

Myth Beyond 1271

Chapter 1271 Calamity Of Darkness (2)

As the hoarse and gloomy voice fell, a huge explosion burst out, followed by an enormous gray figure emerging from the tunnel.

A baleful aura that seemed to come from hell itself spread all over the place, forcing Xie Ling and Liang Ba to stumble back several steps.

At the same time, the two of them did feel a dreadful pressure enveloping them as it sought to crush both their bodies and souls. This pressure was entirely different from any other kind of pressure that they had encountered in their lives.

Icy, violent rancor, arrogance, and unreal bloodlust... Xie Ling and Liang Ba felt a thick wave of negative emotions envelop every corner of this space.

The gray figure slowly walked out of the tunnel. It was extremely tall, more than four meters, and its body was covered with a grayish mist, making it unable to see its features clearly. The only thing Xie Ling and Liang Ba could see were those ink-black eyes full of bloodthirsty aura.

All of a sudden, the two of them were struck by another wave of dreadful feeling that they were sealed in some hellish volcano and that they were about to face the cruelest punishments imaginable.

"Hahaha!" The gray figure suddenly burst into laughter. "This king has been waiting for this moment for thousands of years. Finally, I'm back to slaughter everything in this world."

Its hoarse and raspy voice was filled with violence and arrogance, causing Xie Ling and Liang Ba to shudder.

Its pair of black eyes swept over Xie Ling, Liang Ba, and Mo Tian as the gray figure spoke. "Foolish human! Was the reason you disregarded your own life to open the tunnel to serve this king?"

Xie Ling and Liang Bai subconsciously looked at Mo Tian as if they were asking for help.

Before this, they believed that Mo Tian was the strongest person they had ever seen, but this gray figure gave them the dreadful feeling that it was several times stronger than Mo Tian... They had no idea what to do next.

At this moment, Mo Tian merely glanced at the gray figure and said. "A mere lowly devil from the Gray Tomb Clan?"

Hearing this, the gray figure's pupils shrank slightly as its laughter came to a halt. It stared at Mo Tian and asked in a deep voice. "Who are you? How did you know my clan?"

Although Mo Tian exuded a powerful aura, it didn't think about it much. After all, this Azure World was just a lower world. With its strength, it could easily conquer anything here.

"Kneel." Mo Tian said coldly.

Before the gray figure could react, a wave of powerful pressure hit it, forcing it to kneel on the ground. At the same time, the gray mist around it suddenly dispersed, revealing a gray man with two long horns on his head.

The gray man's eyes widened in disbelief as he looked at Mo Tian. "This aura... You... You are a member of the Great Devil Clans?"

This scene shocked Xie Ling and Liang Ba greatly, and they were also relieved in their hearts. It seemed Mo Tian was indeed the strongest one here.

Mo Tian didn't answer. He asked instead. "How many of you are there?"

The gray man didn't dare to be arrogant anymore. It was certain that Mo Tian was someone from the Great Devil Clans. It wasn't something his lowly Gray Tomb Clan could afford to offend.

He hurriedly replied. "Report to Great Devil Master. Including me, there are four other clan heads coming soon with around ten million soldiers in our command."

Mo Tian frowned slightly and said. "Very well. All of you can start the war at any time."

The gray man cautiously asked. "Great Devil Master, may I know what you are looking for?"

Mo Tian glanced at the gray man, causing the latter to shudder. "Just do your job well."

"Understood." The gray man hurriedly responded.

Mo Tian didn't say anything further and walked toward the world's core.

Xie Ling and Liang Ba glanced at each other and quickly followed suit, leaving the gray man behind alone.

The gray man wiped the sweat out of his forehead while taking a deep breath to calm himself down.

A moment later, he touched his forehead and said. "There's an unexpected situation here...."

Inside the Chaotic Sea Region, a middle-aged man clad in a black robe stood calmly in front of a stone arch. His entire body exuded a terrifyingly oppressive aura.

This person was no other than the Supreme Lord of the Abyssal World's army, Yin Weizhe.

Behind him were the three people of the masked woman that had just returned.

"Master." The three of them bowed respectfully.

"How's his strength?" Yin Weizhe asked calmly.

The man, Yin Lou, quickly replied. "I'm afraid his strength has already surpassed the Divine Foundation Realm."

"Yes, Master. He can easily kill any high-level Divine Foundation Realm practitioners like killing an ant." The petite girl, Yin Lan, echoed.

The masked woman, Yin Xian, asked. "Are we truly going to leave him like that, Master?"

Yin Weizhe went silent for a moment and said. "He's not our problem anymore. Someone will take care of him... Our goal right now is to contact our people from our hometown as soon as possible."

He paused briefly and said further. "This upcoming war... We are nothing but a side character."

His words immediately shocked the trio. Four thousand years ago, they came to this world under the Abyssal Master's command, and the goal was to conquer this world.

Now, their Supreme Lord actually told them they were going to be a side character in the upcoming war... What kind of joke was that?

"Let's go." Yin Weizhe waved his hand, and a portal immediately emerged inside the stone arch. He then took a step forward and disappeared into it.

Yin Xian and the other two came back to their senses and hurriedly followed behind.

Above the Wandering Forest, Yun Lintian was immersed in the process of absorbing the Spatial Wheel.

Two days had passed by since he first contacted the wheel. During this period, his strength and aura stood still without any change.

In the distance, Lei Yongzheng, Yu Qiao, and Gu Wei were sitting on the ground, waiting for Yun Lintian to wake up.

"Brother Lei, tell me the truth. How did you regain your consciousness?" Yu Qiao suddenly asked.

Chapter 1272 Divinity (1)

Since Yu Qiao and Gu Wei were subdued by Yun Lintian, Lei Yongzheng's hostility toward them was significantly reduced, but he remained vigilant.

Lei Yongzheng glanced at Yun Lintian and said. "It was because of his help."

Yu Qiao was surprised and asked curiously. "As far as I know, anyone who enters that state will never be able to return again. How did he do it?"

Lei Yongzheng shook his head, indicating he had no idea either. However, he could still remember the absolutely pure wood energy that Yun Lintian injected into his body. Without a doubt, it must be because of it.

Throughout his life, he had never seen anyone that could be proficient in many elements to a high level like Yun Lintian. This made him curious about Yun Lintian's background further.

Yu Qiao glanced at Yun Lintian briefly and turned back to Lei Yongzheng. "I forgot to tell you this. There were two other people besides that Devil Emperor."

Lei Yongzheng's brows raised slightly.

"You definitely know them. They are Xie Ling and Liang Ba." Yu Qiao said.

Lei Yongzheng's face sank upon hearing this. Xie Ling and Liang Ba were renowned powerhouses in the past. It could be said they belonged to an evil faction.

Lei Yongzheng fought with them several times in the past, and he was unable to defeat them even once.

He didn't know how powerful that so-called Devil Emperor was, but with these two beside him, he didn't think he could do anything to them.

"Their strength has increased a lot. Town Leader Song couldn't even withstand a single strike from them." Yu Qiao said further.

