

Myth Beyond 1191

Chapter 1191 Xing Chen's Resolve

"Where did he go?" Lan Cao said in doubt. Yun Lintian and Nantian Fengyu had just disappeared from the formation without a trace. This was something he didn't understand.

"He has many secrets within his body. It's not something to be surprised by." Xing Chen said while calmly sipping the tea.

He glanced at the book thoughtfully. "Have you ever thought about why Yun Lintian comes here?"

Lan Cao frowned slightly and replied. "According to the investigation, he always walked through the mythical realms, and whenever he left, the mythical realms would disappear."

He paused briefly and said in doubt. "Could it be he knows the secrets of those mythical realms?"

Xing Chen said calmly. "Definitely. It's like these mythical realms are made for him."

He raised his head slightly and said further. "Honestly. Compared to killing him, I'm more interested in the mystery of this place. Although I don't know what kind of secret is hiding in this place, it's definitely something that can change one's fate forever."

Lan Cao's expression changed slightly. "This place is too dangerous, and this map only reveals the first floor. I don't think it's a good idea to go deeper."

Xing Chen glanced at him and asked with a faint smile. "Afraid?"

Seeing Lan Cao go silent, Xing Chen said further. "The higher level one reaches, the more afraid one becomes. What's the point of walking in the profound path?"

Lan Cao took a deep look at this young man upon hearing this. At first, he thought Xing Chen was an ordinary young master, but after getting along with him for a few years, he knew how deep and resourceful this person's mind was. It could be said Xing Tengfei might not be as talented as him.

The only downside of Xing Chen was that his talent on the profound path wasn't good. If it wasn't because he was born in the Star Gazing Palace, he might not be able to reach the Monarch Profound Realm for the rest of his life.

"My life is in your grandfather's hands. I have long forgotten the fear of death." Lan Cao said in a deep voice. "However, my duty is to keep you alive. I don't want you to take any risk."

"Keep me alive?" Xing Chen curled his lips. "Let me ask you something. With Yun Lintian's current strength, do you think we can fight him?"

Lan Cao opened his mouth, and no words came out in the end. The last time, he could severely injure Yun Lintian because he caught him off-guard. Otherwise, with Yun Lintian's ability to escape as he displayed earlier, it was impossible for him to do it.

What was more? From the last time they met, Yun Lintian's strength had improved by leaps and bounds. It was uncertain whether he could be Yun Lintian's opponent.

"I don't understand." Lan Cao took a deep look at Xing Chen. "Since you know that we're not his opponent, why would you choose to come here? According to my understanding of you, you're not someone who likes to rely on external things like the traps in this place."

Hearing this, Xing Chen smiled and said. "Because I never think of going back."

Lan Cao's pupils shrank as he looked at Xing Chen in astonishment. "You..."

Xing Chen took a sip of tea and said. "To you, I might be young. But to me, I have lived long enough."

"In this world where the strong rules everything, my strength alone cannot make me to the top. Even if I have a chance to ascend to the Divine Realm, I will end up at the bottom. I have everything today because I am lucky enough to be born in the Star Gazing Palace."

A splendid light flashed through Xing Chen's eyes as he said further. "The moment I discovered Yun Lintian, I realized that a son of heaven does exist. Competing with such a person, you will definitely end up losing."

"However," Xing Chen stared straight into Lan Cao's eyes and said. "I don't think that he's invincible. On the contrary, his existence gives me an idea of what would happen if I steal his chance?"

"You mean...?" Lan Cao's brows knitted together.

Xing Chen nodded with a smile. "It's either me or him who is going to die here. If I win, everything he has will belong to me, but if I lose... Well, I will become his steppingstone. That's it."

He chuckled and asked. "Don't you think this is a good bet?"

Lan Cao looked at the young man in front of him with admiration in his heart. He had to admit that he wasn't brave enough to gamble like Xing Chen.

He took a deep breath and said. "Let me accompany you to the end. Anyway, my life isn't mine, to begin with."

Xing Chen smiled and said. "It's my pleasure to work with you, Senior Lan."

Lan Cao shook his head. "It should be my honor instead."

The two looked at each other for a while and laughed.

"Well, let's not flatter each other further. We have finished everything here. It's time for us to try our luck." Xing Chen put the teacup down and got up. "If he could pass every trap we prepared for him, we would eventually meet him later."

Lan Cao nodded and got up, following Xing Chen into a dark passage not far away.

"Ugh..." Floating in the Soul Lake, Yun Lintian slowly opened his eyes in a daze. There was still a pain in his head, but it was more lighter than before.

"How are you, My King?" Lauya retracted her hand and asked concernedly.

Yun Lintian slowly tilted his head and said. "I'm fine now... How long did I pass out?"

"Four days," Lauya replied.

"Four days...?" Yun Lintian was slightly stunned. He then looked at Nantian Fengyu, who was slowly opening her eyes and asked. "Are you okay, Fifth Sister?"

Nantian Fengyu glanced around in a daze and asked. "Where are we now? ...Are we in a paradise?"

The breathtaking scenery in this place made her feel unreal. If they were not dead, how could they appear here?

Chapter 1192 Discovery (1)

"This is the Land of Beyond Heaven." Yun Lintian said. He then explained a bit about this place.

"No wonder." Nantian Fengyu immediately understood everything. She was always curious about how people miraculously appeared and disappeared around Yun Lintian, and this was the answer.

"What happened to us previously?" She asked.

Yun Lintian shook his head and turned to Lauya. "Do you know something?"

Lauya explained. "It's likely that someone has arranged a trap for you."

Yun Lintian frowned slightly. "Could it be Xing Chen? But how did he manage to do it?"

He had checked the place many times with the Eyes of Heaven and didn't find any formation on that place.

"That person should have a map or something like that." Hongyue suddenly appeared on the shore and said.

"A map?" Yun Lintian was surprised. "By the way, you don't know about this place?"

Hongyue shook her head. "I have been to the Golden Mountain once, but I have no idea about the structure inside. Well, no one knows except for the previous Beyond Heaven King himself. Even Yun Xia might not know this."

"Then where did a map come from?" Yun Lintian was puzzled.

Hongyue shrugged. "Perhaps someone makes it up. Who knows? Don't forget that this place has existed for many years."

"That person must be very powerful. Otherwise, how could he survive with so many powerful traps here?" Yun Lintian said while recalling the previous scene where he had almost lost his life. Without Qingqing and the Land of Beyond Heaven, he would have gone by now.

"The way this person arranged the trap for you speaks it all. He has mastered the information of this place." Hongyue said.

Yun Lintian nodded in agreement. "This is very troublesome."

He didn't know who was behind this. If it was Xing Chen, then it would be very difficult to guard against it.

"Big Brother Yun!" At this moment, Linlin and Qingqing ran over and jumped into Soul Lake. They were happy to see Yun Lintian was in good condition.

