

## Myth Beyond 1241

### Chapter 1241 Eradicate (3)

Yin Yue's expression didn't change in the slightest when he realized the man he was facing right now was the number one person on the killing list.

Yun Lintian's deeds in the past had been circulated among the top echelons of the Poison Valley for a while now. He had destroyed their plans one after another since he was still a Spirit Profound Realm.

Almost three years passed by. That Spirit Profound Realm's ant in their eyes had become a top powerhouse now. There was no word to describe his monstrous progress speed.

"You..." Unlike Yin Yue, Yin Fu trembled when he heard Yun Lintian's name. Especially after seeing how Yin Jian gets beaten by him in one strike.

"Your strength has exceeded our estimation by miles. Looks like we have made a big mistake for not going all out to hunt you back then." Yin Yue said calmly, and his aura gradually seeped out.

He quickly grabbed Yin Fu's shoulder and prepared to leave.

Seeing this, Yun Lintian's brows raised slightly, and he raised his hand. In the next moment, the space around Yin Yue and Yin Fu suddenly solidified, making them unable to move.

Yin Yue's expression finally changed. His arm suddenly turned into a sharp fin as he slashed at the surrounding space.

Ripp—

The solidified space was cut mercilessly, and Yin Yue used this chance to activate a forbidden escaping technique.

"Want to go?" The White Dragon Spear silently appeared in Yun Lintian's hand as he threw it toward Yin Yue.

The spear transformed into a golden dragon, swallowing everything in its path.

As the golden dragon approached, Yin Yue and Yin Fu could feel the space around them tremble violently as if it was about to collapse at any moment.

At this moment, Yin Fu abruptly transformed into a gigantic rhino-like beast, and the hammer in his hand expanded several times bigger. The ground beneath him shook violently as countless spiderweb-like cracks appeared in it.

Following the deafening roar, Yin Fu smashed the hammer at the incoming golden dragon with all his might.

BOOOM!

The entire space exploded yet again, and this time, Yin Fu and Yin Yue were knocked back several kilometers through the air.

However, compared to Yin Jian, they didn't allow themselves to fall to the ground. After breaking in midair, Yin Yue transformed into a huge white fish that resembled a swordfish before pulling Yin Fu into the sea and disappearing.

His speed was extremely fast. In a blink of an eye, he had already dived twenty kilometers deep into the sea.

Yun Lintian was slightly surprised. It wasn't that he had underestimated Yin Yue, but rather he didn't know what they were capable of.

"Linlin, Qingqing. Big brother will leave this place for you." Yun Lintian said softly and took a step forward, disappearing from the skyship.

"Leave it to us," Linlin replied gently and jumped out of the skyship with Qingqing.

Immediately, the entire beach was filled with apocalyptic thunderstorms, sweeping all the ten thousand profound beasts away.

Meanwhile, Yun Lintian appeared under the sea. His eyes shone brightly with golden flames as he quickly located Yin Yue's position through his Spiritual Sense.

He held the White Dragon Spear tightly and aimed the tip toward Yin Yue's direction.

In that instant, terrifying lightning sparks abruptly burst out of his body, killing all the fishes and beasts nearby directly.

"Hah!" Soon, he let out a battle cry as he thrust the spear forward.

Yin Yue and Yin Fu, who were frantically running away, suddenly felt they were being locked by a dreadful aura. And when they turned around, they saw several purple lightning spears emerge from spatial rifts that appeared unknowingly.

"No!" Yin Fu screamed out loud and tried to swing his hammer forward.

Unfortunately, his reaction was too slow. Before his hammer could move through halfway, the purple lightning spears had already pierced through his body from all sides, rendering him powerless.

Yin Yue was no exception. His reaction was insanely fast, but he failed to avoid the spears. His abdomen and back were penetrated by the lightning spears and the aftershock carried by the lightning power immediately paralyzed him.

Swoosh!

Yun Lintian suddenly appeared a few meters away from them, and he thrust the spear toward Yin Fu's head without hesitation.

Puff!

The spear easily pierced Yin Fu's rhino head, directly reaping his life.

Yun Lintian then released his aura to confine Yin Yue, preventing him from moving again.

"I heard that you have a master. Why don't you call him over?" Yun Lintian said calmly.

Yin Yue, who was paralyzed, looked at Yun Lintian in horror. This was the first time in his life to see someone who could kill a Divine Ascending Tribulation Realm expert in a few moves like this.

Monster... We have provoked such a monster! This sentence kept ringing in Yin Yue's mind.

"You better seal his power first. In case he killed himself... A profound core detonation from the Divine Ascending Tribulation Realm expert is no joke." Hongyue's voice resounded.

Yun Lintian nodded slightly and pointed his finger toward Yin Yue's Beast Core. The next moment, Yin Yue could feel his profound strength disappear completely. He was no different from an ordinary fish now.

"Not speaking?" Yun Lintian asked expressionlessly. "I know you are a smart person. You should know that I have countless ways to make you speak. So let's not waste our time... Tell me. Who is your master?"

Yin Yue's face became unsightly upon hearing this. With his current state, even if he didn't want to speak, Yun Lintian would eventually find a way to make him do it. Let alone killing himself.

He hesitated slightly and uttered. "My master is Ming Xun."

"Ming Xun?... What is his position in the Poison Valley?" Yun Lintian had never heard such a name before.

"He's our Supreme Lord's right-handed man and the current leader of the Poison Valley." Yin Yue replied.

"Where's he?" Yun Lintian asked further.

Yin Yue pursed his lips and said nothing.

Yun Lintian frowned slightly when he saw this. Judging from the determination in Yin Yue's eyes, it should be impossible to make him speak.

"I can't answer it because I don't know his position." Yin Yue suddenly said.

He took a deep look at Yun Lintian and continued. "Four thousand years ago, we had been forced to escape by Yun Wushuang, and when we thought we could make a comeback... You have appeared... Heh. How ridiculous."

Chapter 1242 Undercurrent

Yun Lintian frowned slightly when he heard this.

"We have prepared for the worst scenario. That's why we have always contacted each other through special means. No one knows our master's true location." Yin Yue said further.

He paused for a moment and said calmly. "You won't gain anything from me."

Yun Lintian stared at Yin Yue for a long while and asked. "How's our Abyssal World? Why don't you tell me about it?"

Yin Yue startled for a second and said. "Do you know why we want to invade this world?"

Without waiting for Yun Lintian to reply, he said further. "It's because the environment in our world is not suitable to live in any longer."

"Oh? Tell me more." Yun Lintian was slightly surprised.

"Us beasts and humans are, in fact, not different when it comes to reproduction. You have to know that our Abyssal World is several times smaller than this world. With the populations that continue to grow sharply over the years, the already scarce resources can no longer accommodate them." Yin Yue said emotionally as he seemed to recall the cruel experiences he had been through.

