

Myth Beyond 1331

Chapter 1331 Establishment (3)

"No... Ancestor is... dead?" Inside the Star Gazing Palace, more than a hundred people had utterly shocked expressions when they received the news.

The death of Xing Tengfei, Xing Yongnian, and Xing Renshu was like a tornado, blowing everyone's mind away.

"Calm down. We have to think of a solution first. Yun Lintian will definitely come here later." An old man clad in white said. His words carried a majestic aura, which made everyone calm down.

He was the treasury's guardian, Xing Mu, one of the strongest members. Since Xing Guiren, the former Supreme Elder, died under Xing Chen's scheme, he had to come out and take over the position.

"We can use the Star Annihilation Formation to deal with him. No matter how powerful he is, I don't believe he can withstand it." One of the elders, Xing Ye, said.

"Why are you so sure? Don't forget that even our Ancestor had to lower his head in front of him. If he could use the formation to deal with Yun Lintian, he would use it long ago when Yun Lintian came here." Another elder, Xing Yu, said.

At this moment, Song Jia, who deeply hated the Star Gazing Palace, stepped out and said. "I suggest that everyone submit to Sect Master Yun."

Immediately, all eyes turned to Sun Jia.

"Submit to him? Do you know what you're talking about, Sun Jia?" Xing Ye glared at Sun Jia coldly.

Facing everyone's gaze, Sun Jia wasn't afraid at all. He smiled and said. "Do you all remember that I went to invite Sect Master Yun to the conference last year?"

"What do you mean?" Xing Ye frowned.

"I want to tell all of you that you have no idea what kind of power he possesses." Sun Jia said calmly. "I caught a glimpse of the Misty Cloud Sect's power back then. Believe it or not. I can only say that their strength is several times higher than us combined."

Xing Ye and the others frowned deeply.

"You're talking nonsense, Sun Jia. According to the Star Pavilion's reports, they are nothing but a bunch of Saints. And you said they are stronger than us?" Xing Ye shook his head.

Sun Jia chuckled and said. "I am nothing but an outer elder. I've already said what I should say. Everything depends on all of you."

He paused for a second and said with a meaningful smile. "Don't forget the Star Pavilion is not the only one that can gather information in this world."

"Sun Jia, I remember that you are dissatisfied with our palace. Why are you trying to remind us of this?" A middle-aged man, one of the outer elders like Sun Jia, asked.

He heard Sun Jia express his dissatisfaction with the Star Gazing Palace at a banquet. Sun Jia was drunk at that time. He poured all of his bitterness and hatred out unconsciously.

Hence, watching the Star Gazing Palace crumble in Yun Lintian's hand should be something Sun Jia wished for. Why would he suddenly want to save this place?

Several auras immediately locked onto Sun Jia when his words came out, causing him to tremble.

Xing Ye glared at Sun Jia coldly and said. "What are you trying to achieve?"

"You got me wrong." Sun Jia said in difficulty. "I indeed hate this place, but what I hate the most is the palace master. Since he is dead now, I naturally don't want to see this place follow him into the grave. After all, I have been living here for years. I still have some affection for it."

Everyone looked at Sun Jia's eyes attentively and discovered the latter didn't seem to lie. They could only turn to Xing Mu, waiting for his decision.

Xing Mu waved his hand to dissolve the aura around Sun Jia and asked. "Tell me your thought."

Sun Jia wiped the sweat out of his forehead and replied. "As I said, the only way for the Star Gazing Palace to survive is to surrender to Sect Master Yun."

"Sect Master Yun is, in fact, not a cruel person like Weilan Jian or Ancestor Xing. Although there's a grudge between him and us, it's not that deep. It was Ancestor Xing who had a deep grudge against him. Since he's already dead, I believe Sect Master Yun will certainly spare us."

Xing Mu's eyebrows raised slightly. "It seems you're confident that the Star Annihilation Formation cannot harm him."

Sun Jia took a deep look at Xing Mu and said. "With all respect, Elder Mu. Do you really think it can stop Sect Master Yun?"

Xing Mu went silent for a while and shook his head. "As Xing Yu said. Even our Ancestor had to lower his posture in front of Yun Lintian. I couldn't say I knew him well, but a cautious person like him would never do something he was unsure about. Since he didn't dare to use the formation to deal with Yun Lintian, it meant he had no confidence at all."

"Therefore, I don't think the formation can do anything to Yun Lintian."

"And it will definitely lead us to hell once we start it." Sun Jia added.

Sun Jia looked at Xing Ye and asked. "Fourth Elder, have you ever noticed that the information of Yun Lintian from the Star Pavilion was too obvious?"

Xing Ye frowned slightly, recalling the information about Yun Lintian that he got from the Star Pavilion. Suddenly, he discovered that it was like Sun Jia said. Yun Lintian's information was too transparent. It was as if someone deliberately let the Star Pavilion know it.

"You mean...?" Xing Ye became uncertain.

Sun Jia nodded. "When I traveled between the continent back then, I discovered something strange. There seemed to be a group of people lurking behind me all the time... Not just me, but every Star Pavilion branch had also been watched."

"The concealing ability of these people was top-notch. I even suspected that they deliberately showed themselves for me to notice. Otherwise, I wouldn't have detected the abnormality at all."

Sun Jia took a deep breath and said with a serious expression. "Although I am not sure whether they are Sect Master Yun's people, they are standing on his side for sure."

A chill ran down everyone's spine upon hearing this. If Yun Lintian had truly mastered the information, it meant everyone had been deceiving for all this time. And this included Xing Tengfei and Xing Yongnian.

It was at this moment did they realize what kind of monster they were facing.

Chapter 1332 Establishment (4)

Everyone in the world knew that the Star Gazing Palace was famous for the information gathering ability. It could be said there was nothing under the sky that they didn't know.

However, they didn't expect someone to actually feed them false information and deceive them for years. What was more ridiculous was that they didn't even notice it.

If the outsiders knew about this, all the reputations the Star Gazing Palace had accumulated for years would be gone instantly.

Xing Mu closed his eyes and leaned back, falling into deep contemplation. Since he was born, the Star Gazing Palace had never declined to this level before. If he was honest with himself, he didn't think this place had a future.

A moment later, he opened his eyes and said. "We will surrender to him."

"What!?" Xing Ye and many elders were stunned.

"Why did you give up before even trying, Elder Mu? Even though Yun Lintian is strong, it's not certain that he can withstand the formation." Xing Ye said in a deep voice. He was unwilling to see the Star Gazing Palace fall into Yun Lintian's hands.

"That's right! We cannot give up just like this."

"We're the Star Gazing Palace. How could we bow our head to an outsider?"

Several elders clamored one after the other. They used to have high status and enjoy various benefits. To let them leave these things, they'd rather fight to death.

Xing Mu watched as these people made noises. His face was calm, and there was no other emotion in his eyes.

After the voice slowly subsided, Xing Mu looked at Xing Ye and asked. "Are you sure you want to try it?"

