

Myth Beyond 1341

Chapter 1341 Transformation (1)

Hongyue took a deep look at the Primordial Azure Dragon God and asked. "How's the situation over there?"

"Not good. We won't last long." The Primordial Azure Dragon God answered in a deep voice.

He looked at Yun Lintian and said. "I took a look at his memory earlier. Unfortunately, his power awakened too late. His progress speed was hindered by unnecessary emotional debts."

"If it was the past, I would agree with you, Senior. But after witnessing his short journey, I believe this is what makes him progress." Hongyue said calmly.

The Primordial Azure Dragon God looked at her in surprise. "I didn't expect to hear something like this from you."

Hongyue spread her arms and said. "I guess it's because I have died twice. It makes me learn many things that I overlooked in the past."

"That's good for you." The Primordial Azure Dragon God said sincerely.

"Qingxuan... She spared no effort to protect this world and Lintian. I'm afraid her soul won't be able to hold on for long." Hongyue said solemnly.

The Primordial Azure Dragon God went silent for a while and said. "She's fully aware of the consequence. This is what she chose for herself."

Hongyue took a deep look at the Primordial Azure Dragon God and said. "You're not honest as usual, Senior. Clearly, you left your Dragon God Soul behind because of this."

The Primordial Azure Dragon God said indifferently. "I'm merely giving him the best resource to fight the enemy in the future."

Hongyue pursed her lips and said nothing. The Primordial Azure Dragon God had always been indifferent to his daughter and often reprimanded her for blindly falling in love with the Beyond Heaven King.

However, Hongyue knew that he loved his daughter so dearly to the point he could give up everything for her. Obviously, he left his Dragon God Soul behind for Qingxuan. With it, Yun Lintian could slowly use the Dragon Soul's power to heal the wound on her soul.

The Primordial Azure Dragon God changed the topic. "I saw that he planned to stay here for a long period. You should tell him to enter the Divine Realm as soon as possible. There's no need to waste time here."

Hongyue shook her head and said. "Since Senior has already peeked at his memory, you should understand why he wanted to do it. He can't just leave knowing everything here is not stable."

"I could urge him to move in the past because he was constantly under tremendous pressure... It's different now. He has nothing to be afraid of here."

The Primordial Azure Dragon God went silent for a while and sighed. "I don't know why he chose him as his successor."

"You really don't know, Senior?" Hongyue said with a meaningful smile.

The Primordial Azure Dragon God didn't reply. He glanced at Yun Lintian and said. "He's about to wake up."

At this moment, Yun Lintian's eyelids twitched slightly, and he slowly opened his eyes with a hint of confusion.

The moment his consciousness returned, he shuddered and sat right up, then immediately inspected the sea of his soul.

With this inspection, he was entirely shocked and speechless.

That was undoubtedly his own soul. It was incomparably familiar and yet, incomparably unfamiliar as well. Because his soul sea was as though it had turned from an ocean into an actual starry sky!

It was vast and powerful to the extent that he himself was unable to estimate its boundaries. The spiritual strength he could derive from it seemed unable to be harmed at all, even if he were to engulf all spiritual bodies that existed.

This... this was my soul?

Yun Lintian, who possessed three of the divine beast's souls, had never noticed how powerful his soul was as he could barely mobilize their power. However, the Dragon God's Soul had changed his entire sea of souls. It was too obvious that he couldn't ignore it.

"Hmm?" Suddenly, Yun Lintian noticed a part of his chest bones had turned golden. His originally fragile marrow became as tough as an impregnable fortress.

Although it was only a part of it, he believed it won't be long before his entire skeleton turned golden completely.

"This should be the Dragon God Marrow?" He muttered to himself.

"That's right. I'm quite surprised. With this speed, it would take your skeleton around five years to entirely transform." The Primordial Azure Dragon God said.

Yun Lintian raised his head to look at Hongyue and the Primordial Azure Dragon God. "How did I succeed?"

His last memory before his consciousness dissipated was seeing the Divine Phoenix suddenly appearing in front of him while rushing to the Azure Dragon's silhouette.

"You succeeded because of the help of my old friends." The Primordial Azure Dragon God said calmly.
"Without them, your soul would be swallowed by my Dragon God Soul's power by now."

"Your old friends...?" Suddenly, Yun Lintian noticed the silhouettes of the Divine Phoenix, Vermilion Bird, and White Tiger behind him. He immediately understood everything.

"Thank you, Seniors." Yun Lintian bowed his head toward them. The three divine beast's souls glanced at the Primordial Azure Dragon God briefly before turning into streaks of light and entering Yun Lintian's body.

At this moment, four symbols appeared on Yun Lintian's Soul Gate. They had shapes of the Azure Dragon, Divine Phoenix, Vermilion Bird, and White Tiger.

When Yun Lintian looked at the gate, he could feel an immense soul power linger on it. It was several times more than the previous one.

At the same time, Yun Lintian also noticed the range of his Divine Sense expanded several times without using it. He felt that if he went all out, he might be able to cover the entire Azure World with his Divine Sense.

"Incredible." Yun Lintian couldn't help muttering.

"Due to the limitation of the environment, your profound strength hasn't changed as much as it should. However, your body and soul had leaped boundaries comparable to sublimation. It's just that it will take a long time to completely transform." The Primordial Azure Dragon God explained.

"With the Dragon God's Soul and Dragon God's Marrow, you can now perfectly release the power of the Dragon God's bloodline in your body. Your combat strength is already several times greater than before... It could even be said you are now a complete dragon."

"A complete dragon?" Yun Lintian was startled.

"Once you complete your transformation, you can safely say that you're a member of the Dragon Race," Hongyue added.

Yun Lintian was stunned... I am a dragon now?

Chapter 1342 Transformation (2)

"While it's a good thing, it comes with danger," Hongyue said with a serious expression. "The Dragon Race is one of the prestigious races in the universe. Once your bloodline is exposed, those people would definitely do everything to capture and refine you."

Yun Lintian frowned slightly upon hearing this. In fact, he was aware of this since the moment he inherited the White Tiger God's bloodline.

"What could I do?" Yun Lintian asked. He didn't know how powerful those people in the Divine Realm were. Perhaps they could detect his bloodline with a glance. If that was the case, it would be extremely dangerous.

"You don't have to worry about this. As long as you don't expose it by yourself, you will be safe." The Primordial Azure Dragon God said. "In the entire Divine Realm, only a handful of people could recognize my bloodline at a glance."

"Moreover, your Beyond Heaven Profound Vein has the ability to conceal my and my old friends' bloodlines. You can study it later."

Yun Lintian was taken aback. He had no idea about this.

He glanced at Hongyue, and the latter didn't seem to know about it either.

"Now, you have four bloodlines inside your body. Each one of them is the noblest bloodline in the entire universe. Their true power isn't something you can master at the moment." The Primordial Azure Dragon God said further.

"However, with your current soul's strength, it's barely possible for you to open the Beast God Soul Domain."

"The Beast God Soul Domain?" Yun Lintian repeated in surprise.

