

Myth Beyond 1471

Chapter 1471 Courage

With Long Qingxuan's strength, killing these bandits was nothing but a flicker of her finger, and there was no need for her to waste a word with them. She just wanted to make them pay for what they did to the villagers in the past. It would be too easy for them to die painlessly.

The villagers looked at Long Qingxuan in a daze. Although they couldn't comprehend the situation clearly, they could see all the bandits were stopped by her. What kind of power was this?

All the villagers here were mortals. It wasn't that they had never tried to practice, but rather their profound veins were no different from cripples. They were destined to be a mortal for the rest of their life.

The bandits went ghastly pale. Their entire bodies were drenched in cold sweat. No matter how hard they tried to move, all they could do was roll their eyes around.

Long Qingxuan turned to Grandpa Yi and asked. "How many times did they come here?"

Grandpa Yi returned to his sense and answered hesitantly. "This should be the thirtieth."

The killing intent on Long Qingxuan's body intensified even more. She swept her gaze over every villager and said. "All of you have been suffering for all this time. Now, I give you a chance to avenge your beloved ones. Do you dare to do it?"

Most of the villagers lowered their heads, not daring to face her. They had been suppressed for a long time, making them develop this submissive complex.

Long Qingxuan was disappointed upon seeing this. The dragon was the proudest creature in the entire universe. Even though these people didn't know about their true identity, the slumberous dragon god blood in their veins should at least make them courageous more than this.

"I will avenge my grandpa!" All of a sudden, Er Gu grabbed the machete from the skinny bandit's corpse and rushed to the nearest bandit.

He gritted his teeth and swung the machete at the bandit's abdomen with everything he had.

Puff!

The machete sunk into the bandit's abdomen, causing blood to gush out like a fountain, drenching Er Gu's entire body.

However, Er Gu didn't care about it. His eyes were filled with deep hatred as he continued to throw a series of slashes and thrusts at the bandit's body like a madman.

His action immediately woke the villagers up. Perhaps they were affected by Er Gu's madness, some of them grabbed weapons they could find and charged straight at the bandits while roaring with deep hatred.

"I'll avenge my father!"

"You killed my wife! Today, I will kill all of you!"

Puff! Puff! Puff!

The bandits were terrified as they watched as the villagers attacked them. They couldn't move an inch, but the unbearable pain made them tremble violently. And because the villagers were ordinary people, their strength was insufficient to kill the bandits directly. It made the pain several times worse.

"Die!" Er Gu held the machete with both hands and jumped up, swinging it at the bandit leader's neck. With a puff, the bandit leader became a headless corpse directly. It could be seen how much strength Er Gu exerted in this attack.

After killing the bandit leader, Er Gu immediately fell to the ground, curling up and crying loudly. "Woo! Grandpa! I've finally avenged you."

The other villagers were no different, they knelt on the ground and cried hard, pouring all their accumulated grievances out. All of them had lost one or two family members to the bandits throughout the years, and they believed it was impossible to avenge them... Everything that happened right now was like a dream come true.

Grandpa Yi, who also lost his son and wife to the bandits, wiped the tears off his cloudy eyes and turned to Long Qingxuan. "Thank you... Thank you..." "I think you should take a look at

The other villagers also knelt and gave Long Qingxuan kowtows, expressing their gratitude. Without her, they would never be able to achieve this.

Long Qingxuan waved her hand, helping everyone up and saying. "Do not lower your head to anyone again in the future because no one in this world deserves it."

Hearing this, Grandpa Yi was confused. "What do you mean, girl?"

Long Qingxuan waved her hand, creating an isolating barrier around the village. She then opened her eyes, revealing a pair of mesmerizing dragon eyes to everyone.

At this moment, all the villagers could feel something inside their bodies undergo a transformation. At the same time, a dragon claw mark appeared on everyone's forehead, making them look at each other in confusion.

Long Qingxuan looked at them and said calmly. "More than a hundred thousand years ago, my uncle, Long Teng, had committed a crime and was exiled from the clan. A curse was placed within his body, causing him unable to use his power again for the rest of his life, and his descendants would be the same."

"You mean..." Grandpa Yi seemed to understand it right away.

Long Qingxuan nodded gently. "All of you here are, without a doubt, my uncle's descendants."

The villagers looked at each other in shock.

"That's how it is..." Grandpa Yi murmured to himself. The story passed down from generation to generation was actually true. Their ancestor's surname was removed because of this.

He raised his head to look at Long Qingxuan and asked. "But how could you...?"

"You should start to feel it now. The power inside your body." Long Qingxuan said calmly. "We are the most powerful clan in the entire universe, the Dragon God Clan."

"Dragon God Clan...?" The villagers were at a loss. This word was too far away from them. They couldn't understand it at all.

Er Gu wiped the blood off his face and asked. "Big sister. You mean we are a dragon? The legendary beast, dragon?"

Long Qingxuan looked at Er Gu with a hint of appreciation. Among everyone here, Er Gu was the one who showed potential.

Suddenly, a pair of giant wings appeared behind Long Qingxuan, and her arms had also transformed into the dragon's arms. This scene stunned everyone directly.

"Wow!" Er Gu was shocked and became excited. "Please tell me how to do it?"

Long Qingxuan reverted back to her human form and said. "Of course, you need to practice hard."

"Can you teach me?" Er Gu asked expectantly.

"Yes." Long Qingxuan said softly. She turned to Grandpa Yi. "This place is no longer suitable for everyone. I will bring everyone to a place."

With that, she took out a profound skyship that she stole from Yun Lintian. "Get on."

Chapter 1472 Sword God

After all the villagers boarded the skyship, Long Qingxuan destroyed the entire village, erasing all the traces and leaving directly. Her destination was the Azure World.

With Long Qingxuan's speed, it would take at least a month to the Azure World. However, it was impossible to be that fast with the skyship. Hence, she chose to use a teleporting formation to reach the Eastern Divine Region directly.

After going through a series of transferring and concealing, Long Qingxuan finally brought everyone to the Eastern Divine Region safely.

Just as she was about to send her clan members to the Azure World, Long Qingxuan's expression turned icy as she stared into the depths of the starry sky.

"Since you're here, why don't you show yourself?" Long Qingxuan said coldly.

"A rumor about the Dragon Princess being alive has been circulating around recently. This old man didn't expect it to be true."

Suddenly, an indifferent male voice resounded from the distant starry sky, making Grandpa Yi and the others in the skyship turn their gaze in that direction one after another.

At this moment, an old man clad in a black robe and had a fair, clean, and gentle-looking face, but his hair was pale-white like snow, slowly appeared in everyone's sight. His eyes had a placid look like an old well that hadn't made a sound for ten thousand years. They seemed as if they had seen a hundred generations, and it was simply impossible for there to be even the slightest fluctuations of emotions in them.

With both hands at his back, his hair flying, and his clothes fluttering, he appeared like a celestial being from an ancient realm that had stepped into the mortal world.

The old man looked at Long Qingxuan briefly before shifting his gaze to the people on the skyship. A hint of surprise appeared in the depths of his eyes.

