

Myth Beyond 1301

Chapter 1301 Sincerity

Before coming here, Tianqi Junlai thought of many possibilities, but this one was completely out of his expectation. Although he knew Yun Lintian was strong, he didn't believe Yun Lintian could bring a hundred devils down with a simple wave of his hand like this.

Yun Lintian glanced at Tianqi Junlai and said. "I heard that you have colluded with the Poison Valley."

Tianqi Junlai shuddered and hurriedly said. "I had no choice. They are too strong."

Yun Lintian smiled faintly. "Really?"

Tianqi Junlai's face became unsightly. He gritted his teeth and said. "Yes."

Yun Lintian chuckled and said. "No need to be nervous. No matter what reason you have, I don't care about it. Moreover, I won't kill you. After all, you are Senior Tianqi's son."

"Tell me about these devils."

Tianqi Junlai's heart trembled. He didn't expect Yun Lintian to spare him because of his father.

He took a deep breath and slowly flew down. "Jue Kong came to me with two devils a few days ago. The ones I told you earlier, Dai Ling and Pan Zongying."

"Both of them are very strong that I cannot know their realms. However, Jue Kong has to bow his head in front of them."

"They sent me here to abduct your people and force you to come out."

Tianqi Junlai hesitated briefly and said. "I heard they talk about the Beyond Heaven King's successor."

Yun Lintian's eyebrows raised slightly. In the end, their target was him instead of conquering this world.

Tianqi Junlai said further. "From the look of it, they seem to have a master behind them. However, I have no idea who that person is."

Yun Lintian frowned slightly. If he guessed correctly, these two should have something to do with the Divine King who made this.

He thought for a moment and asked. "How's the situation on your side?"

Tianqi Junlai sighed and replied. "To tell you the truth, except for those people you rescued, I did gather the rest and colluded with the Poison Valley and the Myriad Pill Palace to deal with you."

"However, the situation changed now... Everyone is forced to become those devils' slaves."

"Are you trying to beg for your life?" Yun Lintian asked calmly.

Tianqi Junlai shook his head with a wry smile. "I did think of borrowing your power to deal with the devils and try to join your side. However, I know it's impossible now."

He took a long sigh and glanced at the dark sky. "I always thought that I was better than my father. In the end, I am indeed a failure as he said."

"..." Yun Lintian stared at Tianqi Junlai silently.

A moment later, Tianqi Junlai took a deep breath and turned to look at Yun Lintian. "I am the one who instigated everyone. You can take my life, but I want you to spare them... At least, give way for my Sky Qilin Clan to live."

As he spoke, he slowly knelt on the ground and kowtowed. "I'm begging you."

Yun Qianxue, Yun Ruanyu, including Yun Lintian, were stunned upon seeing this.

In the world of cultivation, dignity always came first. There was even a saying you could lose your life but not your dignity.

Although Tianqi Junlai's strength was nothing in front of Yun Lintian, he was still a dignified Sky Qilin Clan's head. To let go of his dignity and kneel down like this, it could be seen how sincere he was.

Yun Lintian went silent for a while and said. "Get up. As I told you, I won't kill you because of Senior Tianqi. As for your clan, it's even more impossible. After all, they are just like you, Senior Tianqi's descendants."

Yun Lintian thought about it before. Although Tianqi Junlai had an ulterior motive for him and the Fire Cloud Rat Clan, he couldn't achieve anything in the end. The grudge between them wasn't that deep.

He said further. "However, I am not in the position to forgive your crimes. I will let Senior Huoyun and the other seniors decide it."

Tianqi Junlai's body trembled slightly. He took a deep breath and said firmly. "Thank you. I am willing to be punished by them."

Yun Lintian waved his hand to bring Tianqi Junlai up and said. "Leave it at that first. Now you have a task to do."

"Please do tell." Tianqi Junlai said solemnly.

"Go back with me." Yun Lintian said and waved his hand, throwing the skyship out.

Tianqi Junlai didn't doubt Yun Lintian's strength in the slightest. He nodded and said. "There's a secret formation to reach the Western Continent directly. I'll bring you there."

"Are you going alone?" Yun Qianxue asked.

Yun Lintian thought briefly and asked. "Do you want to come with me?"

"Of course." Yun Qianxue nodded firmly. "I want to be with you all the time."

Yun Lintian's heart shook slightly, but he quickly suppressed it. He turned to look at Yun Ruanyu and said. "I'll leave this place to you. I'll try to solve this problem as soon as possible."

"Don't worry." Yun Ruanyu said calmly.

Yun Lintian didn't say anything further and brought Yun Qianxue and Tianqi Junlai away.

"Grandpa!?" Inside a beautiful courtyard on the western side, Lei Zhenxiang and Lei Feifei were stunned to see Lei Yongzheng.

"It's me." Lei Yongzheng said in a trembling voice. He was so excited to see his grandchildren.

"It really is you." Lei Feifei quickly rushed into Lei Yongzheng's arms and hugged him tightly.

Usually, Lei Feifei wasn't an emotional girl, but because she had been suffering for many years. She couldn't help crying when she saw her long-lost grandfather.

Lei Yongzheng patted Lei Feifei's back and said softly. "I'm sorry. You have been suffering because of me."

Before returning, he learned a lot about the Divine Thunder Palace's situation during his absence. He couldn't believe that Lei Yubai would dare to kill his daughter-in-law, the mother of Lei Zhenxiang and Lei Feifei.

Moreover, his granddaughter, Lei Xian'er, Lei Zhenxiang's older sister, had also died in Lei Yubai's hand.

Perhaps because Lei Yubai saw that Lei Yongzheng never took action after all of this, he immediately guessed that Lei Yongzheng had gone somewhere instead of recovering his injury in seclusion, as everyone understood.

"It's good that you're safe, grandpa." Lei Zhenxiang sighed in relief. "Can I ask you? Where did you go?"

Lei Yongzheng nodded and brought Lei Feifei to the nearby table. "I'll tell you."

Chapter 1302 Trick

"You have suffered so much, grandpa." Lei Feifei said sadly after listening to Lei Yongzheng's experience during these years.

Lei Yongzheng sighed. "I shouldn't have left. Otherwise, your mother and older sister won't die like this."

"It's not your fault, grandpa." Lei Zhenxiang said. "I am the one you should blame for. If I was stronger, everything wouldn't become like this."

"Lei Yubai has lived for over a thousand years. His experience is naturally richer than yours. Losing to him is justified. You don't have to blame yourself." Lei Yongzheng said.

"Unfortunately, your father has a short life. He died before he could see his own daughter." He said with a trace of pity.

Lei Yongzheng was shocked when he first heard about the departure of his eldest son from Yun Lintian. He thought it was Lei Yubai's doing again, but it, in fact, had nothing to do with him.

Lei Zhenxiang fell into silence when he heard this.

Feeling the atmosphere wasn't right, Lei Feifei changed the topic. "Grandpa, since you left for the Chaotic Sea Region three thousand years ago, how did you appear in front of me all those years?"

Lei Feifei was puzzled by this. When she was born decades ago, her grandfather still appeared in front of her. Not to mention he even played with her many times.

Furthermore, Lei Yongzheng also appeared in public from time to time.

Before Lei Yongzheng could reply, Lei Zhengxian spoke first. "It's the Divine Thunder Spark."

