

Myth Beyond 1141

Chapter 1141 Condemnation (1)

"How dare you speak like that to my father, Yun Lintian!?" Du Haunfeng couldn't endure any longer and shouted furiously.

Yun Lintian glanced at him and said coldly. "A cockroach like you better shut up. You're lucky enough to escape from my palm time after time. This time, I'll make sure that you will die horribly."

Hiss—

The crowds sucked in cold breaths once again upon hearing this. Even people around Yun Lintian couldn't help looking at him weirdly. This was the first time they saw Yun Lintian act arrogantly to this extent.

"You!" Du Huanfeng pointed at Yun Lintian tremblingly, as he was so furious.

However, deep in his heart, he knew very well that he wasn't Yun Lintian's opponent, even when he was only at the Origin Profound Realm. Let alone now when he had already reached the Monarch Profound Realm.

Du Xiaotian's face darkened slightly. "I am trying to solve the problem for the benefit of everyone in this world, yet you are trying to sabotage it. This made me curious whether you are a spy of the Poison Valley."

As someone regarded as the most benevolent person in the world, his words carried a lot of credibilities. Hence, when he said this, many people in the crowds couldn't help doubting Yun Lintian.

After all, the purpose of the conference was to establish the alliance, not to clear personal grievances. Why would Yun Lintian decide to start it right now?

Yun Lintian stared at Du Xiaotian coldly and said. "You said it's for everyone's benefit? Hahaha! Don't make me laugh, Palace Master Du."

His voice grew deeper as he continued. "Where were you when the Poison Valley attacked my Northern Continent?"

His question immediately shut Du Xiaotian's mouth, making him unable to answer.

Yun Lintian's eyes swept over a group of old men with a scholar aura and said coldly. "And all of you! You are descendants of Lord Sky Throne, yet you actually ignored Principal Tian's ask for help! This led to the result of him sacrificing himself to protect the Northern Continent."

"Moreover, all of you still have the audacity to protect a traitor, Tian Jiuyi! Haha! Compared to Principal Tian, all of you are nothing but a bunch of parasites who keep using Lord Sky Throne's name for your own benefit."

The killing intent in Yun Lintian's eyes grew stronger as he asked in a deep voice. "Tell me, are you worthy of being his descendant?"

The group of old men shuddered when facing Yun Lintian. These people were top figures of the Sky Throne Profound Academy, and each one of them possessed a very high status on the Central Continent.

When Yun Lintian said this, the crowds immediately understood everything and gave them a bad look. They couldn't believe that a prestigious academy was actually like this.

The white-haired old man, who seemed to be the group's leader, trembled with an ugly expression. He looked at Yun Lintian and said coldly. "Don't slander us!"

"Slander you? Do you want me to show evidence? I have a profound imaginary stone here." Yun Lintian sneered while opening his palm and a profound imaginary stone appeared on it.

It was a record of Tian Jiuyi's confession that he asked Lin Canghai to take care of it back then.

The white-haired old man, Tian Lixian, was furious. "You dare!?"

His peak of the Divine Ascending Tribulation Realm's aura instantly burst out as he rushed toward Yun Lintian. In a split second, he had already arrived before Yun Lintian and launched a powerful palm toward the latter.

Qing Xiaoting's eyes turned cold. Her wrist flickered slightly, and a sharp sword beam abruptly broke through the void, appearing before Tian Lixian.

Facing such a great sword intent, Tian Lixian's expression changed drastically as he hurriedly retracted his palm and conjured a profound shield to block it.

It was worthy of being the top powerhouse. The speed and toughness of the shield were insanely high. Yun Lintian believed that he wouldn't be able to break it easily.

Unfortunately, Tian Lixian's opponent was Qing Xiaoting, the most terrifying sword practitioner in the Azure World. Not to mention her strength was beyond the world's ceiling.

Kacha!

The profound shield immediately shattered, and the sword beam went straight to his chest all the way to his back, leaving a huge bloody hole in it.

At the same time, Tian Lixian was sent flying with blood trailing along like a leaking water bucket.

"Headmaster!" Several Sky Throne Profound Academy's elders shouted in horror and hurriedly rushed forward to help Tian Lixian.

When they saw the bloody hole in Tian Lixian's chest, they couldn't help swallowing in fright.

"What a terrifying sword intent... As expected from the founder of the Heaven Sword Palace." Yan Yaoting murmured to himself.

As a sword practitioner, he naturally knew how high Qing Xiaoting's attainment in the sword's path was. To say that she was the world's number one sword practitioner was justified.

Qing Xiaoting's strength was etched deeply into everyone's hearts. Especially Xing Yongnian, Du Xiaotian, and Lei Yubai. The three of them naturally knew Qing Xiaoting's background, and they believed that only Xing Tengfei and Weilan Jian were qualified to be her opponent.

Immediately, the three of them glanced at each other as if they had communicated in a way.

"How could you do this!?" One of the academy's elders glared at Qing Xiaoting and bellowed angrily. Perhaps he was frightened to the core and forgot that it was Tian Lixian who started first.

Qing Xiaoting glanced at Tian Lixian and said coldly. "Senior Sky Throne is a respectful figure, yet his descendants are shameless to this extent. It seems the Sky Throne Profound Academy has lost its way completely."

"You!" The elder wanted to retort, but he was interrupted by Xing Yongnian.

Xing Yongnian looked at Yun Lintian and said in a deep voice. "Must you have disrupted the great event?"

Yun Lintian didn't look at Xing Yongnian but at the crowds instead. He cupped his fists and said loudly. "I, Yun Lintian, have no intention of disrupting a good event for everyone. However, before establishing the alliance, I must let everyone know how hideous these so-called top powerhouses are."

"I believe all of you have heard about the invasion incident on the Northern Continent before coming here... What if I told everyone that these top powerhouses knew it beforehand and chose to ignore it? Do you still want to join forces with them and let them dictate your fate?"

Chapter 1142 Condemnation (2)

The crowds went silent immediately upon hearing Yun Lintian's question.

"As you can see, they don't really care about your life at all. What they seek is a benefit. It is the only thing that can make them move." Yun Lintian said further.

He pointed at Lei Yubai, Xing Yongnian, and Du Xiaotian. "If you have a bit of knowledge, you will know how much they want to swallow the Northern Continent and make it their training grounds. They couldn't wait for the Poison Valley to successfully occupy the place and launch a war in disguise of doing for humanity's sake afterward."

A mocking smile appeared on his face as he continued. "But do you think they will send their people to the frontline? If you think so, it means you are very naïve... It will be all of you here... All of you will be served as a cannon fodder."

The second-rate forces in the crowds began to discuss in a low voice. Even a fool could see that Yun Lintian's words were likely true. When it came to war, they would certainly be sent to the frontline while these people from the palaces sat far away from the battle.

"What nonsense you are talking about!?" Du Huanfeng shouted angrily. "I see. You are really a spy sent by the Poison Valley... Everyone, don't be fooled by him!"

Du Huanfeng quickly said further. "Everyone, my father has been helping people all his life. Do you really think he's a benefit-seeking person, as Yun Lintian said?"

Everyone went silent, and many of them had a look of uncertainty on their faces. They didn't know which one was true right now.

