### Chapter 1481 Sword God's Legacy

Yun Lintian was speechless and changed the topic. "I don't know how long we can block the news from leaking."

Yue Chuntao glanced at Tian Yuhan and said. "There's no need to worry for now. She has taken care of it already."

Yun Lintian was surprised and looked at Tian Yuhan questioningly.

Tian Yuhan explained. "After you left, someone came to the scene and found the trace. He was already dead."

Yun Lintian immediately understood everything. "Thank you."

Tian Yuhan turned to Yue Chuntao, but before she could say anything, Yue Chuntao spoke first. "I'll stay here with him. Don't worry. I'll leave after coming out of the secret land."

Tian Yuhan frowned slightly. "Our Secret Land is not welcomed an outsider."

"You mean him?" Yue Chuntao pointed at Yun Lintian. "Don't think I don't know your master and disciple relationship is just a facade."

Tian Yuhan stared at Yue Chuntao for a while and said. "I can let you in, but you have to lend my sect your protector."

Yue Chuntao smiled happily. "No problem. Yue Qi, you will guard this sect for me during this period."

At this moment, Yue Qi walked into the room and said worriedly. "But Miss, we have to go back later."

Yue Chuntao waved her hand and said. "You don't have to worry about it. Grandma won't scold me once I tell her who I found here."

Yue Qi wanted to say something but held back in the end as he knew his young miss' temper. It was difficult for her to change her decision. He could only sigh and say. "Understood."

"Thank you, Senior. With the real being sealed, there shouldn't be any danger for a period of time." Tian Yuhan said politely.

Yue Qi nodded and left.

Tian Yuhan looked at Yun Lintian and said. "You don't have to show up tomorrow. I've already handled it."

"I see." Yun Lintian responded.

Tian Yuhan didn't say anything and left directly.

"What a cold woman. I heard people say she's made of ice. It's not exaggerated at all." Yue Chuntao said. "But it's understandable. The world is cruel, and the pressure on her shoulders forced her to keep a cold and indifferent demeanor to protect herself."

"You talked like you know her very well." Yun Lintian looked at Yue Chuntao with a strange expression.

Yue Chuntao shrugged. "You're not a woman. You don't understand how hard our life is. Being born with a beautiful appearance and without strength is a curse while having an ugly appearance is also a curse."

"You can ask her how many men she has killed so far on the way toward her current position." "I think you should take a look at

Yun Lintian went silent upon hearing this. Whether it was Earth or this place, this was a fact that he couldn't deny.

"Let's talk about the Sword God. Can you show me the sword again?" Yue Chuntao changed the topic.

Yun Lintian thought for a moment and summoned the Heaven Piercing Sword. The sword floated around him like a playful baby, asking him to pet it.

Since he came to the Divine Realm, he had never taken it out to avoid exposing his secret. Unfortunately, he had no choice but to use it previously in order to cut the Divine Sovereigns in one strike.

Yue Chuntao looked at the sword attentively. Her eyes shone with purple light as if she was checking something on the sword.

When the Heaven Piercing Sword noticed Yue Chuntao's gaze, it immediately pointed at her and released an oppressive aura that made her close her eyes.

A moment later, Yue Chuntao opened her eyes and wiped a trace of blood out of the corner of her eyes. "Sure enough. It has a few layers of seal inside. You have to reach the God Emperor Realm before unlocking all of them."

"A seal?" Yun Lintian was surprised because he didn't see anything at all.

"Obviously, the Sword God has purposely left it behind for you." Yue Chuntao said with a strange expression. "Even if you are the Beyond Heaven King's successor, I don't see why he has to give it to you."

Yun Lintian was even more puzzled. He patted the sword briefly, and it lovingly rubbed its blade on his hand. Through the Eyes of Heaven, Yun Lintian still couldn't see any seals inside it.

Yue Chuntao had no intention of explaining anything. She said further. "You better hide it carefully. Don't let people from the Sword God Realm see it. Otherwise, you will definitely die miserably. I can't protect you."

"Sword God Realm?" This was the first time Yun Lintian heard this name.

"It used to be one of the three most powerful God Realms in the Divine Realm. Although they lost the first generation Sword God and the eight swords, their strength couldn't be underestimated in the slightest." Yue Chuntao said with a serious expression.

"The current Sword God, Qin Juehai, is Sword God Jian Yun's junior brother. His talent is not as good as his senior brother, but he has an unyielding heart, which is perfectly reflecting his sword path of invincible... In short, he's an enemy you absolutely don't wish to see."

"And once he knows about the Heaven Piercing Sword... Well, I can guess he will do everything to take it back, even if he must kill the entire world."

Yun Lintian's expression turned solemn. After listening to this, he decided that he would never take the sword out again until he had enough strength to go against a God Emperor.

"You're lucky to meet me. If it were others, they would definitely snatch it away from you," Yue Chuntao said. "And don't you ever use the divine beast's soul again. It will immediately expose your identity as the Beyond Heaven King's successor."

Yun Lintian nodded slowly. He was fully aware of this, but it was the only way for him to fight against anyone above the Divine Transformation Realm.

"After leaving the secret land, you have to come with me to the Divine Moon Clan. It's the safest place for you. At the same time, it won't implicate your master further." Yue Chuntao said. "Don't look at how powerful the Heavenhold Realm's unique ability is. It has a limit, and once it's gone, this place will turn into a ruin."

Yun Lintian pondered for a long while and replied. "Let's see how much my strength has improved after coming out."

"Sure." Yue Chuntao didn't insist further.

Chapter 1482 Heavenhold Secret Land

A week passed by in a blink of an eye. The anniversary event went off without a hitch, and the sect was restored to its peaceful state.

Today was the secret land opening day, and currently, everyone from the inner division to the top echelons gathered in front of a giant ancient gate made of stone.

Tian Hualing looked at everyone and said. "For those who came here for the first time, the time inside will be faster than the outside. One hundred years inside are equal to a year on the outside. Once you enter, you cannot leave halfway. Anyone who wants to quit right now can step back."

She swept her gaze over the crowd and saw no one step back. She said further. "The aura inside is several times richer. Normally, we will limit the number of people who can enter, but the current situation is different. Everyone is allowed to enter at this time. I hope all of you practice diligently. Don't waste this precious opportunity."

"We understood." Everyone shouted in unison.

Tian Hualing turned to Tian Yuhan and received a signal from the latter. She then went to the ancient gate and released her aura. With a click, the stone arch around the gate gradually rotated, and a white spatial vortex appeared in the middle.

"You can go in." Tian Hualing said.

She stepped aside and let Tian Jia lead the others into the secret land.

When everyone entered, Tian Yuhan looked at Tian Hualing and said. "I'll have to trouble you during this period."

"This is my duty, Master." Tian Hualing said solemnly. She didn't go this time as she had to take care of the sect.

Tian Yuhan nodded and brought Yun Lintian, Ning Yue, and Yue Chuntao into the white vortex.

Tian Hualing watched as the white vortex disappeared and turned to Yue Qi. "Thank you for helping us, Senior."

