

## Myth Beyond 1231

### Chapter 1231 Situation

"We're wrong... Everything is wrong...." Lei Yi muttered to himself regretfully. At this point, he had completely given up on escaping.

Yun Lintian had already appeared a few steps from him. He looked at Lin Yi and said. "Out of my enemies, your Divine Thunder Palace, in fact, has the least enmity with me. I really don't understand why your leader chooses Lei Jun over Lei Zhenxiang. No matter how talented he is, he can't be anything more than a pampered young master."

"Even if Lei Yubai wants to control the Divine Thunder Palace himself, the way he dealt with Lei Zhenxiang is probably the most stupid thing he did.":

If Yun Lintian was Lei Yubai, he would make sure that Lei Zhenxiang's grandfather was no longer around before dealing with Lei Zhenxiang. Otherwise, he would have to keep Lei Zhenxiang, who could become a hidden danger, alive, as Lei Yubai did.

This was the fatal mistake Lei Yubai made.

Hearing this, Lei Yi suddenly laughed. "Heh... Haha! You are right. Lei Yubai has overestimated himself. He thought that he could control everything, but in fact, it was the opposite."

He shook his head and said calmly. "Do it."

Yun Lintian looked at the old man who had resigned himself for a while and said. "You can leave."

Lei Yi frowned and said. "You don't have to pity me. I came here to capture you like the three of them."

Yun Lintian shook his head. "I let you go not because I'm pitying you but rather because you still have some uses when Brother Lei takes the Divine Thunder Palace back."

Hearing this, Lei Yi stared deeply at Yun Lintian for a long time and said. "I understand."

With that, he turned around and left.

"Congratulations. Your strength has improved again." At this moment, Qing Xiaoting flew over and said with a smile. "Looks like I will need your protection in the future."

Yun Lintian turned around to look at her with a smile. "Thank you for coming here."

"Can you tell me? How did you do it?" Tao Kang asked curiously. He really wanted to know what kind of miraculous encounter Yun Lintian had to make his strength improve by leaps and bounds like this.

Yun Lintian didn't reply. He waved his hand, and the ground below shook violently. Soon, everyone at the scene saw the Golden Mountain Ruins detach itself from the surrounding ground and float into the air.

The whole piece of golden land was like an inverted mountain several hundred kilometers tall.

Tao Kang and the others were dumbfounded by the scene, and they subconsciously looked at Yun Lintian.

"You..." Tao Kang didn't know what to say at the moment. What Yun Lintian had just done was nothing but proof that the ruins had fallen into his hand. He could only look at Yun Lintian blankly.

Yun Lintian waved his hand again, and the Golden Mountain shrunk its size into a palm-sized mountain-shaped object before landing on his hand.

At the same time, he pointed his finger upward, and dark clouds immediately gathered in the sky. Soon, torrents of rain immediately poured down into the massive crater that was left behind by the departure of the Golden Mountain.

"This rain..." Qing Xiaoting could perceive the abundance of profound energy in the downpours. Although it hadn't reached the Profound Spiritual Liquid's level, it was rich enough to make any profound practitioner compete for it.

Yun Lintian looked at the onlookers in the far distance and said loudly. "This place will soon transform into a profound lake. Any practitioner can come here to practice. It will be free and not managed by anyone."

"If there's anyone trying to make it theirs, you can contact the Heavenly Sword Palace directly, and they will take care of it."

The practitioners were stunned for a moment and were delighted. They hurriedly expressed their gratitude and looked forward to seeing the birth of the profound lake.

Qing Xiaoting looked at Yun Lintian and said jokingly. "You take advantage of my Heavenly Sword Palace again."

Yun Lintian chuckled. "This cannot be helped. I really have no suitable candidate to control this place."

He paused briefly and asked. "What's the current situation?"

It had been almost eight months since he was isolated from the outside world. He didn't know what was going on around the world right now.

Qing Xiaoting's expression became serious when she heard this question. "The situation is not optimistic. The Poison Valley started their attacks on every continent five months ago. Thanks to the countermeasures you have prepared, the Western, Southern, and Northern Continent didn't suffer much."

"However, Mirage Island is different. They could last for two months before evacuating to the Northern Continent."

She took a deep breath and said further. "Meanwhile, the Central Continent suffered the most. Many coastal cities had been destroyed and occupied by them. Although I had sent a lot of people to help them, their number was too great."

"Moreover, the four palaces have never sent anyone to deal with it. The so-called alliance is nothing but an empty shell as we have expected. Those people below were the ones who sacrificed in the end."

Yun Lintian nodded slowly and asked. "How's their strength?"

"A few Divine Ascending Tribulation Realm experts have appeared, but they mostly presided over the situation. As long as the experts on our sides didn't act, they wouldn't as well." Qing Xiaoting replied. "As for monarch-level, there were plenty of them. More than what we have predicted."

"It seems they are holding back and waiting for Yin Weizhe to come out first." Yun Lintian touched his chin and said.

"What about the Chaotic Sea Region?" He asked.

Qing Xiaoting's face turned solemn as she replied. "The spatial disturbance around that place has decreased drastically in recent months. Some people could even enter the place freely. However, none of them have come out so far."

"Yin Weizhe is likely waiting for something." Tao Kang expressed his opinion. "With his strength, this level of spatial disturbance is no longer a threat, but he chose to stay there further."

Yun Lintian frowned deeply. If there was anything that could make Yin Weizhe stay behind, it must be the Spatial Wheel... It seemed he had to make a trip soon.

Chapter 1232 Doubts

"There's another thing I should tell you." Qing Xiaoting said further. "Weilan Tian has been imprisoned by Weilan Jian. According to the investigations, Weilan Tian had obtained something from the Dragon's Offerings Mythical Realm. It's likely to be the inheritance of the Azure Dragon."

"I believe that Weilan Jian is trying to snatch it away from him. If that's the case, his strength should be higher than before."

Yun Lintian frowned slightly. From the look of Qingxuan back then, he had already known something.

"He has never appeared again?" He asked.

Qing Xiaoting shook her head. "I've been checking on them. They are very quiet. Even Weilan Tianjun has also gone missing for months now."

"As for Xing Tengfei, he's even more secretive. I can't feel his aura at all."

She frowned deeply and said. "They will certainly come up with a big move soon. And if I guess correctly, it should be something related to the spatial tunnel."

"Do you know the spatial tunnel's location?" Yun Lintian asked.

"I know, but that place is heavily guarded by them. There are also a lot of killing formations over there. I alone cannot break into it." Qing Xiaoting replied.

"Is that so?" Yun Lintian touched his chin and said. "Please share the location."

White light flashed from Qing Xiaoting's finger, and it drilled into Yun Lintian's forehead.