Lei Yongzheng's eyes widened when he heard this. Town Leader Song was one of the strongest powerhouses here. In the past, he could go toe to toe with Xie Ling and Liang Ba with no problem.

It was hard to believe that he was defeated in one strike.

"That person seems to have a method to increase one's strength. Because we struggled in the beginning, he didn't treat us as his close subordinates like them." Yu Qiao said.

She looked at Yun Lintian and said. "I don't know who's stronger...."

Both Mo Tian and Yun Lintian had never shown her their true strength. She had no idea who was stronger. However, she wished it was Yun Lintian as she couldn't imagine how the world would look like under Mo Tian's rule.

Buzz—

All of a sudden, the gray jewel on the Beyond Heaven King's Crown lit up, shooting toward the sky. Its radiance immediately stirred the gray clouds and sky, causing them to tremble violently.

The surrounding space was also shaking nonstop as several spatial rifts constantly appeared and disappeared. It was as if the entire world was about to tear apart.

Lei Yongzheng, Yu Qiao, and Gu Wei came back to their senses and quickly conjured a profound defense around them while looking at Yun Lintian.

At this moment, they saw the Spatial Wheel in his hand turn into a streak of gray light and drill into Yun Lintian's chest.

Under the white robe, the words "Heaven," "Nether," and "Mortal" appeared on Yun Lintian's chest, emitting a divine suppression.

In that instant, Yun Lintian's whole body shook violently. It seemed as if countless volcanoes and glaciers had erupted and burst apart, respectively triggering numerous mighty torrents to gush out crazily.

Half of these mighty torrents were ice cold, and the other half were scorching hot. Even the smallest torrent among them contained fearsome energy that could tear anyone into pieces.

Buzz—

At this moment, all the jewels on the Beyond Heaven King's Crown lit up one by one, shooting into the sky and forming a multi-colored light pillar.

Lei Yongzheng and the others two felt like they were being swept over by a raging divine river as the divine energy inside their bodies stirred crazily.

BOOM!

All of a sudden, a loud boom could be heard from within Yun Lintian's body. On his Origin Core, all the symbols were shining brightly. A wheel symbol slowly emerged on the core, completing a full circle.

The Origin Core then spun rapidly, madly drawing all the energy in the Chaotic Sea Region into Yun Lintian's body.

Yun Lintian felt an utter shock in his heart at the massive amount of energy pouring into his body at once. His entire being seemed to have been swept into raging billows soaring into the sky.

His body was completely drowned in endless pain, and each of his bones and cells trembled crazily as if they would burst at any moment.

"Release the Golden Mountain now." Hongyue's voice suddenly resounded in Yun Lintian's mind.

With his eyes remaining closed, Yun Lintian immediately summoned the Golden Mountain. With a bang, the Golden Mountain swiftly expanded and enveloped Yun Lintian entirely.

Rumble—

In the sky, black clouds suddenly roiled up, followed by thunder roarings threatening to break the world.

"Heavenly Tribulation?" Lei Yongzheng and the other two were shocked to the core. They were familiar with the Heavenly Tribulation but had never seen such an insanely powerful one before.

BOOOM!

Countless thick purple lightning bolts madly descended from the sky, bombarding the Golden Mountain as if they were extremely furious.

Unfortunately, the might of the Heavenly Tribulation couldn't even break a single boulder on the mountain.

This scene stunned Lei Yongzheng and the other two once again.

Inside the Golden Mountain, Yun Lintian could feel a layer of a barrier within his body break, allowing him to step into the ninth level of the Divine Ascending Tribulation Realm instantly.

Yun Lintian quickly concentrated his mind on the breakthrough. He wanted to borrow this momentum to step into the Divine Foundation Realm in one fell swoop.

However, when Yun Lintian reached the peak level, the momentum gradually declined.

"What's going on?" Yun Lintian was startled.

"Quickly open the gate! The divine energy in this space is not enough for you." Hongyue quickly said.

Without hesitation, Yun Lintian summoned the Gate of Beyond Heaven and opened it.

Soon, the divine energy inside the Land of Beyond Heaven quickly rushed out and was drawn into Yun Lintian's body by his Origin Core.

The previous declining momentum had slowly regained its power and began to rise again!

Chapter 1273 Divinity (2)

The original slow energy circulation within Yun Lintian abruptly changed its pace, transforming into a raging river, flushing to every corner of his body.

Yun Lintian could feel his profound vein expand rapidly, and the profound energy within his body gradually transformed, becoming several times purer and stronger. It was slowly turned into divine energy.

Having experienced the fierceness of the breakthrough many times, Yun Lintian had never felt as though his entire being was about to be torn apart like this before.

He tried his best to guide the divine energy according to the Primordial Beyond Heaven Scripture, but he kept failing one after another.

"Big Brother Yun..." Linlin and Qingqing looked concernedly at Yun Lintian, who was drenched in a cold sweat. They wanted to help him but had no idea how to do so.

At this moment, Hongyue appeared before Yun Lintian and pointed her finger at Yun Lintian's forehead. A multi-layered scarlet mist immediately appeared around him, and Yun Lintian could feel the previous raging energy torrent slow down a little.

"Don't forget to use the crown to control the energy flow while letting your Origin Core convert the profound energy as much as possible," Hongyue said calmly.

"Right now, you are going through the process of shredding a mortal physique and transforming your Origin Core into a Divine Core. The solidity of your Divine Core will determine your future ceiling. Once it's finally formed, you won't be able to change it for the rest of your life."

"It is being called the Divine Foundation Realm because of this."

She paused briefly and said further. "Compared to the others with a few elemental powers, you have all eight fundamental elements. Hence, your process will be at least eight times more difficult and painful than anyone."

While listening to her, Yun Lintian urged the crown to gain control over the energy torrent within his body. At the same time, he let all the relics on the Origin Core absorb and transform the profound energy to the fullest without holding back.

Time slowly passed by inside the Golden Mountain.

One day... Two days... Five days... Seven days... Finally, the raging energy current within Yun Lintian's body gradually slowed down ten days later.

Buzz—

At this moment, Yun Lintian suddenly trembled, as he could feel his profound strength increase drastically. The divine energy produced by his newly formed Divine Core crazily flushed to every corner of his body like a broken dam.

This was a sign that he had officially broken through to the first level of the Divine Foundation Realm!

Knowing this, the state of his mind had also become completely calm and stable, and he was no longer overwhelmed with shock and worry as he had been in the very beginning.

Hongyue retracted her finger, and a faint smile appeared on her pale face. "Congratulation. You can be called a divinity from now on."

She had spent her recently recovered power to smooth Yun Lintian's breakthrough and was satisfied to see that he had broken through successfully.

Moreover, she could see that Yun Lintian's Divine Core was even stronger than hers at her peak. It could be said that as long as he stayed alive to the end, he would certainly surpass her and the previous Beyond Heaven King in the future.

One had to know that the Beyond Heaven King only had four elemental powers when he stepped into the Divine Foundation Realm. It was only half of what Yun Lintian possessed currently, but he could become one of the strongest God Emperors in the Divine Realm.

What about Yun Lintian, then?

