

Myth Beyond 1351

Chapter 1351 Revive (2)

Yun Lintian was speechless. He quickly changed the topic. "I'll wait for you here at my master's place."

On the other side, Han Bingling curled her lips in amusement. "Got it."

Yun Lintian retracted his Divine Sense and looked at Jiang Yingyue. "Big sister. Do you know where the fourth sister is? I didn't see her for a long time now."

During this month, Yun Lintian didn't pay much attention to the outside world as he devoted himself to Lin Xinyao, practicing with her every night. Hence, he had no idea about Wu Qingcheng.

Normally, Wu Qingcheng should have contacted him by now. After all, no one in the world could threaten him now. It was no need for her to be cautious like before.

"She already left this world." Jiang Yingyue said softly.

Yun Lintian was taken aback. "How?"

eaglesnove1,coM Jiang Yingyue shook her head. "I don't know how she left, but I know a bit about her background... The Mystic Pavilion was originally established by her mother. It was said to be a force from the Divine Realm. For some reason, she left the world after giving birth to Fourth Sister."

"Oh?" Yun Lintian was surprised.

He quickly asked in his mind. "Do you know about this, Hongyue?"

"I have never heard about the Mystic Pavilion, but there's a force specializing in holding an auction called Mystic Auction House. It's backed by the Mystic Divine Realm." Hongyue answered.

"No wonder I found your Fourth Sister's aura familiar when I first saw her."

"I see." Yun Lintian felt strange about this.

His second sister, Murong Xue, came from the God Emperor's face, and now his fourth sister also originated from the Divine Realm. All of them actually met each other here and became fellow disciples.

This was too coincident...

"She visited Master and me before leaving and left this to you." Jiang Yingyue said, and a silver token appeared on her palm. The token was a rectangle in shape, and there was the word "Mystic" on it.

With a glance, Yun Lintian could feel a trace of divine energy inside.

"Fourth Sister said you can take this to the Mystic Divine Realm to find her." Jiang Yingyue said and handed the token to Yun Lintian.

Yun Lintian took it and looked at it briefly before putting it away. "There will be a chance."

Jiang Yingyue nodded gently and said nothing.

Yun Lintian looked at her and asked. "Big sister. Do you want to go to the Divine Realm? This world is too small for you."

Jiang Yingyue remained silent for a while and shook her head. "I want to stay with Master."

"Have you asked about it?" Yun Lintian asked.

"Master has no intention of leaving this world." Jiang Yingyue said softly. "She doesn't pursue the profound path anymore."

Yun Lintian couldn't help saying. "Even if she doesn't want to, it doesn't mean she should stop completely. Anyway, the higher profound strength means the longer lifespan."

"You can talk with her later." Jiang Yingyue said gently. "If she wants to enter the Divine Realm, I will follow her."

She didn't plan to talk about the fact that Murong Xue had invited her and Lin Zixuan to go to the Endless Dream God Emperor Realm with her.

"Alright. I will talk with Master later." Yun Lintian said.

In fact, he didn't plan to bring anyone to the Divine Realm with him. After reading so many novels and seeing many plots where everyone got separated on the way to the higher realm, he felt it wasn't a good idea to bring everyone along.

He planned to gain a firm foothold over there first before coming back and bringing everyone to the Divine Realm.

Another method was placing everyone in the Land of Beyond Heaven, but he didn't know whether he could access it when he arrived at the Divine Realm.

Swoosh—

At this moment, Han Muyue appeared in front of Yun Lintian and Jiang Yingyue with an ice coffin in her hand. Inside the coffin laid a lifeless thin middle-aged man whose skin turned deep green. He was no other than Hong Wuya.

Yun Lintian reacted. "Thank you."

Han Muyue didn't say anything. She gently placed the coffin on the ground and left.

Jiang Yingyue looked at the lifeless Hong Wuya and said softly. "Hall Master Hong didn't care about his life at all. Even at his last moment, his mind was all about his disciples and the Northern Continent... He's our benefactor."

Without the information from Hong Wuya, Yin Bei would have successfully ambushed the Northern Continent, and the situation could become several times worse. His sacrifice allowed Han Bingling and the others to prepare a countermeasure to answer Yin Bei's sinister plans in time.

Yun Lintian took a deep breath and said. "He is a true hero."

"Can you help him?" Jiang Yingyue asked.

Yun Lintian didn't answer. He opened the coffin's lid, and a pungent smell of the Deep Sea Poison immediately blew up.

Yun Lintian quickly waved his hand, and several thick vines shot out of his body, wrapping around Hong Wuya's body tightly.

In the next moment, a torrent of vitality rushed into Hong Wuya's body, traveling through his veins and blood vessels while destroying the Deep Sea Poison along the way.

Hong Wuya's greenish skin gradually returned to its original state, and his almost depleted vitality slowly increased bit by bit. Except for his inactive heart, he was no different from a living person.

Yun Lintian took a bottle of the Soul Liquid out and poured it into Hong Wuya's mouth before guiding the liquid's power toward the latter's Soul Gate.

Soon, Hong Wuya's soul, which looked like it was about to dissipate at any moment, became alive once again.

Hong Wuya's heart also started beating from time to time and eventually returned to its original rhythm. The massive amount of vitality was quickly distributed to every organ, bone, and muscle, nourishing them.

A few minutes later, Hong Wuya's eyelids twitched slightly as he slowly opened his eyes.

The bright sky was the first thing that came to his sight, kicking his brain into working.

"Is this... heaven?" Hong Wuya muttered in a hoarse voice. He fully believed that he should go to hell, but this blue sky didn't look like the hell he had imagined.

"It's not heaven, Senior."

Chapter 1352 Sorrow And Joy (1)

Hong Wuya was startled by the familiar voice. He tilted his head to look in the voice's direction and was stunned. "You are... Yun Lintian?"

"It's me." Yun Lintian smiled.

Hong Wuya's head was a complete mess. He couldn't comprehend the current situation. Wasn't he already dead? Why would he see Yun Lintian here?

"You're not dead, Hall Master Hong." Jiang Yingyue finally said. "Palace Master Han froze you before your last moment. It had been two years since."

Hong Wuya was stunned. He tried to recall the moment before his consciousness vanished and found he did indeed feel cold. However, he thought it was a common thing when the death approached.

"So, I'm not dead." Hong Wuya muttered to himself after remaining silent for a long while.

However, instead of happy, his eyes were full of sorrow and regret... He thought that he could finally go to his wife's side but ended up staying here.

Yun Lintian didn't understand why Hong Wuya felt sad.

"He is missing his late wife." Jiang Yingyue told him through a sound transmission.

"I see." Yun Lintian immediately understood and looked at Hong Wuya with guilt.

If there was anyone who understood how Hong Wuya felt the most, it must be Yun Lintian. He was fully aware of how torment it was when you had to live on while your beloved one was gone.

When Xia Yao passed back then, not even a second, Yun Lintian didn't wish he could follow her. If it wasn't because Xia Yao's last wish, telling him to live on, he would have ended his life a long time ago.

Hong Wuya must feel the same. To him, living was painful, and death was a relief.

