

Myth Beyond 1311

Chapter 1311 Dragon Sealing (3)

Xing Tengfei couldn't believe it. He had clearly entered the tunnel where it was outside of the Azure World's boundary, but he didn't expect Yun Lintian to be able to control the space here.

In the end, I miscalculated again... That was Xing Tengfei's last thought as his body and soul slowly dissipated into the turbulence.

By relying on divination art and information gathering ability, Xing Tengfei finally devised a plan to leave this world without risk.

However, before he could do anything, Du Xiaotian suddenly appeared and revealed his true identity, which forced him to change his plan.

He executed everything perfectly by using Du Shoushan and Du Xiaotian to distract Yun Lintian.

Unfortunately, Yun Lintian was an unpredictable variable he could never understand, no matter how hard he tried.

The scene where Xing Tengfei and his son were swept away by the space turbulence incredibly stunned Du Shoushan. First, he didn't expect Xing Tengfei to make such a move, and second, Yun Lintian's strength once again surprised him.

He didn't know anymore where the limit of Yun Lintian was.

An uneasy feeling crept into Du Shoushan's heart. He was certain that Yun Lintian could easily kill him as long as he lost the protection of Du Xiaotian.

"Heh. What an idiot." Du Xiaotian glanced in Xing Tengfei's direction with a sneer.

He turned to look at Yun Lintian, who was panting slightly and said. "It seems you have consumed a lot of energy by making that move."

Yun Lintian's face turned grim. He had indeed consumed a lot of his divine energy to unleash the Spatial Wheel's power earlier. Although he was confident in dealing with Du Xiaotian, it wasn't a good situation for him.

Du Xiaotian didn't say anything further. He raised his hand, and a huge wave of dark energy immediately blew toward Yun Lintian, forcing the latter back.

"Ugh..." Yun Lintian released his power to protect himself, but he could still feel the pain of having his flesh gnawed away by the dark energy.

In that instant, two black claws abruptly swept toward Yun Lintian from each side as they radiated the cold and lethal power of the darkness.

Rumble—

Yun Lintian raised the Heaven Piercing Sword, and the power of the Vermilion Bird immediately clashed with the incoming claws in midair. The two forces struggled to overcome each other as they became locked in a contest of strength.

"Go." Du Xiaotian glanced at Du Shoushan and said coldly.

Du Shoushan's heart sank to the bottom. The word he didn't want to hear the most finally came.

He gritted his teeth, releasing his power and rushing toward Yun Lintian with all his might.

Adding Du Shoushan's power immediately made Yun Lintian's figure look far too small and puny, overwhelmed by the darkness.

Seeing this, Yun Lintian didn't hesitate to mobilize the Thunder and the Storm.

Deep growls rumbled from Yun Lintian's throat as powerful thunder and storm energy burst out of his body, blasting everything away directly.

However, before Yun Lintian could deploy the next move, the space around him suddenly looked as if it was being squeezed as it furiously contracted again and again.

As the space around him became violently distorted, it almost seemed his body was starting to bend and twist under this horrific pressure.

At the same time, the surrounding dark energy constantly poured into the space, trying to penetrate every pore on Yun Lintian's body.

Yun Lintian's entire body trembled slightly as his face turned grim.

"It looks like this really is your limit." Du Xiaotian stared at Yun Lintian and spoke in a calm and languid voice.

"I don't know if I underestimated myself or overestimated your power, but to be honest, I'm very disappointed."

As Du Xiaotian calmly said those words, the Spatial Wheel inside Yun Lintian's body began to rotate, releasing a terrifying spatial power.

Rumble—

A huge explosion reverberated in the air as Du Xiaotian's power around Yun Lintian was blasted away directly, as well as the darkness.

The aftershocks instantly sent Du Shoushan and Du Xiaotian flying a few hundred kilometers away.

Buzz—

In the next moment, a thick golden sword beam abruptly broke through the scattering darkness, rushing toward Du Shoushan and Du Xiaotian in the distance.

Du Shoushan's face was filled with horrors. He hurriedly released everything he had, including all the treasures in his possession, to block the incoming sword beam.

BOOOM—

The golden sword beam penetrated everything in its path like a hot knife cutting through butter. All the artifacts Du Shoushan put forward instantly exploded one after another.

"No! SAVE ME!" Du Shoushan screamed in fright as the sword beam approached him.

Puff!

The sword beam mercilessly pierced Du Shoushan's head, causing his head to explode into pieces directly.

Another top figure, who stood at the peak of the Azure World for thousands of years, had died under Yun Lintian's hand just like that.

Meanwhile, Du Xiaotian's eyes glowed in black light. His aura dramatically changed as his body started spinning. A huge amount of dark energy erupted out of his body, enough to cover the sky and blot out the sun.

Boom!

The heavens and earth shook as the absolute darkness and the golden sword beam clashed. The golden sword beam that was extremely lethal had been pushed away directly in the following second.

At the same time, a huge wave of dark energy swept past Yun Lintian to smash into his body, causing him to spin uncontrollably in midair.

Du Xiaotian had morphed into a beam of black light, a beam which contained boundless darkness profound strength, as he shot straight for Yun Lintian.

Puff!

The profound defense Yun Lintian had just conjured was shattered directly. Du Xiaotian blasted straight into Yun Lintian's chest, opening up a huge black hole in it. A shower of pitch-black blood poured down from that hole.

Boom!

Yun Lintian was smashed onto the ground by the impact. Blood arrows show out of his mouth as his face contorted in pain.

"Die!" Du Xiaotian didn't waste his time. He ruthlessly launched another black light toward the unguarded Yun Lintian's head.

"This..." Inside the Land of Beyond Heaven, Madam Leisure looked at the scene in shock. She didn't expect Du Xiaotian to be this powerful.

"Are you going to watch like this?" She quickly asked.

Hongyue stared at the scene and said calmly. "He hasn't lost yet."

As Hongyue spoke, Yun Lintian, who looked powerless, suddenly morphed into a shadow and disappeared into the void.

BOOM—

Chapter 1312 Dragon Sealing (4)

"Hmm?" Du Xiaotian's eyebrows involuntarily creased together when he saw Yun Lintian disappear into the void.

He had clearly locked the entire space with the formation Mo Tian had left behind. It was absolutely impossible for Yun Lintian to execute the Shadow Step or travel through space like he used to do.

All of a sudden, Yun Lintian reappeared behind Du Xiaotian like a ghost and thrust the Heaven Piercing Sword toward the latter's back.

Du Xiaotian reacted quickly, sending a powerful kick to greet Yun Lintian's attack.

However, the moment his kick came out, Yun Lintian had already disappeared from the place and reappeared before him.

Boom!

A beam of golden light burst out, exploding against Du Xiaotian's timely protective barrier.

When Du Xiaotian was about to launch a counterattack, Yun Lintian had already vanished once again.

Yun Lintian kept leaving behind afterimages as he seemingly could shutter through the void at will.

As Yun Lintian seemed to flit in and out of the shadows at an extreme speed, Du Xiaotian's Divine Sense and body, which stood at the pinnacle of the Azure World, were completely unable to lock onto or follow Yun Lintian's figure and energy.