Domain was a powerful strength that could only be used after one reached the Ruler Profound Realm. Yun Lintian's Cloud Domain was considered the best among the best, but he rarely used it because of its high energy consumption.

"The Beast God Soul Domain is not a Domain for an attack, suppression, crowd control, or defensive domain. Instead, it is an incomparably overbearing mental domain. Once you open it, it will directly attack the opponent's soul." The Primordial Azure Dragon God explained.

"However, even though it's a mental domain, it still needs part of your divine energy and bloodline power to support it. Whether in terms of your profound strength of mental strength, it would still be slightly inadequate for you to open the Beast God Soul Domain for a long period. Until you have to use it as a last resort, I don't recommend you to open it."

"Naturally, as you grow stronger, the Domain will also become increasingly powerful. Your profound path is still very long."

Listening to the Primordial Azure Dragon God's explanation, Yun Lintian silently perceived the power within the sea of his consciousness and nodded without a word.

Without a doubt, this domain would become his strongest trump card.

The Primordial Azure Dragon God looked at Yun Lintian deeply and said. "As you probably know already, my Dragon God Clan no longer existed. While I wish for a revitalization, you shouldn't have considered doing so. Unless you become the number one person in the Divine Realm."

"Also, I do believe there are a few survivors hiding somewhere. If you have a chance to meet them, I hope you can lend them a hand. However, you have to be careful when dealing with them. Not everyone is honest."

Yun Lintian nodded and spoke sincerely. "Don't worry, Senior. Since I have become your Dragon Clan's member now, they will also be my fellow clansmen. I naturally won't let them suffer... And if that day really arrives, I will definitely rebuild the Dragon God Clan."

"What's more? Your daughter is still alive. She will definitely be the next generation queen of dragons."

His eyes narrowed slightly as he said further. "However, I won't be polite if they try to harm me. I hope Senior can forgive me about it."

"Good," The Primordial Azure Dragon God said calmly. "I hope that you won't forget the promise you made today."

Yun Lintian took a deep breath and asked. "Senior, can you tell me who the enemy is? Though I have no idea about your true strength, I believe no one in the entire Divine Realm can be your opponent. What kind of existence made you and Hongyue become like this?"

Before the Primordial Azure Dragon God could say anything, Yun Lintian quickly said further. "Don't tell me that it's not the right time for me to know. Hongyue has been saying this for years."

Hongyue rolled her eyes at him annoyingly upon hearing this.

The Primordial Azure Dragon God went silent for a while and said. "I cannot tell you in detail, but all you need to know is this person's strength has already surpassed the Divine Realm's ceiling."

Yun Lintian's eyes widened in shock. The God Emperor was already powerful, yet there was an existence above that? Wouldn't this person destroy the entire Divine Realm with just a snap of his finger, then?

"As I told you many times before. You will eventually know about it as you grow. So, hurry up. You have no time to waste anymore." Hongyue added.

Yun Lintian took a deep breath to calm down and said with a tiring smile. "Well... I thought I could lie flat for a while. It seems I can't anymore."

Knowing how powerful the enemy was, the pressure that had just disappeared a few days came back again. If he stopped moving, it meant he took a step back toward the death gate.

The Primordial Azure Dragon God and Hongyue silently looked at him without saying anything. They could understand how stressful Yun Lintian was. The burdens he had to shoulder weren't something anyone could accept it.

"It's time for me to go." The Primordial Azure Dragon God said. "Work hard to become stronger and work hard to live on... You are not only carrying my bloodline but also my hope."

As his voice fell, the Azure Dragon's silhouette in front of Yun Lintian gradually dissipated, leaving scattering azure-colored lights behind.

"Please take care of my daughter..."

As the last trace of the azure-colored light disappeared, the Primordial Azure Dragon God's voice faintly resounded in Yun Lintian's mind. It was a voice carried with regret, sorrow, and also love.

Yun Lintian looked at where the Primordial Azure Dragon God disappeared and said solemnly. "You can go with ease, Senior. I will do my best to take care of her."

Hongyue didn't say anything. She looked at Yun Lintian briefly and disappeared into the gate.

Yun Lintian got up from the ground and changed into a new robe before walking about...

Chapter 1343 Transformation (3)

When Yun Lintian opened the door, he immediately saw several of the Long Clan's elders waiting for him.

Before he could say anything, Long Jinwei, and the others suddenly knelt on the ground with their heads lowered. "We greet Dragon King."

Yun Lintian was taken aback and hurriedly used his energy to help them get up. "What are you doing, seniors? And who is Dragon King you're talking about?"

Long Jinwei looked at Yun Lintian and said respectfully. "It's you, Dragon King. At first, we were attracted by the unknown dragon's aura. After seeing you, we are certain that you are the reincarnation of the Dragon King in the legend."

Linlin jumped onto Yun Lintian's shoulder and whispered softly. "We couldn't block the Dragon God's aura earlier... Also, in the Primordial Era, the Five-Claws Golden Dragon was one of the fierce generals under the Dragon God. Perhaps their bloodline got stimulated when they perceived the Dragon God's aura."

Yun Lintian immediately understood everything.

He looked at Long Jinwei and said. "Although I have indeed inherited the Dragon God's bloodline, I'm no Dragon King. I am still Yun Lintian like before. Please do not misunderstand it."

Long Jinwei lowered his head and said respectfully. "If Dragon King doesn't want us to call you this, at least please let us call you Master. Moreover, we cannot afford to be called a senior by you, Master."

"Please." The other elders said in unison.

Yun Lintian opened his mouth, but no word came out. He didn't know what to say at the moment.

Yun Lintian wasn't someone who cared about a title or position. If possible, he didn't want to take any position in the Misty Cloud Sect at all.

At the same time, he always respected the old and someone who he deemed worthy of respect. Even if his strength was far higher than the other parties, he would still respect them as his seniors.

This was why the sudden change in seniority and position brought up by Long Jinwei made him uncomfortable.

Yun Qianxue walked to Yun Lintian's side and said. "In the world where the strong prey the weak, one's strength is used to determine one's seniority. In the past, you might not care about this, but you're different now. You have to get used to it."

Yun Lintian went silent for a long while and let out a sigh. "I understand."

His eyes flashed with determination as he looked at Long Jinwei and the others. "Since that's the case, I will accept it."

As he spoke, his aura abruptly surged. He pointed his finger toward the sky, and silhouettes of the Azure Dragon, Vermilion Bird, Divine Phoenix, and White Tiger appeared above the Central Continent, followed by deafening cries.

Roar—

Scree—

Their terrifying auras and roars instantly petrified every living being in the world. The only thing they could see was the majestic appearance of the four legendary beasts.

"W-What is that?"

Since Yun Lintian had no intention of harming anyone, he didn't release his power much. Those people with relatively strong willpower could recover their senses a few breaths later and start to wonder what was happening.

On the Heavenly Cloud Mountain's peak, Master Bai stood on a tall tree and looked at the four silhouettes in the sky in astonishment.

"F-Four Beast God's souls... He actually..." Master Bai didn't know what to say anymore.

