

Myth Beyond 1131

Chapter 1131 The Plan

"You still remember me?" Shen Liqiu looked at Yun Lintian resentfully. This bastard had disappeared for months without even contacting her. If it wasn't because Long Ying telling her, she wouldn't even know that he was still alive.

Yun Lintian smiled and said. "Aren't you happy here? I don't want to interrupt your happiness."

As he spoke, he glanced at Long Dingxiang meaningfully. Obviously, this man was interested in her from the moment they met.

Long Dingxiang noticed this and lowered his head in embarrassment. Although Shen Liqiu stayed here during this period, he couldn't get close to her. Let alone develop a relationship. To say that she had a great time here didn't seem right.

Shen Liqiu pouted and ignored Yun Lintian. This bastard had completely forgotten about her and tried to tease her with another man.

Yun Lintian knew that she was angry for real, but he didn't want to care much. In this world, the most difficult debt to pay was a love debt. Shen Liqiu might be interested in him, but he had no feelings for her. It would not be good for her if he accepted her just like that.

He ignored her and turned to Lin Zixuan. He bowed his head slightly and said respectfully. "Master."

"It's good that you're safe." Lin Zixuan smiled faintly.

Although she was his master in name, she didn't do anything much to deserve to be called like this. However, since Yun Lintian honored her, it would be too hypocritical to refuse it.

Yun Lintian smiled and turned to Jiang Yingyue and Long Feiyan. "Congratulations, Big Sister Yingyue, Third Sister."

The two of them had already entered the first level of the Monarch Profound Realm after being stuck at the peak of the Saint Profound Realm for a long time.

Perhaps it was because there was no worry in their hearts anymore. It allowed their state of mind to enter the realm.

"We should congratulate you as well. Your strength has already surpassed us." Jiang Yingyue responded with a warm smile.

She knew that this junior brother of hers was extremely talented. Hence, she wasn't surprised to see his strength improve drastically quickly.

"Let's not stand here. I have already prepared a banquet for you." Long Jinwei waved his hand and brought everyone to the dining hall.

When the meal was served, Yun Lintian began to ask. "What do you think about this conference, Grandpa Long?"

Long Jinwei took a sip of wine and replied. "Although there's definitely a conspiracy from Xing Tengfei, the alliance should be real."

"Oh?" Yun Lintian was surprised to hear this.

Long Jinwei explained further. "Yin Weizhe is certainly coming out at some point, and when it does happen, Xing Tengfei and Weilan Jian will be his first target. After all, these two played a crucial role in his downfall back then."

He looked at Yun Lintian and asked. "Do you think a coward like Xing Tengfei will face the enemy alone?"

Yun Lintian nodded slowly. He now understood why Long Jinwei was so confident that the alliance would be formed.

"And he surely won't let his Star Gazing Palace suffer." Long Jinwei said further. "If there is anyone in this world who cares about his legacy, it must be him. Even if the world falls, he will make sure that his Star Gazing Palace survives."

He looked at Yun Lintian deeply and said. "Honestly, I was quite surprised when I heard you will participate in this. Can you tell me about your plan?"

Yun Lintian thought for a moment and replied. "My initial plan is simple. Based on Xing Tengfei's personality, he will likely make my people a vanguard by using an excuse that we are experienced in dealing with the Poison Valley."

Long Jinwei nodded slightly. Although it was uncertain, the chance of this happened was extremely high.

Yun Lintian explained further. "The Azure Palace, Divine Thunder Palace, and Myriad Pill Palace will surely support it. It's impossible for us to refuse it. So, I want to use this chance to make them pay a certain price. For example, gaining control over the Star Pavilion."

Long Jinwei frowned slightly upon hearing this. "I don't think he will agree with your request."

"If he wants to plot against me, he will definitely agree." Yun Lintian smiled confidently. "And if all of this didn't happen in the end, we wouldn't lose anything. Meanwhile, I can use this chance to establish my sect in the world."

Long Jinwei and the others fell into deep thoughts. Some felt Yun Lintian's plan was unreliable, but he also made a great point. After all, the chance that Xing Tengfei used a hard method to deal with them at this conference was low since he was aware of the strength of Yun Lintian's group.

If there was a battle broke out in the conference, the one who suffered the most would be the Star Gazing Palace, as the avenue was within the Star Gazing Divine City.

"Hahaha! Why don't you tell me you have set up a feast, Brat Long?" Suddenly, a burst of loud laughter rang out, and an old man slowly walked into the hall. This person was dressed in a shabby grey robe with a wine gourd hung on his waist. His long white hair was messy as if he hadn't washed it for ages.

No matter how Yun Lintian looked at him, he was no different from a beggar. This old man was the one who came with Qing Xiaoting last time. His name was Tao Kang.

Long Jinwei and the others looked at the old man with wry smiles on their faces. Looked like they had a hard time dealing with this old man during this period.

The old man, Tao Kang, swept his gaze over everyone and paused on Yun Xia for a long time. The playfulness in his eyes seemed to vanish instantly and was replaced with solemnity.

"You... How could an existence like you appear here?" Tao Kang uttered in difficulty.

His words caused Long Jinwei and the others who didn't know Yun Xia to look at her in doubt. Yun Lintian didn't introduce her to them, and they didn't ask about it... What was wrong about her to make Tao Kang, who was afraid of nothing under heaven, react like this?

Yun Xia glanced at Tao Kang briefly and asked. "Blissful Mountain's disciple?"

Tao Kang's eyes widened in disbelief when he heard this. Suddenly, he exclaimed. "Wait a minute! You are..."

Chapter 1132 Divine Realm's Remnant

Thud!

Tao Kang suddenly fell to his knees and hurriedly said. "Please forgive me, Senior! I have no eyes to recognize Senior's grace!"

As he spoke, his body trembled uncontrollably, and he didn't dare to take another look at Yun Xia.

This scene immediately dumbfounded Long Jinwei and the others. Especially Long Ying and the other Dragon Cousin's elders. They and Tao Kang had known each other for ages, and this was the first time they saw him fear someone to this extent.

Yun Xia took a sip of tea and asked. "How did you come here?"

Tao Kang didn't dare to lie. He quickly said. "Reporting to Senior. I was traveling outside to gain experience and accidentally fell into a spatial disturbance. When I woke up again, I had already found myself here. After staying in this world for a long time and getting used to the environment here, I don't want to return any more."

"Are you sure it's about the environment?" Yun Xia said with a smile that seemed to have hidden killing intent.

Tao Kang was drenched in a cold sweat directly. He gritted his teeth and said. "It's all about women. The women here are more obedient than those witches in the Divine Realm."

When his words came out, Long Jinwei and the others looked at him blankly, not knowing what to say at the moment. It was no wonder this guy was so lustful when he saw Shen Liqiu back then.

"Do you know what I hate the most?" Yun Xia said calmly, and the terrifying pressure gradually seeped out of her body, enveloping the entire hall, causing Long Jinwei and the other elders to look at her in shock.

