

## Myth Beyond 141

### Chapter 141 - Ming Wu

Yun Lintian went silent after hearing this. He suspected the Qi royal clan of having a strong aide outside the Heavenly Fortune Nation, but he didn't expect it was actually the Ming clan of Thunder City. It seemed he couldn't simply take revenge when he reaches the Ruler Profound Realm. After all, there were several Saints within the Ming clan. Just one of them could easily deal with him and his sect.

Lan Ning didn't speak further, letting Yun Lintian calm down by himself. Meanwhile, Lan Shuiying lowered her head, did not know how to say for a while. Since this matter involved the Ming clan, her strength was not enough to help Yun Lintian.

Yun Lintian took a deep breath and said. "Thank you, Senior Lan, for reminding me. I know what to do."

Lan Ning looked at Yun Lintian for a moment and said with a smile. "It's good that you know. It's not too late to take revenge when you are powerful enough."

She then waved her hand and said. "Let's eat first. The food will turn cold soon."

Yun Lintian and Lan Shuiying immediately picked up their chopsticks and started eating.

\*\*\*

"I have to thank Brother Ming for helping me get the quota this time. I'll pay my respect to you with this cup." In the private room close to Yun Lintian's room, Qi Yuanfeng held a cup of wine and downed it in one go.

Opposite Qi Yuanfeng was a handsome man with an extraordinary temperament. He dressed in a premium purple robe with the word 'Ming' on his chest. His name was Ming Wu, the Eldest Young Master of the Ming clan.

Ming Wu waved his hand dismissively. "Why are you so polite? You are my grandfather's disciple, after all. The Thunder Valley's quota belongs to you in the first place." He then drank a mouthful of wine and changed the topic. "By the way, have you found the trace of the Misty Cloud Sect?"

Qi Yuanfeng put the cup down and shook his head. "No. They disappeared like a ghost. I still couldn't figure out how did they do that."

Ming Wu stuffed a braised Fire Boar's meat in his mouth and said. "Since they used the Transmission Formation to escape, I guess they should have another one prepared beforehand. It's normal you couldn't trace them."

Qi Yuanfeng nodded in agreement. He also had this speculation before and sent his men to find them. Unfortunately, he couldn't find their trace no matter how he tries.

Ming Wu laughed slightly. "Don't worry. I'll help you find them." He put down the chopsticks and changed his tone. "However, you have to share the Ancient Relic with me."

Ming Wu spent his effort to help Qi Yuanfeng because he was attracted by the Ancient Relic within the Misty Cloud Sect. When Huo Yan had fallen, Qi Qianxing gradually learned everything from the ancient record Huo Yan left behind and found the existence of the Crown.

Instead of keeping this information to himself, Qi Qianxing chose to share it with the Ming clan in order to deepen their relationship, and this matter was later heard by Ming Wu.

Qi Yuanfeng had long known Ming Wu's intention to help him, but he felt it was a win-win situation. He drowned another cup and said. "Naturally, Brother Ming."

Seeing his goal was achieved, Ming Wu laughed heartily and urged Qi Yuanfeng to eat more.

"Brother Ming, I heard that there will be a revered figure coming this time. Do you know who it is?" Qi Yuanfeng suddenly asked. He heard his subordinates talking about this before, but that time he didn't take it to heart.

Ming Wu was surprised. "You heard about it too?... Well, this time, the Young Master of Divine Thunder Palace has come. When you encounter him, don't anger him, understand? Just let him do what he wants."

"Young Master of Divine Thunder Palace?" Qi Yuanfeng was amazed. Although he was the Crown Prince of his nation, his status was like a speck of dust, not worth mention in front of the nine palaces. He then nodded his head. "Don't worry, Brother Ming. I'm not stupid enough to provoke such an existence."

"With him coming, I don't think you will get anything much from the Thunder Valley. So put your hope high." Ming Wu advised.

Qi Yuanfeng smiled. "What are you talking about, Brother Ming? I'm just curious about this wonderful place, that's all."

Ming Wu looked at Qi Yuanfeng and laughed slightly without saying anything further. He naturally didn't believe Qi Yuanfeng simply wanted to gain experience, but he didn't expose it.

\*\*\*

"Thank you for the meal, Sister Lan, Senior Lan." After the meal, Yun Lintian said politely.

Lan Shuiying responded. "This is what we should do. You don't have to be polite." She then changed the topic. "Anyway, I don't know how long is Brother Ye going to stay here?"

Yun Lintian pondered briefly before replying. "Before this, my master and I planned to visit the Thunder Valley, but now, I don't know whether I should go. So, I'll stay here for a period."

"Thunder Valley?" Lan Ning frowned. "It's not that I'm looking down on you, but with your current strength, going there is no different from throwing your life away. I advise you to forget about it."

Yun Lintian accepted Lan Ning's advice with a smile. "I know, Senior Lan."

"Talking about this, I heard there is a lofty figure from the Divine Thunder Palace arriving here yesterday. I think this person's goal is the Thunder Valley." Lan Ning suddenly recalled the news she heard recently.

"Divine Thunder Palace?" Yun Lintian repeated with a surprise... Did Han Bingling already call for help?

Seeing Yun Lintian was thinking of something, Lan Ning thought he never heard of the Divine Thunder Palace. She explained. "Divine Thunder Palace is the existence stands on equal footing with Frozen Moon Palace of our Northern Continent. Everyone knows that the relationship between them is good, so they coming here is nothing to be surprised."

Chapter 142 - Being Discovered

Yun Lintian naturally didn't say that he knows about this. He expressed his understanding. "I see. It turns out to be like this."

"Alright, let's go back." After finishing her sentence, Lan Ning immediately stood up and brought Lan Shuiying and Yun Lintian out of the room.

When the three of them went down the stair, Ming Wu and Qi Yuanfeng happened to come out of their room and happened to see Yun Lintian's group in the distance.

"Hmm?" Qi Yuanfeng saw the disappearing Yun Lintian's back and felt familiar, but he couldn't pinpoint the identity of this person.

"What's wrong?" Ming Wu asked and turned in the stair's direction. "That....seems to be Lan Ning?"

"Brother Ming knows them?" Qi Yuanfeng asked.

Ming Wu nodded his head. "They come from the Blue Sea Nation's Lan royal clan."

"Blue Sea Nation?... What about that man? Do you know him?" Qi Yuanfeng was surprised, but he didn't think about it much. Instead, he wanted to know that man's identity. If it wasn't because of the rule of this Blue Moon inn preventing him from using Spiritual Sense, he would check on the man by himself a long time ago.

"Him? I never saw him before. What's wrong? I saw you staring at him for a good while now." Ming Wu felt strange... Could it be this guy like men? Thinking of this, he couldn't help but distance himself from Qi Yuanfeng.