Yun Lintian rubbed their heads and said gratefully. "Thank you."

"It's good that you're safe." Linlin rubbed her head against his warm hand gently.

Meanwhile, Qingqing was chewing beef jerky and blinked her big eyes at Yun Lintian. The relief on her face explained everything.

"Let's go, Fifth Sister. I will introduce this place to you. We can take time off until we figure out how to deal with the current situation." Yun Lintian said.

Nantian Fengyu nodded gently. Her eyes were full of curiosity as he looked around. Earlier, she had just figured out how special the Soul Lake she was floating in currently. The Soul Liquid was extremely rare, but Yun Lintian actually had a whole lake here.

In the distance, she also saw a huge profound spiritual liquid lake with several people walking and talking. These people were dressed in strange attire made of tree leaves and had pointy ears.

A group of children could also be seen running around happily. With a glance, Nantian Fengyu could see how talented they were. If they were placed in her Divine Phoenix Palace, they could easily become a successor candidate.

Everything here was very novel to her. And this time, Nantian Fengyu had truly realized how rich and powerful her good junior brother was.

After walking about with Nantian Fengyu, he brought her into the villa and let her rest there.

Meanwhile, he himself walked into the Library, trying to find a clue about the Golden Mountain.

"Lynn, is there a book related to the Golden Mountain?" Yun Lintian sat behind the counter and asked.

"There is, Master." Lynn's voice resounded.

Yun Lintian glanced at the screen on the wall in surprise because he saw more than ten names on it.

"These books are not completely about the Golden Mountain, but they should be useful to you, Master," Lynn explained.

"I see." Yun Lintian got up and walked to the bookshelf according to the number displayed on the screen before returning with ten books.

Yun Lintian began to read them one by one.

It was as Lynn said, the main contents in these books had nothing to do with the Golden Mountain, but it gave him some clues.

For example, the book called "Record of Great Sage." This book was about the journey of a man who called himself the Great Sage. It was said he had been to the Golden Mountain once and reached the fifth floor.

According to this record, Yun Lintian gradually understood that there were at least six floors, which could be more than that, but this Great Sage couldn't go further.

Each floor had a main passage that everyone needed to solve a puzzle in order to go through the next floor.

Unfortunately, there was no solution written in it.

As for the other books, they were pretty much similar. It was about solving restrictions inside the Golden Mountain.

"Phew..." Yun Lintian let out a long breath and closed the book. Although he roughly understood the general structure, he still had no idea how to reach the end of the first floor.

He glanced at the books and shook his head slightly. The authors of these books obviously had a problem. None of them recorded a map, which was the most essential thing.

He pondered for a long while and decided to put this matter aside first. What he needed to do right now was to heal the injury on his soul as soon as possible.

Thinking of this, he walked out of the Library and went straight into his room on the second floor.

The moment he stepped into the room, he glanced at the closet with a frown. The closet was slightly opened. Without a doubt, someone had opened it.

Normally, no one would touch his closet. Even Han Bingling and Yun Qianxue wouldn't do it after he showed them once... Who could it be?

Yun Lintian walked to the closet and opened it. He glanced around the place and finally paused on the safe box below.

His pupils shrank as he discovered that the dust on the buttons was gone. Moreover, these number buttons were his password... Someone must have opened the box. But who? He was the one who knew the password.

"No... I'm not the one...." Yun Lintian's expression changed drastically, and he quickly opened the box.

When he saw the picture album's position change, his entire being was immediately frozen in place...

Chapter 1193 Discovery (2)

"Lynn, besides Bingling and Qianxue, did anyone enter my room recently?" Yun Lintian asked after recovering his sense.

His heart pounded rapidly, and his mind became a mess. A certain figure appeared in his mind... Is it her?

"It's Miss Lin," Lynn replied.

Yun Lintian's eyes widened in shock. "Did she open this box?"

"Yes," Lynn responded.

Yun Lintian's body trembled. The scene where he met Lin Xinyao for the first time emerged in his mind. Especially the moment she used her life to protect him. He always doubted this, but it seemed everything was clear now.

"She... But how?... Her appearance is not the same..."

Yun Lintian picked the album up with his shaking hand before slumping onto the bed. He took a deep breath and slowly opened the album.

The first picture he saw was a picture of Xia Yao and him. His face was slightly annoyed, while Xia Yao smiled brightly.

Yun Lintian remembered that he was in a bad mood after fighting with his cheap father at that time. It was Xia Yao who brought him to the riverbank and forcibly took this picture.

A smile unknowingly emerged on Yun Lintian's lips as he continued to watch the pictures.

A while later, he closed the album and took a deep breath. If Lin Xinyao was the reincarnation of Xia Yao. Why didn't she tell him about it?

At the same time, he felt this matter was too magical. It was not only him, who transmigrated to this world, but also her. [1]

What about Yang Ningchang and Lynn, then? Did they also come here?

Countless questions appeared in his mind, and he had no idea that Hongyue had appeared in the room.

Yun Lintian suddenly noticed her and asked. "You know it all along?"

"Yes," Hongyue said calmly. "The moment she entered the Frozen Moon Mythical Realm, I already noticed something."

Before Yun Lintian could say anything further, Hongyue spoke first. "You want to ask why I don't tell you?"

Yun Lintian closed his mouth and nodded.

"It's her choice," Hongyue explained. "Besides, it's not my duty to intervene with the matter between you two."

Yun Lintian went silent for a moment. He didn't understand why Lin Xinyao chose to do this. In his opinion, there were only benefits in telling him.

He raised his head and asked. "Why does her appearance not the same?"

"Why are you so sure that everyone must have the same appearance after going through reincarnation?" Hongyue asked while looking at Yun Lintian strangely.

Yun Lintian was stunned for a moment. That was right. There was no guarantee that a person's appearance would be the same. Perhaps it was because he read too many novels that he believed it must be so.

"But why am I the same?" Yun Lintian asked in confusion.

Hongyue took a deep look at him and said meaningfully. "You're special."

"Special?" Yun Lintian frowned.

"Anyway. What are you going to do now?" Hongyue changed the topic.

Yun Lintian glanced at the album for a while and said. "I'll face her directly after getting the Golden Mountain."

Hongyue chuckled. "I thought you would go back and find her directly."

Yun Lintian rolled his eyes. "Don't insult my professionalism. I always finish my mission, alright?"

Hongyue sneered and was too lazy to argue with him.

"Did you find a way?" She asked.

Yun Lintian shook his head. "It still depends on luck, I guess. From what I know, the Labyrinth Formation might look random, but in fact, it has a pattern. However, it takes time to find its pattern."

"I'm thinking about whether I should leave Fifth Sister here and go out with Linlin and Qingqing. If something happens again, I can escape in time."