Yun Lintian concentrated his mind and began to stabilize and consolidate the newly born energy.

Compared to the profound energy, the divine energy was like the purest spring pool, while the former was a muddy swamp. Even without trying, Yun Lintian knew he could unleash his technique several times faster than before.

Just like that, Yun Lintian spent his time to further consolidating his newly gained strength.

In the outside world, Lei Yongzheng, Yu Qiao, and Gu Wei could see the divine energy in this space being sucked dry completely. They glanced at each other and did not know what to say.

"What a terrifying breakthrough." Yu Qiao murmured.

Meanwhile, Gu Wei's eyes fixated on the Golden Mountain and said in doubt. "Why do I feel this golden mountain looks familiar?"

Lei Yongzheng's eyes flickered slightly upon hearing this. He was certain that this mountain was the famous Golden Mountain Ruins he knew. He didn't expect someone to actually become its master.

"Hmm?" Suddenly, the three of them noticed something. When they turned to look in that direction, they could see six figures fly over. Each one of them exuded the peak level of Divine Foundation Realm's aura.

This scene made Lei Yongzheng and the others two frown deeply.

"Yu Qiao? Gu Wei? You two are still alive, huh?" The leading man with short hair was surprised to see Yu Qiao and Gu Wei here.

"Shui Gen?" Yu Qiao's expression turned solemn upon seeing the man.

The man, Shui Gen, glanced at Lei Yongzheng and said in surprise. "Lei Yongzheng? How did you recover?"

Lei Yongzheng said coldly. "All of you should leave."

"Leave?" Shui Gen curled his lips. "I see. It seems you haven't recovered yet."

He glanced at the Golden Mountain and said further. "Tell me about this golden mountain, and I will spare your life."

As his voice fell, the other six people behind him immediately released their auras, making Lei Yongzheng and the other two suffocate.

Although they were on the same level, the number on both sides was different. No matter how powerful Lei Yongzheng, Yu Qiao, and Gu Wei were, fighting Shui Gen's group head-on was no different from courting death.

"What should we do?" Yu Qiao sent a sound transmission to Lei Yongzheng and Gu Wei.

Lei Yongzheng's eyes flickered slightly. He looked at Shui Gen and said. "We just came here a few days ago... You can check on it yourself if you are not afraid of the Wandering Forest."

Shui Gen frowned slightly and looked at the Golden Mountain inside the Wandering Forest in the distance. Without a doubt, it should be a peerless treasure.

He turned to Lei Yongzheng and said with a smile. "I will have to trouble you to go inside."

Lei Yongzheng's face darkened immediately. Obviously, Shui Gen used him as cannon fodder. Moreover, he had no way to refuse it...

Chapter 1274 Struggle

The pressure released by the six people behind Shui Gen left Lei Yongzheng with no choice. He took a deep breath and walked into the Wandering Forest directly.

Seeing this scene, Yu Qiao and Gu Wei hesitated briefly. They thought of escaping, but they were also concerned about Yun Lintian. Once he came out, even if this place was vast, they wouldn't be able to run away in the end.

They glanced at each other and followed Lei Yongzheng into the forest.

Shui Gen was slightly surprised but didn't think about it much. After all, he knew that Gu Wei and Lei Yongzheng were close friends.

Several days ago, Yun Lintian's breakthrough caused a huge commotion to spread everywhere. Many practitioners naturally noticed it and were attracted by the abnormal energy flow that flew in the same direction.

Shui Gen and his brothers were the same. They slowly followed the energy flow to this place.

At this moment, Lei Yongzheng shielded himself with a lightning barrier and carefully stepped into the Wandering Forest.

However, he soon noticed something. The original illusion trap here was already gone!

Thinking of this, he calmed down and pretended to be cautious, walking toward the Golden Mountain.

Meanwhile, Yu Qiao and Gu Wei conjured profound barriers to protect themselves and followed Lei Yongzheng closely. The moment they stepped into the forest, they also noticed it.

Similarly, they kept pretending and moving forward vigilantly.

Shui Gen frowned slightly when he saw this scene. The Wandering Forest was one of the deadliest areas in this region. Anyone who ventured deep into it would undoubtedly die.

However, Lei Yongzheng and the others two didn't seem to encounter anything.

He glanced at the short man beside him and said. "Little Si, go in. I suspect there's something wrong here."

The short man, Little Si, wanted to complain but swallowed the words back and obediently walked toward the forest.

His forehead had already full of sweat as he conjured several layered barriers around him before taking a step forward.

While he was ready to run at any moment, he suddenly discovered that there wasn't any strange phenomenon here. It was no different from a normal forest.

He quickly turned around and shouted. "Boss, there's nothing wrong here! The trap has already gone!"

Hearing this, Shui Gen's expression changed as he uttered coldly. "Kill them!"

With that, Shui Gen and his other brothers immediately rushed into the forest.

Boom!

Seeing this, Lei Yongzheng quickly sent several lightning bolts toward Shui Gen's group while rushing toward the Golden Mountain in one step.

Yu Qiao and Gu Wei were no exception. They had already made up their minds to stand by Yun Lintian's side.

Immediately, the two launched their attacks on Shui Gen's group, trying to delay their time.

"Hmph!" Shui Gen snorted coldly as he lifted and thrust out his right arm. The swirl of divine energy in his palm rapidly became dozens of times greater before shooting toward the incoming attacks.

Boooom!

The tremendous divine energy from both sides collided midair, producing a massive explosion to raze all the trees nearby.

"Die!" Amidst the explosion, Little Si and the other five men silently appeared around Yu Qiao and Gu Wei.

A blast of energy erupted from them, unleashing dozens of streaks of divine energy, which then transformed into a huge net of formless claws and suddenly swept toward the two.

The expressions of Yu Qiao and Gu Wei turned ghastly pale instantly as they hurriedly released their power, trying to block the incoming attack.

BOOM!

With the combination of the six peak experts, Yu Qiao and Gu Wei were naturally unable to resist it. They were instantly blasted into the distance with blood trailing behind before crashing heavily onto the ground.

"Puff!" Both of them spurted out mouthfuls of blood while struggling to get up from the ground. However, the injuries were too severe, making them unable to get up in the end.

Lei Yongzheng glanced at the two briefly and rushed into the Golden Mountain without hesitation.

Seeing this scene, Shui Gen was surprised and said. "You actually leave your friend behind?"

Gu Wei glanced at Lei Yongzheng's back with a wry smile. He knew their relationship was gone the moment he launched a sneak attack upon Lei Yongzheng.

He sighed inwardly and stopped struggling.

Shui Gen said to Little Si. "You watch them here, and the rest follow me."

Afterward, he quickly rushed into the Golden Mountain with his five brothers.

"Where are you going?" Shui Gen constantly executed his movement technique to reduce the distance between him and Lei Yongzheng. In a blink of an eye, he had almost caught up to the latter a few tens of meters away.

Lei Yongzheng's heart sank to the bottom when he saw this. He wasn't afraid of death but certainly didn't want to die here. At least he had to go back and kill Lei Yubai first.

