

Myth Beyond 1371

Chapter 1371 Song Of Departure (5)

The little girl tilted her head in confusion. She felt a change in her body but didn't understand it.

Yun Lintian smiled and asked. "What's your name?"

"My name is Lin Xuan, big brother. You can call me Xuanxuan." The little girl, Lin Xuan, smiled sweetly.

"Thank you for helping us, sir. Otherwise, we won't be able to reach the city in time." The middle-aged woman said gratefully.

Yun Lintian looked at her and asked. "It's nothing. Are you sending your daughter to the academy?"

"Yes." The middle-aged woman responded politely.

"Xuanxuan is very talented. I'm sure she will pass the exam." Yun Lintian retracted his hand from Lin Xuan's head and said gently. "After joining the academy, try to look for a profound art called Four Extremes Divine Art on the top floor."

"Mhm!" Although Lin Xuan didn't quite understand, she still nodded firmly and repeatedly recited the words in her heart.

"Really, sir?" The couple was surprised. They didn't know before that their daughter was talented.

Yun Lintian smiled without a word.

Seeing this, the middle-aged woman tugged her husband and gave Yun Lintian a bow before boarding the skyship with their daughter.

"Why are you fancying her?" Shen Liqiu asked curiously. Of course, she didn't think Yun Lintian had a special taste.

"She has a rare quadruple attributed profound vein. Moreover, they are the four primary attributes. It's just that most of her profound entrances were blocked. I'm merely opening all of them for her. She still has to depend on her effort to go further." Yun Lintian explained.

His words surprised Shen Liqiu and the others. The quadruple-attributed vein didn't shock them, but the four primary attributes did.

They couldn't help taking a deep look at Lin Xuan, who waved her little hand to Yun Lintian.

"Why don't you recruit her to our sect?" Shen Liqiu asked.

Yun Lintian shook his head. "Our sect doesn't lack any talent. This world needs her more."

He waved his hand and said. "Let's go."

Shen Liqiu and the others didn't say anything further and followed him to the skyship.

"Wow. There are so many people." A young girl dressed in a pale yellow robe looked at the bustling street with a hint of excitement in her beautiful eyes.

She turned to look at a beautiful woman beside her and said. "Senior sister, do you think how many people are going to participate in the convention?"

The beautiful woman, Su Yun, smiled at her junior sister and said softly. "There should be more than a hundred thousand."

"So many?" The yellow-robed girl, Chu Xian, exclaimed in surprise.

The two were true disciples of a low-level sect on the Eastern Continent called the Bright Moon Sect. After hearing Yun Lintian's announcement about the convention, their sect master carefully selected the two of them to participate in it.

Because their sect was too poor, their fortunes were only enough to send the two over. Although their sect master knew it was impossible for the two of them to win, it was better than doing nothing.

"Senior sister, look. Isn't that Young Master Yan?" Chu Xian caught a glimpse of a young man in the distance and quickly tugged her senior sister's sleeve.

Su Yun followed Chu Xian's gaze and saw a handsome young man clad in a black and red robe leisurely walk along the street alone.

This young man was no other than Yan Tianming, a true heir of the Blazing Sun Palace that Yan Yaoting had recently selected.

Su Yun's eyes showed a trace of surprise, and she quickly retracted her gaze.

"Let's go. We should go to the hotel first." Su Yun said and pulled Chu Xian away. Her voice was filled with panic as if she wanted to escape from this place.

At this moment, the young man, Yan Tianming, seemed to perceive something and turned around to scan the crowd. He then caught a glimpse of Su Yun and Chu Xian slipping through the crowd.

A smile emerged on his lips as he immediately followed Su Yun.

"Why are you in a hurry, senior sister? Shouldn't we greet Young Master Yan first?" Chu Xia asked in puzzlement as she let Su Yun drag her away.

She remembered Yan Tianming and Su Yun were on good terms, as the former often visited the latter. Why would her senior sister seem to run away from him?

Su Yun pursed her lips and said nothing. A scene in the past emerged in her mind like a movie. Yan Tianming and her met during the previous war, and he began pursuing her since.

It wasn't that Su Yun didn't like him, but she felt her identity and background were not good enough to be with him.

"Where are you going, Miss Su?"

Suddenly, Yan Tianming's voice resounded from behind, causing Su Yun to halt her step.

She quickly adjusted her mood and turned around to face him. "Young Master Yan."

Seeing a faint blush on her face, Yan Tianming chuckled and teased. "I thought you were running away from me."

Su Yun quickly waved her hand. "No, no. We were in a hurry to find the hotel."

"Don't believe her, Young Master Yan." Chu Xian suddenly said while rubbing her wrist pitifully. "She immediately dragged me away after seeing you."

Su Yun was both embarrassed and angry upon hearing this but could only give a fierce glare at her junior sister.

Yan Tianming smiled. He didn't tease Su Yun further and said. "Why don't you come with me? I have an available room for both of you at the Floating Cloud Hotel."

Chu Xian's eyes lit up. The Floating Cloud Hotel was the best in Azure Cloud Divine City. Even if you had money, it was almost impossible to book a room there. After all, it was full all year round.

Just as she was about to say something, Su Yun interrupted her. "Thank you, Young Master Yan, but I have already booked a room."

Yan Tianming shook his head. "My master gave me two rooms. I came here alone and could only take one room. Another room will be left empty anyway. You two better take it."

Without waiting for Su Yun to reply, he said further. "The service over there is the best, and you will have a chance to meet Sect Master Yun and his people as well."

Hearing Yun Lintian's name, Su Yun immediately stopped what she was about to speak...

Chapter 1372 Song Of Departure (6)

Yun Lintian might not care about this, but his name had become a household name. It could be said no one in the world doesn't know him.

For Su Yun, Yun Lintian wasn't only a legend but also an idol she looked up to. Her greatest wish wasn't to become the strongest person but to meet Yun Lintian once in her lifetime.

Naturally, Yan Tianming was aware of this point. At the same time, he wasn't jealous of Yun Lintian or anything. After all, Yun Lintian was an unreachable existence. It was impossible for him to look at Su Yun.

"Wow! We will have a chance to meet Sect Master Yun?" Chu Xian exclaimed in shock. She, too, was Yun Lintian's little fan. Unlike Su Yun, her admiration for him was purely based on his handsome appearance.

"Of course. My master told me that he would come for the convention." Yan Tianming said with a smile. He looked at Su Yun and asked. "Shall we go now?"

Su Yun hesitated for a moment and said gratefully. "Then, thank you, Young Master Yan."

Yan Tianming waved his hand and said. "Don't call me a young master. Just call me Tianming."

"Thank you, Brother Tianming. Hehe." Chu Xian was the one who spoke first.

Su Yun rolled her eyes at her junior sister. She looked at Yan Tianming and said shyly. "Alright, Brother Tianming."

Yan Tianming laughed happily and brought the two to the Floating Cloud Hotel.

At the same time, Yun Lintian's group had just arrived in the city and was heading to the hotel.