Xing Ye hesitated inwardly, but he couldn't refuse now. He gritted his teeth and said. "Yes. I want to try."

Xing Mu looked at the elders who had clamored earlier and asked. "All of you as well?"

The elders glanced at each other and said. "Yes."

Xing Mu nodded slightly. "Very well. All of you can fight Yun Lintian as much as you want. At the same time, you have to bear the following consequence by yourself. I won't participate in it."

"What..." Xing Ye's expression changed drastically. Among everyone here, Xing Mu was the strongest. How could they fight Yun Lintian without him?

Xing Mu said further. "Those who decided to surrender can follow me. Although I can't guarantee everyone's safety, there's a higher chance of surviving than fighting Yun Lintian."

Sun Jia was the first person to speak. "I will follow Elder Mu."

As he spoke, he quickly walked to Xing Mu's side.

"Me too."

"And me."

Soon, there were only twenty people left by Xing Ye's side. The rest went to Xing Mu's side, waiting for Yun Lintian's arrival.

"This..." One of the elders on Xing Ye's side started to hesitate upon seeing this scene. The courage he had earlier had died down as well. Even Xing Tengfei couldn't fight Yun Lintian. Let alone twenty Monarchs. This was no different from courting death.

Thinking of this, he no longer hesitated and moved to Xing Mu's side.

Seeing this, another nineteen elders beside Xing Ye glanced at each other and walked to Xing Mu's side, leaving Xing Ye standing there alone in a daze.

Xing Yu looked at his good brother and said. "Do you want to continue?"

"I..." Xing Ye came back to his sense, and his face flushed red in both embarrassment and anger. Even if he did use the Star Annihilation Formation, he was alone, after all. How could he fight Yun Lintian?

In the end, he let out a sigh and said. "Fine. We will surrender to him."

"Pa! Pa! Pa!"

As his voice fell, a clapping sound suddenly resounded from the outside, causing everyone's face to change.

"Not bad. This saves a lot of my time." Yun Lintian slowly walked into the hall smiling, followed by Yun Qianxue and the others.

Seeing this, everyone's heart fell to the bottom. Yun Lintian had obviously arrived here a long time ago, but they couldn't even notice it. Even the alarming formation didn't trigger.

This meant if Yun Lintian wanted to kill them, they would have become cold corpses by now.

"I always heard someone from your palace say when the situation is bad, gamble; when the situation is good, play it safe. I thought all of you would take a gamble." Yun Lintian arrived at the center of the hall and said.

Xing Mu didn't dare to sit on the high seat anymore. He quickly walked down and said. "It was already a thing of the past. In front of the absolute strength like Sect Master Yun, who would be foolish enough to gamble?"

Hearing this, Xing Ye's face twitched slightly. Obviously, he was the fool in Xing Mu's words.

"Why are you so sure that I possess an absolute strength?" Yun Lintian asked with a strange smile.

Before Xing Mu could reply, Yun Lintian said further. "Open the formation and use it to attack me."

"What!?" Xing Mu and the others were stunned. They thought they had misheard something.

Xing Mu came back to his sense and looked into Yun Lintian's eyes. Immediately, he knew that Yun Lintian wasn't joking about it.

On the side, Xing Ye was overjoyed inwardly. He couldn't wait to activate the formation right away.

Xing Mu went silent for a moment and said. "Since Sect Master Yun said so, I won't stop you. However, I have to remind you that the formation is extremely lethal."

"Don't worry." Yun Lintian was lazy to say further.

Xing Mu glanced at the elders behind him and said. "Activate the formation."

With a swoosh, Xing Ye and the others quickly got into their positions and didn't hesitate to activate the formation.

Boom!

All of a sudden, the entire Star Gazing Palace shook violently. The sky immediately darkened as bright starlights shot down, forming a gigantic dome of blue light.

Seeing the formation was successfully activating, Xing Ye grinned and looked at Yun Lintian. "Are you ready, Sect Master Yun?"

Yun Lintian didn't care about Xing Ye's smug look. He looked at the starlight dome above his head and nodded. "I see. It's indeed worthy of being a divine-level formation."

Standing at the center of the formation, Yun Lintian could feel the terrifying pressure around him. It was as if countless blades were pointing at him, waiting to turn him into a sieve at any moment.

Yun Lintian didn't even release his aura as he said. "Go on."

BOOM!

Chapter 1333 Establishment (5)

Following the blue radiance explosion, the aura of the entire Star Gazing territory rapidly changed. Yun Lintian and everyone felt as if the sky was about to fall upon them.

At this moment, Yun Lintian's aura finally erupted. His entire body was instantly surrounded by a thick golden wall formed by the earth and the metal elements.

When the explosive starlight clashed against the golden wall, it sent out an overwhelming impact, sending everyone in the hall flying.

Several majestic buildings nearby, including the hall, collapsed directly. Those with low profound strength were also blown away several kilometers, and some even lost their lives instantly.

The explosion lasted for twenty seconds before calming down.

In the far distance, Xing Ye got up from the ground and stared at Yun Lintian's location, which was filled with clouds of dust with a hint of delight. "He's dead?"

He tried to search for Yun Lintian through his Spiritual Sense, but he couldn't find anything. Without a doubt, Yun Lintian must be turned into a pile of dust now.

On the contrary, Xing Mu was calm. Although he couldn't detect Yun Lintian's life sign, he didn't believe Yun Lintian would die just like that. Everything Yun Lintian did until now indicated that he wasn't a fool. How could he face the formation without a way to protect himself?

"Hahaha! See? He's already dead!" Xing Ye burst into laughter after carefully scanning the place many times. He was certain that Yun Lintian was gone for good.

However, the other elders remained skeptical. They held the same idea as Xing Mu. They didn't think Yun Lintian would be foolish enough to suicide.

"What's with that look? Do you think he can survive this?" Xing Ye's good mood was spoiled by everyone's skeptical expression.

Just as he was about to say something, the dust clouds finally settled, revealing the golden wall in the middle of the debris.

Crackle—

The golden wall suddenly cracked and slowly fell to the ground, revealing Yun Lintian's figure inside.

"Not bad. It took fifty percent of my power to stop it. As expected from the divine-level killing formation." Yun Lintian nodded slightly while stepping out of the piles of debris. His robe was spotless. No single wound could be seen on his body. It was as if he didn't go through the explosion just now.

"Y-You... How could...?" Xing Ye stammered. His face went pale as a white sheet as if he had just seen a ghost.

Yun Lintian ignored him and looked around briefly. "It seems this formation can only be used once. No wonder Xing Tengfei was reluctant to use it against me back then."

"It would take at least ten years to accumulate the star energy again." Xing Mu walked over and explained.

"Ten years?... That's too bad." Through the Eyes of Heaven, Yun Lintian could see some flaws in this Star Annihilation Formation. Obviously, it was an incomplete one.

Yun Lintian glanced at Xing Ye and asked. "Look like you want me to die badly."

"N-No. No, no. S-Sect Master Yun. This is a misunderstanding." Xing Ye was instantly drenched in cold sweats. As much as he wanted to run, he didn't think he could escape Yun Lintian's palm.

