

Myth Beyond 1261

Chapter 1261 A Clue

"You're the Divine Thunder Palace's founder?" Yun Lintian asked.

The old man, Lei Yongzheng, replied. "I am. You know me?"

With Yun Lintian's age, it was strange for him to know Lei Yongzheng. Unless he was a descendant of the nine palaces.

"You are proficient in a thunder art, but it's not coming from my Divine Thunder Art... Who is your master?" Lei Yongzheng asked in doubt.

Yun Lintian cupped his fists and said. "This junior is Yun Lintian. Please forgive me for my rudeness earlier. As for my master, her name is Lin Zixuan. However, she isn't the one who taught me this technique."

"Lin Zixuan...? I seem to hear this name before." Lei Yongzheng frowned slightly. He looked at Yun Lintian and asked further. "How did you come here?"

"Senior might not notice that the spatial turbulence here has long disappeared already." Yun Lintian said.

He paused briefly and asked. "Can Senior explain to me? Why did you become like this? And how long since you come here?"

Hearing Yun Lintian's words, Lei Yongzheng carefully scanned the place and discovered that the spatial turbulence had indeed disappeared.

He took a deep breath and explained. "After my injury recovered, I secretly left the palace and came to this place with the goal of eliminating Yin Weizhe."

"However, the environment here was too harsh. There were countless spatial turbulences there and then. I barely survived and managed to grow my strength bit by bit throughout the years."

His face became serious as he spoke further. "During that period, I had never given up on searching for Yin Weizhe. Unfortunately, this place is too vast with the addition of spatial turbulence. It is very difficult for me to find him."

"Along the way, I found many powerful people. Some of them were famous powerhouses in the past, and their strength had already reached the peak of the Divine Foundation Realm."

"Moreover, they somehow lost their sanity. They were no different from a wild beast that attacked whoever appeared in front of them... Luckily, I managed to avoid them."

"However, before I knew it, I had also become one of them."

Lei Yongzheng looked at Yun Lintian and said. "If I hadn't met you, I would definitely stay like that until the end of my life. So, thank you for saving me."

Yun Lintian touched his chin and asked with a thoughtful expression. "I can feel a trace of the dark element here. Is it because of this that makes everyone lose their mind?"

"Very likely." Lei Yongzheng frowned deeply. "Compared to the current environment, this place was filled with Abyssal Energy when I first came here. It was so intense that in one careless moment, you would be consumed by it directly."

"However, it wasn't like that all the time. Sometimes, the spatial turbulence would release the divine energy, giving us time to take a breather. And we also used this chance to raise our strength."

"Senior said we?" Yun Lintian's brows raised slightly.

Lei Yongzheng nodded. "As I said before, there are many people in this place. I made a few friends back then... I don't know whether they are still alive."

He sighed and said further. "The environment here is harsh, and the resources are scarce. The only way for us to survive is by robbing each other."

"I see..." Yun Lintian roughly understood the entire situation. It could be said this place was a huge prison, and the prisoners inside naturally had to devour each other in order to stay alive.

"Can you tell me about the outside situation?" Lei Yongzheng asked. He didn't know how many years had passed by.

Yun Lintian thought for a moment and said. "The general situation should be the same as before Senior entered this place. With the Azure Palace and Star Gazing Palace at the helm."

"However, the Nine Profound Beasts Palace had already fallen under the Poison Valley's hands."

He looked at Lei Yongzheng and said further. "As for your Divine Thunder Palace, Lei Yubai has rebelled and managed to force Lei Zhenxiang to run."

"Lei Yubai?" A cold glint flashed through Lei Yongzheng's eyes upon hearing this. "I knew this bastard's ambition wasn't low, but I didn't expect him to lay his hand on my grandson... It seems he has finally aware that I wasn't there."

Before leaving the Divine Thunder Palace three thousand years ago, Lei Yongzheng had arranged a few tricks to deceive everyone, pretending that he was treating his injury in seclusion.

The tricks were obviously working well. None of them had noticed it until Lei Yubai discovered the truth.

Lei Yongzheng glanced around the place, trying to find the exit. He couldn't wait to leave this horrible place and return to the Divine Thunder Palace.

"What about my grandson? Is he alright?" He asked.

Yun Lintian nodded. "He's doing fine. It won't be long before he can take the palace back."

Lei Yongzheng was relieved but shook his head when he heard the latter sentence. "No matter how powerful he could become, he wouldn't be able to deal with Lei Yubai as long as the Divine Thunder Spark was there."

He took a deep look at Yun Lintian and said. "Looks like your status out there is not low."

Yun Lintian didn't reply. He changed the topic. "Senior, have you ever met something strange here? For example, a wheel-like artifact."

Lei Yongzheng's pupils shrank slightly as if he thought of something horrible. "Why do you ask this?"

Yun Lintian replied truthfully. "I came here for it."

Lei Yongzheng's expression turned solemn as he said. "I advise you to stay away from it. That thing is horrible."

"Oh? Can you explain more?" Yun Lintian was surprised. Obviously, Lei Yongzheng had seen the Spatial Wheel before.

A trace of fear could be seen in the depths of Lei Yongzheng's eyes as he explained. "There is a black wheel that keeps shuttering everywhere in this place. We called it Devil Wheel. Whenever it appeared, the space around that place would tear apart horribly. It was several times scarier than any spatial turbulence. You would be shredded into nothingness if you couldn't escape in time."

"Sometimes, there were strange beasts that emerged from the space cracks. They were so powerful that I couldn't even leave a scratch on them."

Chapter 1262 Mysterious Identity (1)

"Strange beasts?" Yun Lintian frowned slightly. Perhaps they were something like the Hell Hound he had met before.

"The one I met and almost killed me looked similar to a huge eagle, but its whole body was made of black glass. It was so powerful that one attack from it could kill any Divine Foundation Realm's peak expert." Lei Yongzheng said with a lingering fear in his voice.

"Demonic Glass Bird." Hongyue's voice suddenly resounded in Yun Lintian's mind. "It is a powerful devil beast that lives in the Devil Valley... No wonder there is an ancient devil aura here."

"Demonic Glass Bird?... You mean the spatial rifts here somehow connected to the Devil Valley you said?" Yun Lintian's mind spun quickly.

"Without a doubt," Hongyue replied firmly. "Demonic Glass Bird is exclusive to Devil Valley. You cannot find it anywhere else."

Yun Lintian's face sank upon hearing this. He had to find the Spatial Wheel as soon as possible. Otherwise, the world would plunge into darkness once these demonic beasts went out later.

"Senior, can you remember the direction?" Yun Lintian asked.

Lei Yongzheng stared at Yun Lintian for a long while and said. "I remember a lot of locations here, but it's impossible to find the Devil Wheel. It depends on your luck."

He paused for a moment and asked. "Can you tell me? Why do you want to find it?"

Yun Lintian thought briefly and answered. "I can only say that it's related to the fate of this world."

Lei Yongzheng's expression became solemn. Though he didn't know much about Yun Lintian, he believed the latter didn't lie to him. It must be very important enough to make Yun Lintian come to this dangerous place.