Yun Lintian stepped forward and bowed his head slightly. "I'm sorry, Senior. I shouldn't bring you back."

Hong Wuya raised his head to look at this familiar yet unfamiliar youth. Clearly, Yun Lintian had gone through a lot during these two years.

While his temperament didn't change much, Hong Wuya could see the change in Yun Lintian's eyes. There was no longer a trace of the pain and sorrow. He used to hide well anymore.

"What are you sorry for? You have done a good thing." Hong Wuya said with a faint smile while getting up from the ice coffin.

Yun Lintian handed him a new white robe and said. "I have prevented you from reuniting with your wife."

Hong Wuya put on the robe and patted Yun Lintian's shoulder. "Although Palace Master Han managed to preserve my life, I could be considered dead once. There's nothing behind that except for the endless darkness. So, you didn't disturb me or anything."

Yun Lintian's mind traced back to the moment he lost his life. It was true, as Hong Wuya said. There was nothing except darkness.

"Come. Give me some good wines." Hong Wuya didn't want to linger on this topic further.

Yun Lintian smiled and took out a jar of red wine that Yun Qingrou carefully cultivated.

Hong Wuya snatched it away and poured it into his mouth directly.

"Hah! What kind of wine is this? It's so good." Hong Wuya wiped the trace of the stain out of the corner of his mouth and looked at the jar in surprise.

"It's a normal red wine made of the highest-grade grapes." Yun Lintian replied and handed him another jar.

"Good." Hong Wuya took another gulp and asked. "Update me. What had happened in these two years? What about Yin Bei?"

Yun Lintian took a set of tables and chairs out for everyone and slowly narrated the past events.

After listening to Yun Lintian's narration, Hong Wuya couldn't help taking a long breath. "So basically, the world is at peace now?"

"You can say that." Yun Lintian nodded and took a sip of wine.

Hong Wuya drank another mouthful of wine and said emotionally. "There were so many people who sacrificed themselves."

He didn't expect Principal Tian to die protecting the Northern Continent. What was more? His friend, Gu Yi, actually betrayed him and joined the Peng Clan.

Hong Wuya went absent for two years, but he felt as though he had been missing for decades. There were too many things that happened during these two years.

What surprised him the most was that Yun Lintian could actually defeat everyone under the sky in a span of two years. He didn't know what kind of word he should use to describe Yun Lintian's monstrous growth. It was beyond a miracle.

Yun Lintian looked at him and said. "Senior. You should visit Hall Master Nangong and Senior Sister Cai as soon as possible. Their conditions are not good from what I know."

A trace of guilt flashed across Hong Wuya's eyes upon hearing this. He wasn't a fool to not know how Nangong Xi felt about him. He didn't know how to handle this debt of love.

As for Cai Xuwen. She was like a daughter to him. Hong Wuya didn't expect her to feel so sad after he left.

Hong Wuya grabbed the jar of wine and bottomed up in one go. His eyes became determined as he smashed the jar on the table... Since he got a second chance to live, he didn't want to escape anymore.

"I'll leave first." Hong Wuya got up and said.

Yun Lintian nodded. "Senior can fly directly. No one will trouble you."

Hong Wuya didn't say anything. His figure soared to the sky and rushed directly toward Nangong Xi's residence.

"It seems he has finally made up his mind." Jiang Yingyue said softly. Although she didn't care much about the academy's affairs, she still knew something about Hong Wuya and Nangong Xi.

Yun Lintian nodded gently. "It's good for him."

He got up and said. "Let's go back, big sister."

Inside a pavilion, Nangong Xi stared blankly at the fishpond below without moving an inch. She had been staying in this posture for who knew how long.

Since Hong Wuya departed, Nangong Xi devoted herself to teaching new students. Now, all the enemies were gone under Yun Lintian's hands; she suddenly lost all motivation.

Whenever she was idle, Hong Wuya's figure would immediately appear in her mind, causing her to be in this decadent state.

"Master. You should eat something." At this moment, Cai Xuwen walked over with a tray full of delicacies. Although she looked fine outside, her heart was empty, just like Nangong Xi's.

She stayed here with Nangong Xi since Hong Wuya passed and wholeheartedly served her.

Nangong Xi didn't seem to hear it. She continued to stare at the fishpond.

Just as Cai Xuwen was about to say something further, a familiar voice suddenly resounded from above.

"Xixi. Little Girl Xuwen."

Chapter 1353 Sorrow And Joy (2)

Plop!

Cai Xuwen subconsciously looked up, and the tray in her immediately fell to the ground. Her eyes widened in disbelief while covering her mouth with both hands.

On the side, Nangong Xi woke up from the daze and slowly looked toward the sky. Her eyes froze, and her entire body trembled. Her mind couldn't comprehend the situation.

Hong Wuya slowly descended from the sky and landed before Nangong Xi. Looking at her thin and depressed appearance, the guilt in his heart grew stronger.

"I'm sorry." Hong Wuya didn't know what to say in this situation as he knew all those words were useless.

"..." Nangong Xi didn't react to his words. She looked frozen to the point where it looked as if someone had turned her to stone.

Hong Wuya took a deep breath and pulled her into his embrace, holding her as tightly as he dared.

A breath passed...another breath passed... suddenly, Nangong Xi returned to her senses and said uncertainly. "Is this... a dream?"

She didn't know what was happening at the moment. It could be a dream, but the warmth from Hong Wuya's embrace said otherwise. If this was a dream, it would be her most realistic dream ever.

"It's not a dream. I have indeed come back from death." Hong Wuya said softly. "I'm sorry for making you wait. I won't lie to myself anymore."

Nangong Xi quivered slightly as if she jolted awake from the dream. She clung to Hong Wuya and cried to release all the emotions she had smothered until now.

Two years might be short for a practitioner, but to her, it was the longest two years of her life. If it wasn't for her responsibility as a teacher, she would have killed herself by now.

Longings and sorrow... everything had transformed into translucent tears that drenched Hong Wuya's chest in no time.

"Master..." Cai Xuwen was already in tears as her gaze had never left Hong Wuya since he appeared.

Hong Wuya looked at her and said softly. "Sorry."

Cai Xuwen shook her head with a crying smile. "This disciple should be the one who says that. I've failed to live up to Master's expectation."

Hong Wuya shook his head and said nothing further. He patted Nangong Xi's back gently, trying to calm her down.

Nangong Xi's face was a complete mess at this point. The crying was such that she felt physically exhausted when she finally got it somewhat under control.

She left Hong Wuya's embrace and looked at his face attentively, trying to confirm whether he was an illusion.

"Welcome back." She barely squeezed the word out, resisting the urge to cry.

Hong Wuya wiped the tears off her face and said determinedly. "Let's get married."

Nangong Xi trembled. Her eyes widened in disbelief as her mind went blank directly. Who knew how many times she wanted to hear this sentence, but she was aware it was nothing but a pipedream... She couldn't believe her ears when he had just said it.

"Mhm." She came back to her sense and said tearfully. This time, it was a tear of joy.

On the side, Cai Xuwen looked at the scene with a happy smile. She wiped the tears out of her cheeks and said. "I'll prepare the weddings now."