"The Dragon God Clan's incense will never go out. This sentence is not wrong at all." He said calmly.

Everyone in the Divine Realm knew about the demise of the Dragon God Clan back then, but none of them could guess that there would be remnants of the clan left behind.

"You better mind your own business, Qin Juehai." Long Qingxuan said coldly.

The old man in front of her was the God Emperor of the Central Divine Region's Sword God Realm. He was well-known as the strongest sword practitioner in the Divine Realm, and people would call him the "Sword God."

The old man, Qin Juehai, said indifferently. "This old man merely passed by and happened to meet you here."

"Then you should hurry up and get out of my sight." Long Qingxuan responded.

Qin Juehai didn't seem to hear it. He said further. "There's another rumor circulating around. It's said the Beyond Heaven King's successor has finally appeared, and he is likely to be somewhere in the Divine Realm right now."

Immediately, a bone-piercing aura filled the entire starry sky as Long Qingxuan said coldly. "Qin Juehai. I told you to mind your own business, but it seemed you didn't listen to me. Out of all the bastards in this Primal Chaos Universe, you are the least qualified person to speak about him. Do you want me to remind you why?"

Qin Juehai's eyes drooped slightly. There was a stir in the original calmness inside. Clearly, Long Qingxuan's words disturbed his mind.

Long Qingxuan had no intention of letting this matter go. She said further. "I often heard many people call you the Sword God here. Heh. Have you ever felt ashamed to use such a holy title? I wonder how they would look at you after knowing the truth behind your current status." "I think you should take a look at

Qin Juehai's face twitched fiercely, but he managed to calm down. His gaze suddenly turned cold as he said. "So what? He's no longer here, and I've obtained this position with my own strength. It has nothing to do with him."

The "him" in his words here obviously wasn't referred to the Beyond Heaven King, but someone else. And that person certainly had a massive influence on him.

Hearing this, Long Qingxuan smiled disdainfully. "A person who betrayed his senior brother like you has no right to talk about achieving something with your own strength here. Get lost."

Clang!

All of a sudden, seven pale white astral swords appeared in the starry sky above Qin Juehai. The seven astral swords were around twenty meters long and two meters wide, emitting an extremely sharp aura.

Grandpa Yi and the other villagers on the skyship went pale directly. They felt as if their entire bodies were tearing apart.

Long Qingxuan calmly waved her hand, and the sharp aura around the skyship vanished completely. She then looked at Qin Juehai and said. "You actually dared to show your swords in front of me?"

Long Qingxuan's eyes were still closed as she raised her head slightly to look at Qin Juehai. She didn't release her aura or anything, but Qin Juehai's pupils shrank all of a sudden.

"You..." Qin Juehai wanted to say something, but no words could escape his mouth. The astonishment in his eyes seemed to speak about everything on its own.

Ding!

All seven astral swords above Qin Juehai suddenly shattered into pieces and vanished completely.

Qin Juehai's body trembled uncontrollably before calming down. He was unable to make any more sounds as he averted his gaze elsewhere, not daring to face Long Qingxuan.

A cold sneer escaped Long Qingxuan's mouth. "Heh. I can tell you that no matter how many years you practice or how many resources you consume from now on, you won't be able to reach your senior brother's height. Know your place well."

As she spoke, she paid no heed to Qin Juehai further and brought the skyship away, disappearing into the depths of the starry sky.

Qin Juehai clenched his fists tightly with his head lowered. If one looked closely, one would see his eyes were filled with boundless hatred at this moment. The hatred didn't seem to aim at others but at himself.

"Why...?" His voice echoed in the starry sky. Unfortunately, there was no answer returned.

Qin Juehai stood in the place for a long while, and the turbulence in his heart gradually calmed down. He raised his head slightly and said. "Jian Yi."

"God Emperor." A tall man in black silently appeared behind Qin Juehai.

"Send our people out. Since she appeared here, the Beyond Heaven King's successor must be somewhere in this Eastern Divine Region." Qin Juehai said calmly. "Remember to capture him alive."

Chapter 1473 Profound Convention

Yun Lintian was completely oblivious to the outside world. He had no idea that many people were constantly looking for him right now.

Three weeks passed by. Yun Lintian spent most of his time teaching Ning Yue and practicing the Heavenhold Divine Arts under Tian Yuhan's guidance. At the same time, he consumed a lot of Divine Stones and finally stepped into the third level of the Divine Spirit Realm.

Looking at the piles of empty Divine Stones around him, Yun Lintian sighed helplessly. "I would go bankrupt soon at this rate."

Increasing one small level took him more than five billion high-graded Divine Stones. Yun Lintian couldn't imagine how much he needed for the higher realms. Perhaps a trillion?

"Your profound vein is very strange. It's several times wider and stronger than any practitioner I've ever seen. Even those God Emperors may not have this." Tian Yuhan silently appeared behind Yun Lintian and looked at the Divine Stones thoughtfully.

"The aura in the secret land is abundant, but I doubt it can help you reach the higher realm. Perhaps the Divine Transformation Realm is the limit."

Yun Lintian thought for a moment and asked. "How long do I have to wait for the next round?"

"It depends on the condition of the secret land." Tian Yuhan replied. "It can be varied from one year to a thousand years."

Yun Lintian frowned slightly. If that were the case, he would have to leave for a better place after leaving the secret land. Where should he go? Hopefully, he could contact the Land of Beyond Heaven at that time. Hongyue and the others could certainly give him a suggestion.

pandasnovel.com "I came here to tell you the news. The Eastern Profound Convention will be held in the upcoming year. This convention is a distinguished meeting which occurs once every three thousand years for the Eastern Divine Region. It will take place in the Shrouding Sky God Realm this time." Tian Yuhan said further.

"Eastern Profound Convention? What's it for?" Yun Lintian asked curiously.

"Every three thousand years, all the five Divine Regions will hold their own convention to find a batch of geniuses to enter the Heavenly Desolate God Realm. It's for cultivating a new generation of the Divine Realm. Winners from each region will head to the Heavenly Desolate God Realm for the final Profound Convention.

"Heavenly Desolate God Realm..." Yun Lintian muttered. The Heavenly Desolate God Emperor was one of the culprits behind the Beyond Heaven King's demise. It was impossible for him to go there.

Tian Yuhan thought Yun Lintian didn't know about the Heavenly Desolate God Realm. She explained further. "The Heavenly Desolate God Realm has existed since the ancient era. It is the core world within the Heavenly Desolate Orb. This orb is said to be a top treasure of the Heavenly Desolate God from the Primordial Era. It has the ability to increase one's comprehension, and training inside will allow you to achieve a thousand years' worth-effort in just one year."

"It's better than the secret land?" Yun Lintian asked.

"It cannot be compared at all." Tian Yuhan said calmly. "The Heavenhold Secret Land is a small world formed by a heaven and earth aura. You can think of it as a natural site, like a profound lake or a secret realm. The only benefit you can get from it is an environment with abundant divine energy and a slow time flow."