"Although it's difficult to find it, we can go to a place and wait there." He said after pondering for a moment.

"A place?" Yun Lintian was puzzled.

Lei Yongzheng nodded. "It's called Chaotic Town."

"There's a town here?" Yun Lintian was slightly surprised.

"Yes. However, I don't know if it still exists." Lei Yongzheng said. "Follow me."

Yun Lintian didn't ask anything further and quickly followed Lei Yongzheng behind.

Bang!

Inside the secret land below the Central Continent, Qin Yuanzhang threw the transmission jade onto the ground angrily. His eyes were full of killing intent, as he said. "Don't let me go out! Otherwise....Hmph!"

The experts nearby glanced at each other in dismay when they saw this scene.

"Big Brother Qin. Could it be Xing Tengfei refused to send supplies over?" An old man named Jia Long asked attentively.

"What else?" Qin Yuanzhang snorted coldly. "He said that we have failed the agreement, and he will no longer continue."

"How dare he!?" Jia Long was furious. "Did he think he could be safe from us because of the Star Annihilation Formation?"

The other experts were also angry and had the urge to beat Xing Tengfei.

"What about Weilan Jian and Du Shoushan?" One of the experts asked.

Qin Yuanzhang took a deep breath to calm down and replied. "Both of them are in seclusions. Obviously, they are preparing for the upcoming event."

Hearing this, the expressions of Jia Long and the other experts became unsightly.

"Why don't we go out and ask them for an explanation?" One of the experts asked.

Before the others could say anything further, Qin Yuanzhang spoke first. "We cannot go out... Although our strength combined is more than enough to deal with them, we will certainly pay a good price. It's not good for us in this situation."

"What should we do, then?" Jia Long asked angrily. "Cooping in this place further and letting them ride on our heads?"

Qin Yuanzhang shook his head. "We will definitely make them pay, but not now. Wait until the spatial tunnel opens first."

Jia Long wanted to say something but swallowed the words back in the end.

Bang!

All of a sudden, a massive explosion occurred, and the barrier that protected this place immediately shattered.

The sudden commotion instantly attracted everyone's attention. When they turned to look at the entrance, they immediately saw three figures in black leisurely walk over.

The one on the lead was a handsome young man with no aura. A faint smile on his face represented his confidence. Clearly, he didn't take Qin Yuanzhang and the others into his eyes.

On his right was a plump woman clad in a revealing robe. Her entire body was full of seductive charms, making it even Qin Yuanzhang difficult to take his eyes away from her.

Walking behind her was a bulky man who exuded a murderous aura. He was like a hungry wolf that couldn't wait to devour everyone's flesh and blood.

"Who are you?" Jia Long asked coldly.

The handsome young man didn't reply. He glanced around and seemingly said to himself. "So, this is the place?"

"There's no mistake, young master." The plump woman said with a seductive smile.

She swept her gaze over Jia Long and the others and said. "Long time no see, everyone."

The expressions of Qin Yuanzhang and the others froze for a moment before Jia Long blurted out. "You are... Scarlet Demoness?"

Everyone on Jia Long's side was taken aback when they heard this. A moment later, they immediately exclaimed. "It's her?"

The plump woman covered her mouth and giggled. "I didn't expect all of you to remember me. Should I feel honored?"

"How could you...?" Qin Yuanzhang was puzzled. Scarlet Demoness, Xie Ling, was in the same generation as him. How could she maintain her appearance?

"Hehe. Of course. It all thanks to my young master." Xie Ling said with a smile.

"Stop wasting time." The young man said plainly. However, his words immediately startled Xie Ling, causing her to shudder.

"I will do immediately, Young Master." Xie Ling hurriedly said.

She looked at Qin Yuanzhang and said. "I will give all of you two choices. Submit to my young master or... Die..."

As her voice fell, the entire space was filled with a dreadful aura. The aura was so powerful that Qin Yuanzhang and the others couldn't stand still. It clearly belonged to the peak of the Divine Foundation Realm!

Chapter 1263 Mysterious Identity (2)

"Submit or die?... Although you are strong, do you think you can fight us...Arghhhh!" While Jia Long was speaking halfway, a scarlet cut suddenly appeared before him, cutting him in half directly.

Blood spurted into the air, causing everyone to freeze in place. Their eyes widened in disbelief as they stared at Jia Long's corpse.

Everything happened too fast that they were unable to comprehend the situation.

It was only when they heard Xie Ling's voice did they return to their senses.

"Hehe. I have always wanted to kill this bastard for a long time. It's so refreshing to kill him in a single strike." Xie Ling said while licking her lips playfully.

She glanced at Qin Yuanzhang and the others. "I don't want to repeat it again."

Qin Yuanzheng's face turned ashen. The strength Xie Ling displayed earlier was far beyond him. Once the battle broke out, he didn't know whether everyone here could resist her.

Seeing this scene, the young man frowned and said. "Kill them."

"Yes, Young Master." The bulky man, Liang Ba, said respectfully, and his figure immediately disappeared afterward.

In that instant, Liang Ba had already reappeared in front of an old woman who stood near Jia Long and sent a punch out.

"Watch out!" Qin Yuanzhang shouted and released his divine energy, trying to blast Liang Ba away.

However, Liang Ba's punch was too fast and strong. It caused the space around the old woman to freeze, making her unable to avoid it.

Boom!

The old man's head was directly blasted into pieces by the punch. Blood and fleshes were flying everywhere. It was a gruesome scene to see.

Before the other experts could react, Xie Ling and Liang Ba had already made another move.

"Arghhh!"

"Nooooo!"

"I'm willing to surrender!"

One after another. The thirty-odd experts who lived countless years died like a fallen leaf under the absolute power of Xie Ling and Liang Ba. No matter how they tried to resist, they would find themselves overwhelmed by the two in the end.

Qin Yuanzhang watched the scene tremblingly. As much as he wanted to move, he knew it was over.

He might be strong, but he was no different from a child in front of Xie Ling and Liang Ba. Not to mention the mysterious young man who was a master of the two.

The original paradise-like scenery was now painted in blood. Fleshes and organs could be seen everywhere.

Qin Yuanzhang had seen a lot of tragedies in the past, but none of them could be compared to the current one in terms of brutality.

"Tsk, tsk, tsk. What's wrong with you, Brother Qin? Aren't you their big brother? Why are you standing here without moving?" At this moment, Xie Ling walked over and said playfully.

Qin Yuanzhang took a deep breath and turned to look at Xie Ling. "What's your goal?"

Xie Ling curled her lips and said. "Back then, I advised all of you to leave this world, but you were too cowardly. What now? Are you still waiting for the so-called chance from those people?"

She chuckled and said further. "Let me tell you one thing. Those people are, in fact, nothing but lackeys. They coveted the world's core because the people behind them wanted it."

"Do you think the people like that will give you a guarantee? Brother Qin, you are really naïve just like you were back then."