"I suddenly feel that the city is too small." Shen Liqiu looked at the bustling crowd ahead and said helplessly. Even though the street had eight lanes, it still looked densely packed.

"I heard that more than two hundred thousand people have already registered. I have never seen so many people participate in a single event like this," Han Bingling said.

She looked at Yun Lintian and asked. "Did you expect this?"

Yun Lintian spread his arms. "How could I know this? I thought it would be at most a hundred thousand."

"There will be more in the future." Yun Qianxue said gently. "The world is more peaceful than in the past. The population will naturally increase."

Millions of people had died in the previous war, and the world's population had significantly plummeted. This greatly affected the current development of the world.

"Maybe we should build more mega-cities later." Yun Lintian said.

"There are many undeveloped lands around here. You can build some medium-sized cities and turn them into subsidiary cities. With the high-speed train being introduced in the future, people can come to this city in just a few minutes. They don't have to stay here all the time." Lin Xinyao said.

Back on Earth, with the excellent transportation system, many people preferred to live in a suburban area and took a subway to the city center to work. Lin Xinyao thought it was a good idea to use it here.

"I'll tell Lingwei later." Yun Qianxue said. She knew Yun Lintian would agree with Lin Xinyao's idea no matter what. There was no need to discuss it.

Yun Lintian nodded. "If there are not enough people, she can hire more. We have just started developing for a few months, and there are many people who have no jobs. When the overall development reaches the limit in the future, they can start a construction company by themselves."

Yun Qianxue and the others smiled upon hearing this. Yun Lintian surely cared about this world.

Soon, the carriage finally arrived at the Floating Cloud Hotel. When Yun Lintian's group got down from the carriage, Yan Tianming, who had just arrived, smiled brightly and walked over.

"Junior Yan Tianming greets Sect Master Yun." Yan Tianming bowed respectfully.

Meanwhile, Su Yan and Chu Xian were frozen on the spot as they were shocked by Yun Lintian's appearance.

Yun Lintian looked at Yan Tianming and asked curiously. "Extreme Fire Physique. Are you a member of the Blazing Sun Palace?"

Yan Tianming replied respectfully. "Yes, senior. I was recently chosen by my master as a true heir."

"Oh? So you're Palace Master Yan's new disciple." Han Bingling nodded gently. Since Yang Chen left Blazing Sun Palace, Yan Yaoting had to choose a new true heir, and she heard about it recently.

"Yes, Palace Master Han." Yan Tianming responded.

Although the Frozen Moon Palace was known to merge with the Misty Cloud Sect two months ago, Yan Tianming still called Han Bingling in her previous position.

"What about these two little beauties?" Han Bingling asked teasingly.

Yan Tianming was taken aback and hurriedly said to Su Yun and Chu Xian. "Miss Su, Miss Chu. Don't you want to meet Sect Master Yun?"

Su Yun and Chu Xian returned to their senses and hurriedly bowed deeply. "Junior Su Yun and Junior Chu Xian from the Bright Moon Sect greet Sect Master Yun and seniors."

"Heavenly Yin Physique and Wood Palace Physique?" Yun Lintian looked at the two in surprise.

Su Yun and Chu Xian were surprised by his remarks. They glanced at each other in confusion.

Seeing this, Yan Tianming quickly explained. "The Bright Moon Sect is a small sect on the Eastern Continent. Their sect master has inherited a moon power-related art, but because of the lack of resources, she's unable to advance further."

Han Bingling looked at Yan Tianming with a meaningful smile. "It seems you really care about them."

Yan Tianming blushed but didn't deny it.

"Since they are your future palace mistresses, I will give them some gifts." Yun Lintian always remembered Yan Qi in his heart and was willing to help the Blazing Sun Palace.

If there was no mistake, Yan Tianming would eventually take the palace master position in the future, and Su Yun and Chu Xian would also become his wives. They certainly needed to match Yan Tianming's strength.

Yun Lintian waved his hand, and two thick vines extended out, wrapping around Su Yun and Chu Xian. Soon, both of them could feel a warm current flush into their bodies.

At the same time, they could clearly see their profound entrances open one after the other, and their profound veins gradually expanded.

Buzz—

A buzzing noise could be heard inside their bodies as the auras of Su Yun and Chu Xian soared drastically. Their profound strength started rising—from the Spirit Profound Realm to the Origin Profound Realm, Earth Profound Realm, and finally stopped at the first level of the Heaven Profound Realm!

Chapter 1373 Song Of Departure (7)

Yan Tianming was shocked at the scene. This was the first time he saw a "miraculous" scene.

Su Yun and Chu Xian were obviously at the high level of the Spirit Profound Realm a minute ago, and now they jumped to the Heaven Profound Realm. If this wasn't a miracle, Yan Tianming didn't know what to call it anymore.

On the other hand, Su Yun and Chu Xian were utterly dumbfounded by the changes in their bodies. They could feel as if they had just been released from unknown shackles, ushering in a new lease on life.

The immense power that flowed through every corner of their bodies constantly reminded them this wasn't a dream.

Yun Lintian retracted the vines and said. "Your current profound art is not suitable for both of you."

He took a few books out and threw them at the two girls. "Take them and practice well. As long as you keep going, achieving a divinity is not a dream."

Su Yun and Chu Xian subconsciously grabbed the books and then quickly knelt on the ground. "Thank you, Sect Master Yun. We will remember this gratitude for the rest of our lives."

"Get up," Yun Lintian sent his energy to help the two up. "To me, this is nothing but a matter of raising a hand. Moreover, I helped you because of the ancestor of the Blazing Sun Palace. Whether you can be with him in the future, I hope that you can lend the palace a hand when a calamity strikes."

"We will." Su Yun and Chu Xian responded firmly.

Yun Lintian turned to Yan Tianming and pointed the finger at the latter's forehead. A wisp of white light flashed and drilled into Yan Tianming's head.

At the same time, countless pieces of information poured into Yan Tianming's soul, causing him to close his eyes, comprehending the newly obtained knowledge.

A moment later, he opened his eyes and bowed deeply toward Yun Lintian. "Thank you, sir."

Yun Lintian waved his hand dismissively. "This originally belonged to you. It's your ancestor Yan Qi's art."

Yan Tianming's eyes widened in shock. As a true heir of the Blazing Sun Palace, he naturally knew about Yan Qi and his dominant profound art.

As far as he knew, even Yan Yaoting might not know this.

Seeing Yan Tianming's hesitant expression, Yun Lintian said with a faint smile. "You can share it with your master. In fact, I forgot to give it to him."

"Understood." Yan Tianming said solemnly.

Yun Lintian smiled at the three and walked into the hotel, followed by Yun Qianxue and the others.

"Amazing. He's very handsome." Chu Xian said in a daze as her gaze fixated on Yun Lintian's disappearing back.

Su Yun was no different. However, her gaze was filled with utmost respect and admiration instead. Following Yan Tianming here was definitely the best decision she had ever made in her life.