"Tell me. Why should I spare you?" Yun Lintian asked with a faint smile.

Thud!

Xing Ye immediately knelt on the ground. "Please spare me, Sect Master Yun! I can be a cow and horse for you! Please!"

Xing Mu and the others looked at Xing Ye in a complicated mood. Xing Ye's appearance seemed to remind them of their current position. The Star Gazing Palace was thoroughly finished now.

"Although I don't care about you, I have no reason to keep you alive." Yun Lintian said calmly.

As his voice fell, the space around Xing Ye distorted, and he was immediately cut into several pieces by powerful spatial turbulence.

This scene immediately petrified everyone. They knew Yun Lintian was strong, but they didn't know to what extent. They asked themselves whether they could survive Yun Lintian's earlier attack, and the answer was no... There was no chance for them at all.

"Spatial power." Xing Mu muttered to himself. He had seen a lot of people who could use spatial power, but none of them could reach Yun Lintian's level. Now, he fully understood how Xing Tengfei fell under Yun Lintian's hands.

He took a deep breath and said solemnly. "There won't be the Star Gazing Palace anymore from today onward. Please give us instructions, Sect Master Yun."

Yun Lintian looked at Xing Mu strangely. "As far as I remember, I didn't seem to accept your surrender."

Hearing this, Xing Mu and the rest tensed up... Could it be this was the end?

Yun Lintian looked at everyone for a while and chuckled. "I won't tease all of you anymore."

"It's true that there's a deep grudge between me and your Star Gazing Palace. However, it would be a pity to completely erase everything here from the world."

Yun Lintian paused to look around the place for a moment before continuing. "From today onward, the Star Gazing Palace will be reduced to the Star Gazing Hall. All of you only need to be responsible for teaching people the divination art."

Xing Mu and the rest glanced at each other in surprise.

"What do you mean by teaching people, Sect Master Yun?" Xing Yu asked cautiously.

Yun Lintian replied. "I decided to spare all of you because of your Star Gazing Divination Art. This is a good art that even ordinary people can learn it. I just want them to have an opportunity in their life."

Xing Yu and the others immediately understood. Simply put, Yun Lintian wanted to establish a school for ordinary people who couldn't enter the profound path.

However, the Star Gazing Divination Art was their inheritance. They felt bad to know that they had to teach outsiders like this.

On the side, Xing Mu's eyes shone brightly. He seemed to see the light at the end of the tunnel.

He took a deep breath and bowed his head toward Yun Lintian. "Thank you, Sect Master Yun, for allowing us to pass down the inheritance."

Yun Lintian looked at Xing Mu in surprise. He wanted to say that you were overthinking, but he chose to remain silent in the end.

Xing Yu and the other elders were taken aback by Xing Mu's words for a moment and immediately understood. With this, their Star Gazing Palace's inheritance would be passed down through these people.

Even if the Star Gazing Palace no longer existed, their Divination Art would remain forever.

Chapter 1334 Star Secret (1)

Yun Lintian had no idea about this. He simply thought it would be good for ordinary people to enter the Star Gazing Hall. At least they would have the ability to survive.

However, he had no intention of correcting it. Since they understood this way, he simply let it be.

"The Star Gazing Hall will be located inside a new city, which I am going to build in the upcoming days. Remember. Your new identities are nothing but teachers. If I find out you have used your identity to suppress people, I will kill you directly." Yun Lintian said calmly, but his voice showed a hint of killing intent.

Xing Mu responded firmly. "We understood."

Yun Lintian nodded and then explained about the city he was about to build. When Xing Mu and the others listened to this, they couldn't help looking at Yun Lintian weirdly.

Normally, people would take everything into their pockets once they reached the top, but Yun Lintian didn't seem to care about it. Everything he did was for ordinary people.

Xing Yu and the others didn't quite understand why Yun Lintian attached so much attention to ordinary people, and they didn't care about it as long as they could live further.

Meanwhile, Xing Mu was different. As the oldest person here, he had seen the world more than anybody. He could see that Yun Lintian had no intention of unifying the world. He simply wanted to create healthy competition from top to bottom, giving enough opportunity for grassroots people to survive and even compete with the top.

Although it was too idealistic in everyone's eyes, Xing Mu believed Yun Lintian could definitely do it as long as he stayed in this world long enough. With his presence, no one would dare to go against him, and when he left in the future, the system had already been established. It would be difficult to change.

Yun Lintian looked at Xing Mu and said. "You will be the hall master. I hope you can do it well."

"I will try my best." Xing Mu said with a serious expression.

Yun Lintian nodded and looked at everyone. "I'll give you a week to clean up Xing Tengfei's people. Just kill them if they have a slight thought of rebelling."

Everyone shuddered involuntarily upon hearing this. In fact, most of them here were considered Xing Tengfei's people. However, they didn't dare to have dangerous thoughts anymore after witnessing Yun Lintian's strength.

"Leave it to us." Xing Yu said solemnly.

Yun Lintian waved his hand slightly, and Yun Meilan suddenly emerged from the shadow on the ground, appearing on his side like a ghost.

"As for the Star Pavilion, she will take over." He said calmly.

Xing Mu and the others looked at Yun Meilan, who was covered with a black robe from head to toe, in astonishment. Although they couldn't be considered strongest, their strength wasn't low. However, they couldn't even notice Yun Meilan's presence.

They couldn't help sweating. Yun Lintian once again refreshed their impression of him.

"Don't worry, Sect Master Yun. We will fully hand the pavilion to her." Xing Yu hurriedly said.

Yun Lintian nodded and looked at Xing Mu. "Someone told me your Star Gazing Palace is very rich. Can I take a look at your treasury?"

Xing Mu didn't even hesitate as he responded. "Please follow me."

Yun Lintian smiled and followed Xing Mu toward the treasury.

After the two left, Xing Yu quickly said. "This lady, please follow me."

Yun Meilan didn't say anything and left with Xing Yu.

"It seems the rumor is true. Your palace is really rich." Looking at mountains of treasures, Yun Lintian said with a smile.

Although the wealth here could not be compared to his treasury, it was definitely the richest among the nine palaces. No wonder the Star Gazing Palace could recruit so many people to work for them.

Yun Lintian turned to Xing Mu and asked. "This made me curious. With this wealth, why can't the Star Gazing Palace nurture powerful practitioners?"

Xing Mu smiled wryly. "We indeed have almost everything here, but it cannot be exchanged for a top-level profound art. We have been searching for it through the Star Pavilion, but no result so far."

A strange light flashed through Yun Lintian's eyes upon hearing this. He, who never lacked profound art, finally realized the problem. It turned out even the Star Gazing Palace couldn't find a top-level profound art.

More precisely, there was no such profound art in this world.

"So this is why Xing Tengfei cooperated with the Poison Valley as well as the Divine Realm's forces." Yun Lintian immediately understood everything.

"Indeed." Xing Mu nodded gently. "Unfortunately, they couldn't deliver what we needed."