Yue Qi waved his hand and said. "I'll stay here. You can come to me if there's a problem."

"Understood." Tian Hualing nodded and left.

Yue Qi looked at the ancient stone gate and murmured to himself. "I hope she doesn't cause trouble."

As the white light faded, Yun Lintian found himself standing on a glass land with a dense forest and rows of mountains in the far distance. Rivers and waterfalls could be seen everywhere. It was a sight to behold.

[pandasnovel.com](http://pandasnovel.com) Although the scenery might not be as mesmerizing as the Land of Beyond Heaven, the aura here was several times richer. Just by taking a breath, Yun Lintian could feel every cell of his body vibrate in delight.

"Follow me." Tian Yuhan said and flew toward the highest peak in the distance.

Yun Lintian picked Ning Yue up and quickly followed her, with Yue Chuntao behind.

"Well, I've to admit that it's a good place for training." Yue Chuntao looked at the scenery below and said.

"Didn't you say it was similar to your place?" Yun Lintian asked.

"I didn't lie. My place is surely not inferior to this." Yue Chuntao rolled her eyes. "Although this place is good, it actually has a limit. It's not suitable for a high-level Divine Emperor to practice here. Otherwise, the aura will be gone very quickly."

"Oh?" Yun Lintian was surprised and scanned the place with Eyes of Heaven. Soon, he discovered a giant ball beneath the ground at the center of the realm. It was slowly rotating, emitting the heaven and earth aura. This huge ball was undoubtedly the secret land's core. I think you should take a look at

The aura was produced by the core. From the look of it, it wasn't enough for a Divine Emperor to absorb it for a long time.

Tian Yuhan didn't say anything throughout the journey. A moment later, she landed on the top of the mountain, which had a majestic hall that resembled her residence in the outside world.

"We will live here." She said and walked into the hall.

Yun Lintian and the others naturally had no objection and followed her behind.

The hall was sparse, and there was nothing particular inside. Yun Lintian found a few rooms and placed some furniture inside. These rooms would be their bedrooms for the next hundred years.

"From your age, this should be your first time going in long seclusion. I must remind you that the number one enemy of us, practitioners, is loneliness. I hope you can bear with it." Tian Yuhan looked at Yun Lintian and said calmly.

Yun Lintian nodded gently. He had already prepared his heart before coming here. A hundred years were indeed extremely long for someone from Earth like him. Not to mention his ages from both lives combined weren't even exceeded sixty years.

The lifespan of a practitioner was long, and Yun Lintian would definitely live for a thousand years or more if he hadn't encountered a mishap first. He would eventually face this kind of long seclusion at some points.

"I suddenly regret following you here. What should I do now?" Yue Chuntao said regretfully. A hundred years for her was nothing but a blink of an eye, but it was in the premise of practicing. Now, she couldn't practice even if she wanted to. What would she do to pass the time then?

"I'll accompany you often, Sister Taotao." Ning Yue comforted.

Yue Chuntao glanced at Yun Lintian and said. "I know you have a lot of food. Give them to me."

Yun Lintian threw a storage ring at her and turned to Tian Yuhan. "Come with me. I will treat your injury."

Tian Yuhan didn't say anything and followed Yun Lintian into the room.

Yue Chuntao was surprised and said suspiciously. "He's good at medicine as well?"

"Mhm!" Ning Yue replied proudly. "Brother is very powerful."

Yue Chuntao slowly nodded her head. "Well, he's that person's successor, after all. What was I thinking?"

"Let's have a big meal." She said and dragged Ning Yue away.

Inside the room, Yun Lintian took out a set of silver needles and beckoned Tian Yuhan. "Sit on the bed and take out an outer robe."

Tian Yuhan's body froze momentarily before she sat on the bed and took her outer robe out, revealing her snow-white shoulders.

Yun Lintian had no mood to appreciate her beauty. He sat behind her and said. "I will expel the cold energy in your meridians next. It will be very painful. Bear with it."

Without waiting for Tian Yuhan to reply, Yun Lintian's hands moved, leaving afterimages...

## Chapter 1483 Expelling

Several silver needles were immediately pinned down on Tian Yuhan's back. Yun Lintian closed his eyes, and the Tree of Life's power began to circulate. He slowly inserted the thread of the Tree of Life's power into her body and carefully guided it to every corner of her body.

The condition in Tian Yuhan's body wasn't that bad, but it was troublesome to treat it. The Tree of Life saved Yun Lintian from needing a year to cleanse her body of hidden, cold energy.

"Ugh..." Tian Yuhan groaned softly as cold energy gradually flew out through the needles.

In the beginning, Tian Yuhan felt a warm flow of energy surge from her back, spreading throughout her entire body. Its aura was extraordinarily gentle and was different from all the profound energy she had known about in her life.

She herself had a high affinity with the wood element, but the Tree of Life's power was like a higher level of existence. It was so pure and abundant that she believed it could bring a dead person back to life.

Following the constant surging of the calm aura, the warm flow of energy in her body became even denser, and the flowing began to slow down. At this moment, she felt the meridians of her limbs, which had been filled with excessive cold energy for many years, suddenly warm up.

At the same time, Tian Yuhan could feel the blockage that originally prevented her profound vein from expanding, slowly vanishing bit by bit. The flow of energy in her body was much smoother and faster.

"Do not attempt to break through. Hold it back first. Your profound vein and meridians are too fragile right now," Yun Lintian said sternly and continued to expel the cold energy from Tian Yuhan's body.

Tian Yuhan immediately focused and did as he said.

Drip...

A deep blue color liquid slowly appeared on the inserted silver needles drop by drop. The deep blue color was dull, but when it dropped to the bed, it immediately froze everything nearby, turning the entire room into an ice cave. It could be seen how terrifying the cold energy was.

After a whole four hours passed in silence, Yun Lintian retracted his palm and let out a long breath before retrieving all the needles. "The excessive cold energy in your body is much more than I thought. It will take another session to expel all of them completely."

Tian Yuhan put her robe on and said softly. "Thank you."

Yun Lintian took a book out and handed it to Tian Yuhan. "Your Heavenhold Divine Art is good, but it's one of the reasons you cannot step into the Divine Emperor Realm. Try to practice this."

Tian Yuhan glanced at the book with the words "Heaven Sealing Scripture" on it with a curious expression. When she read the content inside, her expression changed drastically. Her eyes widened in disbelief as she looked at Yun Lintian. "This..."

"I noticed a connection between the Heavenhold Divine Art you taught me and the Heaven Sealing Scripture." Yun Lintian said calmly.

Tian Yuhan didn't know what to say at the moment. The Heaven Sealing Scripture was a primordial rank profound art that only a God Emperor Realm with a million years of foundation could possess. Its value far exceeded anything she could possibly give him... Yun Lintian actually gave it away just like that?

"With your talent, I believe you can become a God Emperor in the future." Yun Lintian said further as if it was nothing worth mentioning.

"Take a good rest. We will continue tomorrow." He got up and left after speaking.

Tian Yuhan stared blankly at the book, not knowing what to do at the moment...