"And all of his women are like fairies descended from the Divine Realm," Chu Xian said with a soft sigh.

Su Yun nodded in agreement. Lin Xinyao and the others beside Yun Lintian were all devastating beauties that could take anyone's soul with just a glance. She wished that one day she could be like them.

"You two are very lucky." Yan Tianming walked over and said. "You know that even my master can't even see Sect Master Yun if he wanted to."

Su Yun smiled brightly and said. "Thank you, Brother Tianming."

Yan Tianming smiled and said. "Let's go inside."

Su Yun and Chu Xian nodded and quickly followed Yan Tianming into the building.

When Yun Lintian walked into the private dining hall, he immediately saw Yan Yaoting meticulously wiping a long red sword.

Yun Lintian smiled and said. "Senior Yan."

Yan Yaoting stopped his action and raised his head to look at Yun Lintian. "You're here."

Yun Lintian walked over and glanced at the red sword. "It's recovered now?"

This red sword was one of the seven swords he and Yan Yaoting recovered from the Seven Swords Tomb two months ago.

Since Yun Lintian promised Yan Yaoting to explore this forbidden area, he naturally did as he promised.

The Seven Swords Tomb was a tomb left behind by an unnamed sword emperor in the distant past. With Yun Lintian's strength, he could easily explore every corner of the tomb, as well as recover the skeletons of the previous Blazing Sun Palace's true heir, whom Yan Yaoting served in the past.

At the same time, they had obtained seven rusty swords, which contained a divine aura. With the Heaven Piercing Sword in his hand, Yun Lintian, of course, didn't want any of them and gave all the seven swords to Yan Yaoting.

"Only this one." Yan Yaoting said while raising the sword up slightly. The fiery red blade immediately gleamed with a spark of flame, releasing a scorching heat.

Yun Lintian was surprised to see this. "It seems our guess is correct. These seven swords are related to seven elements."

Yan Yaoting nodded in agreement. "Unfortunately, my strength is insufficient to use it."

"Can I try it?" Yun Lintian asked.

"Of course. It's yours, to begin with." Yan Yaoting handed the sword to Yun Lintian.

The moment Yun Lintian grabbed the sword, he could feel a torrent of scorching heat flush into his body. At the same time, the sword was instantly ignited with a crimson flame, reducing a few tables nearby into ashes.

Yun Lintian quickly exerted his strength to suppress the sword and swung it a few times. "As expected. This sword shouldn't belong to this world. Most of its materials cannot be found here. Moreover, the method of rune inscribing is extremely ancient."

As he spoke, he tried to pry into the sword with his Divine Sense, and he immediately saw the word "Fire" engraved inside the blade. It was a simple word, yet it gave him a terrifying conceptual intent.

Yun Lintian retracted his Divine Sense and handed the sword back to Yan Yaoting. "The previous owner should be a powerful figure in the Divine Realm. Anyone who uses it must also bear the karma of the sword owner. So, think carefully before wielding it."

Yan Yaoting said solemnly. "Understood."

Yun Lintian waved his hand to clean the ashes on the ground and said. "Right; I met your successor earlier and gave him Senior Yan Qi's inheritance. Senior Yan can ask him for it."

Yan Yaoting was surprised and said gratefully. "Thank you."

Yun Lintian smiled and found another vacant seat to sit on.

Chapter 1374 Song Of Departure (8)

The Azure Cloud Convention attracted countless people around the world to the point the city could not receive all of them. Qing Xiaoting, the current city lord, had no choice but to set up a temporary settlement around the city and provide them a transportation service to get into the city.

At the same time, she had set up a lot of broadcasting screens around the city, allowing everyone to watch the convention anywhere and anytime.

"You've worked hard, senior." Yun Lintian took a sip of tea and said to Qing Xiaoting, who sat opposite him.

Qing Xiaoting rolled her eyes and said. "I shouldn't have volunteered to be the first city lord."

Yun Lintian laughed. It was rare to see Qing Xiaoting this way, as she usually maintained her aloof demeanor.

"By the way, when are you going to leave?" Qing Xiaoting asked.

"After the convention ends," Yun Lintian said with a faint smile.

"So fast?" Qing Xiaoting was surprised.

"In fact, I should leave after the previous conference." Yun Lintian said.

Qing Xiaoting stared at Yun Lintian for a while and sighed softly. "I wish I could go with you."

"There will be a chance later." Yun Lintian chuckled. "Tao Kang should have told you already about the Divine Realm. While I don't want to restrict everyone's freedom, I also don't want to see all of you encounter a mishap."

"No need to explain. Everyone understands your intention." Qing Xiaoting said. "It's just that I don't know what to do during this period."

Qing Xiaoting would stay in the city lord position for another five years, and when it rotated back to her again, she would let others take it instead.

At this moment, the door was knocked and opened. Jian Feng walked into the room and said respectfully. "Master, Brother Yun, it's time."

Yun Lintian stretched lazily and said. "Let's get it done so we can take a good rest early."

Qing Xiaoting sighed and followed Yun Lintian out.

At this moment, all the seats inside the stadium were fully occupied. Everyone was chatting and drinking while many "beer girls" shuffled through them with a tray full of glasses of beer.

After the beer was launched, it instantly became the most popular drink around the world. At the same time, it gave birth to millions of jobs. Those farmers had also started cultivating barley while brewers tried to make their own brands.

In the arena below, two hundred thousand participants looked at each other, trying to check on their opponents. There would be only one winner among them, and no one was willing to give it to others.

At this moment, Yun Lintian and Qing Xiaoting slowly walked into the arena. When everyone saw Yun Lintian and Qing Xiaoting appear in the stadium, the noises immediately subsided as everyone showed their respect to them.

Yun Lintian walked onto a high platform prepared for him and looked at the crowd. "Hello, everyone. Welcome to the first Azure Cloud Convention. I have nothing much to say, but I want to let everyone know I'm glad to see our younger generations here."

He looked at the participants and said. "I hope you keep my word in your heart that the true enemy is yourself, not the people around you... You are the one that you need to compete with. It's pointless to compare yourself to others."

"Even if you don't win today or get eliminated in the first round, the future is yours."

Yun Lintian swept his gaze over everyone and waved his hand. Suddenly, a huge white portal appeared at the center of the arena.

"I believe all of you are already informed about the rules. Remember that if you encounter a life-threatening danger, don't be stubborn and crush the token as fast as possible."

Yun Lintian smiled and said. "Let the convention begins."

All the two hundred thousand participants roared excitedly and rushed into the portal.

**

*

The convention had a total of three stages, and it would take a month to find a winner. During this month, everyone around the world was habitually watching the broadcast. Whether they were working or training, they would never forget to take a look at the competition.

Boom!

In the arena, a young man with a giant greatsword smashed his opponent with everything he had. His entire body was drenched in blood, on the verge of collapsing. It was unbelievable that he could still unleash such a terrifying power in this state.