Yun Lintian glanced around the place briefly and found nothing interesting. He said. "I will take them away."

"Please." Xing Mu had no objection.

"I will also flatten this place later. The Star Gazing Palace no longer exists." Yun Lintian said after storing everything away.

Xing Mu went silent. It would be a lie if he had no affection for this place, but he couldn't do anything about it. After all, he understood that Yun Lintian needed to destroy this place to establish his might for the world to see.

"Have you checked Xing Tengfei's residence?" Yun Lintian asked.

Xing Mu replied truthfully. "No one dares to enter his residence even though he's no longer here."

Yun Lintian had a weird expression. "Well. Take me there."

Soon, the two arrived at a beautiful courtyard inside the plum blossom garden. Through the Eyes of Heaven, Yun Lintian saw various formations around the place.

These formations were naturally nothing for Yun Lintian but lethal for others.

Yun Lintian spent a few minutes solving all the formations and entered the courtyard.

When he stepped into the living room, Yun Lintian had a strange feeling in his heart. It must be something hiding here.

Xing Mu looked around the place curiously. Even though he was considered a high-ranking elder, he had never stepped into Xing Tengfei's courtyard.

Yun Lintian walked around the place while scanning everything with the Eyes of Heaven. Except for the strange feeling in his heart, he couldn't find anything suspicious here. It looked like an ordinary courtyard.

"Look at the bed. There should be something underneath it." Hongyue's voice suddenly resounded.

Yun Lintian immediately walked over and threw the bed away. He tapped on the floor several times and finally found a tiny hole in the corner.

When he poked at the hole, the floor beside it suddenly flipped over, revealing a passage...

Chapter 1335 Star Secret (2)

When the passage was revealed, a black aura immediately flowed out, causing Yun Lintian and Xing Mo to frown.

"This aura..." Xing Mo frowned deeply. It was definitely the Abyssal aura he knew. Even though Xing Tengfei had cooperated with the Poison Valley, he didn't think Xing Tengfei would bring something contaminated with the Abyssal aura into his courtyard... What exactly happened?

Yun Lintian didn't think about it further. He immediately followed the staircases down and arrived at a small basement room filled with a dark aura. There was little furniture here, looking like a study room.

However, the aura was thin, as if it was about to dissipate at any moment. Without a doubt, there used to have something here.

Yun Lintian scanned the place with the Eyes of Heaven and immediately caught a glimpse of something inside a table's drawer at the corner.

He opened the drawer and saw a small leather book inside. Without thinking much, he immediately checked the contents of the book.

Soon, Yun Lintian's face was full of surprise. The book was a record that Xing Tengfei left behind. This record talked about the interaction between Xing Tengfei and someone called Abyssal Master.

Without a doubt, this Abyssal Master was the overlord of the Abyssal World.

It turned out Xing Tengfei had been in contact with Abyssal Master since the invasion four thousand years ago, and they made an agreement to share the Azure World.

Basically, various operations of the Poison Valley had Xing Tengfei participated in it. He had provided them a lot of conveniences. The growth of Poison Valley during these thousands of years was also Xing Tengfei's credit.

Yun Lintian handed the book to Xing Mu and asked. "Is this Xing Tengfei's handwriting?"

Xing Mu skimmed through the contents of the book and replied. "It's indeed his handwriting."

"Why would he write this kind of diary? This doesn't seem to align with his cautious personality. What's more, he even left it behind." Yun Lintian felt strange.

Xing Mu also didn't know. He flipped through the book a few times and suddenly found something strange.

Immediately, he channeled the star energy, injecting it into the book. The next moment, the book shone brightly and transformed into a blue crystal.

Yun Lintian was taken aback. He looked at the crystal curiously. "What is this?"

Xing Mu grabbed the crystal and said. "It's called Starlight Crystal. Normally, we use it to store our memory."

"Store memory?" Yun Lintian was surprised. "Can you open it?"

Xing Mu nodded heavily and injected the star energy into the crystal.

Buzz—

Suddenly, the entire room was filled with blue starlights, and Xing Tengfei's illusory figure appeared in the middle.

Xing Tengfei didn't seem to see Yun Lintian and Xing Mu. He stood calmly and said. "I don't know who would be the one that found this crystal I left behind. I wish it's my descendant."

Xing Tengfei paused briefly and said further. "What I am going to say next is related to the origin of the Star Gazing Palace. If you're my descendant, please spread the word out. But if you're not, you should better keep it in your heart."

"The Star Gazing Palace might have been founded around four thousand years ago, but In fact, it had existed since this world was born. However, our ancestors didn't show themselves to the world. They preferred to stay low and watch as the world moved forward."

Yun Lintian and Xing Mu glanced at each other in surprise. Especially Xing Mu. He didn't expect his Star Gazing Palace to have such a long history.

"Just like the same suggested, we are nothing but stargazers. We don't interfere with worldly affairs." Xing Tengfei said further.

"However, I don't like this way of living. When the position was passed down to me, I decided to build the Star Gazing Palace to compete for the world."

His eyes shone with ambition as he spoke this.

"Listening to this point, you might be curious. Where were our ancestors come from? Honestly, I am curious about it as well, but I later found an answer through the contact between me and the people from the Divine Realm." Xing Tengfei said in a deep voice.

"Our family actually originated from the Star God Emperor Realm. Our first Ancestor was the eldest son of the Star God Emperor back then, but he encountered spatial turbulence during his journey and appeared in this world."

"Knowing that he couldn't go back, he decided to create a family here and passed down the Star Gazing Divination Art from generation to generation."

"Perhaps he stayed in this world for too long; he later instructed everyone to forget about their origin and lived a secluded life."

Xing Tengfei's expression darkened as he said further. "I don't understand. We have such a powerful background. Why would we have to live like a peasant? Shouldn't we strive for the best and find a way to return to the Divine Realm?"

Yun Lintian frowned deeply after listening to this point. Hongyue once told him about this before that the Star Gazing Divination Art was similar to the Star God Emperor Realm's divination technique. It turned out to be like this.

However, Yun Lintian didn't understand why Xing Tengfei wouldn't just leave this world when he had a chance.

Xing Tengfei went silent for a moment and let out a sigh. "However, I seem to understand what the First Ancestor tried to tell us when I found a chance to step into the Divine Realm."

"Although we have the First Ancestor's blood in our veins, it doesn't mean they would recognize us. I did try to contact them, but they mercilessly refused to recognize me."

His face was filled with helplessness as he spoke. "I should be angry, but I fully understand it well. In this world, strength is everything. With my pitiful strength, even if I want to get angry at them, it's useless, anyway."

"And because of this, I don't dare to step into the Divine Realm. I am afraid they would find me and kill me."

Xing Tengfei suddenly laughed and said. "I once scolded the First Ancestor in my heart for being a coward, but I became one myself in the end. Heh. It's really funny."

Chapter 1336 Star Secret (3)

Yun Lintian looked at Xing Tengfei's illusory figure thoughtfully. He seemed to understand his dilemma.