Qin Yuanzhang's pupils trembled slightly. Every word from Xie Ling was like a knife stabbing his heart. Yes, he was indeed naïve to believe those honey-coated words. And he was also a coward who didn't dare to go to the Divine Realm to start at the bottom again.

"However, I can tell you that my young master's goal is not the world's core." Xie Ling suddenly said.

Qin Yuanzhang stared at Xie Ling for a long while, and his body suddenly shook as his aura spread out.

What surprised Xie Ling the most wasn't his sudden action, but his true strength was comparable to hers.

"I see. You are hiding really deep, Brother Qin." Xie Ling smiled seductively and reached her slender hand out, producing a gorgeous scarlet lotus.

"Die!" Qin Yuanzhang roared as his entire body turned into a dazzling blue radiance, trying to swallow Xie Ling.

Just as Xie Ling was about to make a further move, the young man suddenly appeared beside Qin Yuanzhang like a ghost and pressed his hand down.

Immediately, Qin Yuanzhang's aura was forcibly suppressed, and he could feel as though he had been caught in an invisible prison.

"You..." Qin Yuanzhang looked at the young man in shock. Even when facing Yun Lintian, he had never felt like this. The young man in front of him was like a towering mountain that he could never see its peak.

Puff!

In that instant, Qin Yuanzhang exploded into a blood puddle directly.

Even though this wasn't the first time they saw this scene, it still terrified Xie Ling and Liang Ba. They couldn't help praising themselves in their hearts for making the right decision back then.

The young man waved his hand, and the blood and fleshes in this place quickly gathered together, transforming into a huge blood pool.

He glanced at Xie Ling and Liang Ba. "Go. Arranging the formation that I taught you before."

"Yes, young master." Xie Ling and Liang Ba responded and quickly walked toward the spatial tunnel. Obviously, their goal was to open the tunnel ahead of schedule.

The young man glanced at the world's core in the distance and muttered to himself. "A power of time?... No wonder."

If Hongyue was here, she would recognize this young man immediately. Because he was no other than Mo Tian.

παῖδα-ῥοῦε̂ | ·κόΜ More precisely, it was Mo Tian's avatar that she had been looking for...

"The town..." Looking at a group of dilapidated and collapsed buildings in the distance, Lei Yongzheng didn't know what to say for a while.

This place was originally the one and only town in this black and gray world called Chaotic Town. He didn't expect that the town that could survive the harsh environment here for thousands of years had now long gone.

"There are some people over there." Yun Lintian scanned the place and found a few people sitting around a bonfire.

Lei Yongzheng returned to his senses and looked toward the group of people before exclaiming in surprise. "Brother Gu?"

Chapter 1264 Old Friends

At the same time, the group of people also noticed Yun Lintian and Lei Yongzheng.

When they looked over, one of them, a skinny old man with a long scar on his face, also exclaimed in surprise. "Brother Lei? You are... actually fine?"

Lei Yongzheng flew over and landed not far away from the group of five people. "It's good that you are still alive."

The old man in front of him was one of his friends he had made here. His name was Gu Wei. Instead of wandering outside, Gu Wei decided to stay in the town and never left again.

That was where they separated back then. After that, they never met again.

The skinny old man, Gu Wei, looked at Lei Yongzheng for a while and heaved a sigh of relief. "It seems your luck is good. You didn't become a monster like those people."

Lei Yongzheng didn't explain anything. He asked. "Why did the town become like this?"

Hearing this question, Gu Wei sighed and said. "A few years ago, someone had appeared and destroyed this place. These brothers and sisters here, including me, were fortunate enough to leave the town beforehand."

"A person?... Could it be Yin Weizhe?" Lei Yongzheng frowned deeply.

The Chaotic Town could stand in this harsh environment where spatial turbulences appeared everywhere for a long time because it possessed a powerful formation.

Even when the Spatial Wheel and those strange beasts appeared, it was able to withstand it for a period of time... How could it be destroyed by a single person?

Gu Wei shook his head. "It wasn't him... This person was a young man. He called himself a Devil Emperor. At first, he wanted to subdue all of us, but of course, we didn't agree... In the end, he alone could overwhelm all of us."

"Devil Emperor?" Yun Lintian said in surprise. Perhaps it was Mo Tian's avatar?

Gu Wei looked at Yun Lintian curiously and asked. "Who is this little brother?"

Because of Yun Lintian's young age and his clean appearance, Gu Wei and the others couldn't help but become curious.

Before Lei Yongzheng could say anything, Yun Lintian cupped his fists and said. "Greetings, Seniors. My name is Yun Lintian. I came from the outside world."

"From the outside world?" Gu Wei was taken aback before hurriedly asking. "Do you have a way to leave here?"

Everyone's eyes lit up as they looked at Yun Lintian expectantly.

Yun Lintian shook his head and said. "Unfortunately, I can't."

After arriving in this place, Yun Lintian discovered that although there was no spatial turbulence here, it was very difficult to leave this place as it needed to tear the space apart.

Of course, Yun Lintian could do it as long as he went all out. However, he had no intention of leaving before he could obtain the Spatial Wheel.

A trace of disappointment appeared on Gu Wei and the others' faces. However, there weren't that sad. After all, they had been living in this place for so long.

Seeing this scene, Yun Lintian quickly said. "Although I cannot bring Seniors out, I have a lot of things here."

He waved his hand, and several delicacies and Profound Stones appeared in front of everyone.

"Please take them at ease." Yun Lintian said.

Gu Wei and the others were surprised. They hesitated briefly and said. "Then, many thanks."

Afterward, they slowly savored the food. As for Profound Stones, they were cast aside as if they were worthless stones.

Yun Lintian nodded secretly when he saw the trace of hesitation in the eyes of Gu Wei and the others. He thought that they would try to rob him instead after knowing he had many resources in his hands.

On the side, Lei Yongzheng seemed to see through Yun Lintian's thoughts and explained. "Although many people have changed by the environment here, they are different since they rarely go out. As long as they worked hard to guard the town, they would earn enough rations. This allowed them to live a humble life."

Gu Wei, who bottomed up a cup of wine, wiped the water stain out of his mouth and said jokingly. "You can say that we are timid, Brother Lei."

Lei Yongzheng chuckled and poured himself a cup of wine before gulping it in one go. "Hah... It's been a long time since I tasted wine... Has the wine brewing art on the outside world become this powerful now? I don't remember the best wine out there was this good before."

"This is my special brew." Yun Lintian replied and found a small boulder to sit on. "By the way, seniors have never met Yin Weizhe at all?"

"Yin Weizhe?" Gu Wei replied. "No one has ever found his position. It's like he can shutter freely here."

On the side, Lei Yongzheng added. "This place is extremely vast. Finding a person here is like looking for a needle in a haystack. You will understand it later."

"Actually, I had met him once." An old woman beside Gu Wei suddenly said. "I bumped into him when he was looking for something at Ghost Mountain. However, he was too strong. I had no choice but to escape. After that, I have never seen him again."

"Oh? Can Senior tell me about his strength?" Yun Lintian asked.

"Just call me Sister Yu." The old woman curled her lips.