As she spoke, she quickly slipped away like a gust of wind.

Soon, the news of Hong Wuya's return spread among the old teachers. Those who had a good relationship with him quickly rushed over to see him with their own eyes and ended up receiving a wedding invitation instead...

Another month passed by very quickly. Yun Lintian had been living a leisurely life on Moonlight Peak during this period. He would either bask in the sun or fish by the river. It was a rare peaceful moment he never had since his journey on the profound path began.

"You sure enjoy your life, huh?" While Yun Lintian was leisurely basking in sunlight, Han Bingling suddenly appeared beside him and said jokingly.

Yun Lintian chuckled and pulled Han Bingling into his embrace while his hands became dishonest, causing Han Bingling's face to turn red instantly.

She hammered his chest and snorted angrily. "I knew it. You are just greedy for my body."

Yun Lintian kissed her head gently and said. "If I'm not greedy for your body, who should I look for, then?"

eaglesnove1,coM Han Bingling curled her lips and obediently laid on Yun Lintian's chest, letting him grab this and that place. "I heard someone try to use your name to gain benefits recently?"

Yun Lintian kneaded her elastic buttocks while replying. "It's just a bunch of clowns. They have been dealt with already."

Last month, Yun Meilan thoroughly investigated the rumors circulating among people and found out it was those former students of the Sky Throne Academy that took advantage of his name.

Yun Lintian didn't care much about them after knowing it, but Yun Qianxue was different. She couldn't tolerate something like this and punish them by herself.

At the same time, Yun Ruanyu used this chance to announce to the world that the Misty Cloud Sect had no intention of becoming the world's ruler. It was only then did the rumors vanish completely.

"It's because you have no intention of unifying the world. They simply seized this chance to take advantage." Han Bingling said gently.

Had Yun Lintian crowned himself as Weilan Jian did, these things would never happen. Just like no one dared to use the Azure Palace's name to seek benefits back then.

"You should understand me well. I am too lazy to do something unnecessary like that. What's more? I had already told the world once. And now what? They still did it anyway." Yun Lintian's hand slipped into Han Bingling's skirt and reached her secret base, causing her to let out a soft moan.

Han Bingling glared at him angrily, but her body was honest. She couldn't help kissing him, and the two immediately vanished from the place. Obviously, their destination was the bedroom.

As the two disappeared, Jiang Yingyue walked over and halted her step as she heard the faint moan. Her cheeks flushed red slightly as she turned around and left.

"Big sister!" Suddenly, Nantian Fengyu and Long Feiyan came over and greeted Jiang Yingyue.

"What's wrong with you, big sister? Why is your face so red?" Nantian Fengyu asked curiously.

Jiang Yingyue waved her hand and said. "Let's go out first. It's not the time to visit junior brother."

Before Nantian Fengyu and Long Feiyan could say anything, they were immediately dragged away by Jiang Yingyue... Chapter 1354 Happiness

After "practicing" for the entire day, Yun Lintian walked out of the room refreshingly, followed by Han Bingling, whose skin became more radiant.

Han Bingling reached out to pinch Yun Lintian's arm and said angrily. "Look, it's already this late. Hmph!"

Yun Lintian smirked. "Since it's already at night, why don't we continue?"

"No!" Han Bingling subconsciously stepped back with trembling legs. She didn't know why Yun Lintian had become so powerful that she couldn't withstand his relentless attack anymore.

Yun Lintian laughed slightly upon seeing this. After absorbing the Dragon God's bloodline, he could feel the change in his body. He had become more lustful and seemingly possessed unlimited strength when it came to this kind of exercise.

It was said a dragon was the most lustful race, and it seemed to be true.

"By the way, have you found a suitable successor?" Yun Lintian didn't tease her anymore and walked out of the bamboo hut hand in hand.

"Yes and no." Han Bingling said. "There are a few suitable candidates, but they are too weak compared to the Misty Cloud Sect."

"In the past, the Frozen Moon Palace represented the Northern Continent, but it all changed now. No matter how talented those candidates are, they cannot be compared to a single disciple of the Misty Cloud Sect."

"Hence, I feel like it's useless to choose someone."

Yun Lintian looked at her and asked jokingly. "Are you blaming me?"

"How could it be?" Han Bingling responded with a serious expression. "Actually, I have an idea to discuss with you."

"Oh? Tell me." Yun Lintian became interested.

"As we know. The Frozen Moon Palace originally existed to serve the Misty Cloud Palace and could become one today because of the disappearance of the Misty Cloud Sect." Han Bingling paused her track and said.

"Now, the Misty Cloud Sect has emerged again. I think it's time for the Frozen Moon Palace to serve its original purpose."

"You mean... You want to merge the Frozen Moon Palace into the Misty Cloud Sect?" Yun Lintian was surprised.

Seeing Han Bingling nod, he asked further. "What about Senior Han?"

"She supports the idea. Well, in fact, she was the one who proposed this." Han Bingling said gently.

Yun Lintian nodded slowly. "If everyone on your side doesn't mind about it, I also have no objection... To tell you the truth, I have thought of this as well, but I feel it's inappropriate to ask."

"They have no objection. You don't know how jealous they are of the Misty Cloud Sect's disciples. If it wasn't for their loyalty, they probably jumped to your sect long ago." Han Bingling laughed elegantly.

"I'll let Ruanyu take care of it." Yun Lintian said.

"Oh, right." Han Bingling suddenly said. "If you're free, you should visit the Ancestor. She seems to have something to talk about."

"Well, I will visit her in a few days." Yun Lintian nodded slightly.

"Junior brother!" As the two left the hut, Nantian Fengyu flew over and hung on Yun Lintian's body like a koala.

"Fifth Sister." Yun Lintian was helpless but didn't push Nantian Fengyu away.

"Hmm? Why is there a fishy smell on your body?" Nantian Fengyu sniffed a few times and said with a frown. "Good junior brother! You actually ate delicious food behind my back! No wonder Big Sis Yingyue prevented me from coming here."

Yun Lintian and Han Bingling glanced at each other in embarrassment. They had just finished their training and completely forgot to remove the odor.

"Let's go. I'll make some good food for you." Yun Lintian quickly said and walked toward a bamboo garden where the others resided.

When Yun Lintian stepped into the garden, he immediately saw a few familiar faces sitting around a bonfire, talking and laughing. They were Bai Yun, Bai Qingyi, Chu Heng, Chu Mi, Lan Shuiying, Qin Yuyan, Qin Yiran, and Fei Mao.

Meanwhile, Jiang Yingyue, Long Feiyan, Lin Zixuan, Linlin, and Qingqing, were chatting in a low voice at a further distance.

"Brother Yun!" Fei Mao's eyes lit up when he saw Yun Lintian. If it wasn't for Han Bingling by Yun Lintian's side, he would pounce on him already.

Everyone quickly turned to look at Yun Lintian and greeted him one after the other. However, except for Fei Mao and Chu Mi, the rest seemed to be more restrained than usual. After all, Yun Lintian's current status was like the sky.

Yun Lintian also noticed this. He smiled and walked over. "Long time no see, everyone. You don't have to be like this. Look. I am the same Yun Lintian, you know. I don't have more arms and heads."