While Xing Tengfei's ambition was high, heaven seemed to give him no way forward. He wanted to leave this world but was also afraid of being caught. This was why he chose to cooperate with the Poison Valley as well as the Divine Realm's forces. He tried to seize every opportunity to break the shackles.

"Heh..." A mocking smile appeared on Yun Lintian's lips after knowing this. There was no sympathy for Xing Tengfei as he fully deserved it.

Xing Tengfei lowered his head slightly and said. "If you see this, it means I have already died. That also means I have failed to change my fate."

"If you're my descendant, pass down these words and let everyone know our origin. I hope all of you can one day return to the Divine Realm."

As his voice fell, his figure blurred and disappeared along with the starlights.

The Starlight Crystal in Xing Mu's hand cracked and was reduced into powder afterward.

Yun Lintian looked at Xing Mu and asked. "Do you want to tell the others about this?"

Xing Mu took a deep breath to calm down and turned to Yun Lintian. "I want to tell them."

As he spoke, he was prepared to receive Yun Lintian's attack as he believed Yun Lintian would undoubtedly kill him to shut his mouth.

Surprisingly, Yun Lintian smiled and said. "Go ahead and tell them. They deserve to know it."

Xing Mu was stunned for a moment and asked. "Why?"

"Xing Tengfei had plotted against my sect's founder, and I had already avenged her. I could simply kill all of you to relieve my hatred, but it would be too easy." Yun Lintian said with a faint smile.

"Do you think how the others would feel after knowing this?" He asked.

Xing Mu lowered his head slightly, pondering. A moment later, he replied. "They should be overjoyed."

Yun Lintian spoke right after Xing Mu finished. "And then fall into despair."

Xing Mu raised his head to look at Yun Lintian and immediately understood what he meant.

Once everyone knew about their origin, they would undoubtedly become happy, but later they would find out that they had no ability to go out of this world. That feeling would haunt them for the rest of their life, just like what Xing Tengfei experienced throughout the years.

"In this world, the easiest way to escape from problems is death. I'd rather watch all of you being tortured by this." Yun Lintian chuckled.

Xing Mu fell silent. First, Yun Lintian stripped their status and power, and now he wanted to give them hope but not the ability to realize it... This kind of torment was the worst.

Yun Lintian looked around the place and didn't see any dark aura anymore. It was washed away by the starlight earlier.

"What kind of object he kept it here?" Yun Lintian muttered to himself. Unfortunately, Xing Tengfei was killed outside the world. He was unable to retrieve his belongings.

Yun Lintian didn't say anything further and left the basement directly.

Xing Mu's eyes flickered a few times before a trace of determination appeared on his face. He had finally made his decision—he would never tell anyone about this. Let this secret rot in his heart.

Yun Lintian walked out of the courtyard and looked at the plum blossom trees around the place. "These plum blossoms are not bad. It would be a pity to destroy them."

He then waved his hand, pulling all the plum trees and sending them to the Land of Beyond Heaven, letting the Wood Spirit people take care of them.

Xing Mu followed out and watched the scene in silence. This plum blossom garden used to be the most sacred place in the Star Gazing Palace, but now it was thoroughly cleaned by Yun Lintian.

How ridiculous... Xing Mu shook his head slightly. Who would believe they were still at the top of the mountain a few days ago? Now, they had fallen to the ground... There would be no Star Gazing Palace from now on.

Yun Lintian turned to Xing Mu and said. "Let's go."

Xing Mu nodded and followed Yun Lintian out.

A while later, a large group of dark clouds gradually gathered above the Star Gazing Palace's territory, pressing horizontally against the blue sky.

Everyone on the Central Continent turned their attention to the sky. Just as they thought another round of calamity was about to come, densely packed purple lightning bolts abruptly shot down, turning everything below into a sea of thunders.

All the buildings, mountains, and rivers inside the Star Gazing Palace's territory were instantly blasted into smithereens, reducing into ashes directly.

This scene caused everyone's heart to tremble.

"That direction... The Star Gazing Palace?"

"It seems so..."

"What the hell happened?"

Many people started to discuss this in shock. They couldn't believe something would happen to the Star Gazing Palace like this.

Standing on the deck, Yun Lintian retracted his hand and glanced at the flat land below calmly. The majestic Star Gazing Palace no longer exists from today onward.

"Where to go next?" Shen Liqiu asked.

"Let's go back." Yun Lintian replied calmly.

"Alright." Shen Liqiu responded and controlled the ship toward the secret formation's direction.

"Grandpa..." Standing on the balcony, Lei Feifei looked at the dark clouds in the distance in shock.

"It's Young Master Yun." Lei Yongzheng said calmly. "Everyone in the world will know his name soon."

"He doesn't want to unify the world." Lei Zhenxiang sighed softly. "I have been curious about this. How could a young man like him be indifferent to fame and fortune?"

Lei Feifei came back to her sense and said. "He's different. The moment I first met him, I always had this feeling... It's like he's not a person from this world."

"Maybe." Lei Yongzheng said. "I have a hunch that he would become an existence that shakes the entire Divine Realm in the near future."

Lei Zhenxiang and Lei Feifei fell silent. Both of them also had this thought.

Lei Yongzheng waved his hand and said. "Let's go. There are a lot of things waiting for us."

After returning, Lei Yongzheng directly killed Lei Yubai and his people without mercy. With this, more than half of the Divine Thunder Palace's force was gone overnight.

Lei Yongzheng needed to inject a lot of new blood to recover the palace's strength as soon as possible.

Chapter 1337 Primordial Azure Dragon God Bloodline (1)

"Should I absorb it now?" Inside the cabin, Yun Lintian looked curiously at the azure-colored droplet of blood in front of him.

"The faster, the better. Once you fully absorb it, your body will slowly generate the Dragon God Marrow. It may take many years to complete." Hongyue said.

"I see." Yun Lintian nodded gently.

He turned to Shen Liqiu and said. "We will visit the Long Clan first."

"Alright." Shen Liqiu quickly changed direction.

An hour later, the skyship slowly landed inside the Long Clan's manor. Long Jinwei and the others had already waited for Yun Lintian's arrival.

Yun Lintian walked down from the skyship and greeted them. "Seniors."

The moment they saw Yun Lintian, Long Jinwei, and the others could feel a strong suppression from him. Their intuitions told them that Yun Lintian could easily kill them with just a wave of his hand.

It was hard to believe that Yun Lintian's strength had grown to the point where they could only look up in one short year.

"Welcome back. You've worked hard during this period." Long Jinwei said with a kind smile. "Let's talk inside."

Everyone arrived inside a spacious hall under Long Jinwei's lead.

After taking their seats, Long Jinwei said. "With the help of Senior Qing, our Long Clan didn't suffer much in the previous battle."

On the side, Qing Xiaoting said with a smile. "The same goes for you. Without the Long Clan's help, we won't be able to withstand those devils."

Long Jinwei smiled and turned to Yun Lintian. "What's your next plan, Young Master Yun? Do you want to unify the world?"