A moment later, Yun Lintian said in surprise. "I didn't expect there's such a place beneath the Central Continent."

The spatial tunnel's location was exactly right beneath the Central Continent. It was an isolated space similar to a mythical realm.

Furthermore, it was also the place where the world's core was located. The world's core was something that generated profound energy in this world. Lin Zixuan had told Yun Lintian before about this, and if he wanted to change the energy flow, he had to make a change to the core.

"Four thousand years ago, this place was jointly controlled by the founder of the nine palaces, but things had changed after the war. In the end, the control rights fell into the hands of the Star Gazing Palace and the Azure Palace." Qing Xiaoting explained.

Yun Lintian looked at Qing Xiaoting in doubt. With her ability, how could she forfeit it?

Qing Xiaoting seemed to see through his thoughts. She explained. "At that time, my palace and the others lost a lot of people in the war. Meanwhile, the Star Gazing and Azure Palace didn't lose much. It would be unwise to fight them for the rights that weren't useful for us."

Yun Lintian nodded in an understanding manner upon hearing this. It was true as she said, with or without it, it didn't change much for them.

"Unfortunately, it's different now. It would be better if we could control it." He said gently.

Qing Xiaoting didn't say anything as it was apparent.

"Oh right." Qing Xiaoting suddenly remembered something. "Do you know the new Endless Dream Dancing Hall Master? Her name is Murong Xue."

"It's my Second Sister." Yun Lintian was surprised. "What happened to her?"

"No wonder... She had contacted me during these months and provided me a lot of information." Qing Xiaoting explained.

"By the way, do you know the dancing hall's background?" Yun Lintian asked. He had always wondered about the Endless Dream Dancing Hall's background as they seemed to exist for a very long time.

"They are a force from the Divine Realm." Tao Kang was the one who answered. "Both Endless Dream and Red Lotus Dancing Hall. They are renowned dancing halls in the Divine Realm."

"It was said there are Divine Emperors behind them. I don't know if it's true but very likely."

Yun Lintian looked at Tao Kang in surprise.

"Don't look at me like that. I was their customer before." Tao Kang replied with an embarrassing smile. As a disciple of the Blissful Mountain Sect, a dancing hall and brothel were naturally his favorite places to visit.

He quickly changed the topic. "They came here a little earlier than me. A few decades before the war four thousand years ago. At first, I was surprised as well."

"Do you know why they come here?" Yun Lintian asked.

Tao Kang shook his head. "I asked them before, but they didn't tell me. I couldn't force them as well."

"You couldn't?" Yun Lintian gave Tao Kang a weird look. "You mean there is someone as powerful as you behind them?"

Tao Kang answered. "She's far stronger than me. Although I came from the Divine Realm, I raised my strength here. Meanwhile, she was a genuine divine practitioner before coming here. No matter how powerful my profound technique is, the gap is still there."

"And if I had truly forced her, I wouldn't be here and talk to you like this."

He paused briefly and said with a serious expression. "However, I can guess one or two things. They should be sent here for a mission, and that mission is related to the secret of this world."

Yun Lintian's brows raised slightly. He was sure that the mission they got was related to the Beyond Heaven King's inheritance. Perhaps they wanted to snatch it like the others?

Suddenly, his expression changed slightly. Since Murong Xue was their new hall master, she definitely knew about the mission. If the mission was indeed about the Beyond Heaven King, she was definitely able to guess his identity by now.

Why would she help him then?

It wasn't that Yun Lintian was overthinking about it, but it was reasonable to suspect her motive... It seemed he had to contact her later.

"What's your plan?" Qing Xiaoting asked. With Yun Lintian's current strength, it would be no problem for him to openly fight the four palaces.

"I'm not in a hurry." Yun Lintian said. "Like I said before, our true enemy is the Poison Valley. At least we must find a way to restrain them before waging war with those palaces."

He thought for a moment and said. "I'll contact my people first, and we will think about it together."

Qing Xiaoting and Tao Kang had no objection.

After the lake was formed, Yun Lintian took his personal skyship out and left the scene with everyone. His destination was the Long Clan.

Chapter 1233 The True Purpose (1)

The news about Yun Lintian and the disappearance of the Golden Mountain Ruins had spread out very quickly. When Yun Lintian arrived at the Long Clan, everyone had already known about it.

"Your strength... This is incredible." Inside the hall, Long Jinwei looked at Yun Lintian with an incredible expression.

Meanwhile, Long Ying and the other elders were numb by his miraculous progress speed and didn't know what to say anymore.

"What about Xing Chen and Lan Cao? I heard that they had also entered the ruins." Long Ying asked.

Yun Lintian calmly fed Qingqing and Linlin pastries and answered. "Xing Chen and Lan Cao died in my hand. Before dying, they had obtained a Devil Emperor's blood, and their strength had already reached the peak of the Divine Foundation Realm."

"Devil Emperor's blood?" Long Ying and the others were confused.

"It's a Divine Emperor's blood." Yun Lintian then proceeded to explain about the Great Seven Devils and the Devil Realm.

When everyone listened to this, their expression turned heavy immediately. They had lived for so long, yet they had no idea there was such a terrifying existence in this world.

"We can't find his avatar at all?" Long Jinwei asked.

According to Mo Ke's words, his big brother, Mo Tian, had successfully sent his avatar to this world.

From Hongyue's words, this Mo Tian was the strongest devil in the Devil Realm. His strength was a bit inferior to the Beyond Heaven King and could rival any God Emperors of the Divine Realm... If that was the case, his avatar could not be underestimated in the slightest.

Yun Lintian shook his head. "Although I don't know about his strength, unless he takes the initiative to come out, I don't think we can find him."

"This is troublesome." Long Ying frowned deeply. This Mo Tian was a huge hidden danger that had no way to guard against it.

"Let's put this matter aside first. I want to ask everyone something." Yun Lintian took a sip of tea and said. "Before Xing Chen died, he told me that the invaders from the Abyssal World came here for something. Do you know what it is?"

Long Ying and the other elders glanced at each other in confusion. From their expressions, they didn't seem to know about it.

Yun Lintian took the memory crystal out and said. "This is Xing Chen's memory crystal. Let's see it together."

He then injected his profound energy into it. The next moment, white light flashed and expanded in the air. A scene where Xing Chen stood behind a secret door appeared in front of everyone.

From the look of it, he was clearly trying to spy on someone inside the room.

"How's the negotiation?" A male voice resounded.

Long Ying's eyes narrowed upon hearing this voice. "It's Weilan Jian's voice."

"Their offers are much lesser than what they gave Qu Changsheng. I haven't agreed with them yet." Xing Tengfei's voice resounded.