His opponent, a gorgeous woman, exuded an icy cold aura, hurriedly released her absolutely frozen domain, but it was too late. Before her domain could completely form, the greatsword had already arrived at her chest and sent her flying like a broken kite.

Blood spurted out of her mouth as she heavily clashed onto the ground, unable to move further.

Bang!

The young man fell on his knees, using the greatsword as a clutch. His eyes were covered with blood; looking at the woman and said in difficulty. "I...won."

Audiences around the world seemed to hold their breaths for a few seconds before letting out a loud cheer. Throughout the competition, no one had ever expected this young man to be the winner until he showed his abnormal might at the final stage.

The young man was always regarded as the underdog, but he managed to defeat his opponent all the time, including this final round, where he faced an absolute genius.

"The winner is Ye Tian! Let us congratulate him!" Fei Mao, who worked part-time as an announcer, shouted excitedly as the crowd in the stadium went into uproar along with him.

The duel between Ye Tian and Qin Yue was breathtaking, and the audience couldn't believe it was a battle between two youths.

Swoosh—

A woman in white appeared beside Qin Yue and checked on the latter's condition before sighing with relief. Although Qin Yue's injury was not light, it didn't hurt her foundation.

She glanced at Ye Tian in a complicated mood and returned to the platform with Qin Yue.

Ye Tian's vision started to blur as he stared at Qin Yue. He had no strength left anymore.

Suddenly, a thick vine emerged from the ground and wrapped around him, injecting the wood energy into his body. His wounds quickly recovered at the fastest speed.

Yun Lintian appeared in the arena and said to Ye Tian. "Congratulations. I'm here to give you a reward."

Chapter 1375 A Brand New World (1)

As Yun Lintian's voice fell, Ye Tian could feel the change in his body. His meridians, profound veins, bones, and organs improved drastically. All of his profound entrances were also opened.

Yun Lintian looked at Ye Tian with a smile. If there was no mistake, this Ye Tian should be the so-called child of destiny. And what was funny was Qin Yue, who he fought with earlier, was actually his fiancée who got their engagement annulled.

Yun Lintian didn't expect he would witness such a cliché situation here.

A while later, Yun Lintian retracted his hand and threw a storage ring to Ye Tian. "This is your reward."

Ye Tian came back to his senses and hurriedly bowed deeply. "Thank you, Sect Master Yun."

To him, Yun Lintian was like an unreachable god. Seeing him this close, Ye Tian couldn't hide the excitement in his heart.

"This is what you deserved." Yun Lintian said with a smile.

He raised his head to look at the crowd and said. "The first Azure Cloud Convention has basically come to an end. For those who got eliminated early, just remember that in this world, there is no one who will not lose. You must know that failure is not scary."

"What you should be afraid of is not being able to recover and stand back up, as well as losing your confidence... So, keep trying. No matter how many times you fail, don't stop walking."

Yun Lintian paused briefly and said further. "I hope to see a prosperous world when I return next time."

Yun Lintian patted Ye Tian's shoulder and said. "Practice well. The future belongs to you."

Before Ye Tian could say anything, Yun Lintian had already disappeared.

Thud!

Ye Tian kowtowed three times and said. "Don't worry, sir. I will protect this world with my life."

On the Heavenly Cloud Mountain, Yun Xia retracted her gaze from the white screen in the sky and prepared to return to her residence. In fact, she wasn't interested in this childish competition, but there was nothing for her to do to pass the time.

The moment she closed the door, her expression changed drastically as she abruptly turned around to see a woman clad in white standing there in the room.

The woman exuded no aura, but there was a faint white mist around her face, making Yun Xia unable to see her feature clearly.

Yun Xia was surprised inwardly. She was a genuine Divine Emperor, but it wasn't enough for her to see through the white mist around the woman's face.

"He's about to leave soon. This world will be left for you to take care of." The woman's voice was ethereal as if it came from a distant space.

"You are...?" Yun Xia frowned deeply. If it wasn't because she felt no malice from the woman, she would have tried her best to lock her down by now.

"We are the same. The difference is our masters." The woman said softly.

A strange light flashed across Yun Xia's eyes as she seemed to think of something. "You are her servant?"

"Indeed." The woman replied.

"I see. It seems you have been secretly protecting Lintian all this time." Yun Xia immediately understood everything.

She then said further. "I have no intention of leaving. You don't have to worry about it."

"Alright." The woman responded gently.

"How's her?" Yun Xia asked.

"Master is fine. However, the situation is not optimistic. He needs to work harder to catch up with the upcoming calamity." The woman answered.

She paused for a moment and said. "It's time for me to go."

Without waiting for Yun Xia to reply, the woman instantly vanished from the place, leaving Yun Xia to stand there, pondering over the matter for a long time.

"Success." On the Moon Garden, Yun Lintian looked at an ancient gate ninety percent resembled the Gate of Beyond Heaven in delight.

During these days, he spent his time creating a replicated Gate of Beyond Heaven in order to let everyone here access the Land of Beyond Heaven at any time after he left.

With the help of Hongyue, Lauya, and the Spatial Wheel's power, Yun Lintian finally managed to create it.

"Can I try it?" Shen Liqiu asked expectantly. If the gate could connect to the Land of Beyond Heaven, it meant she could see Yun Lintian whenever she wanted. It would be as if he had never left.

"Let me." Even though he was confident, Yun Lintian didn't want anyone to take a risk.

He took a step forward and pushed the door open. Immediately, the paradise-like scenery appeared behind the door, indicating it had succeeded.

Yun Lintian walked through the door and arrived at the Land of Beyond Heaven with no problem.

"There's no flaw." Hongyue suddenly appeared before Yun Lintian and looked at the replicated gate in surprise.

Yun Lintian walked back and forth a few times to ensure there was no problem and finally came to a conclusion. "It's done."

"You should create another one in case something happens to this one." Madam Leisure walked over and said.

Yun Lintian nodded and said. "I'll place another one at Grandma Yun's place."

After checking the gate one last time, Yun Lintian left and gathered everyone in the Misty Cloud Sect.

Looking at the people he cared about the most, Yun Lintian felt emotional deep down in his heart. Although he often traveled from place to place in the past, it was entirely different this time.

He chuckled and said. "At first, I had so many things on my mind, but I suddenly didn't know what to say now."

Yun Ruanyu smiled and said. "You don't have to worry about our sect."

"We will be waiting for you here." Yun Qingrou said with a gentle smile.

"Remember to eat often." Yun Huanxin said with red eyes. She always regarded Yun Lintian as her nephew, and now she felt extremely sad to see him leave.

"I believe you will be surprised when you return later." Yun Lingwei said with a confident smile. Yun Lintian left many projects for her to develop the world, and she expected to be busy for the next decades.

"Take care." Yun Meilan said calmly. Although her voice was plain, the concerns in her eyes explained it all.

Yun Qianxue stepped forward and hugged Yun Lintian tightly without saying a word. After a while, she stepped back and said. "Don't push yourself too hard. Take a good rest often."

"I will." Yun Lintian said gently.