Yun Lintian frowned slightly. "Is it because of this reason?"

Yin Yue responded. "What else?"

Yun Lintian looked straight into Yin Yue's eyes and didn't see anything suspicious. It seemed he told the truth. This confused Yun Lintian slightly. After all, he always believed there was more than it.

He thought for a moment and said. "Alright. Time to go."

As his voice fell, he made a crushing gesture, and the space around Yin Yue gradually compressed together, squeezing Yin Yue bit by bit.

Although he was in pain, Yin Yue didn't show anything on his face and said. "I think you can change the world."

With a puff sound, his body was instantly shattered into pieces, dyeing the surrounding water red.

Yun Lintian's brows knitted together. He didn't understand why Yin Yue said this.

He shook his head slightly and rushed toward the sea surface without looking back.

When Yun Lintian arrived at the beach, he saw countless profound beast remains scattered everywhere. Most of them were cut and burned by the thunderstorms.

In the distance, Linlin and Qingqing were busy picking up profound beast cores. When they noticed Yun Lintian's presence, they hurriedly rushed over and said crisply. "Big Brother Yun."

Yun Lintian patted their heads and praised them. "You have worked hard. Tell me. What do you want to eat tonight?"

"Roasted meat!" Linlin and Qingqing said in unison.

Yun Lintian glanced at the remains nearby and nodded. "You can eat as much as you want tonight."

Linlin and Qingqing were happy and began to collect the meat.

"The three of them were killed by Yun Lintian?" Somewhere deep in the Endless Sea, Ming Xun said in surprise upon hearing the report from the skinny man with strange tattoos all over his body.

This person was the one who was behind the "ghost ships" that kept appearing on the Endless Sea in the past years. His name was Yin Lian.

"Yes, Master. I have seen it with my own eyes." Yin Lian said solemnly. "His strength has already reached the ceiling of this world. I'm afraid we are no longer his opponent."

As he spoke this, he didn't dare to lift his head to look at his master. Several months ago, he was confident in bringing Yun Lintian down when he saw the latter move toward the Eastern Continent.

However, he didn't expect Yun Lintian's strength to reach such a height in a short few months. Especially when he saw Yun Lintian completely suppress Yin Fu and Yin Yue in a few moves. He didn't think he could fight Yun Lintian from now on.

Ming Xun's expression returned to its original calm. He waved his hand and said. "Just do your duty well... Although his strength may rival Yun Wushuang in the past, don't forget that our Supreme Lord's strength has also increased over the years."

"This subordinate understands." Yin Lian said in a low voice.

"I have received the news from Xing Tengfei. This Yun Lintian is heading toward the world's core area. Do you have any idea?" Ming Xun asked.

Yin Lian raised his head to look at Ming Xun in surprise. He didn't know before that his master had secretly contacted Xing Tengfei.

Suddenly, he was no longer unconfident like before. He took a deep breath and said. "If I'm not mistaken, Xing Tengfei must try to borrow Yun Lintian's strength to suppress those old monsters over there... If that's the case, this is our great opportunity."

Ming Xun beckoned with his chin, telling Yin Lian to speak further.

Yin Lian thought for a moment and said hesitantly. "I think we should tell Master Jue about this. He's familiar with Yun Lintian and is the most suitable candidate to do this job... Moreover, we should also send the other three generals over."

"While Yun Lintian is keeping those old monsters busy, we can use this chance to break the seal and open the spatial tunnel."

He paused briefly and said further. "If possible, we should notify the Supreme Lord as well."

Ming Xun waved his hand. "I'll leave this matter to you. If it fails, just retreat. There's no need to fight them right now... As for Supreme Lord. No need to bother him."

Yin Lian bowed his head and said solemnly. "I will live up to your expectation, Master."

"I hope so." Ming Xun said with a smile.

\*\*\*

"So, this is the place?" Floating in the water, Yun Lintian looked at the seemingly pocket space in the distance. He had dived into the sea for the whole day and arrived where the world's core and the spatial tunnel were supposed to be.

Looking upward, Yun Lintian could see the Central Continent's massive piece of land. It was like an inverted mountain with its peak sunk into the seabed.

At the same time, there seemed to be an isolating barrier around the place, making him unable to see that area clearly. Without a doubt, there must be a space inside.

Just as Yun Lintian observed the area, he suddenly perceived a terrifying aura that surpassed even Xing Tengfei from the barrier... It was the aura of the Divine Foundation Realm's expert!

Chapter 1243 The World's Core (1)

Yun Lintian looked toward the barrier and saw an old woman in a blue robe fly out of it. Judging from her aura, this person's strength should be at the fourth level of the Divine Ascending Tribulation Realm.

This surprised Yun Lintian slightly. After all, her strength was one level higher than Xing Tengfei.

The old woman seized Yun Lintian up and down before saying. "How could there be such a young talent? Why I didn't know before?"

She was genuinely surprised by Yun Lintian's profound strength and his young age.

When her gaze landed on Linlin and Qingqing, her eyes even more widened. "A Divine beast and a True Spirit?... What's happening to the outside world?"

Yun Lintian cupped his fists and said. "Greetings, Senior. My name is Yun Lintian. I come here to check on the world's core."

He took Xing Tengfei's token out and said further. "Please take a look at this."

A strange light flashed through the old man's eyes when she saw the black token. She stared at Yun Lintian and asked. "Did Xing Tengfei give you this personally?"

Yun Lintian nodded. "Yes."

"Do you know the meaning of this token?" The old woman asked further.

Yun Lintian shook his head.

Seeing this, the old woman sighed and said. "You are lucky. Today is my turn to guard this place. If you meet other old bastards, I'm afraid your life will end here."

Yun Lintian's brows raised slightly. "Could it be this token represented something bad?"

The old woman nodded. "It's a killing token. We made a deal with Xing Tengfei, Weilan Jian, and Du Shoushan back then. In exchange for us to stay here, we have to kill whoever comes here with this token."

"You should put it away and go back to where you come from. With your talent, breaking through the Divine Foundation Realm won't be a problem. You can come back later when the spatial tunnel opens again. I will personally escort you to a place for a breakthrough."

Yun Lintian was surprised by the old woman's approach. Not only she had no intention of attacking him according to the agreement between her and Xing Tengfei, but she also let him go back. Why did she do this?

As if she saw through Yun Lintian's mind, the old woman said. "My name is Tai Yu. You can call me Grandma Yu directly... You might wonder why I did this. It's simple. Because I cherish your talent."

"It is very rare that our lowly Azure World can produce a young talent like you. Your future is limitless. Perhaps you could become a prominent figure once you step into the Divine Realm. At that time, maybe I can rely on you."

"I see. So I can understand that you just want to invest in me?" Yun Lintian nodded in an understanding manner.