"Qu Changsheng?" Long Ying and the other elders glanced at each other when they heard this name. This Qu Changsheng was no other than the Longevity Monarch.

"Hmph! That bastard took advantage when we were unaware of it and robbed our chances away. Don't let me see him in the Divine Realm later." Another aged voice echoed.

"Thankfully, that idiot woman surnamed Yun meddled in. Otherwise, we would be gone by now."

"This voice... Du Shoushan?" Long Ying's brows jumped fiercely.

Du Shoushan was the founder of the Myriad Pill Palace. In the past, the Long Clan suffered a lot from this person's underhand methods.

"Let's not talk about that. We should settle this deal as soon as possible so that we can leave right away when the spatial tunnel opens next time. Tell me the details." Weilan Jian said.

"Last time, they sent Qu Changsheng and the others to the Profound Mystery Academy, but this time, they promise to send us to a mid-level sect called Sky Palace Sect. We can directly become an inner disciple there." Xing Tengfei said.

"Although I believe this Sky Palace Sect is not bad, I don't think it's comparable to the Profound Mystery Academy."

The scene went silent for a moment, and Du Shoushan's voice could be heard. "How many?"

"Fifty." Xing Tengfei replied. "That's the maximum quota they can give us."

"It's not enough." Du Shoushan's voice carried a trace of dissatisfaction.

"It can't be helped. Maybe it's time for you to choose your descendants now." Xing Tengfei said calmly.

"Have you ever wondered why those people want this world's core so much?" Du Shoushan went silent for a moment and asked.

Seeing no one answer, he said further. "After that war, many mythical realms continue to appear one after another. I suspect that it's related to this matter. Why don't we try to unravel the mystery by ourselves? Perhaps there would be an unexpected gain."

Listening to this point, Yun Lintian and the others immediately looked at each other. Whoever these people negotiated with, they actually wanted to take the world's core away.

It was no wonder Xing Chen said once it happened, this world was doomed.

"You can try it by yourself." Xing Tengfei said. There was a hint of mockery in his voice. It wasn't that he didn't want to do it, but rather, he didn't have the ability.

In the past, Xing Tengfei sent people to investigate the world's core, but they all ended up losing their lives in the end.

Moreover, his Star Gazing Divination Art told him that he should stay away from it as far as he could. This was why he had never tried to unravel whatever mystery behind it.

"How to guarantee it?" Weilan Jian's voice resounded.

Xing Tengfei replied. "They said they will send ten Divine Kings over this time. One of them will take us away."

"Ten Divine Kings?" Du Shoushan was surprised. "Look like they are determined to take it away this time."

"Because of Yun Wushuang's intervention last time, they don't dare to be careless anymore." Xing Tengfei said.

"We should accept it. There's no second Yun Wushuang next time. By then, we won't be able to get anything." Du Shoushan expressed his opinion.

Chapter 1234 The True Purpose (2)

"Although it looks like we have the upper hand because only natives of this world can take the core out, in fact, we have no choice at all. Once they decide to discard us, we will get nothing by then." Du Shoushan said further.

Du Shoushan didn't understand this point. For some reason, those people from the Divine Realm somehow could not take the world's core away. It had to be natives of this world. This was the reason everyone here could negotiate with them.

Xing Tengfei went silent for a while and said. "This is it."

A moment later, Weilan Jian's voice resounded. "You can tell them that we will accept the condition, but they need to break the seal around the world's core by themselves. We will only be responsible for taking it away."

"Also, we will open the tunnel in a hundred years."

At this moment, Xing Chen quietly slipped away, and the white light slowly dissipated along with the memory crystal.

Silence blanketed the hall as everyone had a frown on their face.

"Who were they negotiated with? This doesn't seem to be the Abyssal Beast." Long Yan asked in doubt.

"Maybe people from the Divine Realm?" Long Hu said with a serious expression. "Do you remember it? Although we were busy fighting the enemy, I saw with my own eyes that Fairy Yun used a forbidden technique to push back a terrifying aura coming from the tunnel."

"I always believed that they were the reinforcement from the Abyssal World, but it didn't seem like it after thinking about it again. That aura didn't seem to contain any Abyssal Energy."

"They must be another group." Long Ying nodded in agreement. "We should ask Big Brother Shen about it. He stood closest to the tunnel at that time."

While the others were discussing, Yun Lintian communicated with Hongyue in his mind. "Do you know something about this, Hongyue?"

"Judging from the way they talked, the other party should be a force from the Divine Realm instead of those people from the Abyssal World. As for why they want to take the world's core away, I can only guess about it." Hongyue replied.

"In the past, there was a certain force called Myriad Star Hunting Hall. This group specialized in hunting the world's core of those dying stars. They can be considered a group of pirates."

"However, they had somehow gone missing for years. No one has ever seen them again. Although it's unlikely to be them, we cannot completely rule them out."

She paused briefly and said further. "As for those who covet the Beyond Heaven King's legacy, I don't think they care about the world's core."

"What is the Profound Mystery Academy?" Yun Lintian asked.

"The Profound Mystery Academy is the most prestigious academy in the Divine Realm. It locates in the Profound Mystery God Emperor Realm. Many Divine Emperors would send their descendants to the academy for enlightenment... In my opinion, it's a place where people compete for fame." Hongyue explained.

"If you could become the leader of that generation, you would gain a lot of fame... It's funny, right? But you will understand later that it's all about faces in the Divine Realm."

"I see." Yun Lintian frowned slightly. "From your description of the academy, it must use a lot of connections to enter, right? Since the other party could arrange a place in the academy for Qu Changsheng, wouldn't this mean this person or group comes from a powerful background?"

"Indeed," Hongyue responded. "Moreover, since they could send ten Divine Kings over, they must be at least a Divine Emperor-level force. It should be those from the upper-level realms. However, there are too many to guess."

"As for the Sky Palace Sect, I don't seem to have an impression of them."

"So the clue ends here." Yun Lintian rubbed his brows slightly.

The situation had become more complicated than before. First, it was the invaders from the Abyssal World and those who coveted the Beyond Heaven King's inheritance. Now, adding this unknown force again.

He suddenly thought of something and said to himself. "Empress Yun told me to destroy the spatial tunnel... Could it be because of this?"

Inside the Land of Beyond Heaven, Hongyue was frowning as well. This world was supposed to be an ordinary lower star that the Beyond Heaven King randomly chose to place his legacy here.

However, the current situation said otherwise. Everything was getting more mysterious and complicated.

"If you want to know, you can find Xing Tengfei and Weilan Jian directly. With your current strength, they won't be able to resist you." Hongyue suddenly said.

"You are right." Yun Lintian came back to his sense. It was as Hongyue said. Why would he keep thinking about it when he could ask Xing Tengfei directly?

