling down and hitting the river, disappearing from his sight.

"Damn it!" Weilan Quan cursed furiously.

He turned to look at his people and said. "Let's go down. His injury is not light. It's unlikely that he can hold on further."

Everyone nodded and quickly jumped out, slowly floating down to the river and spreading their Spiritual Sense, searching for Weilan Tian.

However, no matter how hard they tried, they couldn't even find a single clue about him. It was as if he had disappeared from the mythical realm.

Weilan Quan was so angry, but there was nothing he could do now. He had just missed the best opportunity to rise in rank.

"Search further!" He could only say this and continued to search for Weilan Tian.

"Where is this place...?" Weilan Tian didn't know how long he had been unconscious. When he woke up, he found himself lying in a cave filled with azure-colored stones.

He glanced at the wound on his chest and discovered it had long stopped bleeding. It was really bizarre...

Chapter 1117 Azure Dragon

Weilan Tian gradually calmed down and got up from the ground. He looked around and found the entrance that was blocked by a curtain of water behind him. More precisely, the water was blocked by an invisible wall, preventing it from entering the cave.

This scene startled him for a moment.

"This should be under the river?" Weilan Tian muttered to himself in doubt and reached his hand out to touch the water wall. He then discovered that his hand could penetrate it with no problem, which meant he could leave here if he wished. Perhaps he floated along with the current and accidentally arrived here.

Since the retreat route wasn't blocked, Weilan Tian decided to check this cave out. He used his Spiritual Sense to probe the dark path ahead and found nothing suspicious except a plain and cold passage.

Without thinking further, he took a step forward, walking along the path cautiously.

The further he went in, the weirder he felt in his heart. For some reason, he felt as though something was calling him from the end of the passage. This feeling made him raise his guard. At the same time, he was unable to resist the curiosity in his heart.

Soon, Weilan Tian arrived at a spacious space with a huge Azure Dragon statue in the middle. It was imposing and majestic to the point he wanted to kneel down in front of it.

Moreover, he had confirmed that the strange feeling he felt was clearly coming from this statue... What was this place?

While Weilan Tian was thinking, the eyes of the dragon suddenly lit up with azure-colored light, and an ancient voice sounded. "Welcome, a descendant of my Primordial Azure Dragon Clan."

Weilan Tian was shocked and hurriedly knelt down. "Junior Weilan Tian pays respect to Lord Azure Dragon."

The pair of gigantic eyes stared at Weilan Tian for a while and said. "You don't have to be nervous. I am a mere wisp of a residual soul left behind by the Primordial Azure Dragon that watches over this trial ground."

"Since I created this place, you are the first one to arrive here. Although you're a mortal that inherits my Primordial Azure Dragon God's bloodline, you're qualified to take the trial."

"If you are able to pass through the trial I left behind, I can grant you a droplet of Azure Dragon Origin Blood and let you become the real dragon. Are you willing?"

Weilan Tian's eyes shone with hope as he replied firmly. "I am willing."

"Very good. However, before starting, I have to remind you of one thing the consequence of the failing is death. Are you sure that you still want to take it?" The aged voice resounded.

Weilan Tian smiled when he heard this. He had almost died once. What was there to be afraid of?

He nodded and said firmly. "I am willing!"

The gigantic eyes fixated on Weilan Tian for a long while, and the aged voice resounded. "Let's start."

Suddenly, an azure spatial rift appeared before Weilan Tian. He then took a step into it after taking a deep breath and disappeared from the place, along with the rift.

Silence blanketed the space for a long while, and the aged voice could be heard talking to himself. "Strange. How did my bloodline appear here? Moreover, he isn't the Beyond Heaven King's successor... Could it be something happened to her?"

The voice was shaking slightly when he spoke the latter part. It could be seen that this wisp of residual soul was worried about someone.

On the Moon Garden, Yun Lintian started consolidating his power by having a sparring match with Long Shen. Although Long Shen wasn't as strong as Yun Xia, he was undoubtedly one of the strongest in this Azure World.

Boom!

Yun Lintian was forced to retreat after receiving Long Shen's powerful kick. His arms which were used to block the kick went numb instantly.

Long Shen looked at Yun Lintian with admiration. He used thirty percent of his strength on this kick, yet Yun Lintian could actually take it at ease without suffering any injury. This startled him, who inherited the Golden Dragon bloodline, for a moment. If it was any ordinary monarch, his arms would be broken by now.