Qi Yuanfeng didn't think Ming Wu's action was anything strange, as his mind was occupied with Yun Lintian's figure. He then asked. "Brother Ming, can you contact them? I want to see that man."

Shit!... Ming Wu had goosebumps all over his entire being upon hearing this. He was now certain Qi Yuanfeng liked men. Thinking he had spent his time with Qi Yuanfeng and even took him as his brother, Ming Wu had the urge to retch on the spot.

Qi Yuanfeng noticed Ming Wu's face was pale and was curious. "What's wrong, Brother Ming? Do you feel uncomfortable somewhere?" As he spoke, he reached his hand out to check on Ming Wu.

Ming Wu hurriedly slapped Qi Yuanfeng's hand away and said. "Don't come near me... I... I will go back first." Following that, he quickly fled away as though he had seen a ghost.

Qi Yuanfeng was standing dumbfounded for a long time and couldn't figure out what was going on. "What the hell is going on?" He muttered to himself and went to the reception area.

Qi Yuanfeng called a receptionist, who stood behind the desk and asked. "Miss, can you help me contact Miss Lan from Blue Sea Nation who is staying here? I am her friend. I have something to discuss with her." He knew this place was operated by Frozen Moon Palace. Hence, he didn't dare to be impolite even with the small receptionist.

The receptionist smiled in a professional manner as she asked. "May I know young master's name?"

Qi Yuanfeng thought for a moment and replied. "Qi Yuanfeng. Please tell her my name."

The receptionist accepted the request and sent a signal to Lan Ning's room through a round transmission jade. If Yun Lintian saw this scene, he would give the owner of this inn a thumb up for deploying this innovative way of communication. This was no different from the in-room phone of a hotel on Earth.

On the other side, Lan Ning, who just returned to her room, saw the signal from the round transmission jade nearby the bed. She went to pick up and asked. "What's the matter?"

"Hello, Miss Lan. I'm sorry for disturbing your rest. It's like this: a young master says that he knows you and wants to talk with you. His name is Qi Yuanfeng. I don't know if Miss Lan wants to come down and meet him?" The receptionist explained the situation politely.

Lan Ning's brows raised up... Don't tell me Qi Yuanfeng was there earlier? She pondered briefly before replying. "Sure, I'll go down in a while."

"Alright, Miss Lan." The receptionist responded and hung up.

Lan Ning turned around and went to Yun Lintian's room.

Knock! Knock!

Yun Lintian was about to take a bath in the room and was interrupted by the knocking sound. He put his robe back and went to open the door.

"Senior Lan." Yun Lintian greeted when he saw Lan Ning.

Lan Ning went straight to the point. "Leave here now. If it's possible, leave Thunder City immediately. Qi Yuanfeng probably saw you earlier. He asked me to meet him now."

In his heart, Yun Lintian wasn't surprised much when he heard this. He'd expected this situation before. It was just that he didn't expect it would happen so soon. He quickly wore a great shocked expression. "What!?"

Lan Ning suddenly circulated her profound energy to cover Yun Lintian and said. "I can cover your trace for the time being. You should use this chance to leave here while I am distracting Qi Yuanfeng."

Yun Lintian felt as though he was covered by an invisible layer and immediately understood this was a kind of concealment profound art. He complied with Lan Ning's suggestion and went downstairs with her.

Lan Ning told Yun Lintian to stay at the staircase first while walking down to meet Qi Yuanfeng.

When she arrived at the reception area, Qi Yuanfeng stood up and greeted her. "This must be Miss Lan Ning?"

Lan Ning looked at Qi Yuanfeng up and down and said. "Are you Qi Qianxing's son?"

Qi Yuanfeng was startled for a second as he didn't expect Lan Ning would say his father's name directly. Because Lan Ning used her profound art to conceal her strength, Qi Yuanfeng failed to notice that she was actually the ninth level of Ruler Profound Realm.

However, Qi Yuanfeng's IQ was not low. He immediately figured out the woman before him was definitely stronger than his father when he heard this. Knowing this, he replied politely. "Yes, Senior Lan. I am his son."

Lan Ning looked at Qi Yuanfeng with dissatisfaction. "I don't think we know each other. Why would you call me? Do you think because you have a good relationship with the Ming clan, you can call me whenever you want?"

Chapter 143 - Thunder Crystal

Qi Yuanfeng trembled slightly under Lan Ning's pressure. He took a deep breath and said. "My apology, Senior Lan. I didn't mean to be rude, but I happened to see an acquaintance walking with you earlier. I don't know if Senior Lan would allow me to meet him?"

So he saw it. Lan Ning thought. Her expression turned cold as she said. "Oh really? I didn't even know that my servant actually knows you."

"Servant?" Qi Yuanfeng frowned. "I..."

Before Qi Yuanfeng could say further, Lan Ning interrupted him. "You don't believe me?"

Her words made Qi Yuanfeng struggled immediately and did not know how to reply. He couldn't say that he didn't believe her, right?"

Lan Ning smiled coldly and said. "If you don't believe me, why don't you come with me and see?" She paused for a second and said. "However, if it turns out you didn't know him, I'll ask your father for an explanation."

Qi Yuanfeng's expression froze and reluctantly said. "Of course, I believe Senior Lan didn't lie to me. I will take my leave first. I hope Senior Lan would forgive me for wasting your precious time. I will definitely compensate you." Following that, he quickly slipped away under Lan Ning's gaze.

Lan Ning looked at Qi Yuanfeng's disappearing back for a while before turning around and went upstairs to meet Yun Lintian.

"You can stay here for the time being. I think he won't dare to come here for a second time. However, if it's possible, you should leave this city." Lan Ning said after bringing Yun Lintian back to his room.

Yun Lintian cupped his fists and said. "Thank you, Senior Lan. I owed you this time."

Lan Ning waved her hand. "It's fine. You helped me before. I naturally have to repay." Her meaning was obvious. The debt of gratitude between Yun Lintian and her was clear now.

Yun Lintian naturally understood this. He smiled and nodded. "I know what to do."

Lan Ning said nothing further and left the room afterward.

Yun Lintian went to lie on the bed and fell into deep thought. He didn't know what method Lan Ning used to scare Qi Yuanfeng away, but he was certain Qi Yuanfeng wouldn't give up easily. Now, he didn't have many choices in his hands. It was either he leaves this city or using Han Bingling's token to ask for help.

However, whether which choice Yun Lintian chose in the end wasn't good for him. The first choice, he had to leave this city with an empty hand, and he had no idea about Thunder Valley. Going there without knowing anything was too dangerous. Even though he had plot armor with him, he wasn't necessarily safe all the time.

As for the second choice, this would make Yun Lintian the center of attention of the powerhouses here. Unless he contacted Han Bingling directly and asked her for help. However, this would make him owe her, which he didn't wish for.