Normally, it was almost impossible for a human to fuse with a divine beast's soul. Let alone four beast god's souls. Furthermore, it was also impossible for an existence like this to give away its soul... Yun Lintian was definitely the first and the last person who could achieve this.

On the side, Yun Xia looked at the four silhouettes calmly as if it was a common thing. However, one could see a trace of solemnity in the depths of her eyes.

Inside the Phoenix Cave, the Divine Phoenix opened her eyes and looked toward the sky with a hint of surprise. "Now I know why you chose him..."

Meanwhile, Nantian Xiulan was stunned by the sudden appearance of the four silhouettes. She could only stare blankly at them.

The Divine Phoenix looked at her and said. "It seems I have to leave earlier than expected."

Nantian Xiulan came back to her sense and hurriedly asked. "My Lord...?"

The Divine Phoenix closed her eyes and said. "Call Little Girl Fengyu over. I have something to talk about with her before leaving."

Nantian Xiulan took a deep breath and bowed deeply at her before walking out.

On the Moon Garden, Lin Xinyao looked at the four divine beasts in the sky thoughtfully. She didn't know what was going on, but she could perceive Yun Lintian's aura from them.

"Hah. Four Beast God's souls... Everyone really spares no effort this time." On her shoulder, Mumu looked at the sky with a serious expression.

Since Yun Lintian had successfully fused with the Dragon God's soul, it meant his mission in this world had come to an end. He had to step into the next stage soon.

"What do you mean?" Lin Xinyao asked.

"I will tell you later when you return to the Divine Realm." Mumu didn't answer her directly. "I can only tell you that you have to step up your progress if you don't want to be thrown behind further."

A strange light flashed through Lin Xinyao's eyes upon hearing this. She sat down on the ground and began to practice directly.

Long Jinwei and the others couldn't help kneeling on the ground the moment the four silhouettes appeared. The intimidating auras the four beast gods released might not affect others much, but to them, who possessed a divine beast's bloodline, it was as though they were facing their true master.

Yun Lintian looked at everyone and said solemnly. "I, Yun Lintian, shall rule this world from today onward!"

Roar—

Scree—

Yun Lintian's voice wasn't limited to the Long Clan's manor, but everyone in the world could hear it as well. Even though they didn't know Yun Lintian, they fully understood that a new ruler had appeared now.

They couldn't help reciting Yun Lintian's name in their hearts. They must remember it well to avoid offending him in the future...

Chapter 1344 Dancing Dragons (1)

Buzz—

The grand teleporting formation on the Moon Garden suddenly lit up with white light, and when the light dissipated, Yun Lintian and the others could be seen on it.

Since there was nothing to do further on the Central Continent, Yun Lintian immediately returned to the Northern Continent with the Long Clan.

When Yun Lintian's group appeared, Yun Ruanyu instantly appeared with Yun Qingrou and Tang Suyin.

"Welcome back." Yun Ruanyu said with a gentle smile. She was delighted that from now on, no one could threaten the Misty Cloud Sect anymore.

"I'm back. Everyone has worked hard during this period." Yun Lintian greeted them with a smile.

For some reason, he felt as if he had returned to the time when he was young. Although the sect wasn't as powerful as now, it was definitely the most peaceful period of his second life.

"Congratulations. This world is yours now." Tang Suyin said sincerely.

The moment she met Yun Lintian, her intuition told her that he would certainly reach the top of the world, and he did it. What surprised her the most was that it took him a span of two years to achieve it. She was certain there would never be a second Yun Lintian in the future.

"Thank you, Senior." Yun Lintian responded with a smile. "By the way, Senior. I have something to talk about later. It's about the Skymist Ancient City."

"Alright." Tang Suyin could guess more or less about the topic Yun Lintian wanted to discuss with her.

"Where are Yaoyao and Bingling?" Yun Lintian asked.

"Sister Bingling went back to the Frozen Moon Palace. As for Xinyao, she is currently guarding Senior Qingxuan." Yun Qingrou answered.

"How's she?" Yun Lintian didn't know how severe the wound on Qingxuan's soul was.

Yun Qingrou shook her head. "I don't know. However, her injury must be very bad."

Yun Lintian frowned deeply.

Swoosh—

Suddenly, Long Shen appeared on the scene and quickly knelt on one knee before Yun Lintian. "Long Shen welcomes Master back."

Before this, Long Ying had already informed him about the Dragon God, and when the silhouette of the Azure Dragon appeared in the sky, he immediately understood everything... The legendary Dragon King was born!

Yun Lintian was still uncomfortable to see Long Shen kneel in front of him, but as Yun Qianxue said, he had to get used to it as soon as possible.

"Please get up." Yun Lintian waved his hand to help Long Shen up and said. "I believe Long Ying has already told you about the plan. You can take care of everyone first. I'll take a look at Senior Qingxuan."

"Yes, Master." Long Shen replied readily and brought his clansmen away.

Yun Lintian looked at Yun Ruanyu and said. "Even though I have no intention of unifying the world, we still need to show everyone that our Misty Cloud Sect is the number one sect."

"I have already thought of some ideas." Yun Ruanyu responded.

"We will talk again later." Yun Lintian nodded gently and headed toward the pavilion where Qingxuan usually resided with Linlin and Qingqing.

"You're back." Lin Xinyao opened her eyes and smiled upon seeing Yun Lintian.

She rose from the ground and looked at him with endless tenderness.

Yun Lintian walked over and gently pulled her into his embrace. "Everything is over for now. We don't have to run around anymore."

Lin Xinyao leaned against his chest and said softly. "I'm sorry. I can't help with your burdens."

Yun Lintian tightened his embrace and said gently. "You have done many things for me in the past. It's my turn now. You only have one duty, that is being beautiful and waiting for your husband to come back home."

"Pfft!" Lin Xinyao burst into laughter upon hearing this. "It would sound better if there was no the latter sentence. Do you want me to be a vase?"

Yun Lintian smiled and said. "What vase? It's called a virtuous wife, don't you know?"

Lin Xinyao pinched his waist and said. "Alright. Stop joking. You should take a look at Senior Qingxuan."

"Mhm." Yun Lintian nodded and left Qingqing and Linlin behind before walking toward the isolating barrier.

He circulated his divine energy and spoke. "Can I go in, Senior?"

However, after waiting for twenty seconds, there was still no response from Qingxuan.

Yun Lintian frowned slightly and said. "I will go in now, Senior. Please forgive me for the intrusion."

As he spoke, he pried open the isolating barrier with his divine energy and stepped in.

The next moment, his expression changed drastically as he saw Qingxuan lying on the ground with blood flowing out of her mouth. She was obviously unconscious.

With a swoosh, Yun Lintian immediately appeared beside her and injected his wood energy into her body.

"Hurry up and use the power of the Dragon God's soul," Hongyue said in a rare anxious voice.

Although Yun Lintian didn't know how to do it, he didn't hesitate to activate the power of the Dragon God's soul and poured it into Qingxuan's body.

At this moment, the Azure Dragon symbol on his Soul Gate lit up, releasing a brilliant azure-colored light. The light traveled through Yun Lintian's veins and directly entered Qingxuan's Soul Gate.