"Her Divine Phoenix bloodline is very pure. Perhaps she can feel the Divine Phoenix's aura here more than you do. It's better to bring her along." Hongyue gave a suggestion.

"Why don't you help me? Your perception is far stronger than mine." Yun Lintian said half-joke and half-truth.

Hongyue curled her lips. "You want to get out of this place quickly so you can see your lover faster, right?"

Yun Lintian laughed slightly. With Hongyue's help, he was certain he could leave this place within a week.

Hongyue shook her head and said. "Unfortunately, this place is deadly to me. It's too risky for me."

"I'm joking. Don't think about it much." Yun Lintian said. In fact, he also knew that the trap in this place could easily kill Hongyue, who was a residual soul. He naturally didn't want her to take a risk.

"Speaking of this, you haven't told me how to reforge your body yet." He said further.

"It depends on luck. The materials I need are mostly existing in the Divine Realm." Hongyue replied. "There are three of them. The first one is two tons of the best grade of the Divine Crystals. The Land of Beyond Heaven may be able to produce it in the future."

"The second one is the Nine Hells Flower. This one usually appears in the place where Yin energy gathers heavily. It's impossible to appear here in this world as there's no such a place."

"The last one is the most difficult to find." Hongyue took a deep breath and said. "It's my bones."

"Your bones?" Yun Lintian was taken aback. He didn't know how Hongyue had become like this but wasn't it because she had lost her body? Where to find her bones, then?

As if she saw through his mind, Hongyue explained. "My situation is complicated. I have indeed lost my body, but my bones are actually being kept somewhere. And you won't be able to go to that place unless you have reached the Divine Emperor Realm."

Yun Lintian was shocked. Although his progress was fast enough, it was mostly because of the Beyond Heaven Relics. He had no idea how long it took to reach the Divine Emperor Realm.

"Don't worry. I won't let you find them for me." Hongyue said calmly.

Yun Lintian shook his head. "You don't have to be polite. We have been together for some time now. Although you often scold and insult me, without you, I probably die somewhere back then. So, you're like a mentor to me."

He looked at her and said with a serious expression. "Leave this matter to me. I will try my best to collect them as soon as possible."

Hongyue's eyes softened slightly upon hearing this. "Well, we will talk about it later."

Chapter 1194 Irrefutable Offer

The Central Continent, Long Clan Manor.

Inside the secret room, Long Jinwei glanced at the report in his hand and turned to ask his son, Long Guang. "Did you find anything?"

During this period, the Long Clan's businesses were attacked by a mysterious group of people, and the loss was not low. Although Long Jinwei could guess more or less about the mastermind behind this, he still asked his son about it.

Long Guang shook his head. "They didn't leave a single trace behind. This kind of operation, only the Star Pavilion, and the Mystic Pavilion have the ability to do it. Naturally, the Mystic Pavilion has no enmity with us. There's no point for them in doing this.

"At the same time, even if we know that the Star Pavilion did this, we have no evidence."

He paused briefly and said with a trace of anger. "Are they truly thinking we don't dare fight back?"

Long Jinwei leaned back slightly and said. "Evidence? If we want to retaliate, we don't need evidence at all."

Long Guang asked in confusion. "Father, you mean...?"

Long Jinwei shook his head. "On the contrary, they are waiting for us to make a move. Once we do it, they will use this as an excuse. At the same time, if we don't do anything, we will continue to lose our businesses and people. This is naturally Xing Tengfei's idea."

He looked at Long Guang and asked. "What about the Heavenly Sword Palace?"

"They have suffered, too. However, it is lighter compared to us." Long Guang replied.

Long Jinwei nodded. "It's understandable. They cannot afford to provoke us at the same time. At least not now."

"Any news about Young Lord Yun?" He asked.

Long Guang shook his head. "It's been a few days since he entered the Golden Mountain Ruins. I reckon it would take a few months for him to come out."

He frowned slightly and said in doubt. "I don't understand why he has to go there in this situation."

"He naturally has his own idea." Long Jinwei said. "Remember, do not ask what you shouldn't ask."

"I know, father. I'm just curious." Long Guang said solemnly.

Long Jinwei tapped his finger on the armrest for a while and said. "Tell our people to close all the shops and come back. From today onward, we will enter a fortified period."

"But this..." Long Guang was unwilling.

"No but." Long Jinwei interrupted. "Have you forgotten that we don't need resources anymore? With the resources Young Lord Yun gave us, in fact, we don't even need to buy them for a hundred years."

"But closing the shops will make us appear weak to them. Our Long Clan has never been afraid of anyone." Long Guang said unwillingly. Perhaps it was because of the Golden Dragon bloodline in his vein that made him unwilling to lower his pride.

Long Jinwei smiled and said. "Who said I will just stand by and do nothing?"

Long Guang was taken aback. "Father means...?"

"Since they messed with us, why couldn't we do the same?" Long Guang smiled meaningfully. "Contact Miss Meilan and ask her an opinion. At the same time, try to contact the Endless Dream Dancing Hall."

Long Guang's eyes lit up. "Understood, father!"

As he spoke, he hurriedly took the transmission jade out and tried to contact Yun Meilan.

In the Mystic Pavilion's headquarter, Wu Qingcheng slowly put down the teacup and looked at the woman who sat opposite her. "What qualification do you have to ask me to do this?"

Her voice was a little cold as she was angry.

The woman before her was no other than Weilan Xuan, the Supreme Elder of the Azure Palace and Weilan Tian's master.

A while ago, Weilan Xuan came here and requested to meet the Mystic Pavilion Lord. However, he refused to meet her and let Wu Qingcheng come instead.

What made Wu Qingcheng angry was that this woman actually dared to tell her to stop interacting with Yun Lintian. Moreover, she even wanted the Mystic Pavilion to stop doing business with the Long Clan and the Heavenly Sword Palace.

Facing Wu Qingcheng's cold words, Weilan Xuan responded calmly. "I naturally have no qualification to ask the Mystic Pavilion this. However, I came here in the name of cooperation."

"Cooperation?" Wu Qingcheng curled her lips disdainfully. "Does my Mystic Pavilion look like we lack your tales?"

"Of course, I'm not talking about treasures." Weilan Xuan shook her head slightly.

"What do you mean then?" Wu Qingcheng asked impatiently.

Weilan Xuan took a deep look at Wu Qingcheng and said. "Our Azure Palace will open the seal, and we can give your Mystic Pavilion some quotas."

Wu Qingcheng's pupils shrank upon hearing this. As the Mystic Pavilion Lord's daughter, she naturally knew what Weilan Xuan meant. The seal she talked about was no other than the tunnel leading to the Abyssal World.

However, there was another secret in this. Although the tunnel was indeed leading to the Abyssal World, it had also connected to the Divine Realm!

"Promise her." Suddenly, Wu Liwei's voice resounded in Wu Qingcheng's mind. This made her brows involuntarily crease together.