"However, the Heavenly Desolate Orb can provide both things I said with several times better quality and improve one's comprehension, which is something you cannot improve with other resources. It's a huge difference here."

Yun Lintian immediately understood how scary this Heavenly Desolate Orb was. Every practitioner had a different talent. Aside from a profound vein and physique, comprehension was the most important thing that could not be improved by external forces. I think you should take a look at pandasnovel.com

However, the Heavenly Desolate Orb could actually do it!

It was no wonder why the Heavenly Desolate God Emperor was regarded as the second strongest under the Beyond Heaven King. It was like he had a cheat code in his hand.

"But why did he open for everyone? Wouldn't it be better to keep it for his own people?" Yun Lintian asked in doubt.

Tian Yuhan went silent for a moment and asked. "What do you think about the Divine Realm? Is it a safe place?"

"Of course not. Nothing in the entire universe is safe." Yun Lintian answered.

Tian Yuhan raised her head to look at the sky and said. "I believe you should be aware that our Divine Realm is not the only one. There are other realms like the Great Devil Realm, for example. We have been invaded countless times by outsiders throughout the Divine Realm's history."

"In order to nurture talents for the potential calamity in the future, the Heavenly Desolate God Emperor came up with this plan. He didn't hesitate to sacrifice his own benefits for the mass. On this point alone, I have to admit that he's worthy of being the leader of the Divine Realm."

Yun Lintian lowered his head slightly, digesting the information. He was aware that the Divine Realm wasn't the only universe. There were others, like the Chaos Universe, that Earth existed. However, he didn't expect they would invade each other like this.

At the same time, he didn't believe the Heavenly Desolate God Emperor would be as generous as everyone thought. As for his true purpose in doing this, Yun Lintian didn't want to waste time thinking about it at the moment.

Tian Yuhan said further. "When the calamity comes, the people in the middle and lower realms will be the first ones to suffer. In the past, our Heavenhold Realm could only be the forefront soldier and the first to bear the brunt of the enemy."

She turned to look at Yun Lintian and said solemnly. "This is why I want to make our Heavenhold Realm an upper realm."

Yun Lintian nodded slowly. He finally understood the true intention behind Tian Yuhan's desperate thirst for talent.

He thought for a long while and asked. "What if I could help you break through to the Divine Emperor Realm?"

Tian Yuhan's pupils shrank in astonishment.

Yun Lintian said further. "The reason you couldn't make a further step wasn't because your talent was not enough, but because of a hidden injury in your profound vein. Once it's recovered, becoming a Divine Emperor is nothing."

His words were like thunderclaps to Tian Yuhan's mind...

Chapter 1474 God Realms

Tian Yuhan gradually calmed down and asked. "Hidden injury? I can't see it."

Yun Lintian explained. "You possess a quadruple attributed profound vein, fire, wind, wood, and water. Among them, water and fire are a direct opposition. You chose to practice a water-related profound art and abandoned the fire attribute, which is understandable and a practical way to go."

"At the same time, the wood attribute is going well with the water. You also chose to practice it. Everything is reasonable. However, the nature of a multi-attributed profound vein is not simple like that."

"While you have indeed abandoned the fire attribute, you can't completely avoid absorbing the fire element in nature. You have to discharge the fire energy from time to time over the years, and this unknowingly causes a hidden injury in your profound vein."

The Beyond Heaven Profound Vein was so powerful because of the perfect harmony between the elements. Yun Lintian didn't have to worry about getting an injury while absorbing the heaven and earth aura that naturally mixed with many elements.

However, an ordinary practitioner was different. Especially a top-talented one like Tian Yuhan. Her absorption rate was several times higher than others, which resulted in more risks of drawing unwanted elements into her body.

It was like you jumped into a river and drank a few mouthfuls of water. You couldn't possibly filter unnecessary minerals and bacteria and purposely select them yourself.

The injury inside Tian Yuhan's profound vein was nothing but a stumbling block, preventing her from taking a further step. Yun Lintian could easily get rid of it.

Tian Yuhan didn't immediately believe in Yun Lintian at first, but when she thought of his abnormally high attainment of alchemy, what he said should be true.

Thinking of this, she asked. "What's your condition?"

Yun Lintian smiled faintly. Talking with a smart person was indeed good. "Aside from a private land I asked you before, I want you to protect my people in the future. At least until I can go against any God Emperor."

Tian Yuhan responded immediately. "That's easy. Even though you're my disciple on the surface, it's my duty to protect your people. What's the other condition?"

"I need someone to run errands for me. As you see, I urgently need a lot of Divine Stones. I will refine some pills later, and you can help me sell them." Yun Lintian stated. "It would be better to sell them to the other realms."

Tian Yuhan thought for a moment and said. "There's no problem, but it's too risky to open the Heavenhold Realm during this period."

"Oh? Why is that?" Yun Lintian asked in doubt. Aside from the risk of his identity being leaked, he didn't think there would be other things Tian Yuhan needed to be concerned about. And sending a few people out in a brief moment shouldn't be that risky in his opinion.

"Do you remember the Dark Tide?" Tian Yuhan said. "I've been searching for their remnants and discovered something unexpected. They have contacted the Dark Sea Palace's people recently. I don't know what their goal is, but opening the Heavenhold Realm may lead more people in."

Seeing Yun Lintian's doubting expression, Tian Yuhan explained. "Once I open the realm, it will take a day to close it again."

Yun Lintian was immediately enlightened. "I see. Then it's indeed too risky."

Tian Yuhan nodded and said further. "Not to mention the unknown Divine Emperor you found previously. Her strength isn't something I can mess with."

Yun Lintian nodded slightly and expressed his opinion. "I am sure she's at least the tenth level of the Divine Emperor Realm. Logically, there's no need for her to sneak around. No one here can be her opponent anyway. So, you don't have to worry about her much. When the time comes, she will eventually come to you." I think you should take a look at pandasnovel.com

Tian Yuhan shook her head. "As the Realm King, I cannot be at ease like you suggested. I have to prepare for the worst."

Yun Lintian didn't say anything on this matter further. He thought for a moment and said. "Just sell them here, then. We can discuss it again after coming out of the secret land."

pandasnovel.com Tian Yuhan nodded gently. "I know that you aren't interested in the Eastern Profound Convention. I'll let Tian Xue and others go instead."

"That Tian Xue is worthy of nurturing. You can let her enter the secret land. I have a way to improve her talent. Supreme Elder Hualing as well." Yun Lintian said. "With you and her, two Divine Emperors will appear here a year later."

Tian Yuhan took a deep look at Yun Lintian and said. "I've taken advantage of you."

Yun Lintian shook his head. "The stronger you are, the better for my people. It's a win-win here."

He was destined to have countless enemies from all directions in the near future. Yun Qianxue and the others would certainly become their targets, and it was impossible for them to stay inside the Land of Beyond Heaven all the time. After all, he also needed to establish his own force in the Divine Realm.

"Do you want to treat your injury now?" Yun Lintian asked.

Surprisingly, Tian Yuhan shook her head. "There is an anniversary event tomorrow. I cannot be absent."