Lei Yongzheng looked at Lei Zhenxiang and said. "Yes. That was my clone created from a portion of the Divine Thunder Spark's power."

"However, it required a lot of power to make an appearance. In order to make it more believable, I let my clone pretend to go into seclusion for recovery from time to time. And use this chance to charge up the energy."

"Maybe Lei Yubai found something and was confident I couldn't do anything to him. That was why he dared to do this."

Lei Feifei nodded slowly. "And he doesn't dare to kill us because he wants to leave a way out for himself in case Grandpa is still alive."

Lei Yongzheng said with a killing intent. "If he truly thinks I will forgive him just because he leaves you two alone, I can only say that he's too naïve."

Lei Feifei sighed softly. "If Grandpa didn't do this, we would have been gone by now."

Lei Zhengxiang took a deep breath and said. "Since Grandpa is here, I will return the Divine Thunder Spark to you."

Lei Yongzheng quickly raised his hand to stop him. "You don't have to return it to me. It belongs to you to begin with. Moreover, I don't need it anymore. It has a little use to me."

Lei Yongzheng looked at Lei Zhenxiang attentively and said further. "Besides, the Divine Thunder Spark has already recognized you as its master. It's impossible for me to take back."

Just as Lei Zhenxiang was about to say something, the sky suddenly turned dark as a devil aura descended.

Lei Yongzheng was familiar with such an aura. He frowned deeply and said. "You two stay here. I will take a look at it."

When Lei Yongzheng came out of the courtyard, his face immediately became solemn as he could feel a terrifying pressure in the sky. Whoever did this was obviously beyond the scope of the Divine Foundation Realm.

"Brother Lei?"

At this moment, Ren MUYANG walked over and said in surprise upon seeing Lei Yongzheng.

"Brother Ren? Why are you here?" Lei Yongzheng was surprised to see Ren MUYANG.

"It's good that you're fine." Ren MUYANG was relieved to see his old friend. "Long story short, I came here to seek refuge."

"I see." Lei Yongzheng nodded gently.

Ren MUYANG looked at the sky with a deep frown. "What kind of power is this? I feel like I am a speck of dust in front of it."

"It's a power beyond the Divine Foundation Realm." Lei Yongzheng said solemnly.

At this moment, they saw Yun Lintian fly into the sky with a golden radiance. However, the golden radiance soon disappeared, and the world again plunged into darkness.

"Even Sect Master Yun cannot deal with it?" Ren MUYANG was shocked.

A while later, they saw a group of devils fly over but soon was brought down by Yun Lintian. This scene left Ren MUYANG dumbfounded.

On the contrary, Lei Yongzheng didn't feel anything wrong. He continued to look at the dark sky worriedly.

At this moment, Lei Zhengxiang and Lei Feifei walked out and looked at the sky solemnly.

"That should be the patriarch of the Sky Qilin Clan, right? Why did he appear here?" Lei Feifei caught a glimpse of Tianqi Junlai as the latter was brought into the skyship by Yun Lintian.

The next moment, the skyship quickly set off and disappeared from their line of sight.

"Leave it to Sect Master Yun." Lei Yongzheng said after a long silence. "This is beyond our reach."

No one had an objection. It wasn't that they didn't want to help, but they were simply powerless against it.

Lei Yongzheng turned to his grandchildren and said. "Let's go. We are going back."

The expressions of Lei Zhenxiang and Lei Feifei turned serious instantly. "Yes, grandpa."

After leaving the Northern Continent, Yun Lintian controlled the skyship toward the west for tens of thousands of kilometers before arriving at a hidden island, according to Tianqi Junlai's words.

The island was extremely small, like a tiny boulder when looking at it from above.

Yun Lintian put the skyship aside and slowly descended to the island.

Tianqi Junlai quickly drew a few complicated runes on the ground.

Buzz—

The complicated runes suddenly lit up, and a huge formation slowly appeared in front of everyone.

"Let's go." Yun Lintian glanced at it and brought everyone into the formation without hesitation.

After obtaining the Spatial Wheel, Yun Lintian could tell at a glance where the destination of the teleporting formation was. He naturally wasn't afraid of Tianqi Junlai's trick.

As the white light faded, Yun Lintian immediately found himself in a spacious cave. Judging from the aura, they had already arrived on the Western Continent without a doubt.

Just as Yun Lintian was about to move further, he was stopped by cold laughter.

"Hehehe. You did a good job, Tianqi Junlai."

Chapter 1303 Hidden Pawn

Tianqi Junlai's expression changed drastically when he heard the voice.

At this moment, Dai Ling and Pan Zongying appeared at the cave entrance.

"You're Yun Lintian?" Dai Ling glanced at Yun Lintian with a disdainful smile. "I thought you have six arms and heads or something. It turns out you're nothing but an ant."

On the side, Pan Zongying stared at Yun Lintian attentively, and her instinct immediately screamed at her, telling her this man was extremely dangerous.

"They are the two you told me?" Yun Lintian ignored the newcomers and asked Tianqi Junlai.

"Yes. They are Dai Ling and Pan Zongying." Tianqi Junlai calmed down and replied. Seeing Yun Lintian like this, he was confident that the two weren't Yun Lintian's opponents.

Dai Ling frowned in dissatisfaction when he saw Yun Lintian ignore him. Just as he was about to say something, Pan Zongying suddenly grabbed his wrist and ran directly.

A trace of surprise appeared in Yun Lintian's eyes as he saw this. It seemed this Pan Zongying had a sharp intuition.

Yun Lintian raised his hand slightly, and the space around the two suddenly constricted, preventing them from moving further.

Pan Zongying's face turned pale. She didn't expect Yun Lintian could grasp the laws of space of this world to this extent.

Initially, Dai Ling was dissatisfied with Pan Zongying's sudden action, but now he fully understood why she wanted to run.

Both of them tried their best to release their power, but no matter how hard they tried, they failed to break the space confinement in the end.

Yun Lintian took a step forward and reappeared in front of them.

He glanced at Dai Ling briefly before turning to Pan Zongying. "You're smarter than him. I believe you will answer my questions honestly."

"You!" Dai Ling was so angry that his ghastly pale face flushed red.

"Shut up!" Pan Zongying scolded Dai Ling.

She turned to Yun Lintian and said. "You can ask."

"I heard that you have a master. Who is it?" Yun Lintian asked.

"Our master's name is Jun Rong, a general under the Great Lord Mo Yan." Pan Zongying replied truthfully. "We came here to gain experience."

"Mo Yan... The third-ranked Great Devil one?" Yun Lintian was slightly surprised. He thought these two would be nothing more than a lackey.

"Yes." Pan Zongying responded. "I know that I am not in a position to bargain, but as long as you let us go, we will return to the Great Devil Realm directly and never come back again. At the same time, we will compensate all the losses we've made."

Yun Lintian curled his lips and said. "What are you going to compensate with? I don't lack money here."

"A piece of secret that could help you avoid a hidden danger." Pan Zongying said.

Dai Ling looked at Pan Zongying in disbelief upon hearing this. "You..."

"I said shut the hell up!" Pan Zongying glared at him. "Do you think the current situation is not bad enough?"

"You tell me, and I will consider it." Yun Lintian said.

Pan Zongying took a deep breath and said. "I don't know if you know this. It's not just my master and the Supreme Devil Lord who currently pay attention to this world."