On the Moon Garden, Grandpa Yi and the villagers got off the skyship and looked around curiously. They had never seen such beautiful scenery before in their entire life. Every piece of grass and flower here seemed to possess a magical aura, giving them a heart-soothing feeling. I think you should take a look at

"Everyone will live here from now on. I will teach you how to practice later." Long Qingxuan looked at everyone and said.

"Can we really live here?" Er Gu asked. The environment was too good that a brave person like him became hesitant.

Grandpa Yi stepped forward and bowed deeply. "Thank you, girl."

Long Qingxuan waved her hand, helping Grandpa Yi up, and said. "I told you before that you're the Dragon God Clan's members. No need to be polite. All of you deserve every good thing in the world."

Swoosh!

Suddenly, Hongyue appeared at the scene and looked at Grandpa Yi's group with a trace of astonishment. "How...?"

In the battle back then, she had witnessed the demise of the Dragon God Clan with her own eyes. Except for Long Qingxuan, who was forced to flee, not a single dragon was left behind. How could these people appear here?

Long Qingxuan didn't explain much. "I plan to let them live in there."

Hongyue put the doubt aside and said. "Sure."

As her voice fell, Yun Ruanyu came over and said. "What's your instruction, Princess Hongyue?"

"They are the Dragon God Clan's members. Arranging them a place to stay in there." Hongyue said.

Yun Ruanyu was surprised and said to Grandpa Yi. "Everyone, please follow me."

"We will have to trouble you, miss." Grandpa Yi responded politely and followed Yun Ruanyu into the gate with the villagers.

After everyone left, Hongyue turned to look at Long Qingxuan, waiting for her explanation.

"They are my uncle's descendants. I found them in a remote star my father once took me to visit it." Long Qingxuan explained briefly.

"Your uncle...? The one who got exiled back then?" Hongyue was surprised. A moment later, she sighed and said. "Senior Long is truly a god-like existence. He actually predicted it ahead of everyone."

Long Qingxuan offered no comment on this. When she thought about it, she suddenly discovered that it could be her father's plan all along to expel her uncle from the clan back then.

"Did you meet him?" Hongyue changed the topic.

Long Qingxuan shook her head. "He is inside the Heavenhold Realm right now, and the Realm King has shut the realm down."

"Oh?" Hongyue was slightly surprised. "If I remember correctly, the Heavenhold Realm King should be a woman. Could it be he had hooked up with her?"

Long Qingxuan ignored the meaningful smile on Hongyue's lips as she said. "I met Qin Juehai on the way back."

Chapter 1484 Deep Hatred

Hongyue's expression turned serious upon hearing Qin Juehai's name. "Did he do anything to you?"

"Years ago, he was not my opponent. Even though he inherited the Sword God title, he was still an ant in front of me." Long Qingxuan said calmly.

Hongyue curled her lips. "Heh. Sword God? Is he worthy of such a holy title?"

She paused a moment and said further. "Since he saw you, it would be a matter of time before they found Lintian. Maybe I need to go back now."

Long Qingxuan looked at her and said. "Your Divine Moon Clan took your advice strictly. They have been living behind the door since you left."

"Because that was the only thing they could do back then. Unless they wanted to get wiped out." Hongyue pursed her lips. "How are they?"

"I didn't see the current generation Moon Princess. She went off somewhere. However, the overall strength is not bad. The new twelve Moon Guardians have perfectly inherited the Divine Moon's souls." Long Qingxuan answered.

"Oh? This is unexpected." Hongyue was genuinely surprised. In the past, it would take more than twenty thousand years for a single person to inherit the Divine Moon's soul. For the twelve Moon Guardians to inherit all of them perfectly was something out of her expectation.

"I don't think it's good timing for you to go back." Long Qingxuan suddenly said. "They are paying attention to our movement closely. Once you appear in their sight, things will change."

Hongyue thought for a moment and asked. "Have you found Yaoxi?"

Long Qingxuan shook her head. "From the trace I found, she should enter the Primordial God Forsaken Land."

Hongyue frowned deeply upon hearing this. "What was she thinking?"

Swoosh

Suddenly, Lin Xinyao and Yun Qianxue appeared. They bowed gently toward Long Qingxuan, and Lin Xinyao asked. "Senior, have you met him? How's he?"

Long Qingxuan glanced at the two and said. "He's fine."

"But why has he never opened the gate once?" Yun Qianxue asked in doubt.

Hongyue explained. "The Land of Beyond Heaven needed time to adapt. He has to reach the Divine Transformation Realm at the very least to open it again."

Yun Qianxue and Lin Xinyao looked at each other and said nothing. Although they were disappointed, knowing he was safe and sound enough.

Hongyue turned to Long Qingxuan and asked. "What's your plan?"

Long Qingxuan opened her eyes, and boundless killing intent gradually seeped out. "I'll deal with those traitors first."

Hongyue furrowed her brows as she said. "Gives him some time. I remember that Heavenhold has its secret land. Maybe it is currently practicing inside."

Long Qingxuan glanced at Hongyue and said. "It seems you have been affected by his overcautious nature."

"Perhaps." Hongyue chuckled. "I have been thinking about the decision back then over and over again. I suddenly thought that maybe it was because we were too hasty. If we were more cautious, those traitors would never have a chance to catch us off guard like that." I think you should take a look at

Long Qingxuan went silent and slowly closed her eyes. The tragic scene in the past emerged in her mind like a movie. If it wasn't because those traitors betrayed them at a crucial moment, the result would be entirely different.

Hongyue said further. "There's one thing that Lintian is right. Sometimes, it's better to be safe than sorry. We were too proud of our strength back then, and the result was justified. We couldn't blame anyone for it."

"We could wait until Lintian possessed enough strength to survive under a God Emperor before making a move. At that time, their attention would be all on him."

Lin Xinyao and Yun Qianxue looked at the two silently. During this period, they learned one or two things about the past incident. There was something more than the Heavenly Desolate God Emperor and his gang behind the downfall of the Beyond Heaven King. It was something Hongyue couldn't speak out.

Without a doubt, that "thing" must be an existence beyond the God Emperor!

Long Qingxuan nodded gently. "I'll teach them for the time being."

"That's a good idea. As long as they could awake their Dragon Souls, they would become our best army." Hongyue said.

Long Qingxuan didn't say anything further and disappeared from the place.

Hongyue turned to Lin Xinyao and said. "It won't be long before you meet your parents."

Lin Xinyao was surprised. Although she had gone through reincarnation, she still had affection for her parents in this life. It would be a lie if she didn't want to see them.

"However, you have to work harder if you want to compete for the Moon Princess's position," Hongyue said.

Lin Xinyao took a deep breath, and her eyes were filled with firm determination. Once she became the Moon Princess, she would have the power to assist Yun Lintian in the upcoming calamity.

On the side, Yun Qianxue raised her head to look at the sky gently before vanishing from the place. Since she couldn't see Yun Lintian for a long while, the only thing she could do was to improve her strength as much as possible. She didn't want to be a burden to him again.