"Right." Yun Lintian totally forgot about this. He asked. "Do I need to show myself?"

Tian Yuhan shook her head. "No need. My initial purpose in holding this event was to find a suitable talent. Since you're here, the event is not important anymore. It's just that it's too late to cancel now."

Yun Lintian nodded in an understanding manner. "Well, you can tell me directly if you need me later."

"Thank you." Tian Yuhan said softly. A hint of appreciation could be seen in her eyes.

"By the way, can you tell me about the Eastern Divine Region? How many God Realms are here, and who is the current ruler?"

Tian Yuhan nodded and replied. "There are four God Realms and twenty upper realms here in the Eastern Divine Region."

"So many?" Yun Lintian was surprised.

"Many?" Tian Yuhan shook her head. "Out of the five Divine Regions, the Eastern Divine Region is the weakest. The Northern Divine Region has six God Realms and over thirty upper realms. The Western and Southern Divine Regions each have seven God Realms and plenty of upper realms."

"Meanwhile, the Central Divine Region has ten God Realms and more than a hundred upper realms... Four God Realms and twenty upper realms are not many at all."

Chapter 1475 A Chance Encounter (1)

Yun Lintian was stunned by the difference between the five regions. A single God Realm represented an absolute power above billions. Even twenty upper realm stars combined couldn't be matched with it. It was no wonder the Eastern Divine Region was regarded as the weakest.

"The four god realms, Shrouding Sky God, Rain God, Eternal River God, and Violet Thunder God, hold absolute power here in the Eastern Divine Region, and their strength could not be underestimated. Especially the Violet Thunder God Emperor. He is known as the strongest god emperor of the Eastern Divine Region." Tian Yuhan explained further.

A strange light flashed across Yun Lintian's eyes upon hearing this. According to Hongyue, the Violet Thunder God Emperor was one of the culprits behind the Beyond Heaven King's demise. He didn't expect him to be in this Eastern Divine Region.

"You have to be careful when you meet their disciples in the future. Although it's beneath those God Emperors to attack a junior, anything could happen." Tian Yuhan said solemnly.

"I know." Yun Lintian smiled faintly.

"Our Heavenhold Realm has a good relationship with the Rain God Emperor. She's the only woman among the four god emperors here. She would often invite our people to practice with her disciples. Maybe she would ask for you to go in the future." Tian Yuhan said.

"Oh?" Yun Lintian was slightly surprised. Hongyue had never mentioned the Rain God Emperor, and he had no idea what her personality was. Naturally, he wouldn't go.

As if she saw his doubt, Tian Yuhan explained. The Rain God Emperor was the best friend of the first Heavenhold Realm King and vowed to look after the Realm after her death. From the beginning to the present, the Rain God Emperor has never stopped looking after us."

"I got the opportunity to go to the Rain God Realm when I was young, and she helped me a lot. It could be said that she was my half-master."

A hint of admiration could be seen in Tian Yuhan's eyes when she spoke this.

Tian Yuhan took a storage ring out and handed it to Yun Lintian. "This is the resource the Rain God Emperor gave me after knowing about the anniversary event. You can use it at ease."

Yun Lintian glanced at the content inside the ring and was slightly surprised. There were roughly ten billion high-graded Divine Stones inside and a bunch of rare treasures. This amount of resources was extremely precious to the middle realm star, like the Heavenhold Realm. Clearly, this Rain God Emperor was very sincere.

"I won't be polite, then. However, I only need the divine stones." Yun Lintian took the divine stones away and returned the rest to Tian Yuhan.

Tian Yuhan received the ring and said. "The secret land will be open in a week. You can go relax during this period. Anyway, you will be staying inside for a long time."

"Alright." Yun Lintian nodded gently.

After Tian Yuhan left, Yun Lintian went to see Ning Yue behind the hut. During these three weeks, Ning Yue had never stopped practicing, and her strength had already reached the peak of the Earth Profound Realm.

Buzz—

At this moment, a muffled sound could be heard from Ning Yue's body. It was a sign of breaking through.

Yun Lintian quickly arrived beside her and helped her stabilize her condition. "Take a deep breath and relax. Running the profound art as usual."

Hearing his voice, Ning Yue immediately calmed down and focused on the breakthrough.

Her body eagerly absorbed the energy from the heavens and earth that rushed towards her like a giant wave. I think you should take a look at pandasnovel.com

With a slight buzz, Ning Yue felt as if a shackle inside her body suddenly broke, and her profound vein crazily expanded before calming down a few minutes later.

When she opened her eyes, Ning Yue's face was full of joy. Immediately, she jumped into the air and flew a few laps before returning to the ground.

"Thank you, brother." Ning Yue smiled sweetly. The experience during these months was something she could never imagine or wish for. From a servant girl who got bullied weekly to the current Heaven Profound Realm practitioner. Everything happened because of the man in front of her.

Looking at her fair complexion, Yun Lintian patted her head gently and said. "Good job. Once we enter the secret land, you will definitely achieve a divinity."

"Mhm!" Ning Yue nodded firmly.

"Let's take a stroll around the Heavenhold Divine City, shall we?" Yun Lintian said with a smile.

Ning Yue naturally had no objection.

As Yun Lintian and Ning Yue set off for Heavenhold Divine City, inside a restaurant in the city, a girl ate two chicken drumsticks, ignoring the strange gazes around her.

If Yun Lintian was here, he would recognize her right away. She was the little girl he met in the Great Xia Dynasty Capital City back then.

At this moment, a middle-aged man came to her side and said respectfully. "Miss, this servant has already inquired about it. The newly appointed disciple of the Heavenhold Realm King is indeed a young man named Lin Tian. It was said that he won against everyone, including a few sect elders."

The little girl stopped eating and looked at the man. "How sure are you?"

"A hundred percent. This servant got the information of a disciple who was at the scene." The middle-aged man replied with a serious expression.

The little girl took the last bite and said. "Interesting."

The middle-aged man looked at the mountain of chicken bones on the table and asked. "Do you want this servant to order more?"

The little girl threw the bones onto the table and drank a mouthful of wine before saying. "No need."

She let out a burp and asked. "There's a big event tomorrow, right?"

pandasnovel.com The middle-aged man responded. "Yes. The Heavenhold Realm King will hold an anniversary banquet tomorrow."

"Prepare a gift. I will join in the fun." The little girl got up and walked out of the restaurant under the middle-aged man's bewildered gaze.

"Wait for me, miss." The middle-aged man put a bunch of Divine Stones on the table and hurriedly followed the little girl out...

Chapter 1476 A Chance Encounter (2)

"So many people." Ning Yue looked at the bustling street in surprise.

"They are here for the event tomorrow, I guess." Yun Lintian thought he could come here to relax, but the number of people was too big. He would need to squeeze through people along the street at this rate.

"Well, since we're here, let's find something to eat and go back later." Yun Lintian stated.

Ning Yue naturally had no objection and followed Yun Lintian closely behind while holding his sleeve.