"However, I suggest that you should visit Yun Xia first," Hongyue said further.

"Alright." Yun Lintian nodded slightly. It was a good idea to tell Yun Xia about it. Perhaps she could come up with an answer.

He raised his head to look at Long Jinwei and the others. "I will go to Xing Tengfei directly in a few days. I would like to trouble everyone to restrain the Poison Valley for the time being."

Long Jinwei frowned slightly and asked. "Wouldn't it be too hasty?"

Although he knew that Yun Lintian could slaughter a Divine Ascending Tribulation Realm expert like a chicken, Xing Tengfei was different. Not to mention his divination art. Perhaps he had already predicted something ahead and made a preparation for Yun Lintian. This could be risky.

Yun Lintian didn't say anything. His aura suddenly burst out, and everyone in the hall was immediately pressed down by the irresistible pressure that came from him.

Long Jinwei and the others were shocked to the core. Each one of them here had the strength that could rival the Divine Foundation Realm, but they were actually suppressed by Yun Lintian to this extent... What a monster!

Yun Lintian retracted his aura and said. "I can safely say that any Divine Ascending Tribulation Realm experts are not my opponent now. And I am confident to go against any high level of the Divine Foundation Realm powerhouses."

Long Jinwei and the others didn't question Yun Lintian's strength anymore after experiencing it themselves.

"Leave it to us." Long Jinwei said solemnly.

Chapter 1235 The Truth (1)

"So this is the Star Gazing Palace." Standing on the deck, Yun Lintian looked at various tall towers below with great interest. As its name suggested, the Star Gazing Palace was surely full of star-gazing towers.

"These towers are forming a star diagram to attract the star energy." On the side, Long Ying said.

In order to ensure Yun Lintian's safety, Long Jinwei insisted on letting her accompany Yun Lintian on this trip. In the end, Yun Lintian had no choice but to accept it.

Yun Lintian nodded slightly as he looked at the twenty-odd towers below attracting star energy.

"Who's there!?" A cold voice resounded, and a middle-aged man appeared in the air several meters from the skyship.

Yun Lintian wasn't surprised about it as he intentionally came here without concealing his aura.

He looked at the old man and said. "I am Yun Lintian. Tell your ancestor that I have something to ask him."

As he spoke this, he prepared to engage in battle at any moment. However, the next scene surprised him greatly.

The middle-aged man wasn't angry as Yun Lintian expected. Instead, he became respectful and said. "It turns out to be Sect Master Yun. Ancestor has been waiting for you for a long time. Please come with me."

Yun Lintian glanced at Long Ying and saw the latter frown slightly.

"As expected from an old fox like him... What is your decision?" Long Ying asked through a sound transmission.

Yun Lintian didn't think about it much and readily accepted the middle-aged man's invitation. "Let's go."

"This way, please." The middle-aged man made an inviting gesture and flew away.

Yun Lintian took Linlin, Qingqing, and Long Ying with him and followed the middle-aged man behind.

Soon, the middle-aged man brought Yun Lintian's group to the plum blossom garden. This place looked ordinary, but in fact, it was full of formations.

"Ancestor, Sect Master Yun is here." The middle-aged man stood at the entrance and said respectfully.

"Oh? He's here? Let him enter." Xing Tengfei's voice resounded from a distance.

"Yes." The middle-aged man bowed and made an inviting gesture toward Yun Lintian. "Please."

Yun Lintian nodded and took a step into the garden, followed closely by Long Ying.

The two of them walked along a passage full of plum trees on both sides for a while before arriving at an open space with a small pond and a pavilion at the center.

Inside the pavilion, Yun Lintian saw an old man clad in plain white calmly sip a tea. His body exuded no aura, but Yun Lintian could feel abundant energy within it. It was even more abundant than Long Shen.

This person was no other than the ancestor of the Star Gazing Palace, Xing Tengfei.

"You're here? Please take a seat." Xing Tengfei put down the teacup and turned to look at Yun Lintian. His face was calm as if Yun Lintian and he weren't enemies before.

While Long Ying looked at Xing Tengfei vigilantly, Yun Lintian calmly walked into the pavilion and sat opposite Xing Tengfei.

Xing Tengfei poured four cups of tea for everyone and glanced at Linlin and Qingqing. "As expected from the legendary divine beast and true spirit. They are surely extraordinary."

He took a sip of tea and said further. "Presumably, you are here for the world's core matter. Am I correct?"

Yun Lintian didn't seem surprised by Xing Tengfei's prediction. He calmly sipped the tea and said. "Indeed. I am here for this matter."

Xing Tengfei looked at the young man strangely and asked. "You're not afraid I will put poison in it?"

"Did you?" Yun Lintian put the cup down and asked with a smile.

The two looked at each other for a while, and Xing Tengfei suddenly laughed. "Haha! You're really as what people said. If I don't see your bone's age by myself, I definitely think you are an old monster."

"It's not surprising that Xing Chen and Lan Cao died in your hands."

Yun Lintian had no intention of talking about this topic further. He asked. "Can you tell me now?"

Xing Tengfei didn't explain right away. Instead, he asked. "How much do you know about this matter?"

Yun Lintian shook his head. "I don't know much. The only thing I know is that you're making a deal with someone."

"So the one who sneaked around that day was indeed my good grandson Xing Chen." Xing Tengfei said calmly.

Yun Lintian's eyes flickered slightly upon hearing this. Since Xing Tengfei knew that someone was spying on him. Why didn't he do anything?

Xing Tengfei seemed to see through Yun Lintian's mind. He explained. "In everyone's eyes, I am a ruthless man that can kill anyone to achieve my goal, but I am not heartless enough to kill my blood-related descendant. Especially a good seedling like Xing Chen."

"Furthermore, I was the only one who discovered this at that time. Once I made a move, Weilan Jian and Du Shoushan would never let Xing Chen go... Besides, that information is not that important. Even if it did leak out in the end, it wouldn't affect me much."

"On the contrary, Xing Chen is not a stupid person. He will never tell this to anyone because he will expose himself by doing that."

Yun Lintian nodded slightly as it made sense. It seemed Xing Tengfei knew his grandson like the back of his hand.

Xing Tengfei leaned back slightly and said. "Four thousand years ago, before the war had occurred, we had received a contact from a man who called himself Myriad Star Divine Emperor."

"This person claimed to be a Divine Emperor of the Myriad Star Realm. It wasn't me, Weilan Jian, and Du Shoushan who he had contacted but also various powerhouses... Your Ancestor, Yun Wushuang, was also one of them."

"This Myriad Star Divine Emperor offered us various opportunities in exchange for us to take the world's core out and giving it to him. As for me, he said that I am suitable to practice his Myriad Star Divine Art and wanted to accept me into his faction."