Meanwhile, one horrible wound after the other continued to appear on Du Xiaotian's body.

Boom! Boom! Boom!

Du Xiaotian wildly writhed in the air as he let out a furious roar. Countless black lights were instantly shot out of his body, exploding in all directions.

However, Yun Lintian didn't seem to be affected by it. He simply avoided the destructive power from Du Xiaotian in the void and came out after the explosion subsided.

Yun Lintian's figure suddenly appeared underneath Du Xiaotian. The Heaven Piercing Sword in his hand glowed in purple light, filling the entire space with purple thunder sparks.

In that instant, purple-colored lightning started howling down from the heavens like a million enraged dragons.

Crackle!

As the sound of thunder shook the world, the countless beings who lived on the Central Continent felt as if their very souls were being split in half.

Boom, boom, boom, boom, boom, boom, boom, boom, boom...

Thousands of thunderbolts wildly exploded into Du Xiaotian's body, the violent arcs of electricity dyeing his body in the shocking color of blood.

The innumerable thunderclaps swallowed up his cries of misery as his body was smashed to the ground.

The deep green light flashed across Yun Lintian's eyes. After that, a peerlessly dreadful storm started violently swirling around Du Xiaotian, who had just been thrown to the ground. As Yun Lintian's arm fell, it caused Du Xiaotian to smash into the ground once again.

Boom—

Hundreds of geysers of blood fountained into the air at the same time, instantly causing the land to be dyed in black blood.

Yun Lintian raised his arm again. When it fell, the storm that erupted from it swirled violently around Du Xiaotian's tattered body and lifted it up before sending it hurtling to the ground once more.

Boom—

Booom—

BOOM!

The entire Central Continent shook again and again. The heavens and earth seemed to be collapsing as Du Xiaotian was violently slammed against the ground repeatedly until all his bones broke.

He could not escape or struggle, and even his screams of pain and roars of anger were completely and mercilessly drowned out by the sound of the storm and the sound of his body slamming into the ground.

BOOOM—

A huge long crack opened up in the ground and almost seemed as if the entire pocket space was about to split in two.

Du Xiaotian's bloodied body was sent hurtling high into the air. The storm finally dissipated, and just when Du Xiaotian believed that Yun Lintian had run out of energy and his nightmare had ended, Yun Lintian's eyes suddenly blazed with a greenish scarlet light as the images of a Divine Phoenix and a Vermilion Bird appeared behind him.

Cries of Phoenix and Vermilion Bird shook the air along with everyone's soul as the skies instantly turned a blazing scarlet and green color, the color of intense flames.

Yun Lintian soared and positioned right above Du Xiaotian, whose body had been flipped over. His entire body started blazing with the two colored flames.

After that, he pointed the Heaven Piercing Sword at Du Xiaotian, and a scarlet and green sea of scorching flames exploded out, engulfing Du Xiaotian's entire being.

"Arghhhh!"

Du Xiaotian's miserable cries echoed throughout the space. Anyone who heard it would feel as if a demon was howling in despair.

Yun Lintian continued to swing the sword one after the other, sending the raging flames toward Du Xiaotian without mercy.

The combination of the blazing and gentle yet powerful flames pierced into Du Xiaotian's body. His skin, blood, and flesh were being mercilessly burned away until only the broken bones remained.

"Rending heaven!"

A golden pillar abruptly shot out of the Heaven Piercing Sword, illuminating the original dark space before cleaving down upon Du Xiaotian's bones.

The wall of golden brilliance plummeted and blasted everything below into smithereens.

Du Xiaotian couldn't be deader than this...

"Cough!" Yun Lintian fell from the air and landed heavily on the ground with a violent cough. Blood spurted out from his mouth continuously, and the hole in his chest bled even more terrifyingly.

As the golden brilliance faded, the surrounding darkness began to creep in, turning everything into a dark world again.

Inside the Land of Beyond Heaven, Madam Leisure looked at the scene with her mouth parted gently. She then let out a sigh. "As expected from the Beyond Heaven King. His successor is by no means weaker than him... If those people know about this, I'm afraid they will do everything to erase him the moment he steps into the Divine Realm."

Hongyue looked at the weak Yun Lintian and said. "He has overcome his limit once again... However, this is still far from ending."

As Hongyue spoke, a few figures emerged from the darkness. These people were none other than Yin Weizhe, Jue Kong, Ming Xun, and their subordinates.

"What a brilliant battle!" Jue Kong couldn't help saying this as he looked at Yun Lintian. He had witnessed everything from the beginning to the end. It could be said avoiding Yun Lintian was the best decision he had made.

Yin Weizhe didn't say anything. He raised his hand, and his aura immediately enveloped Yun Lintian.

Yun Lintian gritted his teeth, struggling to get rid of Yin Weizhe's grasp, but his current condition wasn't allowed.

"You still fall into my hand in the end."

Chapter 1313 Dragon Sealing (5)

Yin Weizhe looked at Yun Lintian with a cold smile. He had borrowed the Abyssal Master's power to conceal his aura and calmly waited for everything to play out here.

In the end, his plan was effective. He would be the one who reaped all the benefits.

Yun Lintian mustered his strength and tried to swing the Heaven Piercing Sword.

However, Jue Kong, who had witnessed many miracles from Yun Lintian, already anticipated this. The moment Yun Lintian's arm moved, his figure instantly appeared beside Yun Lintian and knocked the Heaven Piercing Sword out of the latter's hand.

Bang!

Yun Lintian felt as though his entire body was hit by a massive truck, making the original injury became more painful.

"Heh." Jue Kong looked at Yun Lintian's painful expression with a smile. "I haven't taken back what you did to me last time... Don't worry. We have plenty of time here."

Ming Xun glanced around the place and said. "We should quickly leave."

For some reason, he had a bad premonition in his heart. His intuition told him something unfavored was about to happen if they didn't leave.

Yin Weizhe didn't say anything. He quickly pulled Yun Lintian over and sealed the latter's profound strength before rushing toward the spatial tunnel.

Just as he was about to enter the tunnel, a powerful force abruptly burst out from the inside, forcing him to retreat.

Thump!

All of a sudden, the entire world shook violently as if it was hit by a huge asteroid. Whether Yun Ruanyu in the north or Nantian Xuanyu in the south, every living being in the world could feel it.

The original dreadful aura grew even more wildly. All the clouds in the sky roiled up crazily as if everything was about to collapse at any moment.

"What's going on?" On Heavenly Cloud Mountain, Yun Niu looked at the sky in confusion.

On her shoulder, Master Bai stared at the sky with a solemn expression. "They have finally made a move."

"Who are you talking about, Uncle Bai?" Yun Niu asked curiously.

Master Bai didn't answer. He glanced at Yun Xia in the distance and asked. "Are you going to watch it without doing anything like this?"

Yun Xia was calm, without any agitation on her face. She glanced at the sky and said. "Someone will take care of it."

Master Bai frowned slightly and glanced toward the Northern Continent thoughtfully.

"What the hell is going on here?" Jue Kong frowned deeply as he saw an irresistible aura.

"This power... It's even more terrifying than our Abyssal Master." Ming Xun's expression became serious.