"I think Young Master Du is right. How could Palace Master Du be someone like he said?" A middle-aged man in the crowds suddenly said. "Palace Master Du had saved my father's life without asking for a penny. Such a benevolent person was actually mistaken as a benefit-seeking person? This is absurd!"

"That's right! Palace Master Du had also saved my family's life."

"Yes! Why are you slandering him?"

One after another. People who had received Du Xiaotian's kindness spoke out, causing the crowds to look at Yun Lintian in doubt. Compared to Du Xiaotian, whose reputation was as high as the sky, Yun Lintian was an unknown person to them. It was normal for them to believe the former more than the latter.

A grin appeared on Du Huanfeng's face when he saw this scene. He glanced at Yun Lintian provocatively.

"A benevolent person? Do you really think he's a saint?" Yun Lintian chuckled mockingly.

He turned to Du Xiaotian and asked. "Do you remember the old-alchemy clan, Ling Clan?"

A strange light flashed through Du Xiaotian's eyes upon hearing this. He calmly responded. "I naturally know them. Our Myriad Pill Palace has been wanting them to join us. Unfortunately, they met a calamity first."

"A calamity?" Yun Lintian laughed angrily. He pointed at Yun Chenyu beside him and asked. "Do you know who she is?"

Du Xiaotian and the others looked at her in doubt.

"Tell them." Yun Lintian encouraged his disciple.

Yun Chenyu took a deep breath and stood up. She looked at Du Xiaotian with deep hatred as she said solemnly. "My name is Ling Yu'er. I am a descendant of the Ling Clan."

"All of you might not believe me. However, I can prove it to you... My Ling Clan is well known for a unique flame that passes down through a bloodline called 'Wormwood Flame.'"

She raised her hand gently as she spoke, and a light green flame immediately lit up above her palm. It was a flame that gave off a soothing and warm feeling.

Without a doubt, this kind of flame was impossible to imitate.

Seeing this, those who knew the Ling Clan immediately believed in Yun Chenyu's identity.

Meanwhile, Du Xiaotian and the elders behind him stared at her gloomily. Because of this unique bloodline, they wanted to swallow the Ling Clan. Who would have thought that their descendant was still alive out there?

Yun Chenyu said further. "One day, an envoy of the Myriad Pill Palace came to my clan with the intention of recruiting us. However, they also put a condition that we would be forbidden from treating ordinary people after joining them."

"Because of this condition, my grandpa refused them on the spot, which caused anger in them and led to the demise of my clan."

She glared at Du Xiaotian with hatred and bellowed at the top of her lungs. "You killed my family! I want you to repay it!"

Yun Lintian immediately patted her back and injected wood energy into her body to soothe her mood.

He then turned to look at Du Xiaotian and asked. "You can deny as you want or blame one of your subordinates, but the fact that you have destroyed the Ling Clan just because they didn't want to join you will never change."

He paused for a moment and let out a chuckle. "Of course, if you think everyone here is a fool, you can ask for evidence and quibble about it as much as you want... Come on. I want to see how you dance."

Du Xiaotian's face darkened for the first time. This Yun Lintian simply blocked every path for him to deny it.

"Nonsense! You are flaming us!" Du Huanfeng shouted angrily.

Yun Lintian merely glanced at him as if he looked at a clown and paid no further attention.

Seeing Du Xiaotian remaining silent, the crowds immediately understood that it was likely to be true. Those who had spoken out for him earlier went silent right away. They had just told everyone how kind and benevolent Du Xiaotian was, and now this. Wouldn't they be a joke?

At this moment, Qing Xiaoting suddenly spoke. "Du Xiaotian. Do you really believe in yourself that you are benevolent, as they said?... I don't deny that you have helped many people during these years, but dare you to admit it is just for an experiment?"

"Or do you want me to show everyone here how many people you have abducted and make them drug-testing rats during these years?... Trust me, I have a lot of evidence in my hand."

Qing Xiaoting's words were like a final nail in the coffin, making Du Xiaotian unable to refute...

Chapter 1143 Condemnation (3)

"Don't you think our son-in-law is domineering?" On the other side, Qin Mei looked at Yun Lintian with a satisfied smile.

On the side, Shen Mingjun looked at Yun Lintian thoughtfully. No one knew what he was thinking currently.

Du Xiaotian went silent for a long time, and when he was about to say something, he suddenly heard Xing Yongnian's voice.

"There's no need to respond to him, Brother Du. My father will take care of it by himself."

Du Xiaotian's expression changed slightly, and he became hesitant. If he didn't say anything, the reputation that he had painstakingly accumulated would be gone today.

In the end, he sighed and closed his eyes, remaining silent.

Seeing this scene, the crowds immediately realized everything Yun Lintian and Qing Xiaoting said was true. The senior they admired was extremely evil. This made their hearts turn cold directly.

The avenue was blanketed with silence. No one uttered a word for a long time as many of them didn't know what to do next. Some of them wanted to withdraw but also didn't have the gut. In the end, they could only stay silent.

Yun Lintian glanced at Du Xiaotian and Xing Yongnian thoughtfully. Clearly, these two were communicated earlier.

However, he didn't care about the content they spoke about. He had achieved the first step of making the Myriad Pill Palace pay a huge price now. All the good reputations they had were crumbled to the ground. At least, among the top forces knew their true face now.

"Father..." Du Huanfeng was unwilling but had no idea how to refute it. If it were the others, he might be able to bullshit through it, but everyone here was no ordinary. They weren't some mobs that easy to be brainwashed and suppressed by the Myriad Pill Palace.

Yun Lintian shifted his gaze onto Lei Yubai and opened his mouth. "Elder Lei, may I know where your Palace Master is? Why didn't he come?"

Lei Yubai's eyes turned cold when he heard this. He responded calmly. "What do you want to say?"

Yun Lintian chuckled and said. "I met Brother Zhenxiang a year ago, and after he returned to the Divine Thunder Palace, I have never heard about him again. This made me wonder where he is."

He looked at Lei Yubai with a playful smile and asked. "However, I heard some rumors. Do you want to hear it?"

"Yun Lintian! Why are you trying to interfere with my Divine Thunder Palace's matter?" Lei Jun uttered coldly.

"Why? Didn't you hear it earlier? Brother Zhenxiang and I are good friends. I am naturally concerned about his well-being." Yun Lintian glanced at him and said with a smile. "What's wrong? Could it be... the rumor about him being locked up by all of you is true?"

As his voice fell, the crowds subconsciously looked at Lei Yubai. Those forces within the Central Continent naturally heard something more or less about it. Especially during the past month, when the Divine Thunder Palace's people were actively searching for something. Obviously, there was something wrong with it.

"You!" Lei Jun trembled in anger that his face flushed red.

"You what? That's all you can say?" Yun Lintian sneered. He glanced at Du Huanfeng and said further. "No wonder you two can be good brothers. Both of you are the same. Pampered babies with no brain."

"Bastard! Do you think I don't dare do anything to you here!?" Du Huanfeng's anger exploded, and he wanted to use his trump card, but he was stopped by Du Xiaotian first.