Seeing this, Bai Yun and the others gradually relaxed. Indeed, Yun Lintian's temperament didn't change much. He didn't have the air like those top experts.

"I'll go over there." Han Bingling said with a smile and walked toward Lin Zixuan.

Meanwhile, Nantian Fengyu didn't let Yun Lintian go even a half step. She immediately sat down beside him around the bonfire.

Yun Lintian then took many delicacies out and distributed them to everyone.

"How's everyone doing recently?" Yun Lintian asked while sipping wine.

"It all thanks to you. We don't have to live under pressure anymore." Bai Yun said with a smile. Because the Bai Clan had a good relationship with Yun Lintian, they had now become one of the top clans in the Northern Continent.

"That's right. You don't know, Brother Yun. I had to forge weapons and armor every day for the past two years. I couldn't even feel my arms at that time." Fei Mao took a big gulp of wine and said.

"I heard that you have obtained the Heavenly Sword. Can you show me?" Qin Yiran, who was obsessed with the sword's path, couldn't help asking.

"Sure." Yun Lintian wasn't stingy. He waved his hand, and the Heaven Piercing Sword immediately expanded before floating around him. "It's called Heaven Piercing Sword."

Qin Yiran's eyes glowed in splendor as she stared at the Heaven Piercing Sword without blinking.

"You're so boring, Sister Yiran." Bai Qingyi shook his head. He smiled elegantly at Yun Lintian and asked. "By the way, Brother Yun. Did you meet some handsome guys? Please introduce them to me."

Yun Lintian pointed at himself and said jokingly. "How could there be someone more handsome than me?"

Bai Qingyi curled his lips and flicked his long hair charmingly. "Then, can you give me a chance?"

From Yun Lintian almost choked on wine upon hearing this while everyone immediately laughed heartily.

In the distance, Han Bingling looked at the scene and said softly. "I have never seen him this happy before."

Chapter 1355 Spatial Node (1)

Han Bingling looked at the scene with blurry eyes. The scene where she first met Yun Lintian replayed in her mind one after the other. It was hard to believe the sixteen-year-old boy back then could climb to this height in just a few years.

On the side, Lin Zixuan was the same. When she planned to accept Yun Lintian as her disciple, she had never imagined that her life would be changed to this point.

If Yun Lintian didn't insist on being her disciple, she wouldn't dare to accept him at all.

Jiang Yingyue looked at Han Bingling and asked. "What's your next plan, Palace Master Han?"

Han Bingling turned to her and said with a smile. "I'm no longer the palace master now. You can call me Sister Bingling... As for my plan... Honestly, I haven't thought of it. I will simply follow him."

She paused briefly and said. "It's funny, don't you think so? A few years ago, we were constantly facing threats from all directions. Every day, we wished everything would end in our favor. However, when it actually happened, I somehow didn't know what to do next."

Jiang Yingyue and the others felt the same. Initially, they were preparing to fight to the death, but Yun Lintian singlehandedly ended the calamity. It was like you originally had a goal to achieve, but someone did it for you in the end. This made them feel lost, not knowing what to do next.

"So, you all secretly have a party here?" At this moment, Hong Wuya walked over with Nangong Xi and Cai Xuwen. His appearance was more refreshing compared to the last month when he first woke up from "death."

Two weeks ago, Hong Wuya and Nangong Xi finally got married. Yun Lintian and the others were invited to participate in this joyous event.

Han Bingling glanced at the newlyweds and suddenly noticed something. Her gaze fixated on Nangong Xi's belly and asked. "Sister Nangong, you..."

Nangong Xi stroked her belly gently with a maternal smile on her face. "Yes."

"Congratulations." Han Bingling said happily, but one could see a trace of envy in her eyes. If possible, she wanted to get pregnant too.

When the others heard this, they immediately followed suit.

"Hahaha! I'm going to be a father soon." Hong Wuya laughed heartily. Who knew how many times he had repeated this sentence.

Nangong Xi rolled her eyes and slowly sat on a vacant seat beside Han Bingling.

"Is it a girl or a boy?" Han Bingling asked.

Nangong Xi curled her lips. "It's the first week. We cannot check the gender yet."

"Oh. I forgot about it." Han Bingling patted her forehead gently.

Nangong Xi glanced at Yun Lintian and said in a low voice. "Why don't you ask him?"

The relationship between Yun Lintian and Han Bingling was no longer a secret among everyone.

Han Bingling shook her head. "It's not the right time. He still has many things to do in the near future. I can't add a burden to him."

Yun Lintian was certainly going to the Divine Realm in the future. Han Bingling didn't want to add more worries to him.

"That's a pity." Nangong Xi sighed softly. She, too, knew that Yun Lintian would eventually leave for the Divine Realm.

"What are you two whispering about?" Hong Wuya unceremoniously sat beside his wife and asked.

Nangong Xi rolled her eyes at him and said. "Go away, you stinky man. It's a woman thing."

Hong Wuya opened his mouth, and no word came out in the end. He thought he would have a lovely wife who doted on him but found out he had married a tiger instead.

Shaking his head, Hong Wuya looked at Yun Lintian and shouted. "Brat. Give me your wines!"

Yun Lintian was taken aback and threw a few jars of wine to Hong Wuya.

"Tsk. This old man has become more stinky." Bai Yun clicked his tongue as he turned to Yun Lintian. "You shouldn't wake him up."

Yun Lintian laughed and took a gulp of wine.

"Really? Who was crying like a baby back then?" Cai Xuwen walked over and joined Yun Lintian's group.

Bai Yun blushed slightly and pretended to be confused. "I don't know who you are talking about."

Cai Xuwen rolled her eyes and changed the topic. "How long are you going to wait further to ask your Goddess Jiang out?"

Hearing this, Bai Yun subconsciously peeked at Jiang Yingyue, and the latter happened to notice this, causing him to turn away quickly like a mouse meets a cat.

"Che. Coward." Cai Xuwen snorted disdainfully when she saw this.

Bai Yun's face turned even redder from the embarrassment. He didn't know what to do and could only take a sip of wine to ease himself.

"What is it, Brother Bai? Do you want my help?" Yun Lintian asked with a smile.

He still remembered how Bai Yun asked him to help Jiang Yingyue back then. Dignity was something every man cherished, but Bai Yun didn't care about it at all. He let go of his dignity and asked an outsider like Yun Lintian to save his beloved woman... It could be seen how much he cared about her.

It didn't matter who was the one that saved her as long as she was safe and sound. Yun Lintian admired this thinking of Bai Yun. If he could help them get together, he wouldn't hesitate at all.

Of course, it depended on Jiang Yingyue herself in the end.

Bai Yun hesitated for a moment and shook his head. "I don't deserve her."

Back then, his qualification was not enough to help Jiang Yingyue, and the gap was even wider now. Even if she did like him a bit, Bai Yun couldn't bring himself up to accept her love.

Yun Lintian wanted to say something but remained silent in the end. He could understand Bai Yun's current feelings. It wasn't something he could help with.

He simply poured another cup of strong wine for Bai Yun.