Yin Weizhe looked at the unstable spatial tunnel thoughtfully. He glanced at one of his subordinates and said. "Go."

The man who got picked up by Yin Weizhe shuddered slightly. No matter how unwilling he was, he couldn't disobey Yin Weizhe. He gritted his teeth and rushed into the spatial tunnel.

When he drew closer to the tunnel, his entire body was abruptly torn apart and disappeared without a trace. It was as if he had just been deleted from the world.

This scene stunned everyone.

Ming Xun's face became even more solemn when he saw this. He took a deep breath and said. "Someone must be waiting inside."

Yin Weizhe frowned deeply and glanced at Yun Lintian. "Bring the magical door out."

Yun Lintian glanced at him and said. "I need to use my profound strength to summon it."

Yin Weizhe suddenly raised his leg and stomped down on Yun Lintian's arms and legs, breaking the latter's limbs directly.

"Ugh..." Yun Lintian groaned in pain. His eyes turned bloodshot as he stared at Yin Weizhe.

"You better be honest." Yin Weizhe said coldly and unsealed Yun Lintian's profound strength.

Yun Lintian immediately circulated the last bit of his energy to ease the pain and then summoned the Gate of Beyond Heaven.

When the gate appeared, Yin Weizhe and the others carefully scanned it. They couldn't feel anything particular from the gate but could tell it was a peerless treasure.

"What is inside?" Ming Xun asked.

Yun Lintian glanced at him and replied. "Don't you already guess about it? There's a pocket world inside."

"So, it's really a space treasure." Jue Kong said thoughtfully. He recalled the first time he met Yun Lintian. He seemed to find the answer to the mysterious appearance of Yun Qingrou and the others back.

"Open it." Yin Weizhe said calmly.

Yun Lintian hesitated briefly and let out a sigh before opening the Gate of Beyond Heaven.

The moment the gate opened, Yin Weizhe and everyone raised their guards and pried into it.

Immediately, everyone was astonished by the paradise-like scenery inside.

However, before they could investigate further, a powerful aura suddenly spread over from the inside, enveloping everyone in the scene.

The expression of everyone changed drastically. Yin Weizhe quickly grabbed Yun Lintian by his neck and said. "If you don't want him to die, stop right now."

As he spoke, he didn't forget to exert his strength on Yun Lintian's neck, causing the latter to groan in pain.

"How does it feel to fall into the enemy's hand?" Hongyue's voice suddenly resounded, making everyone more vigilant.

Yun Lintian felt depressed in his heart when he heard this. He wanted to say something, but Yin Weizhe's grasp was too tight, making him unable to utter a sound.

"Who are you?" Yin Weizhe asked solemnly. Although he didn't know the precise strength of the opposite party, his sharp intuition told him this woman was far stronger than him.

"Don't be depressed. At least you did a good job this time." Hongyue completely ignored Yin Weizhe. "You have overcome your limit, and your utilizing of the divine beast's bloodlines has improved by leaps and bounds. Except for some minor mistakes like the current situation, everything is on a passable level."

Hearing this, Yun Lintian felt strange inwardly. Normally, Hongyue rarely gave him a compliment. Why did she suddenly say this?

Yin Weizhe's heart went cold. He no longer hesitated and crushed Yun Lintian's neck, trying to kill him directly.

However, he suddenly discovered that Yun Lintian in his hand had already disappeared.

"W-What...?" Ming Xun and the others behind him were stunned by the scene as they saw a red illusory figure appear in front of the gate with Yun Lintian floating by her side.

Everything happened too fast. It was too fast for their brains to comprehend the situation...

Chapter 1314 Dragon Sealing (6)

Hongyue glanced at Yun Lintian and asked. "What were you planning to do if I didn't show up?"

Yun Lintian smiled wryly as he replied. "I planned to use the crown."

Hongyue shook her head slightly. "While it's a good choice, there's a better one. You have indeed burned the White Tiger God's blood origin as well as the Vermilion Bird and the Divine Phoenix, but you still have many relics to rely on. For example, the Spatial Wheel can be used even if your profound strength is sealed."

Yun Lintian was surprised to hear this. He didn't try it earlier as he thought all his relics would be sealed along with his profound strength.

"I told you before. The Divine Core is entirely different from the Origin Core. Those relics can be independent without relying on the core. It won't be sealed easily." Hongyue said further.

Seeing the two talking as if they didn't exist, Yin Weizhe and the others were furious. Their aura surged, filling the entire space.

Hongyue finally glanced at them and paused on Jue Kong. "I let you go last time because I thought you could be a stone-grinder for him. Apparently, you keep avoiding him like a coward. What a disappointment."

Jue Kong's face changed drastically. He believed that his soul-separating technique back then was perfect. Who would have thought this red girl noticed him and even let him go?

"Since that's the case. You shouldn't exist anymore." Hongyue raised her hand gently, and a red cut immediately appeared in the air.

Before Jue Kong could react, his entire body was torn apart into eight pieces. His soul was also scattered into pieces, leaving him no chance to perform the same technique again.

To his death, Jue Kong didn't even understand how this woman could be this powerful. Why would she let Yun Lintian suffer if she could literally annihilate everything on his path for him?

This scene made Yin Weizhe and the others dumbfounded directly. Although Jue Kong's strength wasn't high compared to the current Yin Weizhe, he was still counted as the Divine Foundation Realm's expert... He actually died just like that?

Ming Xun came back to his sense and didn't hesitate to activate his escaping technique. His figure was instantly covered with a black mist and disappeared from the place.

Hongyue didn't even glance at him. She simply pointed her finger toward the sky, and Ming Xun, who had already traveled more than a thousand kilometers away, was immediately torn into pieces, leaving a few lumps of meat behind.

"Ah..." All the subordinates behind Yin Weizhe exclaimed in shock. In that split second, all of them were beheaded directly as a red cut flashed in the air.

Hongyue had no emotion on her face. She, who killed more than a million divine beings, couldn't possibly feel anything by killing these ants.

She glanced at Yin Weizhe and asked. "You could avoid Lintian's Eyes of Heaven by mixing special dark energy with the spatial power you obtained from the Spatial Wheel's aura. I must say, it did give me a surprise."

"I can feel that special dark energy doesn't belong to you. Which means you have borrowed it from someone. And that person should be specialized in a concealing technique... If I guess correctly, your Abyssal World should be related to the remnants of the Blood Shadow God Emperor of the past."

Yin Weizhe shuddered upon hearing this. It was because everything Hongyue said was correct. His Abyssal World indeed had something with the Blood Shadow God Emperor of the past.

"And here I thought, where were those remnants gone to? They actually hide in a lower realm... Heh. It suits them well." Hongyue said with a sneer.

"Tell me. How did you come to this world?" She asked. Her aura immediately enveloped Yin Weizhe, preventing him from escaping.

Yin Weizhe gritted his teeth and said nothing. Anyway, he knew he had no chance of leaving here alive under Hongyue's nose.

"Ah... I gave you a chance, but you didn't cherish it." Hongyue waved her hand, and Yin Weizhe's body was torn apart directly. She extended her slender finger, and Yin Weizhe's soul immediately flew toward her.

A moment later, Hongyue said. "I see. It turns out there's someone behind all of this."