Du Xiaotian opened his eyes and looked at Yun Lintian deeply. "If you don't want to work with us, you can leave directly. There's no point in saying all of this."

"Of course, my people and I have no problem leaving. After all, we had resisted the Poison Valley once by ourselves. We can be on our own." Yun Lintian said.

"However, as I said before, I must let everyone here know the true faces of who they are working with."

"Thank you for speaking out, Sect Master Yun!" Suddenly, a middle-aged man on the west wing stood up and cupped his fists toward Yun Lintian. He was a sect master of a top sect on the southern side of the Central Continent.

He then turned to Du Xiaotian and said solemnly. "Palace Master Du, do you remember a little girl named Lin Ke, who joined the Myriad Pill Palace a hundred years ago?... Heh, of course, you probably don't know her. After all, she's just an insignificant ant in your eyes."

His voice raised a few octaves as he spoke further. "If you don't know, I can tell you she's my granddaughter. When your Myriad Pill Palace came to recruit talents, I didn't hesitate to send her over because I trust your character."

"However..." His entire being trembled, and he started to choke. "However... You actually turned her into a drug-testing rat!... Today, I'm going to avenge her!"

As he finished his sentence, his aura surged, and a cluster of flames burst out in the air, transforming into a meteor and falling toward Du Xiaotian.

"Presumptuous!" The elder beside Du Xiaotian snorted coldly, and a gigantic barrier appeared above him.

BOOM!

The shield completely blocked the meteor and shattered it into pieces.

"Ugh!" The middle-aged man clutched his chest and coughed up a mouthful of blood.

His strength was only at the second level of the Monarch Profound Realm, and he knew very well it was impossible to kill Du Xiaotian. However, the hatred in his heart could not be suppressed any longer. If he didn't do it now, he wouldn't be able to live further.

The elder beside Du Xiaotian made a grasping gesture toward the middle-aged man, trying to pull him over and finish him.

Suddenly, a sharp sword beam flashed, causing the elder's face to change drastically, and he hurriedly withdrew his hand.

Immediately, everyone turned to look at Yun Lintian and saw the latter point his finger at the elder. Evidently, he was the one who made a move.

"He's so strong!" Qin Mei's eyes lit up.

She didn't expect a single move from Yun Lintian, who was at the third level of the Monarch Profound Realm, could actually stop someone at the middle level of the Divine Ascending Tribulation Realm... What kind of strength was this?

Chapter 1144 Condemnation (4)

Yun Lintian turned to the middle-aged man and waved his hand gently. A thick vine immediately shot out of his palm across the arena and wrapped around the latter. In the next moment, the middle-aged man could feel his injury recover almost instantly.

This scene immediately stunned everyone in the avenue. Especially Du Xiaotian. His face turned solemn as he stared at the green vine attentively. He could feel the wood energy within it was several times higher than his.

The middle-aged man wiped the bloodstain out of the corner of his mouth and cupped his fists toward Yun Lintian. "Thank you, Sect Master Yun. I am too useless to avenge my granddaughter. I am ashamed to live further."

As he finished his sentence, he raised his palm and wanted to slam into his heart, but he was first stopped by Yun Lintian's vine.

Yun Lintian said calmly. "There's no need to blame yourself, Senior. You can avenge her now, doesn't mean you can't do it in the future. Trust me, there will be such a day."

His words were no different from a naked threat to the Myriad Pill Palace.

He said further. "As you can see, my disciple also had a deep hatred toward them, and she will take revenge by herself one day. You have to live until that day."

"Bold!" The elder beside Du Xiaotian bellowed and wanted to make a move, but he was stopped by Du Xiaotian.

Du Xiaotian calmly looked at Yun Lintian and said. "My Myriad Pill Palace is welcoming all of you to seek revenge at any time."

Yun Lintian retracted the vine and said with a smile. "Don't worry, Palace Master Du. It won't be that long."

He then glanced at Du Huanfeng, causing the latter to shudder. "You shouldn't let him go out during this period. The world is in chaos now. I'm afraid he will meet a mishap."

Hearing this, Du Huanfeng gritted his teeth with hatred. He was supposed to be the one that threatened Yun Lintian, but now the role had been swapped. This made him extremely uncomfortable.

Du Xiaotian didn't say anything in response, but a killing intent in his eyes was evident.

"That should be enough, Sect Master Yun." Xing Yongnian said calmly, attracting everyone's attention.

He took a deep look at Yun Lintian and said further. "I believe everyone here has made a mistake before, and a huge faction like the Myriad Pill Palace, Divine Thunder Palace, and even my Star Gazing Palace are naturally prone to have them."

"Earlier, you said you came here for the alliance, and I believe it's true. Why don't you put your personal grudges aside first and discuss how to deal with our common enemy? Whether you want to settle with your grudges, you can do it later."

"Well said, Palace Master Xing." Lei Yubai echoed. He glanced at Yun Lintian and said. "However, I doubt that Sect Master Yun comes here for the alliance. To me, it looks like he is here to destroy this event

instead. Honestly, I didn't agree with Palace Master Du's words before saying you are the Poison Valley's spy, but I'm starting to doubt now."

"Furthermore," He paused for a second and said in a deep voice. "When the Poison Valley attacked the Northern Continent, they didn't use their main force. It was like they were putting up a show for the world to see."

"It was true that the Northern Endless Sea Lord had appeared, but he was forced to retreat by Sect Master Yun, who was at the Saint Profound Realm at that time."

He turned to look at the crowds and asked. "Don't you think it's a bit strange here?"

The crowds immediately discussed in a low voice. If it was true as Lei Yubai said, this matter was indeed strange. No matter how powerful Yun Lintian was, it was impossible for him to fight against the peak of the Divine Ascending Tribulation Realm's powerhouse like Yin Bei.

Seeing this, Lei Yubai smiled faintly and asked. "I think Sect Master Yun should enlighten us on this matter. Perhaps we can use your method to deal with them."

"This bastard..." Shen Liqiu was angry upon hearing this. Clearly, Lei Yubai wanted Yun Lintian to show his secret.

Long Jinwei and the others frowned but didn't express anything as they believed Yun Lintian could handle this.

Facing everyone's doubtful gaze, Yun Lintian smiled and looked at Lei Yubai. "Elder Lei's strength is not low and maybe on par with the Northern Endless Sea Lord. I wonder if you have the gut to fight me here so I can show everyone how I deal with him?"

The surrounding temperature dropped sharply as his voice fell. Once again, everyone had underestimated Yun Lintian's boldness.

Lei Yubai's face darkened. Before he could respond, Yun Lintian said further. "What? Don't tell me you're afraid of a junior like me?"

Yun Lintian's smile faded and was replaced with a cold grin. "If you don't have the gut, don't try to be smart here. After all, this place is not your Divine Thunder Palace that you can trap me as you did to Brother Zhenxiang."

Lei Yubai's hands grasped onto the armrests and almost broke them. His anger was set ablaze within his heart, and his eyes were filled with killing intent.

"Don't be impulsive, Brother Lei." Xing Yongnian's voice suddenly resounded in his mind. "He's trying to provoke all of you here and overwhelm you with the forces behind him."