Yun Lintian had a headache at this moment. He knew that he was too rushed to come here while his strength was too low, but he felt it was worth it if this Thunder Valley really had the lightning element source. By absorbing it, his strength would definitely soar by leaps and bounds, just like when he first absorbed the Sun back then. This was clearly a high risk, high return.

After weighing the pros and cons for a long time, Yun Lintian took the transmission jade out, preparing to contact Han Bingling. However, before he could send a signal, the transmission jade suddenly trembled and glowed in blue light, indicating Han Bingling had contacted him.

"Little brother, are you staying at the Blue Moon inn right now?" Han Bingling's lazy voice rang out from the other side.

Yun Lintian immediately got up with a frown on his face. How did she know he was here?

"Oh, don't worry. I didn't track you on purpose. It was my people who saw you and told me about this." Han Bingling seemed to know his thoughts and explained.

"Your people? How did they know me?" Yun Lintian asked.

"So, you are really there? Well, I have sent your profile to my trusted people in case you have encountered something, and they can help you in time." Han Bingling replied.

Han Bingling knew this might anger Yun Lintian, but she needed to do this in order to protect him. Right now, in her opinion, Yun Lintian was one of the keys to fight the Poison Valley. She couldn't afford to lose him.

Yun Lintian could roughly guess her intention, but he was still dissatisfied. After all, no one liked being stared at by someone all the time.

"You've replied to me so timely. I guess you were about to contact me earlier, right? Say, is there anything you want this sister to help you with? Or do you want this sister to go to your place now so that we can have a deep conversation at night?" Han Bingling said playfully.

Yun Lintian was immune to her seductive plays already. He thought for a moment before replying. "I indeed need your help right now. I want to enter Thunder Valley. Can you give me more detailed information? The one you gave me last time is not enough."

Yun Lintian recalled the information within the jade slip that Han Bingling gave him. It was too vague, as though she deliberately hiding some parts from him. He also decided not to tell Han Bingling about Qi Yuanfeng. Otherwise, she could trace back and discover he was someone from the Misty Cloud Sect.

On the other side, Han Bingling frowned slightly. She gave him general information last time to prevent him from going there, but she didn't expect Yun Lintian to still insist on going.

Since Han Bingling couldn't prevent Yun Lintian from entering the place, she might as well tell him everything he needed to know. "To enter the Thunder Valley, you need a special item called Thunder Crystal."

Chapter 144 - Give Up

"Each year, Thunder Crystal would appear at the entrance of Thunder Valley in totally fifty pieces. This means only fifty people could enter at the same time. Right now, all the quotas are already distributed." Han Bingling explained.

"Thunder Crystal?" Yun Lintian's brows involuntarily creased together. He didn't expect there was such a restriction. With this, he certainly had no chance to enter Thunder Valley.

Han Bingling knew Yun Lintian's thoughts. She said. "If you really want to go there, I can give you one. However, I still advise you to continue your practice obediently. It is too dangerous to go there with your strength."

Hearing this, Yun Lintian didn't become elate but rather frowned deeper. Even he got the Thunder Crystal, he still had another problem. He asked. "Do I have to enter at the same time with others?"

"I know what you are thinking, but unfortunately, you have to enter with the rest because the entrance would open for ten minutes only. If you missed this chance, you would have to wait until next year." Han Bingling responded. She understood Yun Lintian wanted to be low-key, but in this case, there were no other choices for him but to expose himself to the public if he genuinely wanted to enter Thunder Valley.

Yun Lintian went silent. This was the worst situation for him. No matter how he did, he would have to show himself in public, and naturally, with Han Bingling gave him an exception, everyone would pay attention to him.

While Yun Lintian was thinking, Han Bingling said further. "Why don't you beg this sister to help you? I have a way to let you enter without being noticed by everyone."

Yun Lintian was surprised and asked. "Which way?"

"Beg me first, and I will tell you." Han Bingling said playfully.

"Then forget it." Yun Lintian didn't want to play her games and decided to give up his plan on entering Thunder Valley.

Han Bingling clicked her tongue in dissatisfaction. "Tsk. You little boy is not funny at all." She curled her lips and said. "That's good. Be a good boy staying there and practice obediently. This sister will give you a reward when you reach the Spirit Profound Realm."

Since there was nothing to talk about, Yun Lintian prepared to throw the transmission jade into his ring. However, Han Bingling suddenly said. "I've already deployed my people at the Grand Transmission formation, as you said. You know what? We actually caught a big fish there. It turns out they are living under my nose for all this time."

Yun Lintian held the transmission jade for a while and replied. "What about the moles in your palace? Wouldn't this startle them?"

Han Bingling said confidently. "It's not a problem. She didn't suspect that I already know her existence."

"So you know the identity of this mole already? Well, that's good." Yun Lintian replied plainly. It would be a problem if she didn't know who this mole was. "Is there anything else? I want to sleep now."

"Aiyaa! Why are you chasing this sister away again? Is this sister not beautiful enough?" Han Bingling said pitifully.

Yun Lintian simply threw the transmission jade into his ring and lay down on the bed, thinking of his next move. Since he could not go to Thunder Valley now, he should leave this place and find a secluded spot to continue his practice. Maybe next year he could come back again.

Thinking of this, Yun Lintian made a decision to leave Thunder City tomorrow morning.

While Yun Lintian was about to sleep on the Moon Shifting, Han Bingling looked at the transmission jade in her hand and pouted in dissatisfaction. This bastard actually ignored her. She decided to clean him up when they met again.

Suddenly, Han Muyue appeared beside her and reported. "Master, Young Master Lei sent you a dinner invitation. Do you want to go?"

Han Bingling frowned slightly. With Lei Jun's status, he wasn't qualified to have a meal with her. How dare he send an invitation?

Seeing her master became dissatisfied, Han Muyue said. "I'll reject him."

Han Bingling waved her hand and said. "Go. I suddenly want to visit Thunder City." Yun Lintian's figure appeared in Han Bingling's mind. She wanted to see if he could still ignore her again.

Han Muyue bowed her head slightly. "Understood." She disappeared from the spot afterward.

Silence descended on the room. Han Bingling looked to the outside through the window, pondering on something. Suddenly, her other transmission jades shook slightly, bringing Han Bingling's attention back to it.

When she saw this, her lips curled up as she picked the transmission jade up. "Master. I'm returning." A woman's voice rang out from the other side.

"Are you coming back now, Yao'er?" Han Bingling asked with a smile. The person who contacted her was naturally her one and only disciple, Lin Xinyao.

"Yes. Where are you right now, Master?" Lin Xinyao's voice rang out again.

"Me? I'm currently heading to Thunder City. How about we meet there?" Han Bingling replied.