"What do you mean?" Yun Lintian asked curiously.

Hongyue shook her head. "I couldn't figure out who it was. This person must be highly proficient in the laws of space and time."

Yun Lintian was even more confused.

Hongyue looked at the strange energy pouring out of the spatial tunnel and said. "You should be worried about this first."

Yun Lintian turned to look at the spatial tunnel and asked with a frown. "This aura... Don't tell me it's a Divine Emperor's aura?"

"Wrong. It's a God Emperor's aura." Hongyue corrected.

Yun Lintian was shocked. "A God Emperor? What is this person going to do?"

"Of course. Destroying this world." Hongyue said calmly as if it was nothing to be concerned about.

Yun Lintian was taken aback. He stuffed a handful of healing pills into his mouth and flew toward the spatial tunnel.

"Back off," Hongyue said and pulled him back, preventing Yun Lintian from approaching the tunnel.

"What are you going to do?" She asked.

Yun Lintian answered without hesitation. "I will go out and take a look. Maybe I can stop this person."

Hongyue sneered. "You can't even deal with the Divine King's aura here, and now you want to clash with a God Emperor? Has your brain turned upside down by the injury?"

"But I cannot watch the world getting destroyed, right?" Yun Lintian said solemnly.

"Just wait and see. If this world could easily be destroyed, it wouldn't last until now." Hongyue said.

Yun Lintian suddenly thought of something. "You mean... The Dragon Sealing Formation?"

Hongyue pursed her lips and said nothing.

"It's been a long time since we met, Murong Mengyi." In the depth of the starry sky outside the Azure World, a handsome young man clad in white looked at a peerless woman in front of him.

If Yun Lintian was here, he would immediately find out the aura that seeped into the Azure World was exactly the same as the aura emitted by this man.

In the far distance, the beautiful woman with a white veil covering her face looked at the man and said calmly. "You have just broken the agreement by coming here."

Chapter 1315 Dragon Sealing (7)

"An agreement?" The man said nonchalantly. "It should be you who broke it first. Did you forget it?"

The Endless Dream God Emperor, Murong Mengyi, went silent.

The man said further. "During these past years, we have never sent anyone above the Divine King level to this tiny world because we respected the agreement."

"Since you broke it first, we no longer need to respect the agreement."

Murong Mengyi stared at the man for a while and said calmly. "I admitted that I had indeed sent someone here. However, she did ask your people to leave, but they chose to be stubborn."

"And if you truly want to talk about respecting the agreement. Heh. Xing Wanshen. I will give you a chance to think about it again. Don't think that no one notices what you did in secret."

The Star God Emperor, Xing Wanshen, went silent this time. His eyes flickered slightly as he said. "So, you're here to stop me?"

Murong Mengyi didn't say anything. Her aura gradually spread out and confronted Xing Wanshen's aura directly.

"Thousands of years ago, you lost me once. Do you think you can stop me this time?" Xing Wanshen said emotionlessly.

"How about adding me?"

All of a sudden, a charming voice resounded from the depth of the starry sky, and a fiery figure gradually appeared in everyone's sight.

This person wore a shoulder-revealing red robe wrapping around her seductive figure. Her face was covered with a red veil, leaving only her soul-stirring eyes open.

"Hong Hualian." Xing Wanshen's eyes narrowed slightly when he saw the woman in red. The newcomer was no other than the Red Lotus God Emperor.

"It's been a while, Sister Mengyi." The woman in red, Hong Hualian, greeted Murong Mengyi gently.

Murong Mengyi glanced at her and said. "Is everything done?"

"Yes. My people have already returned." Hong Hualian said softly. Her voice was incredibly charming, easy to cause men to lose their souls just by listening.

She glanced at Xing Wanshen and asked. "I know that you're not alone. Why don't you tell him to come out?"

As her voice fell, faint laughter suddenly resounded, and an old man in a blue robe slowly appeared in everyone's line of sight.

"Hahaha. Both of you are so energetic as usual." The old man said. He was the Eastern Ocean God Emperor, Hai Bolin.

He stroked his long beard and said further. "Why don't we take a step back? There's no benefit for us to fight here."

"Ask him." Hong Hualian glanced at Xing Wanshen. Since she appeared, Xing Wanshen had never withdrawn his aura in the slightest, as if he was determined to fight to the end.

Hai Bolin turned to Xing Wanshen and said. "Why don't we stop here, Little Brother Xing?"

While speaking this, he sent a sound transmission to Xing Wanshen. "I got a piece of news that person should be inside this world. You better be careful."

Xing Wanshen frowned slightly and glanced at the Azure World below with a hint of doubt.

"She has been disappearing for ages. Even if she did survive the previous battle, her soul should have been damaged greatly. It was impossible for her to recover in a short time. Not to mention it was the lower star we are talking about." Xing Wanshen said through a sound transmission.

"Anyway, it's still risky." Hai Bolin said. "Until we can confirm her condition, it isn't a good idea to act now."

Xing Wanshen frowned deeply and asked. "What's his opinion?"

"He didn't say anything about this. To him, it doesn't matter whether Yun Tian's successor can reach his master's height. He is confident of crushing that pitiful little guy at any moment." Hai Bolin said.

Xing Wanshen went silent for a moment and said. "I want to try."

Hai Bolin frowned slightly and let out a sigh. "Fine."

As he finished his sentence, his aura suddenly broke out and blasted toward Murong Mengyi and Hong Hualian like a massive tsunami.

"Leave him to me." Hong Hualian said calmly. Several crimson lotuses made of fire abruptly blossomed before her.

The flame lotuses quickly proliferated throughout the starry sky. At first, they had only been little dots of light amidst Hai Bolin's ocean aura, but one soon turned into a hundred, a thousand, and ten thousand.

The entire area was instantly dyed a crimson color. It was an incredibly beautiful and enchanting sight to behold.

Boom!

Two auras collided and completely negated each other.

Meanwhile, Xing Wanshen sent countless beams of starlight to surround the entire Azure World. As long as one beam hit it, the Azure World would definitely disappear.

Murong Mengyi naturally didn't allow Xing Wanshen to achieve his goal. Her aura surged, transforming into a brilliant sea of white light.

Boom! Boom! Boom!

One after the other. The white lights and the starlights clashed and pushed each other away.

The impact immediately shook the entire Azure World, causing countless people inside to look at the dark sky in fear. They didn't know what was going on, but they could feel the world was about to come to an end.

Xing Wanshen seemed to expect Murong Mengyi's move beforehand. He suddenly sent another thick beam of starlight toward her while taking this chance to send a blast toward the Azure World.

At the same time, Hai Bolin timely launched a massive ocean wave to keep Hong Hualian and Murong Mengyi busy, giving Xing Wanshen a chance to destroy the Azure World.

The expressions of Murong Mengyi and Hong Hualian changed drastically when they saw this scene. They released their power without holding back and blasted the attacks from Hai Bolin and Xing Wanshen away.

However, they were a split second late as Xing Wanshen's blast had already touched the Azure World. It was impossible for them to stop it now.

"No!" Murong Mengyi shouted anxiously. As a God Emperor, she rarely showed emotion, but the current situation was different.