Wu Qingcheng naturally knew how much her father wanted to go to the Divine Realm. If he could exchange everything in the Mystic Pavilion for such a chance, he wouldn't hesitate at all.

Weilan Xuan calmly sipped a tea without saying anything further. Before coming here, she had received information about the origin of the Mystic Pavilion from Xing Tengfei, and she immediately understood that Wu Liwei would never refuse this offer.

The Mystic Pavilion was, in fact, established by Wu Qingcheng's mother, Xuan Jinghua. This Xuan Jinghua was a native of the Divine Realm, and she came to the Azure World by accident.

Later, she fell in love with Wu Liwei and established the Mystic Pavilion. In order to increase the talent of the fetus in her belly, she forcibly sealed it and planned to give birth to her later when she returned to the Divine Realm.

However, around thirty years ago, an accident occurred. She had no choice but to leave this world through special means.

In order to protect the fetus and Wu Liwei, she decided to give birth to Wu Qingcheng before leaving.

During these decades, Wu Liwei never gave up finding a way to leave this world and reunite with his wife...Now, the opportunity had appeared in front of him. How could he refuse it?

Chapter 1195 A Deal

Wu Qingcheng's brows tightly knitted together as a look of hesitation appeared on her face. It was fine to stop doing business with the Long Clan and the Heavenly Sword Palace, but telling her to stop interacting with Yun Lintian was unacceptable.

"Think about it carefully. Did you do anything to help him?" Wu Liwei could see through his daughter's mind.

"Nothing, isn't it? In fact, he doesn't need your help at all. We don't lose anything in this deal." He said further. "And what did I teach you before? Do not put all eggs in one basket, right? Even if we make a deal with the Azure Palace, it doesn't mean we have to cut all ties with him."

"One of them is destined to fail. Whoever comes up on top at the end, we will get all the benefits."

"Despicable." Wu Qingcheng said in dissatisfaction.

"Despicable?" Wu Liwei chuckled. "In front of benefits, everything will be justified. Have you forgotten this already?"

"Moreover, you really don't want to see your mother?"

Wu Qingcheng's eyelashes trembled slightly when she heard this. The frown between her brows gradually loosened.

She raised her head to look at Weilan Xuan and said. "There must be a guarantee. Just a word is not enough."

Weilan Xuan put the teacup down and opened her palm. Suddenly, an azure-colored jade appeared on it.

"This is the imprint of the tunnel." She said calmly.

Wu Qingcheng looked at the seemingly ordinary jade and took it over. She put it away after checking it briefly and said. "Deal."

Weilan Xuan nodded and prepared to leave.

However, Wu Qingcheng suddenly said further. "We can stop doing business with the Long Clan, the Heavenly Sword Palace, and my junior brother. However, we will also stop doing business with the four of you as well."

Weilan Xuan frowned slightly.

Seeing her expression, Wu Qingcheng shrugged. "You can't blame me for this, right?"

Weilan Xuan took a deep look at Wu Qingcheng and said calmly. "Fine."

As she said, she turned around and left under Wu Qingcheng's playful gaze.

Swoosh!

Wu Liwei suddenly appeared in the room and looked at his daughter meaningfully. "As expected from my daughter. You're smart enough."

"Heh." Wu Qingcheng sneered. She played with the jade and asked. "Do you want it?"

Wu Liwei laughed and asked. "What do you want? Let me speak first. I won't help your junior brother or his people."

"Lend me Little Xia." Wu Qingcheng said while channeling her profound energy, ready to crush the jade at any moment.

Wu Liwei looked at his daughter with a faint smile. "You know that I can snatch it away, right?"

"Of course. But you don't dare." Wu Qingcheng curled her lips.

The father and daughter stared at each other for a while, and Wu Liwei suddenly burst into laughter.

"Hahaha! Alright, alright. I give up." Wu Liwei said. "But you have to tell me your purpose first. Don't forget that you have already made a deal with Weilan Xuan earlier...."

"I know, I know. A businessman shouldn't go back on your words." Wu Qingcheng interrupted with an annoyed look. "Don't worry. I won't break the deal... I need her to collect some interest for me."

Wu Liwei took a deep look at his daughter and said. "Little Xia."

Swoosh!

A twelve-year-old-looking girl, Little Xia, silently appeared in the room and bowed respectfully toward Wu Liwei.

"Did you hear it?" Wu Liwei asked.

"Yes, Master." Little Xia replied.

Wu Liwei turned to Wu Qingcheng and asked. "Satisfied?"

Wu Qingcheng flickered her wrist slightly, sending the jade to her father, and turned to look at Little Xia. "Follow me to a place."

Afterward, she walked out of the room without looking back.

"Protect her well." Wu Liwei said calmly while watching his daughter disappear from his sight.

"Yes, Master." Little Xia nodded and quickly followed Wu Qingcheng.

Wu Liwei looked at the azure jade in his hand and muttered to himself. "Jinghua, are you alright up there?"

"Phew..." Floating in the Soul Lake, Yun Lintian opened his eyes and let out a long breath. The injury in his soul had now completely healed, and he was ready to go out again.

On the side, Nantian Fengyu had also opened her eyes. Her injury was much lighter than Yun Lintian's, and she had long recovered. However, Soul Lake benefited her greatly, which was why she often came here to practice.

During this period, Nantian Fengyu's understanding of this place greatly deepened. She had figured out why Yun Lintian possessed so many resources as if they were unlimited.

Moreover, the Wood Spirit people here were extraordinary beings. Although they were a little weaker compared to ordinary practitioners, their strength lay in their soul power. They could also cultivate magical plants to the highest level.

She looked at Yun Lintian and asked. "Are we going out soon?"

Yun Lintian nodded. "We have to be more careful this time. If anything happens, we will enter this place immediately."

"Mhm!" Nantian Fengyu nodded in agreement.

After calling Linlin and Qingqing over, Yun Lintian and Nantian Fengyu directly left the Land of Beyond Heaven.

However, when they appeared in the dark passage, they immediately discovered that the position had changed again. This time, they stood in front of two paths.

"This aura... Divine Phoenix's aura!" Nantian Fengyu suddenly said while looking at the right passage.

Yun Lintian had also felt it. However, he didn't rush to move but asked Linlin and Qingqing first. "Do you feel anything?"

"Except for the Divine Phoenix's aura. I feel nothing else." Linlin replied.

Meanwhile, Qingqing tilted her head to look at the left passage and said. "There's a terrifying monster in that direction."

"Terrifying monster?" Yun Lintian was taken aback.

Qingqing nodded. "It's ten times stronger than the previous Shadow Monster."

Hearing this, Yun Lintian didn't even look at the left passage. He immediately brought everyone into the right passage after carefully checking with the Eyes of Heaven.