"There's another person. The second-ranked Great Devil. Lord Mo Yu. Her pawn has been lurking here for a long time now."

Yun Lintian was surprised. "Who is it?"

"The current Myriad Pill Palace Master, Du Xiaotian." Pan Zongying replied firmly.

Yun Lintian, Yun Qianxue, and Tianqi Junlai glanced at each other in astonishment.

Pan Zongying said further. "Lord Mo Yu is well-versed in alchemy as well as soul-related techniques. I guess that she did something to Du Xiaotian."

"Is it true, Hongyue?" Yun Lintian asked in his mind.

"It's true. Mo Yu is well-known for her sinister alchemy and soul techniques." Hongyue answered. "However, I didn't see anything wrong with Du Xiaotian the last time we met. This is strange."

"How do you know?" Yun Lintian looked at Pan Zongying.

Pan Zongying took a small black pendant out and said. "This is a Black Devil Jade. It will react to strong dark energy."

As she said, she pressed the pendant onto Dai Ling's chest, which immediately glowed in a faint black light.

"If the target is weak, you will need to bring the pendant close to him like this. However, when I saw Du Xiaotian in the far distance, the pendant glowed several times brighter than this. Without a doubt, he is a devil. And a high-level one." Pan Zongying explained further.

She threw the pendant to Yun Lintian and said. "You can check it by yourself."

Yun Lintian caught the pendant and looked at it briefly.

"I know it doesn't explain everything." Pan Zongying said. "Before coming here, I heard my master say something about Lord Mo Yu's pawn. Looking at everyone in this world, except for Du Xiaotian, I don't see anyone that fits the description."

"Moreover, I heard that Du Xiaotian is proficient in alchemy. I wouldn't be surprised if he was truly Lord Mo Yu's pawn."

Pan Zongying looked at Yun Lintian and asked. "Whether he's the pawn or not, it doesn't matter to you, right? You have to kill him anyway."

Yun Lintian went silent for a moment and said. "Well, you're right. It doesn't matter at all. Du Xiaotian is always on my killing list."

"However, I don't understand how Du Xiaotian hides his dark energy from me."

Pan Zongying frowned slightly and said. "Honestly, I have no idea as well. He's no different from a human practitioner. If it wasn't for the pendant, I wouldn't notice as well."

"Perhaps it's a kind of powerful concealing technique."

Yun Lintian didn't linger on this topic further. He asked. "Do you know who is behind this?"

He pointed at the dark sky as he spoke.

Pan Zongying replied confidently. "It was Xue Jie. He's my master's subordinate. He's at the first level of the Divine King Realm."

"Do you know where he is right now?" Yun Lintian asked further.

"Although he's a genuine Divine King, he is quite cautious. If I guess correctly, he should be somewhere nearby the spatial tunnel where he could run away at any moment." Pan Zongying said after pondering for a moment.

Yun Lintian took a deep look at her and said. "Come with me."

Chapter 1304 Goodbye

"Your Majesty sent Senior here?" Inside a spacious hall, Murong Ziwei looked at the mysterious woman who appeared out of nowhere calmly.

Sitting beside her, Murong Xue's expression was calm as she reckoned this scene long ago.

"I'm here to bring you two back." The mysterious woman, Meng Wanxi, said calmly. Her voice was cold, but there was a trace of respect.

Murong Ziwei asked further. "Can I bring everyone with me?"

Meng Wanxi pondered for a moment and said. "Master didn't say anything about this. Everything depends on your decision."

Murong Ziwei was relieved inwardly. She thought it would be difficult to negotiate with Meng Wanxi. It seemed she thought too much.

"What about your senior sister?" Murong Ziwei turned to look at her daughter.

Murong Xue shook her head with a sigh. "She doesn't want to leave. She wants to stay here with our master."

She raised her head to look at Meng Wanxi and asked. "Can Senior help my junior brother solve the problem here before leaving?"

Meng Wanxi replied instantly. "I'm sorry. Master doesn't want me to intervene with anything here."

Murong Xue wasn't surprised about it. She nodded gently and said. "How long do we have?"

"It depends on your junior brother. However, the longer we stay here, the riskier the situation could become. My advice is to leave right away." Meng Wanxi responded.

"Can Senior find his current position? I want to talk with him before leaving." Murong Xue asked after a long silence.

Meng Wanxi's Divine Sense quickly spread, and soon, a trace of surprise appeared on her face as she discovered a few powerful individuals in this world.

Moreover, the moment her Divine Sense reached the Northern Continent, it was immediately cut off by a powerful force that she had no way of resisting.

"Found him." Meng Wanxi said.

The next moment, she waved her hand, and the three of them immediately appeared on a deck of a profound skyship. It was Yun Lintian's skyship.

The sudden appearance of the three startled Yun Lintian and the others.

"A Divine Emperor." Hongyue's voice resounded in Yun Lintian's mind. "And a peak one."

Yun Lintian returned to his sense and said. "Second Sister?"

"It's been a while, junior brother." Murong Xue said softly.

Yun Lintian cupped his fists toward Murong Ziwei and Meng Wanxi. "Junior Yun Lintian greets two Seniors."

"There's no need to be polite." Murong Ziwei said with a gentle smile. "Your strength has improved quickly to the point it can be called a miracle."

The last time Murong Ziwei saw Yun Lintian, he was still at the Saint Profound Realm. Now, he had already achieved a divinity. She couldn't find a word to describe this speed.

Murong Xue glanced at Dai Ling and Pan Zongying and said. "They are...?"

"They have some values." Yun Lintian responded. "By the way, why are you here, Second Sister?"

"I'm here to say goodbye." Murong Xue said softly with a trace of sorrow in her voice. Ultimately, she couldn't help Yun Lintian much and had to leave.

"Congratulations, Second Sister. I know that your identity is not ordinary." Yun Lintian said with a smile.

Murong Xue took a deep look at Yun Lintian. "Talking about an identity, I am nothing in front of you."

She paused for a moment and said further. "I originally planned to bring our big sister and master along, but they refused me. They want to stay here and help you."

"I'm sorry. Your Second Sister is useless. I cannot help you with this."

Yun Lintian hurriedly said. "There's no need to say this, Second Sister. You have already helped me by providing me a lot of crucial information during this period. I couldn't ask for more."

He looked at her and asked. "May I know your destination, Second Sister? Perhaps we can meet again over there."

Murong Xue's mood improved upon hearing this. "That's right. I believe you will eventually go to the Divine Realm... I'll be waiting for you in the Endless Dream God Emperor Realm."

When the words came out, Pan Zongying's heart trembled violently. Her eyes widened in disbelief as she stared at Murong Xue. Naturally, she knew who the Endless Dream God Emperor was, and Murong Xue seemed to have an unusual relationship with her.

She never thought there would be so many people with unusual identities in this lowly world... It seemed coming here was the worst decision she could make in her life.

"Ah!" Pan Zongying suddenly cried in pain and fell to the ground. Her body constantly twitched as if everything inside her was about to tear apart.

"Please raise your hand, Senior. She still has some values for me." Yun Lintian quickly said to Meng Wanxi.

Obviously, it was Meng Wanxi who made a move.

Meng Wanxi glanced at Yun Lintian and said. "If it wasn't for you, she would have died by now."

Yun Lintian cupped his fists. "Many thanks."