"Let's see if you are still alive, Long Qingxuan." Xing Wanshen muttered coldly as his eyes fixated on the Azure World.

Inside the Azure World, everyone could see a looming shadow covering the entire sky. It was as if a pair of giant hands were about to crush the world.

Yun Lintian's expression was ugly. He roared. "Hongyue!"

However, Hongyue didn't seem to hear him. She calmly watched as everything folded.

While the whole world panicked, Qingxuan, who sat calmly in the pavilion, suddenly opened her eyes, revealing a mesmerizing pair of azure-colored draconic eyes...

Chapter 1316 Unsealed Dragon

Qingxuan glanced at the looming shadow in the sky and uttered coldly. "Unseal."

Roarrrrrr—

Instantly, the entire Azure World was enveloped with terrifying draconic energy, accompanied by a furious dragon roar filled with awe-inspiring majesty that reverberated through the air.

This dragon roar seemed to come from the very ends of the earth... from a bottomless abyss... from the boundless depths of the ancient past.

For a second, everyone felt like they had just heard the sound of an ancient dragon roaring inside their souls.

At the same time, a pale azure dragon's image appeared coiling around the Azure World, opening its mouth toward Xing Wanshen.

The starry sky where Xing Wanshen and the others stood was filled with apocalyptic draconic energy.

The incoming blast from Xing Wanshen was also smashed away by the sudden appearance of the azure dragon.

"The rumor is true... She's still alive, and her power doesn't seem weaker than in the past." Hai Bolin said with a heavy expression.

Since the primordial era, the dragon race was always regarded as one of the supreme races. Their noble bloodline was second to none among millions of races in the universe.

Long Qingxuan, the one and only daughter of the Primordial Azure Dragon God who directly inherited the purest bloodline, was well-known for her unmatched beauty and strength. Even the Heavenly Desolate God Emperor, who was regarded as the second strongest in the Divine Realm, didn't dare to fight her head-on.

In the past, the Primordial Azure Dragon God had mysteriously disappeared, causing the entire Dragon God Clan to fall into chaos, allowing the enemies to take this chance to scheme against them and successfully hunt them down.

Long Qingxuan fortunately escaped with the silver of life, but everyone believed she would eventually die at some point since her soul was severely injured.

However, no one would have guessed that she was actually hiding in the most dangerous place she could have chosen—the Azure World, where the Beyond Heaven King's legacy was placed!

"It's the Dragon Sealing Formation." Hui Bolin said further. "No wonder... No one above the Divine King could enter. I should have thought of it a long time ago."

The Azure World was extremely weird in the eyes of many God Emperors. No one above the Divine King Realm could enter the world, and as long as they tried to force their way in, they would immediately die.

At that time, everyone believed it was the Beyond Heaven King's means. After all, he was known for his boundless knowledge. It was normal if he could come up with a strange formation that no one could recognize.

With this notation, everyone, including Hai Bolin and Xing Wanshen, failed to notice the Dragon Sealing Formation that was well-concealed inside the Azure World.

After saying this, Hai Bolin didn't hesitate to withdraw his projection... That was right. The four of them here were nothing but projections. Their true bodies actually stayed back in their respective realms.

Xing Wanshen was no different. Since he had figured out everything, he didn't bother to stay behind anymore.

"Where do you think you are going to?" Murong Mengyi said coldly. She was about to release her power but was stopped by Hong Hualian.

"Don't, Sister Mengyi. Look at that." Hong Hualian raised her arm to stop Murong Mengyi and looked at the azure dragon.

At this moment, the azure dragon that was several times bigger than the Azure World raised its claw and slashed down, cutting open three dazzling azure lines through the space.

Instantly, Xing Wanshen's projection that was about to disappear discovered he could not go away. It was as if he was firmly locked by an invisible cage.

"You..." His eye widened open as he saw three azure lines cross the space and fiercely hit him, tearing his entire being apart.

Once his projection was destroyed, his soul would undoubtedly be damaged. This wasn't something he expected.

Xing Wanshen's projection scattered into pieces before slowly dissipating into the starry sky.

Murong Mengyi and Hong Hualian watched this scene with a trace of astonishment in their hearts. Even though he was just a projection, Xing Wanshen's strength was without a doubt not much inferior to his true body.

However, this Dragon Sealing Formation could actually destroy him in one strike... What a terrifying power!

Murong Mengyi calmed down and said. "I was careless earlier."

If she did better, Qingxuan wouldn't need to activate the Dragon Sealing Formation at all.

Hong Hualian looked at her and said gently. "It cannot be helped. Your injury hasn't recovered yet."

Murong Mengyi glanced at her "rival" briefly and said. "Yun Lintian will likely enter the Divine Realm in a few years. There's a high chance he would appear in your territory. At that time, I hope you could lend him a hand."

"That's natural," Hong Hualian responded. "It's not you alone who has a deep relationship with him, Sister Mengyi."

Murong Mengyi ignored her. She took a deep look at the Azure World and vanished from the place.

Hong Hualian took a glance at the Azure World and muttered. "You sure deployed many layers of protection for your successor. I hope he can live up to your expectation."

As she finished her sentence, her figure immediately disappeared.

"What's going on?" Yun Lintian looked at the dark sky that slowly regained its former brilliance. The activation of the Dragon Sealing Formation seemed to thoroughly clean Xue Jie's dark aura.

At the same time, the massive dark energy nearby the world's core was also dissipated at high speed. It was as if the world had gone through the biggest cleaning process.

"As expected from one of the most ancient formations. It's surely terrifying." Hongyue muttered to herself. The moment the dragon roared, she could feel a strong suppression that almost made her illusory figure disappear.

Hongyue was certain she could not resist it even if she did fully recover.

Thankfully, the formation wasn't aimed at her. Otherwise, she would have gone for good.

She glanced at the spatial tunnel and said. "Hurry up and destroy it."

Yun Lintian returned to his sense and gathered his strength before launching it toward the spatial tunnel.

Rumble—

The space around the tunnel distorted violently before the entire tunnel collapsed and completely disappeared a few breaths later...

Thud!

Seeing the tunnel collapsing, Yun Lintian let go of everything and fell to the ground, completely exhausted.

"It's finally ended."

Chapter 1317 Dust Settle

After killing Xing Wanshen's projection, the azure dragon glanced at the dark world in the distance coldly.

If one looked closely, one would notice the Azure World was floating between the Divine Realm and the Great Devil Realm. This was the reason the Abyssal World could connect with it.

Roar—

The azure dragon let out a furious roar at the Great Devil Realm as if it was giving whoever was over there a warning.

Afterward, it opened its mouth wide and swallowed the Azure World before rushing out toward the Divine Realm, disappearing into the depth of the starry sky... No one knew its destination.

"Lintian." Yun Qianxue arrived at the pocket space and hurriedly rushed to Yun Lintian's side.

Previously, this space was tightly locked up by the unbreakable dark barrier, preventing her from entering.

"I'm fine." Yun Lintian smiled weakly. The injury on his chest gradually healed up, but his divine energy was empty. All he needed right now was to sleep.

Linlin and Qingqing rushed over and carefully injected their power into Yun Lintian's body, helping him recover faster.