Seeing the atmosphere wasn't right, Bai Qingyi quickly changed the topic, and the scene was livened up once again.

Watching the lively scene, Yun Lintian's mind slowly drifted to the distant future. He didn't know how long he could enjoy this moment.

"You better find time to set up a spatial node quickly." Hongyue's voice suddenly resounded in his mind.

"I know." Yun Lintian responded softly and drank a mouthful of wine.

Chapter 1356 Spatial Node (2)

Standing in front of the Chaotic Sea Region, Yun Lintian said in doubt. "Do we really need to come here?"

"Among the places in this world, this boundary's wall here is several times thinner." Hongyue's voice resounded. "I don't tell you to set up the node here but to find coordination. Moreover, you also don't want to leave a hidden danger behind, don't you?"

Yun Lintian went silent. There were a few demonic beasts inside, like the Demonic Glass Bird last time. He naturally didn't want to leave them here. Who knew when they would break out?

"I don't know if my current strength is enough to deal with them." Yun Lintian said.

eaglesnove1,coM "What happened? Why did you become a coward all of a sudden?" Hongyue sneered.

Yun Lintian's face twitched slightly. Without thinking further, he tore the space before him open and stepped inside before closing it.

The Chaotic Sea Region didn't seem to change in the slightest compared to the last time he visited. It was still desolate and lifeless, as usual.

"Indeed. I could feel the flow of the spatial element here more clearly." Yun Lintian said as he looked around. He had a feeling that he could tear the space apart and leave the world from this place.

In fact, Yun Lintian didn't need to come here by himself. He could ask Qingxuan to open the Dragon Sealing Formation for him. The problem was that he couldn't approach her at all.

A few days ago, Yun Lintian went to see Qingxuan, but she ruthlessly blasted him away, leaving him half-dead. After experiencing this, he'd rather come here than seek death from her.

Scree—

All of a sudden, a familiar screeching cry resounded from afar, followed by the Demonic Glass Bird flying over in Yun Lintian's direction. Its pair of scarlet eyes stared at Yun Lintian as if it wanted to eat him alive.

"Linlin, Qingqing, step aside first." Yun Lintian said as the Heaven Piercing Sword silently appeared in his hand.

Linlin and Qingqing quickly jumped off his shoulders and retreated to the side.

Yun Lintian's aura surged, and the golden light flashed. He took a stance, waiting to see how the Demonic Glass Bird was going to act.

"Scree!" The Demonic Glass Bird let out another deafening cry as it retracted its wings, suddenly diving through the sky like lightning. Everywhere it went, dark space would twist into whirlpools.

Under the radiant golden light from Yun Lintian's body, the body of the bird refracted prismatic light. However, this light was not beautiful to the eye and instead resembled the shine of a snake's scales, sending chills through people's hearts.

The Demonic Glass Bird's incredible speed greatly shocked Yun Lintian. This was probably not its fastest velocity, but it still surpassed the speed that Yun Lintian would be capable of with his current strength.

For a short moment that Yun Lintian was surprised, the dark tornado created by the Demonic Glass Bird's charge had already arrived before him.

Yun Lintian grabbed the sword tightly and swung it forward, sending a sharp golden arc toward the incoming dark tornado.

Boom!

The dark tornado was split apart directly and quickly dispersed. At that moment, the Demonic Glass Bird shifted the direction of its charge slightly and rushed directly toward Yun Lintian's flank.

Yun Lintian's aura burst out. His figure immediately appeared next to the Demonic Glass Bird using the Shadow Step. He once more swung the Heaven Piercing Sword down upon the bird's head that was several hundred times his own size.

Bang!

The Demonic Glass Bird screeched miserably as it was sent flying several kilometers away like a cannonball. When its body fell, it carved a fissure that was more than a hundred meters long into the pitch-black ground.

Only afterward did the Demonic Glass Bird finally come to a stop, the colorful scales on its head gradually staining with scarlet blood.

Meanwhile, Yun Lintian felt as though his entire body was about to break apart. If it wasn't for the Dragon God's Marrow, he believed that his arm would be broken by now.

"What a tough body." Yun Lintian shook his arm, trying to get rid of the numbness while staring at the Demonic Glass Bird with a solemn expression.

"Scree!"

The Demonic Glass Bird's cry became fierce and savage. When it stood up, its entire body dripped with blood, and its pair of wings trembled slightly. However, the aura of its body did not weaken and instead grew even more tyrannical.

"Scree——!"

"Scree——"

Just as Yun Lintian was about to move forward and give the Demonic Glass Bird another blow, two similar, ear-piercing cries resounded from the darkness nearby... There were actually two more Demonic Glass Birds!

Aside from that of the Demonic Glass Bird, tens of different yet incomparably terrifying dark auras were approaching at extreme speeds. Their goal was obvious!

Linlin and Qingqing came to Yun Lintian's side in a flash and cried. "There are other powerful beasts coming. Each one of them isn't weaker than the last."

Yun Lintian didn't hesitate at all. He picked Linlin and Qingqing up before soaring to the sky, tearing the space apart and disappearing from the place, leaving all the beasts roaring angrily.

Outside the Chaotic Sea Region, Yun Lintian heaved a sigh of relief as he wiped the sweat out of his forehead. Unknowingly, his entire body was drenched in cold sweats.

He might be able to handle two or three Demonic Glass Birds, but tens more of them were impossible even if he went all out.

"I didn't expect to see so many ancient beasts here," Hongyue said with a trace of surprise in her voice. "Moreover, they have almost reached their peak states. There's no way you can handle them with your current strength."

Yun Lintian smiled wryly. He was naturally aware of this without waiting for Hongyue to tell him.

"How's your recovery, Hongyue?" Yun Lintian asked.

"I'm afraid I cannot help you with this. My current power is far from enough to kill all of them." Hongyue replied truthfully.

"However, someone can."

Without thinking, Yun Lintian, of course, knew who it was. The first one was naturally Qingxuan, but Yun Lintian didn't want to die yet. Therefore, Yun Xia was the only choice left.

"I don't know if my Beast God Domain could handle them?" Yun Lintian said questioningly.

"You can try," Hongyue said.

After thinking for a while, Yun Lintian shook his head and said wryly. "Forget it. I will visit Grandma Yun first."

Chapter 1357 Spatial Node (3)

"Ancient beasts? How could they appear here?" Master Bai was puzzled upon hearing Yun Lintian's explanation.

He said further. "As far as I know, the Devil Valley has been sealed for who knows how many years. Even a God Emperor could not break it. How could mere spatial turbulence bring them here?"

Master Bai was a demonic beast himself, and his understanding of the ancient beasts was better than anybody here. No matter how hard he thought of it, he couldn't understand how these ancient beasts came here.

Yun Lintian spread his arms. "I don't know either. They are too strong. I cannot deal with them."

Master Bai nodded slightly. "Naturally. You have to know that in an infant state, one could easily rival a Divine King. Let alone the mature one. The peak one could even reach the God Emperor Realm... In the Primordial Era, they were a nightmare for every living being."

He turned to Yun Xia and said further. "I'm afraid you have to personally take action on this one. Otherwise, this world this brat tried so hard to save will definitely be doomed."