Chapter 1376 A Brand New World (2)

"Big Brother Yun..." Linlin and Qingqing tightly hugged Yun Lintian's face, unwilling to let go.

The two of them thought Yun Lintian would bring them along, but that wasn't the case.

Yun Lintian hugged them and said softly. "Waiting for big brother here, alright? Big brother will come back as soon as possible. Besides, we can still see each other in the Land of Beyond Heaven."

"Mhm." The two of them hummed softly and pressed their faces onto Yun Lintian's face.

After a while, they let go and returned to Yun Qianxue's side.

Han Bingling tightly hugged Yun Lintian and whispered. "Don't let me wait for too long. You know what I mean."

The hot air from Han Bingling's breath caused Yun Lintian's body to shiver. He couldn't wait to tear her robe apart and press her down directly. Unfortunately, he had to suppress his evil desire.

Han Bingling could feel something below. She curled her lips and left Yun Lintian while shooting a flirtatious gaze, making Yun Lintian grit his teeth angrily.

Mu Qixue was a woman with a few words. She simply gave him a hug and said. "Be careful out there."

"I will." Yun Lintian hugged her tightly and let go.

Shen Liqiu was trying hard to hold back her tears since the very beginning, but her eyes were still reddened by the moment. "You must come back."

Yun Lintian chuckled. "Of course. How could I leave a young wife like you behind?"

Shen Liqiu rolled her eyes at him and kissed his lips before walking away.

At this moment, Lin Xinyao walked over and adjusted Yun Lintian's robe while saying. "Don't forget your promise."

"I know." Yun Lintian looked at his beloved woman affectionately. There weren't many words between the two of them as they tacitly understood each other's hearts.

Lin Xinyao patted his chest gently and looked into Yun Lintian's eyes. "Go and come back early."

Yun Lintian took a deep breath and looked at Lin Zixuan, Jiang Yingyue, Long Feiyan, Nantian Fengyu, and the others. "I'll be leaving. Take care, everyone."

As he finished his sentence, he resolutely turned around and disappeared into the spatial gate.

In the pavilion nearby the waterfall, Qingxuan glanced at Yun Lintian's disappearing back and muttered to herself. "It's time for me to leave as well."

In the next moment, her figure turned into an azure light and disappeared from the place.

Inside the Divine Phoenix Palace, the Divine Phoenix looked at the sky briefly and said. "I'll leave now."

Standing behind her, Nantian Xiulan held back her tears and bowed deeply. "I wish you a safe journey, my lord."

The Divine Phoenix looked at her and said. "We'll meet again."

As her voice fell, a scarlet flame flashed, covering her entire body and disappearing from the place.

The air was completely drained, and the surroundings seemed to have disappeared into nothing. A sudden flow of light made Yun Lintian close his eyes. He slowly opened his eyes to a world of darkness and color, like a starry sky in a record.

"So, this is the space?" Yun Lintian looked at the starry sky filled with billions of stars curiously as his own body was traveling through this world at an extremely fast speed.

At the same time, he saw a huge blue-colored star ahead. Obviously, this was his destination—the Heavenhold Realm.

Just as Yun Lintian was marveling at the enigmatic scenery, a space not far away from him suddenly twisted and tore open. At the same time, a gigantic golden hand emerged from it, grasping toward Yun Lintian.

"Be careful!" Hongyue shouted anxiously when she saw this scene. She wanted to go out, but it was too late now.

Yun Lintian was startled for a split second and instinctively released the spatial power, trying to escape.

However, the speed of the gigantic hand was too fast. In a blink of an eye, it had already surrounded Yun Lintian, leaving him no way to escape.

Yun Lintian turned pale as the smell of death quickly enveloped him. The power exuded from the gigantic hand was something he had never experienced before and would never be able to comprehend.

In that instant, the interspatial ring on Yun Lintian's finger shone brightly in golden light, transforming into a golden bell to cover Yun Lintian's entire being.

BOOM!

The space distorted violently as the hand touched the golden bell. Various small stars nearby exploded directly by the impact.

Yun Lintian, who was inside the golden bell, felt as though an entire mountain had fallen upon him. His bones, muscles, and organs were crushed into pieces as he fainted directly.

At this moment, a white figure appeared before Yun Lintian and swung a long sword in her hand at the gigantic hand, shattering it into pieces.

"Interesting... I want to see how long all of you can protect him." An ethereal male voice echoed in the space as the gigantic hand vanished completely.

The white figure wiped the blood out of the corner of her mouth and looked at Yun Lintian in her arm. She gently injected her power into his body to help him recover before pushing him toward the Heavenhold Realm.

Watching Yun Lintian disappear into the Heavenhold Realm, the white figure remained silent momentarily and said. "Master, I've sent him to the destination."

"Come back." An ethereal female voice resounded in the white figure's head.

The white figure took one last glance at the Heavenhold Realm and vanished from the place. If Yun Xia was here, she would immediately recognize the white figure. She was no other than the woman with a white mist she had met not long ago.

**

*

"Ugh..." Yun Lintian groaned painfully as he slowly opened his eyes.

The first thing that came to his sight was a dilapidated wooden ceiling that seemed to crumble at any moment.

His mind slowly regained clarity, and the scene where the gigantic hand attacked him immediately replayed in his mind.

"What the hell is that...?" He muttered to himself and soon found out he was unable to move his limbs.

He glanced down at his body and saw his entire being wrapped in coarse fabrics with a scent of cheap medicine.

"Where is this, Hongyue?" He asked in his mind. However, there was no response after waiting for a while.

His expression changed drastically as he tried to gain the inner vision. However, he couldn't do it... it was as if he had become an ordinary mortal...

Chapter 1377 Ning Yue (1)

Creak!

At this moment, a wooden door slowly opened, and a thin young girl walked into the room with a basin in her hand. Her skin was rough, and her clothes were full of patches.

A pair of malnourished hands held the water basin tightly as she walked to the only table beside the bed and placed the basin on it. She then picked up a coarse fabric that was the cleanest one she had out of the water before twisting it dry and preparing to clean Yun Lintian's wound.

However, when she turned around, her gaze immediately met Yun Lintian's, causing her to shudder in shock.

To Yun Lintian's surprise, the young girl didn't utter a sound. More precisely, she couldn't make a sound as she was born mute.

The young girl patted her chest to calm herself down and gestured with her hand.

Fortunately, Yun Lintian knew the hand signs back to Earth. Although it was different, he could roughly understand what she wanted to convey.

Yun Lintian said gently. "Thank you. I'm much better now."

The young girl heaved a sigh of relief and made an eating gesture, asking whether he wanted to eat something.

He shook his head and said. "Please give me water."

The young girl nodded. She quickly grabbed a broken kettle nearby and poured a cup of water for him.

Yun Lintian slowly moved himself up but discovered he had no strength to even lift his hand.

Seeing this, the young girl sat on the plank bed and held Yun Lintian's head up before feeding him water.