Yun Lintian shook his arms to get rid of the numbness and said. "Looks like my physique has yet comparable to the Divine Ascending Tribulation Realm expert's."

He took a deep breath, and his profound energy gradually condensed on his hand. "Next, let's test the profound strength."

Long Shen stood calmly and said. "Come."

"Be careful. I will go full force." Yun Lintian took a step forward, and his figure immediately arrived before Long Shen. At the same time, he didn't hesitate to launch the Dragon Fist with everything he had.

The space between them distorted violently as Yun Lintian's entire arm morphed into a huge fire dragon.

Long Shen's expression turned solemn. He didn't dare to be careless and released more than eighty percent of his power to block the incoming fist.

BOOOOM!

The cluster fire dragon shot toward Long Shen, who was opening his palm, welcoming it. With a loud boom that immediately shattered the protective barrier around the place, Long Shen was forced to retreat several steps before the moment tum of Yun Lintian's attack subsided.

His sleeves were burnt to his shoulder, and his arm bent in a strange shape. Obviously, his bone was broken.

Long Shen's forehead was covered with sweat. This was the first time in several centuries that he faced such an intense attack.

However, he didn't seem to be in pain at all. On the contrary, the admiration in his eyes grew further as he looked at Yun Lintian.

Yun Lintian retracted his fist while panting heavily. He glanced at Long Shen's broken arm and said apologetically. "I'm sorry, senior. Please wait a minute. I will heal you."

As he spoke, he quickly stuffed a handful of energy-recovering pills into his mouth and sat on the ground, trying to regenerate his profound energy.

Long Shen laughed and said. "It's not a big deal... Judging from this, your strength could be compared to any high level of the Divine Ascending Tribulation Realm's powerhouses. I believe those middle-level ones are not a threat to you now."

Chapter 1118 Scent Of Plot

Yun Lintian nodded and raised his hand, sending out a few vines to wrap around Long Shen's broken arm and heal him.

Long Shen looked at his arm, which had returned to its original state in amazement. Although he knew Yun Lintian possessed the legendary Tree of Life, it didn't prevent him from being amazed by its exaggerated power. It could be said as long as you didn't get minced into meat paste, you would certainly recover.

"Senior, how's the situation over there?" Yun Lintian retracted the vines and asked.

Long Shen replied. "According to Ying'er, the Star Gazing Palace has gone silent for some reason. It is still under investigation right now. As for the Azure Palace, they are busy with the Dragon's Offerings ceremony."

"I see." Yun Lintian touched his chin, pondering over his next step.

He had two choices currently. One was to go to the Golden Mountain, and another one was going back to the Eastern Continent to investigate the Seven Swords Tomb. From the current situation, the first choice benefited him the most, but he was sure whether he would be targeted by Xing Chen again.

Naturally, he was confident about dealing with Xing Chen now, but it was too troublesome to drag him out of the shadow. If Xing Chen knew his current strength, he would definitely stay in the dark even more.

Long Shen said further. "Meanwhile, there are some movements from the Western Continent. I'm afraid they are about to launch another invasion soon. The problem is that we cannot confirm their target."

Yun Lintian nodded slowly. He was also helpless about this. The Poison Valley was too good to hide their movement. Even his Cloud Shadow team couldn't even find a single clue about them after the last invasion on the Northern Continent. Unless he personally went to the Endless Sea by himself.

"Lintian. Look at this." Suddenly, Han Bingling flew over and landed beside Yun Lintian before handing a small tablet to him.

During this period, Han Bingling returned to the Frozen Moon Palace to arrange things after a long absence. However, not long ago, an envoy of the Star Gazing Palace had arrived at the Frozen Moon Palace and gave this tablet to her.

"Hmm?" Yun Lintian looked at the tablet and frowned deeply.

The content on the tablet was an invitation to the Azure Alliance Conference issued by Xing Tengfei and Weilan Jian. It stated that they had discovered a movement of the Poison Valley, and it posed a threat to every living being in this world. Hence, they wanted to establish an alliance to resist it.

Long Shen walked over and looked at the content of the tablet with a frown between his brows. "This is obviously a trap."

Han Bingling nodded. "The problem is that if I don't participate in it, they are likely to use this excuse to condemn my Frozen Moon Palace."

"It's so funny. They didn't even care about the Northern Continent back then. Now, they want us to join them. Heh." Yun Lintian laughed coldly.

He pointed at the name on the tablet and said. "And what about this Sky Throne Profound Academy? They are finally showing their head after hiding like a tortoise all this time?"