Meng Wanxi turned to Murong Xue and said. "It's time."

Murong Xue took a deep breath and stepped forward, giving Yun Lintian a light hug. "Be careful."

Yun Lintian patted her back gently and said. "See you later, Second Sister."

Murong Xue put a small blue jade in Yun Lintian's hand and said. "You can use this to contact me when you enter the Divine Realm later."

"Alright." Yun Lintian nodded firmly.

Murong Xue stepped back and said. "I'll be going now."

Meng Wanxi didn't waste time further. She waved her hand and brought Murong Xue and Murong Ziwei away directly.

At this moment, Pan Zongying got up from the ground. Her face was pale as a white sheet, and there was a trace of blood at the corner of her mouth.

"Thank you." Pan Zongying said sincerely. Without Yun Lintian, she would have gone by now.

Yun Lintian said calmly. "Let's go."

With that, he controlled the skyship toward the Central Continent. His destination was the spatial tunnel.

While Meng Wanxi brought Murong Xue and the entire Endless Dream Dancing Hall away, the woman in red was also sitting inside a spacious hall, calmly looking at the young woman in front of her.

If Yun Lintian was here, he would immediately recognize the young woman. She was no other than Li Na, the woman he molested back then.

"Not bad. Your talent is passable. I didn't come here in vain, at the very least." The woman in red nodded in satisfaction.

"Thank you, Senior." Li Na was overjoyed upon hearing this.

Chapter 1305 Battle Of The Pinnacle (1)

Li Na hesitated briefly and mustered her courage up to ask. "Senior, what about others? Can we bring them along?"

The woman in red smiled faintly and asked. "Do you think they are qualified?"

Li Na immediately shut up upon hearing this.

The woman in red suddenly chuckled and said. "Although they are not qualified, they have contributed something. I won't leave them here."

Li Na's eyes lit up, and she hurriedly bowed. "Thank you, Senior."

"Tell me about Yun Lintian. How much did you know about him?" The woman in red said gently.

Li Na was taken aback for a moment, and her face slowly turned red as the scene where she got violated by Yun Lintian appeared in her mind.

"Oh?" The woman in red curled her lips when she saw Li Na's expression. "Looks like there's something unforgettable between you two."

Li Na's face turned even redder. She took a few deep breaths to calm down and recounted the encounter between her and Yun Lintian.

After listening to Li Na's story, the woman in red burst out into laughter. "Hahaha! So, he molested you. Not bad. It means your charm is something."

Li Na could only lower her head in shame under the woman's tease.

The woman in red stopped laughing and said. "However, you have almost made the worst decision in your life by making an enemy out of him."

Li Na raised her head and asked curiously. "Can you tell me his true identity, Senior?"

The woman in red pursed her lips and said. "He's destined to be the ruler of the Divine Realm and beyond."

Li Na's eyes widened in shock. What kind of concept was that?

"However, his path will be filled with countless struggles and calamities. Whether he could survive through them, no one knows." The woman in red said further.

Li Na recalled the past event and Yun Lintian's recent deeds. For some reason, she believed that Yun Lintian would break through all the obstacles and reach the peak of the Divine Realm in the near future.

Suddenly, the woman in red frowned in surprise. "Oh? It seems Sister Meng has already left."

She got up from the chair and said. "Let's go. It's time for us to leave."

Li Na took a deep breath and said heavily. "Yes."

On the deck of the skyship, Yun Lintian looked at the devastating scene below with a frown between his eyebrows.

The Central Continent was regarded as the strongest out of the five continents, but they suffered the most under the invasion of the devils. Mainly, it was because the Azure Palace, Star Gazing Palace, and Myriad Pill Palace had no intention of defending it.

Yun Lintian glanced at Dai Ling and said. "Is this your deed?"

Dai Ling shivered and shrank his neck. He didn't dare to answer it.

On the side, Pan Zongying said calmly. "We are responsible for a part of it. There are other generals of the Gray Tomb Clan coming here."

Yun Lintian smiled faintly. "Well done."

Pan Zongying was slightly surprised. She looked at Yun Lintian's face attentively and couldn't guess whether Yun Lintian was being sarcastic.

Roar—

Suddenly, bestial roars resounded as Yun Lintian saw countless profound beasts go berserk and start destroying everything on their paths.

Seeing this scene, Yun Lintian's face turned solemn. He could deal with these profound beasts by killing them, but it would undoubtedly destroy the ecology cycle as Yun Ruanyu said.

However, had had no solution to this problem without killing.

Pan Zongying was smart. She could tell at a glance what Yun Lintian was worrying about.

She glanced at the profound beasts below and raised her hand gently, releasing her devilish aura.

Immediately, the violent profound beasts gradually stopped and stood still in place as if they were being hypnotized.

Yun Lintian looked at Pan Zongying in surprise. "How did you do it?"

"These profound beasts are infected by the dark energy, and what I just did was restrict the dark energy inside their bodies." Pan Zongying explained.

"However, it could stop them temporarily. If you need to completely solve this, you have to clean the dark energy inside them thoroughly."

"Wouldn't this mean you can control them at will?" Yun Lintian asked.

"In a way, yes. All I need to do is guide them through the dark energy." Pan Zongying replied truthfully. "But the influence of the dark aura of the Divine King is too huge for me to control all of them."

"Is there another way besides using the light energy?" Yun Lintian asked.

Pan Zongying looked at the dark sky and said. "You have to deal with the energy flow first, and then you can slowly clean the dark energy inside them by using the Profound Spirit Liquid or something with a strong vitality."

Yun Lintian nodded slowly. "I see."

Without thinking further, he quickly controlled the skyship toward Heavenly Cloud Mountain as he planned to ask Yun Xia to stop the energy flow temporarily while dealing with Xue Jie.

"You're finally here."

All of a sudden, a male voice resounded from the sky. When Yun Lintian glanced over, a familiar figure slowly emerged from the group of clouds.

This person was no other than Weilan Jian.

His entire body exuded a dragon's might, firmly suppressing Tianqi Junlai and the others except for Yun Lintian.

Although Weilan Jian's aura couldn't suppress Yun Lintian, he could still feel the powerful coercion from it. This was something he felt only when he faced Qingxuan.

"You finally show your face, huh?" Yun Lintian said calmly. "I thought you ran away with a tail between your legs long ago."

Weilan Jian was unaffected by Yun Lintian's taunt. He smiled faintly as he said. "The Beyond Heaven King's inheritance is truly extraordinary. It could actually make a useless young man like you this powerful in a short time."

Yun Lintian didn't want to waste time further. His aura abruptly surged, trying to pull Weilan Jian down.

"Roar!" Weilan Jian's eyes narrowed slightly. He suddenly let out a dragon's roar, causing the sky to tremble violently.

Moreover, Yun Lintian's powerful aura was actually suppressed by the roar. The momentum the aura carried gradually disappeared and was replaced by the endless dragon's might.

"That is the Primordial Azure Dragon God's blood origin. It's not something you can deal with just your aura alone." Hongyue's voice resounded in Yun Lintian's mind.

Chapter 1306 Battle Of The Pinnacle (2)

Yun Lintian's eyebrows involuntarily raised as he stared at Weilan Jian. It seemed this battle wasn't as easy as he initially thought.