Her scattered soul gradually stopped collapsing and started to gather together bit by bit.

Yun Lintian continued to pour the soul power into Qingxuan's Soul Gate for ten minutes before his mind began to become heavy. It was a sign of exhausting mental strength.

"Do you hear me, Senior?" Yun Lintian asked as he saw Qingxuan's eyelids twitching from time to time as if she was about to regain consciousness.

Yun Lintian knew that he couldn't continue further. Otherwise, he would faint on the spot. He retracted his hand and put Qingxuan on a bed he had just taken out.

"There's really no other way? This is too slow." Yun Lintian asked while wiping the sweat out of his forehead.

"It will take many sessions to recover her soul," Hongyue said. "She won't be waking up anytime soon."

As Hongyue's voice fell, Qingxuan suddenly opened her eyes, startling both Yun Lintian and Hongyue.

"Senior, you... W-What are you doing...! Ugh!"

When Yun Lintian was about to say something, Qingxuan suddenly grabbed his arm and pressed him to the bed.

Rip—

The robes of Yun Lintian and Qingxuan were torn apart by Qingxuan's power and soon followed by a faint moan and panting sounds...

Chapter 1345 Dancing Dragons (2)

Yun Lintian lay on the bed naked, staring at the bright sky in a daze. His mind was full of the madness scene earlier... For the first time in his life that he had experienced a reversal situation like this.

The air was filled with a lascivious aroma, reminding Yun Lintian that what had just happened wasn't a dream... Never did he think that one day he would be pushed down by a woman. Moreover, it was a celestial woman that he had never even dared to have an unscrupulous thought of her.

Standing beside the bed, Qingxuan put a white robe on her pristine body. Her hair was a bit messy, soaking wet with sweat. She slowly arranged the robe to cover her proud mountains that had a few biting and kissing marks on them before wrapping her willow waist with a blue fabric strap.

Her complexion was no longer pale than before. On the contrary, it was brimming with vitality. Obviously, the injury on her soul had already recovered.

Qingxuan glanced around the place briefly. The original clean and tranquil pavilion was now a complete mess as nasty fluids had splashed all over the place. It could be seen how crazy they were.

Azure-colored light flashed across her body and the pavilion. All the things that soiled her body were immediately removed, and she once again resumed her untouchable appearance.

Her beautiful eyes were like limpid blue lakes, and not a single ripple could be seen within them. It was as if nothing had happened before.

Amidst the peace and quiet, she raised her hand and looked at the pure azure-colored light that flashed from her palm with a hint of surprise. Clearly, her strength had returned to her peak state.

Qingxuan retracted her hand and turned to look at the dazed Yun Lintian. "You're so daring. You actually put me, the dragon princess that everybody yearned for, under your crotch... Tell me. Why should I keep your pitiful life further?"

Yun Lintian returned to his sense and looked at Qingxuan. He was immediately stunned by her celestial countenance once again. Before this, half of her face had always been covered with her bamboo hat, and she never opened her eyes.

This was the first time he saw her face clearly without anything blocking his view. As for the madness earlier, he didn't even have time to look at her face as he was completely suppressed by her and his mind fully occupied by the endless ecstasy.

Seeing Yun Lintian like this, Qingxuan turned her head away and said. "Forget it. I will forgive you once... However, you better keep this matter secret. Otherwise..."

Yun Lintian's lips trembled slightly. He wanted to say that it was no longer a secret anymore, as Hongyue and the others must have already seen everything, but he couldn't utter a sound.

Qingxuan said further. "At least you didn't disappoint me. I thought that you would let that ant escape from this world with my father's blood origin."

Yun Lintian remained silent as he didn't know what to say at the moment.

"Take a look at your body," Qingxuan said.

Yun Lintian subconsciously entered the inner vision and was surprised by the scene. His skeleton, which was originally golden on the chest part only, had now entirely turned golden.

Without a doubt, the Dragon God's Marrow had successfully transformed his body. He didn't need to wait for another five years, as the Primordial Azure Dragon God estimated.

At the same time, Yun Lintian could feel the souls of the four beasts had become increasingly powerful. It was as if they had broken through to the next level.

Even though his profound strength hadn't increased, Yun Lintian could feel his combat strength had improved by leaps and bounds.

"Don't think that you can call yourself a dragon race just because of this. You still have a long way to go." Qingxuan's voice interrupted Yun Lintian's thoughts.

She pointed her finger at Yun Lintian's head, and an azure-colored light suddenly shot out, drilling into the space between his eyebrows.

Immediately, countless pieces of knowledge poured into Yun Lintian's mind, causing him to clutch his head in pain.

A while later, Yun Lintian took a deep breath to calm down and paid attention to the newly gained information.

What Qingxuan gave him was information related to the Dragon God Clan, as well as a profound art called the Dragon God Transformation. This profound art would allow him to take a dragon form, but it would consume a lot of his energy.

Similar to the Beast God Domain, unless it was the last resort, it was better to keep it.

"Practice well... I will keep an eye on you." Qingxuan said calmly, and her figure disappeared from the place. No one knew where she went.

Watching her disappear, Yun Lintian took a few deep breaths to stabilize his mind. Even now, he still felt everything that had happened was like a dream.

He slowly got into a sitting posture, silently letting out a long breath and reminding himself everything that had happened was real. He had actually taken Long Qingxuan... More precisely, it was Qingxuan who had done him.

However, he had to admit that every inch of Qingxuan's body was out of this world. Especially the feeling when the two "danced" together. It was something that Han Bingling and Lin Xinyao couldn't make him feel like this.

"Ah... I guess it's not bad," He comforted himself.

Yun Lintian unconsciously pressed a hand against the small of his back, and both his legs also felt weak and limp.

He recalled the day and night that he had been pressed down by Qingxuan when she seemed to practically morph into a completely frenzied wild beast. His face twitched fiercely as he felt it was unacceptable.

Yun Lintian gritted his teeth with hatred as he said. "Hmph! I must teach her a lesson later."

"Heh." Hongyue's sneering voice resounded in Yun Lintian's mind. "Feel good, right?... Well, it sure feels good. After all, she is the most beautiful woman in the Divine Realm. Every man in the world would do everything just to take a glimpse her face."

Yun Lintian was rendered speechless... It wasn't his fault, alright?

"Why?" Yun Lintian asked. He didn't understand why Qingxuan suddenly pushed him down.

"Who knows?" Hongyue shrugged.

Yun Lintian went silent for a moment and let out a sigh. He put a new robe on and walked out with trembling legs.

Chapter 1346 Hatred (1)

Behind the waterfall, Qingxuan stood calmly, recalling everything that had just happened. She didn't expect that one day she would do such a shameful thing.

"Yun Tian... I'm sorry." Her eyes were full of guilt. She had betrayed her beloved man.

She glanced at the kissing marks on her breasts briefly before jumping into the lake, cleaning herself again. It was as if she wanted to erase everything about Yun Lintian from her body.

Fortunately, she was sobered enough. Otherwise, Yun Lintian would have become a cold corpse by now.