Tao Kang shivered in fright and hurriedly said. "Please restrain your anger, Senior. I'm not a disciple of the Blissful Mountain anymore! I-I didn't even use 'that' technique here. With Senior's strength, I believe it's not a problem for you to check it out."

Yun Xia stared at Tao Kang for a long while and retracted her power. "I'll let you go once. Normally, I would kill whoever from that disgusting place."

"Thank you, Senior! Thank you for sparing this worthless life of mine!" Tao Kang kowtowed a few times while speaking. He was relieved in his heart upon hearing this. Thankfully, he didn't show any lustful gaze to anyone here.

Long Jinwei and the other elders glanced at each other. With the aura Yun Xia displayed earlier, they could feel that she was several times stronger than Weilan Jian and Yin Weizhe back then. Obviously, she was someone in the Divine Profound Realm!

Yun Xia seemed to see through everyone's thoughts. She said calmly. "I come here because of his request. I won't interfere with any worldly affairs."

Long Jinwei and the other elders were immediately disappointed upon hearing this, but it was understandable.

At this moment, Yun Lintian glanced at Tao Kang and turned to ask Yun Xia. "What's Blissful Mountain, grandma?"

"It's a filthy place where all the disciples practice a disgusting technique. Throughout the years, many innocent girls have been harmed by them." Yun Xia said with a faint killing intent in her voice.

Tao Kang shivered further and didn't dare to raise his head or get up from the ground.

Yun Lintian immediately understood. The so-called disgusting technique should be a Yin and Yang exchanging technique. No wonder the sect was called Blissful Mountain.

Yun Xia looked at him and said. "I won't allow you to use such a technique, understand?"

Yun Lintian was taken aback and responded with a chuckle. "Don't worry, grandma. I won't."

When he spoke this, a weird expression appeared on Lin Xinyao's face. She seemed to remember a novel Yun Lintian hid in his room that started with "Dual" something.

Yun Lintian suddenly felt a chill running down his spine. He subconsciously glanced around and found nothing... Weird.

The meal went by. Yun Lintian and the others continued to talk about the plan while Tao Kang still knelt on the ground, watching everyone drinking and talking enviously.

"S-Senior... Can I get up now?" Tao Kang mustered his courage and asked cautiously.

Yun Xia glanced at him and asked. "What do you think?"

Tao Kang immediately shut his mouth and lowered his head.

Long Jinwei and the others couldn't help laughing as they watched this scene.

"Please get up, Senior." Yun Lintian said. Although Tao Kang's sect was disgusting, he had nothing to do with it now. It would be inappropriate to let him kneel like this.

Hearing this, Tao Kang glanced at Yun Xia and saw that she didn't seem to care. He took a deep breath and got up from the ground. "Thank you, little brother."

He found a vacant seat to sit in and asked. "I heard that you were ambushed by that old bastard Lan Cao. Do you want to take revenge? I can bring you to find him."

He noticed that Yun Xia seemed to listen to this young man. It was definitely the best idea to curry favor with him.

Yun Lintian's brows raised slightly, and he asked. "Don't tell me this person comes from the Divine Realm as well?"

Tao Kang shook his head. "No. But he was lucky enough to obtain an inheritance from the Divine Realm. It is a Blue Demon Sect's profound art."

"Blue Demon Sect?" Yun Xia didn't seem to hear about this force before.

Tao Kang quickly explained. "With Senior's strength, it's normal for you to not know a tiny force like them."

"They are a small sect inside the Eastern Divine Realm's Dark Forest Realm. Their profound art requires a lot of humans' flesh to nurture a thing called 'Blue Demon Flame' inside their bodies."

He looked at Yun Lintian and said further. "He summons to the Star Gazing Palace because it's the only place that can provide him 'resources' without being condemned."

On the side, Long Jinwei added. "In the past, he had killed a lot of innocent people. More than a million have died under his hand. If it wasn't for Senior Qing forcing him to flee for his life, there would be a lot more victims."

He sighed softly. "Even though we know he has entered the Star Gazing Palace, it's difficult to find him. Who would have thought that Xing Tengfei brought him out in order to deal with you?"

Chapter 1133 Reunion

Yun Lintian nodded slowly and said to Tao Kang. "It doesn't matter. Sooner or later, he will come out again. At that time, I will personally take revenge by myself. Although my strength is not enough to deal with him currently, it doesn't mean I can't deal with him later."

As he spoke, he glanced at Lin Xinyao briefly. He didn't forget that she almost died in this Blue Demon Lan Cao's hands back then. He must let him pay the price.

"You?" Tao Kang was surprised to hear this. It wasn't that he looked down on Yun Lintian, but his strength was currently insufficient.

Facing Tao Kang's question, Yun Lintian smiled and offered no explanation.

He changed the topic. "We will set off in a week."

Everyone nodded and returned to their respective residences afterward.

A week later, Yun Lintian's group consisted of Yun Qianxue, Yun Xia, Yun Huanxin, Han Bingling, Lin Xinyao, Mu Qiuxue, Yun Chenyu, Lin Zixuan, Shen Liquiu, Jiang Yingyue, Tao Kang, Long Feiyan, Long Dingxiang, Long Jinwei, Long Guang, and Long Ying arrived at the Star Gazing Divine City.

As for the others, they were arranged to stay around the city with Yun Meilan acting as a coordinator. With her ability that allowed her to come and go unnoticed and the ability to communicate from a far distance, she was the best to play this role.

Yun Lintian had no intention of coming here separately. He wanted to tell the world that they were in the same group. Moreover, many top forces were already aware of this point. Hence, there was no need to hide further.

"So this is the Star Gazing Divine City." Yun Lintian muttered to himself while looking at the scenery in front of him.

This city was more elegant and flourishing than the Azure Ancient City. As its name suggested, the Star Gazing Divine City was enveloped by a peculiar blue and white divine radiance, resembling the starry sky with countless stars. Even though it was daytime, the scenery didn't lose its luster in the slightest.

"Sister Qing should have arrived by now. Let me contact her." Tao Kang suddenly said and took the transmission jade out, contacting Qing Xiaoting.

The relationship between him could be described as good friends. In the past, Tao Kang was fascinated by Qing Xiaoting's beauty and wanted to make her his wife. Unfortunately, even though he was a dignified practitioner from the Divine Realm, he was unable to subdue her and suffered an utter defeat instead.

Since then, he completely changed his mind and gradually befriended her.

Tao Kang put the transmission jade away and said. "She's now waiting for us at the Starlight Inn. I know the way."

Yun Lintian nodded and said. "Please lead the way."

As Yun Lintian's group headed to the Starlight Inn, several people kept an eye on them along the way. Without a doubt, they were the Star Pavilion and Star Gazing Palace's people. As for why they didn't even bother to hide, perhaps they were confident that it was their territory here.