Gritting his teeth, Lei Yongzheng immediately burned the residual power of the Divine Thunder Spark in his body.

As the first generation Divine Thunder Spark holder, he naturally had its residual power left inside his body.

In that instant, his entire body was shrouded in dense lightning sparks, and his aura rose to another level.

Shui Gen's face changed drastically, and he came to a halt. "Spread out!"

The five brothers behind him quickly spread out and formed a huge formation to block Lei Yongzheng's retreat route.

"Although your strength has increased a bit, do you really think you can handle all of us alone?" Shui Gen said coldly. "Kill!"

As his voice fell, Shui Gen and his five brothers unleashed their power, sending countless streaks of divine energy toward Lei Yongzheng.

Lei Yongzheng could feel a fatal threat coming, but he had no choice except to crash it head-on.

"Hah!" Lei Yongzheng let out a deafening battle cry, and the entire space instantly filled with countless thunderbolts, looking like a horde of lightning pythons.

KABOOM!

The massive energy from both sides collided fiercely, trying to swallow each other as a deafening explosion rang out.

The explosion lasted for a few seconds before calming down.

In the middle of the explosion, Lei Yongzheng could be seen kneeling on the ground soaking in blood. His face was ghastly pale as he had emptied everything.

Meanwhile, Shui Gen was unharmed. He slowly landed a few meters from Lei Yongzheng and said. "What now?"

Just as Shui Gen was about to say something further, a sense of danger abruptly rose in his heart as his instinct screamed at him, telling him to run.

In that instant, a golden cut appeared before him.

Puff!

Chapter 1275 Divine Sense

Blood mist splashed into the air as Shui Gen's entire right arm was sliced apart. His body staggered backward several steps before landing on the ground, and he barely managed to stabilize himself.

The instant Shui Gen landed on the ground, he quickly knelt on the spot while grabbing his right shoulder. His face was twisted in shock and pain. Blood gushed out of his severed right shoulder, flowing down a streak and forming a small pool on the ground.

"Who are you!? Do you dare to show up?" Shui Gen roared while scanning the surrounding. The attacker didn't even show up, yet he could cut his arm like this. What kind of power was that?

"Boss!" The other five brothers hurriedly came to Shui Gen's side and looked around vigilantly. Like Shui Gen, they couldn't even notice a trace from the attacker. Not even a trace of aura could be found.

A strange light flashed through Lei Yongzheng's eyes as he inadvertently glanced at the Golden Mountain below. Although he wasn't sure, there shouldn't be anyone besides Yun Lintian willing to save him.

Yu Qiao and Gu Wei were no exception. They glanced at each other and seemed to guess something.

Inside the Golden Mountain, Yun Lintian said in surprise. "So this is my Divine Sense?"

Earlier, he used his Divine Sense to check the situation outside. When he saw Lei Yongzheng was about to get bombarded, he subconsciously exerted his power into the Divine Sense, forming a sword intent.

This move was extremely novel for him.

"As I said before, when your Divine Sense is formed, you will be able to manifest your power through it," Hongyue explained briefly. "I didn't expect you to achieve it on the first try."

She paused for a moment and asked. "Are you trying to make them your slaves?"

Yun Lintian nodded admittedly. "They are the peak experts. It would be a pity to kill them like this. However, I don't know if we can control them through a soul contract."

"Very difficult," Hongyue said quickly. "Lauya's power is not enough to control them, while I cannot spend further power with the current condition."

Yun Lintian frowned slightly and said. "Let me try then... How long has passed?"

"Almost ten days," Hongyue replied. "I will go back first."

As she said, she quickly returned to the Land of Beyond Heaven and soaked in the Soul Lake directly.

"Thank you." Yun Lintian said sincerely. He knew that without Hongyue, he wouldn't be able to handle the fierceness of the massive energy torrent.

Yun Lintian's Divine Sense spread out again, and Shui Gen's group immediately felt it.

Before Shui Gen and the others could react, golden cuts suddenly appeared around them, followed by an incomparably ear-piercing sound of space ripping apart.

No matter how fast Shui Gen and his brothers conjured profound defenses, they were unable to resist the extremely lethal power.

Ripp—

"Argh!" Painful screams immediately resounded as the golden cuts tore the legs of Shui Gen and his brother. Blood crazily poured out of their wounds as they tried their best to suppress the bleeding.

The scene stunned Lei Yongzheng, Yu Qiao, Gu Wei, and Little Si.

It was understandable that the attacker could injure Shui Gen by taking him by surprise, but the earlier situation was different. Shui Gen and his brothers were fully prepared for the upcoming strike but still unable to resist it... What a power!

Swoosh!

At this moment, Yun Lintian appeared in the air with Linlin and Qingqing. He waved his hand to put the Golden Mountain away before looking down at Shui Gen.

"I'll give all of you two choices. Obediently serve me or die." Yun Lintian said calmly. His voice was like a heaven-edict, causing everyone to shudder.

Lei Yongzheng, Yu Qiao, and Gu Wei looked at Yun Lintian in astonishment as they could see his realm clearly. Yun Lintian actually jumped from the eighth level of the Divine Ascending Tribulation Realm to the first level of the Divine Foundation Realm in a span of ten days... What kind of monstrous progress was that?

At the same time, they were relieved inwardly. With Yun Lintian here, Shui Gen won't be able to do anything further.

"Just who are you?" Shui Gen looked at Yun Lintian in disbelief. He didn't understand why Yun Lintian possessed such frightening power.

Yun Lintian glanced at him and said. "I won't repeat it again. Choose."

"Cough!" Shui Gen was so angry that he coughed up a mouthful of blood.

Throughout his life, he had never been beaten into this state before. Usually, those words Yun Lintian said should belong to him. And now he faced it himself... What a joke.

"I-I am willing to surrender!" In the distance, Little Si hurriedly knelt down and said cowardly. Although he was far away from Yun Lintian, he didn't think he could escape after seeing the strength the latter displayed earlier.

"Bastard!" Shui Gen was furious when he saw this.

"You can't blame me, Boss... No, Shui Gen!" Little Si stuck his neck out. "You always make me risk myself every damn time!"

He turned to Yun Lintian and said. "Please kill him, Senior. He will definitely bite your back when the opportunity arises."

"You!... Cough!" Shui Gen coughed up another mouthful of fresh blood when he heard this.

Yun Lintian glanced at Little Si, and his Divine Sense immediately shot out.

Puff!

Little Si's heart tightened as he felt a fatal danger. However, before he could do anything, his entire body was already cut in half.

The scene became deathly silent, making the sound of Little Si's body falling onto the ground especially loud.

They had no idea how Yun Lintian made a move. It was as if he merely glanced at Little Si, and the latter died instantly.

Yun Lintian said calmly. "A coward like this has no use for me."

Shui Gen and the other five brothers shuddered. When they came to their senses, they hurriedly said in unison. "We are willing to serve you."

Yun Lintian nodded slightly and looked at Yu Qiao and Gu Wei. "What about you two?"

Hearing this, Yu Qiao and Gu Wei sighed inwardly. Do they have a choice here?

"We are willing to follow you." Yu Qiao said.