"So it's him!" Hongyue's voice suddenly resounded in Yun Lintian's mind.

Chapter 1236 The Truth (2)

"Who is he?" Yun Lintian knew that Hongyue must know this so-called Myriad Star Divine Emperor.

Hongyue didn't reply right away. She seemed to think of something for a while and said. "It seems the problem is bigger than we thought. Let's hear him out first, and we will talk about it later."

Yun Lintian didn't ask anything further and continued to listen to Xing Tengfei.

Xing Tengfei looked at Yun Lintian and sighed softly. "Your strength might reach an astonishing level already, but you are too young and have all the time ahead of you. You probably have no idea how desperate people like me are to seek a higher path."

"When I heard about the offer, I did lose my mind and couldn't wait to say yes right away. Thankfully, I managed to maintain my rationality in the end."

He then smiled apologetically. "Sorry, I couldn't help saying this."

"What happened in the end?" Yun Lintian asked.

"While I was considering the pros and cons, someone was faster than everyone. He was Qu Changsheng, whose known as the Longevity Monarch." Xing Tengfei said with a gloomy expression.

"This old bastard secretly contacted the Myriad Star Divine Emperor and promised the latter to take the world's core away behind our backs."

"When the spatial tunnel opened, and people from the other worlds poured in, Qu Changsheng used this chance to destroy the seal around the world's core with the help of the Divine King that was sent over by the Myriad Star Divine Emperor."

"At the critical moment, Yun Wushuang used her power to stop them and pushed them back to where they came from."

"Seeing the mission fail, Qu Changsheng used this chance to slip away with that Divine King through the spatial tunnel. It was not just him, but many people had also followed him."

Yun Lintian frowned slightly and asked. "As far as I know, it was you who plotted against her later."

To everyone's surprise, Xing Tengfei admitted honestly. "That's right. I had indeed forced her to leave this world."

A cold glint flashed through Yun Lintian's eyes as he stared straight at the old man in front of him.

"At that time, Yun Wushuang's strength could be considered the number one in the world. If I didn't take advantage of her weakening period, I would never have this chance again." Xing Tengfei said further.

He took a sip of tea and continued. "I think you should understand it. When you reach a certain height, you will always want to go higher. To me and everyone, including Qu Changsheng, Yun Wushuang is like a ceiling of this world. As long as she exists, everyone will feel like something is pressing on their head all the time. "

He smiled at Yun Lintian and said. "I believe you know it well. This feeling."

Yun Lintian didn't say anything. He understood what Xing Tengfei tried to say, but Xing Tengfei did commit an unforgivable crime against Yun Wushuang and Lin Xinyao.

Facing Yun Lintian's cold gaze, Xing Tengfei didn't feel anything. He continued. "I welcome you anytime if you want to avenge her or settle our grievance."

Yun Lintian took a deep look at the old man for a while and gradually calmed down. "Why don't you leave this world since you can open the spatial tunnel anytime?"

"As you have already guessed. I don't dare." Xing Tengfei replied calmly. "The word Divine Realm is very tempting, but it also scares me since going there means a new beginning. I will have to climb from the lowest point again."

"I had come into contact with those people from the Divine Realm last time. Do you know what they called us?" Xing Tengfei suddenly asked.

Without waiting for Yun Lintian to reply, he said further. "They called us a maggot from the lower realm."

Yun Lintian's brows raised slightly upon hearing this.

Xing Tengfei laughed and said. "Well, they are not wrong. We are indeed maggots compared to them."

He paused briefly and continued. "As for controlling the spatial tunnel, you have misunderstood it. No one can control it."

"What do you mean?" Yun Lintian frowned.

"The spatial tunnel has existed since ancient times and will open every four thousand years. All we could do is seal the surrounding area." Xing Tengfei explained.

"What about the world's core?" Yun Lintian asked.

Xing Tengfei shook his head. "I have no idea about it. That place is protected by an extremely powerful seal. Unless you're a Divine King, it is impossible to break it. The only thing we could do about it is to divert the direction of the energy flow that emits from it."

"However, there was something strange about it." Xing Tengfei frowned slightly as he recalled the scene in the past. "When that Divine King broke the seal back then, everything in that area slowed down to the point it was as if time had frozen."

"Time had frozen?" Yun Lintian was surprised.

"Could it be the core has the power of time?" He said in his mind. "If that's the case, then everything about the looping event can be explained."

At this moment, Yun Lintian immediately thought of Empress Yun's words. There was a high chance the spatial tunnels and the world's core were somehow connected to each other.

"Very likely," Hongyue said. "The power of time is the most precious and mysterious thing in the universe. It's normal for those people behind the Myriad Star Divine Emperor to covet it."

"People behind him? What do you mean?" Yun Lintian was curious.

"In short, this Myriad Star Divine Emperor is nothing but an errand boy for a group of God Emperors behind him. I will explain about it later. Now, you should check the world's core out." Hongyue replied.

Yun Lintian was surprised to hear this. He didn't ask about it further and looked at Xing Tengfei. "I want to check the world's core out."

"No problem. I have already expected this." Xing Tengfei nodded slightly and waved his hand. A small black token appeared on the table as he said. "This is my token. You take it there, and those people won't bother you."

Yun Lintian glanced at the token slightly and put it away before saying. "I will settle the grievance between us later."

Afterward, he stood up and walked out.

"Sure." Xing Tengfei responded with a smile while watching Yun Lintian disappear from his sight with a meaningful gaze.

#### Chapter 1237 Four God Emperors (1)

After Yun Lintian left, Xing Yongnian walked into the garden and bowed respectfully toward Xing Tengfei.

He raised his head and asked in doubt. "Why did you let him go, father?"

Xing Tengfei took a sip of tea and glanced at his son. "I didn't let him go, but I had no ability to hold him back."

A look of shock appeared on Xing Yongnian's face as he said in disbelief. "His strength... has already reached that high?"

"His strength cannot be measured with commonsense from the beginning... If we fight head-on, I don't think anyone in this world can be his opponent." Xing Tengfei said calmly.

"Moreover, he had obviously noticed the formation here but still came without fear. Do you know what this means?"

Xing Yongnian's face turned solemn as he replied. "But our Star Annihilation Formation is not weak either. Was he truly not afraid?"

Xing Yongnian looked at his son and said calmly. "Do you know what happened to Lan Cao?... The soul contract I placed in him was broken by himself."

Xing Yongnian frowned deeply upon hearing this. There were two ways of breaking the soul contract. The first one was Lan Cao died, and the second one was that Lan Cao's strength had exceeded the master's...

At this moment, his eyes gradually widened in disbelief. "Father, you mean...?"