Yun Lintian shook his head. "I'm not boring enough to do such a meaningless thing."

Long Jinwei and the other elders were surprised.

"Unifying the world will do harm more than good. My Misty Cloud Sect won't gain anything much from it, and all the practitioners in this world will also become weaker because of the lack of competition." Yun Lintian explained.

"Although it's too idealistic, I want everyone here to compete in a healthy manner. I want to see other top forces besides the old nine palaces appear in the future."

He looked at Long Jinwei and said. "I came here today to talk about this. I would like to ask whether Senior wants to move your Long Clan to the Northern Continent?... Of course, I won't force you if Senior doesn't want to move. In fact, it doesn't matter at all. We're on the same side, anyway."

Long Jinwei and the other elders were taken aback.

They glanced at each other briefly, and Long Jinwei replied. "We have already sworn our loyalty to you. If Young Master Yun wanted us to move, we wouldn't hesitate."

Yun Lintian nodded gently. "The Northern Continent lacks top forces. I could wait for new forces to appear, but it would take a long time."

"Moreover, I believe everyone should already know the existence of Senior Qingxuan."

Hearing Qingxuan's name, Long Jinwei and the others turned serious immediately. Long Shen had told them everything about her. In short, she was basically their ancestor, the princess of all dragons.

If possible, they wanted to stay by her side to serve her.

"We will make a preparation right away." Long Jinwei made a decision directly.

Yun Lintian nodded. "Then, it's settled... I want to borrow a quiet place for a while."

"Please." Long Jinwei got up and brought Yun Lintian to the secret chamber in the Ancestral Land.

Sitting inside the small room, Yun Lintian took the Primordial Azure Dragon God's blood origin out and said. "Is there anything I need to be cautious about?"

"It will be a bit painful." Hongyue replied casually.

Yun Lintian took a deep breath and closed his eyes. Instantly, the droplet of blood transformed into a speck of azure blue light, shooting toward Yun Lintian's forehead and directly disappearing into it.

At this moment, Yun Lintian felt as though a gigantic ball of flame had exploded within his body. The Phoenix, Vermilion Bird, and White Tiger God's blood within his body immediately came up together, trying to suppress the tyrannical power of the Azure Dragon blood.

However, the energy density of the Azure Dragon's blood was evidently stronger than all of them. And the energy from the Azure Dragon's blood did not have a specific element like others. This caused all the relics inside Yun Lintian's body to become useless against it.

"Ugh..." Yun Lintian was instantly drenched in sweats. His brows furrowed tightly as he tried to calm the dragon's blood power down.

At the same time, he wanted to complain to Hongyue... You said this was a bit of pain?

With his divine energy fully released, he began the slow and difficult process of fusing with the Azure Dragon's blood. As he felt the tremendous bloodline power hidden within the Azure Dragon's Blood, he started to suspect if he needed a few months to completely fuse it.

Outside the chamber, Long Ying, Linlin, Qingqing, and Yun Qianxue, who guard this place, immediately looked at each other with a hint of astonishment as they felt a tyrannical aura coming from the inside.

Especially Long Ying. She could feel her Golden Dragon bloodline within her body come to a halt and shrank rapidly as if it was facing its superior. Her breathing became stagnant, and her entire being was stiff, as though she had turned into a statue.

Linlin glanced at her and tapped her paw on Long Ying's back gently.

Immediately, Long Ying's breathing returned to normal. Long Ying gasped for a few deep breaths and said to Linlin. "Thank you, Lord White Tiger."

"You should stay away from this place. Your bloodline is too thin. It will be difficult to face the Dragon God's aura." Linlin said gently.

"Understood." Long Ying knew it was useless for her to stay here. She responded gently and quickly left.

"Do we need to help Big Brother Yun?" Qingqing asked worriedly while chewing garlic bread.

"No need. Big Brother Yun can do it." Linlin said gently and lay on the ground, taking a nap.

Yun Qianxue didn't say anything. She took a bed out and sat down while putting Linlin on it.

"Oh." The concern in Qingqing's heart disappeared upon hearing this. She jumped onto the bed and continued to eat her snacks while looking at the room.

Chapter 1338 Primordial Azure Dragon God Bloodline (2)

A week passed by in a blink of an eye. The process of fusing with the Azure Dragon's blood was still ongoing. During this period, Yun Lintian's divine energy climbed to the third level of the Divine Foundation Realm. Two levels in one go.

Besides him, the Gate of Beyond Heaven was fully opened, and the divine energy constantly flew out from the inside as Yun Lintian madly absorbed it.

"It's slower than I thought." Hongyue frowned slightly as she looked at Yun Lintian.

"It's one of the strongest bloodlines in the entire universe, after all." Madam Leisure shook her head slightly. "I remember that he took a full ten years to fuse with it back then. And that with the help of Master. It's already a miracle for Yun Lintian to fuse one-fifth of it in a single week."

"Lintian is different from him," Hongyue said. "He could absorb the Senior Bai's blood origin and soul within a few days. The same went for the Vermilion and the Phoenix's blood and souls."

"Although Senior Long's bloodline is strong, it shouldn't be this slow."

Madam Leisure turned to look at Hongyue in disbelief. "What did you say? Could he absorb the Primordial White Tiger God's blood origin and soul within a few days? How could it be possible?"

Whether the White Tiger, Vermilion Bird, or the Divine Phoenix's blood, all of them could be regarded as one of the strongest bloodlines in the entire universe. Even a top god emperor would take a century at the very least to fuse with them, yet it took Yun Lintian a few days... What was going on here?

Madam Leisure took a deep breath and asked. "Did he know about it?"

Hongyue shook her head. "He always thinks it's a normal thing. To him, a month is already too long."

Madam Leisure looked at Hongyue and Lauya speechlessly. Both of them possessed vast knowledge, yet they didn't try to correct Yun Lintian's common sense at all.

"Hmm?" Hongyue's eyebrows raised slightly as she noticed something inside Yun Lintian's body.

At this moment, all the relic symbols on Yun Lintian's Divine Core lit up strangely, and the remaining Azure Dragon's blood within his body gradually slowed down.

Before Hongyue and the others could comprehend the situation, the Azure Dragon's blood suddenly circulated at the fastest speed. It was like a flood bursting through a dam. The residual Azure Dragon's power inside the blood quickly fused into Yun Lintian's body. Every organ, bone, and muscle was constantly strengthened at a visible speed.

At the same time, the divine energy inside the Land of Beyond Heaven had been violently pulled away and rushed toward Yun Lintian as he greedily absorbed it.

His profound strength continuously broke through. From the third level to the fourth, fifth, sixth, all the way to the peak of the Divine Foundation Realm before slowing down.

"What is this?" Madam Leisure looked at Yun Lintian with an incredible expression. She had seen a lot of heavenly chosen ones in the Divine Realm, but none of them could break through several levels in one go like this.

If Yun Lintian was an ordinary practitioner, his body would definitely explode by now.