Lei Yubai calmed down slightly and glanced at Long Jinwei and the others behind Yun Lintian.

He then responded. "When is your esteemed father going to take action?"

Xing Yongnian replied calmly. "Father is watching this place currently. He's waiting for someone to come."

Lei Yubai's brows raised slightly. "Someone?"

"You will know it soon." Xing Yongnian said with a mysterious smile.

Seeing Lei Yubai remaining silent, the crowds were even more disappointed. It seemed the nine palaces were not formidable as they thought. They couldn't even put up a verbal fight with Yun Lintian before, and now this.

Yun Lintian paid no attention to Lei Yubai and turned to Du Xiaotian. "You keep saying that I might be a spy of the Poison Valley. In fact, I want to ask you as well. Are you working for them?"

Du Xiaotian frowned upon hearing this. "Even if I made many mistakes, I would never betray humanity."

"Really?" Yun Lintian smiled and slowly shifted his gaze onto Du Yunlie...

Chapter 1145 Sudden Turn Of Event (1)

Du Xiaotian and the rest of the Myriad Pill Palace frowned and followed Yun Lintian's gaze.

At this moment, Du Yunlie's face turned cold, but he didn't seem afraid of anything.

"What do you mean, Sect Master Yun?" Xing Yongnian asked in doubt.

Yun Lintian smiled and asked. "I believe Palace Master Xing has a way to check whether someone possesses Abyssal Poison in their body. I would like to ask you to check on this Elder Du Yunlie. You will understand what I mean."

"Presumptuous! Do you think you can frame anyone here at will?" The elder beside Du Xiaotian shouted angrily, and his aura surged, preparing to make a move.

Xing Yongnian frowned and asked. "Sect Master Yun, you should know that you need evidence to suspect someone, right?"

"I indeed have no evidence." Yun Lintian didn't care about the pressure. "However, it doesn't mean I cannot prove it."

He turned to look at Du Xiaotian and asked. "As a spirit doctor, I believe Palace Master Du has a way to prove my claim. I can do it by myself, but I'll give you a chance to prove your innocence."

"Palace Master, let me deal with him." The elder beside Du Xiaotian said angrily.

Meanwhile, Du Xiaotian frowned and looked at Du Yunlie thoughtfully. When he saw the latter was calm and composed, he couldn't help wondering... Could it be there was something wrong with him?

To everyone's surprise, Du Yunlie suddenly smiled and said as he looked at Yun Lintian. "I have underestimated you."

As his voice fell, his figure disappeared from the place and reappeared in the sky. His entire body was shrouded with a black mist that gave off a smell of death.

Seeing this scene, everyone was shocked. Who would have thought there would be a spy of the Poison Valley mixing with them all this time without them knowing?

Yun Lintian was surprised as well. He didn't expect Du Yunlie to admit it directly without struggling. This made him frown deeply. Obviously, this person wasn't afraid of anyone here.

At the same time, he felt the black mist around Du Yunlie was very familiar.

In the next moment, he suddenly blurted out. "Jue Kong!?"

"Hahaha! Do you think you defeated me back then? How naïve!" Du Yunlie burst into laughter when he heard this.

Yun Lintian's expression turned solemn as he asked in his mind. "What's going on, Hongyue? How could he still be alive?"

"He used a forbidden technique to preserve his soul and escaped," Hongyue explained calmly.

"Why don't you tell me?" Yun Lintian asked with faint anger.

"Why should I? Do I have to wash your ass every time you make a mistake?" Hongyue curled her lips.

The anger in Yun Lintian's heart gradually faded when he heard this. It was true as she said. It wasn't her duty to take care of him at every step. After all, if he had been more careful, he might possibly notice Jue Kong's soul at that time.

"However, you are really something. Your strength has improved too fast from the last time we met." Jue Kong's eyes narrowed slightly as he looked at Yun Lintian. "Looks like the secret in your body is truly extraordinary."

"H-How could Elder Yunlie...?" Du Huanfeng was the one who was shocked the most, as he was staying beside Du Yunlie most of the time after returning from the Western Continent.

Meanwhile, Du Xiaotian and the Myriad Pill Palace's elders stared at Du Yunlie in disbelief. How could he conceal himself so perfectly without them knowing?

"Palace Master..." The elder beside Du Xiaotian was at a loss. He was clamored to deal with Yun Lintian earlier, but now the reality slapped him hard.

"It seems you come prepared." Yun Lintian calmed down and said.

At the same time, he secretly communicated with Yun Huanxin and Long Ying to confine the space, preventing Jue Kong from escaping.

"Naturally." Jue Kong chuckled. He glanced at Xing Yongnian and Du Xiaotian and said. "I have prepared big gifts for both of you. No need to thank me later."

BOOOOM!

As his voice fell, a terrifying explosion broke out on the northern side of the city. It was the direction of the Star Gazing Palace.

Xing Yongnian's expression changed drastically. "Capture him!"

The Star Guardians beside Xing Yongnian immediately flew into the air, surrounding Jue Kong. Instantly, they tacitly formed a solid barrier to block all the retreat routes of Jue Kong.

"Hmph! A group of ants." Jue Kong sneered, and two gigantic black dragon wings appeared behind his back, releasing the terrifying aura of death.

The expressions of the five Star Guardians changed drastically as Jue Kong's aura burst out.

BOOM!

The barrier that the five had created instantly shattered into pieces upon Jue Kong's aura touched it. The five Star Guardians were directly sent flying into the distance with their faces full of disbelief.

This scene immediately shocked everyone below. The Star Guardians were already standing at the peak of this world, yet they couldn't even withstand Jue Kong's single strike.

While everyone was shocked by Jue Kong's might, the elder beside Du Xiaotian suddenly exclaimed after receiving a secret message. "Not good, Palace Master! Our palace has been attacked by a group of powerful Abyssal Beasts!"

Du Xiaotian's face changed drastically, and he quickly said. "Open the formation and notify Grand Ancestor! No, I will do it myself!"

He then quickly performed complicated hand seals, trying to contact his father, Du Shoushan.

Meanwhile, Weilan Xuan looked at Jue Kong thoughtfully. Before coming here, she had received the news about the Poison Valley's secret movement, which was why Weilan Tianjun didn't come today.

"His strength..." Yun Lintian's face turned solemn. Jue Kong's current strength was obviously a few times higher than the last time they met. Obviously, his original strength had surpassed the world's ceiling!

"No wonder all the experts in the past couldn't kill him." Yun Lintian muttered to himself.

He had always doubted the strength of the invaders from the Abyssal World in the past. If they were at the Divine Ascending Tribulation Realm's peak, how could they suppress this world's experts? After all, according to Qing Xiaoting, many peak powerhouses back then were even more powerful than the current ones.

"You are the Dragon of Death?" Xing Yongnian's face turned solemn.

Chapter 1146 Sudden Turn Of Event (2)

Xing Yongnian naturally knew about Jue Kong, the Dragon of Death. According to his father, this Jue Kong's strength was only second to Yin Weizhe, the leader of the Abyssal Beasts.

The last time he heard was that Jue Kong had appeared on the Western Continent and was defeated by the combination of Tianqi Zongwei, Huoyun Yurou, and Yun Lintian... He actually managed to survive?