"That's right. You're not naïve enough to believe that there's a free thing in this world, right?" The old woman, Tai Yu, asked with a faint smile.

Yun Lintian raised his head slightly and said. "Then I have to refuse your investment."

"Oh?" A weird expression appeared on Tai Yu's face. She asked in doubt. "Are you perhaps thinking you can go against me because you have a divine beast and a true spirit by your side?"

Yun Lintian shook his head and raised his hand slightly. "Let me show you."

Suddenly, a few golden sword beams shot out of Yun Lintian's palm and rushed toward Tai Yu. The space along their paths was distorted as if they were cut by incomparably sharp blades.

Tai Yu's face sank as soon as she saw this. She didn't expect Yun Lintian's attack to have such a power comparable to the Divine Foundation Realm's second level.

Her aura burst forth, and a bizarre white fog immediately appeared around her, completely swallowing her figure into it.

BOOOM!

As the sword beams collided with the white fog, a huge explosion immediately burst out. The shocking power spread out, and countless spatial rifts could be seen everywhere.

Yun Lintian's figure flashed, and he arrived above the white fog with the White Dragon Spear in his hand. A Phoenix flame abruptly erupted from within his body, shrouding his entire being, including the spear.

When he thrust the spear out, the surrounding space trembled violently as if it was about to collapse at any moment.

Inside the white fog, Tai Yu's face changed drastically. She thought that Yun Lintian's previous attack was already his limit, but she was wrong. The power emitted from this thrust was even more terrifying!

She didn't hesitate further and released her profound energy to the limit in one go. The white fog swelled and formed into a pair of giant hands, trying to block the incoming attack.

BOOM!

The Phoenix flame erupted in the vast sea upon touching the white fog, which stretched a hundred kilometers long. It mercilessly swallowed up everything nearby and made a large part of the sea evaporate instantly.

When the flame gradually resided, Tai Yu's figure could be seen a few meters away from Yun Lintian. Her white hair was disheveled, and half of her blue robe was burned, exposing some burning wounds.

Her current appearance was extremely miserable, entirely different from her aloof looks earlier.

Blood flowed out of the corner of her mouth as she stared at Yun Lintian in shock. "Your strength..."

Yun Lintian spun the spear a few times and brought it back to his side before asking with a faint smile. "Do you still think that you're superior?"

Tai Yu opened her mouth, and no word came out in the end. She truly had nothing to say.

"I'm really curious. You don't have to tolerate Xing Tengfei, Weilan Jian, and Du Shoushan at all with your strength. Why would you make a deal with them?" Yun Lintian asked doubtfully.

Tai Yu circulated her profound energy to suppress the injury and replied. "Our individual strength might be superior to theirs, but compared to large factions like them, we are nothing."

"We are originally a wandering practitioner. Our foundation couldn't compare to theirs at all. Once they join together to suppress us, we have no way to resist them."

"Instead of risking our lives, why don't we solve the problem in peace like this?"

Chapter 1244 The World's Core (2)

Tai Yu said further. "Everyone here is working together to enter the Divine Realm safely. It is a win-win agreement."

"Do you know that it means the end of this world?" Yun Lintian asked.

Tai Yu took a deep look at Yun Lintian and said. "You have reached this height at a young age. It means your background is not ordinary... Why are you caring about those commoners?"

Seeing Yun Lintian remain silent, she said further. "It's understandable if you care about your family and friends, but what do those commoners have anything to do with you?"

"The profound path is full of cruelty. Everyone would do everything to make themselves stronger. This should be common knowledge... Don't tell me you have never taken advantage of others in order to raise your strength?"

Yun Lintian was speechless for a while, as he couldn't refute Tai Yu. He had to admit that she had a point.

He took a deep breath and said. "I don't deny your statement, but have you ever considered whether it is worth exchanging the entire world just for an uncertain future? Do you really think those people from the Divine Realm will keep their promise after getting what they wanted?"

Tai Yu shook her head. "Of course, there's no guarantee. However, it's still a better chance than going to the Divine Realm by ourselves."

Yun Lintian went silent again. He could understand Tai Yu's stance. After all, she didn't have a cheat device like the Land of Beyond Heaven. Stepping into the Divine Realm without insurance was difficult.

However, sacrificing the entire world just because of this. He couldn't accept it either, even if he could bring his people into the Land of Beyond Heaven.

"She's not wrong. Like I said before, the lives of mortals are worthless in front of practitioners." Hongyue's voice echoed in Yun Lintian's mind. "However, I don't think you're wrong either that you want to save them. Just do what you truly want."

Hearing this, Yun Lintian relaxed immediately. She was right. He didn't have to concern about Tai Yu's thoughts at all. He just needed to do according to his wish.

He raised his head slightly and said. "We are standing on different sides. I will destroy the spatial tunnel."

Tai Yu's face turned solemn. "I admit that you're strong, but can you fight all of us at once?"

Yun Lintian shook his head. "I don't know... I have no intention of fighting all of you here right now."

"What do you mean?" Tai Yu was puzzled.

"It's nothing. The Poison Valley has been running rampant recently. Their goal must be here, and I don't want to become their knife." Yun Lintian explained briefly. "Bring me to see the world's core, and I will leave after checking it."

Tai Yu looked at Yun Lintian for a while and asked again. "Are you sure?"

Yun Lintian didn't say anything. The Heaven Piercing Sword silently appeared in his right hand, and he raised it up before slashing toward the barrier behind Tai Yu.

Instantly, the entire space was filled with a terrifying sword intent as countless streaks of golden lights fell and shot toward the barrier like golden meteors. They easily pierced the barrier and split it directly, leaving a massive slit.

Tai Yu's pupils shrank in horror when she saw this. It was at this moment did she realize how terrifying Yun Lintian was. If he had used this attack from the beginning, she would probably have become a cold corpse by now.

Thinking of her arrogant appearance previously, her pale face immediately grew hot. She actually... put an air in front of someone who was several times stronger than her... What a shame!

Yun Lintian retracted the sword and glanced at her. "Do you need another explanation?"

Tai Yu hurriedly shook her head. "No need. I understand it now."

"What's going on!?"

At this moment, ten figures flew out of the barrier, and their auras immediately locked on Yun Lintian. Their strength was not much different from Tai Yu, varying between the third and fourth levels of the Divine Foundation Realm.

Leading in front was a fat old man clad in green. Judging from his look and strength, he should be the group leader.

"Eighth level of the Divine Ascending Tribulation Realm? How could he release such a powerful sword intent?" A middle-aged woman behind the fat old man said in surprise as she looked at Yun Lintian curiously.

On her waist was a long sword. With a glance, anyone could see she was a sword practitioner. Her name was Jian Yitong.

"And that sword... No way. It's the Heavenly Sword?" When her gaze landed on the sword in Yun Lintian's hand, her eyes widened in disbelief.