When Yun Lintian's group arrived at the Starlight Inn, they immediately saw a lot of powerful practitioners inside. Obviously, they were coming from second-rate forces around the world.

"Junior brother!"

All of a sudden, a petite figure rushed over and jumped onto Yun Lintian.

Yun Lintian subconsciously wanted to avoid her, but when he saw her clearly, he immediately stopped and let her hang on his body like a koala.

This person was no other than Nantian Fengyu.

"It's been a while, Fifth Sister." Yun Lintian patted her back gently and tried to pull her off, but it was futile.

He had no choice but let her be. "Congratulations. Your strength has improved again."

"Hehe." Nantian Fengyu raised her head to look at him cutely. At the same time, she didn't seem surprised by Yun Lintian's monstrous progress speed, as if it should be like that.

"We met again, Little Friend Yun." At this moment, Nantian Xiulan walked over with Nantian Xuan, and a few elders followed behind.

Yun Lintian hurriedly greeted her. "It's been a while, Senior."

Nantian Xiulan glanced at the people around Yun Lintian and paused at Yun Xia briefly. A look of surprise flashed through her eyes as she discovered something abnormal in her.

With her judgment, this person must be someone in the Divine Profound Realm. She didn't expect there would be someone as powerful as Weilan Jian and Xing Tengfei in Yun Lintian's group.

If Yun Lintian knew her thoughts, he would probably laugh out loud. How could those two be compared to a genuine Divine Emperor?

"Sister Xiulan? You actually..." On the side, Long Ying was surprised to see Nantian Xiulan.

"You are..." Nantian Xiulan couldn't remember Long Ying as her appearance was too young.

"It's me, Long Ying." Long Ying smiled. "So the rumor is true. You are still alive."

"Ying'er?" Nantian Xiulan was surprised and began to talk with her old acquaintance.

"Oh? The Divine Phoenix bloodline in this little girl has already awakened by half. Moreover, her soul... This is very rare. If she was placed in the Divine Realm, she would certainly become the Divine Phoenix Holy Maiden." Hongyue's voice suddenly resounded in Yun Lintian's mind.

"Hmm?" It was at this moment did Yun Lintian notice something in Nantian Fengyu's body. Compared to the last time they met, her bloodline was several times purer. It was as if he was facing the True Divine Phoenix herself instead of his Fifth Sister.

"You said it's awakened by half?" Yun Lintian asked in doubt. To him, Nantian Fengyu's current bloodline couldn't possibly be purer than this. Why would Hongyue say it was only a half?

"That's right. You have no idea how powerful the True Divine Phoenix's bloodline is. Once it's fully awakened, she will certainly reach the Divine Emperor Realm in almost an instant. Unfortunately, the environment here is limited. Awakening it by half is already considered a miracle." Hongyue explained.

Yun Lintian frowned slightly upon hearing this and asked. "What about me? I don't seem to be able to improve the bloodlines in my body."

"You're different. Those bloodlines are nothing but supportive assets in your body. Your power isn't coming from them but from your profound vein instead. Meanwhile, the Divine Phoenix bloodline is her everything. Without it, she will just be a talented practitioner." Hongyue explained.

"However, you can certainly improve these bloodlines." She said further.

"Oh? How to do it?" Yun Lintian quickly asked.

Chapter 1134 Azure Alliance Conference (1)

"You have to constantly use them to their limits, as well as practice their profound arts," Hongyue explained. "I didn't tell you about this before because it takes too much time, and you should focus on collecting the relics instead."

Yun Lintian slowly nodded his head. In fact, he had also forgotten about the bloodlines. Since he obtained them, he rarely thought of improving them and treated them as supportive gadgets. Looked like he needed to think about them now.

"You can try during this period. However, I still recommend you get the Golden Mountain and the Spatial Wheel first." Hongyue seemed to accept Yun Lintian's idea of improving his divine beast's bloodlines.

"I understand." Yun Lintian replied.

"Let's find a place to talk first." Han Bingling glanced around and said lightly. There were too many people. It was not good to talk here.

Nantian Xiulan nodded and led everyone into a private room that was large enough for fifty people.

"You're here." At this moment, Qing Xiaoting walked into the room with Jian Feng, and a few elders followed behind.

"Sister Qing." Tao Kang hurriedly greeted her, but he was ignored by her directly.

Qing Xiaoting seized Yun Lintian up and down briefly and said. "Your strength has improved so much in such a short time. This can't be called a miracle anymore."

"Please take a seat, Senior." Yun Lintian smiled and made an inviting gesture.

Qing Xiaoting nodded and sat in her seat, followed by Jian Feng and the other elders.

At the same time, Qing Xiaoting inadvertently glanced at Yun Xia, and a trace of astonishment could be seen in her eyes. However, she didn't say anything and began to pour herself a cup of tea.

"Since everyone is here, shall we talk about our plan?" Long Jinwei raised a sound-isolating barrier and spoke.

"I've been investigating during this period and found nothing wrong around the avenue. I think Xing Tengfei genuinely intends to form an alliance. If that was the case, I would like to hear everyone's opinion." Qing Xiaoting spoke first.

"I have confirmed this as well. He has removed all the formations around the Star Gazing Avenue to show us there's nothing to worry about." Nantian Xiulan added. She had thoroughly checked around the avenue when she first arrived here and found nothing suspicious.

"This is really not his style." Long Jinwei said with a frown.

"He is clearly aware of our strength and probably doesn't want to fight here." Qing Xiaoting said.
"However, we cannot let our guard down. There might be something we are unaware of."

"It doesn't matter. We will know soon. What we should focus on right now is how to deal with the Poison Valley." Yun Lintian suddenly said. "According to the information I have, they are currently transforming all four sides of the Endless Sea into their territory with this thing."

He took the Dark Crystal out and placed it on the table. "This thing is called a Dark Crystal. As everyone sees, it can emit dark energy similar to the Abyssal Energy we know. As far as I know, there is a ton of this thing all over the place at the bottom of the Endless Sea."

Everyone was attracted by the Dark Crystal and couldn't help frowning. If it was as Yun Lintian said, all four continents would be cut off from each other, and the Poison Valley could choose to invade any of them at ease.

Yun Lintian said further. "Before coming here, I have already told my people to set up a grand teleportation formation between the Northern, Central, and Southern Continents in secret. I will give everyone coordination later. If any of us were attacked, we could help each other in time."

He paused for a moment and continued. "If there's no mistake, Xing Tengfei will make me or all of us here a vanguard and likely to send us to the Endless Sea. Naturally, we can reject it, but I don't think it's easy. If we count our votes, it is impossible to go against them."

"My suggestion is that let my people do this job alone. Everyone here should prepare for the upcoming battle, guarding our territories."

As his voice fell, Qing Xiaoting was the one who spoke first. "How could we let you do it alone?"

"That's right." Nantian Xuanyu nodded in agreement.