Yun Lintian drank all of it and said. "Thank you."

The young girl shook her head, indicating it was fine.

"Can you tell me? How did you find me, and how long did I sleep? Also, where is this place?" Yun Lintian shot a series of questions.

The young girl thought for a moment and rummaged through a drawer for a paper before writing something on it.

She then showed the paper to Yun Lintian.

Yun Lintian looked at the words on the paper and was relieved inwardly. At least, it was the language he knew.

From her words, he had slept for an entire week after she rescued him from a river nearby.

As for this place, it was a sect called the Profound Pill Sect. Judging from the name, it should be a sect specialized in alchemy.

One thing that Yun Lintian was certain of was this place should be somewhere in the Divine Realm. After all, the aura was entirely different. It was several times richer than the Azure World's.

Yun Lintian looked at the young girl thoughtfully. From her aura, he could tell she was at the fourth level of the Foundation Profound Realm, which couldn't even be considered a practitioner.

"My name is Lin Tian. What is your name?" Yun Lintian said gently. Although he didn't want to use a fake name, it was for the sake of his safety. At least he had to wait until his strength recovered.

The young girl wrote something on the paper and showed it to him.

"Ning Yue? Good name." Yun Lintian said with a smile.

The young girl, Ning Yue, smiled and pointed at Yun Lintian, indicating that his name was also good.

Just as Yun Lintian wanted to say something further, footsteps could be heard from outside, causing Ning Yue's face to change drastically.

Ning Yue hurriedly grabbed a rucksack beside the wall and rushed out.

At this moment, two young men could be seen standing at Ning Yue's dilapidated hut with cold expressions. Judging from their clean clothes, they seemed to have a certain status.

"Hand it over." The blue-robed young man said and snatched the rucksack from Ning Yue's hand. He didn't restrain his strength at all, causing Ning Yue to fall to the ground.

He opened the rucksack and saw a bunch of second-rank medicinal herbs inside.

"Cheh. Only this much?" The blue-robed young man glanced at the herbs and clicked his tongue in dissatisfaction.

"You better gather more next time. Just go deeper. What are you afraid of?" The blue-robed young man said coldly and prepared to leave.

Just as they turned around, the tall young man on the side seemed to notice something. "Hmm? There's a person inside?"

Ning Yue's expression changed drastically as she struggled to get up to block the door. However, the blue-robed young man simply threw her away and walked into the room.

"Oh? A cripple?" He looked at Yun Lintian and said disdainfully. "Where did you pick up this trash from, Ning Yue?"

Ning Yue got up from the ground and rushed into the room, trying to block the two.

The blue-robed young man chuckled and said to the tall man. "Look. She's so anxious to protect him. Could it be he is her little lover?"

The tall man glanced at Yun Lintian with a frown. He somehow felt something was wrong with this man, but no matter how he looked at it, Yun Lintian was indeed a cripple.

Ning Yue glared at the two stubbornly and waved her hand, trying to chase them two out.

"Hey. He's so pitiful. Why don't we end his suffering?" The blue-robed man smiled wickedly, causing Ning Yue to become more anxious.

Yun Lintian watched as everything played calmly. He didn't expect the first thing he saw after arriving in the Divine Realm was a classic bully.

He sensed the interspatial ring on his finger and was relieved. If these two dared to make a move, he would have a way to deal with them.

The tall man didn't stop the blue-robed man. He wanted to see if his intuition was correct.

The blue-robed man pushed Ning Yue away and raised his hand, preparing to finish Yun Lintian.

Ning Yue was so anxious that she struggled to get up and slammed her entire body into the blue-robed man with all her might.

However, the blue-robed man could easily avoid her and said mockingly. "Tsk. Tsk. Are you so anxious to save your little lover? Don't worry. I will make it quick, so he won't feel any pain."

Just as the blue-robed was about to attack Yun Lintian, a cold female voice suddenly resounded from the outside.

"Are you bullying people again, Huang Yuchun?"

At the same time, a young girl clad in a pristine white robe appeared at the door. Although she didn't do anything besides speak, the cold aura from her clearly threatened the two men.

Chapter 1378 Ning Yue (2)

The blue-robed young man, Huan Yuchun, frowned and looked at the woman with dissatisfaction. "Why are you always meddling with my business, Chen Xue?"

The young woman, Chen Xue, glanced at Ning Yue and then at Yun Lintian. A frown appeared on her face when she discovered Yun Lintian's condition.

She looked at the two men and said coldly. "Bullying a little girl and a cripple. You two are surely powerful, huh? Why don't you challenge those inner disciples and become one?"

Huang Yuchun's face darkened. "Chen Xue. Do you think I am afraid of you because you have a powerful older sister?"

Chen Xue curled her lips and said. "You can try."

Huang Yuchun's face twitched in anger, but he didn't move as he was aware of his own strength. It was impossible for him to beat Chen Xue.

Chen Xue sneered and turned to the tall man. "You sure have free time to do this, Qin Weizhi."

The tall man, Qin Weizhe, smiled faintly and said. "You should prepare yourself well."

As he spoke, he flicked his sleeve and walked out.

Huang Yuchun snorted coldly and followed Qin Weizhe out. However, before he left, he suddenly shot a small needle toward Yun Lintian's chest. His movement was fast, and no one had expected it.

The expressions of Chen Xue and Ning Yue changed drastically, but it was too late for them to do anything.

The needle stabbed into Yun Lintian's chest, and a black spot slowly appeared on his skin. Clearly, it was poison.

"You!" Chen Xue was so angry that Huang Yuchun actually dared to do this in her presence.

"Hahaha! I wish you die happily." Huang Yuchun laughed heartily and quickly left.

Chen Xue raised her hand to slap Huang Yuchun but held back in the end. She shook her head and turned to look at Yun Lintian. The black spot slowly spread out, and soon his entire chest turned black.

Ning Yue anxiously rummaged through a small medicine bag, trying to find something to help Yun Lintian.

Seeing this scene, Chen Xue sighed, walked to the bed, and pierced a few needles into Yun Lintian's body. The black spot gradually came to a halt.

She looked at Ning Yue and said. "I can only help this much. The rest depends on his fate."

Ning Yue hurriedly bowed her head repeatedly, expressing her gratitude.

A hint of pity flashed through Chen Xue's eyes as she said. "I don't know why you picked him up, but you should care for yourself more. This world is cruel. Only strength can give you the ability to control your fate."

She took a small bag out and placed it on the table. "Although these pills cannot help him deal with the Heart Eating Poison, they can slow the poison down to a certain degree."

Hearing this, Ning Yue repeatedly bowed her head again and fed Yun Lintian a pill.

Seeing this, Chen Xue sighed softly and left without looking back.

After feeding Yun Lintian a pill, Ning Yue hurriedly fed him water and carefully checked his condition.

Looking at the anxiety and worries on her malnourished face, Yun Lintian's heart was warm. The two of them were obviously strangers, but Ning Yue didn't hesitate to risk her life to protect him... What a pure heart.