Standing on a mountain somewhere in a barren lower realm star, Qin Juehai calmly sipped a jug of wine while gazing at the stars in the night sky. His usually calm eyes were full of inexplicable emotion right now.

"Senior brother. Even if you have gone for several years, your name is still resounding... Many people said that I was not worthy of the Sword God title. I really want to hear your opinion."

His voice was calm, but there was a trace of deep hatred. Every word he uttered seemed to fill with endless killing intent.

"Why? You had fallen in my hand, but why would I still be unworthy of the title?... Why!?"

His voice grew louder, causing the nearby mountains to shatter into pieces directly.

Qin Juehai took another gulp of wine and gradually calmed down. "Well, it doesn't matter. When I take your eight swords back, no one in this world can point at me and say I'm not worthy again."

"Master." Suddenly, a man in a black robe appeared kneeling behind Qin Juehai and said. "We have searched on many middle-realm stars but found nothing. However, there was a strange movement from the Heavenhold Realm recently. It is completely sealed."

Qin Juehai didn't turn around as he spoke coldly. "Come back again when you get a result."

Chapter 1485 Throwing Bait

Heavenly Desolate God Realm.

Inside a paradise-like garden, a handsome young man with long hair freely flowed down to his waist sat inside a small pavilion, reading a book in his hand. His eyes were like a bottomless abyss, making one dare not look into them.

He was the current number one powerhouse in the Divine Realm, the Heavenly Desolate God Emperor Ren Yuan.

Standing silently behind him was a peerless beauty in her early twenties. She might look young, but her profound strength had already reached an astonishing level of the Divine Emperor Realm. She could even go against a God Emperor if she went all out.

However, such a person was actually Ren Yuan's maidservant.

At this moment, the young woman's brows raised slightly as if she had listened to something.

Ren Yuan continued to read the book while asking. "Found it?"

The young woman, Chun Yue, lowered her head and replied respectfully. "Sword God Qin has been active in the Eastern Divine Region recently. He's looking for someone."

"Eastern Divine Region..." Ren Yuan closed the book while talking to himself. "In the past, this region had the best relationship with Yun Tian. It's understandable that his successor will go there."

He grabbed the bread from the table and broke it into several pieces before throwing them into the pond below. Upon noticing the ripples, several fish in the water hurriedly swam over and competed for the bread.

Ren Yuan looked at the fish and asked. "Do you know what to do?"

Chun Yue glanced at the fish that were fiercely competing for a single piece of bread and said. "I'll make an arrangement right away."

As she finished her sentence, she slowly walked out of the garden.

Ren Yuan stared at the fish for a while and muttered to himself. "I've defeated you once. Do you really think your pitiful successor can go against me?"

Inside a dream-like palace, Murong Mengyi was having a meal with Murong Xue. Since she brought Murong Xue back, she spent her time teaching her granddaughter personally and tilted the resources to her.

Under Murong Mengyi's guidance, Murong Xue had already reached the first level of the Divine Spirit Realm from the first level of the Monarch Profound Realm when she left the Azure World. It could be seen how good the environment and Murong Mengyi's teaching were.

"It's been a year since you came here. How is it?" Murong Mengyi asked and took a sip of wine.

"I'm not surprised why people here possess a high strength at a young age." Murong Xue replied gently.

Murong Mengyi smiled and said nothing.

Murong Xue said further. "There's one thing I don't quite understand. How did that person fall?"

Murong Mengyi's hand froze briefly before putting the wine cup down. She sighed and said. "There were too many things involved in this matter. You will eventually learn about it one day."

"However, I can tell you that his demise wasn't entirely because of the enemy. It was a part of his willingness."

"His willingness?" Murong Xue was puzzled.

Murong Mengyi took a sip of wine and said further. "He was the man who stood above everything. Even if all the God Emperors in the Divine World combined, it was impossible for him to lose." "I think you should take a look at

Her gaze seemed to look into the distant past as she spoke this.

Murong Xue had a thoughtful expression on her face. She didn't understand why the Beyond Heaven King chose to do this. Why would he let himself lose?

Suddenly, a beautiful maidservant walked into the hall and said respectfully. "Master, something happened."

Murong Mengyi returned to her sense and asked. "What is it?"

Normally, the maidservant would only come to her directly like this if it was something that affected the entire Divine Realm.

"Someone broke the news about the Beyond Heaven King's successor appearing in the Eastern Divine Region. Right now, those top forces are swarming into the Eastern Divine Region." The maidservant said.

Murong Mengyi's eyes narrowed slightly. Obviously, someone deliberately sent the news out. Even if everyone knew it was likely to be bait, the word "Beyond Heaven King" was something they couldn't resist. They would eventually take the bait.

"Junior brother has finally come?" Murong Xue was slightly surprised. She didn't expect Yun Lintian to come here this fast.

Murong Mengyi tapped her slender finger on the table for a while and asked. "Have you found his location?"

"There's no confirmation, but he's likely to stay in the Heavenhold Realm. It's sealed currently." The maidservant replied.

"Heavenhold Realm..." A strange light flashed through Murong Mengyi's eyes upon hearing this name. "No wonder... It seems that person continued to arrange a plan for him."

"That person?" Murong Xue asked curiously.

Murong Mengyi looked at her granddaughter and said. "His true guardian. The one who paved the path for him."

Murong Xue was stunned. From Murong Mengyi's appearance, it seemed this person was an existence above her... Who could it be?

Murong Mengyi turned to the maidservant and said. "Contact the Rain God Emperor. Tell her that we're on her side."

"Understood." The maidservant was surprised but didn't ask anything. She turned around and left.

"Grandma, who's behind this?" Murong Xue asked in doubt.

Murong Mengyi said with a cold expression. "There are many scheming-minded people in the Divine Realm, but there's one person who can resort such a lowly mean like this... The Heavenly Desolate God Emperor."

Murong Xue was stunned. Although she had never met the Heavenly Desolate God Emperor, as the current number one expert in the Divine Realm, she didn't expect him to use such a method.

"Don't be surprised. You will see more of him later." Murong Mengyi curled her lips. "You should understand what a person who has been regarded as a number two for all his life could do."

For some reason, Murong Xue felt a chill running down her spine when she thought about this.

No one in the world loved to be in second place for the rest of their life. The Heavenly Desolate God Emperor was the same. The anger and humiliation he accumulated throughout the years could easily distort his mind and turn him into a ferocious beast.

If Murong Xue was in his place, she would certainly do everything in order to become the number one... No matter how insidious the method was, it was fine as long as it could help her knock the number one away...

Chapter 1486 The Birth Of The Divine Emperor (1)

"Who is the Rain God Emperor?" Murong Xue asked.

"In the past, the Beyond Heaven King had a good relationship with all the God Realms and upper realms in the Eastern Divine Region. You could even say that it was his second home." Murong Mengyi explained.

"Whether the Rain God Emperor, Sky Shrouding God Emperor, Eternal River God Emperor, or Violet Thunder God Emperor, all of them had been taught by him and gained a lot of benefits."