"Very good. I want all of you to open your soul gates." Yun Lintian said expressionlessly.

His words immediately made everyone's expression turn unsightly, as they knew what he was going to do next.

Chapter 1276 Crisis (1)

As much as they were unwilling, Shui Gen and the others had to comply. They calmed down and opened their Soul Gates, allowing Yun Lintian's Divine Sense to penetrate their souls.

After learning the method from Hongyue, Yun Lintian slowly branded a soul imprint on their souls one by one. Once they had the thought of betraying him, Yun Lintian could shatter their souls directly.

Following that, Yun Lintian healed everyone's injury with the Tree of Life's power.

When Shui Gen and the others saw this, they were shocked to the core. Everyone knew their injuries would take a few years to fully recover, but they actually healed in a few minutes under Yun Lintian's power.

Yun Lintian retracted his power and asked. "Are there other people like you here?"

"I know around twenty people that haven't lost their minds yet." Shui Gen quickly replied.

"Can you track their positions?" Yun Lintian asked.

"I can." Shui Gen said confidently.

"Alright. Let's find them, and we will leave this place afterward." Yun Lintian said.

"Leaving this place?" Shui Gen and the others were surprised.

Yun Lintian casually waved his hand, and a black portal immediately appeared beside him.

Everyone looked into the portal and saw the familiar Endless Sea inside. Obviously, Yun Lintian didn't lie to them. They could leave this place.

Seeing this, everyone became excited. They had been wandering in this ghost place for who knows how many years.

"Please follow me." Shui Gen said and rushed out. He wanted to find the other people as soon as possible.

Yun Lintian didn't say anything and followed suit.

His plan was simple. He planned to use these people to fight the upcoming war.

Central Continent, Rising Sun City.

The Rising Sun City was one of the prominent cities on the Central Continent. It was located on the western side and was regarded as the capital city here.

However, the Rising Sun City, which was usually filled with a searing hot atmosphere, bustling with people, was presently cast with lifelessness. Looking from the sky above, it was even near impossible to see any moving figures.

At the city lord manor on the northern side of the city, a middle-aged man with a disheveled appearance knelt on the ground with an ashen expression.

Several corpses could be seen lying beside him. If one looked closer, one would see they were the middle-aged man's relatives.

"Tsk. These lowly humans are worse than ants. They can't even resist a single strike from me." Sitting on the main seat, a young man with devil horns clicked his tongue in dissatisfaction while munching a human arm.

"Pooh!" The young man spat the meat out and said with a disgusted look. "And it tastes like shit!"

Sitting beside him, a seductive young woman said with a charming smile. "That's why I told you to cook it first."

The young man threw the human arm away like garbage and said. "What now? Do we have to wait like this? Tell me, Zongying, why does our Master have to act cautiously?"

The young woman, Pan Zongying, rolled her eyes at him and said. "You are really stupid, Dai Ling. No wonder your father doesn't allow you to go alone."

"Are you itchy again?" The face of the young man, Dai Ling, darkened as he glared at the woman.

Pan Zongying didn't bother to bicker with him. She glanced at the middle-aged man and asked. "What do you know about Yun Lintian?"

The middle-aged man shivered but didn't utter a word. He was the Rising Sun City Lord, Zhang Tao.

A few days ago, these two youngsters came to the city and started massacring out of nowhere. Zhang Tao brought all his guards over, but the gap between them was too great. In the end, hundreds of thousands of people died under their hands, including his family.

Zhang Tao didn't know where these two came from, but one thing he was certain of was that their strength had already surpassed the world's boundary.

Seeing him remaining silent, Dai Ling frowned and said coldly. "Why don't you answer her? Do you want to die that much?"

Zhang Tao slowly raised his head and said. "It doesn't matter. I won't be able to live anyway... You two will definitely face heaven's punishment later."

"Heaven's punishment?" Dai Ling scoffed. "I am heaven here. Do you think I will punish myself?"

Pan Zongying curled her lips and said in a charming voice. "As long as you answer me, we can promise you to spare those people around this city."

Zhang Tao frowned slightly. There were many towns and villages in this region, and they certainly couldn't survive under these two.

He hesitated for a moment and said. "I don't know much about him. I only saw him once. His strength is abnormally high, as he can fight the opponent a whole realm higher than him."

"Oh?" Dai Ling's eyes narrowed slightly. Before coming here, he heard his father mention Yun Lintian's name, but he had no idea why. It seemed this person was a bit special.

"Where is he now?" Pan Zongying asked.

Zhang Tao shook his head. "He hasn't appeared for a year... However, I heard he has something to do with the Heavenly Cloud Mountain."

"Heavenly Cloud Mountain? Where is it?" Dai Ling asked.

Zhang Tao hesitated briefly and told them about the position.

After knowing the position of the mountain, Dai Ling chuckled and said. "You can die now."

As he waved his hand, Zhang Tao was beheaded directly. However, if one looked closely, one would see a trace of excitement in Zhang Tao's eyes. It was as though he had accomplished something.

Naturally, Dai Ling and Pan Zongying failed to see it. They didn't know that Zhang Tao set a trap for them by telling them to visit Heavenly Cloud Mountain as he knew there was something extraordinary there.

Although he didn't know whether it could kill the two, it was the only thing he could do before dying.

"Let's go." Dai Ling got up and flew into the sky, followed closely by Pan Zongying.

"Grandma, there are more and more people appearing below. Can we help them? They are very pitiful." On the Heavenly Cloud Mountain Peak, Yun Niu concernedly looked at countless people below the mountain. These people had escaped the raging flame of war and came here hoping to survive.

On the side, Yun Xia calmly looked at them as if their life and death didn't matter to her.

Chapter 1277 Crisis (2)

Below Heavenly Cloud Mountain, more than ten thousand people were gathered here after fleeing from the cruel war. Most of them were mortals and low-level practitioners.

Everyone chose to come here because they had heard a lot of legends about this sacred mountain. Some believed that as long as they could enter the mountain range, those profound beasts couldn't do anything.

Furthermore, the environment here was extremely good. It was abundant in natural resources, enough to allow mortals like them to survive long-term.

However, even though they had successfully arrived here, their minds could be peaceful as they had no idea when the flame of war would reach here.

Yun Xia looked at the struggling people below, and her mind drifted into the past. She had seen a lot of these scenes, and most of them were even worse than this. Hence, it didn't arouse her sympathy much.

Seeing her grandma silent, Yun Niu hesitated briefly and said. "Grandma... I believe Big Brother Yun will definitely help them."

At this moment, Master Bai flew over and asked. "You can help them once, and what about the next time? Do you have to help them forever?"

Yun Niu opened her mouth, and no word came out in the end. During this year, she had matured a lot, and her understanding of the world had increased drastically. She naturally understood what Master Bai was trying to say.

Master Bai said further. "Everyone's life has its own fate. Only the strong would have the ability to intervene in it. However, once you decide to do so, karma between you and them will be born. As for what kind of result that will come after, no matter how strong you are, you won't be able to control it."