After walking for a while, Yun Lintian suddenly saw a commotion ahead. When he carefully looked through the crowd, a familiar face appeared in his sight, making his expression turn strange.

At this moment, a little girl in a dirty robe quarreled with a young man clad in the Heavenhold Divine Academy attire. They seemed to haggle each other over food.

"You're a big guy. Why don't you give me this last bowl of noodles?" The little girl said in dissatisfaction.

The young man looked at her in disgust. "I told you to get this money and leave. My senior brother wants to eat this."

The noodle stall uncle hurriedly said. "My lord, if you can wait, you can come back in three hours. I will prepare the ingredients and make another pot."

The uncle was helpless about this. His noodle stall was regarded as the number one stall in the city. It would be sold out every day, no matter how much he prepared.

The little girl clearly came first, and the last bowl of noodles should have belonged to her. However, this young man used his status as an academy student to chase the little girl away.

Although the uncle didn't want to offend the young man, he couldn't stand injustice. Especially when he saw the little girl's pitiful appearance. He even intended to give her for free.

The young man was dissatisfied. "Three hours? Do you think my senior brother can wait that long? Get the money, and I will take this bowl away."

pandasnovel.com Yun Lintian's face twitched slightly upon seeing this scene. He broke a cold sweat for the young man. The little girl was precisely the Divine Emperor he met before.

At the same time, he was puzzled by the little girl's actions. She was obviously a dignified Divine Emperor, yet she acted like a beggar. What was her purpose in doing this?

"Brother, isn't that the little sister we met before?" Ning Yue tugged Yun Lintian's sleeve and asked.

"Yeah. It's her. Let's take a look." Yun Lintian nodded slightly and walked toward the little girl.

At this moment, the young man stretched his hand out to grab the noodle bowl, but the little girl stubbornly blocked the way. Seeing this, the young man was angry and channeled his divine energy, intending to push the little girl away.

The noodle stall uncle exclaimed in shock, but it was too late for him to do anything. He could only watch as the young man's palm moved toward the little girl's petite body.

Pa!

Just as everyone thought the girl would be sent flying, Ning Yue suddenly appeared beside her and pulled the little girl away, avoiding the young man's slap.

The young man was surprised and looked at Ning Yue coldly. "Who are you? Why do you want to meddle with my business?" I think you should take a look at pandasnovel.com

Ning Yue's movement technique was good, but she was at a lower level than the young man who was a Divine Foundation Realm practitioner. Hence, he wasn't afraid of her at all.

Ning Yue ignored him and looked at the little girl. "Are you okay, little sister?"

The little girl looked at Ning Yue, who was slightly taller than her, with a strange expression. She shook her head and said. "I'm fine. Thank you, big sister."

Yun Lintian looked at the scene helplessly. He didn't want to make a move at all, as he wanted to see how the little girl was going to do. Unexpectedly, Ning Yue took action first. Perhaps she wanted to test her newly gained power.

"This is good as well." He muttered to himself and walked toward the two. He didn't blame Ning Yue because of this, as it was probably her first time taking the initiative to fight. It was good for her to be courageous.

"As a dignified student of the divine academy. Don't you think it's a bit funny for you to haggle with a young girl over a bowl of noodles?" Yun Lintian said with a faint smile.

The little girl looked at Yun Lintian with a mischievous smile. With her Divine Sense, how could she not notice Yun Lintian from the beginning? She put on a show on purpose to see his reaction.

The young man frowned in dissatisfaction. He seized Yun Lintian up and down. "Are you with her?"

Yun Lintian picked up the noodle bowl and threw it at the young man. "Take it and go away."

The young man skillfully caught the bowl and stared at Yun Lintian coldly.

Yun Lintian completely ignored him and said to Ning Yue and the little girl. "Let's go. I'll take you to eat something delicious."

The little girl pouted and reluctantly said. "Fine."

Yun Lintian threw a few Divine Stones to the noodle stall uncle and said. "I'll come back to taste your noodle later."

The uncle quickly replied. "Thank you."

Yun Lintian waved his hand and brought Ning Yue and the little girl away under everyone's disappointing gaze. They didn't expect the good show to end just like that.

The young man was immediately furious as he felt he was being looked down on by Yun Lintian. However, before he could do or say anything, his entire body was enveloped by a cold killing intent, making him unable to move.

The source of the killing intent came from the ordinary-looking middle-aged man in the crowd. If it wasn't because his young miss prevented him from taking action, he would slap this trash into a blood mist by now.

The young man looked left and right briefly before quickly running away.

The middle-aged man didn't follow. He turned to look at Yun Lintian's departing back and said to himself. "What a sharp perception."

Before Yun Lintian appeared, the middle-aged man had already noticed that he had discovered him and seemingly waited to see how he would react. Obviously, Yun Lintian could tell that he came with the little girl.

"No wonder young miss is interested in him." The middle-aged man muttered and quickly followed them.

Chapter 1477 Spouse Seeking

Looking at the table full of delicacies, Yun Lintian speechlessly glanced at the little girl, who was gobbling everything in front of her. This scene also reminded him of Linlin and Qingqing, the two foodies. He didn't know how they were doing right now.

On the side, Ning Yue carefully bit a fried chicken and asked. "Little sister, what's your name? I'm Lin Yue."

The little girl swallowed the food and replied. "My name is Yue Chuntao. You can call me Taotao. I'll call you Yueyue."

"Sister Taotao." Ning Yue called out with a bright smile. This was the first time she made friends with a young girl at her age. She was particularly excited about it.

"Yue Chuntao..." Yun Lintian took a deep look at the little girl, Yue Chuntao. For some reason, he suddenly perceived a familiar feeling from her. "The surname Yue... Could it be...?"

Yue Chuntao looked at Yun Lintian and said with a smile. "So you know about my Divine Moon Clan?"

Yun Lintian was stunned inwardly. Wouldn't this mean she was Hongyue's descendant and Lin Xinyao's family?

"How's your clan?" Yun Lintian quickly asked. According to Hongyue, the Divine Moon Clan was on the decline when she left, and there was no God Emperor presided over it. With her strength, Yue Chuntao must be an important figure, right?

"Not good," Yue Chuntao put the chicken drumsticks down and said in sadness. "After our ancestor left, we are unable to produce a God Emperor and have been swept out of the God Realm rank. Right now, we are considered an upper realm."

pandasnovel.com Yun Lintian nodded slowly. It was as he had expected, the Divine Moon Clan was in trouble currently. However, there was nothing he could do at the moment. Only when Hongyue reconstructed her body could she lead the clan back to glory.

"Why are you here?" Yun Lintian asked curiously.

"I'm looking for a spouse to give birth to descendants." Yue Chuntao looked at Yun Lintian with a trace of excitement. "Grandma Hua said I would find a destined person here, and I think I found it... That's right. You."

Yun Lintian and Ning Yue were dumbfounded upon hearing this.

Yue Chuntao said further. "Our Divine Moon Clan is declining, and we don't have many populations. In order to produce a God Emperor, I have to find a good spouse with great talent."

She looked at Yun Lintian and continued. "However, just having a great talent is not enough for me. That person must be kind, willing to treat me a lot of food."