Xing Tengfei said expressionlessly. "Without a doubt, his strength had already reached the peak level of the Divine Foundation Realm before his death."

"Even so, he had still lost his life to Yun Lintian."

His words were like a sledgehammer struck on Xing Yongnian's head, causing him to feel dizzy for a moment.

As the palace master, he naturally knew how powerful Lan Cao was in his heyday. It could be said Lan Cao was only seconded to Weilan Jian, who was regarded as the number one expert in the world.

It was difficult to imagine how powerful he had become after reaching the peak of the Divine Foundation Realm.

However, Lan Cao, who had surpassed Weilan Jian by miles, still ended up getting killed by Yun Lintian... What was this mean? It meant not a single person in this world could be Yun Lintian's opponent!

"Then... Why didn't he attack us?" Xing Yongnian managed to calm down and asked in confusion. Based on the grudge between Yun Lintian and the Star Gazing Palace, it was impossible for him to let the palace go... Why would he leave like that?

"He has many things to worry about at the moment." Xing Tengfei expressed his opinion. "Although the Star Annihilation Formation could not kill him, he would need to spend a lot of energy to deal with it. Once the war breaks out, it's uncertain who would come out on top in the end."

"He is someone who acts cautiously for all his life. Even if his strength has already reached an unparalleled level, he won't be foolish enough to start an uncertain battle."

Speaking to this point, Xing Tengfei sighed and said. "I have been calculating others all my life, and all of them are going well according to my plans. Even Yun Wushuang back then suffered in my hands... Unfortunately, this time is entirely different. Being Yun Lintian's enemy is probably the biggest mistake I have made."

Xing Yongnian looked at his father's tired appearance with incredulity. Throughout his life, he had never seen his father like this.

He took a deep breath and said. "He will definitely not leave like this the next time we meet. What should we do, father?"

Xing Tengfei didn't say anything but a cold glint could be seen flashing through his eyes. No one knew what he was thinking at the moment.

\*\*\*

After boarding the skyship, Yun Lintian took another glance at the Star Gazing Palace.

Earlier, he could feel the unfathomable power coming from the surrounding when he sat in the pavilion. Without a doubt, it came from the formation that he was aware of it the moment he entered the garden.

Although he was confident that he could still kill Xing Tengfei, there was no guarantee that he would get injured. Not to mention it would put Long Ying, Linlin, and Qingqing in danger.

Hence, he decided to back off first. Anyway, he wouldn't let Xing Tengfei go next time.

"You've made the right decision to back off." Hongyue's voice resounded. "If I'm not mistaken, that formation is the Star Annihilation Formation from the Myriad Star Realm. Although its power is only one-tenth of its original one, it is enough to severely injure you."

"That strong?" Yun Lintian was surprised slightly.

"Well, if you go all out, it should be no problem to break it, but you will also consume a lot of energy. At that time, Xing Tengfei could beat you with a number." Hongyue said casually.

Yun Lintian nodded slightly. "At least this trip is not in vain."

"Are you going to check the world's core right away?" On the side, Long Ying asked.

Yun Lintian thought for a moment and said. "Yes. However, I will go alone this time."

Long Ying wanted to say something but held back in the end. She knew that she had become a burden this time. If she didn't come here with him, perhaps Yun Lintian had already started a battle with Xing Tengfei by now.

"Alright." She said softly and walked into the cabin, controlling the skyship toward the south.

"Can you tell me about the people behind the Myriad Star Divine Emperor now?" Watching Long Ying walk away, Yun Lintian asked in his mind.

Hongyue went silent for a moment and said. "No matter what I say next, you must stay silent. Do not utter a word about it. Otherwise, they will immediately know your existence. Understand?"

Yun Lintian's expression became serious as he nodded. "Understood."

Hongyue took a deep breath and began to explain. "I told you before that there are thirty-four God Emperors in the Divine Realm, right? Normally, all of them are rarely intervening in each other's business. Whatever evil deeds they are doing, they won't care much."

"Well, let me tell you first that this is just my guess... Four among them are known for mingling together to do some shady things behind everyone's back."

"They are the Thousand Faces God Emperor, Violet Thunder God Emperor, Everlasting Soul God Emperor, and the Heaven Desolate God Emperor, who is renowned as the second person under the Beyond Heaven King."

Chapter 1238 Four God Emperors (2)

Yun Lintian's eyes narrowed slightly upon hearing the four names. Without Hongyue's confirmation, Yun Lintian believed these people should have something to do with the downfall of the Beyond Heaven King.

"Although there are four of them, their influences have penetrated many middle and lower realms. When you step into the Divine Realm, you will understand what I mean." Hongyue explained further.

"In the Divine Realm, the God Emperors have made an agreement that all of them should not interfere with the middle and lower realm's matters. However, that's just on the surface. Everyone knows many of them have secretly manipulated those realms behind the scenes."

"Just like this so-called Myriad Star Divine Emperor. Without a doubt, one of those four is behind his back, or perhaps all of them."

Hongyue paused briefly and expressed her thoughts. "I suspect that they know something about this Azure World. It's not only about the Beyond Heaven King's legacy but also something related to the unusual event here. That's why I think you should check the world's core out as soon as possible."

Yun Lintian nodded in an understanding manner. As much as he wanted to know more about these four God Emperors, he didn't dare to ask it.

Hongyue seemed to see through his thought. She explained. "Your guess is correct. They had something to do with the Beyond Heaven King's downfall."

A strange light flashed through Yun Lintian's eyes when he heard this. The way Hongyue spoke seemed to indicate that they were simply playing a part in it. It seemed there was another group of people behind this incident.

The Heaven Desolate God Emperor was already considered the second person under the Beyond Heaven King, but he had only played a part in it... Could it be the one that was responsible for the Beyond Heaven King's demise was even stronger than that?

If the Beyond Heaven King was the ceiling of the Divine Realm. Who could be stronger than him, then? A True God?

The more he thought about this, the heavier Yun Lintian's heart became. Even though he was aware that the matter behind the Beyond Heaven King incident was not ordinary, he didn't expect it to be to this extent.

"It's good that you are aware of the situation, but you shouldn't worry about it much. After all, it's too far away from you. What you should focus on right now is the mystery behind this world and the Spatial Wheel." Hongyue said. "Once you solve all of these problems, you will be able to ascend with no worries."

Yun Lintian took a deep breath and said. "Understood."

He then raised his head slightly to look at the group of white clouds ahead...

\*\*\*

Roar—

At the coastal area on the southern part of the Central Continent, countless profound beasts were frenziedly attacking a large army of practitioners.

"Hurry up. Go there and hold the line!"

"We can't! We simply don't have any extra forces left... Arghhh!"

"Senior Sister... No! Don't die! Senior Sister!"