"Dragon of Death?" Nantian Xiulan's expression turned solemn. As a person who had participated in the previous war, she naturally knew how scary this person was.

Jue Kong looked at Xing Yongnian and said with a grin. "You better worry about your house first."

BOOM!

Another explosion rang out, and the impact immediately destroyed several buildings in the city.

At the same time, countless Abyssal Beasts at the Saint Profound Realm level and above appeared all over the place and started to massacre people.

Soon, the city fell into chaos. Screams and wails could be heard everywhere.

"Everyone, please lend me hands!" Xing Yongnian shouted loudly, and his aura burst out.

The crowds in the avenue returned to their sense and quickly got up, preparing to fight.

Meanwhile, Yun Lintian frowned deeply and scanned the crowds with the Eyes of Heaven. Immediately, he found several people with Abyssal Energy within their bodies.

"What should we do next?" Long Jinwei appeared beside Yun Lintian and asked.

Yun Lintian quickly marked the people he found and told Han Bingling and Yun Qianxue. "I'll leave these people to you."

He then turned to Lin Xinyao. "Please take care of Yu'er."

"No problem." Lin Xinyao nodded and walked to Yun Chenyu.

"Except for Senior Qing, Senior Nantian, Senior Ying, Senior Long, and Huanxin, everyone should leave this place and help the people outside." Yun Lintian quickly gave instructions.

"Leave it to us." Lin Zixuan and the rest immediately rushed out of the avenue.

"Huanxin!" Yun Lintian abruptly soared into the sky and shouted.

At this moment, Yun Huanxin's aura exploded as her eyes shone with unusual gray lights. Immediately, the space around Jue Kong was solidified, preventing him from escaping through the void.

"Oh?" Jue Kong glanced at Yun Huanxin in surprise. He didn't expect to see a human with such high attainment in the spatial element.

Qing Xiaoting, Long Jinwei, Long Ying, and Nantian Xiulan quickly rose into the sky and surrounded Jue Kong.

"I was careless last time." Yun Lintian looked at Jue Kong calmly as the Heaven Piercing Sword silently appeared in his hand.

Hearing this, Jue Kong smiled disdainfully. "My strength hadn't recovered at that time. Otherwise, how could you stay alive until now?"

He glanced at the people around him and said in surprise. "Divine Phoenix bloodline and Golden Dragon bloodline? Interesting... How about submit to me? Don't worry. I won't treat all of you badly."

"He's trying to delay time. Do it now!" Xing Yongnian roared, and the Star Guardians quickly launched attacks on Jue Kong.

Instantly, Jue Kong was surrounded by brilliant star lights as if millions of stars had exploded.

"Heh." Jue Kong sneered and raised his hand, which was transformed into a dragon's claw. In that instant, a dreadful dark beam shot out and overwhelmingly swallowed all the surrounding starlights.

Rumble—

With the sounds of an explosion, the star lights turned into numerous small fragments and scattered away like a comet that disappeared on the horizon. At the same time, the impact immediately swept out, forcing Yun Lintian and the others to conjure profound defense to shield themselves.

Qing Xiaoting suddenly raised her long sword, and a rainbow-colored sword beam appeared in the sky, falling upon Jue Kong.

Jue Kong's brows raised in surprise as he saw the rainbow sword beam descending. The power within this sword beam had obviously surpassed the world's ceiling.

"As expected from the Heavenly Sword Palace's founder." Jue Kong said calmly, and his pupils suddenly turned into dragons ones.

Instantly, the black mist around him expanded out, transforming into a gigantic pair of hands, grasping onto the incoming sword beam.

Riiiiip—

The rainbow sword beam ripped the black hands apart and went straight onto Jue Kong's head. However, before it could hit the target, the pair of black hands that were ripped apart suddenly glued back together and firmly grasped the beam, preventing it from moving further.

Scree—

In that instant, a phoenix's cry filled the sky as a terrifying divine phoenix flame's cluster shot over, blasting the black mist around Jue Kong away.

At the same time, Long Jinwei and Long Ying punched out, and two golden dragons roared, rushing toward Jue Kong.

Jue Kong's face fell. Even though he was confident dealing with them, it wouldn't be good in the long run if this continued.

"Break!" He roared, and the pair of wings behind him flapped forward, creating an apocalyptic windstorm to blast everything coming toward him.

BOOOOM!

A massive explosion rang out, sweeping Long Jinwei and the others away with an irresistible force.

Standing amidst the black windstorm was a gigantic black dragon—Jue Kong's true form. His pair of dreadful eyes stared at every living being below as if they were insignificant worms.

"Not bad. All of you have something." Jue Kong spoke slowly. "However, if you think you can defeat me just because of these, hehe. Then you are too naïve."

As he spoke, he raised his head slightly and opened his mouth wide. A terrifying Abyssal Energy gathered inside his mouth, forming a giant black ball.

"Open the formation!" Xing Yongnian hurriedly shouted upon seeing this. He didn't know what Jue Kong wanted to do, but the power that gathered in his mouth gave him a calamitous feeling as if the world was about to come to an end.

Buzz—

A massive barrier filled with starlights immediately appeared above the city. This was the most powerful protective barrier of the Star Gazing Divine City called the Sea of Stars.

"Die!" Jue Kong's cold voice resounded as he released the massive black ball inside his mouth.

Instantly, the black ball shot into the sky and transformed into a rain of black beams, descending upon the whole city!

Chapter 1147 Sudden Turn Of Event (3)

The faces of Yun Lintian and the others turned ashen when they saw this scene. The death power within the rain of dark beams was insanely intense. It was uncertain whether the formation could withstand it.

Once they fell upon the city, countless people would undoubtedly die instantly. Although this place wasn't Yun Lintian's territory, he still didn't want to see such a scene.

"Stop it!" Xing Yongnian roared, and his entire body was shrouded with brilliant starlights. His aura rose to the limit as a starry sky filled with a million stars appeared above the barrier.

The five Star Guardians took out their weapons and struck Jue Kong with all their might, causing the whole space to tremble.

At this moment, Yun Lintian raised the Heaven Piercing Sword and swung vertically toward Jue Kong. The clouds in the sky abruptly roiled up and transformed into countless blades, showering down upon Jue Kong.

The white blades and dark beams intertwined, fiercely pushing each other, producing powerful ripples in the air.

A sneer appeared on Jue Kong's face. He suddenly released another wave of black mist, pushing all the five Star Guardians away before exerting more strength into the rain of black beams.

Boom! Boom! Boom!

Several massive explosions rocked the starry sky that Xing Yongnian created and swallowed the brilliant starlights at the fastest speed.

Xing Yongnian's face turned ashen. He tried to exert more of his strength, but it was impossible to resist the black beams.

At this moment, the black beams fully swallowed the entire starry sky and fell down upon the barrier. With a boom, the barrier shattered directly, and the whole city was instantly covered with dark beams.

"Arghhh!"

Shrill screams and wails resounded from every corner of the city. Hundreds of thousands of people were directly obliterated by the sea of black beams without a single trace left behind.

Within a few seconds, the entire city was completely shrouded with a death aura. It was unbelievable that the bustling city earlier had now become a dead man's land.