Yun Lintian raised his hand to stop them and explained. "I know you are worrying about me, but please trust me. I have a way of dealing with it. Moreover, it's not that I want all of you to do nothing. While I am gone, everyone here can guard against Xing Tengfei and Weilan Jian for me."

Qing Xiaoting took a deep look at Yun Lintian and said. "Alright. Since you have already made a decision, I won't stop you anymore."

Nantian Xuanyu glanced at Nantian Xiulan and saw the latter nod slightly. She then stopped talking about this matter.

Meanwhile, Long Jinwei and the others didn't say anything as they had discussed before.

"Also, I think I should tell everyone about this." Yun Lintian said further. "Weilan Jian is currently refining a droplet of the Azure Dragon's blood origin. Once he finished, his strength should be raised a few more levels. At that time, I don't think we can fight him."

Qing Xiaoting and the others were stunned upon hearing this, but they recovered fast.

"So the azure light back then was all about this?" Qing Xiaoting talked to herself.

"However, it isn't something we should worry about right now. Let's go back and take a rest first. We will leave here together tomorrow." Yun Lintian said and got up, preparing to leave.

Everyone glanced at each other and decided to go back to their respective rooms.

The Azure Alliance Conference was the biggest matter in the past centuries. When the news spread, almost every faction in the world quickly flocked over, even though they weren't invited. This made the Star Gazing Divine City, which was usually full of people, even more crowded.

The avenue was set in the northern part of the city. Normally, this Star Gazing Avenue was used as a testing ground where the disciples of the Star Gazing Palace would compete against one another, showing their talents to the world.

At this moment, Star Gazing Avenue was surrounded by tens of thousands of seats. These seats were not truly erected and fixed to the ground. Instead, they were floating in place.

Chapter 1135 Azure Alliance Conference (2)

Outside of the Star Gazing Avenue was full of people. Many of them were coming here to brush their presence and witness one of the biggest events in history.

At the entrance, several guards spread out, forming a solid line to block the onlookers and leave a path for the guests.

"That's Rising Sun Sect Master Xie Jing. I know that he will be invited." A voice rang out among the onlookers as they saw a dignified middle-aged man clad in a red robe walk over with a few followers behind.

The Rising Sun Sect was a second-rate force on the western side of the Central Continent. They were also invited this time.

"Have all of you come for the Azure Alliance Conference? If so, please show your Star Tablet. If not, leave immediately!"

A stout guard stepped forward to block Xie Jing's path and asked with a stiff expression. Although respectful, there was a clear trace of undisguised arrogance and pride in his voice. This was because he was a disciple of the Star Gazing Palace. Anything besides the nine palaces was nothing in his eyes.

Although Xie Jing was a bit angry in his heart, he didn't dare to show it. After all, he knew how much weight he had. It would be stupid to fight with the Star Gazing Palace over a fit of temporary anger.

He took the tablet out and handed it to the guard. "I am Xie Jing from the Rising Sun Sect, and they are my followers."

The guard briefly glanced at the tablet and swept his gaze over Xie Jing and his people before returning the tablet. "Go in."

"Many thanks." Xie Jing cupped his fists and beckoned his people to follow him into the avenue under the onlookers' emotional gazes.

"I didn't expect that even Sect Master Xie has to bow his head to these guards."

"Where do you think this place is? If he tries to do something, he will never know how he dies."

The onlookers discussed in a low voice and looked forward to the next guests.

At this moment, Yun Lintian's group appeared at the end of the street and gradually headed to the avenue. As they approached, everyone was immediately shocked by their astonishing aura. This was definitely the first time they had witnessed so many experts above the Monarch Profound Realm in one place.

"I heard more than a thousand monarchs and ten thousand saints are coming here." Shen Liqiu looked at the avenue ahead and said softly. "Not to mention some Divine Ascending Tribulation Realm powerhouses. It can be said all the top experts in the world have gathered here."

Yun Lintian nodded gently. "There are only this many?"

Shen Liqiu rolled her eyes at him. "Do you think it's so easy to step into the Monarch Profound Realm? If so, everyone could become one already."

There was a trace of resentment in her voice when she spoke this. She had been trying to break through to the Monarch Profound Realm during this period, but it was futile no matter how hard she tried.

On the contrary, Yun Lintian had disappeared for a few months and came back with the strength of the Monarch Profound Realm's third level. How could she not feel bad?

Yun Lintian smiled and changed the topic. "Would your father come?"

Hearing this, Shen Liqiu's eyes narrowed slightly. "How could he miss a chance to lick those people's feet?"

Yun Lintian glanced at her and asked. "Are you sure you want to do this? He's your father, after all."

Shen Liqiu said with a serious expression. "He lost the qualification of being my father the moment he tried to sell me to that trash Lei Jun. You don't have to ask me about this. Even if you killed him, I wouldn't budge an inch. On the contrary, I would feel delighted even."

Yun Lintian smiled and said. "If he's a person like you said, I don't think he will do anything once he discovers our strength."

"Hope so." Shen Liqiu pursed her lips, appearing unconvinced.

"Show your tablet or leave!" The stout guard, whose arrogance was boosted by the onlookers, immediately stepped forward and said with a trace of disdain. Apparently, he failed to notice the aura of the people behind Yun Lintian.

Yun Lintian simply handed the tablet to him, including Long Jinwei, Han Bingling, and Nantian Xuanyu.

When the stout guard saw these tablets, his body trembled in fright, and he almost fell on his knees. He thought that Yun Lintian was coming from a second-rate force. Who would have thought that the people behind him were all powerhouses on the same level as his ancestor?

"So... so esteemed guests are actually the Divine Phoenix Palace Master, the Frozen Moon Palace Master, and the Long Clan's patriarch. P-Please forgive me for acting poorly just now. I hope esteemed guests will be magnanimous enough to tolerate my error." The stout guard hurriedly saluted while

saying in a respectful tone. Droplets of sweat could be seen on his forehead, and his legs were clearly shaken.

When his voice fell, the onlookers looked at Yun Lintian's group in shock. Where could they have a chance to see such a lofty figure before?

Yun Lintian didn't want to waste time with this kind of stupid drama. He waved his hand and asked. "Can we go in now?"

The stout man was taken aback and glanced at Nantian Xuanyu and the others briefly. When he saw that none of them had objections, he hurriedly stepped aside and made an inviting gesture. "Please. I will have my people lead everyone to your respective seats."

Yun Lintian nodded and walked into the avenue under the guidance of a few guards.

When everyone stepped into the avenue, the platform was already right before their eyes, and they could see thousands of people seated on those floating seats. Even the most unimpressive individual in this group was at least in the Saint Profound Realm.

"Dear esteemed guests, this way, please." The guards made a gesture and led everyone to their seats on the avenue's eastern side.

To everyone's surprise, their seats were close to each other. Apparently, Xing Tengfei arranged everything honestly without a trick.