"Thunder City? Master, are you going to see that man?" Lin Xinyao responded. The man she was talking about was no other than Lei Jun.

Han Bingling knew that Lin Xinyao didn't like Lei Jun. She said. "Yes, and no. He has indeed invited me for dinner, but my actual goal is to meet another young man." She paused for a moment and added. "You also know him."

"I know him? Who is it?" Lin Xinyao was confused. She simply could not think of anyone worth enough for her master to meet personally.

"Hehe. Master won't tell you. How about it? Do you want to come?" Han Bingling deliberately kept Lin Xinyao in the dark first and would give her a surprise later.

Lin Xinyao went silent for a while before replying. "I'll meet you there, Master."

"Alright. See you soon." Han Bingling was in a good mood instantly. He had a plan in her heart to let Lin Xinyao and Yun Lintian interact more.

Chapter 145 - Mysterious Voice

"Where the hell is this place?" Yun Lintian was confused as he found himself in a mysterious black space. He remembered he fell asleep a while ago, but somehow he appeared in this place.

"Is this my consciousness?" Yun Lintian felt familiar with this place as he once encountered such a situation before.

"Finally... You've come." All of a sudden, an ancient voice echoed throughout the entire space, causing Yun Lintian to look around vigilantly.

However, Yun Lintian didn't intend to ask who the speaker was as he waited for the explanation.

"Beyond Heaven King's Crown... The Sun... Land of Beyond Heaven..." The ancient voice continued as though it talked to itself.

Yun Lintian's brows knitted together. This person had actually seen all of his secrets. If this person was an enemy, he had no way to protect himself.

"Since you've come here. I'll grant you permission to enter my place." As the ancient voice fell, a bolt of lightning suddenly flashed, shooting straight at Yun Lintian's forehead.

Yun Lintian was taken aback and couldn't even react in time because the lightning was too fast. The bolt of lightning had mysteriously vanished into Yun Lintian's forehead. At this time, he was electrocuted, as electricity was spread to every corner of his entire being.

Zzzz....Bang!

Suddenly, a loud thunderclap echoed within Yun Lintian's ears, making him open his eyes involuntarily, and he found himself lying on the bed in his room.

Yun Lintian subconsciously touched his forehead to see if there was something on it. However, he found nothing in the end.

"Who is that?... And where is the place this person talking about?" Yun Lintian changed into a sitting posture on the bed and pondered about the earlier incident.

Yun Lintian raised his head slightly and looked through the window to see several lightning bolts continued to descend. "Lightning? Thunder Valley?" The lightning bolt that shot at his forehead earlier reminded him of Thunder Valley. Could it be that person wants him to enter Thunder Valley? How could this person locate him? Several questions popped up in Yun Lintian's mind.

While Yun Lintian was thinking, Han Bingling arrived at the Thunder City and was about to go to the Blue Moon inn, but she was intercepted by a young man with excellent looks. He was cultured and refined, yet his looks didn't cause him to lose any bit of imposingness. He dressed in a golden robe with a lightning pattern, exuding an extraordinary aura.

With a faint smile, the young man greeted politely. "Greetings, Palace Master Han."

Han Bingling glanced at this young man and replied with a nod, then continued to walk.

The young man seemed familiar with Han Bingling's attitude, as he didn't get angry. He said. "I know Palace Master Han is busy, but please forgive my rudeness. May I know where is Xinyao right now?"

Han Bingling paused her steps and turned around to look at the young man. "Lei Jun. Don't think that you can do whatever you want here because you are Lei Zhenxiang's nephew. I've warned you in the past to stay away from my disciple already. Don't challenge my patience."

The young man was no other than the nephew of Divine Thunder Palace Master Lei Zhenxiang, Lei Jun. Because the relationship between Han Bingling and Lei Zhenxiang was good, Lei Jun had followed Lei Zhenxiang often and happened to meet Lin Xinyao many times in the past. Like other men, he was immediately attracted by Lin Xinyao's otherworldly beautiful appearance and made up his mind to make her his.

When Han Bingling discovered this, she immediately forced him to stay away from Lin Xinyao. But how could Lei Jun give up easily? He was the young master of Divine Thunder Palace, after all. Even he was facing Han Bingling, he didn't fear in the slightest as he believed she wouldn't dare to do anything on him because it would mean the end of the relationship between Divine Thunder Palace and Frozen Moon Palace.

Lei Jun smiled and said. "Palace Master Han, you don't have the right to stop me from pursuing Xinyao, right? Although you are her master, that has nothing to do with me. Instead of telling me to stay away

from her, why don't you support us? Once Xinyao and I get married, it would benefit both of our palaces, don't you think so?"

When Lei Jun was finishing his sentence, the surrounding temperature instantly dropped to the freezing point. A killing intent flashed across Han Bingling's eyes as she stared at Lei Jun.

Seeing this, two old men beside Lei Jun immediately stepped forward and joined hands to conjure a protective barrier around Lei Jun.

"Please calm your anger, Palace Master Han." One of the old men said. Although his strength was already at the seventh level of Monarch Profound Realm, he had no chance against Han Bingling.

Han Bingling turned deaf ears and pointed her finger at Lei Jun. Instantaneously, Lei Jun felt all the liquids in his body had solidified and turned cold as though he were thrown into a frozen abyss. At this moment, he knew Han Bingling was not joking.

Cold sweats appeared on Lei Jun's forehead and instantly turned into ice particles. He hurriedly said. "Please forgive my rudeness, Palace Master Han. I take all my words back."

Han Bingling laughed coldly. "Just say anything you want and then take it back? Who do you think you are?"

Two old men on Lei Jun's side trembled nonstop as they tried their best to resist Han Bingling's aura. One of them gritted his teeth and said. "Please forgive our young master, Palace Master Han. Can you look at our Palace Master's face for once?"

"Look at Lei Zhenxiang's face for once? Heh. If it wasn't because of him, your young master would have died several times by now." Han Bingling responded with a cold smile while exerting her power more, causing the knees of the three of them to bend.

Lei Jun cursed at himself for being too impulsive. He shouldn't have said that and chose to wait for Lin Xinyao to appear first. After all, he would stay here for a period and have plenty of chances to meet her.

Chapter 146 - Lei Zhu

The commotion Han Bingling created had alarmed all the four clans of Thunder City, and they immediately sent their personnel to see what was going on. Especially the city lord, Fu Tiangang, who

was in a closed-door practice. When he perceived Han Bingling's aura, he hurriedly returned from his seclusion and went straight in Han Bingling's direction.

Han Bingling continued to exert her power on Lei Jun and his guards until they could not bear it anymore. Just as she was about to make a killing move, a tall figure suddenly appeared between her and Lei Jun's group, repelling Han Bingling's power.