Her words immediately attracted everyone's attention. They all looked at the Heaven Piercing Sword in Yun Lintian's hand and had similar expressions as Jian Yitong's.

The fat old man frowned slightly and asked. "Why did you come here?"

"It's like this..." Tai Yu came back to her sense and quickly explained.

After listening to her explanation, the fat old man took a deep look at Yun Lintian and said. "Are you really coming here just to check the world's core out and nothing else?"

Yun Lintian replied calmly. "I don't want to repeat it again."

His response made the few old men behind the fat old man frown in dissatisfaction.

The fat old man nodded slightly and said. "Then come with me... Oh right. My name is Pang Wangwu."

Yun Lintian didn't say anything and followed Pang Wangwu into the barrier.

After everyone left, a few figures appeared in the far distance and looked at the barrier. The person in the front was no other than Jue Kong.

"His strength has grown to this level already? This is very troublesome...." Jue Kong frowned deeply.

If there was anyone who knew Yun Lintian the best, he must be one of them. With Yun Lintian's current strength, he was certain it would be impossible to deal with him alone.

"What should we do, Master Jue?" Standing behind, Yin Liang asked cautiously. His heart was full of fear as he glanced at the barrier. The strength Yun Lintian displayed earlier was beyond the scope of his imagination already. If possible, he didn't want to come here at all.

"I don't want to admit it, but it seems we have to wait for the Supreme Lord to come out." Jue Kong said in a low voice.

Chapter 1245 The World's Core (3)

When Yun Lintian stepped into the barrier, he was immediately greeted by intense divine energy mixed with abundant profound energy. If he didn't know before, he would have thought that he had accidentally entered the Land of Beyond Heaven.

It was no wonder these old monsters could reach such a height by staying here and didn't intend to leave.

In the distance, Yun Lintian saw a huge black spatial rift that was blocked by a thick and powerful barrier. Even so, it didn't prevent the divine energy and a current of a spatial element from flowing out.

Unlike the sea on the outside, the space here was no different from the land above. It had vegetation, mountains, and rivers, which surprised Yun Lintian.

Several simple huts and gardens could be seen everywhere, as well as many other people.

With a glance, Yun Lintian could roughly count as thirty-five people. Each of them had a similar strength from the third to the fifth level of the Divine Foundation Realm.

At this moment, Pang Wangwu walked toward an old man who looked like an old farmer in the distance and said. "Big Brother Qin, this little brother wants to check the world's core out, and he will leave."

The old man, Qin Yuanzhang, stopped watering the crops before him and turned to look at Yun Lintian. His eyes were cloudy, but Yun Lintian felt as though he was being stared at by an apex predator.

"This old man is not bad. He has already formed a Divine Sense." Hongyue's voice resounded.

"Divine Sense?" Yun Lintian was slightly puzzled.

"You can understand as the next level of the Spiritual Sense. Not only could it spread out several times, but it could also be used to attack people directly." Hongyue explained. "However, this old man hasn't reached that level yet. He cannot manifest his attack into his Divine Sense."

"Even so, it's already impressive for someone who stays in this lower world."

Yun Lintian nodded inwardly and cupped his fists. "Greetings, Senior. My name is Yun Lintian. I am here to look at the world's core."

Qin Yuanzhang didn't say anything. He continued to look at Yun Lintian calmly.

On the side, Pang Wangwu said. "His strength can be compared to ours. The earlier attack came from him."

At this moment, Qin Yuanzhang said. "Are you Yun Wushuang's descendant?"

As his words came out, the faces of everyone in the scene changed slightly, and they carefully looked at Yun Lintian.

Yun Lintian shook his head. "I'm not her descendant, but I am indeed coming from the Misty Cloud Sect that everyone knows as the Misty Cloud Palace in the past."

"I see." Qin Yuanzhang said. "What is your intention of seeing the world's core?"

Yun Lintian didn't hide anything. "I am determined to destroy the spatial tunnel and let the world exist as it should be."

When Yun Lintian spoke this, he could feel several auras lock onto him. Obviously, they didn't agree with his idea.

However, Yun Lintian didn't care about it. Even if these people decided to attack him, he had a way to escape. And he believed that these people who feared death would never risk their lives after knowing his strength.

Qin Yuanzhang took a deep look at Yun Lintian and said. "Follow me."

"Big Brother Qin..." The people behind Qin Yuanzhang wanted to say something, but they were interrupted by him.

"You should go back first. I know what I am doing." Qin Yuanzhang said, and everyone reluctantly moved away, allowing Yun Lintian to walk past them.

Qin Yuanzhang and Yun Lintian walked along the mountain and river toward the deeper part of this place.

Along the way, Yun Lintian could see a lot of rare magical plants and materials here. If they were taken to the outside world, they could be exchanged for a massive amount of wealth that could easily rival any nine-palace treasury.

"All of them are cowards, and their paths ahead won't be that far." While walking, Qin Yuanzhang suddenly said.

Yun Lintian looked at the old man's back and said. "Aren't you the same, Senior?"

Qin Yuanzhang didn't stop walking as he replied calmly. "Indeed. I am no different from them."

Yun Lintian frowned slightly at the old man's answer, but he didn't say anything.

"Is it possible to destroy the spatial tunnel permanently?" Qin Yuanzhang suddenly asked.

Before Yun Lintian could reply, he said further. "If there's a way, I hope that you can tell me."

"Why? Aren't you planning to exchange the world's core for a foothold in the Divine Realm?" Yun Lintian asked in doubt.

"That was before." Qin Yuanzhang responded. "Time changed my mind... I have been thinking a lot during these thousands of years."

He looked at the lush mountain ahead and continued. "Originally, a practitioner is supposed to defy heaven and change fate with their own hands. Unfortunately, we have forgotten about it as time passed by."

"It could be said the stronger we became, the more afraid of death we were. We didn't want to lose our lives by risking it. However, we have completely overlooked the fact that we have also taken risks by choosing this choice... And the risk might be even higher compared to the normal ascension."

He let out a sigh and said further. "Compared to the others, I am luckier. I have grown up in a happy and warm family without facing many hardships. Although my journey in the profound path was full of blood and bones, I didn't really face difficult trouble that could threaten my life."

"Perhaps it's because I know when to avoid it too, I guess?"

Yun Lintian interrupted. "So you realize it now?"

"Yes." Qin Yuanzhang said and halted his step. "I want to save this world."

As he spoke, he waved his hand, and the scenery in front of them abruptly changed.

In the far distance ahead, a massive azure-colored ball of light could be seen behind a golden barrier, emitting a gentle and calm aura that soothed Yun Lintian's mood.

Qin Yuanzhang turned around and said. "The words saving the world might be too big for someone like me, but that's my current intention."

Yun Lintian retracted his gaze from the azure orb and looked at Qin Yuanzhang deeply...