Yun Lintian was even more speechless.

"In terms of talent, you are more than enough. With the Divine Phoenix, Vermilion Bird, White Tiger God, and Dragon God bloodlines in your body, I don't think there's anyone in the Divine Realm who is stronger than you." Yue Chuntao said further.

Yun Lintian's heart shook slightly. He used the Dragon God Soul to conceal his divine beast's bloodlines perfectly, but Yue Chuntao could actually see through it. What happened here?

As if she saw through his thought, Yue Chuntao explained. "You don't have to worry. Even a God Emperor couldn't see through your bloodlines. It's just my soul is special. I was born with the Divine Moon Soul. It allowed me to perceive something beyond ordinary people."

Outside of the private room, the middle-aged man was shocked upon hearing this. It was outrageous that someone could have so many legendary beast bloodlines in his body. It was no wonder Yun Lintian was extremely strong.

At the same time, he couldn't help thinking of a certain legendary figure. Throughout the Divine Realm's history, there was only one person who could have everything coexist in his body—the Beyond Heaven King!

Thinking of this, the middle-aged man hurriedly erected more isolating barriers around the room. Whether Yun Lintian was truly the Beyond Heaven King's successor or not, this information could not be leaked, no matter what. I think you should take a look at pandasnovel.com

"I was preparing a dowry to propose to you. I didn't expect you to come here on your own accord. It seems we are fated." Yue Chuntao grinned mischievously.

Yun Lintian's face twitched. He looked at her and said solemnly. "Please forgive me. I cannot go with you. Let alone getting married. However, I can tell you that I have a good relationship with your Divine Moon Clan. If you trust me, you can wait for a period, and your clan will definitely go back to your glorious day."

Yue Chuntao was surprised. "You have a good relationship with my clan? How?"

Yun Lintian thought for a moment and decided to tell her. "In your clan, there should be someone who came back from the lower realm. This person married a man from the lower realm and gave birth to a daughter."

"Eh? You're talking about Aunt Xiurong?" Yue Chuntao had an incredible expression.

"Her daughter is my wife." Yun Lintian paused a moment and asked. "Wait a minute. Is she your aunt? How old is my mother-in-law?"

Yue Chuntao pondered briefly and replied. "This year should be thirty thousand years old."

Yun Lintian was stunned. "Then how old are you?"

Yue Chuntao pouted angrily. "Don't you know it's rude to ask a lady's age? Well, I'm five thousand years old this year."

Yun Lintian was shocked. Five thousand years old peak Divine Emperor? This speed should be the first in the Divine Realm, right?

Yue Chuntao snorted angrily. "Since Aunt Xiurong's daughter is your wife, what's wrong with you marry to me?"

Yun Lintian was speechless once again.

Meanwhile, Ning Yue looked at the two at a loss. The information was too huge, which made her dizzy... Brother Lin actually had a wife? For some reason, she felt an inexplicable sourness in her heart when she knew this.

"Where's she now? Aunt Xiurong must be very happy to see her." Yue Chuntao asked.

"She's staying in the lower realm. I don't want her to take a risk coming here with me," Yun Lintian replied truthfully.

"You're a good man." Yue Chuntao nodded approvingly.

"What about my parents-in-law? How are they?" Yun Lintian asked. As a man from Earth, he was particularly concerned about his parents-in-law's well-being.

"They're doing fine. However, Uncle Lin's talent is not good. He can't reach the Divine Foundation Realm even now." Yue Chuntao answered.

"I see." Yun Lintian was relieved. At least both of them didn't get punished or something.

"I want you to go back with me," Yue Chuntao suddenly said.

Chapter 1478 Dark Sea Palace's Target (1)

Yun Lintian shook his head. "I cannot leave right now. I am about to enter the Heavenhold Secret Land to practice."

Yue Chuntao frowned slightly. "Although the Heavenhold Secret Land is famous for its rich environment, our Divine Moon Clan can also provide you with such an environment."

Yun Lintian still refused. "For me, this is the safest place to stay."

Yue Chuntao stared at Yun Lintian for a while and sighed. "Alright. I understand. However, I want to enter the secret land with you."

Yun Lintian was taken aback. "Well, I'll talk with my master."

He thought momentarily and wrote something down on paper before handing it to Yue Chuntao. "Do you know where to find these materials?"

Yue Chuntao glanced at the names on the paper and asked curiously. "These materials are for reconstructing a practitioner's body. What do you need them for?"

"I have a place to use them." Yun Lintian replied casually.

"All of them are extremely precious treasures. Everyone is looking for it." Yue Chuntao gnawed a grilled beef and said further. "Among them, I only heard about the Nine Hells Flower. It appeared at the Death Sea in the Southern Divine Region a few years back. No one has found it so far."

"Death Sea..." Yun Lintian noted the name in his heart.

"The Death Sea is one of the most dangerous places in the Divine Realm. Even a Divine Emperor can fall there. I suggest that you stop thinking about it." Yue Chuntao said with a serious expression for the first time. It could be seen how scary the Death Sea was.

"Thank you for telling me this," Yun Lintian responded.

"As for the rest, you can ask the Mystic Auction House about it. They should know something," Yue Chuntao said.

Yun Lintian nodded gently. He didn't ask Shen Yan to find these things for him because he didn't want to reveal the information about reconstructing a body to anyone. At least before he could fight a Divine Emperor.

With Shen Yan's intelligence, perhaps she could guess more or less about who he wanted to reconstruct a body for.

However, Yue Chuntao was different. Even if she knew, Hongyue was her ancestor, after all.

At this moment, the middle-aged man on the outside perceived a commotion on the first floor of the restaurant. Through his Divine Sense, he saw a group of four black-robed men walk into the restaurant with a full aura, causing many people to tremble in fright.

The middle-aged man frowned slightly because he recognized these black-robed men. They were members of the Dark Sea Palace. Why would they come here?

"Dear esteemed guests, do you want a private room?" A male receptionist came over and asked with trembling legs.

The group leader of the four men, Hai Jie, glanced at him and asked coldly. "Have you seen two young girls and a man?"

The male receptionist hesitated briefly and said. "I-I have seen them. They are on the second floor."

Hai Jie didn't say anything and headed to the second floor directly.

Seeing this, the middle-aged man frowned deeply and sent a sound transmission to Yue Chuntao. "Miss, there are people from the Dark Sea Palace here. They seem to come for you."

Inside the room, Yue Chuntao frowned slightly. "I have nothing to do with them. Why are they looking for me?"

The middle-aged man didn't know as well. He said uncertainly. "Could it be they were here for Lin Tian?" I think you should take a look at pandasnovel.com

Yun Lintian noticed Yue Chuntao's frowning expression and asked. "What's wrong?"

"People from the Dark Sea Palace come here to look for me." Yue Chuntao said.

"Looking for you?" Yun Lintian felt strange. He remembered that these people from the Dark Sea Palace came to the Heavenhold Realm to look for someone. Could it be Yue Chuntao?

"Yue Qi, ask them about it." Yue Chuntao said to the middle-aged man.