Chapter 1136 Azure Alliance Conference (3)

The appearance of Yun Lintian's group had instantly drawn the attention of everyone inside the avenue. Those with discerning eyes could immediately recognize the identity of Long Jinwei and the others.

However, they were puzzled when they saw Yun Lintian walk to the forefront as if he was a leader of the group... Who was this young man? This question appeared in their heads.

After sitting on his seat, Yun Lintian calmly scanned the surroundings and found that his group should be the first among the first-rate forces to arrive here.

"They surely don't give us a face. There isn't even a tea." Shen Liquiu curled her lips. Normally, a host of the event must come here before the guests, but there wasn't even a single elder from the Star Gazing Palace here.

"It doesn't matter." Yun Lintian smiled faintly. He didn't care much about this kind of mannerism.

He took several sets of tea out and distributed them to everyone in his group. His action attracted everyone's attention, and they began to think about the poor manner of the Star Gazing Palace disciples. Some couldn't help asking the disciples nearby for pastries and sets of tea.

Unfortunately, the Star Gazing Palace disciples didn't seem to care about them. They simply ignored them, as if they didn't hear anything.

This scene immediately aroused everyone's dissatisfaction. However, they didn't dare to express any out loud in the end.

Seeing this, Yun Lintian took a lot of tea sets and sent them to everyone in the avenue.

"Thank you, young master... May I know your esteemed name?" Xie Jing cupped his fists and asked after receiving the tea set from Yun Lintian.

"Ah, my bad. I am Xie Jing from the Rising Sun Sect." He suddenly remembered that he hadn't introduced himself and quickly corrected it.

Yun Lintian cupped his fists and replied. "My name is Yun Lintian from the Misty Cloud Sect. Feel free to drink it, everyone."

"Misty Cloud Sect?" Xie Jin didn't seem to hear such a name before, but he didn't ask further. He nodded and began to pour himself a cup of tea.

Immediately, everyone discovered that the quality of the spirit tea was not low. It was the best one they had ever tasted. Knowing this, they couldn't help looking at Yun Lintian curiously. What kind of prodigal son was this?

Seeing this scene, the Star Gazing Palace disciples were dissatisfied. This was clearly their stage, yet this Yun Lintian actually acted as if he was a host himself. This was simply not giving the Star Gazing Palace a face.

However, they knew how powerful the people around him were. All they could do was wait for their elders.

At this moment, a group of familiar faces calmly walked into the avenue. Their appearance immediately attracted everyone's attention, including Yun Lintian. These people were no other than Lei Jun and the elders from the Divine Thunder Palace.

The one in the front was an old man clad in a golden robe. His majestic aura caused many people to inadvertently look away, not daring to look at him straightly.

"It's Lei Yubai." Han Bingling said in a low voice. "His aura is even stronger than the last time I saw him."

"Oh?" Yun Lintian looked at the old man, Lei Yubai, curiously.

With a glance, he could see this person's strength had already reached the peak of the Divine Ascending Tribulation Realm. It was no wonder Lei Zhenxiang couldn't do anything.

Lei Yubai noticed Yun Lintian's gaze. He looked over and scanned all the people around Yun Lintian. Although he didn't show anything on the outside, his heart was not calm when he noticed Long Ying and Qing Xiaoting. These two people were obviously stronger than him.

Lei Yubai cupped his fists and said. "It's been a while, Patriarch Long, Palace Master Qing, Palace Master Nantian."

Long Jinwei smiled and replied. "Indeed. It's been a while, Elder Lei. I wonder where your palace master is? He doesn't come?"

Lei Yubai's eyes narrowed slightly as he responded. "He's currently busy with internal affairs."

"I see." Long Jinwei smiled meaningfully.

While the two were talking, Lei Jun's eyes fixated on Lin Xinyao and Shen Liqiu beside Yun Lintian, and a trace of anger couldn't be hidden. These two women were supposed to be his, but now they were hanging around Yun Lintian. How could he not be angry?

Lei Yubai noticed this and sent a sound transmission to him. "Calm down. Do you want to make a joke in front of everyone here?"

Lei Jun took a deep breath and said. "I'm sorry, uncle."

"I have told you countless times that a woman is nothing but a tool to vent your desire. There's no need to invest your emotion in it." Lei Yubai said and walked to the arranged seats on the western side of the avenue.

Hearing this, Lei Jun lowered his head and followed Lei Yubai closely. However, the unwillingness could be seen in his eyes. Obviously, he hadn't given up on Lin Xinyao and Shen Liqiu.

"Trash." Shen Liqiu curled her lips, looking at Lei Jun disdainfully. Such a person dared to covet her. If it wasn't because of Xing Renshu's intervention back then, he would have died in her hand by now.

At this moment, another group of familiar faces stepped into the avenue. They were no other than the Myriad Pill Palace's people, led by a kind-looking old man with a long white beard. His entire body exuded a benevolent aura, making people feel at ease.

"It's Heavenly Spirit Doctor Du Xiaotian!" A middle-aged man in the crowd exclaimed in surprise. He was fortunate enough to see this old man, Du Xiaotian, in the past, and he would never forget how benevolent he was by saving people without asking for anything in return.

"So he's Palace Master Du?"

"Yes. I didn't expect to see him here in person."

Du Xiaotian's appearance caused a commotion among the crowds as they looked at him with admiration. It could be seen how good Du Xiaotian's reputation was.

Du Xiaotian smiled kindly and cupped his fists. "Greetings, everyone. This old man comes late. Please forgive me."

Everyone hurriedly cupped their fists and responded politely.

Standing behind him was no other than his beloved son, Du Huanfeng, who was now looking at Yun Lintian with undisguised killing intent...

Chapter 1137 Azure Alliance Conference (4)

Du Xiaotian noticed his son's behavior and turned to look at Yun Lintian. With a kind smile on his face, he cupped his fists and said. "This old man has long heard about your esteemed name. Seeing you today with my own eyes, I must say you are even more talented than the rumors."

He paused briefly and said. "Please forgive my useless son's rude behaviors in the past. This old man didn't educate him well and let him wantonly act on the others. I will try to compensate you and everyone as much as possible."

When his words came out, everyone in the scene was stunned and subconsciously looked at Yun Lintian. To make Du Xiaotian say this, his background had become even more mysterious now.

Yun Lintian got up and cupped his fists. "I have long heard about Senior Du's selfless acts before, and I finally have a chance to meet you today."

He glanced at Du Huanfeng and said further. "As for forgiving Senior's son, I don't think it's possible."

"Woah!"

His words immediately caused a commotion among the crowds. Du Xiaotian had already spoken out, yet Yun Lintian didn't give him a face at all. How bold was he?

"Little Brother Du," Long Jinwei suddenly spoke. "I believe it is impossible for you to not know what kind of good deeds your son has been doing in the past years. Do you really think it is possible to let it go by giving compensation?"