"Shameless! With your age, you can be his great-grandma with no problem, yet you want him to call you a sister?" The others rolled their eyes at her when they heard this.

Yu Qiao ignored everyone's mocking gaze and said further. "It should be around five hundred years ago. His strength at that time had already reached the ninth level of the Divine Foundation Realm."

"The ninth level... I see." Yun Lintian nodded slightly. Clearly, the environment here gave Yin Weizhe a lot of benefits throughout these years.

When Yu Qiao saw Yun Lintian's calm expression, she couldn't help asking curiously. "You're at the eighth level of the Divine Ascending Tribulation Realm, but you don't seem to be afraid of us and Yin Weizhe at all."

In fact, Gu Wei and the others had also noticed this, but they didn't ask.

Yun Lintian didn't reply. He asked further. "Does any senior here know how to find the Devil Wheel?"

"Devil Wheel?" Yu Qiao was startled. "Why do you want to find such a scary thing?"

Seeing Yun Lintian remain silent, she thought for a moment and said. "There's indeed a way."

Chapter 1265 Death Eater

"Please tell me." Yun Lintian quickly said.

Before Yu Qiao could say anything, Gu Wei suddenly looked at her and asked solemnly. "Are you talking about that place?"

Yu Qiao responded. "Except for that place, I cannot think of anything."

"It's too dangerous." Gu Wei quickly said. "Are you trying to kill him?"

Yu Qiao shrugged her shoulders. "He asked, and I tried to answer. There's nothing wrong here."

She turned to Yun Lintian and said further. "Moving south from here, you will see a place called Wandering Forest. Though its name has the word forest, nothing there resembles a forest we know... It's more like a graveyard instead."

"Wandering Forest?" Yun Lintian repeated curiously.

"That place...If there's any place that is the most dangerous here, it must be this Wandering Forest. I almost lost my life there back then." On the side, Lei Yongzheng's face turned grave as he recounted his experience. "It is a place full of weirdness. Anyone who goes there will encounter a bizarre event."

"The first thing I encountered was seeing my late parents, who unfortunately passed when I was young. Everything was very real to the point I believed it was true. If it wasn't because of my Divine Thunder Art, I would have stayed there forever."

Gu Wei added. "I saw my late wife there. Even though I knew it wasn't her, I couldn't help myself. Thankfully, Brother Lei helped me out."

Yun Lintian frowned slightly. "Basically, everyone saw their deceased beloved ones?"

"Not only our beloved ones. Sometimes, you would see your enemy or those who died in your hands." Yu Qiao said with a trace of fear in her eyes. "Maybe because of this, the Devil Wheel often appeared in that area."

Gu Wei nodded in agreement. "From what I heard, the Devil Wheel indeed appeared in that place more than any other place. The chance of you encountering it should be very high there."

"However, I advise you to stay away from that place."

Yun Lintian nodded slightly. "Thank you for telling me this."

At this moment, Lei Yongzheng frowned slightly and asked. "But how do you know the Devil Wheel often appears there?"

Yu Qiao rolled her eyes and said. "Have you forgotten my job? Well, it should be my previous job now."

Lei Yongzheng suddenly understood. He had indeed forgotten that Yu Qiao was a proprietress of a famous tavern in the town. She naturally obtained a lot of information.

"You still want to go?" Lei Yongzheng looked at Yun Lintian and asked worriedly. Although he and Yun Lintian had known for a short period, Yun Lintian was, after all, his benefactor. He didn't want to see Yun Lintian encounter a mishap.

Yun Lintian smiled and said. "Yes. This is very important to me."

Lei Yongzheng and the others fell into silence when they heard this.

Seeing this, Yun Lintian said. "I don't need anyone to send me there. Seniors can give me a map. I will go there myself."

Lei Yongzheng shook his head. "I will go with you. Anyway, it seems impossible to leave this place for the time being."

"Count me in." Yu Qiao echoed. "I have been staying here for too long. It's time to take a look around."

Meanwhile, Gu Wei and the others hesitated briefly before coming to a decision. "Well, we can go together. Perhaps we can find a way to leave this place on the way."

"Alright." Yun Lintian nodded gently.

After everyone finished their meal, they immediately set off toward the south.

Along the way, Yun Lintian gradually familiarized himself with the other five people besides Gu Wei and Yu Qiao. Similar to the two, they were famous powerhouses in the past.

At the same time, he had also learned that they came to the Chaotic Sea Region, which was regarded as the most mysterious place in the Azure World, to seek an opportunity.

There were many other powerhouses like them. Some even came here before the invasion incident had occurred and missed the opportunity to ascend to the Divine Realm.

However, they didn't feel sad or anything. At least, they had indeed found an opportunity and successfully stepped into the Divine Foundation Realm, extending their lifespan for another ten thousand years.

The only thing they regretted was probably their appearance. If they could break through when they were younger, they would have stayed in their youthful form by now.

Yun Lintian was also surprised to hear this. He thought that once a practitioner stepped into the Divine Foundation Realm, his vitality would increase and regain their youthful appearance back... It turned out you couldn't.

"Strange." Yu Qiao frowned slightly while scanning the surrounding.

"What is it?" Gu Wei asked.

"Don't you think it's too quiet?" Yu Qiao asked. "Even though there's no spatial turbulence now, it doesn't mean it would be this soundless."

"Indeed." Lei Yongzheng nodded in agreement.

"Look. What's that?" One of them, who was called Bai Ji, suddenly exclaimed and pointed toward the west.

When everyone followed his finger, their expression immediately changed as they saw a few people busy devouring something. In those people's hands were, without a doubt, human flesh and bones!

"Death Eaters." Lei Yongzheng said with a solemn expression.

The Death Eater he talked about referred to a group of people who lost their minds because of the harsh environment and began devouring human corpses.

What was strange about them was that they could actually increase their strength by doing so.

The expressions of Gu Wei and the others changed drastically when they heard this. Even though they rarely went out, they naturally knew one or two things about the Death Eater.

At this moment, the group of ten Death Eaters seemed to notice Yun Lintian's group as they abruptly turned around to look at them.

"Prepare to fight." Gu Wei said solemnly, and everyone quickly spread out, forming a formation.

Roar—

The ten people that looked like a group of zombies let out a hideous roar and rushed toward Yun Lintian's group at an astonishing speed.

Judging from their aura, they were already at the ninth level of the Divine Foundation Realm. Such a group of powerful enemies made it difficult for Gu Wei and the others to resist...

Chapter 1266 Doubt

One of the Death Eaters arrived before Yun Lintian like a ghost, and extended his claw toward his head. His movement was extremely swift and precise.

Linlin, who was silently lying on Yun Lintian's shoulder for all this time, snorted in dissatisfaction, and a golden lightning bolt immediately shot out of her body, stunning the man.

In that instant, Yun Lintian sent a powerful kick at the man's abdomen, sending him back to where they came from.

At the same time, Qingqing followed suit by sending a wind blade toward the man, managing to cut one of his arms.

"A divine beast and a true spirit?" Yu Qiao and the others were surprised when they saw Linlin and Qingqing in action.