He glanced at the sky briefly and said. "Lintian is still inexperienced when it comes to this matter. With his personality, he's bound to tie a lot of karmas with random people in the future."

"It is good if he's strong enough to get everything under control. But in reality, his strength is far from enough. One day, those people he randomly saved will certainly bring disaster to him. Worst case, it would cost his life."

Yun Niu went silent and closed her eyes gently. It was true, as her grandmother said, there was no guarantee that these people wouldn't bring trouble to her and her fellow villagers later.

It was fine with her grandmother and Master Bai around, but what if she was alone? With her current strength, she couldn't do anything at all.

Suddenly, Yun Xia's brows raised slightly as she looked toward the far distance in the sky.

At this moment, Dai Ling and Pan Zongying appeared in the sky with their eyes on Heavenly Cloud Mountain.

"What a strong isolating barrier." Dai Ling clicked his tongue when he saw the barrier around the mountain range.

On the side, Pan Zongying frowned deeply. She could feel someone watching her right now but couldn't detect it. However, she could guess that it was something behind the barrier.

"Break for me!" Dai Ling gathered a ball of divine energy in his palm and slammed it toward the barrier.

BOOM!

The sudden explosion immediately startled everyone nearby the mountain range. Many of them had been swept away by the impact directly like a fallen leaf without any resistance.

"Grandma!" Yun Niu cried out anxiously when she saw this scene. She could stand watching these people getting beaten like this.

However, Yun Xia continued to stare at Dai Ling and Pan Zongying expressionlessly with no intention of making a move.

"Hmm?" Dai Ling frowned slightly when he saw the barrier was perfectly fine.

"This barrier is definitely not an ordinary divine level one." Pan Zongying said. "Let's go together."

"Alright." Dai Ling nodded, and his aura abruptly burst out.

Rumble—

The entire sky was instantly darkened as if a death god was about to descend. The frightening pressure gradually filled the entire space.

"W-What is that?" Seeing this scene, the people below couldn't help shivering uncontrollably. Under this terrifying pressure, it was impossible for them to survive.

In a split second, all the sounds between heaven and earth disappeared suddenly; even the rays of light darkened abruptly. In the field of vision of everyone present, only a glistering light could be seen rapidly streaking across, which seemed even more magnificent and dazzling than a shooting star.

This streak of light tore through space and rushed toward the barrier, aiming to destroy everything on its way.

"Grandma!" Yun Niu cried out again as she couldn't bear to see these people die. Some of them were just a kid. They still had their future ahead.

"Ai..." Yun Xia let out a soft sigh and raised her finger to point toward the incoming streak of light.

It was as though time had frozen. The streak of light abruptly slowed down, completely stopping midair before vanishing entirely as if nothing had happened.

This scene immediately stunned everyone.

The expressions of Dai Ling and Pan Zongying changed drastically. They immediately knew that this place wasn't something they could handle.

Without thinking further, Pan Zongying grabbed Dai Ling's arm and disappeared from the place.

"This... We are still alive?" A middle-aged man among the crowd said in confusion as he saw the sky return to its original state. The pressure had also vanished completely.

Rumble—

Suddenly, the mountain range shook, and the barrier behind him slowly opened.

"Come in." Yun Xia's voice resounded in everyone's mind.

The middle-aged man returned to their sense and quickly knelt on the ground, slamming his forehead on the floor repeatedly. "Thank you, Lord Mountain God. Thank you!"

One after another. All the ten thousand people quickly followed suit and kowtowed toward the mountain peak.

"Let's go, everyone." The middle-aged man said and quickly brought his family into the mountain range, followed by everyone.

Seeing this scene, Yun Niu heaved a sigh of relief and turned to her grandmother. "Thank you, grandma."

Yun Xia looked at her granddaughter and said softly. "I will help them only once. The rest depends on their fate."

"Mhm!" Yun Niu nodded heavily.

She then asked. "Why did you let them go, grandma?"

Without waiting for Yun Xia to reply, Master Bai spoke first. "They are not our problem. It's Lintian's."

Yun Niu was taken aback.

Master Bai chuckled. "You don't have to worry about it. Those two are nothing but ants in front of him... We should worry about those behind them instead."

Chapter 1278 Crisis (3)

"People behind them? Who are they, Uncle Bai?" Yun Niu asked innocently.

"Aside from a bunch of trash from the Divine Realm, I'm afraid people from the Great Devil Realm have already arrived here." Master Bai said with a serious expression. "Those two earlier are, without a doubt, their minions."

Yun Niu was shocked. "Then where are they now?"

Yun Xia once told her about the Great Devil Realm. It was a place filled with hideous and sinister devils. According to their nature, she believed they should have appeared and ravaged the world already.

"Of course. They are waiting for Lintian to appear. If I guess correctly, they should have gone to his sect by now." Master Bai answered.

Yun Niu's face changed drastically. "What should we do? Can you go over and help them, Uncle Bai?"

Master Bai smiled faintly. "Relax. It's nothing but courting death for them to go there."

"Eh?" Yun Niu didn't quite understand.

Master Bai didn't explain further. With Qingxuan over there, even if Mo Tian came personally, he wouldn't be able to do anything.

He looked at the people below and said. "Let's settle them first."

"Oh." Yun Niu nodded gently and walked down the mountain toward the group of people.

"This continent is surprisingly prosperous." Flying above the Northern Continent, Xie Ling looked at the thriving scene below in surprise.

While the other continents suffered from the wars, the Northern Continent was surprisingly calm. The war didn't seem to affect them in the slightest.

In Xie Ling's past impression, this continent was the poorest. However, what she saw currently was entirely different. Countless powerful practitioners could be seen everywhere, and their foundations were extremely solid. This indicated that they were rich in resources and possessed powerful arts.

What was happening during these thousands of years?

Floating beside her, Mo Tian looked in the Misty Cloud Peak's direction thoughtfully. He could clearly notice it was the place where the powerful auras concentrated the most.

Without thinking further, his figure disappeared from the spot and reappeared above Misty Cloud Peak.

"Who's there!?" Long Shen's voice resounded instantly the moment Mo Tian appeared.

Although Mo Tian's concealing technique was insanely powerful, he couldn't hide from the alarming formation that Yun Lingwei set up.

Swoosh!

Long Shen immediately appeared in the air, looking at Mo Tian with a frown. With a glance, he could see that Mo Tian's strength was far above him.

Mo Tian was slightly surprised when he saw Long Shen appear.

"Long Shen? You're still alive, huh?" Xie Ling silently appeared beside Mo Tian and looked at Long Shen in surprise.

"Xie Ling?" Long Shen was surprised. Xie Ling was considered from the same generation as him. In the past, she was famous for her cunning and ruthless personality. That was why they called her Scarlet Demoness.

However, she disappeared entirely from the world when the war broke out. Everyone thought that she was either ascended to the Divine Realm or died somewhere.

Long Shen didn't expect Xie Ling to be alive, and her current strength was several times more terrifying compared to the past.

"He's a member of the Long Clan, inheriting a Golden Dragon bloodline." Xie Ling briefly introduced Long Shen to Mo Tian.