Han Bingling's expression didn't change in the slightest, as though he had already expected this person to appear. She retracted her finger and said. "Lei Zhu."

The tall figure in a white robe was the Thunder Guard's leader, Lei Zhu. The rumor said that his strength was only second to Lei Zhenxiang. From his action to dispel Han Bingling's power earlier, it seemed to the rumor was true.

Lei Zhu's appearance was similar to a young man in his early twenties, which proved his vitality was extremely vigorous. His face was cold as if he didn't have any emotion. He glanced at Lei Jun to check him up briefly and then turned to Han Bingling. "Please forgive him this time, Palace Master Han."

Han Bingling and Lei Zhu looked at each other for a while before Han Bingling smiled faintly. "Since you were the one who said this, I'll forgive him this time." She paused for a moment and stared at Lei Jun. "This will be the last time. I can't guarantee he would survive next time.

Lei Zhu nodded and said. "Please give my Thunder Guard an instruction."

Han Bingling was accustomed to Lei Zhu's cold demeanor. She didn't feel anything wrong when he asked her for instruction directly. "Thunder Valley is about to open. Your Thunder Guard has nothing to do here. I'll send your team to this place." Han Bingling said and threw a jade slip to Lei Zhu.

Lei Zhu grabbed the jade slip and read its content before crushing the jade slip into powders and brought Lei Jun away under Han Bingling's cold gaze.

"Thank you, Uncle Zhu." Lei Jun said gratefully. If Lei Zhu did not appear, he was certain his life would end here today.

Lei Zhu glanced at him and said. "You should not provoke her."

Lei Jun nodded and asked hesitantly. "She is weaker than Uncle Zhu, right?"

Lei Zhu was expressionless as he replied. "You need to cultivate your mind more. With your current mindset, you will definitely die when facing an enemy with a deep mind."

Lei Jun wasn't an idiot. He immediately understood that he had underestimated Han Bingling. It seemed she wasn't any inferior to Lei Zhu. He went silent and followed Lei Zhu to his residence.

After seeing Lei Zhu's group went away, Han Bingling turned around and prepared to visit Blue Moon inn. However, before she could move, Fu Tiangang suddenly appeared before her with his head lowered.

"I've seen Palace Master Han." Fu Tiangang greeted respectfully.

Looking at the old man in front of her, Han Bingling said softly. "You've worked hard during this time."

Fu Tiangang straightened his body and replied modestly. "This is nothing when compared with Palace Master Han. This old man is only playing a city guard role. Meanwhile, Palace Master Han has to shoulder the entire Northern Continent."

Han Bingling smiled faintly and then swept her gaze on the people who were lurking around here. "Why are you guys still lurking like a rat?"

As her voice fell, several figures appeared at the end of the streets and hurriedly went to kneel in front of Han Bingling. "We have seen Palace Master Han."

"Where are your masters? Why don't they come?" Fu Tiangang frowned when he saw these people. All of them were errand boys from the other three clans. This was clearly disrespecting Han Bingling by sending them here.

Everyone who knelt on the ground shuddered upon hearing this. They could perceive a trace of fury in Fu Tiangang's voice. At this moment, they cursed their own masters for sending them here. Who would have thought the one who caused the commotion turned to be the Frozen Moon Palace Master?

"Are you muted?" Fu Tiangang scolded while releasing his second-level Monarch Profound Realm's aura.

The group of men was hurriedly answered in unison. "Our masters are in seclusion right now. Please spare us, City Lord."

A strange light flashed across Han Bingling's eyes, and her lips curled up into a charming smile. She waved her hand and said. "Go back."

The group of men heaved a sigh of relief upon hearing this. They quickly kowtowed at Han Bingling and fled away.

Han Bingling turned to Fu Tiangang and asked. "How's the situation here?"

Fu Tiangang checked the surroundings and said. "Shall we find other places, Palace Master Han?"

Han Bingling thought for a moment and then sighed softly. "It seems I have to let that bastard live for a while."

Fu Tiangang looked at Han Bingling in confusion. Who was she talking about?

"Let's go." Han Bingling waved her hand, and both of them instantly vanished from the spot.

\*\*\*

Meanwhile, Yun Lintian had finally decided to visit Thunder Valley after pondering for a long time. He didn't know whether he could enter Thunder Valley right away before the entrance was opened, but he wanted to give it a try.

Yun Lintian went to see Lan Shuiying and Lan Ning. "Sister Lan, Senior Lan. I am going to leave the city now. Thank you for your help during this period."

Lan Shuiying was surprised and asked. "Why are you leaving so soon?" Yesterday, when she returned to her room, she went straight to the bed and slept soundly, without knowing Qi Yuanfeng's incident.

Yun Lintian glanced at Lan Ning and understood she didn't tell Lan Shuiying about it. He smiled. "I can't practice by staying here. I wish Sister Lan good luck on the academy's assessment."

Chapter 147 - Coincident Encounter

Lan Shuiying reluctantly said. "Alright. I wish Brother Yun good luck on your journey." She wanted to deepen the relationship with Yun Lintian further, but it seemed fate was not allowed.

"Thank you." Yun Lintian replied with a smile.

"I'll send you." Lan Ning suddenly said.

Yun Lintian understood she wanted to help him check whether Qi Yuanfeng's men were at the entrance. He looked at Lan Ning with gratitude as he said. "Thank you, Senior Lan."

Lan Shuiying looked at her aunt and Yun Lintian in confusion. She felt these two were hiding something from her, but she didn't ask and followed them out.

Lan Ning, once again, used her power to conceal Yun Lintian's body before sending him out of Blue Moon inn. When she stepped out of the inn, her Spiritual Sense immediately spread out like a spider web to search for Qi Yuanfeng's men. However, she didn't find anyone suspicion around here in the end.

"You have twenty minutes to get out of the city. I hope you will cherish your life." Lan Ning said softly.

Yun Lintian nodded his head, turning around, and disappeared from the streets under Lan Ning and Lan Shuiying's gaze.

"What happened, Aunty Lan?" Lan Shuiying couldn't help but ask.

Lan Ning looked around again before answering. "He was discovered by Qi Yuanfeng."

Lan Shuiying's eyes widened open while using her hand to cover her mouth. After recovering from the shock, she said worriedly. "Will he be okay?"

Lan Ning stared at the spot Yun Lintian had disappeared and said. "Do you think what he said is true?"

Lan Shuiying tilted her head to look at her aunt and said. "Aunty means he lied to us?"

Lan Ning didn't agree or deny Lan Shuiying's guess. Instead, she said. "He's not weak as you think." Afterward, she turned around and returned to her room, leaving Lan Shuiying to stand dumbly on the spot.

\*\*\*

At the southern Thunder City entrance, a young woman with a white rabbit on her shoulder walked through the gate and looked around for the direction. This woman was naturally Lin Xinyao, who just arrived at Thunder City earlier.