Du Xiaotian went silent immediately.

Long Jinwei said further. "Besides, this is a matter between juniors. Although you're his father and I understand your feelings very well, don't you think it's a bit inappropriate to intervene?... I must say it's because you spoil him too much that he has become like this."

"You!" Du Huanfeng glared at Long Jinwei hatefully upon hearing this. Normally, he would be able to control his emotion, but when it came to Yun Lintian, he found himself unable to do it.

"Don't be rude," Du Xiaotian glanced at his son and said calmly. The kind smile on his face didn't fade away in the slightest as he turned to Long Jinwei. "I know very well, Elder Brother Long. It's just that I only have this one son."

Long Jinwei stared at Du Xiaotian for a long while and sighed. "Must you have to do this?"

Du Xiaotian didn't answer. He turned to look at Yun Lintian and said. "This old man has been helping people all my life. Unfortunately, I have no blessings to have a good son... However, he's my son, after all. I hope you understand."

His voice was calm, but everyone could feel a trace of killing intent. This shocked everyone greatly. However, it was understandable. After all, he tried to protect his son.

Yun Lintian's expression didn't change in the slightest. He smiled and said. "I fully understand you, Senior. I hope we can exchange our medical skills one day."

Du Xiaotian took a deep look at Yun Lintian. "We will."

Afterward, he led his son and people to the seats in the northwest direction.

Yun Lintian slowly sat back in his seat while looking at Du Xiaotian's back thoughtfully.

"Although he's proficient in alchemy and medicine, his profound strength is not low. You should be careful when dealing with him." Han Bingling said softly.

"I know." Yun Lintian replied gently. As a doctor himself, he naturally knew how scary a spirit doctor was. There were countless ways to kill someone silently. And he refused to believe that someone like Du Xiaotian, who had lived for thousands of years, had no special means to deal with an enemy.

"Hmm?" Shen Liqiu's expression turned cold when she saw newcomers appear in the avenue.

It was a group of twenty people led by a dignified middle-aged man clad in white. His eyes were sharp like an eagle, and his tall and upright figure emitted a majestic aura, seemingly looking down at the world.

The first thing he did when he stepped into the avenue was to look toward Shen Liqiu coldly. "So you're hiding here."

"I have told you countless times that I no longer have anything with the clan. Please stop talking to me." Shen Liqiu responded with a disgusting look.

The middle-aged man was no other than her father, Shen Mingjun.

"Qiu'er..." Beside Shen Mingjun, a beautiful woman, ninety percent resembled Shen Liqiu, said softly. Her eyes were filled with helplessness as she looked at Shen Liqiu.

"Mom." Shen Liqiu's eyes softened slightly when she saw this woman. "How are you recently?"

"I'm fine." The woman, Qin Mei, hesitated briefly and sighed in the end. She knew her husband wouldn't forgive her daughter for disobeying his will easily. It was useless to say anything further.

Seeing her mother's distressful look, Shen Liqiu smiled and said. "Don't worry, mom. I am doing well here."

Qin Mei looked at her daughter and then at Yun Lintian. She nodded gently. "Alright. Contact me when you encounter a problem you cannot solve."

"Hmph! Why are you talking to her? Don't you hear it? She has nothing to do with our Shen Clan now." Shen Mingjun snorted coldly. Although he didn't want to show a joke in front of everyone here, the dissatisfaction in his heart was difficult to be suppressed.

Shen Liqiu curled her lips and leaned toward Yun Lintian gently. "Do you see him? This is my man."

Yun Lintian was speechless upon hearing this... This routine again!

Meanwhile, Long Dingxiang looked over with a hint of sadness. Although he knew very well that Shen Liqiu was interested in Yun Lintian, he didn't want to give up easily. Looked like he had no chance for real.

Shen Mingjun glanced at Yun Lintian and said nothing.

Shen Liqiu said further. "Compared to a trash son-in-law you are finding for me, he is much more handsome and talented. Do you still think your vision is better than mine?"

On the other side of the avenue, Lei Jun's face turned livid when he heard this. He wanted to say something but was stopped by Lei Yubai first.

Shen Mingjun looked at Yun Lintian for a while and said. "Let's talk later."

Yun Lintian was taken aback... What the hell is going on? Why do I feel like a father-in-law invites a son-in-law for a talk?

Chapter 1138 Azure Alliance Conference (5)

Even Shen Liqiu didn't expect her father to say this. She curled her lips and said. "Dream on."

Shen Mingjun didn't say anything further. He flicked his sleeves and walked toward his seat on the southeast side of the avenue, not far away from Yun Lintian's position.

What Shen Liqiu and Yun Lintian didn't know was that Shen Mingjun had thoroughly investigated Yun Lintian's background before coming here.

It was as his daughter said Yun Lintian was several times better than Lei Jun. Hence, he had no problem if she wanted to be with him.

Meanwhile, the way Qin Mei looked at Yun Lintian changed drastically. It had become a mother-in-law looking at a son-in-law instead. She smiled and said. "Please take care of Qiu'er."

Yun Lintian's lips twitched slightly. What could he do at the moment? He smiled wryly and said. "Don't worry, senior."

"Still call me a senior? Call mother directly." Qin Mei covered her mouth and laughed elegantly before following her husband.

Her words made Yun Lintian speechless directly.

"Hiss—" Suddenly, Yun Lintian felt a sharp pain coming from his waist. It turned out Han Bingling, Yun Qianxue, Lin Xinyao, and Nantian Fengyu were pinching him.

He turned to look at them in puzzlement. Han Bingling and Yun Qianxue were understandable, but what about Lin Xinyao and Nantian Fengyu? Why did she join them?

Han Bingling looked at Yun Lintian resentfully. "Tell me. Did you have a deep relationship with her already?"

Yun Lintian smiled wryly. "Don't listen to her nonsense. She takes advantage of me and uses me as her shield again."

"Who said I'm using you? I'm serious, alright?" Shen Liqui retorted.

Yun Lintian shook his head and decided to stop this by closing his eyes, pretending to meditate.

"Ah, it's good to be young." Nantian Xuanyu looked at them with a smile and subconsciously glanced at her daughter, who joined the fun.

Nantian Xiulan also had a smile on her face. To her, if Yun Lintian and Nantian Fengyu could come together, it would be the best for the Divine Phoenix Palace in the future. Their descendant must be very powerful.

"Hmm?" Suddenly, Yun Lintian felt as if someone was secretly watching him. When he looked over, he saw an old man sitting beside Du Xiaotian, glancing elsewhere. If he remembered correctly, this person was Du Yunlie, one of the Myriad Guardians.

For some reason, Yun Lintian felt something was wrong with this old man. He secretly activated the Eyes of Heaven, and his expression changed slightly as he saw a looming black aura inside him. Clearly, it was Abyssal Energy!

"What's wrong?" Yun Qianxue noticed Yun Lintian's expression and asked curiously.