Chapter 1246 The World's Core (4)

"It's hard to believe that you suddenly want to abandon the chance of ascending." Yun Lintian said calmly.

Qin Yuanzhang didn't say anything about this further. He turned to look at the azure orb and said. "As you can see, this is the world's core. The barrier here has the ability to regenerate itself, and it's impossible to break it with our strength."

Yun Lintian ignored him and walked toward the golden barrier while asking in his mind. "Hongyue?"

"It's really true... It does possess a power of time..." Hongyue said in a low voice as if she was talking to herself. "I see now..."

"What do you mean?" Yun Lintian asked.

"No matter what, you have to protect this world. It will play a great role in the future." Hongyue said in a rare serious tone.

"Why?" Yun Lintian frowned deeply.

"I cannot tell you this. At least, you have to wait until you reach the Divine Emperor Realm... This is involved in the greatest secret of the Divine Realm." Hongyue explained vaguely. "Even Yun Xia will die in no time once she knows about it."

Yun Lintian was stunned upon hearing this. He took a deep breath and asked. "Then what does it have something to do with the cycles of the past incident?"

"This is just my guess. It's not necessarily true. You just listen and keep it in your heart." Hongyue replied. "If I'm not mistaken, the two spatial tunnels are purposely created to train people in this world."

"Train people?" Yun Lintian was puzzled.

"Do you know why people in the lower realm are considered a maggot by those natives of the Divine Realm?" Hongyue asked.

"Maybe because of a birth origin? Like how some people in the city look down on rural people." Yun Lintian replied.

"That's a part of it, but not entirely," Hongyue explained. "Mainly, it's because the environment in the lower realm is a whole different thing compared to the Divine Realm."

"I'm not talking about the abundance of profound energy but the difficulty level of people's growth."

"The difficulty level?" Yun Lintian's brows knitted together.

She paused briefly and said further. "You have read a lot of novels before, and you should understand that compared to an extremely dangerous environment, this Azure World can simply be considered a peaceful world."

"Think about it. Without the Poison Valley, who is left to be your enemy?" Hongyue asked. "The nine palaces, right? Do you think they will care about you if you are very low profile?"

Yun Lintian gradually understood what Hongyue tried to convey. He recalled his journey from the beginning to the present and found that he was mostly pushed to the front by the Poison Valley.

Without them, he might be able to stay low-key and silently raise his strength without the nine palaces noticing him. And when he reached the current level, none of them could become his opponent, which could also mean he would have almost zero trouble in his path.

"You're saying that whoever created the spatial tunnels purposely let the invaders come here in order to create a competitive and dangerous environment for people in this world?" Yun Lintian asked.

"That is my guess. Besides this, I cannot think of anything." Hongyue responded. "Obviously, these spatial tunnels are connecting to the world's core, making them open every four thousand years."

"Furthermore, these spatial tunnels cannot be suppressed by Qingxuan's Dragon Sealing Formation... The creator of these spatial tunnels... I cannot think of anyone besides the Beyond Heaven King himself."

She took a deep breath and said. "When you think about it, it makes sense. Otherwise, why would he choose to leave his legacy in this world?"

Unlike Yun Lintian, who knew nothing about the Divine Realm, Hongyue could guess a lot of things about the Beyond Heaven King's intentions.

Unfortunately, she could not say it right now. Otherwise, Yun Lintian would die instantly, and the Beyond Heaven King's master plan would crumble in her hands.

In fact, Hongyue's existence should be outside of the Beyond Heaven King's calculation. After all, she was supposed to die along with the Frozen Moon Mythical Realm.

Yun Lintian wouldn't have her accompanied, and he would be clueless regarding everything about the Divine Realm and the enemy of the Beyond Heaven King. His journey would be more difficult and slower, but he would be safer.

Yun Lintian digested the information for a while and raised his head to look at the bright azure-colored orb that slowly rotated clockwise. Standing here, he didn't feel anything much except for the gentle aura and the abundant energy.

Buzz—

All of a sudden, the world's core shook slightly as if it was responding to Yun Lintian's gaze. At the same time, the golden barrier in front of Yun Lintian abruptly extended out and pulled him inside.

Everything happened in a split second that Yun Lintian and Qin Yuanzhang had no way to react.

When Qin Yuanzhang moved, he already saw Yun Lintian float inside the barrier. This scene left him dumbfounded in place.

In the past, many powerhouses tried to go inside, but none of them could withstand a second before evaporating from the world.

However, Yun Lintian was actually fine...

"This..." Qin Yuanzhang didn't know what to say at the moment as he stared at Yun Lintian blankly.

Meanwhile, Yun Lintian recovered from the shock and looked at the world's core in confusion.

"What's going on, Hongyue?" He asked, as she was the only one he could rely on when it came to this.

"How would I know?" Hongyue rolled her eyes. "The fact that you're totally fine here proves that the world's core has something to do with you."

Before Yun Lintian could say anything, he suddenly heard a female voice that seemed to directly echo in his mind. "I have been watching you all these years. You've finally grown up to this height."

The voice was extremely pleasant to hear. It was gentle, like a spring breeze, making Yun Lintian's tensed body relax instantly.

"You are...?" Yun Lintian said in confusion.

"I am a spirit of the world's core. I have no name." The voice resounded.

"What's going on?" Hongyue asked as she heard Yun Lintian talk to someone. She didn't hear anything.

"It's the spirit of the world's core. She talks to me." Yun Lintian explained briefly.

"What?" Hongyue was momentarily stunned upon hearing this.

Chapter 1247 Qingmei

Hongyue wasn't surprised because of the existence of the spirit, but rather she understood how difficult a world's core is to have its own spiritual consciousness.

From what she knew, it would take billions of years to give birth to a spiritual consciousness. No matter how she looked, this Azure World was nowhere close to a hundred thousand years... How could its spirit appear here?

"Power of time...?" Hongyue muttered to herself. The only thing she could think of was it had something to do with the power of time.

"I perceive a Divine Sense. This should be the Red Moon Princess." The female voice resounded in Yun Lintian's head.

Yun Lintian calmed down and said. "Yes. It's her."

When he was about to tell Hongyue, he suddenly heard her say. "Amazing. She could actually talk to me directly."

Yun Lintian was stunned. "You heard it?"

"Yes," Hongyue replied. She looked at the azure orb and asked. "It must be the Beyond Heaven King who arranged all of this, right?"

"He was the one who gave me life." The world's core replied.

A strange light flashed through Hongyue's eyes upon hearing this. Everything had become clearer in her mind. It seemed her conjecture was correct.

Yun Lintian asked. "Why did you bring me in?"

"It's nothing. I just want to talk with you." The world's core responded. Her voice seemed to contain a trace of loneliness.

Yun Lintian went silent for a moment and asked. "Are the spatial tunnels connecting to you? Can you shut them off?"