"Hahaha! I haven't felt this thrill for a long time. It's f*cking great!" Jue Kong laughed wildly as he looked at the scene. He could finally release his full power after being suppressed for a long time.

He glanced at Xing Yongnian and said. "Looks like your father doesn't care much about this place... Heh. As expected from a coward like him."

"You!" Xing Yongnian spat out a mouthful of blood. Even though he didn't care much about the people here, this place was his territory, after all. It was no different from being slapped on his face.

"His strength has reached the third level of the Divine Foundation Realm. How could he become stronger again?" Lauya's voice resounded in Yun Lintian's mind. When she arrived in this world and discovered the injured Jue Kong, she didn't hesitate to use the Tree of Life's power to suppress him.

Unfortunately, the Tree of Life's power was too weak to kill him. She could only imprison Jue Kong and wait for Yun Lintian to come.

"So his current strength is similar to the Boundless Desert Emperor?" Yun Lintian asked with a solemn expression. "What about Qing Xiaoting and Long Ying?"

"Qing Xiaoting is only at the second level of the Divine Foundation Realm, and Long Ying is at the first level," Lauya replied.

"As for those five people, they are also at the first level. However, their foundation is too weak. Their strength is far inferior from Long Ying."

"What should we do?" Long Jinwei sent a sound transmission over.

Qing Xiaoting appeared beside Yun Lintian and said solemnly. "His strength is above mine. I don't think we can kill him."

Yun Lintian glanced at the dying people below and asked Yun Xia. "Grandma, can you help them?"

As much as he wanted to ask Yun Xia to kill Jue Kong, he knew it was impossible. Hence, he could only ask this.

Yun Xia, who seemed unbothered by what happened around her, glanced at him and asked. "Are you sure? It will benefit you if this place falls."

Yun Lintian replied firmly. "My heart is uncomfortable, watching them die like this. Besides, this city has fallen already."

Yun Xia took a deep look at Yun Lintian and sighed softly. "Your heart is too soft when it comes to this. Alright, I will help you once. There's no next time."

"Thank you, grandma." Yun Lintian hurriedly said.

Yun Xia merely glanced at the black mist around the city. All of a sudden, all the black mist and the death aura vanished completely as if nothing had happened before.

This scene immediately stunned everyone. Especially Jue Kong. The smile on his face faded and was replaced with a terrifyingly gloomy expression. He looked at Yun Lintian and asked. "What kind of trick are you playing?"

Xing Yongnian and the others all turned to look at Yun Lintian in astonishment. They had no idea how Yun Lintian did it.

Meanwhile, Long Jinwei, Long Ying, Qing Xiaoting, and Nantian Xiulan subconsciously glanced at Yun Xia, who was standing beside Linlin and Qingqing. They knew it must be her who made a move... What kind of strength was this? They couldn't even feel a slight energy fluctuation from her.

On the contrary, Tao Kang didn't seem to be surprised about it. How could a mere Divine Foundation Realm's power dare to show up in front of her?

While he was thinking, he suddenly heard Yun Xia's voice. "I'll give you a chance. Suppress this black lizard."

Tao Kang shuddered and hurriedly replied. "Leave it to me, Senior!"

Before Yun Lintian could reply, Tao Kang suddenly rushed toward Jue Kong. He grabbed the bottle gourd on his waist and sprinkled a few droplets of somewhat clear water on Jue Kong.

Jue Kong's expression turned cold. He could see clearly that this person's strength had already reached the same height as his, but he didn't take it to heart, as a human practitioner was naturally inferior to a beast practitioner like him.

However, when he saw the droplets of water fly over, his expression abruptly changed, as if he saw a powerful foe. He didn't know what they were, but they gave him a fatal threat.

Instantly, his wings flapped, and the black mist around him transformed into an apocalyptic storm.

Seeing this, Tao Kang smiled disdainfully. "Idiot!"

The water droplets suddenly passed through the windstorm directly and landed on Jue Kong's body.

"Argghhh!" Instantly, Jue Kong's miserable scream echoed throughout the space...

Chapter 1148 Sudden Turn Of Event (4)

Jue Kong's scream startled everyone in the scene, making them turn to look at Tao Kang in astonishment. Especially the bottle gourd in his hand. What kind of water was that?

"Idiot. Do you think you can resist my Blissful Clear Wine that is regarded as holy water?" Tao Kang sneered in contempt.

However, he suddenly felt a chill running down his spine and hurriedly explained. "No, senior. I'm really not a member of the Blissful Mountain anymore! Please don't misunderstand me!"

Yun Xia glanced at him and said nothing.

"Now!" Yun Lintian came back to his sense and shouted while waving the Heaven Piercing Sword.

Qing Xiaoting, Nantian Xiulan, Long Jinwei, and Long Ying reacted immediately and launched their powerful attacks on Jue Kong.

BOOOM—

A huge explosion once again rocked the divine city and thousands of kilometers around it. The land mass around the city was sent into the sky as a massive wave of impact spread out.

Time flowed in a dreadful and isolated silence, and Jue Kong's scream abruptly stopped in the process.

However, when everyone thought Jue Kong had already been killed or beaten half-dead, an apocalyptic windstorm suddenly burst out, followed by a terrifying death aura that made everyone shudder.

"I'll remember this pain!" Amidst the windstorm, Jue Kong roared furiously as a small round object in his hand glowed in black light. The surrounding space started to distort, revealing a giant spatial rift.

"Oh, shoot!" Tao Kang was taken aback and hurriedly stopped Jue Kong, but it was too late. Jue Kong had already stepped into the spatial rift and disappeared from the spot, leaving Tao Kang and the others no chance.

"That... What the hell is that black ball?" Tao Kang frowned deeply. He had seen a lot of spatial-related items, but this one was the most powerful he had ever seen so far.

Meanwhile, Yun Xia squinted her eyes at the disappearing Jue Kong as if she had recalled something.

"What is that?" Yun Lintian frowned deeply.

"It contains the Spatial Wheel's power." Hongyue's voice resounded in Yun Lintian's mind. "Looks like that so-called Yin Weizhe has already grasped the power of the Spatial Wheel to a certain degree. This will be very troublesome to catch him later."

Hearing this, Yun Lintian didn't know what to say. Perhaps he needed to go to the Chaotic Sea Region directly after getting the Golden Mountain.

Xing Yongnian was relieved upon seeing Jue Kong leave. He took a deep look at Tao Kang and said. "Thank you for lending us a hand."

Tao Kang chuckled. "You should thank him. Not me." He pointed at Yun Lintian as he spoke. "Besides, I wish to see your so-called Star Gazing Palace fall. If it wasn't because he was too kind, I wouldn't even make a move."

Xing Yongnian's eyes narrowed slightly. He turned to Yun Lintian and cupped his fists. "Thank you, Sect Master Yun and everyone."

Yun Lintian glanced at him and said. "There's no need to say such a thing since you don't care about the people here anyway."

He then swept his gaze onto the crowds below and found out that Du Xiaotian, Lei Yubai, and Weilan Xuan had already gone. Their territories were attacked by the Poison Valley as well. Naturally, they had no reason to stay here further.