Master should go to the Blue Moon inn. Lin Xinyao thought and went straight in the Blue Moon inn's direction.

At the same time, Yun Lintian heading toward the southern entrance coincidentally walked past Lin Xinyao. However, because the street was too large and the two were separated by passerby carriages and crowds, they did not notice each other.

The moment two passed each other, Mumu that slept soundly on Lin Xinyao's shoulder, suddenly opened its eyes and looked at Yun Lintian in the distance. Its ears immediately perked up and hurriedly jumped down from Lin Xinyao's shoulder before rushing at Yun Lintian.

"Mumu?" Lin Xinyao was taken aback for a second. Usually, Mumu was obedient and rarely left her. She didn't expect it to suddenly rush to a place without telling her like this.

Yun Lintian always raised his vigilance since he appeared on the street. All of a sudden, he perceived an object shot toward him at lightning speed, and he instinctively avoided it. However, the incoming object's speed was beyond Yun Lintian's reaction, as he could not dodge it, and this object immediately landed on his shoulder.

Just as Yun Lintian was about to use his profound energy to blast this foreign object away, he immediately recognized it was the rabbit. More precisely, it was Mumu.

"Mumu?" Yun Lintian asked in surprise and looked around to see Lin Xinyao.

Mumu let out a low cry while staring at Yun Lintian as though he wanted to tell him it was missing him.

Yun Lintian hadn't found Lin Xinyao yet. He turned to Mumu and stroked its fluffy head with a smile. "Do you miss me?"

Surprisingly, Mumu nodded its head vigorously for fearing Yun Lintian didn't understand it.

Yun Lintian chuckled. "Do you miss me, or you miss my food?"

Last time, Yun Lintian could see Mumu was a foodie and was quite gluttonous, similar to Prince Little Flame he met in the Blazing Sun Mythical Realm back then.

"It's you." Exclaimed Lin Xinyao as she found Yun Lintian and Mumu. At the same time, she suddenly remembered she didn't know this man's name.

Yun Lintian responded. "We've met again, Miss Lin."

"Yes." Lin Xinyao nodded in reply and looked at Mumu, who kept staring at Yun Lintian, completely ignored her.

Yun Lintian continued to pet Mumu and asked. "What are you doing here?"

"I come to find my master." Lin Xinyao replied shortly.

"Your master?" Yun Lintian's expression changed slightly. Shit! I need to get out of here now. He thought.

"Alright. Go ahead. I'll leave first." Yun Lintian quickly cut the conversation and prepared to leave. However, Mumu was unwilling to get off of his shoulder, rendering him helpless.

"Ugh... can you go back to your master?" Yun Lintian told Mumu.

Mumu blinked its big eyes cutely and then shook its head while tightening its grip on Yun Lintian's shoulder.

It wasn't Yun Lintian alone who was helpless, Lin Xinyao too. Especially when she heard Mumu screaming, 'Food! Give me food!' in her mind... This greedy little guy! Lin Xinyao cursed inwardly.

"Where are you going?" Since Mumu was unwilling to leave, Lin Xinyao better asked Yun Lintian's destination first if she could let him cook for Mumu before leaving.

Yun Lintian couldn't tell her directly he was going to Thunder Valley. He lied. "I still don't know. Maybe finding a secluded place around here to practice."

Lin Xinyao thought for a while and said. "I know such a place around here. Why don't I go with you?" She hesitated and said. "Mumu said she wants to eat the food you make."

Yun Lintian glanced at Mumu, speechless. Naturally, he had no problem cooking some dishes for Mumu, but he couldn't stay in this city longer. He might be discovered by Qi Yuanfeng anytime.

He pondered for a moment and said. "Let's go then. We don't have to go that far. Just around here is fine."

Lin Xinyao nodded and headed to the city gate with Yun Lintian.

#### Chapter 148 - Report

In a secret room in the City Lord manor, Han Bingling sat lazily on a comfortable chair while listening to Fu Tiangang's report.

"I don't have enough evidence, but the Ming clan is definitely related to Poison Valley." Fu Tiangang said. Seeing Han Bingling motioned her chin at him, he continued. "Recently, they have welcomed Qi Yuanfeng, the Crown Prince of Heavenly Fortune Nation. The relationship between them is close as in the past Ming Jinlong has accepted him as a disciple."

"Heavenly Fortune Nation?" Han Bingling's brows raised slightly. She didn't pay attention to this nation much, as it was too far from here.

Fu Tiangang explained. "Heavenly Fortune Nation is located southernmost of our continent. Last month, I got a report stating there was an upheaval event occurred. The three major sects within the nation had mysteriously disappeared at the same time. I've sent my men to investigate on this matter already."

"Hmm?" Han Bingling immediately frowned upon hearing this. The disappearance of a sect was common in this cruel world. However, many sects had disappeared at the same time was indeed uncommon.

Fu Tiangang continued. "The three sects are Profound Sword Sect, Sacred Flame Sect, and Misty Cloud Sect. I heard it is Qi Qianxing, the ruler of the nation who did this." He changed his sitting posture slightly and said. "But from my men's reports, I found something unusual. They discovered that several high-ranking officers and influential clans were also disappearing overnight. What's more, most of them were found dead by poison later."

"Misty Cloud Sect?" Han Bingling found this name was familiar and tried to recall the information. In the end, she couldn't remember anything related to this name and decide to put it aside first. She said. "No doubt. Poison Valley is behind this."

Fu Tiangang nodded. "I wonder what is Palace Master Han's instruction on this matter?"

Han Bingling didn't know why her mind was still lingering with Misty Cloud Sect. She suddenly asked. "Do you have a report of this Qi Yuanfeng? I want to see it."

Fu Tiangang was puzzled. In his opinion, Qi Yuanfeng was just a small figure that giving nothing to him. Hence, he didn't understand why Han Bingling was interested in such a minor character. He sent a signal to his trusted servant outside the room, and the latter immediately entered with a jade slip.

"Please take a look." Fu Tiangang handed the jade slip to Han Bingling respectfully.

Han Bingling used her Spiritual Sense on the slip and went silent for a while before saying. "Interesting. The Ming clan even giving him a precious Thunder Crystal. It seems he's not a small character like we thought."

Fu Tiangang startled and then agreed with Han Bingling. "Indeed. Please forgive me for overlooking this matter."

Han Bingling waved her hand. "I don't blame you. You've done a good job already." She paused for a second and said. "By the way, who do you send to Thunder Valley this time? Is it your grandson, Tianya?"

Hearing his grandson's name, Fu Tiangang straightened his body and said proudly. "Yes. It's Tianya. He has broken through to the first level of Ruler Profound Realm not long ago. It's time for him to consolidate his foundation."