Mo Tian looked at Long Shen and said. "How about serving me, and I will spare your life? Of course. You can bring your whole family over."

Long Shen's face sank, but he didn't say anything. His aura gradually seeped out and filled the entire area.

"You're still stupid as usual. You have no idea how lucky you are to be able to serve my young master." Xie Ling curled her lips. Her eyes were filled with disdain when she saw Long Shen do this.

In her opinion, Long Shen was destined to die today.

"Please let me take care of him, young master." Xie Ling said respectfully.

Mo Tian said calmly. "Don't kill him. He's useful to me."

"Understood." Xie Ling replied solemnly.

She turned to look at Long Shen and made a taunting gesture. "Come. Let me see what you got after so many years."

Golden lights abruptly flashed through Long Shen's eyes as he raised his hand.

Roar—

An enormous image of the Five Claws Golden Dragon suddenly manifested itself behind Long Shen as it opened its mouth wide and issued a mighty cry.

Dozens of streaks of golden flame burst apart simultaneously at this moment, blooming into dozens of terrifying golden claws. When the firelight of the claws flashed, the entire space around Xie Ling and Mo Tian was immediately torn apart, ushering a frightening tearing force.

Facing such a fearsome power, Xie Ling's face was extremely relaxed. She raised her finger gently and said. "Not bad. You are a bit stronger than before."

In that instant, a huge scarlet cut appeared behind her. Despite the whole space being covered with a golden brilliance, the radiance of the scarlet cut wasn't inferior at all. Moreover, its power was even stronger.

Boom!

A loud explosion and the sound of space being torn apart echoed throughout the entire sky, alarming everyone below.

When the flash of golden and scarlet disappeared, a bright ray of scarlet light shot across the space and stuck onto Long Shen's chest.

The speed was insanely fast that Long Shen couldn't even react.

Puff!

A bloody hole immediately appeared in Long Shen's chest as he was sent flying several kilometers.

"Senior Long!" Lu Bo, who had been watching the battle all this time, quickly rushed over and pulled Long Shen toward the peak.

Seeing this scene, the expression of everyone turned solemn immediately. To them, Long Shen was the strongest person here, but he was actually defeated in a single strike. Clearly, the enemy this time was entirely different from the past... What should they do now?

In the sky, Xie Ling retracted her slender finger and said mockingly. "That's it? I thought you could give me some surprises. In the end, you are nothing but a pitiful worm."

She swept her gaze over everyone on Misty Cloud Peak and licked her lips. "Oh? I didn't expect to see many beauties here. Hehehe..."

Lu Bo's expression turned unsightly upon hearing this. He knew how pervert Xie Ling was. Who knew how many beautiful women ended up being tortured to death by her in the past.

At this moment, Mo Tian's gaze landed on Tang Suyin, and he said in surprise. "Imperishable Soul?"

Chapter 1279 Crisis (4)

Mo Tian was aware of the mythical existence like the divine beast's bloodlines and the Beyond Heaven King's inheritances, but he didn't expect to see one of the rarest special existences like the Imperishable Soul's holder here.

As the Devil God Emperor, he naturally understood how precious the Imperishable Soul was. As long as he refined it, his soul would become indestructible. Combined with his unique devil soul technique, it could be said becoming immortal wasn't a dream.

A cold glint flashed through Mo Tian's eyes as he made a grasping gesture toward Tang Suyin.

Lu Bo's face changed drastically as he shouted. "Miss!"

At this moment, Tang Suyin felt as though there was a pair of giant hands wrapping around her, making her unable to move an inch. Her profound strength had been completely sealed as well.

Seeing this scene, Yun Ruanyu quickly stomped her foot on the ground, and the entire Misty Cloud Peak was instantly shrouded with a golden barrier.

At the same time, Tang Suyin regained her freedom. She quickly retreated to Lu Bo's side and looked at Mo Tian solemnly.

Mo Tian was slightly surprised. This barrier could actually cut off his power.

When he looked closely, a frown appeared between his brows as he said. "Heaven Swallowing Formation?"

The Heaven Swallowing Formation was one of the peak-level formations often used among top factions in the Divine Realm. Mo Tian didn't expect to see it here.

Mo Tian glanced at Yun Ruanyu and the others briefly before raising his hand. A black energy lance immediately appeared and shot toward the barrier as he waved his hand.

BOOOOM!

The space exploded as countless spatial rifts crazily spread all over the place. The impact immediately swept everything around the peak away.

A while later, everything gradually calmed down, revealing a perfectly fine golden barrier. This scene immediately stunned Xie Ling.

"This barrier..." Xie Ling was utterly shocked by how sturdy the protective barrier was. Although Mo Tian didn't use his full strength, the previous attack should be enough to shatter any protective formation in this world.

Mo Tian frowned slightly. He was dissatisfied with the current strength of this avatar. Even if he did go all out, destroying this Heaven Swallowing Formation was impossible.

It seemed this trip of his was in vain.

Mo Tian thought for a moment and decided to go back first. The only way he could break this formation was to wait for his people from the Great Devil Realm to come.

Thinking of this, he turned around, preparing to leave.

"Ancient Devil?" Suddenly, a cold female voice resounded above, causing Mo Tian to frown deeply.

He turned around and looked at the sky. At that moment, his pupils shrank as he saw a woman in white with half of her face blocked by the bamboo hat on her head.

She was no other than Qingxuan.

Mo Tian's soul shook uncontrollably when he faced this woman. It was a natural suppression. And the only one who could give him this feeling was the Primordial Azure Dragon God!

He took a deep breath and said coldly. "While everyone is searching for you, you are actually hiding here. It's surprised me a bit."

As a princess of the Primordial Azure Dragon God Clan, everyone in the Divine Realm knew Long Qingxuan. Aside from her beauty and noble bloodline, her strength wasn't inferior to any God Emperor.

After the fall of the Dragon God Clan, everyone frantically searched for her whereabouts. As long as they could capture her, they would gain unimaginable benefits.

Mo Tian and his Great Devil Clan had also been looking for her throughout these years. Although he had guessed that Long Qingxuan might be here where the Beyond Heaven King's inheritance was, he later dismissed it because it was too obvious.

Furthermore, everyone knew how obsessed she was with the Beyond Heaven King, and Mo Tian didn't think she would stay here as her existence might bring further disastrous calamity to this world.

Qingxuan didn't say anything. The sky suddenly darkened, and droplets of rain flew down before turning into a violent downpour.

"Go." A black-light abruptly burst out of Mo Tian's body as he pulled Xie Ling over, trying to escape.

However, before Mo Tian and Xie Ling could move further, they were suddenly bound by an invisible force, retraining them on the spot.

Xie Ling's face turned ghastly pale instantly. Her strength could be regarded as the strongest in the world currently, but she couldn't even muster to resist the absolute force around her.

She turned to look at Mo Tian and found out the latter was no different from her. Although his face wasn't pale like hers, the unsightly expression he had explained everything.

"I-I am willing to surrender!" As death approached, Xie Ling shouted loudly without caring about Mo Tian. After struggling for thousands of years, she didn't want to die here.