"They are indeed connected to me. More precisely, to my power." The world's core answered.  
"Unfortunately, no. I cannot shut it off even if I want to. The Beyond Heaven King has left this matter to you."

Yun Lintian didn't know what to say further. He fell into silence for a long while and asked. "You said you have been watching me. Do you know everything that is happening in this world?"

"Not really." The world's core replied. "It's because you have Master's aura that I can pay attention to you. Generally, I can only perceive this world's environment, and I cannot interfere with anything."

"Master? So he's your Master?" Yun Lintian was slightly surprised.

"Mhm! He let me call him this." The world's core replied.

Yun Lintian's mouth twitched slightly. A picture of an old man forced the world's core to call him Master automatically appeared in his mind... As expected from a shameless old man.

"He didn't give you a name?" Yun Lintian asked in doubt.

"He said he's not good at naming people." The world's core replied.

Inside the Land of Beyond Heaven, Hongyue's face twitched slightly.

"It seems you have indeed passed this skill to your successor." She glanced at Linlin and Qingqing on Yun Lintian's shoulders with a trace of pity. They could have had a better name but ended up with such a simple and meek name instead.

"I see." Yun Lintian hesitated briefly and asked. "Why don't I give you a name? It's a bit difficult to talk with someone who has no name."

"Really? You want to give me a name? Please do so." The world's core was overjoyed.

Yun Lintian was taken aback for a moment. He didn't expect a strong reaction from her.

He thought for a moment and said. "How about Qingmei? It means beautiful azure."

"Qingmei... Thank you. I like it." The world's core repeated the name a few times and said in delight.

Yun Lintian smiled slightly. He felt that the spirit of the world's core was like a lonely child. Just a name could make her happy.

It was as if she saw through his thoughts, Hongyue suddenly said. "She's indeed a child. From the look of it, she should have been born around ten thousand years ago. Even with the power of time, she is no different from a fourteen or fifteen-year-old kid."

Yun Lintian was surprised to hear this. He looked at the azure orb and asked. "Can you talk with me anywhere in this world?"

"Yes. But I cannot contact you if you enter the Land of Beyond Heaven." The world's core, Qingmei, responded.

"Understood." Yun Lintian nodded slightly. "I will try my best to destroy the spatial tunnels and prevent those people from the Divine Realm from taking you away."

"Thank you," Qingmei said softly.

"How does the power of time works?" Yun Lintian asked.

"Although I am the spiritual consciousness of the world's core, I cannot use its power at will," Qingmei explained. "As for the power of time, I don't really understand it myself. It's beyond my comprehension."

Yun Lintian was surprised to hear this. It was the first time he heard that an artifact's spirit had no idea about its artifact.

"The law of time is one of the most mysterious and powerful laws among the four great laws. It's normal for her to have no clue about it, even if she's its spirit. Just like Qingqing. She's The Storm's spirit, but she cannot understand or use it to the fullest." Hongyue explained.

Yun Lintian nodded inwardly.

He took a deep breath and said. "Then I will leave first."

"Alright," Qingmei responded with a trace of sadness in her voice.

Yun Lintian said softly. "Don't worry. You can contact me whenever you want."

"Really? Thank you." Qingmei said happily.

Yun Lintian smiled and asked. "Are you sure those people outside cannot break the barrier?"

"Mhm! Their strength is not enough to even shake the barrier." Qingmei replied confidently.

"That's good to hear... I'll go now." Yun Lintian nodded slightly and prepared to leave.

"Can you promise me one thing?" Qingmei suddenly said.

Yun Lintian was surprised and asked. "What is it?"

"You have to come to me when you face a problem that you cannot solve with your strength," Qingmei said in a serious tone.

Yun Lintian frowned slightly, but he didn't ask anything. He responded. "I promise you."

"There's another thing. The spatial disturbance around the Chaotic Sea Region has completely disappeared now. There's no danger anymore. You can go there with ease." Qingmei said.

"Understood. Thank you for telling me this." Yun Lintian said and turned around, walking out of the barrier.

#### Chapter 1248 Eruption

Seeing Yun Lintian walk out of the barrier as if nothing had happened, Qin Yuanzhang wanted to ask something, but he restrained himself in the end.

Yun Lintian looked at him and said. "You said you want to save this world, right? Can you convince everyone here?"

Qin Yuanzhang frowned slightly and shook his head. "It's impossible."

Yun Lintian curled his lips and said. "No, it's possible... As long as you kill all of them."

Qin Yuanzhang's pupils shrank when he heard this. He looked straight into Yun Lintian's eyes and saw the latter wasn't joking.

Seeing Qin Yuanzhang silent, Yun Lintian chuckled and said. "See. In the end, you don't truly want to save this world as you said before."

Qin Yuanzhang wanted to say something, but he was interrupted by Yun Lintian first.

"There's no need to say anything. You know very well that these people will do everything to exchange for the so-called chance, and no matter how you try, they will never listen. Hence, the only way is to kill." Yun Lintian said calmly.

"If you can't kill them, everything you said before is just an empty word."

Qin Yuanzhang's face sank slightly. He had never met anyone that made him speechless like this before.

His aura gradually seeped out, forming pressure to cover the entire area.

Seeing this, Yun Lintian looked at him with a faint smile and asked. "Are you sure you want to fight me?"

As he spoke, his aura exploded out, instantly pushing Qin Yuanzhang's aura away.

Qin Yuanzhang's robe fluttered violently against Yun Lintian's aura. His face was extremely solemn as if he was facing a great enemy.

Yun Lintian's strength was obviously at the eighth level of the Divine Ascending Tribulation Realm, but the aura he displayed was even stronger than himself.

Qin Yuanzhang had never seen anyone like him before. Even Yun Wushuang, who was regarded as the most talented person in the Azure World's history, didn't even come close.

He immediately calmed down and said. "You've misunderstood me. I have no intention of fighting you... It's true that it's impossible to convince them through words. However, I still believe there must be another way."

"Oh? What way is it then?" Yun Lintian asked with a faint smile.

Qin Yuanzhang stared at Yun Lintian and said. "You can cooperate with me and show them you can enter the barrier. We can buy their trust through this, letting them relax against you. When the time comes, you can destroy the spatial tunnel in surprise."

Yun Lintian touched his chin and said. "It's not a bad idea. However, what would happen next? Wouldn't they jointly kill me later? After all, that would mean cutting their hope."

Qin Yuanzhang shook his head and said. "Once they know that there's no way anymore, they will eventually calm down by themselves."

Hearing this, Yun Lintian chuckled. "Do you even believe in this plan yourself?"

Qin Yuanzhang went silent immediately.

Yun Lintian said further. "With all respect, you and I have just known each other for a few minutes. If you were me, would you believe in the words of someone who hid in this place for years just because he said he had changed my mind?"