"Don't get distracted!" Gu Wei scolded and knocked the Death Eater in front of him away with a wooden staff. However, his attack didn't seem to affect the enemy much.

"Hmph!" Yu Qiao snorted in dissatisfaction and smashed the enemy's head with a huge iron mace.

With a bang, the enemy's head broke directly, and blood spurted into the air. Nevertheless, the Death Eater didn't seem to care about it. He stabilized himself and quickly rushed forward again.

"They are too tough. Why don't we run?" Bai Ji said with an unsightly expression. He tried his best to get rid of the enemy, but he couldn't kill them no matter what.

Rumble—

At this moment, Lei Yongzheng's entire body was shrouded with golden lightning sparks, making him look like a thunder god. As he waved his hand, several thick lightning bolts dropped from the sky, bombarding the Death Eaters.

"Awooo!" The ten Death Eaters howled miserably under the thunder bombardment.

Taking this advantage, Gu Wei and the others quickly launched their attacks, aiming to finish the Death Eaters off in one fell swoop.

Boom!

In an instant, the terrible, overlapping might of the combination of the seven Divine Foundation Realm experts filled the entire space.

The Death Eaters who were at the center of this storm were instantly blasted into pieces, disappearing from the world.

"Phew..." Gu Wei sighed in relief and turned to look at Lei Yongzheng. "Thank you, Brother Lei. We would be in trouble without you."

Lei Yongzheng landed on the ground and said with a frown. "It's weird. They were tougher than usual."

"Indeed." Yu Qiao echoed. "Normally, Death Eater's body would be no different from a corpse. However, this one was like a body practitioner instead."

"Look like many things have changed in these past few years." Gu Wei furrowed his brows.

"Let's leave here first. I'm afraid the commotion has already attracted other people." Bai Ji urged.

"Let's go." Gu Wei nodded and quickly resumed the journey.

Before leaving, Lei Yongzheng secretly glanced at Yun Lintian in doubt. He could see earlier that Yun Lintian deliberately held back. With his strength, taking those Death Eaters down should be no problem for him... What was his intention?

Yun Lintian seemed to notice Lei Yongzheng's gaze. He smiled and offered no explanation.

Just like Bai Ji had expected, several figures appeared at the battle scene after they left for a few minutes. These figures consisted of two women and one man. If Yun Lintian was here, he would certainly notice Abyssal Energy in them.

Without a doubt, they were Abyssal Beasts.

"Lightning aura... Lei Yongzheng?" A tall woman with a black mask said doubtfully.

"Didn't he lose his mind already?" A petite woman beside her asked.

Meanwhile, the man in black took a few sniffs and looked toward the south. "They went there."

"Let's go." The tall woman said and chased after Yun Lintian's group without hesitation, followed closely by the other two.

"Big Brother Yun, there are three people following us." Sitting on Yun Lintian's shoulder, Qingqing sent a sound transmission to him.

"Anything else?" Yun Lintian asked.

"They have an abyssal aura," Qingqing said after a short pause.

"Finally show themselves, huh?" Yun Lintian's eyes narrowed slightly. "Help big brother keep an eye on them."

"Mhm," Qingqing responded while chewing a meat jerky.

The group traveled for an hour and finally arrived at a barren land with sparse dead trees.

Gu Wei and the others quickly halted and dared not move forward.

"This is the Wandering Forest." Yu Qiao introduced. "Everyone called it Wandering Forest because you cannot simply wander around here. Otherwise, you will wander toward death in the end."

She glanced around briefly and pointed at a small hill behind. "Let's settle over there. You will see it directly when the Devil Wheel appears."

Yun Lintian had no objection and set up a table of food for everyone.

"The soul energy here is very strong." Hongyue's voice rang out. "There must be countless creatures buried here."

Yun Lintian glanced at the Wandering Forest in the distance while listening to her. Through the Eyes of Heaven, he could see abundant soul energy flow everywhere.

When he was about to retract his gaze, he suddenly saw a familiar figure stand silently beside a tall dead tree. This figure was actually his sworn brother, Tu Feng!

"Wake up!"

All of a sudden, Lei Yongzheng's voice echoed in Yun Lintian's mind like a thunderclap, bringing the latter back to his sense.

Yun Lintian retracted his gaze and said. "Thank you, Senior."

Lei Yongzheng nodded and said. "Don't probe the place with your Spiritual Sense."

"I see." Yun Lintian nodded.

"It would be better if we set up an isolating formation here in case we accidentally look at it." Bai Ji suddenly said.

Yun Lintian took a bunch of formation stones out and said. "I'll have to trouble you, Seniors."

"Leave it to me." Bai Ji said and quickly arranged the formation.

Yu Qiao took a sip of wine and asked. "Can you tell me why you want to find the Devil Wheel so much?"

"Don't be rude." Gu Wei frowned and reprimanded her.

Yun Lintian waved his hand and said. "It's okay. I didn't mean to hide anything from everyone."

He looked at Gu Wei and asked. "Senior, how long have you been here?"

Gu Wei thought for a moment and said. "It should be more than four thousand years. Why?"

"Then, does Senior know how this Chaotic Sea Region appeared?" Yun Lintian asked further.

Yu Qiao was the one who spoke. "It was said to have another spatial tunnel leads to other worlds here. Why? Do you know something, Little Brother Yun?"

Yun Lintian smiled and asked. "Have you ever thought that it was created by an artifact?... For example, the Devil Wheel."

Chapter 1267 Spatial Wheel (1)

Yu Qiao and the others frowned deeply. All of them had encountered the Devil Wheel once or twice during their time here, and none had thought of this aspect.

"The Devil Wheel is indeed mysterious." Gu Wei said thoughtfully. "But why did you believe it was behind this place?"

"To tell you the truth, I'm not sure myself." Yun Lintian said gently. "Before I came here, I found a record about an artifact that could control the spatial element. I suspect it's this Devil Wheel."

"From everyone's description of it, it obviously has the ability to traverse through the space freely. This is similar to the record."

Gu Wei and the others had thoughtful expressions after listening to this.

"Do you have that record?" Yu Qiao asked.

"Yes." Yun Lintian nodded and took an ancient-looking scroll out before handing it to her.

Inside the scroll were ancient writings about an artifact with a wheel shape constantly shuttered from place to place.

Yu Qiao and the others glanced at it and felt incredible.

She rolled the scroll and said with a frown. "Even if it's true. How are we going to catch it? You must know that anyone who tries to approach it will be killed instantly."

Gu Wei and the others frowned deeply. Some of them had experienced the horror of the Devil Wheel, and they didn't think they could go near it.

"Since Little Brother Yun came for this, could it be you have a way to deal with it?" Gu Wei asked.

Everyone quickly looked at Yun Lintian expectantly.

However, Yun Lintian shook his head. "Unfortunately, no. I come here with the thought of checking it out."

Gu Wei and the others were immediately disappointed, but it was understandable.

"I truly admire your gut, Little Brother Yun. You actually came here without knowing what awaits you." Yu Qiao said with a sigh.