At the front line, many practitioners couldn't withstand the crazy attacks from the horde of profound beasts. Wails, shouts, and screams which seemed to border on the edge of despair reverberate throughout the entire space.

Every single breath of this vicious battle between the humans and these berserk profound beasts was incomparably violent and terrible.

The usually green region had long ago been completely soaked in scarlet blood, and the wind carried along a stench of blood that was so acrid that it made one feel nauseous.

On the distant small hill, an old man said to a middle-aged man beside him. "Sect Master, we cannot hold it anymore! The Rising Sun Sect has been completely eradicated already. We shouldn't stubbornly fight these beasts like them! Let's flee...."

"Roar!"

"Arghhhh!"

Before the old man could finish his sentence, he suddenly saw a gigantic black lion with devilish wings soar into the sky and land on the crowd before slaughtering them like cutting weeds.

Each time the lion swept its sharp claw, human flesh could be seen flying into the air.

"That... The peak Monarch Profound Beast! Moreover, its strength has already surpassed the threshold of the Monarch Profound Realm!" The old man exclaimed in shock.

The middle-aged man beside him had the same shocking expression on his face as he watched the lion slaughter his people.

"Run... Everyone, RUN!" The middle-aged man came to his sense and let out a roar while soaring into the sky.

"Sect Master!" The old man shouted in horror when he saw his sect master fly toward the lion.

"Go! Bring everyone away. I will hold it back!" The middle-aged man roared as he released all of his power at once. A long sword silently appeared in his hand as he swung it toward the lion with everything he had.

The lion noticed the middle-aged man's aura. Its eyes turned into a slit as it spoke. "Are you in a hurry to become this seat's food? I shall grant your wish then."

The lion grinned evilly as it swept its claw toward the incoming attack fearlessly.

The middle-aged man knew that his strength was far inferior to the lion, but he couldn't back down. He gritted his teeth and exerted every bit of his power into this attack while roaring.

Bang!

The space trembled violently as the claw and the sword collided. The explosion that came afterward immediately blasted everyone around the lion and the middle-aged man away.

Crackle!

The long sword in the middle-aged man's hand broke in half directly when it touched the lion's claw. At the same time, the power emitted from the claw immediately cut the middle-aged man's chest, leaving a terrifyingly deep wound in it.

Blood spurted into the air as the middle-aged man was sent flying into where he came from.

"Sect Master!" The old man shouted in horror upon seeing this scene.

"GO! Run for your life!" He then gritted his teeth and urged everyone to run while he himself rushing toward his sect master.

"Heh. Do you think you can run?" The lion stood proudly, looking at the fleeing humans with contempt.

Just as it was about to make a move, a sense of danger suddenly emerged in its heart. The lion instinctively retreated in a flash.

At this moment, countless golden sword beams shot down from the sky, bombarding the profound beasts below.

Chapter 1239 Eradicate (1)

Boom! Boom! Boom!

Each sword beam immediately killed all the profound beasts on its path. In a blink of an eye, thousands of profound beasts were obliterated directly.

This scene immediately dumbfounded everyone in the scene. They even forgot to run at this moment.

The lion had retreated to a hundred kilometers away and looked at the sky solemnly. The strength that the sword beams displayed were beyond anything he had seen from the human side. Undoubtedly, the owner of these sword beams was an absolute expert.

Behind the group of clouds, Yun Lintian stood on the deck while pointing his finger downward.

"Oh? This lion is fast enough." He looked at the lion in surprise. He was certain that his attack was enough to kill the lion, but he didn't expect the latter to retreat faster.

"What about this?"

Yun Lintian made a grasping motion, and the space around the lion began to compress, making the latter unable to move.

The lion knew it would certainly die here if it didn't do anything. Without thinking further, it released all of its power in one go, trying to get rid of the spatial confinement.

However, the lion soon discovered that it was powerless against Yun Lintian's power. No matter how hard it tried to break the confinement, it couldn't even move an inch.

The moment Yun Lintian clenched his fist, the visible force around the lion abruptly compressed together, squeezing the lion tightly. Horrible bone-cracking sounds and painful screams could be heard as the lion turned into a ball of flesh in the next moment.

This scene immediately sent a chill down everyone's spine. Whether it was humans or profound beasts, all of them stared at the scene in terror.

"Roar!" The remaining profound beasts came to their senses and hurriedly ran away for their lives.

However, before they could run away, another set of sword beams had already descended from the sky, bombarding them.

Boom! Boom! Boom!

This time, the sword beams had successfully killed all the ten thousand odd-profound beasts without leaving a single one behind.

"W-Who could it be?" The old man stared at the scene blankly. The horde of the profound beasts earlier was gone entirely in a span of a few seconds... What kind of terror power was this?

The sect master, who had long forgotten about the pain, glanced at the sky in a daze. Before this, he had sent a ton of requests for help to the other sects and even the palaces, and none of them came... Could it be they were willing to come now?

Yun Lintian retracted his hand and glanced at the middle-aged man briefly before waving his hand, throwing a bunch of pill bottles toward him while saying. "Distribute them to everyone."

After that, he controlled the skyship toward the south without showing up.

The middle-aged man quickly released his profound energy to catch the pill bottles and opened one of them. His eyes widened in disbelief when he saw the best-grade healing pills inside.

"Thank you." He calmed down and said loudly, even though he knew that Yun Lintian had already left.

\*\*\*

"The situation is worse than I thought." Along the way, Yun Lintian looked at the desolate lands below and muttered to himself.

The ruined villages and cities were displayed vividly in his sight. He couldn't imagine how many people had lost their lives here.

"Wars are like this. Get used to it." Hongyue's voice suddenly resounded in his mind.

"I know what the war looks like." Yun Lintian replied calmly. The scene in the past appeared in his mind. As a mercenary group, he had gone through a lot of battlefields and grown numb to such a scene already.

"You'll see more when you go to the Divine Realm. Over there, life is nothing more than worthless grass." Hongyue said.

Yun Lintian nodded slightly and looked at the sea that came into his sight.

At this moment, countless profound beasts gathered on the shore, resting and jumping around as if they were on vacation.

With a glance, Yun Lintian saw several human figures among them. They were naturally high-level beasts that took a human form.

What surprised Yun Lintian the most was that there were three Divine Ascending Tribulation Realm beasts among them. They seemed busy discussing something at the moment.

Yun Lintian slowed the skyship down and entered stealth mode, observing the situation.

At the center of the group of profound beasts, three men clad in black sat around the table while raising their wine cups from time to time.

"This is really boring. Those humans are cowards. They don't even dare to fight us... Why don't you ask Master to start the game directly?" A bulky man with a long horn on his forehead said. His name was Yin Fu.