"Although the Primordial Azure Dragon God is the head of all mythical beasts, it doesn't mean that other mythical beast's bloodlines are inferior," Hongyue said further. "Don't forget that you have three bloodlines inside your body."

Yun Lintian nodded inwardly and turned to Yun Qianxue. "Step back first."

Yun Qianxue didn't insist on fighting Weilan Jian together with Yun Lintian, as she was aware this battle didn't belong to her.

"Be careful." She said softly.

Yun Lintian turned to Pan Zongying and raised his hand, completely sealing her and Dai Ling's profound strength.

Pan Zongying was calm and composed, but Dai Ling was extremely furious. However, he could only swallow this anger in the end.

Yun Lintian also left Linlin and Qingqing with Yun Qianxue before jumping off the skyship, letting Yun Qianxue steer the skyship away.

Floating in the air, Weilan Jian looked at Yun Lintian with a faint smile. "Show me what you got."

Yun Lintian didn't say anything. His aura gradually surged as his pupils turned fiery red. A pair of Phoenix wings emerged on his back, and his long black hair was immediately covered with a scarlet flame, looking like a Phoenix's tail.

Weilan Jian's eyes narrowed slightly. "Divine Phoenix? Interesting..."

He took a deep breath and let out a deafening roar.

"Roar!"

A furious dragon roar instantly filled with awe-inspiring majesty reverberated through the air.

This dragon roar seemed to come from the very ends of the earth and the boundless depths of the ancient past.

It shook the heavens and the earth and completely blasted apart the mighty Phoenix aura of Yun Lintian.

Yun Lintian slowly raised his hand toward the sky and uttered. "Burning heaven."

Scree—

All of a sudden, the original dark sky ignited with a sea of scarlet flames, illuminating the entire world.

The unbearably scorching heatwave immediately spread down, covering the entire Central Continent, as if the world was about to be burned into ashes at any moment.

The cries of the Divine Phoenix reverberated throughout the space as countless flame clusters started exploding one after the other, flooding the area around Yun Lintian and Weilan Jian with an endless flow of scarlet light.

Weilan Jian's face sank slightly. He raised his arm, which was already covered with dragon scales, toward the incoming Phoenix flames.

"Disperse."

As his voice fell, a blooming azure-colored radiance instantly blasted out from his palm, lighting a part of the scarlet sky with its azure brilliance.

BOOOOOM——

The azure radiance and the sea of scarlet flame intertwined, strangling each other for a while before exploding out.

Amidst the explosion, Yun Lintian traveled across space and arrived behind Weilan Jian while sending a punch covered with a combination of the Phoenix flame and a purple thunder spark.

Boom!

As his fist touched Weilan Jian's back, Yun Lintian felt like he was hitting a steel fortress to the point his fingers produced a cracking sound.

At this moment, Weilan Jian's entire body was covered with azure-colored dragon scales, making him look like a draconic humanoid.

He slowly turned his head to look at Yun Lintian with his draconic eyes as if Yun Lintian's punch was nothing but a simple tickle.

"That's it?"

As his voice fell, Weilan Jian gathered his divine energy into his right fist and punched at Yun Lintian like a tornado.

Yun Lintian's pupils shrank as he could feel a tremendous power within this punch.

However, instead of backing off, Yun Lintian sent out a punch, welcoming Weilan Jian's fist head-on. If one looked closely, one would see his fist turn into a White Tiger's paw midair while releasing destructive thunder sparks.

BOOM!

There was a thunderous impact as the two fists collided. Yun Lintian's fist crumpled inward, accompanied by terrible cracking sounds.

Not only that, the terrifying energy sent Yun Lintian spinning through the air before smashing into the ground hard.

A similar scene happened to Weilan Jian. His body heavily smashed into the ground, causing the earth to split and dust clouds to float.

The ground on both sides was plowed at least fifteen kilometers before their bodies finally came to a stop.

In the far distance, Yun Qianxue, Linlin, and Qingqing exclaimed in shock, but they didn't hurriedly come forward as they could see Yun Lintian didn't suffer much.

They were surprised because of Weilan Jian's terrifyingly tough physique.

Bang!

The earth suddenly became ripped in half as Weilan Jian shot to the sky before falling slowly back to the ground. His face was expressionless, his clothes were perfectly clean, and his appearance seemed as magnificent as ever.

His draconic eyes stared at Yun Lintian with a serious expression on his face.

Boom!

Yun Lintian jumped to his feet while shaking his hand a few times to get rid of the numbness. Although several cracking sounds could have been heard earlier, his fist was still fine.

"What a tough physique. Is this the true dragon physique?" Yun Lintian said inwardly.

"The blood origin allows his physique to transform, and the dragon marrows are also being produced. From the look of it, he has currently achieved ten percent of the transformation." Hongyue said.

"Ten percent?" Yun Lintian was shocked. Weilan Jian's current physique already gave him an indestructible feeling. What about twenty and so on?

"As expected from one of the strongest physiques in the entire universe." Yun Lintian took a deep breath, and the Heaven Piercing Sword silently appeared in his hand.

Weilan Jian glanced at the exquisite sword in Yun Lintian's hand and said. "That is the Heavenly Sword? Not bad."

"How about trying it?" Yun Lintian said calmly, and his figure instantly flashed.

In that instant, Yun Lintian reappeared in the sky above Weilan Jian while pointing the sword upward.

"Rending heaven."

Buzz—

A golden light instantly shot out, splitting the clouds and painting the entire sky with its golden brilliance.

The next moment, Yun Lintian swung the sword down, causing the golden light to split the sky in half. When someone looked at it from a distance, one would see a golden wall falling from the sky.

Weilan Jian's face became serious for the first time. A long azure-colored sword suddenly appeared in his hand as he swung upward, releasing massive draconic energy to welcome the golden brilliance.

BOOOOM——

Chapter 1307 Battle Of The Pinnacle (3)

Two massive energy tides blasted each other off, razing everything nearby. Everything crumbled under the aftershocks, whether a forest or a mountain.

When the dust settled, Yun Lintian's expression froze as he looked at the azure-colored sword in Weilan Jian's hand.

Although he didn't use his full strength, the power of his earlier attack was enough to kill any Divine Foundation Realm experts. However, he didn't expect the sword in Weilan Jian's hand could actually block his attack.

Even though the Heaven Piercing Sword hadn't fully recovered yet, it was still considered the highest-level weapon among the top treasures in the Divine Realm... How could it be stopped by an unknown sword like this?

Weilan Jian shook the sword a few times to get rid of the numbness and said calmly. "Surprised?"

"The Heavenly Sword is surely a peerless weapon. Unfortunately, it has to meet my Azure Dragon Sword."

Weilan Jian raised the sword slightly and said further. "This sword was made of dragon bones and used the best heaven and earth flame to process it. Moreover, it was personally forged by the legendary blacksmith Tie Mutian himself."

Yun Lintian had an incredible expression on his face when he heard this.

"Before this, I didn't dare to use it because its tyrannical power was difficult to control." Weilan Jian said further.

"I will show you the true way of the sword."

As he spoke, Weilan Jian pointed the Azure Dragon Sword toward Yun Lintian. His aura gradually calmed down as if he possessed zero profound strength.

For some reason, Yun Lintian felt like he was being stared at by a gigantic dragon.

In that instant, Weilan Jian's aura abruptly burst out as an azure image of a dragon's talons appeared behind the sword in his hand. Then, he made a swift thrust at Yun Lintian.