Hearing this, they secretly glanced at Du Yunlie and retracted their gazes as if nothing had happened.

Meanwhile, Du Yunlie, possessed by Jue Kong, couldn't help cursing himself in his heart. He didn't expect Yun Lintian to be this sensitive. Looked like he had already figured out his identity. It would be trouble if he stayed here further.

However, he was relieved in his heart when he saw Yun Lintian had no intention of exposing him right away. He still had a chance to escape.

Weilan Xuan didn't say or look at anyone. She simply went straight to her seat on the north side and sat down, followed by twenty-odd people.

"I thought that Palace Master Weilan would come by himself." Du Xiaotian suddenly said.

Weilan Xuan glanced at him and replied with a faint smile. "Palace Master has to take care of something and will arrive here in a while."

"I see." Du Xiaotian nodded slightly and closed his eyes, meditating.

At this moment, Yan Yaoting and his people walked into the avenue. He cupped his fists and said. "Sorry, I'm late."

Without waiting for anyone to reply, he immediately headed to his seat on the southwest side. After sitting down, he briefly glanced at Yun Lintian and sent a sound transmission. "Congratulations, Young Master Yun... You should at least say hello to me when you have arrived on the Eastern Continent."

Yun Lintian looked at him and replied with a smile. "Please forgive me, Palace Master Yan. I planned to visit your palace, but something came up first, forcing me to leave without saying hello to you."

"I understand." Yan Yaoting responded. "It seems your harvest is not low."

Yun Lintian merely smiled and said nothing more.

All of a sudden, the air suddenly grew cold as a terrifying aura pervaded the air. This caused all the conversation in the avenue to abruptly halt as if all words had been frozen.

Yun Lintian raised his head and looked in the north direction. Five figures appeared from the sky out of nowhere like ghosts. All of them were dressed in plain white, and their expressions were as stiff as corpses.

The aura emitted from them indicated they were at the peak of the Divine Ascending Tribulation Realm!

"They are Star Guardians. The most powerful forces of the Star Gazing Palace." Long Jinwei explained through a sound transmission. "It seems Xing Tengfei is serious as we had expected."

"We greet Star Guardians." All the Star Gazing Palace's disciples in the avenue quickly bowed their heads and said in unison.

The five of the Star Guardians didn't say anything. They stood around the top seat like statues without moving an inch.

"Hahaha! Please forgive me for making everyone wait."

Wild laughter suddenly rang out from the north section of the avenue, and an old man clad in white slowly descended from the sky. This person was the current Star Gazing Palace Master—Xing Yongnian!

Chapter 1139 The Prophecy (1)

Despite he was the Star Gazing Palace Master, Xing Yongnian rarely showed himself in public. All the things were mostly done by the Supreme Elder Xing Guiren. Hence, his appearance this time gave everyone a bit of a surprise as they thought it would be managed by Xing Guiren like usual.

"We welcome Palace Master." All the Star Gazing Palace's disciples bowed their heads and said in unison. Their voices were filled with undisguised pride when they spoke this.

Xing Yongnian glanced at everyone's small tables and frowned slightly. "I told all of you to serve tea for our esteemed guests. What are you doing?"

One of the disciples hurriedly knelt down and said. "Please forgive us, Palace Master. We have been instructed by First Elder."

"First Elder?" The frown between Xing Yongnian's brows grew deeper as he said. "Go. Serve everyone pastries."

He then cupped his fists and said to everyone in the avenue. "Please forgive me for poor hospitality."

Those from the second-rate forces quickly denied it and said it was fine upon hearing this. Meanwhile, the first-rate forces kept silent, including Yun Lintian's group.

Xing Yongnian turned to Yun Lintian and said with a faint smile. "Thank you, Sect Master Yun, for providing the tea sets. We will naturally compensate you later."

Yun Lintian smiled and replied. "This is nothing to be mentioned, Palace Master Xing."

Xing Yongnian's gaze lingered on Yun Lintian for a second and turned toward the arena in the middle.

"Since everyone is here, I shall not waste time further. I hereby declare the Azure Alliance Conference has begun!"

As his voice fell, everyone immediately went silent as the atmosphere turned solemn.

Xing Yongnian said further. "As everyone knows, the purpose of this conference is to form an alliance to deal with the Poison Valley."

"For those who don't know, I will give you a brief introduction about the enemy."

He then proceeded to explain the details of the incident four thousand years ago and how Yin Weizhe could possibly return in the upcoming days, including the recent movement of the Poison Valley.

After listening to him, the people in the avenue began to discuss in a low voice. For some of them, this was the first time they had heard about Poison Valley. This made the desire to form an alliance grow stronger among them.

"Please tell us how to deal with them, Palace Master Xing." A man among the crowds spoke out and was backed up by many people. They were looking at Xing Yongnian, waiting for his instruction.

Xing Yongnian nodded and said with a serious expression. "Before that, let me use my Star Gazing Divination Art to see the direction of our alliance first."

He then looked at the sky as his aura gradually rose.

Suddenly, the sun was slowly being marked with a black shadow, causing everyone in the city to look at it in awe.

In the next moment, the sky gradually darkened. From daytime turned into nighttime. Countless stars shone brightly, making the atmosphere rather solemn.

Yun Lintian looked at the sky and frowned slightly. "What's going on?"

Hongyue's voice resounded in his mind. "No wonder he chooses this day. It's nothing but a mere natural phenomenon."

"Oh?" Yun Lintian felt strange. He had lived in this world for almost twenty years, yet this was the first time he saw such a natural phenomenon.

"However, those who use Star Energy will be especially strong in this environment. Obviously, he has planned this for a long time." Hongyue explained further.

Yun Lintian's brows raised slightly, and he quickly shared the information with his people.

When everyone heard this, they couldn't help looking at Xing Yongnian solemnly. Was he going to reveal his conspiracy now?

At this moment, Xing Yongnian raised his hand slightly, and the stars in the sky instantly grew brighter. A complicated diagram slowly emerged by the arrangement of the stars before transforming into the words "Beyond Heaven."

The expressions of Xing Yongnian and the Star Guardians around him turned solemn upon seeing this. Obviously, this was a prophecy that the stars gave them. However, they had no idea what was the meaning behind it.

Meanwhile, Yun Lintian was shocked to the core. He didn't know what was going on, but the words "Beyond Heaven" were definitely related to him.

"Oh? Looks like this Star Gazing Divination Art is something." Hongyue spoke in surprise as she saw this scene.

"What does it mean?" Yun Lintian asked in his mind.

"If I'm not mistaken, he has used his power to peek into the fate of this world, and obviously, it is related to you." Hongyue paused for a moment and said in a deep voice. "The ups and downs of this world depend on you."

Yun Lintian frowned deeply. Although he possessed a power that surpassed this world, he didn't think he alone could determine the world's life and death... At least, not now.