Compared to the previous experience, this time, Yun Lintian and Nantian Fengyu could deal with the incoming Shadow Monsters on the way with ease.

The two traveled along the passage for a while and finally arrived at an open space that emitted a scorching aura...

Chapter 1196 The Gap In Power

The space before Yun Lintian and Nantian Fengyu resembled a volcano area, except there was no magma but scorching ground instead.

On the ground, several skeletons could be seen. These skeletons were special. They resembled a bird mixing with humans.

At the same time, most of them emitted the Divine Phoenix's aura while the rest were mixing.

Not only the skeletons that could be seen but many broken weapons and artifacts were also scattered around the place. Obviously, this place was a battlefield before.

Yun Lintian scanned the place with the Eyes of Heaven and saw no trap or formation. However, he wasn't at ease after the previous experience. He took a Profound Stone out and threw it into the scorching space while preparing to summon the Gate of Beyond Heaven, just in case.

When the Profound Stone came into contact with the scorching aura, it was instantly burned by a terrifying flame and reduced to powder.

Seeing this scene, Yun Lintian and Nantian Fengyu glanced at each other in surprise. Although the flame was very powerful, it was actually the Divine Phoenix flame. It shouldn't be a problem for both of them who possessed the Divine Phoenix bloodline.

"Fifth Sister, you wait here first." Yun Lintian said, covering himself, Linlin, and Qingqing with the phoenix flame and taking a step forward.

Instantly, a terrifying phoenix flame erupted and enveloped Yun Lintian's entire body. However, when it touched Yun Lintian's phoenix flame, it gradually blended, becoming one.

Yun Lintian stayed in place for a few breaths and walked forward unhindered. A new phoenix flame did appear around him, but it would instantly blend with the flame around his body every time.

After confirming there was no danger, Yun Lintian returned to the edge and said to Nantian Fengyu. "You can try now."

Nantian Fengyu nodded and covered herself with the phoenix flame before cautiously stepping forward.

Boom!

A wave of phoenix flame immediately rushed toward her and hit directly into the flame around her body.

At first, Yun Lintian planned to help her, but after seeing the flames slowly merge together, he heaved a sigh of relief and did nothing.

Nantian Fengyu gradually adapted to the environment and said. "I'm fine now."

Yun Lintian nodded and said. "Let's check this place first."

At the end of the space, a passage led out of this place could be seen. However, Yun Lintian wasn't in a hurry to leave. He wanted to see if he could gain anything from this place. At least he didn't want to leave these phoenix bones and artifacts behind.

Yun Lintian and Nantian Fengyu slowly walked forward while checking and collecting the bones and artifacts on the way.

"Hongyue, what is their strength?" Yun Lintian squatted on the ground, looking at the largest skeleton and asking in doubt.

"The one in front of you is stronger than Yun Xia," Hongyue replied with a hint of melancholy in her voice. However, Yun Lintian didn't notice this as he was shocked by her words.

"Stronger than Grandma Xia?" Yun Lintian repeated in shock.

Although he had never seen Yun Xia's true strength, on a scale of zero to one hundred, she must be a one hundred without a doubt. However, this person was even stronger than her? What kind of strength was that?

Yun Lintian recovered and asked. "I have never asked you about this before. Who is stronger between you and Grandma Xia?"

Hongyue thought for a moment and answered. "Well, you will know it one day, anyway. Let me explain it directly."

"Do you know why there are two terms, a Divine Emperor and a God Emperor?"

Yun Lintian replied casually. "Maybe their strength is different, like the tenth level and the peak level?"

Just like the Monarch Profound Realm. The tenth level of the Monarch Profound Realm was incomparable to the peak of the Monarch Profound Realm. It might look like there was a thin line between them, but in fact, the gap was very huge.

This also explained why Han Bingling and Lei Zhenxiang, who were the palace masters in their respective factions, were different from their elders in the Monarch Profound Realm.

"You can understand it like that, but the gap between them is several times far apart. It is to the point everyone treats it as a different realm, even though they are, in fact, the same Divine Emperor Realm." Hongyue explained.

"Yun Xia might be at the tenth level of the Divine Emperor Realm, which is already outstanding enough, but compared to a God Emperor, she's like a huge ant."

Yun Lintian's mouth opened wide in disbelief upon hearing this. He hurriedly asked. "Then, how many God Emperors are there?"

"Including me, Qingxuan, and the previous Beyond Heaven King, there used to have thirty-four God Emperors in total," Hongyue replied calmly.

"Only thirty-four?" Yun Lintian was surprised. From what he knew, the Divine Realm was incredibly vast. How could there be only thirty-four?

"Do you think anyone can reach that realm just by having some talents and hardworking?" Hongyue sneered. "The Divine Realm is no different from the Azure World you are standing on now. The resources are limited, and only a truly talented one can step into the God Emperor Realm. In the entire Divine Realm history, no more than fifty people have such a talent."

Yun Lintian was shocked again. The Divine Realm had existed for who knows how long, yet there were no more than fifty people with that kind of talent?

He suddenly thought of something and asked. "Wouldn't this mean those God Emperor has lived for hundreds of thousands of years now?"

"Of course. Do you think how old I am?" Hongyue chuckled.

Yun Lintian had forgotten that Hongyue was the first princess of the Divine Moon Clan. Obviously, she had lived for a long, long time.

He looked at the skeleton in front of him and asked. "Then this person is a God Emperor?"

"No," Hongyue shook her head.

"Eh?" Yun Lintian was puzzled.

"You can understand as a half-step one." Hongyue used a simple term, as she was too lazy to explain it further.

"I see..." Yun Lintian nodded slightly.

"Junior brother..." At this moment, Nantian Fengyu walked over and was about to say something. All of a sudden, the skeleton in front of Yun Lintian glowed with red light, followed by a terrifying phoenix flame...

Chapter 1197 The Truth (1)

The terrifying phoenix flame was several times more powerful than the ones Yun Lintian and Nantian Fengyu faced earlier. Its heatwave immediately pushed them into the distance before the flame gradually transformed into a female human shape.

At this moment, Yun Lintian and Nantian Fengyu could feel their Divine Phoenix bloodline resonate with the fiery figure in front of them. It was like a soul connection between them.

When the flame went out, an illusory figure of a twelve-year-old-looking girl was revealed. The girl's height was somewhat similar to Hongyue and her long red hair spread down her body.

The lingering flame on her body had transformed into a fiery robe, wrapping around her petite body.

Her scarlet-colored eyes were fixated on Yun Lintian and Nantian Fengyu as if she was checking on them.

A moment later, she opened her mouth. "I didn't expect to meet the Beyond Heaven King's successor and my descendant here. It seems Heaven pities me a bit."

Her voice felt as pure and intangible as a clear spring that flowed through the center of one's heart, despite the scorching flame around her body.