Mo Tian didn't care about her. He tilted his head to look at Qingxuan and said. "Even though you kill me here, you won't be able to save your beloved one's remains. Hehehe. Good luck with that. I'll be enjoying the show from above."

Puff!

Instantly, his body exploded into pieces, and Xie Ling, who stood closest to him, couldn't avoid the impact. Half of her body was torn apart directly.

"Ah!" Xie Ling screamed in pain while looking at Qingxuan pleadingly.

However, Qingxuan didn't seem to care about this insignificant ant. She glanced at Long Shen and said. "Recuperate well."

As she finished her sentence, her figure immediately vanished from the place.

"S-Save me..." Xie Ling uttered pleadingly as her half-body was wrapped inside the torrent of rain.

"What should we do to her?" Lu Bo turned to look at Yun Ruanyu.

Yun Ruanyu thought for a moment and said. "There's no need to leave her."

"Alright." Lu Bo immediately soared into the sky and sent out a punch toward Xie Ling's head.

"No!" Xie Ling screamed in fright before her head burst apart like a broken melon.

Lu Bo then burned her remains completely, leaving no possibility for her to escape through a forbidden technique.

Somewhere in the Great Devil Realm, a handsome young man abruptly opened his eyes. A smile slowly emerged on his face as he muttered. "You've destroyed my avatar, and I will destroy everything of your man."

He closed his eyes and said. "Lou Jie. You go. Don't leave them alive."

"Yes, Master."

Chapter 1280 Crisis (5)

Roar—

On the Eastern Continent, countless profound beasts poured in all directions, painting the original lush lands into black and red. Any path they passed would become a desolate land immediately.

A week ago, the Eastern Continent didn't suffer much from the profound beast horde, but after the appearance of unknown experts, many coastal cities crumbled under their hands.

"Please take action, Palace Master Yan." On a distant hill, a middle-aged man said pleadingly to Yan Yaoting.

The territory below belonged to his sect, and he could no longer watch his people get trampled by the profound beasts.

Yan Yaoting glanced at the profound beast horde below and said. "Go."

Immediately, several elders behind him flew into the battlefield and joined the battle.

With the addition of top experts, the tide soon turned around. The profound beasts were slowly beaten back and forced to retreat.

"What do you think about this, Madam?" Seeing this, Yan Yaoting no longer paid attention to the battlefield and turned to look at a woman with her entire being covered beside him.

According to the ancient records inside the Blazing Sun Palace, Yan Yaoting discovered that there was a supreme existence residing inside the desert.

It was said that the Blazing Sun Palace's founder had made an agreement with this existence in order to leave insurance for his descendants.

That existence was no other than Madam Leisure.

A week ago, Yan Yaoting went to the Boundless Desert to invite her over as an uneasy feeling arose in his heart.

Madam Leisure didn't reply to him. Her magnificent eyes behind the veil were fixated on the sky, as she said. "They are coming."

At this moment, a group of black mist traveled across the sky and stopped not far away from Yan Yaoting's group.

The one in the front was Liang Ba, who was assigned by Mo Tian to come here. Behind him stood five men with hideous gray horns. They were members of the Gray Tomb Clan that had arrived in this world not long ago.

"That brat is the head here? Why is he so weak?" A burly man with an arrogant posture glanced at Yan Yaoting and said.

"Yes." Liang Ba replied calmly.

The burly man snorted coldly. "Hmph! What a waste of time... Kill them."

As his voice fell, the four men behind him immediately rushed toward Yan Yaoting. The auras they released instantly blasted away all the profound beasts and practitioners below.

Black Sun Huo Yang, who was standing behind Yan Yaoting, quickly stepped forward and released his power, trying to stop the incoming people.

In that instant, Madam Leisure said calmly. "Step back."

Hearing this, Huo Yang hurriedly retreated but didn't let his guard down.

At this moment, Madam Leisure gently lifted her hand, and several earth pikes suddenly protruded out of the ground and went straight to the incoming four men.

The speed was extremely fast that the four men were caught off-guard. As they were about to slap the earth pikes away, the pikes promptly split into countless earth arrows.

Puff! Puff! Puff!

The arrows magically penetrated the four men's defensive barriers and sunk into their bodies, leaving countless holes in them.

Before the four men could scream, Madam Leisure gently waved her hand again, and the remaining arrows suddenly exploded out of their bodies.

Boom!

The four men instantly exploded into pieces under the simple yet absolutely powerful move from Madam Leisure.

The expressions of Liang Ba and the burly man changed drastically. Without thinking further, they turned around and ran directly.

Madam Leisure glanced at them briefly and didn't stop them. More precisely, she couldn't stop them as her power hadn't recovered fully.

"Master." Madam Leisure's maid, Little Lan, stepped forward and helped her master sit down.

Yan Yaoting bowed his head slightly and said. "Thank you for helping us, Madam. Without you, I'm afraid our lives have to end here."

Madam Leisure waved her hand and said. "Since I have promised your ancestor, I naturally do as I said. You don't have to be polite."

She paused briefly and said. "However, the true crisis is far from happening. This is just the beginning. You have to bring everything out and prepare for the worst."

Yan Yaoting nodded heavily. "Understood."

He glanced at the disappearing Liang Ba and frowned slightly. "They don't look like people from the Abyssal World. Especially that horned man. His abyssal aura is several times more concentrated than anybody I have ever seen. Even that Dragon of Death isn't like this."

"It's because they are not coming from the Abyssal World but a Devil Realm." Madam Leisure said calmly.

"Devil Realm?" Yan Yaoting frowned deeply at the unfamiliar term.

"The Devil Realm is similar to the Divine Realm that you know. Instead of having divine practitioners, it's full of an existence called a devil. They are proficient in using the dark element." Madam Leisure gave a simple explanation.

She glanced at the dark sky and said further. "There will be stronger devils coming later. Even an existence of the Divine King's level will also appear. At that time, this world will certainly plunge into chaos and darkness."

Yan Yaoting and Huo Yang were shocked to the core when they heard the words "Divine King." Although they hadn't gone to the Divine Realm, they could guess more or less about a Divine King Realm's practitioner.

Once that kind of existence arrived here, who could be their opponent?

"However, we are not without hope." Madam Leisure suddenly said. "As long as that person completes his goal, he will have the power to fight back."

"That person?" Yan Yaoting frowned slightly. "Madam means... Yun Lintian?"

Madam Leisure said nothing back, but the glow in her eyes said it all.

Yan Yaoting took a deep breath to calm down. He saw that Yun Lintian was extraordinary but didn't expect him to be to this extent.

What kind of background did Yun Lintian have? This question once again appeared in Yan Yaoting's mind.

Unfortunately, Madam Leisure had no intention of telling him.

"Hehehe. It's really the Divine Phoenix bloodline." The gray man, who stepped into this world through the tunnel not long ago, looked at the Divine Phoenix Palace below with an evil grin.

He was a frontline general of the Gray Tomb Clan, Hui Cai.

"A little devil?"

Before he could do anything further, a cold female voice suddenly resounded in Hui Cai's mind, causing him to frown deeply.

"Who!?"