Yun Lintian didn't forget about Principal Tian, who sacrificed himself to protect this place. He had always been grateful to him and looked for a chance to clean up the Sky Throne Profound Academy's headquarters according to his wish. It was just that he was plotted against by Xing Chen first and was forced to leave the Central Continent.

"We have been invited too." At this moment, Lin Canghai slowly descended from the sky and landed not far away from him while showing the tablet.

"Senior, too?" Yun Lintian was surprised.

It was true that the Lin Clan was a prestigious clan, but it wasn't on the level to be regarded as a first-rate clan. To get invited like this, Xing Tengfei and Weilan Jian clearly wanted to clean the Lin Clan along with Yun Lintian's group. If their plan succeeded, there won't be any force that could resist their reign here.

"Lintian, someone who claimed to be an envoy of the Star Gazing Palace wants to see you." At this moment, Yun Ruanyu flew over and said.

Yun Lintian's brows raised slightly, and he said. "Let's go."

He flew down from the Moon Garden and landed on Misty Cloud Peak, followed by Yun Ruanyu and Han Bingling. As for Long Shen, he concealed himself in the sky, guarding the surroundings.

When he arrived at the reception hall, Yun Lintian saw an old man with the strength of the peak of the Monarch Profound Realm sitting on a chair, leisurely sipping the spirit tea.

As the old man saw Yun Lintian come, he got up and cupped his fists. "Greetings, Young Lord Yun. This old man is Sun Jia, an envoy of the Star Gazing Palace. I'm sorry to interrupt your rest."

Sun Jia's humble appearance surprised Yun Lintian. He smiled and waved his hand slightly. "It's okay... May I know if Senior come here for the Azure Alliance Conference's matter?"

Sun Jia glanced at Han Bingling and smiled. "Indeed. However, there's another matter."

Yun Lintian beckoned Sun Jia to take a seat and asked in doubt. "Oh? Please do tell."

Sun Jia sat back in his seat and said with a serious expression. "I presume Young Lord Yun must know about our Grand Ancestor already. He had come out from the seclusion a few days ago and found out about the conflict between our palace and you."

He paused for a second and said further. "He was furious and immediately had Supreme Elder Xing Guiren, and Young Master Xing Chen imprisoned. This time, Grand Ancestor sent me here to give Young Lord Yun an apology and wanted to make amends with you. We are willing to compensate for your loss during this period. You can state it freely."

His words immediately surprised Yun Lintian and the others. Xing Tengfei wanted to make amends with him? Did he genuinely believe that he would agree with him?

Yun Lintian poured himself a cup of tea and said with a faint smile. "Is that so? What if I want your Star Gazing Palace hand Xing Chen and the man who secretly attacked me over?"

"This..." Sun Jia had a troubled look on his face when he heard this.

Chapter 1119 Sincerity

"Why? Is it too much?" Yun Lintian asked with a faint smile.

Sun Jia shook his head and said. "I can understand why Young Lord Yun requested this. It's just that I have no authority on this matter. However, I will be honest with you. I don't think Grand Ancestor will accept your request."

"I see. Senior is really honest, huh?" Yun Lintian chuckled and took a sip of tea.

Sun Jia smiled wryly. "Although I am an envoy, I am nothing but a servant who runs errands."

"And here your Grand Ancestor sends you, a servant, over. He surely wants to make amends." Han Bingling sneered.

Sun Jia sighed and said. "It's because they are afraid you will kill him if they send the first elder over."

"So Senior is not afraid of death?" Yun Lintian asked with a faint smile that seemed to conceal the killing intent behind it.

Sun Jia looked at Yun Lintian and suddenly laughed. "It's because I am afraid of death that I come here. Instead of resisting the order and dying, I'd rather take a risk to come here. After all, I believe Young Lord Yun is not an unreasonable person."

"Oh? You seem to know me so well, Senior?" Yun Lintian said.

Sun Jia shook his head. "It cannot be said that I know you very well. However, Young Lord Yun was willing to take a risk for your senior sister had impressed me deeply. Moreover, you clearly had the ability to exterminate all the Wang Clan's descendants, but you chose not to. Because of this, I believe Young Lord Yun won't kill innocent people."

"You are an innocent person?" Yun Lintian asked while staring straight into Sun Jia's eyes.

Sun Jia laughed and replied. "Certainly, I'm not innocent, but I have never done anything to you nor participated in the conspiracy. I am just a weak old man. If Young Lord Yun wants to kill me, I have no objection."