Yun Lintian smiled and said. "Aren't all seniors here the same? You came here to seek an opportunity, even though you know it's full of danger here."

Yu Qiao didn't say anything further and continued to eat.

Meanwhile, Lei Yongzheng looked at Yun Lintian thoughtfully. He was certain that Yun Lintian was hiding something from everyone here, but for what purpose?

While everyone was eating, a group of three people led by the black-masked woman arrived in the vicinity and secretly spied on Yun Lintian's group.

Their concealing technique was extremely good that no one in Yun Lintian's group noticed them.

"It's Lei Yongzheng. How did he become sober?" The petite woman said through a sound transmission.

"That person is very strong. We should report our Master." The black-robed man said with a serious expression, making the two women frown.

The man was usually calm and composed, even when facing their Master. However, his expression actually turned solemn for the first time, which meant the young man beside Lei Yongzheng was genuinely extraordinary.

"Is it necessary?" The masked woman asked.

The man responded solemnly. "He can wipe us out effortlessly by himself."

The petite woman's mouth opened in shock upon hearing this. One had to know that the three of them were already standing at the peak of the Divine Foundation Realm, yet the man actually said this.

However, she didn't think the man was talking nonsense. After all, he was known for measuring the enemy.

"So, we have to go back empty-handed?" The petite woman asked.

"Not really." The masked woman said. "Just watch."

The petite woman tilted her head to look at the masked woman in confusion but didn't ask anything further.

The three of them simply squatted there, watching Yun Lintian's group.

"They are here. Around ten kilometers behind us." Qingqing noticed the arrival of the three guests and secretly told Yun Lintian.

Yun Lintian's expression didn't change in the slightest. He calmly sipped the wine and said. "Continue to keep an eye on them."

"By the way, which faction do you belong to, Little Brother Yun?" Yu Qiao asked. "Your master must be an extraordinary figure, right?"

Yu Qiao and the others were curious about Yun Lintian's background. Even in the ancient era, where the aura was several times abundant, they had never seen a young Divine Ascending Tribulation Realm practitioner like him.

Without a doubt, Yun Lintian's background must be highly extraordinary. Perhaps he was a descendant of an ancient clan they knew.

Yun Lintian smiled and explained. "I only have one master, and she's an elder of the Sky Throne Profound Academy."

"Sky Throne Profound Academy? I never heard of it." Gu Wei shook his head slightly.

"It's an academy established around three thousand years ago." Yun Lintian explained briefly.

"I see. This academy must be extremely powerful." Gu Wei said.

Rumble—

Just as Lei Yongzheng was about to ask something, the space above them suddenly trembled before tearing apart, leaving a huge spatial rift behind.

At the same time, a human head sized black wheel rushed out of the rift and flew into the sky, hovering above the Wandering Forest in the distance.

"Devil Wheel!" Yu Qiao and the others exclaimed in unison. They subconsciously released their divine energy to protect themselves.

Yun Lintian looked at the wheel carefully. Although the wheel was spinning, he could see an exquisite triangular pattern on it. At the end of the three edges, the words "Heaven," "Nether," and "Mortal" could be seen on them.

With the strong connection between him and the wheel, Yun Lintian was certain this was the Spatial Wheel he was looking for.

However, he wasn't in a hurry to grab it as he discovered the wheel seemed to come here for something. It was the soul energy inside the Wandering Forest.

"Why does it need to absorb the Soul Energy?" Yun Lintian asked in his mind.

"This is strange." Hongyue looked at the scene with a frown. "It's like it is about to give birth to a spiritual consciousness, and the Soul Energy is necessary for that process."

"Didn't you say the Spatial Wheel doesn't have a spirit?" Yun Lintian asked in confusion.

"..." Hongyue didn't reply as she was confused as well.

"What shall we do now, Little Brother Yun?" Yu Qiao asked.

Chapter 1268 Spatial Wheel (2)

Yun Lintian didn't reply. He slowly got up and rushed toward the Wandering Forest.

"Little Brother Yun!" Lei Yongzheng was startled by Yun Lintian's sudden action and wanted to pull him back. However, Yun Lintian's speed was too fast. In a blink of an eye, he had already arrived before the forest.

Meanwhile, Yu Qiao and Gu Wei glanced at each other briefly. A strange light could be seen in their eyes as if they secretly communicated.

"Eh? What is he doing?" In the far distance, the petite woman said in surprise when she saw Yun Lintian's action.

On the side, the man frowned deeply and said. "I will contact Master now."

Following that, he quickly made complicated hand seals and murmured something.

At this moment, Yun Lintian bravely stepped into the Wandering Forest. A chill immediately washed through his body and soul as if he had stepped into a desolate icy abyss.

All of the hairs on his body instantly stood on end as tremendous pressure bore down upon him.

"Is that you, Boss?" A familiar voice suddenly resounded, attracting Yun Lintian's attention.

When Yun Lintian looked over, he saw Tu Feng step out of the tree shade and look at him with a disbelieving expression.

Yun Lintian's heart trembled slightly, but he knew it was an illusion. However, perhaps because of guilt in his heart, he still walked toward Tu Feng.

"It's really you, Boss!" Tu Feng became excited and rushed toward Yun Lintian while opening his arms.

Yun Lintian didn't dodge and let Tu Feng hug him. "It's good to see you again."

While Yun Lintian hugged Tu Feng, Lei Yongzheng became anxious and rushed forward. In his sight, Yun Lintian was actually embracing the air in a daze. Obviously, he had fallen into the illusion.

When Lei Yongzheng moved, Yu Qiao and the others also moved. Instead of helping Yun Lintian, Yu Qiao and Gu Wei surprisingly launched deadly attacks at Lei Yongzheng's back.

Feeling danger coming from behind, Lei Yongzheng was startled for a split second and hurriedly executed his movement technique while protecting himself with a lightning barrier.

Boom!

Lei Yongzheng was sent flying by the impact while coughing up blood. Even though his reaction was fast, Yu Qiao and Gu Wei were top powerhouses after all. It was impossible for him to completely avoid it. Not to mention he was sneaked upon.

While Lei Yongzheng was sent to the distance, Bai Ji and the other three had already launched long-range attacks toward Yun Lintian.

Several profound lights immediately tore the space apart and rushed forward, threatening to blast Yun Lintian into pieces.

Smiles appeared on the faces of Bai Ji and the others as if they had already accomplished their goal.

In that instant, they suddenly saw Yun Lintian turn his head to look at them. His eyes were clear without any confusion like before. At the same time, a mocking grin could be seen on his lips as if he had expected this scene beforehand.

The next moment, the Heaven Piercing Sword silently appeared in Yun Lintian as he raised it high before swinging down vertically, producing an ear-piercing sword hum to fill the entire space.

BOOM!

The golden arc that trailed along the sword immediately cut the incoming profound lights, making them scatter away.

The expressions of Yu Qiao and the others changed drastically when they saw this scene.

Before they could react, Yun Lintian had already arrived before Bai Ji while wielding the sword toward him.

Puff!