It seems I have to break my promise to Yaoyao... Yun Lintian smiled bitterly. He wanted to keep a low profile, but it seemed his luck didn't allow him.

Ning Yue showed the paper to Yun Lintian, asking how he was.

Yun Lintian didn't reply. He asked curiously. "Why did you save me?"

Ning Yue was startled for a moment and wrote something on the paper before showing it to him.

The content of the paper said, "All life is precious. Even if you're a rabbit or a bird, I will still try my best to help."

Seeing this, a certain figure emerged in Yun Lintian's mind. Both of them seemed to possess the same pure hearts.

Seeing Yun Lintian remain silent, Ning Yue quickly wrote on the paper, asking whether he was in pain.

Yun Lintian came back to his sense and smiled. "I don't feel pain. Don't worry... On the contrary, I must thank Huang Yuchun and Chen Xue for giving me such a precious gift."

Ning Yue looked at Yun Lintian in puzzlement. She didn't understand what he meant.

Yun Lintian glanced at the medicine bag that Chen Xue left and said. "Can you feed me all the pills inside?"

Ning Yue was taken aback and shook her head, saying it was not a good idea.

"Trust me. I'll be fine." Yun Lintian said gently.

Ning Yue hesitated for a moment and fed Yun Lintian two pills as she didn't dare to feed him too much.

Yun Lintian closed his eyes and slowly urged the power of the Dragon God's Marrow.

After completely fusing with the Dragon God's Marrow, Yun Lintian's physique underwent an earth-shattering transformation. His recovery capacity skyrocketed, and his poison resistance was many times greater.

Under the medicinal power and Heart Eating Poison, Yun Lintian's injury gradually recovered, and the black spot on his chest slowly receded.

Ning Yue's mouth opened in shock as she saw this scene. Although her medical knowledge wasn't high, she knew even a top practitioner couldn't recover this fast... What kind of monster did she rescue?

Seeing this, Ning Yue no longer hesitated and stuffed all the pills into Yun Lintian's mouth.

Two hours later, Yun Lintian had basically recovered ten percent of his strength. Although slow, it was enough for him to use his Divine Sense.

Yun Lintian opened his eyes and rubbed the interspatial ring slightly. Immediately, a bunch of healing pill bottles appeared on the bed, shocking Ning Yue to the core.

Yun Lintian didn't explain anything. He poured all the healing pills into his mouth and chewed them like a delicious snack.

Ning Yue returned to her sense and patted her chest in relief. It seemed Yun Lintian wasn't in danger anymore.

Seeing that Yun Lintian was recovering his strength, she didn't disturb him and prepared to walk out.

"Don't go out. There are some people watching this place. You will get bullied again." Yun Lintian said with his eyes closed. "Wait for a while. I can play a few tricks to deceive them."

Ning Yue stopped her track and nodded gently before returning to the small stool beside the bed, looking at Yun Lintian's profile in deep thought.

Chapter 1379 Ning Yue (3)

A few hours passed, and Yun Lintian's injury had recovered almost seventy percent with the help of the Tree of Life, the Dragon God's Marrow, and mountains of pills.

During this period, Ning Yue didn't move away in the slightest as she continued to watch Yun Lintian recuperate. To her, it was a miracle that Yun Lintian could recover to this extent in such a short period.

"Phew..." Yun Lintian let out a long breath and opened his eyes. His injury was more severe than he thought. This made him wonder what kind of existence that gigantic hand was. A Divine Emperor? A God Emperor?

Moreover, how did this person know about his position and timing?

Yun Lintian shook his head and put these thoughts aside. He paid attention to the Gate of Beyond Heaven and discovered it could not be opened, as if there was an invisible force preventing him from doing so.

"What's going on?" Yun Lintian furrowed his brows deeply.

At this moment, Ning Yue poured a cup of water and handed it to Yun Lintian, bringing him back to his sense.

Yun Lintian accepted the cup and bottomed up before saying. "Thank you."

Ning Yue made gestures, asking how he was right now.

"I have almost fully recovered now." Yun Lintian smiled.

Suddenly, Yun Lintian noticed a small scar on Ning Yue's neck that he had failed to see previously because of his injury. With a glance, he immediately understood why Ning Yue became mute. Clearly, someone deliberately destroyed her vocal cord.

Ning Yue tilted her head and made gestures, asking whether Yun Lintian was hungry.

Without waiting for Yun Lintian to reply, Ning Yue got up and started a fire on a small stove in the corner of the room, preparing to make a meal.

Yun Lintian stared at her thin back and sighed inwardly. Such a pure-hearted girl unfortunately suffered a lot.

He waved his hand to stop Ning Yue and took a few delicacies out. "Let's eat together."

Ning Yue was stunned, and her gaze fell onto various delicacies she had never seen before. The fragrant aroma made her subconsciously swallow.

Since she was young, she had never seen such a sumptuous meal before.

Yun Lintian took a new set of tables and chairs out and said. "Why are you standing there?"

Ning Yue returned to her senses and hesitantly sat on the brand-new chair while looking at the food without blinking.

With her knowledge, she could see these delicacies were made of high-quality crops and herbs, which were impossible to find around here.

Yun Lintian handed her a pair of chopsticks and said. "Go ahead. There's no need to be polite."

Ning Yue looked at Yun Lintian and hesitated for a while before finally picking the chopsticks up and started eating.

Her eyes lit up as she took the first bite. She had never eaten something this delicious before in her life.

Yun Lintian picked a piece of roasted meat for Ning Yue. "Eat more."

Ning Yue nodded gently and buried her head in eating.

This scene made Yun Lintian's heart ache. What kind of experience she had gone through these years? She couldn't even have a single good meal, it seemed.

While the two were enjoying the meal, two young men outside couldn't help frowning. Normally, it should be the time for Ning Yue to come out now. Why there was no movement?

"Do you want to go over and take a look?" A thin young man asked.

"Let's wait first. Senior Brother Huang told us to keep an eye on her. We shouldn't approach her hut recklessly. Don't forget that Senior Sister Chen warned everyone to stay away from her." A tall young man said in a low voice.

Judging from their clothes, their status should be roughly the same as Ning Yue's—the lowest of the low.

The thin man rubbed his stomach and said. "But I am hungry now. Should we go back first? Anyway, that little bastard probably won't leave for a long time."

The tall man hesitated slightly. His stomach was also growling.

"Hmm? What is this smell? It's so fragrant!" The thin man exclaimed while sniffing. The aroma made him drool directly.

The tall man sniffed slightly and looked toward Ning Yue's dilapidated hut in surprise. "The smell came from her hut."

The thin man's eyes lit up, and he hurriedly said. "This bitch! She actually hid some delicious food behind our backs!.. Let's go, Brother Xie."

The tall man hesitated briefly, but the aroma was too tempting that he couldn't hold back anymore.

Without thinking further, the two quickly rushed toward Ning Yue's hut.

Inside the hut, Ning Yue's movement froze, and her expression became anxious. She could hear someone run over from the outside.