"You are...?" Nantian Fengyu subconsciously asked.

Unlike Yun Lintian, she possessed a part of the Divine Phoenix's soul. Her sense of intimacy with the little girl in front of her was much higher than with him. Facing her, she felt as if she was looking at her long-lost relative.

"Me?... I have long forgotten my name." The girl said with a faint smile. Obviously, she didn't forget her name but rather chose to conceal it.

Her scarlet eyes stared at Nantian Fengyu briefly as she said. "You share the same soul with our Ancestor... Looks like everything we did back then was worth it."

Hearing this, Yun Lintian couldn't help asking. "Can you explain more, Senior? What exactly happened here?"

The young girl didn't reply and fell into a long period of silence instead. Her gaze wandered around the place, and Yun Lintian could see a hint of sorrow in it.

A moment later, she asked. "How much do you know about the past event?"

"Past event? You mean about the previous Beyond Heaven King's downfall?" Yun Lintian frowned slightly. "If that's the case, I have no idea."

The girl stared at Yun Lintian for a while and seemed to talk to herself. "I see... They are paving this path for you...."

"What path?" Yun Lintian was even more confused. "Senior hasn't answered my question."

"Since they don't want you to know too soon, I have no right to tell you about this." The girl said. "The only thing I can tell you is that the enemy is far stronger than you have imagined. Even if you have collected all the Beyond Heaven Relics, you may not be their opponent."

Yun Lintian's pupils shrank slightly. In fact, he wasn't surprised about this. After all, there were so many experts besides the previous Beyond Heaven King, yet they were forced to run. Obviously, the enemy was far stronger than them.

"Have you ever questioned yourself? Why did you become his successor?" The girl suddenly asked.

Yun Lintian nodded. "It is the first question I asked myself, and I have no way to find the answer. However, I have never viewed it as a burden or unfair fate. Instead, I treat it as an opportunity."

He paused briefly and said with a faint smile. "Throughout my life, I have learned one lesson, that is, the strong can do anything they want. The Beyond Heaven King's inheritance allows me to have a chance to protect my loved ones and friends. No matter what kind of trouble is waiting for me in the future, I am very grateful for this opportunity."

"Hence, that question doesn't bother me anymore."

The young girl said gently. "It's a good take... This is the Beyond Heaven King's guidance. He left no information for you because he has another plan. As for what the plan is, it will become clearer when you leave this world and step into the Divine Realm."

She paused for a moment and said with a serious expression. "I think you have to know this. The power of the Beyond Heaven King you now bear comes from his painstaking efforts. It doesn't derive from his own power directly."

"His power is different from the rest of the divine powers you've gotten. Although the divine power of the White Tiger God, the Divine Phoenix, the Vermilion Bird inside your body all came from the purest origin blood, they are nothing compared to his power."

"However, instead of creating the inheritance from his power directly, he has nurtured an entirely perfect set of the Beyond Heaven Profound Vein in you. It is also the complete and even better source of his power. The meaning it represents is completely different from the other divine powers you possess, including his own power."

Yun Lintian was stunned. He always thought all the Beyond Heaven Relics and profound veins were the same as the previous Beyond Heaven King had possessed. But now this young girl said the one he possessed currently was deriving from the Beyond Heaven King's meticulous creation?

Wouldn't this mean his power ceiling might even be better than the previous Beyond Heaven King's?

"Hongyue, what's going on?" Yun Lintian asked in his mind.

Hongyue looked at the young girl for a while and said. "What she said it's true. Your strength is, in fact, far stronger than him at the same level."

"So, these relics didn't exist in the first place but were created by him later?" Yun Lintian asked.

"Indeed," Hongyue replied calmly.

Yun Lintian couldn't help asking further. "Why don't you tell me earlier?"

He didn't understand why Hongyue and the others hid this matter from him. He wasn't angry or anything. It was just that he felt he had been lied to by close friends.

Hongyue curled her lips and said. "Since you know it now. Do you feel any difference?"

Yun Lintian opened his mouth, and no words came out in the end. That was right. Whether he knew it or not, he didn't change anything. The only possible he could think of was that Hongyue didn't want him to be overconfident.

Chapter 1198 The Truth (2)

The young girl said further. "Do you know how hard it was for the Beyond Heaven King to leave behind these inheritances?... In fact, he could live for another hundred thousand years, even though he was severely injured in the battle. He could even use this chance to stay low and make a comeback later."

"However, he decided to give up on the chance and invested all of his divine power and life force into creating the thirteen relics and a set of perfect Beyond Heaven Profound Veins."

Yun Lintian fell silent upon hearing this. It was like what she said. The Beyond Heaven King could have hidden somewhere and waited for an opportunity to make a comeback. There was no point in creating all of this and letting someone like him inherit it... Why did he choose to do that?

Yun Lintian put this matter aside and asked. "Did Senior just say thirteen relics?"

As far as he knew, there should be only eleven relics, The Land of Beyond Heaven, The Sun, The Moon, The Thunder, The Tree of Life, The Storm, The Earth, The Golden Mountain, The Spatial Wheel, and the other two elemental relics that represented the dark and light element... Where did another two come from?

The young girl looked at Yun Lintian and said. "Besides the ten elemental relics, it was said another three relics are the most powerful ones... From the look of it, you seem to obtain the Land of Beyond Heaven already. This is very surprising."

"As for another two, I have no idea what they are. However, they should be somewhere in the Divine Realm. You have to find them by yourself."

"Hongyue?" Yun Lintian quickly asked in his mind.

"Don't ask me. I don't know as well." Hongyue replied. "The last two relics are mysterious. Only the Beyond Heaven King himself knows it."

Yun Lintian frowned deeply.

"That's enough for the question." The young girl said. She turned to Nantian Fengyu. "Can I look at your memories?"

Nantian Fengyu was taken aback and became hesitant. To allow another person to read her memories was the equivalent of exposing all of her secrets and endangering herself. It was a taboo that no one could accept.

"Can we trust her, Hongyue?" Yun Lintian asked.

"She can harm you, but impossible to do anything to your Fifth Sister," Hongyue replied. "Your Fifth Sister possesses the True Divine Phoenix Soul, which is equivalent to the Divine Phoenix Ancestor herself. Even if she wanted to harm her, she would instantly be eradicated. Not to mention this girl is nothing but a fragmented soul. She doesn't have such a power."

"Fifth Sister, you can trust her." Yun Lintian said after hearing this.

Nantian Fengyu hesitated briefly and nodded. "You can."

The young girl said softly. "Thank you."

The phoenix flame around her rippled slightly, and the vast divine consciousness enveloped Nantian Fengyu, slowly and softly entering into the depths of her soul. Nantian Fengyu's mind immediately turned blank.

An unknown period of time later, Nantian Fengyu regained her consciousness little by little. That divine consciousness was long gone.