Murong Mengyi's face turned frosty as she continued. "However, the Violet Thunder God Emperor decided to betray him in the end."

Murong Xue was surprised to hear this.

Murong Mengyi took a deep breath to calm down and said. "Among them, the Rain God Emperor is the most reliable person. She's like me... A woman who fell for someone she shouldn't."

Murong Xue immediately understood why her grandmother trusted the Rain God Emperor so much. It turned out they were the same kind of women.

After coming here, Murong Xue learned a lot about the situation of Murong Mengyi. In fact, Murong Xue's mother was Murong Mengyi's adoptive daughter, which meant Murong Mengyi had never been in a relationship with anyone. After all, she had already given her heart to the Beyond Heaven King. It could no longer afford any men.

Murong Xue asked further. "I heard that the Violet Thunder God Emperor is the strongest person in the east. Wouldn't it be a problem?"

Murong Mengyi smiled faintly. "That's what everyone thinks."

Murong Xue's expression changed slightly. "Grandma, you mean...?"

Murong Mengyi said calmly. "If that woman is willing, she can sweep the Eastern Divine Region with a wave of her hand."

Even though she had expected this, Murong Xue was still shocked by the revelation. The strength of the God Emperors was pretty close to each other. The fact that Murong Mengyi said the Rain God Emperor could sweep everything by waving her hand was something she couldn't imagine... How strong was she?

Murong Mengyi took a red transmission jade out and injected her divine energy into it. "You probably got the news by now. How about we join hands this time?"

A moment later, Hong Hualian's voice resounded from the other side. "Alas... How did that little guy expose himself so fast?"

"Maybe it wasn't him." Murong Mengyi said gently.

"How about we have a drink?" Hong Hualian asked.

Murong Mengyi curled her lips. "Old place?"

"Old place." Hong Hualian responded.

Murong Xue looked at the scene with a strange expression. Everyone knew the Endless Dream Dancing Hall and the Red Lotus Dancing Hall were enemies. But from the look of it, Murong Mengyi and Hong Hualian seemed to secretly meet for a drink many times before...

A day passed by, and Yun Lintian returned to Tian Yuhan's room, preparing to do another session of expelling the cold energy.

"Don't hold back this time. Let the energy flow naturally according to the divine art." Yun Lintian said while guiding the Tree of Life's power through Tian Yuhan's profound vein and meridians.

Tian Yuhan closed her eyes and focused on circulating the energy inside her body. After getting the Heaven Sealing Scripture from Yun Lintian yesterday, she spent the entire night comprehending the first

part. Just the first part was already enough to make her see the difference between the Heavenhold Divine Art and the scripture. Both of them were not in the same league at all. I think you should take a look at

With such a powerful art, reaching the God Emperor Realm shouldn't be a problem as Yun Lintian said.

Three hours passed in a blink of an eye. The entire room turned into an ice cave once again by the deep blue liquid that came out of Tian Yuhan's body through the needles.

When the last droplet came out, Yun Lintian quickly retrieved the needles and threw a pile of Divine Stones to the ground. "Use this momentum to break through."

Tian Yuhan quickly gathered the surrounding aura and activated the Heaven Sealing Scripture.

In that instant, her whole body shook. It seemed as if countless volcanoes and glaciers had erupted and burst apart, respectively triggering numerous mighty torrents to gush out crazily. Even the smallest torrent among them contained energy far more fearsome than Tian Yuhan could have expected.

Tian Yuhan had been staying in the peak of the Divine Sovereign Realm for thousands of years, and the energy she accumulated inside her body was enough to push her to the next realm.

However, Yun Lintian continued to take the Divine Stones out, letting Tian Yuhan absorb the aura to the fullest. As long as she kept this momentum going, stepping into the Divine Emperor Realm was not a problem.

Outside the room, Yue Chuntao looked in the room's direction in surprise. She was familiar with this kind of momentum. Without a doubt, Tian Yuhan was about to break through to the Divine Emperor Realm.

On the side, Ning Yue opened her eyes and asked curiously. "What happened, Sister Taotao?"

Yue Chuntao shook her head and said. "Let's go outside."

Without waiting for Ning Yue to reply, Yue Chuntao pulled her away, leaving the hall.

At this moment, everyone in the secret land could see a cyclone of divine aura gather above the peak where Tian Yuhan resided. They stopped their training and came out to look at the scene in confusion.

"Sect Master, she..." Tian Jia stared at the scene in disbelief.

"Palace Master Jia?" An elder beside her asked in doubt.

Tian Jia took a deep breath and said. "We are about to have a Divine Emperor as our Realm King."

Her words were like a huge bomb exploding in everyone's mind. Their eyes widened in shock as they turned to look at the cyclone without blinking... Their Heavenhold Realm was going to rise!

Inside the room, Tian Yuhan's robe had long turned into ice particles, revealing her pristine body.

Yun Lintian was taken aback by the scene and quickly refocused on Tian Yuhan's condition.

Time slowly passed by. One day, two days, five days,... seven days. Tian Yuhan's momentum continued to rise bit by bit without a sign of collapsing.

Buzz—

Suddenly, a muffled sound could be heard from Tian Yuhan's body. Yun Lintian immediately knew the time had come. He didn't hesitate to place his hand on her bareback and injected the Tree of Life's power into her body, assisting her in controlling the energy flow.

Booom—

Chapter 1487 The Birth Of The Divine Emperor (2)

Booom—

After the long calm, without warning, a burst of energy exploded from within Tian Yuhan's body, blasting the entire hall away. The impact was extremely violent, spreading to every corner of the secret land.

Tian Jia and the others had to jointly create a profound defense to protect everyone. Otherwise, they would definitely turn into blood mist from the monstrous wave of the explosion.

After the shockwave passed, time seemed to freeze, and in that instant, all the heaven and earth aura in the place was pulled toward Tian Yuhan. Her body greedily absorbed everything as her profound vein and meridians constantly expanded.

At this moment, Tian Yuhan was like a small boat that had been engulfed by the raging billows of a vast ocean. She felt as if her body was about to explode at any moment. No matter how hard she tried to run the Heaven Sealing Scripture, the energy surging within her body was shooting in all directions and started to get out of her control.

In that split second, a warm current suddenly flooded into her body. Every place the current passed, the violent energy flow inside Tian Yuhan's body immediately calmed down. Without even thinking, Tian Yuhan knew that it was Yun Lintian who had helped her.

While feeling grateful in her heart, she quickly focused on absorbing the energy. With Yun Lintian's help, her absorption speed multiplied several times.

Another two hours went by, and Tian Yuhan could feel the threshold of the Divine Emperor Realm within her body. She didn't hesitate to use all of her energy to attack it.

Bang!

It was as if a cage was broken, the energy flow inside Tian Yuhan's body began to circulate madly. Whether it was her profound vein, meridian, bone, or muscle, everything had qualitatively raised by leaps and bounds. The strength she had never felt before gradually presented in front of her.

At this moment, Tian Yuhan felt like she was the ruler of the world. Everything was within her palm.