"Relax. Leave them to me. You can continue." Yun Lintian smiled and glanced toward the door. His Divine Sense spread out and enveloped the incoming two young men.

Immediately, the two froze in place as their minds turned blank, falling into a trance.

"Forget what you've seen today and go back to your residence, waiting for my order. If Huang Yuchun asks you about it, just tell him you haven't seen anything suspicious." Yun Lintian's voice resounded in their minds, and the two young men turned around, leaving directly.

Hearing the footsteps go away, Ning Yue was confused and tried to look at the outside through a small gap on the wall.

Seeing the two young men walk away like a robot, Ning Yue was even more confused.

"I've sent them away. Let's continue our meal," Yun Lintian said gently and waved his hand to create an isolating barrier around them.

Although Ning Yue couldn't see the barrier, she knew that Yun Lintian had done something.

She returned to her seat and continued to eat while peeking at Yun Lintian from time to time.

To her, the two young men earlier were extremely powerful. Both of them had already reached the peak of the Essence Profound Realm, but Yun Lintian could actually send them away without even moving from his seat.

Perhaps he's a Spirit Profound Realm's expert?... Thought Ning Yue.

The meal lasted an hour, and all that was left on the table were empty plates.

Ning Yue rubbed her first-time-bulging tummy and smiled in satisfaction. With this meal, she could definitely last for a week.

Yun Lintian waved his hand to put the plates away and poured two cups of tea for themselves.

"Can you tell me more about this Profound Pill Sect?"

Chapter 1380 Profound Pill Sect

Ning Yue was amazed by the magical scene where Yun Lintian put all the plates away. After hearing Yun Lintian's question, she nodded and wrote something on the paper.

A moment later, she handed the paper to Yun Lintian.

After reading the content, Yun Lintian roughly understood his current situation.

The Profound Pill Sect was located in a small country called the Lou Country inside the Great Zhou Kingdom. Ning Yue didn't know how large the kingdom was, but in her perception, the Great Zhou Kingdom was extremely powerful as there were numerous countries under its jurisdiction.

Among the factions inside the Lou Country, the Profound Pill Sect could be considered a middle-level sect. However, because the sect was expertise in alchemy, its status was relatively high and could be rivaled by other top factions.

Yun Lintian nodded gently. Ning Yue's knowledge was limited, as she had never traveled a long distance. The information she got mostly came from what other people said.

"How did you enter the sect?" Yun Lintian asked.

A trace of sorrow appeared in Ning Yue's eyes. She took the paper and wrote something on it.

Perhaps she inexplicably trusted Yun Lintian and didn't hide anything.

According to what she wrote in the paper, Ning Yue originally lived in a small town called Apricot Blossom Town. Her Ning family did a small business and farming to live.

She was raised by her grandmother as her parents unknowingly disappeared after sending goods to a city.

One day, her uncle somehow offended a powerful figure, and her Ning family was basically destroyed by him. At that time, Ning Yue was only seven years old.

In order to let her escape, her grandmother begged her friend to take Ning Yue away before the disaster arrived. However, that friend of her grandmother ended up selling her to the Profound Pill Sect to raise her as a medicine girl.

If it wasn't because the constitution was too weak and couldn't withstand any medicine, she would have become a medicine girl by now. In the end, she was thrown here to become a servant, taking care of all the odd jobs.

A cold glint flashed through Yun Lintian's eyes as he read it. He didn't know whether it was good or bad luck that Ning Yue was too frail, so she could escape from becoming a lab rat.

Yun Lintian took a deep breath and asked. "So, you have been living here for almost a decade now?"

Ning Yue nodded gently. Seeing Yun Lintian's expression, she smiled and waved her hand, telling him she was fine.

Yun Lintian stared at her skinny face that was almost becoming a bag of bones for a long while and said. "Don't worry. Your life will be getting better from now on."

Ning Yue thought that Yun Lintian had just comforted her. She smiled sweetly and expressed her gratitude with a hand gesture.

Yun Lintian looked at the small scar on her neck and asked. "Do you know that you are not born mute like this?"

Ning Yue had a puzzled expression as she shook her head. In her memory, she had always been mute since she could remember.

Yun Lintian frowned slightly. What kind of grudge did the culprit have to harm her like this? Not to mention she was probably a baby at that time.

He put this question aside and looked at Ning Yue. "I can recover your voice. Do you trust me?"

Ning Yue was startled in disbelief for a moment before snapping back. She looked into Yun Lintian's eyes and nodded firmly.

Yun Lintian took a bunch of silver needles out along with a single bed and said. "Lie down."

Ning Yue didn't know why she trusted Yun Lintian so much. Perhaps it was because she had nothing for him to take advantage of that she wasn't afraid of him. She got up and lay down on the bed obediently.

Yun Lintian picked the silver needles out and waved his hand gently. Immediately, all the sixty-odd needles were directly pierced into all the profound entrances of Ning Yue's body.

Ning Yue was stunned by the magical scene. She couldn't feel anything at all, yet the needles were already on her body.

"Relax yourself." Yun Lintian said gently and slowly, injecting the wood energy into her body through the needles.

Because Ning Yue's body was too weak, he had to adopt this old-fashioned method to slowly nourish her body before treating her vocal cord and opening her profound entrances.

At this moment, Ning Yue felt a warm current slowly seep into her body and spread to every corner. Her mind was immediately hit by drowsiness as she slowly closed her eyes and fell asleep in the next few breaths.

Yun Lintian meticulously combed along Ning Yue's profound vein and meridians as if he was afraid of breaking her.

"Hmm?" Suddenly, Yun Lintian saw a small green sprout appear in Ning Yue's profound vein. The sprout reacted to his wood energy and greedily absorbed it.

Yun Lintian's eyebrows raised slightly but he didn't stop pouring the wood energy in. His intuition told him Ning Yue's injury must be related to this sprout.

Soon, the sprout grew into a few tens centimeters long and firmly rooted in the place. At the same time, Yun Lintian discovered that all of her profound entrances had opened automatically.

The sprout swayed gently and stopped absorbing Yun Lintian's wood energy as if it was expressing its gratitude to him.

"What are you?" Yun Lintian muttered to himself.

For some reason, he felt an inexplicable connection between the sprout and the Tree of Life in his body. Unfortunately, he couldn't contact Lauya at the moment.

Yun Lintian didn't think about it further and shifted his focus onto Ning Yue's vocal cords. From the look of it, it was clearly damaged by an external force.

As he raised his finger, a small vine extended out of it and wrapped around Ning Yue's neck, injecting the purest wood energy into her vocal cord.

The sprout seemed to notice something and swayed excitedly as if it was seeing an old friend.

Yun Lintian glanced at the sprout in doubt... Could it be a branch of the Tree of Life? But if that was the case, he should feel something about it already.

He looked at Ning Yue, whose complexion was slowly improving, and fell into deep thought... It seemed Ning Yue's background wasn't ordinary as it appeared to be.