Boom!

A sonic boom resounded as the azure dragon's talons tore the space apart and arrived at Yun Lintian's chest.

Yun Lintian's expression turned solemn, and he clenched his fingers on the sword tighter. Energy flooded his right arm as he swiftly swung the sword down, welcoming the image of the dragon's talons.

BOOOOM—

It sounded like the crack of a million thunderbolts. Hundreds of kilometers away, all the onlookers who had just arrived here because of the commotion abruptly lost control of their bodies and fell to the ground.

The world also shuddered visibly at the impact.

"Puff!" Blood spurted out as three deep wounds appeared on Yun Lintian's chest.

Meanwhile, Weilan Jian was sent flying for several tens of kilometers before managing to stabilize himself. A trace of blood slowly flowed out of the corner of his mouth as he looked at Yun Lintian in surprise.

Yun Lintian circulated his divine energy to ease the pain and glanced at his wounds with a frown. Weilan Jian's sword intent was far more lethal than he expected.

"Not bad. You can actually block it." Weilan Jian wiped the bloodstain out of the corner of his mouth and raised the sword slightly. "How about this?"

Roarrrr—

The moment Weilan Jian raised the sword, a gigantic azure dragon image immediately appeared vividly as if it had become alive.

At the same time, Weilan Jian's figure disappeared from the place and reappeared above Yun Lintian's head. His entire body was fully merged with the azure dragon image as he descended.

Yun Lintian didn't hesitate to activate the White Tiger God bloodline. His entire body was covered with white furs instantly, and an image of the White Tiger abruptly appeared behind him, glaring at the incoming azure dragon ferociously.

Roarr—

The deafening roars of the Azure Dragon and the White Tiger shook the entire sky, and everyone in the world could hear them.

Bang!

A loud bang abruptly resounded as Yun Lintian and Weilan Jian clashed.

This time, there was no pause between exchanges. Both Yun Lintian and Weilan Jian continued to clash head-on without stopping.

Every time they exchanged, they would end up drawing, making it look like they were still frozen in the middle of the gigantic spatial storm.

Boom!

BANG!

BOOM—

Power clashed against power. Holes appeared in the sky, and the ground gave way. The clash between the fully unleashed two peak existences constantly destroyed everything within thousands of kilometers.

Even the tiniest breeze from the storm of energy was capable of shattering any mountain. It was terrifying to say the least.

One... two... ten... a hundred...

Hundreds of rays of divine energy cut through the sky. Hundreds of explosions rocked the entire world and deafened the ears of everyone. Both combatants were still fighting, however.

"Back off... we need to back off some more!"

Many new and old onlookers were attracted by the commotion, and they were already far away from the battle, but the shockwaves from the clash were still too dangerous.

They had no choice but to retreat continuously.

Even Yun Qianxue and the others, who were protected by the skyship's protective formation, had to move away.

Wounds gradually appeared more on the bodies of Yun Lintian and Weilan Jian as they continued to trade blows. However, Yun Lintian's momentum constantly rose as time passed while Weilan Jian slowly fell into a disadvantage.

In terms of physique, the current Weilan Jian might be better than Yun Lintian, but when it came to divine energy, Yun Lintian was clear. With his Beyond Heaven Profound Vein, his energy capacity was several times larger than anybody in the world.

Weilan Jian's expression darkened as he discovered this. His eyes gradually lost all their calmness and were replaced with a fury.

He didn't understand why he couldn't suppress Yun Lintian after obtaining the Azure Dragon blood origin. It was the Primordial Azure Dragon God blood origin we were talking about, not an ordinary mythical beast bloodline.

"I guess this really is your limit." Yun Lintian's tone was tinged with disappointment. "I really thought you had something more when you puffed up your chest like a cock and stared like you were the almighty god or something. But no, you're just a lucky clown in the end."

Yun Lintian admitted that he was surprised by Weilan Jian's power and the Azure Dragon Sword at first, but he insisted on keeping his hand just to see what else Weilan Jian had.

He didn't even start using the power of the relics yet, but Weilan Jian had already shown his weakness.

This made his fighting spirits dim down slightly.

Chapter 1308 Battle Of The Pinnacle (4)

Weilan Jian's eyes turned cold. Great strength erupted from his body as he swung the sword down, creating countless dragon talons surrounding Yun Lintian.

BANG!

However, Yun Lintian naturally wouldn't fall for the same trick again. His figure turned into a shadow, causing all the talons to miss the target.

The next moment, he reappeared behind Weilan Jian and swung the sword vertically.

A burst of golden brilliance instantly filled the entire space, blinding everyone in the area.

Weilan Jian reacted quickly. His aura burst out as the dragon's scales on his body hardened up. At the same time, he twisted his body and brandished the Azure Dragon Sword toward the incoming attack from Yun Lintian.

An odd gleam flashed across Yun Lintian's eyes. His right pupil was instantly lit up with the Vermilion Bird flame, while his left pupil was ignited with the Phoenix flame.

The golden radiance released by the Heaven Piercing Sword was instantly mixed with the Vermilion Bird and the Phoenix flames, producing a lethal and terrifyingly scorching heat to fill the heaven and earth.

Enhancing by the White Tiger God's bloodline, Yun Lintian's action was a full second ahead of Weilan Jian's. Before the latter could block Yun Lintian's attack, his entire body was already engulfed in the endless sea of golden radiance.

At that moment, Weilan Jian's draconic aura abruptly withdrew like a tidal wave, making him unable to protect himself.

Boooom!

Amidst the explosion, Weilan Jian felt as though he was thrown into a pool of magma full of steel blades.

The sharp sword intents from Yun Lintian constantly penetrated Weilan Jian's dragon scales and sunk deeply into his flesh, causing him to bleed heavily in a split second.

Bang!

The impact blasted Weilan Jian away, sending him to the ground with a bang. He was buried deep into the ground he crashed into. Blood could be seen all over his body and soon formed a small pool underneath him.

His current appearance could be described as miserable to the extreme.

Above him, Yun Lintian descended at high speed and with a frightening aura to turn the space within two hundred kilometers of him scorching.

"Die!"

Just as Yun Lintian was about to finish Weilan Jian, several figures suddenly charged toward him in all directions. The powerful aura of multiple Divine Foundation Realm experts instantly locked down upon Yun Lintian like a solid steel cage.

These people were the Azure Palace's trump cards—the Dragon Guards.

Yun Lintian shot a sideways glance, redirecting his sword energy against the incoming blast.

Bang!

Yun Lintian successfully blasted all the twelve Dragon Guards away in one fell swoop, but he also had to do a backflip to stabilize himself in midair.

Although the sudden attack from the Dragon Guards could not harm Yun Lintian, it was enough to stop him from dealing a fatal blow to Weilan Jian.

When Yun Lintian completely stabilized himself. He suddenly discovered that Weilan Jian had already disappeared without a trace.

Without a doubt, Weilan Jian used some secret techniques to escape.

Yun Lintian's face darkened. His Divine Sense spread quickly and grasped a trace of a spatial imprint on Weilan Jian's earlier location.

"For the master!"

The twelve Dragon Guards got back up once again and launched their most powerful attacks toward Yun Lintian without holding anything back.

"Get lost!"

Yun Lintian uttered coldly. His body shone with gray light as the surrounding space distorted crazily, blasting all the incoming attacks in one go.