A rare frown appeared on Yun Xia's face. She didn't expect there would be terrifying beasts in this world.

"Let's go," Yun Xia said after a short ponder.

"Alright." Yun Lintian was relieved. At least Yun Xia was willing to help.

He immediately tore the space before him, creating a spatial tunnel before walking in, followed by Yun Xia and Master Bai.

In the next moment, the three appeared in front of the Chaotic Sea Region.

"I think they are waiting for me on the other side," Yun Lintian said.

Yun Xia didn't say anything. She raised her finger slightly, and the space in front of her instantly tore apart, revealing a spatial passage.

Scree—

Roar—

Immediately, countless terrifying roars could be heard at the end of the passage.

Yun Xia slowly walked into the passage and appeared inside the Chaotic Sea Region.

The moment she stepped out of the passage, dozens of Demonic Glass Birds immediately charged at her with a speed of sound. Several terrifying dark tornadoes quickly formed as they traveled across space, blowing everything in their paths away.

Yun Xia's face dropped slightly. The aura of these birds was clearly at the Divine Sovereign Realm. If they continued to stay here, it won't take them for too long before they could break through to the Divine Emperor Realm.

A strand of white mist appeared on Yun Xia's palm. As she waved her hand gently, the white mist immediately transformed into countless cloud blades, rushing toward the incoming birds.

Bang! Bang! Bang!

"Scree—!"

The dozens of Demonic Glass Birds were cut mercilessly by the cloud blades, and some of them had their wings severed, falling to the ground one after the other.

"Not dead?" Yun Xia's eyes narrowed slightly. These ancient beasts were extremely tough. Even her cloud blades that could cut anything actually failed to reap their lives.

Yun Xia took a step forward as her figure overflowed with a white mist before reappearing next to the struggling Demonic Glass Bird.

She quickly raised her hand, and the white mist abruptly transformed into a long cloud sword before stabbing it toward the bird's head.

Puff!

The cloud sword pierced into the Demonic Glass Bird's skull against considerate resistance from the bird's tough body. Blood spurted out like a fountain as the bird twitched a few times before completely losing its life.

"Awooo!"

An explosive roar caused the entire dark world to tremble as the huge black silhouette rushed toward Yun Xia as it snarled. It was as if a mountain was hurtling down at her from above.

Seeing this, a gigantic shadow pounces on Yun Xia; Yun Lintian is about to make a move but is stopped by Master Bai. "Take this chance to see the power of a genuine peak Divine Emperor. It's not something you can see every day."

A heavy feeling of suppression pressed down on Yun Xia from above, and this was the first time she had truly felt this "feeling of suppression" after coming to this world.

In that instant, her figure transformed into a white mist, but she didn't move too far away.

Boom!!

The explosion shook the heavens, and the pitch-black surface cracked crazily. The Demonic Glass Bird's remains on the ground were immediately torn into pieces under the explosive power.

Yun Xia frowned slightly as she could finally see the true appearance of this gigantic shadow.

It was more than two hundred meters tall, its head was extremely wide, and it looked like a cross between a wolf and a lion. Its four limbs were thick and stout, and its head and body bristled with white fangs. The sharp tips of those fangs shone with a hellish light that would send fear coursing through anyone's soul.

A huge and long jet-black tail was arched overhead, and the end of the tail gleamed with the same cold light of a blade.

"Nine Hells Devil Fang." Master Bai muttered as his eyes were full of surprise. "This beast is said to be a guardian of Nine Hells. Its peak state can easily destroy any middle realm by itself... Fortunately, this one hasn't reached its peak yet."

"Scree—"

"Roar—"

At this moment, dozens of the Demonic Glass Birds and Nine Hells Devil Fangs rushed over, surrounding Yun Xia in all directions.

Yun Xia was still calm and composed like usual as the white mist around her grew thicker until her figure disappeared into it.

The incoming Demonic Glass Birds and Nine Hells Devil Fangs immediately slowed down as they entered the white mist.

"AHWOOO!"

"SCREE—!"

In the next moment, painful howls echoed throughout the space as sprays of bloody mist exploded everywhere.

Yun Lintian tried to probe the situation with his Divine Sense but discovered his perception could not penetrate the mist.

"This..." Yun Lintian was dumbfounded because the white mist Yun Xia used was extremely similar to his Cloud Domain... The Cloud Domain he always thought was unique and exclusive to him didn't seem special anymore.

The miserable cries continued for a few breaths before the white mist slowly dissipated.

At that moment, Yun Lintian's eyes widened in shock as he saw dozens of corpses scatter on the ground. Each one of them either had their limbs severed or mutilated into countless pieces...

Chapter 1358 Spatial Node (4)

Yun Xia quickly scanned the entire Chaotic Sea Region with her Divine Sense and didn't find any other ancient beasts. She then retracted her Divine Sense and turned to Yun Lintian. "Have you learned it?"

Yun Lintian came back to his sense and didn't know what to say... Learn what? He couldn't even see anything.

"Fortunately, they had not reached their peak states. But even so, the fact that they could force you to use your domain proved how scary they were." Master Bai said while looking at the remains of the ancient beasts in delight.

As long as he swallowed them, his strength would definitely recover more than half in no time.

He looked at Yun Xia hesitantly. "How are you going to do with them?"

The ancient beast's remains were extremely precious, even in the Divine Realm. Once it appeared in the market, it could easily cause a bloodbath.

Yun Xia glanced at the ancient beast's corpses on the ground and waved her hand gently, cutting a few chunks of meat and bones.

"You can take the rest." She said while handing the piles of meat to Yun Lintian.

"Good! Hahaha!" Master Bai was overjoyed. His mouth abruptly expanded in an exaggerated size and sucked all the remains of the ancient beasts into his belly.

The next moment, Master Bai closed his eyes and fell to the ground, motionless.

Yun Lintian was taken aback and quickly checked on him. Upon seeing Master Bai's body digesting the nutrients, he sighed in relief before sending Master Bai to the Land of Beyond Heaven.

From the look of it, It would take a long time for Master Bai to completely absorb all the nutrients.

"The seal around the Devil Valley is probably disturbed by the Spatial Wheel's power. I don't know how many ancient beasts have come out to the outside world." Yun Xia said with a frown.

"What kind of this place? Why is it so scary?" Yun Lintian asked curiously.

"No one knows its origin, but according to the ancient records, it can be traced back to the Primordial Era. Some stated this Devil Valley used to be a residence of a Primordial Devil God." Yun Xia explained.

"It has always been a forbidden zone that everyone in the Divine Realm doesn't dare to approach."

"Devil God's residence?" Yun Lintian was surprised. "It shouldn't be a problem, right? After all, there are so many powerful God Emperors in the Divine Realm. Even if these beasts come out, they should be able to handle them."

"It's not that simple," Yun Xia said with a serious expression. "A single fully mature beast is already capable of fighting any God Emperors head-on. What about dozens or a hundred of them?"

Yun Lintian was shocked. It was only at this moment did he truly understand how terrifying these ancient beasts were.

Knowing this, he couldn't help saying. "I hope this world doesn't connect to the Devil Valley. Otherwise..."