Meanwhile, Hongyue and Lauya glanced at each other. Both of them had no idea as well. They were aware of how extraordinary Yun Lintian was in this aspect, but they didn't expect it to be like this.

"It seems he can use those relics to assist... This is strange. Senior Long's blood has no element at all. It should be impossible to use those relics to help with it." Hongyue frowned deeply.

On the eighth day, Yun Lintian slowly opened his eyes. The world within his profound vein had been expanded several times, and an unbelievably strong force surged through every drop of blood and every cell within his body.

At the same time, he felt that the level of the tyranny of his meridians, profound vein, bones, and skin, had long surpassed before.

Yun Lintian believed that he could now destroy Weilan Jian's physique in one punch.

The Primordial Azure Dragon's power did not possess an element. Its physical body and strength could be described with one word, "tyrannical."

The infusing of the Azure Dragon's bloodline had undoubtedly changed Yun Lintian's physical body and strength, causing them to become incomparably tyrannical. At the very least, they had long surpassed the realms of an elementary divinity.

Although he did not break through into the Divine Spirit Realm, with the power surging within his body, Yun Lintian believed that, with his current self, even if he were to face a late-stage Divine Origin Realm practitioner, he would be able to fight them head-on.

Just as Yun Lintian familiarized himself with the newly gained power, azure blue light abruptly burst from his forehead, and a wave of powerful, ethereal, and vast energy aura dispersed outward.

At that moment, Yun Lintian suddenly felt like he was within a boundless starry sky full of stars.

A silhouette of the Primordial Azure Dragon God slowly emerged in the far distance. Yun Lintian felt like there was an entire universe between them. It was a kind of ethereal feeling that he had never felt before.

The plane that this power belonged to was something that Yun Lintian fundamentally could not comprehend.

The next moment, the Primordial Azure Dragon God slowly opened its eyes with a flash of azure brilliance.

"Congratulations. You've passed my first test. It has happened sooner than I'd expected." The Primordial Azure Dragon God said. His voice was ancient and ethereal, making Yun Lintian feel like he was facing a high and mighty god.

"It seems you've perfectly fused with my blood origin... As expected from the heaven-defying profound vein."

Yun Lintian regained his sense and hurriedly bowed his head. "Junior Yun Lintian greets Senior Long. Please forgive me for coming to you this late."

"Everything happens for a reason. You don't have to blame yourself." The Primordial Azure Dragon God said calmly.

He paused for a moment and said further. "I could feel the souls of my old friends inside your body. It seems they all trust you very much... Don't let them down."

Yun Lintian responded solemnly. "Although this junior still doesn't understand why everyone chooses me, I promise Senior that I will try my best to the end. I won't let the efforts of all seniors go in vain."

"Good," The Primordial Azure Dragon God said. "I am going to give you a second test. Are you ready?"

Chapter 1339 Dragon God Soul (1)

Yun Lintian took a deep breath and said. "I'm ready."

"What I am going to grant you next is my Dragon God's Soul. All you need to do is to conquer and fuse with it. If you could really do it, the benefits you will get would far surpass any Divine Beast's souls you have obtained." The Primordial Azure Dragon God said calmly.

Within the voice that was as heavy as the sea, the originally colorless energy suddenly flared out an azure-colored radiance. Before Yun Lintian could even react, it had already suddenly turned into a flash of light and rushed toward the space between Yun Lintian's eyebrows.

A pain similar to being skewered by a blade assaulted him from the center of his brows, and all the blue-colored light instantly burrowed into his body.

Suddenly, a surge of energy was so colossal that it was indescribably dispersed within Yun Lintian's body. He felt as though the inside of his body was stuffed with a boundless sky.

In the next moment, his psyche quaked immensely, as if an ocean with undulating waves had suddenly flooded his soul all at once.

The indescribable ethereal, heavy, and scorching feeling assaulted him. Yun Lintian's heart started fiercely beating as all of his meridians crazily twisted, as though they were about to burst.

In the depths of his soul, a burst of an indescribably powerful will break in like an avalanche. It was so tremendous and vast that it was like a will that came from the heavens! It even made his soul, which

had become incomparably tough after fusing with the other divine beast's souls, tremble and shrink in fear.

This was the soul's power that came from the Primordial Azure Dragon God, the king of all beasts!

Yun Lintian violently gasped. The vein on his forehead popped, and his sweat fell like the rain, but he didn't utter any sound from his mouth. Even though his pupils were constricting nonstop, they always retained a hint of clear and awake brilliance.

Compared to fusing with the Azure Dragon's blood, fusing with the Dragon God's soul was a hundred times harder.

If one were to compare the sea of Yun Lintian's soul to be a clear and tranquil lake, then the Dragon God Sou's flooding in would be like tossing an enormous chunk of ice into the lake... Moreover, it was the kind of ancient ice that wouldn't melt in ten thousand years.

For a lake to melt this kind of ancient ice, the difficulty was comparable to climbing to the heavens. On the contrary, for the ancient ice to freeze the lake's water, it would be a piece of cake!

Within Yun Lintian's mind, a boundless starry sky appeared. At this time, a dragon's cry that shook the universe came, and between the ethereal starry sky, a completely azure-colored dragon's silhouette appeared.

Even amongst the hundreds of thousands of stars, it still appeared to be so colossally huge. The length of its body was perhaps thousands, tens of thousands, or millions of kilometers long. It was an enormity that ordinary people could not comprehend.

The aura it emitted was immeasurably vast and carried a kind of intimidating pressure that directly entered the soul.

Roar—

The azure dragon's silhouette meandered through the starry sky and suddenly let out a long roar. Immediately, the surrounding tens of thousands of stars burst apart in an instant within this dragon's cry and then turned into the tiniest specks of dust in the world.

With just a long roar, it had actually destroyed countless stars with ease!

Yun Lintian's soul trembled violently... How terrifying of strength was this!?

Although Yun Lintian had never experienced the true strength of the God Emperor like Hongyue, he was certain that the power inside this dragon's roar was several times stronger!

Was this the true power of the legendary divine beast, the king of all beasts, the Primordial Azure Dragon God?

It made Yun Lintian think when he saw this... How could such a terrifying figure fall in the end? Who the hell was so capable of defeating it?

However, Yun Lintian had no time to think further as the starry sky started to tremble. It was the tremble of fear coming from his soul.

Under the Primordial Azure Dragon's intimidating pressure, it was as if the heaven and earth itself would bow down. It looked down upon all the things in the world, looked down upon all life, and looked down upon the way of heaven and its rules. Everything in the world was under its dictation.

Facing it, Yun Lintian felt as though he was a speck of dust before the starry sky... Let alone struggle against it, he couldn't even bring out the courage to look directly at it.

Yun Lintian might be an extremely cautious person, but he was never a coward. Even if he had to face an enemy ten times stronger than him, he wasn't afraid at all.

However, what had invaded his soul right now was the soul of the true god. Even though it was merely a tiny wisp, it nonetheless came from the Primordial Azure Dragon God itself!