"Senior... I call you Senior because I always respect the elderly... But if you want me to trust and cooperate with you, don't you think this is a bit childish?"

Yun Lintian shook his head and pointed toward the outside world. "If you want to convince me, please go to the Chaotic Sea Region and kill Yin Weizhe right now."

Facing this, Qin Yuanzhang remained silent as he had no way to refute it.

Yun Lintian looked at Qin Yuanzhang for a while and said. "Since you have nothing to say, I will leave now."

With that, he walked away without looking back, leaving Qin Yuanzhang behind.

When Yun Lintian appeared at the habitat area, Pang Wangwu walked over and asked. "Done?"

Yun Lintian glanced at him and didn't say anything. He continued to walk toward the entrance without caring.

"Wait a minute." Suddenly, Pang Wangwu appeared behind Yun Lintian and reached his hand out to grab the latter's shoulder, trying to stop him. His movement was fast and precise that his hand turned into a shadow.

"Hmph!" Qingqing snorted, and her aura surged. An apocalyptic windstorm instantly appeared behind Yun Lintian and swept toward Pang Wangwu.

Pang Wangwu's eyes narrowed slightly. His divine energy surged as his hand abruptly turned into a fist carried with a terrifying force.

His fist broke the windstorm apart and rushed toward the back of Yun Lintian's head.

A sneer appeared on his face when he saw this scene... A talented young man? He is inexperienced, after all.

Puff!

However, Pan Wangwu's expression soon immediately froze. His eyes widened in disbelief as he discovered that his arm had been cut cleanly.

Before he could even let out a scream, Yun Lintian had already appeared before him like a ghost with the Heaven Piercing Sword in his hand.

Ripp—

An ear-piercing sound echoed as Yun Lintian swiftly swung the sword twice, completely cutting Pang Wangwu's both arms from the shoulders.

"Brother Pang!" The other experts exclaimed in shock, and they quickly charged toward Yun Lintian.

The combination of their auras shook the entire space as if it was about to tear everything apart.

Yun Lintian kicked Pang Wangwu's chest and executed the Shadow Step to retreat into the distance before raising the sword above his head.

His eyes were frighteningly cold as he stared at the incoming thirty-odd experts. His original explosive aura suddenly calmed down as if he had become an ordinary mortal without profound strength.

He breathed in and muttered. "Rending Heaven..."

As his voice fell, a brilliant golden light burst out from the tip of the sword, piercing through the roof.

"STOP!" In the distance, Qin Yuanzhang rushed over and shouted anxiously.

However, Yun Lintian turned deaf ears as he swung the sword down, producing a long golden scar that was a few kilometers long. Watching from the side, one would see as if a golden curtain had descended.

Pang Wangwu and the other experts went pale directly when they saw this scene. With years of experience, they could immediately judge the power of this attack... It wasn't something they could resist!

Chapter 1249 Mistake

Pang Wangwu and the others didn't dare to be careless. They immediately released their power to the maximum, trying to block Yun Lintian's attack.

Meanwhile, Qin Yuanzhang clasped his hands together, activating the protective formation. He anxiously urged the formation to quickly come online while watching the golden curtain descending in horror.

In that instant, a thick blue barrier appeared between Yun Lintian and the other experts. This was the divine-level protective formation that everyone had jointly set up through years of study. Even a peak level of the Divine Foundation Realm's expert might not be able to break it.

However, before they could relax, their faces changed drastically when they saw the newly formed barrier being shredded apart like paper.

Pang Wangwu, who stood closest to Yun Lintian, couldn't help screaming in fright when he saw this scene. He struggled hard to release his divine energy to protect his life, but facing such an absolute and lethal attack like this, everything he did was useless.

"Brother Pang!" The experts behind shouted anxiously, but they had no ability to rescue Pang Wangwu as they couldn't even help themselves at the moment. They could only watch the golden curtain descend upon him.

BOOOM!

The entire space shook violently as the irresistible force swept in all directions. Countless spatial rifts constantly appeared and disappeared all over the place as the spatial element in the air lost its balance by the attack.

The aftershock lasted for a full ten seconds before everything gradually calmed down.

When the dust settled, a disastrous scene appeared in Yun Lintian's eyes. The original fairy-like scenery had turned into a ruin full of debris.

Those experts were scattered all over the place with severe wounds on their bodies. Some of them even had their limbs missing. It could be seen how powerful Yun Lintian's attack was.

As for Pang Wangwu, not even a single trace of him could be seen. He had simply evaporated from this world.

Looking at the scene, Tai Yu let out a long sigh and muttered. "I've told all of you, but you don't believe me."

She was the only one who didn't participate in this matter. After all, she had experienced Yun Lintian's horror by herself and believed that none of them here could be his opponent. That was why she did nothing and stayed as far as she could.

Meanwhile, Qin Yuanzhang knelt on the ground with one knee while his dull eyes fixated on the devastating scene with regret. He could have stopped Pang Wangwu before the latter moved, but he chose to ignore it and let him do it.

Unfortunately, he underestimated Yun Lintian greatly as he thought it was impossible for Yun Lintian to fight all of them at once.

Yun Lintian retracted the sword and swept his cold gaze over everyone, causing them to involuntarily shudder.

"Do you know why all of you are still alive?" He asked.

Without waiting for them to reply, he said further. "It's because all of you have some values left. I still need you to guard this place against the Poison Valley."

He glanced at the place where Pang Wangwu used to be and said. "As for him, he dared to maliciously attack me even though I didn't care about him. He deserved to die."

"If any of you want to avenge him, feel free to come to me anytime."

Silence blanketed the place immediately as Yun Lintian finished his sentence. Although Qin Yuanzhang and the others were unwilling, they had no choice but to lower their heads in shame.

Yun Lintian put the sword away, turning around and leaving directly.

"Big Brother Qin..." One of the experts walked over while clutching the wound on his chest. He wanted to say something but met Qin Yuanzhang's cold gaze first, causing him to shut his mouth immediately.

"Pang Wangwu was too arrogant. He thought that he could beat Yun Lintian by himself... He provoked this disaster, and he deserved it." Qin Yuanzhang said mercilessly, making everyone look at him with unsightly expressions.

However, Qin Yuanzhang didn't care about it. He said further. "Go back and recuperate well. Our chance will come soon."

As he finished his sentence, he turned around and walked toward his broken hut in the distance under everyone's complicated gaze.

"I told you before that his strength isn't something we can resist." Tai Yu looked at everyone and said regretfully.

"What's the point in talking about it now? The damage has already been done." One of the experts said in dissatisfaction.

Tai Yu looked at him and shook her head slightly. These people clearly didn't want to acknowledge their mistakes.

Thinking of this, Tai Yu walked toward the entrance directly.

"Where are you going, Tai Yu?" A female expert, who was familiar with Tai Yu, asked when she saw this.