With another muffled sound rang out, the aura around Tian Yuhan began to slow down while her own aura gradually rose before stabilizing at some points.

Yun Lintian retracted his hand and looked at Tian Yuhan with a faint smile because she had officially stepped into the first level of the Divine Emperor Realm!

A moment later, Tian Yuhan opened her eyes and looked at her own hands, feeling the newly gained power. "So, this is what it feels like."

"Erm... Can you put on your clothes first?" Yun Lintian's voice suddenly startled Tian Yuhan. She quickly waved her hand and put on a new robe without a trace of embarrassment.

She got up and turned to face Yun Lintian. "Thank you. Without you, I would never reach this far for the rest of my life."

Yun Lintian waved his hand dismissively. "I told you before that it's nothing. The stronger you are, the safer my people can be. I'll help Elder Hualing later... As for Palace Master Tian Jia, you can decide for yourself. Her talent is, in fact, not bad. It's just that she's too petty."

"It's my fault. I wanted to create an intense competition back then and deliberately make things difficult for her." Tian Yuhan sighed softly. "However, her true nature isn't bad. I hope you can help her if you don't mind."

Yun Lintian chuckled. "Why would I mind? I'm not as narrowed-minded as her. The more Divine Emperors, the better for me."

"However, I think you should conceal this matter first. Do not hastily upgrade the realm."

Tian Yuhan nodded in agreement. "Compared to the other upper realms, we are too weak even if we have three Divine Emperors. I originally planned to wait until I reach the middle level of the Divine Emperor Realm first."

"Alright." Yun Lintian responded. I think you should take a look at

Swoosh—

Suddenly, Yue Chuntao and Ning Yue arrived at the scene. The former looked at Tian Yuhan and said. "Congratulations."

Tian Yuhan nodded gently and said nothing. Her achievement came from Yun Lintian's help. There was nothing for her to be proud of.

One after another, Tian Jia and the other elders arrived at the scene and looked at Tian Yuhan in astonishment. They now fully believed that she had become a Divine Emperor.

"Congratulations, Sect Master!" Tian Jia said loudly, followed by the rest.

Tian Yuhan looked at everyone and said calmly. "All of you can go back. Practice hard."

"Yes." Tian Jia and the others didn't say anything further and retreated.

"Well, let's have a good meal first, and I will start my training later." Yun Lintian said and set the table.

\*\*\*

In the Sacred Hall, Tian Hualing frowned deeply while looking at the scroll in her hand. The content inside was related to the current situation around the Heavenhold Realm.

Many small-scale massacres have occurred in various places in the past few days. From the look of it, Tian Hualing was certain that someone was stirring trouble on purpose.

"Most of the conflicts started for no reason." On the side, Tian Xiaodie said. "We have found no trace of the enemy so far."

"The Dark Tide?" Tian Xiaowu guessed.

Tian Hualing shook her head and said. "They have never done things openly. It shouldn't be them... I'm afraid it is the Dark Sea Palace's doing."

She was aware of the conflict between Yun Lintian and the Dark Sea Palace. Besides from them, Tian Hualing didn't think there would be someone who dared to cause trouble in this way.

Tian Xiaodie and Tian Xiaowu immediately realized the seriousness of this matter. If the Dark Sea Palace was behind this, it would be difficult for their Heavenhold Sect to do anything.

Tian Hualing thought of Yue Qi but dismissed the idea immediately. While Yue Qi was a part of the deal between Tian Yuhan and Yue Chuntao, Tian Hualing felt it was inappropriate to ask him to do anything for the sect. Unless it was something that could overthrow the entire realm, she would never ask him for help.

Boom!

All of a sudden, the entire world shook violently as if the sky was about to fall. Tian Hualing's expression changed drastically as her figure vanished from the place and arrived at the secret room under the Scared Hall.

A deep blue sphere could be seen floating at the center of the room. This was the Heavenhold Pearl, the ultimate treasure of the Heavenhold Realm.

At this moment, a few red dots appeared around the pearl. It was a sign of someone attacking the realm!

#### Chapter 1488 Clash Of Divine Emperors (1)

Looking at the constantly appearing red dots, Tian Hualing's face became unsightly. Obviously, the attackers were at least a Divine Emperor level. Why would they suddenly attack the Heavenhold Realm?

While the sealing ability of the Heavenhold Realm could provide good protection, it naturally came with a downside—everyone inside the realm couldn't contact the outside world. Hence, Tian Hualing had no idea what was happening outside right now.

She took a deep breath and touched the Heavenhold Pearl. Immediately, several layers of protective barriers appeared around the Heavenhold Realm, preventing the attackers from going further.

Seeing the red dots disappear, Tian Hualing wasn't at ease. She knew it was a temporary relief and had to do something.

Her figure flashed and reappeared inside the Sacred Hall.

Tian Xiaodie and Tian Xiaowu looked at Tian Hualing worriedly, waiting for her instruction.

At this moment, Yue Qi appeared in the hall and said. "From the impact, there should be at least ten peak Divine Emperors outside. Do you have any idea?"

Tian Hualing shook her head. "To tell Senior the truth, I have no clue about it. Except for the conflict with the Dark Sea Palace, I cannot think of anything."

Yue Qi frowned, and his expression changed slightly as he thought of something.

"How did they know?" He muttered to himself in doubt.

"Senior?" Tian Hualing asked as she captured the change in Yue Qi's expression.

Yue Qi didn't explain directly. He asked. "How long can the seal last?"

Tian Hualing replied solemnly. "If there's no God Emperor coming, it should be able to last for half a year at most."

????.

Yue Qi frowned deeply. "Then we got a serious problem here. There's no guarantee that a God Emperor won't appear."

"Do you know the reason behind this, Senior? Why would they want to attack us?" Tian Hualing asked.

Yue Qi went silent for a while and said. "They came here for someone. I cannot tell you in detail... Is there a way to send a message out?"

Tian Hualing thought for a moment and said. "Unless we open the seal, there's no other way."

"This is troublesome." Yue Qi frowned. He thought for a moment and said. "Let me try."

As he spoke, he closed his eyes and made a complicated hand seal. A moment later, he opened his eyes and heaved a sigh of relief. "Fortunately, I can contact my people through this method. We will wait for the news."

"Thank you, Senior." Tian Hualing was relieved a bit upon hearing this.

\*\*\*

At this moment, ten people were gathered in the starry sky outside the Heavenhold Realm and looked at the layers of barrier around the realm annoyingly. These people were genuine peak Divine Emperors from various factions. They came here after getting the news about Yun Lintian.

"I have heard about the Heavenhold Realm's unique ability before. It's surely special, as they said." A middle-aged man in a green robe said. He was a Divine Emperor of the Star God Realm, Xing Juming.

"Indeed. Who would believe we couldn't break the seal with our combined strength? And now this troublesome barrier." A burly man said with a chuckle. He hailed from the Northern Divine Region's Martial God Realm, and his name was Wu Chang. I think you should take a look at

"What should we do now? Continue?" A Divine Emperor of the Holy Spirit God Realm, Ling Weimin, asked.