Yun Xia shook her head. "It shouldn't be. Have you noticed the world's position has changed now?"

"Oh?" Yun Lintian didn't realize this at all.

"Princess Long used her power to bring the world away from its original position. If I guess correctly, this world should have arrived in the Eastern Divine Region now." Yun Xia said.

"Eastern Divine Region..." During these few months, Yun Lintian didn't completely indulge in pleasure all the time. He occasionally learned about the Divine Realm through Hongyue, Lauya, and Madam Leisure.

The Divine Realm was similar to the Azure World. It was divided into five regions—Northern, Southern, Western, Eastern, and Central Region. Each region had its God Emperor Realms presiding over it, followed by Divine Emperor Realms, Middle Realms, and Lower Realms, respectively.

The Azure World, including billions of similar stars, was considered the lowest of the low among the Lower Realms. To think that many practitioners could ascend to the Divine Realm from this world in the past, Yun Lintian felt it was a miracle.

"What do you want to do next?" Yun Xia asked.

Yun Lintian quickly replied. "I initially came here to find a coordinate of the Divine Realm to set up a spatial node. In the future, anyone who wants to enter the Divine Realm could simply use it."

Yun Xia asked in doubt. "Why don't you ask Princess Long?"

Yun Lintian's lips twitched slightly. He couldn't possibly tell her about the "reversal situation," right?

"She doesn't talk to me." Yun Lintian said stiffly.

Yun Xia stared at Yun Lintian suspiciously... Even if she racked her brain up for decades, it was impossible for her to guess that Yun Lintian and Qingxuan actually had an unusual relationship.

Seeing this, Yun Lintian quickly changed the topic. "Grandma, you know about the Divine Realm more than me. Can you recommend a spot to set up a spatial node?"

"Open the world's boundary for me." Yun Xia said. "I need to take a look first."

Yun Lintian nodded and summoned the Spatial Wheel. As the grey light radiated from the wheel, the space a few meters away from him gradually became a slit, revealing a small spatial rift.

Yun Xia's Divine Sense immediately shot out through the small spatial rift. A moment later, Yun Xia retracted her Divine Sense and said. "Quickly close it."

Yun Lintian immediately retracted the wheel's power, and the spatial rift instantly disappeared.

"As I guessed. This world is currently located in the Eastern Divine Region. It's hiding in the corner of a middle star called Heavenhold Realm. It's a relatively weak realm with some Divine Sovereigns at the top." Yun Xia said gently.

"It is indeed a good choice to set up a spatial passage."

Yun Lintian blinked a few times and asked. "Honestly, grandma. I don't even know where to start. The only thing I know is to find the remaining relics and help Hongyue rebuild her body."

"Someone will naturally guide you when the time comes." Yun Xia said meaningfully.

Yun Lintian was confused. Who could it be?

Yun Xia waved her hand, sending a ball of white light to Yun Lintian. "This is the coordination I chose. You can use this as a reference."

Yun Lintian touched the light ball, and a piece of information immediately flushed into his mind, along with an imprint of the coordination.

"I see." Yun Lintian nodded slightly. With this, he could finally set up a spatial passage to the Divine Realm.

"Let's go back." Yun Xia waved her hand and brought Yun Lintian away.

Chapter 1359 The World's Conference (1)

"You want to set it up here?" Standing beside the waterfall on the Moon Garden, Yun Ruanyu asked in doubt.

Yun Lintian nodded. "I planned to set up two passages. One here and another one below. The passage here will be exclusive for us and our friends, while the below one will be opened for outsiders in the future."

"Would it be too risky?" Yun Ruanyu frowned slightly.

"Don't worry. The passage is actually one-way. Without my permission, no one can enter from the other side." Yun Lintian smiled reassuringly.

Since he obtained coordination from Yun Xia, he devoted his time to studying how to create a spatial passage. With the help of the Spatial Wheel's power and Hongyue's guidance, he could finally come up with one.

The spatial passage he was about to create was completely under his control. He could decide whether to let anyone use it at will. Even when he left, he could grant authority to someone close to him, like Yun Ruanyu and Yun Qianxue.

"Moreover," Yun Lintian said further. "This world is protected by the Dragon Sealing Formation and is very well concealed. Even a God Emperor would have no chance of entering here. It is very safe."

Hearing this, Yun Ruanyu let go of the worry in her heart and said. "That's good to hear."

She paused briefly and asked. "Are you really planning to go alone?"

Yun Lintian let out a soft sigh and said. "It's not that I want to suppress everyone, but the Divine Realm is several times larger and more dangerous. Once we accidentally separate, the chance of us finding each other again is meager to almost zero."

"Hence, I planned to go there alone first and try to gain a firm foothold. Once I succeed, I will return and bring everyone to the Divine Realm together."

He looked at Yun Ruanyu and continued. "The main problem is, everyone here is too outstanding. The profound vein that is transformed by the crown is too eye-catching. It is prone to be coveted by malicious people. I don't want everyone to take this risk."

Yun Ruanyu went silent for a while and said. "Well, this is the best choice."

In fact, Yun Ruanyu didn't quite agree with Yun Lintian's approach. Everyone in the Misty Cloud Sect was well protected by him throughout these years, and this would make them develop a weak personality, just like a flower that was carefully gloomed in a greenhouse.

However, she could understand Yun Lintian's worry. Though being practitioners meant forging their own path, it didn't mean they shouldn't use a highway someone paved for them.

Yun Lintian could see through Yun Ruanyu's mind. He smiled and said. "I understand your worry well. After entering the Divine Realm, I will let them act freely. Whether they could progress depends on themselves."

Yun Ruanyu nodded in relief. "Alright."

"I'll start now," Yun Lintian said and floated onto the waterfall.

The Spatial Wheel immediately appeared behind him, starting to rotate slowly. Soon, the entire area was densely packed with the spatial element, causing the lake surface and the waterfall to splash in all directions.

Yun Lintian's eyes fully focused as he gathered the spatial element in his hands. When he pulled both of his hands from each other, the space behind the water gradually tore apart, revealing a pitch-black spatial rift.

The Spatial Wheel behind Yun Lintian abruptly rotated faster and faster, and the spatial rift gradually widened until it became a five-meter-tall spatial gate.

Yun Lintian then performed complicated hand seals, and the spatial gate became increasingly stable as time passed.

At the same time, somewhere in a deep forest in the Heavenhold Realm, a spatial rift quietly appeared inside a small cave full of ravines. The spatial rift soon became a gigantic gate similar to the spatial gate on Yun Lintian's side before disappearing as if nothing had happened.

After confirming the passage had been completely established, Yun Lintian retracted his hands and let out a long breath.

At the same time, he subconsciously glanced at the pavilion in the distance where Qingxuan resided. Without a doubt, Qingxuan had deliberately opened the Dragon Sealing Formation for him. Otherwise, it was uncertain whether he could pry open the world's boundary here.

"Thank you." Yun Lintian said gently.

He then threw a bunch of the best-grade Profound Stones out and melted them into a gate before placing it in front of the spatial gate. With this, the spatial gate could be considered complete.