Tai Yu replied without looking back. "I'm leaving... I have discovered that staying here is the most horrible mistake I have made."

Afterward, her divine energy surged, and she disappeared from the place, leaving behind the female expert and the others looking at her blankly.

After leaving the Endless Sea, Yun Lintian didn't plan to go directly to the Chaotic Sea Region. He decided to go back to the Northern Continent first.

"I thought that you would kill all of them." Hongyue suddenly said.

Standing on the skyship's deck with a cup of tea in his hand, Yun Lintian replied. "I still need them to scare those Poison Valley's people away. If it wasn't for this reason, I would have killed all of them by now."

Hongyue took a deep look at Yun Lintian and said nothing further. Since Yun Lintian's strength reached the current height, his temperament had changed drastically. He had become prouder and more confident than before.

The most important thing was that he wasn't as restrained as before. Whoever provoked him, he would get back directly instead of being cautious like he used to be.

"I noticed Jue Kong's aura earlier. I don't know where he went now." Yun Lintian suddenly said.

When he stepped out of the barrier, he clearly felt a familiar aura that belonged to Jue Kong. Without a doubt, Jue Kong had just left not long ago.

Unfortunately, the Endless Sea was too vast. It was impossible for him to find Jue Kong.

"What I am curious about right now is the whereabouts of Mo Tian's avatar," Hongyue said in doubt. "It's been too quiet since Mo Ke died."

Chapter 1250 Return

After leaving the Golden Mountain, Hongyue deliberately used the sealed Mo Ke's residual soul to attract his big brother, Mo Tian. However, there has been no reaction up until now.

"How is his strength?" Yun Lintian asked. He was always curious about the number one Great Devil Mo Tian, for a while now.

"Very strong. He could rival me at my peak." Hongyue replied with a serious expression. "As for his personality, he's a ruthless and decisive person. As long as you are careless for a moment, he wouldn't hesitate to kill you with everything he has."

"I fought him many times in the past and suffered some defeats in his hand."

Yun Lintian was shocked to hear this. He knew that Hongyue was a prideful person, and it was impossible for her to admit that she was defeated by someone.

Although he didn't know what kind of strength Hongyue had at her peak to be able to compete with her, this Mo Tian was definitely a frighteningly powerful expert.

"But you don't have to worry. His avatar won't be that powerful." Hongyue said further.

"Why is that?" Yun Lintian asked. He had no idea about an avatar technique.

"First, he needs to bypass the Dragon Sealing Formation that is currently sealing this world. Only a practitioner below the Divine Foundation Realm can get in... Well. Unless he goes through those spatial tunnels, which is unlikely." Hongyue explained.

"Secondly, an avatar is like a new life. Which means his avatar has to practice from the beginning. No matter how powerful technique he has, the aura in this world won't allow him to reach the Divine Foundation Realm's level."

"So, we can be sure that his strength will be at most the peak of the Divine Ascending Tribulation Realm."

"Lastly, the fact that he doesn't dare to come out or make a move proved that he isn't confident in taking you down."

"I see." Yun Lintian nodded inwardly. "Well, as long as I get the Spatial Wheel, there's no need to be afraid of him."

"That's what I am concerned about. Perhaps he's waiting for you over there." Hongyue said.

Yun Lintian's eyes flickered slightly, and he said nothing further.

Roar—

At the edge of the Northern Continent's southern part, countless profound beasts were madly attacking the Ice Thread City's wall that had just been rebuilt last year.

However, compared to the past, where the Ice Thread City was destroyed by the profound beast tide, the situation was reversed this time.

Standing on the wall, Yun Huanxin calmly watched the profound beasts below without much concern.

Behind her was a group of women clad in white. All had a fairy-like appearance. They were the proud disciples of the Misty Cloud Sect.

During this period, the prestige of the Misty Cloud Sect had reached unprecedented heights as they helped all the coastal cities push the profound beast hordes back.

Even though the Northern Continent had recovered a lot by Lin Canghai's lead and the resources Yun Lintian provided them, there were many people who remained skeptical about whether they could go against the profound beast tides.

However, the appearance of the Misty Cloud Sect changed their minds completely. Now, they weren't worried much about the beast hordes and were fully confident in protecting the continent.

On the side, Fu Tianya turned to Yun Huanxin and asked. "Shall we start it now, Elder Yun?"

Yun Huanxin glanced at the peak of Monarch Profound Beasts in the distance and said. "Leave those beasts for me."

"Understood." Fu Tianya nodded and turned to look at more than a thousand practitioners behind him. "Everyone, let's kill to our heart's content and have a big meal afterward!"

"Kill! Kill! Kill!" The thousand-odd people shouted in unison as their aura surged to the sky. The boundless killing intent that radiated from them immediately shrouded the entire battlefield, making the profound beasts falter.

"KILL!" Fu Tianya shouted loudly and jumped out of the wall, fearlessly plunging into the profound beast horde below, followed by the rest of the practitioners behind him.

The intense battle immediately erupted as wailing and screaming from the beasts could be heard everywhere.

Meanwhile, Yun Huanxin floated to the sky and rushed toward the four profound beasts that took a human form in the distance.

Although her strength was only at the peak of the Saint Profound Realm, the four men didn't dare to underestimate her in the slightest. After all, several of their generals had died at her hand during these past months.

They immediately released their power before Yun Huanxin could come closer.

However, before they could do anything further, they saw Yun Huanxin wave her hand, and their entire beings were restrained by an invisible force directly.

"You... What did you do?" One of them uttered in shock. He struggled hard, but it was futile.

"Boring." Yun Huanxin said in a low voice and made a grasping gesture.

Instantly, the space around the four distorted violently and began to compress in.

Puff!

The next moment, the four beasts were crushed into meat paste without no way to resist. This scene immediately startled many profound beasts below.

Now, the only word that appeared in their mind was "run."

Hundreds of profound beasts in the back line didn't hesitate anymore. They quickly turned around and ran toward the Endless Sea with all their might.

However, before they could escape, a huge golden beam suddenly shot down from the sky, reaping their lives directly.

Yun Huanxin raised her head to look at the sky and saw a familiar skyship slowly emerge from behind the clouds.

"It's been a while. I didn't expect you to perfectly grasp the spatial laws already." Standing on the deck, Yun Lintian retracted his hand and looked at Yun Huanxin with a warm smile. This was probably the first time he went away for almost a year, and he truly missed his third aunt and the others.

"Lintian!" Yun Huanxin's eyes lit up, and her figure appeared on the deck with a swoosh.

"I'm back." Yun Lintian said softly.

Yun Huanxin rushed over and hugged him tightly. "It's good that you're back. We were thinking about going to the Golden Mountain to find you."

Yun Lintian patted her back gently and looked at the one-sided battle below thoughtfully.