At the same time, droplets of tears could be seen in the young girl's eyes as she muttered softly. "Master... I know that you're still alive."

A while later, she recovered her composure and said to Nantian Fengyu. "I cannot help you with the path ahead. Please accept this."

As her voice fell, her bones suddenly lit up with the phoenix flame and gradually shrunk into scarlet armor, exuding a terrifying pressure.

Seeing this armor, Yun Lintian felt that he couldn't break it with his full strength.

Nantian Fengyu stared at the armor for a while and said softly. "Thank you."

As she spoke, the armor quickly flew toward her and magically disappeared into her body. Obviously, this armor had become a spiritual artifact.

The young girl nodded with a smile. She was satisfied that she could contribute something.

She then turned to Yun Lintian and said. "Please take all of my friends' bones away and use them to make artifacts. If you don't know how to make it, you can ask Princess Hongyue."

After reading Nantian Fengyu's memories, she was naturally aware of Hongyue's existence. And she was relieved to know that Yun Lintian had Hongyue accompanied him. At least he wouldn't go in the wrong way.

"Thank you." Yun Lintian bowed his head slightly.

The young girl shook her head. "They will be very happy if they know this."

Yun Lintian pointed at those skeletons that didn't belong to the Divine Phoenix's people and asked. "What about them?"

"Those are demonic bones." The young girl replied with a hint of killing intent. "Although there is no power left in them, they are quite useful if you turn them into some spiritual tools."

"I see..." Yun Lintian nodded slightly and waved his hand, collecting all the bones into his interspatial ring.

Seeing this scene, the young girl was surprised and looked at Yun Lintian's ring finger attentively. A hint of astonishment emerged in the depths of her eyes as she seemed to think of something.

Yun Lintian didn't notice this. He asked. "Senior, do you know the structure of this place?"

The young girl returned to her sense and said. "I know some."

As she spoke, a wisp of light shot into Yun Lintian's forehead. Immediately, a rough map appeared in Yun Lintian's mind.

"So this is the case...." Yun Lintian muttered to himself, and his eyes brightened slightly. Although the map wasn't complete, it was enough for him to reach the next floor.

"My time has come. I wish you two the best... And remember, do not show mercy to the enemy." The young girl said softly, and her figure gradually faded away.

Yun Lintian and Nantian Fengyu gave a respectful bow until she vanished completely.

"Phew..." Yun Lintian let out a deep breath and looked around the place one last time before asking. "Shall we go now?"

Nantian Fengyu stared at the place where the young girl had disappeared for a while and said softly. "Mhm."

What Yun Lintian didn't know was that the young girl had left a message in Nantian Fengyu's mind... It was a message that allowed her to understand why she had existed...

Chapter 1199 Solutions (1)

"You're born from a part of the Ancestor's soul, and your existence is to serve him as well as revive the Divine Phoenix Clan." The young girl's voice resounded in Nantian Fengyu's mind.

"From your memories, I can see that you are very attached to him, which is good. However, when the time comes, I hope you can make the right decision... Live well."

Nantian Fengyu went silent when she listened to this. She was aware of the special soul in her body since she could remember things, but she had never known the purpose of her life.

It wasn't until the last time the Divine Phoenix showed her the vision. It gave her life's goal, as she vowed to protect Yun Lintian.

The young girl's words seemed to remind her of what she was aware of, but there was also a hint of her future.

"Fifth Sister?" Yun Lintian said gently upon seeing this.

Nantian Fengyu turned to look at him and said with a serious expression. "Junior brother, I will try my best to protect you."

Yun Lintian was taken aback. "What's wrong, Fifth Sister? Why are you saying this all of a sudden?"

Nantian Fengyu smiled and shook her head. "Nothing. Let's go."

Though Yun Lintian was confused, he didn't press further. After collecting all the bones and artifacts in this place, the two of them quickly walked into the passage at the end of the hall.

After walking for a few minutes, the two arrived at another junction with three passages.

"Which one?" Nantian Fengyu didn't feel any aura from the three and asked.

Yun Lintian looked at the map in his head and explained. "This labyrinth formation might look random, but it actually has a pattern. The map that Senior gave me earlier explains it well."

"Our position will keep changing every ten minutes. Each time, three or more passages will appear in front of us. However, we need to wait until we find two passages just like the one we faced previously."

"From then on, we will have to choose the right passage all the way. It will lead us to the passage that leads to the second floor."

As Yun Lintian's voice fell, the three passages in front of them slowly closed and transformed into four paths.

"What if it doesn't appear?" Nantian Fengyu asked.

"Then we will continue to wait." Yun Lintian said while setting up a protective formation around the place before bringing a table, chairs, and pastries out. He prepared to stay here for a long time.

In a blink of an eye, three days had already passed, and the passages in front of Yun Lintian continued to change, but the two passages one had never appeared again.

"Junior brother, there's really no other way?" Nantian Fengyu asked. During this period, she didn't do anything much besides sleep and ate. She felt this was a waste of time.

Yun Lintian shook his head. "Unfortunately, no... Hmm?"

Suddenly, the five passages in front of him changed into two passages, making Yun Lintian's eyes light up.

"Let's go." Yun Lintian got up and stored everything away while pulling Nantian Fengyu into the right passage.

"This aura..." Walking halfway through, Yun Lintian suddenly perceived a familiar aura coming from the end of the passage.

Soon, the two arrived at an open space with several stone pillars seemingly forming into a formation all over the place.

When Yun Lintian and Nantian Fengyu looked at these pillars, they felt as though their bodies were pierced by countless blades.

"Sword intent." Yun Lintian said with a serious expression. These stone pillars were obviously full of sword intents and were very high-level. At least higher than the stone tablets on the Heavenly Sword Peak.

Nantian Fengyu looked at the pillars at a loss. When it came to swordsmanship, she had zero knowledge about it.

Yun Lintian took the Profound Stone out and threw it into the distance, trying to check the situation.

The moment the Profound Stone passed through the nearest stone pillar, a terrifying sword beam immediately shot out and destroyed it directly.

Judging from the aura of the sword beam, it was more than enough to kill any Divine Ascending Tribulation Realm's powerhouses.

"There must be a pattern." Yun Lintian said while scanning the stone pillars through the Eyes of Heaven. Unfortunately, he couldn't see any energy flow in the end.

"How could Xing Chen pass this place?" Nantian Fengyu suddenly asked.

Yun Lintian touched his chin and said. "He could even set up a trap for us. Obviously, he grasped most of the structure here. Perhaps he knows a solution to every trap here."

"Since that's the case, we can do it too." Nantian Fengyu said.

Yun Lintian nodded. The map the young girl gave him previously didn't explain any solution. He had to solve it by himself.

Buzz—

All of a sudden, the Heaven Piercing Sword necklace on Yun Lintian's neck vibrated and transformed into its true form.