Xing Yongnian's face turned gloomy. He glanced at the elders below him and said. "Take care of this place. We must compensate them."

"Yes, Palace Master." The group of elders quickly spread out.

Xing Yongnian looked at Yun Lintian and said. "I'll excuse myself first. There are a lot of enemies appearing over there."

Yun Lintian nodded and asked. "I'm curious. Your Star Pavilion didn't get any news regarding this matter at all, Palace Master Xing?"

Xing Yongnian frowned and asked. "What do you mean?"

Yun Lintian shook his head. "I don't mean anything. It is just that. Don't feel the Azure Palace's people are a bit strange? It seems they aren't worrying about this matter at all. As if they had known it beforehand."

Xing Yongnian frowned deeply and recalled Weilan Xuan and her people's reaction at the time. It was as Yun Lintian said. They didn't seem to be surprised by the sudden turn of events in the slightest.

Thinking of this, a cold glint flashed through his eyes. It was no wonder Weilan Tianjun didn't come today.

Seeing Xing Yongnian's expression, the doubt in Yun Lintian's heart grew deeper. At first, he thought it was a show that the Star Gazing Palace and the Azure Palace put up. They probably did this to establish the alliance easier. However, it didn't seem to be the case now.

What made him doubt the most was the Star Pavilion had actually failed to get the news while the Azure Palace did. No matter how he looked at it, it didn't make sense at all.

"Although I know you won't believe me, my Star Pavilion hasn't received the news. Furthermore, I'm not stupid enough to destroy my own city." Xing Yongnian felt that he should explain this. However, he didn't care whether Yun Lintian believed him or not.

"I'll take my leave first." As he spoke, Xing Yongnian's figure disappeared from the place with the Star Guardians.

Yun Lintian looked around the place and saw the last Abyssal Beast get killed by Shen Mingjun.

At the same time, Han Bingling and the others had returned to his side safely.

"Our southern continent has been attacked, but thankfully, we have prepared for this scenario. They have been subdued now." Nantian Xuanyu walked over and said.

"That's good to hear." Yun Lintian said in relief. At the same time, he couldn't help wondering why the Poison Valley chose this moment to attack.

"However, I think you should go with me. Lord Divine Phoenix found a man named Yang Chen sneaking into the palace. I think you know him, right?" Nantian Xuanyu said further.

"Yang Chen?" Yun Lintian was surprised and glanced at Yan Yaoting in the distance.

Yan Yaoting noticed Yun Lintian's gaze. He walked over and said. "Do you have time? I want to discuss something with you."

He paused for a moment and added. "It's about Yang Chen."

Chapter 1149 Cooperation (1)

"Your Blazing Sun Palace has been attacked as well?" Yun Lintian asked.

Yan Yaoting nodded. "To tell you the truth, my Blazing Sun Palace has never let our guard down since ancient times. It's an instruction from our founder. He said that the invaders from the Abyssal World are lying dormant and waiting for the right time to emerge again."

He paused for a second and said further. "Besides, they didn't send any top powerhouses to us. It was like they were testing us somehow."

"My side as well." Nantian Xuanyu said. "They aimed at our city and left out the outermost ones. Obviously, their true target is here."

Earlier, Yun Lintian received a piece of news from his second sister, Murong Xue, that the Divine Thunder Palace and the Myriad Pill Palace were heavily attacked by a group of Divine Ascending Tribulation Realm and Monarch Profound Realm abyssal beasts.

Especially the Divine Thunder Palace. They had to mobilize their trump card, the Thunder Wrath Formation, to drive the enemies away.

As for the Myriad Pill Palace, their foundation was incomparably strong, as there were a lot of Monarch and Divine Ascending Tribulation Realm experts inside. Hence, they easily drove all the enemies away with no problem.

It was just that the Myriad Pill Divine City was currently shrouded by Abyssal Energy mists. It would take a long time to recover from it.

"They hide very deep this time. We couldn't even detect them." Nantian Xuanyu said with a trace of worry on her face.

As the saying goes, it is difficult to guard against a hidden arrow. If this continued, she didn't know when her Divine Phoenix Palace would be attacked the next time.

Yun Lintian nodded slowly. The problem was that the higher level of Abyssal Beasts was, the stronger their concealing ability became. Without the ability like Yun Lintian's Eyes of Heaven, it was extremely difficult to detect them.

"We have to come up with a new method." Yun Lintian thought of the possibility of a solution. Perhaps he could invent a device that could detect Abyssal Energy.

He put this matter aside and turned to Yan Yaoting. "Earlier, Palace Master Yan said something about Yang Chen. May I know what it is?"

Yan Yaoting didn't hide anything. "Presumably, you have already discovered something wrong with him. He came to me a year ago and showed my ancestor's inheritance in exchange for resources."

"Honestly, I planned to take away the inheritance from him, but I had no method to achieve it without him dying. The existence inside his body seems to be aware of this point, and I had no choice but compromised him in the end."

He looked at Yun Lintian and said. "I didn't know his background before this, but after investing thoroughly, I discovered that he has a relationship with you."

Yun Lintian nodded slowly and asked. "So, what do you want me to do?"

"I'll be frank." Yao Yaoting took a deep breath and said. "I want the inheritance."

"Why are you so sure that I can do it? Furthermore, you should be aware that he's the rightful inheritor, right? Not to mention he's my good brother." Yun Lintian asked calmly.

Yan Yaoting had already expected this question. "I know. However, he's no longer your brother. I can see his soul has almost been devoured by that existence."

Yun Lintian frowned deeply and turned to look at Nantian Xuanyu. "How's his condition, Palace Master Nantian?"

Nantian Xuanyu replied. "Lord Divine Phoenix didn't tell me anything, but whatever is inside Yang Chen's body should be eliminated by her now."

Yan Yaoting was surprised. It seemed allowing Yang Chen to go to the Southern Continent was the right choice.

Yun Lintian turned to Yan Yaoting and asked. "If he has recovered, are you willing to make him the rightful successor?"

To everyone's surprise, Yan Yaoting replied without hesitation. "I am willing."

"Oh?" Yun Lintian was surprised to hear this.

Seeing the doubt in Yun Lintian's eyes, Yan Yaoting asked. "Would you believe I had never wanted to be in this position?"

Yun Lintian and the others looked at Yan Yaoting thoughtfully without saying a word.

Yan Yaoting smiled wryly. "It's understandable. To the outside world, I am a ruthless man who is willing to do anything for a benefit. However, no one knows what happened before I came to this current position."

Yan Yaoting went silent for a while and told everyone about the true successor and the tragic story.

Everyone was surprised after listening to his narration. If it was true, as he said, then Yan Yaoting was really a loyal man. To carry the hope of his young master, he turned himself into a devil and killed all the way to reach his current position.

"So that's why you want me to explore the Seven Swords Tomb with you?" Yun Lintian slowly nodded his head in an understanding manner.

"Yes." Yan Yaoting responded. "I want to retrieve young master's remains and, if possible, to unravel the secret inside."

Yun Lintian touched his chin and pondered for a while before asking. "Your ancestor is Senior Yan Qi. Am I correct?"