Bai Ji's body was cut in half directly without any resistance. His eyes were still widened in disbelief as his consciousness gradually drifted to endless darkness.

The other three behind him reacted and tried to escape. However, Yun Lintian's speed was several times faster than theirs. He appeared like a ghost and beheaded them effortlessly as if he was cutting worthless grass.

This scene immediately sent a chill running down Yu Qiao and Gu Wei's spines... It's over! They have completely miscalculated it!

"Cough!" Lei Yongzheng spat out a mouthful of blood while staring at Gu Wei in confusion. "Why?"

He didn't understand why his good brother betrayed him like this.

Gu Wei took a deep breath, and his previous amiable expression was completely replaced with an icy face.

He offered no explanation and turned to look at Yun Lintian. "How did you know?"

Yun Lintian wasn't in a hurry. He shook the sword slightly to get rid of bloodstains while slowly explaining. "It's nothing. I am a cautious person by nature. Do you think I will unconditionally trust strangers like all of you just because you know Senior Lei?"

"Not to mention, all of you have revealed some flaws from the beginning."

"Flaws?" Gu Wei frowned deeply.

"Yes, flaws." Yun Lintian smiled faintly. "You said that the Chaotic Town was destroyed by a young man, and you happened to go out at that time. No matter what reason this person had, I wouldn't leave right away if I were him. Instead, I would calmly wait for others to come. After all, it was the one and only town in this place."

He raised two fingers and said further. "So, there were two possibilities that all of you could still be alive. The first one. That person merely destroyed the town out of a whim and didn't want to waste time pursuing all of you."

"Second. All of you had submitted to him in order to save your own lives... Well, I am willing to believe the second one more. After all, I don't believe that person would be so boring to destroy the town because he simply wanted to."

Yun Lintian looked at Yu Qiao and said. "Seriously, your acting is actually good. I almost believed that you have no ulterior motive."

"As for why all of you want to kill me. If I guess correctly, it is that person's instruction, right?... Unfortunately, he probably doesn't know much about me."

The expressions of Yu Qiao and Gu Wei turned solemn upon hearing this. Everything Yun Lintian said was pretty much correct. If they didn't know before, they would have thought Yun Lintian was in the scene with them.

Yu Qiao took a deep breath and said. "Good. No wonder he wants to kill you so much."

She sighed and said helplessly. "I cannot escape death in the end, huh?"

After witnessing his power, she didn't think she could escape Yun Lintian's grasp today.

Yun Lintian asked. "Did he tell you his name?"

Chapter 1269 Spatial Wheel (3)

Yu Qiao went silent for a moment and shook her head. "Except for calling himself a Devil Emperor, he didn't say anything further. In fact, the interaction between us was a few seconds."

Yun Lintian nodded slightly. "From what I see, he doesn't seem to place any restriction on both of you."

"No. But you will understand once you meet him. He possesses absolute strength. Even without a restriction, we don't dare to betray him." Yu Qiao explained.

"Where is he now?" Yun Lintian asked.

"No idea." Yu Qiao shook her head.

Meanwhile, Gu Wei suddenly said. "He should have already left this place."

"If I guess correctly, it was his idea to bring me here, right?" Yun Lintian asked.

Yu Qiao replied admittedly. "Yes. He said that you will definitely ask about the Devil Wheel."

"Without a doubt, it should be Mo Tian's avatar." Hongyue's voice resounded in Yun Lintian's mind.

"Looks like he's very powerful." Yun Lintian frowned slightly.

"It's the Devil God Emperor's avatar, after all," Hongyue said. "Now I doubt whether it's just a coincidence for him to come here through the spatial turbulence."

"Why didn't he take the Spatial Wheel away?" Yun Lintian asked in doubt. "I mean, he should have a way to deal with it, right?"

"Although this Spatial Wheel is several times weaker than the past, it is the second most powerful relic at the end of the day. Even his true self cannot do anything about it. Let alone his avatar." Hongyue explained.

She glanced at the Spatial Wheel that was busy absorbing the Soul Energy. "I cannot detect any spiritual consciousness inside. Maybe it acts on its own."

Yun Lintian looked at the Spatial Wheel briefly before turning toward Yu Qiao and Gu Wei. "Now I have two choices for both of you. One is to guard this place for me. And another is death."

"Of course, I choose the first one." Yu Qiao answered without thinking.

On the contrary, Gu Wei frowned and said. "Tell me your true purpose."

Yun Lintian chuckled. "Senior Gu, do you think you have the upper hand here? Did you also ask that Devil Emperor like this?"

Gu Wei's face darkened, but he had nothing to refute.

"Just stay here." Yun Lintian said and glanced at Lei Yongzheng. "I'll leave them to you, Senior Lei."

At the same time, he sent a sound transmission to the latter. "Senior, there are three people lurking here. They seem to be Abyssal Beasts. You have to be on guard."

Lei Yongzheng was slightly surprised and nodded. "Understood."

Yun Lintian turned to look at the Spatial Wheel again. Through the Eyes of Heaven, he could see a massive amount of spatial power within it.

Yun Lintian didn't consider it further and jumped toward the Spatial Wheel. His action startled everyone in the scene.

The Spatial Wheel seemed to sense someone approaching. It quickly released powerful spatial energy, trying to eliminate Yun Lintian.

Just as everyone thought Yun Lintian would be killed, they suddenly saw a gorgeous crown appear on his head, and Yun Lintian's figure could easily shuttle through the dense spatial energy without harm.

The Spatial Wheel seemed to be frightened by Yun Lintian's abnormality. It suddenly broke the space, creating a spatial rift and trying to escape.

However, before it could slip into the rift, Yun Lintian had already reached out to catch it firmly. At the same time, he didn't forget to borrow the crown's power to calm the wheel down.

The Spatial Wheel struggled hard, trying to get rid of Yun Lintian's grasp, but it was futile. Soon, it slowly calmed down under the crown's power and stopped struggling completely.

Yun Lintian looked at the black wheel in his hand in doubt. He thought the Spatial Wheel would be the hardest to obtain, but it didn't seem to be the case.

"No wonder. It has exhausted too much energy during these years. That's why it came here to absorb the Soul Energy." Hongyue stared at the wheel and said. "Hurry up and absorb it."

Yun Lintian didn't think about it further and drew the energy inside the Spatial Wheel to him.

Meanwhile, Linlin and Qingqing quickly jumped off Yun Lintian's shoulders and stood guard around him.

Seeing this scene, Lei Yongzheng and the others went silent immediately. They could clearly see that Yun Lintian was absorbing the wheel. It was something they couldn't believe it was real.

The Devil Wheel was the scariest existence in this place. Anyone who came across it would die miserably. However, Yun Lintian could actually subdue it at ease... How could he do it? What was going on here?

In the distance, the masked woman and the other two were stunned by the scene.

"He... He is that person our Master talked about?" The petite woman said in astonishment.

The masked woman turned to look at the man and asked. "What's Master's instruction?"

"We will withdraw. Master is ready to go out now." The man said solemnly.

"Are we going to let him take the wheel away?" The masked woman asked in doubt.