Meanwhile, Tianqi Junlai, Pan Zongying, and Dai Ling looked at the scene with complicated feelings. Although they didn't know what had just happened here, they were certain the enemies Yun Lintian faced were all the best of the best.

Facing such a bunch of formidable enemies, Yun Lintian could actually defeat them all by himself. From today onward, everyone in the Azure World would have to kneel down in front of him.

Dai Ling glanced at Pan Zongying and asked in a low voice. "What should we do now?"

His face was unsightly when he saw the spatial tunnel was no longer there.

Pan Zongying went silent for a moment and said. "This is better."

"Why?" Dai Ling didn't understand.

"Do you think Master will let you go when you go back?" Pan Zongying asked calmly.

Dai Ling's expression changed a few times, and he answered. "There's no reason for Master to kill us..."

"Idiot." Pan Zongying shook her head tiredly. She didn't understand why she tried so hard to keep Dai Ling alive back then.

"What do you mean?" Dai Ling was angry.

Pan Zongying didn't bother to take care of him anymore. She stepped forward and said to Yun Lintian. "What's your plan for me?"

Pan Zongying was aware that her existence had no value now, and she also couldn't think of anything to keep her alive. Hence, she simply asked Yun Lintian, letting him decide her fate.

Yun Lintian glanced at her and said. "You don't seem afraid of death."

Pan Zongying sighed and said. "Of course not. If I could choose, I would like to live longer."

Yun Lintian thought for a moment and said. "Well, I won't kill you for now."

He glanced at Dai Ling and continued. "However, I don't see any benefit in keeping him."

Dai Ling shuddered upon hearing this. His face went ghastly pale, and he subconsciously stepped back.

"Although he's stupid, his identity is special." Pan Zongying said calmly. "He's the youngest son of the Eternal Night City's city lord. One of the powerful Divine Emperors of the Great Devil Realm."

"I am aware that you aren't afraid of him, but killing his son here doesn't give you anything as well."

"Eternal Night City's city lord?" Yun Lintian frowned slightly.

"The Eternal Night City is one of the most prosperous cities in the Great Devil Realm. Although it cannot be compared to those cities under the Seven Great Devils, it can be ranked at the top." Pan Zongying explained briefly.

Yun Lintian thought for a moment and said. "Fine. I will keep him for now."

Dai Ling heaved a sigh of relief. Even though he got humiliated this way, his life could be saved at the very least.

Yun Lintian got up from the ground and said to everyone. "Stay here first. I'll take a look over there a bit."

As he spoke, his figure flashed, rushing to the world's core.

"You're here." When Yun Lintian arrived, the world's core immediately greeted him.

Yun Lintian scanned the place briefly and saw that there was no residual dark energy left.

He raised his head to look at the world's core and said apologetically. "I'm sorry for being late."

"You are thinking too much. Although that devil's formation is powerful, it cannot harm me." The world's core said.

Yun Lintian nodded slightly. "In the end, I didn't do anything much. If it wasn't for Qingxuan's Dragon Sealing Formation, this world would probably be gone by now."

"Everything happens for a reason. There's no need to belittle yourself." The world's core said. "However, you should go back and look at her as soon as possible."

Yun Lintian was puzzled. "Why?"

"To activate the formation on that level, the price she has to pay is unimaginable." The world's core said calmly.

Yun Lintian's brows involuntarily creased together upon hearing this.

"The position of the world has changed now. No one would be able to find it. At least, in a few thousand years." The world's core said further.

"Huh?" Yun Lintian was taken aback.

He quickly concentrated on his Divine Sense and soon discovered the world's aura had changed dramatically. The profound energy had become several times richer, and the energy flow was more stable throughout the entire world.

The energy flow was roughly the same whether it was the major city or the rural area. It could be said no matter where you were, you would be able to absorb the profound energy as much as others.

"What's your next plan?" The world's core asked.

Yun Lintian retracted his Divine Sense and said. "I won't be rushing to enter the Divine Realm. I want to develop this world first and settle everything before leaving. It may take a decade or so."

After constantly running for a few years, Yun Lintian wanted to take a good rest and enjoy the scenery. At the same time, he wanted to realize his dream of making the Misty Cloud Sect number one.

He tried to ensure that even though he was no longer here, the sect could continue to reign supreme forever.

"It's a good choice. After this battle, those people definitely keep their eyes on the Divine Realm more attentively. Once you show up, they will immediately come after you." The world's core said.

The world's core paused for a moment and said further. "Go back first. We have plenty of time to talk later."

"Alright." Yun Lintian nodded and left directly.

Chapter 1318 The Only Way

In the Moon Garden, Qingxuan slowly closed her eyes. Her face was pale as a white sheet, and a trace of blood could be seen leaking out of the corner of her mouth. Her aura grew unstable, but it soon calmed down.

"Senior?" Lin Xinyao walked over and asked with concern. She followed Qingxuan's aura here.

Qingxuan didn't say anything. She calmly took a few deep breaths and started meditating.

Lin Xinyao wanted to say something but held back in the end. She simply set up an isolating formation and guarded this place by herself.

"The wound in her soul is getting worse." On Lin Xinyao's shoulder, Mumu said with a solemn expression. "The Dragon Soul is the most difficult thing to treat. Once it's damaged, there's a high chance it will never recover for the rest of its life."

Lin Xinyao's heart sank. She asked solemnly. "There's no other way?"

Mumu went silent for a moment and suddenly thought of something. "There's a way."

"What is it?" Lin Xinyao quickly asked.

"You have to find a person with the purest Azure Dragon God's bloodline. It's better to be a man because he needs to copulate with her." Mumu shot a meaningful gaze at Lin Xinyao.

Lin Xinyao immediately understood everything.

According to the information she got, Weilan Jian had successfully refined the Primordial Azure Dragon God's blood origin not long ago. If Yun Lintian managed to capture him and extract the blood origin, he would certainly absorb it, which meant he would be the only person who could help Qingxuan.

Lin Xinyao was relieved as she said. "That's good."

"You're not jealous at all?" Mumu asked strangely.

Lin Xinyao smiled and said. "Why should I be jealous? The more women he got, the happier I would become."

Mumu pursed her lips. "What a weird way of thinking."

"However, I don't think you can be happy. I said it was impossible because Qingxua's affection for the Beyond Heaven King is scarily high. It's to the point she can disregard everything, including her entire clan and life, for him."

Lin Xinyao immediately went silent upon hearing this. Qingxuan would definitely disagree.

Mumu sighed and said. "She can live to this day mainly because of his request. Otherwise, she would have gone with him a long time ago."

In this regard, Lin Xinyao understood Qingxuan more than anyone. She would be the same if something happened to Yun Lintian.

"Can you tell me honestly? Is he really gone?" Lin Xinyao stared into Mumu's eyes and asked. "The more I think about it, the more I feel the Beyond Heaven King is likely to be alive."

Mumu's eyes flickered slightly. She went silent for a long time and said. "He can be alive and dead. I can only tell you this."

Lin Xinyao frowned deeply. "What does it mean? Is he alive in another form or something?"

Mumu shook her head. "As your strength grows, you will eventually know about it. There's no need to linger on this."

"What you should think about it right now is your fate. It is something you cannot escape."