Yun Lintian stared at Sun Jia for a long time and curled his lips. "I can see that what Senior said comes from the bottom of your heart. This makes me curious. How did senior join the Star Gazing Palace?"

"Are you saying that I don't look like anyone from the Star Gazing Palace?" Sun Jia smiled faintly. "Please don't take offense from what I am going to say next... Young Lord Yun is very young, and I believe you haven't experienced the world yet."

"Why do you think everyone in the Star Gazing Palace must be like Grand Ancestor?"

Without waiting for Yun Lintian to reply, Sun Jia said further. "I can see that Young Lord Yun's sect is full of good people, but can you guarantee it will be like this ten or a hundred years later?"

Yun Lintian shook his head.

Sun Jia nodded. "That's right. The Star Gazing Palace might be full of cunning and hideous people, but it doesn't mean that there are no ordinary people like me."

He paused for a moment and continued. "I'm trying to whitewash the Star Gazing Palace. What I want to say is that the world is like this. There are various people in every place... As for how I joined them, I didn't have the right to choose as my parents were the servants there."

"I am truly grateful to the Star Gazing Palace for giving me resources and teaching me. At the same time, I refuse to be like them, who do everything for their personal gains. If I could choose, I'd rather be an ordinary person."

Yun Lintian nodded his head slightly and said. "Well, I kinda understand what you want to say, Senior. And I believe you are what you said."

He changed the topic. "Can you tell me more about the conference? Why did he come up with this all of a sudden?"

Sun Jia explained. "It's like this. Our people who stayed around the Chaotic Sea Region entrance discovered the change in it. The spatial disturbance around that place has become increasingly stable. Grand Ancestor believes that the most terrifying foe, Yin Weizhe, is about to come out soon."

"Coupled with the fact that the Poison Valley has started moving once again. There shouldn't be any other explanation than this."

He looked at Yun Lintian and said further. "I don't know if Young Lord Yun knows about the incident back then. This Yin Weizhe was the leader of the force from another world called the Abyssal World. His

strength had exceeded our world's ceiling. If it weren't for Grand Ancestor, Senior Weilan Jian, and the other powerhouses, our world would have fallen into the darkness long ago."

"In order to prevent repeating the same tragedy. Grand Ancestor thinks it's better to form an alliance so we can exchange information and help each other in time."

Yun Lintian nodded slowly and said nothing about this. Although it made sense, he didn't think it was simple as that. Obviously, there was a conspiracy behind it.

"Where were they when we suffered back then?" Han Bingling sneered.

Sun Jia sighed and said honestly. "I don't know as well. Perhaps they want to occupy the Northern Continent by borrowing the Poison Valley's hands."

He looked at Yun Lintian and said solemnly. "I am here to send an invitation and Grand Ancestor's message. Since I have fulfilled my duty already, it's time for me to express my opinion."

His gaze deepened as he said in a low voice. "I know Young Lord Yun has your own judgment, but this old man wants to tell you that. It's not a good idea to go there. This is an obvious trap for you."

Yun Lintian finally showed admiration for Sun Jia. At first, he was skeptical about him, but this time, he fully believed this old man was different. Naturally, it could be his conspiracy, but what was there to gain from doing this?

Sun Jia said further. "Supreme Elder and Young Master Xing have indeed been imprisoned right now, but according to the information I have, they should be assigned an important task."

He looked at Yun Lintian deeply. "That so-called important task should be something related to you. So, make a decision wisely."

Chapter 1120 Deception

Yun Lintian went silent for a moment and asked in his mind. "Hongyue?"

"Well, most parts of what he said should be true," Hongyue replied.

"Oh? What part did he lie?" Yun Lintian asked.

"The part he said he's grateful to the Star Gazing Palace. If I'm not mistaken, he hates them to the bone." Hongyue replied while staring at Sun Jia.

Yun Lintian's expression didn't change when he heard this. He seemed to figure out Sun Jia's true purpose.

"Thank you for reminding me, Senior." Yun Lintian smiled and changed the topic. "Senior could reach this realm at such a young age. I believe your parents must be very talented, right?"

Sun Jia was only five hundred years old, which could be considered young in the Monarch Profound Realm. Not to mention he claimed himself to be a servant. It could be seen clearly that he was extremely talented.

Sun Jia's eyes flickered slightly, and this change didn't escape Yun Lintian's eyes. Looked like he guessed correctly. There must be something related to his parents.

Sun Jia sighed and said. "They are not talented. That's why they died a few years ago after giving birth to me."