Yan Yaoting's eyes flashed with surprise. "You... have seen him?"

"Where do you think Yang Chen gets the inheritance from?" Yun Lintian said with a smile.

Yan Yaoting became excited as he hurriedly asked. "Where is he now? Is he still alive?"

Yun Lintian shook his head. "Unfortunately, no."

Yan Yaoting was disappointed to hear this and sighed in sadness. If Yan Qi was still there, the Blazing Sun Palace would definitely reach a new height with his return.

"Come with me to the Divine Phoenix Palace." Yun Lintian said.

Yan Yaoting nodded and said to Nantian Xuanyu. "Alright. I'll have to trouble you, Palace Master Nantian, and I am very sorry that Yang Chen has caused a problem. It's all my fault. I'll try my best to compensate you."

Nantian Xuanyu waved her hand. "No worry. He didn't do anything to harm my people."

Before everyone left, Shen Mingjun walked over and said to Yun Lintian. "Do you have time to talk with me?"

Shen Liqiu frowned in dissatisfaction when she saw her father's rude behavior. "What's there to talk about?"

Yun Lintian raised his hand to stop her and said to Shen Mingjun. "We are preparing to go to the Southern Continent. Does Senior want to come with us?"

Before Shen Mingjun could say anything, his wife, Qin Mei, spoke first. "Sure. Let's go, shall we?"

Chapter 1150 Cooperation (2)

Before leaving the Central Continent, Yun Lintian sent Long Jinwei, Long Ying, Qing Xiaoting, and Tao Kang away and arranged for Lin Zixuan, Jiang Yingyue, and Long Feiyan to go back to the Northern Continent.

As for Long Dingxiang, he was reluctant to separate from Shen Liqiu, but he knew it was impossible between them. Hence, he could only try his best to forget her and return to his home with his father.

"The war is coming soon." Standing on the Heavenly Cloud Profound Skyship, Yun Lintian looked at the devastating city below and said in a deep voice.

This move from the Poison Valley was extremely effective. They had successfully destroyed the major cities, hindered the progress of the top forces, and ruined the alliance's establishment all in one go. Now, humanity's side was like a group of ships going in separate ways. There was no unity at all.

"I don't know if I made the right decision to expose him midway." Yun Lintian suddenly regretted it. Perhaps it would be better if he held until the alliance was established before exposing Jue Kong.

"It's not your fault." Yun Qianxue said softly. "He will eventually reveal himself before anything happens."

"She's right." Han Bingling echoed. "The way they appeared explained that they had been prepared solely for this purpose."

Yun Lintian said nothing and continued to look at the scenery below.

"In fact, we all know that the Myriad Pill Palace, Divine Thunder Palace, Star Gazing Palace, and Azure Palace have secretly established an alliance among themselves. Whether this so-called Azure Alliance can be formed doesn't mean anything to them." Yan Yaoting said.

"Why don't we make one ourselves?" Shen Liqiu suddenly said.

She pointed at Yun Lintian, Nantian Xuanyu, and Yan Yaoting. "We can form an alliance."

"It's actually a good idea." Nantian Xuanyu nodded in agreement.

Yun Lintian and Yan Yaoting glanced at each other and felt it was not a bad idea. Anyway, Yun Lintian, Nantian Xuanyu, and Qing Xiaoting were already in the same group.

"What do you think, Palace Master Yan?" Yun Lintian asked.

Yan Yaoting replied without hesitation. "That would be the best. It's just that I don't know if everyone here can trust me."

"I have no objection." Nantian Xuanyu said. To her, the more, the better. Adding Yan Yaoting and the Blazing Sun Palace behind him was definitely be good than harm.

Meanwhile, Han Bingling and the others looked at Yun Lintian, waiting for his decision.

Yun Lintian thought for a moment and said. "Welcome, Palace Master Yan. I have already established a secret teleporting formation between the Northern, Central, and Southern Continents. We will make one on the Eastern Continent later."

"Thank you for accepting me." Yan Yaoting was delighted.

"By the way, is the Blazing Sun Palace fully under your command?" Han Bingling suddenly asked.

Yan Yaoting nodded and replied truthfully. "As I told you before, I had already killed all those traitors. No one dares to challenge my authority now."

Yun Lintian thought of something and asked. "Do you think it's possible to recruit those forces inside the Boundless Desert?"

Yan Yaoting shook his head. "Although the Boundless Desert Emperor has been eliminated, my Blazing Sun Palace's power is not enough to convince them. Not to mention the Nether Flame group. There is a misunderstanding between us that is very difficult to solve."

He looked at Yun Lintian and said further. "But I think you can."

Yun Lintian nodded slowly. "Well, I will visit them after seeing Yang Chen."

On the side, Qin Mei nudged her husband with her elbow and whispered. "Hurry up and join them."

However, Shen Mingjun didn't say anything. He calmly looked at Yun Lintian as if he wanted to see through him.

Yun Lintian noticed this and walked toward him. "Please forgive me for letting you wait, Senior. How about following me to the reception room?"

Shen Mingjun nodded. "Lead the way."

Yun Lintian smiled and led the two into a private room inside the cabin.

Seeing this scene, Shen Liqiu frowned and quickly followed them.

"Why are you here?" Yun Lintian glanced at her sideways.

"Of course, I'm here to see what kind of trick he comes up with." Shen Liqiu replied while glancing at her father annoyingly.

She then drew closer to Qin Mei and asked. "How are you recently, mom? Did he hurt you?"

Qin Mei smiled and grabbed her daughter's hands. "You should know your father well. He has a sharp mouth and a heart as soft as tofu. He doesn't dare to hurt me."

Shen Liqiu rolled her eyes at her mother and muttered. "And here I am worrying about you. You are actually trying to protect him."

Qin Mei shook her head. "It's not that you don't know our clan's situation. As the clan head, your father has no choice but to make such a decision. However, it's different now."

As she spoke, she glanced at Yun Lintian with a satisfied smile. Her soon-to-be son-in-law was so capable. There were so many top experts around him, and all of them listened to him. Compared to a pampered young master like Lei Jun, he was a hundred times better.

Shen Liqiu went silent and glanced at Yun Lintian briefly. This bastard obviously didn't care about her. How could it be different?

Walking into the room, Yun Lintian made a polite gesture, letting everyone sit down, and personally poured them the best-grade spirit tea.

After taking a sip, Yun Lintian put the teacup down and asked. "May I know what topic Senior wants to discuss with me?"

Shen Mingjun took a sip of tea and was surprised that the quality of the tea was even better than the one Yun Lintian gave everyone during the conference.

He looked at Yun Lintian and asked. "What do you think of my daughter?"

Yun Lintian was taken aback and glanced at Shen Liqiu.

He thought for a moment and replied. "She's my good friend. We have been through a difficult situation together."

Shen Liqiu rolled her eyes at him as if she had expected this answer.

"A good friend?" Shen Mingjun's brows raised slightly. "What about I betroth her to you?"

Yun Lintian was speechless. No wonder they could be a father and daughter. They were pretty much the same in this aspect.

Yun Lintian calmly asked. "Why don't Senior tell me about your problem? She's my friend. I am willing to help her family as much as I can."