Yun Lintian removed the isolating barrier and walked out unsteadily.

"Big Brother Yun." Linlin and Qingqing quickly floated over and landed on his shoulders. However, the moment they landed, they immediately noticed something strange inside Yun Lintian's body.

Lin Xinyao also looked at Yun Lintian with a strange expression. She obviously noticed his awkward walking posture.

"How is she?" She asked.

Yun Lintian felt guilty when he saw Lin Xinyao. Although having multiple women no longer bothered him, Qingxuan's matter was totally out of his expectation. It made him feel like he had done something bad behind Lin Xinyao's back.

"She's good now," Yun Lintian replied. "There's no danger anymore."

Lin Xinyao breathed a sigh of relief upon hearing this.

Suddenly, Qingqing took a few sniffs and asked innocently. "What's this smell, Big Brother Yun?... It's very...strange."

Yun Lintian was embarrassed and quickly circulated his energy to eliminating the smell on his body.

"Do you have something to tell me?" Lin Xinyao asked with a half smile. She seemed to guess something.

Yun Lintian shuddered involuntarily, and his eyes kept dodging. He didn't dare to look at her directly.

Lin Xinyao drew closer to Yun Lintian and grabbed his chin, forcing him to look into her eyes. "Why are you avoiding me? Could it be something had indeed happened?"

Yun Lintian swallowed hard and said hesitantly. "I-Indeed... But it's not my fault. She forced me."

"Oh, really?" Lin Xinyao curled her lips. She didn't seem to believe it.

"Y-Yes." Yun Lintian stammered. Throughout his life, he was never afraid of anyone... Well, except for her.

Lin Xinyao stared at Yun Lintian's face for a while and burst into laughter. "Hahaha! You were actually pushed down by her?"

Black lines appeared on Yun Lintian's forehead. Facing her laughter, he was no longer embarrassed.

He gritted his teeth and said angrily. "She caught me off-guard. I didn't have time to react."

Lin Xinyao sneered. "Do you think I would believe you? With your strength, it was impossible for you to resist."

Yun Lintian was so angry that his face turned red. That look from Lin Xinyao was obviously hurting his self-esteem.

Pa!

"You actually dare to tease your husband. Are your butts itchy?" Yun Lintian angrily slapped Lin Xinyao's round buttocks, causing her to jolt in fright.

"Ah! I was wrong." Lin Xinyao cried painfully, but the smile on her face didn't fade in the slightest.

Yun Lintian gritted his teeth and lifted Lin Xinyao up, preparing to bring her into a room and teach her the family's laws.

Lin Xinyao struggled hard, but she couldn't get rid of his hug. In the end, she could only accept the punishment.

Linlin and Qingqing jumped off Yun Lintian's shoulders and could only watch Yun Lintian and Lin Xinyao enter the room.

"What is Big Brother Yun going to do with that sister?" Qingqing asked innocently while eating a pancake.

panda---nove1,coM Linlin rolled her eyes annoyingly and snorted. "Hmph! Let's go."

She turned around angrily and left.

"Oh." Although Qingqing was confused, she still followed Linlin out in the end.

**

*

In a blink of an eye, a month had already passed by. There were so many things that happened during this period. For example, the new city on the Central Continent was already under construction, and everyone in the world gradually knew the existence of the Misty Cloud Sect and Yun Lintian with the help of the Cloud Pavilion, which was transformed from the former Star Pavilion by Yun Meilan.

After learning about Yun Lintian's great deeds, everyone gradually accepted that Yun Lintian was the current number one powerhouse. It could be said that without him, the world would have been occupied by the devils by now.

At the same time, everyone could sense the change in the atmosphere. With the reshuffle of the top powerhouses, the previous tense atmosphere slowly relaxed as everyone fully accepted the fact that the world had ushered in a new era.

"The food here is not bad. No wonder the business is booming." Inside a spacious dining hall, Yun Lintian looked at the bustling atmosphere while feeding Linlin and Qingqing roasted meats.

"Every restaurant here bought vegetables and meats from Floating Cloud Village. With such a high-quality ingredient, anyone can still make a simple dish delicious even if they have no culinary skill." Sitting opposite him, Tang Suyin said with a smile.

The place where they were right now was no other than the Profound Sky Divine City. However, the entire outlook of the city had been changed completely as Yun Lintian replaced it with the Skymist Ancient City's artifact.

Yun Lintian came up with this idea after talking with Tang Suyin. At first, he wanted to return the Skymist Ancient City to the Southern Continent, but Tang Suyin preferred to stay here.

In the end, he decided to demolish the newly built Profound Sky Divine City and replace it with this top artifact. This place had officially become an impenetrable fortress and the capital of the Northern Continent.

As for the Floating Cloud Village that Tang Suyin mentioned, it was a relatively huge village under Misty Cloud Peak. This village was full of ordinary people without any profound strength.

Yun Qingrou came up with this idea and let these people grow crops, providing high-quality fresh ingredients for every restaurant in the city.

Moreover, these people's descendants would be able to enter the Misty Cloud Sect and the newly established Profound Sky Academy for free... Of course, Yun Lintian still preferred to accept a female disciple only like before.

"What are you planning to do next?" Tang Suyin asked while putting a bunch of stir-fried cabbages onto Linlin and Qingqing's plates, causing the two carnivorous little girls to look at her angrily.

Yun Lintian thought briefly and said. "It's time for me to visit my master."

Weilan Tianjun has been locked up inside the Land of Beyond Heaven until now. Yun Lintian planned to give his master a surprise in a while.

Chapter 1347 Hatred (2)

"What about after that?" Tang Suyin asked further.

Yun Lintian smiled and said. "I planned to stay here for a few years. I want to spend time with everyone before leaving."

Tang Suyin nodded. "You deserve a good rest."

Yun Lintian was only twenty-one years old this year. Compared to other powerhouses, he was extremely young. Sometimes, Tang Suyin still felt it was unbelievable for a young man like him to reach the pinnacle of the world this soon.

While other people the same age as him were enjoying their young lives, Yun Lintian had to run around the world, competing against time to save every living being here... If he didn't deserve a good rest, Tang Suyin didn't know what to say anymore.

Yun Lintian smiled and continued to feed Linlin and Qingqing. Although he said he was going to take a rest, it wouldn't be that long. The situation didn't allow him to spend more leisure time.

"Did you hear the news about Sect Master Yun?" Suddenly, a blue-robed young man at the nearby table asked his friend.

"What is it?" A white-robed young man, who sat opposite him, asked curiously.

The blue-robed man glanced around briefly and said in a low voice. "I heard that he's planning to unify the world. There will be a coronation soon."

"Really?" The white-robed man was surprised. "As far as I know, Sect Master Yun doesn't seem to care about this at all. Where did you hear the news from?"

"From the merchant caravan." The blue-robed man said. "I thought the same as you at first. However, I later saw a few people from the Misty Cloud Sect ask for a toll from those merchants. I guess they are starting to reap the profit now."

The white-robed man had a skeptical expression. He didn't quite believe the Misty Cloud Sect would do something like this. "You better keep it to yourself. Maybe someone tries to frame Sect Master Yun."