"Hmm?" Yun Lintian looked at the sword in confusion. Through the connection between them, the sword seemed to tell him that it knew how to solve this formation.

"Are you sure?" Yun Lintian asked.

The Heaven Piercing Sword shook slightly as if it told Yun Lintian to trust him.

"Alright. Linlin, Qingqing, Fifth Sister. All of you stay here first." Yun Lintian told everyone and took a step forward with the Heaven Piercing Sword as a guide.

When he was about to reach the first stone pillar, the Heaven Piercing Sword suddenly slashed into the pillar, rotating it slightly.

Boom!

At the same time, a terrifying sword beam shot out of the pillar, but it aimed toward the second stone pillar a few meters away.

The second pillar shook slightly, and nothing happened afterward.

Seeing this scene, an idea emerged in Yun Lintian's mind. However, he wasn't sure if it was the case.

At this moment, the Heaven Piercing Sword had already flown toward the second stone pillar. However, when it drew closer, the second pillar suddenly released a similar sword beam.

The Heaven Piercing Sword shook violently and performed a vertical slash, diverting the sword beam's direction before the sword itself quickly hit the second pillar to rotate its direction.

All of a sudden, the first pillar released a sword beam. This time, the beam went straight to the second pillar, and the latter immediately shot another sword beam toward the third pillar in the distance...

Chapter 1200 Solutions (2)

When Yun Lintian saw this scene, he immediately thought of a laser reflection experiment. Obviously, these stone pillars served as mirrors, reflecting the sword beam.

While he was thinking of this, the Heaven Piercing Sword had already arrived at the third pillar. A similar scene appeared once again, confirming Yun Lintian's guess.

Afterward, the Heaven Piercing Sword repeated the same process one after another until all the ninety-stone pillars were arranged perfectly.

Buzz—

Soon, the first stone pillar released a sword beam, and the beam continued to jump from the second to the third until the last. After that, the sword beam from the last pillar went straight into a wall made of gold at the end of the hall, and a passage was slowly revealed before everyone's eyes.

The Heaven Piercing Sword quickly flew back to Yun Lintian and shook slightly as if it was asking for a compliment.

Yun Lintian touched it and said. "Thank you. You're awesome."

The sword was overjoyed and circled around Yun Lintian for a few laps before transforming into the necklace.

Yun Lintian put the necklace on his neck and beckoned everyone. "Let's go."

"Big Brother Yun, wait for a moment." Suddenly, Qingqing jumped over and waved her hand, releasing a terrifying windstorm toward the revealed passage in the distance.

Boom!

In that instant, a lethal sword beam abruptly shot out of the nearby pillars and went straight to the passage. If Yun Lintian and the others walked into the passage just now, they would certainly become meat paste.

Obviously, something was wrong here.

Yun Lintian carefully looked at the stone pillars and discovered something strange at their bases. He saw hidden formations beneath it, which had secretly rotated these pillars, resulting in the earlier scene.

"These formations are very well hidden. They could actually escape my Eyes of Heaven. This is very strange." Yun Lintian frowned deeply. This was similar to the last time Yun Lintian failed to see the trap, even though he scanned the place several times. What was going on here?

Yun Lintian was someone who studied the ultimate profound art, Myriad Formations Scripture. He didn't believe there was someone better than him, at least in this world.

"Look at it again." Hongyue's voice suddenly resounded.

Yun Lintian subconsciously glanced at the formation and discovered it had already disappeared without a trace.

"What is this?" He was confused.

"I doubted it before, but it's clear now," Hongyue explained. "The main attribute of the Labyrinth Formation is the spatial element. Whoever created this trap is clearly taking advantage of it."

Before Hongyue could explain everything, Yun Lintian seemed to understand it now.

"You are saying this person has mastered the timing of the Labyrinth Formation?" Yun Lintian said.

"Correct," Hongyue responded. "The last time when your position was about to change, the Labyrinth Formation was activated, and the trap timely appeared."

"Similarly, this time, the passage leads to the next position has appeared and triggered the Labyrinth Formation, allowing these formations under the pillars to appear."

She paused briefly and said. "I really want to know how he mastered it."

Yun Lintian frowned deeply. "If the person who did this was Xing Chen, I guess there should be somewhat ancient records about it inside the Star Gazing Palace. After all, they owe the Star Pavilion. They could have bought all the information about this place during these thousands of years."

As Yun Lintian said before, the Labyrinth Formation wasn't invincible. It had a certain pattern. As long as one had enough time, one could figure the pattern out, including the timing.

"This made me curious. No one has ever figured it out before?" Yun Lintian asked in doubt.

The Golden Mountain was created by the Beyond Heaven King later, and it was used as a fortress to trap the enemy. Undoubtedly, it should be an extended period—long enough for people to figure the pattern out.

"What if I told you the battle here ended within a month?" Hongyue said.

"A month?" Yun Lintian was taken aback. In his opinion, the battle between the top powerhouses would definitely last for a long period. Why did it end so quickly?

"Then, the enemy must be overwhelmingly powerful." He said further. When the young girl told the enemy was powerful previously, he thought that they were a half-level better. However, it wasn't the case now.

"Yes," Hongyue said as her eyes flashed with killing intent.

Yun Lintian wanted to ask further about the enemy, but he knew Hongyue wouldn't tell him. He could only stop here.

"Well, let's go." He took a deep breath and adjusted the pillars again before safely bringing everyone into the passage.

While Yun Lintian was stepping into the passage, Xing Chen and Lan Cao stood inside a vast hall made of heavenly materials they couldn't recognize.

The hall resembled a king's palace, with a red carpet at the center all the way to the entrance, and several massive pillars could be seen on both sides.

At the end of the hall, a majestic throne stood tall, releasing an imposing aura, causing Xing Chen and Lan Cao to involuntarily tremble occasionally.

The two had arrived in this place several days ago and couldn't find anything particular here, including the passage to the next stage.

"Maybe we should go back to the old path." Lan Cao said.

Xing Chen shook his head. "The maze formation doesn't seem to exist here. There must be something in this place."

He had touched everything here, whether the throne, pillars, or tiles, but there was no reaction. However, he didn't believe this hall was an ordinary hall without any mechanism.

Xing Chen paced around the place while racking his brain up. His eyes were fixated on the throne all the time. If there was anything special here, it must be the throne.

"The throne... The throne is made for a king... A king...?" Suddenly, a strange light flashed through Xing Chen's eyes as he seemed to think of something.

He quickly walked to the area before the throne and beckoned Lan Cao to come over. "Follow me."

As he finished speaking, he suddenly knelt on one knee and said loudly. "Long live the king!"

Lan Cao didn't know what was going on. He quickly followed suit. "Long live the king!"

Rumble—

All of a sudden, the throne shook, and an illusory figure of an old man appeared on it.