The enormous azure dragon seemed to have discovered Yun Lintian, for a pair of eyes even bigger than planets locked in on him. Then, carrying an indescribably monstrous and imposing pressure, it rushed toward him. In an instant, the pressure that would seemingly turn the world upside down caged him in.

In fact, the Primordial Azure Dragon God could easily help his soul to integrate with Yun Lintian's soul. However, doing so would make Yun Lintian miss a chance to experience what it looked like to face a genuine god emperor.

Moreover, if Yun Lintian could fuse with the Dragon God's soul by himself, his control over the Dragon God's Soul would reach a perfect state. He would be able to use it freely without any flaws.

It was indeed impossible for ordinary beings to achieve it, but Yun Lintian possessed several divine beast bloodlines and souls. Compared to them, he had a high chance of achieving it.

Roar!

Amidst the dragon's cry, the entire starry sky was trembling. The azure dragon's silhouette darted toward Yun Lintian, and its enormous body covered Yun Lintian's entire field of vision in the blink of an eye.

The starry sky within his vision disappeared, and only the monstrous mouth, which seemed like it wanted to swallow the entire heaven with one bite, was left...

Chapter 1340 Dragon God Soul (2)

Facing the terrifying scene, Yun Lintian's entire body and soul were frozen stiff. If he wanted to fuse with the Dragon God's soul, he needed to first conquer the absolute suppression from it.

The sound of his frenzied heartbeat clearly traveled to his soul. The azure dragon's silhouette came closer and closer, reflecting a stretch of the most profound deep blue within Yun Lintian's pupils.

And right at this moment, his soul, which was originally suppressed to complete silence, suddenly began to stir crazily as if boiling water.

A roar came out of Yun Lintian's mouth. "This is my territory. Even if you are the dictator of heaven and earth, when you enter my place, you'll have to obediently submit to me!"

Amidst the roar, Yun Lintian urged every ounce of his divine energy as he rushed forward, pouncing on the Azure Dragon's silhouette like a speck of dust rushing toward a star without any fear of death!

Boom!

A rumble rang in Yun Lintian's mind. His entire mental world shook violently and could collapse at any moment. Although his soul was several times stronger than anybody at the same level, it was still insufficient to fight against the mighty Dragon God's soul.

Roaring loudly, Yun Lintian gathered up all his consciousness and stimulated all the willpower he possessed. He was going to gamble with everything he had!

However, let alone subduing it, even defending against it was basically impossible. He had no chance at all.

"This... is not a test anymore..." Yun Lintian gritted his teeth as his soul was about to collapse.

It was at this moment did he realize whether it was the White Tiger God, Divine Phoenix, or Vermilion Bird, all of them had allowed him to integrate with their souls unconditionally. Otherwise, he wouldn't be able to achieve it with his puny strength.

Crackle—

Yun Lintian's entire upper body began to tremble, and a clear shattering sound could be heard at the part where his chest was. His spirit was entirely suppressed by the Dragon God's Soul.

His complexion became even more pale as time passed, and the sweat on his forehead felt like the rain. Even the teeth he had been clenching tightly began to become powerless.

Boom!

All of a sudden, the sea of consciousness was on the verge of collapsing that Yun Lintian was currently residing in and also suddenly ignited with endless flames and thunders at this moment. The starry sky, which the Azure Dragon's shadow had swallowed earlier, once again appeared.

In Yun Lintian's vicinity, a vast and boundless golden sea of flames appeared, and in the air above the sea of flames, a huge scarlet-gold Phoenix spread its wings and made a long cry.

Its entire body was blazing with golden flames. Along with its long cry facing the heavens, the surrounding few dozen stars also burned simultaneously, turning into scattered ashes in the blink of an eye.

On the left side, a gigantic Vermilion Bird hovered above a boundless green sea of flames, resonating a deafening cry.

The instant it appeared, Yun Lintian's soul was on the verge of collapsing quickly stabilized, and the tightness in his chest gradually lightened.

Behind Yun Lintian, a terrifyingly humongous White Tiger stood tall, staring at the Azure Dragon with its sharp eyes. Endless golden thunder sparks flashed across the starry sky, illuminating the entire space.

Each of them was tens of thousands of kilometers long and did not seem smaller than the Azure Dragon's silhouette.

Roar—

Screee—

The three divine beasts and the Azure Dragon roared and cried simultaneously. The voice of the combination of the three instantly overwhelmed the voice of the Azure Dragon.

At this moment, the Divine Phoenix immediately blasted out a scarlet-gold colored light and terrifying flames toward the sky. The flames crazily gushed out, forming countless streaks of gigantic solar prominences filling the starry sky.

As the Divine Phoenix flapped its wings, all the solar prominence flew toward the Azure Dragon's silhouette.

Just when they were about to approach it, all of them gathered together, condensing into a small-scaled sun that was scorching hot to the extreme and blinding to the point where it could even pierce a soul, and completely swallowed the gigantic body of the Azure Dragon's silhouette!

Roar—

At the same time, the White Tiger roared toward the heavens. Countless golden thunderbolts instantly descended from the depths of the starry sky toward the Azure Dragon's silhouette. Each of the thunderbolts was as thick as a star and filled with boundless destructive power.

Roarrrrrrrr!

The Azure Dragon's silhouette was resisting and retaliating, yet the combined attack of the Divine Phoenix and the White Tiger was far too dreadful, and even this residual soul that the Primordial Azure Dragon God left behind was wholly suppressed by it.

Scree—

While the Azure Dragon's silhouette struggled hard, the Vermilion Bird suddenly soared up and flapped its wings vigorously.

In the next moment, several tornadoes filled with dark-green flames appeared before it and rushed toward the Azure Dragon's silhouette at once.

BOOOOOM—

Billions of stars in the starry sky instantly exploded from the impact. The Azure Dragon's silhouette tried its best to resist, but it was futile.

Its resistance only lasted for less than thirty breaths of time before it suddenly shattered as the roars died down, turning into blue-colored stars that fluttered throughout the starry sky...

Yun Lintian's body severely shook, and his entire body fell to the ground as his consciousness became silent.

The Primordial Azure Dragon looked at the Divine Phoenix, Vermilion Bird, and White Tiger standing behind Yun Lintian with a hint of nostalgia in his eyes.

"Long time no see, my friends." He said faintly. "I didn't expect all of you to be so determined to protect him."

The trio didn't say anything. They simply stared at the Primordial Azure Dragon calmly.

The Primordial Azure Dragon let out a faint sigh and said. "I didn't mean to harm him. I believe all of you should understand me... After all, he has to face that frightening existence..."

Swoosh—

Suddenly, Hongyue walked out of the Gate of Beyond Heaven and looked at the Primordial Azure Dragon. "It's been a while, Senior."

The Primordial Azure Dragon looked at her and said faintly. "Red Moon Princess... So, you're the one who guides him to this step."

Hongyue shook her head and said. "Honestly, I didn't do anything much. Everything has been arranged by him."

Hearing the word "him," the Primordial Azure Dragon immediately went silent...