Han Bingling smiled faintly. Fu Tianya was a prominent genius that even she had to pay attention to him. He was thirty this year but already reached the Ruler Profound Realm. This kind of talent was considered extraordinary within the Northern Continent.

"Good. Tell him to pay attention to Lei Jun. This bastard is a vengeful person. It's better to stay away from him." Han Bingling said softly.

Fu Tiangang's expression turned serious as he bowed. "Thank you for your concern, Palace Master Han."

Just as Han Bingling was about to say something further, she suddenly heard Han Muyue's voice. "Master. Young Miss Lin has left the city with Yun Lintian."

Han Bingling was surprised, and her lips curled into a charming smile.

Fu Tiangang coincidentally raised his head and saw this. His mind immediately went blank for a while before hurriedly lowered his head in shame.

"Do you want me to follow them, Master?" Han Muyue asked.

Han Bingling considered briefly and shook her head. She knew this might anger Yun Lintian, and she didn't want to further worsen the relationship between him and her. "No need."

"Understood, Master." Han Muyue replied and went silent.

Han Bingling stretched her body lazily and yawned. "Prepare a place for me. I want to rest for a while."

Fu Tiangang didn't dare to raise his head again as he replied. "Immediately." Afterward, he quickly fled away.

Watching an old man fleeing, Han Bingling laughed while shaking her head amusedly. She thought of Yun Lintian and Lin Xinyao, then muttered. "Fate is truly unpredictable."

\*\*\*

Yun Lintian and Lin Xinyao had walked for two hours and arrived nearby a small creek not far away from Thunder Valley. Yun Lintian looked around briefly and chose this place to stay for the time being.

"I'll cook now. Can you set up a formation?" Yun Lintian said.

Lin Xinyao didn't reply but took out several formation stones and set up a simple isolation formation.

Yun Lintian glanced at her and thought it seemed she wasn't talented in formation profound art. He set up a fireplace and started cooking while Mumu was staring at him without blinking as though it feared he would disappear at any time.

Twenty minutes later, Yun Lintian placed several dishes on a table he set up earlier before calling Mumu and Lin Xinyao. "The meal is ready now."

Mumu reappeared on the table with a flash, using its nose to sniff on various dishes before it.

"Don't be rude, Mumu." Lin Xinyao reprimanded her pet slightly.

Yun Lintian waved his hand. "It's okay. She is a profound beast, after all. Eating is her nature." He then picked a big chicken leg up and placed it on Mumu's small plate. He said. "Eat as much as you want."

Lin Xinyao looked at this stranger and benefactor in front of her and fell into deep thought.

Chapter 149 - Complicated Relationship

"You still want to eat?" Yun Lintian was helpless as he saw Mumu was looking at him, begging for more food. This was already the fourth time he had to cook for it. Who knows how many stockpiled chickens he had lost today.

Mumu nodded its head vigorously while licking its paws.

"Enough, Mumu." Lin Xinyao's hardened her voice. She was both embarrassed and helpless at the same time. She didn't expect this pet of hers would be this shameless.

Mumu turned its head to look at Lin Xinyao with sad eyes, on the verge of crying.

Seeing this, Yun Lintian's heart was softened, and he decided to cook another set for it. "Alright. This will be the last one. I don't have anything left now."

Mumu's eyes lit up and jumped onto Yun Lintian's shoulder before pecking on his cheek.

"You've spoiled her." Lin Xinyao said.

Yun Lintian smiled faintly. "It's okay."

After the meal, Mumu went to sleep on the chair nearby with a bugled belly. It let out a light burp from time to time. Meanwhile, Yun Lintian leaned on the chair, enjoying a cup of spirit tea.

"Thank you." Lin Xinyao said.

Yun Lintian nodded slightly as he asked. "Are you going to enter Thunder Valley?"

Lin Xinyao shook her head. "My main purpose is to see my master. As for Thunder Valley, there's nothing for me to find there."

Yun Lintian thought it made sense. After all, Lin Xinyao's Divine Moon Profound Vein was mainly based on the water element. Going to a place filling with a dense lightning element would give her no benefit.

The two did not have many common topics to talk about. Hence, silence gradually descended on them afterward. This quiet atmosphere continued until Yun Lintian proposed to leave.

"I'll leave first then." Yun Lintian said and prepared to leave.

Lin Xinyao naturally had no reason to hold him back. She bid farewell. "Thank you again, and good luck."

Yun Lintian nodded and walked away in Thunder Valley's direction, under Lin Xinyao's gaze.

Mumu, who was falling asleep earlier, suddenly opened its eyes and hurriedly looked around. When it didn't see Yun Lintian's figure, it immediately let out a low cry while staring at Lin Xinyao aggrievedly.

Lin Xinyao sighed softly and said. "Why are you doing this? Is the food I give you is not good enough?"

Mumu shook its head and conveyed the meaning to Lin Xinyao through her mind.

Lin Xinyao frowned when she heard Mumu's words. "He has an aura that attracts you? And it can help you grow?"

Mumu nodded its head vigorously and let out several low cries.

Lin Xinyao was taken aback and shook her head. "No, we shouldn't follow him. Don't forget that he is our benefactor. We shouldn't annoy him."

Mumu lowered its head and nodded slightly, showing it understood.

Lin Xinyao stood up and collected Yun Lintian's table and chairs into her ring and said. "Let's go. Master is waiting." Following that, she turned around and headed toward Thunder City with Mumu on her shoulder.

\*\*\*

After leaving Lin Xinyao and Mumu, Yun Lintian did not go to Thunder Valley directly but chose to open a small cave on a hill nearby. Before going there, he needed to make sure his supply was enough, as he didn't know whether he could use an interspatial ring or open the Gate of Beyond Heaven there.

When he finished setting up all the necessary formation, Yun Lintian quickly entered the Land of Beyond Heaven and went to find Yun Qianxue and Yun Ruanyu.

"It's too dangerous. You shouldn't go there." It was as Yun Lintian expected. Yun Qianxue immediately objected when he told her about Thunder Valley.

Meanwhile, Yun Ruanyu did not think so. After staying in the Land of Beyond Heaven and deepening her knowledge for almost half a year, she believed Yun Lintian's decision was correct. Since this Thunder Valley was likely to have a lightning element source, there was no reason to not go.

Just the Sun alone could significantly improve Yun Lintian and the Land of Beyond Heaven, then what about adding a lightning element source? Perhaps Yun Lintian could directly break through to Spirit Profound Realm.

Yun Ruanyu said. "I think Lintian is right. He needs to go there. It is worth risking for the lightning element source." Before Yun Qianxue could refute, Yun Ruanyu continued. "Don't you curious why that mysterious person wants him to enter Thunder Valley? Lintian said that person even knows his secret. I don't think such a powerful existence would bring him harm. Since this person could send Lintian the message from who knows where, killing him should be as easy as flipping his hand. There's no need to keep Lintian alive until now."