Lin Xinyao went silent immediately. Her eyes flickered a few times as she thought of something.

Swoosh!

Suddenly, Long Shen appeared and glanced at the isolating barrier briefly before saying. "I got the news from Long Ying. Young Master Yun won the battle and is returning right now."

Lin Xinyao wasn't surprised as she was fully confident in Yun Lintian. "How about them?"

"Du Shoushan, Du Xiaotian, Xing Tengfei, and Xing Yongnian are dead. As for Weilan Jian and Weilan Tianjun, they are in Young Master Yun's hands." Long Shen replied. "I am thinking whether we should clean the rest up."

Lin Xinyao shook her head. "Wait until Lintian comes back. I believe he has his own plan."

Long Shen nodded. He glanced at the barrier and asked. "How is Senior Long?"

Lin Xinyao replied truthfully. "Her condition is getting worse."

Long Shen frowned deeply when he heard this. No matter how hard he racked his brain up, he couldn't think of a way to help Qingxuan.

He sighed and said. "I hope Young Master Yun has a way."

"Your obsession with him is something I can never understand." Standing in a garden, the Divine Phoenix looked toward the north and muttered to herself.

She was aware of everything that had happened during this period. When Qingxuan activated the Dragon Sealing Formation, the Divine Phoenix could only sigh to herself and lamented how lucky the Beyond Heaven King was to have such a peerless beauty sacrifice herself for him to this extent.

"What should we do next, My Lord?" Behind her, Nantian Xiulan asked.

The Divine Phoenix didn't turn around as she replied. "If you want to help Yun Lintian, you can try to eradicate the remnants of those lowly devils."

Nantian Xiulan responded solemnly. "Understood."

She hesitated briefly and asked. "My Lord..."

Without waiting for Nantian Xiulan to finish her sentence, the Divine Phoenix said. "I will leave this world, but not now. Wait until everything settles down first."

Although Nantian Xiulan had already expected this answer, she was still sad to hear it.

"My existence here is, in fact, not in my plan," The Divine Phoenix slowly turned to look at Nantian Xiulan and said. "However, I am grateful to be able to form a relationship with you all."

"My Lord..." Nantian Xiulan's eyes moistened. Her body trembled as she started to sob.

The Divine Phoenix looked at the sky and continued. "My Divine Phoenix Clan has unfortunately been uprooted by the enemy. I was supposed to be the one who stayed behind and did everything to let my descendants escape. However, they ended up sacrificing themselves for me."

"The moment I came to this world, I vowed to avenge them... And the time has come."

"My Lord, please let this lowly one follow you to the end." Nantian Xiulan suddenly knelt down.

The Divine Phoenix waved her hand gently, bringing Nantian Xiulan up from the ground, and said. "The enemy I am about to face isn't someone you can handle. Even I am not confident myself."

"I know how loyal you are as I have seen it myself for thousands of years. However, I don't want to burden you with my personal matter."

The Divine Phoenix looked into Nantian Xiulan's eyes and said further. "You have your descendants here, and they need you... If you truly want to find me in the future. You can talk with Yun Lintian. He will naturally enter the Divine Realm."

Chapter 1319 Settlement (1)

Nantian Xiulan wiped the tears out of her eyes and said in a trembling voice. "I understand, My Lord. I will definitely go to your side."

The Divine Phoenix didn't say anything further. She glanced at the prosperous Divine Phoenix Palace with a hint of emotion.

When she first arrived here with a grievous wound, she had no intention of creating a force. It wasn't until she met a kind young woman, who later became the founder of the Divine Phoenix Palace, did she decide to leave her legacy here.

As time passed, she gradually regarded them as her own kind and realized it was her best decision. Even if she died in the future, her bloodline would continue at the very least.

Unfortunately, she couldn't save that young woman in the end.

Nantian Xiulan grew up under the Divine Phoenix's kindness. Her life had nothing but the Divine Phoenix Palace.

As the second-generation Divine Phoenix Palace Master, she had witnessed everything the Divine Phoenix did for everyone. Although the Divine Phoenix might look lofty in everyone's eyes, her care for them was unquestionable.

Nantian Xiulan was also aware that the Divine Phoenix would eventually leave for the Divine Realm one day, and she vowed to follow her and serve her until the end of her life.

At this moment, Nantian Fengyu walked over and asked. "Can I go now?"

The Divine Phoenix glanced at her and said. "Still angry?"

"Hmph!" Nantian Fengyu snorted coldly and said nothing.

She had been practicing diligently because she thought Yun Lintian would fall into the enemy's hand like the vision the Divine Phoenix showed her before. However, everything didn't seem to be like that.

Although she was happy that nothing happened to Yun Lintian, she was still dissatisfied with the Divine Phoenix for preventing her from staying with her good junior brother.

"If I didn't show you that, would you become stronger in a short time like this?" The Divine Phoenix said with a faint smile. "Yun Lintian's progress speed isn't something anyone can chase after. He's destined to be the youngest God Emperor in history. At that time, do you think you can be with him?"

Nantian Fengyu pursed her lips, not knowing what to say.

"Even if you inherit the purest bloodline and possess the strongest Divine Phoenix Soul, it's still far from enough compared to him." The Divine Phoenix said further. "It's because I know your feelings for him that I don't want you to be left behind."

Nantian Fengyu went silent for a moment and said in a low voice. "Thank you."

The smile on the Divine Phoenix's face grew wider as she said. "Go ahead."

Nantian Fengyu hesitated briefly and asked. "Are you really leaving?"

"Why do you ask when you know the answer in your heart?" The Divine Phoenix said calmly.

Nantian Fengyu bit her lips with a tangled expression before saying. "Stay safe. Wait for me there."

As she finished her sentence, she turned around and left directly.

The Divine Phoenix stared at Nantian Fengyu's leaving back for a while and chuckled. "This little girl."

"Although she's a bit rebellious, I can see she genuinely cares about you, My Lord." Nantian Xiulan said with a smile.

The Divine Phoenix looked at her and said. "I'll leave her to you."

"Please rest assured." Nantian Xiulan said firmly.

"She actually... Alas, I don't understand why a woman like her falls for that irresponsible man." Master Bai watched as the dragon's roar dissipated with a sigh.

He turned to look at Yun Xia and said. "Her soul must be worse right now... In fact, you could have made a move, and she didn't have to do this at all."

Yun Xia calmly sipped a tea and asked. "Do you think she would allow me to do so?"

Master Bai opened his mouth, and no word came out.

Yun Xia looked at the clear sky and said further. "I always believe that our fate is in our hands, but I later discovered that sometimes we cannot defy it."

Master Bai let out a sigh and said in agreement. "You're right. As a practitioner, we are supposed to defy heaven and grasp our own fate. However, we are, in fact, too weak to do that... Even the Beyond Heaven King back then couldn't do it."

He turned to look at the sky and said further. "I don't know if that little guy can do what everyone failed to achieve in the end."

"He will." Yun Xia said calmly.

Master Bai was surprised to hear this, but he didn't ask further why she was confident about it.

"He's here." Yun Xia said as the skyship slowly emerged in the sky and descended upon the Heavenly Cloud Mountain.