She knew how obsessed her Master was with the Devil Wheel. Otherwise, he wouldn't spend all his time here trying to subdue it... How could he let it go just like that?

"Come back." Suddenly, an aged voice resounded in her mind, making her shudder slightly.

"Understood, Master." The masked woman hurriedly responded. She stared at Yun Lintian briefly before leaving the scene with her comrades.

"Eh?" Qingqing suddenly frowned and said to Linlin. "Big Sis, they are running away now. Should we chase after them?"

Linlin shook her head. "It doesn't matter. Our job right now is to guard Big Brother Yun."

"Oh." Qingqing nodded and nibbled a rice pancake while looking in the masked woman's group leaving direction.

At this moment, Gu Wei's eyes flickered slightly as he watched Yun Lintian absorb the wheel's power. He secretly sent a sound transmission to Yu Qiao. "What's your opinion?"

Yu Qiao frowned and secretly glanced at Lei Yongzheng. "The chance of us escaping here is as close as zero. You better stand here honestly... Of course, if you want to leave, you can go alone. I won't join you this time."

Gu Wei's face turned cold as he asked. "Have you forgotten the mission he gave us?"

Yu Qiao curled her lips. "What about it? Can you do anything? If you want to blame, you should blame him for not telling us about Yun Lintian clearly."

Chapter 1270 Calamity Of Darkness (1)

Hearing this, Gu Wei went silent immediately. This was the third time in his life that he was powerless to do anything. The first was to get out of this place, while the second was when he faced Mo Tian's avatar. And now this.

As much as he wanted to escape this situation, it was nothing but wishful thinking.

Gu Wei sighed and closed his eyes, resigning to his fate.

"Everything is ready, young master." Xie Ling and Liang Ba respectfully bowed their head toward Mo Tian.

At this moment, the spatial tunnel was surrounded by a blood river formed by the blood of Qin Yuanzhang and the other experts. It was a formation that Mo Tian came up with.

Mo Tian didn't say anything. From the beginning, his gaze had always been fixated on the world's core.

A long while later, he turned to look at Xie Ling and said. "Let's start."

"Yes." Xie Ling responded solemnly. Her heart was filled with excitement about her future prospect as Mo Tian promised to bring her to the Devil Realm later.

Xie Ling and Liang Ba spread out, standing on both sides of the spatial tunnel with Mo Tian in the middle.

As their auras spread, the blood river around the tunnel abruptly shook and began to circulate clockwise, forming a bloody red circle.

Mo Tian stretched his hand out and touched the barrier around the spatial tunnel before uttering coldly. "Begone."

Rumble—

Black light surged from Mo Tian's palm, and the blood river below immediately flew into the sky, forming a bloody dome around the tunnel.

The entire space shook violently as if the world was about to break. This earth-shattering situation had also spread to all five continents.

On the Moon Garden, Long Shen abruptly stood up from his seat and looked at the trembling sky with a solemn expression. He didn't know what was going on, but it was definitely not something good.

"What's happening?" Yun Lingwei rushed out of the workshop and joined everyone in the garden, looking at the sky in confusion.

"The spatial element has become disordered... Could it be something happened to the spatial tunnel?" Yun Huanxin could perceive the change in the surrounding spatial element. This kind of behavior had often occurred during a portal open.

On the side, Yun Ruanyu quickly made a hand seal, contacting Yun Meilan, who was staying on the Central Continent.

A look of shock appeared on her face when she received the news. "Something really happened to the spatial tunnel. I'm afraid someone has forcibly opened the tunnel ahead of schedule."

With this, she quickly turned to look at Yun Chan and said. "Tell everyone. We will enter a state of war right away. Also, contact City Lord Lin. We need everyone on this continent to stay alert from now on."

"Yes, principal." Yun Chan responded solemnly and rushed out.

"The time has finally come." Tang Suyin looked at the trembling sky in nostalgia. She had gone through the war four thousand years ago with her family, and it finally came again.

Long Shen walked over and asked. "Should we bring my family over?"

Yun Ruanyu thought for a moment and said. "We can wait and see those four palaces' movement first. If they have the sign of attacking the Long Clan or the Heavenly Sword Palace, Senior can tell them to come over right away. Otherwise, they will face two sides at the same time."

"Alright." Long Shen nodded and contacted his family.

"It's time." Inside the Divine Phoenix Palace, Divine Phoenix opened her eyes and glanced at the trembling sky.

"Understood." Nantian Xuanyu respectfully bowed and quickly walked out, contacting her people.

Meanwhile, Nantian Xiulan looked at the sky and sighed softly. "I hope we can go through this."

Divine Phoenix's eyes flickered slightly as she said. "We will... This time is different."

Nantian Xiulan's expression momentarily froze and then relaxed as she thought of Yun Lintian. That was right. Yun Lintian's strength was several times higher than Yun Wushuang's in the past. Maybe it would be easier this time.

On the Heaven Piercing Peak, Qing Xiaoting calmly looked at the sky with her hands behind her back. Her eyes showed no emotion as if the current situation had nothing to do with her.

"Master." Jian Feng walked over and bowed his head. "What shall we do?"

Qing Xiaoting didn't look at him as she replied. "We wait."

"Wait?" Jian Feng didn't quite understand. Shouldn't they need to be ready for a fight?

Qing Xiaoting offered no further explanation.

Inside the Blazing Sun hall, Yan Yaoting glanced at the sky and muttered to himself. "So, it's here."

"Master, everyone is in the position now. We are ready to go." Black Sun silently appeared behind Yan Yaoting and said.

Yan Yaoting turned around to look at him and said. "Come with me to a place."

"A place?" Black Sun was taken aback. Where did Yan Yaoting want to go in this situation?

Yan Yaoting walked toward the entrance and said. "We are going to the Boundless Desert."

A strange light flashed through Black Sun's eyes as he quickly followed Yan Yaoting out.

"What's going on? Didn't we have a few months away?" In the plum blossom garden, Du Shoushan looked at the sky with a frown.

Sitting opposite him, Xing Tengfei calmly sipped a tea and said. "I cannot contact them anymore."

"What?" Du Shoushan was surprised. "You mean Qin Yuanzhang and the others have already...."

Xing Tengfei nodded gently. "It seems we have an uninvited guest."

The frown between Du Shoushan's brows grew deeper upon hearing this.

He got up and said. "I'll go back now. Don't forget our agreement."

As he finished his sentence, his figure immediately vanished from the place.

Xing Tengfei put the teacup down and said to himself. "What are you going to do now, Yun Lintian?"

The barrier around the spatial tunnel was eroded by the bloody dome bit by bit until several cracks appeared in it.

At this moment, Mo Tian let out a long breath and pressed his palm forward. The black light on his palm shone even brighter, and the cracks in the barrier quickly spread out astonishingly.

Crackle—

All of a sudden, the barrier was shattered into pieces, and a powerful suction force immediately appeared as the darkness inside the tunnel stirred madly.

Soon, a black mist slowly crept out of the tunnel along with a horse voice.

"Hehehe... Finally opens."