"There's deep hatred in his mood." Although Sun Jia concealed it well, Hongyue was able to discern it with a glance. Obviously, Sun Jia's parents must encounter an accident, making him hate the Star Gazing Palace.

As for why he didn't want Yun Lintian to go, perhaps he believed that Yun Lintian could destroy the Star Gazing Palace, and he wanted to use this chance to take revenge.

However, everything was Yun Lintian's guess. It might be something else. One thing he was certain of was Sun Jia's hatred toward the Star Gazing Palace.

"I'm sorry." Yun Lintian lowered his head slightly.

Sun Jia waved his hands dismissively. "It's all the past now."

"Since Senior has come here, why don't you stay here for a few days? I will arrange a banquet for you later." Yun Lintian asked with a smile.

Sun Jia shook his head. "Please forgive me. I have to go to the Eastern Continent afterward."

"I see." Yun Lintian nodded slightly.

Sun Jia got up and said. "I'll leave now... Please consider it carefully. I don't want to see a talented young man like you die in their hands."

"I will." Yun Lintian responded with a serious expression.

Sun Jia took a deep look at Yun Lintian and went out.

After sending Sun Jia away, Yun Lintian stood there for a long time, pondering the matter.

"What do you think about him?" Han Bingling asked.

"He certainly has a motive, but I can safely say the part he said he doesn't want me to go should come from the bottom of his heart." Yun Lintian replied.

"Motive?" Han Bingling frowned slightly.

"Perhaps he wants to use me to deal with the Star Gazing Palace and doesn't want me to die early. Who knows?" Yun Lintian said casually, but he believed this was Sun Jia's true motive.

Han Bingling nodded. "What's your decision? I think we don't have to go. It doesn't matter whether they are going to condemn us."

Yun Lintian thought for a moment and said. "I think we should go. It's time for us to show our faces now."

Han Bingling and Yun Ruanyu were surprised to hear this.

"So, you are going to reveal our strength?" Yun Ruanyu asked with a frown. Usually, Yun Lintian would rather conceal his strength than show it in front of everyone. Why would he change his mind now?

Yun Lintian looked at her and said in a deep voice. "We have constantly been running for a long time. It's because I was too weak then, but it's different now. We have enough strength to compete for the hegemony, why should we hide it further?"

"Moreover, don't forget that our true enemy is the Poison Valley. It doesn't matter whether this so-called alliance is fake. We can use this chance to make them pay."

A cold smile appeared on his lips as he said further. "I can guess one or two things. They will probably ask us to be a vanguard by saying that we have rich experience fighting the Poison Valley."

Han Bingling frowned deeply and couldn't help asking. "This is not good, right?"

"As I told you, I will make them pay a huge price for doing so." Yun Lintian smiled faintly, refusing to reveal his plan.

Yun Ruanyu took a deep look at Yun Lintian. She seemed to understand what he wanted to do next.

For Yun Lintian, this was an excellent chance to establish the Misty Cloud Sect in the world. Everyone would see later that his sect wasn't inferior to any nine palaces.

Naturally, he wasn't blind enough to reveal all of his trump cards. At most, he would let Qing Xiaoting show her might to intimidate them.

As for a trap, it was something he had to investigate first. If there was something he couldn't deal with, he would immediately pull off all the plans.

Yun Lintian asked. "How are your people?"

Han Bingling said with a smile. "Thanks to the resources you gave them. Many of them have already reached the peak of the Monarch Profound Realm."

Yun Lintian was surprised. "So fast?"

Han Bingling smiled mysteriously. "It's because of Ancestor. You should go to see her once."

Yun Lintian nodded. "I'll go later."

He turned to Yun Ruanyu and said. "Tell everyone that we have at most a year. Everyone should leave everything aside and focus on training during this period. Also, provide them with unlimited resources."

"Leave it to me." Yun Ruanyu said with a serious expression.

"There are two months before the conference starts. I will go into seclusion during this period to see if I can further raise my strength. Afterward, we will set off to see Grandma Yun. With her help, this trip will be smoother and safer." Yun Lintian said further.

"Understood." Yun Ruanyu replied.

"Then I will go back first. There are a lot of things to arrange over there." Han Bingling said and gave Yun Lintian a kiss before flying away.

Yun Ruanyu looked at the scene with a strange gaze.

"By the way, you should go to see Chenyu. Her mood is not good after returning." She suddenly said.

Thinking of his disciple, Yun Lintian sighed inwardly. "Alright."