"Grandma." Yun Lintian jumped out of the skyship with Linlin, Qingqing, and Yun Qianxue before landing not far away from Yun Xia.

"Senior Bai." Yun Lintian turned to greet Master Bai with a smile.

"Congratulations on successfully overcoming the tribulation." Master Bai said. "What are you going to do next?"

Yun Lintian responded. "I'll stay here for a few years to consolidate the foundation of my sect first."

"Well, not a bad idea." Master Bai nodded slightly. He glanced at Pan Zongying and Dai Ling and asked. "Why did you keep these little devils alive?"

Facing the white owl, Pan Zongying and Dai Ling felt as though they were looking at the God Emperor. When they heard Master Bai's question, their hearts sank immediately.

"They are the third-ranked Great Devil's disciples. Maybe they have some usages later." Yun Lintian replied casually.

"Oh? Mo Yan's disciples?" Master Bai looked at Pan Zongying and Dai Ling for a while and said. "Eternal Night Devil's bloodline and Calamitous Sound Demoness's bloodline... No wonder Mo Yan picks you two up."

Pan Zongying's heart shook upon hearing this. Her bloodline was extremely ancient that even many top devils might not be able to know it, but this white owl actually recognized it.

"Senior, are you the White Owl God Emperor?" Pan Zongying couldn't help asking.

Master Bai chuckled and asked. "Where is she now? She still owes me some debts."

Pan Zongying took a deep breath and said. "To tell Senior the truth, I have no idea as well. My Ancestor has been disappearing for more than ten thousand years."

"Oh?" Master Bai was slightly surprised. "Don't tell me she's running away? That's not right. With her personality, she shouldn't do that."

"Big Brother Yun!?" At this moment, Yun Niu ran over and shouted excitedly.

Chapter 1320 Settlement (2)

Yun Niu was overjoyed to see Yun Lintian again. She rushed over and grabbed his hand, swinging it gently. "You've finally returned."

Yun Lintian patted her head gently and said. "You've grown up a lot. What about the medical skill?"

Yun Niu said with a proud expression. "I have entered the Heaven level now. Hehe."

Yun Lintian wasn't surprised as Yun Niu's medical skill was personally taught by Yun Xia. He smiled and gave her a thumb-up. "Awesome."

On the side, Yun Qianxue watched the two interacting with a strange expression. She was aware that Yun Lintian was fond of children, but she felt there was something between the two. It was something she couldn't describe.

Yun Lintian turned to Yun Qianxue and said. "This is Master Bai, Yun Niu, and Grandma Yun Xia."

Yun Qianxue lowered her head gently and said politely. "Junior Yun Qianxue greets two seniors."

"This little girl's profound vein... Strange." Master Bai stared at Yun Qianxue curiously.

The last time they met, he didn't notice it. It was similar to Yun Lintian's Beyond Heaven Profound Vein but mixed with a gentle yet powerful element he had never seen before.

A strange light flashed through Yun Xia's eyes when she looked at Yun Qianxue. Unlike Master Bai, she recognized the strange element inside Yun Qianxue's body. It was no other than a power of Chaos.

The power of Chaos was said to be the first element that the universe produced. More precisely, the universe was born out of the Chaos element gathering together.

"Can you show me your power?" Yun Xia asked. Normally, she didn't care about other things, but Yun Qianxue's existence made her curious.

Yun Qianxue glanced at Yun Lintian and saw the latter nod his head.

She took a deep breath and raised her finger. Immediately, a dark purple light flashed, illuminating the surrounding area and causing the space to twist.

"What kind of power is this?" Master Bai was shocked. Although the strength of the power Yun Qianxue displayed wasn't strong, the property of it was something he couldn't comprehend. It could be said this was the first time he encountered this kind of power.

"Sure enough. It's the power of Chaos." Yun Xia muttered to herself.

She glanced at Yun Lintian and asked. "Her profound vein came from the Crown's power, right?"

Yun Lintian nodded and explained. "Back then, I couldn't bear the Crown's transformation power and was on the verge of dying. She rushed over to help me and was affected by the unstable power. It changed her profound vein entirely."

"In order to maximize her profound vein, I chose the Chaos Goddess Sutra for her to practice."

"Chaos Goddess Sutra... No wonder." Yun Xia immediately enlightened.

She looked at Yun Qianxue and said. "Your future is limitless. As long as you keep progressing, your strength won't be inferior to his... Perhaps, it would be even stronger."

Yun Qianxue was surprised to hear this. She underwent intense training inside the Eternal Frozen Cave under the Chaos Goddess's guidance, but the latter never told her anything.

She also had no idea about the ceiling of the Chaos power, as no one explained it to her.

"Senior, you understand it?" Yun Qianxue asked.

Yun Xia shook her head and said. "The Chaos power is definitely the most complicated in the entire universe. No one has truly understood it. Not even the previous Beyond Heaven King."

"I merely read about it before and never see anyone with this power... You are the first one so far."

Yun Qianxue nodded slowly. It seemed she had to find a way to contact the Chaos Goddess as soon as possible.

"Would it be dangerous?" Yun Lintian suddenly asked.

Master Bai was the one who spoke first. "Of course. Once those old bastards know about this, they will do everything to capture and strip her power. So, it's better for her to stay here first. Wait until you can gain a foothold in the Divine Realm, and you can bring her away."

Yun Lintian turned to Yun Xia and heard the latter say. "He's right on this one. Even though there's no one who can truly understand it, it doesn't mean they can't recognize it. Just like he and I. We can see it at a glance."

"I see." Yun Lintian looked at Yun Qianxue and said. "Actually, I planned to go the Divine Realm alone, to begin with. I don't know what kind of danger awaits me up there. Going alone is the safest way for me and for everyone."

As someone who read a lot of novels, he didn't want to encounter a dramatic situation where he got separated from his people midway through the upper realm. That was why he decided to go alone no matter what.

Although Yun Qianxue was unwilling, she knew it was the best way for everyone.

She said gently. "I know."

Yun Lintian smiled and said. "Don't worry. I think it won't be long before I can gain a foothold."

Hearing this, Master Bai and Yun Xia subconsciously glanced at each other as if they disagreed with Yun Lintian's words.

Yun Xia tried to change the topic. She took out a gorgeous white armor, exuded a majestic aura, and handed it to Yun Lintian. "It took a long time to finish this because I couldn't use my full power here."

Yun Lintian looked at the white armor and asked curiously. "This is..."

"It made of the God Forsaken Tribe's bones you gave me back then." Yun Xia said. "In order to suppress its tyrannical power, I planted nine layers of seal in it. You can slowly unlock it as your strength grows."

"At its true form, it could withstand a God Emperor's strike with no problem."

Yun Lintian was shocked by the power of the armor. He couldn't help looking at Yun Xia suspiciously. For some reason, he felt that Yun Xia deliberately slowed the forging progress. After all, with this armor, it would be easy for him to fight all the past enemies without much effort.

Yun Xia didn't say anything further. She handed the armor to Yun Lintian and slowly sipped the tea as if nothing had happened.

"Thank you." Yun Lintian said gratefully.

He stroked the armor a few times and put it away. He would explore its function later.

Yun Lintian looked toward a group of people below and asked. "How did they come here?"