Yun Lintian and Tang Suyin glanced at each other in confusion. They couldn't believe there would be someone dared to do this.

"Maybe it's one of your past enemies." Tang Suyin said. "Do you recall anyone?"

Yun Lintian frowned deeply and shook his head. "I had so many enemies. How could I remember all of them? Maybe these people weren't strong back then."

After finishing his sentence, he directly contacted Yun Meilan through his Divine Sense. "Meilan. Please check this out for me."

"I'm full, Big Brother Yun," Linlin said while licking her paws.

On the side, Qingqing had also stopped eating, which was rare to see.

Yun Lintian smiled and said. "Already full? Let's go then."

Tang Suyin got up and said. "I'll go back first. There will be new students coming tomorrow."

"Alright." Yun Lintian nodded gently and walked out of the restaurant with her.

After parting with Tang Suyin, Yun Lintian slowly walked along the streets toward the Profound Sky Academy.

Looking at the bustling scene along the way, Yun Lintian felt as though he had returned to Earth again.

"By the way, Hongyue. Can I go back to Earth?" Yun Lintian asked in his mind.

"Can, but you have to reach the God Emperor Realm first," Hongyue replied lazily. "The Earth you lived in before is likely to be on another universe. If I guess correctly, it should be a universe called Chaos Universe. Traveling between the universes isn't easy."

"Chaos Universe?" Yun Lintian frowned slightly. "How do you know?"

"Do you remember the Chaos Goddess Scripture you gave Yun Qianxue?" Hongyue asked.

"Yeah. Why?" Yun Lintian said in doubt.

"When I took a look at it, I found something strange. This profound art clearly isn't made for the profound system we are using here. The only explanation is that it's a profound art from another universe." Hongyue explained.

"I later looked into it further and found the name of the Chaos Universe... In fact, you should ask Yun Qianxue. I believe she knows something about this."

The frown between Yun Lintian's eyebrows grew deeper. "If that's the case. Won't this mean the Beyond Heaven King had visited this universe before?"

"Very likely," Hongyue responded.

Suddenly, Yun Lintian thought of his "mysterious transmigration." He vaguely felt there was something related to this. Perhaps it was the Beyond Heaven King who brought him here?

While pondering about this matter, Yun Lintian unknowingly arrived in front of the academy.

At this moment, the entrance was flooded with countless people. Most of them were youngsters, coming here to look for an opportunity to change their fate.

Yun Lintian looked at the scene and muttered to himself. "I forgot that today is the recruitment day."

"Big Brother Yun?" A pleasant voice resounded from a distance, and a familiar figure hopped over.

"Chu Mi." Yun Lintian looked at the incoming beautiful girl and said with a smile. "Why are you here?"

Chu Mi, who was now radiated with charms after practicing inside the Misty Cloud Sect for years, smiled and said. "I'm bored. I came here to help."

"What about you, Big Brother Yun?"

Yun Lintian replied. "I'm going to visit my master."

He looked at the crowd and asked. "Is there a backdoor?"

"Follow me." Chu Mi smiled sweetly and quickly brought Yun Lintian through an officer-used door.

After passing the group of people, Chu Mi found a vacant carriage and set off toward Moonlight Peak.

Because the Profound Sky Academy was a no-fly zone, Yun Lintian had no intention of flying or using his spatial power to jump to his destination.

"By the way, Big Brother Yun. Do you remember Teacher Nangong and Senior Sister Cai?" Chu Mi asked while controlling the carriage.

"What happens?" Yun Lintian asked in doubt. He, of course, remembered them. Nangong Xi was the Sky Throne Profound Academy's Hall Master, and Cai Xuwen was Hong Wuya's beloved disciple.

"Their conditions are not good currently." Chu Mi explained. "After Teacher Hong passed away, they are always living in sorrow... You should visit them, Big Brother Yun. Maybe you can help them."

Yun Lintian went silent for a while and said. "I'll visit them after seeing my master."

"That's good." Chu Mi smiled sweetly.

Chapter 1348 Hatred (3)

The carriage gradually arrived at the foot of Moonlight Peak. Yun Lintian hopped down with Linlin and Qingqing on his shoulders.

"Thank you." He said to Chu Mi with a smile.

"I'll go first, Big Brother Yun." Chu Mi knew that Yun Lintian had something to discuss with his master. She didn't plan to stay here further and quickly left with the carriage.

Watching the carriage go away, Yun Lintian raised his head to look at the familiar mountain with a hint of nostalgia. Two years ago, he arrived here in order to earn a quota of the Frozen Moon Mythical Realm, but who would have thought that he would end up knowing many precious people here?

Although his master, Lin Zixuan, and his other senior sisters couldn't help him much on his profound path, they never gave up on helping him. This touched his heart deeply.

Without thinking further, Yun Lintian took a step forward, walking along the path toward the mountain peak.

"This place didn't change at all." Yun Lintian looked at various trees and emitted a faint moonlight with a smile. For some reason, he felt like he had returned to his second home in this world.

After walking for a while, he finally arrived at the peak where a few bamboo huts could be seen arranged neatly nearby a small river.

At this moment, a beautiful woman sat by the river, looking at the sky calmly. Her long hair fluttered gently along a spring breeze, giving off a peaceful vibe to anyone who saw her.

When Yun Lintian walked over, she slowly turned to look at him. A smile appeared on her face as she said. "You're back."

Yun Lintian's heart warmed upon hearing this. He bowed his head and said. "Disciple Yun Lintian deserves to be punished for returning late."

The woman, Lin Zixuan, got up from the ground and said gently. "What are you talking about? My disciple went out to save the world. How could I have the heart to punish you?"

Yun Lintian was slightly surprised. Normally, Lin Zixuan rarely made a joke like this... It seemed she had changed throughout the years."

As he was surprised, Lin Zixuan had already arrived before him. She looked up and down briefly and said softly. "Welcome back. You've worked hard during this period."

Yun Lintian smiled brightly and said jokingly. "It wasn't hard at all, Master. I merely waved my hands a few times."

Lin Zixuan let out a chuckle, startling Yun Lintian with her charming smile.

"Junior brother?" At this moment, Jiang Yingyue walked over with a bamboo basket full of mushrooms and said in surprise.

"Big sister. You're still as beautiful as usual." Yun Lintian greeted her with a warm smile.

"It's good that you're back." Jiang Yingyue said with a gentle smile. Although she hadn't seen Yun Lintian for a long time, she was aware of his action, as Murong Xue always told her about it. She knew how hard he worked during this period.

Seeing Yun Lintian come back safe and sound, Jiang Yingyue could finally put her heart with ease.

Yun Lintian turned to look at Lin Zixuan and took a deep breath before saying. "Master, I have a gift for you."

Lin Zixuan looked at Yun Lintian in doubt.

Before she could say anything, the Gate of Beyond Heaven appeared beside Yun Lintian, and a figure was thrown out, crashing to the ground with a loud thud.

The expressions of Lin Zixuan and Jiang Yingyue changed drastically when they saw this figure. He was no other than Weilan Tianjun!