"Beyond heaven..." Du Xiaotian and the others muttered to themselves. They were aware of how powerful the Star Gazing Divination Art was and pretty much believed in it. However, they were the same as Xiang Yongnian at the moment. They had no clue about this Beyond Heaven.

"Cough!" Suddenly, Xiang Yongnian coughed a mouthful of blood, bringing everyone back to their senses. They couldn't help looking at him worriedly and admiring him for his sacrifice.

"Let me help you." Du Xiaotian raised his hand, and a gentle wood aura shot out from his palm toward Xiang Yongnian. Immediately, Xiang Yongnian's condition improved. His pale face gradually turned rosy.

Yun Lintian was surprised to see this scene. As someone with the Tree of Life, he was naturally sensitive to the wood element. He didn't expect Du Xiaotian's wood elemental power to be this strong. It could be almost comparable to him.

This old man is surely not easy. No wonder his attainment in alchemy and medicine is so high... Thought Yun Lintian.

Xiang Yongnian cupped his fists toward Du Xiaotian and said. "Thank you, Brother Du."

Du Xiaotian retracted his hand and said gently. "What I did could not be compared to you. You don't have to be polite."

He paused for a moment and asked. "May I know what the meaning of this prophecy is ?"

His question represented everyone's doubt. They all looked toward Xing Yongnian, waiting for his explanation.

Chapter 1140 The Prophecy (2)

Xing Yongnian frowned deeply and said. "To tell everyone the truth, I have no idea either."

His words immediately stunned everyone in the avenue.

Xing Yongnian said further. "It can be interpreted in many ways."

He glanced at the word "Heaven" and continued. "Heaven, in this sentence, could be the Divine Realm above us. And the word 'Beyond' might refer to ascension."

He took a deep breath and said with a serious expression. "I dare not confirm it, but from my point of view, it could mean the ascension is the only way out for us."

Silence blanketed the avenue as soon as his voice fell. If it was as Xing Yongnian said, it meant this world was destined to fall.

Thinking of this, the faces of those people from the second-rate forces immediately turned ashen. They might be powerful, but it was far away from ascending to the Divine Realm. Perhaps they couldn't achieve it in their lifetime... Wouldn't this mean they were doomed?

Du Xiaotian frowned deeply and suddenly said. "Do not panic, everyone... As Palace Master Xing said, this isn't the final verdict. It could also mean that there might be a helper from the Divine Realm coming."

His words were quite effective as everyone's mood gradually calmed down. That was right. Even Xing Yongnian, who performed the divination, didn't dare to confirm it. It could be other meanings, right?

Du Xiaotian looked at Yun Lintian and asked. "What do you think about this, Sect Master Yun?"

Everyone immediately turned to look at Yun Lintian. Although they didn't know why Du Xiaotian asked him for an opinion, since he could lead several powerhouses, it meant he was extremely extraordinary. Perhaps he could understand the prophecy.

Yun Lintian's eyes flickered slightly upon hearing this. He glanced at the words "Beyond Heaven" in the sky for a while and turned to Xing Yongnian. "I heard that the founder of the Star Gazing Palace is still residing in your palace. Why doesn't Palace Master Xing invite his esteemed self out? I believe he must have an explanation for this."

Xing Yongnian's expression was calm, without a slightly fluctuating mood. He smiled and said. "Grand Ancestor has long been disregarding worldly affairs. I'm afraid Sect Master Yun's suggestion cannot be fulfilled."

"Really?" Yun Lintian responded instantly. A smile appeared on his face as he said further. "As far as I know, he had just sent his subordinate, Blue Demon, over to kill me a few months ago, and now you said he doesn't care about the worldly affairs?... Seriously, Palace Master Xing. Do you think everyone here is a fool?"

Hiss—

The crowds took cold breaths upon hearing this. Among them, there were some people who knew about this incident, and they couldn't help looking at Xing Yongnian thoughtfully.

However, Xing Yongnian's expression didn't change in the slightest. He replied calmly. "It's true that there's a grievance between Sect Master Yun and my Star Gazing Palace. However, I can tell you that it has nothing to do with Grand Ancestor."

"The one that planned everything is my youngest son, Xing Renshu. Since he met you last time and was defeated under your hands, he was unconvinced and wanted to seek revenge."

"I don't know what happened, but he went to see our Supreme Elder Xing Guiren and asked him for help. In the end, it was Elder Xing who committed a despicable crime against you."

He took a deep breath and said further. "You might not know this. Elder Xing has great authority in his hand. He can command Blue Demon at will."

Yun Lintian suddenly interrupted him. "There's no need to say further, Palace Master Xing. I already know that you have punished him. However, from what I know, your eldest son, Xing Chen, is behind all of this. Why are you insisting it is your youngest son? Could it be you feel that your eldest son is more useful than your youngest son, and you want to keep him?"

A cold glint flashed through Xing Yongnian's eyes briefly. Before coming here, he had prepared a sufficient method to deal with Yun Lintian if he were to ask this. However, he had underestimated Yun Lintian's boldness. This person didn't give him a face at all and directly confronted him in front of everyone here.

Seeing Xing Yongnian go silent, Yun Lintian said further. "Honestly, besides from the alliance, I come here to ask compensation from your Star Gazing Palace... My condition is simple. Just hand Xing Chen and Blue Demon over to me, and we can write off this grievance."

Yun Lintian's condition immediately stunned everyone in the avenue. They thought Yun Lintian was already bold enough to interrupt Xing Yongnian, but they were wrong. They still underestimated him.

Xing Yongnian's eyes narrowed slightly. "Isn't it too much, Sect Master Yun?"

"Too much?" Yun Lintian sneered. He glanced at Lin Xinyao and said. "If it wasn't for her, I would have died in Blue Demon and Xing Chen's hands long ago. Do you think it's too much to hand over the offenders?"

Without waiting for Xing Yongnian to respond, Yun Lintian said further as his aura gradually rose. "Of course, if you feel it will make your Star Gazing Palace lose face for handing them over, we can decide by force right here and right now. I have no problem with it."

As his voice fell, Long Jinwei, Long Ying, Qing Xiaoting, Nantian Xiulan, and Tao Kang immediately released their auras.

At the same time, the five Star Guardians beside Xing Yongnian immediately released their auras as well.

In that instant, the entire avenue was enveloped with terrifying pressure, making everyone difficult to breathe.

The two sides continued to stare at each other without backing down.

Seeing this scene, Du Xiaotian took a deep breath and said. "Please calm down, everyone. We both know this will lead to no benefit and give an advantage to the Poison Valley. Why don't we step back and solve the problem peacefully?"

However, Yun Lintian merely glanced at him and said. "You better shut up, old man. I haven't calculated the debts between us yet. Don't rush to repay it."

The crowds were numb by Yun Lintian's boldness already. They couldn't help looking toward Xing Yongnian and Du Xiaotian, waiting for their response.