At the same time, he brandished the Heaven Piercing Sword horizontally, sending a sharp sword beam toward the Dragon Guards.

The sword beam was extremely fast and lethal. It swept over the twelve Dragon Guards altogether and cleaved them in half directly.

Yun Lintian paid no heed to them further. He shouted at Yun Qianxue. "I'll be back."

As he spoke, he looked at the spatial imprint on the ground, and a spatial rift immediately opened in front of him. He immediately stepped forward and vanished into the rift.

"Gulp..." Dai Ling swallowed hard as he stared at the scene blankly. It was at this moment did he realize how stupid he was to catch Yun Lintian back then.

Yun Lintian was obviously at the first level of the Divine Foundation Realm, but the power he displayed was beyond any Divine Spirit Realm he knew.

"Amazing... It seems master has just made a wrong choice to be his enemy." Pan Zongying let out a long breath she had been holding for all this time.

Tianqi Junlai was no exception. He was once again amazed by Yun Lintian's power.

If his father didn't sacrifice himself back then, he was certain that he and his Sky Qilin Clan would definitely be erased from the world's surface in no time.

"In the end, your vision is always on point, father." Tianqi Junlai murmured to himself.

"Let's go. Big Brother Yun has gone to the spatial tunnel now." Qingqing suddenly said as she perceived Yun Lintian's location through The Storm.

Yun Qianxue didn't hesitate to control the skyship toward the Endless Sea.

In the pocket space underneath the Central Continent, Weilan Jian clutched the wound on his chest with an unsightly expression.

He had miscalculated badly in confronting Yun Lintian head-on. He should instead leave this world directly as he planned in the beginning.

"Father." Weilan Tianjun quickly stepped forward when he saw his father appear. His eyes were full of incredulity as he couldn't believe his father would become like this.

"Leave now." Weilan Jian said and rushed toward the spatial tunnel.

Weilan Tianjun didn't hesitate to activate his movement technique and followed his father behind.

Buzz—

All of a sudden, the space behind them distorted, revealing a spatial rift.

At the same time, Yun Lintian walked out of the spatial rift and looked at the father and son with a cold gaze.

"Yun Lintian?" Weilan Tianjun was startled. This was the first time he saw someone travel through the void like this.

Meanwhile, Weilan Jian's pupils shrank. He immediately realized that Yun Lintian had been holding his power back all this time. His true strength must be several times higher than what he had displayed previously.

Yun Lintian didn't say anything. He pointed the Heaven Piercing Sword at the father and son. "Die."

In that instant, Weilan Jian grabbed Weilan Tianjun's shoulder and threw the latter toward Yun Lintian without hesitation.

At the same time, he turned around and rushed toward the spatial tunnel with everything he had under Weilan Tianjun's disbelieving gaze.

Chapter 1309 Dragon Sealing (1)

Yun Lintian sneered when he saw this scene. The moment he saw this father and son duo, he had already guessed it would end up like this. After all, Weilan Jian had a history of abandoning everyone around him.

Yun Lintian ignored the flying Weilan Tianjun and raised his palm to make a grasping gesture.

Immediately, the space ahead of Weilan Jian distorted and shattered, revealing terrifying spatial rifts.

Weilan Jian's face became even more ashen. He let out a ferocious roar as his Azure Dragon blood burned crazily.

His aura rose tremendously, exceeding the scope of the Divine Foundation Realm. A vast, endless pressure fell down from all directions, suffocating everyone on the Central Continent above.

Roar—

The deafening dragon's cry resounded through the air, and the seemingly boundless pressure concentrated on Yun Lintian. If it were others, they would've crumbled in both body and soul in just a couple of breaths already.

However, not only did Yun Lintian not look pressured in the slightest, a low chuckle escaped his throat.

"You think you can get away by burning the blood origin? I'm sorry. I have it as well."

As his voice fell, the White Tiger God's blood inside Yun Lintian's body started burning. His aura abruptly surged and quickly overwhelmed Weilan Jian's draconic aura.

Meanwhile, Weilan Tianjun, who was in between the two great auras, was crushed to the ground instantly. All of his bones broke directly, rendering him powerless to do anything further.

The release of the White Tiger God aura had caused the air itself to come to a standstill and the terrible pressure pressing down on Yun Lintian's body to dissipate like a pathetic gust of wind.

Weilan Jian struggled hard to get rid of the entanglement of space confinement. He brandished the Azure Dragon Sword frantically, but it was futile. Even the power from burning the Azure Dragon's blood wasn't enough to break it.

"Come here."

Yun Lintian uttered coldly. Weilan Jian immediately felt like he was tightly grasped by a pair of giant hands, pulling him toward Yun Lintian without a way of resisting.

Weilan Jian's face turned as white as paper. The gap between him and Yun Lintian was like heaven and earth. It was impossible to compare them.

Pa!

Yun Lintian tightly grabbed Weilan Jian's neck and exerted his divine energy into the latter's body, completely sealing his profound strength.

Weilan Jian was rendered powerless instantly. The dragon's scales on his body gradually shrank and disappeared, revealing Weilan Jian's rough skin.

His draconic eyes also disappeared, returning to their original eyes filled with despair.

"Im... impossible... impossible..." Weilan Jian muttered dazedly to himself again and again. He felt like he had been pulled into some sort of ridiculous dream. His shock was so overwhelming that he even forgot to struggle.

"Well, if it was the past, it surely impossible for me to fight you head-on like this." Yun Lintian chuckled coldly. "Unfortunately, I wasn't a weak young man who got bullied easily by all of you anymore."

Yun Lintian curled his lips and stared straight into Weilan Jian's eyes. "How is it? The despair feeling is uncomfortable, right?... But you don't have to worry. This is just the beginning. There's more to go."

Weilan Jian opened his mouth, but no words came out. His entire being was engulfed by a despair aura as he knew everything was over now.

"How to exact the dragon blood?" Yun Lintian asked in his mind.

"Leave him to me, My King," Lauya responded. "He had just burned a large portion of the blood origin. It needs to be recovered first before exacting it."

"Alright. I will have to trouble you." Yun Lintian said and opened the Gate of Beyond Heaven before throwing Weilan Jian inside.

Although he had a lot of things to talk about with Weilan Jian, including the mystery of the past, he knew it wasn't the right time to do it.

After sending Weilan Jian in, he shifted his gaze onto Weilan Tianjun, and his figure immediately reappeared beside the latter.

"You..." Weilan Tianjun shuddered. His face was ghastly pale without a trace of blood. Never did he think he would end up like this. He would have left the world without waiting for his father if he knew it beforehand.

"Weilan Tianjun. You've made my master and Xinyao suffer for a long time. I want to make you pay the way you did to them." Yun Lintian said coldly.

He opened his palm, and a wooden box appeared on it. When Yun Lintian opened the box, an ugly worm could be seen wriggling inside. This was the soul-devouring worm that Weilan Tianjun planted inside Lin Zixuan's body.

Weilan Tianjun's face was full of horror when he saw this. He struggled hard to get away, but he found himself unable to muster profound energy as if he was tightly pressed down by a gigantic mountain.

Yun Lintian took the worm out and grabbed Weilan Tianjun's jaw before forcing the worm into it.