Weilan Tianjun's current appearance could be described as extremely miserable. His eyes looked like pits of dead water. His skin was caked with dry blood, his face looked as haunted as a monster's, and his body was so thin to the point only bones could be seen.

No one would believe that he was once the revered Azure Palace Master if they saw him right now.

During this period, he was tortured by the Soul Devouring Worm inside his body. Because he couldn't use any profound energy, his condition was several times worse than Lin Zixuan's back then.

"Ugh..." Weilan Tianjun could feel the change in environment, but he had no ability to see it as his eyes were blind.

Lin Zixuan calmly looked at Weilan Tianjun, a person she yearned to kill day and night. Her eyes which were filled with gentleness earlier were now turned terrifyingly cold.

Her entire body emitted an icy killing intent that could make everyone shudder in fright.

Perceiving the killing intent, Weilan Tianjun quivered and asked in a horse voice. "W-Who are you?... Yun Lintian?"

"Let me help you." Yun Lintian waved his hand, sending a small vine to wrap around Weilan Tianjun's eyes.

A moment later, the wound on Weilan Tianjun's eyes was recovered, as well as his sight.

He quickly looked around and saw Lin Zixuan. His face immediately turned pale. "Y-You... Lin Zixuan!"

At this moment, he wished he could die right away. The scene where he put the Soul Devouring Worm inside Lin Zixuan's body and prevented everyone from helping her appeared in his mind like a movie.

He'd rather face Yun Lintian than Lin Zixuan. After all, Yun Lintian had no deep enmity with him, while Lin Zixuan had a deep hatred for him.

"I'll leave him to you, Master." Yun Lintian said and exchanged a glance with Jiang Yingyue, preparing to leave.

However, Lin Zixuan suddenly said. "No need to leave. I will end soon."

Yun Lintian and Jiang Yingyue looked at each other in surprise. They thought Lin Zixuan would definitely torture Weilan Tianjun, returning what he did to her, but it didn't seem to be the case now.

"Weilan Tianjun." Lin Zixuan said calmly, making Weilan Tianjun shudder. There was no joy or hatred in her eyes. The earlier killing intent had also vanished.

"If it was before, I would certainly let you know how I lived through the years." Lin Zixuan said further. "However, the hatred I had for you is now completely gone... Do you know why?"

Weilan Tianjun's facial muscles shuddered, but he didn't utter a sound.

"It's because my disciple has already done it for me." Lin Zixuan said calmly. "He's not only destroying your father and your people but also your prestige that you care so much... From today onward, the

Azure Palace you're proud of will become a remarkable historical downfall. People in the latter generations will learn how incompetent you are."

Weilan Tianjun's eyes widened in shock. As someone who cared about fame and dignity, this was undoubtedly the most vicious punishment...

Chapter 1349 Hatred (4)

"You... You can't do that!" Weilan Tianjun roared.

Yun Lintian smiled disdainfully. "It must feel terrible, right? To have everything under your enemy's control like this. Now, you should understand how others feel."

In fact, Yun Lintian wanted to cut Weilan Tianjun into thousands of pieces many times because this bastard dared to threaten his master and Lin Xinyao back then. If it wasn't for letting Lin Zixuan vent her anger, Weilan Tianjun would have gone to see his father long ago.

"You!" Weilan Tianjun spat out a mouthful of blood. His original pale face became paler.

"In order to suppress me, you have used your background to suppress my disciples everywhere despite the fact they have nothing to do with the grudge between us. Moreover, you even colluded with the Poison Valley to capture my niece." Lin Zixuan said calmly.

"Originally, I would eventually die under the Soul Devouring Worm, but heaven pitied me. My youngest disciple appeared and gave me a second lease on life... It was a pity I couldn't destroy your Azure Palace with my hands."

Lin Zixuan stared straight into Weilan Tianjun's eyes and said indifferently. "But it doesn't matter anymore... Weilan Tianjun. The grudge between us ended here."

"No!" Weilan Tianjun was scared witless as he perceived that death was coming. He struggled to crawl away, trying to escape for his life.

Looking at the pitiful appearance of her mortal enemy, Lin Zixuan felt nothing. There was no joy or pity in her eyes as if she was looking at a stranger.

She pointed her finger at Weilan Tianjun, and a white light abruptly flashed.

Instantly, Weilan Tianjun's bones were crushed, and his veins were severed. His muscles and blood were directly burned by the white light before his entire being entirely disappeared without a trace.

The generation's proud son of heaven had died just like that.

Yun Lintian and Jiang Yingyue looked at the scene silently. They didn't quite understand why Lin Zixuan could let go of hatred completely.

Lin Zixuan retracted her finger and turned to look at the two with a smile. "Surprised?"

Yun Lintian subconsciously nodded his head.

Lin Zixuan said softly. "At first, I had the desire for revenge because he harmed me and my niece and perhaps my pride. Although I never thought of myself too highly, it couldn't prevent me from having high self-esteem. Hence, when I was thoroughly defeated by Weilan Tianjun and forced to accept the Soul Devouring Worm, I just couldn't accept it."

Yun Lintian and Jiang Yingyue nodded in an understanding manner. Lin Zixuan, in the past, was not only the number one beauty of the Northern Continent but also the most talented woman. It was normal for such a person to have her own pride.

"However, after staying in a crippled state for years, my will of revenge gradually died down. It was until you appeared." Lin Zixuan looked at Yun Lintian deeply.

"Your appearance could be said to be a gift of heaven and allowed me to realize that the desire of revenge I had before was not true, but rather it was a desire to protect my niece and my disciples."

"It became even clearer the moment I received the news about Weilan Jian's death and the Azure Palace's demise. At that moment, I found myself that there was no hatred in my mind anymore. It was because I knew my disciples and my niece would be safe and sound from now on."

"Master..." Jiang Yingyue was moved.

Among the five disciples, she was the one who knew about this the most. Back then, Lin Zixuan disregarded her own life to rescue her from the Wang Clan's claws. Even though it was Yun Lintian who did it in the end, it didn't mean her master's efforts could be ignored.

Yun Lintian went silent. In this aspect, he understood it more than anybody. His journey on the profound path basically started out of the will to protect everyone in the Misty Cloud Sect.

It could be said that the major part of his thirst for power came from the desire to protect the people around him.

This also explains why he didn't have a deep hatred for Weilan Jian, Xing Tengfei, and the other enemies.

Yun Lintian took a deep breath and said with a smile. "Everything is settled now. We should look forward to the future from now on."

Lin Zixuan smiled. She was about to say something but suddenly perceived a familiar aura coming.

"Please forgive my abruptness. Jiang Yuanjun asks for a request to meet his daughter."

A male voice suddenly resounded from the foot of the mountain, causing Jiang Yingyue's expression to change drastically. The owner of the voice was no other than her father, Jiang Yuanjun.

Lin Zixuan looked at her disciple and said gently. "You don't have to see him if you don't want to."

Jiang Yingyue went silent for a moment and shook her head. "It's fine, Master. He won't give up easily if I don't go."

"Let me go with you, Big Sister Yingyue." Yun Lintian said.