Sitting opposite him was a slender man who looked feminine with his pale white skin. His name was Yin Yue.

Yin Yue sipped wine and rolled his eyes at Yin Fu. "If you're bored, you can find some humans to play with by yourself."

On the side, a man with a long sword on his waist said with a serious expression. "You should not disturb Master. He doesn't want to take a risk. After all, we should wait for our Supreme Lord to come out first."

"You are too serious, Yin Jian. I just complain about it." Yin Fu took a gulp of wine and looked at the man annoyingly. "Putting that long face all day. Have you ever gotten tired of it?"

The man with the long sword, Yin Jian, shook his head and said nothing.

"Che. What a boring guy." Yin Fu clicked his tongue in dissatisfaction and drained the cup in one go.

At this moment, a huge black eagle flew over and landed on the ground beside the three while saying anxiously. "Sir, something happened at the front line!"

"What's wrong? Has the human expert finally appeared?" Yin Fu asked.

"No, sir... Our... Our front-line army has been wiped out!" The black eagle said tremblingly.

Chapter 1240 Eradicate (2)

"What!?" Yin Fu's eyes were full of surprise when he heard this. "How did it happen?"

The black eagle quickly explained. "When our army was about to press forward, countless sword beams came from the sky and wiped us out entirely. Even General Hu couldn't resist it."

"I can't see the other party, but this person's strength is even more terrifying than any Divine Ascending Tribulation Realm experts I have ever seen."

"Sword beams?" Yin Jian frowned slightly. "Could it be an expert from the Heavenly Sword Palace?"

"It shouldn't be." Yin Yue interjected. "From the beginning, they have never moved toward the south for once. It's even more unlikely for them to make a move now. Moreover, we have eyeliners kept an eye on them. They should have notified us by now."

He looked at the black eagle and said with a frown. "Although Hu Jing isn't strong, his speed is impressive enough to escape. Did he truly die in a single strike?"

The black eagle shook its head and said. "General Hu managed to escape the first strike, but he later got squeezed into a pulp by a strange spatial attack. I was too afraid to stay further and quickly rushed over without checking it."

"Bastard! Why did you run away?" Yin Fu snarled angrily at the black eagle, causing the latter to shudder.

Yin Yue raised his hand and said. "Calm down. He made the right decision... With that person's strength, he would certainly die if he were slower, and we would be clueless."

"Hmph!" Yin Fu snorted coldly. "Let me meet that bastard by myself. I want to see what kind of onion he is to make a sneak attack on our people."

Yin Yue shook his head but didn't stop Yin Fu. He thought for a moment and said. "We should report our Master."

Yin Jian's brows raised slightly. In his opinion, they could handle it by themselves. There was no need to contact their Master at all. However, he didn't say anything in the end.

On the skyship, Yun Lintian listened to the conversation with a thoughtful expression.

From Qing Xiaoting's words, these powerful beasts didn't take the initiative to attack unless a Divine Ascending Tribulation Realm expert on the human side did first... Looked like it was because they were waiting for Yin Weizhe to come out as he had expected.

"Why don't we kill them all, Big Brother Yun?" Sitting on a small chair, Qingqing asked innocently while nibbling on a rice cake.

Yun Lintian smiled and said. "They will die, but let's wait first. Big brother wants to see their Master."

Qingqing tilted her head slightly and took another rice cake out, continuing to nibble it while looking at the three people in the distance.

"Hmm?" Suddenly, Yin Yue seemed to perceive something and looked in Yun Lintian's direction.

"What's wrong?" Yin Fu asked while spreading his Spiritual Sense out. However, he found nothing in the end.

Yin Yue didn't reply. He got up and said calmly. "I know you are there. Why don't you show yourself?"

Yun Lintian was surprised upon seeing this scene. From the look of it, he believed that Yin Yue had indeed perceived his presence. This was a bit unexpected.

"Eh? How did she see us?" Qingqing asked confusedly.

"That's a man." Yun Lintian corrected her. "Since that's the case. There's no need to hide anymore."

As he spoke, he dispelled the stealth mode of the skyship.

When the skyship appeared in everyone's sight, Yin Fu and Yin Jian were startled. They didn't even know that such a huge ship was hiding around them for all this time.

Yin Yue looked at Linlin, Qingqing, and then Yun Lintian. "Are you the one who killed our army?"

Yun Lintian replied calmly. "It's me."

"So it's you! Come here!" Yin Fu snarled. His aura burst forth as he made a grasping motion, trying to pull Yun Lintian over.

"Hmph! Bad guy!" Qingqing snorted in dissatisfaction. She waved her hand, and a powerful windstorm immediately appeared in the air, sweeping several profound beasts below while rushing toward Yin Fu and the others.

Yin Fu's pupils shrank when he saw this. A huge hammer appeared in his hand as he smashed it toward the incoming windstorm.

The space before the windstorm was torn apart by the invisible force from the hammer. However, it couldn't stop the storm.

On the side, Yin Jian grabbed the sword's hilt with his right hand, and his aura abruptly burst out as soon as he unsheathed the sword.

A terrifying sword intent shot out and successfully cut the windstorm in half.

"I didn't expect to see a sword practitioner among the profound beasts." Yun Lintian took a deep look at Yin Jian.

Although his realm of the sword's path wasn't as high as Qing Xiaoting's, he could see how extraordinary Yin Jian's sword intent was. If Yin Jian was placed among humans, he could be considered among the top five sword practitioners in the world.

"I heard that you used a sword beam to kill our army. Can you show me?" Yin Jian said while calmly holding the sword. His body was relaxed as if there was no enemy in front of him.

Yun Lintian nodded and said. "Be careful."

He then pointed his finger toward Yin Jian. His eyes lit up with golden flames as a golden sword beam shot out of the tip of his finger, cutting through space and arriving before Yin Jian.

Yin Jian's eyes narrowed slightly. His wrist shook as he swung the sword upward to meet the incoming sword beam.

BOOOM!

Two sword intents clashed, producing a massive explosion to sweep everyone nearby away.

At the same time, Yin Jian was sent flying backward several kilometers before heavily smashing onto the ground. A bloody hole could be seen in his chest as blood flowed out like a leaking water bucket.

Silence blanketed the entire space as everyone on Yin Jian's side didn't expect this result. Just a casual strike from Yun Lintian could actually defeat Yin Jian... What the hell was this?

Yin Fu, who was angry earlier, turned pale when he saw this scene. His strength might be superior to Yin Jian when it came to defense, but he didn't think he could resist the earlier strike.

Meanwhile, Yin Yue stared deeply at Yun Lintian with a heavy heart. He seemed to think of someone as he said. "Are you perhaps... Yun Lintian?"

Yun Lintian nodded slightly. "I am."