The middle-aged man, Yue Qi, responded. "Yes."

At this moment, Hai Jie and his comrades walked into the second floor, and the first thing they looked at was Yue Qi.

"Divine Moon Clan's people?" Hai Jie frowned slightly.

Yue Qi stepped forward and asked calmly. "Why are you looking for my young miss?"

"Your young miss?" Hai Jie was surprised. "I didn't come here to look for your young miss but a little girl beside her."

pandasnovel.com "The little girl beside her?" Yue Qi was puzzled. In his opinion, Ning Yue was, at most, a highly talented practitioner. Why would the Dark Sea Palace look for her? And even dispatched a group of the Dark Sea Guard over.

Thinking of this, Yue Qi sent a sound transmission to Yue Chuntao.

Upon hearing Yue Qi's report, Yue Chuntao turned to Ning Yue and said in doubt. "Why are they looking for you, Sister Yueyue?"

Ning Yue was stunned upon hearing this. She had no idea what was happening here and could only look at Yun Lintian for help.

A cold glint flashed through Yun Lintian's eyes as he seemed to think of something. The target of the Dark Sea Palace was actually Ning Yue! This meant they also had something to do with Ning Yue's missing parents.

Yun Lintian's mind spun rapidly. He looked at Yue Chuntao and asked. "How's the relationship with your clan and the Dark Sea Palace?"

"Neutral. Each lives on their own." Yue Chuntao replied. "What's wrong?"

"My sister has a special talent. Her parents left her here on purpose to avoid the enemy. I believe their enemy is the Dark Sea Palace." Yun Lintian expressed his thought.

Ning Yue was shocked and subconsciously drew closer to Yun Lintian.

Yun Lintian patted her head gently and said. "Don't worry. No one can take you away from me."

He turned to Yue Chuntao, who was lost in her thoughts, and asked. "What would happen if I kill them here?"

Yue Chuntao thought for a moment and said. "The Dark Sea Palace is indeed backed by the Dark Sea God Emperor, but it's not necessary for him to care about everything the Dark Sea Palace does. With the Heavenhold Realm closed like this, the news won't leak out for now."

"But must you have to kill them?" Yue Chuntao asked solemnly. "Even though the Dark Sea God Emperor is unlikely to care about it, his people are different."

Yun Lintian raised his head and said coldly. "Whoever tries to touch her, I will kill all of them."

Chapter 1479 Dark Sea Palace's Target (2)

A sense of security enveloped Ning Yue's heart upon hearing Yun Lintian's cold words. She felt that even if the sky fell today, Yun Lintian would protect her and keep her safe.

At the same time, a firmer determination rose in her mind. She must become stronger as fast as possible so that she can help Yun Lintian share the burden.

Yue Chuntao glanced at Ning Yue enviously. She wanted to be protected like this as well.

She looked at Yun Lintian and asked. "They're all Divine Sovereigns. Are you sure you can handle them?"

Yun Lintian thought briefly and asked. "Can you lock this place down?"

"I can. But why should I do it?" Yue Chuntao said with a playful smile.

"It doesn't matter then." Yun Lintian shrugged and got up, walking toward the door.

Yue Chuntao pouted and said. "Che. Not fun at all."

On the outside, Hai Jie frowned slightly and said. "Are you going to protect her?"

Yue Qi responded calmly. "I'm waiting for my young miss' order."

Hai Jie's face darkened, and he glanced at the three people behind him. Immediately, the three strode forward with a burst of auras.

Yue Qi's eyes turned cold, and his aura burst forth, instantly suppressing the three. "I won't allow you to disturb my young miss."

Hai Jie stared at Yue Qi coldly. Unexpectedly, this middle-aged man was a genuine Divine Emperor. This made him wonder who his young miss was to have a Divine Emperor protect her.

At this moment, the door was opened, attracting everyone's attention. Yun Lintian walked out with Ning Yue and looked at Yue Qi briefly before turning to Hai Jie.

Hai Jie skipped Yun Lintian directly and stared at Ning Yue. Without a doubt, she was their target.

"So, you're here." Hai Jie said coldly.

Facing Hai Jie's gaze, Ning Yue subconsciously tightened her grip on Yun Lintian's sleeve. She mustered her courage and asked. "Who are you? Why are you looking for me?"

"Come with us obediently." Hai Jie didn't answer the questions but released his aura.

"No need to help him." Before Yue Qi could do anything, Yue Chuntao's voice suddenly resounded in his mind. "I want to see his strength with my own eyes."

Hearing this, Yue Qi slowly retracted his aura, letting Hai Jie's group move freely.

pandasnovel.com Hai Jie glanced at Yue Qi briefly and made a grasping gesture toward Ning Yue, trying to pull her away.

Ning Yue suddenly felt the surrounding space constricted, and a strong suction force tried to pull her toward Hai Jie.

At this moment, Yun Lintian stepped forward and abruptly released his divine energy to interrupt Hai Jie. This abrupt wave of outbursting energy was so strong that it caused Hai Jie and the other three to feel stifled and forcibly hindered their momentum.

Hai Jie frowned slightly as he finally looked at Yun Lintian. He couldn't understand why the third level of the Divine Spirit Realm's practitioner, like Yun Lintian, could release such a dreadful aura. I think you should take a look at pandasnovel.com

"Who are you?" Hai Jie asked coldly.

"The one who kills you." Yun Lintian replied calmly. The Heaven Piercing Sword silently appeared in his hand, and his entire body was covered with white furs. His long black hair lifted as the space all around him was enveloped in violent wind, and lightning crackled everywhere.

Even before he made a move, his entire posture and the air about him shook everyone present. He exuded a deep threatening air that even Yue Chuntao and Yue Qi could feel their hairs stand up.

Yun Lintian being bathed in hurricanes and lightning made him look like an overlord standing at the peak of all experts.

Woosh!!

Before Hai Jie and his people could react, Yun Lintian had already made his move. With the raging winds assisting him, Yun Lintian's speed reached an unbelievable level. The Heaven Piercing Sword left a glaring trail on the floor like a brilliant scar.

The three black-robed men on the front reacted quickly and released their power, trying to block Yun Lintian.

Roar—

All of a sudden, a deafening tiger's roar sounded, and everyone in the scene felt as though their soul was flying out of their body. Their minds went blank, and they fell into a complete trance.

Puff! Puff! Puff! Bang!

Instantly, Yun Lintian beheaded the three men in the front and shattered Hai Jie's Divine Core, making him lose his profound strength entirely.

Everything happened in a split second, and when Yue Chuntao and Yue Qi returned to their senses, they could only look at the scene in disbelief.

Yun Lintian returned to his original form and stomped his foot on Hai Jie's chest. If one looked closely, one would see Yun Lintian's face pale as a white sheet at the moment. Obviously, the earlier move almost emptied his divine energy and mental power.

"Now, tell me. Why are you looking for her?" Yun Lintian stared at Hai Jie coldly.

Hai Jie returned to his sense and discovered he had become a cripple. He felt as if he was dreaming right now... What the hell was going on?