After carefully checking one last time, Yun Lintian returned to the shore and said. "I'll leave this place to you... By the way, have you completed the system I told you?"

Yun Ruanyu said with a smile. "It's done. Everyone has basically understood it now."

A few days ago, Yun Lintian told Yun Ruanyu to set up a new regulation and promoting system inside the Misty Cloud Sect. Once Yun Lintian and the others left this world in the future, the Misty Cloud Sect could continue on its own without any hindrance.

"That's good. Maybe you can retire in the next century." Yun Lintian said with satisfaction.

"Also, I already sent an invitation to everyone. All of them have expressed their intentions of participating." Yun Ruanyu said.

Two days ago, Yun Lintian told her to invite all the top forces in the world over as he planned to make an announcement related to the future direction of this world.

"Alright. Let's go down. I need to set up another passage." Yun Lintian nodded gently and headed to Misty Cloud Peak with Yun Ruanyu. He was going to set up a second spatial gate there.

A month passed by in a blink of an eye. Today, the newly built mega-city, Azure Cloud Divine City, was bustling with people from all over the world.

Since Yun Lintian sent an invitation letter to every top force, people who got the wind about it quickly rushed over to join the fun. They could guess this upcoming conference would change the world entirely.

The Azure Cloud Divine City was carefully designed by Yun Lingwei and other disciples. The entire city was built with the best materials that could possibly find in this world, including some divine-level materials from the Land of Beyond Heaven.

Similar to other top cities, the city is divided into five districts—Northern, Southern, Eastern, Western, and Central District. However, each district wasn't completely independent. They were all connected together by a few large ring roads.

Chapter 1360 The World's Conference (2)

"I can't believe it took only three months to build this city." Shen Liqui looked at various highrise buildings on both sides of the spacious eight-lane streets in astonishment.

Yun Lintian took a glance at the surroundings briefly and nodded in satisfaction.

The Azure Cloud Divine City adopted various designs of international metropolises on Earth. With the high quality of materials that couldn't possibly find on Earth, the appearance and infrastructure of the city were several times better.

It could be said the Azure Cloud Divine City was the best city in the world.

Although the city had just opened to the outside world two weeks ago, all the commercial buildings and storefronts were sold out far before that.

At this moment, various businesses had already started operating in full swing as many stores were crowded with people.

"It feels like I have returned to Earth." Sitting beside Yun Lintian, Lin Xinyao looked through the carriage's window with a touch of emotion.

Yun Lintian grabbed her hand and said softly. "I personally prefer this design because of this aspect. Though we have lived here for years, I still miss our home back on Earth."

Lin Xinyao leaned against Yun Lintian's shoulder, continuing to look at the bustling scenery without a word.

Yun Lintian said further. "I have already asked Hongyue about it. Maybe we can go back to Earth in the future."

"Mhm." Lin Xinyao responded softly.

She knew that there were so many regrets in Yun Lintian's heart, whether it was Yang Ningchang, Lynn Wintercrest, Lei Hao, or Zhou Ding. He surely wanted to go back and take care of these unfinished businesses.

"Do you think Ah'Kai and Ah'Feng may have reincarnated like you?" Yun Lintian suddenly asked.

Lin Xinyao remained silent for a while and said. "I believe we all have been tied together with strings of fate. Since you found me here, it's highly possible for us to meet Ah'Kai and Ah'Feng later."

"I hope so," Yun Lintian said gently and looked at the bustling scenery, seemingly falling into deep thought.

Looking at the two whispering to each other, Shen Liqiu couldn't help glaring at Yun Lintian resentfully. During these three months, Yun Lintian would either stay with Lin Xinyao or Han Bingling, leaving her no chance to approach him.

Naturally, she knew it was Yun Lintian's intention. He didn't want her to fall deeper, but what could she do? No man in this world could be compared to him in every aspect. How could she look at others when the best man stood in front of her?

Shen Liqiu didn't just fall for Yun Lintian because of his talent, but she was deeply in love with him. She didn't know how it had happened when she knew it again, her heart was already occupied by him... Perhaps it was true, as people said, sometimes there was no reason for love.

Sitting beside her, Yun Qianxue didn't seem to care about this. She continued to look at the bustling street in a daze.

Through Yun Ruanyu, Yun Lintian seemingly planned to leave for the Divine Realm soon. She was aware that Yun Lintian was planning to go to the Divine Realm alone, but she didn't expect it would be this fast.

Her heart was full of worries and unwillingness, but there was nothing she could do. Yun Lintian's departure was imminent. Nothing she could change.

On the contrary, Han Bingling, who sat on Yun Lintian's left, was exceptionally calm. She was originally an ambitious woman, but after becoming Yun Lintian's wife, her thinking changed greatly.

To her, she must do everything to ensure that their home was safe and sound without a problem so that Yun Lintian could leave without worries. Hence, during these months, except for exercising with Yun Lintian, she continued eliminating any threat that could harm the Misty Cloud Sect.

For example, the remnants of the Poison Valley had been thoroughly cleaned by her with the help of Yun Meilan. At the same time, all the dark energy sources had also been eliminated completely.

Soon, the carriage gradually stopped at a unique highrise hotel building called Floating Cloud.

Yun Lintian and the others walked down from the carriage and looked at the luxury building with a hint of appreciation. This hotel was naturally established by the Misty Cloud Sect. More precisely, it was Yun Lingwei who clamored to open a hotel business.

"I heard there are more than two hundred floors. I didn't expect it to be real." Shen Liqiu said in surprise.

At this moment, a beautiful receptionist walked over and said respectfully. "We have already prepared a room for you, Headmaster. Shall we visit it now?"

In fact, she didn't have to prepare a room for Yun Lintian at all, as Yun Lingwei had vacated the two top floors for Yun Lintian's personal use.

"Thank you." Yun Lintian said and followed her into the building.

As they stepped into the building, a spacious reception hall was immediately displayed in front of everyone. Yun Lintian had visited many five stars hotels on Earth, but none of them could be compared to this.

However, Yun Lintian wasn't surprised much. He nodded inwardly in satisfaction. Without a doubt, this hotel must be the best hotel in this world.

"Brother Yun." Suddenly, a familiar voice resounded from behind.

When Yun Lintian turned around, he saw Weilan Tian walk over with a smile.

"When did you arrive?" Yun Lintian asked.

"A few days ago." Weilan Tian replied. He looked at the four women beside Yun Lintian and said politely. "Greetings, four sisters-in-law."

Shen Liqiu covered her mouth and said. "You don't have to be polite."

Her action immediately rendered Yun Lintian speechless.

"Brother Yun, can you tell me a bit about this conference?" Weilan Tian asked.

"This is not a place to talk." Yun Lintian turned to the receptionist and said. "Please open a private room for us. We will eat first."

"Understood, Headmaster." The receptionist said respectfully and led everyone to Yun Lintian's exclusive dining hall on the top floor.

Along the way, Shen Liqiu and Weilan Tian were amazed by the novel decorations. Especially an elevator. As a practitioner, they had no problem with walking up a stair, even if it was a hundred floors.

However, the elevator left a deep impression on them as they didn't expect there would be a magical device like this...