The other Divine Emperors glanced at each other and remained silent. While they wanted to break the barrier, they also needed to guard against each other. Once the seal broke, the real competition would begin. No one wanted to commit a mistake in front of such an opportunity.

"What about you, Brother Jian? Any idea?" Xing Juming glanced at a black-robed man with a long sword in his hand.

The black-robed man, Jian Ling, glanced at Xing Juming and said nothing. He was the first to discover Yun Lintian's trace and came here under his master, Qin Juehai's order. Unexpectedly, someone maliciously spread the news, leading everything to this situation.

If he failed the task, he would have no face to go back. Hence, he was waiting for an opportunity.

Xing Juming clicked his tongue. "Tsk. Are we going to stare like this?"

"Maybe we should wait for others to come. I believe they will be here soon." Ling Weimin said.

The news had been spreading for many days, but it would take a period of time for others to arrive. These people came here first because they were relatively close and had a secret channel to the Eastern Divine Region.

Everyone glanced at each other and tacitly came to an agreement.

"Haha. So many guests came to my Eastern Divine Region. As a host, I am actually late. Please forgive me."

A burst of laughter suddenly echoed, and when everyone looked in the sound's direction, a middle-aged man clad in a violet robe appeared in their sight. With a glance, they immediately recognized this person. He was the First Elder of the Violet Thunder God Realm, Zi Yunlei.

"Why are you being polite, Brother Zi? It should be us who said this. After all, we came here without giving a prior notice." Xing Juming said with a smile.

Zi Yunlei halted his track and chuckled. "It's been a long time, everyone. All of you are still vigorous as usual."

"Haha. The last time we met has to trace back to three thousand years ago, right?" Wu Chang laughed.

"Indeed. How about we have a good drink while waiting?" Ling Weimin suggested.

"Have you brought the Holy Spirit Immortal Wine with you? I haven't had enough last time." Wu Chang asked.

Ling Weimin waved his hand, and two jars of fragrant wine appeared before him. "Come."

"Good!" Wu Chang was delighted and took his own cup out.

Just as everyone was about to distribute the wine, a bone-freezing cold aura gradually spread and enveloped the entire space, making them frown.

At this moment, a peerless beauty in a white robe appeared in the depths of the starry sky. Her icy eyes fixated on everyone as she spoke coldly. "Leave."

A simple word from her caused a chill to run down everyone's spine. If they didn't know her before, they would have thought they were now facing a God Emperor.

Zi Yunlei looked at the woman and said with a frown. "The Eastern Divine Region is not your Rain God Realm's home. You don't have the right to chase anyone away, Yu Zhilan."

Chapter 1489 Clash Of Divine Emperors (2)

The woman, Yu Zhilan, was the first warrior under the Rain God Emperor. She was also known as the Rain Bringer, her official title. In the past, she was regarded as once in a millennium genius, and her rise was like a shooting star, going straight to the top without hindrance.

Her name could easily shake the Eastern Divine Region once it was brought out.

Zi Yunlei was lower in rank and not as strong, but the Violet Thunder God Realm was superior, so he didn't think it was wrong to call her name directly.

Yu Zhilan didn't even give Zi Yunlei a glance as she repeated. "Leave."

Her aura was extremely cold and also incredibly strong. It caused all the Divine Emperors present to involuntarily frown.

Zi Yunlei's face darkened. He was offended by the way Yu Zhilan ignored him. Coupled with the old grudge between them, it was difficult for him to control his anger well.

In the past, Zi Yunlei had been taught many lessons by Yu Zhilan, and he would lose miserably every time. However, he wasn't afraid of her at the moment. With all the Divine Emperors here, he didn't think she could fight them alone.

"Yu Zhilan! Who do you think you are to tell us to leave?" Zi Yunlei said gloomily. Violet-colored lightning sparks emerged around his body, and the atmosphere became even more tense.

Yu Zhilan continued to look at Xing Juming and the others, completely ignoring Zi Yunlei. It was as if he was an air to her.

"I've long heard of the famous Rain Bringer Goddess. She's indeed a peerless beauty, as everyone said." Xing Juming cupped his fists and said with a smile. "Please forgive me that we cannot leave right now. We came here under our master's instruction. Once we go back with an empty hand, the consequence is not good. I hope Goddess Yu understands our difficulty."

????.

"I also heard that the Heavenhold Realm has a good relationship with your Rain God Realm. We naturally don't want to make things difficult on both sides if possible."

Xing Juming paused for a moment and continued. "How about this? We will have to trouble Goddess Yu contact the Heavenhold Realm King, and let her open the seal. We will grab what we need and leave without harming a single blade of grass here."

Ling Weimin and the others couldn't help giving Xing Juming applause in their heart. As expected from the Star God Realm's elder. He was eloquent and cunning.

"No one leaves?" Yu Zhilan swept her gaze over the ten Divine Emperors and saw none of them react. Obviously, they had no intention of leaving.

Zi Yunlei sneered. "Yu Zhilan. Why don't you obediently agree with Brother Xing's suggestion? You can save millions of lives by doing this."

Xing Juming raised his eyebrows slightly and was about to say something. Suddenly, he saw a gorgeous blue longbow appear in Yu Zhilan's hand. At the same time, cold energy that pierced the heart and bored into the soul assaulted everyone in the scene.

Following, Yu Zhilan pulled the string and shot a water arrow toward Xing Juming and the others. The water arrow snapped, becoming a cloud of water needles that descended on everyone.

In that instant, the still and silent space had completely transformed into an icy hell.

The attack was far too sudden, and it was as swift as a passing comet. Following the rupturing of countless blue lights, Zi Yunlei, who stood nearest, was instantly thrown backward by tens of kilometers.

Meanwhile, a strange light flashed across Xing Juming's eyes, and a storm rose up from his body before hurtling toward Yu Zhilan. I think you should take a look at

Yu Zhilan didn't defend or dodge that attack, instead she rushed straight into the heart of the storm. Following that, a multi-faceted blue light, which was millions of times more brilliant than the light of any arctic pole, flashed, and that storm, which could even move the stars themselves, swiftly congealed and transformed into ice.

Bang!

The chunks of ice which had been formed within the storm exploded and caused a hailstorm to engulf the entire area. Yu Zhilan raised her bow once again and shot multiple water arrows toward Xing Juming and the others in one go.

"What are you waiting for? She's alone here!" Zi Yunlei, who managed to stabilize himself, let out a roar. His entire body was covered with violet-colored lightning sparks instantly. As he clapped his hands, countless thunderbolts filled the entire space and shot toward Yu Zhilan.

BOOM! BOOM! BOOM!

The thunderbolts and the hailstorm crashed violently, shaking the entire space.

Ling Weimin and Wu Chang, who retreated to the distance, glanced at each other and launched their attacks toward Yu Zhilan without hesitation.

As for the rest of the Divine Emperors, they had already retreated to a safe distance, adopting a wait-and-see attitude.

Meanwhile, Jian Yi stared at Yu Zhilan with a frown. For some reason, he felt there something was amiss here. Even if she wanted to protect the Heavenhold Realm, it wasn't necessary to be reckless like this, right? No matter how strong she was, it was impossible for her to go against everyone here alone.