Jiang Yingyue wanted to refuse as Yun Lintian had done more than enough for her, but Yun Lintian didn't give her a chance. He simply dragged her down the mountain.

At the foot of the mountain, Jian Yuanjun stood there with an anxious expression. His face was a little haggard and full of worries.

He couldn't sit still after knowing the Azure Palace, the Star Gazing Palace, and the Myriad Pill Palace were gone. What was even more shocking was that they were all defeated by Yun Lintian, his daughter's junior brother.

Counting how much Yun Lintian cared for Jiang Yingyue, Jiang Yuanjun couldn't endure anymore and rushed over to see his daughter, hoping that she could say a nice word to Yun Lintian and let him forgive the Jiang Clan.

eaglesnove1,coM Even though Jian Yuanjun knew he was shameless in doing this, he had to do it in order to survive.

Suddenly, he caught a glimpse of Jiang Yingyue, and the anxiety in his heart dispersed a bit. At least his daughter was willing to meet him.

However, when he saw the appearance of the man behind her, his face turned ghastly pale instantly.

"It's been a while, Patriarch Jiang. I don't know why you came here?" Yun Lintian said while slowly walking toward Jiang Yuanjun.

The leisurely smile on Yun Lintian's face sent a chill running down Jiang Yuanjun's spine...

Chapter 1350 Revive (1)

Jiang Yuanjun squeezed an ugly smile and greeted Yun Lintian. "You're here too, Sect Master Yun."

"What happens, Patriarch Jiang? Why is your face pale like that?" Yun Lintian asked with a faint smile.

The already ugly smile on Jiang Yuanjun became uglier upon hearing this. At the same time, his back was drenched with cold sweats. He was so afraid that Yun Lintian would simply kill him here.

Jiang Yingyue looked at her father, whom she respected when she was young, with a complicated mood. The current Jiang Yuanjun was no longer as majestic as before. He looked more like a defeated dog begging for his life.

"Why are you here?" She asked.

Jiang Yuanjun looked at her daughter's indifferent expression and squeezed a word out. "I just came to see how you are doing."

"Really?" Yun Lintian sneered. "If I remember correctly, you have never cared about her life and death for many years. And the last time I saw you, you even forced her to marry someone she didn't like, treating her like a commodity. Why are you caring now?"

Jiang Yuanjun's face turned unsightly. He didn't know how to refute it.

"Let me guess. You're here because you're afraid I would do something to your clan, right?" Yun Lintian chuckled.

Facing Yun Lintian mercilessly exposing his thoughts, Jiang Yuanjun could only lower his head in shame.

Jiang Yingyue remained silent for a while and finally said. "You don't have to worry about it. My junior brother is magnanimous enough. He won't care about the weak Jiang Clan.

Hearing this, Jiang Yuanjun didn't know whether he should be happy or angry. His clan could survive, but it was because they were no different from ants in Yun Lintian's eyes. If it was the past, he would jump up in anger by now.

He took a deep breath and raised his head to look at Yun Lintian. "Thank you for sparing us. I promise that my Jiang Clan won't participate in any dispute in the future."

"Whatever." Yun Lintian said carelessly. "I hope you remember this moment well. I might let your Jiang Clan go for the sake of her, but my people are different from me."

"Understood." Jiang Yuanjun responded in relief.

He turned to look at his daughter in a complicated mood and said. "You really don't want to go back anymore?"

Jiang Yingyue stared straight into her father's eyes and said indifferently. "The moment you sold me to the Wang Clan, I was no longer the Jiang Clan's member. This will be the last time. From today onward, the clan's life and death have nothing to do with me."

Jiang Yuanjun wanted to say something, but no word came out in the end. His heart was full of endless regret. Had he treated her better, the Jiang Clan would definitely have become the top clan by now... Unfortunately, there was no medicine for regret in this world.

"Alright." He nodded slightly and took an exquisite box out before handing it to Jiang Yingyue. "This is your mother's belongings."

Jiang Yingyue's hands trembled slightly when she received the box. She stroked the box gently and put it away without looking at the content inside.

Jiang Yuanjun took a deep look at his daughter and said gently. "I know I don't deserve to be your father but trust me, I deeply regret it now... I hope you can live the life you want. Take care."

He resolutely turned around and left without waiting for Jiang Yingyue to reply.

Watching her father's lonely back disappear from her sight, Jiang Yingyue closed her eyes and let out a long breath... Although Jiang Yuanjun mistreated her, he was her father at the end of the day. It was impossible for her to feel anything at all.

Yun Lintian silently stood by her side. This kind of matter wasn't something he could interfere with. In the end, Jiang Yingyue had to go through it by herself.

A while later, Jiang Yingyue opened her eyes and looked at him with a smile. "Thank you for everything you did for me."

"What are you talking about, big sister? You're my senior sister. It's my duty to help you." Yun Lintian chuckled.

He looked at Moonlight Peak and changed the topic. "This place is a bit desolate. Let's raise some beasts here."

Jiang Yingyue knew Yun Lintian didn't want to talk about this further. She asked softly. "Are you going to stay here?"

Yun Lintian nodded and then shook his head. "I'll visit Senior Nangong and Senior Sister Cai first and return to live here for a period."

Jiang Yingyue raised her eyebrows slightly as if she thought of something. "That's right. You should ask Palace Master Han about Senior Hong."

Yun Lintian was puzzled. "Senior Hong? What's wrong with him? Isn't he already gone?"

Jiang Yingyue shook her head. "Back then, Senior Hong sacrificed himself to get a piece of information from Yin Bei and suffered the potent Deep Sea Poison. However, before his death, Palace Master Han used her power to freeze him. It seems his soul is not fully dissipated yet."

A trace of surprise flashed across Yun Lintian's eyes. He couldn't help asking in his mind. "Lauya, can we revive him?"

"It's possible," Lauya replied. "Normally, anyone who suffers poison would have their vitality reduced until disappearing completely. If Hong Wuya's body is well preserved, it's possible to remove the poison and make up for the vitality loss."

Yun Lintian immediately understood everything. With the Tree of Life's power, it was easy for him to "revive" Hong Wuya.

Without thinking further, he spread his Divine Sense and quickly located Han Bingling.

At this moment, Han Bingling was sitting inside the spacious hall, discussing with Han Xue the development of the Frozen Moon Palace.

Suddenly, she heard Yun Lintian's voice. "Do you miss me?"

Han Bingling was startled for a second and quickly asked. "Where are you?"

During this month, Han Bingling didn't return to the Moon Garden as she wanted to nurture the next generation palace master to take her position so that she could stay with Yun Lintian every day.

Even though she knew Yun Lintian had already returned, she suppressed the urge to see him in her heart and continued to finish her work as soon as possible.

eaglesnovel.com "I'm here at my master's place." Yun Lintian said gently. "I want to ask you about Senior Hong Wuya."

Han Bingling immediately understood. "I'll let someone bring his body to you."

"You're not going to come?" Yun Lintian said in disappointment.

Han Bingling curled her lips. "You can play Sister Qianxue and Shen Liqiu first."