It was as if it had found a new home. The soul-devouring worm quickly wriggled into Weilan Tianjun's body and penetrated his Soul Gate before gnawing at his soul.

"Argh!" Weilan Tianjun cried out in pain. His body twitched uncontrollably, trying to get rid of the pain.

"How is it? It must be very painful, right?" Yun Lintian said coldly. There was no joy from the revenge, but the anger in his heart lessened several degrees.

Yun Lintian calmly watched Weilan Tianjun wriggle for a while before throwing him into the Land of Beyond Heaven.

Next, he set his sight on the spatial tunnel. As long as he destroyed it, everything could basically come to an end. The only thing he needed to take care of afterward was the dreadful aura currently covering the entire world.

"Pa! Pa! Pa!"

All of a sudden, a clapping sound echoed from the depth of the area, and a few familiar figures gradually came into Yun Lintian's vision.

These people were no other than Xing Tengfei, Du Shoushan, Xing Yongnian, and Du Xiaotian.

"As expected from someone who inherited the supreme being's legacy. Your strength has truly exceeded my expectation." Du Shoushan said calmly.

He glanced at the Gate of Beyond Heaven and said. "So, this is your greatest secret. No wonder you could disappear and reappear anytime you wanted."

Yun Lintian frowned slightly upon seeing these people. He was certain that he had scanned the entire area before... Why didn't he notice them?

Chapter 1310 Dragon Sealing (2)

"I have to thank you for dealing with Weilan Jian. I have long seen him as an eyesore. It's so refreshing to see him being beaten like this." Du Shoushan said with a faint smile.

"You might be surprised why we could hide from your Spiritual Sense, right?" Du Shoushan was extremely relaxed as if he had long treated Yun Lintian as a passerby.

Yun Lintian frowned deeply. His pupils instantly turned golden, and the first thing that came into his vision was a dense dark aura flowing out in the world's core direction.

The dark aura was highly intense and massive, as if every bit of the dark energy in the world was concentrated here.

Yun Lintian immediately thought of something and subconsciously glanced at the calm Du Xiaotian.

Du Xiaotian's gaze met with Yun Lintian's. A smile gradually emerged on his lips as he said. "It seems you know it already."

As his voice fell, an eerie black mist gradually seeped out of Du Xiaotian's body. Two black-as-ink flames lit up in his eyes, making him look like a creature from a dark abyss.

At the same time, his aura constantly surged from the early level of the Divine Ascending Tribulation Realm to the peak of the Divine Spirit Realm directly.

"Hehehe... Fortunately, Supreme Lord Mo Tian's avatar left a dark pool here before leaving. Otherwise, I would need to take a lot of detours to release my power." Du Xiaotian said with faint laughter. His usually calm voice now became several times deeper.

Du Shoushan, Xing Tengfei, and Xing Renshu didn't seem surprised about the sudden change in Du Xiaotian. Without a doubt, they had already known about his true identity. And the reason they came together was that they had somehow made an agreement.

Buzz—

All of a sudden, the entire space was covered with a pitched-black barrier, sealing the heavens and earth.

Yun Lintian could feel his Divine Sense was being limited within this black space, unable to spread further.

At the same time, the divine energy inside his body slowly became stagnated, as if it was forcibly pressed down by something.

"Yun Lintian, oh, Yun Lintian. In the end, you are still a naïve young man." Du Xiaotian said with a chuckle.

"Supreme Lord Mo Tian's vision is surely unmatched. He had long predicted you would solve all the enemies and come here. That was why he prepared this Nine Hells Formation for you."

"Are you ready to receive the gift?"

Instantly, darkness flared as a fountain of blood immediately geyser out from where Yun Lintian stood. Countless skeleton hands protruded out of the ground along with miserable cries, searching for Yun Lintian.

In a split second, the entire space was ultimately turned into an abyss of hell!

Yun Lintian's expression sank. He didn't hesitate to brandish the Heaven Piercing Sword downward, blasting all the skeleton hands away.

At the same time, the Vermilion Bird flames were wildly dancing around his body, burning all the eerie aura and the dark blood away.

"Don't forget that he has spatial power." Xing Tengfei couldn't help reminding everyone upon seeing Yun Lintian effortlessly destroy everything around him.

"Hmph! This is just the beginning." Du Xiaotian said coldly. He raised his palm slightly, and a black light flashed.

"Uwaaaaah!"

Suddenly, shrill cries of countless babies abruptly resounded, filling the entire space.

At the same time, countless tiny corpses slowly emerged from the ground. When Yun Lintian glanced at them, his expression immediately froze as they were undoubtedly the corpses of little kids.

"How is it? I have been collecting them for all these years. Looks nice, right?" Du Xiaotian grinned evilly.

Yun Lintian immediately understood why Du Xiaotian always abducted countless children for these thousands of years.

His heart was instantly filled with a flame of fury. The Vermilion Bird flames around him abruptly burst out, sweeping all the tiny corpses and reducing them into ashes.

Du Xiaotian's eyes narrowed slightly. He spread his arms wide, and a vortex of darkness immediately appeared around Yun Lintian.

"Help me..."

"I want to kill you..."

"Where are you, mom? I'm afraid..."

Inside the vortex, countless skeletons could be seen wailing and cursing. Each word from them produced a powerful resentment to pierce into Yun Lintian's soul.

Yun Lintian's mind was instantly filled with multiple emotions—despair, anger, and sorrow. His divine energy inside his body immediately fell into chaos, and the Vermilion Bird flames around him gradually receded.

"As expected. His soul is not powerful." Du Xiaotian said with an evil smile.

Swoosh!

Seeing this scene, Xing Tengfei and Du Shoushan quickly moved. Their aura surged to the fullest as they held nothing back from attacking Yun Lintian.

Yun Lintian was instantly surrounded by a massive, lethal energy blast enough to reduce him into piles of meat.

However, before the intense blast could hit him, Yun Lintian's eyes abruptly regained clarity. At the same time, he opened his mouth and let out a deafening tiger's cry.

Roar—

The tiger's cry contained boundless rage practically shook the entire space, causing the souls of countless living beings on the Central Continent to tremble in fear.

Under the mighty roar, the black vortex and the energy blast from Du Shoushan and Xing Tengfei were blown away directly.

Among them, Xing Tengfei seemed to predict this move from Yun Lintian beforehand. The moment he saw Yun Lintian's eyes become clearer, he didn't hesitate to divert his divine energy and blast himself toward the spatial tunnel.

In that instant, Xing Yongnian appeared behind Xing Tengfei and released his power to the maximum, sending themselves into the spatial under Du Shoushan's incredible gaze.

"Where are you going?"

Just as the two of them could enter the tunnel, Yun Lintian's cold and emotionless voice resounded in their ears. The space around them was also distorted, confining the two of them in place.

Xing Tengfei's expression darkened. His entire body emitted a brilliant starlight as he shouted. "Break for me!"

The space shook violently, and the space confinement around him loosened immediately.

Xing Tengfei used this chance to blast himself into the tunnel with Xing Yongnian.

"Success!" Xing Yongnian roared with joy the moment he entered the tunnel.

Before he could look around, Yun Lintian's cold voice suddenly resounded once again.

"Really?"

Boooooom—

In that instant, a terrifying space turbulence blasted over, tearing Xing Yongnian and Xing Tengfei apart. All their protective artifacts instantly exploded without a chance to perform their duties...