Thinking of this, Jian Yi spread his Divine Sense outward, trying to find a clue.

"She's surely got a trump card in her sleeve." Xing Juming appeared not far away from Jian Yi and said. "I really want to see what it is."

After taking a hit, Xing Juming retreated without hesitation. He wasn't stupid enough to confront Yu Zhilan, whose name shook the entire Eastern Divine Region.

Facing a terrifying force from Ling Weimin and Wu Chang, Yu Zhilan's expression didn't change in the slightest. She raised her bow and aimed toward the starry sky above her head before shooting an ordinary water arrow.

In that instant, the water arrow exploded, transforming into a curtain of rain to cover the entire space.

**BOOM!**

The rain immediately swept away the attacks of Ling Weimin and Wu Chang, including Zi Yunlei's thunderbolts, as if nothing had happened.

The rain continued to spread five kilometers, fifty kilometers, five hundred kilometers, five thousand kilometers... No matter how far the Divine Emperors present retreated, they could never get out of the rain.

In the midst of this rain, a terrifying sensation of being devoured assaulted everyone from all directions, greatly shocking the already startled Ling Weimin, Wu Chang, and Zi Yunlei, causing them to swiftly release their Divine Emperor power to protect their bodies...

Chapter 1490 The Terror Of Rain Bringer

Lei Weimin and the others were shrouded by the intense rain, their legs, arms, and faces... All of the skin that could be seen turned blue with the terrifying cold energy. They desperately released their Divine Emperor power amidst their groans of pain and terror and tried to expel the invasive cold energy from their bodies.

No matter how they struggled, their bodies were still being devoured by the cold energy, layer by layer. In a few short breaths, nearly all of the skin and flesh of these Divine Emperors had been frozen.

"She... A half-step God Emperor!" Zi Yunlei uttered in terror. He always believed that Yu Zhilan's strength was slightly better than his, but the power she released now obviously belonged to someone half-step away from becoming a God Emperor.

"St..op! STOP! You're not afraid of our masters at all!?" Ling Weimin's eyes were so wide that his eye sockets looked like they were about to explode as he roared in a hoarse voice.

Clearly, Yu Zhilan wasn't going to simply chase them away. Her intention from the beginning to the end was to kill!

"Arghhh!" Wu Chang roared at the top of his lung. His entire body was ignited with a scorching flame. He was burning his lifeforce in order to get rid of the cold energy.

Unfortunately, the more he struggled, the stronger the rain became. The flame that had just ignited was like a candle in a storm.

The other Divine Emperors were no exception. They wanted to take their artifacts out, but it was too late now. Even their souls started to freeze. It was impossible for them to move their mind.

At this moment, Jian Yi's entire body fiercely trembled as he struggled to draw his sword. However, the curtain of rain had already grown thick in his eyes, plunging his entire world into water.

BANG!

Suddenly, a few water arrows smashed at Zi Yunlei's arms, and when the fifth arrow landed, Zi Yunlei no longer had the strength to defend against it. Both his frozen arms were smashed aside, and his protective divine energy was also shattered.

In that instant, another thick water arrow traveled across the space and directly smashed into Zi Yunlei's chest.

BOOOOM—

??????

Before Zi Yunlei had even finished vomiting that mouthful of fresh blood, another four arrows had already smashed directly against his chest yet again!

BOOM!

BOOM!

BOOM!

BOOOOOM!!

Zi Yunlei, the First Elder of the mighty Violet Thunder God Realm, was a heavenly genius since young. Everyone would think he was blessed by heaven, but no one knew that he climbed step by step to his current position through his hardworking. There were countless times he almost lost his life, risking a small amount of resources.

But at this moment, all the hard work he had done was about to become nothingness as the water arrows ruthlessly hammered into his chest repeatedly. The blows cruelly smashed and shattered his bones and chest, causing his Divine Emperor Body to stumble into deeper and deeper darkness...

Fresh blood wildly spewed from Zi Yunlei's body, and every mouthful was instantly frozen before shattering into ice particles. The light in his eyes scattered as he was slowly losing consciousness, and he gradually could not even hear anything around him. The only thing that kept ringing in his ears was the relentless rain.

BOOOM!

The last water arrow smashed on Zi Yunlei's chest, and his broken body was sent flying, scattering amidst the rain. I think you should take a look at

Everyone present was shocked to the core. Zi Yunlei's strength was roughly the same as theirs, but he couldn't even retaliate under Yu Zhilan's bombardment... Their souls seemed to fly out of their bodies as they looked at the scene in horror.

"That's enough."

Rumble—

Suddenly, a cold male voice resounded from the depth of the starry sky, followed by a thick violet-colored thunderbolt. The lightning sparks instantly spread out, devouring the curtain of rain at the fastest speed.

Yu Zhilan was also sent flying tens of kilometers. She stabilized herself and wiped the trace of blood out of the corner of her mouth while staring at a young man clad in violet, who came out of nowhere.

This person was no other than the Violet Thunder God Emperor, Zi Wei!

Xing Juming and the others got rid of the cold energy and hurriedly bowed respectfully. "We greet Violet Thunder God Emperor."

They were relieved inwardly. If Zi Wei didn't appear, they would certainly die here.

Zi Wei didn't care about them. He glanced at the half-dead Zi Yunlei and waved his hand, pulling him to his side before feeding him a pill.

He then looked at Yu Zhilan coldly. "Your Rain God Realm surely hid it very well."

Xing Juming and the other Divine Emperors glanced at each other in surprise. It seemed even the Violet Thunder God Emperor didn't know about Yu Zhilan's terrifying strength.

Yu Zhilan didn't say anything. She tightened the grip on the longbow and prepared to make a move.

However, a cold female voice suddenly resounded from behind. "Step down."

Yu Zhilan stopped her movement and retreated.

At this moment, a beautiful woman came into everyone's sight. She was so beautiful that it was as if the heaven itself had done everything in its power to sculpt her countenance to perfection. A sky-blue ribbon tied around her willow-thin waist, highlighting her alluring figure. Her unmatched body exuded coolness and holiness that averted all eyes, causing everyone to forget breathing.

She was the Rain God Emperor, Yu Wuying.

Yu Wuying looked at Zi Wei and said calmly. "The previous Heavenhold Realm King is my best friend, and I promised to protect her home. You're aware of this point but still sent your dog over."

She then swept her gaze over all the Divine Emperors present and said further. "Go back to where you come from and tell your masters to mind their own business. The Eastern Divine Region is not a place they can mess with at will."

Her voice was plain, but Xing Juming and the others could smell a breath of death. Without a doubt, they would become cold corpses directly if they continued to stay here.

Xing Juming quickly bowed his head and said. "This junior will take my leave now."

Without hesitation, he turned around and fled. Ling Weimin and the others were no exception. They hurriedly ran away before they couldn't.

Zi Wei took a deep look at Yu Wuying and said. "Everyone has already received the news. How long can you protect him?"