Yun Lintian exerted more strength, and the pain brought Hai Jie back to reality.

"Why did the Dark Sea Palace want to find her? And where are her parents?" Yun Lintian asked further. Unfortunately, his current mental power was not enough to perform a soul-searching technique. He could only interrogate Hai Jie like this.

Hai Jie stared at Yun Lintian and said. "Our Dark Sea God Emperor definitely won't let you go."

As his voice fell, his eyes darkened, and black blood flew out of his seven orifices. Hai Jie died just like that.

Yun Lintian was stunned. He couldn't understand how Hai Jie committed suicide after losing his profound strength.

"It's Dark Sea Poison. I heard that every member of the Dark Sea Palace carried such a poison in their body, and they could kill themselves at will." Yue Chuntao walked out of the room and glanced at the four corpses on the ground before shifting to the Heaven Piercing Sword in Yun Lintian's hand.

Yun Lintian didn't say anything. He rummaged through the four corpses and found nothing useful except some Divine Stones and treasures. This made him sigh helplessly. If he knew this, he would spare all of them and try another way to interrogate them.

"Is that the legendary Heaven Piercing Sword?" Yue Chuntao suddenly asked.

Chapter 1480 Dark Sea God Emperor

Yun Lintian glanced at her and didn't reply. He was thinking about how to get information about Ning Yue's background further. Perhaps he needed to find other Dark Sea Palace members.

Yue Chuntao wasn't angry at his silence. She said further. "The first generation Sword God, Fleeting Cloud God Emperor Jian Yun, was the most terrifying sword practitioner in the Divine Realm's history. He possessed eight sharp swords, but the sharpest among them was the Heaven Piercing Sword."

"When he disappeared, all of his swords went missing as well. Many people have been looking for them throughout the years. I didn't expect it to be in your hand... What about the other seven swords?"

Hearing this, Yun Lintian frowned slightly. He only knew that the person who taught him the Heaven Piercing Sword Art was known as the Feeling Cloud Sword Emperor, and there was only one sword. From Yue Chuntao's words, this person was actually regarded as a Sword God?

Wait a minute... Seven swords? Yun Lintian suddenly thought of those seven swords he found in the Seven Swords Tomb back to the Azure World. Could they be the Sword God's swords?

However, why didn't he feel anything about it? Maybe it was because he hadn't yet fully comprehended the Heaven Piercing Sword Art?

Seeing Yun Lintian's subtle expression, Yue Chuntao said. "So you know where are the other seven swords. You possess four divine beast's bloodlines and the Sword God's legendary swords... Your identity is truly something."

In fact, Yue Chuntao was skeptical about Yun Lintian being the Beyond Heaven King's successor. Coupled with the White Tiger God's earlier roar, she was now certain it was him.

Yun Lintian put the sword away and threw the fireballs at the four corpses.

"Sword God Jian Yun was known to be one of his closest friends. They went missing at the same time." Yue Chuntao said further. The "him" in her word was undoubtedly referred to the Beyond Heaven King.

"Miss, we should leave first." Yue Qi interrupted. This wasn't a good place to talk about this.

"Follow me." Yun Lintian looked at them and said.

pandasnovel.com Immediately, everyone left the city and went straight to Heavenhold Peak.

After Yun Lintian's group left, a black-robed figure appeared on the second floor, looking at the battle trace thoughtfully. He then went to the first floor and interrogated the receptionist.

After learning all he needed, the black-robed man looked at the Heavenhold Sect and then left.

When the black-robed man appeared outside of the city, his expression changed drastically as the surrounding space froze out of nowhere. Just as he was about to release his power, Tian Yuhan silently appeared behind him and pierced his heart with her sword.

"You..." The black-robed man's eyes widened in disbelief. His entire body turned into an ice sculpture and shattered into countless ice particles.

Tian Yuhan retracted her sword and looked around briefly before disappearing from the place as if nothing had happened.

When Yun Lintian left the sect, she secretly sent someone to protect him. Later, she got a report about Yue Chuntao and personally came here in case Yue Chuntao had an ulterior motive against Yun Lintian.

Unexpectedly, the Dark Sea Palace's people came to look for trouble. After witnessing how Yun Lintian dealt with them, Tian Yuhan knew that someone must come here to investigate it. This allowed her to catch this person.

Yun Lintian had no idea that someone had secretly taken care of a hidden danger for him. He had returned to his small hut on Heaven Peak and invited Yue Chuntao to sit down. I think you should take a look at pandasnovel.com

"Are you not afraid that your master will scold you?" Yue Chuntao said with a smile and took a sip of tea.

"She won't." Yun Lintian said. "Do you have a way to find the other Dark Sea Palace people?"

Yue Chuntao shook her head. "Unless they show up by themselves, I don't know how to find them. You have to know that we aren't interfering with each other on weekdays. No one cares about them."

Yun Lintian frowned deeply. It seemed he encountered a dead end again.

Ning Yue tugged Yun Lintian's sleeve and said. "Thank you, brother. But you don't have to worry about me. As long as I can be with you, I don't want to know it anymore."

After seeing the Dark Sea Palace's people, she realized how dangerous the situation was. She didn't want Yun Lintian to risk his life for her anymore.

Yun Lintian patted her head gently and said. "Don't worry. I will definitely find your parents and unravel your true background after we come out of the secret land."

Seeing the determination in Yun Lintian's eyes, Ning Yue nodded obediently and said nothing further.

Yue Chuntao took a deep look at Ning Yue and said. "The thing in your body is very unique. It's full of vitality... No wonder the Dark Sea Palace wants to take you away."

"What do you mean?" Yun Lintian asked.

Yue Chuntao took a sip of tea and explained. "I heard the rumor about the Dark Sea God Emperor being suffered a severe injury from the past. It seems to be true."

Yun Lintian went silent for a moment and asked. "How strong is he?"

"The Dark Sea God Emperor is the strongest God Emperor in the Southern Divine Region. The foundation of the Dark Sea God Realm is extremely deep and solid. Even if he is suffering a serious injury right now, no one dares to attack him." Yue Chuntao said.

"Now, you've offended him. I think you should leave as soon as possible. Otherwise, you will bring a calamity to your master's realm."

"You don't have to leave." Suddenly, a cold female voice resounded, and Tian Yuhan appeared in the room. Her eyes fixated on Yue Chuntao without blinking.

Yue Chuntao seized Tian Yuhan up and down and said. "People said the current Heavenhold Realm King is highly talented. They're not wrong at all."

Usually, Yue Chuntao wouldn't praise anyone unless that person was truly exceptional. Tian Yuhan might be at the peak of the Divine Sovereign, but Yue Chuntao could see something special inside her body. It was something that Yun Lintian couldn't even notice it. Once it was awakened, she would unleash her true power.

"What's the Moon Princess' purpose in visiting my humble realm?" Tian Yuhan asked calmly.

Yue Chuntao pointed at Yun Lintian and said. "I'm here to find my husband."

Tian Yuhan looked at Yun Lintian strangely upon hearing this...