Yun Qianxue closed her mouth and went silent. She knew extremely well about this, but it was her instinct to protect Yun Lintian. She just didn't want him to take any risk.

Yun Lintian took a deep breath and comforted Yun Qianxue. "You don't have to worry. I can protect myself. Besides, I have the crown with me. The thunder there could not threaten me. Also, I don't even know if I can enter the place."

Yun Qianxue looked at Yun Lintian for a while before sighing. "Alright. Just pay attention to your safety." She stood up and went to the kitchen. "I'll prepare food for you."

Yun Lintian looked at Yun Qianxue's back and sighed softly. He felt the relationship between him and her was complicated. He wasn't an idiot to not know her true feelings. It was just that he didn't dare to take a step forward as he always respected her as his godmother.

Even though the commonsense in this Azure world and Earth was different, having an affair with a blood-related mother or cousin was common here; as a man from Earth, Yun Lintian could not simply change his mindset and accept her as a lover. It was too contradict to his moral.

Of course, Yun Lintian often had dirty thoughts on her, but it was limited to thinking only. It was similar to a man seeing a beautiful woman and appreciated her beauty. However, not everyone would go strike a conversation or court her, right? Especially, that person was your godmother. At most, you could only fantasize in your mind.

Chapter 150 - Finding The Entrance

"I'll leave now." Yun Lintian prepared everything he needed and was about to leave.

Yun Qianxue stepped forward and helped him tighten a bag on his shoulder before saying. "Don't push yourself too hard."

Yun Lintian patted her hand with a smile. "I know." He then entered the Gate of Beyond Heaven, disappearing from everyone's sight.

"We need to increase our strength as soon as possible. We can't let him do all the work himself." Yun Ruanyu said softly.

Yun Qingrou took out a pill bottle and handed it to Yun Qianxue. "Here is the Nine Souls Pill. According to your profound art, you need it more than anyone here. We can wait for the next batch."

Yun Qianxue looked at her sisters and grabbed the pill bottle. "Thank you, sister." Afterward, she went to Misty Lake with great determination.

Yun Qingrou and Yun Ruanyu looked at each other and sighed softly. They understood Yun Qianxue's feelings, as they also felt the same. At this moment, they were nothing but burdens for Yun Lintian. However, the practice could not be rushed. They went from ordinary mortals to the tenth level of Essence Profound Realm within five months was already considered a miracle. If they wanted to go further at the same speed, they would need a ton of resources, which they were now lacking.

\*\*\*

Leaving the small cave, Yun Lintian immediately headed to Thunder Valley.

Thunder Valley was located on the east side of Thunder City. Its area was covered the entire mountain range, estimating one hundred kilometers long. Occasionally, there would be roaring sounds of rolling thunder, and then countless lightning bolts would fall onto the mountain. Looking from afar, it was just like multiple snakes chaotically dancing.

When Yun Lintian arrived nearby the mountain range, he was immediately attracted by the spectacular scene in front of him. This was the first time he saw a lightning storm up close. When he looked carefully, he could see a faint lightning wall covered the entire mountain range like a net.

For some reason, Yun Lintian suddenly felt a connection between him and this place, and this made him confident he did the right thing by coming here.

Yun Lintian walked to the mountain and looked around for a long time to find the entrance, but he could not find it no matter what. The information he got from Han Bingling did not contain the entrance's position. He cursed at Qi Yuanfeng in his heart as the appearance of him forced Yun Lintian to leave the city before he could gather all the information.

Since he could not find the entrance, Yun Lintian decided to use his cheat ability, Eyes of Heaven, to see whether he could locate the target.

Yun Lintian's pupils turned golden as he looked at the mountain before him. On the lightning wall, he discovered dense lightning energy flowing back and forth with no dead end. It was no wonder no one could break in from the outside. He believed just a light touch on this lightning wall, he would turn into a grilled human instantly.

Yun Lintian continued to walk and find the entrance until he noticed massive lightning energy gathered in one place at the foot of the mountain beyond his line of sight. He became excited instantly, but he did not rush toward it. Instead, he continued to observe further.

As the Thunder Valley was about to open again, it was naturally guarded by people from Thunder City. When Yun Lintian discovered several people around the supposed entrance through his Eyes of Heaven, he hurriedly retreated from the place before being discovered.

"Hmm?" One of the entrance guards perceived a trace of movement in Yun Lintian's direction, and he quickly spread his Spiritual Sense to cover the area.

Yun Lintian knew he was in danger right now. Without further ado, he shattered the escape talisman and disappeared from the spot before the guard's Spiritual Sense arrived.

The guard frowned as he discovered a fluctuation. He took a step forward, and his figure instantly disappeared before reappearing at Yun Lintian's previous position.

"What's wrong?" Another guard noticed his buddy found something. He quickly followed and asked.

"Do you think there is someone here earlier?" The guard who arrived first asked.

Another guard looked around and shook his head. "I don't think so."

The first guard stared at Yun Lintian's disappearing position for a while longer before shaking his head and returned to the entrance. However, he didn't let his guard down and reported this bizarre event to Fu Tiangang.

In the City Lord manor, Fu Tiangang was instructing his servants to take care of Han Bingling. When he noticed a transmission jade on his waist was glowing, he took it out and asked with a frown. "What is it?"

"City Lord, someone is coming here earlier, but I don't know where this person is going. I believe he uses the escape talisman. Please give me instruction." The guard reported.

Fu Tiangang was puzzled. Usually, some courageous practitioners would go there to try their lucks, but this was the first time he heard someone using the escape talisman to avoid being discovered. He replied. "Continue to guard the entrance."

"Yes, City Lord." The guard responded and put the transmission jade away.

Fu Tiangang was playing with the transmission jade in his palm while thinking about this matter. A while later, he shook his head and decided to look at it later. After all, the first priority right now was to serve Han Bingling.

"What's wrong?" Han Bingling walked out of the room and happened to see Fu Tiangang contemplating on something.

Fu Tiangang hurriedly bowed his head slightly as he replied. "Earlier, my people who are currently guarding the Thunder Valley entrance have discovered someone around there. However, this person is using the escape talisman directly after being discovered."

"Oh? Escape talisman?" Han Bingling's brows raised slightly. Suddenly, she thought of someone and called Han Muyue. "Muyue, locate Xinyao for me now."

"Yes, Master." Han Muyue, who was hiding above the manor, accepted the order readily and disappeared from the spot.

A while later, Han Bingling received Han Muyue's report saying Lin Xinyao was alone and Yun Lintian was nowhere to be seen. She immediately understood that person was definitely Yun Lintian.
